ALUMNI CHAPTER CALENDAR

ATHENS

Dinners first Thursday of each month at Beta Chapter House.

ATLANTA

Bi-monthly Luncheons at Colonial Cafe.

BOSTON

Club House, 44 Fairfield St.; Phone Back Bay 56874. Luncheon every Tuesday noon, Rich's Grill, 153 Federal St.

BUFFALO

Luncheons every Wednesday at Statler Hotel.

CHICAGO

Luncheon every Wednesday, Marshall Fields Men's Grill.
Monthly Dinner, second Thursday at the University Club.

CINCINNATI

Luncheon every Wednesday noon at the Burnet House.

CLARKSBURG

Luncheon second Saturday of each month at Waldo Hotel.

CLEVELAND

Luncheon every Friday, 12:15 o'clock, Winton Hotel.

COLUMBUS

Luncheon every Wednesday noon at the Chittenden Hotel.

DALLAS

Luncheons first Tuesday of month at University Club.

DAYTON

Luncheons every Thursday at the Rike-Kumler Dining Room.

DENVER

Luncheon every other Wednesday noon at the Denver Athletic Club.

DES MOINES

Luncheon every Friday at the Grant Club.

DETROIT

Luncheons daily at Club House, 5511 Cass Ave.

INDIANAPOLIS

Luncheons every Friday noon at Indianapolis Board of Trade Lunch Room

KANSAS CITY

Luncheons weekly at the University Club.

LOS ANGELES

Monthly Dinner, third Tuesday, 6:30 p. m. at University Club.
Luncheon every Wednesday noon at University Club.

LOUISVILLE

Regular meetings first Tuesday of each month at the Seelbach Hotel.
Luncheons every Tuesday at the Colonnade Hotel.

MEMPHIS

Luncheon third Wednesday of each month at the University Club.

MILWAUKEE

Monthly [dinner first Monday of each month, 6:30 p. m. at Milwaukee Athletic Club.

ALUMNI CHAPTER CALENDAR—Continued

MINNEAPOLIS

Luncheon every Wednesday at the Traffic Club. Joint dinner with St. Paul Chapter, second Thursdays, alternating between the respective Athletic Clubs of the two cities.

NEW ORLEANS

Combination Active and Alumni Luncheon every Thursday at the St. Charles Hotel.

NEW YORK

Monthly Dinner, third Thursday, 7:30 p.m. at Club House, 22 East 38 Street.

OMAHA

Luncheon every Wednesday noon at the University Club.

PHILADELPHIA

Luncheon every Saturday, 1:00 p.m., Basement Grill, Adelphia Hotel.

PITTSBURGH

Luncheons every Friday in McCreery's Dining Room.

PORTLAND, ME.

Business meetings and luncheons monthly at the Congress Square Hotel.

PORTLAND, ORE.

Luncheons every Saturday at 1:00 p.m., at the University Club.

ROCHESTER

Luncheons first Monday of each month at 12:30 at the Powers Hotel.

ST. JOSEPH

Business meetings and luncheons on last Friday of each month at the Hotel Robidoux.

ST. LOUIS

Luncheon on the first Thursday and third Friday of each month at the Missouri Athletic Association, Fourth and Washington Streets.

ST. PAUL

Luncheons every Tuesday at the Field Schlick Tea Rooms.

SAN FRANCISCO

Bimonthly luncheons Thursday at the Commercial Club, Merchants Exchange Bldg.

SAVANNAH

Business meetings and luncheons bi-monthly at the Hotel Savannah.

SEATTLE

THE RAINBOW OF DELTA TAU DELTA

Vol. XLVII

June

No. 4

John L. Cable Ohio's Next Governor?

When the writer was in college he was always proud and pleased to note in THE RAINBOW of the many Delts who had gained national honors. Consequently, I know that all of the actives and most of the alumni will be interested in the career of John L. Cable, one of Chi Chapter's best Delt products.

John, commonly known as "Toot," was initiated in 1903 and graduated from Kenyon in 1906. It is interesting to note that even in his college days he was secretary of the Republican Club and president of the Oratorical and Debating Association, besides being an athlete of no mean ability.

He took his law work at Cincinnati and at George Washington University. At George Washington he affiliated with Gamma Eta, and was prominent in fraternity and college affairs.

After practicing a few years at Lima he ran for the office of prosecutor of Allen County and was the first Republican ever elected to that office. He secured about 95 per cent convictions and was so successful that he was re-elected twice. He ran for Congress in a strongly Democratic district and was elected. He made such an excellent record his first term in Congress that he was re-elected, being the first Republican to be twice elected from that district. He has now entered the lists for the Republican nomination for Governor of Ohio, and we trust that his record of never having been defeated for office will not be broken.

In Congress he has been on some very important committees, particularly the Committee on Immigration, and the work he has done there has received very favorable comment in a number of our greatest newspapers and magazines. Kenneth L. Roberts, in a splendid article on Immigration written for the Saturday Evening Post, mentions that Congressman Cable had done very effective work on the Immigration Committee, and states that it would be a great mistake if his constituents did not re-elect him.

Brother Cable was the author of the Cable Bill which gives women equal citizenship rights with men, just as the Nineteenth Amendment gave them political rights.

He has taken a special interest in the matter of the limitation of campaign expenditures, and has recently introduced a drastic corrupt practices act, applicable to Presidential and Congressional elections.

The foregoing indicates that John Cable is an intelligent and hard-working public official. Many of us feel discouraged about political conditions in this country largely because we cannot be sure of the honesty of many of our officials. To those who know John Cable the factor which is most impressive is his evidence of absolute sincerity and honesty. If he were elected Governor we could all be absolutely sure his administration would be both intelligent and honest, which is about all the assurance we need that it would be successful.

Here's a chance for some of our good Delts to help the State and the Fraternity by doing all they can to see that John Cable gets the Republican nomination for Governor, which we feel sure will mean election this fall.

He has always been intensely interested in his College, his Chapter and his Fraternity, and his election as Governor would bring a lot of honor to the Fraternity.

R. A. WEAVER.

Charles B. Warren

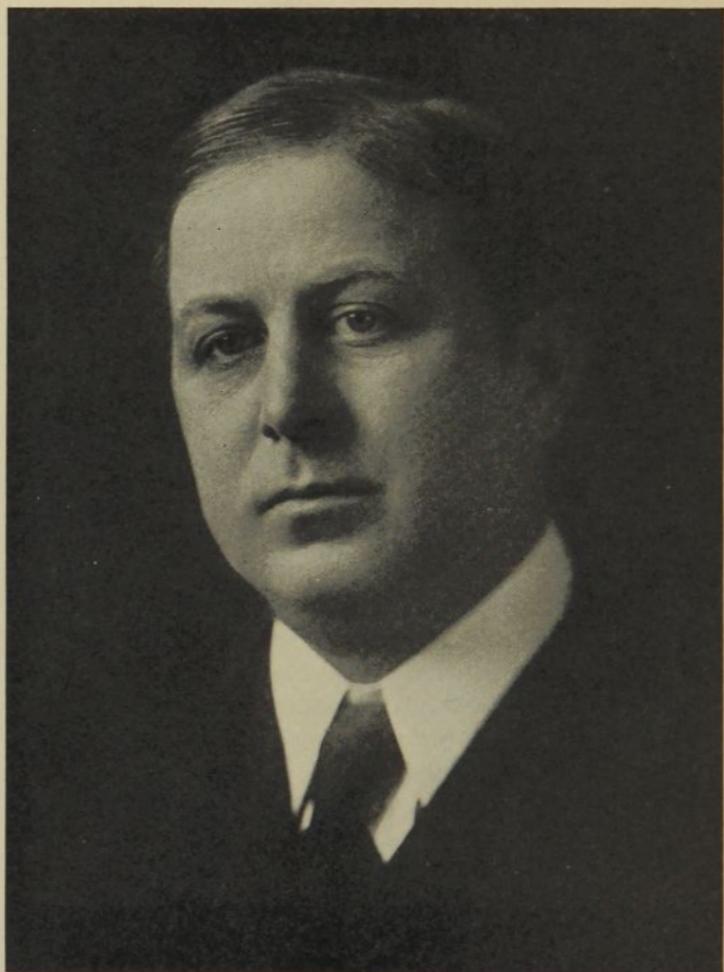

Epsilon and Delta '91

United States Ambassador to Mexico

Charles Beecher Warren was born in Bay City, Michigan, April 10, 1870, the son of Hon. Robert L. Warren and Caroline (Beecher) Warren, both belonging to pioneer families of the State. He received his early education in the local schools. When about fourteen years of age, he went to Albion College, entering the preparatory school. During his freshman year at this institution he was president of his class; in his sophomore year he was managing editor of the college paper. He left Albion in 1889, and entered the junior class of the University of Michigan, specializing in history, philosophy, and constitutional law. In his senior year he was editor-in-chief of *The Inlander*, the literary periodical of the University. He was graduated with honors, was elected to membership in the honorary scholarship society, Phi Beta Kappa; the literary faculty later conferred on Brother Warren the honorary degree of Master of Arts.

Upon the completion of his college course, Brother Warren went to Detroit and took up the study of law in the office of Hon. Don. M. Dickinson, attending also the Detroit College of Law, then under the direction of Prof. Floyd Mechem. From the latter institution he was graduated with the Class of 1893, and was immediately admitted to the bar. For some years he was attached to Mr. Dickinson's firm, and in 1897 was made a partner in the firm of Dickinson, Warren & Warren. In January, 1900, he joined with John C. Shaw, William B. Cady, and Herbert K. Oakes in forming the law firm of Shaw, Warren, Cady & Oakes. After the death of Mr. Shaw, Mr. Warren became the head of the firm which is now Warren, Cady, Hill & Hamblen.

Although Brother Warren has appeared in many important cases, and has always had a large practice as trial

Charles B. Warren
Epsilon and Delta '91
U.S. Ambassador to Mexico

lawyer and counsel, his most distinguished legal services have been those rendered to the Nation in the field of international law. In 1896 he was Associate Counsel for the United States before the Joint High Commission in the settlement of the claims of Great Britain against the United States in the Behring Sea dispute.

In 1910 he was again chosen by his Government to represent it in the great international controversy arising from the conflicting claims of the United States and Great Britain in the waters of the North Atlantic. The case was submitted to the Permanent Court of Arbitration at The Hague.

In the business life of his state and city, he has taken an active part, being connected with some of the most successful of Michigan's business and financial institutions.

As a citizen he has taken part in the civic life of his community. He was twice chosen president of the Detroit Chamber of Commerce. He was active in the great international charity movements antedating our entrance into the Great War, and has received decorations from the French Republic, the Kingdom of Belgium, and Serbia.

He has been a delegate to the National Conventions of his party, and in 1912 he was chosen Michigan's member of the Republican National Committee.

When this country declared war upon the Central Powers, he was at once called upon for service, and immediately responded. He was commissioned a Major in the Reserve Corps in the first month of the War, April, 1917, being the first reserve officer in his Corps called from civilian life into active service; was promoted to rank of Lieutenant-Colonel in February, 1918, and in July, 1918, was made a Colonel in the National Army. Colonel Warren served as Chief of Staff to Major-General Crowder, who as Provost Marshal-General was in charge of raising the National Army under the Selective Service Law. He was awarded the Distinguished Service Medal with this citation in the Military Records:

“For exceptional, meritorious, and distinguished service to the Government in connection with the administration of the Selective Service Law during the War. In all his varied and important duties he displayed unselfish devotion, tireless energy, and extraordinary executive ability.”

On June 24, 1921, he was appointed Ambassador to Japan, serving for about two years, during which he negotiated several important agreements with the Japanese government. Upon his resignation he was warmly praised by President Harding and Secretary Hughes, the latter stating that he had rendered notable service.

Soon after his return from Japan he was selected by President Harding as one of the commissioners in the negotiations with Mexico, and concluded an agreement with the Obregon government upon which recognition was accorded it by the United States. In congratulating him upon the success of the Mexican mission President Coolidge wrote him:

“To your skill as negotiator and wisdom as a man of affairs is due largely credit for the result which we are all sure will be of great benefit to both parties.”

On February 21, 1924, Brother Warren was appointed Ambassador to Mexico, accepting the appointment upon the insistence of the President and Secretary of State after having refused it several times. His appointment was immediately confirmed by the Senate, and soon after he left for Mexico City.

The Installation of Delta Delta at Tennessee

Delta Delta Chapter was installed at the University of Tennessee, at Knoxville, on Saturday, April 19, 1924.

The formal installation was held in the afternoon at the Masonic Hall, the ceremony being conducted in impressive manner by the following members of the Georgia Tech and Emory Chapters, under the supervision of Brother Thomas I. Miller, president of the Southern Division: D. D. Robertson, P. S. Paul, I. H. Hardin, M. H. Harper, J. A. Howell and P. M. Spurlin. Among those in attendance were Dr. C. H. Gordon, "Father" of Delta Delta; Rev. J. J. Cobb, Beta Theta, of Knoxville; Frank S. Hemmick, Editor of *THE RAINBOW*, and Ralph M. Wray, Field Secretary. Twenty-five actives and eleven alumni of Beta Sigma Alpha were initiated into Delta Tau Delta.

Following the installation was a banquet at the Whittle Springs Hotel. Brother Miller acted as toastmaster, and addresses were made by Brothers Hemmick, Wray, Cobb, Spurlin and Gordon, and by Brother J. Philip Porter of the new chapter. The charter was presented by Brother Hemmick and received by the president of Delta Delta, John H. Birdsong. The banquet table was arranged in the shape of a Delta, with beautiful decorations of the fraternity colors and flower.

The charter members of the Chapter are John William Bell, Eaton Wesley Bennett, Beuford Blakeman Bird, John Harvey Birdsong, Robert Garland Brashear, Paul O'Neal Canaday, Gerald Bugg Creagh, Albert Phil Farrow, Hardy Egbert Fewell, John Chalmers Galbreath, Jr., Nelson Key Hart, Richard Hay Green, Jr., Ben Prim Hazelwood, James Manson Henderson, Paul Edward Hillard, Charles Dickens Lawhon, Benjamin Young Morris, John Philip Porter, McLemore Roberts, Milton Moore Roberts, Robert McCul-

Veterans Bureau, Nashville, Tenn.

The University of Tennessee

The University of Tennessee, under its maiden name of Blount College, was chartered under the Legislature of the Territory South of the River Ohio on September 10, 1794. It received its name from William Blount, the Governor of the Territory, and was located near the present center of the city of Knoxville.

Its first president was Rev. Samuel Carrick, "liberal, tolerant and refined, than whom none was more scholarly, none more worthy." Under his able management the college struggled on without adequate funds until in 1807 it transferred its corporate funds, property and effects to the East Tennessee College, just chartered by the State of Tennessee. Rev. Mr. Carrick was retained as president under the new organization.

In 1826 the present site of the University was purchased and soon after Old College was erected. Under the presidency of Dr. Charles Coffin, a most excellent beginning was made in the organization of a classical college of good standard. In 1840, during the presidency of Joseph Esta-

University of Tennessee
Airplane View of Hill

brook, the name of the college was changed by an Act of the Legislature to "East Tennessee University." Its success in the twenty years of its operation was such as to suggest the occupancy of the wider field designated by the new title.

In 1869, during the presidency of Thomas W. Humes, the General Assembly of Tennessee passed an Act establishing as a department of the University an Agricultural and Mechanical College, and transferring to the University for the use of that college the endowment resulting from the sale of land scrip received by Tennessee from the National Government in accordance with the Morrill Act of 1862, "an act donating public lands to the several states and territories which may provide colleges for the benefit of Agriculture and Mechanic Arts." Thus the scope of the University was greatly widened, making it now possible for the first time in its history to begin the building of a true University.

In 1879 the name of the University was changed from "East Tennessee University" to the "University of Tennessee." The act was pregnant with great meaning for the future. The University became peculiarly pledged in all its departments to the service and interests of the State. It became, too, the head and an integral part of the public educational system, standing as the capstone of the educational arch. The State by this act pledged the University its name and reputation and gave it the assurance of a future in keeping with the new dignity which it had assumed.

The General Assembly has shown an active interest in the development of the University and has made increasingly generous appropriations to it. It has formally recognized it as a part of and the head of the Public School System of the State. The result has been a material strengthening of the work of the institution in all its departments.

The recent Act of the Legislature authorizing a bond issue of \$1,000,000 for the erection of buildings and improvements and the levying of a one-half mill tax for the support of the institution mark an epoch in the University's history.

Every department of the University is of a Class A college, nationally affiliated with its corresponding association of colleges.

The University of Tennessee, located on a hill, occupies a commanding position in one of the most beautiful sections of Knoxville. The campus, known as "The Hill," consists of fifty acres, situated in the heart of the city. It is covered with a natural growth of huge elms and various shrubs, giving it a park-like effect. The numerous walks and drive-ways winding through the trees afford a most pleasing scene and makes the University campus one of the most beautiful in the entire country.

There are ten large halls used for class work, five dormitories, a Y. M. C. A., and a large gymnasium on the campus. In keeping with the increasing and rapid growth of the institution, handsome structures have been built on the college campus at a cost of \$1,000,000. These buildings, some of them only recently erected, are already being out-grown by our greatly enlarged attendance.

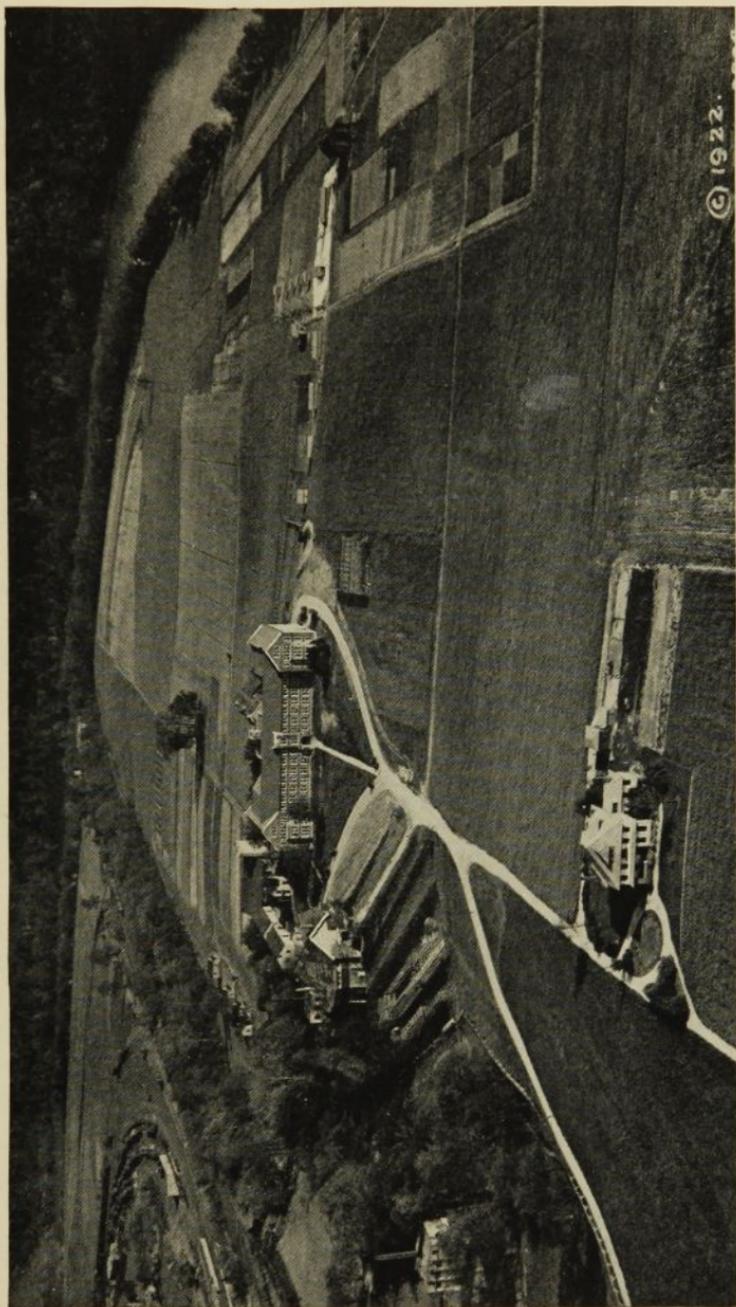

Within the last few years there has been donated to the University a splendid Athletic Field, known as the Shields-Watkins Field, which cost \$125,000.

The University has three Agricultural Experiment Stations under its supervision. These consist of five large farms, well stocked and equipped, and they are rendering a great service to the State.

A building program is under way for further expansion. Several new buildings are to be added to the campus; an administration building, a gymnasium, a dormitory, a new engineering building, a large Memorial Chapel, and several additions to the present buildings.

The institution comprises the following educational units:
At Knoxville—

- The Graduate School.
- The College of Liberal Arts.
- The College of Engineering.
- The College of Agriculture.

University of Tennessee
Airplane view of Farm

The College of Law.
 The School of Commerce.
 The School of Education.
 The Agricultural Experiment Station.
 The Engineering Experiment Station.

At Memphis—

The College of Medicine.
 The College of Dentistry.
 The School of Pharmacy.

The degrees offered are: B. A., B. S. (qualified in diploma by college or school in which the work is taken); LL. B., M. A., M. S., M. D., Ph. G., Ph. M. and D. D. S.

Every college in the University has Class "A" rating, and is in its respective national association. Fifteen Carnegie units are required by all colleges for entrance.

The number of professors, associate professors and assistant professors at Knoxville is about 95, and instructors 20, making a total of 115. In addition to these there is a large number of others not engaged in teaching who are engaged in carrying on the work of the Experiment Station, the Agricultural Extension and the Vocational Training Department.

The rapid growth and increased attendance at the present time as compared with a few years ago may be seen from the following:

	1908	1921	1922	1923
Knoxville.....	586	1020	1148	1313
Memphis.....	182	175	269	312
Vocational.....		173	309	400
	<hr/>	<hr/>	<hr/>	<hr/>
	768	1368	1726	2025

Of the 1313 college students in 1923, 870 were male students and 72 per cent of these were not in any fraternity, leaving 28 per cent of the male students in the various fraternities.

There are nine National Fraternities at the University

now. The average membership of these is twenty-three. These fraternities were installed at the following dates:

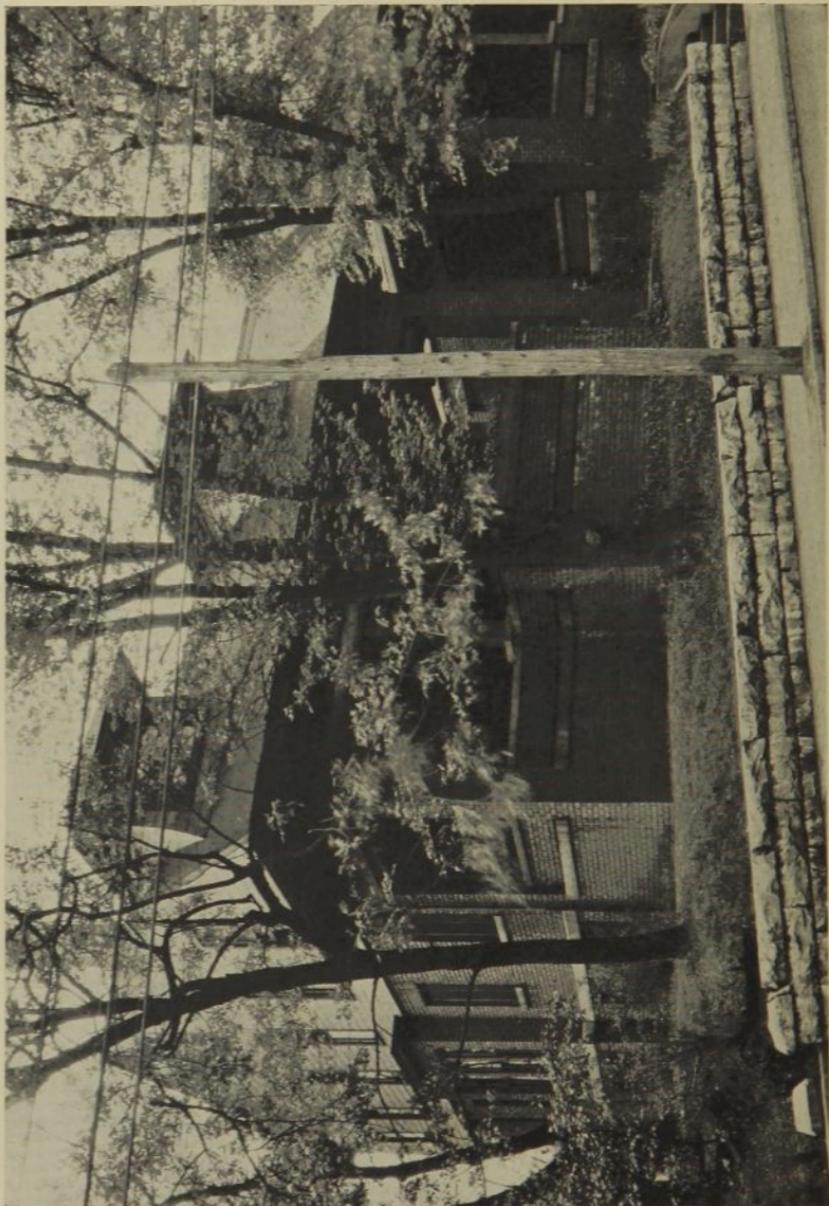

Alpha Tau Omega	1872
Pi Kappa Alpha	1874
Sigma Alpha Epsilon	1879
Kappa Sigma	1880
Kappa Alpha	1883
Phi Gamma Delta	1890
Sigma Phi Epsilon	1913
Sigma Chi	1917
Sigma Nu	1921

The Government for many years has maintained a military department at the University. The equipment is complete and up-to-date, and the requirements high. Students who drill satisfactorily for four years may receive an officer's commission in the United States Army. All male freshmen and sophomores are required to drill.

The State of Tennessee has an abundance of resources and industries. There is no one leading industry, but rather a number that are strong and normal. Farming in its many phases is carried on profitably, a great variety of minerals are mined within the state, and immense resources in water power are easily available. Already manufacturing is a great industry. The state that stands behind the University is only in its infancy as far as development of resources is concerned.

In 1917 the State Legislature appropriated one million dollars for new buildings. During March, 1921, the Legislature revised the annual appropriation for the University so that at the beginning of 1922 approximately one million dollars are set aside each year for the use of the University.

The esteem with which the University is held locally is evidenced by several gifts of recent date. The counties in which the experiment stations are located donated large farms to the University for that purpose. The Shields-Watkins Field was made possible by popular subscription;

Delta Delta Chapter House
1218 W. Clinch Avenue
Knoxville, Tenn.

the alumni and students are raising funds for the Memorial Chapel. Other gifts, as the Rush Strong mansion, now a girls' dormitory, have been presented to the University from time to time.

History and Ideals of Beta Sigma Alpha

Beta Sigma Alpha Fraternity was organized May 21, 1919. Six students from the Agricultural College formed this local chapter. The group applied to the Administration Council of the University for recognition as a local. This recognition was granted and the chapter began active work.

A constitution and preamble to the constitution were adopted and are a beautiful description of the ideals of these men for their fraternity, and also aim to provide the pleasures of congenial association, to promote scholarship and to cultivate strength of character. The ideals of "Fellowship, Scholarship and Leadership," which have been cherished by the organization ever since, formed the basis of the ritual.

These men worked together increasing the membership of the fraternity and taking part in the general college activities until January, 1921, when it was decided to petition a general college fraternity. Delta Tau Delta was selected as the fraternity because of its high ideals of character and scholarship. Under the guidance of Dr. C. H. Gordon, Epsilon '86, some good men were taken from the other colleges.

The Administrative Council of the University gave their full permission to petition Delta Tau Delta. A petition was prepared to be sent to the Arch Chapter, which met in August, 1921. However, the petition was not in proper form and the Arch Chapter withheld action. A printed petition was presented in November, 1921.

Mr. Thomas I. Miller, president of the Southern Division of Delta Tau Delta, visited the Chapter in May, 1922, as an official visitor. He left with a favorable impression of both

Beta Sigma Alpha and the University. He advised the preparation of a new petition for presentation at the Delta Tau Delta Convention in 1923.

This petition was presented at the Karnea in Cleveland, and at the Southern Division Conference in 1924, and was endorsed by both bodies. The charter was granted by the Arch Chapter on March 9, 1924, and the chapter named Delta Delta.

It was our belief that a well balanced fraternity should have members who stand high in every branch of college work and student activities, and we have striven to make Beta Sigma Alpha a leader in every worth-while activity. We have had men who not only have taken an active part, but have been leaders in all student organizations of the University.

Aside from athletics and other activities, the ideals of the fraternity have been maintained by high averages in scholarship since the beginning of the organization. Only once has it been excelled in scholarship by another fraternity. The scholastic standing from 1920 to 1923 is shown in the following official reports:

Year 1920-1921

First Semester	Second Semester
<i>Beta Sigma Alpha</i> 80.2	<i>Beta Sigma Alpha</i> 82.0

*At this time the system of grading was changed to the credit unit system, two credits being required for graduation.

The Chapter has a two-year lease on a comfortable brick house at 1218 W. Clinch Ave., within two blocks of the campus, and close to four other chapter houses. The furnishings have been purchased, are fully paid for, and the Chapter is free from debt. A building fund has been started, and within a few years Delta Delta should be in a home of its own.

Dr. Charles H. Gordon

Εpsilon '86

Dr. Charles H. Gordon

Epsilon '86

The Father of Delta Delta

Forty-two years ago Brother Charles Henry Gordon was initiated into Epsilon Chapter of Delta Tau Delta at Albion College. He received his B. S. degree from this institution in 1886, and his M. S. in 1890. In 1895 he received a Ph. D. from the University of Chicago.

He served as superintendent of city schools at Beloit, Wisconsin, from 1895 to 1897, and as superintendent of schools in Lincoln, Nebraska, from 1899 to 1903. He lectured on Geology and Education at the University of Nebraska from 1897 to 1903; was acting professor of Geology at the University of Washington in 1903 and 1904, and professor of Geology and Mineralogy at the New Mexico School of Mines in 1904 and 1905.

While at Albion he was an active member of his Chapter and also a leader in college activities. At Chicago he assisted in the founding of Beta Pi Chapter at Northwestern, and at the University of Washington he endeavored to secure the establishment of a chapter, but was not successful at the time.

Dr. Gordon came to the University of Tennessee in 1907 as head of the Department of Geology. He is also State Geologist for Tennessee and is prominent in scientific circles of the State. He has written many valuable papers and made numerous scientific investigations. Because of the unusual value of his work and his active interest in student affairs, he is one of the outstanding men of the faculty.

Since Beta Sigma Alpha decided to petition Delta Tau Delta, Brother Gordon has actively assisted in the petitioning, and has helped to direct the Chapter toward Delta

ideals. Truly he has been a "Father" to the Chapter, and what we have accomplished we must attribute largely to him.

If I could make a wish for the "Baby" Chapter, Delta Delta, it would be that we may produce Deltas like him. May he remain long with us so that he may guide us and instill into us the principles of Deltaism as we have found them incarnate in his life.

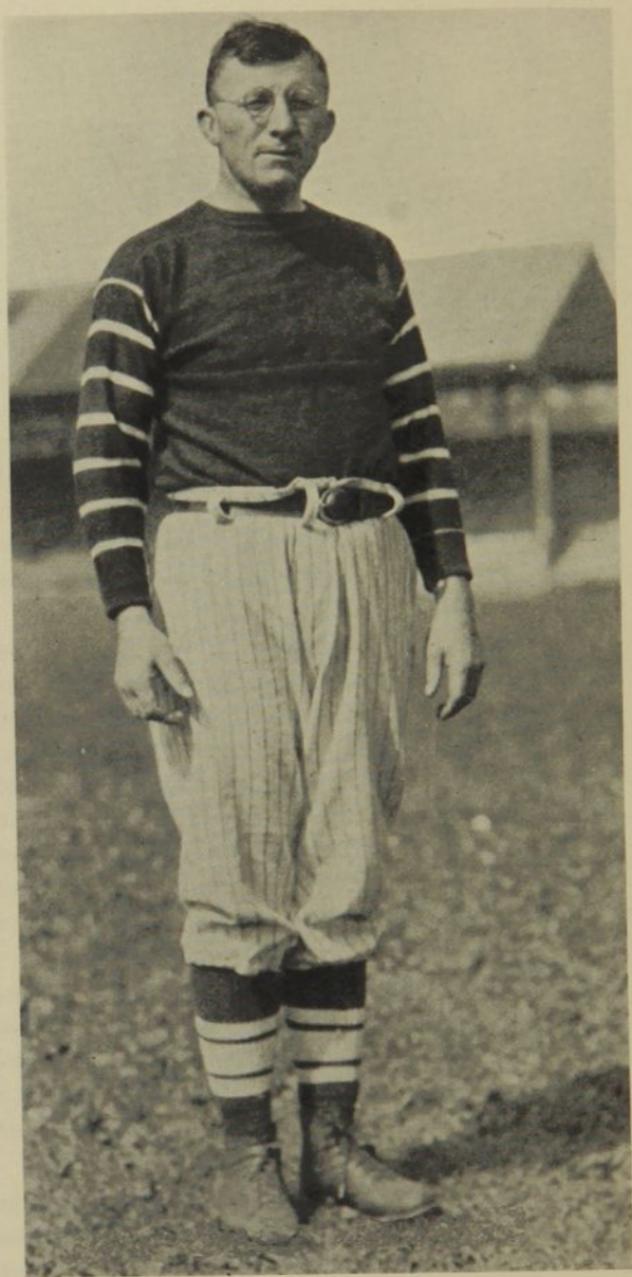

Dave Morrow Succeeds Heisman at W. & J.

Brother David C. Morrow, Gamma '08, Washington, Pa., long identified with football interest at Washington and Jefferson, will be head coach at the institution, succeeding John W. Heisman, recently resigned to accept a position at Rice Institute, Houston, Texas. Associated with Brother Morrow, as backfield coach, will be Allie C. Miller, former Pennsylvania luminary, and one of the best known football men of the country. Morrow, who was line tutor under Heisman last year, will continue to have charge of the development of the forwards, in addition to his duties as general head of gridiron activities.

In naming Dave Morrow as head coach, Washington and Jefferson returns to the graduate system of football instruction, for he is a former Presidential star and also has coached frequently at his Alma Mater. The names of numerous men have been mentioned for coach at Washington and Jefferson, but after a careful canvass of the situation, and weeding out the coaches of prominence who were not available, the members of the Athletic Council decided that the elevation of Morrow to the post was the best action for the promotion of high class football at the institution.

The selection of Morrow was made only after a most careful inspection of the situation, and the sentiment of the leading football men among the alumni was taken into consideration. An informal poll of the members of the Varsity squad was also taken, and the decision among them was unanimous for Morrow.

The football career of the new Washington and Jefferson coach, both as a player and as an instructor, has been an imposing one. He received his earlier football education at Ohio University and Bethany College, finishing his playing

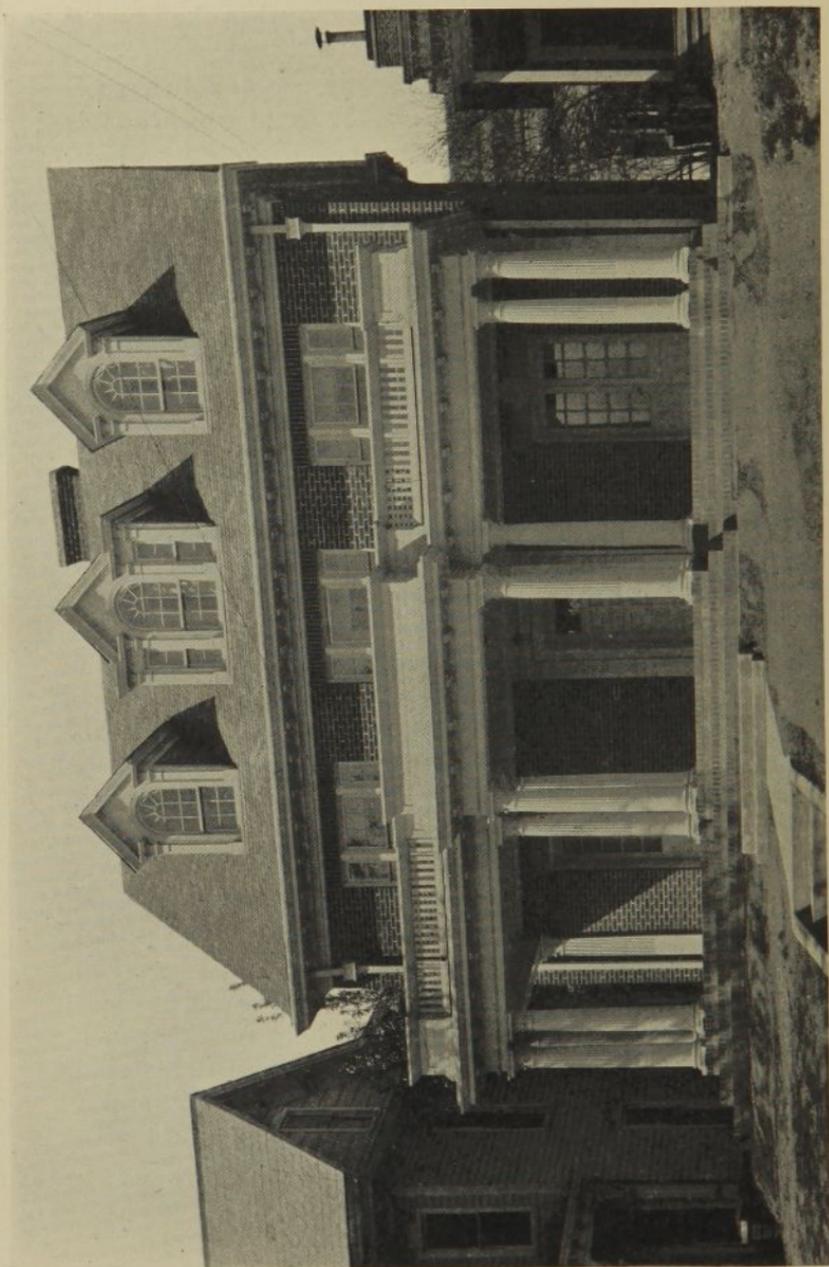

David C. Morrow
Beta '05, Gamma '08

experience at Washington and Jefferson, where he was the star center of the team of 1906 and 1907.

He has been identified with Washington and Jefferson's coaching staff during nine seasons, in six of which he was head coach, being retained as line coach the other three. In addition he has frequently been called in as an advisor. He became the Red and Black tutor, first in 1908, jointly with John Aiken, also of Washington and Jefferson, the two coaching with equal authority for two seasons. In 1910 and 1911 Morrow was head coach at his Alma Mater alone, retiring in favor of Bob Folwell, the old Penn star. He was line coach under Folwell in 1912 and again in 1917, under Sol Metzgar, also of Penn. In 1919 he was again made head coach, holding the position for two years, and was supplanted by "Greasy" Neal. While not on the regular coaching staff in 1921, it was he who developed the rush line, in the latter part of the season, to such a point that the Presidents defeated Pitt and tied California. In 1922 Morrow went to Bethany College, where he was associated with "Katy" Easterday, former Pitt star, and then returned to Washington and Jefferson last fall to aid Heisman.

Dave Morrow has been generally recognized as the greatest line tutor the Presidents ever had, and one of the really great instructors of forwards in the country. His greatest forte has been the development of defense, and no team which he has coached with chief authority has ever been beaten by more than two touchdowns. He is of the Warner school of football, his "system" being much the same as that of the famous Pitt mentor. Rather more conservative than some of his contemporaries, Morrow has in his recent coaching adopted modern features to fit the running game. He is thoroughly orthodox in his football, and with material next season that is regarded as above the average, and a competent backfield assistant, he is expected to meet with success at Washington and Jefferson.

MORTON L. BOYD.

Beta Chapter House
Ohio University

Beta's New House

Darrell Moore

Beta '16

Thanks to the indefatigable efforts and labors of Frank Gullum, the new home which Beta Chapter has dreamed of for years has become a reality. Although the Chapter is the oldest continuous chapter in the Fraternity, until he took hold of the house company it had never acquired momentum sufficient to get itself out of its rut.

Because of the growth of Ohio University, the housing problem of its fraternities has become more and more troublesome. The little city of Athens is built upon hills, overlooking the winding Hock-hocking River on three sides. The College is at the point, where it has owned or acquired most of the available property. Until the spring of 1923 the Chapter had never been able to secure a suitable site in the university district, and had bought, in 1919, a house several squares away. During the summer of 1923, Beta Theta Pi sold her house to the College, and since has been unable to replace it. Sigma Pi and Phi Delta Theta own homes near our own.

Other owned houses are a considerable distance away. None of the older houses can compare with the new Sigma Pi and Delta Tau Delta houses in size or beauty. Beta Theta Pi will probably build one that will vie with them. The university authorities have cooperated fully in the attempts to better fraternity housing conditions.

The conception of Beta's new home required two years before it reached fruition. The active chapter committee, headed by R. J. Welsh, was largely responsible. Among alumni, in addition to Frank Gullum, many names might be mentioned, but especial prominence should be accorded to Bob Hess, Tom Hoover and Pat Murphey.

The house itself is of an exceptionally attractive colonial

type of red brick and white woodwork. The floor of the spacious veranda is of tile with brick and concrete steps and walks leading to it. The groups of white pillars add much to the general effect. The full-width living room is entered through one central doorway, with smaller doorways on either side. A group of three casement windows is at each end of the room. An attractive tile fireplace, with the Fraternity seal in the central position above the shelf, adds to the beauty of the room. Two sets of French doors open from the living room, one to the library, the other to the stair hall at the east of the house. Beyond the library is a commodious dining room. The remainder of the ground floor is given over to the kitchen, the housekeeper's room, and stairway. The floors are of maple with the woodwork finished in silver gray.

On the second and third floors, the bedrooms will care for thirty men. Showers and toilets are on both floors. As far as possible, cabinets, mirrors, and clothes presses are built-in.

The chapter hall extends the whole width of the house, under and corresponding in size to the living room on the ground floor. Other rooms in the basement are utilized for a card room, paraphernalia room, and store rooms.

A view from the front of the house across the Hock-hocking valley makes the location especially desirable. The winding river, the wooded hills of the State Hospital grounds, Bald Knob, all these are familiar to those who have visited Athens. The college green is but a short square away. The recently dedicated gymnasium is but a few steps. Lindley Hall, favorite place for dates with the fair sex, is just around the corner. The stately post-office building is on the street back of us. What more could a location have?

Although Beta was founded in 1862, and has numerous alumni as loyal as that band which John R. Scott wrote of in the "Beginnings of Beta," which appeared in *THE RAINBOW* last year, they never seemed to get started until Frank Gullum came down to Athens and joined the Ohio Univer-

sity faculty in 1918. Since that date the chapter activities have centered around him. He has been chapter advisor since 1920, secretary of the house company since its formation in 1919, and moving force in the Athens Alumni Chapter. What Beta Chapter is today is due to his untiring efforts. Truly he is the most valuable alumnus that the Chapter has in its possession. As one of the pledges said last Christmas, when the Chapter presented him with a box of cigars, "He always has shown the right attitude."

John Ellis Westlake

Beta Eta '02

Some twenty-five years ago, Beta Eta Chapter contained a very jovial crowd of students, some good, some bad, and some indifferent to their studies. This is so long ago that we cannot find evidence justifying us in placing one Ellis Westlake in any of these stereotyped groups, so we place him in a class by himself. Since a right royal reception in due and ancient form, as it existed in those days of rough-house mock initiations, he has developed a tremendous capacity for doing good to and for carrying the problems of Beta Eta Chapter.

The task of steering the financial program of any organization is difficult. Much more so with that of a college fraternity chapter, where its members are scattered all over the globe. Beta Eta has a new house. It is not yet paid for. Interest and sinking fund requirements must be met. House notes were signed by all of us while in college. Most of these, happy to say, are easily collectible. Some are paid in the spirit of faultfinding. Others are not paid at all. Kicks are plentiful. Thanks is "scarse." And so it goes on in dull monotony, this job of Treasurer.

For sixteen years he has been at the task. Notes are presented promptly. During the building of the present house, funds were there as required. The building was erected in fine shape, and at a minimum of cost. Much of this orderly conduct of affairs is due directly to the efforts of Brother Westlake, especially so with the financial end.

Somewhere in the work of Delta Tau Delta, reference is made to the just conferring of honors by our Fraternity. So be it in a small measure with the alumni of Beta Eta.

Someone suggested casually at a weekly luncheon that we show, in some small way, our appreciation of what "Westy" has done for us during these long years. Immediately, this suggestion was taken up and a committee got busy can-

vassing all our alumni for funds. The response was tremendous. Almost everyone contributed. Praise was plentiful. Faultfinding on this mission was absent.

On the tenth of March, the Twin City Delt Alumni, some from Duluth, and some from Brainerd and other towns, gathered at the Chapter House. Brother Westlake was present ostensibly to attend a monthly get-to-gether. After dinner, Brother Neal Kingsley thought that "we better consider the proposition of doing something to reward our treasurer." In due course, Brother John Hines shoved something in the direction of "Westy" with a remark to the effect that it might aid in arriving at the desired information. A much surprised "Westy" opened the package to find a handsome Howard watch and chain therein.

Then followed speeches of appreciation and approval of the signal work of Brother Westlake. The gift in itself is but a small token. Nothing of monetary value can express the sentiments that were in our hearts, sentiments of sincere appreciation of this work, and thanks for his untiring efforts so freely given.

The evening closed with our traditional "Walk-around." In some small measure we had voiced our feelings toward Ellis Westlake. He is a true example of lifelong service, loyalty and allegiance to Delta Tau Delta that will ever serve as a model both to ourselves, and to future generations of Deltas.

H. [†]KENNETH BRIGGS.

Northern Division Conference

Deshler Hotel, Columbus

Austin O. Dunkin

Beta Alpha '24

The forty-third Northern Division Conference is now history and the delegates have returned to their chapters with a story of work well done. The keynote of the entire Conference was business—each delegate aired the strongest and weakest points of his chapter, and then there was discussion, commendation, constructive criticism, and all of those things that make for a successful Conference. But, lest we forget, the Columbus Alumni Chapter did not omit the entertainment of the visiting brothers; they merely kept it in its proper place—there was the typical Delt smoker, the freshman dance and the banquet.

Brother Perl S. Miller, President of the Division, called the Conference to order Friday morning, March 7, in the parlors of the Deshler Hotel. For the benefit of those who were attending their first Conference, Brother Miller explained the purposes of the meeting and urged all of those present not to hesitate in asking questions or volunteering information upon questions of common interest. Business proceeded with a rush. Chapter reports were read and in each case the points of greatest interest were scholarship and finances. Just before adjournment of the afternoon session, Brother Woodrow, President of the Columbus Alumni Chapter, told about the smoker to be held that night at the Elks Club.

The brothers assembled early in the grill room at the Elks Club, and soon the air was filled with school yells and fraternity songs. Then there came the chapter stunts and the awarding of the first prize, a handsome silver loving cup, to Beta Phi Chapter. The surprise came when Brother Woodrow introduced for our approval a couple of dancing

girls. A lunch was served and after exchanging a few stories we all hurried back to the hotel to get a few hours sleep before the opening of the morning session.

During the Saturday morning session, the Conference took on more of an official air due to the arrival of most of the Arch Chapter members. During the noon recess a group picture was taken on the steps of the State Capitol Building.

Saturday afternoon the final chapter report was read, and the various committees made their reports. Brother Alvan E. Duerr, the Supervisor of Scholarship, outlined plans by which he hopes that the scholarship of the Fraternity will be raised to that lofty eminence for which we are striving. Brother Robert A. Weaver, Chi '12, and Alfred H. Johnson, Kappa '71, were chosen to guide the destinies of our Division for the next two years in the capacity of President and Vice-President respectively. Cleveland, the Karnea City, will be the scene of the 1925 Conference, and here's hoping that the brothers who planned the 1923 Karnea are given a free hand. Brother Woodrow then took the floor and told of plans for the banquet, and the 1924 Conference turned from labor to refreshments.

The Beta Phi "rhinies" gave a dance at the Chapter house during the afternoon in honor of the visiting pledgeman.

I know of no better way of telling of the success of the banquet than by giving the names of the speakers in the order in which they spoke, viz.: Brothers Lloyd S. Woodrow, President Columbus Alumni Chapter; Perl S. Miller, retiring President of the Northern Division; Robert A. Weaver, incoming President of the Northern Division; A. Bruce Bielaski, President of our Fraternity; Henry F. Campbell, Treasurer of the Fraternity; Frank S. Hemmick, Editor of *THE RAINBOW*; Alvan E. Duerr, Supervisor of Scholarship; Carl F. Kuenhle, President of the Western Division; Norman MacLeod, Vice-President, and Ralph M. Wray, Field Secretary. The various speakers told of the past and present of the Fraternity and outlined plans

for the future; and when they had finished we were all thankful that we had not been turned from the path open to the chosen. It was with regret that we saw the close of this 43rd Conference, because it was the last in which our Brother, Perl S. Miller, will act in his official capacity as President of the Northern Division. During his four years of service, Brother Miller has been untiring in his efforts to improve conditions in the chapters of the Northern Division, and judging by the chapter reports given at the Conference, his work has not been in vain.

See you in Cleveland in 1924.

Eastern Division Conference

W. W. Northrop

Beta Nu '25

About February first, Brother Jack Campbell, from the Boston Delt Club, dropped around to chapter meeting and gave an outline of the plans for the Eastern Division Conference. He explained that the Kenmore Hotel in Boston was to be the headquarters and that the program was to extend over March 14th and 15th, including dinners at both Boston Chapter houses, Tufts and M. I. T., a smoker, a big formal dinner, and the usual business sessions, with Sunday to recover.

When the Ides of March finally rolled around, we made our way over to the Kenmore to find that delegates from nearly all the chapters in the Division had already registered and that more were coming. At about ten-thirty on Friday the 14th, President John R. Lindemuth succeeded in gathering all those who had arrived into the large hall where we were to spend most of our time during the next two days, both for business and for pleasure. Brother Killgore greeted the brothers in the name of the Boston Delt Club. To him goes the distinction of being first to tell, at the Conference, a story which, when heard later at the smoker and again at the banquet, must have made the delegates think that Boston knows but one joke.

After reading the committee appointments, President Lindemuth made his report to the Conference for the year. In speaking of finance, he told us that an especial effort was being made by the Arch Chapter to enable each chapter to own its house. Another interesting observation was that the Eastern Division had given more to the Undergraduate Loan Fund than any other Division. The Conference later voted to add another thousand dollars to its previous gift. Scholarship was also stressed in Brother

Delegates to Eastern Division Conference
Boston, March 14 and 15

Lindemuth's speech. He expressed the thought that each chapter must work to see that, in the fraternity examinations which are coming soon, the Eastern Division does better than last year. Last year it had the two highest ranking chapters, but the Division was in second place. Most important, however, is our scholastic standing in our various schools. At present it is not high enough. Brother Lindemuth emphasized the need of hard work to improve this condition. He also told of the good work that Brother Duerr has been doing to better the scholarship of the Fraternity. He next spoke of the great desirability of keeping in mind the principles and ideals of Delta Tau Delta, and suggested that the chapters devote a part of a chapter meeting once a month to talks by the chapter advisor or by a senior on the traditions and ideals of the Fraternity. The report closed with a statement of division finances.

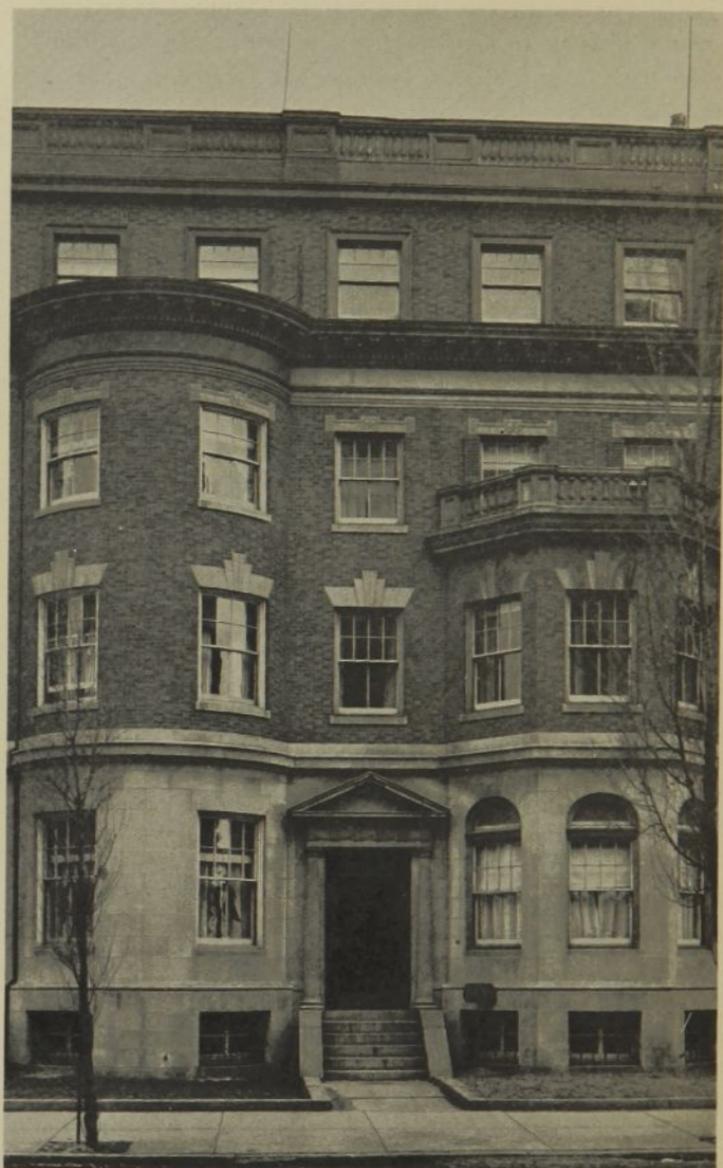

The Conference then proceeded to the hearing of chapter reports. The report which brought forth the most comment was that of Nu Chapter of Lafayette, which had risen from thirteenth to first position in scholastic standing among the Lafayette fraternities. There was some discussion of expansion. Several delegates felt that the efforts of the Fraternity should be towards helping the weaker chapters rather than towards taking in any new ones. It was pointed out by others that all possible was being done for such chapters and that some colleges in the south, the middle and far west were coming to the front among the colleges of the country so fast that we would do ourselves an injustice to disregard them. It was recommended that the Constitution be changed to allow the admission of chapters located in the Dominion of Canada.

The final business session was held Saturday afternoon when the following were elected officers for the coming year by unanimous vote of the Conference:

President: John R. Lindemuth, Gamma Zeta '12.

Vice-President: Malcolm G. Davis, Beta Nu '25.

Secretary: Theodore R. Studwell, Gamma Zeta '25.

Boston Club
92 Bay State Road

Resolutions were adopted pledging the support of the Division to the Supervisor of Scholarship in an effort to attain a standing in keeping with the ideals of the Fraternity, and expressing the thanks of the Conference to Beta Mu and Beta Nu Chapters, the Boston Alumni Chapter, Brother John Campbell, chairman of the Conference Committee, and President John R. Lindemuth.

President Lindemuth brought the session to a close at 2:30 P. M., to enable the delegates spend Saturday afternoon at a matinee or tea-dance.

Turning now to the other forms of amusement at the Conference, Brother Campbell had arranged a very enjoyable program for the smoker Friday evening. More than a hundred Delts, heartened by a dinner either at the Tufts or the M. I. T. chapter house, gathered for a good time, and judging from what we saw it was 100 per cent successful.

But the climax of the Conference was reached at the banquet on Saturday. Starting with Killgore's story, everything went well. There were many fine speeches, and two in particular which I do not believe any Delt will forget for a long time. One was by Brother Duerr on "Scholarship," and one by Brother Crane on "The Ideals of Delta Tau Delta." The banquet terminated, as all real Delt banquets do, with a "Walk-around."

Harold B. Tharp
Beta Zeta '11

Harold B. Tharp

Beta Zeta '11

The New Treasurer of Delta Tau Delta

Brother Harold B. Tharp of Beta Zeta Chapter has been appointed Treasurer of the Fraternity to succeed Brother Henry F. Campbell, who resigned from the Arch Chapter on May 1st after ten years of service.

Brother Tharp graduated from Butler College in 1911. He was in the advertising department of the *Indianapolis Star* for several years after graduation, and then went to the Fletcher Trust and Savings Company, where he is now assistant manager of the bond department.

He has always been active in fraternity affairs. He has been treasurer of the Beta Zeta House Corporation since its organization, and the Chapter is in its own house largely because of his insistent efforts in the collection of house notes. He has always been chairman of the membership committee of the Indianapolis Alumni Association, and I know that every man within a hundred miles of Indianapolis has been asked to join. You know the result.

He is a successful business man, a good husband and father, a true friend, in short a real Delta Tau. All of us in Indianapolis regret the resignation of Hank Campbell, but we know that the Fraternity could not get a better man than Harold Tharp to take his place.

JOHN E. SPIEGEL.

The Field Secretary's Department

Since last we settled down to our little session, time has quickly passed, as usual, and many things have happened, as usual. You have had many exams or completed many business transactions; I have seen several more chapters, and while we have been doing these things, the Fraternity has added more months of struggle toward more complete unity and usefulness.

At the time this is written a baby chapter has been added to the family, and when you read it two more will have been born. The mother is doing well and it is hoped the triplets will grow heartily and prosper mightily. The coming of three locals in such good institutions under the influence of such a fraternal environment should result in great things for all. We welcome them to our fold, assure them of our complete support, and prophesy a future of mutual benefit and development.

Our scholarship policy has had encouraging assistance as the year has rolled on. In the Northern Division two chapters, Chi and Beta Phi, have struggled under handicaps from a low to top place. Such accomplishment deserves much commendation and should inspire other chapters to emulation. We want Delta Tau Delta to justify her existence scholastically as well as otherwise—to be a great fraternity in all ways.

* * * *

It would profit every active to read and reread the article on "The Fraternity and Its Alumni" in The Greek Press Department of the March RAINBOW. Our Alpha Sigma Phi Brother Morrill sees the grain of wheat among the chaff,

dusts it off, then presents it in a very digestible form. Look up that number and learn what it has to offer.

* * * *

Arriving in Chicago after a trip from Missouri through the memorable blizzard with its accompanying uncomfortable experience, nothing could have cheered me more than what happened. Brother Kuehnle's smiling visage met me at the train and I just naturally thawed out under its warmth. You can see I had a good start in the Windy City, spending the first evening as I did.

Delta Chicago holds such possibilities for the visiting brother wanting to get acquainted as to be almost appalling. Three active chapters in the immediate vicinity. That is nearly enough to keep one man busy—but one can not stop there. Personalities part and parcel of Delta Tau Delta abide in abundance—personalities that must be known to really know Delta Tau Delta. Think of the influence, the connections, brought to mind by such names as these: "Doc" Wieland, as close to Delta Tau's heart as any man; "Billy" Hills, who, when his fraternal duties allow, chases patents all over the U. S.; "France" Patton, he of the knock-'em cold line and bond department salesman proclivities; "Charlie" Axelson, insurer in business, assurer in friendship; Carl Kuehnle, energetic young president of the Western Division; Al Lippman, prime mover of many worth while Delta Tau Delta activities; Roy West, who secretly but surely donates time and ideas to the cause, and so on down the line, each contributing a part of himself that Delta Tau Delta may grow, and in the growing add its bit to the world.

* * * *

Let us run out to the University of Chicago for awhile. When we get there we will enter the first Delta Tau home that was completely paid for. We will learn, in the first few minutes, never to say "Chicago University" if we wish to leave unharmed the pride of quite a number of husky

youngsters. We will also learn to like a bunch of boys for the very energetic outbursts of joy of living that we secretly feel must keep them from studying as much as they should. If we have the sense of humor that all good Deltas should have, we will get a huge "Kick" out of the very, very generous farewell tended us as we leave.

On approaching and entering the campus of the University of Chicago, one at first feels, then knows, that this is the actuality of the dream one has had of what a great University should be from an architectural standpoint. The aesthetic values expressed in unity of lines and design can be absorbed in viewing the buildings that make up this campus. This will be part of what makes Chicago famous two thousand years from now.

* * * *

There is romance to be found in dreaming of what has gone in the past in the old mansion that serves as Armour's Chapter house. One of the many homes of the wealthy thirty years ago which have been swept before the great influx of a different race, it stands a sad sentinel over the gaieties and home life of what has been. Wandering from room to room, one tries to reconstruct in mental images the parties that have made the place ring with joy, the happiness and sorrows that have been a part of the human drama in its ever on sweeping development, and the plans and hopes that have here been born—maybe to prosper to fulfilment, maybe to die the death of many human plans and hopes.

Then one comes down to earth and watches this group of modern college men, living in this same place, having their plans and hopes consummated or frustrated, as the case may be, struggling to gain the mental prowess needed in the fight for supremacy and finding happiness in the friendships being molded or having found form. One is pleased by the very business-like way in which the Chapter conducts its affairs, and the very precise training that is evident in the actions and affairs of the freshmen.

Then, if one has slept in the dorm, when Armour Chapter has been left, for days there will sound in the dreams of night the swish! swish! swish! of the Yellow Cabs' chains on the pavement, as continuous as the ticking of the clock.

* * * *

To the north of Chicago we go, by bus, by elevated, or by steam, until we end up in that famous town of Evanston. We are now close to Northwestern. Above the main Campus is discovered a series of closely built, very attractive buildings which we find, on enquiring, to be the fraternity houses built by the University and sold to the different chapters. Going to the second group north, and threading our way between the series of buildings on the Boulevard, we will find, standing back of this first set, and facing on the sloping shore of Lake Michigan, that particular building known as the Delt House. The thorough construction and evident durability makes us want to take our hats off to some very wise man who instigated the plan. The surroundings could not help but produce a pleasant group of boys, and we enjoy the relations of the few days stay at the home of Deltaism at Northwestern. When we leave, it is with envy of those whose fortunate lot it will be to spend the summer in congenial company beside the Lake, far from the madding crowd and heat to the south.

* * * *

As the Northwestern train puffs across the little lake through the swirling snow, we are not surprised to hear the porter announce, "Madison." We are soon in the station, alighting in the town famous for that institution known as Wisconsin. As the cab is entered anticipation is felt, for soon Mendota Court will come to view with the Delta house so often heard of standing between it and the Lake from which the Court takes its name. On entering and looking over the house, seeing the proximity of Lake Mendota, and receiving the cordial welcome of the Chapter, we have to agree that all we have ever heard of the place was truth.

Although winter was flurrying out and spring making vain attempts at entrance, the entrancing attractiveness of the place could be understood. The reason why such men as Stuart Fuller came all the way from the far east and went straight to Madison could be appreciated. There were the memories of happy days well spent, there were the beauties of a bountiful nature, and there were the old friends and classmates and the hospitality of the new brothers. This is what makes Alf Rogers, Beta Gamma's very efficient Chapter Advisor, so happy and youthful all the time. He lives in the atmosphere of enjoyable living. Whoever tastes Annie's cooking once—and think of the many who have in the twenty-five years she has been there—will return to taste it again, if it is the last thing he ever does. She is one of the big reasons why Wisconsin turns out real Deltas.

* * * *

And now comes a jump from the Western to the Northern Division, the Conference of the latter furnishing a respite from continuous chapter visiting. Drifting across Indiana and Ohio on an Erie train, the thought occurred that the Conference would have to be good to make up for the mistake in routing the ticket agent had made. Arriving in Columbus at ten o'clock, evening, it was immediately decided recompense had been plenty. The smoker was on, and Oh! how she could sing. Perfect accord was felt for the enthusiastic greeting the delegates were giving the young lady each time she reappeared. Joining in the applause was not hard at all.

To top the evening off a good old session with Perl S. Miller served the purpose mightily. If you ever had one with him it is not hard to realize the pleasures accruing therefrom.

A crowded session room presented itself next morning. Why is it the Northern Division gets such crowds to its business meetings? It assuredly adds to the affair. It is not necessary to tell who one of the attending Deltas was,

but for the very few living far, far away, where they might not know who is meant, the name will be given. "Dad" Johnson, Kappa '71. A Northern Division Conference or Karnea without him simply can not be imagined.

And here are all the bosses I have not seen for lo! these many months. There is Bruce Bielaski and Alvan Duerr just sneaking in the door. Going out into the hall who should be run into but Frank Hemmick and Norman MacLeod. There comes Carl Kuehnle. - And Henry Campbell, by gosh! There are so many to talk to and so much to talk about that silence ensues. If "Dad" Pumphrey were here—something is not right—with all these celebrities here "Dad's" presence is sadly lacking. With all joy must come some sorrow to keep us reminded that both are in the world. But "Dad" will be seen at Cleveland next year.

Speaking of Cleveland, the Karnea did not make them fed up from the appearance of those in attendance at this Conference, who came down to bring the Conference of 1925 home with them.

The day was over and the banquet started. One hundred seventy-five Deltas stretched their legs under the heavy tables. An orchestra tuned up occasionally, between whose tunes came the yells of various colleges, the songs of chapters and the songs of Delta Tau Delta. With the disappearance of the last bite of food the speeches were in progress. The Arch Chapter was given a full chance for expression, and one after the other responded to the calls of the toastmaster. As the last speech was finished, the walk-around was carried out, and the body that represented the 1924 Conference dispersed, taking with it the thoughts of a great conference given by hospitable Columbus, and looking forward to what may be offered by the city to the north. Another year had earned the subscription "Finis."

* * * *

Leaving Columbus, where the Conference was held, via a fast Big Four train, it was not long until we were in the very

active city of Cleveland—Cleveland of the 85 per cent foreign born population, industrial and shipping expansion, and untold opportunities for the young man.

To the east, away from the business section where it seems possible to feel the city's huge strength vibrating in the air, lie two institutions of peculiar interest. One is Western Reserve, where exists our Zeta Chapter; the other is Case. They are interesting because the campuses adjoin each other, only a fence keeping them apart. Some fraternities have chapters in both these institutions, creating a situation not often found. One fraternity, for instance, is found to have both chapters under the same roof. Another has its two chapter houses just through the block from each other.

Up on the brow of the hill, in what is known as Cleveland Heights, there is a house on Overlook Road with familiar letters on it. Here is found the Delta Tau Chapter which, after four years' life on the hill, is moving down to a place more intimate with the Campus, closer to school life and other fraternities. It is a shame to have to move, but necessary for better existence as a chapter.

When in Cleveland it pays to go around to the Winton Hotel, scene of the last Karnea, and meet the group of alumni that lunch there weekly. You will meet a great gang, among it the members who put over the successful Karnea and built up a real alumni organization.

* * * *

There is always something worthwhile in watching a group which is realizing a long cherished dream, and that is what can be done in visiting Delta Chapter at the University of Michigan. The new home, representing a total outlay of about \$110,000.00, is under construction, and will be ready sometime next year. Some of the members take it as a matter of course, never going near the scene except every two or three weeks, but there are the ones, also, who can tell you the history of every ton of cement and every stick that plays a part in this new achievement. When

completed the new structure will house the Chapter in the way it should be, so it can compete with any on the Campus. There is a fine bunch of boys to be housed, who will appreciate what they have.

A humorous story is told at Delta of the freshman who, soon after school opened last fall, answered the urgent ringing of the phone one day. The voice at the other end of the wire asked for several upperclassmen who were not in at the time. Finally it said, "Tell them George Sisler called up." The freshman hung up the phone and when the men came in gave them the message, then, in a matter of fact tone asked, "Who is George Sisler?" Needless to say, there is one freshman at Michigan who immediately started an intense study of fraternal celebrities.

To leave Michigan without mentioning the famous Union would be indeed an error. There is nothing so complete in the way of a student club building in the country. It is a beautiful building architecturally idealizing the best in student companionship and democracy. Altogether there are many good reasons for visiting Michigan if one is in that district and can find it at all possible.

* * * *

In going from Ann Arbor to Albion one gets the benefit of immediate contrasts between a large and a small institution. There are many things to be said on both sides of the argument between the large and the small. Where one gets the chance of experience from rubbing against many people from all parts of the country in a large place, he gets the chance of intimate companionship from the highest to the lowest in the small place. It is true that both are beneficial. So that's that.

The Campus at Albion is already feeling the effects of the recent campaign. A new administration building is up and the plans for the new \$175,000.00 gymnasium are about ready. These two will greatly add to the Campus. Some

new dorms are planned for the near future, also, which will relieve the housing situation.

* * * *

The fire which so nearly wiped out the home of Chapter Epsilon is going to ultimately benefit, for the plans which have been practically completed for rebuilding the old place have very attractive possibilities. The location of the property is very good, so there is little wonder the boys are anxious to get back home again.

Charles B. Warren, recently appointed Ambassador to Mexico, is one of Epsilon's prized alumni, of whom they are justly proud. He has been loyal to his Chapter, too, which makes him doubly valuable.

* * * *

Hillsdale is our next stop. If you go to Hillsdale you will drive nearly to the outskirts of town, until you can see the college buildings through the trees. On the corner across from the entrance will be seen standing a big yellow house with a porte-cochere, looking very comfortable and home like. If you go in you will find that this is the Delta Tau house—you will not even have to ask; the welcome will tell you that.

If you are as fortunate as I was you will get to go to a school party, and when you meet the students, see their spirit, and mix with them, you will see why they like to go to Hillsdale.

Down at Illinois they tried to tell me that Abe Lincoln was a Delta Tau and I laughed at them—but I laughed too soon. He is a member of Kappa Chapter, and a darned loyal Delta Tau Delta. Wait'll you hear him make a speech. The finish will show you that Kappa knows how to produce real fraternity men; why it has produced such men as "Prexy" Mauck and "Dad" Johnson in the past.

You will get ready to leave Hillsdale with regret, wondering where the time has gone to and hoping you may return

again some day. One of the main disadvantages with visiting chapters is the necessity of leaving. But we must hurry on to Indiana or our schedule will be all shot to pieces.

* * * *

One of the new sights of Indianapolis is a monument to a Delta's vision and courage. The new Athletic Club has been finished during Henry F. Campbell's term as president of the organization. For four years he oversaw the beginning, planning and completing of this structure, much to his own credit.

A live crowd of alumni will greet you when you attend the weekly luncheon. Just wander around the luncheon rooms until you see "Dad" Johnson, and you will know that is the Delta luncheon, for he is always there.

In visiting Butler it is impossible to escape becoming imbued with the enthusiasm in the air. Butler has bought its new Campus, north of the city, and thus the air of expectancy. It stuck in my mind as to whether Butler realized the immense impetus given to its growth and ascendancy of recent years by a particular personality known to his worshipful young animals and followers of athletics as "Pat" Page. Here is a man from whom you may learn why there are twenty-four hours in a day.

Joie Ray learned the name of one of our freshmen from Butler not long ago in Louisville, Kentucky, when Pledge Phillips pounded in to the finish leading. The Hoosiers are expecting great things from this youngster.

The new Campus north of Indianapolis has level places, hills and trees; all the necessary background for the developing of a wonderful plant. The essential of usefulness and beauty are to be found in abundance. The future surely seems to hold much for greater Butler.

* * * *

Now we come to our four "Monon" Chapters. They are scattered along the Monon route running from Chicago to Louisville. Starting from the north, the first is Purdue, in

West Lafayette. Here is where those with engineering ambitions get their start.

There is something reminiscent of our Illinois house when first entering the Purdue house. This is caused by the largeness of the rooms and the rambling nature of the house, long halls leading from one end to the other. There is always something friendly in a house of this kind, the bigness seeming to take one in with protecting interest. Such an atmosphere is good for students, too, helping to teach the hospitality and sympathy needful to a full life.

The Chapter has some wonderful plans for their new house. They have never owned a house, but now have some very desirable lots bought and paid for, and the house has been planned to fit these lots. When this dream has become a reality our Purdue Chapter will be well housed. It will be rather hard to leave the present house with all its traditions, but a chapter is always better satisfied in its own home. May they get it soon.

* * * *

Thirty miles to the south is Crawfordsville, where Wabash College has for years been turning out grads. It is an interesting old town, the development of which has been intertwined with the family of Brother "Duke" Crawford, whose forefathers founded the place. One point of interest is the home and wonderful library of General Lew Wallace, the author of *Ben Hur*.

Beta Psi Chapter has years of active service behind it. Last spring, at the fiftieth anniversary of the founding, five of the founders returned to make the celebration a success. The renewed activity and interest of the alumni since this affair has proved its usefulness. Old brothers who had not seen each other for years were here brought together again, to rejoice in mutual friendship and see and make new friends of the boys who now carry on in the active Chapter.

Wabash College, with Kenyon, represent the two strictly men's colleges west of the Alleghanies, an interesting point

of which the boys are proud. It accounts for the spirit and fun found at the college dances to which the fair partners must be imported.

* * * *

DePauw, located in Greencastle, is the next stop in the swing through Indiana. The influence of spring makes it pleasant sitting on the Delt porch listening to the phonograph and watching the students going to and fro, most of them wishing there were no classes this afternoon. For a change we will sit on the rear porch lazily watching the perspiring tennis aspirants in their first workout on the courts behind the house. Some of the boys have proved their prowess in this game before this year.

A deluge of telegrams and letters nearly swamped one of the brothers. He had made Phi Beta Kappa. He deserves congratulations, for in addition to being a good student, Brother Oldshue has been a very successful treasurer. Two of the Beta Beta alumni were especially pleased by this occurrence—two men whose names have played important parts in DePauw's history. These are Brother Roy West and Brother Ira Blackstock.

The visit to Beta Beta was finished off by a real old serenade, with much music, much applause and much returns in the form of candy and notes. The romance of youth makes the girls like to be sung to in the wee sma' hours, when they can dream of their knights-come-galloping. It makes one realize, after passing that stage, how great it is to be an undergraduate.

* * * *

Now we come to the farthest south of our Indiana chapters—Beta Alpha, University of Indiana. Located in Bloomington, one of the most attractive parts of the state, the Campus, developed with the natural foliage left as it was in the wild state, is very interesting.

The basketball team this year was captained by Kenny

Alward, one of our boys, who, in addition to being a very smooth player, is a real boy.

Beta Alpha has two officers who deserve congratulations for their very efficient work of the past year. Austin Dunkin headed the Chapter while Brother Shields played banker. It is gratifying to run into officers who prove such good team mates. With the record they have made, the Chapter is in a position to get the new house they are after, and which they deserve.

There is one thing from Indiana it would pay all chapters to notice very closely. That is the paper Beta Alpha is putting out for their alumni. It is the best paper I have run onto and has brought surprising results in renewing alumni interest. It gives them the news and information they like, keeping them in touch with their friends, their Chapter, their Fraternity, and their University.

* * * *

As an interlude in visitation work, we will go down to Knoxville, Tennessee, for the installation of Delta Delta Chapter.

Situated in the sleepy hills of Tennessee, Knoxville, a city of 110,000, has grown so fast that, like an overgrown boy, it sprawls goodnatureedly over the hills and along the banks of the Tennessee River. And like such a boy, it is very interesting, accustoming itself to its new size, getting over the surprise of being what it is, and sturdily setting out to conquer the world as it has found it. It delights in the natural beauties that belong there—the broad, silent, deep Tennessee lazily winding in and out among the red dirted hills with their contrasting green trees and brushwood; it is hospitable to the stranger, wishing to leave a good impression and succeeding in making the stranger want to return. Such is the atmosphere of our new Chapter.

As the story is found elsewhere, I will touch it lightly. One of the things that impressed was the efficient handling of the ritualistic service by the boys from Georgia Tech and

Emory. They did their work well, and good work is its own reward. Another thing noticed was the beautiful table fixed by the Tri-Delts for the installation banquet. In the form of a huge Delta, the interior of which was masses and masses of flowers, the table was a fit place to impress the glories of Delta Tau.

So now, when you get in the vicinity of Knoxville, you will be assured of a real Delta welcome in the new home of Deltaism—Delta Delta Chapter.

* * * *

If anyone is reading this who can possibly cause some songs to be sent in for the contest, it will be really appreciated. A few have come in, but nowhere near the number that should from an organization such as ours. Do your bit for a good cause.

* * * *

In closing the department for this issue, I want to express my appreciation for the enthusiastic way in which my song, "Delta Girl of Mine" has been received, and thank those who were so instrumental in popularizing it. The demand for copies is exceeding my highest expectations, and this is naturally gratifying to the author.

This being the last issue of the college year, I wish you all the most successful and pleasant vacations you have ever had, so we may all meet again in the November issue in the most joyous frame of mind possible. Adieu.

RALPH M. WRAY.

NO LETTER FROM

Beta Mu

Beta Xi

ALPHA

ALLEGHENY

First semester 1923-24, 6th of 6 chapters; average 72.11; fraternity average 75.5; all men's average 75.12.

Initiates: March 1, 1924: Oliver A. Gill, Meadville, Pa.; William H. Rhodes, Jr., Ben Avon, Pa.; Walter L. Butler, Kane, Pa.; M. Dean Fiscus, Apollo, Pa.; Richard C. Crouch, Titusville, Pa.; Roger B. Davis, Painesville, O.; George L. Bolard and Howard W. Van Matre, Cambridge Springs, Pa.; Edwin J. McKay, Charleroi, Pa.; Franklin M. Ewing, Rochester, Pa.; Ben W. Hays, Washington Court House, O.; John J. Henrietta, Meadville, Pa.

Allegheny completed an entirely satisfactory basketball season, in spite of an apparent lack of material, under the coaching of Brother "Dick" Baker '12. Pitt, Penn State, and West Virginia hold decisions over the local basketeers and Grove City furnished two exciting melees, winning on the home floor by one lone point and dropping the contest on their own court by a similar margin. An alumni game closed the season with a victory for the Varsity, Brothers Kofford '22 and Wise '23 holding up their end for the "old men," while the play of Brother Rhodes promised much for Alpha's contribution to next year's Varsity.

After rolling consistently all season the House bowling team became temperamental and allowed the Non-fraternity five to walk away with them in the deciding tournament for the bowling cup. However, the annual interfraternity baseball league offers ample opportunity for revenge, and prospects appear brighter for the coveted spring trophy than they have for several years. Inter-

collegiate track is drawing forth more than its usual share of talent and popularity. The Blue and Gold tape-breakers present an extremely pleasing array of material that argues well for a little more athletic popularity. Judd and Parnell compose a pair of unusually proficient artists in the field events, both placing in the big Ohio athletic carnival, Parnell earning a gold watch in the triathalon, a new field test.

Social interest is gaining more and more attention as May 24th draws near. That date marks Alpha's spring party at the Oakland Hotel, and her final contribution to the college year's social festivities. Plans are well under way for the making of this spring's annual commencement banquet, the sixty-first, an affair of unsurpassed entertainment and interest. In all probability the Choctaw degree will be "put on" with elaborate preparation preparatory to the big demonstration scheduled for the Karnea.

WM. A. RISHER.

BETA

OHIO UNIVERSITY

No fraternity scholarship report obtainable.

Initiates: March 23, 1924: S. Harold Williams, Lebanon, O.; Eugene A. Murphey, Columbus, O.; Dunkle King, Wellston, O.; John F. Hughes, Elmira, N. Y.; Paul E. Bowen, Columbus, O.; and Albert E. Doran, Geneva, O.

The second semester provided us with three new pledges: John Collins, New Philadelphia, O.; Alfred Rulofson, Pittsburgh, Pa.; and Marlette Covert, Athens, O. One of our last year's pledges, Charles Mills, Portsmouth, Ohio, returned, and Fred Andrews, Cleveland, Ohio, a former pledge of Zeta Chapter, was repledged here, giving us five new men.

Since the last issue of THE RAINBOW, Brother Beckwith has been awarded a letter in basketball. We are represented on the baseball squad this spring by Brothers Keplinger, O'Donnell, and Goddard.

Phi Mu Alpha, a national honorary musical fraternity,

has been established recently on the campus, and Brothers Goddard, Neilson, Cameron, Lewis and Laverty are among its charter members. The cup, which was won by Ohio University at the Glee Club contest of Ohio colleges at Columbus this spring, reposes on our mantel by virtue of our having more members on the Glee Club than any of the other fraternities.

Brother Herbert was recently honored by election to the position of business manager of the *Athena*, our college annual, while Brother Church, of Gamma Lambda Chapter, who is residing with us this year, was elected business manager of the college newspaper, *The Green and White*. The Fraternity is also represented on several other important boards and committees.

The formal opening of our new home took place April 27th, and after a long period of disorganization as to living conveniences, we are now settled down in the finest and best equipped house on the campus. A cordial invitation is extended to all Delts to come to visit us.

O. R. BOWER.

GAMMA

WASHINGTON AND JEFFERSON

1st semester 1923-24, 7th of 9 chapters; average 3.186.

Initiates: J. Eugene Smith, Carmichaels, Pa.; Franklin B. Cooper, Oakmont, Pa.; John L. Quinn, Mingo Junction, Ohio; Morton L. Boyd, Pittsburgh, Pa.; G. Bernard Roesing, Cheswick, Pa.; Frank E. Peters, Moundsville, W. Va.; James M. McIlvaine, Meadville, Pa.

Our last house party of the year is just over, and all who attended agree that it was a real party. It ended in great style with a dance in Wheeling, given for the Fraternity by the parents of Brother Frasier Smith.

Scholastically, Gamma is not as good as we should like to see her; therefore the brothers are "digging in" with the determination to bring Delta Tau Delta nearer to the top of the list.

The Washington and Jefferson Glee Club has just completed a very successful season, and a great deal of credit is due Brother Carmichael for his faithful work as manager. Gamma was well represented on the Glee Club by Brothers Jennings, Johnston, Smith, Quinn, Cooper, and Roessing. The violin numbers of Brother Eugene Smith, who was accompanied by Brother Roessing, were one of the outstanding features of the Club's program.

And now a word to the alumni—let us know of any good Delt material that might be coming to school this fall, so that we will be able to look them up. And if you happen to be in our vicinity, stop in and see us. We are always glad to see you, and a visit with us will be a benefit to all.

MORTON L. BOYD.

DELTA

MICHIGAN

Year 1922-23, 11th of 37 chapters; average 74.5; fraternity average 70.9; all men's average 71.1.

Delta Chapter is proud to present the following brothers who were initiated February 24, 1924: John O. Buehler, Detroit, Mich.; Louis Robertson, Chevy Chase, Md.; Robert H. Metzgar, Grand Rapids, Mich.; Herbert T. Abrams, Jr., Orange, N. J.; Edward T. Corbus, Jr., Newton, Mass.; John S. Coates, St. Cloud, Minn.; R. Gordon Weldon, Grand Rapids, Mich. All first semester pledges were initiated, not one failing to pass the necessary scholastic requirements for initiation.

The initiation banquet on March 15th at the Michigan Union was a great success. Brother Forrest Firestone '98 L, was the main speaker, and he was supplemented vigorously by various other alumni who attended.

Since the beginning of the second semester we have pledged three freshmen: Nelson C. Weldon, Grand Rapids, Mich.; John Harder, Escanaba, Mich.; and David Hanscombe, St. Cloud, Minn.

The Chapter was host to all unaffiliated Delts on the

Campus at an informal smoker on April 1st. About thirty-five brothers attended and were welcomed among their brothers of the active Chapter. Sandwiches and coffee, cigarettes and cigars were liberally supplied, and many new acquaintances were begun and old friendships strengthened.

New laurels have come to members of Delta Chapter since the last RAINBOW letter. Brother Harry Hoey was selected as managing editor of the *Michigan Daily*; Brother Arthur Graves, aside from holding the managership of the track team, was honored by election to Phi Beta Kappa; Brother Edward Higgins has distinguished himself as a regular dash and relay man on the track team; Brothers Harry Hoey, William Etheridge, and Gifford Upjohn were elected to Pi Delta Epsilon, national honorary journalistic fraternity; and Brothers Harry Messer and John Buehler have been appointed to the business staff of the *Gargoyle*, Michigan's humor magazine.

But, in spite of the many distractions of campus activities as herein recorded, the spirit within the Chapter could not be improved upon. Crowded, temporary quarters, instead of fostering a feeling of discontent, have resulted in the formation of closer friendships and a better cooperation among the members of the Chapter.

The building of our new home is progressing rapidly. The roof is finished and work begun on the plastering. Though not the largest, our house promises to be the most up-to-date and comfortable house on the Campus. We are all looking forward to next September when we can live in it.

The convention of the Deans of Men at Ann Arbor recently enabled us to meet and entertain Brother C. R. Melcher, Phi Prime '85, of the University of Kentucky; Brother W. G. Hormell, Mu '89, of Ohio Wesleyan University, and Brother P. G. Worcester, Beta Kappa '09, of the University of Colorado. It is, perhaps, unnecessary to add that we were delighted to receive such distinguished visitors.

The only dance of the year was a formal party at the Washtenaw Country Club on May 2nd. It was a regular Delt party and, of course, a good one.

We have received cards announcing the engagement of Brother Dwight H. Muckley '12, and the marriages of Brother Harlan S. Smith '12, to Miss Muriel Hodges, and Brother S. J. Thompson '20, to Miss Mildred D. Parry.

F. D. HEPBURN.

EPSILON**ALBION**

1st semester 1923-24, 5th of 5 chapters; average 2.612; fraternity average 2.137.

Since our last letter to THE RAINBOW, eight new Delts have caught an equal number of colds from wearing their coats unbuttoned to display newly acquired square badges. These new brothers are: Maurice Clemons, St. Johns, Michigan; Gilbert Voelker, Libertyville, Ill.; Russell Cortright, Albion, Mich.; Harry Williams, Albion, Mich.; Harvey Hoover, Lansing, Mich.; Stanley Moynes, Detroit, Mich.; Arthur Lange, Lansing, Mich.; and Victor Williams, Albion, Mich.

Spring athletics now hold the center of the stage on "The Hill." Epsilon is represented in all three sports. Brother Glascoff has been elected manager of the tennis team. Brothers Barlow and Voelker are entered in the 100-yard, the 220 yard and the hurdles. Brother Smith shoves the shot and flings a mean javelin. Brother Whitney tosses the discus around and Brother Clemons shows promise as a distance man. On the baseball team two of the brothers, Victor and Harry Williams, have found berths. Brother Smith has recently been appointed assistant coach in football for next year. Saturday, April 26th, was the date of the annual interfraternity track meet. Epsilon's men came through and led the field with 46 points, her nearest competitor scoring 27. The cup is ours for another year and a win next year will make it our property.

The Chapter has secured two new captaincies. Brother Preshaw, who was given honorable mention for a position on the all M. I. A. A. basketball team for 1924, has been

elected 'captain' of next year's quintette. Luther Pahl, varsity tackle, has been named captain of the 1924 football team.

Two college departmental clubs include Delts in their rolls. Brothers Pahl and Brines have just been elected into the German Club and Brothers Kelly, Dice and Burbank are members of the Spanish Club.

Due to the fire that destroyed our house and the fact that we have been living in rather cramped quarters, Epsilon has not done her usual amount of entertaining this year. However, we did have a formal dinner-theatre party at the Post Tavern, Battle Creek. The "frails" haven't got over talking about it yet. We have entertained two of the men's fraternities at stag affairs and have voted to make them annual affairs.

Right now the thing uppermost in our minds is a new house. It has been a hard struggle, but at last we are ready to announce definitely that Epsilon will be able to move into a thoroughly up-to-date fraternity home when school opens in the fall. The money is about all raised and building operations will commence at once. With the completion of the structure we will have the finest place on the hill. If you don't believe it, drop around and see us next September. The door will be unlocked and you will be welcome as a doughboy's thirty bucks.

FREDERICK D. KING.

ZETA

WESTERN RESERVE

1st semester 1923-24, 10th of 11 chapters; average 67.36; fraternity average 71.31.

Initiates: February 11, 1924: Robert Bole, Meadville, Pa.; William L. Moon, Lorain, O.; Charles Scoville, Ashtabula, O.; Frank Scoville, Akron, O.; Paul Hunsicker, Galion, O.; Walter Armstrong, Akron, O.; Richard Donnelly, James Hogan, Ray McGrath, Maxwell Martin, Cleveland, O.

The annual initiation banquet of Zeta Chapter took place

on the night of February eleventh, the day of the formal initiation. Seventy-eight alumni were in attendance and twenty chapters of the fraternity were represented. The initiation dance was held on the twenty-fourth of April at the Women's Club. Brothers Clayton C. Townes, Robert Weaver, Dr. Sam Lind and Howard Mills were requested to attend as chaperons.

Zeta Chapter is well represented on the staff of the *Red Cat*, the new humor publication at Western Reserve. Brother Stage is associate editor, while Brother Scott is business manager.

Brother Hogan is making a name for himself on the baseball team by virtue of his swatting power. Three baggers are pie for "Red." Brother Ruedy and Brother Scott are representing the Chapter in track. Brother Ruedy is working on the weights and the high jump and Brother Scott is specializing on the javelin. Brothers Moon, McNabb, Martin, and Donnelly are out on the spring football squad.

Brother Freer was recently initiated into Phi Beta Kappa.

Zeta was ably represented on the championship debating squad this year. Western Reserve defeated thirteen of fifteen opponents in dual debates and won the intercollegiate debating laurels. Brother Freer was in five of these and was never defeated. Brother Kloppman was a winner in one of the debates.

DEPEW CAMERON FREER.

KAPPA

HILLSDALE

1st semester 1923-24, 1st of 3 chapters; average 2.468; all men's average 2.217.

Initiates March 1, 1924: Walter B. Timms, Hillsdale, Michigan; Gerald A. Brown, Mitchell, South Dakota; William L. Griffiths, Cleveland, Ohio; George Schelling, Plainfield, N. J.; Clelan E. Burns, Reading, Michigan; E. Donald Garlough, Hillsdale, Michigan; Orlen J. Johnson, Reed City, Michigan; and Ralph W. Hadley, Pioneer, Ohio.

As the present school year comes to a close, Kappa can rest assured that she has done her part in making 1923-24 a

most successful epoch in the history of Hillsdale College. Standing for a conservative policy in all activities, yet assuming an aggressive attitude when the occasion demanded it, Delta Tau Delta men have aided every school activity to the limit of their power. Brother Harmon was one of the outstanding stars upon the basketball squad, and his spectacular playing has been the feature of the winter sport program. Brothers Schmitt and French have been two of the busiest men about the Campus, for they proclaim that this year's *Winona* is to be the best that has ever come from the press. As editor and business manager they have made the House look like a miniature publishing office with the cuts and write-ups that are deposited about their rooms. Brother Timms is foremost with his position as editor of the *Ink-Pot*, a newly formed magazine to record the literary accomplishments of the students. His contribution to the publication received many compliments both for its originality and grace of composition. Brothers Timms, French and Ferguson are connected with the college paper, the *Collegian*, and their efforts have done much to make the paper one of the most original of college editions.

Brother "Sporty" Stewart, K '18, presented a trophy to the Interfraternity Council to be awarded to the member who won in the Intra-Mural Basketball League. Upon our mantel reposes the Cup, and every Delt looks upon it as a reward for the difficult campaign that had to be waged before it could be called our own. Throughout the entire schedule every team displayed excellent sportsmanship.

The spring athletic program is calling upon the activities of Brothers Kirk, who is Captain of this year's track team, Harmon, Gettings, and Pledgemen McClean and Collett upon the cinder path. Brother Hicks is maintaining his position as the leading hitter upon Coach Kime's baseball squad. Brother Garlough and Pledgeman Mark are the two leading tennis players. Although they do not threaten "Bill" Tilden's position in the tennis world, yet they are making rapid advances in Michigan college circles.

President Spencer has inaugurated a drive for a new gymnasium, and Kappa Chapter is backing him on this aim for a better and greater Hillsdale. The plans, as the Committee has announced, are for a gymnasium that will rank with the best small college gymnasiums. Brother "Prexy" Mauck, Kappa '21, who is trying to instill some knowledge of history into the heads of the students, is taking up his "spare" time with coaching and playing the leading role in "Captain Applejack." The Chapter has decided to present this comedy as a means to raise our quota of the fund, and Brothers Arnold, Griffiths, Ferguson and Lincoln, with the aid of several Delt Sisters, are surrounding "Prexy" with very favorable setting!

Within the next few days we are expecting the honor of entertaining our Mothers, and everyone in the Chapter is looking forward to this pleasure. The annual Mothers' Day banquet is a part of our college life, and the tribute we pay to Mother on that day is but small recognition to the measureless affection we feel within our hearts.

The verdant rolling hills of Southern Michigan are most tempting in the Springtime, and with the engaged and "near engaged" we all fear for our scholastic standing, but as it is our aim to capture the trophy for the highest scholarship among the organizations upon the Campus, there are a few of us who will resist that tempting lure, and "try" to study.

RALPH OLIN TAYLOR.

LAMBDA

VANDERBILT

2nd semester 1922-23, 13th of 15 chapters; average 69.5; all men's average 71.45.

Since our last RAINBOW letter Lambda has initiated the following: January 19, 1924: Nathan G. House, Franklin, Tenn.; George R. Hays, Jr., Newport, Ark.; James W. Caldwell, Nashville, Tenn.; Cyrus L. Moores, Fayetteville, Tenn.; Jesse T. Keene, Hartsville, Tenn.; Charles Kyle, Salina, Tenn.; John W. Huffaker, Nashville, Tenn.;

Benton G. Neil, Nashville, Tenn.; April 5, 1924: Neal D. ^{Bure} ~~Bure~~, Fort Necessity, La.; George W. Baker, Lockart, Tex.

Lambda's basketball team was one of the best and reached the semi-finals where we were defeated by a close score.

Our baseball team, captained by Brother Kyle, Mayor of Salina, Tenn., by the auspicious aid of Jupiter Pluvius, almost won its first game in the fraternity league. The team looks good and success seems certain.

We feel that we took a great step forward when we remodeled our chapter hall a short while before initiation and we feel certain that it is now one of the best in the Fraternity.

The thirty-seventh anniversary of the union of the Vanderbilt Chapter of the Rainbow Fraternity with Delta Tau Delta was celebrated by a large banquet. Brother Wray attended and made a most enjoyable talk.

Brothers passing through Nashville are always welcome at 2010 Broad Street.

ALDRIDGE GEORGE.

MU

OHIO WESLEYAN

1st semester 1923-24, 1st of 11 chapters; average 1.6433; fraternity average 1.3387; all men's average 1.39.

February 22, 1924, Mu Chapter initiated the following men: Desmond V. Moody, Elgin, Ill.; Glenden E. Stephenson, Clarksburg, Ohio; Harold Rosser, Arcanum, Ohio; Harold G. Stephens, Delaware, Ohio; Dwight H. Miller, Greenfield, Ohio; and O. William Carpenter, Lakewood, Ohio. These men formed our entire freshman class, and they are beginning to do things on the Campus.

It has been one of the traditions of this Chapter that we are always to be well up toward the top in scholarship here in school. We always aim at first place, and we never end up very far short of our goal. For the last few semesters we have had a little hard luck, and have not quite been able to make the grade. This semester, just past, proved to be the one that we have been waiting for, and when the report came out from the Dean's office, Delta Tau Delta once more

was at the head of the list. We are proud of this fact, but there are two phases of it that are especially gratifying to us. The first of these is the fact that although the general average of all of the men in school fell quite a little, Mu Chapter's kept right on going up. The second fact that pleased us greatly was that our freshman class led all of the other grouped freshmen in school. They were not forced to make excuses for pulling the average down as is so often the case. To them goes much of the credit for our achievement last semester.

Speaking of freshmen, we would like to take this opportunity of announcing the pledging of three new men. They are: William Elliott, Coshocton, Ohio; Albert Cozzens, Cleveland Heights, Ohio; and Whitney Dunton, Pueblo, Colorado. Elliott is a sophomore, and the other two are freshmen.

At present baseball and track are occupying the center of the stage around school. We are well represented in both of these sports. George Staten is captain of the baseball team. He holds down second base, and does it in a way that brings much credit to him. This is Staty's third year on the diamond for Wesleyan. Previously he has won three football letters, one basketball letter, and two baseball letters.

In track we have four men who are well on their way to letters. Watson Hovis is the only letter man in the house in this sport. He runs the four-forty, relay, and broad jumps. The other three men are Rosser, Frowine and Atkinson. The first two of these already have their letters, and Atkinson will have his before so very many days are past. Rosser does all of the dashes and broad jump. Frowine is also a hundred, two-twenty, and broad jump man. Atkinson is gathering his points on the shot and discus. The whole track team is a good one, but its specialty is relay teams. Several weeks ago three relay teams competed in the Ohio relays, and they brought home three firsts. On the four-forty relay we were represented

by Rosser and Frowine. In the mile relay we had Hovis and Rosser. In the medley relay Hovis was our only representative. Last week the mile relay team was sent to the Penn relays, and they brought home the bacon again. Here we were represented by Hovis and Rosser. We are indeed proud of this team, first, because it represents Wesleyan, and second, because the Delts have a large part in the success of that team.

With these men in athletics, and with many other activities on the Campus, we are looking forward to the close of one of the best years we have ever had. Our only regret is that we will lose six of our best men through graduation. They have done much for the Chapter in every way, and we will have to be right on our toes all of the time to keep up to the standard they have set for us.

HENRY A. HOVEY.

NU

LAFAYETTE

1st semester 1923-24, 1st of 15 chapters; average 2.99; fraternity average 2.86; all men's average 2.90.

Nu held two initiation ceremonies this year. The first was on December 15th at which time we initiated Guy Winkjer '24, Washington, D. C., and James Weaver '26, Easton, Pa. The second initiation was held on February 15th. The initiates are: Edward Flynn, Erie, Pa.; John MacGregor, Lansdown, Pa.; Yohe Veile, Easton, Pa.; James Shea, Detroit, Mich.; Justin Hannan, Bridgeport, Conn.; Stanley Hall, Manaroneck, N. Y.

This year has been a very successful one for Chapter Nu. In scholarship we rose from thirteenth to first place, and the brothers are working hard to maintain the high level which they have set. Brother G. T. Woodring showed his interest in the Chapter by giving us a handsome cup for our scholastic standing. In the election of men to the *Lafayette Weekly* we were also very successful. Brother Buck retired from the position of business manager to be succeeded by Brother LaBarr. Brother Morgan was elected circulation manager

with Brother Weaver as assistant. Brother Sachsenmaier succeeded Brother LaBarr as assistant business manager. Brother Flynn was elected to the business staff. Brother Morgan is working hard for the position of track manager. Brothers Johnston and Shea are on the track team. Both won several medals while running on the indoor track team. Brother Beeken is again playing first singles on the tennis team. The team won its first match with Rutgers with a score of 6 to 0.

There has been considerable discussion on the Campus about new rushing rules. One plan was submitted but it failed to pass the interfraternity council. There is another plan up for a vote at the present time and by all indications there will soon be some new plan adopted, as the plan used last year was unsatisfactory.

We have enjoyed visits this year by brothers from various chapters. We only hope that we may have the pleasure of greeting more in the future.

ERVIN SACHSENMAIER.

OMICRON

UNIVERSITY OF IOWA

1st semester 1923-24, 7th of 23 chapters; average 1.949; fraternity average 1.777; all men's average 1.7766.

Initiates: March 17, 1924: Leroy Abel, Mason City; E. Rhea Chapman, Bennett; Aloysius Campbell, Charles City; Donald Graves, Perry; George Haas, Chariton; Edward Boehmer, Boone; James Miner, Charles City; William Mann, Algona; Milton Stebbins, Olewein; Milo Rhynsburger, Orange City; Donald Reed, Eldora; Clarence Smith, Council Bluffs; Eldridge O'Neal, Atlanta, Ga.; Raymond Sibbert, Dennison; and John Van Epps, Iowa City.

Omicron is still getting the pick of the freshman on the Iowa Campus and feels proud at this time to introduce the following prospective Delts who were pledged during the second semester: Morris Smith and Victor Walsh, Madison, Wis.;

Charles Gilkison, St. Paul, Minn.; and William Vernon, Newton, Iowa.

We were ably represented on the basketball squad by Brother Fleckenstein, who made a name for himself in football and is also on the track squad. Brother Meder, who has already won his third "I" in track, broke the University pole vault record established in 1922 by Aubrey Devine, with a leap of 12 feet, 6 inches. He is also a valuable man in the broad jump. We are exceptionally well represented on the freshman track squad by Brothers Abel, Mann, Van Epps and Miner, and these men will be heard from next year when Bresnahan chooses his squad. Brother Bergendorf, who heads our Chapter, and Brother McAlvin have won their places on the new University golf team, while Pledge Vernon is the premier golfer on the freshman squad.

Burt Ingwerson, the new football coach at Iowa, has won the respect and confidence of the school by the manner in which he conducted spring football practice. Things look mighty rosy for Iowa next year as only two men were lost by graduation, and the coach has a good freshman squad, and Don Hines, all American high school football man, to fill their places; Brothers Fleckenstein, Hines, Yerkes and O'Neal looked good in spring practice and Omicron will be well represented on next year's team.

The Chapter has been doing a little itself in the way of athletics. We captured the indoor interfraternity baseball championship and placed six men on the mythical all fraternity team. Brother Hauser won the university foul throwing contest and Pledge Walsh was second. Our outdoor baseball team is just beginning to function and chances for duplicating last year's championship look good. We also have a strong relay team entered for the interfraternity relay meet on May 3rd.

Our activities are not confined to athletics. Brother Johnston, who was recently chosen to head Omicron next year, has continued his splendid work in dramatics and just returned from Missouri where he took the lead in a play

staged by the Iowa University Players. Brother Herrick is one of the influences on the *Daily Iowan* and also in Sigma Delta Chi, honorary journalistic fraternity. We also have our share of men in the various honorary and social organizations. The Delts played a big part in the success of the Pan-Hellenic formal given in March, and we are putting on a spring party May 3rd which promises to be a real affair.

Omicron has finally emerged from the cellar division in scholarship with flying colors. We leaped from 17th to 7th place and only .1 of a point separates us from second position.

Brother Max Duckworth of the active Chapter slipped one over on the unsuspecting (?) brothers when he announced his marriage to Miss Patricia Tinley of Council Bluffs, on March 31st. Miss Tinley, who graduated with the mid-year class, was a prominent member of Pi Beta Phi Sorority. Several of the other brothers have felt the call of spring, though a bit less strongly, and consequently we have smoked to the health of a few new engagements.

BILL VAN OOSTERHOUT.

RHO

STEVENS INST. OF TECH.

Year 1922-23, 8th of 9 chapters; average 68.39; fraternity average 70.80; all men's average 71.37.

The last letter from Rho related all incidents of the Chapter and Stevens for the school year up to the mid-year examinations. The boys from the house came through the exams in the best shape in quite a few years, no one being required to drop out. At the start of the second session a middy from Annapolis decided to come to Stevens and looked right good to us, so we would like to announce the pledging of "Larry" Gerry of Pelham, N. Y.

The various spring sports claim the attention of quite a few of the brothers. Lacrosse, with Brothers White, Lanning and Colt playing Varsity berths, is going fairly well. The baseball team is playing in mid-season form, having

just trimmed Rensselaer Poly, our famed rivals, without much trouble. The tennis team is playing in very good form, also beating Rensselaer Poly.

On April 21st, the Varsity show "Maybe Not" was run off at the Astor Hotel and turned out to be a wonderfully balanced play with the smoothest music in some years. "Stu" Brown's eccentric special dance made a big hit as usual and "Dick" Nelson made quite the snappy young lady. The grand ballroom at the Astor was a proper setting for the play and dance which followed.

On May 10, 1924, comes the 50th Anniversary of the installation of Rho Chapter at Stevens. Rho of Delta Tau Delta is the second oldest chapter at Stevens. It was the first Chapter at Stevens to own its own house, which has the ideal situation of being the only house overlooking the Campus.

Plans are under way to give this semi-centennial a proper celebration. A large crowd of alumni are coming around that Saturday afternoon for a buffet luncheon when activities start. Many successful engineers will be on hand. President Humphreys of Stevens, a member of Rho, will be here for luncheon, although just recovering from an illness.

M. A. LAVERIE.

TAU PENNSYLVANIA STATE COLLEGE

1st semester 1923-24, 9th of 34; average 72.19; fraternity average 70.4; all men's average 72.2.

Initiates: February 17, 1924: W. G. Donald, Philadelphia, Pa.; G. F. Daubenspeck, Huntingdon, Pa.; W. C. Ament, Springdale, Pa.; W. N. McCord, Sewickley, Pa.; J. R. Rankin, Dormont, Pa.; D. A. Johann, Huntington, Pa.; T. E. Helt, Bellevue, Pa.; R. L. Wick, Pittsburgh, Pa.

February House-Party, the Sophomore Hop, and the Junior Prom have been the leading social events in the past few months. The brothers threw off the cares and worries of study and indulged in the ecstasies "Dance, Music, Girls

& Co." Waring's Pennsylvanians featured at the Prom with the type of music that is all their own.

The Chapter is eagerly looking forward to the time when a new home will be built for Tau. Two very choice lots have been purchased in the new fraternity section of town; material is being gathered for the plans of a modern fraternity house of the highest type. We sincerely hope that the time will not be long until this project is begun.

Penn State's indoor athletic season was indeed a marked success. Our boxing and wrestling teams annexed the intercollegiate crowns in neat style. The indoor track team broke many records and won a large majority of their events. The basketball team met with fair success.

Brothers Patton, Wick, Ament, J. D. McCord, W. N. McCord, Kraber, Weithaus, Arnold and Pledge Miller are all working in earnest in the production of the annual musical comedy by the Thespian Club. Brother Whitely was recently elected assistant circulation manager of *Froth*, while Brothers Shinn, Rankin, N. McCord and Daubenspeck are working for positions on the staff of that magazine. Brother Lintner is striving for the managerial position of the tennis team. Brother Rankin is after a job on the freshman baseball team; he should be an asset to the Chapter team in its chase for the fraternity cup. Brother Ayers was recently elected to the honorary commerce and finance fraternity, Delta Sigma Pi. Brother Weithaus has been elected to Phi Kappa Phi, Skull and Bones—an honorary campus society, and Pi Delta Epsilon—an honorary journalistic fraternity.

The spring vacation being over, we are looking forward to Commencement and June House Party. June 6-10th are the big days. All Delts are welcome.

J. C. WEITHAUS.

UPSILON

RENSSELAER

No fraternity scholarship reports obtainable.

Since the last letter we have initiated six new men. The initiation ceremonies took place on February 23rd. The new brothers are: Ernest L. Warncke '27, Brooklyn, N. Y.;

Charles E. Forest '26, Holyoke, Mass.; Henry Folterman '27, Brooklyn, N. Y.; C. Deane Kent '27, Mt. Vernon, N. Y.; Richard M. Burgess '27, Hartford, Conn.; Arnold J. Bienfang '25, Jefferson, Wis. We have recently pledged the following men of the '27 class: Leonard Sadowsky, Schenectady, N. Y.; Edward L. Geng, New Rochelle, N. Y.; John W. Tynan, Arlington, Vt., and George Haase, New Rochelle, N. Y. We lost two pledges due to the new scholarship ruling.

We have been very active on the Hill this year as the following list of accomplishments show. "Bill" Van Akin was manager of basketball and business manager of *The Pup* and chairman of the Union hop committee. "Mickey" LeVee was the star halfback on the Varsity in the fall and has been active in class athletics. "Bill" Cramp played Varsity hockey and is the captain of next year's team; he is playing baseball now. "Swede" Peterson is manager of hockey next year. Bert Beier is business manager of *The Polytechnic* for the coming year. Fred Slye is circulation manager of the same paper, while his twin is assistant manager of basketball. "Ernie" Warncke won his letter in basketball. "Herb" Reese is advertising manager of the year book and Max Clason is editor. "Stew" Stewart was elected a senior member of the Press Club. "Bert" Wyckoff is a member of the Student Council and our representative on the Interfraternity Council.

The Institute basketball team had its most successful seasons in many years, winning eleven games out of the twelve played. The swimming team won three out of five meets and the wrestling team won three meets and tied one.

Scholastically the Chapter made out very well during the first term, with a record of 91 per cent of the work taken passed.

MAX CLASON.

PHI

WASHINGTON AND LEE

1st semester, 1923-24, 13th of 19 chapters; average 72.8.

Initiates: W. L. Wilson, Lynchburg, Va.; M. D. Hay,

Raleigh, N. C.; E. W. Richardson, Martinsville, Va.; Richard Kempter, Chambersburg, Pa.; Legaré Walker, Jr., Summerville, S. C.

Phi Chapter, along with the rest of the University, seems to be settling down after the Easter festivities, and preparing for the examinations which are fast approaching. We are all busy trying to better our scholarship record and hope that when the next reports come out we will be somewhere near the head of the list.

Brother Howe was recently elected to Sigma—a senior society, and one of the highest honors of the University. This adds to Otis' already long string of honors—so long a string in fact that even the Chapter stands in awe of him. Brother Hamilton was also elected to Sigma, and to Omicron Delta Kappa, which is recognized as the highest honor on the Campus. Brothers Howe and Hamilton are also members of the recently organized Monogram Club.

In the way of athletics, Phi Chapter is fairly active. Brothers Hamilton and Edgerton have been showing up well in spring football practice. Brother Edgerton is stroking the crew, and Brothers Richardson and Wells are out for it. Brother Wilson is running the mile on the frosh track team, and Brother Walker made the Varsity swimming team.

We have recently had some work done on the house and we hereby issue a standing invitation to any brothers who happen to be in this part of the country to drop in and inspect these improvements.

R. E. GRAVES.

CHI

KENYON

1st semester 1923-24, 1st of 6 chapters; average 2.42; fraternity average 2.77; all men's average 2.82.

Initiates: February 9, 1924: Robert P. Fitch, Lakewood, Ohio; Burchell H. Rowe, Cincinnati, Ohio; Donald E. Zweigle, Toledo, Ohio; John Thomas Grace, Norwood, Ohio; Kenyon H. Eberth, Toledo, Ohio; Daniel Q. Williams, Cleveland, Ohio; George D. Daugherty, Toledo,

Ohio; Clifford C. Sheldon, Fostoria, Ohio; Robert J. French, Toledo, Ohio.

The Kenyon Assembly, in accordance with the prevailing modernistic tendencies, recently revamped and altered its Constitution, placing the government of the student body in the hands of the Senior Council. This constitutional change was a result of considerable agitation and seething ferment from all quarters, but seems to be efficiently accomplishing the reforms for which it was intended. Brother Hopple, as the Chairman of the Senior Council, was a weighty instrument in bringing about the new order of things on the Hill.

Spring, with its wild, inspiring breezes, has accelerated the even pace of life, in and around Gambier, to a hectic dashing. The track team, with Brother Rybak as captain, and Brothers Wade, Brown, and Wood as mainstays, is preparing dutifully for a meet to be held in the Ohio Stadium soon. Brothers Evan Evans and Gale Evans are to be found in the infield of our promising baseball team. We are expecting major league class in the performance of each of our Welsh athletes as soon as Mayor Flecknoe opens the season in Gambier. The late basketball season was a success in a number of ways. Again, Brothers Evan Evans and Gale Evans were our representatives on the floor, the former being the captain of the squad. Brother Ben Evans handled the managerial duties of the team in a creditable manner. He was assisted by Brother Shaffer. At no time in the history of the College were football prospects so bright as they were in the showing made by the candidates this spring. To describe them is to be prophetic. We are expecting Brothers Harris, Rybak, Zweigle, French, Rowe, Sheldon, and Captain Bob Hovorka to acquit themselves nobly next season. The Puff and Powder Club is planning to stage several more plays and a number of the men in the Chapter have been invited to participate in them by Brother McFadden, the club president. A majority of the other offices in the club are held by members of the Chapter.

At the beginning of the term we were honored by a visit from President Pierce, during which he presented us the large Scholarship Cup presented to the College by Lord Kenyon. He informed us that our average was the highest first term average in Kenyon history and that there were six honor men in our midst.

Brother Bob Weaver, recently elected president of the Northern Division of the Fraternity, has been unsparing in his efforts to raise the funds for furnishing the new dormitory division which is to be ready for use next fall. He and Brother James M. Wade have planned a home that will be second to none. Space forbids a description of the furnishings.

We were privileged to entertain several members of the Arch Chapter shortly after the Northern Division Conference. This is one of the very few occasions the men of Chi have been able to talk with these celebrities. They have left an impression on the Chapter that shall not be lost for sometime.

We have affiliated two transfers this year, the first in a long while. We have Gamma Sigma to thank for Brother Burkholder. The other one, Brother Kettlewell, hails from Gamma Alpha.

The College authorities, with regard only for the best of everything, have spent a great deal of money and time to make the coming Centennial Celebration a scintillating success. It is to be an affair too gorgeous to happen twice in the same century. We are expecting all our alumni to attend the Pageant and subsequent activities at Commencement time and are making all the arrangements possible to insure their comfort. We take this opportunity of inviting any and all the Delt world to celebrate with us our mutual happiness and joy.

GEORGE B. SHAFFER.

OMEGA

6-24

PENNSYLVANIA

2nd term 1922-23, 5th of 30 chapters; average 75.8; all men's average 70.

Omega Chapter takes pleasure in announcing at this time the initiation of the following men into the Fraternity:

Harry Roger Gilson, Schenectady, New York; Robert Franklyn Knox, Eastland, Texas; Joseph Milton Gerhart, III, Cynwyd, Pennsylvania; Walton Earl Carruth, Edmond, Oklahoma; Roy Edward Slagle, Lima, Ohio; Richard Johnson Koons, Wayne, Pennsylvania; Carl Robinson Krieg, East Orange, New Jersey.

The Chapter has come through a rather successful year with the number of casualties fortunately few. Final exams are still staring us in the face, of course, and frequent prayers are being offered to the powers that be that the baby blue valentines from the Deans' offices will be noticeably conspicuous by their absence. Just at present dinner at the House bears a great resemblance to a Faculty Club meeting.

The winter social season at the House was rather quiet, due, no doubt, to the fact that many of the brothers were more or less busy attending the coming-out parties of their debutante friends of the upper Four Million. We are planning to extend ourselves on the fifteenth of May, however, when we shall toss off a dance which should furnish food for discussion long after the boys now present have faded from the picture.

Since our last letter Brother Williams has earned himself a place on the Varsity pitching staff due to his ability to make other people swing three times and take the umpire's advice. Ed McGinley, in quest of some gentle form of recreation, picked on lacrosse and has several notches already carved on the handle of his war club. Brothers Slagle and Knox don their track uniforms daily; the former soaring like a veritable Pegasus to unknown heights in the pole vault; the latter throwing javelins, discuses and so forth, from one end of the field to the other with no apparent exertion. On the track proper we have Brother Carruth burning up the cinders in the century and the two-twenty with times that we don't print because you wouldn't believe them, but which rank him as Paddock's only rival. Brother Grauer has gone after the job of crew manager with a determination that bodes ill for the other candidates, while

Brother Hanscom of New England now dangles a Pennsylvanian key from his watch chain. Brothers Gilson and Krieg are putting their brawny bulks to good use by churning up the muddy waters of the Schuylkill with the freshman crews. Acting upon the advice of some of his close friends in Tammany Hall and on the Campus Brother Weinstock has indefinitely retired from politics.

We are all looking forward to the Alumni Outing on the twenty-fourth of May which, as any one who has ever attended will testify, is a time when the old grow young and the young grow younger. Death in the immediate family is the only thing that keeps them away with even the sick, lame, and lazy present in all their glory.

K. H. McDOWELL.

BETA ALPHA

INDIANA

1st semester 1923-24, 8th of 16 chapters; average 1.238; fraternity average 1.230; all men's average 1.259.

We wish to introduce the following initiates of February 17, 1924: Leon H. Wallace, Terre Haute, Ind.; Richard Hippleheuser, Hume, Ill.; Robert Staff, Terre Haute, Ind.; John C. Carney, Delphi, Ind.; Hubert Gros, Delphi, Ind.; Ernest Miller, Brazil, Ind.; Dale Good, Gary, Ind.; Lawrence D. Emerson, Angola, Ind.; John Woolery, Heltonville, Ind.; March 2, 1924: James Hollingsworth, Bloomington, Ind.; May 3, 1924: William Riddle.

In athletics we have Brother Alward who received a major "I" in basketball. Brother Alward was captain of this year's net squad. Pledge Robbins received his numeral in freshman basketball and promises to be Varsity material for next year. Brother Taylor is doing his bit on the Varsity tennis team. A few weeks ago, Coach Ingram issued a call for spring football and was greeted by eighty men, among them being Brothers Alward, Hippleheuser, and Espensheid. On the freshmen baseball squad we have Brothers Wilson and Miller and Pledges Bird and Aldrich. In track we have

Brothers Woolery, Campbell, and Staff. Brother Sillery is second in command of the R.O.T.C. and Brother Huncilman is treasurer of the Union Board.

In the annual "Show Down," Beta Alpha carried off first prize for the men, and now another cup adorns our already overflowing mantel. We might say that the "Show Down" is composed of a stunt from each fraternity and sorority on the Campus, and is given annually. Two prizes are given, one for the men having the best stunt, and one for the women.

Our Stadium, which is being built by popular subscription, is nearing completion and will be ready for the first game next fall. A new dormitory for men is being built and will be ready for occupancy next fall. These two new additions to the University are imposing structures and both are within a stone's throw of the Delt house.

Our financial condition is one of the best. In fact last month we were able to pay the Arch Chapter one thousand dollars that the Beta Alpha Building Association owed them, and we will finish this year with a substantial surplus that will enable us to start out right next fall.

Plans are being made for Commencement week, and aside from the regular routine of festivities, Alexander Kilpatrick of Valencia, Pennsylvania, the first Delta initiated in the State of Indiana, will be here.

ARTHUR G. WALLACE.

BETA BETA

DEPAUW

1st semester 1923-24, 4th of 11 chapters; average 29.42; fraternity average 27.432.

Initiates: December 18, 1923: Richard Winfield Mercer, Indianapolis; February 21, 1924: Joyce Blanchard Wilber, Delphi; Harry Martin Williams, Muncie; Robert Willis Morris, Noblesville; Richard Henry Williams, Elkhart; Albert Hugh McNutt, Brazil; John Melville Kimble, Springfield, Illinois; Charles Manville Palmer, Muncie; Paul Ellsworth Driscoll, Liberty.

Since the publication of the last chapter letter the scholastic averages of the national fraternities have been compiled by Kappa Tau Kappa, honorary senior interfraternity council. Our eyes are still blinking from the dim of cellar position, but we are nevertheless determined to try the limelight of first place. 'Way back in 1897 Brother William Arthur Whitcomb received a Phi Beta Kappa key as a reward for his high scholarship. Until Brother Foster Oldshue '24 attained Phi Beta Kappa several weeks ago, Beta Beta has not had an active to be similarly honoured.

The second semester brought us two new pledges, Rollin Williams of Elkhart, and J. Cecil Anderson of Clark's Hill. One of last year's pledges, Aubrey Cox, who had been out of school for two semesters on account of illness, has also returned to the fold.

Beta Beta is endeavouring to have a record-breaking alumni gathering this year at Commencement. There are 126 Beta Beta Delts residing in Indiana. We expect a large delegation from our own state as well as many from nearby states. Inasmuch as we have only 230 living alumni we have every reason to expect a large number back for the graduation ceremonies. Four actives will graduate as well as one alumnus, Paul Rhoadarmer ex-'20, who has completed his law work at Indiana University and will consequently receive an A.B. from DePauw. The actives who graduate are Robert Angus Bain, Chicago; Ralph H. S. Boyd, Westfield; Newman Steele Jeffrey, Evansville, and Foster Oldshue, Waveland.

On January 15th the DePauw Chapter of Duzer Du became Duzer Du of National Collegiate Players. Duzer Du becomes the twelfth chapter of Pi Epsilon Delta, the other eleven chapters being in state universities. Brother Boyd is president of the new chapter and Brothers Newman Jeffrey and Harry Williams are also members. An innovation in the dramatic line was accomplished when the new histrionic fraternity presented three one-act plays coached and directed by senior members of the organization and

starring the pledges. The heaviest of the three productions, an Eugene O'Neill play, "Ile," was under the supervision of Brother Boyd. In the last play of the season, "Rollo's Wild Oats," Brother Jeffrey again took the butler's part. His buttling quite brought down the house. Brother Harry Williams was business manager of the play.

Brothers Adams and Zeis are taking their events in all the DePauw track meets, Brother Adams generally winning in high and low hurdles and the broad jump, and closely followed by Brother Zeis in the latter two events. Brother Adams has 33 points while Brother Zeis has 12. 10 points are sufficient to win a "D."

In the last *Mirage* elections Brother Zeis was elected managing editor. For the past nine years Delta Tau Delta has been represented on the *Mirage* staff seven times.

On March 14th, Lambda Chapter of Sinfonia, Phi Mu Alpha, was re-installed at DePauw. Brother Bogner is a charter member and treasurer of the new chapter.

Several faculty members led by Brother Dr. W. W. Sweet, Mu '02, have endorsed a plan to rejuvenate the old university golf club. The administrative officers will undoubtedly donate enough additional land to change the old course from a 6-hole to a 9-hole arrangement. It is hoped that work will be well under way before next fall. Brother Edgerton is chairman of the student committee.

Brother Ralph M. Wray, our traveling secretary, thrilled the hearts of our fair coeds on a serenade held recently.

ROLFE BALTZELL.

BETA GAMMA

WISCONSIN

1st semester 1923-24, 42nd of 46 chapters; average .820; fraternity average 1.148.

At the opening of the second semester Beta Gamma initiated William W. Gamble, Wausau, Wis.; Walter H. Bissell, Wausau, Wis.; Ralph J. Brenner, Valparaiso, Ind.; Richard I. Gray, Decatur, Ill.; Victor O. Tronsdal, Eau

Claire, Wis.; William H. Darrow, Superior, Wis.; and Anthony J. Faletti, Spring Valley, Illinois. Floyd Nicol, Superior, Wisconsin; Donald White, Chicago, Illinois, and John Smith, Wausau, Wisconsin, were pledged.

Our spring formal was held on May 16th, and more than maintained the reputation of Delt formals. The house was decorated with wild flowers, and the Chapter's thanks go to Brother Drew for the successful party he managed.

The 1925 Junior Prom was everything that a Wisconsin Prom is supposed to be, and the Delt party was one of the best of all. Brothers Walter Hewitt, Curtis Kuhnen and Joseph Bricker visited the Chapter during Prom.

Brother Ralph Wray finished his visit to the Western Division at Beta Gamma. Everyone enjoyed his visit and the constructive criticisms which he offered, his worst impression being of our Wisconsin weather.

Wisconsin has a national reputation for its summer school, the land of lakes being an ideal place for anyone to spend a summer. This summer we are trying to fill the house entirely with Delts, and we hope that members from other chapters will find it possible to spend the summer with us.

The school year is drawing to a close, and the Chapter will start the fall session minus Brothers A. V. Stegeman, W. N. Blinks, Allan P. Hendry and Brother H. C. Michels. Brother Stegeman ably led the Chapter through the year, and his responsibilities will now fall to Brother Sawers. Brother Michels reentered school the second semester to do research work in the chemistry department.

The Haresfoot show, one of the best ever put on by Wisconsin, was enjoyed by alumni wherever it visited. The Chapter was represented by Brothers Stegeman, Stephens and Faletti. Brother Stegeman is now devoting his energy to the golf team; Brother Teckemeyer is working hard on the crew in the hopes of again seeing Wisconsin represented at Poughkeepsie; Brother Ralph Brenner is freshman basketball manager and is now trying out for manager of freshman crew.

Brother Glenn Frank, Beta Pi, the editor of the *Century Magazine*, delivered an address at the Phi Beta Kappa initiation at Wisconsin, and was entertained at the chapter house during his stay at the University.

Alumni will be glad to learn that our living room now is decorated with a new rug to replace the badly worn one. The thanks of the Chapter go to Brothers Jack Kind and Wally Johnson for their efforts among alumni, and to Mr. W. H. Bissell for the trouble and expense which he underwent in obtaining the rug for us.

Announcement has recently come to us of the installation of a chapter of Phi Kappa Tau at Wisconsin.

The Chapter uncovered a find in pledge Brother Turner Stone, who by his pitching ability has placed the Delt baseball team in the front in the Interfraternity league. At this time we have not lost a game, and by winning two more, the Delts will win a place in the finals and a good chance for the cup.

Anyone interested in coming to summer school can communicate with Brother Arthur Sawers. The house is situated right on the lakeshore, and the Delt sailboat will soon be launched. Anyone who can possibly come is insured a wonderful summer.

GORDON E. SMITH.

BETA DELTA

GEORGIA

No fraternity scholarship report obtainable.

Beta Delta's initiates for the year are: Harry Newman, Grey Boatwright, Augusta; Jeff Brock, Roland Griffin, Carallton; Averett Taylor, Columbus; Delacey Parker, Miller; Clyde Tanner, Douglas; Edward Manney, Savannah; James Melton, Ocala, Fla.; King Grant, Atlanta; and George Johnson, Barton, Fla.

In the Interfraternity basketball tournaments Beta Delta went in the semifinals. Interfraternity baseball is about to get underway and we are aspiring for the cup which we came so near getting last year. All of our last year's team is back.

Brother Tanner, who was president of the Glee and Instrumental Club, had a most successful year with his club, having won distinction everywhere he went. Beta Delta was well represented in the club. Brothers D. Milledge, Newman, Tanner, Melton and Manney were regulars, with Brother H. Glenn first alternate. Brother Melton was elected leader of the Instrumental Club for next year.

Beta Delta had a twofold honor brought upon her by Brother Tate, who was elected to Phi Beta Kappa and Phi Kappa Phi. Brother Tate is also on the track team and is sure of making his letter this year; along with Brother Tate on the track team Beta Delta has Brothers F. Ryther and S. Milledge. Brother Tate lately was elected president of the University Y. M. C. A. for next year.

Spring football was started here about a month ago and much interest is being manifest in our major sport for next year. Brother Blount is out for the team and is doing well.

Beta Delta enjoyed a most pleasant visit from Brother Hemmick on April 22nd, and was sorry he could not stay longer.

We lose Brothers F. Ryther, Robinson, T. Glenn, Musgrove, Tanner and Philpot this year at graduation. Brother Tate also graduates, but will return for a post-graduate course next year. Brother Caldwell is leaving us this year to go to the Medical College at Augusta. Beta Delta hates to see these men go, but they go with our blessing for a most successful and eventful life.

J. QUENTIN DAVIDSON.

BETA EPSILON

EMORY UNIVERSITY

Winter term 1923-24, 6th of 11 chapters; average 8.67; student body average 8.23.

Initiates of Beta Epsilon Chapter for the year are as follows: January 10, 1924, Richard Asbury Dell, Savannah, Ga.; Earl White Hill, Sylvania, Ga.; John Masselon Norris, Kansas City, Mo.; April 28, 1924, Robert Newton Dopson, Jacksonville, Ga.; Oliver W. Jenkins, Edison, Ga.; May 2, 1924, Ralph King Jones, Barnesville, Ga.

In the way of campus activities, the Chapter continues to make her strides. And Brother Spurlin—well, no honor worth while passes him. He has recently added to his list membership in Scabbard and Blade, honor military fraternity (being made president of that organization). He has made Alpha Epsilon Upsilon, honorary scholastic fraternity petitioning Phi Beta Kappa, is president of the Student Lecture Association for the coming year, was elected managing editor of *The Emory Wheel*, and continues to win his laurels in debating circles, having recently defeated a champion debating team from Trinity College. Brothers Whipple and Ezell have also been initiated into Scabbard and Blade. Brother Whipple is now an official member of the Varsity Glee Club Quartette, which is enjoying week-end trips to various girls' colleges throughout the South. Brother Harper is busy whipping into shape the Emory tracksters for the State Track Meet which is to be held here on May 17th. Brother Ralph Jones, our youngest initiate into the Chapter, is out regularly on the cinder path, and we are expecting him to come through with flying colors on the 17th.

Our Lord Chesterfields, Brothers Jackson Cowart and Price Horton, master sheiks, are keeping Beta Epsilon on the top socially. Both have just been initiated into Irumas Social Club.

The biggest social event of the season was the elaborate Artists' Ball given by the Atlanta Delt chapters at the New Biltmore on the night of May 13th. Through the splendid cooperation of the three chapters, Beta Epsilon, Gamma Psi, and the Atlanta Alumni Chapter, the affair was made a brilliant success.

In closing, Beta Epsilon wishes to extend to the three new chapters in the Fraternity our sincere congratulations, and a hearty welcome into Delta Tau Delta. We're glad you're with us!

LOUIS L. PETTY.

BETA ZETA

BUTLER

1st semester 1923-24, 3rd of 4 chapters; average 74.26; fraternity average 74.9; all men's average 75.34.

Initiates, April 23, 1924: Harold Liebtag, Lester L. Nicewander, Indianapolis, Ind.; William H. Ertel, Mays, Ind.; Deryl Case, Rushville, Ind.; Theodore R. Faber, Peoria, Ill., and Armand D. Roach, Chicago, Ill.

Beta Zeta has entered the last lap of the school year with the same zeal that it has been showing throughout the year—a year of cooperation and harmony, coupled with individual effort in the Chapter. Mid-semester grades just came out and if the members keep up the work there is no reason why we shouldn't be back at the top.

At the beginning of the second semester, Ralaigh Martin of Anderson, Ind., and Merrill Luckett of Connersville, Ind., were pledged.

Although we were disappointed in not being able to finish higher than third in the Pan-Hellenic basketball tournament, we expect to have better success on the baseball diamond and to be termed champions for the second consecutive year.

The attendance cup of the Northern Division Conference is now reposing on our shelves. Beta Zeta members were especially glad of the opportunity to become acquainted with the visiting brothers at Columbus, and we feel that the Chapter was greatly benefited by the Conference.

The Pledge Dance on February 2nd at the Irvington Country Club was a marked success. Then on March 14th, a Hard Times Ball was held at the chapter house. The music for both of these occasions was furnished by Brother Dale Hodges and his Club Rondeux Orchestra. The boys are now looking forward to the Annual State Banquet which will be held May 17th, and the Dinner Dance, which will occur on May 19th at the Indianapolis Country Club.

Butler athletic teams continue to pile up records under the leadership of Brother Pat Page and his two assistants,

Brothers Otto Strohmeier and Paul Hinkle. The basketball team, off to a poor start, ended the season by capturing the National Championship at Kansas City. Brother Hooker, ex-captain and a mainstay of the team for four years, was quite instrumental in gaining this distinction.

Brother Lundy Welborn is playing center field on the baseball team. Brothers Kilgore and Northam are members of the track team. Both are members of our relay team which holds the state record for the mile. Brother Northam recently won the eighty-yard dash for the Indiana-Kentucky championship. Pledge Luckett, who won the 220-yard dash and the quarter-mile at the State Meet last year, and Pledge Phillips, who won the National High School mile championship at Chicago last spring, are members of the freshman track squad. Phillips has already created a wide reputation and has a bright prospect ahead of him. He has beaten his college mates in every event from 220 yards to the 2-mile run, and in addition is an excellent broad-jumper. Finally in his first race under college colors he defeated the famous Joie Ray by three yards in the open half mile at the Louisville A. A. U. indoor meet, which was held recently.

Brother Helton is business manager of the *Collegian*, the school paper, while Brother Gremelspacker is his assistant. Brothers Ridge and Case are also members of the staff. Brother Ertel is a member of the Butler debating squad. Brothers Gremelspacker, Ridge, Helton, Dawson, Mackey, and Godfrey are members of the Sphinx Club, honorary upperclassmen's society. Brothers Hooker, Clutter, Paul, Kiser and Kilgore are members of the Skulls Club, the other honorary society.

Our Annual Father's Day banquet was held at the house on March 15th, while on May 4th we honored our Mothers with another banquet. The purpose of these two occasions is to get our parents better acquainted with the boys and among themselves and to understand just what the ideals of the Fraternity are.

We enjoyed the two brief visits that Brother Ralph Wray made us and hope that it will not be long before he returns.

Commencement is rapidly approaching. Beta Zeta will lose four men through graduation: Brothers Hooker, Dawson, Welborn, and Kiser.

GEO. S. GAMBLE.

BETA ETA

MINNESOTA

Year 1922-23, 25th of 25 chapters; average .682; all fraternity average .986.

Since the fall letter Beta Eta has been far from inactive. We point with pride to the initiation of Brothers Jack Raymond, Bob Gemmell, Ray Peterson, Westy Farmer, Durel Richards, Howard Blakely, Dan Peacock, and Frank Weck. The last three named were pledged after the last letter and were initiated quite recently.

We are justly proud of our hockey team which came through the season without a defeat, beating the Betas 8-1 in the final game of the season. The strength of the team is shown in the comparison of the scores of the various teams in which Delta Tau Delta led the rest by a comfortable margin, scoring 42 points to their opponents 2. Brother Ken Bros led the attack in all the games and exhibited a brand of hockey that would have easily earned him a berth on the Varsity had he been eligible. However Brothers Herron, Peterson, Peacock, Chet Bros, and Fisher were not far behind in the starring class. They are to be complimented on their prowess, for now a new cup graces our mantle.

The beginning of the track season found Brothers Derrick and Renwick going through their paces, and Brother Ken Goss officiating as manager. Brother Guy Johnson has reported for spring football practice and stands an excellent chance of placing on the Varsity. Brother Bob Gemmell rates high in the competition for baseball manager and in our next letter we hope to be able to announce his appointment.

While on the golf links Brother Herron continues to be unbeatable and looks like a sure thing for first man on the Varsity golf team.

But all this athletic activity does not mean that Beta Eta lacks men in other University activities. Brother Weck has corralled a position on the sports staff of the *Daily*, and Westy Farmer will soon be listed among the special writers for the *Technology*. Brother McCullough as colonel of the Cadet Corps and Brothers Raymond and Richards as platoon leaders are upholding the Delt prestige in the Army.

The other evening Beta Eta entertained about seventy alumni at the annual beefsteak feed. We had hoped to have Brother Kuehnle stay over and meet more of the boys on that occasion but the press of business carried him away Sunday evening in a rush, leaving us with only the pleasant memory of his visit.

KENNETH L. GOSS.

BETA THETA

UNIV. OF THE SOUTH

2nd term 1923-24; fraternity average 74.8; all men's average 75.2.

We feel that we have had a very successful year considering the many difficulties we have had to overcome. For the last two months we have not had a house and have had to meet at other fraternity houses. Consequently, we have not had the opportunity to train our freshmen as well and carefully as we might desire. However, they have all come out well in every form of student activity. Brothers Helvey, Robert Nash and Small have made the track team and have scored points in every meet so far. Brother Griffith is on the squad as a high jumper. Our other frosh are learning to be good Delts during these lazy spring days for which Sewanee is noted.

Sewanee has a good track team this year and Beta Theta is ably represented. Brother Minor has already set a new record for the Varsity to strike at. In a meet against Vanderbilt, he ran the 100-yard dash in 10 seconds flat. He

also placed third in the Georgia Tech Relays. Brother Michaux Nash is again starring in both hurdles and is running an exceptionally good 440-yard dash.

At last our new house is nearing completion. We have been working to realize this ambition for the past ten years or more. It looks as if we might have it finished by Commencement.

One of the most enjoyable affairs of the year was the banquet given in honor of the old men by the freshmen. It was held at Tuckaway Inn and turned out very successfully owing to the hearty co-operation of our fratres in urbe. Major Maclean, one time ritualist of the Fraternity, was toastmaster and carried the program along with a good deal of wit and humor. This is an annual affair and one of the most anticipated of the year.

We have been favored again by a visit from Brother Ralph Wray, who does not seem to have lost any of his pep. Brother Duerr also came up and gave us a few pointers on scholarship. We are anxious to have any of the brothers who happen to be passing near Sewanee to stop and tell us hello.

If every other chapter feels the worth and strength of Delta Tau Delta like Beta Theta does, there is nothing that can stop us.

BETA IOTA

UNIVERSITY OF VIRGINIA

Year 1922-23, 26th of 28 chapters; average 79.6; fraternity average 82.7.

Easter week, this year, was all that could be desired. With five dances, four baseball games, one track meet, and two student theatricals, we found our time fully occupied. Another very pleasant feature was the return of several of our alumni.

In the interfraternity basketball league Beta Iota did not do very well, being eliminated in the first round after a hard

fought game. However, we got off to a flying start in the baseball league by winning the first game 24 to 3. The features of the game were the hitting of Brother Pierson and the pitching of Brother McCue.

Virginia's relay team surpassed the expectations of even its most optimistic supporters by winning the intercollegiate one-mile relay championship of America at the Penn relays last Saturday. In addition to this, we won the South Atlantic relay race for the fourth consecutive time. These two victories were a fitting climax to one of the most successful seasons ever enjoyed by a Virginia relay team.

The baseball team, under the guidance of Coach Earle Neale, has so far had a very successful season, having won eleven games out of fourteen.

The Chapter was very much pleased by the return of Brother Ellis, who was forced to withdraw from college last spring on account of illness.

S. L. MORISON.

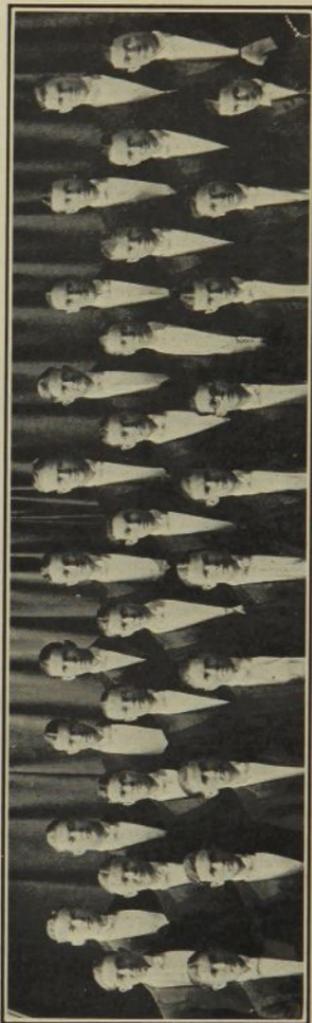

BETA KAPPA

COLORADO

1st quarter 1923-24, 7th of 20 chapters; average 75.20; all men's average 75.80.

Initiates, January 28, 1924: George F. Grieb, Jr., Glenside, Pa.; M. Roosevelt Edwards, Victor, Colo.; Hugh D. Long, Denver, Colo.; George E. McKinnon, Durango, Colo.; Charles F. Pilchard, Denver, Colo.; John D. Moore, Pueblo, Colo.; W. Dean Stapp, Las Vegas, N. M.; Glen C. Walker, Boulder, Colo.; Ralph D. Walker, Boulder, Colo.; Sherman B. Walrod, Holyoke, Colo.; April 23, 1924: Jerome A. Paul, Montrose, Colo.; Ira M. DeLong, Jr., Grand Junction, Colo.

After eight months of difficult up-grade pulling, Beta Kappa looks forward to a flying finish. At the beginning of the school year the Chapter faced dismal prospects, but a successful rush season and a wealth of enthusiasm brought about a decided change. Graduation a year ago took five of the Chapter's strongest men, and financial difficulties

TOP.—Macomber, Stapp, Edwards, MacKinnon, Davis, Malm, Barber, Perry, Smith, Plested,
 CENTER:—Powell, Keith, Caywood, Stewart, Dodson, Walrod, Heckert, Randell, Stubbs, Richardson, J. Hunter.
 BOTTOM:—G. Walker, Pilchard, R. Walker, Ingram, Charlton, Moore, R. Hunter, Osborn, Newcomb.

forced three more to remain away in September. Business-like organization and strict discipline throughout the entire year has placed the Chapter on a better footing than ever before. Ralph T. "Cowboy" Hunter has finished his term as president with the commendation of every member. "Cowboy" is learning the fundamentals of legal procedure in the Law School here, and will be with us another year.

Elwyn J. "Slew" Davis has been given the reins of government for next year. Slew commences his fifth year in the College of Engineering next September. At this writing he is a candidate for student commissioner and pre-election dope gives him every chance to fill the position. He has been exceedingly active in the Chapter and on the Campus since his first quarter in school. His activities on the Campus have included basketball (letter man), dramatics, Boosters' Club representative, and campus politician. Beta Kappa feels certain that it can look forward to a banner year under his leadership.

The institution of the house mother system this quarter marks an event in the history of the Chapter. For considerable time past the matter of a Chapter house mother has been a topic of business, but has never been considered very seriously. Only one fraternity on the hill has given the system a trial, and that without success. The agitation for the system was strong enough to warrant action this quarter and we are now waiting to introduce alumni and visiting brothers to Mrs. Ruby Bair, Kappa mother, of Denver, Colo. Mother Bair has been with us less than two weeks but has already won the hearts of all the boys. Table manners and general house deportment have greatly improved since her arrival, and the improvement has met with complete approval. The few words contained in Field Secretary Ralph M. Wray's comment on Gamma Tau's approval of the house-mother system, which appeared in the March number of *THE RAINBOW*, were enough to bring immediate action.

Alumni who remember the old piano purchased by the Chapter in 1906 will receive with interest the news that the

old box has been discarded in favor of a Steinway Grand. The new addition was made through the efforts of Brother George Powell, Jr., retiring house manager, with the cooperation of the freshmen. After seeking the advice of the Director of the School of Music in the University, and of many other authorities throughout this region, Brothers Rawson, Barber, and Powell, the committee appointed to select the piano, the Steinway was purchased. Its appearance harmonizes splendidly with the furnishings of the living room, and the Chapter is taking considerable pains to preserve its beauty. (Brother Ralph M. Wray please notice.)

Brother Larry Stubbs, who represented the Chapter at the Western Division Conference in Chicago, made a detailed report of the business conducted there, and many of the suggestions made during the sessions have met with favorable response in the Chapter. The possibility of having the Conference here next year has created quite a bit of comment, and the Denver Alumni Chapter is now working with that object in mind. Boulder offers more in the way of scenic attraction and out-door entertainment than any other University home in the Conference. The city is situated within a stone's throw of the foothills of the Rocky Mountains, and the many canyons and ravines extending almost to the edge of the Campus should hold delight for every delegate in the gathering. Denver, where the business sessions would be held, is known the world over for its many attractions and is less than an hour's ride from the University of Colorado, at Boulder.

Seven members of the Chapter assisted with the production of the Boosters Club Annual Spring Party, staged in Boulder and Denver. Brother Slew Davis was featured as a whistling-dancing student of parts, and as usual delighted the audience with his pedal shuffling. Brother Larry Stubbs carried his part as premiere comedian with professional ability. Brother Charlton was co-author and lyricist. Pledge Bartindale carried out some skillful lighting effects for the production.

Winter sports found Slew Davis and George MacKinnon the only Beta Kappa men in the running. Slew suffered a broken toe during the season and was unable to contribute to Varsity success. MacKinnon showed up well toward the end of the season and will make good material for the hoopsters next year. The Chapter was runner-up in the interfraternity cage meet, but met with a series of reverses just when the honors seemed certain.

Field and track has jumped into the limelight in the past week, and with Barber in training for the 440 and MacKinnon throwing the javelin 170 feet, the Chapter will be well represented in coming meets. Heckert easily led in the high jump during the intra-mural meet, and Stapp looked well with the shot.

Second-quarter pledges who have filled a big place with the freshmen this year are Jerry P. Tobin and Jack H. Donley, both of Denver. In the interclass boxing tournament, Tobin sloughed his way to the lightweight championship, at 135 pounds, defeating the championship contender of 146 pounds by decision. Six knockouts in seven bouts chalks his record for the tournament. Fred Kielsmier, of Denver, is the latest man to walk the Campus with the crossed triangles.

During the past week the Chapter suffered the loss of two of its best men. George F. "Fritz" Grieb, Jr., was forced to abandon his studies here to hasten to the bedside of his mother in Glenside, Pa. Fritz left an enviable impression with the Chapter members, and saying goodbye to him was one of the hardest tasks of the year. The Campus will miss some of his clever chirpings in the humorous magazine. Jack Rawson is now on his way back to Ridgewood, N. J. He had been with us for almost two years. Jack finished his work for an M. E. this quarter, and will receive his degree in June. He left a host of friends in the West.

Brothers representing the Chapter on the Campus are: Guant, associate editor of the *Colorado Alumnus*; Newcomb, junior baseball manager; Malm, Y. M. C. A. cabinet, and

president-elect Interfraternity Council; Davis, Boosters Club vice-president elect, and candidate for student commission; Charlton, president Scribblers Club; Orsborn, chief operator station KFAJ, University radio station; Keith, business manager, *Silver and Gold*; James W. Hunter, president Colorado Geological Society; Edwards, sophomore baseball manager; Pilchard, basketball manager; Plested, Varsity football letter man.

Brothers Heckert and Randell, who returned to the Chapter for the winter quarter after four months in the Orient with their saxophones, forgot to leave them there and are subjecting the Chapter to their racket daily. Russ is among those graduating this year, but Earl has entered the Law School and will supervise ground maintenance for some time to come.

Larry Stubbs is a candidate for president of the student body, and stands a fair chance of landing that or a commissioner's berth along with Slew Davis. In appreciation of his excellent work last year, Harry Malm has been elected rush captain for next fall.

DANIEL A. CHARLTON.

BETA LAMBDA

LEHIGH

1st term 1923-24, 3rd of 21 chapters; average 2.0; fraternity average 1.674.

Beta Lambda surprised itself and the faculty by establishing the house in third place in scholarship standing. We did this, however, by not withdrawing in the least our efforts along athletic lines. The dramatic club recently presented its most successful show and numbered in the production were: Brother Piersol, in charge of the chorus; Brother Metten, business manager; Brother Shaheen, assistant manager; and Brother Hess in one of the chorus jobs. Brother Hess has followed in the footsteps of his brother Jake and will captain Lehigh's basketball team next season. Brother DuBois is pitching for the Varsity. All of our freshmen are out for something from lacrosse to chief roller of the tennis courts. Our new pledge, George Doty, Peekskill,

N. Y., says that he plays tennis. The courts are still wet, however, so his assertion holds. We hope to gather him in the fold soon. The alumni are taking command of Lehigh and Bethlehem, June 7th. We want Jennings busy that week. Why not come back and keep things going?

W. M. METTEN.

BETA NU

MASS. INST. OF TECH.

1st semester 1923-24, 24th of 26 chapters; average 535.

Initiates, April 13, 1924: James Bertrand Castner, Donora, Pa.; George John Leness, Springfield, Mass.; James Gookin Walker, Lowell, Mass.

The biggest event in Beta Nu's history this year was the decision of the Institute to make the house we have been leasing since 1919 into a dormitory to meet the increasing demand for dormitory space here at Technology. The Chapter has been working hard with the alumni all spring and at present we have an option on a very desirable house in Brookline, and look forward to moving there at the close of school in the spring.

The Chapter has been well represented in activities all year. Ed Dunlaevy is general manager of "Tech Show" which went on an extended tour this year. Bill Northrop served as track manager and Pete Goble as boxing manager during the year. Carl Everett is treasurer of "The Tech"; Ken Lord is assistant manager of crew; Jack Larkin is on the Walker Memorial committee and is assistant manager of golf; Carl Whittier is assistant stage manager of "Tech Show"; Ray Hibbert is on VooDoo and Jim Lyles is assistant manager of basketball. We have been especially strong on athletic teams. Pete Goble, Mal Davis, Ed Dunlaevy and Don Hall have been rowing on Institute crews. Johnny Locke was elected captain of hockey for next year and Jack Larkin and Harry Fitch are playing regularly with the golf team. Although ineligible for Varsity track, George Leness and Jack Wiebe have been doing very good

work and show great promise for next year's team. Charlie Boardman and John Hoxie are on the team this year. We have been represented by class officers in the three lower classes and have a good number of men in the various honorary societies.

The year has been made very pleasant by several dances and dinners. Most of us have recovered already from Prom.

We succeeded in winning the final game in the interfraternity basketball tournament from the Betas and are about to start out for the baseball cup.

The Chapter was glad to entertain the delegates to the Eastern Division Conference and to renew old friendships with the men from other chapters. We sincerely hope that brothers from all chapters will make the Beta Nu chapter house their Boston headquarters, for we can assure them that they are very welcome.

CHARLES M. BOARDMAN.

BETA OMICRON

CORNELL

No fraternity scholarship reports obtainable.

In these balmy days when the beauty of the Ithaca country and the local tennis courts vie with recitations and examinations, and the fellows are bracing for the final spurt, which to many will bring graduation, Beta Omicron is gaining more prominence in extra-curricular endeavors, but must carefully guard against scholastic snags.

Another sports manager was added to our ranks when Brother Steinmetz won the football managerial competition. With Brother Paul Doering occupying the position of assistant manager of crew, this gives the house two of the four so-called major sports managerships. Brother Sam Buckman is now rowing on what is certain to be the Varsity crew this year, while Brother Callahan holds a seat in the first freshman shell. Brother Garretson was recently elected captain of the freshman tennis team, while Brother Greene is playing right field on the freshman nine. In the publication line, Brother Driscoll obtained a place on the board of

the Cornell Annuals, while Brother Eiler was elected editor-in-chief of the *Cornell Daily Sun*.

We have already started to look for prospective rushees for next year's class, and would appreciate any recommendations of men entering Cornell. Every indication points to another open rushing season here, as nothing has been done by way of changing the "grab-em-and-run" system used here last year. It will be a great epoch in Cornell fraternity history when second term or second year rushing is inaugurated, if it ever is.

Beta Omicron has purchased a piece of property on Cayuga Heights and expects to erect a new house there within the next few years. The newly acquired property commands probably the best outlook of any site in Ithaca, the view giving out upon the whole expanse of Cayuga Lake on the north and the valley and town on the south. Alumni committees have been organized to promote the financing of the proposed new chapter house and the project is making fair progress.

The Chapter hopes to entertain a large number of alumni Spring Day and many more at the time of the class reunions in June. The house is always open and we are always glad to welcome any brothers who may come to Ithaca. Just let us know when you arrive.

ROBERT W. EILER.

BETA PI

NORTHWESTERN

1st semester 1923-24, 9th of 14 chapters; average 1.0259; fraternity average 1.0877; all men's average 1.1535.

Initiates, February 23, 1924: H. Bowman, Wahpeton, N. D.; Phillip Platt, Eagle Grove, Iowa; Ludwig von Suessmilch, Delevan, Wis.; Aden Poindexter, Benton, Ill.; Sherman Richardson, Chicago, Ill.; Leland Myers and Errett Graham, Evanston, Ill.

The outlook of Beta Pi is exceptionally good this semester and should continue so from now on. Our scholastic average has come up to a place where even, though we are still

Bowman	Pointexter	Karstens	McKay	Duer	Patrick	Mullancy	Brown	Graham	Turner
Bremer	Melind	McKean	Anderson	Von Suesmilch	Wolfe	Duncan	Hollowell	Dines	McGrath
	Meyers	Platt	Basquin	Edwards	Humphrey			Graham	Lauder

seeking to better it, we need not be ashamed of it at present. As far as activities are concerned, this year is one of the best years we have ever had.

Here is something we are exceptionally proud to let everyone know. Out of fifteen juniors selected for Deru, a senior honorary society, of which the members are selected by popular vote, four were chosen from Beta Pi. This is only the second time in the history of Deru at Northwestern that four men have been selected from one fraternity. Brothers Anderson, Duncan, Hollowell and Graham were the men chosen.

Brother Graham was elected captain of our next year's basketball team. We expect with Bo's leadership our standing in the conference will be considerably improved. With the date for the publication of the *Syllabus*, the junior year book, near Business Manager Duncan is kept very busy in preparation for that event. Brother Pick Hollowell is assistant business manager of the *Purple Parrot*, athletic editor of the *Syllabus* and president of the local chapter of Delta Sigma Pi, a national commerce fraternity. Brother Anderson is business manager of Campus Players, advertising manager of the *Syllabus*, and on the junior social committee. Besides this Andy was in charge of the Junior Prom, the big social event of the year.

We had two "N" men in football this year, Graham and Lauder, and three "N" men in basketball, Hoffman, Karstens and Graham. All these men with the exception of Lauder will be back next year. Five men from our Chapter won their numerals in freshman football and will also be out next year for the Varsity squad. We expect great results from Brothers McKean, Patrick, Bowman, Graham and Pledge Edwards. Brother Hollowell and Pledge Dietz will be out with the team next year, making a total of eight men from our Chapter on the Varsity squad. Though only in his first year at school, Brother Platt is setting a cross country record far better than the Varsity is able to do. When the numeral sweaters were issued he was not forgotten either.

In dramatics Beta Pi is also well represented. Anderson has been kept busy this semester and last filling his position as business manager of Campus Players. McKay is working at present on the production staff and should be very actively engaged with the organization next year.

Brother Duncan, business manager of the *Syllabus*, is ably assisted by many men from the Chapter, besides Brothers Hollowell and Anderson.

We celebrated Easter vacation by starting off with a spring formal at the house. The house was decorated far better than it had been done for some time, thanks to the plans worked out by Brothers Patrick, Hollowell and Turner.

Commencement is only a few months away now. Beta Pi will lose, through graduation, Brothers Mullaney and McGrath.

ROY MELIND.

BETA RHO

STANFORD

No fraternity scholarship report obtainable.

Many an orange has bloomed unseen in this land of sunshine and "unusualness," since the California Limited acted as convoy to our last chapter letter.

Things have been happening fast and furious around here lately, and not even the lack of rain, or the predominance of the growing "Hoof and Mouth" disease, could keep the house from pledging up fifteen of the finest specimens that ever wore dinks. Here they are, boys—what do you think of 'em?

Gerald Stewart, Los Angeles. Jerry is captain of the Stanford frosh baseball team.

James Hanley, San Francisco. Jim is captain of the Stanford frosh swimming team.

Emerson Spencer, Modesto. Spence is national inter-scholastic champ in the high and low sticks. He was high point man in the annual Stanford-California frosh meet.

Robert Cummings. Bob hails from San Bernardino,

and he also made his numerals this year by placing in the California meet.

Hugh Center, San Jose. Hugh is out for "Soph" Manager.

Hugh Brown, Tonapah, Nevada. A mean music master.

Howard Sheets, Los Angeles. A cinch for Varsity baseball in '25.

Henry Eicher, Washington, Iowa. A baseball manager.

Bert Simmons, Los Angeles. A very likely selection on Pop Warner's first string squad in football next year.

Don Threfall, Modesto. Moose is already out for fullback.

Duncan Oneal, San Jose. Dunc is also out for early spring practice.

Haughton Bickerton, Menlo Park. Always dabbing for the *Comics*.

Mark Young, San Diego. In for dramatics.

James Farr, San Francisco. The house politician.

Burnell Richmond, San Jose. Out for sophomore basketball manager.

The house itself took off the honors for the winter quarter by copping the intra-mural basketball championship. The Delts were the only team out of the 42 entered that closed the season without a defeat. The final game was with the Betas, and we managed to come out of the game minus two teeth, but with a 12-10 victory. The house was presented with a slick looking banner and a plaque to hang in our trophy room. The team work of Collett, DeBack, Mixon, Myers, Colgan, Morrison and James was responsible for winning the old bunting.

A few more block letters never has hurt any house and so in the quarter just closing the Delts have added four more to the house. Bill Kerr won his by staying out in front of the rest of the milers all season, and crashing through and

winning first place in the big Stanford-California meet, when the Red Shirts romped home with Bear meat to the quota of 83-48. Hugh Mixon won his block by making up of the prettiest relay teams that ever represented Stanford. Nim deBach repeated this year in the annual tennis matches, winning his match coupled with Ford Tussing in the doubles. California didn't have a chance when this combination got under way. It surely was a great Delt day when the only two men on the Stanford squad that won their letters were Delts. In the doubles this pair has yet to lose a match to California. Stanford racquet wielders are getting in prime for the trip to Australia this summer, and then Tuss and Nim will be given a chance to show their true worth.

Not to be overcome with a little trip to Australia this Chapter is more than pleased to announce that we are going to have at least two and more than likely three representatives on the American Olympic Teams at Paris this summer. Brother Skin Collett, claimed by all aquatic experts as the best goal keeper in the country on a water polo team, has been selected for that berth by the Committee. Brother Ginney Austin, one of the fastest swimmers on the Pacific coast, has been selected as one of the forwards on the water polo team that is to represent America at Paris. It is also a pretty safe bet to say that Bill Kerr will be back there with the best milers in the land.

The boys themselves have been off the dime and last quarter's report rated us within the first five fraternities in scholarship.

WILLIAM H. PARSONS.

BETA TAU

NEBRASKA

1st semester 1923-24, 15th of 32 chapters; averages not yet available.

Initiates, February 6, 1924: Vernon Winkle; February 11, 1924: Joe Brown, Arthur Breyer, Judd Crocker, Phil Sidles; March 26, 1924: Duane Anderson.

At this time of the year our thoughts turn to the great spring college sport, track. This year is one when interest

is especially keen, the year of the Olympics. Nebraska, with her great track coach, Schulte, is putting in a strong bid for winning the third consecutive Missouri Valley Meet. The meet is to be held here in Lincoln, in the newly completed stadium, and a great reception is being planned for the visiting teams.

As in other sports at Nebraska, the Delts are represented well. Last year track letter men who returned this year are Turner, Parks, Gleason, and Myers. Bloodgood and Hein, dash men, have already won their letters this year, both being on the fast 440-relay team that won first at the Drake Relays. Turner has done some spectacular work in the high jump, tying Poor of Kansas at Illinois, and taking second at Lawrence at 6 feet, 3 inches.

Three Beta Tau men recently returned from a trip to the south with the baseball team. The team was handicapped by lack of outdoor work before the trip. Brothers Hubka and Bloodgood are on the squad and Brother Holland is student manager. Hubka has made two letters this year and Bloodgood has made three.

We pledged three freshmen this semester: Harold Nichols, Omaha; Verne Gibson, Hampton; Ben Laughlin, Cheyenne, Wyoming.

Plans for the new house drive are almost completed and we are hopefully anticipating the beginning of a new home by next fall. Kappa Sigma has recently started a new chapter house at Nebraska.

We are expecting a number of Delts to be here for the Valley Meet and will be mighty glad for all of you that can get to Lincoln and pay us a visit.

JAMES D. MARSHALL.

BETA UPSILON

ILLINOIS

1st semester 1923-24, 48th of 51 chapters; average 2.790; fraternity average 3.124; men's average 3.211.

On March 4, 1924, Beta Upsilon initiated the following: Mitchell B. Howe, Oak Park, Ill.; Robert N. Burns, Chicago,

Ill.; Madison B. Morse, Gifford, Ill.; John Hucko, Aurora, Ill.; Edmund O'Shea, Chicago, Ill.; Ralph B. White, Kansas City, Mo.; Paul D. Doolen, Champaign, Ill.; James A. Rattan, Decatur, Ill.; Richard M. Ramey, Champaign, Ill.

A number of the brothers left us at the end of the first semester and set out to conquer the world, thus compelling us to find some new Delt material. We were very successful and pledged seven men: Theodore Bergdahl, Chicago, Ill.; Donald Foster, Chicago, Ill.; Roy Ganote, St. Louis, Mo.; Byron Phillips, Arthur, Ill.; Harold Hall, Omaha, Neb.; Richard Woolbert, Champaign, Ill.; and Douglas Cook, Ottawa, Ill.

On the Campus we are proud of the fact that we have a man out for almost every activity. Since our last letter Brother James Rattan won his numerals on the freshman swimming team; Brother Richard Ramey is the freshman sport writer of the *Illini*; Brother Shryock is art editor of the *Siren*; Brother Robert N. Burns is out for freshman track; Brother Ralph B. White is out for the position of student colonel; Brother Robert W. Black is a lieutenant in the R. O. T. C.; Brothers John Hucko and Madison Morse are out for the freshman tennis team; Pledge Harold Hall is out for an editor's job on the *Illini*.

In intra-mural athletics the Chapter has been very active. We were division champions in basketball, and lost the final game for the fraternity championship.

We are well on our way in bringing up our scholarship. Our low average last semester has made the brothers sit up and take notice, so every one is studying hard for a good average.

HARRY A. HALL.

BETA PHI

OHIO STATE

Year 1922-23, 1st of 36 chapters.

On January 20th, at the close of seven long days (and nights, too) of fun—for the actives—Hyman M. Heer,

Millard J. Niles, both of Columbus, and George P. Guthrie of Elyria, received the golden square. They, in turn with the other actives, conceived of new delights and experiments for two more neophytes who had the mysteries explained to them on the 14th of April, namely W. Wallace Williams and Arthur C. Addison, also of Columbus.

Our annual dinner dance was given this year at the Elks Home on Broad Street. It was a very successful party.

Beta Phi had a most pleasant opportunity on March 7th and 8th last, as host to the Northern Division Conference, and we hope we did not discredit our opportunity. The pledges bore[®] their share of the entertainment and gave a tea dance for the visiting pledges and actives at the chapter house.

Despite the Conference and its consequent excitement, Beta Phi weathered the winter quarter final exams in true Delta Tau style, receiving almost negligible wounds and coming out a victor.

Mother's Day, always a tradition at Ohio State, will be especially observed this year by Beta Phi. The Chapter has sent out invitations to all the mothers for dinner on Sunday, May 11th.

The usual spring party will be given this year at the Columbus Country Club with Brother Will S. Harman as host.

Brother Ralph Wray was a welcome visitor at the chapter house over the week end of April 26th. His presence was greatly appreciated by all the brothers.

Although we did win the scholarship cup and have been quite active socially, campus activities with Delta Tau representation have not suffered in the least—there being Delta Taus, from freshman pledges to senior actives, in all important Campus activities.

Brother "Phin" G. P. Guthrie won second place in the Pentathlon at the recent Ohio Relays and has been adjudged the best all-round athlete on Ohio State's track squad.

Brother Edward Burkhalter is national president of the student branch of the American Society of Ceramic Engineers, is on the Boost Ohio Committee, vice-president of the

Engineers Council, a member of Senior Memorial Committee, and last but not least cadet colonel in the R. O. T. C. in the field artillery division—the highest cadet position obtainable.

Arthur C. Avril was awarded membership in Varsity "O" as 1923 intra-mural manager. "Russ" Miller is pitching his second year on the Varsity baseball team. Noel J. Baird is also going strong on the Varsity's first team. Carter C. Kissell is a member of "The Toastmasters" and also of Sphinx, one of the highest honorary societies in the University. Robert S. Adams is editor of the University literary publication, *The Candle*, and also a member of the Toast Masters. Albert L. Kelley is driving a mean ball on the Varsity golf team. "Syd" Allen Hoagland successfully carried the leading part in Booth Tarkington's "Magnolia," produced by the University Dramatic Club. Richard Gordon Campbell enjoyed the honor of becoming a member of the Varsity Glee Club. Bob Zimmer successfully managed "Strollers" through a prosperous year.

Among the freshmen, Clarence Cramer has obtained his numerals in basketball and track; Albert Huneke is intra-mural manager; H. Hilman Smith is associate editor of *The Phoenix* and on the *Makio* staff; Jimmy Williamson is freshman tennis manager and on the business staff of *The Candle*; Joe Swisher made good on freshman track and is a good Varsity prospect; Henry Clay White is an editor of *The Phoenix*.

Four brothers are expecting to graduate this June: Syd A. Hoagland, C. & J.; William E. Genung, Mech. Eng.; Robert K. Zimmer, C. & J.; and Bruce A. Barr, Civil Eng.

HERBERT BROWN CAMPBELL.

BETA CHI

BROWN UNIVERSITY

Year 1922-23, 17th of 19 chapters; average 1.980; fraternity average 2.163.

Initiates, March 3, 1924: Gerald Blair Bate, Newark, N. J.; Herbert Pierce Horton, Leominster, Mass.; Worth

Rhodes Bushnell, Thompsonville, Conn.; John Vinton Munroe, Salem, Mass.

Prominent among the trivia that pervade the atmosphere of the Beta Chi Chapter House is that which speaks of, rumors of, and suggests, music. Music is on the east of us; music is on the west of us; north, south, upstairs, and downstairs: music. We are musicians to a man. Some have never tried, but they can play—in this school. There is professional jealousy and subsequent derision—but all play. Brother Calvosa has hit upon a *mot juste* to describe these musicians, but the dignity of this publication must be kept inviolate. A new school of music has sprung up; *in pace requiescat!* and that right early.

One of our chief expounders of pseudo-music, Brother Horton, has won new laurels in another field: he was a likely lad at the pledging; but alas, “then he took up golf.” Almost daily his herculean form can be seen, flitting like a virgin rose from green to green, his rugged build coordinating miraculously in hitting the ball, his eagle eye now desperately looking for it.

Brothers Hoffman and Ruckstull have been playing some game or other on first and second bases respectively during all the ball games, and Brother Marth has frequently left his job of warming up new pitchers behind the grandstand to take a try at right field or behind the plate.

Brother Robert John Berg’s scutting for the Brown University Athletic Association is one of the topics of the sport world. It has assumed such proportions that telephone calls possess little charms for the alert Bobbie (alias duPont), and if, perchance, you know Bob, you’ll more fully appreciate the sacrifice.

The time is soon now when, as in the years gone by, the brothers are stunned suddenly to realize that the days are numbered—in low numbers—until the seniors will be leaving the house; and we try to picture our house minus such and such a person, one after another, but without success.

It can't be done. This sadness of parting after long and happy companionship is one that seems with us always.

Anyway, our potential seniors for the next three years, the able house administration just elected (Brothers Carl N. Brown, William A. Stephens, Thomas J. Maguire, and Garrett T. Greene), and our newest pledges of whom we are exceedingly proud (Johnny Taylor and Bill Quinn), must all give the departing seniors confidence in a bigger and better chapter to come. Let us work for a speedy vindication of such confidence!

JOSEPH SPENCER HUKILL.

BETA PSI

WABASH

1st semester 1923-24, 5th of 7 chapters; average 71.79; fraternity average 72.88.

Initiates, February 24, 1924: Arthur B. Armstrong, Kokomo, Ind.; Charles J. Kruse, Indianapolis, Ind.; Willard T. Orr, Chicago, Ill; R. Claude Pence, Attica, Ind.

With the coming of May everyone's thoughts are centered around the Pan-Hellenic dance which occurs on the weekend of the 9th and 10th. Brother Rhode is on the Pan Committee and reports that Benson's Recording Orchestra will furnish the music for the affair. Beta Psi as usual will entertain with her annual spring house party on this date.

Baseball is also obtaining its share of attention, and so far our Varsity has gone undefeated. Brother Roll, the Chapter's three letter man, is again holding down a position in the outfield. Brother Stewart, president-elect for next year, went out for the pitching staff and landed a position without a great deal of effort. Stewart has been out of college for the past two years, but returned to us last September.

Brother Pipin, our retiring president, with whom it has always been characteristic to look for something to do, has just recently organized the Wabash College News Bureau, an organization to furnish college news to state and mid-western papers. His efforts have been highly commended

by the college authorities. He is assisted by Brothers Mead, Gipson, Murphy and Pledge Wedding.

Wedding, whose initials are J. R., was pledged shortly after the start of the second semester. He is a sophomore and is the son of J. G. Wedding, the treasurer of the college. In addition to his work on the News Bureau, he is also managing editor of *The Bachelor*.

A call was recently made for freshman baseball candidates with the result that Brothers Freeman and Pence answered. Brother Freeman easily earned a position in the field, while Pence is being used as a utility infielder.

At the Press Club election in February, Brother Smith was made editor-in-chief of *The Bachelor*, while Brothers Pence, Armstrong and Gipson were elected to the staff. At the present time Beta Psi is better represented in journalistic activities than any other chapter on the Campus.

Brother Mote, who graduated at mid-year, is now enrolled as a student in the law school at George Washington University. Mote writes us that he sees a great deal of Brothers Murphy and Hall, two other Beta Psi Delts who are engaged in newspaper writing in the Capitol. Brother Davis also left us in February and is now attending the University of Kansas Law School at Lawrence, Kansas.

At the Sophomore Cotillion held on April 5th, the Chapter had the extreme pleasure of entertaining Brother Ralph Wray and having as chaperon Mrs. H. F. Campbell of Indianapolis. Brother Hank Campbell's daughter was also present for the dance.

The coming of Commencement on June 7th brings us more and more to realize the loss of our three seniors: Brothers Pipin, Rhode and Johnston. All three of these men have been powers in placing Beta Psi in her present standing, and it is with keen regret that every member of the Chapter, both active and alumni, anticipate their passing.

J. F. MURPHY.

BETA OMEGA

CALIFORNIA

Fall quarter 1923-24, 23rd of 37 chapters; average 3.070.

Rushing has been carried on during the whole year and Beta Omega takes great pleasure in introducing Pledge Ken Littlefield. Rushing plans have been completed for next semester and we hope to take in a large class.

The University is sending two athletic teams east this summer to compete against the best of the nation. Phil Bettens will be travelling with the tennis team and Howard Murphy, who has been elected senior track manager, will go with the track team. Phil has high hopes of annexing the intercollegiate championship this year and should succeed. He was runner up last year, losing in the finals in three hard fought sets. Another brother made his appointment as junior manager in tennis. Harry Crebbin is the lucky one.

Our big social event of the year, the House Formal, was held on the night of March 16th. The house was transformed into a garden. Blossoms constituted the chief form of decoration around the walls, while the ceiling was a mass of greens. Small lights were used which shone through the greens. The dance was proclaimed by all as the best ever. Several brothers from Beta Rho helped make the dance a huge success.

The annual alumni banquet was held on the night of the California-Stanford track meet.

KENDALL W. HALL.

GAMMA ALPHA

UNIVERSITY OF CHICAGO

Winter quarter 1923-24, 22nd of 32 chapters; chapter average per grade points 2.351; fraternity average 2.391.

Initiates, January 21, 1924: Kahler Pfeiffer of Kenton, Ohio; Paul Arnal of Oak Park, Ill.; Stanley Rouse of Perry, Iowa; John Johnson, Chicago, Ill.; April 28, 1924: Harold Tobin, Chicago, Ill.

Spring quarter is here again and finds the brothers busily engaged in romance activities and interfraternity sports.

We are planning a week end house party at Lake Geneva for the middle of May. Our final function of the year will be our spring party at Flossmoor Country Club, June 11th.

Since we barely lost the interfraternity basketball cup, we have come back with redoubled fight and are determined to garner big honors in the indoor baseball, track, and swimming events. Our interfraternity activities come to a climax on June 6th with the annual Interfraternity Sing. We sincerely hope that all Delts who can possibly attend this sing will be sure to come. It is perhaps the greatest tradition of the University and there will be a big delegation of Delts present.

We regret to see our six seniors leave us this June. Brother Pettit has kept on top of the campus activities his entire four years, and held supreme control over student organizations through his presidency of Student Council. His honors and attainments are numerous; and what he has overlooked in the way of activities amount to little importance. He has set traditions and customs which succeeding classes have adopted. No undergraduate has been a more active connecting link between students and faculty for carrying out new plans to benefit student life on the Campus. He is truthfully known as a big man on the Campus, and is an ideal example for any incoming freshman to follow. Brother Combs has also been very active on the Campus. His four years show continuous work and success. Brother Protheroe has been successful in swimming and has won his letter for two years.

Of our professional seniors Brother MacGaffey is the most classical example. His fields of activity range from radio broadcasting with the opera to polo. We expect to see him a renowned specialist after completing his medical training in Edinburgh. Brother Hunt will probably be with us a couple of more years in the law college. Brother Gorman, from the Wisconsin Chapter, is another prospective young attorney who will remain with us to complete his legal training.

We had an enjoyable visit by Brother Wray. We hope he will see us often and welcome his advice and suggestions. We have had many outside brothers living with us this year: Brother Carpenter of Ohio University; Brother Carabelli of Kenyon; Brother Shaffer of Western Reserve; Brother Livingston of Ohio Wesleyan, and Brother Saunders of Boston Tech. Brothers Armitage and Strohmeier of Gamma Alpha are frequent visitors.

The year is drawing to a close, and we are looking forward to a big and successful rushing season next fall. We earnestly request that any information concerning entering freshmen be sent to us immediately and Gamma Alpha will surely appreciate all assistance.

C. A. CLIPPINGER.

GAMMA BETA

ARMOUR INST. OF TECH.

1st semester 1923-24, 5th of 5 chapters; average 85.02; fraternity average 85.6.

The Chapter takes pleasure in announcing the initiation on February 24, 1924, of the following men: Lester O. Castle, Chicago, Ill.; Kenneth E. Crane, Chippewa Falls, Wis.; Mansell F. Davis, Lincoln, Neb.; Robert E. Fruin, Chicago, Ill.; Richard T. Lorenz, Chicago, Ill.; Harry T. Moran, Chicago, Ill.; Richard G. Osgood, Wilmette, Ill.; Robert C. Peacock, Chicago, Ill.; Harold J. Prebensen, Neenah, Wis.; Charles J. Sauter, Chicago, Ill.; Thomas J. Smith, Chicago, Ill.; Robert P. Whelan, Chicago, Ill.

The semester is fast drawing to a close and as exams are not far off, that worried look that is likely to appear at this time is showing up here and there among the brothers, and real study is being tried by a few. But as for the seniors, they are past such lowly things as exams and they have assumed that aristocratic air to which they are entitled during their last few weeks in college before they are turned out into a world of new adventure.

Brother Ford is captain of the tennis team and has been swinging the racket for several weeks now. With the help

of three of the other brothers the team should make a very formidable showing. We have two managers in our midst, Brother Gorder holding that position for the swimming team, and Brother Prebensen for the Varsity track team. Brothers Westerberg and McLaren are hard at work on the baseball diamond and there is no doubt about them making the team. Brother McLaren has also been elected captain of the Varsity basketball team for next year. Brother Davis holds the position of president of the freshman class.

The last social function of the year will be our annual May Tenth or anniversary party. We expect a large number of alumni out this year as our new house project is well under way and we hope to be in a new home before long.

The biggest Delt party of the year, the Delt Prom, sponsored by the three local chapters, was held on the evening of February 15th at the Blackstone Hotel. Benson's Victor Recording Orchestra was there and they lived up to their reputation. Notables present were Brother Charles W. Hills, Jr., Secretary of Alumni; Brother Carl F. Kuehne, Jr., President of the Western Division; Brother Ralph M. Wray, Field Secretary. It was a party no Delt who attended will ever forget.

We were fortunate again this year having the Western Division Conference held in Chicago. We were glad to entertain the delegates with a smoker at the house on the first evening here.

H. R. HARWOOD.

GAMMA GAMMA

DARTMOUTH

1st semester 1923-24, 7th of 24 chapters; average 2.224; fraternity average 2.077.

Initiates: Cornelius Kurtz, Buffalo, N. Y.; John C. Tarr, Wellsbury, West Va.; Abner Oakes, New York City; Thomas J. Anglem, Yonkers, N. Y.; Albert C. Bliss, Montpelier, Vt.; Charles E. Burwell, Denver, Colo.; William D. Chapman, Mt. Vernon, N. Y.; Coleman J. Joel, Jr., Everett,

Mass.; Donald M. Kinney, Denver, Colo.; Cebern L. Lee, Montour Falls, N. Y.; Kenneth E. Lee, Westwood, N. J.; Arthur C. Lyman, Detroit, Mich.; John S. McQuade, New York City; Wilbur C. Munnecke, Chicago, Ill.; Roswell S. Nichols, Westfield, N. J.; Walter B. Quinn, So. Manchester, Conn.; Carl E. Schuster, New York City; John H. Upham, Roslindale, Mass.; Pledge Gordon R. Hope, Melrose, Mass.

Pledge John Shaw, who was forced to leave college at mid-year, is working for his father in New York.

The musical clubs completed a successful tour of the East during spring vacation. Brothers Lord and Irvine in the jazz band and Brother Sly in the mandolin club made the trip. Brother Irvine's songs, accompanied by the jazz band, were enthusiastically received.

All signs point toward a successful house baseball team with Harry Fisher as captain. The team is practicing daily in the back lot and already has made good showings in trial games. We are well represented on the freshman baseball team by Brothers Kinney, Upham, and McQuade, who are all likely to make the first trip of the season.

Brothers Traver and Campbell are on the editorial staff of *The Dartmouth*, Brother Campbell being a likely choice for editor-in-chief next year. Stan Smith is assistant advertising manager and Curt Abel assistant service manager. Both will take over their offices at commencement time this year. Bill Smith is a member of the *Jack O'Lantern* staff. Brothers Traver, Stan Smith, and Whit Campbell are members of Pi Delta Epsilon. In senior societies we have Brothers Traver and Campbell, Casque and Gauntlet; Brother Lord, Sphinx, and Brother Bill Smith, Dragon.

Arrangements have been completed for the purchase of the lot for our new house on Webster Avenue. Plans have been drawn up and approved, and we hope in less than a year to be able to extend the hospitality of our new home to all brothers visiting at Dartmouth.

JOEL P. ANTRIM.

GAMMA DELTA

WEST VIRGINIA

1st semester 1923-24, 9th of 13 chapters; average 74.760; fraternity average 76.029.

Initiates, March 1, 1924: Eugene Curtis Stump, Charleston, W. Va.; Edward Thomas Morrison, Erie, Pa.; Eugene Cuffe Hammond, Erie, Pa.; Ben Hargis Crawford, Irvine, Ky.; John Jay McCrea, Morgantown, W. Va.; and Harry Kessler Higginbotham, Bluefield, W. Va.

Gamma Delta put on one of the best initiations in years, on March 1st. A number of alumni from Fairmont were present and many of the brothers from other nearby towns. There are now four pledges left over for spring initiation. Brother Hammond won the Delt badge awarded for scholarship.

Gamma Delta has been making rapid strides along scholastic lines. Although we are not as yet at the top, we are gradually coming closer, and by next year we hope to reach our aim.

Gamma Delta is not fortunate in having a member on the Varsity baseball team but two of the brothers are on the freshman team; Brother Pierre Hill is on the track team, and Brothers Byer and Thompson are on the squad. Brother Conaway is out for the tennis team.

Along other lines of campus activities Gamma Delta has done well. Brother George Hill was elected president of the Engineering Society, and Brothers Byer and Conaway have received nominations in the recent student primary elections.

We will lose about eight men the end of this year.

HARRISON CONAWAY.

GAMMA EPSILON

COLUMBIA

Year 1922-23, 25th of 34 chapters.

Gamma Epsilon has not been affected by spring fever. Exams, dances, initiation and activities are keeping us busy.

Since the last issue of THE RAINBOW, Gamma Epsilon has initiated five pledges: Arthur Cole '27, Elizabeth, N. J.; Blueford Fowler Daniel '25, Ph., Hogansville, Ga.; C. Clayton Parks '25 Ph., Naugatuck, Conn.; Martin V. Ormsby '27, Troy, N. Y.; Gordon N. Havens '25, Brooklyn, N. Y. We are pleased to announce that Pledge Trantum has passed the required number of points and will be formally initiated May 12th.

Gamma Epsilon is now well represented in undergraduate activities. In the recent elections Brother Gephart was elected to Kings Crown Board of Governors and also editor-in-chief of *Varsity*, a Campus publication. Brother Gephart has the distinction of being the only member of the junior class to be awarded two Kings Crown insignia. On the *Daily Spectator* Brothers Gephart and Havens are on the news board and Brother Cole is on the associate board. Brother Eddins had the leading part in the Varsity show and is on the art boards of *Varsity*, *Jester* and the *Columbian*. Brother Chave was on the freshman swimming team and is now on the track squad. Brother Nobes was chairman of the freshman interclass basketball team, and won his numerals in freshman cross country. Brother Casey has been stroking the freshman crew ever since the boats took the water this year and is likely to hold down that berth in all the races. Brother Gephart was elected to Tombstone, the honorary junior society, and also to the Sachems, the honorary senior society. Brother Standfast is still tooting the tuba in the band. Pledge Matthews was out for spring football practice and Pledge Trantum is on the frosh baseball squad. Practically every eligible brother is working on some undergraduate activity and there is not a committee on the Campus on which there is not at least one Delt.

Gamma Epsilon entertained a number of prep and high school students at a dance on the 26th of April. The Chapter is giving a banquet to its alumni at the Chapter House on Monday evening, May 12th.

PAUL F. DUNN.

GAMMA ZETA

WESLEYAN

College year 1922-23, 6th of 9 chapters; average 74.85; all men's average 75.61; fraternity average 75.022.

Spring finds Gamma Zeta taking her part in the spring sports of the year. Wesleyan has closed one of the most successful seasons of basketball and swimming. In both sports we are the champions of the "Little Three"—Wesleyan, Williams, and Amherst. In basketball, Brother Carpenter received his "W" for a season's good work. Brother Manning was a sub in most of the games of the season. Brother Ross Thomas won his letter on the swimming team.

The Delts always have shown up well in baseball and this season is no exception to the rule. Brother Lotspeich is a Varsity pitcher; Brother Jacobs, the regular first baseman, and Brother Butler is a second baseman. Besides these regulars, Brother Schwegel is hot on the trail to a left field position, and Brother Kemp, one of our freshmen, will no doubt fill the catcher's job one of these days. So far the baseball team has won all of its games, defeating Rhode Island, Haverford, Swarthmore, and Brown.

In track we are represented by Brothers Studwell, Lockwood, and Phillips, all of whom are Varsity men, who bid well to be prominent in the meets of the year. Ted Studwell is a weight man; Joe Lockwood is a pole vaulter, and Wendell Phillips is a 100-yard and 220-yard sprint man.

As for some of the other college activities, we find Brothers Clifton, Manchester, Bristol, and Ranscht on the *Argus* board. Brothers Anderson and Manchester represent Delt in the *Wasp*, and Brother Fowler is on the *Olla Podrida* board. Brother Bickley was recently chosen to represent the college body at our alumni meeting in Newark, N. J.

Many of the brothers are still nursing fond memories of Junior Week, the 8th, 9th, and 10th of February; and some are planning already on the coming Spring Dance. Junior Week was a great success. Besides the Prom in the gym

there were two nights of dancing in the House. Brother Lonsdale and the "Serenaders" supplied the music for the House dances and did not come far from equalling Phil Ohmar, who reigned supreme in the gym. There were thirty-three of the fair sex at the House party.

This year would not be complete without one more dance, and this has been planned for on the 16th and 17th of May.

CLIFTON H. DAY.

GAMMA ETA

GEORGE WASHINGTON

No fraternity scholarship report obtainable.

Gamma Eta takes pleasure in introducing to the Delt world two new wearers of the square jewel, Brothers Dowd and Linqvist. Both have already distinguished themselves in school activities, and bid fair to annex more honors during the coming year.

Gamma Eta reached its full maturity on May 9, 1924, becoming at that time twenty-one years of age. To celebrate the coming of this great event, we all "gathered 'round the banquet board," and joy was unconfined. Brother Deming, head of the Civil Service Commission in Washington, and Brother Frank Brumm, one of our live-wire Congressmen, both gave us some interesting and helpful thoughts, as did others of the brothers present. We think our banquet was a success and only hope to have more visiting brothers at the next one.

The Chapter is unfortunate this year in losing as an active member, Brother Joe Colburn, our past president. We are sure, though, that his untiring interest in the Fraternity and Gamma Eta will remain as an alumnus, as it did as an active.

At present, our attention is turned to the Delt boat party on May 30th. This is an annual affair which becomes better every year. From all reports heard, the good ship "Mary Ann" is already chartered and thanks to the work of Brothers Ray Taylor, Meeks and others, the party is

assured of being bigger and better than ever. If you happen to be around Washington on May 30th, grab a girl and a light lunch, and let's go!

FRANCIS C. DART.

GAMMA THETA

BAKER

2nd semester 1922-23, 1st of 3 chapters; average 295.29; fraternity average 274.79.

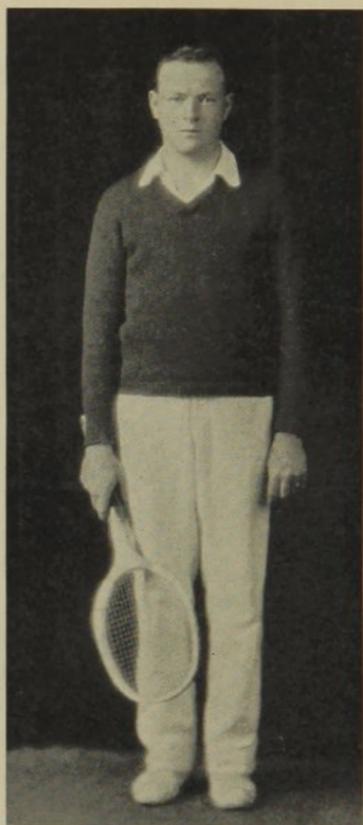

Despite the fact that Gamma Theta has experienced hard times this year she is still holding her head high on the Campus. Our already small chapter roll was further depleted when at the beginning of the second semester Brothers Gordon, Fox and Scott, and Pledges Graves and Butler were unable to return to school because of financial reverses.

But listen to this! For the fourth consecutive year the president of Gamma Theta has also served as president of the Student Commission of this University. The presidency of this commission is an honor much desired and coveted.

We look with pride at the record made by Gamma Theta in football the past season, but we point with even more pride at our prospect for the coming season. Brother Hurt is captain-elect of football, and was also recently elected president of the University Athletic Association. Brothers Leonard and Evans, letter-men this year, will undoubtedly again fill their respective berths at end and halfback. Good material is to be had in Pledges McKee, Holstein, and Lidikay.

In basketball we were represented by Brothers Hurt, Leonard, and Ted Runyan. On the tennis squad of seven men Gamma Theta furnished three racket-wielders, namely Brothers Perrine, Ted Runyan, and Don Holter.

Brother Leonard captains the Varsity baseball squad this year and plays his position at third base. Brother Hurt plays beside him at shortstop, completing an efficient infield combination. The team is having a very successful season.

Louis L. Thalheimer, Jr.

Gamma Iota

National Inter-Collegiate
Tennis Doubles Champion

1923

Brother Gulley and Pledge Lee are also members of the squad.

Brother Hubbard is doing his part to aid in the revival of the lost art of oratory. He practices his oration for the coming contest in an exceedingly loud and resonant voice and from all indications will prove a second Daniel Webster.

Brother Stauffacher, retiring president of Gamma Theta, was one of the two senior men in the University to meet the requirements for election to Alpha Delta Sigma, honorary scholarship fraternity. His position on the Dramatic Art Club, which he has filled for two consecutive years, will be left vacant upon his graduation this year.

On account of his dramatic ability Brother Gulley was elected to the Dramatic Art Club at the beginning of this school year, and Brothers Shirk and Ted Runyan are candidates for the vacancies left by this year's graduating members.

Rushing for next year has started with every man keeping his eyes open for good material. We have already been visited by several rushees whom we consider plausible candidates for the square button next fall.

TED RUNYAN.

GAMMA IOTA

TEXAS

1st term 1923-24, 18th of 22 chapters; average 5.35; fraternity average 5.60.

The first thing Gamma Iota would like to report is that she is firmly resolved to "make that average."

We take pleasure in presenting our newest pledge, Albert Spalding, of Waxahachie.

This year continues to be a banner one for Texas athletics, and Gamma Iota has done her share. Brother Alphonso Ragland was guard on Varsity's championship and undefeated basketball team. Brother Ed. Carson is first-baseman and "clean-up" man on the baseball team, as yet undefeated—with over half of the season gone. On the championship track team Brother Bob Harris is a member

of the record-breaking relay team. Of course Pledge "Red" Thalheimer is star on the tennis team, also a championship aggregation. In intra-mural athletics, Gamma Iota won second in her basketball league, went to the semi-finals in tennis, and is now getting in shape for the swimming meet—won the last three years by Gamma Iota.

Brother Gaines Post has just been initiated into Phi Beta Kappa. Pledge Ben Wheeler was elected president of the sophomore class, while Pledge Ben Greenwood has just finished his work as department editor on the *Cactus*, the school annual. Pledge Jimmie Pryor has been elected to membership in Curtain Club (dramatics) and in the Texas Cowboys (campus pep organization). Brother Lawton Gambill completed his second year on the debating team with a unanimous win over the University of Arkansas.

The first event of the winter social season was Gamma Iota's dance. The Saturday night dances are being run off in great style by Brother Maurice Angly, who, by the way, promises free admission to all Delt visitors.

Gamma Iota has enjoyed recent visits from the following alumni: Herbert Whisenant, Sydney Johnson, Tom Clark, Paul McMahan, Allen Wight, N. S. Rather, Henry Donaghey, Frank Knox, George D. Gammon, Homer Hendricks, Harry Nolen, Tyre Jeffery and Dave Gracy.

TERRELL SLEDGE.

GAMMA KAPPA

MISSOURI

1st semester 1923-24, 8th of 18 chapters; average 200; fraternity average 200.

We were fortunate in being able to initiate eight of our eleven freshmen on February 18, 1924. These eight new Delts are: Arthur H. Bansbach and Wilburn E. Moore of St. Joseph, Mo.; Harry G. Waltner, John W. Graves, and Edward G. Wathan of Kansas City, Mo.; Charles Wayne Crumley of Ft. Madison, Iowa; Carl C. Branson of Columbia, Mo.; and Sherlock Hibbs of Cameron, Mo.

Dave Thompson and John Landis attended the Western Division Conference at Chicago.

Dave Thompson is wearing a new gold medal that he won on the stock judging team. Dutch Underhill made his letter by representing M. U. in the welterweight class of the wrestling team. Ed Wathan is doing good work on Missouri's championship pistol team. Pledge Stuber will have made his third numeral freshmen sports by the end of this semester.

We were eliminated in the semi-finals of the interfraternity basketball tournament by the Sigma Chi's, but if we win next year, we get to keep the trophy permanently. With the points made by Brothers Williams and Crumley and Pledge Stuber we placed fourth in the interfraternity track meet.

Our Spring Formal dance was as excellent as usual except for the fact that so few alumni were present. At the dance the engagement of Brother Bill Gentry to Miss Elizabeth Estes was announced. The wedding will be held in the early part of June. Brother Earl McDavid had to leave school on account of the illness of his father.

At last definite action has been taken with regard to buying additional land to the north of our present property. A board of trustees acting for the Chapter has obtained an option on the land until October 15, 1924. We are working hard to raise the \$400.00 which we must have by then.

JOHN LANDIS.

GAMMA LAMBDA

PURDUE

2nd semester 1922-23, 14th of 27 chapters; average 79.07; all men's average 80.32.

The membership of Gamma Lambda has been increased by the initiation of six men since the first of the year. Those recently initiated are: Fred R. Clark, Richmond, Ind.; Dale R. Clark, Muncie, Ind.; James M. Fadely, Anderson, Ind.; Jack S. Gibbs, Frankfort, Ky.; Lloyd G. Gooding, Anderson, Ind.; Ernest B. Heavilon, Frankfort, Ind.

Richard D. Ruddock of Wheaton, Ill., was initiated when the old boys were back for Home Coming. These men are already taking an active part in chapter affairs.

The Chapter has been well represented in all the affairs going on. Brother Taube was awarded a letter in football and also one in basketball and is now out in center field for the baseball team. Brother Maddox broke two records for the track team.

Brothers Zollman, Jackson, Ellis, Carr and Fadely did their bit in making the production of the Little Theater Players a great success. The Harlequin Club's annual show is going to be the biggest and best ever, and the Chapter is represented by Brothers Jackson, Gibbs, Fadely and Pledge Brother Eble. Brother Gooding has made a name for himself on the *Exponent*, the school paper, by selling so much advertising that there is very little room for any news.

Our social program has been as heavy as in the past. The first affair was an informal dance given in honor of the pledges. A barn dance was the next thing on the program. The chapter house was turned into a barn, so to speak, and a horse (not a real-for-sure one) put the finishing touches to the atmosphere. This shin-dig was a riot from start to finish and will linger long in the memories of the Hiram and Symanthias. Our annual formal hop was held at the Country Club the latter part of March.

The first four days of May are the days of celebrating the semi-centennial anniversary of Old Purdue. We have planned to take advantage of this opportune time to hold a spring rush party. We are sending invitations to high school men and men in the large cities.

Brothers Taylor, Jackson, and Maddox will graduate this spring. Brother Harman '23, is to be married in the very near future. Atta boy, "Judge," we're for you.

DALE R. CLARK.

GAMMA MU

WASHINGTON

2nd quarter 1923-24, 19th of 24 chapters; average 5.033; fraternity average 5.73.

Initiates, April 20, 1924: George A. Sample, Jr., San Diego, Calif.; Jack Lee Charleston, Seattle, Wash.; George Channel, Twin Falls, Idaho; and Francis Spellman, Anaconda, Mont.

Everyone at Washington is feeling much better now that the annual crew race with our old rival, California, is over because for the last fifteen years it has been the custom or habit of the Golden Bears to triumph every three years, and as this was the third year a bit of fear was felt concerning the contest. The jinx is at last broken and as one sport writer put it, if the Washington lads had stopped for lunch they would still have crossed the line a length in the lead. Plans are now afoot for sending them on to Poughkeepsie to the Annual Intercollegiate Regatta there in June and it is hoped that they will keep the same fine record made last year and again bring home the bacon.

Gamma Mu is enjoying a very busy year and is maintaining her reputation of doing things on the Washington Campus. Tennis is just coming into its own with the arrival of warm weather and Bob Hesketh and Bill Moldstad continue to give the fans a treat every day on the courts with their clever playing. Bob made his letter last year and won the title of Pacific Coast Intercollegiate Champion, and he is out this year to even better that record. Bob also just received his second letter in Varsity basketball and will have a rare collection of sweaters if he keeps up the good work.

In baseball Brother Terry Dawson, the fighting harp, is assured of his letter, as he has played in the first three games and is holding down the position of clean-up man on the batting line up. Brother Sample is making his numerals in frosh baseball working behind the plate. The coach advised him to turn out for this position due to his natural build and capacity for stopping anything that comes his way.

Brother Lake is showing well in Frosh track and will develop into Varsity material next year. Brother Cummins is taking his turn at the field events and if he can put as much on the shot as he does on his fork he will be a sure point winner. Brother Knapp, our R. O. T. C. major, had charge of the Cadet Ball, one of the big all-university formals of the year and handled it very successfully.

Saturday, April 26th, we are having our Spring informal in the chapter house in the form of a cabaret party. Brother MacKintosh has charge of the plans and everything points to one of the cleverest and most novel parties we have ever held in the house.

Mother's Day is not far away, and on that day every year Gamma Mu invites her friends, especially the parents of the boys in school, to a Mother's Day Tea. Brother Worth, who is well known in Seattle musical circles, will arrange a programme that will be a treat to all attending.

Brother Bill Lyle of Gamma Rho is now affiliated with Gamma Mu and is successfully engaged in the restaurant game while carrying a heavy course in the University.

In closing I wish to say that, geographically, Gamma Mu is in a poor position to meet Delts from other chapters, so we wish to urge each and every Delt that visits in Seattle to come out and see us and let us show you some real western Delt hospitality.

DYKEMAN WHITE.

GAMMA NU

MAINE

Year 1922-23, 12th of 14 chapters; average 1.743; all men's average 1.901; fraternity average 1.82.

On February 22nd we initiated the following men: Harold O. Barker, Dover-Foxcroft, Me.; Edward M. Bayard, Orono, Me.; George A. Lary, Carleton H. Lewis, Old Orchard, Me.; William Parsons, York, Me.; Harley M. Riley, Livermore Falls, Me. Fred Harris of Milo, Me., was recently pledged.

The baseball squad is out again and we see Brothers Blair,

Mason and McKechnie slated for regular places on the Varsity. Pledge Harris is out for the "hot corner" on the freshman outfit, and Brother Parsons is working hard for assistant manager.

There are nine men working out for the track team under Coach Kanaly and we hope to see them come through in the State meet and trim our biggest rival, Bowdoin.

The Junior Promenade comes the 9th of May and Brother Tyndall is working hard on the committee. Through his efforts we were able to secure the Prom orchestra for a tea dance.

The Chapter has a new advisor, namely, Brother Bob Buzzell '12, who is working with us to place Gamma Nu among the leaders of the school.

Brothers Tyndall, Rich and Parsons are singing in the annual M Club show and it ought to be a success in spite of them.

SIDNEY B. PETERSON.

GAMMA XI

CINCINNATI

1st semester 1923-24, 1st of 8 chapters; average 73.6.

The second semester opened with a working chapter numbering thirty-three loyal Delts; everyone of the sixteen men pledged during the rushing season was initiated and properly introduced into the spirit of Deltaism at a banquet held in the Hotel Havlin, January 28th. Brother "Dad" Pumphrey was toastmaster of the evening.

Gamma Xi boasts of the finest and best Mothers' Club in the history of the Chapter. A few of their accomplishments during the past months which have made life more homelike have been the equipping of the house with window shades, the purchase of silverware and dishes, besides sponsoring a Christmas party and an Easter musicale.

On the campus, members of Delta Tau Delta continue to assume their leadership in school activities. In addition to the offices held by Delts, reported in the last letter, two of the nine men accepted into the Sigma Sigma, a senior honor-

ary organization, were Brothers Francis and Bryant. Brother Beaman is director of the School Jazz Orchestra.

In scholarship, Gamma Xi was awarded first place at the close of last semester—if we can repeat this again at the close of this semester, we will be awarded the school trophy, known as the “Caldwell Cup.”

Appreciation is expressed to members of the Louisville Alumni Chapter and members of the Arch Chapter for conferring on Gamma Xi the privilege of installing our new chapter at Kentucky State. A special car is to be secured to convey the actives and alumni to Lexington for the ceremony.

With the coming Commencement rites we lose six of our most active men and leaders in school activities—Brothers Beaman, Johnson, Ashton, Boyd, Crain and Francis. Brother Bryant will receive his A.B. degree, but will continue his studies at Medical College. No greater tribute can be paid to these men than to say that they are leaving Gamma Xi with a heritage consisting of high scholastic standing, real college spirit and true fraternalism, which every undergraduate can use as an example and guide in the years before them.

CHARLES J. BIRT.

GAMMA OMICRON

SYRACUSE

2nd semester 1922-23, 21st of 24 chapters; average 73.2; fraternity average 74.76.

On Sunday morning, March 23rd, nine pledges were formally initiated into Delta Tau Delta. The initiates are: James R. Boax, McKeesport, Pa.; Louis D. Cullings, LeRoy, N. Y.; Hampden Uehlinger and Carl D. Groenewold, Brooklyn, N. Y.; Galen S. Newman, Elmira, N. Y.; Henry G. Maerlender and Robert B. Newcomb, Cleveland, Ohio; Jefferson L. Hewitt, Locke, N. Y.; and William S. Coleman, Buffalo, N. Y. The Initiation Banquet, staged at the Hotel Onondaga on the 3rd of April, was a distinct success. No small responsibility for it hinges on the presence

of Brother Harry G. Wiard '17, who broke away from the entanglements of business to be with us, and who presided over the affair. Since initiation three new men have been pledged: Carl Steigerwald, Syracuse, N. Y.; Kenneth Sargent, Manlius, N. Y.; and Clement Hilton, Newburyport, Massachusetts.

The basketball season produced a few mishaps, but was, on the whole, very satisfactory. Brother Trout, crack forward, and Brother McCarthy, speedy guard, carried considerable responsibility on their shoulders, as did Brother Dressel. Several good games appeared on the schedule, due to the piloting of Brother John Smith, the manager. The efforts of these men were substantially rewarded upon the occasion of the Block 'S' dinner. Homer Smith and Charley Kane upheld the tradition of the house on the cinder path. Brothers Comeskey and McCarthy are distinguishing themselves on the lacrosse squad, and Brother Groenewold is giving a good account of himself on the freshmen team. The sun has left a more or less indelible impress on the neck of Brother Mahoney, who is picking off the fast ones behind the bat these balmy spring days.

As Moving-Up Day approaches, Brother Tucker is preparing himself to step in as assistant manager of track. Brother Blair has a leg on the managership of the Glee Club and is chasing tennis balls around for the boys with a ready eye on that trophy. Ted Weinheimer is dropping a few fast ones over the net also.

Sigma Mu Beta, honorary advertising fraternity, has put the key on Brother Comeskey's vest and as this letter goes in Brother Blessed is losing sleep over his fast approaching initiation into Sigma Upsilon Alpha, honorary architectural organization. Brother Newcomb is wearing the ribbon of Janus, Hill literary society.

Gamma Omicron is losing a strong delegation at graduation. Our seniors have been commendably active and they step out of responsible positions in June. Certainly worthy of mention is Brother Ed Kearney, coach of the crack C.B.A.

basketball squad which clashed with Passaic High for national honors a month or so ago. Ed has been in great measure responsible for putting the Chapter on the top rung of the ladder, and we shall miss his wise counsel and capable leadership when he goes.

Brother Bucher is working with his entertainment committee on the Formal, to be held at Bay Shore Inn on Lake Oneida in a few weeks. The next issue of the Gammakron will have to step fast to do it justice.

RICHARD A. WILBUR.

GAMMA PI

IOWA STATE

1st semester 1923-24, 13th of 23 chapters; average 83.3.

Gamma Pi initiated five men this spring, Donald Watson, Sioux City; Robert Tarbell, Waterloo, Iowa; Tom Tuttle, Mankato, Minn.; Robert Butler, Des Moines, Iowa; and Harold Weis, Cedar Rapids, Iowa.

Gamma Pi has enjoyed a very good year in college work and activities. Our president, Porter Jarvis, started the season off by making the dairy judging team, and membership in Alpha Zeta, both of which are much coveted by Animal Husbandry men. Paige was a member of the basketball squad, but has won his greatest laurels in tennis. He has won the state championship for two years, and has been the star man on tennis teams of Iowa State. Brother Beese has had the office of business manager of most of the College dramatics and Veishea shows for the past two years.

Gamma Pi is also represented in the vocational agriculture. Harold Philips has the distinction of being the only man in the house in this work and is president of the Vocational Education Club.

Brother Reck has proved himself an outstanding individual in college life as well as fraternity affairs. He is the leading journalist, poet and skit writer on the Campus. He is a member of Sigma Delta Chi, Alpha Zeta, editor of the "Agriculturalist" and contributor to other campus

publications. He was a member of the swimming team of Iowa State. Brother Reck is our president-elect and we are looking forward to a great year for Gamma Pi.

Brothers Roberts and Wingert upheld our banner on the football field. Roberts won the distinction for his ability at passing and punting. Roberts was captain of the basketball team and was one of the most consistent players in the Missouri Valley. Both men will be back this fall.

Another cup was added to our shelf when Delta Tau Delta won second place in the intramural swimming meet in a hotly contested battle with Phi Delta Theta. Brother Butler was high point man of the meet and should be a strong contender for the Varsity next year. Brother Butler was winner of the McKee Scroll, presented by Brother Wallace McKee '22, to the freshman showing the highest grades, best attitude and taking part in activities. The Scroll will be kept in the house and the name of the winner inscribed on the plate each year.

EVERETT W. MCKEE.

GAMMA RHO

OREGON

Winter term 1923-24, 8th of 11 chapters; average 32.62; fraternity average 33.83.

The University of Oregon has launched its national campaign to raise "Ten Million in Ten Years," for the erection of new buildings and the extension of the campus. This will place the University on a plane equal to the larger institutions of the United States, and will eliminate a long-felt need for more up-to-date facilities.

The part the students are playing in the campaign is an important one. To them is assigned the task of contributing \$200,000 in four days, to be paid over a period of ten years, for the Student Union building, and with one day to go, there has been pledged over \$150,000. The managers of the drive are confident that the amount of donations made will exceed the quota. Gamma Rho has done all that has

been required of her and more, since all the boys have contributed \$100 or over, for a "Greater Oregon."

With the approach of the track season, Gamma Rho is preparing to win recognition and will turn out athletes whose fame will not be confined to Oregon alone. Ralph Spearow, veteran pole-vaulter and present track captain, is going fine and will have no equals on the coast this year. Spearow is also a high jumper of great repute and probably will have no serious competition from other coast colleges. Marvin Lucas, 100-yard man, is out for a coast record this year and Steele Winterer is bidding for a berth on the Varsity weight squad. Al Hills, a broad jumper, and Wade Rutherford, quarter miler, have a good chance to make positions in their respective events.

Russ Gowans was recently awarded his second stripe for a successful year on the basketball quintet and will be the mainstay of the team next year. Charles Jost missed his basketball stripe by a few minutes play, but will be a regular man in the lineup next season. Among the freshmen who are expected to make Varsity basketball some time in the future are Curly Llewellyn and Carol Hays.

The freshman tracksters who have a brilliant future ahead of them are: Joe Price, 100-yards, 220-yards and high jump; Maury Collings, high and low hurdles; Phil Swank, half-miler. This last man is going strong and can be counted on for a coast championship if he holds true to his present form.

In baseball we have Jimmy Scriptures holding down a first base position on the Varsity nine and Curly Llewellyn and Elting Launt showing up good for the frosh. The minor sports are well represented, as we have Al Hills, Walter Simpson, John Gastrock and Jack Boyd bidding for positions on the University tennis teams.

Campus activities claim a number of members of Gamma Rho. Doug Farrell is general chairman of the Student Union campaign and is involved in other political pursuits. Russ Gowans is senior representative on the student council and James Case is a night editor on the campus daily.

A recent initiation welcomed seven members into the Fraternity and each one is an outstanding character. They are: Elt Launt, Portland; Curly Llewellyn, Portland; Joe Price, Portland; Phil Swank, Portland; Carol Hays, Eugene; Walter Simpson, Portland; and Ed McClung, Portland.

The last term's scholarship standings compiled by the University found Gamma Rho a few places in advance of her former position, and it is hoped that by the end of the spring term, we will have made a few more steps upward. The boys are all working hard to raise their individual grades, and with a little effort there is no reason why the chapter should not regain the standing she had in former years.

J. ARTHUR CASE.

GAMMA SIGMA

PITTSBURGH

No fraternity scholarship report obtainable.

Initiates, March 1, 1924: Dean E. Troxell, Ridgway, Pa.; David B. Backman, Norman, Pa.; H. W. Reister, Edgar V. Schaefer, Pittsburgh, Pa.; Andrew Engelhart, Glenshaw, Pa.; Gerald M. Denning, Smethport, Pa.; J. K. Mierley, Huntingdon, Pa.; Hubert Meabon, Bear Lake, Pa.

Pledges: Ford Barner, Jersey Shore, Pa.; Wilbur Johnson, New Castle, Pa.; William S. Perry, Oil City, Pa.; James Hodges, Cleveland, Ohio; Andrew Gulliford, Leechburg, Pa.; James Beatty, Wilkinsburg, Pa.; Ellis Miller, and David Archibald, Pittsburgh, Pa.

The baseball team has started off in fine shape winning the first two games of the season. The track team is making a few new records under the able leadership of Brother Frederick. Pledge Archibald is certainly stepping out in the weight events—great things are expected of him in the next three years. Spring football training is over and from all indications "Jock" Sutherland is going to produce a real "Pitt" team.

The Annual Spring Formal was held at The Sanders Little

Club on May 2nd. The old "Delt" spirit reigned and it was a real party, leaving wonderful memories with all who were there.

Brother Gourley has been selected to assist Brother Herbert McCracken in coaching Lafayette next fall. Brother Carl J. Mulert and Brother H. Oton Goodman, both of Gamma Sigma '22, are to enter the sacred portals of matrimony in the very near future. Brother Robert Drew tells us that he is the father of a future Delt—Robert Lincoln Drew. Brother Jack Troxell is also a proud father although in this case it is a daughter—Helen Janis Troxell. Brother Clark Green has resigned his former position with the Transcontinental Oil Company and is now with Brother McCracken, Gamma Sigma '21, and Brother Robinson, Gamma Gamma, on *The Scholastic*. A. W. SMITH, III.

GAMMA TAU

KANSAS UNIVERSITY

Year 1922-23, 6th of 16 chapters; average 2.885; fraternity average 2.854; non-fraternity average 2.697.

Initiates: December 20, 1923: Eugene Ware Hart, Kingman, Kansas; April 27, 1924: Quentin Russell Kincaid, Beloit, Kansas; Vernon Edward Noah, Lawrence, Kansas.

The end of the first semester found the boys of Gamma Tau hard at work on scholarship. Our average now is fairly high, but we have not yet reached the top.

In hill activities Gamma Tau is paramount. Four men, Brothers Sanborn, Hart, Kincaid and Pledge Cloud, have been called back for football next fall, and they all stand an excellent chance of making good. Brother Firebaugh, captain of this year's track team, is running his last year for Kansas, and he is certainly going to be a hard man to replace on next year's team. The freshmen are also showing a good deal of athletic ability. Brother Kincaid and Pledges Cloud and Marshall have earned positions on the freshman baseball team. In politics, Gamma Tau has her usual strong representation; in the spring elections Brother Grosser was

elected to the position of president of the College, and Pledge "Doc" Johnston won a place on the Athletic Board by a good majority. Brother Don Stetler has been chosen to carry the lead in the senior class play. Don is a dramatist of no little merit.

The Kansas Relays were held this year on April 19th. The relays are a coming institution of the University, and they are growing bigger and better every year. Many Delts representing their various schools are competing in these games, and to these men Gamma Tau extends a hearty welcome.

Another big event scheduled for next fall is the "Tenth Annual Reunion of Gamma Tau of Delta Tau Delta." It commemorates the tenth year of the Gamma Tau Chapter in Lawrence. It is to be held immediately after the Nebraska-Kansas football game, and all Delts within a radius of many miles are expected to be there. A wonderful place to revive that old Delt spirit.

MARVIN WALLACE.

GAMMA UPSILON

MIAMI

1st semester 1923-24, 6th of 8 chapters; average 88.54; fraternity average 89.43; all men's average 93.53.

Initiates: February 24, 1924: Clarence F. Bateman, Mount Vernon, Ohio; Lloyd A. Brown, Mansfield, Ohio; George F. Laible, Norwalk, Ohio; Robert Freitag, Camden, Ohio; Lowell White, Cincinnati, Ohio; Claude Booker, Linton, Indiana; Edward Carroll, Hillsboro, Ohio.

Three new men have been pledged since the beginning of the second semester: Carlton Mitchell, Leesburg, Ohio; Wayne Korb, Gilsonburg, Ohio; and Elbert Lampson, Jefferson, Ohio.

Miami has also started on a new period of expansion. So far, the hospital, library addition, and a women's dormitory have been completed. Two men's dormitories are still under construction.

Gamma Upsilon has decided definitely to have a new house, and if the alumni continue to come across with their house notes as well as they have recently, the actives will do their rushing within the walls of a different domicile.

Although we did not fare so well in scholarship, we are glad to announce that Brother Lohman was made a member of Phi Beta Kappa. Bill is the second man in the Chapter who has held this distinction.

Since Sinfonia appeared on the Campus, Brother Armistead was elected president, Brother Deken, secretary. Brother Anderson is also a member. Brothers Deken and Brown are assistant managers of baseball and basketball. They look like sure-fire material for the major berths next year. Brother Wilson is our only baseball aspirant, but he is making a strong bid for the Varsity. In the Glee Club, the Delts made up a large part of the show. Several of these men are taking the leading parts in the coming men's operetta, the "Campus Wampus."

Our next happening in the social world will be our Spring Formal Dance. The contract is made with the weather man for the usual full moon and cool evening.

EDWARD W. BARRETT.

GAMMA PHI

AMHERST

Year 1922-23, 9th of 12 chapters; average 72.44; college average 73.45; fraternity average 73.22.

Initiate, January 22, 1924: Milton E. Harris, Orange, New Jersey.

The House basketball team won every game in its league of the interfraternity series during the winter term, defeating Alpha Delta Phi, Beta Theta Pi, Chi Phi, Chi Psi, Delta Upsilon, and Phi Kappa Psi. In the game for final honors with Psi Upsilon, winners in the other league, our team lost 19-13. Brother Cy Collins, director, Tom Sterling, Bill Putnam, Ted Lindquist, Babe Adams, Art LeClaire, Larry Blair and Posty Presbrey were the men from whom the team was chosen. The House relay team, composed of Blair,

director, Smith, Megathlin and Lindquist, beat Phi Gamma Delta and lost to the non-fraternity team. The baseball team, under the leadership of Tom Sterling, has won its only official game played so far by defeating Chi Psi 8-4.

In the way of senior class committees, Brother Henry Gidman is chairman of the finance committee and Cy Collins is a member of the senior chapel committee. Brother Dave Keast has been busy this year taking the Musical Clubs on numerous trips which have made up the best schedule for the clubs in several years. Brothers Fat Burkill and Paul Ashton have taken all of the trips. As a result of winning the winter term competition, Brother Ferry Colton was elected to the editorial board of the *Student*. Ferry has also been appointed editor-in-chief of the 1928 Freshman Handbook. Now he's going out for a berth on the art staff of *Lord Jeff*. Brother Jerry Megathlin has a leading part in the Masquers' production of the Broadway success, "Three Wise Fools," and he and Brother Linc Ferris have parts in the next play to be given by the Masquers, "Androcles and the Lion." Brothers Presbrey and Putnam are on the baseball squad. On the southern trip, Posty pitched in one of the games. Brothers Jim Knox and Smith are on the track squad; Knox and Blair scored in the Sabrina meet. Jim is also out for spring soccer practice, as are Brothers Bemis, Graves, Lamb and Ed Manwell. Brother Linc Ferris is going strong in the track managership competition.

Since the writing of the last letter, we have enjoyed visits from Brothers Herbert Adams Gibbons, Omega '02; Bishop Hughes, Mu '89, and son, Ebbert, Mu '19; and Delts from Beta Nu, Gamma Gamma, Gamma Zeta and Delta Beta. Gamma Phi alumni, who have been here, have been Johnson '16, Cartwright '20, Brace '22, Howes '22, Garfield '23, Northrop and Steenken, ex-'24.

During Commencement, June 15th-18th, Gamma Phi is planning to hold a big reunion in commemoration of the founding of the Chapter. Plans for the affair are in charge of Ken Warner '22 and Put Prentiss '24, who are making every effort to make it a huge success.

Gamma Phi is hoping to do big things next year under the leadership of President-elect Burkill. Rushing next fall will be in charge of Brother Don Snell, who would greatly appreciate information regarding any men who are thinking of entering Amherst in the fall. Please send letters during the summer vacation to 23 Cliff Street, Canajoharie, New York.

DONALD W. SNELL.

GAMMA CHI

KANSAS STATE

2nd semester 1922-23, 6th of 12 chapters; average 79.51; fraternity average 78.76.

Initiates: February 19, 1924: Richard L. von Trebra, Oswego, Kansas; Curtis C. Alexander, Hutchison, Kansas; Cecil P. McDonald, Topeka, Kansas; Jess H. Veal, Downs, Kansas; Jack H. Spurlock, Burlingame, Kansas; James Bryan Brooks, Garrison, Kansas; Ray Hunter Ewalt, Manhattan, Kansas.

With spring examinations but two weeks away, Gamma Chi looks back upon the school year with a great deal of pride. Although official scholastic standings are not yet available from the Registrar's office we feel sure that when they do appear Delta Tau Delta will have advanced several notches up the ladder. The activity list has assumed enormous proportions and in athletics we have three "K" men and next year's basketball captain. At the present writing we are neck and neck with Sigma Nu for first place in the competition for the intra-mural trophy. The coming track events will be the deciding factor.

Brother Art Doolen played on the Aggie basketball team and is next year's captain-elect. Brother Chig Long got into a couple of games and will undoubtedly be a regular next year. Pledge Austin Brockway is on the Varsity track team and already has his letter won. The Chapter baseball team has been about splitting even. Competition is stronger than ever and there are some mighty good teams in the field. The entire Chapter entered in the tennis tournament and the points are coming our way fast.

The Chapter is easily the best represented in all activities of all kinds on the Hill. Since the last letter our activity list has shown unprecedented life. Brother Sib Fuller is president of Pi Epsilon Pi, pep fraternity. Brother von Trebra has been elected to Alpha Zeta, honorary ag fraternity. The K Fraternity has added Brother Woody Perham to its roll. Brother Harry Wilson sang his way into Phi Mu Alpha. Brother Chig Long has made Scarab, senior political society. Brother Sib Fuller was elected to Pi Kappa Delta, honorary debating society. Brother Sib is also president of the American Association of Engineers. Brother Patterson is a new member of Phi Delta Kappa, educational fraternity. Delta Phi Upsilon, honorary Commerce Fraternity, now petitioning Alpha Kappa Psi, has as its president Brother Voiland. Brothers Long, Wilson and Lord are also members of Delta Phi Upsilon. Brother E. R. Lord is president of Scabbard and Blade and was a delegate to the recent National Convention of Scabbard and Blade at the University of Illinois. Brother Lord was also elected to Pax, junior political society. Brother Patterson is also a newly elected member of Gamma Sigma Delta, honorary agricultural fraternity. Brother Harold Shepard is sophomore class president. The College Quartette, which has been very popular, claims three Delts, Brothers Wilson and Blackledge and Pledge Floyd Strong.

Our annual Spring Party was held on Friday evening, March 28th. Several alumni were back and a good bunch of Rushees were shown what a real Delt party can be.

The annual Barbecue will be held on May 30th. It will be bigger and better than ever. Anyone wearing the square badge is more than welcome.

E. R. LORD.

GAMMA PSI

GEORGIA SCHOOL OF TECH.

1st term 1923-24, 13th of 20 chapters; average 1.56; all fraternities 1.51.

Initiates, March 21, 1924: Philip Maxwell Markert, Augusta, Ga.; Ralph Erskine Carson, Atlanta, Ga.

Lady Luck failed us in the pinch. We lost the Pan-Hellenic scholarship cup by .05 of a point, taking second place. However, we retrieved this loss to some degree in winning the cup for first place in the annual cross-country race last March. The first fraternity winning the cup three times retains it in permanent possession. One down and two to go!

All chapters of national fraternities on the Campus are members of the newly formed Undergraduate Interfraternity Council which takes the place of the Old Pan-Hellenic Council. The new council is a member of the National Undergraduate Interfraternity Conference. A magazine published in the interest of its members is to be issued regularly by the local council. Brothers Don Howe and Luke Tate are our senior and junior representatives respectively for next year.

The Glee Club recently completed a most successful season. On its tour throughout the state, many favorable comments on the Club were made as to the varied and original program presented. Snappy new songs secured directly from New York together with cleverly worked out scenes kept the audience pepped up and interested for three hours. Brothers Walthall and Wynn were members.

The Marionettes, dramatic club, will soon present "The Seventh Veil," a three-act satirical comedy written by a Tech student. The elaborate costumes and sheikish atmosphere will aid in assuring its success. It is probable that the club will make a trip after the close of school. Gamma Psi is represented by Carl Rustin, Eric Seimens, Walter Parnelle, and Alfonso Magana.

Two recent initiations are those of Marshall Queen into the honorary sophomore society of Skull and Key, and of Don Howe into Pi Delta Epsilon, honorary journalistic fraternity. Brothers Wheary and Hughes are charter members of the chapter of Alpha Delta Sigma, national journalistic fraternity, to be installed this month. Recent accomplishments among the freshmen show a track numeral

awarded to Cliff Schwalb and a swimming numeral to Joe Rahner. Eric Seimens and Marshall Queen as the Gold Dust Twins, and Cliff Schwalb as Huckleberry Finn, won first and second prizes at the Kappa Alpha Easter Egg Hunt. Eric Seimens was May Queen of the freshman class in their festival held on the Campus at five o'clock in the morning. At the Stunt Carnival, staged by the various organizations of the school, "Kit" Carson won his boxing bout in three rounds.

The most elaborate and brilliant social event of the season is the Artists' Ball to be given at the new Atlanta Biltmore Hotel on Tuesday, May 13th, by the two active chapters and the alumni in Atlanta. The artistic invitations written in French, with a special drawing of a studio scene, have created quite a sensation. A beautiful silver loving cup engraved in French will be given to the girl wearing the best costume. The new song, "Delta Girl of Mine," will be featured as a waltz by a ten-piece orchestra. All Delts are most cordially invited to attend this little party.

Commencement dance dates have been announced by the Interfraternity Council. Junior Prom, June 5th; Senior Hop, June 6th; Sophomore American, June 7th; Pan-Hellenic, June 9th. The Mississippi Bell Hops have been engaged to play at commencement. Commencement Day is June 9th.

During the year, our centralized location has afforded us the privilege of acting as hosts to a large number of out-of-town Delts. Among them have been Brothers Alvan Duerr and Frank S. Hemmick, Fred Kessler, Wayne Wright; Hunter Atha and Otis Core of Beta Phi; Anding of Beta Gamma; also many Delts from Beta Theta and Beta Delta. Incidentally, the house will be open throughout the summer, so if you get down in this neck of the woods, you will find a welcome at the house along the avenue.

In closing, we take the greatest pleasure in announcing the engagement of Miss Helen Ruth Palmer of Atlanta to Brother Thomas I. Miller, President of the Southern Divi-

sion and our Chapter Advisor. The marriage is to be solemnized on May 17th. Gamma Psi offers congratulations and extends best wishes. We wonder who will be the "advisor" in the new chapter.

T. WALTER HUGHES.

GAMMA OMEGA

NORTH CAROLINA

Winter quarter 1924, 11th of 17 chapters; average 3.47; fraternity average 3.3355; all men's average 3.40.

Initiates, March 31, 1924: Adam Younce, Salisbury, N. C.; Jack Shaffner, Winston Salem, N. C.; Henry McNair, Tarboro, N. C.; George H. Buchanan, Webster Grove, Mo. Pledges: Raymond Ambrose, Conway, S. C.; Henry Poole, Gastonia, N. C.

Since the writing of the last chapter letter, Gamma Omega has continued to steadily push forward on the Campus. As a young chapter of Delta Tau Delta we have much of which to be proud. Our list of initiates speaks for itself to those who know the boys on which we have recently placed the square badge.

The new men are already coming into the limelight of college activities. Pledge McMurray was one of the most promising men on the freshman football team last fall and is now the fastest freshman on the track team, being almost a ten second man. Pledge Ambrose is conceded to be one of the most promising southpaws on the freshman baseball team in years, and Pledge Younce is showing up very well. Brother Shaffner, also a new man, is becoming prominently connected with the business staff of the *Tar Heel*, and Pledge Crowell is on the Art Staff of the *Buccaneer*, the college comic.

The Delt whom we are probably most proud of, however, is Brother Norman Sheppard, who coached our Southern Championship basketball team. Brother Sheppard has made a remarkable record for so young a coach, being only about twenty-six years old. He made a great record in athletics both at Carolina and at Davidson, winning his

letter in three major sports. He has also pitched professional ball for Little Rock, Arkansas. Brother Sheppard has recently decided to give up coaching for awhile and has accepted a position with Liggett Meyers Tobacco Co. He will sail for China soon.

In the recent elections Brother Bradley was elected to membership on the Publications Union. Brother Davis was elected commencement marshall and appointed on the German Club Committee. Brother Bradley was also elected to membership into the Order of the Grail. Brother Reynolds is busily engaged in organizing a professional fraternity, and Brother Eutsler continues to be a live wire on the scrub faculty of the Commerce School.

This is only a glimpse of what Gamma Omega is doing. In short we may say that Gamma Omega is sailing along smoothly as a cruiser in the Greek world. At present we are beginning to make plans for a house party for the Commencement dances and we hope that we'll have a number of the brothers from neighboring chapters drop in on us at that time.

We have recently enjoyed the visits of Brothers from various chapters and were especially glad to have Brother Hemmick with us for a short while.

F. M. DAVIS, JR.

DELTA ALPHA

OKLAHOMA

2nd semester 1922-23, 1st of 13 chapters; average 3.4122; fraternity average 2.6082.

Delta Alpha justly has a right to be proud of the progress that has been made this year. In every way we have improved, both in school and activities.

On April 26th we held our annual track meet dance, which is also a rushing dance, for at this time the different high schools of the State are in Norman competing for all state honors. This is a very good time for the fraternities to do some excellent rushing. In addition to the men that we

already have dates with, we have an excellent opportunity of looking over the best high school material.

In activities we are still hammering along. We have two men who are members of the Student Council, Ben Hatcher representing the Law School, and Tracy Powell representing the freshman class. Brother Bert Ashby is running for business manager of the *Whirlwind*, university comic magazine. Brother Ronald Johnston is a member of Phi Delta Phi, honorary law fraternity. Since our last letter we announce the pledging of Herbert Oakes. Pledge Oakes is a member of Pe-et, honorary junior organization, with a high activity standard. He is also a member of the Student Council from the Engineering School. He was recently elected by the Student Council to attend a national conference of university students at Knoxville, Tenn. Brother Ben Hatcher was initiated into the "TOGA," honorary professional fraternity, being a representative from the Law School.

We are planning on a greater Rush Week this fall than ever before. This summer we plan on a banquet at Oklahoma City. We have already made reservations for a banquet at the Lee-Huckins Hotel during first dates. We have some good men in view this fall, and we are leaving no stones unturned to get them. Brother Ashby as rush captain is putting in some good work. If at any time any man may perchance come to such a forsaken a country as Oklahoma, we should appreciate very much if any of the Brothers from any other Chapter would make dates with them for us.

Brother Ridings and Brother Chastain attended the Southern Division Conference at New Orleans last February. They reported the best of a good time, and the Chapter is very pleased that the next Conference is scheduled for Dallas, Texas. I sincerely hope that Delta Alpha Chapter can attend in a body. Sometime we hope to be able to have the Conference at Oklahoma City.

EUGENE M. GENTRY.

DELTA BETA

CARNEGIE INST. OF TECH.

1st semester 1923-24, 5th of 11 chapters; average 187.54; fraternity average 178.8.

Initiates, March 29, 1924: Ellery W. Coover, Kansas City, Mo.; William W. Weber, Cumberland, Md.; Standley Howard Hoch, Canonsburg, Pa.

This year has been a busy one for all Tech men, and especially for our Chapter. We have made a successful year of it, and have accomplished considerable toward the up-building of the Chapter. We are not so old in the Fraternity, but we feel that we have, in the last year or so, been growing into Delta Tau Delta.

Since our last letter, we had a very successful initiation and banquet. This was the second initiation of the year, six men being initiated last fall.

Delta Beta has added a few activities to her record since last October. The track squad had Brothers Sullivan, Fencil, Bier, Wendlandt, and Luty, and Pledges Lustenberger and Shriver. Brother Coover made the plege tennis team. Our assistant manager of tennis was Brother Fulmer, and Weber was assistant track manager.

The Interfraternity Dance was sponsored by Brother Kuhn this year; Brother Koppes was on his committee. The Campus Week Committee had Brothers Kitchell, Kuhn, Wendlandt, Fencil, Koppes, and Strong representing us. Brother Powers was made a staff editor of the *Carnegie Technical Journal* and was also the editor of a Printing Department year-book. Brother Dempsey served on the committee that turned out our Song Book. Brother Fencil served as president of Castle, honorary military fraternity, and Brother Powers has recently received the Castle key. Brother Koppes was president of Scarab, professional architectural fraternity.

The brothers to receive insignia this year for two years' work in non-athletic activities are Dempsey, for work on our

weekly; Kuhn, for Campus Week Committee; and Kitchell, Wendlandt, and Joachim for musical clubs.

During the social season Delta Beta had her share of big times. Our formal dinner-dance on March 18th was the height of our social successes. In few words, it was quite *the* dance. Several house dances were held during the last semester. An open-house and tea was arranged in April to commemorate our Chapter installation, and this was another grand success.

Our Campus Week this year was the best ever, and we, of course, strutted. It began with an interfraternity migratory dance, and for us it ended with our alumni reunion banquet. A play, a Mardi Gras, tennis matches, baseball games, and a pushmobile race were included.

Although we held up fairly well in the interfraternity basketball, we did not take any honors. In track, however, Delta Beta was right there—besides being second in all track events, our relay team won the cup for the second consecutive time by winning the race this year. Another cup was won this year for having made the best designed pushmobile entered in the interfraternity sweepstakes. The winning of two cups out of a possible five is a pretty fair record for one year, we think.

DELTA DELTA

TENNESSEE

1st semester 1923-24, 2nd of 10 chapters.

Delta Delta, the baby, was born into the Fraternity April 19th of this year, Brothers Frank S. Hemmick, Thomas I. Miller, Ralph M. Wray and teams from Beta Epsilon and Gamma Psi putting on the work, assisted by Brother C. H. Gordon, Epsilon '86, and Brother J. J. Cobb, Beta Theta '23. Brother Gordon is the only Delt on the faculty and is chapter advisor.

We are grateful for the cooperation that the other chapters have given us, for it is mainly due to their efforts that Delta Delta exists at Tennessee.

At present the chapter roll consists of twenty-five actives and two pledges. Eighteen of these will return next year along with two alumni who will be active.

The main order of business here is getting organized so that we may be ready for our rushing season of next year, and through our alumni and other Delts of the state we are endeavoring to get a line on available men.

We are in touch with some of the men from the old Rainbow Chapter here at Tennessee and hope that some of them may become affiliated with us.

This letter would not be complete without mentioning how we enjoyed Brother Ralph Wray's visit of a few days following installation, and we are all looking forward to his next visit to Delta Delta.

All Deltas will find a welcome at our home, 1218 West Clinch Ave., Knoxville, Tennessee.

GEORGE E. WALTERS.

CHICAGO ALUMNI CHAPTER

It was with pleasure that we found out that Brother Dan Reilley of Wisconsin has returned to Chicago and is now located with the Chicago Title & Trust Company. For the past year he has been in New York.

We were also pleased to notice that Brother Kirk Sullivan of Wisconsin is back in Chicago again.

The monthly meetings and luncheons are being exceptionally well attended and we hope that all Delts in Chicago will come to these affairs.

There is a strong movement on foot to establish a Fraternity Club Building in Chicago. It will be decided very shortly whether it will be possible to do so, and where it will be located. As yet all we know is that if the plans go through, the building will be on the near Northside and will contain fraternity club rooms on the second and third floors, sleeping rooms on the floors above, and all the athletic facilities demanded by a high class club.

ERNST C. SCHMIDT.

SAN FRANCISCO ALUMNI CHAPTER

After a strenuous siege of spring training, the alumni brothers in the District, well supported by actives from Beta Omega at the University of California and Beta Rho at Leland Stanford University, broke out in a fine annual banquet on the evening of April 26th. The party was put on at the Commercial Club and the attendance totalled one hundred and twenty-five.

The evening was, as usual, mainly given over to entertainment, but time enough was taken out to accept the report of the nominating committee, who selected the following men to serve for the coming year:

President, C. J. (Jud) Crary, from Stanford, under whose leadership the Alumni Chapter at last fully intends to get going.

Vice Presidents, James Hamill, from California, and Ed. Hough, from Stanford.

The writer was handed the portfolio of Secretary-Treasurer.

These officers, together with a live Executive Committee, fully intend to obtain results both in membership and work accomplished.

Summer is just about on us in this sunny State and Beta Omega Chapter has already dispersed for vacation, to be followed shortly by Beta Rho, but the Alumni Chapter Luncheon Committee will continue to function and these enjoyable gatherings will be held, as usual, on Thursday, bi-weekly, at the Commercial Club.

Practically all chapters in the Fraternity are now represented on our roster, and we will appreciate the opportunity of meeting and knowing any of the other brothers who may happen to follow the "course of empires." Truly is the Fraternity building a strong empire on the Pacific Coast.

GEORGE M. PARRISH.

LOS ANGELES ALUMNI CHAPTER

When Brother Stanley Ikerd took the oath—or whatever it was—of office as president of the Chapter in February, he made a brief but meaty inaugural address, the gist of which was that he intended to make our monthly dinners so blamed peppy that the boys couldn't stay away. And he's doing it! There were seventy-five Delts at the March dinner, and "Chic" Sale, who was stopping at the University Club during his Orpheum engagement here, dropped in on the boys and furnished an evening's entertainment. The April dinner, presided over by Brother Henry Rivers, boasted an attendance of seventy-eight. We were entertained by a Hindu magician and hypnotist who cast his magic spell over

Brother Bill Durst and put him through a few amusing paces. The Delt "Lost and Found" department got under way here recently with the receipt by yours truly of a letter from Brother Bill Cappeau, of Chicago, asking us to locate several of his Alpha brothers who are to act as hosts at the 1925 Karnea at Conneaut Lake, Pa. They were located and notified, and their respective hiding places revealed to Brother Cappeau along with an invitation to drop in on a real live alumni chapter some time. This invitation goes to other brothers as well. For the benefit of those planning trips to Los Angeles, we are announcing in advance our annual Delt Jinx to be held in May at the Uplifters' Ranch in the fastnesses of the Santa Monica mountains, where no one can object to the hilarity that characterizes such Delt affairs here. This is a stag party, the ladies being entertained at a dance in June. All Delts are cordially invited to drop in on us at any time.

W. M. CREAKBAUM.

SEATTLE ALUMNI CHAPTER

A number of alumni attended the initiation banquet of the University of Washington Chapter on Easter Sunday.

Brother Ed. Campbell paid a tribute to the memory of Gamma Mu's noblest brother, "Pop" Dyer, which was the only note of sorrow that marked the pleasure of the evening. Brother Dyer's contribution to the local Chapter, and to the Fraternity at large, was so great that his brothers will ever miss him.

Brother Munroe Jones spoke on other Delt days, and various members of the active Chapter spoke on interesting and appropriate subjects.

Brother Edward Maxwell is now associated with Dean Witter Company as a partner. The Witter Company is a well known bond organization of the Pacific Coast. All of the brothers were very pleased to know of Brother Maxwell's progress.

Brother Ed Jones, the famous president of the Alumni Chapter, has been sojourning in the East, and the Alumni Chapter is contemplating issuing a bench warrant for him.

Luncheon dates for May and June will remain at the Butler Hotel, on Saturday, at 12:15 sharp. All brother Delts whose travels may cross this way are invited to join with us. We will try to make their stay pleasant.

CHARLES P. MORIARTY.

DENVER ALUMNI CHAPTER

While the collection of dues and the getting of members have so far this year constituted a major part of our activities, nevertheless we of the Denver Alumni Chapter have managed to find some time for the pursuit of less material pastimes.

The bi-weekly luncheons at the Denver Athletic Club have been well attended and have always been a source of much pleasure to those present. Our luncheons have also served as a sort of clearing-house for visiting brothers. One of the first to drop in on us was Brother Samuel J. Sackett, formerly a resident of this city and now a sojourner in Chicago. Brother Sackett was our delegate to the Western Division Conference and he entertained and edified us with an account of the same.

The next visitor to seat himself at our luncheon table was Brother Eldridge Thompson, also a former member of this Chapter, who for the year has been putting the "links" in chain stores in Texas, southern Colorado, and other places. From his account of the growth of the organization with which he was connected, we all gathered the idea that he used Weed chains! After a short visit Brother Thompson departed for Casper, Wyoming, to join a group of brothers who are engaged in divers occupations in the oil fields.

The Chapter has also been unfortunate enough to lose two of its members. Brother Henry Sutter recently seized an

opportunity to dispose of his battery business in this city at a handsome profit and very soon thereafter he departed for California in quest of new adventures. We hope he finds them both lucrative and enjoyable. Brother William Reno not long since left for Longmont, Colorado, where he is connected with the Chevrolet Motor Company of that city.

Of social life the Chapter has had very little, but plans are already under way for the annual Delt picnic which is held each year about the middle of summer. That this event is looked forward to by all members of the Chapter can be readily understood by those who have felt the charm of a Colorado summer in the Rockies.

HAROLD CLARK THOMPSON.

MILWAUKEE ALUMNI CHAPTER

Since our last RAINBOW letter the Milwaukee Alumni Chapter has held its March and April monthly dinners; the former at the Milwaukee Athletic Club, the latter at the Wisconsin Club. Our May dinner, which will be held before this number of THE RAINBOW goes to press, will be at the Red Circle Inn, near Nashotah, Wisconsin, one of the beauty spots of southeastern Wisconsin, hidden away in the primeval forest thirty miles from Milwaukee, between two crystal lakes which have more than local fame. It will be a new experiment to hold a monthly dinner at such a location, and we are looking forward to the occasion with much expectation. A delegation has promised to come in from the University of Wisconsin and join us on this occasion. With this dinner a very successful and enthusiastic Delt season will come to an end.

The Chapter takes pleasure in welcoming to Milwaukee two Delts with whom we have just gotten in touch, Brothers C. E. Smith and Roscoe C. Overstreet, both of Gamma Lambda Chapter. Perhaps there are other Delts here of whom we have no record; if so, we hope they will see this

invitation and promptly present themselves. The chapter secretary just now is out of town most of the time, his work being taken over temporarily by the president, Brother Herbert W. Cornell, who will be more than glad to get in touch with any new Delts. After September the secretary will be regularly on the job.

HUGH C. MICHELS.

ATLANTA ALUMNI CHAPTER

Delta Tau Delta in Atlanta is stirring around just like newly-made home brew. Weddings, elections, dances and dinners are keeping the boys so busy that even the most loyal Delta wives are saying "What tha——."

First of all T. I. Miller is to be married—will be when this letter is printed. T. I., who is president of the Southern Division and the greatest Delt imaginable, has won for himself one of the real beauties of Atlanta and his wedding in May will be—was—one of the outstanding social weddings of the spring.

Then on top of that comes—or came—(I hate these future, past-tense affairs)—the Delt Artists' Ball at the new Biltmore Hotel, the first big fraternity affair at the hotel which is Atlanta's particular pride and consummate joy.

The Tech Chapter, the Emory Chapter, and the Alumni Chapter joined together for the affair which was planned on the most lavish scale that the boys here have ever conceived. The Rainbow Orchestra was engaged and nothing was overlooked to make the affair a tremendous success.

Just before the dance new officers for the Atlanta Alumni Chapter were named. L. C. Petty was elected president, and a whale of a president he is making. He is going after things in jam-up fashion and before long the Chapter should be able to lift up its eyes and look the Arch Chapter straight in the face.

The regular monthly dinners are still being held and interest is being sustained.

The Chapter has been particularly interested to note the action of the University of Georgia students in voting to outlaw liquor drinking. The vote was almost unanimous in favor of taking drastic action to check the admitted evil. Beta Delta is said to have cast its vote 100 per cent for this reform.

I can't think of much more to say. Those who remember Kenyon Zahner, and none who ever visited in Atlanta will ever forget him, surely will be interested to know he has a new son. And that's all.

LAMAR TROTTI.

ST. LOUIS ALUMNI CHAPTER

The alumni chapter letter was delayed owing to the fact that we adjourned at noon yesterday and had a big golf tournament followed by a steak roast. Sixteen of us had a hectic game of golf in the afternoon, causing the caddies much grief and creating a very blue atmosphere. We then went out to a farm of one of the members and held forth until a late hour eating steaks, pretzels and other accessories. This was the first outing of this season and all of the members are looking forward to an early repetition. We now have twenty-six paid up members for 1924. This exceeds our quota by one and we feel confident that we will add five or six more within the next two weeks. We have weekly luncheons on Thursday at the St. Louis lunchroom, Tenth and Locust Streets.

WILLIAM R. GENTRY, JR.

SAVANNAH ALUMNI CHAPTER

March 27th the Savannah Alumni Chapter held its yearly meeting and elected officers for the ensuing year. Brother F. M. Oliver, Lambda, was elected president; Brother R. B. Whitney, Tau, vice president, and Brother G. F. Hoffmann, Gamma Psi, secretary and treasurer.

The Alumni Chapter welcomes A. R. Saxon, Beta Delta,

as a new member and now has nine members representing six colleges.

Plans were made for a spring meeting to be held at Tybee late in May or early in June.

The Georgia and Georgia Tech Glee Clubs visited us, with five of the brothers on the Georgia Club and two on the Tech Club.

Our new president, Brother Oliver, is prominent in all civic affairs. He is a member of the Kiwanis Club and has been appointed chairman of the committee on the new civic golf course.

Brother Dan Bickers, Beta Epsilon, spends all his spare time addressing the students of the schools of South Georgia.

Brother LaFayette McLaws, Beta Delta, became a benedict the middle of April and Brother Bill Helmly, Omega, announces the birth of a daughter, Will-Eta O'Neal, on the 25th of January.

We miss several of our old standbys who have moved away and hope any visitors will make themselves known.

GEORGE F. HOFFMANN.

TULSA ALUMNI CHAPTER

Since our last letter, we are pleased to announce that we have increased our membership to a number exceeding our last year's membership. Each year for the past several years has shown an increase, and we hope Tulsa will continue to attract Delts from all over the country.

Our monthly luncheons at the Coffee Cup Inn held at noon on the third Monday of each month have been well attended during this year, and considerable interest is being shown in our Chapter.

We have welcomed several visiting brothers, and are always pleased to hear from any of the boys who are in Tulsa or vicinity, and invite all Deltas in the vicinity of Tulsa to join our Chapter.

E. R. FILLEY.

DES MOINES ALUMNI CHAPTER

Vital statistics lead in this month's letter from the Des Moines Alumni. These statistics are not only vital from the point of view of the world at large, but particularly so from the viewpoint of two members of the Des Moines gang. In other words, brethren, we have two new arrivals on this mundane sphere to report.

First comes Mr. Frank Green, age about two months at the present writing, but already playing with a Delta pledge button which his fond father, Fred Green, of the Des Moines Chapter, secured for him. Frank also expects to learn the Delt yell soon, as he is remarkably proficient in various other varieties of yells right now.

The other new arrival is Miss Joan Virginia Ellsworth, daughter of Mr. and Mrs. Kenneth Ellsworth. Kenneth, as head of the Des Moines Alumni this year and also as head of the augmented Ellsworth family, feels a double responsibility which he is wearing very becomingly.

Beg your pardon, as the metropolitan dailies say on the rare occurrences when they make a mistake. Brother Albert Todd, the efficient young attorney, is located in the S. & L. Building here in Des Moines and NOT the R. & L. as stated previously. If we were not a conscientious correspondent, it might be blamed on the proofreader or the Pittsburgh compositor, but it was really our fault.

One of the high lights in fraternity circles in Des Moines recently was the annual banquet of the Des Moines Interfraternity Association, held March 31st. Over 200 Greek-letter men were present and the dinner, talks and stunts were pronounced the best ever. Twelve Delts were present and almost every national fraternity was represented. Excellent talks were given by members of the faculty from the State University and Iowa State College. Brother Brayton also participated in the stunt portion of the program and impersonated, with rapidity and efficiency, such

well known characters as Doheny, Sinclair, McAdoo, Daugherty and others (laughter).

The nationally known Drake Relays, held in Des Moines late in April, attracted college and university athletes from all portions of the country, many of them fraternity men. They were entertained in various ways while guests of Drake University, Des Moines, which has sponsored the relays ever since their inception, fifteen years ago.

In the last RAINBOW mention was made of the fact that one of the Delts in Des Moines was leading man at The Princess Theatre here, in a stock company which has gained fame as being the starting place of many actors and actresses who have since become stars. Since then we have had the pleasure of meeting the brother, who is Robert Armstrong, of the University of Washington, where he was initiated into Delta Tau Delta. Mr. Armstrong has been playing leads at The Princess all this past season and has won many favorable comments. Several Delts saw him recently in "The Masquerader," the familiar play which Guy Bates Post starred in for some years. Mr. Armstrong handled this difficult dual role with real ability and the boys nearly gave the Delt yell several times. Brother Armstrong expects to be playing in stock in Milwaukee all summer, and if you are there, look him up. He's a real Delt.

Attendance at the regular luncheons of the Des Moines Alumni Chapter at the Grant Club has not been all that it should be. There are plenty of faithful brethren but there are also a few who are in the city but don't show up. Possibly they'll see this in THE RAINBOW and experience a change of heart. Brothers Don Hunter, Cummins Rawson and Frank Wilcoxon have been particularly remiss of late. Come and see us, boys.

Des Moines Delts meet Friday noons at the Grant Club. Come and see us the next time you are in the land of plenty, for you know, "that's where the tall corn grows."

ARTHUR H. BRAYTON.

LOUISVILLE ALUMNI CHAPTER

Louisville alumni have been engrossed for some weeks in preparations for the installation of Delta Epsilon Chapter at the University of Kentucky, Lexington, Kentucky.

We were fortunate in having Brother Perl S. Miller and Brother Bob Weaver, the retiring and incoming presidents of the Northern Division, as our guests for a day. Brother Otto Seelbach did the honors gracefully by entertaining Louisville Delts and our guests at the Seelbach Hotel.

By the time THE RAINBOW is published the new Chapter should be a reality. However, the accounts of the installation are apt to neglect some of the good alumni who turn the wheels, and we are therefore trying to steal a few extra lines to give you the names and original chapters of the accomplished and heterogeneous alumni who languish in Louisville from one Derby Day to the next.

Banquet committee—George T. Holmes, Texas '14;
Otto E. Seelbach, Wisconsin '19.

Speakers committee—Lee G. Zinsmeister, Purdue '11.

Initiation hall and ceremonies committee—C. Walter Koehler, Indiana '12; Raymond G. Clark, Cornell '19.

Registration and accommodations committee—A. K. Summers, Indiana '12.

General finance committee—G. H. Sheild, Jr., Virginia '17.

Louisville alumni finance—Morgan Royce, George Washington '06.

Music committee—L. S. Thompson, Tufts '11.

Publicity committee—Donald McWain, Brown '23.

General committee—Lee G. Zinsmeister, Purdue '11;
C. B. Stansbury, Cincinnati '14.

Lexington committee—W. E. Davis, Washington and Lee '96.

On top of this layout, each alumnus who didn't have a committee job was assigned one active chapter with which

he corresponded in an effort to coax them to send us at least one delegate.

Our little Alumni Chapter is made up of Delts from twenty-one different chapters. We want every Delt in Kentucky to affiliate with us.

C. B. STANSBURY.

SIoux CITY ALUMNI CHAPTER

The Sioux City Alumni Chapter and members of the Fraternity residing in this vicinity desire to take this opportunity of expressing to the Arch Chapter their sincere thanks and appreciation for granting to the Alpha Tau Group at South Dakota a chapter in this Fraternity.

We also desire to express our appreciation to the members of the Fraternity, and particularly the delegates to the Western Conference and the officers thereof, for unanimously recommending to the Arch Chapter the request of this Chapter that such charter be granted. We firmly believe that the proposed chapter to be installed at the State University of South Dakota will be a step forward in the progress of our beloved Fraternity and in the spreading of the gospel and principles of Deltaism.

The installation, we are advised, is to be held on the 17th day of May and we hope that it will be a noteworthy occasion in the annals of the Fraternity. The infant chapter is to be known as "DELTA GAMMA." Our beloved President of the Western Division, Carl F. Kuehne, says in writing the Secretary of this Chapter: "Your infant will be named Delta Gamma—God bless her—'aint she cute." Apparently she is to be a feminine chapter and so surely all good Delts can love her without fear of criticism.

The writer had the great privilege of attending the last formal initiation and the banquet, and festivities connected with same, of Omicron Chapter on March 16th. Some fifteen neophytes took the solemn and beautiful vows of Delta Tau Delta and as likely a delegation of aspirants for such an honor would be difficult to discover. It bespeaks well of Omicron Chapter and its standing on the campus at

the State University of Iowa, that such a choice group of fraternal material sought the square badge.

The Sioux City Alumni Chapter now has an accredited membership of forty-three. If there is a brother left in this vicinity by fall who is not a member of this Chapter it will be because he is ashamed to be known as a Delt.

Brother Donald C. Lutz, Omicron, of Mapleton, Iowa, has been seriously ill all winter. We all unite in hoping for his speedy recovery and that he will be safely back at the practice of law.

The Secretary had a visit a few days ago from Brother Don H. Darling, Gamma Pi '22, recently in the banking business at Washta, Iowa, but now residing at 1023 Cedar Street, Sioux City.

A number of the active brothers from Omicron and Gamma Pi called upon the Secretary during the Easter vacation, which visits were deeply appreciated and it is hoped that any active who has occasion to be in the city will make the office of the Secretary his headquarters and any favors asked, within reason, will be gladly rendered.

The active chapters are now reaching the end of the scholastic year and it is hoped that the members thereof will leave their Chapter Halls with mind and heart, character and ambitions, improved and bettered by their year's connection with the ideals of the Fraternity. May health and happiness, wealth and prosperity attend them and make those who have completed their lives as active Delts realize their deep and abiding obligation to the Fraternity and keep a place in their daily lives, amid the hustle and bustle of business, to repay the Fraternity, by acts of service to it, for this lasting obligation.

We also hope that the active Delts who return in the fall to renew their associations will come back with a renewed faith in our Fraternity and an added zeal in the upbuilding of their Chapter, all to the end that the square badge of Deltaism may be in the foremost ranks of fraternal service and life.

H. S. SNYDER.

CLARKSBURG ALUMNI CHAPTER

The Clarksburg Alumni Chapter has been stepping along at its usual gait all winter, although nothing spectacular in the way of entertainment has been offered. Our last regular meeting was held April 12th at the Waldo Hotel and as usual was well attended.

Some changes have taken place in our chapter roll. Those affiliating with the Chapter are Chas. A. Sinsel, Gamma Delta '15, and Edward W. Ranson, Phi '25. Brother Sinsel is in the automobile business, selling Peerless and Oakland automobiles, while Brother Ranson is connected with the National Carbon Co., manufacturers of carbon products.

In gaining two members we lose one. Brother Frank D. Brown, Gamma Delta '23, leaves us to go to Elmira, N. Y., to become associated with the Thatcher Manufacturing Co., of that city. We regret losing Frank, but since he had to go we wish him much success in his new undertaking.

Brother Dr. C. O. Post is stepping right up these days and now wields a mean gavel at the Kiwanis Club. "Doc" says, if any out-of-town brethern happen to drop into town on Kiwanis days and can't stay over for our Delt luncheons, he will be pleased to give them the glad hand at Kiwanis. With about twenty-five per cent of the Chapter also members of the Kiwanis club, if you drop in we can make up a special Delt table.

It might be a little late to mention it, but better late than never. Brother Dr. Robert C. Hood now boasts of a home and wife. Bob did pretty well, too—he married a Delt sister-in-law.

The writer has just received a telephone call from the Fairmont Alumni Chapter announcing a smoker for next Tuesday evening. It sounds good to him and he doesn't doubt that Tuesday evening will find about three car loads of good fellows beating down the tall timbers for the village of Fairmont.

When you come to Clarksburg, now all you have to do is to go to the Waldo Hotel and the first thing that stares you in the face is a big Delt placard with all information you may want. The Hotel made us a present of it, and it's a peach, too. If you want to see some jealous eyes just drop in and watch some of the other Greek-letter men in the lobby go by and give it the once over.

GRAHAM I. LYNCH.

EPSILON

'83—Charles A. French is editing the *Evening News* at Monroe, Mich.

'85—Charles Landon, M. D., is still practicing in Battle Creek, Mich.

'88—Edgar J. Townsend is head of the Department of Mathematics at the University of Illinois. He has written several text books on Mathematics.

'91—Otis A. Leonard, of Albion, figured in an Interurban car wreck recently. He was severely bruised when the car in which he was riding left a bridge and took a bath in a river near Allegan, Michigan. At the present time he is convalescing.

'92—Charles A. Phelps, wholesale lumberman of Grand Rapids, Mich., is treasurer of the Michigan-Pacific Lumber Company and The Michigan Puget Sound Co.

'92—Henry A. Haze, M. D., of Lansing, Mich., recently returned from a trip around the world. China was his chief destination.

'95—Eugene Allen, who was a member of the Detroit Conference of the Methodist Episcopal Church until 1917, is now pastor at Cedar Falls, Iowa.

'95—Ransom L. Griffin has retired from the ministry and is now living in Malta, Illinois.

'95—George P. McCallum, whose home is in Ann Arbor, Mich., is vice-president of the Detroit, Mackinac and Marquette Land Company.

'96—Frank Mulholland is now an attorney for the American Federation of Labor. He was formerly national president of the Rotary Club, during which time he acted as delegate to the international convention of that organization in England. His home is in Toledo, Ohio.

'96—Will G. McCune is at the head of the firm of McCune and Co., dealers in real estate, insurance and investments, at Petoskey, Mich.

'98—Herbert C. Whitney is president of the One Hundred Associates Co., a real estate firm of Highland Park, Mich.

'00—Cecil C. Peck is now president of The United States Savings Bank, Port Huron, Michigan.

'02—Pierce Lewis is advertising manager of the Truscon Steel Company, Youngstown, Ohio.

'02—Zael E. Lutz, Sales Department of The Ford Motor Co., Detroit, with family, expects to spend his vacation at Duck Lake, near Albion.

'03—Frank E. Church is president of the Beacon Falls Rubber Co., Beacon Falls, Conn.

'05—Floyd E. Bartell is a professor of Physical Chemistry at the University of Michigan.

'07—Fred Farley is Dean of Men at the College of the Pacific, San Jose, Cal.

'08—Warren J. Frye is a teacher at Eastern High School, Detroit. His wife recently underwent a major operation at Chicago.

'09—Relis E. Barr and Albert DeCou are associated together in the Central West Casualty Co., Guaranty Trust Bldg., Detroit.

'10—Irving W. Greene, M. D., is an instructor in the Medical School of the University of Michigan.

'12—Fred E. Clark, head of the department of Business Administration, Northwestern University, recently visited his mother in Albion. He was on his way to New York where he will attend the sessions of the Association of Collegiate Schools of Business. He will conduct the round table discussions at one of the sessions.

'12—Marquis E. Shattuck is head of the English Department of Northwestern High School, Detroit.

'12—Paul Clancy is a member of the Realty Development Corp., Real Estate Exchange Bldg., Detroit, Michigan.

'14—J. E. Adams and F. E. Evans '14, who are associated together in the real estate business in Detroit, are very active in the Delt Alumni Chapter of that city.

'14—Marshall A. Reed is pastor of the M. E. Church on E. Jefferson Avenue, Detroit.

'16—D. Hale Brake, practicing law in Stanton, Mich., expects to do Chautauqua lecturing this summer.

'17—Harold E. Gronseth is the Detroit correspondent for the *Wall Street Journal*.

'17—Victor Dibble recently returned to his home in Albion after spending a short time at the Great Lakes Hospital, Chicago.

'20—Burdette Bliss is the U. S. Consul at Guatemala City, Guatemala, Central America.

'21—D. Clare Boyd, connected with the Fidelity Stores, Inc., has left his position in that company's store in Albion to manage a store at Ionia, Mich.

'22—William Wiseloyal and Kenneth Gillett, '22, are bunking together in Detroit.

'24—Ralph Wadley, now attending the Detroit Medical College, was recently initiated into Phi Rho Sigma, a medical fraternity.

'24—Lieth Raab is living in Toledo, Ohio. His father recently returned from Florida, where he has been ill. In his absence Lieth is managing the Raab Shoe Co.

'24—Selmer P. Smiseth, who graduates from the Medical School of the University of Michigan this spring, expects to do his internship at Flint, Michigan.

OMICRON

'86—J. F. Clark spent several months at La Jolla, Calif., this winter.

'87—J. S. Spielman, who is a civil engineer at Long Beach,

Calif., writes that on a recent southern trip he encountered a goodly number of the brothers who were enjoying their vacations.

'09—Burr Brown is making a splendid record as city attorney in Long Beach, Calif.

'09—Harry Snyder, of the Sioux City Alumni Chapter, was one of the brothers who came a long way to attend initiation. He also attended the Western Division Conference at Chicago.

'13—Delts will be grieved to learn of the death of a beloved brother, Donald C. Lutz, Omicron, 1913, who entered the Chapter Eternal on April 1st. Brother Lutz was residing in Mapleton, where he was a law partner of his father, at the time of his death.

'14—Vance Morton, who has been teaching Public Speaking at the University, has decided to take some post-graduate work at Columbia next year.

'18—Brother Severin snagged out a few big ones on a recent fishing trip in Brownsville, Texas.

'19—Carl Kuehnle, who was re-elected President of the Western Division, manages to get down to Iowa City for important Delt functions.

'22—Brother Norman Frank of Independence and Howard Bristol of Muscatine visited the Chapter recently.

UPSILON

'81—West Bissel is with the U. G. I. Co., 1401 Arch St., Philadelphia, Pa.

'89—Paulos Hebert is Southern Manager for the American LaFrance Fire Engine Co. and the Eureka Fire Hose Manufacturing Company.

'01—E. E. Jacobsen is practicing law in Miami, Fla.

'12—E. D. Seymour is in charge of foreign construction for the Vacuum Oil Co.

'14—A. B. Blodgett is in the general insurance business in Northfield, Minn.

'15—J. H. Senior is with the U. G. I. Contracting Co.

'15—Jap Andrews is Assistant Maintenance Engineer for the Bangor and Aroostook R. R.

'18—Stew Ferguson is still with the G. E. Co. in Schenectady.

'19—Emmons Gray is with the Lancaster Light and Power Co., Lancaster, N. Y.

'20—Benny Reimers is with the Public Service Gas Co. of Paterson, N. J.

'21—Pres Morehouse is with the Ingersoll-Rand Co. in Newark, N. J.

'21—Ray Terkoski is with the Foamite Childs Co. in Utica.

'22—Jack Walsh is selling Flint cars in Utica.

'22—Frankie Bull is also with the Foamite Childs Co. in Utica.

'23—Chan Oakes is in West Virginia with the Godfrey L. Cabot Corporation.

'23—Hugh McDowell is with West Penn Power Company in Wilkesburg, Pa.

'23—Ed Maass is with Ledoux & Co. in New York.

'25—Larry Ferry is working for his father in the Ferry Hat Mfg. Co.

CHI

'89—H. J. Eberth is living in Toledo. He pays us a visit often.

'93—A. E. Duerr holds the office of Supervisor of Scholarship on the Arch Chapter. He is hard to satisfy, that's why he stays on the Arch Chapter.

'96—Bishop R. L. Harris has been in California during the greater part of the cold weather.

'98—Dan F. Williams is a frequent visitor in Gambier. The Chapter is always glad to hear from Dan.

'06—John L. Cable has announced his intention to be a candidate for the Governorship of the State of Ohio.

'09—Dr. L. R. Brigman is rapidly becoming Cleveland's leading physician.

'09—William S. Travis will be back again this June for the festivities.

'09—Rev. K. B. O'Ferral is serving mankind as rector of Emanuel Church in Cleveland.

'12—Alan Goldsmith has charge of the Western Europe Division of the Department of Commerce of the United States.

'12—R. A. Weaver, although a busy man, still finds time to visit and write us. You will hear from Bob soon.

'15—H. L. Gayer claims to be still 99.34 pure. He is with Proctor and Gamble in Cincinnati.

'17—Thomas W. Christian is practicing law in a very lucrative field, Toledo.

'17—A. R. McKechnie is dividing his time between the baseball team and the English classes of St. Paul's College, Tokyo, Japan.

'18—Rev. Hal F. Hohly is to be congratulated on the arrival of a fine baby daughter.

'20—John M. Jerpe is now in Detroit in a fine position with the Fischer Body Co.

'21—The Kilgores, Red and Gus, are both with the firm of Greenwood and Kilgore in Ann Arbor, Mich.

'21—H. Vokoun has his old position of importance among the musicians of Cleveland.

'22—L. C. Thomas is studying medicine in Chicago.

'22—J. M. Wade is the executive, purser and caretaker of the Delta Tau Delta Club in Cleveland. He functions best in the latter role by continued practice.

'22—Louis P. Carabelli has been all but ousted from the Gamma Alpha Chapter House, but is still there at meal time. He is soon to be a doctor.

'22—Benson H. Harvey writes often from Cambridge, Mass.

'23—Beach Abrams is now in California waiting for summer in Ohio.

'23—J. T. McIlwain is going up the ladder with the Grinnel Sprinkler Co.

OMEGA

6-24
'08—Herbert W. Cornell, whose address is care of the City Service Commission, City Hall, Milwaukee, Wisconsin, writes that he is now President of the Milwaukee Alumni Chapter. Omega men congratulate Milwaukee's wisdom in selecting Brother Cornell for this job.

'08—Howard Wells Fulweiler writes from 517 Eighth Avenue, Brookings, South Dakota, that the men who go to form the new Delta Chapter at the University of South Dakota are all right. He says in part "It's a good crowd, I know them."

'08—Richard Dutton Jack is living at 27 Elmwood Road, New Haven, Connecticut.

'10—Francis J. "Ted" Crowell is with the *Kansas City Journal* and is doing very nicely, according to his boss.

'11—Harold B. "Mike" Chase is head of the Chase Motor Company, 248-250 Park Avenue, Worcester, Massachusetts.

'14—Rees Williston Weston, who transferred from Delta, is now living at the Roosevelt, New Orleans, Louisiana.

'14—Omar Ernest Radford is living at 863 Hickory Street, Abilene, Texas, and is with the Radford Grocery Company, which conducts a chain of wholesale houses through the State of Texas.

'15—The engagement of Miss Elizabeth Gribbel of "St. Austell Hall," Wyncote, to Brother Woodward W. Corkran, was announced recently, and to quote the Philadelphia papers "the wedding will be an event of June."

'16—Harry Price Betzer's present address is New England Building, Topeka, Kansas.

'20—The address of Elmer C. Slagle is Monroe, La. Brother Slagle has a cousin Roy, a freshman in the Univer-

sity of Pennsylvania and a recent initiate into Omega Chapter.

'21—James E. Stark, Jr., writes us from 665 South Willett Street, Memphis, Tennessee.

The following Omega men cannot be located and we would greatly appreciate receiving information about these men. The lost ones are:

Howard Brewster Barr	William P. Esrey
James N. Dodson, Jr.	Edw. F. Menke
Howard F. Woods	Henry N. Steinkamp
Edward Norris	Douglas Weeks Brown
Caldwell H. Harris	George Monaghan

BETA ALPHA

'06—Camden R. McAtee is practicing law in Washington, D. C.

'15—Daniel V. Goodman is now with the Hassler Shock Absorber Company at Indianapolis.

'23—C. B. Velum is taking a trip through the west for his health.

'23—Walter Lehmann is now working for Hart, Schaffner and Marx in Salt Lake City.

BETA ZETA

'12—Robert R. Batton is a candidate for Democratic Chairman of the eleventh district.

'12—John E. Spiegel is a candidate for Democratic Chairman of Marion County.

'12—Fred Schorteimer is a Republican candidate for Secretary of State.

'12—Frank F. Woolling is a candidate for treasurer of Marion County on the Democratic ticket.

'15—Wm. E. Hocker is doing newspaper work at Fort Wayne, Indiana.

'15—Verl Wise is with Swift and Company, Chicago.

'15—Edward Ploenges teaches mathematics and coaches the athletes in the high school at Casper, Wyo.

'16—Avery P. Morrow has left South Bend, Ind., where he has been for some years in the lumber business and is engaged in similar work in Michigan.

'16—Stanley Sellick is attending Yale Divinity School and also preaching.

'21—Herb Hill is assistant telegraph editor at the Indianapolis *News*.

'21—Paul Draper is attending the Indiana School of Medicine.

'22—Chet Barney is an underwriter for the American Central Life Company.

'23—Charley Daily, who kept his marriage a secret from September until February, is an accountant at the International Union of Brick Masons.

'23—Leland Barkley is teaching school at Odon, Ind.

'23—Robert E. Hull is production manager of the Millis Advertising Company.

'23—William Piercey is attending the Indiana Law School and working in a bank.

'23—Russel Richardson is sales manager for the G. S. Conley Real Estate Company of Detroit, Mich.

BETA KAPPA

John Bond is in the tailoring business in Denver.

Lev Chapin is telegraph editor of the *Denver Express*, Scripps-Howard syndicate. Since his marriage last fall he has learned to say "Yes, dear!" like a veteran.

Ray Black covers the court house, city, country, and skies for the same paper.

Bud Bonesteel, of many-name fame, is studying medicine in the University of Nebraska.

Arren Bragdon has returned from New York and is now with his father in the furniture business in Colorado Springs.

Phil Brown is now on the permanent staff of Mayo Brothers clinic, Rochester, Minnesota.

Bill Carrol is selling Fords at Crown Point, Indiana.

Bob Catlett is still in Philadelphia and may be found at 243 Madison Ave., Highland Park.

Jim Cohig is helping with the construction of the Moffat Tunnel.

Art Davis is with his father in the plumbing business in Denver.

Bud Davis is wearing out his Buick roadster at the University of Michigan.

Frank Divisek is at Cheyenne, Wyoming—address Cheyenne Apartments—and is in the employ of the Legal Department, Union Pacific.

Rex Elwood is in the banking business in Omaha.

Lou Giffin is reported as having roamed to Casper, Wyo.—Nothing definite.

Kline Grieb is with his father in the manufacturing end of the shoe business, Philadelphia, and is the proud father of a future Delt.

Fritz Grieb, brother to the aforementioned, left school last week and has returned to Philadelphia to read the *Public Ledger* before it is three weeks old. Address Glenside, Pa.

Lee Gilford was graduated from the United States Military Academy this June.

Pix and Lou Hart are in the agricultural game at Nunn, Colorado.

Cocky Hart is responsible for the greater part of these notes. He has finished his schooling and is now a full-fledged M. D. He entertained the Chapter with his "Some Little Bug" during his last stay here. Address Cheyenne Apartments, Cheyenne, Wyoming.

John Harrington is now with the firm of Tyffe and Clark, at Chicago, and has recently taken upon himself a charming wife. For said crime he owes Cocky a dinner.

Frank Hotchkiss is in the Denver University Law School. 1525 Logan Street is his, or any other Denver Delt's address.

Frank Jordan has headquarters at the old stamping ground, Cheyenne, Wyo. He recently inveigled an unsuspecting young woman into marriage, and is happily engaged in the domestic game with ranching as a side issue.

Jake McInerny is now a commissioned officer in Uncle Sam's Navy and when last seen through a telescope was cruising with a torpedo boat in the Atlantic Fleet.

Jack Rawson stopped on the way home to pick up a '25 model Buick. See Chapter letter.

Bob Greaber is working hard every day in Denver. He gets up to the house every once in a while.

Hap Lewis is trying to be "young-man-out-of-college" in Denver. He is always a welcome hand for a session.

Jim Dodson is business colleging in Grand Junction. He rushes Delt as a main issue.

Dave Griffith is hitting the social whirl at Kansas University.

Numa Vidal is laying the foundation for electrical wizardry in Pittsburgh, Pa. Writes well and often, but never truthfully.

H. O. Heoppner, Gamma Alpha '20, now convention director, Kiwanis Club, has made himself well liked with the boys here.

Albert Menig recently returned from a trip abroad and is now in California.

Howard Parker is in the heat and lighting plant business in Denver. Address, 1520 Wazee Street.

Arch Brenker, Beta Tau, will be found at the same address or at 1525 Logan Street, the Beta Kappa Annex.

Dr. C. W. Poley is practicing medicine in Boulder.

Norman Read is still with the Colorado Power Company in Denver.

Howard Rickleton is in Olathe, Colo., in the drug business.

T. W. Rijker, "Ted," still hits the books at the D. U. School of Commerce.

Frank Sabine is attending Notre Dame University.

Frank writes to the brothers as often as his studies will permit.

Robert L. "Bob" Schalk is associated with Howard Smith, accountant, at Cheyenne, Wyo. His address is Cheyenne Apartments.

Bert Shattuck is practicing law in Trinidad, Colo.

Lucian Shattuck, brother to the aforementioned, is in the oil business in California.

Louis Sheldahl is in the mercantile business in Buena Vista.

Ernie Siggins is secretary of the National Poster Company in Denver. He may be reached at 1525 Logan Street.

Brothers Rex and Ken Smith, when last heard from, were at Glenwood Springs.

Herbert and Walter Spring are practicing law in Cleveland, Ohio. For communication try 1408 Williamson Building.

Jim Staley is now at 1607 Sal Ross Avenue, Houston, Texas.

Bull Sterritt is practicing law with Russ Nichols at Casper, Wyoming.

Eldridge Thompson is with: Warren O. Thompson is with: Luman C. Giffin is with: Wally Thompson is with: the Midwest Refining Company, Casper, Wyo.

Philip S. Van Cise is district attorney, county of Denver, and will probably fill the columns of the newspapers here with some more clean-up dope before long.

Harold and Stanley Vaughn may be found at the Cheyenne Creamery Company.

Fred Winegar is in the Real Estate business at Los Angeles, Calif.

Dean Philip G. Worcester is on a year's leave of absence from the University.

Frank Wolf is an employee of the Boulder National Bank, Boulder, Colo.

Ward Wray has been attending the University of Nebraska.

George Adolph Houdini Richter is with the Denver Fire Clay Company.

Ralph M. Wray is journeying here and there throughout the country in the best interests of the Fraternity. He is officially designated Field Secretary, but is interested in Parks, Bathing Beaches, etc.

Otto U. Wymer is now with the Western States Life Insurance Company, and may be found at 401 Central Building, Seattle, Washington.

Bernard Yegge is now associated with J. N. Hall, Metropolitan Building, Denver. His recent marriage united two good Delt families. Miss Elise Bonesteel was the bride.

BETA NU

'09—Carl Gram has been active in chapter affairs recently.

'17—Phil Hulburt intends to spend the summer in Europe.

'18—Grenville Hancock has been with us at a few of our banquets. His address is 100 Oakley Road, Belmont, Mass.

'20—Ted Hobson is one of our new House Corporation Directors, and he drops in from Lowell very often.

'21—Gyp Blood is putting in most of his time in the Lackawanna Plant of the Bethlehem Steel Company.

'21—Larry Davis comes up from Providence once in a while to tell us how good the oil business is.

'22—Al Browning is in Buffalo with the Robertson Cataract Electric Company.

'22—Don Sherman made the chapter happy by coming back a term to finish a thesis. He is still with the Sturtevant Blower Company in their Cleveland office.

'23—Cub Hubbard is now in Cleveland with the Reliance Electric and Engineering Company.

'24—Earle Bates is one of the newly elected directors of the House Corporation.

GAMMA BETA

'07—F. A. Robinson is back in Chicago after a long absence and we hope to see him at the house soon.

'12—Speck Kiley is president of the Columbia Oil Company in Washington, D. C.

'17—Shorty Maguire is manager of the Delt Club at Detroit.

'22—Al Davis is now in Springfield, Ill., with the North British and Mercantile Insurance Company.

'23—Ory Cox is also living at the Delt Club in Detroit.

'23—Merle C. Nutt is to be married in May. Congratulations, Merle!

GEORGE G. WHITEHEAD

"Let George Do It"

For a publicity man—one who makes it his business to toot the horn for the other fellow—George G. Whitehead is a rare bird. He will always talk about talent, but when it comes to himself he is as retiring as the proverbial "shrinking violet." However, the other day in an incautious moment he called at The Lyceum Magazine office to chat and we pumped some information out of him about his own activities. George is director of publicity for the Ohio Redpath Bureau and, in addition, is active in the civic life of Columbus, where the Redpath office with which he is connected is located.

Recently the Columbus Dispatch carried the clever cartoon which accompanies this article. We thought it would be of interest to lyceum and chautauqua folks and so borrowed it.

In addition to doping out new methods of interesting the public in Redpath programs here is a brief synopsis of what George does in his idle moments:

Handles Ohio Redpath seven-day chautauqua circuit.

Lyceum representative in southwestern West Virginia.

Publicity chairman of I. L. C. A. for several years, working with Chicago papers, press associations and other news disseminating agencies.

President Columbus Shrine Club. Directed advertising for Columbus Shrine Circus, and staged elephant birthday party on Statehouse lawn—a stunt that was broadcasted over the Associated Press wires and by movie news services.

Member committee on downtown church activities in Columbus.

Active in Delta Tau Delta fraternity affairs, being former Columbus Alumni president. Editor of the fraternity Broadcaster, and chairman fraternity convention plans.

Handled Ohio Speakers' Bureau during Liberty Loan campaigns.

Contributor of features to the Columbus Dispatch and various national periodicals.

Aside from this Mr. Whitehead has nothing to do. By the way, he is rounding out this month his tenth year with Redpath.

—*The Lyceum Magazine*, February, 1924.

CARL V. WEYGANDT

C. V. Weygandt Given Bernon Post on Bench

Carl V. Weygandt, former state representative and present chief counsel for the Cleveland Automobile Club, was appointed to the bench of the common pleas court Saturday by Governor Donahey to succeed Maurice Bernon, who resigned last Monday.

Weygandt first learned of his appointment from *The News* and expressed surprise and gratification. He was one of three Cleveland attorneys recommended for the position by the executive committee of the Cleveland Bar Association, the others being Municipal Judge Samuel Silbert and Harrison W. Ewing.

Weygandt, who is thirty-six, was born in Baughman township, Wayne County, June 14, 1888, on a farm that has been in the Weygandt family several generations.

His father, W. E. Weygandt, an attorney of Wooster, has served as prosecutor and common pleas judge of Wayne County.

Carl Weygandt, who resides at 8915 Empire Avenue, is married and has two children, Richard, six, and Clark, one year old. After graduation from the Wooster High School Weygandt taught in the elementary schools and then entered Wooster University from which he was graduated with the degree of bachelor of philosophy. Later he was a teacher in the high school and University of Wooster. He next studied law in Western Reserve University and from November, 1917, to December, 1923, was associated with the law firm of Thompson, Hine & Flory. On the latter date he became counsel for the Automobile Club and opened a law office in 1939 Engineers Building.

Weygandt was elected to the General Assembly in 1920, one of two Democrats from Cuyahoga County winning seats in the House of Representatives. He displayed marked ability in the Assembly and soon became one of the minority floor leaders. In the legislature he displayed independence in voting, sometimes supporting Republican measures opposed by the Democratic legislative organization. In 1922 the Democratic organization indorsed him for the nomination for county prosecutor.

Weygandt is a member of the Democratic county executive committee and of many social, civic and fraternal organizations, including the Delta Tau Delta college fraternity, Delta Theta Phi legal fraternity, the Masonic order, the Odd Fellows, Cleveland, Ohio state and American Bar Associations, Cleveland Council of Sociology, Chamber of Commerce, City Club, Singers' Club and Cleveland Real Estate Board. He is a member of the Glenville M. E. Church.

Weygandt's term on the bench to which he has been appointed will expire in November upon the election and qualification of an elected candidate for the remainder of the six-year term for which Bernon was chosen in 1922.

He could not say Saturday when he would take the oath of office, since he has not yet received his commission.

—*Cleveland News*, April 5, 1924.

EDWARD J. HENNING

There are some men born with a judicial temperament—men who can look at all sides of a question at once and balance a conclusion. His friends naturally call him Judge Henning. His title is Assistant Secretary of Labor, and he has given to that Department a judicial service such as it never had before in reviewing facts and dispatching business.

Hon. E. J. Henning was formerly a United States District Attorney in Wisconsin and proved a most efficient member of the staff in the Department of Justice. He has a lucid and logical way of looking at things. Later he removed to San Diego, California, to practice law and soon had a large practice. For some years he was active as counsel in the Loyal Order of Moose, and did much in the constructive work of the organization with Director-General James J. Davis. A Moose convention without Judge Henning would not be thought complete.

When James J. Davis was named for Secretary of Labor, he asked his friend and associate to go with him, and although it meant a personal sacrifice, Judge Henning was ready to respond. In every emergency he is level-headed, and it was hoped that he might accept one of the judicial positions in California, for men of the calibre and ability of Judge Henning usually find their way to the bench. There is a grim sense of humor in the make-up of this apparently serious-minded lawyer—he knows human nature. In the administration of affairs at the Immigration Bureau his work has been notable and without precedent.

Thoroughly familiarizing himself with every phase of the Labor Department, he blazed his path. Over twelve hundred cases were acted

Edward J. Henning

Assistant Secretary of Labor

upon in one week. Long hours and hard work night and day does not appall him. Especially happy in meeting the various delegations, his address to the Conference of the Workers was a greeting that greeted. Giving a vivid, clear survey of the work in his Department he paid a tribute to his chief, who as an immigrant himself understands the problems of immigration. As a child working in the mills he understands the question of child labor, and all its blights as well as benefits. He enlisted with the men and women who have so valiantly fought the evils of child labor.—JOE MITCHELL CHAPPLE in the *National Magazine*.

TIMOTHY WILLIAM STANTON

Timothy William Stanton, geologist and paleontologist, was graduated from the University with the degree of B.S. in 1883 and with the degree of M.S. in 1885. Mr. Stanton was assistant state librarian for the State of Colorado from 1885 to 1888. In 1889 he entered government service, becoming at that time assistant paleontologist. In 1897 he received his Ph.D. from Columbian University, now known as George Washington University. In 1900 Dr. Stanton became chief paleontologist, and since 1903 he has been geologist in charge of paleontology and stratigraphy in the United States Geological Survey. Recently he visited relatives in Boulder while en route from field work in southern Nevada and in Texas.

ALBERT P. SPOONER

A. P. Spooner, who succeeds R. M. Bird as engineer of tests of the Bethlehem plant of Bethlehem Steel Company, has been in their employ since 1915 in the metallurgical division working under R. M. Bird and his predecessor, W. R. Shimer.

Mr. Spooner received the degree of metallurgical engineer at Lehigh University in 1911. After graduation he was employed in the blast furnace department of the Pennsylvania Steel Company who at that time were carrying on a considerable amount of experimental work. In 1912 he became identified with the Canadian Collieries Company, Ltd., Union Bay, Canada, working in their coal washery and loading plant until 1913.

During the first year of the war he became connected with the inspection department of the Harrisburg Pipe & Pipe Bending Company who were working on shell orders. He was with them until 1915 when he became associated with Bethlehem Steel Company where he has had occasion to keep in close contact with all their products.

Mr. Spooner is a member of the American Institute of Mining & Metallurgical Engineers, the American Society for Testing Materials, and chairman of the Lehigh Valley Chapter of the American Society for Steel Treating.—*Transactions of American Society for Steel Testing*.

GLENN WRIGHT

Glenn Wright of Pittsburgh Pirates, Steel Armed and
and Rubber Heeled

The successor to Wagner the great—shortstop who can hit—is what Barney Dreyfuss, astute President of the Pittsburgh Pirates, seems to have picked up in Glenn Wright, the vital spark in the Kansas City Club, which last year won the pennant in the American Association.

Look over young Mr. Wright. In the words of the ambitious baseball correspondent describing the new pitcher, he seems to have everything. Youth, speed, strength and wonderful batting eye are all his.

The situation in Pittsburgh is peculiar. There hasn't been a shortstop there worthy of the name since old Hans folded up his glove and decided he wished to stay at home instead of traveling about the country.

Managers have come and gone in Pittsburgh since the days of Fred Clarke. Shortstops have come and gone since the days of Wagner, but somehow or other the Smoky City has never been able to become fortified as in the days of yore.

Now that Bill McKechnie seems to have made sure of the job of bossing the team and Carson Bigbee seems to be able to take care of the post of Clarke in left field, the main anxiety has been to get a man to fill the shoes of Wagner.

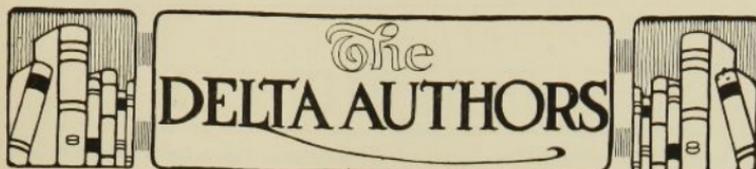

How futile, the average baseball fan will exclaim. He remembers old Honus. He remembers the failures that have strewn the diamond the years following the departure of the "Flying Dutchman." First there came Gerber, then Caton, then Barbare, and then "Rabbit" Maranville. Not one of them filled the bill. They all could field, but they couldn't hit.

In Wright we have, says Col. Dreyfuss, not alone the smartest fielding shortstop in the American Association, but a classy batsman as well. He was bought for the Pirates in a close race with the New York Yankees who claim they should have had the player. The price paid was something in the neighborhood of \$30,000 with a couple of ball players thrown in.

Through a season of 168 games Wright held up the Kansas City Blues last year and helped to land the pennant. Then he played rings around the famous Joe Boley, held at \$100,000 by Jack Dunn, in the "Little World's Series," between the Kansas City and Baltimore Clubs.

All the big league scouts who have seen Wright declare him to be the best of the minor league offerings at shortstop. He must battle Maranville, a crafty and seasoned veteran, for a regular berth this spring, but the verdict of those who have seen him in action is that the "Rabbit" will be seen playing second base this year and that Wright will be in the shoes of Wagner.

—*The New York World*, March 9, 1924.

OMEGA '02

HERBERT ADAMS GIBBONS

AMERICA'S PLACE IN THE WORLD by Herbert Adams Gibbons.
Century Co., \$2.

After a thorough perusal of this 200-page volume we have come to the conclusion that it contains upon its jacket the most modest description any book has ever borne. This inadequate exposition states: "A sound, extremely well written book that should be read by every American who cares whether his country is right or wrong." Our amendment to it would strike out the clause beginning "who . . .", for it is a book that every American should read regardless of whether he cares anything for his country or not. Once he has finished it he cannot but help having the strongest kind of an interest in the past, present, and future of the United States. He will be an American in the true sense of the word forever after.

In this most recent product, the prolific Princeton historian drags America from its high idealistic horse, clears away some of the muck of blatant egoism which has mired it at times, and shows it very plainly what it is today, where it has made past mistakes and what it should do in the future for its own sake. He opens the reader's eyes to the cold, hard facts of the international whirl in its relation to the United States.

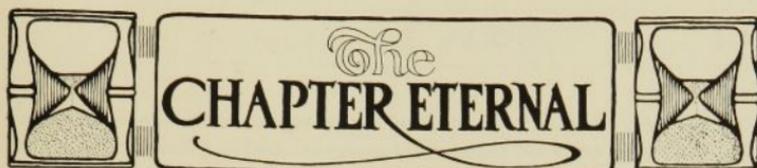

He takes up very clearly and concisely all the phases that this country has passed through from its colonization to its present and future prospects. He treats upon Europe's finger in the pie of the Western Hemisphere, upon our policy of isolation, upon our relation to the other American nations and to the Far East. He explains our arbitration record, our limitation of armaments policy, the immigration question. He points out the obstacles to joining the League of Nations and finally summarizes the pitfalls that the United States must avoid in world politics. He has looked at all these matters from the strictly American attitude. "In every chapter of this volume," he says, "we have argued that the various problems of American foreign policy should be tested primarily by asking: how would this or that proposal affect our own security and prosperity? We must be true to ourselves, only then are we in a position to be true to others."

Dr. Gibbons blows the dust off the unwavering sense of proportion that belonged to Washington, which has been forgotten so often by the average American as he responded to his natural instincts of sympathy or hate. This spirit which looked to America first and to the world

afterward is needed not only to-day, but also to a greater extent than ever in the future. The author illustrates how it has helped America in the past, though at times it has been used rather unconsciously, and how in spite of blundering, many splendid ends have been consummated.

Dr. Gibbons' new book is the one for which we have been searching for some time. Like the bluebird of happiness the object of our search was nearer to home than we suspected. *America's Place in the World* is ideal for the busy man who desires a concise, clear exposition of what the modern movements are all about, but who has neither the time nor the inclination to sort the wheat from the ever-circulating chaff tinged as it is with sympathy, propaganda, and misrepresentation. With this lucid portrayal is contained a warning that every American must take to heart. Dr. Gibbons has contributed a valuable book to the American bookcase.

FREDERICK OSBORNE, in *The Princeton Herald*, May 1, 1924.

ISAAC WILLIAM LITTELL

Gen. I. W. Littell Dies in Walter Reed

Cited in World War for Construction of Camps Under Insuperable Obstacles

Brig. Gen. Isaac W. Littell, U. S. A., retired, died yesterday in Walter Reed Hospital. Since his retirement in February, 1919, he had been living at Staunton, Va. Funeral services will be held in St. Margaret's Episcopal Church tomorrow afternoon at 2 o'clock. Interment will be in Arlington cemetery.

Gen. Littell was born in Elizabeth, N. J., in 1857. He was graduated from the Military Academy in 1883. During the World War he was in charge of the construction of camps and cantonments, and for his work in this respect he was awarded the Distinguished Service Medal. His citation noted that his work was accomplished under "conditions involving almost insuperable obstacles."

He is survived by his wife, Mrs. Julia Barrett Littell; two sons, I W. Littell, Jr., of Lehigh University, and G. B. Littell, of Scranton, Pa., and three daughters, Mrs. Patch, wife of Maj. A. M. Patch, Jr., U. S. A.;

Mrs. Bryan, wife of Commander G. S. Bryan, U. S. N., and Mrs. Owen, wife of Commander W. C. Owen, U. S. N.

TAU PRIME '82

WALTER BAUSMAN

W. J. Bausman, Organist, Dies

Widely-Known Musician, who Was Stricken at Close of Service, Succumbs Sunday

Prof. Walter J. Bausman, wellknown in the musical circles of New York, Philadelphia and Lancaster as an organist, died Sunday morning April 7th, at 2 o'clock in St. Joseph's hospital, this city, of cerebral hemorrhages, after an illness of three weeks. He was stricken at the close of a service in the Episcopal church of the Holy Apostles, Twenty-First and Christian streets, Philadelphia, of which he was organist, on March 21. He was playing a recessional and suddenly halted. He, however, continued despite his critical condition and completed the service. He was taken to a Philadelphia hospital and then brought to St. Joseph's hospital, this city, the following day.

Prof. Bausman was the youngest of the children of the late Samuel and Elizabeth Bausman, of the Millersville turnpike, Lancaster township, where he was born. He early evinced musical ability and eventually became a student at the New England Conservatory of Music, from which he was graduated. He then spent two years abroad, studying music in Paris and Berlin. Returning to this country, he conducted a studio for a short period in Lancaster and then removed to New York, where he conducted a studio many years. For the five months preceding his illness, he had been organist of the Philadelphia church in which he was stricken.

Prof. Bausman had a host of friends in this city, where he usually spent the Christmas holidays. He will be missed by his fellow musicians, as he was always ready to lend a helping hand to those less fortunate than himself.

While residing in Lancaster he was at different times organist of Trinity Lutheran and St. James Episcopal churches, and later was instructor in a school for girls along the Hudson River, and then filled a similar position at the Beechwood School for Girls, at Jenkintown. He was affiliated with the Episcopal church.

The following brothers and sisters survive: Mrs. Anna Hershey, Lancaster; Mrs. Isaac Ranck, Philadelphia; John A. Bausman, Lancaster; Henry D. Bausman, Millersville turnpike; Samuel D. Bausman, Lancaster, and Rev. Benjamin Bausman, Harrisburg.

Funeral services will be held Wednesday afternoon at 3 o'clock from

Robert E. Wilson
Beta Pi '98
Chapter Eternal, Dec. 30, 1923

the home of his brother, Samuel D. Bausman, 425 West Orange street. Interment will be private in Lancaster cemetery.

Philadelphia paper, April 8, 1924.

BETA DELTA '93

GREENE FLOURNOY JOHNSON

WHEREAS, Almighty God in His infinite wisdom, has seen fit to remove from the activities of this life our dearly beloved brother, Greene Flournoy Johnson, and

WHEREAS, In the death of this brother, Chapter Beta Delta of Delta Tau Delta has suffered the loss of a faithful brother and friend whose activities in life showed his devotion to his chapter and to the fraternity, as was always becoming to a loyal Delt; be it

Resolved, That we, his brothers of Chapter Beta Delta extend to his bereaved family our sincerest sympathy in our mutual sorrow and loss; and be it further

Resolved, That a copy of these resolutions be sent to the family of the beloved brother, a copy entered upon the minutes of this chapter, and a copy be forwarded to THE RAINBOW for publication.

Beta Delta Chapter of Delta Tau Delta,
J. QUENTIN DAVIDSON.

BETA PI '98

ROBERT E. WILSON

The passing of Brother Robert E. Wilson has left a vacancy in Delta Tau Delta that never can be filled. The time, energy and fraternal aid which he gave towards the development of his Fraternity and Beta Pi was of a kind which few are able to give.

Despite the fact that the University and other affairs of the school took up a lot of his time and attention he always had some spare time in which to devote to his Fraternity and Beta Pi. He never lost sight of the Fraternity which had been such an evident influence since his college days.

Brother Wilson was born in Oak Lawn, Cook County, Illinois, August 12, 1872. He was a member of Phi Beta Kappa, Sigma Xi, American Mathematical Society and the American Mathematical Association. He was considered an authority on all higher mathematics.

He entered Northwestern in 1894 after taking a college preparatory course in the Evanston Academy. He received his M.A. in 1900 at Northwestern University and some time later took a two-year course at Goettingen University, Germany, in higher mathematics, for which he received his doctor's degree.

Between the years of 1894 and 1898 he made a pronounced impression among the Western Conference schools for his athletic ability. He held the Western Conference record for the years of 1896 to 1898 for pole vaulting. He won letters both in track and football.

Brother Wilson had been recently appointed dean of men by President Scott, the first dean of men at Northwestern University. A short time after his appointment he was taken ill and was never able to take an active part in campus affairs as he had done in the past.

Brother Wilson died December 30, 1923, after an illness lasting for several months. He is survived by a widow, Mrs. Robert E. Wilson, and two children, Elizabeth and Volney.

His fraternity brothers were impressed by his devotion to his Fraternity and his Alma Mater, and his determination to offer aid to anyone to whom he could be of assistance. His death is mourned by all those who knew him.

Resolutions of Beta Pi Chapter

WHEREAS, It has pleased Almighty God in His infinite wisdom to take from this life our beloved brother, Robert E. Wilson; and

WHEREAS, In his death, Beta Pi of Delta Tau Delta has suffered the loss of a most faithful member and friend whose loyalty is beyond reproach; be it

Resolved, That we, his brothers of Beta Pi Chapter, extend to his bereaved family our sincerest sympathy in our mutual sorrow and loss, and be it further

Resolved, That a copy of these resolutions be sent to the family of the beloved brother, and a copy be forwarded to THE RAINBOW for publication.

Beta Pi of Delta Tau Delta,
By ROY MELIND.

A. J. Monroe of Bell Telephone Co. Dies

Funeral services for Arthur J. Monroe, 3926 Connecticut Street, former traffic superintendent of the Southwestern Bell Telephone Company here, who died at his home Tuesday of heart disease following an illness of several weeks, will be held from the Church of the Immaculate Concep-

tion at 9 o'clock tomorrow morning. Interment will be at Middletown, Conn., Sunday. Until noon Friday the body will lie in state at the Peetz Bros. Undertaking Company Chapel at 3005 Lafayette Avenue.

Monroe until recently was telephone traffic superintendent here, where he had charge of about 1300 operators. He held this position until his recent transfer to the executive staff of the Ohio Bell Telephone Company, with headquarters at Cleveland.

He is survived by his widow, his mother, Mrs. C. S. Hemenway of Georgetown, N. Y., five children and a brother, Ernest Monroe of Pittsburg, Kansas.—*St. Louis Democrat*, March 27, 1924.

WHEREAS, It has pleased Almighty God in His infinite wisdom to remove from the life of this earth our beloved brother, A. J. Monroe, of the class of 1906, and,

WHEREAS, In the death of Brother Monroe, Gamma Zeta Chapter and the Fraternity at large have lost a man of high and noble character, and in this loss our hearts go out in sympathy to his family and friends; be it

Resolved, That we, the members of Gamma Zeta Chapter of Delta Tau Delta, in regular meeting express our sorrow over this loss, and our sympathy to all who know him; and be it further

Resolved, That a copy of these resolutions be sent to the family of our departed brother; a copy entered on the minutes of this Chapter, and a copy forwarded to THE RAINBOW for publication.

Gamma Zeta Chapter, Delta Tau Delta.

REGINALD RUTHERFORD

Prominent Banker Dies at His Home

Reginald Rutherford, thirty-eight years old, vice president of the Union Trust Company, president of the Washington Canoe Club, and a lifelong resident of this city, died at his home, 1755 Lanier Place northwest, yesterday, following an illness of two months.

Funeral services will be conducted at his late residence tomorrow afternoon at two o'clock. Rev. Earl Willley, pastor of the Vermont Avenue Christian Church, will officiate. Interment will be in the Fort Lincoln Cemetery.

Mr. Rutherford was the son of Mrs. Allen Rutherford and the late Gen. Rutherford. He had been connected with the Union Trust Company since its organization in the latter part of 1900. Several of the officials of the company stated today that the company had, through the death of Mr. Rutherford, lost one of its most valuable men.

Mr. Rutherford was a graduate of the George Washington University Law School, and a member of Naval Lodge, No. 4, F.A.A.M.

His mother, wife, Mrs. Katherine Alvord Rutherford, and four young children survive him.—*Washington Star*, April 11, 1924.

Service

THE appointment of the L. G. Balfour Company as Official Jeweler to Delta Tau Delta is contingent for its successful fulfillment upon the "Service" the Company can render its individual members. We will, therefore, be deeply grateful to have your earnest co-operation and to receive suggestions which will aid our efforts to make the term "Service" more effective. Our desire for your continued patronage is no stronger than our intention to deserve it.

Our 1924 Blue Book illustrating various novelties which may be mounted with the Delta Tau Delta insignia will be sent on request.
