Number 4

(4544-800)

David N. Keller, Editor

When Keith Steiner joined the Central Office staff in 1976, he replaced Frank Price, Jr., who had left after 10 years of service. Al Sheriff, then executive vice-president (now president of the Fraternity's Educational Foundation), described Frank's departure as "a saddening experience, but with two compensations." First, he explained, Frank was embarking on a new adventure he had wanted to explore for a long time, namely starting a children's day camp in Alabama, near his home town of Decatur. The second compensation was finding a worthy successor in the Central Office.

Similar thoughts now apply as Keith, our good friend and colleague, leaves to begin a career as a stock broker (see page 8). Armed with a new MBA, he wants to apply his considerable talents to the field of investments. Those who have worked with him in Delta Tau Delta, including Arch Chapter members, Division officers, staff, and hundreds of other alumni and undergraduates, share the opinion that he will be extremely successful. We're happy he and his wife, Jane Ann, will continue to live in Indianapolis.

We also welcome young Pat Gibbons to the team. His track records as an undergraduate at Cincinnati and chapter consultant during the past year provide exceptional credentials. Being an artist, one of his early problems is encoun-

tering numerous requests from the magazine editor for services not included in his job description. Keith can sympathize with that. Being a good writer, he had the same problem.

Incidentally, Frank Price and his wife, Carolyn, have been very successful with the day camp, which continues to prosper and grow each year.

A recurrent point of interest spreads through a large number of chapter reports in this issue. That is reference to a visit by International President Don Kress. We mention it here on the outside chance that you read *only* the report from your own chapter.

When he took office at the 1984 Karnea, President Kress vowed to visit all 118 Delt chapters before the end of his two-year term. Despite a busy career on Wall Street, he already has passed the halfway mark toward that visitation goal.

The effort is not just an assumed responsibility of his presidency. An extensive business traveler, Don has been stopping in to see undergraduates across the country for many years. His genuine interest in chapters and individual members is recognized and appreciated by undergraduates, and his enthusiasm never fails to make a lasting contribution.—DNK

*An undergraduate team from Beta Pi Chapter at Northwestern University performs the Rite of Iris as part of a model initiation program for participants of the Northern Division Conference. In an article beginning on page 4, Fraternity Historian and former International President Robert L. Hartford provides an intriguing view of rituals through the years, with emphasis on those of Delta Tau Delta.*

A quarterly magazine devoted to educational materials concerning college and fraternity interests. The official educative journal of Delta Tau Delta Fraternity. Subscription rate, \$3.00 per year. All chapter reports, alumni notes, alumni chapter reports, news stories, photographs, manuscripts, subscriptions and death notices, for publication, should be sent to **Delta Tau Delta Fraternity, 4740 Kingsway Drive, Suite 110, Indianapolis, Indiana 46205**. Second-class postage paid at Athens, Ohio. Published at 900 East State Street, Athens, Ohio 45701, and issued four times during the year.

Championship North Dakota Flying Team members (from left) are: kneeling, Captain Rob Geisler, Will Ward, Tom Kutchera, and Charles Kalvoda; standing, Assistant Coach Philip Hein, William Schlgeter, Rod Reynolds, Tim Peirce, Steve Church, Grant Smith, Joe Johnson, John Caturia, and Coach Kent Lovelace.

# National Champions

SIX Delts won individual championship trophies, as the University of North Dakota's flying team swept first-place honors in the 1985 National Intercollegiate Flying Association Tournament of Champions.

The 11-member North Dakota team became the first ever to win both the championship and the Judge's Trophy for the best over-all team.

Fifty-two schools advanced from regional contests to compete for national honors at the May 9-11 meet in Columbus, Ohio. Teams were tested in eight areas, four on the ground and four in the air. The ground tests included aircraft recognition and flying a computer-scored simulator. In the air, pilots made power-on and power-off precision landings and message drops at targets.

Delt Robert Geisler, the team captain and an individual champion,

has been invited to try out for the five-member U.S.A. team, which will fly in world competition.

The other five Delt champions are Joe Johnson, Tim Kutchera, Tim Peirce, Rod Reynolds, and William Ward. Delts Andy Luce and James Deblock also are members of the team, although they did not participate in the Tournament of Champions.

Captain Geisler said the UND team practiced three times each week to prepare for the competition, including getting up at 5:30 a.m. to fly on Sundays.

Don Smith, *North Dakota '44*, assistant dean of the University's Center for Aerospace Sciences, said, "We took both major trophies, but it wasn't a rout; there was only an eight-point difference between our score and that of second place Southern Illinois."

North Dakota Delts have a 15-

year tradition of leadership in the aerospace program. Since pledging one of the first aerospace majors at UND in 1969, Delta Xi Chapter has had more than 70 members graduate from the program. Many of them now are associated with major and commuter airlines, corporate aviation, the military, or ground support management, including the Federal Aviation Administration.

The UND Center for Aerospace Science has over 1,300 students enrolled, making it among the largest aviation programs in the world. It is housed in the nation's only campus facility designed exclusively for aerospace education.

Students train on a fleet of more than 60 aircraft, including two jets, four helicopters, and state-of-the-art flight simulators. The Center also has established itself as a leader in airway and atmospheric research.

# Forming A Bond

*Delta Tau Delta's  
Historian discusses  
the role of ritual  
in society and in  
the Fraternity.*

By ROBERT L. HARTFORD  
Ohio '36

Ritual is as old as the history of man, and as new as tomorrow.

Ritual runs from the simplest of gestures to the most elaborate of ceremonies. Everybody has experienced ritual in many different forms.

What is this thing called ritual?

It's as simple as a handshake. We don't think of shaking hands as being a ritual, but it is. The handshake originated as a symbol of peace and friendship, the extending of the hand, to show it empty of any weapon. There are a great many ritualistic acts whose origins are lost to antiquity, but all of them at one time were symbolic of an important fact which could be expressed in such a way as to be understood by anyone without resorting to language.

When we salute the flag, we put our right hands over our hearts. We may not all understand just what this means, but the symbolism of it is clear. When the judge enters the courtroom, all stand. It's not his robes that we are recognizing, but the importance of his office. When the President of the United States appears on the scene, the band strikes up "Hail To The Chief." This piece of music is not used on any other occasion. It may not be the greatest march ever written, but it is one that carries a single and recognizable message. All these are examples of ritual — where words are not needed to convey an idea that is expressed in symbolism.

The Roman Catholic ceremony of celebration of the mass, certainly one of the world's rituals of longest standing and, in some of its forms by far the most elaborate, with many rich costumes and props of precious metals and gems, with large aggregations of music, involving bells and incense and with tremendous pomp and ceremony, has evolved from man's joy at the simple ceremonial breaking of bread and drinking wine by a group of poor people 2000 years ago.

Men have used rituals to express inner feelings such as that almost since the beginning of time — certainly since long before the first written word.

Our Delt Ritual is a member of that same family. It was born in an upper room of a rooming house in Bethany, West Virginia. It filled a need for a

handful of young men who saw an injustice and banded together to correct it. Through that ritual they were bonded in a common cause.

The heritage of that group today forms a bond between all Delts, no matter how old or young we may be, no matter whether we were initiated north, west, east or south. We have all stood together in one room as we have heard together over the arch of time those familiar words that have been uttered in our chapter halls for more than a dozen decades.

As pledges, we might sit in a classroom-style group while the chapter officers talked to us about our Fraternity and what it stands for. We could listen to our chapter adviser tell us about the meaning of the Delt Creed. We could listen while our chapter president explained the meaning of our Delt badge. We might even sit still for a lecture by an alumnus about what the Fraternity expects of us.

But certainly such a procedure would have far less impact than our formal initiation, which does much the same thing but in a stronger, more powerful and more colorful way. It is one of the most effective ways known to grab our attention and imbed the message in our minds.

No matter that few of us could repeat or even remember those words. No matter that there have been minor changes and revisions during that time. The symbolism that our Ritual portrays stays with us always and creates a bond between us.

The bond is probably at its strongest when we are undergraduates. Then the words and the purposes are freshest and most meaningful. Then the ritualistic procedures are the most powerful. Our best and greatest chapters are well aware of this. They are the ones who perform all our ritualistic work with extreme care, who hold formal meetings, who let the Ritual work for them to continually pump more Delt brotherhood into the chapter as a whole.

For them, the Ritual is not something that is hauled from its dark corner once a year, parceled out to an unwilling initiation team to be mumbled over a group of bewildered pledges and then forgotten. For them it is in constant use as a tool to maintain chapter solidarity, to build chapter strength.

No one is so naive as to think there are no men who scoff at the Ritual. No one could believe that every Delt ever initiated had exactly the same reaction. But it is certainly true that those Delts who have succeeded in life are in a large measure those who hold the Ritual most dear. They may not remember the password, nor could they go through the challenges, but we'll lay money on the line that even today most of them can recall some of the sentences. What they recall are most likely to be phrases from the Ritual that have played a part in guiding their lives, consciously or subconsciously. For there is much in the teachings of the Ritual that is a reminder of the way to live a fuller, richer life. There's guidance there for all of us, not only in groups but also as individuals.

It is also true that as we grow older, we Delts seem to revere the Ritual even more. And since we all went through just about the same procedure, that can't be due to having heard a different ritual. Can it be that as we mature we grow more wise?

### **Challenge to undergraduates**

In your chapter there's one, and probably only one, complete copy of the Ritual. But as an initiated member, you are entitled to see that any time you want. Why don't you take a half-hour some day and sit down wherever that book can be made available? That's all the time it will take you to go through all the ceremonies. If you have never done that, you'll probably find some things there you have either never heard or don't remember. And maybe — just maybe — you will learn why the Ritual is the glue that can bind a chapter together more tightly than anything else in the world.

If your chapter is not using all the parts of the Ritual beyond the initiation ceremonies, why not discuss it at your next chapter meeting? Perhaps you will learn, as many other chapters have, the value of our Ritual as an aid to building a better, stronger chapter with more dedicated, involved and interested Delts.

# The History of

*The tradition of Delt singing, having barely survived the test of time, is being revived throughout the Fraternity.*

By ALLAN LUTES

**I**nternationally Delt's share a bond of brotherhood formed by the common heritage passed on to each initiate. Our Fraternity songs are a unique part of this heritage being one of the few Fraternity-wide traditions to stand the test of time on their own. They have been continually passed down through time with little formal teaching or effort. Still almost every Delt remembers the words to those few songs that had their beginnings over a century ago. Today our most complete collection of Delt music is the *Centennial Songbook*, which includes work spanning the entire history of Delta Tau Delta.

Our music tradition began with our founders. One can imagine the eight men sitting in front of a fireplace sharing their friendship in a song. We will probably never know what they sang, but we can be sure they did. Most of their songs were never recorded on paper, but simply passed by word of mouth. Later, Delt's committed their work to paper and officially preserved our musical heritage. Little did they know that 130 years later men would be singing those same songs and sharing that same friendship.

One of the founders actually did put his words on paper, and they remain one of our oldest fraternity songs. J. S. Lowe, *Theta (Bethany) 1862*, wrote "Our Delta Badge." Interestingly, his grandson, H. J. Lowe, *Beta Phi (Ohio State) 1911*, later set the words to music, and the complete work is used in the *Centennial Songbook*.

One of the earliest Delt songwriters was John R. Scott, *Beta (Ohio) 1864*. He was a minor poet of some note, and was the first recipient of a citation to the Distinguished Service Chapter. Mr. Scott wrote the words to a song whose first line came to be its title, "Though Our Homes Be Far Dissevered." These words began what was Delta Tau Delta's most popular song ever written, and throughout the Fraternity it became known as just "The Song." During the 1920s, "The Song" lost much of its popularity and the piece was not included in the recent songbooks. However, another of Mr. Scott's efforts is remembered and widely used today. The piece begins, "Oh Delta Tau, our Delta Tau, thy vow has made us brothers now . . ."

Other early Delt composers were Charles Henry Wells, *Beta Mu (Tufts) 1885*, and Frank F. Rodgers, *Beta Rho (Stanford) 1889*. C. H. Wells

composed a number of original songs, only one of which appears in the *Centennial Songbook*, "Oh, Famed and Honored Delta Tau." Frank Rodgers, one of the first editors of our fraternity magazine, also wrote Delt words to several popular songs of his day. Some of them appear in the earliest songbooks, and two of them, "Tell Her Story" and "All Hail, Delta Tau" survived to be included in the *Centennial Songbook*.

About the late 1890s, the first Delt songbook was prepared. This book contains a few songs written expressly for the book and many others which were not necessarily Delt songs. In 1905, the Karnea authorized Stuart MacLean, *Beta Theta (Sewanee) 1894*, to produce a new official edition for the Fraternity's Fiftieth Anniversary.

MacLean, long time editor of *The Rainbow*, took on the task and, to this day, remains the most prolific Delt songwriter. The *Fiftieth Anniversary Songbook* was published in 1909 and contained 66 songs. Most likely no one will ever know how many were written by MacLean. He did put his name on six of them including "Sing to the Royal Purple." One which he did not sign his name to, but later admitted writing was the famous "Delta Shelter," which he had adapted from the operetta

# Delt Songs

"Nancy." Later, in the *Centennial Songbook* he is given due credit for the most widely used song in the Fraternity. Over the years the last three words have been changed from "Indeed I do" to "Dear Delta Tau." Otherwise, the song stands as he wrote it 80 years ago.

During the next 50 years, two more editions of the Fraternity songbooks were published. Delta Tau Delta's third songbook was also produced by MacLean as a revision of the second, with some new numbers added. Ralph Wray, who was Delta Tau Delta's first field secretary, produced the next edition. This edition was in use for 35 years, longer than any of our other songbooks.

During these 35 years, "The Iris Song" was composed by Truman Tomlin, *Delta Alpha (Oklahoma) 1932*, who was better known as "Pinky" Tomlin and became one of America's most famous songwriters.

In 1958, a new edition was authorized by the Karnea, and Carr Liggett, *Beta (Ohio) 1916*, volunteered to do the job. Mr. Liggett was the owner of a major advertising agency in Cleveland, and writing and music were his hobbies. He undertook to prepare an entirely new songbook with all numbers written in four-part harmony for male voices.

Mr. Liggett surveyed the Fraterni-

ty's chapters to discover what songs were being used from previous songbooks and what new songs might be available. He produced new arrangements for many old favorites, and composed new songs to fill gaps in our repertoire. These included a special elegy to be sung at the 1960 Karnea, a Delt marching song, and a grace to be sung before meals.

Unfortunately, this major work came just at a time when chapters began throwing out all traditions, the age of dissent and riots. As a result, Carr Liggett never lived to hear a Delt chorus sing his songs. *The Centennial Songbook* is not only by far the best of our songbooks, but also the least used.

Over the years at least two sets of recordings have been made of Delt songs. One was in the 1920s and included "My Girl is a Delta" and "A Delt Toast," now known as "Tell Her Story." The staff at the Central Office has been unable to locate copies of this work for many years, although some may still exist.

The second was recorded in 1948 by a double octet known as "The Sixteen" from Gamma Lambda (Purdue). These recordings included "Delta Tau Delta Greeting," "Laudamus," "Dear Old Delta Tau," "My Delta Queen," and "Delta Shelter." Copies of these recordings have been saved in the archives at

the Central Office, and tapes might be made for their present use. The arrangements are a bit slow for current tastes, but the harmonies are well done and the renderings impressive.

Most recently two Delts have contributed significant works to our collections. Prior to 1966 the pieces sung in the chapter hall were never all-Delt works, but rather words written to well-known, existing music. In 1966, for the first time an all-Delt composition was introduced. The words and music of "At the Altar" were written by a current Northern Division Vice President, Robert P. Stapp, *Beta Beta (DePauw) 1934*.

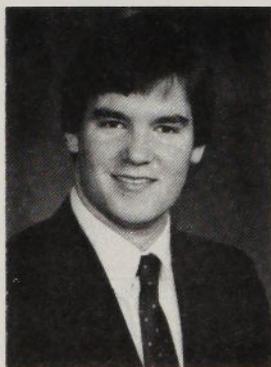

The latest songwork produced for Delta Tau Delta has come from past Southern Division President Thomas S. Sharp, *Epsilon Kappa (Louisiana State) 1967*. Mr. Sharp composed "The Delt Round" which was performed at the last Karnea banquet.

Today some signs point to a revival of the singing tradition. Chapters attending the Columbus Karnea were given a questionnaire, which included a section on chapter singing. Results show that chapter song programs are on the increase and there may be some interest in promoting another songbook or a new recording. At the most recent Karneas, singing groups have been organized, taught a few Delt songs, and performed at the Karnea banquets to considerable applause.

There is the saying that a singing chapter is a good chapter, and many still believe that a singing tradition does help to create a stronger brotherhood. Without doubt, the bond can be felt when a Karnea or Division Conference concludes with the singing of "Delta Shelter." The songs form another common bond among all Delts, and all indications show that our Delt musical heritage will continue for another 130 years.

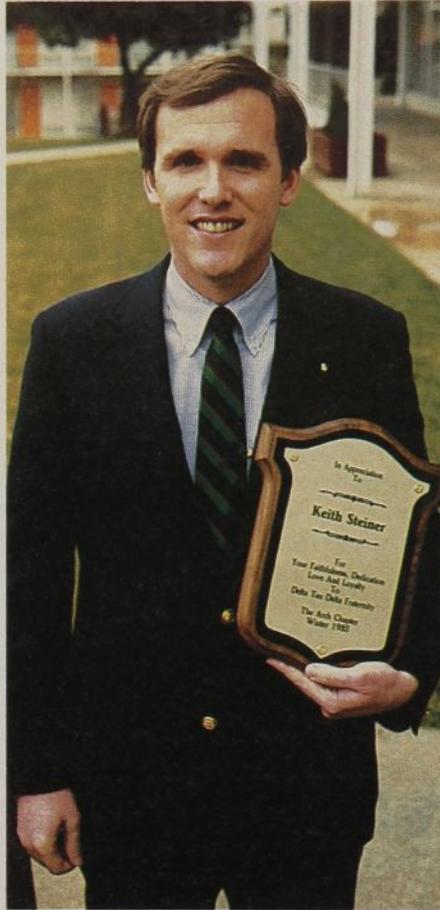

## THE AUTHOR

Allan Lutes will be a senior at the University of Michigan majoring in economics and actuarial math. In the past he has served Delta chapter as president and held a number of chairmanships. He was also managing editor of the campus Greek newspaper and has just completed a term on the Fraternity's Undergraduate Council. Allan is currently president of the University of Michigan Interfraternity Council and plans to attend law school after graduation.

## Changes in the Central Office

# A Smooth Transition

*Keith Steiner holds a plaque, given in appreciation for outstanding service to the Fraternity. The presentation was made at a joint meeting of the Arch Chapter and Undergraduate Council.*

Changes in the Central Office executive staff, prompted by the resignation of Keith Steiner, were announced in June by Executive Vice-President Gale Wilkerson.

Mr. Steiner left his position as director of chapter services to join Paine Webber as a broker in Indianapolis, after completing his MBA through the Indiana Central University night school.

Kenneth A. File, director of program development since 1982, succeeds Mr. Steiner as director of chapter services.

Patrick J. Gibbons, a chapter consultant during the 1984-85 academic year, has joined the management team as director of program development.

A 1973 graduate of Allegheny College, Keith Steiner was a chapter consultant for two years and a resident adviser for Beta Chapter at Ohio University for one academic year before joining the executive staff as director of program development in 1976.

"Keith's many contributions to Delta Tau Delta are legend, and his professional reputation as an authority on chapter services and field staff management are well-known throughout the Fraternity World," Mr. Wilkerson said, in announcing the staff changes. "We wish him the same success as he begins his new career in the investment community."

Pat Gibbons brings to the staff what Mr. Wilkerson described as "a dedication to both Delta Tau Delta and the fraternity movement, prov-

en both as an undergraduate and during the past year as a chapter consultant."

A native of Kettering, Ohio, Mr. Gibbons majored in industrial design at the University of Cincinnati, where he was graduated in 1984. He served Gamma Xi Chapter as scholarship chairman, and vice-president for rush, and edited a chapter history introduced at the chapter's 75th anniversary observance last year.

Campus-wide positions included two terms on the Student Senate, secretary of external affairs for Student Government, membership in Cincinnatus, Metro and Sigma Sigma leadership honoraries. He also is a talented artist and cartoonist.

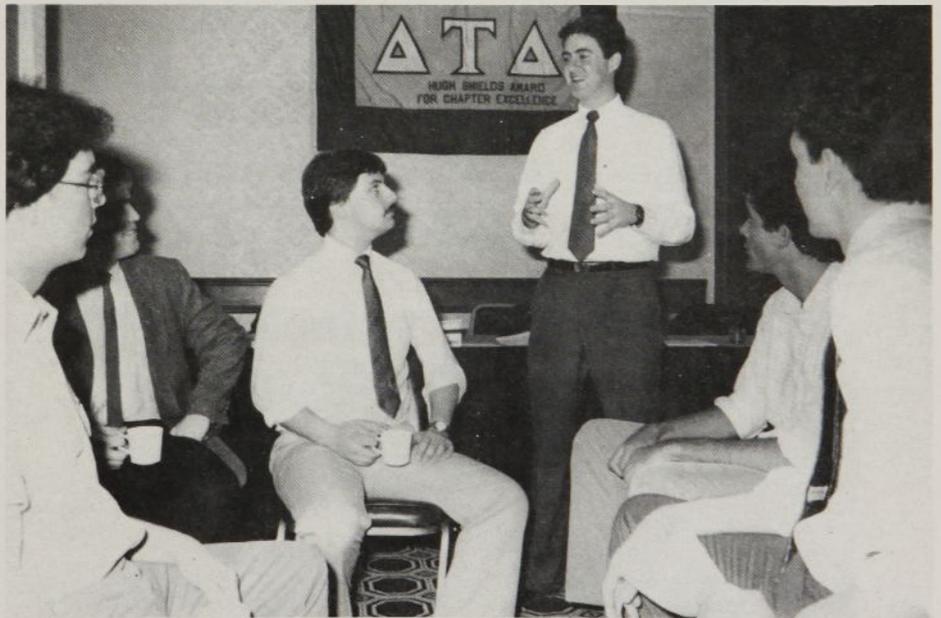

During three years on the executive staff, Ken File has become well respected for his leadership ability and exceptional organizational skills on assignments ranging from Karnaes to a wide range of Fraternity publications. A 1981 Kansas State graduate and the first "alumnus" of the Undergraduate Council to join the executive staff, he was a chapter consultant in 1981-82.

"Ken offers strong leadership and continuity to the office of director of chapter services," Mr. Wilkerson said.

The "experience and dedication" of women on the Central Office staff also were pointed out by Mr. Wilkerson as "important contributing factors to smooth transitions when we have executive changes."

Director of Chapter Services Ken File goes over an undergraduate report with Secretary Sue Hebden.

Director of Program Development Pat Gibbons leads a discussion at the Northern Division Conference.

# DIVISION REPORTS

## EASTERN DIVISION

Philadelphia, the City of Brotherly Love, was the site for this year's Eastern Division Conference. Held at the Philadelphia Centre Hotel on March 21-24, this Conference welcomed undergraduates and alumni from throughout the Eastern United States, as well as our brothers in Canada. Eastern Division President Steve Paquette presided over the Conference, closely assisted by Division Vice-President Jim Wilson and Villanova Chapter Adviser Jeff Heilmann.

Friday, a day of workshops, was capped off with an impressive model pledge ceremony performed by Zeta Phi Chapter at Temple University. In the evening, the delegation toured the city. First, the Connelly Center on the Villanova campus was the site of a glittering reception attended by Delts, their guests, and representatives from the University. Following this, Conference attendants got a real taste of Philadelphia, as co-host Zeta Theta Chapter from Villanova hosted a party at the historic Vesper Club on Boathouse Row. These boathouses beautifully line the Schuylkill Rivers and have traditionally been used by the Philadelphia crew teams.

First Vice-President Wayne Sin-

clair delivered an inspirational speech on Saturday at the Leadership Luncheon. The afternoon was highlighted by the execution of the Fraternity's ceremonies. The *Rite of Iris* was expertly executed by Delta Upsilon Chapter at the University of Delaware, followed by a spotless *Ritual* performance by Zeta Theta Chapter.

International President Donald G. Kress highlighted the evening banquet with his traditional wit and inspiration as keynote speaker. The presentation of awards followed. Delta Upsilon Chapter at the University of Delaware was awarded the Most Improved Chapter Award while Beta Omicron Chapter at Cornell and Beta Nu Chapter at MIT were named to the Court of Honor. Beta Nu was also honored in receiving the coveted Hugh Shields Award for chapter excellence. The evening concluded with a festive party at the Zeta Phi shelter, courtesy of our co-host chapter at Temple.

The Conference drew to a close on Sunday with the final business session. Most significant was the election of D. Wayne Taylor, *Toronto '77*, as the new Eastern Division president. Mr. Taylor was elected to serve the Division for the next two years.

Newly elected Northern Division President Jim Conley, left, receives the gavel from outgoing President Bill Hirsch at the Division Conference.

## NORTHERN DIVISION

The Northern Division Conference was held at Chicago's Northshore Hilton Hotel, April 12-13. Northern Division President Bill Hirsch presided over the Conference, attended by approximately 135 Delts, their advisers, Division officers and Arch Chapter members.

Beta Pi Chapter at Northwestern University carried off the role of host chapter in exemplary fashion, hosting social events at their chapter house and providing Conference registration and back-up work. They also performed the model *Ritual* ceremony and made all Delts welcome to the Windy City. Director of Academic Affairs Dr. James Conley provided a Leadership Luncheon speech to the Conference that inspired the rest of the weekend.

A wide array of leadership and educational conferences covered all areas from financial management, to rush, to scholastic improvement. Business sessions grappled with *Constitutional* changes and was highlighted by the election of a new Division president upon the retirement of Bill Hirsch. Dr. James L. Conley was elected to serve as Northern Division president for the next two years.

Saturday evening was climaxed by the Northern Division Banquet. Outgoing President Hirsch passed the gavel to Dr. Conley and awarded four Hugh Shields Awards to Northern Division Chapters. Honored with the Fraternity's highest award were Beta Zeta Chapter at Butler, Gamma Beta Chapter at Illinois Institute of Technology, Epsilon Iota "B" at General Motors Engineering and Management Institute, and Epsilon Mu Chapter at Ball State University.

Also honored as members of the 1984 Court of Honor were Eta Chapter at Akron, Iota Chapter at Michigan State, Beta Beta Chapter at DePauw, and Gamma Upsilon Chapter at Miami. Epsilon Chapter at Albion College and Omicron Chapter at the University of Iowa received special academic honors.

A report on the Southern Division Conference appeared in the spring issue of the magazine. — Ed.

## WESTERN DIVISION

The Western Division Conference was held on the campus of the University of Denver, February 28-March 2. It was a gathering of over 175 Delts from the 36 Western Division chapters, along with many chapter advisers, Division vice-presidents, and members of the Arch Chapter and Central Office staff. At the foot of the front range of the Rocky Mountains, Denver offers a central location to the widely dispersed Western Division chapters. Many brothers took advantage of nearby ski resorts to enjoy winter sports, using the souvenir Western Division ski caps.

Western Division President Sid Gonsoulin, *Louisiana State '70*, presided over a jam-packed agenda including leadership sessions, educational speakers, and the sharing of information between chapters. Rich Lewis, president of Epsilon Gamma Chapter at Washington State, shared with Western Division treasurers his computerized financial management system that he developed while treasurer of his chapter.

Dr. Tom Goodale, Vice Chancellor of the University of Denver, welcomed Delts to the campus and spoke about the need for greater awareness of the dangers of alcohol within the fraternity movement. Friday and Saturday were filled with

leadership sessions dealing with various areas of chapter management and scholastic improvement.

The Conference was topped off Saturday night by the Western Division Conference Banquet. International President Donald G. Kress addressed the Conference and many Denver alumni. Hugh Shields Awards were given to Beta Tau at the University of Nebraska, Gamma Pi at Iowa State and Delta Alpha at the University of Oklahoma. Court of Honor distinction was awarded, not only to the three Hugh Shields Award winners, but also to Gamma Kappa at the University of Missouri, Delta Rho at Whitman College and Delta Chi at Oklahoma State. ▲

## Directing Academic Affairs

Dr. John H. Venable, who was initiated into the Fraternity at Carnegie-Mellon University in 1947 and later was a founding member of Delta Chi Chapter at Oklahoma State University, has been appointed to the Arch Chapter position of director of academic affairs.

His appointment was made this spring when Dr. James L. Conley, *Ohio Wesleyan '59*, resigned from that office to become president of the Northern Division.

Dr. Venable was interim dean of the College of Veterinary Medicine and Biomedical Sciences at Colorado State University from 1982 to 1984. He left that position to spend six months as a visiting scientist at the International Laboratory for Research in Animal Disease, Nairobi, Kenya, returning to Colorado State recently as professor of anatomy.

Although he was an undergraduate at Carnegie-Mellon (then Carnegie Tech) only one year, Dr. Venable remembers his brief Delt experience there as "a blend of academic effort and uncommon fraternal brotherhood that has always served me well in my academic pursuits."

Because he decided to study animal science, he transferred to Oklahoma State (then Oklahoma A & M) soon after initiation. There he met three other Delts, Don Holt, George Blessing, and

Dr. Venable

Dale Edmundson, who had transferred from Oklahoma University. The Fraternity at that time was in the process of forming a chapter at Oklahoma A & M, so the four new friends soon became charter members of Delta Chi Chapter.

After receiving a degree in veterinary medicine and spending two years in private practice, Dr. Venable returned to his alma mater as a member of the faculty. He also served as Delta Chi's chapter adviser for 12 years and a member of the House Corporation for 20 years. Later he became a Western Division vice-president.

In 1976, Dr. Venable was named chairman of the Department of Anatomy at Colorado

State. Six years later he became interim associate dean of Veterinary Medicine and Biomedical Sciences, before accepting the position as interim dean. Yet, he made time to serve as adviser to the Crescent Colony at Wyoming, commuting weekly from Fort Collins, Colo.

Dr. Venable's decision to spend six months in Kenya was in anticipation of leaving college administration to devote the remainder of his career to more personal pursuits such as research and teaching.

Fortunately for Delta Tau Delta, those interests also include spending time to direct the continued Fraternity-wide development of undergraduate academic programs, ably led by Dr. Conley during the past three years.

Meanwhile, Dr. Conley is focusing his expertise on heading the Northern Division. A former faculty member of Michigan State University, where he received a Ph.D. in 1959, he also taught at the high school level and was a professor and director of research at the Western Illinois College of Education before establishing a successful insurance and estate-planning business in Macomb, Ill.

Both Dr. Venable and Dr. Conley are members of the Fraternity's Distinguished Service Chapter. ▲

# TRIK-LA

BETA ZETA Chapter of Delta Tau Delta at Butler University annually hosts the event Trik-La-Tron, which is the culmination of 20 weeks of money-making, organizing and plain hard work. This year's version produced over \$2,000, which was given to an Indianapolis hospital.

The main event features two tricycle races and a queen contest. The first race is between Indianapolis-area celebrities and the second race features paired groups from men's and women's housing units. The queen contest is for representatives from each women's housing unit on campus and the commuters — nine in all.

The event concludes the following evening with a dance featuring an Indianapolis band.

The 1985 event was similar to those of the past; however, the fund raising has changed.

"Sororities used to make money for the event," Mark McCarty, 1985 Trik-La-Tron chairman said. "They would compete against each other to see who could make the most money."

But three years ago, Sally Walker, dean of students at Butler, put an end to that method of fund raising. Now, according to McCarty, most of the money is still made on campus, but it is raised by the brothers in an assortment of ways.

The event currently runs under a point system. The women's housing unit that accumulates the most points earns the right to display the five-foot trophy in its house for a year.

Most of the points received are from donating the most money to the pennies and blues runs, and from T-shirt sales. Competition is fierce.

During the blues run, brothers dress up as characters out of the Blues Brothers movies and serenade sororities with out-of-tune blues songs such as "Jack the Knife" and "Theme from Rawhide" while accepting pennies and other change from the girls. This year's run was accompanied by talented chapter instrumentalists playing the trombone, trumpet and other musical instruments. Other campus fund raisers are all-campus parties, slave auctions, car washes and cookouts.

The parties are scheduled on free nights and all students "of age" and displaying a Butler I.D. card are allowed to enter the party. In the past, Budweiser has donated all of the beer, allowing all admission funds to go to the philanthropy.

Slave auctions feature chapter members selling their time to girls and brothers. The auctions are competitive, and this year they raised over \$500.

Cookouts accompany events such as Trak-La-Tron, a five-mile run and one-mile fun run that is in its sophomore year. Currently it is a fund raiser for Trik, but has the potential to be more.

"Trak-La-Tron someday could be a big event like Trik," McCarty said. "I can see Trak being in the spring and Trik in the fall."

Scheduled as the first race of the Indianapolis season, the race serves as a warm-up for Indianapolis running enthusiasts. Participants receive a hat and 32-oz cup for their entry fee and age-bracket winners receive victory trophies.

Other contributors are corporate businesses.

"Companies have to know who they are giving to and that the organization is legitimate before they will contribute," McCarty said. "Corporate sponsors are hard to get because they think they are giving only to a fraternity."

The companies most willing to sponsor are those run by Deltas or other Butler alumni.

The first step Beta Zeta took was to align with an organization located in the city so sponsors know to whom they are contributing. Thus, we changed philanthropies from Muscular Dystrophy to the James Whitcomb Riley Hospital for Children located in central Indianapolis.

"Firms are more willing to give to an in-state organization than to a nationwide one where there is no idea where the money ends up," McCarty said. "Indianapolis firms are the best to solicit. They know Butler and they know Riley Hospital."

# TRON

Past contributors are the most reliable sponsors. They must, however, be kept informed about the event and thanked for their contributions.

To make the event itself run, many donations are additionally made to Trik. Free flowers for the queen, tuxedos for the escorts and free Coke and signs from Coke are examples.

The queen parade features free rented limousines and convertibles.

Indianapolis Cablevision also donated a free commercial for publicity.

Production of a program this year was sponsored by paper companies and a print shop. And, as in the past, companies like the radio station Q-95 have donated cups.

On June 1, Trik-La-Tron Chairman McCarty and Trak-La-Tron Chairman Dave Stone appeared on the Children's Miracle Network Telethon for Riley Hospital and presented a check in the name of Delta Tau Delta. A lot of work goes into the event that concludes with that check. But, that is what fraternities are for.

*Delta Gamma members Teri Vlasak, left, and Lori Melsa celebrate after their sorority won both the money and the over-all trophies at the Butler Delt Trik-La-Thon. The Delta Gammas raised more than \$500 to win the money trophy (smaller of the two), placed second in the race, then won the queen contest to take home the over-all trophy. Joanna Franklin was named queen.*

# HONORING YOUNG ALUMNI

*Bill Fraering Awards reflect extraordinary service to the Fraternity.*

THREE ALUMNI received Bill Fraering Awards at separate events this spring.

The awards for extraordinary service to the Fraternity were made to David M. Wilken, *Idaho '76*, at a Founders Day program of Delta Mu Chapter; Gregory J. Pier, *Maine '77*, at the Western Division Conference in Denver; and Thomas F. Calhoun, II, *Ohio State '70*, at the Northern Division Conference in Skokie, a suburb of Chicago.

The awards were established in 1982, in honor of the late Mr. Fraering, who was serving as international president of Delta Tau Delta at the time of his death in 1979. Mr. Fraering devoted much of his time fostering leadership development among young alumni. Consequently, the focus is on youth, although nominees must have been alumni for at least three years. Certificates and lapel pins are presented to recipients.

Dave Wilken started his service to the Fraternity on the undergraduate level, holding a variety of Delta Mu Chapter offices, including that of president. After graduation, he continued to work in alumni roles and was appointed Western Division vice-president in 1979, serving chapters at Whitman College, Washington State University, and the University of Idaho. He was a tireless helper in rush, financial management, pledge education and chapter operations, and was instrumental in helping Delta Rho at Whitman regain its strength to a position of prominence. His nomination was approved in 1982, but a busy schedule kept the award from being presented until April 4, 1985.

Greg Pier, former undergradu-

ate chapter president at Maine, served two years with the chapter consultant staff, visiting more than 100 chapters coast-to-coast. After completing that assignment, he began an insurance career in his native New Jersey, but continued to serve as an alumnus volunteer. Moving to Los Angeles, he became involved in the reorganization of Delta Pi Chapter at the University of Southern California. He also was appointed Western Division vice-president to serve chapters at UC-Santa Barbara, UCLA, and Southern California. He has concentrated efforts particularly as chapter adviser at USC and shared that chapter's pride when it was reinstated last December.

Tom Calhoun, also a former undergraduate president, has served on the Ohio State Chapter's House Corporation and as chapter adviser through the 1970s and into the '80s. In 1978

he was appointed Northern Division vice-president, serving OSU, Ohio Wesleyan, and Kenyon chapters. Long an organizer and supporter of alumni activity in central Ohio, he was president of the Columbus alumni group and organizer of its annual Founders Day program. His energy and devotion to the Fraternity are well-known, and he has conducted special rush sessions at Karneas and numerous leadership sessions. Last fall he served as general chairman of the Columbus Karnea.

Nominations for Bill Fraering Awards can be made in written form by undergraduate chapters, alumni chapters, and "at-large" alumni groups, following special guidelines provided by the Central Office. For detailed information on submitting the name of a nominee, contact Delta Tau Delta, 4740 Kingsway Drive, Suite 110, Indianapolis, Ind. 46205.

Tom Calhoun, left, accepts a Bill Fraering Award from Executive Vice-President Gale Wilkerson at the Northern Division Conference.

## Among the Alumni

**Budge V. Lee**, *Oklahoma '41*, retired at the end of 1984, after 42 years at General Dynamics' Fort Worth Division, and was honored with a reception attended by more than 400 persons. An industrial engineer, Mr. Lee served in a number of management positions, and belonged to several professional organizations. He was honored last October as a founding member of the nation's oldest small business council, located in Dallas-Fort Worth.

**John C. Boesch**, *Florida State '61*, became a partner in an antique jewelry and collectibles store, "The Incurable Collector," in San Mateo, Calif. last fall. He also is vice-president of marketing for the Stuart Rental Co., northern California's leading special events rental services company. During 1983-84, Mr. Boesch served as director of football (soccer) for the Los Angeles Olympic Committee.

**Malcolm H. Holloway**, *Emory '49*, veteran Fort Worth public relations executive, recently was named Region 5 manager of the Texas Association of Business in that city.

**Richard H. Holl**, *Carnegie-Mellon '51*, president of Logan Clay Products Co., Logan, Ohio, was elected in March to the chairmanship of the Ohio Chamber of Commerce. A member of the OCC board since 1974, he served as first vice chairman before being elected to serve a two-year term as chairman. He has served in leadership roles with several organizations in central and southeastern Ohio.

**Nicholas J. Cilfone**, *Miami '73*, recently joined Citizen's Commercial & Savings Bank in Flint, Mich., as vice-president of financial planning and analysis.

**Mark E. Bennett**, *Kansas '76*, has been appointed executive vice-president and general counsel for Pacific Realty Corp. in Dallas, Texas.

**Brian E. Young**, *Tufts '77*, is associated with his brothers in a real estate development and general contracting business at Solon, Ohio.

**Charles "Lefty" Morris**, *TCU '63*, has been appointed by the Supreme Court of Texas to the Supreme Court Advisory Committee. He practices law in Austin with the firm of Morris, Craven & Sulak.

**Richard J. Doolittle**, *Indiana '70*, president of his own realty firm in South Bend, is serving as president of the Indiana State Board of Realtors, one of the nation's largest statewide real estate associations.

**Scott Muskope**, *Missouri at Rolla '84*, is an associate division engineer with the Kansas Power & Light Co., based at Emporia, Kans.

**Owen "Bubba" Harrison**, *Texas Tech '72*, recently formed Harrison Modeling Inc. in San Angelo, Texas.

**Dr. William Ransom Kilgore**, *Oklahoma '80*, is in his first year of a three-year residency in internal medicine at Vanderbilt University Hospital in Nashville.

**David F. Johnston, Jr.**, *George Washington '62*, is a regional manager for Red Barn Restaurants, Inc., Herndon, Va.

**Ens. Paul S. Dillman**, *Penn State '83*, is a Naval flight officer with VAQ-129 at Naval Air Station Whidbey Island, Wash.

### Naval Commendation

Richard E. Rieder, *Michigan '58*, an attorney and a captain in the U.S. Naval Reserve, has been awarded the Naval Commendation Medal for his service as commanding officer of the Naval Reserve's International Law Unit. The unit also received the Navy's Meritorious Unit Commendation in ceremonies conducted recently in New York.

During his assignment, Captain Rieder undertook and completed two difficult projects urgently needed by the Navy.

The first was researching, writing and publishing an entirely new *Naval Warfare* publication, a comprehensive exposition of the law of naval operations directed to naval officers at all levels of command.

The second was revising the outline of the *Law of Peacetime Naval Operations* and supervising preparation of memoranda integrated to form chapters of the publication. Included are chapters dealing with the legal division of the oceans and airspace, navigation and conduct on the oceans, coercive measures short of war, protection of persons and property at sea, international transfer of defense articles and services, foreign criminal jurisdiction, and international agreements.

Captain Rieder also proposed that a completely new correspondence course in international law. After suitable reference publications had been determined, he and his officers selected the information most pertinent to the Navy, outlined the course, divided it into 12 units, and wrote the required questions and answers.

In recommending Captain Rieder for a medal, Admiral James B. Reap stated: "The dedication to excellence

Rieder

and goal achievement by Captain Rieder is unequalled. He has pursued these projects with diligence and singleness of purpose using his own means to provide the necessary continuous clerical support for the projects during critical junctures. Research, drafting and editing these critically needed documents totalling over 400 pages in a period of only two years is especially worthy of recognition."

Attorney Rieder is a partner in the Connecticut law firm of Senning & Rieder. He formerly was a partner in a New York law firm and a staff vice-president for Trans World Airlines.

Captain Rieder, who resides in Essex, Conn. with his wife and daughter, currently is assigned to the Naval Reserve Strategic Studies Group at the Naval War College in Newport, R.I.

**Tom Diemer**, *Ohio State '65*, recently was promoted from Columbus bureau chief for the *Cleveland Plain Dealer* to the newspaper's Washington bureau, as Capitol Hill correspondent.

**Mark A. Dunham**, *South Dakota '78*, is assistant treasurer for General Electric Plastics Europe, headquartered in The Netherlands.

**Clyde P. Baldwin, P.E.**, *Kentucky '63*, recently was elected president of the Kentucky Society of Professional Engineers. He is the Permit Review Branch manager of the Division of Water in the Kentucky Department of Environmental Protection.

**Anthony B. "Tony" Windsor**, *Central Florida '75*, joined WTXLTV at Tallahassee this spring as news director, assuming all responsibilities involved with piloting the station's news department.

**William F. Hunt**, *Cornell '54*, retired two years ago after 35 years with Cleveland Twist Drill Co., and moved to Galveston, Texas, to be near his three sons and their families, all of whom live in that state.

**Melvin Belli**, *California '29*, noted San Francisco attorney, became a hero of the high seas April 4, when he and companions aboard his 110-foot yacht, the *Adequate Reward*, answered a radioed distress call to rescue a 40-foot fishing vessel. The *San Francisco Chronicle* reported that Mr. Belli and his friends spent several hours getting the fishing boat under tow and hauling it to Santa Barbara, before continuing their own journey to Newport Beach. Mr. Belli was an able seaman for two years after graduating from law school, working aboard a merchant vessel. He retains an able-bodied seaman's certificate.

**Philip D. Allen**, *Ohio Wesleyan '33*, won the seniors event of the Eastman Cross Country Skiing championships in New Hampshire. Mr. Allen lives in Grantham, N.H.

**A. Gordon Phillips**, *Allegheny '79*, is an associate in the Cambridge, Mass. office of Index Systems, a management consulting firm specializing in information technology.

**Robert Wightman**, *Oklahoma '72*, recently was named president of Republic Bank in Tyler, Texas.

**David Manley**, *Colorado '75*, has joined the North Valley Bank in Thornton, Colo., as senior vice-president in charge of lending.

## New Directory

*The new Delt Alumni Directory is tentatively scheduled for release about September 5. If you ordered your copy and have not received it by October, or if you want to order a copy and have not heard from the publisher, you may contact the company directly at the following address: Customer Service Department, Bernard C. Harris Publishing Co., 3 Barker Ave., White Plains, NY 10601.*

**Ray E. Sousley**, *Missouri '80*, received his law degree from the University of Missouri-Kansas City in May.

**Dr. Kenneth W. Kizer**, *Stanford '72*, has been appointed by California Governor George Deukmejian as director of the Department of Health Services. An article about Dr. Kizer and his outstanding career was featured in the fall, 1984 issue of *The Rainbow*.

**Fred C. Tucker, Jr.**, *DePauw '40*, Indianapolis realtor-developer and community leader, received the honorary Doctor of Public Service degree at the May 25 Commencement of his alma mater. Mr. Tucker is a former international president of Delta Tau Delta and a former chairman of the DePauw Board of Trustees.

**A. Richard Whittemore**, *UCLA '51*, has returned from Philadelphia to the West Coast to be vice-president of Westinghouse Electric's Western Region, headquartered in San Francisco.

Miller

**Gary R. Miller**, *Butler '66*, a well-known volunteer leader in Indianapolis, received the first Indianapolis Ambassadors Community Service Award April 27. He is manager of the provider services department of Blue Cross and Blue Shield of Indiana. The Indianapolis Ambassadors are young professionals organized to encourage involvement and support of the community.

**William C. Decker**, *Georgia '70*, recently was promoted to director, marketing-new business development for the Professional Products Division of Clairol Inc. He lives in Weston, Conn.

**Colly Ewing**, *Louisiana State '84*, is a salesman for J. M. Tull Metals Co. in Houston.

**Paul J. Franz, Jr.**, *Lehigh '44*, recently received the "Lin-Life Award" from the Lehigh Club of New York, with the honor entered into the U.S. Congressional Record on April 18. Mr. Franz, vice-president for development at Lehigh since 1962, has received numerous honors for exceptional achievements over the years. Annual fund campaigns under his administration have been cited nationally by the U.S. Steel Foundation and the American Alumni Council. A current campaign under his direction has raised \$105 million. Lehigh conferred the honorary doctor of laws degree on him in 1980.

**Joseph Warren**, *Tulane '78*, who received his M.S. degree in biology at Tulane in 1980, is a forensic biologist in the crime lab of the Jefferson Parish Sheriff's Office. He is a co-founder and past president of the New Orleans Triathlon Association, an organization dedicated to spreading the sport of triathlon racing in the Greater New Orleans area.

**R. David Mayo**, *Alabama '51*, of West Palm Beach, Fla., was honored by the Environmental Research Institute on April 2 for his innovative approach to solving waste water disposal by municipal treatment plants through the use of sprayfield irrigation in private projects. Mr. Mayo is president and CEO of Florida Building Corp., a firm that specializes in construction management and consultation with special involvement in environmental permitting. His honor comes from a complex arrangement between the City of Kissimmee, Fla. (near Disney World) and a project he is developing called "Overoaks." He has devised a method of spraying the specially treated effluent through the irrigation system on the championship golf course that is part of the "Overoaks" project. Mr. Mayo is a former chapter adviser for Gamma Psi Chapter at Georgia Tech. His son, Holt, who has joined the business, is a Delt from the University of Florida.

**Gale D. Christy**, *Colorado '58*, Littleton, Colo. city manager, has been chosen to receive the Riethmayer Award for Outstanding Administrator of 1985. The award is granted annually to an administrator in Colorado with consistent leadership and administrative skill and high ethical standards.

**David L. Michel**, *Case Western Reserve '62*, is owner/operator of DM Communications, a New York City advertising agency in its third year of serving financial and pharmaceutical clients.

**Raymond M. Tierney, III**, *Villanova '82*, is an equities trader with Paine Weber in New York City. He lives in Fort Lee, N.J.

**Victor S. Voinovich**, *Case Western Reserve '68*, senior vice-president of Cragin, Lang, Free & Smythe, of Cleveland, has been admitted as an office marketing affiliate member of the Society of Industrial Realtors. He is one of only three realtors in Ohio to achieve that honor. He also is a CPA.

**David M. Joseph**, *Michigan '84*, is a flight test engineer with McDonnell Douglas in St. Louis. Currently, he is assigned to the F-18 Hornet project.

**Jack K. McMullen**, *Florida State '84*, is working with Arthur Andersen in Orlando prior to beginning law school at FSU this fall.

**Edwin L. Heminger**, *Ohio Wesleyan '48*, editor and publisher of the Findlay, Ohio *Courier* and a former international president of Delta Tau Delta, recently was elected to the Associated Press Board of Directors. The 21-person board, representing member newspapers and broadcasters, is the governing body for AP, the world's oldest and largest news gathering organization. Mr. Heminger succeeds another Delta, Charles S. Rowe, *W & L '45*, in the AP directorship.

**Timothy M. Oviatt**, *South Dakota '72*, has been reassigned to the U.S. Wheat Associates Inc.'s South Asia regional office in Singapore, where he is regional director. He has been with the central office in Washington, D.C. for the past four years.

**R. William Lee, III**, *Georgia '82*, recently was promoted to major account executive with the Electronic Office Systems Division of Harris/Lanifir, Atlanta. He received an MBA in marketing from Georgia State University last year.

**Theodore A. Miller**, *Idaho '80*, is with Continental Marketing Corp. in Boise.

**Joseph J. Barnoski**, *Bowling Green '66*, recently was promoted to assistant vice-president in Central National Bank of Cleveland's Branch Banking Division. He has been with the bank since graduation.

**Kevin G. Vance**, *Missouri '80*, is graduate research assistant to the Dean of the School of Business and Public Administration at the University of Missouri-Kansas, where he is working toward an MBA in organizational behavior.

## Fischbach Residency Awards

Two young physicians are recipients of Fischbach Residency Foundation scholarships in effect during the current academic year.

They are Dr. Robert M. Licata, *Emory '78*, completing his third year of pediatric training at the University of Louisville and Kosair Children's Hospital in that city, and Dr. Donald G. Wortham, *Oklahoma '77*, currently in the fourth year of a six-year subspecialty training program in otolaryngology/head and neck surgery at UCLA.

The scholarship program, administered through the Delta Tau Delta Educational Foundation, was established in 1947 by the late Dr. Howard P. Fischbach, *Kenyon '06*. Initial funding of \$15,000 has been increased by donations from friends and family of Dr. Fischbach and invested in income-producing securities.

Each of the annual scholarships provides a \$375 grant to recipients pursuing graduate study beyond internship in medicine, surgery, or related fields.

Eligible Deltas are invited to contact the Fraternity's Educational Foundation for information and application forms. Recipients are selected by a special Fraternity committee and ratified by the Arch Chapter.

In addition to his training, Dr. Licata has spent a great deal of time as a volunteer at the Boys Club of Louisville, performing free physical examinations for members of the different clubs there. Most of the children he examines are from low-income fam-

Wortham

ilies and would not otherwise be able to afford medical exams and attention.

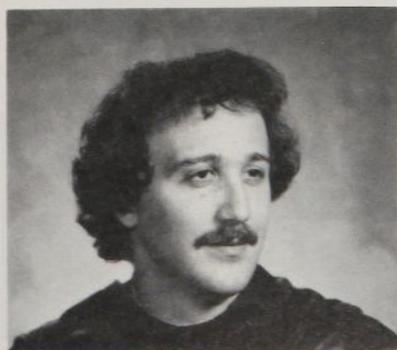

Partially because of that experience, he has decided to pursue a career as a private general pediatrician.

He was elected president of the Pediatric Housestaff Association of his program and was instrumental in establishing two projects to supplement regular training through informal meetings of residents and conferences with the staff pathologist.

Dr. Wortham, who received his medical degree from the University of Oklahoma Medical School, spent two years in a general surgery residency at the University of Washington before moving to Los Angeles. His training includes facial plastic, otologic, and head and neck cancer surgery.

In addition, he has been involved recently in research directed toward developing a contrast agent to enhance the detection of cancer by combining the new diagnostic modalities of monoclonal antibodies and magnetic resonance imaging. Despite the busy residency schedule, he has opportunities to give presentations at regional, national, and international meetings.

With two years of residency left, Dr. Wortham is looking forward to completing his research and entering medical practice.

Licata

**Robert Q. Schnuck**, *Michigan State '49*, currently lives aboard the sailboat "Oraco." He left Kittery, Me. last July and worked down the East Coast to Florida. From No Name Harbor near Miami, he set sail for the Bahamas in March. At last report, he was enjoying Georgetown, Great Exuma Island, in the Bahamas.

**Roger Sheffield**, *Georgia Southern '83*, is a sales representative with James River Corp., Dixie/Marathon Division. He was named sales rep of the year for the Atlanta Region for 1984.

**Richard Schrade, Jr.**, *Cornell '82*, recently was graduated from the University of Georgia Law School and has joined the Atlanta firm of McLain & Merritt.

**Michael J. Anderson**, *Iowa State '79*, has joined Majers Corp. of Omaha as corporate employment manager, after five years with Procter & Gamble.

**Brian McLevedge**, *Maine '73*, manages the Worcester office of Carter, Rice, Storrs & Behent. He and his wife live in Bolton, Ma.

**James M. Dockey**, *Pittsburgh '67*, has joined Reading Industries, Reading, Pa., as senior vice president of sales and marketing. Reading is a major producer of copper and brass tube and pipe. Mr. Dockey has spent the past 18 years in the aluminum industry and has moved to Reading from St. Louis.

**Dr. Mark "Randy" Rogers**, *Virginia '81*, recently has graduated from the University of Texas Medical School and has begun internship in general surgery at UT Houston.

**Mark D. Bateman**, *Virginia '79*, is a staff programmer for IBM's Federal Systems Division in Manassas, Va. He plans to return to the University of Virginia this fall to pursue a master's degree in systems engineering.

**Perry R. Norris**, *Butler '78*, has been named director of sales for the 300-room Doubletree Hotel at Randolph Park in Tucson, Ariz.

**Leatherman**

**Donald G. Leatherman**, *Michigan State '49*, recently accepted a new position as head of the Outreach Department of the Arlington, Texas, Public Library.

**Dr. John H. Tallman**, *Case Western Reserve '71*, is a psychologist with the Toledo, Ohio, Public Schools and has a limited private practice.

**Rodney C. Kenslow**, *Oklahoma State '75*, has been promoted to assistant manager in the Oklahoma City general office of New York Life and Securities Corp.

**Tom Hillman**, *DePauw '80*, who received an MBA from Duke University last year, is director of internal programming for IBM at Research Triangle Park, Raleigh, N.C.

**Steven P. Norton**, *Georgia '85*, is an account manager with the Risk Management Department of The Williams Companies in Tulsa, Okla.

**Clay J. Christianson**, *Tulane '84*, is beginning his second year of law school at the University of Minnesota.

**Edward A. Salzer**, *Jacksonville State '76*, is on his second tour of duty with the Army, stationed at Schofield Barracks in Hawaii.

**Dr. Robert M. Zwolak**, *RPI '70*, and his family have moved to Seattle, while he serves a two-year fellowship in the specialty area of vascular surgery. Dr. Zwolak received a Ph.D. in biochemistry/physiology from the Albany Medical Center in 1978 and an M.D. the following year. He then completed a six-year residency in general surgery at the University of Michigan.

**Craig Cooley**, *Oregon State '69*, is president of Craig Cooley and Co., Portland realtors. The company has grown from a one-man organization in 1978 to a firm of 25 full-time salespersons.

**Albert M. Donnell**, *Indiana '48*, recently moved to Tulsa to become vice president for marketing and outreach development for the St. John Medical Center.

## Law Scholarship Award

James P. Connors, *Miami '81*, has been awarded this year's Millard Warner Newcomb Scholarship in Law, made available through the Delta Tau Delta Educational Foundation by an endowment established in 1977.

A student at the Ohio State University College of Law, Mr. Connors receives a \$500 grant from the annual scholarship.

After graduating from Miami, Mr. Connors worked for two years to earn money for law school. He also holds part-time jobs while working toward the Juris Doctor degree he expects to receive in 1986.

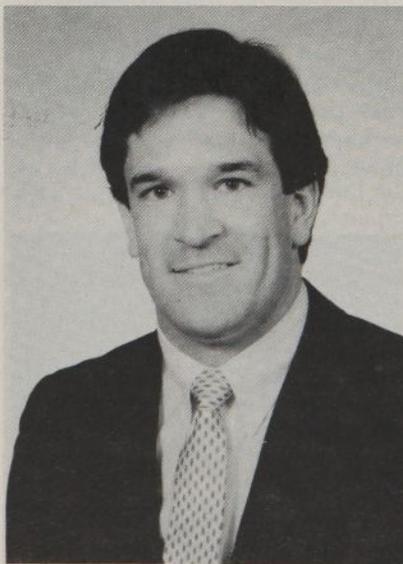

During undergraduate years, he was a Dean's List student, a member of the Miami University Speaker's Bureau, a reporter for *The Miami Student*, and active in intramural sports.

At Ohio State, he is a member of the American Bar Association's Law Student Division, a volunteer income tax assistance program, and Honor Council.

The scholarship was funded by the widow of Millard Warner Newcomb, *Dartmouth '21* to com-

memorate her late husband's loyalty to the Fraternity and his high regard for excellence in the legal profession. Both she and her husband were practicing attorneys in the Bay City, Mich. firm of Newcomb & Newcomb.

In accordance with Mrs. Newcomb's wishes, the principal criteria for selecting annual recipients is scholarship excellence.

**Connors**

## Distinguished Service Chapter

JOHN CLAUDE OLIVER, JR.  
Ohio State '43; Pennsylvania '43

An enthusiastic Delt, undergraduate leader in Beta Phi Chapter, field secretary, involved alumnus participating in Delt meetings at every level over the years, a stalwart in the reestablishment of Beta Iota Chapter and in assuming dogged leadership toward providing housing for the chapter, a dedicated Delt who has found scores of ways of quietly but effectively demonstrating Delt devotion through practical, everyday service.

*This DSC was presented at the National Capitol Alumni meeting in Washington, D.C., March 7, 1985.*

**David N. Keller**, *Ohio '50*, has moved the headquarters of his company, David Keller Productions, from Athens, Ohio, to Shawnee-on-Delaware, Pa., because of increasing business in the East. The company produces motion pictures, videotapes, slide films, and multi-media presentations.

**Dr. Harold E. Cline**, *Butler '52*, has become area minister of the High Plains Area of the Christian Church (Disciples of Christ), with offices in Amarillo, Texas. He formerly spent nearly 36 years of pastoral ministry in Indiana.

**Lawrence M. Thompson, Jr.**, *Allegheny '74*, has been appointed vice president, human resources, for Penn Savings Bank, Lancaster, Pa. A graduate of J. D. Cleveland-Marshall College

of Law, Mr. Thompson has been general counsel, secretary, and compliance officer for the bank since August of 1984. He is a member of the Lancaster and Pennsylvania Bar Associations.

**Lt. Col. Robert A. Gibson**, *Oklahoma State '66*, is director of public affairs for the Air Force Military Training Center at Lackland AFB, Texas. He is responsible for media relations, internal information, and community relations for the Air Force's most populace base, with nearly 30,000 persons.

**William K. Dorman, II**, *Florida State '80*, has been promoted to assistant vice president of the Lanier Upshaw, Inc. insurance agency in Lakeland, Fla.

**Mark L. Eiesland**, *South Dakota '74*, recently was named a registered representative of Travelers Equity Sales, Inc., a nationwide broker-dealer handling mutual funds, variable annuities, trust products, and other financial products. He is associated with Tower Associates, an independent agency in Sioux Falls.

**Ronald M. Dykes**, *Auburn '69*, an operations manager in the Bell South Corp. financial management organization, has been named a Sloan Fellow by the Graduate School of Business at Stanford University for the 1985-86 academic year. He is one of 42 executives from the U.S. and abroad selected for the special graduate program leading to a Master of Science degree in management.

**Dr. William P. Bennett**, *Duke '78*, has joined the pathology staff at Massachusetts General Hospital in Boston.

**Christopher B. Hemmeter**, *Colorado '61*, has become the second person to receive the prestigious "Entrepreneur of the Year" award from Cornell University's Graduate School of Management. Mr. Hemmeter is senior partner of the Hemmeter Investment Company, which created and developed the Hyatt Regency Waikiki and the Hyatt Regency Maui. The company currently is developer of the planned 1,260-room Hyatt Regency Waikoloa. Mr. Hemmeter lives in Honolulu.

**Frederick J. Weber**, *Colorado '65*, recently was appointed assistant vice president of Van Schaack & Co., and manager of its Boulder, Colo. office. Van Schaack is a real estate, mortgage banking and insurance firm based in Denver.

**Noel Knifley**, *GMI '74*, is a manufacturing engineer with Diesel Re-Con, a division of Cummins Engine Co. Currently assisting in start-up of a new plant in Juarez, Mexico, Mr. Knifley lives in El Paso.

**Michael Sowers**, *Oklahoma '73*, has accepted a position as executive vice president and chief operating officer of Joyce Communications, a Chicago-based firm with interests in cable television, paging, cellular telephone and telephone answering services in Illinois, Wisconsin, and Florida.

**Cyrus "Cy" Nims**, *Oregon '42*, a retired architect, teaches weekly classes for Wilsonville Grade School students who are members of a Young Astronaut Club. The program is part of a national Young Astronauts Clubs organization that has 1,500 local chapters. The aim of the nationwide club is to encourage student interest in math, science and high technology.

**William G. Robinson**, *Butler '48*, formerly with Beech Aircraft, has joined Gates Learjet Corp., Tucson, as senior vice president of corporate affairs. Mr. Robinson, a former undergraduate president of Beta Zeta Chapter, was an Air Force information officer and served with Cessna Aircraft before joining Beech, where he spent 15 years as public relations director.

**Lt. Andrew D. Jarka**, *Michigan State '82*, is an Air Force navigator with Military Command Air Lift at McChord AB, Tacoma, Wash.

**Lt. Andrew D. Jarka**, *Michigan State '82*, is an Air Force navigator with Military Command Air Lift at McChord AB, Tacoma, Wash.

**David R. Williams**, *Kansas State '69*, recently moved to Oxford, N.C., where he is director of employee relations for Max Factor & Co.

**The Rev. James D. Pearring**, *UCLA '80*, received a Masters of Divinity degree from Denver Conservative Baptist Seminary in 1983 and is pastor of Living Word Church in Colorado Springs.

# The Alumni Chapters

## NORTH DAKOTA

The North Dakota Alumni Chapter has gone through a revitalization this spring in an effort to stimulate social activities. The emphasis of alumni work has been all business and fund raising in the last few years and it is time to put a little fun back into alumni participation.

Communication lines are the main responsibility of the alumni chapter, and we hope to plan many events with that in mind. The newly elected chapter president is Eric Forgaard, '83, who is a dynamic young geography graduate student. Under his direction, luncheons are scheduled for the second Thursday of every month, noon to 1 p.m., at Bonzer's on Fourth restaurant in Grand Forks. We hope to see all of you Delta Xi alumni there!

One of the events the chapter sponsored was a career day for the active chapter on April 27. The day included lunch and beverages, followed by a panel discussion. The panel was composed of several area professionals, in an attempt to cover a wide variety of subjects (lawyers, pilots, engineers and others were in attendance). Each panelist gave an introduction, which was followed by questions. Participation was excellent.

We hope to repeat the event annually, since it was of value to the actives and also fun for the alumni. The alumni chapter is going to gear up for the 50th Anniversary Homecoming this fall, so watch for mail or call anytime and get with us!

**Todd Potas**  
*Secretary*

## CENTRAL FLORIDA

On Friday, May 3, 26 Deltas from almost as many states gathered at the Harley Hotel in Orlando to hear immediate Past President G. C. "Tex" McElyea, discuss the role and importance of alumni. He stressed the value of fraternity relationships in later life, outside the local chapters.

This was the second meeting of the year for Central Florida alumni, and it is hoped that an alumni chapter will be forthcoming shortly.

Jack Gale, *Ohio Wesleyan '49*, arranged the meeting with Past President McElyea, and will welcome contacts from those interested in supporting an association. He may be reached at 305-423-3300, or Box 156, Maitland, Florida 32751.

## ATLANTA

During the past several months, the Atlanta Alumni Chapter has continued to be active, with a group of 110 attending the April 14 Atlanta Braves baseball game. We were proud to have Educational Foundation President Al Sheriff speak at our May 9 alumni banquet and former International President Ken Folgers speak at our dinner on June 14.

Activities coming up include the annual Lake Lanier Party on August 3 and another group outing to a Braves game August 25. The Lake Lanier Party is an annual event featuring a cookout, swimming, boating, skiing, fishing, horseshoes, and good old Delt socializing.

Undergraduates who live in the Atlanta area are encouraged to attend any of our Alumni Chapter functions, particularly the lake party and Braves games.

The chapter continues to meet on the first Tuesday of each month at the Squire Inn on Roswell Road at I-285. Meetings start at 6 p.m. and are concluded by 7 p.m. Cocktails are served, but not dinner. Annual dues are only \$15, with all funds used to put on functions and send notices to members.

For more information on the Atlanta Alumni Chapter and its activities, call Ted Young at 843-5149 (office), 448-7721 (home), or Mike Deal at 255-5866.

**Mike Deal**  
*President*

## SIOUX FALLS

The Sioux Falls Alumni Chapter, in conjunction with the Delta Gamma House Corporation, is midstream on a \$60,000 pledge program from which we hope to accomplish the physical renovation of the chapter house at the University of South Dakota. Using professional marketing and fund-raising expertise, our efforts combine direct mail and telephone solicitation in a program that will culminate in October of this year.

At our recent Founders Day program, the following House Corporation officers were elected: Lee McCahren, president; Ted Thoms, vice-president; John Hamilton, Jr., treasurer; and Richard Ericsson, secretary.

The chapter wishes to acknowledge the 15 years of superior service provided Delta Gamma Chapter by Mrs. Billie Livingston, who served as housemother (the only one on campus). True to this tradition, the Undergraduate Chapter and House Corporation agree to continue the position beyond Mrs. Livingston's retirement.

Also at Founders Day, having determined that the Delta Gamma rush activities budget was scant, the Sioux Falls Chapter and individual Deltas from Vermillion agreed to personally bankroll six rush parties throughout the state.

**Ted J. Thoms**  
*President*

Gamma Rho friends helped Mark M. Gill, Oregon '31, celebrate his 75th birthday at Portland. From left are Mr. Gill; Owen Price, Oregon '31; J. Ramon Keefer, Oregon '31; and Gerald Woodruff, Oregon '29.

## PORTLAND

More than 100 members and guests attended an April 2 Founders Day banquet of the Portland, Ore., Alumni Chapter.

The principal address of the evening was presented by International President Donald Kress. Special remarks were made by Al Sheriff, president of the Fraternity's Educational Foundation after a welcome by Chapter President H. Bruce Giesy and introductions by Darrel L. Johnson.

Other international officers in attendance were Executive Vice President Gale Wilkerson, Treasurer Jeff Heatherington, and Western Division President Sid Consoulin.

The banquet also marked the 50th anniversary of the Portland Alumni Chapter, which continues to be one of the most active in the country.

The evening's program was concluded by a Delt "Choctaw" Walk Around, led by former International President Robert W. Gilley.

**Paul A. Eckelman**  
*Secretary-Treasurer*

## SAN DIEGO

Delts attending Founders Day observance at the Admiral Kidd Club on May 31 were amazed at the accuracy of psychic Terry Richards, who entertained alumni from San Diego County. We may have a re-run this fall.

Luncheon meetings continue to be held on the fourth Tuesday of odd-numbered months at Chi Chi's Restaurant. Our guests on May 28 were the director of student activities and the president of IFC at the University of California — La Jolla.

**Lloyd Pullen**  
*Secretary-Treasurer*

## NEW ORLEANS

More than 100 alumni and guests attended the GNO Alumni Association's annual cocktail party May 9 at the home of Dr. Joe Schlosser. Much enthusiasm was generated from the gathering, and the chapter is planning a successful year.

Many thanks go to Judge Henry Mentz for his valiant efforts in arranging this year's party. A summer Bar-B-Que is now being planned for all local Delts and their families.

**James B. Barkate**

*Some of the New Orleans alumni and guests are shown in the top photo at the home of Dr. Joe Schlosser. In the middle photo, from left, are Henry Mentz, A. W. Spiller, Jr., Walter Verlander, and Wiley Sharp. Brothers Mentz, Verlander and Sharp are members of the Distinguished Service Chapter. At the right are Beta Xi (Tulane) Adviser Mike Goodman and Phares O'Kelley, a 1922 Tulane graduate and one of 11 members of the O'Kelley family who have been in Beta Xi.*

Clark Papers Opened

Important papers of the late U.S. Supreme Court Justice Tom C. Clark, willed to the University of Texas Law School when he died in 1974, officially were opened to legal research when the school held a symposium this spring, honoring its most notable graduate.

Justice Clark, who earned his B.A. degree from Texas in 1921 and his law degree a year later, was international president of Delta Tau Delta from 1966-68. An innovator in judicial administration, he gained fame for his decisions promoting individual liberty. From his appointment to the Supreme Court in 1949 until he retired in 1967, he wrote 216 majority opinions, 27 concurrences and 98 dissents.

# The Delt Chapters

## AKRON

Eta

By Jim Rogers

SPRING SEMESTER began with 11 pledges, a very successful fund raiser, and an inspiring visit from President Don Kress.

For the first time in our history, Eta has made the Court of Honor. This was a real accomplishment for us and morale is quite high. Very special thanks go to Bob VanHorn, Dave McNally, and all the past officers who have made this possible.

Among awards we received this spring were second runner-up for Akron University's Deans Cup, first place in Songfest for a scene from Camelot, and various Greek Week awards.

Congratulations go to Dave McNally, who was elected president of IFC this past semester. Another pat on the back goes to James Anich, who was elected president of the Order of Omega.

## ALABAMA

Delta Eta

By David E. Scott

THE 1984-85 academic year was one of continued progress for Delta Eta. Improvements were made on the shelter itself and we are very proud of our improved alumni relations.

Thanks to alumni support and our House Corporation, much needed repairs have been made on the shelter. The front porch was rebuilt and new carpets were put down in the upstairs hallways. During the Christmas holidays, the bathroom showers and floors were completely reworked and we also got word that we would be receiving a fraternity loan for further improvements in the kitchen, as well as the rest of the house. But among all improvements, the most noticeable is the renovation of our basement. We converted the shelter basement into a party room, with the help of one of our alumni, Dean Lewis of Aliceville, AL, who graciously donated the lumber for the project.

Delta Eta has also improved in the area of alumni relations. We had a successful 60th anniversary Founders Day program on April 20. Many Delta Eta alumni returned to Tuscaloosa, and all seemed impressed with the changes taking place in our chapter. We had one very special guest, Sherwood Holmes of Montgomery, AL, who was a founding father of Delta Eta on April 25, 1925. We still need more alumni financial support, and we also ask alumni to please send us names of potential rushees.

We would also like to thank Tom Ray, our new Southern Division president, for allowing us to use his campground for a goal-setting retreat. Tom also accompanied us on the trip and gave us some much-needed advice for continued improvement of our chapter.

## ALBION

Epsilon

By S. Windsor Fox

IN MARCH, the brothers of Epsilon chapter proudly pledged 30 men. The pledges have been very enthusiastic, and we look forward to them taking an active part in the brotherhood.

Kurt Kobiljak and John Mundell represented us on the tennis team. In track, we had brothers Ralph Jackson, Dave Kowalk, and Steve Schindler. Although we placed fourth overall in intramurals, the Delt bowling team, including John Martenson, Steve Fox, Joe Principi, and Mark Giacomini, had an impressive first-place finish.

This year's Greek Week was led by Chairmen Steve Loving and Jeff Plachta. Paired with the smallest sorority and a group of independent women, the Deltas triumphed as the champions. Dana Bowers guided us to two consecutive victories in Greek Week Songfest.

In the community, with outstanding effort and leadership by John Brubaker, the Deltas were able to perform various special service projects.

At the Northern Division Conference, Epsilon experienced a proud moment, as we received the Creative Leadership in Academic Programming Award. Also, we have achieved the highest fraternity GPA marking our 16th consecutive semester of scholastic excellence. Brothers Ken Fawcett, Mike Huber, and John Scheun were three of nine students who graduated this spring with honors.

## ARIZONA

Epsilon Epsilon

By Danny Roth

LED BY the executive committee of President Steve Sokol, First Vice-President Stan Telford, Second Vice-President Frank Patton, Treasurer Greg Alpert, Corr. Sec't Danny Roth, and Recording Secretary Tim Kettner, Epsilon Epsilon Chapter is highly represented by qualified people.

Many brothers received various campus honors. Larry Cohen and Andre Lafayette were accepted into SOPHOS, a sophomore honorary society. Doug Bollerman and Stan Telford are in Chain Gang, the junior honorary. David Kline went one step farther and made it into Bobcats, the highest honorary on campus. Gregg Alpert and Greg Rosenthal were finalists in Greek underclassman and Greek upperclassman of the year, respectively. Stan Telford, Tom Dempsey and Rich Voth were selected to an elite group of summer orientation hosts and the chapter took third place for its scholarship program at the Greek award banquet.

Our intramural program was excellent this year. Scott Young took first place in bowling; Geoff Bleakman received a first place in the 800 run; and Doug Bollerman and Ted Roberts won the championship in golf. The chapter

went all the way to the finals in pickleball, semi-finals in soccer, softball and co-recsoftball and to the quarterfinals in basketball and over-the-line softball.

The chapter house looks better with carpet repairs, new furniture, sod grass, and new lighting fixtures. The membership is staying between 65-75 brothers with a majority of the members being freshman and sophomores. This means that we have a strong nucleus and the potential to be very strong in a year or two.

## AUBURN

Epsilon Alpha

By Rick Johnson

EPSILON ALPHA finished second place academically in fall and winter quarters. We also finished above the all-men's average both quarters and are known to have the best scholarship program on campus.

In addition, we have initiated nine new brothers so far this year and expect a large pledge class this fall after our new summer rush program gets going. We also recently initiated our faculty adviser, Dr. Arthur Wilke, and made him our new chapter adviser. This arrangement has worked out well.

At the beginning of spring quarter, we held our annual Easter Egg Hunt for the children of the Headstart Program, with help from the girls of Alpha Delta Pi Sorority. The week of April 20-27 was Greek Week here at Auburn. Our annual Jello-Jubilee event with Alpha Gamma Delta Sorority was a great success and a lot of fun for everyone involved.

In closing, the brothers of Epsilon Alpha would like to thank the retiring Keith Steiner for his continued support and Chapter Consultant Mark Robinson for his active interest and help.

## BAKER

Gamma Theta

By Craig Meyer

GAMMA THETA Chapter began the 1984-85 school year with a successful rush. With the University Freshman Class president, vice-president and treasurer all being Delt members, there is strong evidence of leadership for our chapter in the future. Eleven pledges were initiated in April.

Gamma Theta had two academic All-Americans in football, Mark Wendt and Chuck Rhodes. Chuck, the Baker University starting quarterback for the past three seasons, found out in February that he had a tumor the size of a quarter in his lower back. Since surgery he has undergone several radiation treatments and is working hard to be in top shape to play again next season.

In early April the red carpet was rolled out for International President Don Kress. After exchanging stories and meeting one another,

dinner was served. Mr. Kress then moved on to visit other Delt chapters.

Tradition was upheld by the Gamma Theta Delt with the holding of the annual chicken fry.

## **BALL STATE Epsilon Mu**

*By Chris Courtney*

**T**HIS SPRING Geoff Smock, membership education chairman, initiated one of the most ambitious programs ever instituted at Epsilon Mu. With the assistance of Dr. Dorothy Freeman, membership education advisor and director of a communication consulting firm, Epsilon Mu became the first fraternity chapter in the nation to incorporate the services of an employment and communication consulting firm.

The benefits of this program include improving employment opportunities for graduating seniors as well as undergraduates, improving members communication skills, and improving the organizational structure of the chapter.

Also this spring, many brothers earned positions in campus organizations. These include Troy Liggett, Brian Ogle, and Chris Courtney of the Homecoming Steering Committee, and Dan Murphy, Guy Driggers, and Andy Wolfe of the Greek Week Steering Committee. Shane Faucett was elected IFC Vice President and President Mike Siman was initiated into the Blue Key Honorary.

On the sports scene, Epsilon Mu Delt won the fraternity championship in wrestling. Congratulations go to Dave Albert, Guy Driggers, Dave Hoyt, Fred Johnson, Shane Faucett, and Paul Schmidt. Delt has also done well making the semifinals in soccer, volleyball, and softball. Epsilon Mu wishes everyone a safe and prosperous summer.

## **BOWLING GREEN Delta Tau**

*By Wayne K. Ellis*

**S**PRING SEMESTER 1985 saw Delta Tau Chapter repeat as campus All-Sports Champions, with victories in track, volleyball, and racquetball. It also saw several Delt elected into prominent positions on campus. Mike McGreevey was elected Undergraduate Student Government president and Jeff Slater and Brian Moore are senators. In IFC, T.R. Smith was elected president, Dan Chilton was elected vice-president of rush, Keven Blake was elected vice-president of membership development, and Paul Niesen was appointed University Activities Organization representative. BGSU's new Mortar Board president is Greg Ruf. Also, Tony Dillon was elected national president of the Office Education Association.

Our winter Community Service Project, under Chairman John D'Ettorre, entailed shoveling sidewalks for the elderly in Bowling Green. Eleven new actives and five new pledges were taken in by our chapter this semester. Outstanding scholarship awards for the year went to Greg Ruf, Gary Wiles, and Jeff Smith. Outstanding senior for the year was Jeff Brown, outstanding junior was Craig Stoll, outstanding sophomore was Bud Viancourt, and outstanding athlete was Steve King. New chapter officers, who took office in January are President Craig Stoll, Vice-President Brian Ferron, Vice President of Rush Bud Viancourt, Treasurer

## **Achievement Plus**

*By CHRIS COURTNEY*

Mark Lee Stokes was named Ball State University's 1985 recipient of the John R. Emens Award, presented annually to the most outstanding senior in terms of service and contributions to the university. Named in honor of a former president of Ball State, it is considered the highest award a student can receive from the university.

Mark, who is from Indianapolis, majored in marketing and sales promotion. During his four years at Ball State, he held chapter offices as Watermelon Bust chairman (which set all-time records for attendance and money raised under his direction), sergeant-at-arms, pledge educator, and scholarship chairman.

He participated in Cardinal Corps, Student Association, Student Marketing Association, and IFC. He also was president of Mortar Board, vice-president of the Student Foundation, and student director for the Muncie/Delaware County Chamber of Commerce.

Mark was involved in Delt athletics, playing on the football, basketball, softball, and golf first teams all four years. He received many honors from the chapter, including Outstanding Junior, Outstanding Senior, and the "Most Active on Campus" award. He was on the College of Business Dean's List almost every quarter, received the Dean Donald W. Mikesell IFC Scholarship, and reigned as Greek Week King for 1985.

He is the fourth Epsilon Mu Delt to receive the John R. Emens Award. The other three are Doug Cook, Randy Galbreth, and Matt Momper. The members of Epsilon Mu are extremely proud of this record of achievement.

Mark Freund, Recording Secretary Dave Eckert, and Corresponding Secretary Wayne Ellis.

Good luck to our 15 graduating seniors. We look for an outstanding fall pledge class to keep the Delt on top at Bowling Green.

## **BRADLEY Crescent Colony**

*By Stephen Meier*

**T**HE BRADLEY COLONY of Delta Tau Delta is well on its way to becoming a chartered chapter. The Executive Board for 1985 consists of David Julien, president; Steven Vock, vice-president; Stephen Meier, secretary; and Louis Melone, treasurer.

Extensive rush techniques have been developed for use during this summer and early fall. A calendar has been set up for events taking place this fall and early next spring.

The main objective of the spring semester was to boost the chapter's overall grade point average. The Scholarship Committee, headed by Bob Baumann, did an excellent job setting up study tables and tutoring. A contest was held for the best grades on tests during the semester. Points were given for As and Bs. The final tally is not yet in.

The Colony was again involved with Campus Carnival, a university sponsored philanthropy. We provided a 2-hole mini-putt green for everyone. Our president, David Julien, won the dance marathon for the second year in a row.

In sports, the Delta Tau Delta football team captured first place in the C League division. Our Colony sent representatives to the Northern Divisional Conference, and we were visited by Chapter Consultants.

Congratulations to John Featherston, Delt of the Year, and to Steven Vock, Athlete of the Year. Next fall, this Colony hopes to achieve the Charter that the original members started to work for.

## **BROWN Beta Chi**

*By James Binford*

**A**STAR has been rising within the Beta Chi Chapter. We have many fine student athletes here at Brown, but Gerald Donini has risen above the rest. Donini who throws the shot-put, has shown tremendous improvement from last year's track season to this season. He has improved over seven feet to the 60-foot mark. He has broken the school record and is currently ranked 2nd in the Ivy League. Gerry attributes his success to a fellow fraternity member and teammate, Ronald McMullen ("He's taught me everything I know."). We are very proud of Gerry and we are looking forward to seeing him in the 1992 Olympic games.

## **BUTLER Beta Zeta**

*By Tony Schueth*

**A**SECOND consecutive Hugh Shields Award excited Beta Zeta brothers as they worked through a busy, yet fruitful semester.

The biggest event of the semester is Trik-La-Tron. A parade, queen contest, celebrity tricycle race and sorority tricycle races highlight the event that this past year raised over \$2,000 for the James Whitcomb Riley Hospital for Children. The Noble Romans Pizza Monster, in the guise of Matt Goodnight '83, won the celebrity race and the overall winner was Delta Gamma (see separate article).

The semester began on an upnote as brothers discovered that they won top GPA honors for the third of the last five semesters. The momentum carried over into other events, as the chapter placed third in Spring Sing. The annual event pairs men's and women's housing units together in the production of swing choir show performed and choreographed by house members.

The Delt undergrads, consistently stronger in intramurals, placed third in track, placed high in softball and won the tennis title. Spring Weekend found brothers paired with Delta Delta as victors in the volleyball and softball competitions.

Undergrads and alumni found time in their busy schedules to get together at the shelter for an alumni softball game and cookout. The undergrads handily defeated their elders on the diamond, but the alumni were the victors at the dinner table.

The year concluded as three men were named as Top Ten Butler students. Dennis Dye, Jim McMechan and Mike Plake received the honors.

### **UCLA** Delta Iota

*By Christopher Bellaci*

**I**N JANUARY of this year, we initiated 10 fine men, adding three more in April to bring total membership to 48. After a good spring rush, we pledged nine men, thanks to a great effort by rush chairman Todd Malynn. Delta Iota placed second in UCLA intramural soccer while going undefeated against all fraternities, including arch rival Beta Theta Pi.

On May 12, we celebrated Founders Day, commemorating the founding of Delta Iota, and honoring International President Donald Kress. President Kress gave an inspirational and insightful speech about alumni relations. Congratulations to Alumni Chairman Don Wyse on a job well done.

Also in May, Delta Iota participated with Kappa Delta Sorority in the UCLA Mardi Gras, a fair benefitting UNICAMP, an organization that helps underprivileged and handicapped children. Our booth proved a success, thanks to Chairman Drew Leonard, and earned much for the kids. We also participated in the IFC annual blood drive to benefit the American Red Cross Blood Bank.

Congratulations go to brother Lloyd Linder, who graduated summa cum laude in electrical engineering, on his admittance to the UCLA Graduate School of Engineering.

### **CALIFORNIA - SANTA BARBARA** Delta Psi

*By Brian Mulvaney*

**D**ELTA Psi attained the highest grades among Greeks on campus for the past academic year, breaking the 3.0 mark. We also had the most successful rush in our history. Through the efforts of Rush Chairmen Brian Hittlemand and Matt Ross, with cooperation from other members, we initiated 20 pledges. This is the largest pledge class ever.

President Ted Antenucci, Vice-President Jim Lynch, and other members of the Executive Council are busy organizing events and maintaining chapter responsibilities. Alumni Weekend proved to be a success. Alumni spent the afternoon reminiscing with brothers old and new. A private party included a sit-down dinner and dancing.

Special thanks to Chapter Adviser Larry Linn, who has supported us with his generosity and concern throughout the years.

### **CASE WESTERN RESERVE** Zeta

**S**PRING semester found Zeta Delts busy with rush and the structuring of an enjoyable pledge education program. The effort paid

## **ERRORS OF OMISSION**

Several names of chapters and individual members were omitted from the special section on Honors and Awards in the spring issue of *The Rainbow*. They were as follows:

Beta Omicron, Cornell, Court of Honor.

Epsilon, Albion; Omicron, Iowa; and Epsilon Gamma, Washington State, recipients of Excellence in Chapter Programming awards.

In addition, Delta Upsilon Chapter of Delaware was identified erroneously as Delta Epsilon.

Jeffrey Dean Tesch, Francis Xavier LaChapelle, Garret Lee Nelson, and Brian Edmund Dresbeck, all of Epsilon Theta Chapter, Willamette, honor graduates.

off and we initiated eight more Delts, increasing our house number for the year by a factor of two.

We accomplished some major repair and refinishing work in the main living areas and the porches.

We enjoyed having International President Don Kress for lunch. It was an experience we all will remember for a long time. We all hope that with the help of the international Fraternity, Zeta Chapter can once again become a dominant house on campus.

### **CORNELL** Beta Omicron

*By Steve Santurri*

**B**ETA OMICRON is proud to have one of its brothers chosen as chapter consultant. Duncan Perry, past president of the chapter and a student in Cornell's Business School, has been selected as one of five chapter consultants for next year.

Once again this year, Beta Omicron Delts have won the annual Phi Psi 500, a campus-wide race where the participants must run 1.1 miles, stopping five times to chug a beer or a soda. The race is run to benefit local charities, and Delts have won three of the past four years.

This past year saw the first alumni-actives work weekend, during which numerous renovations and improvements were done, including painting the library and refurbishing the rec room ceiling. Further, thanks to the support of the House Corporation, an IBM computer is being purchased for the chapter and plans are in the works for the replacement of the hallway and living room carpets, as well as the renovation of the house walls.

The Delt hockey team compiled an undefeated intramural record in divisional play and advanced to the semi-finals. Delta also had very powerful showings in softball and box lacrosse.

With the addition of fifteen pledges, things look very promising for the future. Already plans are being formulated for a scholarship to be presented to incoming Cornell freshmen. It is sponsored by Beta Omicron.

### **DEPAUW** Beta Beta

*By Jeff Winton*

**T**HE BROTHERS of Beta Beta started the semester by joining forces with the women of Kappa Alpha Theta in cleaning and painting a home for battered women in Crawfordsville, Ind. Our efforts were successful and greatly appreciated.

The Delt freshmen captured third in intramural competition. The active chapter hopes to place in the top three after reaching the finals in basketball and softball. The Delts placed second in the "Little 500" bicycle race for the fifth year in a row. Receiving honors were junior Greg Pitner, elected to the All-Star first team, and rookie junior Mike Periolat, who was elected to the All-Star second team. Pitner also showed his excellence in swimming by qualifying for the All-American national swim meet for the second straight year.

Beta Beta is fortunate in obtaining a scholarship achievement fund initiated by Norval B. Stephens, Jr., '51, and Frederick Tucker, III, '69, of Beta Beta Chapter. Their generous efforts already have raised \$35,000 toward a goal of \$50,000. The money will be awarded to members of the chapter for superior academic achievement.

This year Beta Beta placed in the Fraternity's Court of Honor. The Delts of DePauw have two spring pledges and have begun organizing for another successful rush this fall.

### **DELAWARE** Delta Upsilon

*By John R. Callahan*

**I**N APRIL, at the Eastern Division Delt Conference held in Philadelphia, we received awards for both best financial management and most improved chapter.

In May, the Delts took part in a fund raiser at the Dupont Country Club, where we raised several hundred dollars for local charities. The Delts were also successful during the University of Delaware's annual Greek Week, during which we took first place in both the Greek God competition and in Greek Games.

Thanks to all alumni who attended our annual Delt Weekend, held at the Stone Barn restaurant on May 11. It was a great time for everyone.

Our chapter also initiated nine new brothers this spring. Congratulations to Gary Rowles, Bill Gore, Mike Flynn, Mike Ranauto, Mitch King, Kurt Becker, Tracy Hepler, Pete Standorowski and Nick Dunnam.

The best of luck and success to our graduating seniors: Kevin Monaco, Scott Miller, Jim Klein, John Warnick, Mickey McMineman, Dan Crabbe, Gary Yates and Jim Elfers.

### **DUKE** Delta Kappa

*By Kevin Price*

**L**AST YEAR brought us an outstanding pledge class of 26. We're proud of these men and know they will continue as exemplary Delts.

Last year's elections brought to office the following men: Matt McWright, president; Paul Keblish, VP; Tim Lister, exec. VP; Kevin Price,

corr. sec.; John Jonson, rec. sec.; Kyle Ryland, treas. Rush chairmen are Dave Grosek and Dave Givelber; social chairmen, Sean Moylan and Dave Hazouri; sgt.-at-arms, Randy Wilgis; and guide, Darin Olson.

Delta Kappa has also continued its tradition as a leader in the sports program at Duke. Top honors were awarded to the chapter after winning the intramural soccer championship in convincing style. The chapter maintains its edge in the varsity sports circles by having five men on the nationally recognized Duke soccer team, seven on the Duke golf team, eight on the lacrosse team, and a rising star in men's tennis. These men have served the fraternity and the university well in their athletic pursuits.

Other outstanding members whose accomplishments of last year should be noted include: Kevin Gorter, director of Duke Sports Clubs; Geoff Nagle, director of Duke's Major Attractions Committee; Barrett Reasoner, president of IFC; John Jonson, VP in charge of rush, Duke IFC; John Norbeck and the entire class of 1985, Campaign for Alcohol Awareness; John O'Brien and Paul Simmons, joint directors of the Duke University Center of Horticulture; Jim Rooney for his paramount work with Mothers Against Drunk Driving; and the whole darn chapter for the outreach program at the Institute for Troubled Teens.

## EASTERN ILLINOIS

### Zeta Rho

By Bill Maloney

**S**PIRIT and sportsmanship are riding high here at Zeta Rho, as the Delts pulled in both of those awards during Greek Week for the second year in a row. Also during Greek Week, the Delts placed second in air-band and canoe race. Thanks go to Brad and T. J. Littleton for their outstanding contributions as Greek Week co-chairs. We would like to recognize the alumni who were present during Greek Week and hope that their enthusiasm will remain for years to come.

Congratulations to brothers Chip Dorgan and T. J. Parlette for being initiated into Order of Omega. Chip was also named first runner-up for Greek King this spring. We are also proud to announce Tim McIntyre and T. J. Parlette for making Top Ten Greek Men.

The growing spirit of brotherhood continues as we congratulate the new actives of the Theta Pledge Class.

The arm wrestling tournament turned out to be a big success, thanks to the organization of our fund-raising committee, chaired by Dave Wetherton.

We wish the best of luck to the new officers as they continue a winning tradition here at Eastern Illinois University.

## EAST TEXAS STATE

### Epsilon Eta

By Charles M. Cernosek

**M**OST IMPROVED Chapter in Western Division — This title exemplifies the hard work put forth by Epsilon Eta this year. The year started with the initiation of five new members, followed by a superior rush of 25 pledges. The fall semester also proved to be academically successful for the Delts. An Order of Omega chapter was chartered at East Texas, with Delts being elected as president and vice-president.

Epsilon Eta earned the highest fraternity GPA at E.T. for the fall. To end the fall, the House Corporation sponsored a major shelter renovation.

The initiation of 20 new members started a very exciting spring. The installation of new officers saw us transfer leadership roles to a very qualified group of men. Patrick McGuffey was elected president, and Ambrose Rivera was elected vice-president. The semester was highlighted by the Western Division Conference in Denver. Sixteen of our brothers from Epsilon Eta attended. We received the "Most Improved Chapter in Western Division" award. Activities such as the faculty reception, blood drive, and Alumni Day helped keep the Delts busy in the spring. The year was rounded off with a very uplifting senior party.

The Delts were very competitive in intramurals with playoff berths in volleyball and softball. Very visible as campus leaders, Delts held offices in prominent positions such as, in I.F.C., adviser and treasurer; in Alpha Chi, vice-president; and in many more. The Delts dominated Greek Week with the naming of our representative as "Greek God."

## FLORIDA Delta Zeta

By B. J. Cass

**A**S THE SPRING semester of 1985 progressed, Delta Zeta had 105 active brothers and 24 anxious pledges. This has been a very busy semester for us. Eight of us traveled to Nashville and represented DZ at the Southern Division Conference. The trip was a good experience for those who went and we felt everyone would gain from the meetings.

Back in Gator country, we prepared for our annual Alumni and Parents' Weekend, which was combined this year. Also that weekend, we celebrated our 60th anniversary. The weekend was a tremendous success, and we welcomed alumni from every decade since the 1930s.

After winning intramural sports the past three years and retiring the President's Cup, we finished in third place for 1984-1985, but we did receive the Buddy McKay Service Award

again this year. Also, the house is undergoing some renovations, thanks to the participation of brothers and pledges, and we are all looking forward to a great fall rush.

## FLORIDA STATE Delta Phi

By Paul Lamonica

**T**HROUGHOUT the past academic year, Delta Phi improved its intramural record from tenth two years ago, to fifth. Delta Phi found it's way to the playoffs in football, basketball, soccer, and volleyball. Never before have the Delts at F.S.U. made the playoffs in so many sports.

The addition of a computer room in the shelter was a project we have been hoping would become reality for a long time. In November of '84, the room was completed. The addition of a computer helped our treasurer tremendously in keeping the books and distributing the monthly bills. Also, since the computer has the capabilities of connecting to the university computer, it turned out to be extremely beneficial to brothers. Constructing the computer room turned out to be one of the highlights of the year.

This year, Delta Phi finally captured the top position in Greek Week. Finishing in the top five in every category (banner, skits, and social), and finishing first in fund raising, the Delts at F.S.U. had their best Greek Week by far. Raising nearly \$6,000 for M.D.A. was a great way to end the year, and it left us with an enthusiasm for the coming semester.

## GMI Epsilon Iota

By Robert Fisher

**E**ACH YEAR at Epsilon Iota, our chapter puts forth great effort to obtain the goals that we have established. Spring semester our efforts brought great pleasure to our chapter. Our highest honor was the acceptance of our seventh Hugh Shields Award, which materialized from the dedication of the entire chapter. The Fraternity also recognized Rick Davis for

Undergraduates from GMI Engineering and Management Institute celebrate receiving a Hugh Shields Award at the Northern Division Conference.

his outstanding performance as treasurer and Lonny Cummings and Jeff Paxton for their special contributions to our pledge guide.

We would like to congratulate Brian Johnson for his initiation into Tau Beta Pi, an engineering honor society which recognizes both excellence in leadership and academics. We would also like to extend our congratulations to Jeffrey Sremba and David Dolenga for being honor pledges.

Along with the honors given to members from outside the chapter, we at Epsilon Iota feel that it is appropriate to recognize those members who put forth extra effort for the advancement of our chapter. This year we honored President Allen Fox and Vice-President Rick Davis for their leadership, and Jeff Paxton for his significant contributions in the field of pledge education.

## GEORGIA Beta Delta

By L. E. Seagraves III

WHILE initiating over 25 new brothers throughout the school year, the Deltas have continued to assert themselves as leaders at the University of Georgia. We have brothers in almost every major organization on campus.

One of the most rewarding aspects of the year has been our continuously strong social calendar. We had a very successful Homecoming in the fall. Mekong Delta, our annual winter formal and philanthropy, proved to be the best ever, with a week of parties and service projects that raised hundreds of dollars for the Veteran's Administration. We also won the Dean Tate Philanthropy Award for community service.

For years, many men have struggled to build our traditionally small fraternity. Today we face the struggles and opportunities of a large chapter of 100 members. Immediate-Past President Steve Norton and Eddie Cawthorne, serving his second term as president, are two examples of the dedicated brothers who have changed our chapter. The work paid off this year with Beta Delta's first Hugh Shields ever.

Our brotherhood is now challenged to uphold these traditions. Although we graduated over 20 members, our chapter is planning to do well in the new structured rush this fall.

## GEORGIA TECH Gamma Psi

By Kenneth E. Walker

THE PAST few quarters have been exciting ones at Gamma Psi, as the watchword for the chapter has been "improvement," with renewed goals of greater scholarship and better community and alumni relations.

Our overall scholarship level has risen consistently, with a new incentive program that uses a buddy system to help maintain good study habits.

The current IFC president, Student Government treasurer, and Lambda Sigma president are all Deltas. We also just completed a successful fund raising project with Alpha Chi Omega sorority by jointly sponsoring a Dance-A-Thon for Leukemia.

Most important is our re-emerging alumni relations program. With our newsletter going to press, we are witnessing a greater alumni interest. Hopefully, the Georgia Tech centennial celebration will provide a good catalyst.

## GEORGIA SOUTHERN Epsilon Omega

By Ronald B. Roland, Jr.

DURING the past year, Epsilon Omega participated in fund drives for the Heart Fund, Cystic Fibrosis, and the National Kidney Foundation, and most recently the annual "Celebration of Life" day for the disabled and mentally retarded, sponsored by Georgia Southern College. The chapter was awarded a trophy and cash certificate for our winning effort in the Cystic Fibrosis "Bowl for Breath," after we raised more money than any other organization in the county.

Other highlights of the year included a successful "Parents Weekend" and an impressive showing at Greek Week.

In the coming year, Epsilon Omega will offer a scholarship to an outstanding incoming freshman. We already have received applications for the scholarship, and believe the response will produce the kind of rushees who will be strong candidates for pledging Delta Tau Delta.

We also participated in a conference organized by Southern Division Vice-President Mike Deal, along with Beta Delta and Gamma Psi, which resulted in plans for statewide mutual rush programs.

## ILLINOIS TECH Gamma Beta

By Christopher B. Hayward

THE I.I.T. Deltas are proud recipients of their 11th Hugh Shields Award. The senior class of '85 sponsored the annual spring formal, at which Christopher McGinley was honored as senior of the year. Our semesterly alumni "reunion" was a record breaker. Over 60 of Gamma Beta's dedicated alumni returned to the shelter for an evening of fun, song and rejoicing.

We would like to thank the Miami of Ohio Chapter for another successful basketball tournament. Gamma Beta would like to honor two starters on the varsity baseball team: Bob Ryley and Greg Pastorek. Congratulations also go to Rory Villejo for receiving an award for excellence as our chapter treasurer. Our new officers for the fall are: President Paul Michaels, Vice-President Ronald Simek, Treasurer Kevin Murphy, Corresponding Secretary Christopher Hayward, and Recording Secretary Thomas Walsh. To our graduating seniors we wish the best and thank them for their superb leadership and one-of-a-kind friendships.

With the full adoption of the IBM record keeping system for finances, we have had much better reports. Along with finances we use the computer for word processing and telecommunication with our school's computer.

High honors go to Ronald Simek, one of our most dedicated brothers. A recent recipient of the GM Mechanical Engineering Scholarship.

## INDIANA OF PA. Zeta Pi

By Michael P. Amoroso

THE SPRING semester for Zeta Pi Chapter was successful in more than one area. Our spring pledge class was excellent, due to the fine work of Jody Lobdell, John Renz and Mark Sherbine who headed the rush and pledge pro-

grams. We pledged seven young men who will prove to be a valuable asset in the future for our Fraternity.

The spring semester was highlighted by Chi Alpha Sigma-Delta Tau Delta weekend. This weekend brought back many alumni to our shelter for a successful reunion. Our chapter finished third out of 16 in Greek Week competition. This is an annual week of competition in many sports and other events, with each fraternity having a sorority partner.

Once again, Zeta Pi Chapter raised money for spina bifida. The brothers and pledges held a bowl-a-thon, which turned out to be a very good way of raising money.

Congratulations go to our newly elected officers: Gary Larson, president; Frank Bonincontro, vice-president; James Brekovsky, treasurer; David Zuilkoski, recording secretary; and Michael Amoroso, corresponding secretary.

## IOWA Omicron

By David Theensen

THE SPRING semester of 1985 proved to be a busy one for the men of Omicron, and we wasted no time in setting a rapid pace by finishing first in the Greek Week Follies competition. At this time "Project Deltas" was initiated and continued throughout the semester. Named for Delt Educational Learning Team Service, Project Deltas, under the guidance of Public Relations Chairman Scott Gamble, is a teaching-assistant program established in coordination with several Iowa City elementary schools.

Later in the year, Omicron again undertook a large community service project by setting up and monitoring the race course for the university-sponsored Riverfest River Run marathon. For Omicron's efforts, several hundred dollars were donated to a local hospital in the name of Delta Tau Delta. A week later the chapter hosted 20 handicapped boys for an overnight sleepover. Omicron closed out the semester with a car wash sponsored with Delta Delta Delta sorority, with proceeds going for local programs for the elderly.

During the spring semester, new academic programs were established under the guidance of Scholarship Chairman Shawn Heraty. These included study teams, mandatory study hours, and the setting of house quiet hours for a better academic environment.

Overall, the spring semester was one of change and success for the men of Omicron Chapter and all are looking forward to the challenges of the coming year.

## KANSAS Gamma Tau

By Jeff Soisson

ATHLETICALLY, spring victories were highlighted by a first place finish in wrestling. This marks the fifth year in a row we have won the tournament. In the Phi Delta Theta Keith Worthington Memorial Basketball Tournament, we placed second overall. With the final event in the spring, we took first place in the Beta Softball Tournament.

Several of our brothers participated in a phone-a-thon soliciting alumni donations for the university. With the help of the Chi Omegas, we finished in second place, based on total

From left at Kent State anniversary observance are Chapter President Phil Young, International Fraternity President Don Kress, and two unidentified members of the Delta Omega House Corporation.

amount pledged. Several of our members received awards from the university for their outstanding performance. Many of us got an opportunity to meet the deans from various schools at a dinner in honor of International President Don Kress.

Once again, our annual philanthropy, "Yahoo," took place on the last day of classes. It was a great success, as more than 2,000 attended, making it one of the largest philanthropic programs on campus. All proceeds were donated to the University of Kansas Bureau of Child Research for Epilepsy in the name of former Delt Chapter Adviser Ross Copeland. Special thanks go to all who helped make the event such a success.

## KANSAS STATE Gamma Chi

By Jason Anderson

SPRING SEMESTER brought pledging of 14 men and a successful spring rush. A strong summer rush should fill our house to capacity.

In February the Delts from the University of Kansas, the University of Nebraska, and Kansas State University held a joint formal at the Hyatt Regency in Kansas City. Everyone had a good time and made many new friends. We look forward to future gatherings with the K.U. and Nebraska Delts.

Another highlight of the semester was the visit to our chapter by Fraternity President Donald G. Kress. Mr. Kress' visit coincided with our Mothers Weekend. All the members and mothers enjoyed his short stay.

In late April we held our alumni golf tournament. Approximately 40 members and alumni participated in this annual event. A steak dinner was held afterward, with prizes being awarded for lowest score, highest score, and longest drive.

Gamma Chi's House Corporation is currently undergoing reorganization. Roy Worthington

is the new president, and Rick Boomer, our chapter adviser, is now the treasurer. We look forward to working with these dedicated alumni next year.

## KENT STATE Delta Omega

By Mark Wrabel

SPRING was an eventful semester for Delta Omega Chapter. At our Founders Day we celebrated 35 years as a Delt chapter and 60 years as a chapter on this campus. The highlight of the day was a visit from President Donald Kress who delivered the Charge to six new activities initiated that evening.

At the Greek Awards ceremony, near the end of the semester, five Delts were initiated into The Order of Omega, an IFC honorary. They were Salvatore Cirincione, J. Phillip Young Jr., Randall Smith, David Kinkelaar, and Lee Colegrove.

Delta Omega received many trophies and awards including second place in Greek Week, a Distinguished Community Service Award for Alcohol Awareness Week and the Outstanding Fraternity of 84-85.

## KENTUCKY Delta Epsilon

By George E. Claiborne, Jr.

THERE is no place like Kentucky in the springtime. This has really been a good year for Delta Epsilon.

One highlight of the semester was the organizational retreat held for the officers on January 11. This retreat gave us an opportunity to evaluate our past performance and to identify our strengths and weaknesses. During the retreat, we established objectives for the semester and identified specific areas on which we needed to concentrate.

Our basketball team defeated Sigma Nu in

the finals of the 3-on-3 tournament sponsored by Theta Chi. The final game was held in Rupp Arena, following the Kentucky vs. LSU game.

Delta Epsilon has taken pride in its community service efforts this year. David Bridges, our chairman, has worked hard to plan numerous projects. These activities range from visiting hospitals, to donating blood and participating in telethons.

The Delts are working hard this summer to prepare for the fall rush. Rush Chairman Dean Otto and Mark Reaguer have plans for summer rush parties in Lexington and Louisville. The upcoming rush is very important to Delta Epsilon, as over 25 members graduated this spring.

We are looking forward to the upcoming year. The officers and committee chairmen are working hard to get ready for Karnea. Keith Asseff, our chapter adviser, is very enthusiastic and is giving us a great deal of support.

## KENYON Chi

By Byron J. Horn

SECOND SEMESTER in Gambier found Chi Chapter again engrossed in its commitment to campus and community service. Such activity occurred in academics and athletics, politics and philanthropics, as Chi maintained its status as a leader on campus.

The St. Valentine's Day Massacre party relieved built-up cabin fever while raising \$150 for the American Heart Association. The brothers also shoveled neighbors' driveways and prepared meals in the dining hall for the entire campus, when a heavy snowstorm left the college virtually paralyzed, except for the members of Chi.

The new IFC vice-president, Jeff Moritz, and the Student Council treasurer, Kent Karosen, join Representative Sean Cottle and ex-Treasurer Kendall Johnson in the list of Delts who have influenced policy in the student community.

The spring thaw hatched the athletic abilities of the chapter. Kenyon's awesome swimmers, led by Co-Captains Stuart Gutsche and Andy Regrut along with nine other Delts, brought home another national swimming title to Kenyon. An all-senior Delt I.M. basketball team, the Asthmatics, brought Chi the "B" league title, and over 12 Delts participated in varsity sports during the spring season.

The year culminated with a reunion of alumni and undergraduates during Commencement Weekend. The Class of '50 dominated the party, celebrating its 35th reunion. It is the enduring dedication of such alumni that inspires the current members of Chi to strive for this long lasting gift of brotherhood.

## LAFAYETTE Nu

By Carlton St. Bernard Jr.

THIS past semester was a promising one for the Nu chapter. With the guidance of our alumni we were able to revise our pledge program, along with strengthening the Executive Committee structure. These new programs will benefit the future classes of the chapter while at the same time set a new tone for fraternity life at Lafayette.

The semester was basically spent educating

our 21 pledges, the second highest number of pledges on campus. They have all been taught how to operate an efficient chapter and the activities are anxious to initiate them as brothers in the fall.

The Nu Chapter fund raiser has begun on a good foot under our influential alumnus, Don Kress. Hopefully we can raise enough money to make mandatory improvements in our kitchen, electrical system, and living areas. The brotherhood truly hopes the drive will be a success so that in future years the shelter will be the pride of the campus.

In athletics, John Monteleone has proven himself as one of the top-notch runners in the conference. This was a big year for Delt baseball, with Pete Demers pitching very well and Chip Lloyd fighting back from an injury to contribute to the team. Pledges, John Boozang and Gene Lasky also played superb ball for the Leopards baseball team. In intramurals, the Delt basketball team went undefeated and won the championship.

### LAMAR Zeta Gamma

By Vincent Dimiceli

THE 1985 spring semester was a good one for Zeta Gamma Chapter. Our 1985 Purple Iris was a big success, thanks in part to the donation made by alumnus Russell Graham.

In the area of academics, our chapter was able to take the 1985 IFC scholarship trophy with a 2.98 chapter grade point average. Finally, in the area of athletics, the Lamar Delts won the 1985 Alpha Delta Pi Play Day Best Overall trophy. Events at the Play Day included volleyball and tug-of-war.

### LEHIGH

#### Beta Lambda Crescent Colony

By Al Thomas

LAST FEBRUARY we took the first step in our return to Lehigh's campus, when our group was elevated to Crescent Colony status. Newly chartered Zeta Phi Chapter of Temple University conducted the ceremony. Among the many Delts whose attendance helped make it a special occasion was International President Donald Kress.

In March, Beta Lambda was well represented at the Eastern Divisional Conference in Philadelphia, with 24 brothers and pledges participating. Everyone who attended the conference banquet will certainly remember Beta Lambda's fine performance in singing the songs of Delta Tau Delta.

Scholarship is a high priority in our colony. Our hard work paid off when we finished second academically out of Lehigh's 32 fraternities last fall. Brothers Bert Wescott, Jack Staub, and Tom Utsch distinguished themselves by being elected to membership in Tau Beta Pi, the honorary engineering society. Also, several other brothers earned membership in departmental honorary societies.

The new Delts are in no way strangers to the Lehigh community. Delts Andrew Conway, Tom Broder, and Marc Falato were recently elected to seats on the Lehigh Forum, the student-faculty governmental body. Senior Steve Link was awarded the Outstanding Undergraduate award from the Lehigh Alumni

Association. Also, the Beta Lambda Delts finished in the "top ten" during this year's annual Greek Week interfraternity competition.

### LOUISIANA STATE Epsilon Kappa

By Mike Elvir

AS ONE more semester comes to an end, the brothers of EK can be proud to have completed a major program reconstruction period. The EK Delts added a fraternity education program, which will include many seminars and speakers on various topics. We also restructured the scholarship program in hopes of regaining the number-one grade point average on campus.

Epsilon Kappa's first annual Alumni Day was a big success. Brother Bill Zollinger arranged the day, which turned out to be a roast in honor of Brother Tom Sharp, an EK alumnus who has contributed much to the Fraternity in the past 20 years. The LSU Delts also spent a day with the sisters of Delta Gamma sorority, entertaining children at the Louisiana School for the Deaf.

The Delts had a strong showing in Songfest 1985, finishing second. Then just one month later they bettered themselves by placing first in the Jambalaya Jamboree Show. EK performed equally well in sports this semester, sending teams to the playoffs in floor hockey, softball, and soccer. The end of the semester found Delts and dates in Pensacola, Fla. for the annual Rainbow Formal.

### MAINE

#### Gamma Nu

By Reggie Ruhlin

THIS YEAR proved to be marked by accomplishments by the chapter and the brothers individually. We had an active year of public service, marked by the second largest Delt blood drive in history and the raising of more than \$1,000 for the United Way, by our annual Bed Sled Race. Our efforts weren't unnoticed, as we were selected for the Jeffrey C. Dionne Award, the highest award achievable by a fraternity. It is given to the outstanding fraternity on campus, based on character, leadership, involvement, spirit, scholarship, and athletics. We were truly honored by the bestowment of this prestigious award.

On a more personal note, many Delts play active roles on campus. Jon Sorenson is vice president of Student Government; Brent Larlee is vice-president of Fraternity Board; Eric Goodness is both a student senator and chairman of the board of Student Legal Services; Jim Grady is president of Tau Beta Pi honor society; and Mark Marsters is vice-president of the Student Credit Union.

On the sports side, guard Mark Hedtler and center Bob Pomeroy both saw basketball action, although Maine had a disappointing season. On the mound, lefty Derek Aramburu and right-hander Marc Powers both pitched well in relief for the Maine Black Bears, with the Bears reaching as high as 14th in the national standings. On the track, runner Shaun Hight had a fine season, finishing consistently in the top three.

The officers for 1985 are: Reggie Ruhlin,

pres.; Gary Lapham, vice-pres.; Darrin Wizst, rec. sec.; Steve Conley, corr. sec.; Gregg Newhouse, treas.; Tim Skillin, asst. treas.; Nelson Breton, guide; and Steve Tartre, sgt.-at-arms.

### MARIETTA Epsilon Upsilon

By Peter Noll

SPRING SEMESTER at Epsilon Upsilon in Marietta began in mid-January, and we were all happy to see the return of brother Mike Pantos, who was absent during the fall semester. We missed the presence of brother John Baxley, however, who has now gone on to a new career in the navy.

The fall 1984 pledge class was activated in January as scheduled. Brian Rothenberg, a second-semester pledge acquired in spring rush, was also activated this past semester. We managed to paint and put the finishing touches on our Ritual room, in which Brian was the first to be initiated.

The Delts once again arranged an Easter egg hunt for local children this spring, along with help from some sisters of Sigma Kappa sorority. We had a good turnout of local parents with their children, who made their usual scramble for candy.

The Delt formal in April went off quite well, with everybody having a good time, as always. It was followed the next day by Marietta College's annual campus-wide festival, Etta Fest (Doo Dah Day).

We were all happy for seniors Tom Zotti, Adam Pyles, Chuck Howell, and Kelly McKerrahan, who graduated on May 12. Best of luck! We hope to see you returning to visit.

Housing assignments for next semester were decided in April, and everyone was satisfied with his room. We hope to have the back quad divided into two doubles when we return in the fall.

### MARYLAND Delta Sigma

By Don Potter

THE BROTHERS of Delta Sigma enjoyed a spring of growth and success. After an outstanding rush program, we pledged 20 men. These men have been working hard all semester and are certain to make a strong addition to our brotherhood. We were also very proud to co-host Founders Day with the George Washington Delts.

We also enjoyed the arrival of our IBM computer. The brothers have been putting it to great use for both school work and chapter work. Brothers are using the word processor to type papers, as well as to organize committee budgets and reports.

Our shelter has undergone some new additions. We completely renovated our dining room and dedicated it to our recently-deceased cook who had served our chapter for over 20 years. We are now in the planning stage for a TV room with a VCR. This semester we also added a full basketball court in our side yard.

Delta Sigma is continuing its tradition of intramural sports participation. Fall semester we finished fifth overall and spring semester we had a great time participating in softball, racquetball and squash. We were also very competitive and had a great time in this year's Greek

Week, teaming with the sisters of Kappa Delta. We would like to extend our thanks to John Fraser who recently stepped down as our chapter adviser but is continuing to be a Southern Division vice-president. We would like to welcome our new chapter adviser, Dave Livingston.

### M.I.T. Beta Nu

By Neil Diener

**T**WENTY-THREE brothers enjoyed the hospitality of the Temple and Villanova Deltas at this year's Eastern Divisional Conference, as former President Mike Cassidy accepted Beta Nu's third consecutive Hugh Shields Award. Mark Sibul was also presented an award for outstanding performance as treasurer.

This spring, the Deltas continued their active role on campus. Under the strong leadership of Steve Jones and his assistant, Jordan Levin, the Deltas ran publicity, ticket sales, and beer sales along with Sigma Chi for the M.I.T. Spring Weekend concert. The concert featured R.E.M., and was a sell-out for the first time in Spring Weekend history. In the IFC, brothers Minto Bhandari and Matt Turner were elected to the offices of community relations chairman and programs chairman respectively.

Deltas participated in the Boston Public Gardens clean-up, during which Bob Volkes was photographed for the front page of the *Boston Globe*. Beta Nu also raised money for the Arthritis Foundation through collections in Copley Square.

The third annual alumni lobster trip was a great success, as the Deltas returned to Thompson's Island for the traditional softball game, and feast of lobster, steaks, and steamers. We would like to thank all the alumni who were able to attend.

Once again, the Deltas gave a strong showing in competitive intramural sports, making it to the play-offs in volleyball, rugby, softball, and squash. Mike Cassidy and Brantley Dettmer ran in this year's Boston Marathon, while the chapter basked in the sunshine of our roofdeck Marathon Munch-Out.

In closing, Beta Nu wishes a good summer to all Deltas, and looks forward to a successful Rush Week and year to come.

### MIAMI Gamma Upsilon

By Todd Vare

**T**HE BROTHERS of Gamma Upsilon began the spring semester with a very successful rush, pledging 38 men. We all feel that these fine young men will contribute greatly to our chapter in scholastics, athletics, and fraternal service.

Gamma Upsilon also was much involved in service projects this last term. We had several participants in the Adopt-A-Sib program on Lil' Sib Weekend. The brothers also joined in for the NCAA Volunteers for Youth, a type of Little Brother program. On May Day, Gamma Upsilon participated in the Oxford Clean-up project, strengthening our community relations with the town. Finally, we are looking forward to our annual Walkathon for the American Heart Association.

Our annual basketball tournament, led by Sports Chairman Dave Driscoll, went over

extremely well. Almost 20 chapters, most from outside the state of Ohio, participated, strengthening the interfraternal relations of Delt chapters.

Gamma Upsilon also received the honor of being in the top 20 of all Delt chapters in the nation. Led by our fine new officers, our great pledge class, and a strong sense of unity, we at Gamma Upsilon feel there is much to look forward to in the upcoming years.

### MICHIGAN Delta

By Don McCann

**T**HE HIGHLIGHT of the school year came at the Northern Division Conference, when Delta Chapter was awarded the Most Improved Chapter award, reflecting the brotherhood and dedication that has been increasing over the past years. We would like to thank Greg Kazarian and Pat Gibbons, our two consultants who gave us some good ideas to keep the chapter going strong.

We finished off the year by initiating 18 new members. Our total chapter size is now up to 85 active members.

Finishing seventh place overall in I.M. sports, an increase of 16 places over last year's finish, helped Steve Glass, our I.M. chairman to be elected I.M. sports director of the year.

Other campus leaders this year included Allan Lutes, IFC president and also managing editor of the Greek newspaper, *The Forum*; Rich Walkowski, sports editor of the paper; and Don McCann, production manager of the paper. We also had two more members initiated into the Order of Omega, an organization that recognizes outstanding Interfraternity contributions. One of our new members, Jim Shevlet, was also elected the Business School representative to the student government.

The Deltas are looking forward to fall, with our Tahitian Party kicking off the beginning of the term. Plans for our fall alumni Homecoming event, and Delta Royale, our fund raiser, are also underway.

### MICHIGAN STATE Iota

By Walt Kitchen

**S**PRING TERM was the cherry on top of the Iota Delt's 1984-85 sundae. Rush chairmen John Meyer and Walt Kitchen directed a vicious assault on MSU's undergraduates, and Iota was rewarded with the IFC's best rush on campus. Dave Kegsey and Craig Meisel were our winter and spring outstanding pledges. President Kevin Crowley and Vice-Presidents Bob Wildeman and Devin Virta fueled Iota's internal and external fires. Their direction, coupled with stellar work by Treasurers Adam Parsons and André Augier, won Iota Court of Honor and Excellence in Financial Management honors at this year's Division Conference.

Congratulations are in order for Dave Duncan, the newly elected IFC president; Dave Howard, the newly elected Union Activities Board pres.; Pete "Fish" Lundquist, chosen for MSU's Mortar Board, Steve A. Movsesian, granted a navigator's slot in A.F.R.O.T.C., and spring's outstanding Delt, Marlynn Snyder, first runner-up to Greek-man-of-the-year.

Generals Duey Davidson and Larry Rosen-

thal directed a blitzkrieg attack on Greek Week. Iota won Greek games, placed in 15 out of 20 Greek Week events, including second in Songfest, and walked away with the overall Greek Week championship.

Delt athletics under chairman Bill Stewart established Iota as a powerhouse by fielding playoff teams in all fraternity sports. Delt volleyball went through its season like a hot knife through butter. Co-athletes of the year, John "Houston" Meyer and Walt Kitchen, will return in '85-86 to help capture the all-sports trophy. Jeff "canned heat" Price starred on MSU's varsity pitching staff, and "Fish" Lundquist did his name proud in the pool.

More congratulations are in order to Clinton Dortch for his 2-over-par victory in the Deltaugusta and for being awarded the Ron Carr Memorial Award for being our outstanding senior. Iota would like to thank Chapter Consultant Kent Klepper for dropping in on us for Poly Party weekend and sharing with us a part of himself we won't soon forget. Thanks to the Bowling Green Deltas for their hospitality.

### MINNESOTA Beta Eta

By John B. Castle

**W**INTER quarter brought several accomplishments and the election of John Roy as our new president, with Matt Kania vice-president. We have the first computer room among fraternities and sororities on campus.

Many new ideas brought back from the Northern Division Conference have been implemented into our committee structures. More than \$5,000 was raised by brothers for the Ronald McDonald House and the Muscular Dystrophy Association through volunteer work at sponsored events.

Celebration of our 103rd Founders Day brought alumni back this spring. We also had some memorable times with the ladies of Delta Delta Delta at Campus Carnival, where Greeks raised \$50,000 for the Minnesota Vikings Children Heart Fund.

At the annual Greek awards program, Bill Meyer received the honor of Senior Recognition and Scott Anderson was selected by Alpha Phi to participate in a Cardiac Kidnap to raise money for the Heart Fund.

### MISSOURI Gamma Kappa

By Mark Schifferdecker

**G**AMMA KAPPA started spring semester with the initiation of 17 men. Also highlighting the beginning of the semester was a trip to our Divisional Conference, which turned out to be quite beneficial and rewarding, as Gamma Kappa was a recipient of the Court of Honor award.

Our chapter continued to maintain a good image within the community this semester. With the help of the women of Kappa Alpha Theta, we had a highly successful pizza party with senior citizens from a local retirement home. Kent Butzin did an excellent job of organizing the event. Once again we teamed with Alpha Delta Pi sorority to put on our annual philanthropy project, "Delta Showboat." Over \$4,000 was collected for the American Cancer Society and the Ronald McDonald House.

Gary Ehrhardt was selected for Omicron Delta Kappa and QEBH, a senior honor society. Gary also landed a spot on the Homecoming Steering Committee for next year. Pledge class President David Grazman, was elected Mortar Board president, while Steve Peresman was elected IFC secretary. Price Andrew Sloan capped off a fine career at the University of Missouri, being selected IFC's most outstanding Greek man. Congratulations are also in order for Kurt Dick, who was named to the Missouri varsity cheerleading squad and pledges Bob Lawlor and Eric Livengood, who earned positions on the MU football team.

All of the brothers are enthusiastic about the upcoming fall semester, as the recent addition of an annex should add to the strong foundation already established by the chapter.

### MISSOURI AT ROLLA Epsilon Nu

By Roger M. Faber

WE HAVE been working hard on rush events, which included festivities over St. Pats and Greek Week. These times provided excellent opportunities to meet prospective Deltas, and numerous bids were extended in the following week.

Three members of our house received degrees in May: Robert A. Carden, economics; Kevin P. Hauser, engineering management; and Steve M. Bretzke, electrical engineering.

For the fourth year in a row, we had a man on the St. Pats Court. This year it was Rob "Big Chief" Carden holding the position of guard. Dave Hettenhausen was honored with being elected president of the St. Pats Board. We also have our first officer of IFC, with Terry Palisch elected treasurer for the fall '85 semester.

Alpha Phi Omega should permanently headquarter at our house, with four of the seven officers being Deltas. They are Terry Palisch, president; Paul Isakson, second vice-president; David Peters, treasurer; and Fred Miller, corresponding secretary.

### MOREHEAD STATE Zeta Zeta

By John C. Parton

ALL rush resulted in a pledge class of 24, the chapter's highest ever. Academics were stressed from the beginning and consequently, the pledge class had the highest GPA among all pledge classes on campus. The chapter as a whole placed second among fraternities in GPA.

The chapter's academic efforts were complemented nicely by its accomplishments on the playing fields, as we won the top spot in intramurals. Hardwork was also evident in the community. Several projects were completed during the year, including a dance held at a home for troubled teenagers. A basketball tournament was held for jr. high girls and over \$2,000 was raised for needy families in the area through ticket and advertisement sales. Also, \$600 from donations from the community for the chapter's annual donation to the American Cancer Society.

These accomplishments and others were made possible through the responsible leadership of several outstanding officers, including

President Matt Kaiser and Rick Hall. These and other outstanding members were recognized at a year-end awards banquet.

### NEBRASKA Beta Tau

By Bob Roy

A SUCCESSFUL Delt Development Week and initiation of 26 new actives began in 1985 spring semester for Beta Tau Deltas. Eight of the initiates had the distinction of being honor initiates. We presented Fred Allen (BT '55) with the Distinguished Delt Alumni Award for his contributions to the active chapter.

Eleven undergraduates traveled to Denver for the Western Division Conference in late February. Our chapter was very proud to receive the Hugh Shields Flag for chapter excellence for the sixth time in the last eight years, and this year Beta Tau also received the Arch Chapter Scholarship Achievement Award.

Over the years Beta Tau's shelter has been subject to constant improvement and reconstruction. This year the historian's office was converted into a computer room, with the addition of our new IBM personal computer. The computer is used by all administrative committees, including the Scholarship Committee's class and instructor files, the Alumni Relations Committee's alumni address files, and the compilation of the Hugh Shields report by all committee chairmen.

Delts from Beta Tau, Gamma Tau, and Gamma Chi all met at the Hyatt Regency in Kansas City for the Triad Spring Formal in March. And before getting caught up in haste and confusion of Finals Week, the undergrads had a chance to blow off some tension in the annual Alumni Golf Tournament and barbecue, which was enjoyed by Deltas of all ages.

### NORTH DAKOTA Delta Xi

By Mike Rott

DELTA XI had a very successful spring semester at UND, with one of the largest spring pledge classes in our history. We pledged 15 men, boosting our membership to over 50 members.

The Educational Foundation made another significant investment in our chapter by purchasing the parking lot on the north side of our shelter. It is one of the largest among Greek houses on the UND campus. Another major investment was the addition of an IBM-PC in the shelter last fall. Soon all of the chapter's financial records will be stored on floppy disks, cutting the treasurer's work load in half. Many of the brothers have found how easy it is to become computer literate.

Also among the highlights of Delta Xi during the spring of 1985 was winning the Greek Week competition. The Deltas captured first place in the tug-of-war contest, three-legged race and the lip-sync competition, and many Deltas helped with the Special Olympics swim meet that same week. It was an exciting week for all of us.

The Deltas received city-wide publicity and many thanks from area citizens for their project of painting the Grand Forks Mission. The project was not only helpful to the mission residents,

but was a very beneficial experience to all of the brothers who helped with the painting.

President Joseph Johnson is a new member of the Order of Omega. Tom Martin and George Tatro are members of the Blue Key honor society, and T. J. Foley is the IFC vice-president. Delta Xi has maintained a strong showing in IFC, with two members holding executive spots in 1985.

Late in the school year we paid tribute to our five graduating brothers; Tom Martin, Jeff Wold, Robert Lieser, all aviation administration majors; Dan Johnson, a geography major, and Rick Paulson, who majored in aeronautical studies.

### NORTHWESTERN Beta Pi

By Richard J. Coletti

BETA PI concentrated its winter quarter efforts on Northwestern's Dance Marathon, raising over \$12,700 with Pi Beta Phi sorority for the Arthritis Foundation. Graham Lockett led the way. Activities continued in the spring with participation in Special Olympics under the leadership of Brad Bodell and in May sing with Alpha Phi sorority under the direction of John Mahoney and Joe Clark, with special help from Dean Collins.

Other spring highlights included dinner with new Northwestern President Arnold Webber and NW Trustee Bill Streff, an excellent spring rush coordinated by Rush Chairman George Viney and netting nine excellent young men, and a successful Founders Day organized by Alumni Chairman Charles Katzenmeyer. Beta Pi also played the role of host for the Northern Divisional Conference in April.

Delts remained active on campus in the spring. Joe Garofoli as named asst. sports editor of the *Daily Northwestern*. Richard J. Coletti and J. Bryan Kim were named music critics and Kyle Krebs was selected as an ad representative. T. Eugene Brim and J. Curry Taggart became music critics for the *Northwestern Review*.

Greek honorary society Order of Omega chose Doug Hattaway and John Milano as members, with Hattaway running a victorious campaign for the Order presidency. Drew Moore appeared in Waa-Mu, the campus variety show. Charles Katzenmeyer was chosen as a member of May Court for his campus involvement. Tau Beta Pi initiated Graham Lockett and Chet Stanley. Jon Whitehurst will be commissioned as a naval officer. Athletes on campus include track star John Milano and cheerleader Shawn Glanville. Steve Bragorgos has been selected for summer study at the prestigious University of Leningrad in the U.S.S.R.

Officers elected in the winter were: President John Milano, Vice-President Kyle Krebs, Treasurer Ken O'Keefe, Recording Secretary Graham S. Lockett and Corresponding Secretary Richard J. Coletti.

### OHIO Beta

By Eric J. Pegouske

A NUMBER of noteworthy accomplishments were achieved this year at Beta Chapter. The first annual Greek Awards Banquet was held at Ohio University and Delta Tau Delta was the recipient of many meaningful

awards. The most prestigious award went to John Dowler, Ohio, recipient of this year's outstanding Chapter Adviser Award. Senior David Moore was voted Greek Man of the Year.

Athens Mayor Ed Beckett also presented Delta Tau Delta with the Outstanding Community Service Award. Special thanks go to Mark Helmus, who really helped get our Big Brother-Little Brother Program off the ground.

Seniors Scott McRae and David Moore led an enthusiastic chapter into Greek Week 1985. With 12 fraternity teams participating, Delta Tau Delta showed its athletic ability and received a second place finish.

Finally, congratulations go to our new officers for the 1985-1986 school year: David Mills, president; Ignacio Calle, vice-president; Sam Merkle, treasurer; Eric Pegouske, corresponding secretary; and Terry Wilmink, recording secretary.

### OHIO STATE Beta Phi

By Thomas B. O'Keefe

**O**UR RUSH for the year was successful, as we pledged 40 men and are expecting more in upcoming quarters. Our Founders Day was a success, and the brothers really enjoyed the hospitality of John Galbreath at Darby Dan Farms. There Mr. Galbreath donated \$100,000 for the continued shelter improvement project.

The Delta Alpha Xi Delta Greek '85 chaired by Chris Beem went very well, as we won third in combined fraternity-sorority events. We also won Greek Blood Drive for the third year in a row, with no other fraternity even close.

Turning to our distinguished alumni, we have to mention William Mackenbach, who won "Outstanding Alumnus" for the Greek system and also Thomas Calhoun II, for his outstanding work in winning the Bill Fraering Award; we are proud of both of them and thank them for their contributions and generosity.

In intramurals, the Delts excelled by regaining the "Greek All Sports Trophy" which the brothers worked very hard for, and are determined not to lose again. As for grades, we came in fourth out of 36.

New elections brought the Shelter an excellent group of new officers including: President Brad Ohlemacher, 1st V.P. Kent Wheeler, 2nd V.P. Gus Mancy, 3rd V.P. Doug Heilbrun, Treasurer Trey Dye, Pledge Coordinator Ken Amicon, Social Chairmen Matt Schaller and Tom Duggan, Recording Secretary Dave Setlerlin, and Guide Scott Gmitter.

### OHIO WESLEYAN Mu

By Stewart Hirsch

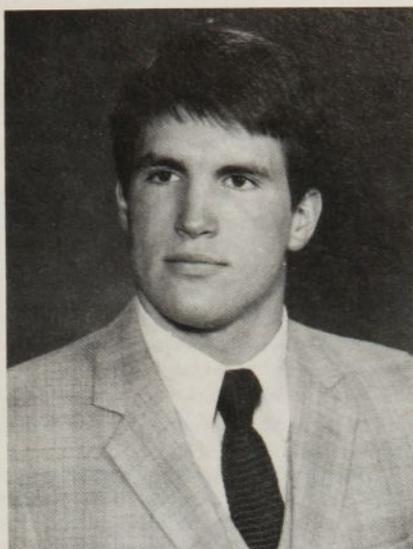

**M**U CHAPTER has just finished one of its most successful years in recent history. After completing an intense pledge program, Mu was very pleased to initiate our new brothers.

Mu also aided the Delaware Children's Home through our annual Big Band Dance Benefit. The dance raised over \$300 for the children.

During the last term, Mu was honored by a number of dinner guests. These guests included faculty, alumni, and members of Ohio Wesleyan's administration.

On April 22, Mu hosted guitarist and singer

## High Honor

Jim Pierce

By JAY BRANDT

Jim Pierce, a sophomore majoring in finance at the University of Idaho, won a 1984-85 Truman Scholarship, worth \$20,000. It was one of only 105 awarded throughout the United States, Puerto Rico, Guam, the Phillipines and the Virgin Islands.

Truman scholars are evaluated initially on a basis of (1) the extent to which the student has shown an outstanding potential for leadership in government, and (2) the student's academic performance. Jim has an accumulated GPA of 3.96.

An ASUI senator during his freshman year, Jim now serves as a member of the Faculty Council. He also is a member of Mortar Board and Intercollegiate Knights.

Semi-finalists were selected through an evaluation of their credentials. Each then was interviewed by one of 13 regional review panels. The panels selected two persons from each state to compete for the Truman award. Four additional at-large winners also were named from each region.

Jim serves as scholarship chairman of Delta Mu Chapter, under the administration of his brother, Ken, who is active chapter president. The entire chapter is extremely proud of Jim's outstanding accomplishment.

Alan Anderson. Mr. Anderson put on a magnificent show, playing for over four hours, and entertaining both brothers and other members of the campus community.

Rush Chairman Bill Johnson has started his summer rush program. Under his leadership we expect to repeat our number-one performance of last year.

### OKLAHOMA Delta Apha

By John Teague

**S**PRING SEMESTER marked another successful term at Delta Alpha. Chapter officers returned from our Regional Conference with a Hugh Shields flag and many enlightening ideas.

The next order of business was the election of new officers. Mike Burr replaces Kevin Maguire as president, with Andrew Britton and David Crawford as interior VP and exterior VP, respectively.

The end of the school term brought further proof of Delt achievement on campus. Brad Henry received recognition as the Top Senior Man on Campus as well as the Top Greek Man on Campus. Bob Jarman was also named as a Top Ten Senior Man on Campus. Ed James was initiated into Phi Beta Kappa and Mike Burr was honored as the Intramural Athlete of the Year.

We are looking forward to an enjoyable summer and continued success in the fall.

### OKLAHOMA STATE Delta Chi

By David Hibbard

**P**LANS for the new wing addition for the shelter continue, as brothers, pledges, and alumni work to raise the necessary funds. Many fund raising activities were held, including auctions and donation ticket drives. Delta Chi should expect the new wing in the very near future.

Highlighting this past spring was the initiation of 16 new brothers. With Tom Perkins as president and Don Greiner as guide, the Ritual was performed smoothly and symbolically, leaving quite a lasting impression on the neophytes.

Community service included blood drives and mobile meals for senior citizens, a community recognition banquet for outstanding citizens in the Stillwater community, and, of course, the annual Founders Day honoring alumni of Delta Chi.

Continuing tradition, the Delts at Oklahoma State had a very successful year in sports. Honors include all-fraternity and all-university titles in soccer and second place in cross country, with Chris Browning winning all-university honors. Also, the Delts finished fourth in volleyball, second in tennis, and third in all-sports.

Rush plans are well under way as Rush Chairmen Mike Annis and Jim Fields hope to have a successful summer rush. As usual, Delta Chi is fired up for an exciting fall semester.

### OREGON Gamma Rho

By Patrick Hughes

**T**HIS YEAR the Oregon Delts were present in both football and basketball playoffs, finally losing to the champions of both sports.

Scholastically, we tied for second in overall GPA, had a new initiate, Bruce Stevens, with a 4.0, and graduating senior Titus Herman was inducted into two honor fraternities, Phi Beta Kappa and Kappa Tau Alpha.

Also, the Deltas would like to congratulate senior Mike Kubiak, who has just married Gamma Phi Beta April Moss. We wish them the best of luck. Mike is also starting up the new Eugene Alumni Association, which the Deltas are looking forward to with great enthusiasm.

With many graduating seniors, Gamma Rho is faced with a "must" rush situation, and will be working hard on a summer rush program, along with an equally important fall formal rush. Yet, with the group of Deltas coming back, we are excited, and are looking forward to the challenge.

## OREGON STATE

### Delta Lambda

By Bernard Smith

THE PAST year has been a successful one for Delta Lambda. We began spring term with our annual Keg Roll to raise money for the Kidney Association of Oregon. This year we raised over \$3,970 to bring the 13-year total to \$50,000. We initiated 19 pledges winter term and five pledges spring term. We were also fortunate enough to have Dr. John Byrne, the new president of Oregon State University, attend our spring scholarship banquet. He spoke on the importance of academic achievement.

Delts Shannon Sullivan ('83) and Scott Davis ('84), each former pole vaulters for O.S.U., are being succeeded by Greg Likens and Nick Till. Likens, who vaulted 17'4" this season, and Till, who vaulted 16'6", are both sophomores and join senior Chris Waltman, who threw the discus 197'10", to represent the Deltas on the track team. Waltman and Likens will represent Oregon State at Austin, Texas for the 1985 NCAA meet.

Once again Deltas have managed to dominate the student media on the O.S.U. campus, with Jim Blatner elected to business manager of the *Barometer* newspaper and Robert Trout elected to business manager of the *Beaver* Yearbook. Altogether, there will be five Deltas working for the newspaper and six working for the yearbook. Also representing us on campus are Scott Sprague, the newly elected M.U.P.C. treasurer, and Tom Howard, a member of the M.U.P.C. Executive Committee.

## PENN STATE

### Tau

By David V. Evans

WITH FINALS completed and the brothers home for the summer, it is time to look back on another successful year for Tau Chapter.

The year saw a change in the Tau Chapter annual philanthropy. The traditional "Delt Keg Roll" was replaced by the "Delt Bed Race." This change, however, did not hurt the event at all. The Bed Race raised over \$10,000, more than any other fall philanthropy, for the American Heart Association.

Along with fall comes Homecoming. Although Tau placed well in the annual events, the highlight of the festivities was a visit by International President Donald Kress. It was a

## ALPHA TREK

For the eighth consecutive year, Alpha Chapter Deltas at Allegheny College made a 150-mile walk from Meadville, Pa., to Parma, Ohio, to raise money for the Holy Family Cancer Home in Parma.

Fifty-five students made the trek, soliciting contributions along the way at shopping centers. The trip netted \$12,000, bringing the eight-year total to more than \$100,000.

Trinity High School students in Garfield Heights, Ohio, contributed \$1,000 to the project and provided lodging and meals for the walkers on their second night. Their first night's stay was at Our Mother of Sorrows School in Ashtabula.

pleasure to have Mr. Kress at Penn State and we at Tau look forward to seeing him again.

Tau Deltas left their mark on Penn State's intramural sports program with an impressive sixth place finish among 52 fraternities. Some significant victories included championships in cross country and soccer, as well as play-off action in volleyball.

The rush and pledge programs were marked by success. With eight fall initiates and 12 spring initiates, Tau Chapter is the largest of Penn State's 52 fraternities. Currently there are 12 pledges working hard to add to the Chapter's campus strength.

The year did have one disappointment. The Brothers at Tau Chapter regretfully said goodbye to recently retired Chapter Adviser Dr. Frank Layng. Many thanks are extended to him for his time and efforts.

## PITTSBURGH

### Gamma Sigma

By William George Pantis

THE BROTHERS OF Gamma Sigma experienced another outstanding winter term, leading our campus in many different areas. We again captured first place in intramural swimming. In community services we visited Collins Nursing Home and played bingo with the elderly residents. We also held an Easter Seals Telethon, which was very successful.

Greek Week was especially meaningful and exciting for Gamma Sigma, for it brought the brothers closer together, working harder than ever. We won first place overall in Greek Week, placing first in Charity, Dancethon, Chariot Race, Blood Drive, Fun and Games, and finally, accomplishing an excellent performance in Greek Sing, led by Brother Luke Kluchko and his 18 co-performers.

This year's annual charity was donated to the Eye and Ear Hospital. There was a total of \$55,000 collected, \$18,000 by our chapter.

Our chapter received a scholarship award at the Eastern Division Conference. The recipient of our annual chapter scholarship award was David Grenneck, and the runner-up was Nicholas Maciatonio. Parent's Night was a great gain for us. The parents got a chance to see how we functioned in our new house. I would also like to add that they were very pleased with "good old Gamma Sigma."

As a result of our efforts throughout rush, we

pledged and initiated 13 brothers. We concluded the term with a fine ritual performance, immediately following Delt Development Week.

## PURDUE

### Gamma Lambda

By Wade Zylke

THE BROTHERS of Gamma Lambda have been very excited about the "facelift" the shelter has been going through. The old side bathroom has been completely remodeled, which I'm sure all alumni will appreciate. The ceiling in the library has been redone and looks very nice also.

The brothers have been very active with the youth in the Lafayette area. We have coached various sports for the youngsters. On Easter we sponsored an egg hunt for the Lafayette Boys Club. Approximately 60 boys turned out to hunt for eggs and assorted candy on a Saturday morning. A good time was had by all.

The Northern Division Conference was another great experience for those who attended. Brad Tracy, Dan Gorgol, Neil Haldrup, and Peter Gallios were among those who went, and would like to extend thanks to Deltas at Northwestern University for their hospitality.

For the first time in several years, Purdue Deltas participated in Grand Prix, an all-campus event, which is capped off by a miniature Indy 500, except run with go-karts. A great job by all those involved raised money for a new kart and accessories. Steve Green was the driver for us this year.

Congratulations to the graduating seniors. You leave us with many fond memories and roles to follow.

## ROBERT MORRIS

### Zeta Mu

By Fred T. Majewicz Jr.

ZETA MU CHAPTER collected over \$1,500 for the Muscular Dystrophy Association through our annual haunted house. We were the leading donor to MDA among all fraternities at Robert Morris College.

In the past semester, the brothers went through some renovation in the living room, hallway, and downstairs. Thanks to the efforts of both brothers and pledges, with the support of President Edward Peachey and his Board. Two out of four IFC officers are Deltas: Vice-President Dave Zana and Public Relations Chairman Bob Morris.

Alumnus Dan Beck was honored at a school banquet. Chapter Vice-President Robert Marchionda led the chapter with the highest GPA last semester, and senior Tim Timko won the academic award with the highest grades for the year.

Our intramural sports effort was not very successful, but we had great participation and a lot of fun. We did win the street hockey championship.

## SAM HOUSTON STATE

### Epsilon Zeta

By Kyle Dodson

DELTS of Epsilon Zeta Chapter are excited about getting the fall semester underway with another pledge class of 20 to 25 pledges.

We are proud to say that we had another fine group of men initiated into Delta Tau Delta.

This has been another very successful year, under the leadership of Chris Kennedy, president, and David Clement, vice-president. Delts for the third time in four years won Greek Week. We also won first place in the intramural football and first place in intramural golf.

Along with this, we are happy to announce that the GPA Scholarship Award was given to Tim Zerezosa, a new Delt initiate, for having the highest GPA in all pledge classes at Sam Houston. Also Delts were awarded the school honor for having the highest pledge class GPA on campus. Vince Bareletta was elected outstanding treasurer of the year, and David Pettus was appointed to the Undergraduate Council for Sam Houston State.

Our big money raiser for the spring, the fifteenth annual Softball Tournament, was a success. Delts had 32 teams from all over Texas, and grossed over \$5,000.

We are anxiously awaiting the fall, for we will be celebrating our 25th anniversary. We have many big plans for the event, and it promises to be a big success.

### UNIVERSITY OF THE SOUTH Beta Theta

*By Edward West Mullen Jr.*

**B**ETA THETA Chapter ended the year with a feeling of sadness about the graduating seniors who will be leaving us, but with anticipation of the upcoming year. Deserving special mention is Brother Peter Evett, a graduating senior, who served as president of the chapter this past year. His hard work for the chapter exemplifies the type of strong leader that Delta Tau Delta seeks to create.

Improvements to the house are continuing. In addition to bringing the shelter up to current fire code regulations, renovations are being carried out to make the house, one of the largest on campus, even more attractive and useful. Brother Alex Maitland is overseeing the majority of the work and is being assisted by Brothers Keith Rumrill and Frank Robertshaw. Improvements include refinishing the entire first floor of the shelter, installing new ceilings in most first floor rooms, placing new paneling in the game room, painting in many rooms and on the exterior of the house, renovating the bar on the second floor, installing new double doors for the front of the shelter, and placing new lights and receptacles in the back yard around the barbeque.

Brothers Michael Kerr and Lupton Winningham have begun a badly-needed chapter newsletter, which they publish weekly. Our chapter had an excellent showing in IMs — fifth place out of 11 fraternities — the best record for our chapter in several years. Rush plans are going well, due to expert help from Chapter Consultant Greg Kazarian and new Beta Theta Chapter Adviser Geoffrey Gwynne. We are looking forward to this fall and the new opportunities it will hold.

### SOUTH DAKOTA Delta Gamma

*By Perry L. Evans*

**D**ELTA GAMMA's spring semester was highlighted by the 1985 Swing Out competition and University Awards program. That

evening brothers Wayne Johnson, Jim Walker, Greg Kimmel, Dane Iverson, and Perry Evans were tapped for Mortar Board Society, with Iverson and Evans selected as members of ODK.

Other awards received that evening included Bob Lange, Greek Man of the Year; Mr. and Mrs. Arnold Lippert, parents of Kevin Lippert, University Parents of the Year; and Perry Evans, named as U.S.D. Outstanding Junior of the Year. The evening was completed as the Delts won the Interfraternity choral competition. This was truly a Delt night to remember at U.S.D.

This spring also marked the end of an era at Delta Gamma. After 16 years of faithful service to Delta Gamma, our Housemother "Billie" Livingston will be retiring to her home in Sioux Falls. "Mom" Livingston will be greatly missed. We are now undertaking the task of finding another super lady, so the Delts will maintain the tradition of being the only fraternity at U.S.D. to have such a great asset.

### SOUTHEASTERN LOUISIANA Epsilon Phi

*By David B. Doss*

**A**FTER WINNING the scholarship and all sports trophies (E Phi was the only team in the nation to beat the national flag football champions) Epsilon Phi began 1985 at a very strong pace.

In intramurals, our softball team placed first and our bowling team placed second. Greek Week saw the Delts place second overall, after winning the track and swimming events.

Epsilon Phi was also a leader in helping our university raise funds. In the first annual phone-a-thon, we raised over \$19,000 for SLU. The Delts have also raised money for charity. We have participated in two cashshakes sponsored by IFC and have raised more money than anyone else.

As a result of S.G.A. elections this spring, we have many brothers involved in Student Government. Brother David Lashout, already IFC president, was elected S.G.A. vice-president. Tommy Calamia and Trey Gimber are new members of the Senate. Bob Kadinger is the loan officer, and David Doss is a justice on the Student Supreme Court.

Epsilon Phi has hosted many events in 1985. Among these are Alumni Day, Parent's Day, and the annual Louisiana Delt Day. Guests at Delt Day included members of the new crescent colony at Louisiana Tech, Chapter Consultant Mark Robinson, and new Southern Division President Tom Ray. We began the day with a cookout and a softball tournament, followed by a brotherhood party.

At the Formal we presented Tom Sharp, our chapter adviser and former Southern Division president, with a jeweled badge in appreciation of his service to E Phi.

### SOUTHERN CALIFORNIA Delta Pi

*By Dennis Smith*

**O**UR FIRST semester as a re-activated chapter was one of excitement and steady growth. The athletic program is improving rapidly; we especially performed well in volleyball. We have a good group of pledges, and the

pledge program, lead by Jeff Montgomery and John Tallichet, is running quite impressively. Our social standing on the U.S.C. campus is excellent, and we have one of the best fall rush calendars at the school. Much of our success is due to the leadership of President Buddy Murdock.

Brad Koehler, Graham Tingler, Jim Clarke, and Steve Leland are some early leaders who helped our house get started again. They make up the first class to graduate since we have been a chartered chapter. We are also very proud to announce that Steve Leland has been chosen by the Arch Chapter to be a chapter consultant.

Our chapter is growing very quickly and we are optimistic about the future. Some warned that we would slip into chapter doldrums after receiving our charter. However, we have met the challenge. Our inexperience may result in some mistakes, but we are learning quickly and are aggressively pursuing excellence. Because we have worked together for survival, we are one of the closest fraternities on campus. Post Initiation Blues? We've never heard of it!

### SOUTH FLORIDA Epsilon Pi

*By Joe Spooner*

**E**PSILON PI has really come alive in 1985. New officers took office a month early to begin their push toward increased chapter effectiveness. Two chapter fund raisers in January and February gave the chapter immediate capital for chapter activities. The Southern Division Conference brought us the Brother/Miles Award for the efforts of the "Nashville Nine" who traveled a combined total of over 6,300 miles to the Conference.

March ushered in Greek Week which brought us the trophy for third overall in spirit. Brother Matt May was inducted into the Order of Omega and Brother Mark Raynor received the Outstanding Male Greek award.

We are well represented in IFC this year, with Brothers Steve Edwards and Tom Gaitens both serving on the Rush Committee. In addition, Tom serves as IFC athletic chairman.

Brother Joe Spooner has been appointed to the Undergraduate Council and attended the Arch Chapter/Undergraduate Council meeting in Atlanta.

April saw Epsilon Pi receiving a Certificate of Merit from the Muscular Dystrophy Association for money raised in charitable efforts. We also participated in an alcohol awareness workshop, having the second highest in attendance of all USF fraternities.

Our House Corporation has negotiated an option to purchase our current shelter. Work is being done over the summer to add two more bedrooms and plans are currently being drawn for a Great Room to be added on and completed by spring.

This has been the busiest semester Epsilon Pi has seen in many years. Our new officers, President Matt May, Vice-President John Boske, Treasurer Steve Edwards, and Recording Secretary Mark Raynor have led the way, along with our new Chapter Adviser Steve Blanchat.

### SOUTHWESTERN LOUISIANA Epsilon Psi

*By Leonard R. Maughan, Jr.*

**A**LTHOUGH still struggling with low membership numbers, Epsilon Psi managed a

productive spring semester. Delts were active in intramurals, but even more energy went into our semester philanthropic projects. On March 9 and 10 we provided manpower for the Crawfish Tasting and Trade Show held here in Lafayette. This project benefited the non-profit Louisiana Crawfish Farmers Association. The rest of the semester was spent on a raffle ticket drive to raise funds for the Lafayette chapter for the Spinal Cord Society.

Founder's Day '85 was quite a success, with the highest alumni turnout in recent years. Congratulations go to the alumni for winning this year's softball game.

We would like to once again thank Southern Division President Tom Ray, Division Vice President Charlie Edwards, and Chapter Consultant Mark Robinson for their surprise appearance at our 1985 Rainbow Formal.

## STANFORD Beta Rho

By Jim Reeves

THE BETA RHO Delts have had a busy spring. The quarter got off to a running start with a successful rush, in which a number of worthy future Delts were pledged.

Beta Rho was especially active in community service during the term. On May 5, members helped monitor the "Boardwalk Eight" road race, which supports the Kainos Home for retarded adults. Two telethons also marked the Delt calendar, with the first raising money for Stanford and the second for a local children's hospital.

The quarter's social calendar was also full, headed by the May 19 initiation of "Mr. Barnes", or James Perkins, a longtime friend of the house, in San Francisco's Bohemian Club. This event brought chapter members back from as long ago as the 1930s. Similarly, several alumni, including the legendary Ken Orvick, returned for the second annual Delt Open golf tournament on May 29.

Officers for 1985-86 were elected recently. The chapter thanks outgoing President Jon Zerk for a job well done, and looks forward to the administration of incoming President Bruce Humes.

## STEVENS TECH Rho

By John Pokofylo

THIS year has been one of many changes and improvements in Rho Chapter. A new pledge program was drawn up by Pat Drennan and Ruppert Russoniello and was accepted by the brotherhood. The pledge program was shortened with initiation during spring break instead of at the end of summer. The program succeeded due to the efforts of the pledge educator, Jim Heitmann, with help from Joe Facchini and Paul Cacioppo. Their work was rewarded by the initiation of 25 men.

House Manager Steve Shapiro has been working hard at keeping everything working right and keeping the house clean. Improvements in the house included a new TV room, a new pool room and improvements in the library. Former Steward Vinny Rotella made countless improvements in the kitchen. The new steward, Paul Packbier, has a tough act to follow, but is doing well, assisted by Paul Ott-

mer. The new co-treasurers, J. D. D'Esposito and Greg Logodice, have been working closely with Chapter Adviser Pat Caramante, giving the chapter a stable financial foundation.

Once again, Rho chapter took the IFC all-sports trophy, finishing first in football, softball, and tennis, and taking second in basketball and ping pong. Marcelo Perez was one of the leaders in varsity tennis, being the number 2 player on the squad. Also on the team is the up-and-coming Tony Fogler. Co-captain Pat Drennan led the varsity lacrosse team to a winning season. Senior attackman Pat D'Esposito led the team in assists. On defense was the hard hitting Kevin Kelton, along with Larry Bovich and Angelo Cianci. At midfield were Ruppert Russoniello, John Pokotylo, and Vinny Rotella.

Borthers and alumni had a great evening at Rho Ball. At the end of the year, the brothers and alumni got together again to raft down the Lehigh River. The trip was made possible by Paul Ottmer.

## SYRACUSE Gamma Omicron

By Gene Yasuda

NINETEEN hundred and eighty-five marks not only the 75th anniversary of Gamma Omicron Chapter at Syracuse University, but also several new changes.

First, GO has a set of new officers: President Gene Yasuda, Vice-President Chris Schuster, Treasurer Randy Everett, Recording Secretary Phil Lewis, Corresponding Secretary Fred Hage and IFC Representative Bob Moon.

Gene, Chris, Randy and Brother John Marchak had the opportunity to attend the Eastern Division Conference in Philadelphia, and while there had the pleasure of dining with newly-elected Division President D. Wayne Taylor. During dinner, our officers were able to present a bid to Wayne to host next year's Regional Conference. We are pleased to report the bid was accepted. Plans are already underway for a gala meeting at SU.

GO has added 16 men this year, seven initiates and nine pledges, to our well-diversified pool of talent.

Fred O'Rourke, after providing much advice, experience, leadership and encouragement to GO, has stepped down from his position of chapter adviser to return to school in pursuit of a degree in law. The brothers of GO would like to thank Fred for his continued support and wish him the best of luck. James C. Gangloff has stepped forward to fill the vacant role. In addition, Jim, along with Doug Northrup, David Page and other members of our House Corp. have done much work to prepare GO for its anniversary celebration.

## TEXAS Gamma Iota

By David Hunter Brown II

GAMMA IOTA, under the strong leadership of President Steve Rigby and the Executive Council, had an enjoyable and productive 1984-85 school year. Once again a fine pledge class was assembled in both the fall and spring semesters.

The fall is always highlighted by the Longhorn home football games and the brotherhood

shared by active members and alumni at pre and post-game parties. Delt Steve Fargle, a junior from Tyler, is a member of the team and is expected to start on the offensive line for the Horns next fall.

The chapter as a whole showed athletic excellence in the spring, as twin brothers Steve and Jeff Baker from Houston, led the Delts to the All-Greek sports trophy. The community also benefitted from the efforts of Gamma Iota, as actives and pledges helped to raise money for worthwhile causes such as Austin Retarded Citizens and the Boys Club of America.

The shelter also played host to the tradition-rich Mothers Club at its annual luncheon in the spring. Gamma Iota graduated 20 seniors in the spring and many of them will be continuing their ?? in graduate schools across the country. The many fine seniors will be missed, but a very organized and eventful summer is planned to help insure the quality of men who will continue our quality.

## TEXAS AT ARLINGTON Epsilon Rho

By Terry E. Snow

THE SEMESTER started off well, as we pledged 18 fine young men. Rush Chairmen Barry DePuma and Eric Schreiber worked hard to pull off a successful rush. From there, Pledge Trainer Craig Cross did an outstanding job in teaching these men the qualities of being good Delts.

In March we invited our parents to the Shelter for our second annual Parents Day. All parents were impressed with the shelter and the brothers who make Epsilon Rho what it is. Here we recognized alum Mike Green for his effort in establishing the Colonel Esthel Stroube Scholarship Award. This \$1,500 award is given each semester to a deserving brother for scholastic achievement. Also recognized was Chapter Adviser David Watson, for his dedicated service to Epsilon Rho.

We concluded March by clinching the IFC All-Sports trophy. Linksters Gary Ward, Barry DePuma, Jay Youngblood, and Jeff Langas shot their way to a second place finish in the annual golf tourney to clinch the trophy.

In April, Epsilon Rho brothers Bruce Saloman and Trey Asel were elected to Student Congress. Bruce was also elected male ambassador for UTA. At the annual Greek Awards banquet, President Gary Ward was chosen as the Outstanding Male Greek at UTA. We were visited by Chapter Consultant Mark Robinson in April. Little did Mark know he would end up running a leg of the medley relay for Epsilon Rho in the track meet.

We were active in community and university service, participating in the March of Dimes Walk-a-Thon and volunteering to help with the Special Olympics. Brothers Gary Ward, Trey Asel, and Terry Snow each took his turn at a lap around the stadium track (in a wheelchair) as part of a fund raiser for UTA's wheelchair athletes.

Epsilon Rho is looking forward to the summer as a time for rest and preparation for the fall, as we embark on our goal of winning the Hugh Shields Award.

## TEXAS A & I Epsilon Lambda

By Sean Scherpereel

THE MEN of Epsilon Lambda were led into the spring semester under the leadership of Jesse Galvan, president; Rolando Perez, vice-president; Charles Fielding, S.V.P.; Seferino Mendieta, treasurer; and Sean Scherpereel, rush chairman.

The chapter rushed six fine men and is looking forward to a highly successful rush next fall. The chapter won Alpha Delta Pi Playday, the Chi Omega raquetball tourney, the Greek Olympics, IFC basketball, softball and tennis. Jesse Galvan won the Greek man of the year award given to the individual who best supported the Greek system on campus.

The chapter house was upgraded with the installation of a kitchen sink, plumbing, and gas line repairs, refelting the pool table, fixing the foosball table, painting one of the rooms, and beginning the repair of our swimming pool. It is hoped that the swimming pool will be repaired by fall so it can be used as a rushing tool in the hot Texas sun.

The chapter has had many fund raising activities that have paid the taxes for another year. These activities included hanging coupons on doors, a patio party at a local club, and the ever-popular Kings Inn function.

Ending the year with a memorable Founders Day celebration, a better link was established between the chapter and the alumni. We would like to thank Bryan Yaklin, Gary Foster, Scooter McGee, Mark Motheral, Greg Catter, Mike Scramuzza and George Williges, alumni who have helped the chapter through troubled times by adding the strength to increase size, establish a better reputation on campus, and create a fraternal bond to carry the chapter into the years ahead. We also thank John Trevino for his outstanding work as a graduating senior, and wish him the best for the future.

## TCU Epsilon Beta

By Robert McDowell

SPRING semester at Epsilon Beta began with a successful rush, led by energetic Rush Chairman Rusty McCaskey. We welcomed five new pledges to our chapter.

Athletically, spring victories were highlighted by the second place finish, during the regular season, of the basketball team, which was led by Mike Brooks, Jim Riley, Chris Dawson and Paul Luibel. The racquetball team also proved to be extremely tough during its own tournament. A number of outstanding performances came from Bob Collins, Mike Sims, Dave May and Drake Powers, who was voted athlete of the year. These performances were complimented by strong finishes in tennis and softball, leading to EB placing third in the Greek intramurals.

Socially, Epsilon Beta had another enlightening and fun semester, concluded with our annual Spring Formal, this year in Houston. Invitations were sent to alumni as well as the presidents of other fraternities along Greek Row, in our continuing attempt to promote interfraternity relations. The men of EB also showed strong participation in the Delta Gamma Anchor Splash competition as well as the annual Greek Week festivities.

We would like to welcome our new chapter adviser, the Rev. L. Byard Pratt, who replaced Tim McClendon. We are all looking forward to working with Byard, with the continuing intention of moving ahead, both on campus and in the community.

## TEXAS TECH Epsilon Delta

By Greg Gifford

THE 1984-85 school year was indeed a challenge for the members of Epsilon Delta. Behind the hard work and leadership of the executive officers, the entire chapter pulled together to enjoy yet another prosperous year.

In the fall, Epsilon Delta reconstructed its entire pledge program. During the spring, all the wrinkles were ironed out and the program became a huge success. In just one year, the program became a state-of-the-art pledge program.

By initiating 17 members from the fall pledge class and having 12 excellent young men completing spring pledgeship, Epsilon Delta has maintained an active membership of 85-90.

At Easter, the Deltas, along with members of the Kappa Kappa Gamma Sorority, put on an Easter egg hunt for the Big Brothers/Big Sisters of America. The event was a tremendous success as 40 children participated.

In the fall, the intramural football team made it to the All-University championship, only to suffer its first loss of the year. A group of eight Delt boxers competed in Fight Night and captured the team title for the fourth consecutive year as well as five individual championships. In the spring, the Deltas won the All-University indoor soccer championship and went to the finals in outdoor competition. The softball team advanced to the All-University final four before being eliminated.

Academically, Epsilon Delta had the fifth best overall GPA among the 20 social fraternities.

## TUFTS Beta Mu

By Jack Arky

BETA MU has seen change and growth under the leadership of our current President George Atwood. This growth is both physical and mental.

Chapter enrollment (which had dwindled in recent years) has soared with the initiation of 21 new brothers, a number which has not been equalled in many years.

Yet, while our chapter grows in numbers, we have not ignored our past. On March 4, Beta Mu hosted a successful alumni dinner. Alums of Beta Mu from the surrounding community dined on prime rib and recounted their days as undergraduates.

As always, Beta Mu is eager to be visible in the community. The chapter took part in a bowling tournament whose proceeds went to the Big Brother program in our area. And, while the fraternity system is making a comeback at Tufts, Beta Mu is already making great strides to reach out to the campus faculty and administration. On April 24 we hosted a popular faculty cocktail party.

While the Fraternity system grows at Tufts, Beta Mu does not want to see quality sacrificed for quantity. We are a chapter that is eager to dispense with rivalries and ribaldry, and move on to positive change. Beta Mu is confident and optimistic about changes in the strength and quality of the Fraternity system at Tufts.

## TULANE Beta Xi

By David E. Sharff

SPRING SEMESTER at Beta Xi was an exciting one. Although we did not rush, we looked forward to two well-attended spring events. The first was Founders Day, which was

## Recommend a Rushee

*If you know a young man planning to attend a college or university with a Delt chapter, and believe he represents the type of person who will enjoy and benefit from the Fraternity experience, your recommendation can be most valuable to the man and the Fraternity. Send his name, address, and the college he will be attending to the Central Office, and it will be forwarded to the appropriate chapter. Write: Delta Tau Delta Fraternity, 4740 Kingsway Drive, Suite 110, Indianapolis, Indiana 46205. The chapter also will appreciate any pertinent information such as names of parents, academic record, high school activities, hobbies, and your personal knowledge of the recommended rushee.*

celebrated with a party at a local New Orleans cafe. Next came our annual Rainbow Formal. As always, both actives and alumni journeyed to the white beaches and blue water of Destin, Fla., and for all who attended, it was the highlight of the spring semester.

Beta Xi also sponsored its annual faculty cocktail. This gives brothers a chance to mingle with professors on an informal basis, and gives the faculty and staff of Tulane University a chance to see what Beta Xi and Delta Tau Delta are all about. Spring semester also marked the reactivation of the New Orleans Alumni Chapter.

In the area of community service, we devoted much time to the promotion of the Audubon Zoo's centennial celebration. This project was headed by Mike Rosenberg. We also sponsored two more blood drives in the shelter. One charity all the brothers know is the Jefferson S.P.C.A. From them we adopted Valkyrie, a black Labrador retriever.

On behalf of all my brothers at Beta Xi, I would like to recognize the entire class of 1985 for an outstanding job in their service to the chapter and congratulate them on their graduation from Tulane University. Good luck seniors; Beta Xi will miss you.

### VILLANOVA Zeta Theta

*By Mike O'Connor*

THE 1984-85 school year started with the election of the executive board, which consists of Jim Hines, Jim Stricker, Tom McGregor, Kent Herring and Mike O'Connor. Because of Fran Schanne's excellent rush and pledge program, we now have 15 promising neophytes.

We also co-hosted the Division Conference. The highlights were a flawless initiation ceremony, a great party at the Vesper Boat House, and the appointment of Jeff Heilmann as Division vice-president.

Villanova was also lucky to enjoy a victorious basketball team, and we cheered them all of the way to Lexington. Finally, the Villanova Deltas would like to congratulate graduating Seniors Tony Voci, Joe Peraino and Greg LaMonica. Through all of your help, you have made Zeta Theta Chapter a stronger and more meaningful organization. Thank You!

### WABASH Beta Psi

*By Carl E. Hampton*

AFTER the initiation of 25 pledges, the men of Beta Psi did not rest on their laurels. Steve Whitaker was elected to the presidency of the Student-Alumni Board, while Carl Hampton was elected president of IFC. Also, the Deltas finished in the top three in intramurals for the fourteenth consecutive year. Academically, we probably will have our best performance in five years, as approximately half of the brothers finished with at least a 3.0 for the spring semester.

The men of Beta Psi would like to thank the following graduating seniors for their dedication and leadership to Delta Tau Delta in their four years at Wabash: Steve Hoffman, Kenn Knarr, Larry Adams, Dave Bromund, Tom Graham, James Hensley, Kerry Ward, John Feczko, Brian Frarer, Andy Reinke, John Ro-

sario, Rich Yoder, Andy Speer, and John Dimos.

We also would like to recognize the men elected for office next year. Beta Psi has the utmost confidence in these men: President Steve Whitaker, V.P. Bob Minardo, Treasurer Kurt Rohrbach and Asst. Treasurer Scott Elliott, Rec. Sec. Phil Woods, Cor. Sec. Mike Trier, and Pledge Trainer Carl Hampton. With these men as officers and the rest of the brothers firmly behind them, we are sure that Rush Chairmen Rick Burgett and J. B. Lupton will bring new and exciting men into the halls of Delta Tau Delta.

### WASHINGTON Gamma Mu

*By Michael Smith*

AT GAMMA MU we are proud to report that we once again finished the academic year with a house grade point average above 3.0. We perennially strive to exceed this scholastic goal, and with thanks to our scholarship program, we have done it again.

In intramural sports, we finished sixth out of 29 fraternities on campus; this year we were bolstered by championship teams in both basketball and co-rec soccer.

In April we celebrated our 78th annual Founders Day. Due largely to the efforts of our alumni chairman, Chris Anderson, this year's dinner was our most successful and best attended Founders Day in years. Over 40 alums from all over the country came back to see the house and re-live memories.

Another proud point about our chapter this year was the numerous house improvements we made on the shelter. The most ambitious of our projects was the repainting of our two living rooms and back stairs. We have our pledge class to thank for those jobs and the installations of track lighting in our basement area and also for the extension of our dance floor.

### WASHINGTON & JEFFERSON Gamma

*By William G. Shoemaker*

THE NEW administration for 1985 will be led by President Jeffrey A. Hunsberger. Other officers include Vice-President Michael J. Cavalier, Treasurer Francis P. King, Corr. Secretary William G. Shoemaker, Rec. Secretary Todd M. Schafer, Asst. Treasurer Samuel J. Sgro, Parliamentarian Robert M. Howard and Guide Andrew J. Risko II.

Perhaps the most significant thing that occurred this spring was the pledging of 14 young men. Besides learning the principles and values of Deltism, the pledge class gave time and effort to a few community service projects. One was with the Greater Pittsburg Area "Big Brother-Big Sister" program, which sponsored a Run-for-Life marathon. Also, an area church was cleaned and beautified by our hard working pledges.

Another highlight in Gamma's pledge program was the reenactment of the historic ride of Sutton and Brown. Members of the pledge class and brothers made a trip to the Bethany Chapter and to the Founders House. This proved to be educational and inspiring to everyone.

In April, a testimonial dinner was held in honor of our former house mother, Josephine

Belfoure, who retired as the resident director of Marshall Hall this year. The dinner was held at the George Washington Hotel and was attended by numerous alumni, faculty, and administrators of the College. Mrs. Belfoure has been an important asset to Gamma Chapter and Delta Tau Delta. We'll miss you, Mrs. B!

Another high point of the year was a visit by International President Donald Kress. We are always happy to entertain such distinguished members of our Fraternity.

In the area of intramural sports, Gamma has done well. The climax was at the first annual campus-wide pool tournament where two Deltas, Timothy D. Owczarzak and William G. Shoemaker, clinched the first place title and the prize. However most importantly, Gamma did just as well academically among all fraternities on campus. Russell I. Jenkins was chosen for the history honorary and John M. Varlotto, Jr. was elected to Phi Beta Kappa.

### WESTMINSTER Delta Omicron

*By Cam Gentry*

DELTA OMICRON began the second semester by initiating 14 pledges. We are very proud of all our new initiates, especially for their achievement of having the best grades of any fraternity pledge class on campus. As a whole, our house was also academically superior by having a higher GPA than any other fraternity at Westminster.

Other recognitions for our chapter included the Professor of Military Science Award and the Eugene F. Kimbrell Award for the most support and spirit at intramural sporting events. In addition to our enthusiastic attitude toward intramurals, we were also very competitive. We ended up third overall, finishing especially strong by tying for first in softball and winning track outright.

Alumni Weekend, held in May, proved very successful for Delta Omicron Chapter. We had possibly our best turnout ever and we greatly appreciated the presence of all those alumni who were able to attend.

Also this spring, several structural improvements were made to the Delt shelter. New floors were installed in both the kitchen and the foyer, and the walls in the dining room were redone.

Delta Omicron has gone through many transitions over the last year. A more positive attitude by both actives and alumni has made our chapter increasingly capable of achieving its goals, and we hope this trend will continue in the future.

### WILLAMETTE Epsilon Theta

*By John Rhoades*

THE 1984-85 school year proved to be rewarding for the men of Epsilon Theta. Fall opened with the addition of 22 pledges, tied for the largest class in our 25-year history. Several pledges were named to scholastic honor groups for excellent first semester grades. Our chapter had the largest spring pledge class at Willamette. Five Spring pledges are a welcome addition to our chapter and a perfect end to a growing year.

With our brothers from Delta Lambda and Gamma Rho Chapters, we raised over \$3,000

for the Kidney Association of Oregon during our 13th annual and most successful Keg Roll event.

Former chapter Vice-President John McIsaac is now serving as IFC president and current chapter Vice-President Ed Spicknall was elected to the office of Student Body secretary. Six Deltas were appointed to student committees.

We enjoyed a great visit with International President Don Kress and Western Division President Sid Gonsoulin in early spring.

The members of Epsilon Theta chapter congratulate all of our graduates and wish them the best of luck in the years to come.

New Chapter Officers elected in February are President Gary Swearingen, Vice-President Ed Spicknall, Second Vice-President Todd Kelly, Treasurer Keith Knutsen, Recording Secretary Mike Agidius, Corresponding Secretary John Rhoades, Sergeant at Arms Dirk Foley, Rush Chairman John Anicker, and Pledge Educators Scott Swindell and Garret Nelson.

## WESTERN ILLINOIS Zeta Lambda

By Scott M. Kurpiewski

ZETA LAMBDA Deltas began the semester pledging 15 men, 12 of whom completed their pledgeship and will be initiated in the fall. Another accomplishment this semester was our impressive showing in Greek Week activities, highlighted by a second place in the annual tug-of-war event.

Alumni relations have greatly improved as a result of efforts of the chapter. Because of alumni involvement and support, our annual Luhu weekend was a great success. We would like to thank all those who attended.

We would also like to congratulate our five graduating seniors: Mark Mueller, Steve O'Reilly, Mike Piazza, Doug Reese and Von Saufley. We wish them the best of luck as they leave to pursue their careers.

## WEST FLORIDA Zeta Iota

By Chuck Comer

DURING the fall, we assisted the local YWCA with its Haunted House. In the spring, we sponsored a booth, along with a local radio station, at the university's "Festival on the Green", collecting 170 signatures from people pledging not to drink and drive.

We also were honored by the university for our 15 years of service as the official guides of the Edwin Ball Nature Trail. During the past 15 years, we have guided approximately 1,500 tours and well over 20,000 people through the trail. We would like to thank all of our alumni who participated as guides and made this award possible.

Speaking of our alumni, we would like to thank David Mann, a founding father, for establishing, with a generous donation, a scholarship fund in the name of Panarmitis Stavlas, a deceased founding father; Tom Allen, Craig Duncan, Derek Dempsey, Bill Fontain, John Garbo, Joe Gavigan, John Leazer, Scott McKay, John Nelson, Don Pippin, and Bruce Ralph, for our air conditioner for the game room; Glenn Whittington, for our new VCR; and our House

Corporation, for the new carpeting in our game room.

Another important event of the year was our first annual Parents Day. This was a tremendous success, with some parents traveling as far as 500 miles.

We would like to congratulate Frank Velez, our treasurer, for being presented the Dudley W. Seabrook Sr. Award, as Brother of the Year; and Jeff Elbert, our second vice-president, for being elected president of our re-formed IGC.

## WASHINGTON STATE Epsilon Gamma

By Fred B. Christ

EPSILON GAMMA started the semester with a very busy schedule. First on the agenda was Delt Week, which ended in the initiation of 13 men into the chapter. Next was Greek Week, in which we placed fourth. Then came our spring casino night, in which we raised \$2,500 for chapter improvements.

In March, we were honored by a visit from International President Don Kress and Executive Vice-President Gale Wilkerson. A dinner was held in their honor, and all were eager to have a few words with Don and Gale.

Academically, we finished ninth out of 24 fraternities, with a cumulative GPA above the all-campus average. Along with achieving strong grades, we did quite well in intramurals. Both our soccer team and volleyball team made it to finals. We also won an all-Greek soccer tournament sponsored by another fraternity on campus.

A good time was had at the end of the year, when our brothers at Delta Mu, in Idaho, included our chapter in a banquet to honor Chapter Adviser Barney Saneholtz, who had advised both chapters simultaneously during the year. We were later visited by Chapter Consultant Jim Emanuel, who gave us advice and encouragement. We now look forward to summer rush, headed by Rush Chairman and External Vice-President Bob Brauer. We have a good program laid out, which should prove successful in our goal to pledge 30 men this fall.

## WESLEYAN UNIVERSITY Gamma Zeta

By Ira Lawrence Skolnik

SPRING 1985 was a most enjoyable semester for the brothers of Gamma Zeta. In addition to purely fraternal gatherings and achievements, much of the fun we had was brought about by our contributions to the Wesleyan community and Middletown. Our annual 24-hour dance marathon was a great success, not only in the number of students who participated, but also in the thousands of dollars it raised for the United Way. Along the same lines, during the semester a party was held at the house, in which admission was either \$1 or free with a canned food. Many canned foods were thus collected and turned over to a local soup kitchen for the poor and elderly.

Alumni support continues to be weak, but we hope that our up and coming annual issue of our alumni newsletter encourages participation.

With the officers of Gamma Zeta working closely together, our house continues to be the leader in fraternities of our college, financially, academically, and athletically.

We all want to wish the best of luck to very recent alumni Dave Berube, Todd Robinson, and Nicholas Webb, all of whom are engaged to be married early this summer.

## WISCONSIN Beta Gamma

By Scott Thaxton

DURING the spring semester, Beta Gamma was busy with its quest for the overall intramural sports championship. In every sport the Deltas participated in, our toughest competition came from our campus rival, Sigma Chi. When the smoke had cleared, Sigma Chi edged out the would-be Sampson Deltas by two points. While the loss was heartbreaking, the Deltas were pulled closer together by our all-out effort. A valuable lesson for a young house! A special thanks must be given to Michael Jurkovic for his persistence and complete dedication to the intramural program.

Switching to rush, quality was our theme and quality we received. Nine of the most promising pledges a chapter could hope for were welcomed into our brotherhood. This was due primarily to our innovative Rush Chairman Gary Baxter and Pledge Trainer Jim Fitzgerald. Jim was voted outstanding active for his ability to "mold" pledges into Deltas. The pledges however, were at times unruly, kidnapping six actives and going on walk-out to the University of Minnesota for a turbulent weekend!

Although Beta Gamma has struggled to become a stable house on campus over the last several years, we are finally realizing some of our goals. The fact that our top officers are sophomores has breathed new life into the chapter and has placed many of the older Deltas into supporting and advisory positions. This strategy has worked well to develop internal strength, and has established Beta Gamma pride and respect on campus.

## WYOMING Zeta Upsilon

By Dale Skorcz

THIS was a year of growth for us. We started out the year as a Crescent Colony and worked hard to reach our goal of becoming chartered. On November 3, we achieved our goal, as we became the Zeta Upsilon Chapter.

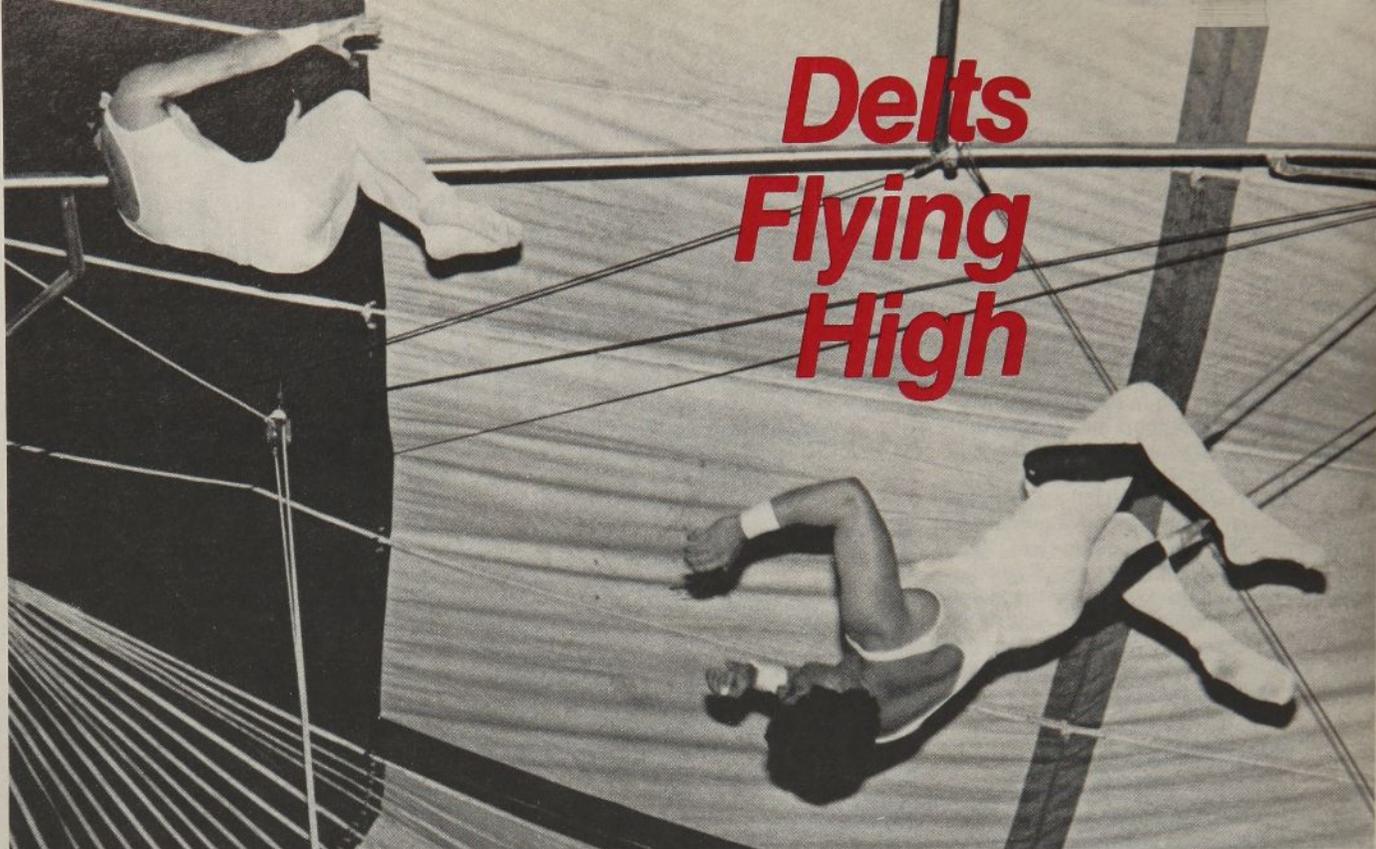

The initiation ceremony was performed by Beta Kappa Chapter from Colorado. We were all honored to have Donald Kress, Sidney Gonsoulin, and Jeff Heatherington attend our initiation.

Our chapter took an active part in the Homecoming festivities this year. After many hours of planning and hard work, we entered a float in the parade, winning first place for originality.

We also held a fund-raising project for the American Cancer Society. Our efforts raised over \$400 for this organization.

Our house set up the Anthony J. Pachucki Scholarship. This scholarship, named after an active member of our house who was killed in an accident in 1982, will be awarded to one male freshman coming to the University of Wyoming.

Zeta Upsilon Chapter grew into something that we could all be proud of. Our organization greatly improved. Our attitude towards each other has gotten better and our house is now running smoothly.

# Delts Flying High

*Delt Drew Cockrell in midair breaks out of his forward roll in time for Delt catcher John O'Grady to catch him, as part of the flying trapeze, always a circus highlight.*

By **BUD JONES**

**F**or 38 years Florida State University has boasted the only full three-ring collegiate circus in the world. And since their return to campus in 1977, members of the Delta Phi Chapter of Delta Tau Delta have been an active part in this unique campus organization.

Members of the Florida State University Flying High Circus participated during their spare time after classes. Since students at FSU are only allowed to take a circus techniques class once for a one hour P.E. credit and since members of the circus receive no tuition waivers, it is nothing more than a special love for what these students do that keeps them practicing and performing between 20 and 30 hours per week all year around. At the same time the circus shares one of the highest collective GPAs for any group on campus.

Since the Flying High Circus has enjoyed a wide reputation of excellence and professional caliber performances, one would expect that the students who participate come from previous circus backgrounds. This is not the case. Most of the students got involved in the circus equipped with nothing more than the ability to breathe and the willingness to learn.

Members of the circus staff and the older performers then teach and mold these future businessmen, criminologists, nurses, lawyers, etc., into becoming aerialists on various trapezes, artists on high wire, jugglers, clowns, and just about any other type of acrobat one would expect to see in a circus.

One thing that is not found at Flying High is an animal act. Since the average student is only eligible to

participate for his three or four years remaining in school, the training required for such acts would be impractical.

Since Flying High is a self-supporting campus activity, it depends on revenues received from annual homeshows held on campus each spring, from Callaway Gardens, a resort near Columbus, GA where the circus spends its summer months, and from the nearly 10,000 miles of roadshows done during the school year.

The roadshows, which in the past year have taken Flying High as far north as Washington D.C. and as far south as Nassau, Bahamas, involve the whole troupe loading up a semi tractor trailer with all the circus equipment, which includes one of the nation's largest "Big Tops". After the truck is loaded, about 15 male members take off to rig the equipment where they are joined about a day later by the rest of the troupe to do the performances.

As mentioned earlier, members of the Delta Phi chapter of Delta Tau Delta have played an active role in Flying High since their recolonization on the FSU campus in 1977. Since then, 13 members of Delt Phi have participated in the circus. Not only have these members distinguished themselves in the Fraternity as charter members (Mark Supple, Clay Morris, Emmet Schail, and Paul Bouchard), past chapter president (Paul Bouchard), past chapter vice-president (Steve Frabitore), and past pledge educators (Steve Frabitore)

*Delt brothers Steve Frabitore, upper left, and Bud Jones, lower right, and two other jugglers show their skills to an enthusiastic audience.*

and Drew Cockrell), but they have also been considered and recognized as outstanding members of Flying High, along with the other performing Deltas.

One of the most difficult acts to learn in the circus is the flying trapeze. Since 1981, Flying High has not had a flying team that did not have at least one Delt either "leaping" or "catching". Another act that requires a great deal of expertise and precision is the high wire. Flying High distinguished itself in this area in 1979 when it put together a high wire team to walk the "seven-man pyramid" first introduced by the famous Karl Wallenda in 1947. Since the Great Wallendas, no other professional artists have attempted this amazing feat. Three Deltas have made this treacherous walk since 1979.

While members of Delta Phi also excel in other acts, the involvement of Deltas in Flying High extends beyond performing alone. Nine of the 13 Deltas who have participated over the past eight years have been selected to travel with the circus to its summer residence at Callaway Gardens. Each summer, a hand-selected troupe of 25 members (out of some 70 who are eligible) are picked not only on how well they perform, but also on how well they get along with people and display leadership. In 1980, brother Kerry Seal was recognized by Callaway Gardens for outstanding service to Callaway.

Brother Steve Frabitore was awarded the Gil Aldridge Memorial Circus Award at the Flying High's 1985 home show. The recipient of this award is selected by the members of the circus as the person they consider the most outstanding member by the end of his senior year.

The Florida State University Flying Circus unquestionably is a unique college experience. Delta Phi has been and continues to be proudly represented in this elite group as it is in other organizations on campus.

## BASEBALL

Named to the All-American second team was Stanford University's PETE STANICEK, the Baltimore Orioles' ninth round draft pick in the summer free agent draft. The senior second baseman led the team in stolen bases with 28 and walks with 57 while ranking third in batting average. He set a new Pac-10 career record with 220 runs scored and had a .316 career average. Pete played in the College World Series as did junior left fielder WALT HARRIS, who stole 24 bases, and senior pitcher DAVID HARRIS. Cardinal coach MARK MARQUESS, *Stanford '69*, led the team to a 47-15 record and was named Coach of the Year by "The Sporting News." He's now the winningest coach in Stanford history with a 360-188-4 career record.

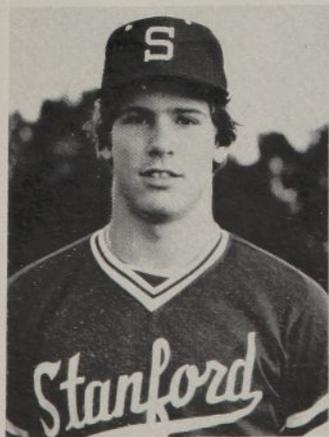

Playing against Stanford in the NCAA West Regional was Oregon State University junior KEITH KRAFVE, who saw action at several positions for the Beavers. Willamette University junior righthander JIM VIKE had another good season and was drafted by the Houston Astros in the tenth round of the draft. Junior second sacker BOB HARRINGTON had a fine year for Brown University, leading the team in games played, at bats and doubles. Junior BRIAN MURPHY started 17 games for the Bruins at third base while junior shortstop RON BUTKEVICH had 27 starting assignments.

Soph first baseman RICKY KAY was a leading star for the 16-11 Wesleyan University team which qualified for the NCAA Division III ECAC Regionals. He tied for the

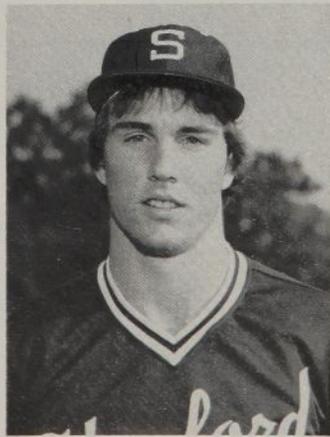

lead in homers, ranked second in RBIs and doubles, third in hits and fourth in average. Senior tri-captain PETE DEMERS was one of Lafayette University's top pitchers while soph CHIP LLOYD saw a lot of action in the outfield. One of the top players at Wabash College was senior co-captain STEVE HOFFMAN, who had his best year while alternating between shortstop and pitcher.

Butler University freshman BOB KENT was a leading pitcher for the Bulldogs, tying for the team lead in games pitched. He was also second in victories, earned run average, innings pitched and complete games. Four Delts played regularly for Westminster College. Soph outfielder CECIL GRAVES tied for the team lead in batting while ranking first in hits, homers, runs scored and at bats. Senior BRENT SALMONS was third in hitting and was one of the squad's busiest hurlers. Junior pitcher CRAIG STEFANCZYK and junior infielder RON KLANN also saw some starting duty. At Baker University, junior outfielder-pitcher MIKE MCGINLEY led the team in homers and RBIs. Senior STEVE ROBERTSON and freshman AARON BROWN split time at third base while sophomore JEFF BURNS was second in innings pitched. Junior TIM ALBERT had a year at second base for Rensselaer Polytechnic Institute's 14-9-1 squad. He was fourth in batting while senior NEAL CLARK was one of RPI's top pitchers. Senior BRETT POTAS saw a lot of duty behind the plate for the University of North Dakota.

In the pro ranks, third baseman STEVE BUECHELE, *Stanford '83*, is having a good season with Oklahoma City

Stanicek

W. Harris

Marquess

Buechele

of the American Association and hopes to move up to the parent Texas Rangers at the end of the season. At mid-season, first baseman MIKE ALDRETE, *Stanford '83*, was playing with Shreveport and leading the Texas League in batting. In the California League, first baseman ERIC HARDGRAVE, *Stanford '83*, was leading the circuit in average, homers and RBIs while playing for Reno again. Pitcher GARY REITER, *Bowling Green '78*, played with Richmond of the International League in the early part of the season but was released in May. Lefthander DREW HALL, *Morehead State '85*, is having a good year for Winston-Salem of the Carolina League.

## TRACK

Four Brothers performed well at Oregon State University. Senior CHRIS WALTMAN placed eighth in the discus at the NCAA meet to earn All-American honors. His best 1985 marks were 195-6 in the discus, 58-6½ in the shot and 201-8 in the hammer. Soph GREG LIKENS reached the pole vault finals at the NCAA meet after placing second at the Pac-10 championships. His best effort was 17-6 while soph NICK TILL reached 16-5. Soph BRAD CARMAN was second on the OSU squad with a 55.87 clocking in the 400 IM hurdles.

Senior JOHN IRWIN had the sixth-best discus throw in University of Nebraska history with a 179-6 toss and placed second at the Big Eight meet. At Brown University, junior JERRY DONINI placed second in the shot put at both the Heptagonals and New England meet. He was named the squad's most improved athlete. Junior PETER BOGDONOVICH placed third in the shot at the New England meet and fifth at the Heptagonals. Soph CHRIS WILLIAMS and freshman RICH URQUIDI competed at the Big Sky meet for the University of Idaho. Chris had best times of 3:55 for 1,500 meters and 15:26.4 for 5,000 meters.

Northwestern University sophomore JOHN MILANO was a versatile athlete for the Wildcats. He had best times of 11.46 for 100 meters and 22.31 for 200 meters. His 20-4 long jump was second on the squad. Soph JOHN MONTELEONE ran a leg on Lafayette University's record-setting 600 yard relay team, which placed third at the East Coast Conference indoor championships. Junior co-captain CARL HAMPTON had another good year for Wabash College in the weight events. He set a new Earlham Relays meet record with a 151-10 discus throw. At the NAIA district indoor meet, Westminster College junior SCOTT BOSWELL placed fifth in the triple jump while soph KENT NOEL was fifth in the 440.

Sophomore JOHN BARNEY of Wesleyan University placed sixth in the 400 meter run with a 50.9 clocking at the New England Small College Athletic Conference meet. Teammate ISAAC SHONGWE competed in the dash events, long jump and relays at the meet. Other good track performers were soph miler TODD WIENKE from the University of Colorado; freshman long jumper SHAWN SPAIN of Willamette University; sophomore STU MILLS and freshman MIKE WILCOX of Whitman College; and junior RALPH JACKSON and sophomores JON SHELTON and DAVE KOWALIK, all of Albion College.

## TOP DELT COLLEGIANS FOR 1984-85

Football — MARK RYPIEN, Washington State  
 Soccer — DAN BROWDIE, Lawrence  
 Basketball — BRAD HILSABECK, Westminster  
 Swimming — DENNIS MULVIHILL, Kenyon  
 Wrestling — JEFF BRADLEY, Stanford  
 Baseball — PETE STANICEK, Stanford  
 Track — CHRIS WALTMAN, Oregon State  
 Tennis — MIKE SMITH, Duke  
 Golf — SCOTT DUNLAP, Florida  
 Lacrosse — PAT DRENNAN, Stevens Tech

## SWIMMING

Ten Delt All-Americans helped lead Kenyon College to a sixth straight NCAA Division III national championship and 32nd straight Ohio Athletic Conference crown. Freshman DENNIS MULVIHILL earned All-American honors in four events: first in the 500 freestyle, first in the 400 freestyle relay, second in the 200 freestyle and tenth in the 100 freestyle. Also winning an individual national title was freshman TOM CREECH, who won the 1650 freestyle event and placed tenth in the 500 freestyle.

Kenyon tri-captain STU GUTSCHE placed eleventh in the 200 IM to earn All-American honors for the fourth year while another tri-captain, ANDY REGRUT, was sixth in the 500 freestyle and 15th in the 1650 freestyle. Junior KAREL STARK gained All-American status in three events: fourth in the 200 backstroke, seventh in the 100 backstroke and eighth in the 400 IM. Junior JEFF PROSWIMMER placed eighth in the 1650 freestyle, ninth in the 200 butterfly and tenth in the 500 freestyle.

Freshman DAVID WALTUCH also gained All-American honors in three events for Kenyon: first with the 400 medley relay team, fourth in the 100 butterfly and fifth in the 200 butterfly. Other All-Americans were freshman JOHN NOGAJ, first with the 400 freestyle relay team; junior DAVE KIEFER, 15th in the 100 butterfly and freshman PHIL MURPHY, 15th in the 500 freestyle. Other key swimmers for Kenyon were seniors CHRIS CUNNINGHAM and SAM TAYLOR; juniors TODD PERRETT and RENNIE WOLSFORD; and sophomore JOHN STAUFFER.

Junior GREG PITNER co-captained the DePauw University squad and went to the NCAA Division III meet again, as did Wabash College junior co-captain STEVE WHITAKER. Senior KIP GILLET and junior DAVE TUCKER were co-captains at Bethany College and were joined on the squad by senior JEFF MARSTELLER and junior ERIC JERPE. Senior co-captain MARK TURNER, junior DON CONN and sophomore KIRK HAWKS were key swimmers at Albion College. Soph BRANTLEY DETTMER of MIT, junior PETE LUNDQUIST of Michigan State, and senior diver RICH ANDERSON of Whitman College also had good years.

## GOLF

University of Florida senior SCOTT DUNLAP had an outstanding year, topped by a third place finish at the NCAA national championships, where he shot 287 for four rounds, including a 68. He earned All-Southeastern Conference honors and was the Gators' top shooter for the year with a 72.6 average over 35 rounds. He won the Andy Bean Invitational with a 212 total for three rounds and took second place honors at the Seminole Classic with a 207 score, including a career best 67.

Also playing in the NCAA championships was University of Missouri senior BRETT BURROUGHS, who tied for 22nd with a 296 total for four rounds, including a low of 71. At the Big Eight meet, he tied for ninth with a three-round total of 223. For the year, Brett averaged 74.3 over 32 rounds for the Tigers.

Delts dominated the Duke University squad that placed second at the Atlantic Coast Conference meet. Senior TODD ANDERSON was named Academic All-American for the second year, placed fourth at the ACC meet, and had a 74.4 season's stroke average. Junior TOM LAPE, who averaged 74.8 for the year, finished fifth at the ACC tourney. Senior DAVID INGRAM won the school's Clifford Perry Award for overall achievements and averaged 75.2 per round. Other good players for Duke were sophomores MIKE LOPUSZYNSKI (75.8), KEITH KEPLEY (76.1) and DOUG LUCCI (76.8).

Senior HANK HALE averaged 81.5 over six rounds for Bowling Green State University, with a best round of 75. Other good golfers were Albion College junior co-captain SCOTT NELSON, soph BILLY HOUSTON of Wesleyan University and junior DOUG FEDERSPIEL and sophomore JOHN BOYDEN of Whitman College.

## TENNIS

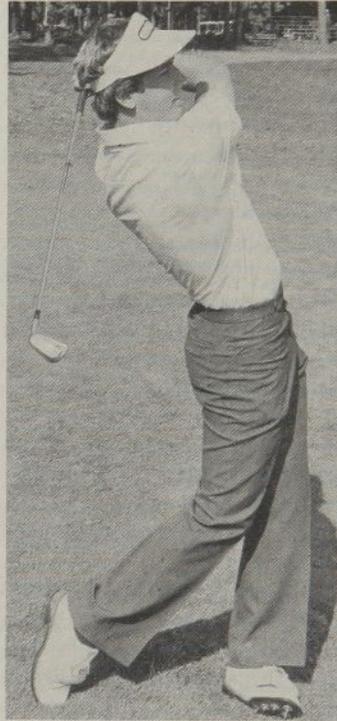

Duke University captain MIKE SMITH closed out a fine career as the second winningest singles player in school history. Playing number two singles in 1985, he was 16-16, to run his career mark to 82-46. In doubles play, he was 19-9 and placed second at the Atlantic Coast Conference meet.

Playing number one singles for the University of Pittsburgh was junior DAVE JOHNSON, who helped the Panthers to a 13-8 season, tying a school mark for wins set in 1926. Soph JEFF DADOWSKI played number three singles and teamed with Dave in doubles play. Senior MARCELO PEREZ tied a Stevens Tech mark for wins in a season (9-3 record) and became the school's career leader with a 31-13 record. He played number two singles and was named All-IAC. A three-sport star, he won the school's best male athlete award.

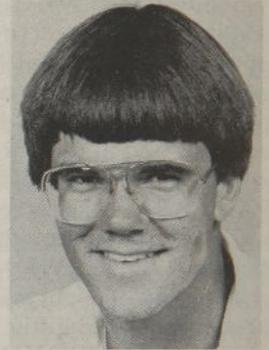

Junior CHRIS LANG won the Lawrence University Coaches Award for outstanding achievement after placing second in number six singles at the Midwest Conference meet. He also placed second at number three singles at the Lawrence Invitational, just behind soph SCOTT DUNCAN who won the event. Junior DAVE TURNER was elected captain for next season after post-

Duke's Mike Smith

ing a 7-3 record at number five and six singles. Sophomore DAN HARTENSTEIN was 9-8 at number five singles for Lawrence.

Junior PAUL ISAKSON excelled at number one singles for the University of Missouri and Rolla was voted team MVP. He was 7-2 in singles and 6-2 in doubles play. Soph teammate FRED MILLER was 3-4 at number four singles. Other good players were sophomore BRIAN HOLIDAY, who won his first letter at Bowling Green State University; sophomore KEN SIEPMAN of Wabash College; freshman ROBBIE JOHNSON of Willamette University; and junior ROB CRAIG and freshman HANS LEE, both of MIT.

## LACROSSE

Stevens Tech co-captain PAT DRENNAN closed out a fine career with 21 goals and a school record 14 assists. The senior midfielder, who led the squad to a 7-5 season, was named to the All-Knickerbocker Conference and All-New Jersey College Lacrosse Coaches Association first teams. He also won the school's John L. Sim Award as the top lacrosse player and was chosen for the U.S. International Lacrosse Association North-South All-Star Game. Senior attackman PAT D'ESPOSITO had team highs of 27 assists and 42 points to earn All-Knickerbocker Conference second team selection. Soph KEVIN KELTON and senior LARRY BOVICH were two of Stevens Tech's top defensemen.

A number of Delt's saw action as Duke University had its first winning season since 1978. Junior attackman MATT McWRIGHT contributed 9 goals and 6 assists while freshman attackman DAVID KEEFE scored 12

goals and added 3 assists. Junior midfielder MARK ROBERTS had 7 goals. Junior CURT CIMEI started on defense and freshman BILL McCULLOUGH played well as a backup goalie, posting 39 saves in 8 games.

Senior DAVID JOHNSTON captained the Washington and Lee University team and was the co-player of the game against Cornell. Other good players were junior defenseman DAVID LeBLANC of Rensselaer Polytechnic Institute; junior midfielder WAYNE JOHNSON-EPPS of Willamette University; and freshman MIKE GAIDIS of MIT.

## FOOTBALL

The only Delt chosen in the NFL draft was Stanford University offensive guard JEFF DEATON, who went to the New York Jets in the sixth round. After being drafted by the New Jersey Generals of the USFL, Ohio State offensive guard SCOTT ZALENSKI signed as a free agent with the Washington Redskins. Stanford defensive lineman MIKE WYMAN inked a free agent pact with the San Francisco 49ers while wide receiver MIKE TOLLIVER, *Stanford '84*, signed with the Buffalo Bills. He was in the Dallas Cowboys camp last fall.

## ADMINISTRATORS

In late March, RICH AGNESS, *Lawrence '67*, was named athletic director at his alma mater. He had been dean of campus life since 1980 and on the football coaching staff since 1974, serving as interim head football coach last fall. He will continue as head football coach this fall on a permanent basis.

## The Fraternity's Founding

Delta Tau Delta was founded at Bethany College, Bethany, Virginia (now West Virginia), February, 1858. Incorporated under the laws of the state of New York, December 1, 1911. The Fraternity is a charter member of the National Interfraternity Conference. Founders were:

Richard H. Alfred (1832-1914)  
Eugene Tarr (1840-1914)  
John C. Johnson (1840-1927)  
Alexander C. Earle (1841-1916)

William R. Cunningham (1834-1919)  
John L. N. Hunt (1838-1918)  
Jacob S. Lowe (1839-1919)  
Henry K. Bell (1839-1867)

## Central Office

## REQUEST TO PARENTS

If your son has graduated from college and is living somewhere other than the address on the label above, we will appreciate your sending us his permanent address so that we can make the appropriate change. We hope you will read this issue, then forward it to your son. At the same time, please send his new address, along with the address shown on this issue (or cut off the label and send it) to: Delta Tau Delta Fraternity, 4740 Kingsway Drive, Suite 110, Indianapolis, Indiana 46205. Your cooperation will be appreciated.
