## ATLANTA

Monthly Dinners, first Thursday, 7:30 p. m. Weekly Luncheons, every Friday, 1:00 p. m. All at the Daffodil Tea Room, Pryor St.

## BOSTON

Club House, 44 Fairfield St.; Phone Back Bay 56874. Luncheon every Tuesday noon, Harvest Room, Boston Tavern.

## CHICAGO

Luncheon every Wednesday, 12-2, Main Floor of the La Salle Hotel. Monthly Dinner, second Thursday at the University Club.

## CINCINNATI

Luncheon every Wednesday noon at the Burnet House.

## CLEVELAND

Luncheon every Friday, 12:00 o'clock, Chamber of Commerce.

## COLUMBUS

Luncheon every Saturday noon at the Neal House.

## DALLAS

Luncheon first Tuesday, University Club, Oriental Hotel.

## DENVER

Luncheon every other Wednesday at the University Club

## DES MOINES

Luncheon every Thursday at the Grant Club

## DETROIT

Luncheon and dinner every day at Club House, 5511 Cass Ave. Special luncheon every Friday. Monthly Dinner, second Tuesday.

## INDIANAPOLIS

Luncheon every Friday noon at Indianapolis Board of Trade Lunch Room. Monthly Dinner, first Wednesday, 6:30 p. m., at Beta Zeta Chapter House, 15 S. Ritter Ave.

## LOS ANGELES

Monthly Dinner, Third Tuesday, 6:30 p. m. at the City Club.

## MILWAUKEE

General "Get-together" third Monday of each month. Phone Lakeside 3727.

## MINNEAPOLIS

Luncheon every Wednesday at Bergsing's Restaurant. Joint dinner with St. Paul Chapter, second Thursdays, alternating between the respective Athletic Clubs of the two cities.

## NEW ORLEANS

Combination active and alumni Luncheon every Thursday at the St. Charles Hotel.

## NEW YORK

Monthly Dinner, Third Thursday, 7:30 p. m. at Club House, 27 East 39 Street.

## OMAHA

Luncheon every Wednesday noon and Monthly Dinner third Thursday at the University Club.

## PHILADELPHIA

Luncheon every Saturday, 1:00 p. m. in the Green Room of the Arcadia. Chestnut Street below Broad.

## ST. LOUIS

Luncheon at 12:30 p. m. on the first Thursday of each month at the Missouri Athletic Association, Fourth and Washington Streets.

## SAN FRANCISCO

Luncheon every Friday at the Commercial Club.

## SEATTLE

Luncheon every Saturday, 12:30 p. m. in Banquet Room of the Butler Hotel, Second Ave. at James St.

## TULSA, OKLAHOMA

Luncheon Third Wednesday at the Coffee Cup Inn.

Vol. XLV

June, 1922

No. 4

## Delta Tau Delta Needs a Man

A. Bruce Bielaski

Delta Tau Delta is on a man hunt. Somewhere among our number is the first distinctly "Traveling Secretary" of the Fraternity. From all sides has come the demand that a representative of the Arch Chapter should visit each chapter once or more between Karneas. To date the Fraternity has relied for the bulk of this work in the main on the manager of its Central Office, who is also editor of THE RAINBOW, active secretary of the Arch Chapter, and general adviser to active chapters, with the other members of the Arch Chapter helping here and there. The simple fact, however, that one man can not be in two places at the same time forces the Fraternity to find an assistant to the Manager of the Central Office who can take over the duties usually performed by a traveling secretary and devote himself almost exclusively to them.

Personal contact between the Arch Chapter and the sixty-five Active Chapters in this manner will be of great value. Local problems will be smoothed out, wrong practices and tendencies more quickly checked, fresh inspiration given and received, Active Chapters brought closer together, and not only the Active Chapters urged on toward the highest standards, but the Arch Chapter made more helpful and its assistance more available to each chapter.

Individual brothers will likewise get in closer touch with brothers outside their own chapters and will be kept

better informed of national policies, national problems, and national progress.

Quite as important, however, is the service the right man can render outside the purely internal affairs of the Fraternity. Every Delt Chapter must be an honored part and a helpful servitor of the college in which it is located. The Traveling Secretary should bring to the officers of the colleges not only the opportunity to make more nearly certain the support of our local chapters, but, as the personal representative of the Arch Chapter, he should make available to the college the service of the national officers of the Fraternity in furthering the ideals and operations of the college, or in any problems affecting any group or individual in the Fraternity. We want every college president and dean to know, and to know in a direct and personal way, that the national organization of Delta Tau Delta is available for service in anything contributing to higher standards of scholarship, higher standards of morality, and better service to and through the college world, whether the service desired be great or small, whether it concern many or an individual. The Traveling Secretary should accomplish much along these lines.

The man sought must be a graduate of his college, who stood well in his classes; who played well a part in its extra-curriculum activities; who was a faithful Delt and accomplished things in and for his chapter; who possesses an attractive personality; who is able to meet men and win and hold their confidence; who is absolutely sound on the liquor and other problems still so prevalent in nearly all colleges, and who above all is clean, upright, high-principled and full of love for Delta Tau Delta and the service of his fellow-men. If he has had some business experience; if he knows something of any phase of magazine work; if he runs a typewriter or knows a bit of bookkeeping, so much the better.

To such a man the Fraternity can offer compensation perhaps a little above the average received by men a few years out of college, and the chance to come in contact with men who are in a position to open the doors of opportunity in many lines of business. It can not promise any future of large earnings nor can it hope to hold for more than a few years the man it wants for this work; but it offers a training well worth while and the satisfaction of service in a great cause.

The new man should enter upon his duties shortly after September 1st, in the Central Office in New York, with a view to proper preparation for field work in the fall. Are you the man, or can you suggest him to me? Write as fully as you can the qualifications of your candidate, what initial compensation will be acceptable, and who can best testify to his fitness. If possible, send a good picture of him. All correspondence shall be treated confidentially and the most earnest efforts made to secure the man who can best serve Delta Tau Delta.

# The University of Oklahoma

Where Delta Alpha Begins Her Career as a  
Chapter of Delta Tau Delta

Tully Nettleton

Delta Alpha '22

The University of Oklahoma started to grow in 1892—that's another way of saying it was founded then. Oklahoma was at that time a sparsely settled territory; it did not become a state until 1907, but the establishment of a university was one of the first works of the territorial legislature. Some of the notable notes from the university's diary—if it had kept one—might read like this:

Year 1889—The name "Sooner" originated; it was applied to men who were in such a hurry to get into a good state that they "jumped the gun" in the run for new land in the Indian Country. The name was adopted later by the students of Oklahoma University and given a new meaning synonymous with successful athletic teams and a bunch of people whose democratic spirit made everybody feel at home on the campus.

Year 1893—First building completed. It burned down in 1903; another main hall was built, but it burned down in 1907.

Year 1902—Benny Owen came to Soonerland to coach football. Oklahoma has had a name for strong teams and good sportmanship ever since.

Year 1905—First national fraternity entered Oklahoma. It was Kappa Alpha, Southern.

Year 1907—Congress of U. S. A. passed favorably on petition of Oklahoma and Indian Territories for admission to the Union. The University began to grow a little faster; it built the present University Hall, or Administra-

tion building, to take the place of the second building destroyed by fire. In building this it set the Collegiate Gothic style of architecture which has been followed ever since in the campus planning and construction.

Year 1912—Dr. Stratton D. Brooks, formerly superintendent of city schools in Boston, Mass., was elected president of the University. During his administration the University has outstripped all other schools in the state in popularity; it has grown from four major buildings to eleven, and from an annual enrollment of 850 to 4,250 in 1920-1921.

Year 1914—University secured sixty acres of land adjoining the campus; this gave it a total of one hundred and twenty acres over which to spread itself during the next few centuries. It's land that responds well to the landscape gardener's art.

Year 1916—Benny Owen's all-victorious football team, a forward passing machine, wrote the name "Sooner" all over the Middle West. It also paved the way for entrance into Missouri Valley Conference in 1919.

Year 1919—Delta Sigma Delta was organized to petition Delta Tau Delta. Four brick and stone buildings, the Auditorium, the Library, the Geology Building and the Armory, costing \$700,000 were opened by the University.

Year 1920—Fraternity expansion began to revive after a lull of eight years, during which time only two nationals had established chapters. At the opening of the year, besides Kappa Alpha, the fraternity list included chapters of Kappa Sigma (1906), Beta Theta Pi (1907), Sigma Nu (1909), Sigma Alpha Epsilon (1909), Sigma Chi (1912), Phi Gamma Delta (1917), Phi Delta Theta (1918). During the year 1920 charters were granted to "Sooner" petitioners by Acacia, Sigma Alpha Mu, Pi Kappa Alpha, Phi Kappa Psi and Alpha Tau Omega. Phi Beta Kappa also issued a charter to Oklahoma.

Year 1922—Delta Tau Delta installed its Delta Alpha Chapter here.

Year 1923—"Sooner" stadium and men's gymnasium will be built at the cost of half a million dollars or more. Other projected buildings are an Engineering Building, School of Business Building, Natural Sciences Building, Medical Building, Journalism Office and a Delta Tau Delta House.

University of Oklahoma now has a resident enrollment of more than 2,900 and an annual enrollment covering two semesters and the summer term less duplication, of more than 4,250.

The University administration is very favorable to general fraternities and professional fraternities, and there is a cordial feeling between non-fraternity and fraternity men and women on the campus.

The work offered by the University includes all the usual academic courses, and courses in a number of professional schools. The College of Arts and Sciences gives a B.A. degree, and within it are organized schools of public and private business, journalism, social service and home economics. The College of Engineering, including schools of mechanical, chemical, electrical, civil, and geological engineering, gives degrees of B.S., qualified by the name of the course, as B.S. in C.E., and among the separate schools are the School of Law, School of Medicine, School of Pharmacy, School of Fine Arts, School of Education, and the Graduate School which offers Master's work in either Arts or Sciences.

The school is supported in part by legislative appropriations ranging from \$650,000 to \$900,000 yearly, and in part by revenue from permanent land endowments amounting to approximately \$185,000 yearly.

The students of the University have always more than

University of Oklahoma

University of Oklahoma  
Norman, Okla.

kept up with its sources of revenue. It not only commands by far the major portion of the collegiate enrollment from its own growing state, but it attracts students from outside the state to its schools of law, geology, chemistry and medicine. Each year's Freshman Class numbers approximately one-fourth of all the high school graduates in the state from the preceding June.

# Delta Alpha

## A Story of Our Baby Chapter and Her Labors for a Charter

Tully Nettleton

Delta Alpha '22

The man to whom Delta Alpha of Delta Tau Delta, once called Delta Sigma Delta, owes her creation is now a Rhodes scholar in Oxford, England. He is Joseph A. Brandt, a Phi Beta Kappa, and the editor of the school paper. Brandt during his Junior Year gathered around him Herman Lautaret, his almost lifetime chum; David R. Crockett, a returned navy ensign who combined "A" grades with athletic prowess; Tully Nettleton, a subordinate editor on the school daily, and several others until he had banded together a group of twelve men.

This coterie met for the first time on December 6, 1919, a *sub rosa* gathering in the room of two of the members, Waldo Wettengel and J. Frank Deming, one of whom is now a Chautauqua player, the other a vice consul in Venice. Henderson Don Emery of Alpha Chapter came at the organizers' invitation and outlined in plain terms some of the standards a petitioning group must plan to fulfill if it expected ever to receive a charter in Delta Tau Delta. The meeting accomplished two main purposes; the group made its decision to petition Delta Tau Delta, however long that might be necessary, and never to consider any other goal. The men then drew up and signed a Pledge of Allegiance by which they established and pledged themselves to Delta Sigma Delta.

At this time and later the local chapter had the counsel of Emery, and Charles J. Irving, also of Alpha Chapter, and W. Harold Hoots of Gamma Chi Chapter. Emery was a law student; Irving and Hoots came to Oklahoma for geology.

Within a month after this organizing, the petitioners secured a house, bought some furniture, and settled down in their chapter home for the opening of the second semester. They had by this time accepted a charter membership list including Brandt, Lautaret, Crockett, Nettleton, Sherwood J. Lahman, Frank B. Overman, Kerr C. McQuown, Waldo Wettengel, J. Frank Deming, Floyd E. Melott, Eugene C. Chastain, Owen A. Winsor, Jerome C. Sullivan, Olson L. Anderson, Lowell J. Ridings, Noble F. Hilsmeier, and Donald R. Rodkey. The Chapter then announced herself and her intention to petition Delta Tau Delta.

An elaborate local constitution and ritual were adopted in which the framers sought to set up a structure as if they were building not only for temporary needs but for perpetuity if necessary. They infused into it some such standards as high scholarship requirements, a sincere religious and moral tone, conservatism in campus conduct, close fellowship through conservative chapter size, and encouragement to enter student activities. The charter members administered the ritual to themselves on the night of January 19, 1920, and later initiated at one time or another thirteen neophytes through the Delta Sigma Delta Ritual. They were Charles B. Duffy, Loy G. Horn, Harold F. Thomason, Bryan Griffin, Lawrence L. Jones, W. Otis Ridings, Ben K. Parks, Lowell P. Veale, Glenn Grimes, D. Orville Vogle, Robert P. Bates, J. Dyle Carmen, Donovan W. Brunskill.

Soon after its organization, the chapter began a note system for the creation of a building fund.

The first written petition for admission into Delta Tau Delta was placed in the hands of Frank F. Rogers, Manager of the Central Office, during his attendance at the Western Division Conference on March 29, 1920, and he thereupon

became the chief adviser on how to present the petition to the Fraternity. The official inspection was made by Henry F. Campbell, National Treasurer, about the middle of the school year 1920-21, and Delta Sigma Delta sent out her formal petition to the officers and chapters of Delta Tau Delta in the spring.

The preparation of a large exhibit and the amassing of a delegation of ten Delta Sig's at the Forty-sixth Karnea at Omaha brought the task of petitioning to its culmination. The charter was granted, and installation of the Delta Alpha Chapter later set for February 22, 1922.

A resume of the baby chapter's part in "Sooner" campus life would begin with journalism and end with athletics. Brandt and Nettleton were editors of the University newspaper, *The Oklahoma Daily*, Nettleton succeeding to that office in the spring election of 1921. Both made Phi Beta Kappa, and Pe-et, a local senior all-round honorary. Brandt was elected Rhodes scholar for Oklahoma in 1920. Hilsmeier, Horn, McQuown, and Sullivan have at various times held seats on the student-council of the University. Griffin and Parks brought in the first Varsity letters, Griffin in track and Parks in tennis. Parks won the singles championship of the Missouri Valley, and is now captain of the Varsity Tennis Squad. He also served as president of the University Y.M.C.A. Griffin became captain of the track team, and is now accompanied by Vogle, Bates, and Pledge Bonebrake when the team takes a trip. Bonebreak also has contributed a basketball letter to the collection. Every member in the house belongs to some honorary, professional, or class fraternity, some belonging to several of them. New men are always urged to undertake both activities and good scholarship.

The scholarship aim of the local chapter was upheld for three semesters by outstripping all the other men's fraternities on the campus.

# Installation of Delta Alpha

Melvin Rigg

Gamma Theta

George Washington will have to share honors from now on as far as Oklahoma Delts are concerned. On February 22, 1922, Chapter Delta Alpha of Delta Tau Delta was born.

Ever since the charter was assured last summer, plans have been on foot for the installation. Most of the plans were the work of the petitioning chapter, Delta Sigma Delta, at Norman. However, a number of alumni living in Oklahoma City got together in a series of weekly luncheons in order to help things along. From the point of numbers these luncheons were not howling successes. The usual number was about seven: Brothers Severin, Omicron, Cass, Gamma Zeta, Hill, Gamma Alpha, Copeland, Phi, Boyd, Beta Upsilon, Kilpatrick, Beta Xi, and Rigg, Gamma Theta. But we made up for the lack of numbers with lots of genuine old Delt spirit. The preparations in Oklahoma city were in the hands of Brother Severin. Under his direction the chapter paraphernalia was made, and parts of the initiatory service were learned.

Finally on Monday, February 20th, Frank Rogers himself pulled into town. On Monday evening he entertained in state in his room at the Huckins Hotel. That means that five of the city alumni that were there learned more about Delta Tau Delta than they had ever thought it possible to know. Tuesday was spent in Norman, about twenty miles south of Oklahoma City, the seat of the University of Oklahoma. Here all the preliminaries to the initiation were attended to.

The initiation was held on Wednesday, February 22d, at three o'clock, in the Elks' Hall, Oklahoma City. By a little ingenuity on the part of Brother Severin, the room was

turned into a very satisfactory Delt Chapter Hall. The chief parts in the ceremony were taken by Thomas I. Miller, President of the Southern Division, Harry R. Hewitt, Ritualist, and Frank Rogers, Editor of *THE RAINBOW*, who was also the especial representative of the Arch Chapter for the installation. These were assisted by "home talent" in the persons of Brothers Severin, Rigg, Hill, Copeland and Cass. By the end of the afternoon there were twenty-three more Deltas to wear the Purple, White and Gold. After the initiation the officers of the new chapter were installed and Brother Severin was announced as Chapter Adviser.

At eight o'clock in the evening, we were gathered around the banquet board, the boys of Delta Tau. The feed was held in the banquet room of the Huckins. In spite of the small number of Delts living in the city, about forty alumni managed to assemble for the occasion. Just how they all happened to land in Oklahoma City, no one knows. Together with the newly installed Active Chapter, they made a very respectable crowd. They were a representative bunch. Two Leland Stanford men were present. There was one from Wesleyan. Both Wisconsin and Texas were represented. So they came literally from the four corners of the United States. Other colleges represented were Allegheny, Western Reserve, Washington and Lee, Georgia, Tulane, Vanderbilt, Illinois, Chicago, Iowa, Baker, and Missouri. Four members of the Arch Chapter were present: Brothers Rogers, Hewitt, Campbell, and Thomas I. Miller.

The fates conspired to disprove Brother Rogers' old complaint that banquets aren't what they used to be before 1919. The food was excellent, but this material refreshment did not compare with the spiritual refreshment that followed. By spiritual refreshment I mean, of course, the toasts. Brother Rigg of Baker was toastmaster. The Charter of Chapter Delta Alpha was presented by Brother

Hewitt, Ritualist of the Fraternity, and was received by Brother Tully Nettleton as the representative of the new chapter. Then followed talks by Brother Miller, President of the Southern Division, Brother Severin, Chapter Advisor, and Brother Overman, President of the new chapter. Brother Rogers treated us to "The Miracle of the Pansy," an allegorical masterpiece that would put Van Dyke out of the running if it were printed.

A number of informal talks followed. Brother Campbell, Treasurer of the Fraternity, Brother Tom Clark, who had come all the way from Austin as the special representative of the Texas Chapter, and others were heard from—especially Brother Cass from pious old Wesleyan. (Never heard such a speech in all my life, never heard such a gol darn speech!)

The climax of the evening was the speech of Brother Fisk of Kingfisher, Oklahoma. Brother Fisk has been a member of the Fraternity longer than most of us have lived. He said so many speeches had been addressed to "Wearers of the Square Badge," that he felt rather out of place. Brother Fisk himself wears the old six-pointed star pin, formed by two superimposed Deltas. These pins were manufactured only for a short while and very few Delts have even seen such a pin.

Finally, after every alumnus present had been given a chance to be heard, the "Walk-Around" began. The poor people who stayed at the Huckins that night must have been bewildered. Fully sixty "boys" were in the line singing the mournful "Wah-ne hee ne, Wah-ne ho." The procession went from banquet room to the parlor, then down into the lobby, and finally back again to the parlor where it broke up with

Rah, Rah, Delta!  
Delta Tau Delta!  
Rah, Rah, Delta Tau!  
Delta Tau Delta!

This was the end of the official party. Of course the boys did not all go to bed right away. It is suspected that Brother Kilpatrick did not go to bed for some time, but he gained an enviable reputation as a host.

The installation has been a wonderful event. It was of course wonderful to the boys at Norman. But it was even more wonderful for the alumni. Men like Brother Boyd who had not heard the Ritual for years came up to the hall that afternoon and lived again the days of their youth. And all departed that night strengthened by those fraternal bonds that unite us and better prepare us for life.

# At the Nation's Capital

Delts Who are Active and Prominent in  
Washington

John L. Cable

Chi '06, Gamma Eta '09

A Cabinet Officer, members of Congress, guardian of the Nation's wealth, Commissioner of Pensions, and Assistant Secretary of the Cabinet and a Director of European Commerce; these and many other important positions in the Capital City are held by men wearing the square badge. Members of the Delta Tau Delta Fraternity visiting in the Capital are both pleased and gratified to see the square badge worn by those high in the trust and confidence of the Nation. A brief insight into the duties of these men might be an inspiration to future members, and a source of gratification to those already privileged to wear the emblem.

President Harding realized that the prosperity of the Nation depended to a large extent upon the farmers. When he sought a man for the position of Secretary of Agriculture for his Cabinet, he announced he would have not only a man of ability, but also a real "dirt farmer." Brother Henry Cantwell Wallace, Des Moines, Iowa, Gamma Pi '88, was selected. This office is charged with more duties than that of any other member of the Cabinet, in my opinion, the chief of which is to promote agriculture in its broadest sense. Secretary Wallace lays special stress upon farm economics and prices. Under his direct and able supervision come the Weather Bureau, the Bureau of Animal Industry and of Plant Industry, the Forest Service and Market and Crop Estimates. Brother Wallace is strictly up to date and broadcasts market prices and crops by radio, as well as sending them out by telegraph and mail. One subject of

special, vital importance to all the people of the country is the construction of good highways, and the Secretary has under his supervision the approval of plans and expenditures of Federal Aid for public roads. The present Congress, appreciating his extraordinary ability, added to his numerous duties that of regulating packers and stock yards, as well as giving him jurisdiction over the grain future trading act.

While not a member of the Cabinet, Assistant Secretary of Labor Edward J. Henning, Wisconsin '94, is but one step removed. During the absence of Secretary of Labor Davis he, as First Assistant, takes charge of the Department. Much valuable service has been given to the Nation by Brother Henning. The question of immigration and naturalization is foremost in the minds of the people of our country. With his aid the new three per cent restrictive immigration law has been made a success and has accomplished its purpose; that is, the checking of the flood of intended immigrants to this country. Brother Henning's motto is that "America is first for Americans." Making Americans through naturalization proceedings also comes under his jurisdiction, as well as the overseeing of the Children's Bureau, the Women's Bureau, and the United States Employment Service. The proper functioning of each of these Bureaus carries with it a heavy responsibility ably borne on the broad shoulders of a Delt.

We have a Delt in Washington as Commissioner of Pensions who is ably and humanely carrying out the admonition of that great American, Abraham Lincoln, to care for the veterans, their widows and orphans. I refer to Brother Washington Gardner, Commissioner of Pensions, Mu '70. On the pension rolls there are still 50 widows of the veterans of the War of 1812. Veterans of the Civil War and their widows number less than 500,000. Under his direction \$250,000,000 are annually disbursed to those

who have served their country in time of need, or to their widows or to their dependents. In addition, he has charge of the retirement pension of government employees in classified Civil Service.

How would any member of the Fraternity like to assume the responsibility of being charged with the receipt and disbursement of all public money that may be deposited in the treasury at Washington, in all subtreasuries, and in the National Bank depositories? Quite a responsibility! But Brother Frank White, Beta Upsilon '80, as Treasurer of the United States by President Harding's appointment, fills that position ably and well. Under his guidance the money paid by the taxpayers and others into the treasury will be safe and secure.

Colonel Allen Goldsmith, Chi '09, served with Secretary of Commerce Hoover in Europe; he is again called by the Secretary for further duties, because Mr. Hoover appreciated his ability. Brother Goldsmith is Chief of the Western European Division and is charged with the duty of developing manufacturing industries in the United States and markets for their products abroad. He also gathers and publishes useful information concerning the industrial conditions in Europe.

Leaving the Executive division of the United States Government, if we should journey to the Capital and visit the Senate we would there find Brother Park Trammell, Lambda '99, serving his first term as Senator from Florida. This State has 1400 miles of coastline; as the Senator is very anxious to serve the people of his own State, as well as those of the Nation, he was elected a member of the Naval Committee in the Senate where he is very active. He serves also on the following Senate Committees: Claims, Interoceanic Canals, and Public Buildings and Grounds.

Leaving the Senate side of the Capitol, we pass the room

formerly used by the Senate but now occupied by the Supreme Court, and go through the rotunda on to the floor of the House. The Army Appropriation Bill is up for consideration, and Brother Dan R. Anthony, Jr., Delta '91, of Kansas, is piloting this very important measure carrying millions of the taxpayers' money through all attacks to final passage in the House. While the debate is in progress, two members "on the other side of the aisle" are giving him every attention. They are the only two Delt members in the House who belong to the old Rainbow Fraternity; they are Lemuel P. Padgett, L. T. '76, of Tennessee, and Benjamin G. Humphreys, Pi '85, of Mississippi.

Brother Padgett is now serving his eleventh consecutive term in the House and was for eight years Chairman of the Naval Committee.

Brother Humphreys belonged to the parent chapter of the Rainbow Fraternity at the University of Mississippi and was reinitiated into Delta Tau Delta by Beta Theta Chapter in 1905 while a member of Congress. He is now serving his tenth consecutive term, and is the author of the Flood Control Act of 1916.

Whenever the Secretary of Agriculture wants prompt consideration of any bill affecting his Department, he phones Brother Fred S. Purnell, Beta Alpha '03, of Indiana, who is a member of the Agricultural Committee of the House. Fred is always ready and willing to look after the interests of the farmer or the Secretary. He aided in putting through the Packers' Bill in this term of Congress.

Brother Homer Hoch, Gamma Theta '02, of Kansas, is a member of the very important Interstate and Foreign Commerce Committee, and in this position assisted in the enactment of a great portion of the legislation on behalf of the World War Veterans. He also supported a bill for the protection of State's rights with reference to regulating public utilities within the State.

Colonel Frank White  
Treasurer of the United States  
Beta Upsilon '80

Brother Alben W. Barkley, Beta Epsilon '00, of Kentucky, the Democratic orator of the House, is the ranking Democratic member of the Interstate and Foreign Commerce Committee.

The writer belongs to both Chi and Gamma Eta Chapters, and specializes in immigration legislation, as well as in the construction of public roads by Federal Aid.

A story is told of a father and young son who went to the House gallery and were present when the chaplain offered prayer at the beginning of the session. The son asked his father whether he was praying for the members. "No, son," replied the father. "He does not need to pray for the members. He is praying for the people."

As long as Brother Jim Mann, Beta Upsilon '76, of Illinois, is in the House, no prayer is needed for the people. I can safely say without offending any member in the House that he is the ablest debater in the lower body of Congress. Showing neither fear nor favor, he is a fighter, respected and honored by all. Any bill that passes the House and that bears his approval is sure to be a benefit to the country.

## Eastern Division Conference

Held at the Hotel Bellevue-Stratford, Philadelphia, Pa.,  
February 17 and 18, 1922

George M. Carnes

*Gamma Iota and Gamma Epsilon*

When the writer was apprised of the fact that one of the reasons for his being sent to the Thirty-ninth Eastern Division Conference was to get a story for *THE RAINBOW*, it was with some misgivings that he accepted his fate. We have lived in New York just long enough to acquire the natives' idea that Philadelphia is no more nor less than a quiet, peaceful suburb of the Metropolis, and for that reason we felt that there were grounds for misapprehension. What could the brothers of the slumbering Quaker City do to furnish material for a real live story of the Conference, and who were we to garnish dry facts with imaginative greens? But now we hasten to apologize. We bow down in abject humility for entertaining prejudices, born as they were of ignorance and fostered by indifference.

Philadelphia—City of Brotherly Love! What could be a more appropriate setting for a fraternal assemblage. This spirit reinforced by Delt loyalty greeted the visiting delegates upon their arrival and manifested itself throughout the entire Conference. Registration was not a mere formality. The Philadelphia brothers made it an opportunity to greet their visitors and make them feel welcome. The fact that the mercury was hovering around zero did not cause any Delt a moment's concern; the warmth of that welcome was such that climatic conditions were excluded from his thoughts.

The work of the Conference did not actually commence until the afternoon of Friday, February 17th. After being

welcomed officially to Philadelphia by a most interesting and entertaining speaker, the delegates settled down to the inevitable chapter reports. Some of the delegates listened, ever hoping that they would be "next" and could get the ordeal over with as soon as possible. Doubtless they were anxious to give themselves up to the business of enjoying the session without an annoyance parallel to the case of a certain gentleman of yore who was seated before a feast and told to enjoy himself in spite of the fact that a sword hung suspended over his head by a thread of doubtful strength. Other delegates seemed to be praying as fervently that their names would not be called that afternoon, and, gracious gods permitting, perhaps not at all. All, however, waited with a watchful eye on the hour, for nine o'clock was the scheduled time for the smoker. Only the committee knew the details, and they were as secretive as the Ku Klux Klan; but rumor had it that something was in the wind—the smoker was going to be *good*. The event itself confirmed the rumor. It was good.

While there was no roll-call, still it is reported that every delegate, wearing an eager air of expectancy, was present in the designated room of the Bellevue-Stratford promptly at nine o'clock. One or two of the brothers confided to us that some of the delegates were there "twice." Whether this strange delusion may be attributed to the near beer which our generous hosts provided, or whether it was due to the fact that the audience was augmented by many local alumni, we are not prepared to say. They were all there, however; and so, for that matter, was the smoker. As soon as the brothers had been admitted to the scene of the festivities and had seated themselves at the many tables provided, three comely maids (names may be obtained by consulting the list of actives at Omega) began distributing cigarettes and cigars. The astonished audience had

scarcely recovered from their surprise at finding smokeable cigars at a smoker when the program for the evening's entertainment was launched. Mere words are entirely inadequate to give even an inkling of the merits of the performers or of the enthusiasm with which they were received. "Ask your delegate. He knows." Before leaving the discussion of the smoker, however, there is one feature which deserves mention. Brother Brumm, Chairman of the Smoker Committee, kept a watchful eye on his audience and on the dressing room all through the performance; when it was apparent that many of the brothers were almost exhausted by their strenuous applause, he called a halt on the entertainment and announced that a buffet supper would be served. And it *was*. After a plentiful repast had been consumed, the entertainers again occupied the stage and the smoker continued without any abatement in enthusiasm until the last act had been seen and the last Delt song had been sung.

The Saturday morning session was interesting chiefly in that all of the delegates had sufficiently recovered from the smoker to be present. Of course, it *had* been announced that delegate's expenses would be refunded that morning, but we are sure *that* had no great bearing on the full attendance at the session. The formal presentation of petitions by two local groups in the Division took up most of the morning and much valuable and interesting information can be found on this matter in the minutes of the meeting.

At noon the delegates lunched with the local alumni chapter, and an excellent opportunity was afforded for fraternizing until time to return for the last business session. The work of the afternoon consisted in bringing routine matters to a close and in electing officers. Brother Lindemuth was unanimously reelected President, while Brother Reeder of the Philadelphia Alumni Chapter was elected

Vice-President and Brother Charles Gooding of Beta Lambda Secretary. The applause which greeted Brother Lindemuth's speech of acceptance evinced the chapters' appreciation of his splendid work in the Division and pointed to whole-hearted cooperation for making each year a better one for Delta Tau Delta in the East.

We have a distinct recollection of making notations on our cuff of several particularly significant features of the banquet, but we neglected to make a permanent record of the observations before sending the memoranda to the laundry. Consequently, we must rely upon our memory for details. Let us first dispense with the food. It was excellent. Why should it be otherwise with Brother Sigman there to exercise his power as Chairman of the Banquet Committee? To resume, the feast was ample and tasty and the brothers waxed enthusiastic over the meal. When Brother G. Franklin Brumm, toastmaster, arose, pounded the brick with his gavel, and shouted for quiet, every one said, "sh-h-h-," to his neighbor and all settled back for the speeches.

Brother George Morrissey was the first speaker introduced, and he gave the assembled brothers a very clear idea of the status and purpose of the New York Club. He stated that the new home of the Club now gave it an opportunity to meet the demands for a suitable stop-over place for Delts visiting New York, and the appointments were such that permanent residents could be made very comfortable. He reported on the extensive social program which was being followed. He laid particular stress upon the fact that the Board of Governors was striving to make the Club operate on a scale within the means of young Delts just starting in business in New York.

Brother Bielaski, National President, sketched briefly the progress of the Fraternity in the past few years, laying

particular emphasis on the benefits of the Undergraduate Loan Fund. He cited a number of cases in which the Fraternity had been able to come forward with a loan thus saving the day for men who would otherwise have had to withdraw on account of financial reasons. In each instance these men were students whose extra curricula activities contributed no small amount to the standing of their school and chapter.

Soon after Brother Herbert Adams Gibbons was called upon to speak, it was evident that President Bielaski's address had borne fruit. After giving a most entertaining and enlightening talk on the national political situation and the demand for college and fraternity trained men to meet increasing complexities of government, Brother Gibbons volunteered to head a list to add another thousand dollars to the Loan Fund. It might be added in this connection that others have followed his example and the fund is growing steadily, but not yet in proportion to the demand.

Brother John L. Cable, member of Congress, followed with an inspiring account of the Delts in Government Service. His address was of particular interest to the undergraduates who are always impressed with accounts of brothers of national prominence; but he carried all his audience with him when he drove home his point that all the Delt members of the House and Senate, and others holding important Government positions are practicing the principles taught them as wearers of the square badge in their college years, and that, in spite of the pressing duties of their offices, they still have the interest of Delta Tau Delta at heart.

At the close of Brother Cable's speech, Brother Brumm called upon every one to rise in tribute to Brother John A. Bolard, Alpha '78, who had taken a very active part in the Conference and was present at the banquet. Brother

Bolard has given Delta Tau Delta nearly fifty years of untiring and loyal service, and his presence and words at Delt gatherings always prove an inspiration to the younger men.

We are now about to say that all the brothers joined in the "Walk-Around" which is the conventional way of writing *finis* to a Conference story. But, before snatching this last sheet from the jaws of Agony Ann, our epileptic typewriter, we wish to pause to remark that we have hoped throughout this story to create the impression that the Conference was a rattling good one, as it rightly was, and to show that the Philadelphia brothers deserve much credit for the success of the party, but—next year New York gets a crack at Conference entertaining. Safely back in the city of our adoption and peeping out from behind a cloud of civic pride, we venture to whisper, "Look to your laurels, Philadelphia; look to your laurels!"

# Beta Upsilon's War Memorial

Louis M. Tobin

Beta Upsilon

To honor the memory of four members who died in the great war, the alumni of Beta Upsilon chapter, University of Illinois, commissioned Lorado Taft to make a memorial relief which will be placed in the Chapter House in Champaign. The relief will be cast in green bronze. When completed, it will be dedicated with appropriate ceremonies.

The relief commemorates these four members of the Fraternity at Illinois:

Thomas Goodfellow '20, Peoria, killed in action at Bouresches.

Philip Overton Smith '17, Danville, Ill., died at Minneapolis.

Ralph Egley Gifford '17, Onarga, Ill., died at Camp Colt, Pa.

Everett L. Harshbarger '17, of Ladoga, Ind., died at Greck Lakes Naval Training Station.

Lieut. Goodfellow was a freshman and a member of the Freshman-Varsity Football Team when he left the University at the time the United States entered the war.

The selection of Mr. Taft as the sculptor was considered most appropriate as he is a graduate of Illinois.

# Northern Division Conference

The Forty-first Session met in Indianapolis at the  
Hotel Lincoln, March 3 and 4, 1922

Geo. O. Browne

Beta Alpha

There have been forty Northern Division Conferences previous to the one just held—I have not attended all of them—but this was the peer of all former ones. Cincinnati, you have your hands full for next year if you are to equal the most enjoyable and most profitable—not financially but intellectually—Conference just held in Indianapolis. It is useless to attempt to express in words, which are so futile, the really wonderful things accomplished by the incomparable Indianapolis Alumni Chapter, which stands first among all our many Alumni Chapters, and likewise the hearty cooperation of Beta Zeta Chapter in this memorable affair. So we shall just give a few of the major details in as concise a form as is possible. You will have to read between the lines to realize what an excellent time we really had.

The Conference really began on Thursday evening, March 2d, with the smoker and initiation at the Beta Zeta Chapter House. Thursday afternoon the Delegates and aggregations from various chapters began to roll into the Lincoln Hotel—official headquarters—and by 7:00 p. m. the lobby was well decorated with Delt square badges proudly displayed on the breasts of enthusiastic Delts. Any number of them could be seen strutting through the lobby with their left hands in their trousers pockets, thus keeping their coats from hiding the golden square. Immediately the Reception Committee went into action and conducted us from the hotel to the Chapter House. There was ample room for all—I rode in a flivver as usual, with Brother Frank Hatfield as pilot (Frank sells Fords and hence the

flivver). Arriving at the Chapter House, we were met by an avalanche of smoke and through it all came the right hand of a thousand—beg your pardon, but they seemed that numerous—Beta Zeta Delts. After introducing ourselves around, we were all invited to come to the third floor and bear witness to the ability of the Beta Zeta Initiation Team. With Brother Dale Hodges, Beta Zeta '22 in the chair, they initiated three candidates into the sublime mysteries of Delta Tau Delta. The work was excellent and I want to take just these few lines to congratulate Brother Hodges and his assistants on the impressive and thorough manner in which they handled the initiation. No one that witnessed the initiation could fail to see the real benefits and wondrous effects of its beautiful lessons. Following the work by the Active Chapter, Brother "Pop" Pumphrey, the most sincere Delt in all the world, took the chair, and Brother Frank Rogers, known and esteemed by every active and alumnus in our great Fraternity, proceeded with the aid of the Beta Zeta boys to take through two more candidates. They handled it in great style—although, as "Pop" said, they had to change things a little to make variety, and he really likes the newest frills which were instituted much better than the ones now existing.

After congratulating the new brothers so distinctly honored by the presence of many prominent Delts at their initiation, we again returned to the first floor to continue the evening's festivities. We proceeded to throw out a huge smoke screen with cigars and cigarettes of the finest brand, in spite of the fact that Frank Rogers still prefers to roll his own in preference to any other make (Frank just can't leave his "Bull" at home). Then came sandwiches, coffee, ice cream, and cakes to fill the ever-waiting cavities. Under such pleasant encouragement and the growing joviality of the crowd, it was impossible to keep from getting

acquainted with every one present. Smoker would be one name for this excellent occasion, but to me, "Get-together" seems by far the most appropriate, for it was all of that. It was the best-ever, Beta Zeta, and we certainly take off our hats to you. There was but one thing lacking in the entire evening's entertainment, and that was due to no fault of Beta Zeta or the Indianapolis Alumni Chapter. The blame can all be attached to the Pennsylvania Railroad which brought Brother Perl Miller, our most worthy and capable Northern Division President, from Columbus, Ohio, to Indianapolis; the train was four hours late and Perl missed the whole evening on that account.

By eleven-thirty things began to quiet down a little; some of the "old-timer" delegates headed for the hotel in contemplation of the real work of the Conference yet before them, while the new delegates sought their beds to rest their brains in order to meet the rapid-fire cross-examinations of "Pop" Pumphrey, which they had been told before leaving their chapters would be their lot. How little they really knew of "Pop" and what a real and wonderfully true Delt he is. Indeed it is so "Pop," a delegate from one of the Chapters in our division asked me personally if you were the same Pumphrey who was a terror to the Delegates, that he had heard so much about.

Friday morning at nine-thirty the business meetings began, and for the benefit of Delts wherever dispersed about the world I want to tell you that you have never seen a rapid business session in your life until you have witnessed a Northern Division Conference with Brother Perl Miller presiding. Everything is straight to the point, every case is thoroughly discussed and no foolishness or "Delegate razzing" is tolerated. The fourteenth floor of the Lincoln Hotel was reserved for the Conference and on stepping off the elevator, we were greeted by the Registration Com-

mittee, who gladly relieved us of the six bucks which entitled us to attend the Conference, the Dance, and the Banquet, of which I will tell you more a little later. Every member of the Registration Committee under the excellent leadership of Brother Ed Zimmer was on hand and no one escaped their eager eye and clutching hand (just another instance of the efficiency of the Indianapolis Alumni Chapter).

Following the morning's business session all the Delegates were invited to have lunch with the Indianapolis Alumni Chapter on the seventh floor of the Board of Trade Building, and many of the brothers took advantage of the invitation. The Conference reconvened at two-thirty and by that time every Delegate was on hand and was becoming familiar with the procedure of affairs.

Next came the long looked forward to Friday night and the thing the Alumni Chapter were considering as an experiment in Conference entertainment. Now you might call it an experiment, but to me it appeared to be a "Howling Success." The experiment so-called was to be a dance for all Delegates and visiting brothers. The Indianapolis Alumni Chapter conceived the idea of instituting this new wrinkle in Conference entertainment and proceeded to put their idea into execution. Did they do it? Did they? Just ask any of the visiting Delts, they know. Everything worked to perfection (due again to the efficiency of the Alumni Chapter and the Dance Committee) and every Delegate was supplied with a real lady. There were no blanks, and when you pay out perfectly good money to see the Movie Beauties, the Follies, et cetera, you have not seen anything equal to the ladies who attended this affair. By ladies do not misunderstand me; for that does not mean middle-aged, in fact in this case the ladies ranged from sixteen to twenty years of age, and many of them were

students of Butler College. When we finally had crowded our way into the Ball Room, we were entertained by Radio music from "Chi," and then a little pipe organ music; for this most modern Ball Room and Banquet Hall is equipped with one of the finest of pipe organs. But the real stuff began when Holler's Hoosier Harmonists started sending those jazz strains careening through the air, putting the old "pepper" in your blood and "fire in your eye." Brother Ken Badger, General Chairman of the Conference Committee of the Indianapolis Alumni Chapter, led the Grand March, and Brother and Mrs. Alfred "Dad" Johnson presented the favors which were corsages of roses for the ladies and fancy programs for the men. It was a rare party and those who were unable to attend missed a real treat. Here's hoping it becomes a permanent institution at all future Conferences. Everyone, including myself, enjoyed the Dance immensely and it was an occasion which will be long remembered by those who attended the forty-first Northern Division Conference.

Saturday morning came the usual business session and "winding up" of the Conference, in the afternoon the report of the President and the election of Officers, etc. The nominating committee is to be congratulated on their wise choice for President. Brother Perl Miller, known by every active, pledge and alumnus in the Division, and many outside, was reelected as President for two more years. The past two years have shown the wisdom of our choice; for never before, with all due respect for former incumbents of this office, have we had such an able and efficient leader. He has devoted much of his time to the Fraternity in the past two years and just recently visited every chapter in the Division. Brother A. Bruce Bielaski, our most worthy National President, arrived shortly before lunch on Saturday and took the chair during a part of the afternoon session.

The meeting closed at five-thirty p. m., Saturday, March 4th, when Brother "Wally" Weatherholt, Chairman of the Finance Committee, announced that he would meet all Delegates at once and pay them their transportation expenses. From all appearances they all needed money, for the affectionate crowd gathered around Brother Weatherholt in less than a second and practically swamped him with their questions and queries as to the amount of their refund. Thus ended the Conference so far as actual business was concerned, but the real entertainment was still before us.

At seven-thirty p. m. the foyer of the fourteenth floor of the Lincoln Hotel was crowded to the walls with the hungry mob of "banqueters", so the doors were finally opened and in we poured. There was the usual hubbub and confusion to get each individual clan seated together, and in such a position as to impress ourselves distinctly on the picture which was to be taken. Finally everyone found a place that suited him, and the camera "popped", and we were "shot", as we found out before the banquet was over. The man taking the picture of course asked everyone to sit still for thirty seconds, and after carrying out his orders for thirty minutes it was all over. Brother Hall of Indianapolis said grace, and then came the familiar sound of oysters gliding over the Adam's apple, and between gulps came Delt and chapter songs and yells. Beta Beta, Beta Alpha, Beta Zeta and Gamma Lambda vied with each other in the amount of noise that could be produced, and Brother Alfred "Dad" Johnson, Kappa '70, gave the old Hillsdale yell, which has been sounded by himself and the delegates from Kappa at almost every Delt Banquet for the past fifty years. Then Brother Henderson of the Cleveland Alumni Chapter, along with Brother Ruddy of Zeta gave the "Reserve" yell, at which Brother "Pop" Pumphrey gave them the horse-

laugh. Brother Kelly of Chi, with the aid of the Ohio Delts, gave the Kenyon yell, and then Beta Phi and Mu joined together in their various yells. By this time the oysters had disappeared and the dark complexioned gen'men brought on the bouillon (Soup in most American homes), and then through the sound of the spoon-biters and lip-smackers came more noise. After the bowls or cups had been drained they brought on the meal. Appetizers are fine things, but they just put off the real stuff that much longer. When the food arrived it was Real stuff too, turkey with all the trimmings of a real meal. The only regrettable part of the meal was that we had to stop, not necessarily had to, but thought it best after an alumnus asked if we had closed our chapter house table down the week preceding the Conference. Having stowed away this exquisite outlay, one would think we had had sufficient but no, the Indianapolis Alumni Chapter does not do things by halves, they do them thoroughly. So we had ice cream, cakes, demi-tasse, cigars and cigarettes to close up on.

Quite often it is necessary to feed the crowd pretty well in order that they will listen to the speeches which are to follow; but believe me, no such stimulant was needed on this occasion, for a starving man could have turned his back on a whole meal to listen to the orators who spoke to us the remainder of the evening. From the time we had entered the Banquet Hall we had been wondering what a long board with two automatic telephone switches and two telephones attached to it, and the name "Indiana Bell Telephone Co." on it, could be for. Some presumed a Telephone Convention had just passed, others a membership drive, et cetera, but after the meal our curious minds were satisfied, for thanks to Brother Haynes of the Bell Telephone Co., Indianapolis, we were given a complete demonstration of the Indianapolis Telephone System. It was most interesting and educa-

tional. Not only that, but it added much to the evening's entertainment in that they had telephone operators (girls) to do the demonstrating. Were they good looking? did you say? Well, rather, in fact very much so. The reference to "Hank" Campbell and a few more of our prominent alumni was quite amusing.

After we had all sent in our names and addresses to the telephone girls and they had departed for parts unknown, Brother Dr. John H. Oliver, Beta Zeta '78, the most able toastmaster in Indiana, proceeded to start the fireworks. Brother Oliver is a whole banquet and all the speeches in himself, and his jokes are always timely and appropriate, and rest assured there are no whiskers on them. "Doc" is a Grand Master at this game, as he has presided at all Delt banquets in Indianapolis for the past thirty-five years. Our first speech was a short snappy welcome by Governor Warren T. McCray, Governor of Indiana, who was our official guest. Though Governor McCray is not a fraternity man himself, he is highly in favor of them and sees their real value. After the Governor had made us all feel that we held the State in our hands and that whatever we wanted was ours, Brother Harry G. Hill, Theta '91, gave an excellent talk on Delta Tau Delta and the Young Man. His speech covered the ideals and ambitions of young men just getting out of College, and warned us that while the ideals and ambitions are the incentives to keep going forward, that the sooner the young man gets his head "down out of the clouds" and can "come to earth," get both feet on the ground and start hitting things square in the face, the more quickly he will begin to achieve the prosperity and fame he desires. He urged us to be willing to take the advice of older heads in business and profit by their experience. Men, it was an excellent speech and one which went direct to the hearts of all those present. It is entirely possible that many

an undergraduate, and possibly some of the alumni present, realized that they were not taking the right attitude, for as Brother Hill said, "We cannot all be Presidents."

Then came Brother Roy O. West, Beta Beta '89, who spoke on our Fraternity and the College Man. Brother West is one of the most loyal alumni in Delta Tau Delta today, he is almost entirely responsible for the present great Chicago Alumni Chapter. His speech was unexcelled, with a force of character and a magnetic delivery he told us in the most distinct manner that in his estimation (and he is in a position to know) the Fraternity will do more for a man than even the text-books which we study. The books are to develop the mind and expand it to meet the requirements of business, but without the Fraternity's influence that development is going to be severely hampered, for it is the Fraternity, its environments and associations, which develop manliness, character, personality and the ability to make friends and acquaintances. The Fraternity adds a polish and refinement which books cannot give, and in life these are equally as important, if not more so, than all the knowledge derived from books. Brother West's account of college days, around school and on the Athletic Field were most vivid and interesting, but the real essence of the speech was taken seriously in the manner in which it was intended.

Brother Oliver next called on the man who has done more for Delta Tau Delta than any man in its history. The man who supervised our growth from a small Fraternity of approximately thirty chapters to the finest, greatest and most respected Fraternity of the world. That man could be no other than our illustrious brother, Col. James B. Curtis, ex-President of the Fraternity. In that deep rumbling voice of his which grows clearer and more forceful as he talks, he told us in his heart-to-heart manner, which has characterized him in his dealings with men, that

if we would attain the goals we sought, the ideals we held, and the ambitions we desired we must take advantage of every opportunity. That the man who succeeds is the man who keeps going ahead and not the man who says, "No, I am not ready for that yet, I can get that a little later." In other words, his theme was to be a real "Go-Getter" in every sense of the word. Brother Curtis's speech was of the impromptu variety, but in the few minutes he talked he conveyed to all of us the true spirit of America, "Be up and going."

Before we were treated to the excellent speech of Brother Bielaski, which was to close the banquet, Brother Weis of the Toledo Alumni Chapter, presented the Attendance Cup of the Conference to Brother Harmon, Gamma Lambda. Gamma Lambda being first under the system adopted for scoring attendance. Beta Beta was second and Beta Alpha third. At the present time the cup is anyone's, for it is required that the cup be won three successive years before permanent possession can be obtained. The attendance cup is the center of much keen competition at all Northern Division Conferences.

Last of all, but you know the old adage, "The last shall be first, etc.", was that frank candid talk of our present worthy, fairminded and esteemed President, Brother A. Bruce Bielaski. His talk dealt with the present, and not the past nor the future. After telling of "Hank" Campbell's narrow escape in Omaha last summer, he proceeded to the real point of his talk, explaining the things the Fraternity is doing; the attitude towards the present day questions confronting fraternities, such as, expansion, division, etc., and laid much stress on the Undergraduate Loan Fund, showing us by statistics exactly what has been done and asking the support of all Delts to this worthy enterprise. His commendations on the Northern Division were most pleasing, and when he

closed his speech there was the feeling among all of us that we knew the Fraternity better than we had ever imagined it was possible, due to the frank and sincere manner by which Brother Bielaski is able to convey to his audience the very feelings that he himself possesses.

It was all over. The good-byes and God speeds were said, and with many remarks on the excellent Conference just held the Delegates and visiting brothers departed for their various chapters and homes. It is impossible to tell everything that was done during the Conference. But it was much more than I have told you about in the preceding pages. However, we cannot close this account of proceedings without congratulations to the Indianapolis Alumni Chapter and to Beta Zeta for the excellent way in which the Conference arrangements were carried out. To Brother Kenneth R. Badger goes the greatest amount of credit for his earnest efforts and enthusiasm, but all are entitled to their honors, and especially Brother Walter Montgomery and his committee for the excellent banquet and the wise choice of speakers.

Let "On to Cincinnati" be the slogan and I'll see you there next year. S'long.

# Gamma Iota's New Home

At the University of Texas

Gardner Thomas

Gamma Iota

During the war period Gamma Iota had to content herself with living in rather cramped quarters; but by the close of 1920 we fully realized that we needed a home of our own. We wanted to build, but a close inspection of financial conditions showed that this desire could not be gratified, so we decided to purchase a home instead. Many weeks were spent in investigating all prospects and many hours were spent in discussing the advantages and disadvantages of each of them. It was May before we finally found a house which suited our needs, and shortly thereafter we closed the deal for its purchase—the former residence of Mr. H. A. Wroe.

A Delta Tau Delta Alumni Building Corporation had been formed in the early spring with Brother E. T. Phillips of Ft. Worth as President, and active work toward financing the purchase was begun. Due to the efforts of both the Alumni Corporation and the active chapter the worst of our financial troubles are over and the project is a success.

We could not have found a better location for Delta Tau Delta. We are only one block from the campus, and when the University takes in additional territory, as it plans to do within a few years, we shall be facing it. The house is on the corner of Whitis Avenue, the main residence street north of the campus, and Twenty-fifth Street. We can also say that we are surrounded by the fairer sex, since we have as neighbors, Pi Beta Phi, Kappa Alpha Theta, Chi Omega, Delta Delta Delta and Alpha Delta Pi.

The house is located in the center of a lot with a frontage of 100 feet, extending back 150 feet to a small street. A

Gamma Iota's New Home  
(Owned)  
University of Texas

The Music Room or Parlor

Dining Room

Hallway and Stairs

The Sitting Room

concrete driveway leading up to the side entrance, flowerbeds, shrubbery, a beautiful lawn and many large shade trees add to the beauty of the place. The house itself is of substantial frame construction, a three-story structure in excellent condition. It is a thoroughly modern house, well arranged, and completely satisfies our desires.

As you enter the main doorway, facing east, you find yourself in a wide L-shaped hallway, opening on the left into the spacious living room furnished in heavy oak. The big fireplace in this room with its now one-year-old battle scars reflects the many pleasant gatherings we have had around it when the long winter evenings keep us close around its cheerful glow. To the right of the hallway is the parlor, or music room, finished in ivory, furnished in mahogany, and containing our latest possession—a baby grand piano. The side entrance leading into the hall faces the dining room, which is just back of the parlor. It is large, well-lighted and will comfortably seat about thirty men. Back of the dining room are the pantry and kitchen, both of which are sufficiently fitted to meet our demands. A small back porch and steps leading up complete the arrangement of the lower floor.

Although we have not held any dances in the house this year, we could have done so with very little trouble, because the inspiration that our hardwood floors give, coupled with good music, would make any dancer happy.

The broad, main stairway leads up to a large hall into which opens five study rooms, accommodating fifteen men. Just beyond the stairway is the glassed-in sleeping porch with ample accommodations for all. Two bathrooms, a back hall, and a stairway leading to the third floor complete the second story.

On the third floor is Gamma Iota's most priceless possession—a model chapter hall. It is the result of our own

efforts; many weeks were spent in planning and building it, and its accurate and officially correct design makes it well worthy of our troubles.

We are indeed fortunate in possessing such a house as we have. It has meant much to us, and in future years we may look back and feel justly proud of our selection.

# Detroit Club House

## The Fourth Home for an Alumni Chapter Achieved

Wallace E. Reid  
Delta

The Detroit Alumni Chapter has at last realized a long cherished desire—we have a Club House.

The Detroit Chapter has been in existence some twenty years and during that time it has passed through nearly all the various phases and difficulties to which such an organization is inevitably heir, but—we have never had a Club House before.

There have been the ebb and flow of attendance and interest. The weekly luncheon which has always been a feature of our activities has been held at various times in every decent restaurant in the city, in fact we have outlived as an organization many of the hostelries we formerly honored with our weekly presence.

We have held also a regular monthly function for the past few years, which was usually a dinner, Christmas parties, keno parties, dances, picnics as the seasons slipped past. In spite of difficulties other interests wars and business depressions, a few determined spirits have succeeded in keeping the Delt fires burning and the spirit of our loved Fraternity alive. But as the years passed the labor of keeping going on our former basis grew greater. We were failing to attract much of the new blood as it arrived in Detroit and our old stand-bys grew away from us through increased responsibilities with the increased years. We were up against a real problem.

At the meeting in February the situation was carefully canvassed and it was decided that we must in some way create a common interest for all Delts in Detroit, hit on

some plan which would give every man a definite job and a reason for wanting to do that job well. A Club House seemed the solution.

Brother Frank B. Ainger, who has come to the front in many a former crisis, was appointed Chairman of the Committee to investigate. With Brothers Joseph Hickey and W. E. Reid as able lieutenants, he combed the available sites and suitable houses and finally found our present house at 5511 Cass Avenue. They rented the house for two weeks, pulled a furniture dealer's leg sufficiently to get the place furnished on approval and our March meeting was held in the house.

On March 7th, the biggest and most enthusiastic get-together of Delts that Detroit ever saw approved the work of the Committee and agreed to undertake the financing of the proposition. The credit for that attendance and enthusiasm is largely due to the Secretary, Wallace E. Reid, who flooded the entire roster with letters and arranged that every Delt in Detroit be called on either personally or by telephone and urged to attend. As we have some 140 Delts on our roster—that was some job. But, it paid and the proposition was launched with flying colors.

The house is situated in an excellent residence district about ten minutes drive or twenty minutes on the bus from downtown. It is on the bus line, just a block from the street car line, on Woodward Avenue and only a block and a half from the new Public Library. On the whole the location is ideal.

The house is built in the American style of the red brick period. Large living room with tiled fireplace, dining room, card room and kitchen of course, with rooms on the second floor to accommodate nine men easily. A houseman and cook are in charge, and of course the restaurant is running.

Delta Tau Delta's Fourth Club House  
5511 Cass Avenue, Detroit, Michigan

At the present time the house is under a five-year lease. We are hoping that long before that time has elapsed we shall find it necessary to move to larger quarters and we hope eventually to own a Club House of our own.

We shall always be delighted to have visiting Delts call on us. You'll always find some one around and if no one is there, make yourself at home until some one comes in. If you are going to locate permanently in Detroit don't fail to come to the house. We'll try to fix you up with a room, but if we can't you'll get your place on the waiting list.

We are now in process of incorporation as a Club. The present officers are: President, R. P. Clancy, 1402 Real Estate Exchange Building; Vice-President, Dr. Voss Harrell, Chalmers Building; Secretary-Treasurer, Wallace E. Reid, 5511 Cass Avenue.

## Chi's Tribute

To Dr. Howard P. Fischbach, Ph.B., M.D.

Chi '06

Clarence Pumphrey

With commendable pride in the accomplishments of one of her honored and beloved alumni, Chi Chapter recently asked me to write something for THE RAINBOW which would show the extent to which a loyal and faithful Delt can contribute and has contributed to the honor and glory of his Fraternity and his Chapter. The Chapter gave me for my subject, Dr. Howard P. Fischbach and his professional career.

Howard P. Fischbach was born in Marietta, Ohio, March 11, 1885. His parents removed to Newport, Kentucky in 1889 where Howard attended the public schools and graduated from Newport High School in June 1902—about which time he had attracted the favorable attention of an enthusiastic Chi alumnus, "Bob", now, Bishop Harris, who persuaded him to enter Kenyon College in the fall of 1902—and through the efforts of Bob Harris and "Brick" Southworth, he was pledged to Delta Tau Delta and subsequently graduated with honor in the Class of '06, receiving his degree of Ph.B.

Following in the footsteps of his distinguished father, Dr. F. W. Fischbach, he at once entered Pulte Medical College of Cincinnati and began his preparation for what has proved a notable career, winning his degree of M.D. in 1909 with the highest average in a class of more than two hundred and fifty examined by the Ohio State Board of Examiners at that time.

With characteristic ambition and tireless energy, he quickly entered into the practice of medicine in his home town of Newport, Kentucky, associating himself with his father and flushed with the spirit of glorious and unconquer-

able manhood, he soon built up a substantial and devoted clientele meanwhile giving particular attention to the subject of gynecology and abdominal surgery and later taking post graduate courses in the New York Post Graduate Hospital and in Bellevue Hospital of New York City.

Dr. Howard Fischbach is regarded as one of the most eminent and successful surgeons of Cincinnati and he enjoys the distinguished honor of being one of the youngest men of his profession ever invited to become a Fellow of the American College of Surgeons (F. A. C. S.), a recognition of marked distinction, unsought and coming unexpectedly, upon the recommendation of professional colleagues. This honor was conferred upon him in Philadelphia in 1921.

Dr. Fischbach's advance in his profession has been rapid, yet well deserved; for he has been an indefatigable worker, ever ready for service to suffering humanity. His record has been one of uninterrupted progress and success which has been notably recognized in his profession and if I may follow the customary manner of tabulating chapter honors in chapter reports, I can credit him with the following honors in his profession:

Member of Cincinnati Academy of Medicine.

Member of Miami Valley Medical Society.

Member of Ohio State Medical Society.

Member of American Medical Association.

Member of American Institute of Homeopathy.

President of the Cincinnati Homeopathic Lyceum.

Executive Committeeman of Ohio State Homeopathic Medical Society.

Member of the Staff of Bethesda Hospital, Cincinnati and in charge of training surgical nursing.

Post Graduate—New York Post Graduate Hospital.

Post Graduate—Bellevue Hospital, New York City.

Fellow of the American College of Surgeons.

In 1909 "Doctor Howard", as he is affectionately called by his associates, married Miss Helen Morris, a charming and talented young lady of Newport, Kentucky; and two attractive children grace their home, "Billie" age 10 and Howard Jr. age 4, two splendid prospective Delts.

The men of the Fischbach family are evidently natural born physicians and surgeons, for not only has "Doctor Howard's" father been a distinguished practitioner in the community since 1889, but his brother, Dr. Victor W. Fischbach, is rising rapidly in the ranks of the eye, ear, nose and throat specialists of Cincinnati, being associated with the famous surgeon, Dr. John W. Murphy, in the conduct of his private hospital for eye, ear, nose and throat surgery and treatment, and "Dr. Victor" is a Delt of Gamma Xi '16.

Among Howard Fischbach's classmates at Kenyon was John L. Cable of Lima, Ohio, now representing his district in Congress with distinction and a promising future. Then there was Fred E. Hall of Ft. Thomas, Kentucky, who has attained prominence and marked success in the commercial world. So old Chi '06 has faithfully upheld the traditions and prestige of Kenyon, Chi and Delta Tau Delta and these men are worthy examples of the beneficent influence of the spirit of Delta Tau Delta.

It was about the time of Howard Fischbach's college career that I began to make regular pilgrimages to Gambier in the congenial company of Constant and Rufus Southworth and Tom Youtsey, and as I scan our Fraternity Catalogue from '06 on the many familiar names bring to mind well known faces and recall the splendid fellowship of those boys of Chi. The men of Chi contributed generous and material aid to the efforts of Cincinnati Delts to persuade the Fraternity to charter an active chapter at the University of Cincinnati and the men of Gamma Xi owe much to the men of Chi for the precious privileges they

Dr. Howard P. Fischbach  
Ph.B.; M.D., Chi '06

enjoy. Dr. Fischbach was notably one who gave the project his sympathy and active support and I know that the memory of having had the honor to obligate and be the first to greet the first made members of Gamma Xi is cherished by him with pleasurable pride. The initiating team at the installation of Gamma Xi was composed largely of Chi men as the following list shows: Lemuel Brigman, Chi '09; Howard P. Fischbach, Chi '06; George C. Lee, Chi '06; Joseph T. Monfort, Phi Prime '91; T. C. Schneerer, Chi '11; Fred E. Hall, Chi '06; A. C. Isham, Upsilon '95; Wright Youtsey, Beta Lambda '99; and Edward Southworth, Chi '10. Rufus Southworth, Chi '00, responded splendidly to a toast at the banquet and Constant Southworth, Chi '98, wrote up the affair for *THE RAINBOW*.

Dr. Howard Fischbach has been an active and faithful member of the Cincinnati Alumni Chapter of Delta Tau Delta almost since its inception. He was next to the head of the official line in the Chapter at College. It is to the type of Delt manifest in Dr. Howard P. Fischbach that our beloved Fraternity owes its splendid achievements and prestige and the realization of her prophecy now admittedly accomplished, and it is such as he that the younger Delts may well regard as worthy exemplars who, as they have advanced, have remembered that others follow and who have been ever mindful of their responsibilities to those coming after them in the Fraternity's councils; for they have been true to the principles represented by the square badge. They have been faithful to their trusts and some writer must have had this type of man in mind when he wrote—

“The chief glory in the crown of manhood is Fidelity. The brightest jewel in the diadem of a monarch is Fidelity.”

A reversal of the usual order of his relations to the other fellow recently put Dr. Howard on his back in Bethesda

Hospital and subjected him to an operation for appendicitis; but his many friends are happy in the prospect of his prompt and complete recovery, not only because of the joy of his companionship but because the longer this generous soul remains in the body, the greater will be his unselfish service to humanity.

CLARENCE PUMPHREY, ETA '74,

Chi, Gamma Xi and Gamma Upsilon Honorary.  
Cincinnati, Ohio,  
April 10, 1922.

# Lewis Walker

Alpha '77

## A Tribute by His Chapter

With the advent of 1922 came the Fiftieth Anniversary of the Initiation of Brother Lewis Walker into Alpha Chapter of Delta Tau Delta. Fifty years a Delt! Can there be any more deep and touching experience in the life of a true Delt than to have this distinction?

Brother Lewis Walker was initiated into Alpha Chapter, at Allegheny College, Meadville, on February 9, 1872. At this time Allegheny College comprised only one hundred students, with three buildings and a very small faculty. The Delta Tau Delta Fraternity was composed of fifteen chapters scattered over the country. It was at this time that the Ohio Wesleyan Chapter at Delaware, Ohio, was the Alpha, or governing chapter, of the Fraternity. During the undergraduate days of Brother Walker the Alpha was changed from Ohio Wesleyan to Allegheny at Meadville. Here the first convention of the Fraternity was called and the Allegheny College Chapter was made the Alpha and vested with the powers of administration. Brother Lewis Walker at this Conference was elected Vice-President of the Fraternity and Brother James Eaton of Alpha was elected President.

At the next convention, which was held at Put-in-Bay, Ohio in 1876, Brother Walker presided over the meeting, due to the absence of the President, James Eaton. Although very young and still an undergraduate, Brother Walker was acting in the capacity of Chief Executive. To him we give the honor of being the only living Delt who has presided over a convention which was held in the early days of our Fraternity. It was during these early days that Alpha guided the policies of the Fraternity and crystallized the

spirit of the entire organization. Brother Walker graduated from Allegheny College in 1877 and it was not long after this that at the convention held at Indianapolis the power of administration was taken from the Alpha and, upon the adoption of a new Constitution and our present form of government, vested in the Arch Chapter.

Throughout his long membership in Delta Tau Delta Brother Walker has been extremely active. His interest has never lagged and he has always been a true, faithful Delt.

In an interview with Brother Walker he made the following statements in regard to his relations with Delta Tau Delta. "I am extremely proud because I have been a member of Delta Tau Delta for fifty years. I have watched the Fraternity grow from a very small membership to its present size and strength. The spirit of Deltaism has been one of my great joys in life. In all my contact with the members of Delta Tau Delta, the greatest thing I have found is the spirit of fellowship and brotherly love. It is supreme! I attribute a great deal of my success in life to the wonderful spirit and influences of 'Deltaism'."

Our tribute to Brother Lewis Walker and his long life of service is, and will always be, "He has been a true and loyal Delta in every sense of the word."

Lewis Walker

Alpha '77

Fifty Years a Delt

# Undergraduate Activities

Conducted by  
Raymond F. McPartlin

Gamma Gamma '20

It is well-nigh impossible for the most ambitious editor to battle successfully the varying temperaments of sixty odd correspondents scattered through the country and to pick out and honor the dozen or so Delts most worthy of mention for their performances during the past year. In the first place, he is hampered by not knowing personally each of those deserving of mention; in the second place, most Delts are deserving of mention. With which, he bounds merrily to the typewriter and proceeds to get in wrong with the Delt World.

\* \* \*

Jim Wade—Kenyon knows him well—staged his third successive and successful musical revue during the past season. He titled this production, "Marrying Marilyn," a name fully as promising as his earlier two, "Certainly, Cynthia" and "Pretty Please." Wade staged the production, filled the leading male role, and directed the tour through Ohio and Michigan during Christmas vacation. Louis M. Latta aided in securing honors for the Fraternity by composing eighteen songs for the play, which included approximately half of Chi Chapter in its cast.

\* \* \*

Kissell of Beta Phi and Ohio State won dramatic honors, too, during the year. Playing the part of Mazie Blake, leading girl character in "Many Moons," he was a flapper that will long be remembered in that university. In fact, co-eds were jealous of him. Another Delt, Duke, wrote the song which is on the puckered lips of every whistler in Columbus, "Yearning."

Before leaving Ohio, it would be well to remember Howard Freigau of Ohio Wesleyan and Mu. Despite the fact that he is only a sophomore, Freigau was the whole basketball team for his college, time after time winning games along with the points he scored. Freigau tallied 364 points in his team's 19 contests. He is a protege of Brother Branch Rickey and spends his summers traveling with the St. Louis Cardinals and picking up pointers for use with the college baseball team. Experts who have watched him at shortstop are certain that he is a future big-league possibility.

\* \* \*

Two Delts in widely separated sections of the country captained hockey teams which turned in excellent records this season. Dartmouth, unbeaten up to the night that it tackled Harvard in the Boston Arena, was headed by Bill Perry of Gamma Gamma, while Minnesota entrusted its first major-sport hockey outfit to the care of Chet Bloss. A very few Delts were members of hockey teams this past year.

\* \* \*

Basketball is a different story. More than sixty Delts secured letters in this sport, according to figures available—and these figures do not cover the list of chapters. Moreover, Delta Tau Delta possessed captains in a number of institutions, while Rounds of Tufts is at least one man who has been chosen to lead his team next year.

\* \* \*

Early spring saw Brutus Hamilton of Missouri, Delta Tau Delta's best-known track man, again busy with his own particular sport. At the present time, cinder fans are watching his development for the pentathlon events at the Penn relay games. By the time this column appears,

Hamilton will undoubtedly have repeated his fine performances of other years.

\* \* \*

The hundreds, thousands perhaps, of undergraduate journalists in the United States will without question point to the *Cornell Daily Sun* as the best example of collegiate journalism at the present time. *The Sun* is a newspaper that would do credit to a city of several thousand population. The handling of it, moreover, is a decidedly big job. This year the position fell to a Delt, E. J. J. Smith, of Beta Omicron. Incidentally, in John S. Johnson, of *The Dartmouth*, a daily, and Tully A. Nettleton of the *Oklahoma Daily*, the Fraternity possesses another pair of excellent college newspapermen. Mervin Cotes, business manager of the *Daily Illini*, also deserves a place in this group. His itching palm is the terror of Urbana advertisers.

\* \* \*

Football enthusiasts have pounded home the fact that Brother Konvolinka, end of the Washington and Jefferson football team that fought such a magnificent battle against California out on the coast last January, should have been included in our All-Delt selections. The error is admitted. Konvolinka is one of the best at the grid game.

\* \* \*

Ben Parks of Oklahoma can hang as many titles after his name as a college president. But Parks' titles are those gained on the court. He is captain of the University Tennis Team, singles champion of the university, of the Missouri Valley Conference and of the Arkansas Valley Conference, and doubles titlist of Oklahoma and Missouri. At the same time, Parks plays in the band and holds the presidency of the Y. M. C. A.

Two wrestlers of more than ordinary technique upheld Delt's fame in the mat world during the year. Swede Hanson was Cornell's representative in the heavyweight class, while Tommy Dustin at Brown finished up his season by throwing all competitors for the New England Intercollegiate 135-pound Championship. "What a dancer," remarks the wearer of the sister pin, "this boy should make."

\* \* \*

After all the nice things that were said in the January issue of his prospects for next year, Joe Richman, Cornell's able hill-and-daler, had to go and get married. Joe is living in Oil City now and is using his cross country experience in stern pursuit after the early morning car.

\* \* \*

Says Jimmy DeWitt, Beta Omega '24, in the *California Pelican*:

"Hear you had a jolly fine trip, Cyril."

"Yes, even the Pullman Porter was excellent."

"You know, really, I never tasted the stuff, though I believe it's a purely foreign drink, what?"

\* \* \*

The following summary of activities tells just about one-half the story. It represents about thirty Delt Chapters and is further limited by the fact that it is made out at a date when few honors for next year have been settled upon their ultimate owners. However, it's staggering enough to be impressive:

Track—2 captains, 1 captain cross-country, 1 manager, 1 assistant manager, 1 manager cross-country, 2 relay men, 5 letter men.

Baseball—1 captain, 1 assistant manager, 7 letter men.

From left to right—Harold "Poey" Flowers, Baseball Captain '22; Arthur "Swede" Larson, Football Captain, '23; Tyrell "Ossie" Jerome, Tennis Captain, '22; Laurel "Tiny" Kirk, Basketball Captain '22; Harold "Duff" Schell, Basketball Captain, '23

F. R. Ferlaine  
Princeton '23  
Initiated at Gamma Epsilon

This is "Chris" Woodward, who won his "I" as a member of the Illinois football team last fall. Woodward was understudy to Jack Crangle and is slated to take the big fellow's place in the back field.

Basketball—3 captains, 4 managers, 1 assistant manager, 16 letter men.

Hockey—1 captain, 1 letter man.

Wrestling—1 manager, 2 letter men.

Swimming—1 captain, 1 manager, 4 letter men.

Rifle—1 captain, 1 manager.

Tennis—1 captain, 1 manager.

Lacrosse—1 captain.

Boxing—2 letter men.

Crew—1 manager, 1 letter man.

Newspapers—2 editors-in-chief, 2 managing editors, 5 business managers, 1 general manager, 2 circulation managers, 2 assistant business managers, 1 assistant advertising manager, 8 associate editors.

Yearbooks—1 editor, 2 business managers, 1 art editor, 1 advertising manager, 6 associate editors.

Magazines—2 editors, 1 business manager.

Humorous magazines—1 business manager, 3 associate editors.

Y. M. C. A.—4 presidents, 1 vice-president.

Junior prom committees—1 chairman, 4 members.

Dramatics—1 director, 1 composer, 1 assistant manager, 1 props, 1 publicity manager, 17 members.

Glee clubs—2 presidents, 14 members.

Musical clubs—10 members.

Debates—2 varsity members.

Bands—3 members.

Cheer leaders—1 head cheer leader.

Athletic councils—1 vice-president, 6 members.

Student councils—1 president, 1 vice-president, 9 members.

Phi Beta Kappa (Scholastic)—W. D. Durden, Georgia, Beta Delta; Caryl Ferris, Kansas, Gamma Tau; Nash, North Carolina, Gamma Omicron; Tully A. Nettleton, Oklahoma, Delta Alpha.

Phi Beta Phi (Biology)—F. A. Turner, Vanderbilt, Lambda; Alvie Harrison, Gamma Tau, Kansas.

Phi Delta Phi (Law)—W. R. Gallagher, L. W. Irving, E. J. J. Smith, California, Beta Omega; Bryant Perrault, Clifford Pugh, Kansas, Gamma Tau; Charles B. Duffy, Oklahoma, Delta Alpha.

Psi Omega (Dental)—J. L. Armstrong, Jr., R. L. Lockridge, W. E. Stack, Vanderbilt, Lambda.

Scabbard and Blade (Military)—M. J. Broadnax, Georgia, Beta Delta; Harold F. Thomason, Owen A. Windsor, Oklahoma, Delta Alpha.

Scarab (Architectural)—John Tuttle, Illinois, Beta Upsilon.

Correction—Thomas C. Clark of Gamma Iota Chapter, University of Texas, is not a member of Phi Delta Phi Honorary Law Fraternity, as stated in this department last issue.

Princeton may have no fraternities in the technical sense of the word, but it boasts a chapter of Delta Tau Delta which yelps in protest at being passed over when achievements for the year are being given due credit.

There are a dozen Delts at Princeton. Prohibited by the undergraduate code from gathering in meetings, the group hangs together remarkably well. And the dozen members of the Fraternity are proud of the work they are doing to keep Delta Tau Delta on top at Nassau.

While every mother's son of the group is active in undergraduate affairs, the work of Frank Ferlaino '23, Broune Gathaway '23, Ruddy Kepner '23, and Scott '24 is particularly noteworthy.

Frank Ferlaino came to Princeton from Columbia. At Morningside, he had captained the Freshman Ball Team, had led his class to victory in the annual cane spree with the sophomores, and had made the *Spectator* board. Ferlaino celebrated his advent in Princeton by winning his numerals at left field with the 1923 baseball outfit.

Since beginning thus auspiciously, Ferlaino has added to his activities. He took up lacrosse and won the goal position on the regular team, eventually gaining recognition as an all-American choice for his position. Last fall, he added to his insignia as halfback with the soccer eleven.

At the same time, Ferlaino was chosen assistant manager of hockey for this past season and will succeed to the managership in the ice sport this coming winter. In this job he will have entire charge of the new \$250,000 Hobey Baker Memorial rink which will be used by the Princetonians for the first time during their 1922-23 season.

Scott, who hails from Northwestern, was ineligible for athletics during the college year, 1920-21, his first at Princeton, but he made up for his rest by fighting his way through the ranks to a berth on the varsity eleven last fall. Scott's best work was that in the Yale game; it was amply rewarded by that most coveted undergraduate honor, the varsity "P."

Brother Kepner, from Iowa State, is a young Jim Barnes. Most conservative golf experts in the Princeton undergraduate body declare him the best linksman they have ever seen, while general opinion has it that this Delt is the best golf player that has ever represented the Orange and Black. Kepner is captain of this year's team.

Gathaway, who is a fellow member of Ferlaino's on the lacrosse team, added recently to Delt honors at the University by his election to the swimming managership for next year. Gathaway is another ex-Columbian.

Minor non-athletic honors are scattered among other Deltas at the Institution, enough of them to give this "Chapter" of the Fraternity an honest-to-goodness place in the sun of student activities.

## EDITORIALS

**GET IT  
BACK**

You brothers of Nineteen Twenty-two are pushing through a door that will swing close shut behind you. Never again can you come back to undergraduate easy days, nor to such fellowship as you have known for these unique four years of a man's life.

But the door that has closed behind has opened on a broad plain that you can make a playground for dalliance, a garden for selfish cultivation, or a great high road for adventure and achievement. This choice is yours, but there should be one thought in your minds as you make your choice of the world's highways that lie so broad and fair before you—what can I take as plunder from my four-year service that will most advantage me?

Have you not gained that humility which gives ungrudging homage to superior worth? Have you not learned the lesson of obedience that must be handmaiden to devotion? Have you not known that the honors which crowned you but called you to a more exacting duty? Did you ever realize that as you came to sit in the seats of the elders you were looking both forward and backward?

Now, if you have been faithful and diligent in all your undergraduate days, how can you get back in any sort of value what you have given in love inspired allegiance, loyalty and service to Delta Tau Delta?

You can assure at once the cashing in of Fraternity dividends by clinching tight the link that binds you to chapter and Fraternity. See that the years and other interests never loosen this close bond. Let no chance of replenishing the oil in your lamp of devotion pass by you through neglect to attend every love feast that your chapter

stages. Then always remember that at a Conference or Karnea there burns high on Delta Tau Delta's Altar a flame of renewed allegiance, service, loyalty and love that can not fail but spring a spark to the kindlings that you place in the sacred recesses of your own heart. If more is needed to fan that flame to whitest heat—then memory can ply the bellows.

Part of the measure of what you are going to get back from what you have put into these past four years of your Delta Tau Delta membership has already been determined. This record is written—and the book is closed. But if you are wise and could only see in a glass now a dim reflection of all the years before you, there would be left no doubt but that to get back value for anything that you have given to Delta Tau Delta there is only the simple formula of life long service, devotion, loyalty and love.

---

## CHAPTER

## EXTRAVAGANCE

During the past two years we have "viewed with alarm," also with consternation and breathless amaze the lavish expenditure of active chapters of our own and other fraternities for favors and other expenses incidental to house parties and chapter entertaining.

Generally it means that these chapters are behind in the payment of their regular operating bills and that their credit with local tradespeople is of the poorest. The financial extravagance is bad enough, but the false, artificial plane on which it places entertaining is the most deplorable feature. In favors it gives its guests, in decorations, in music and in motors a chapter strives to surpass its rivals. They strive toward the same unworthy goal—with the result that the scale of lavish expenditure mounts ever higher.

Let us come back to the old-time customs when fraternity entertaining was distinguished by hospitality—not ostentation. The money thus squandered generally comes out of father's pocket—and at a home sacrifice that few of our undergraduate brothers stop to realize. These sacrifices are gladly made to give the beloved son an education, and a legitimate part expended for sane pleasure is not begrudged. But is it fair to the home folks to scatter money thus lavishly?

There is a more sordid side to this entertaining extravagance. Individual members fall behind in their obligations to the chapter, with resulting lapse of interest and service; tradespeople are stalled off, with the result of loss of credit—until finally the Chapter finds itself in bad repute financially its members disgruntled if pressed for extra assessments, internal harmony split into a discord and all its organization disorganized. Is this aftermath, and much more that can follow, worth the ephemeral plaudit of having “pulled off the swellest party yet”?

Next year each chapter of Delta Tau Delta should get right down to business and decide how much it can *afford* to spend on entertaining. Then make this money go as far as possible by cutting out luxuries, extravagance and ostentation. No chapter can afford to neglect the social side of its life, but it does not need to wreck its financial health by climbing to impossible altitudes of lavish ostentation. Be sane, be sensible—and fair to father, who foots the bills.

---

**FRATERNITY** In every college there has grown up a  
**PARASITES** spawn of organizations that are useless  
and unnecessary, if not absolutely inimical, to the best development of the college community and faterinity life. Sometime, when we

have more facts at hand, we shall have more to say on this subject. Right now there are two organizations that we want to consider.

Since 1897 no member of Delta Tau Delta could join Theta Nu Epsilon without violation of his most sacred vows to Delta Tau Delta. The Arch Chapter, acting under the powers conferred on it by the Constitution of the Fraternity, has also forbidden its members to join the fraternity styled KAPPA BETA PHI. But here we are confronted with a problem. For this fraternity there seems to be no general organization or character consonant with that of Theta Nu Epsilon.

In some colleges it is a rival political organization to the older, disreputable society; in others it is merely a good-fellowship band of sophomores with no sub-rosa membership, and in several cases it is recognized and approved as a college organization by the faculty.

The Arch Chapter will have to consider each case separately. What our general prohibition is aimed at is that national organization, under this designation, which seeks to ridicule and flout the old and respected honorary scholarship fraternity, Phi Beta Kappa. This fraternity copies The Phi Beta Kappa key, with its letters reversed and its symbols parodied; and its eligibility requirements are a "flunk" in at least one course or a suspension for poor scholarship.

It little becomes members of the fraternity that was the pioneer fourteen years ago in the movement to elevate the standard of her chapters scholastically to countenance support of or membership in an organization that parodies and insults such a recognized scholastic fraternity as Phi Beta Kappa.

---

Throughout the Brotherhood it will come as a shock and a great sadness to know that on April 27th there was

transferred to the Chapter Eternal James B. Curtis, for twelve years President of the Fraternity and since 1919 its Supreme Judge.

The November number of this publication will give more space to such a bereavement to thousands of his brothers. We can only bow our heads in submission to the Creator, Organizer and Master of our Universe who calls to other rewards, service or discipline those whom we mourn and miss in the rounds of the treadmill which is the allotted task of us who still toil, and work, and wait.

Omicron

Beta Theta

Beta Iota

ALPHA

ALLEGHENY

With the close of examinations and the opening of the second term, the brothers settled down to the usual routine of college life. Thoughts were all turned to initiation which was held on the 24th and 25th of February. Five freshmen were initiated into the mysteries of Delta Tau Delta. Allow us to introduce to our sister chapters, Brothers William F. McGill, Meadville; Daniel Steenken, Hempstead, L. I.; William A. Risher, Bellevue; Nellis H. Fisher, Butler, and Charles Flickinger, Vandergrift. The initiation was filled with true Delt spirit and was in the form of a general get-together. Many of the alumni were back and participated heartily in the ceremonies. Friday night was given over to "Rough Work" and every one joined in giving the new men something to remember. On Saturday night the initiation ceremonies were held along with the Annual Initiation Banquet.

Under the direction of Brother Kofford, who captained the college basketball quintet, a fairly successful season has just been completed. Games were won from Carnegie Tech, Westminster, Geneva and Hobart, while we lost to Colgate, Pittsburgh and Grove City. Both Brother Kofford, playing a forward position, and Brother Wise at center were regulars on the squad. An added feature of the basketball season was the Intercity Interscholastic

Tournament. Teams from Pittsburgh, Buffalo, Cleveland, and Erie competed in these games. The Lincoln High Team of Cleveland won the Championship by defeating Erie High in the final game.

Track season will soon be under way, and meets are to be staged with University of Pittsburgh, Alfred University, Washington & Jefferson, and also the relay teams will enter the Penn Relays. Brother McCreary is certain of his regular berth on this team running the relay, 100-yard dash, and the 220-yard dash.

The Chapter is looking forward to the coming spring social events. Extensive plans are being made for the Annual Spring Dance, and also for an Easter party to be held in the near future.

We have had several visits from several brothers of other chapters, and we look upon these occasions with a great deal of pleasure. We are always glad to hear from the other chapters and the "Stone House" is open to the brothers at all times.

WM. MELVILLE JONES.

## BETA

## OHIO

As we approach the end of the college year, we feel that Beta Chapter has made a creditable showing. We stood third among the fraternities in scholarship for the first semester, while in athletics and campus activities we have more than held our own.

In the basketball season just passed, Ohio won second place in the Conference. Brother Burkett starred at guard all season. Baseball and track now hold our interest. New teams will have to be developed in both these sports as practically all the old men have left school. Brothers O'Donnell, Neilson, Burkett, and Goddard are out for the baseball team, while Brothers Meritz, Gillen, and Goddard

are among the most promising candidates for the track team.

Since the last letter we have pledged Albert Lewis of Ashtabula, who entered school the second semester. Al is already a very popular man on the campus especially with the ladies. As he is without a doubt the best singer in the school, and a wizard with the banjo, he immediately made the Glee Club; and he has already taken a leading part in one of the college plays.

On March 19th we held initiation for William Herbert, Leroy and David Skidmore, Edwin Palmer, Ben Ansley, Orville Bower, Burdette Chapman, Perry Poffenberger, and Eugene Hott. These men have proved themselves real Delt material. They came through the work of the first semester with flying colors. This group of men consists of some of the best students in the Freshman Class, as well as the best athletes and some of the most popular men on the campus.

With the beginning of the second semester, Brother Jimmy Laverty returned to school after an absence of five years spent in The Army and in traveling around the world in general. Brothers Franklin Carpenter and Carl Ramsey returned also after an absence of one semester.

Beta Chapter will lose seven men by graduation this spring: Brothers Trone, Underwood, Bateman, Gillen, Horn, Castle, and Cady. These men will be missed both in the Chapter and the University.

Brother Delts are always welcome at 93 North Congress Street. We should like to see more of you.

M. J. HUMPHREY.

## GAMMA

## WASHINGTON AND JEFFERSON

With the help of her alumni, Gamma is making an effort to refurnish the first floor of her House. The committee

in charge has thus far received \$500.00 from the alumni. This sum will be increased by the contributions of the Active Chapter. Each brother will give \$5.00 or more if his finances will permit. With this sum and that of the alumni we will be able to furnish at least two rooms on the first floor.

Brother Konvolinka has been elected chairman of the Senior Prom Committee, and is making every effort to have this dance the best of the college year. He has secured one of the best orchestras in this part of the country so we will be assured good music.

Preparations are being made for a house party which is to be held over the Senior Hop. This being the last, as well as one of the best dances of the year, it is customary for each of the nine fraternities to hold a house party.

This year the following brothers will be graduated: Schurgot, Walker, Beatty, Herr, McCracken and Muir. This will be a big loss to the Chapter as these brothers have in their four years at W. and J. placed Delta Tau Delta on a high pedestal. From this enviable position, we hope she will never be forced to descend.

The Chapter House will be kept open this summer. Any wearer of the square badge is always welcome.

DEAM M. WARREN.

## DELTA

## MICHIGAN

The biggest day of the year for Delta Chapter was the 26th of February. On that day twelve promising members of the Class of 1925 were initiated into the mysteries of Delta Tau Delta. We are justly proud of this year's class of freshmen as only one man out of a class of thirteen failed to receive during the first semester the required number of hours to be initiated. Allow us to introduce to the Delta

World Brothers Samuel L. Bauer, E. Gifford Upjohn, Edgar D. Jones, Jr., Thomas E. Casady, Jr., Ferderick I. Rowe, L. Macolm Wetzel, J. Chalmers MacGregor, Thomas D. Yutzy, Edward L. Bowman, William B. Etheridge, Edward J. Higgins, and Willard H. Webb. By their interest and activity these brothers are showing that they are worthy to wear the badge of a Delt.

The initiation banquet was held on March 18th at the Wolverine Hotel in Detroit, and was attended by a large number of loyal alumni. Dr. Guy L. Kiefer '87, was toastmaster. Among the alumni who spoke were Roger Angstman '09; Frank Ainger, Iota '98; Earl B. McKinley '16; Harry Siegel '22, spoke for the Chapter, and Thomas Yutzy '25, for the initiates. After the banquet the proposition for the new house was brought up by Brother McKinley and met with hearty response from every one present. It is hoped that Delta Chapter will be in a new home in the near future.

Brother Perl Miller, the President of the Northern Division, paid us a visit in the early part of March and the members of the Chapter were glad to have the opportunity of becoming acquainted with him.

Brother Earl D. McBride and Brother Wendell Hanselman were the delegates from Delta to the Northern Division Conference held at Indianapolis in March. According to their report, the affair was a great success.

Commencement is only a few months away now. This will mean that Delta will lose three men through graduation: Brother Walter Simmons, Captain of the Track Team; Brother Richard D. Cutting, member of the business staff of *The Daily*, and Brother George F. Clippert.

In closing, Delta Chapter wishes all the brothers a pleasant summer vacation.

HARRY A. S. CLARK.

## EPSILON

## ALBION

Last but not least is this final pow-wow with all the brothers of 1921-22. It is with no little regret and some sorrow that we look back and think that another of the four brief college years has come to a close. We lose four valuable men with the graduation of Brothers Shields, Pahl, Osborne, and Cole.

Though the spring has shown very little sunshine and good weather, the baseball season, as far as prospects are concerned, looks very bright and encouraging. Epsilon will be well represented with Brothers Cole, Shields, Osborne, Smith, and Glascoff sure to make the team, and Pledge Shields a likely candidate. The schedule this year is one of unusual merit and Albion promises to stand near the top of the list.

Since our last letter we have managed to cop off a few more recognitions on the hill. Brother Mulholland was made President of the Sophomore Class, Pledge Shields landed the job of Treasurer of the Frosh, while Brother Ed. Smith was made Secretary and Treasurer of the Interfraternity Council.

Although he is only a freshman and a first-year man in the Glee Club, Brother Eastman was promoted to the quartet and seems a likely man to succeed to the assistant managership.

The Delt Orchestra which has made quite a name for itself in the state, as well as in the cities of the surrounding states, was the guest of the Toledo Rotary Club at their annual banquet in honor of the crippled children. It was through the influence of active Delts of Toledo and its rotary club that the men were privileged to play for them and for 150 little crippled children of that city.

It is with the greatest pleasure that we present you our newly acquired Delts: Brothers Daryl Hoeltzel,

Marshall; George Smith, Wayne; Pete Fisher, Toledo; Phil King, Albion; "Dutch" Eastman, Albion; Doc Waugh, Owosso; and Bunny Carmien, Elkhart, have been admitted to the mysteries and are now the proud wearers of the square badge.

We found the Northern Division Conference even greater than ever, and it certainly served to strengthen the bond between Epsilon and her close neighbors.

We feel that the curtain is going down upon a very successful and gratifying year for us. We hope that the other chapters have been equally as fortunate in sharing the pleasures we have experienced. It's so-long until next year.

CLARENCE M. MULHOLLAND.

## ZETA

## WESTERN RESERVE

The midyear initiation of Zeta Chapter was held at the house on March 20th. Charles W. Stage and Depew C. Freer were the lucky men to exchange their pledge buttons for badges. Zeta also announces the pledging of Norman Gifford '25, who entered in February.

The Annual Interfraternity Basketball Tournament at Reserve resulted in an easy victory for Zeta. The Chapter team composed of Brothers McGlenen, Bailey, and Morgan, and Pledges Gifford and Ellsworth overwhelmed all opposition. None of the games were close; in fact, only five field baskets were scored against the Delt team in four games. Pledge Gifford was the star of the team as well as of the tournament. As a result of this victory, Zeta has two legs of the championship cup and expects to acquire permanent possession next year.

The recent interest in wireless did not leave the Chapter unaffected. An excellent receiving set, constructed by Brother John Ruedy, has enabled many of the brothers to

while away the evening listening to concerts and lectures, and it has been admired by all the visitors at the house.

A tennis court behind the house has absorbed a great deal of the surplus energy of the brothers who have worked grading the clay, rolling, and setting up backstops. The court should be in fine condition during the summer. Several of the actives and alumni who will be in Cleveland during the summer, hope to put it to good use. The house will be open, and there will be plenty of room for any Delts who may be spending their vacations in Cleveland.

FRANCIS H. HERRICK.

#### KAPPA

#### HILLSDALE

We have just returned from our spring vacation, and are now on the last lap of the school year.

Since our last letter, we have added nine new Delts to the roll, of whom we are mighty proud and from whom we expect great things. They are Clyde Dutcher, Niagara Falls, New York; Ashur Schmitt, Hillsdale, Michigan; Clifford French, Hillsdale, Michigan; Guerdon Hicks, Waukegan, Illinois; Shirley Johnson, Reed City, Michigan; Byron Smith, Fort Wayne, Indiana; Frank Woodford, Detroit, Michigan; Harry Hart, Dunkirk, Indiana; Edward Arnold, Chicago, Illinois.

We have put the crossed Deltas on three more hopefuls this semester, Duguid, Smart and Krebs. The last two were pledged in September, but both were forced to leave the school for the first semester. Pledge Krebs left the latter part of September because of illness in the family, and Pledge Smart was ill with scarlet fever for several weeks.

Ten letters were awarded in basketball this year, five of which were earned by Kappa men. The basketball letter men are Brothers Schell, L. Kirk, Gettings, Krebs, and Stoll.

Reading left to right—*Bottom Row*: Porter, Schell, Dutcher, Duguid, Davis, Schmitt, Watkins, Hadley, Woodford, Hicks, Lincoln. *Second Row*: Krebs, French, Baker, Chase, Mark, L. Kirk. *Top Row*: Flowers, Jerome, Krugman, Parker, Gettings, Hart, O. Kirk, Van Dusen, Smith, Larson, Arnold, Stoll, Smart, Johnson. *Absent*: Hayes, Hill, Mathews

Kappa Chapter 1921-1922  
Hillsdale College

Brother Schell has been elected Captain of next season's team.

"In the spring a young man's fancy lightly turns to——"; you know the rest. Well, this spring, we again turned our thoughts to baseball, track, and tennis. The outlook for these sports is bright; baseball prospects in particular are especially good. Hillsdale College will be represented by a nine that will give 'em all a run. Brother Parker was recently appointed assistant baseball coach, an honor rarely received by an undergraduate. Brother Flowers is baseball captain. Both Brothers Parker and Flowers play in the outer gardens. Brother Larson, regular twirler last season, reports that his arm is feeling great this spring. Brother Hart, one of our new initiates, made an enviable reputation both as a pitcher and hitter in independent baseball circles last season, and much is expected of him by the college. Brother Hicks is trying for a place in the infield.

Track prospects are not as good as baseball by any means, but, nevertheless, they are fairly good. Brother Stewart of the Class of '20 is track coach. Brother "Tiny" Kirk is captain of the track team. Brothers O. Kirk, Gettings, and Schell will be back on the cinder path again this spring. Brother Woodford made quite a reputation in track at Detroit Northern last year, and should make a good showing in college circles.

In tennis, we have two veterans, Brother Jerome and Brother Mark. The former is tennis captain. Kappa now has an A No. 1 five-piece jazz orchestra.

A chapter in Theta Alpha Phi, one of the best national fraternities in existence, was recently installed at Hillsdale College. Ten were taken in as charter members, three of whom were Delts. The Kappa men are Brothers Davis, Parker, and Hayes.

The Washington Banquet, the biggest social function of the year at Hillsdale College, was held on February 25th. Both socially and financially it was one of the most successful banquets ever held by the college. Financially, it was the most successful ever held on account of the work of Brother Lincoln, banquet manager. Kappa men spoke for all the classes. Brother Parker was senior speaker, Brother Chase, junior; Brother Stoll, sophomore, and Brother Dutcher, Freshman. Brother Fred Seitz '15 was toastmaster and Brother Hugh Meyer '87 was alumni speaker.

Kappa is well represented on the staff of the *Winona*, annual publication of the Junior Class. Brother Schell is business manager, Brother Porter, advertising manager, and Brother Chase, snapshop editor. Brother Hayes is one of three representatives appointed by the Sophomore Class to work with this year's *Winona* staff. It is understood that these people will carry on the work on the *Winona* next year.

The fiftieth anniversary of Brother Joseph W. Mauck, President of Hillsdale College, was celebrated by Kappa Chapter on March 11th. Brother Mauck was initiated into Delta Tau Delta in 1872. A stunt on the program was to initiate the member again. The celebration was held also partly in honor of Brother Johnson, who is even an older member of Kappa Chapter than Brother Mauck. A number of alumni were back for the celebration.

Plans are now under way for our annual stag party, which is to be held during the month of May.

The year 1921-22 has been a most successful one for us, both as individuals and as a Chapter. The men from this Chapter have succeeded in carrying off most of the available honors at Hillsdale College throughout the year. Our scholarship has been exceedingly good this year.

Graduation this spring claims six of the best men from Kappa. Those receiving degrees are Brothers Lincoln, Parker, Flowers, Davis, L. Kirk, and Watkins. This year's success was due largely to the efforts of these men, and their absence will be felt keenly.

We have been visited by a few alumni and brothers from other chapters in the past few months. We hope that even more brothers will drop in for a visit in the future. In closing, Kappa extends her best wishes to all actives and alumni for a prosperous summer.

JOHN E. HAYES.

## LAMBDA

## VANDERBILT

We have the pleasure of announcing a new addition to our chapter roll and to Deltdom. He hails from Memphis, Tenn., and answers to the name of Kimbrough Rutland. He is a very able scholar.

The track team doesn't look very formidable so far on account of the loss of so many veterans; Morrow, Runyon, and Nance are absent. Brothers Stack, Mixon, and McCullough made their letters last year, and are expected to repeat. Brother Armstrong is trying to land a letter in his efforts at the broad jump. Of the veterans left, Gentry, is going to make a strong bid for mile honors. From all indications, however, the present S. I. A. A. record-holder in the two-mile expects to set a new record. A brother from Beta Theta, Sewanee, says he will beat Brother Stack. We need funds for a new house, and we believe Brother Stack is good enough to win the money. Some very promising but untried material is available, and we may repeat our good record of last year.

The championship baseball team of last year remains practically intact, inasmuch as only one man was lost. Judging from the worth of the aspiring competitors, his

place can be easily filled. Brothers Neely and McCullough are playing regularly in the outfield. Brother Neely is lead-off man, and Brother McCullough brings him in as the clean-up man. It is a good combination. Brother McCullough can also display a superb brand of pitching. The schedule for this year is even more ambitious than that of last year.

Inasmuch as there is a starring deficit in players due to the one-year rule, recently passed, spring football has been adopted to discover and develop men for the coming season. The men are under the direction of Tommy Zerfoss. He hasn't intimated whether he has any stars or not.

Brothers Sharpe and Mixon were initiated into the international commercial fraternity, Delta Sigma Pi.

We received visits from Brothers Royce and Milstead of Gamma Eta.

The new stadium is progressing. Evacuation has begun, and it promises to be an invaluable addition to Vandy athletics. The old field was too limited in area and capacity.

Lambda needs a new house. We have a chance to sell the present one at an advantageous figure. Our present location is unbeatable, but we sadly feel the lack of a commodious house. In our next letter we may have more news. We feel that, with a new house adapted to our needs, we can make even more rapid strides forward.

If you must wander and by some chance stray in the vicinity of Nashville, drop around and see the bunch. You are more than welcome any time at Lambda.

HUGH A. MIXON.

MU

OHIO WESLEYAN

Our 22nd annual banquet and initiation was a great success. More than eighty-five attended the banquet held

at the house. It was a great bunch that came back, which proves that our alumni certainly have the chapter's interests at heart. The new brothers added to our roll on that occasion are Paul F. Detwiler, Robert L. Wilson, Melvin C. Stephenson, Henry A. Hovey, Orlando H. Hurst, Dan W. Fisher, and Watson E. Hovis.

Wesleyan's hopes for an Ohio Conference Pennant in basketball were shattered after being defeated twice by Wittenberg. In spite of these two defeats, Wesleyan has had a very successful season. Brother Freigau, scoring 364 points during the season, was the star of the team. This was more than the rest of the team scored together. Brother Staten was a substitute guard and played in most of the games. Brother Rosser was one of the sophomore assistants for the team. Brother Hillman made a fine record as forward on the Freshman Five.

Baseball has started, and Brothers Muth, Staten, and Freigau are in line for berths on the Varsity. Brothers Hillman, Wilson, and Hurst are out for freshman baseball.

Brother Hovis and Pledge Frowine are the two outstanding freshman track men. Both are exceptional, and their records on the indoor track assure them of success next year. Pledge Frowine is a ten-second man.

The Wesleyan Debate Team with Brother King as third speaker defeated both the Harvard and Colgate Teams.

Brother West is business manager of the *Mirror*, and Brother Ballinger is athletic editor of the *Transcript*.

We are mighty glad to have so many of the brothers from Beta Phi and Chi visit us. We wish that more of the brothers throughout the country could make us a visit.

JAMES C. FORSYTH.

NU

LAFAYETTE

Junior Week, Lafayette's big social function, is over for this year but not forever as some of the papers throughout

the country claimed. Student-government has been passed upon by the student-body so it will be a short time only until it is presented to the faculty for ratification. Its passage has been assured by numerous members of the committee, and under the new system Junior Week can be continued without the evils of the past. The numerous articles of slanderous nature printed in various papers were for the most part manufactured out of whole cloth with very little if any truth.

Nu had a very commendable house party. Brother Demon was chairman of the committee; so thoroughly and efficiently did he and his committee work that the three-day house party went off without a single hitch. The ten girls in attendance voted it the best house party they had ever attended. The boys in return conceded them the honor of being the best-looking girls on the campus. Both were satisfied, but neither was flattered.

Brother Hugh Johnston was the black-faced comedian in 180°, the annual production of Sock and Buskin, the dramatic society of the college. Brother Johnston hails from the south so his dialect came natural enough; but this fact does not account for his ability to shake such a mean pair of feet. Some of the brothers claim he acquired his knowledge at The Armory. Whether this is true, we cannot say; but he certainly did make a hit with his songs and dances, and, as a result, was quite a social lion with the ladies.

Brother Bill Seamon is out for baseball. He is a pitcher of considerable ability, but he had the misfortune of pulling a tendon in his arm. It is hoped that Bill's arm will soon be all right as he is greatly needed for the coming season.

Brothers Johnston and Montgomery are out for track. The former is a sprinter; the latter a distance man. Both

men will make this year's team, and undoubtedly, a record for themselves.

Brothers La Baer and Buck are on next year's *Lafayette* Board. Brother La Baer is on the business staff and Brother Buck is assistant circulation manager.

Preparations are now under way for our annual spring dinner-dance. Last year's dance was a regular knock-out and this year's will be even better. The exact dates for the function have not been set but it will be in the early part of May. If any brothers can possibly come, Nu would be greatly honored by their presence.

ELDON P. RICHARDS.

OMICRON

NO LETTER

RHO

STEVENS INST. OF TECH.

With the coming of spring, the practice for track, baseball, and lacrosse has started in earnest. Two of these sports are captained by Delts; track by Brother Dodge, and lacrosse by Brother Mowton. The basketball season came to a successful close a short time ago with Brothers Higley and Laverie winning their letters. The main event now being looked forward to is the lacrosse game with Oxford. Rho Chapter is holding the Annual Tea on the same afternoon, and a number of alumni are expected to be present on that day.

Since the writing of the last RAINBOW letter, another man, Pledge Paul Prindle, has accepted the invitation to join the Chapter. On April 10th the final initiation of the year will be held; we are hoping to initiate the remaining freshmen, which will make a total of six men taken in during the year.

By being represented on the various teams and in nearly

every other activity around college, Rho has had a very successful year.

In closing, Rho extends her best wishes to all the chapters and wishes them success during the rushing season next fall.

JOHN H. GLOVER, JR.

## TAU

## PENN STATE

The second semester thus far this year has been well filled with various social events.

Besides the regular dances and house parties, a sophomore hop was held for the first time. Judging from the way it went across, it will become an institution.

The Junior Prom, which will be held on April 28th this year, promises to be a huge success.

The Annual Father's Day will be held on May 6th.

—And last but not least, the June House Party! We intend to throw a mean party this year from June 9th to 16th. Let us add, "Any of 'Ye Delts' who can arrange it, do come to state on June 9th." Your enjoyment will be our pleasure.

J. M. TOTTEN.

## UPSILON

## RENSSELAER POLY. INST.

Now at last there are signs which indicate that spring is with us again; the eight o'clock classes are less unbearable, the parks are more inviting, and the baseball fever is slowly seeping into men's blood.

With spring comes the dance of the year, the Sophomore Soirée. Brother Van Akin, who is a member of the Soirée Committee, promises us that this dance will be better than any of its predecessors. According to our custom, Upsilon will give a formal dance the following evening. A baseball game will help to make this week-end a glorious

## Upsilon Actives

1921-1922

Rensselaer Polytechnic Institute

success. Each brother intends to give the others a treat by introducing them to his "girl from home." We all have something to which to look forward.

Rensselaer, winning seven out of twelve games, closed a fairly successful basketball season last winter. Now, however, our attention is centered upon the baseball squad which is rapidly developing a fast and heavy-hitting team.

At the Boston Intercollegiates, R. P. I., setting a new and fast time for this event, captured the Technical College Championship in the one-mile relay. Much credit is due Brother Hamilton for his part in this victory.

Brother Larry Ferry has been awarded an "R" for his brilliant work on the hockey team.

Our fatal jinx was with us when we met Theta Chi in the Interfraternity Bowling Finals. After a steady climb to first place in our league, this defeat by only a few pins came as a severe shock. We hope to repeat last year's performance in baseball, and add another championship cup to our collection. All but two of last season's crack team are on deck to accomplish this.

The house will be open all summer to accommodate the unfortunate brothers. They will welcome any brothers who may chance to be in the vicinity, and will consider it a great privilege to entertain them while in Troy.

HUGH D. McDOWELL.

PHI

WASHINGTON AND LEE

Since the writing of the last RAINBOW letter we have been passing through the most quiet period of the college year. No dances, no holidays, and plenty of cold weather all united in an effort to create perfect conditions for hard and conscientious study. Between March 20th and 25th, every one was given a chance to show how much he had

benefited by these ideal conditions. With the close of our midyear examinations, however, all indications point to a most pleasant time during the last lap of the school session.

Already baseball is in full swing, and we have begun the season in true form by winning our first game from Roanoke College, 8-0. Brothers Thomas and De Saussure are representing Phi on the track squad this spring. This squad is fast developing an all-star team, and from present reports promises to be one of the best we have had for many years.

Every one is looking forward at present to our spring vacation. Although somewhat later than usual, it will be greatly enjoyed; it brings with it the Easter Dances which are to be held on April 17th and 18th. Finals this year are to begin on June 9th, and are to be larger and better than ever before. Phi's annual banquet will be held at the Dutch Inn during these gala days, the exact date not having been decided upon yet. All brothers and alumni attending finals, or any who are in this section of the country are cordially invited and expected to attend if they can possibly arrange to do so.

GEORGE W. GOOD.

## CHI

## KENYON

One thing of which Chi is very proud is the fact that we succeeded in initiating all of our pledges, ten in number. They are Robert B. Harris, Reginald D. Wells, Evan G. Evans, G. Emmett Hamilton, F. Alton Wade, Sterling E. Rybak, Robert J. Hovorka, Wm. L. Stegeman, John R. Pattie, and Wm. M. Keiper. The banquet held in the lodge was attended by several alumni who helped make the event a success. We were pleased to have Brothers Forsyth, McConnell, Ballinger, and Brownell of Mu with us at this time.

Left to right—Top: Pattie, Hamilton, Keiper, Harris, Wells, W. Stegeman, Rybak, A. Wade, E. Evans, Hovorka. Middle: E. Seitz, Goldsmith, McFadden, Stone, S. Plum, Hopple, R. Stegeman, Schoenhals, Wood. Bottom: Carabelli, Goodell, McIlwain, J. Wade, Cummings, Ward, Kelley

Chi—Kenyon  
1921—1922

Just preceding initiation, the Senior Prom was held. It was a success from beginning to end. The basketball team, winning only one game, made a rather poor showing for the year. Chi recently won the intramural basketball championship by defeating the non-fraternity men 20-19 in a fast, scrappy game. The series was bitterly contested, and a fine brand of basketball was shown. The team was composed of Brothers Kelley (coach), Don Goodell, Jim Stone, Jim McIlwain, Bud Evans, Bob Harris, Reg. Wells, and Pledge Brown.

Under the leadership of Brother Kelley, Kenyon looks forward to a good baseball season. Brothers Stone and Hopple are the others that are likely to represent Chi on the diamond. Brothers Goodell, McIlwain, Wood, and R. Stegeman are out for places on the track team.

Several brothers were fortunate enough to be present at the initiation of Mu Chapter on February 22nd, and were splendidly entertained.

According to advance rumors, the Sophomore Hop to be held about the middle of May will surpass any event of its kind. Work has already been started on the Chi Letter, which promises to be full of news.

We are pleased to announce the affiliation of Brother Benjamin D. Evans of Gamma Xi. At present we have three pledges, James E. Brown, Evanston, Ill.; C. Sutton Critchfield, Mt. Vernon, Ohio; and Robert F. Robinson, Lima, Ohio.

Early in May the Puff and Powder Club will take its spring tour, taking in four or five Ohio cities.

Last semester we ranked fourth in scholarship; we are bending our efforts, however, toward a better standing in hopes of winning the scholarship cup presented to the College by Brig. Gen. Kenyon, and brought from England by President Pierce.

Chi hopes to have a large delegation back for Commencement this year. A campaign has already been started to have as many alumni as possible with us at that time. We also extend an invitation to all the other Chapters to drop in and see us at any time.

LOUIS P. CARABELLI.

6/22 622  
OMEGA

PENNSYLVANIA

With the end of the scholastic year rounding into view, the members of Omega are beginning to prepare for that final spurt that will carry them well across the line. Our Spring Recess, which is scheduled late this year, will be here in another week. When that is over, only a few more weeks will remain in which to wind up the work of the year.

The Chapter has carried out an unusually busy program since the Christmas holidays. Midyear exams were upon us almost before we could settle down after the holiday season. Although there were perhaps some anxious moments, Omega's family circle remained unbroken. For three weeks, rushing season, with some of the most-spirited rushing experienced here in years, followed. The Chapter was in the throes of this at the time of our Eastern Division Conference here in Philadelphia on the 17th and 18th of February. It is a great source of regret to us that our interests had to be so divided at the time since it prevented our playing the part of hosts to the visiting brothers as we should have liked to do.

We emerged from Rushing Season with as fine a class of pledges as could be found on the campus. Ten freshmen and one sophomore comprise the lot; and we feel sure that they will measure up to the big things expected of them. After being duly tried and tested, they were brought into the circle on April 1st. The new brothers are Robert N.

Bierly, West Pittston, Pa.; I. Clinton Helmley, Savannah, Ga.; Ross Wallace, Des Moines, Iowa; Kenneth H. McDowell, Providence, R. I.; Frank E. Rowe, Meyersdale, Pa.; W. Gurney Mattox, Philadelphia; Lennox Danielson, Litchfield, Minn.; Thomas S. Hodgson, Evanston, Ill.; Wilbur L. Hung, Great Neck, N. Y.; Charles J. Weinstock, New York, N.Y.; William W. Hall, Freeport, Ill. Brother Frank Rogers dropped in for the initiation and assisted in the ceremony. He was the principal speaker at our Initiation Banquet that evening and delivered his usual impressive message.

Omega is not as active on the campus this year as is usually the case, but we are nevertheless well represented in various ways. Crew is our long suit this season. Four of the brothers are pulling sweeps on the two Varsity Boats and one on the Freshman. Brother Mattison, who stroked last year's Freshman Boat, is this year occupying the same seat on the Varsity. Brother Wheeler is again pulling number four on the Varsity Boat. Brothers Williams and Ricker are each holding places in the other Varsity Boat. Brother Bill Hall, one of our initiates, pulls a strong oar for the Freshmen. Brother Trousdale is showing up well as a coxswain, and Dave Chamberlain is out to land the managerial berth. Brothers Harrell on the Musical Clubs, Addis on the Gold Team, and Allsopp on the Wrestling Team are further upholding our prestige. Brother Wheeler was elected Vice-President of the Junior Class at a recent election. Brother Al Zimmerman, who excels in a variety of activities this year, was recently elected to the Undergraduate Council, one of the signal honors of the University. He also plays soccer, sings on the Glee Club, and is taking part in this year's Mask and Wig production. A short time ago, he was elected President of Sigma Tau, an honorary engineering fraternity. Brothers Wheeler, Ames, Cornell, and Landenburger are members of this organization.

Besides Brother Chamberlain, in the managerial competitions, we have Maury Harrell for baseball, Hodgson, and McDowell for football, and Agnew for lacrosse. Brother McDowell is heeling for the *Pennsylvanian* and Brother Charlie Weinstock, in addition to his track work, is heeling for the *Punch Bowl*. Bill Hung is out for lacrosse. Ross Wallace and Frank Rowe are trying to land berths on the Golf Team. Brother Charlie Killen is leading the first dancing chorus of the Mask and Wig show this year.

Omega Chapter was very much gratified over the recent election of Brother Albert R. Bruner '03 to the Board of Trustees of the University. Brother Bruner is the youngest member on the board, and was instrumental in securing Major-General Leonard Wood as Provost of the University.

Our best wishes go out to all our chapters. Any of the brothers passing through Philadelphia will find our latch-string always out.

CHARLES S. HOWARD.

## BETA ALPHA

## INDIANA

With the coming of the June Commencement at Indiana, six active members of Beta Alpha Chapter armed with gilt-edged sheepskins will take their places in the ranks of Delt alumni. Ted D. Rhodes, President of the Chapter this year, Nathan T. Washburn, Paul L. Gessler, and William M. Hutchison will receive A.B. degrees; George O. Browne will receive an LL.B. degree and Kenneth Lambert a B.S. degree. The University conferred a B.A. degree upon Harry A. Huncilman in February. Brother Rhodes will continue work leading to an M.D. degree in the school of medicine at Indianapolis next year.

According to the announcement of grades for the first semester, the Chapter again stood in undisputed possession of last place in scholarship standing on the campus. Beta

Alpha accepted her share of justifiable criticism at the Northern Division Conference in Indianapolis, March 3rd and 4th. Practically all the active members were present at the Conference.

Nine neophytes were admitted to Delta Tau Delta's mysteries by Beta Alpha, Sunday morning, February 19th. They are Harry R. Stimson, Gary; A. M. Owen, Evansville; Harry L. Johnson, Indianapolis; Loren J. Brentlinger, Indianapolis; Bruce E. Sillery, Indianapolis; Albert B. Hoadley, Bloomington; Irvin M. Huncilman, Bloomington; Arthur W. Baker, Hartford City, and Harold Nugen, Auburn. Brother Baker was forced to leave school for the remainder of the semester, but he will return next year.

Brother Fleming W. Johnson, Terre Haute, returned to school after a semester's absence due to illness. Brother Kenneth Alward again reentered Indiana after attending Notre Dame University during the fall semester. The Chapter introduces at this time Pledges Michael Nyikos, South Bend, and William P. Espenschied, Mount Vernon, Ind., who entered school in February. Pledge Hugh Shields returned for the second semester.

Elaborate plans are being made for the entertainment of graduates, former students, and guests at the 1922 Memorial Commencement at Indiana. The Jordan River Valley will be transformed into a large lagoon where gondolas will float to the music of the Crimson band of 100 pieces. A pavilion for the band will be constructed in the center of the water. Dancing and theatrical stages will be erected on the campus in accordance with plans of the University authorities.

Indiana's Memorial Fund Campaign will be launched among the alumni next summer and fall. The drive for \$400,000 on the campus went "over the top" within thirty hours after the opening gun was fired by Governor Warren

T. McCray at a mass meeting attended by 3,000 students and townspeople. Beta Alpha was one of the first fraternities to announce 100 per cent subscriptions among its members, and the total amount pledged by Delt actives was among the highest of campus organizations. The Chapter announced a separate pledge of \$1,000 earlier in the campaign. Brothers Ted Rhodes, Harry Huncilman, Albert Hoadley, and William Hutchison were members of campus committees who solicited subscriptions.

"Fuss," champion bull canine and contender for the title of "brother," endeared to all Delts of Alpha Beta for the past 14 years, has taken the sunset trail to the Great Beyond.

WILLIAM M. HUTCHISON.

## BETA BETA

DE PAUW

At the time of this writing, Beta Beta is going stronger than ever. Most of the actives stayed through the semester. Brother Cartwright, having been ill the latter part of the first semester, is with us again. On February 26th, we had the pleasure of initiating six good freshmen into the mysteries of Delta Tau Delta. We feel proud to introduce to the Delt World Brothers Glenn Adams, Casey, Illinois; Rolfe Baltzell, New York City; George Beemer, Greencastle, Indiana; Barr Bogner, Washington, Indiana; John Edgerton, Los Angeles, California, and Robert Thompson, Washington, Indiana. On March 3rd and 4th, Beta Beta attended in a body the Northern Division Conference at Indianapolis. Having held the attendance up for the last year, we turned it over to Gamma-Lambda. The Conference was a real live Delt gathering, and was enjoyed by all.

Having completed the most successful basketball season De Pauw has ever had, Brother Fred Walker, coach,

is on deck. De Pauw, losing two games to Wabash and one to Indiana, won seventeen games out of twenty. Four or five of the brothers are out for baseball, and are working hard for berths on the team. Brother Adams is out for track, and is working hard for a place on the team.

Brother Boyd, member of Duzer Du, dramatic fraternity, is to play the leading role in the next production, "The Genius." Brother Houser is actively engaged as Managing Editor of the *Mirage*, university annual. Brother Cartwright has been initiated into Delta Nu Epsilon, honorary law fraternity. Brother Boyd has been pledged to Tusitala, amateur writing society. Brothers Steele and Edgerton are members of the De Pauw Rifle Team. This team recently won the Cup of the Fifth Corps Area, which includes the states of Indiana, Kentucky, Ohio, and West Virginia.

We wish to take this opportunity to introduce Pledge William M. Jones '25, Oolitic, Indiana. Bill made a great showing as guard on the Frosh Basketball Team, and is out for track.

The President of the University, Dr. George R. Grose, has recently returned from a tour of China and Korea, where he has been compiling a biography of the late Bishop Bashford.

In closing, we might add that we expect to have a real time during Commencement Week, June 1st to 8th. We shall be glad to welcome any or all the brothers. And we wish to remind you that the house is never closed; we want you to drop in and see us at any time.

ROBERT A. BAIN.

BETA GAMMA

WISCONSIN

Since our last letter, Beta Gamma has had much of which to be proud. We met our midsemester exams very suc-

cessfully. We are glad to be able to announce the following initiates: Brothers Atkinson, Baker, Blinks, Brightly, Dennison, Hipple, and Teckemeyer. The results of our second-semester pledging have been very gratifying. The Pledges are Curtis Cuhnen '25, a brother of P. G. Cuhnen, Beta Upsilon '17; Howard Schiffman '25, Chicago, Illinois, a promising candidate for next year's wrestling squad; Kenneth Ruggles '25, Chicago, Illinois, prominent in freshman politics, a member of the frosh swimming squad, and associated with the business staff of the *Daily Cardinal*; Gordon Smith '25, Madison, son of Ed Smith, Beta Gamma '01, and Sheldon Henderikson '23, Virginia, Minnesota, a member of the *Cardinal* editorial staff, and music critic for one of the city papers.

Beta Gamma looks forward to a successful season in athletics. Our baseball team is practicing daily and promises to be a strong contender in the Interfraternity league. Brother Gnagi is out for Varsity baseball, and Pledge McCord is a candidate for the frosh squad. We were mighty glad that Brother "Hap" Davies won his "W" in swimming this year. He was one of the relay team which took first place in the Conference Swimming Meet at Chicago. Brother Davies is also well known on the campus as a musician, and is playing this year with the Haresfoot Dramatic Club's Orchestra. After four years of prominence on the campus and in Beta Gamma Activities, "Hap" is being lost this June through graduation. Our freshmen are contending for swimming honors. Brother Hipple won his numerals in swimming and was elected captain of the Frosh Swimming Team.

All of us are hoping that the crew goes east to row at Poughkeepsie this year. Brother Hanley is coxswain of the crew, and will be graduated in June. Although he is small in stature, we feel that the loss of him is by no means small.

One of our biggest losses through graduation is that of Brother Will. B. Gnagi, President of Beta Gamma. No other member of the Chapter has had the Delt interests so much at heart. Only the fact that he will be close enough to Madison to see us occasionally makes his going less poignant. To complete his medical studies, he will attend the Rush Medical School at Chicago next year. We hope that he has a light week-end schedule.

Brothers Kiser and Teckmeyer are out for spring athletics; Kiser for spring football training and Teckmeyer for the Freshman Crew. "Tecke" will also be a candidate for the Varsity Football Squad next fall.

We have recently lost two of our best-known brothers; Brother Stock has left school in order to take advantage of a business opportunity, and Brother Baker has left us through an early graduation.

Miss Meyers, our faithful and devoted cook of 22 years' service, presented the Chapter with two dozen butter knives. We received also five silver bread trays from our Prom girls.

Our Haresfoot Party, consisting of a formal dinner and theatre party on a Friday evening followed by an informal dance on Saturday evening, was a huge success.

A. R. Robertson, Gamma Zeta '12, who is with the Hartford Insurance Company, came to Madison to speak before the Commerce School. He spent a few days with the Chapter. Bob Thompson, Beta Gamma '19, also was a guest of the Chapter for a day. It will not be long before our seniors will be getting their diplomas, and new men must step into their places. Brothers Hewett, Miller, Hougan, Oyster, and Kiser are among those who will be lost through graduation this spring.

Now that spring has come, all the wonders of nature are showing themselves. The boys are getting in the pier,

and in a few days canoes and swimmers will be dotting the lake. We hope visitors may take advantage of our spring weather, and make use of the Delt guest room, available always to those that are in Madison.

V. LEE EDWARDS.

## BETA DELTA

## GEORGIA

The opening of spring is like the opening of the buds on the trees; it means new life and spirit. The sap begins to rise. It has risen in the South, and Beta Delta has felt the rising.

Through two successful terms the Chapter has sped on. Through the final term, that speed will hold if the spirit of spring holds out. In spite of touches of spring fever, it seems likely that it will hold out.

The coming of June always brings a bit of sorrow for it means the passing of the old guard, the seniors—loyal old chaps who have battered their way for four years through thick and thin for their Chapter and for their Fraternity. Beta Delta will be especially hard-hit this year for Commencement will take a mighty toll; Brother Dawson Durden, Marion Brodnax, Francis Dart, Wilmer Durden, D. B. Durden, O. S. Morton, Jr., and Rowie Durden will bid Beta Delta good-bye. They are the tried and true, and their passing will be sorely mourned in the Chapter.

But to a gayer strain! Beta Delta had its annual Home-Coming Banquet on February 4th and a goodly number were there. Brother T. I. Miller, now President of the Southern Division, and our own Tom Miller presided over the meeting. Brother J. W. Barnett, was toastmaster as usual. A meeting without him in the chair would not

seem natural. Gamma Psi of Georgia Tech sent a splendid delegation.

The week following, Beta Delta gave a dance at the Georgian Hotel, which was one of a series of informal affairs given by the fraternities at Georgia.

And then, on top of that, Delta Tau Delta here won the Interfraternity Basketball Tournament. A beautiful silver loving cup was presented to the Chapter by the Pan-Hellenic Council. Beta Delta did not lose a game. Those on the team were M. J. Brodnax, center; H. V. Hartley, forward; Rolf S. Weidling, forward; Billy Philpat, guard, and Charlie Walker, guard.

Those defeated were S.A.E., Phi Delta Theta, A.T.O., and Chi Phi.

Plans for the annual, or rather one of the annual house parties, to be held in April during the time of Little Commencement, are under way. Judging from the acceptances already received, the number of girls coming will run into startling figures.

It is with extreme regret that we must announce the withdrawal of two of our most popular brothers, Dick Hartley, famous football and track star, and Mercer Murray, another distinguished member of the football, basketball, and track teams. The latter succumbed to matrimony, and is now living at his home in Fort Valley. He was married to Miss Lourine Hood of Athens, a sister to Mrs. T. M. Philpot, wife of Brother Philpot.

It is also a matter of sorrow for the Chapter to speak of the sudden, accidental death of Mr. Deadwyler, father of Brother D. L. Deadwyler. Mr. Deadwyler was killed almost instantly in an automobile accident just outside Athens, the car being driven by Brother Deadwyler. Having taken dinner with the Chapter, both had left the chapter house only a few minutes before.

In closing, Beta Delta would extend her greetings to all sister chapters, and again wish all a delightful vacation with a renewal of energy for next year.

W. D. WISDOM.

## BETA EPSILON

## EMORY

With the beginning of spring, Beta Epsilon finds herself on the last lap of a most successful year. Due to the negligence of the Chapter Secretary, Beta Epsilon did not have a letter in the March Issue of *THE RAINBOW*; for that reason, some things which should have been put in that issue will have to appear in this.

Our regular annual initiation was held the first of January. At that time the following men were initiated into the mysteries of Delta Tau Delta: John Butt, J. S. Manley, P. M. Spurlin, T. P. Ellis, E. E. Jones, L. L. Petty, G. G. Ezell, R. M. Braswell, W. K. Whipple, and H. L. Harper. We are proud of these new brothers, and of the interest that they are manifesting in all things pertaining to the Fraternity.

Several brothers have found it necessary to be out of college for the present, and two have entered other schools since the end of the fall quarter. Brother Knight is now at the University of Florida where he is living up to the reputation for making high grades which he acquired while at Emory. Brother Neel left school to accept the position of Professor of English and Director of Athletics at one of our Georgia High Schools. Brother Quillian is attending the University of Chattanooga now, but he promises to be back with us as soon as possible. Brother Crawford also found it necessary to leave us, and he is now practicing law in his home town. We regret very much that these brothers had to go, but we hope that they will be back next year.

In baseball, Beta Epsilon is well represented. Brothers Rustin, Burnside, and Puckett, who made their letters last year, are again holding down their old positions. Brothers Whipple and Petty are out for the Freshman Team. We have men out also for track and such other sports as claim the attention at this season of those athletically inclined. Brothers Harper and Ellis are out for track and Ezell for weights. Emory is putting forth every effort to win the state meet this year. "Wreck Ga. Tech." is the password around the campus now.

The concert given at the Atlanta Theatre on March 18th by the Emory University Glee Club has the so-far-undisputed honor of being the first performance of its kind to be broadcasted by wireless. It was in this way possible for the Club to sing to perhaps the largest audience which ever listened to a glee club. We are especially proud of this distinction since the director, Dr. M. H. Dewey, and two members of the Glee Club, Jones and Whipple, are Delts. The Club has been very successful under the direction of Brother Dewey this year.

Please remember that Beta Epsilon is always glad to see any brothers who may be down our way. JULE A. JORDAN.

## BETA ZETA

BUTLER

Beta Zeta was glad to make the closer acquaintance of those brothers who made their headquarters at our chapter house during the Northern Division Conference. It is our desire to create a more intimate fellowship which comes from such visits, and we hope that any brothers who chance to be in Indianapolis will remember to call at 15 S. Ritter.

Since the last number of *THE RAINBOW*, our Active Chapter has grown in membership. Brothers Hill, Graham,

Kiser, Cottrell, Retroff, Mackey, Hooker, and Hall have been initiated into the mysteries of Delta Tau Delta, and now take an active part in the work of Beta Zeta. Harvey Shoemaker of Chicago has also been pledged. With the personnel which characterizes Delta Tau Delta at Butler, we have been able to forge ahead in various college activities.

In a scholastic way our chapter now stands higher than it has for four years. Our success in athletics, dramatics, oratory, and campus activities has not injured the classwork of our Fraternity, and house regulations, and study hours are generally observed. Brother Walter Montgomery has done good work as Chapter Adviser and it is through his influence and assistance that these things were made possible.

Brothers Wendel Brown, and George Cottrell, carried important parts in the Dramatic Club play which was produced at the Murat Theatre. Brothers Russel Richardson and Dale Hodges appeared in a vaudeville given in the college chapel for the benefit of the Y.M.C.A. and the Y.W.C.A.

With the basketball season closed, Delts at Butler now vie for places on the baseball and track teams. Brothers Dawson, Leslie, Hooker, Hall, Retroff, and T. Brown are gaining especial attention. Brother Alva Graham has charge of the tennis aspirants. Brother Herbert Hill has returned from Columbia University to take his A.B. degree at Butler. He is publicity manager for the college.

Brother R. Richardson will represent Butler in the Inter-collegiate Peace Oratorical contest to be held at Wabash College.

Under the leadership of Brother Hodges, we feel that Beta Zeta has been put in good condition for the coming year. Brother R. Hall, as rush captain is consistently seeking new men to uphold the traditions of our Fraternity.

The Alumni of Indianapolis have also taken a fine interest in the affairs of the Chapter and have assisted materially in the advances which we have made. D. H. McKINNEY.

**BETA ETA****MINNESOTA**

Not a great deal of activity has been evident since Beta Eta's last letter. We are all sitting tight, pending the completion of our new chapter house. Work on the house is advancing rapidly, and it looks as if we might actually be in and settled by the middle of April. Much of the furnishing has been done, and we all look forward to that time in the not-far-distant future when the new home of Beta Eta is first thrown open officially.

On February 13th, last, we held initiation for six of our neophytes; Brothers Douglas McCullough, Carrol Babcock, William Fox, Kenneth Bros, Henry Tolman, and Robert Capsticks were those that most recently joined our ranks. The initiation was followed by a banquet given in honor of the new brothers at the Raddisson Hotel. Many of the twin-city alumni were present. Pledges Ray Horton, Jerry Scheldrup, Gilbert Campbell, and "Swede" Swanson are to be initiated in the near future, the first to be initiated in our new chapter room.

In interfraternity athletic competitions we fared fairly well this year; we won the division championship in basketball, and have a good chance to cop the cup in the finals. We all hope to use that cup to decorate our new mantelpiece. In hockey we did not show the class what our teams have shown in the past, several of our men, notably Captain Chester Bros, being on the Varsity this season. Brother Bros has also recently been elected captain of the tennis team for this season. After a lapse of eight years, Minnesota will be represented on the baseball diamond this spring;

we hope successfully, as the future of the game at Minnesota depends to considerable extent on the showing made this year.

We most cordially invite all Delts to drop in and see us in our new home. We'll have a great deal of room, and shall be proud to show it off.

CHARLES E. ECKLES.

BETA THETA

NO LETTER

BETA IOTA

NO LETTER

BETA KAPPA

COLORADO

With two thirds of the college year behind us and with the opening events of the final quarter a reality, there is afforded an opportunity to weigh the advances made and to survey the prospects for the rest of the year. As for the personnel of the Chapter, Beta Kappa began the year with thirty-three actives eager to get into the harness, and to this number were added the four men initiated in January. Two more will have undergone the metamorphosis from pledgedom to brotherhood by the time this reaches the Editor's hands. We thus introduce Brothers Frank Rethlefsen of Boulder and Robert Graeber of Denver to all other disciples of Deltism.

Scholarship was set as a shibboleth early in the year, and no efforts have been spared to insure the standing of the Chapter in that line. Comparative ranks have not yet been made public, but, as a substantial gain over past records has been made, everything points to an enviable position on the list. Among the brothers who were unable to maintain their places in school for various reasons are Hotchkiss, Johnson, Powell, Bonesteel, Lennon, Rowland, Graeber, and Pledge Cleveland.

Four Beta Kappa men, Thompson, Malm, Heckert, and Jim Hunter, were numbered among Varsity's grid contingent last fall, while Bob Graeber captained the freshman team through a successful season. When basketball became the order of the day, Brothers Davis, Lewis, and Pledge Graeber sought berths on the squad. Davis played in several games and promises to display top form next year.

Brother Vidal has piloted the Junior Class as its President, and Ralph Hunter was chairman of the Junior Prom Committee. Hunter is manager of baseball, and also served on the Boosters' Basketball Tournament Committee of which Brother Jim Cohig was chairman. Bill Reno serves as assistant baseball manager, and Newcomb is out for freshman manager.

On campus publications the Chapter is well represented. *Silver and Gold*, the college paper, has for its assistant editor, Brother Chapin, and Black for feature editor. Bill Gaunt edits the *Colorado Alumnus*. On the staff of the *Colorado Engineer*, Brother Richter as assistant editor and Brother Richardson as alumni editor represent us. Brothers Malm and Holman have been serving as sophomore managers of the *Coloradoan*, and Brother Newcomb is trying out for freshman manager.

Among the Boosters, a club for boosting the University in every line, are Brothers Cohig and Gaunt, the latter being Vice-President. Gaunt is a member of Phi Delta Phi, legal fraternity, and Burke belongs to Phi Alpha Delta, also legal. Louis La Barrere is a member of Phi Rho Sigma, honorary medical fraternity.

In Sigma Delta Chi, honorary journalistic fraternity, are Brothers Wray, Gaunt, Chapin, and Black. Richter and Kiefer wear the key of Tau Beta Pi, honorary engineering organization. Warren Thompson is a member of the

senior honorary society, Heart and Dagger, while Brothers Heckert and Sabine are members of Arch, corresponding society for sophomores. Bill Reno and Harry Malm are on the "Y" cabinet.

Brother Vidal is a charter member of Eta Kappa Nu, of which Jack Lee is a pledge.

On the program of the Boosters' vaudeville appeared Brother Ralph Wray as pianist in a musical number, Brother Stubbs in an exotic dance, Brother Vidal, in a playlet, and Brother Frank Daniels as orchestra leader. Brother Vidal has appeared in all the Players' Club productions of the year, and Brothers Stubbs and Sabine added their steps to the dances in the "Newly Rich."

Brother Buchanan has been elected track captain for the chapter track team which is to enter the intramural meet next week. Several brothers are appearing regularly on the cinders for workouts.

After the successes of the first-quarter dance and the formal, comes another social event of like caliber, the spring dance, which has been scheduled for May 12th.

Delt hospitality is so proverbial, that, by merely mentioning the word, the brothers will understand that we insist that every Delt who happens to be in our vicinity should make this his home as long as he is here.

RALPH T. HUNTER.

## BETA LAMBDA

## LEHIGH

Now that winter with its cold weather and very disagreeable scholastic difficulties is almost over, the college comes to life once more and baseball is king. Since the last letter, Lehigh has secured a president in Doctor Richards, formerly of the University of Illinois, a man of most enviable reputation and pleasing personality. The

need for such a man has been most marked since the resignation of Doctor Drinker two years ago. It is hoped that a new head will bring about some needed changes.

For many years it has been the custom to devote much of the spring to making improvements in the appearance of the grounds and the house. This year has been no exception, with the result that those who have visited us in years past would not recognize our surroundings. The alumni have been generous in their support not only in regard to the work on the exterior, but they have promised the Chapter a complete redecorating of the interior.

This week-end the Oxford Lacrosse Team is here to meet our own intercollegiate champions. The game should be well worth seeing. Brother Brewer has spent four years in hard work trying for the team, and it is hoped that this year will be the time for his ultimate success.

The Eastern Division Conference was a big field for the brothers, the entire Chapter journeying to Philadelphia to see Brother Gooding elected Secretary for the coming year. To use a very colloquial expression, "A good time was had by all."

One of the most gratifying happenings since the last letter was the election of Brothers Bortz and Metten to the editorial board of the college paper. The paper has for years had at least four men from the Chapter on its staff, and for a while feared that the coming year would find us wanting.

Brothers Gooding, Downes, and Michell are serving their last year, which, but for the last election, would have dented our roll quite a little.

As has been the case for the past few years, Beta Lambda has a big part in the tennis team. Brother Jacobs as manager has arranged a wonderful schedule for the team, while his assistant, Brother Sansom has been getting the courts in shape. Brother Beck is captain of the team, and with

Brother Laughton of last year's Varsity, and Brothers Parker, Gilmour, and Pledge Schmoll he should be able to win the greater part of the matches.

We now have one more cup to grace our living room mantel. The bowling team under the very able leadership of Brother Parker won the interfraternity match cup, while the basketball team still undefeated has an excellent chance to duplicate the bowling team's performance.

This is the last letter of a most successful year. It marks the passing of six brothers who have given their all to the college and the Chapter for four years. In the loss of Brothers Gooding, Carey, Downes, Michell, Jacobs, and Hughes, the Chapter is dealt a severe blow, but in their sterling example a mark has been set for future successes.

It is a long time before the vacation begins, and therefore there is still more time for some of you wandering Delts to drop in and say "Howdy." Only lack of space prevents our enumerating the divers attractions to be found in this locality.

W. M. LAUGHTON.

#### BETA MU

#### TUFTS COLLEGE

Jumbo Bonds! Yes, as usual, the Delts lead the other fraternities on the Hill, as they were the first to subscribe 100% to the Jumbo Bond Drive which is a foundation fund of a million dollars.

The first undergraduate to sell a Jumbo Bond was Brother Al. Pickard '23.

Midyears found all the brothers in good scholastic standing; we are trying, however, to make a record by the time finals come around.

The annual formal dance was held April 7th. We entertained brothers from both the Boston and Harvard Delt Clubs.

All the brothers who attended the smoker held at the Boston Delt Club, March 15th, enjoyed a lively evening and recommend all brothers about Boston to be sure to be on hand at the next one.

Whenever you come to Boston, be sure to make a trip to Beta Mu as the boys over there will try to give you a good time. If it's women you need maybe they can find plenty of college material for you, as we have a new organization at Beta Mu which is going big. The Shifters are not in it with the Gacs.

The baseball team made the southern trip in April. Brother "Bill" Morrell was one of the mainstays of the pitching staff. When not in the box, he made himself prominent in the outer garden.

JAMES M. LE CAIN.

## BETA NU

## MASS. INST. OF TECH.

Beta Nu lost to Sigma Chi in the finals of the interfraternity basketball league. Beta Nu is still in the finals of the bowling league; she is waiting for the other finalist to be determined. The Tech basketball team closed a very successful season recently by re-electing Brother Hubbard captain. The team hung up a record of being undefeated on the home floor, and also beat Harvard by one point in the final game of the season, thus finishing a string of eight consecutive wins. Brothers Coleman and Blood were regulars on the team throughout the season.

The swimming team did not hang up quite such a good record; this was no fault of the Captain, Brother Weber, nor of Brother Nauman as both were mainstays of the team all season.

Brother Smith as manager has issued the call for crew, and hopes run high for defeating Harvard this year.

Brother Blood has good possibilities of making bow in the first boat, and Brother Dunlaevy is already taking turns stroking the Varsity. Brother Smith was recently elected to Theta Tau.

Brother Mountjoy is next year's prospective manager of the basketball team, and Brother Northrop is in the running for track managership.

The big social event of the year, Junior Week, approaches. With it comes the Tech Show, having Brother Searles as publicity manager, Brother M. G. Davis in the cast, and Brother Dunlaevy in the stage department. The show will make the usual trip to Northampton. The Boston performances will be held at the Boston Opera House, and everything indicates a successful show.

With the close of the year drawing near come thoughts of graduation and the Senior Class Day. Brother Horn was chosen 2nd Marshal for Class Day and Brothers Browning and Davis were elected Class Day Officers.

Beta Nu takes this opportunity to ask her alumni for more news of themselves and of other Beta Nu men. If the paper published each term is not being received, let us know so we can see that it doesn't happen again.

WINSLOW C. MORSE.

## BETA XI

## TULANE

Now that the Lenten Season is nearing an end, Beta Xi is eagerly looking forward to the good old Delt Parties that come at this time of the year. Every one has been hard at work. Now that the year is about to close, we are planning a farewell banquet which will long be remembered by those that will not be back with us next fall.

It is a pleasure for us to announce at this time to all of Delta Tau Delta the initiation of Brothers Sterling A.

Chandler, Clyde J. Lewis, and Harry P. Gamble. Also, at this time we might add that there are two new pledges, Cameron Coe McCann, and John Junius Williams of New Orleans, both of whom we are justly proud. It looks as if Johnny will be one of our star hurlers in the interfraternity baseball games beginning on the ninth of April, while Pat will be a strong candidate for right field.

The withdrawal of Brothers A. K. McInnis and Henry Breazeale from the University was a great loss to the Chapter, but it is hoped that both of them will be back with us next fall.

Brother John A. Wight is back in New Orleans now, and is making quite a reputation for himself with the Southern League. Johnny made scores of friends while in the University; and though not back in Tulane athletics, all are watching his professional baseball career with great interest.

The home will be open during a part of the summer so when you are in or near New Orleans do not forget that we expect you to stop and visit us.

HILLMAN OLIPHANT.

## BETA OMICRON

## CORNELL

Cornell has launched her program of spring activities. She will fight harder than ever this year to maintain the position in intercollegiate sports which she gained by her remarkable record during the fall and winter. Coach Carney has the baseball men out daily on the new field adjoining Schoellkopf Memorial. Though still confined at this time to the inlet, the crews will soon be on Cayuga, and are anticipating two workouts daily during the spring recess. Coach Dobie has issued a call for candidates for football practice, and the response is decidedly encouraging. Cornell's track prospects are brighter than ever since winning

the dual meets with Penn and Michigan, and the triangular meet with Harvard and Dartmouth.

Beta Omicron recently pledged three new men, all of the Class of 1926: Alden MacNeil, Flushing, N. Y.; Norman Steinmetz, also of Flushing, and Edward Driscoll of Ithaca. The rushing problem for next fall is still to be solved, but it is likely that the same general methods observed by the new Rushing Association last year will prevail.

At the last meeting of the Athletic Council, Brother Hanson was awarded letters in football and wrestling; he won the Intercollegiate Championship in the latter sport for the 175-pound class. Brother Garnsey received a "C" for crew, and Brother Pope his letter in basketball. Delta Tau Delta won the Interfraternity Hockey Championship this winter. Brothers Wright and Patterson as a result of their success in this field are planning to register for the Varsity sport next year.

On Friday evening, March 24th, the house gave a dinner-dance which was a decided success from every point of view. Out-of-town guests remained over the week-end for the added attraction of the Cornell-Michigan Track Meet. Most of the brothers felt that the affair made up to a large extent for our lack of a Junior Week party this year.

Brother Jimmie Munns '14, was back for the midterm festivities. Beta Omicron extends her most cordial invitation to all other alumni and visiting brothers from other chapters who may happen to be sojourning in or near Ithaca this spring. And, as a final reminder, don't fail to inform us of any good Delt material which you know to be coming to Cornell in the fall, so that we may lose no time in lining up the prospective rushees.

J. A. AUSTIN.

#### BETA PI

#### NORTHWESTERN

The close of the school year is at hand, but Beta Pi goes on. We are headed right and are making preparations for

next fall. Our Chapter roll now has twenty-seven names upon it—not to mention three pledges. We are conducting rushing parties at short intervals, and we hope to get results. We have a good start, and that means a great deal.

Beta Pi is unfortunate in losing through graduation Brothers Harmon, Dopp, Weber, Carney, and Strong. We regret very much that the University does not offer longer courses so that they could remain with us, because they have done a great deal for Beta Pi.

In athletics Beta Pi is still represented at Northwestern. The only major sport now in season is baseball, and Brother Mikkelson cavorts around the out-field on the Varsity Team. Interfraternity indoor now occupies every Delt's mind at Beta Pi. We won the cup last year, and we hope to repeat. Watch us get some runs! The freshmen of Beta Pi are represented by the members of that class on the freshmen track and swimming teams. They are out to put Beta Pi to the fore. We are for them, and we hope to see them become Varsity men in the near future.

We are looking forward to a prosperous semester next fall in all phases of college life and activities. Our athletes have been mentioned before. Our scholarship? Getting better all the time. We were mighty weak in that department last semester, but things are beginning to look bright again. We hope to climb to every Delt's natural position—the top.

Beta Pi has her entrance on Sheridan Road. If any of you brothers come our way, don't ring; just walk in and see how Beta Pi greets visiting Deltas. We are a sure cure for homesickness.

ALBERT BREMER.

BETA RHO

STANFORD

With the wild flowers abounding in a riot of beauty on the hillsides and with the woodpeckers caroling sweet ditties

among the hollyhocks and poison-oak, one would think that the literary soul of even as humble a scribe as myself would burst forth and give vent to frenzied phrases; but alas, all is not tin that tinkles!

Since the theory of horseshoeing has been dropped from our collegiate curriculum, and since the cultivation of the Anhauser Busch has become a thing of the past, the brothers have been devoting themselves to the higher things in life with the following honors resulting. Brother Crowe edited the *Stanford Pictorial* during the fall quarter. He was also a Varsity baseball player, a member of the Economics Club, the Press Club, Phi Phi, and Skull and Snakes. Brother Tom Alexander won his numerals in Frosh Basketball. Brother Harry Austin is on the Varsity Basketball, and is also a member of Phi Phi and Skull and Snakes. Brother "Jinny" Austin, who has just returned from captaining his successful swimming team through a series of meets in the southern part of the state, is with Brother "Ole" Meyer, a winner of a circle "S." Brother Howell having won the Junior National High Jump Championship last spring will no doubt represent Stanford in that event, at the I.C.A.A.A. Meet in a few weeks.

Spring football practice has been under way for a week now. From the way Glenn "Pop" Warner and his cohorts are working out on the boys, it looks as if Stanford ought to be on the long end of some good football scores next season.

Ever since last Saturday, Brother Tussing has not been able to get into any of his clothes. Why? Well, if you are really eager to know, here is the low-down. Brother Tussing is manager of baseball this year (1922). Last Saturday the California Bears came over and took what was known as a casual defeat from Brother Tussing's protégés, thus upsetting all dope; hence the inflation of our diminutive brother.

The night of April 22nd marks the zenith of Stanford-California Deltism; on that eventful evening the members of Beta Rho and Beta Omega gather with the alumni from near and far to put on their spurs, to hang on tight, and let 'er buck. The sky's the limit!

DON HANCOCK.

## BETA TAU

## NEBRASKA

On March 4th Beta Tau held the first initiation of the school year. Now we take great pleasure in announcing that these men are now wearers of the square badge: J. Kenneth Cozier, Kalispell, Mont.; Monroe D. Gleason, Omaha; Richard N. Johnson, Fremont; Harry L. Olds, Lincoln, and Alfred B. Parks, Plainview.

The Probation Week was an entire success, and was appropriately wound up with a house party given by the Chapter in honor of the Squabs. In addition to the eleven freshmen pledged during rush week, the list now includes Art Mulligan, Beatrice; Chick Youngblut, Lincoln; and Doug Meyers, Al Bloodgood, Spike Winkle, all of Beatrice. They having transferred from De Pauw to Nebraska at the end of the first semester, it was merely a matter of changing chapters with them for we immediately indorsed Beta Beta's choice by repledging these three men.

On Sunday, March 5th, a dinner was held expressly for the Delt Sisters who are now in school and for those who live in Lincoln. The entertainment consisted of a Jazz orchestra and two vocal numbers by Brother Ward Wray of Beta Kappa, who is attending the University School of Music. In chapter house parlance, they certainly "went over big," especially the new "Delt Sweetheart" song which his brother Ralph, also of Beta Kappa, composed, and which undoubtedly will appear in the new song-book of the Fraternity.

Although basketball was not a decided success this season for Nebraska, next year should see the bacon brought home. Brothers Munger and Kohl won the coveted "N" in this sport. Only hard luck in the form of an infected foot kept Brother Holland from getting a letter and possibly a captaincy for next year. Dope favored us to win the Interfraternity championship again for the third consecutive year; but, after defeating Sigma Nu and Beta Theta Pi, the Alpha Sigma Phi's beat us three points in the semi-finals. The Alpha Sig's beat S. A. E. in the finals.

The Nebraska State High School Basketball Tournament was held in Lincoln, March 9th, 10th, and 11th. Two hundred and twenty-six teams participated representing towns from the four corners. This is the largest affair of its kind in the world, and it brings out some mighty good fraternity material which might otherwise be overlooked.

Baseball occupies the center of the stage now. In the near future there will be a squad chosen which will go to Oklahoma for a general work-out and incidentally a couple of games with O. U. during the spring vacation which begins March 25th. Besides Brother Munger, the star pitcher of the team, we hope to be more fully represented by Brothers Miles, Gass, and Holland who are now doing good work with that end in view.

Brother Bob Hardt, our representative to the Western Division Conference held at Kansas City, February 24th to 26th, reported a most successful meeting, and brought back a detailed report of all proceedings. We regretted very much, however, that circumstances prevented a visit to our chapter from Brother Frank Rogers when he was so near.

Under the able direction of Brother Bill Sloan, through a well-directed drive, consisting of circular letters and other such fruitful weapons, delinquent house-notes are being

collected quite rapidly. This is especially gratifying at this time. If the brothers are willing to part with the filthy lucre now when it is so scarce, then, in a very few years, this thing of delinquent house-notes will be ancient history; the present Chapter By-Laws state that initiates shall pay off their notes while in school, a certain amount on each monthly tax bill.

Since this is the last number of THE RAINBOW until after school opens next fall, Beta Tau takes this opportunity to wish all her sister chapters as much success in rushing as she herself expects to have next September.

CLAUDE C. RYAN.

## BETA UPSILON

## ILLINOIS

With the end of the school term in sight, we feel that Beta Upsilon has had a very successful year from every standpoint. We have been very well represented in activities on the campus this year; and, from all indications, the majority of our men, now in line for jobs, will be successful in the elections held later in the spring.

On February 28th, the following men were initiated into the mysteries of Delta Tau Delta: John C. Goodall, Ferdinand C. Goodfellow, William Y. Gilmore, Merritt Fleming, Merritt Schoenfeld, Kenneth Porter, Richard Wagner, Wendell Meents, Jesse Doolen, Harry Hall, and Robert Swaim. We have recently pledged George Seaman and Merrill Lucas, both of Chicago.

Spring football practice is now in full swing with the following men: Brother Woodward, who won his "I" at full-back last fall; Brothers Bairstow and Augur, members of last fall's squad, and Hall and Wagner, Freshman Varsity, all working hard.

The cast has just been selected for the spring opera, which

is going on tour in April; Brothers Meents and Morry Hughes were fortunate enough to win places, Meents securing one of the leading parts.

The *Daily Illini* is enjoying a very prosperous year due largely to the efforts of Brother Cotes who is this year's business manager. Brother Jerry Baethke, sophomore assistant business manager, is also going strong.

Juniors working for jobs are Jack Tuttle, junior assistant track manager and assistant editor of the *Siren*, and Dick Fowler, junior assistant interscholastic manager and assistant business manager of the *Siren*. Both these men have worked hard all year, and have excellent chances for securing their jobs.

In the Sophomore Class, in addition to those already mentioned, we have Bill Stahl, sophomore assistant football manager and Joe Atkinson, sophomore assistant circus manager.

Some of the boys have started to get limbered up for Interfraternity baseball which begins in a few weeks. We have some excellent material in the house, and hope to make a very good showing this year.

We have had visits from several brothers this year. We urge every one of you to drop in and see us whenever you are near Champaign.

FRANKLIN GILMORE.

## BETA PHI

## OHIO STATE

The arrival of spring finds Beta Phi busily engaged in activities not unlike those of former years, with the exception perhaps, that, with the progress already made by the Chapter, we are recognized as more of a power in campus affairs than ever before.

Brothers Barr, Duke, and Haymes left the Chapter at the

Top Row—Doolen, Baethke, Goodall, Schoenfeld, Meents, Goodfellow, Brownell, Swaim, Hall, Bairstow, Douglas, Wagner, Tuttle  
 Third Row—Fleming, Gilmore, Augur, Henning  
 Second Row—Fowler, S. Hughes, Stahl, Simpson, Woodward, Booth, Atkinson, Sullivan, Pattison, McKeever  
 First Row—Cotes, Foresman, M. Hughes, Foster, F. Gilmore, Scott, Chamberlain, Smithers

Beta Upsilon—Illinois  
 1921-1922

close of the first semester. Their loss to the Chapter was offset, however, by the return of Brothers Pittenger, Smith, and Miller. A little later Brother Ridenour contracted pneumonia and was forced to withdraw. He is now convalescing at his home in Van Wert.

Initiation services were held March 10th for Victor L. Parks, of East Cleveland. After the initiation there was a banquet at the house, several alumni being present. Brother Parks is quite talented in humorous writing, and has two more years in which to demonstrate his ability on the publications.

The annual Delt Prom, given February 24th at the Elks' Home, was declared one of the most brilliant social events of the season. Two house dances have also been given this semester, the last in connection with the Stroller play. A block of seats was reserved, and, after the play, there was dancing at the house.

Another very successful event was the annual Home Concert of the Glee Club. Much of the success of the concert was due to Brother Budd, who is President, Soloist and Director of the club. Brothers Smith and Frankenberg are members also.

Brother Kissell added to his earlier triumphs in activities by making a part in the Stroller play.

Ohio State's track hopes were given a severe jolt recently when Brother Pittenger, who is captain of the team, broke his ankle in an indoor meet. His specialties are the quarter-mile and the four-forty low hurdles, in which event he twice broke the world's record last year. While there is little hope that he will be able to regain his oldtime form this year, we all trust that he may be able to wear the spiked shoes for Ohio State in later meets. In the meantime Brother Stewart Weinland is doing very well in the pole vault and hurdles. Already he has a first and several other places to

his credit in these events. Brother Addison is one of the leading contenders in the weight events.

In baseball, Brother Dudley is again holding down a berth on the Varsity, and is showing a splendid brand of pitching. Brother Frankenberg is making them all "sit up and take notice" of his hard hitting and faultless infielding.

Beta Phi is completing a most successful year in every respect. The four-quarter plan will be inaugurated in July; while we are yet uncertain as to what changes it will effect in our Chapter life, we are sure that it will meet with success.

ROBERT H. KOEHLER.

## BETA CHI

## BROWN

Brown dances have always had the reputation of being—shall we say successful? We had a dance March 11th that was more successful than any Brown dance that we have had the pleasure of witnessing; and take our word for it, brothers, Brown dances are always a pleasure to witness. To begin with, we had Sammy Walsh's Collegiate Orchestra, probably the best in New England. Brothers MacKay '22 and Landati '24 are members. St. Vitus must have looked down longingly and enviously at the aggregation of "Flappers and Philosophers" we had under our humble roof that night. The freshmen, who ran the dance, had the house decorated in a wonderful manner. Their decoration of the lights especially was a distinct success. Low lights, soft music, decorations, beautiful gowns, streamers, wonderful women, and everybody happy; yes—it was a successful dance, a very successful one.

The Twenty-fifth Annual Delegation Banquet was held at the Beta Chi home on March 4th. Louis, the chef, provided us with copious food, prepared with the culinary science for which Louis is famed. After we had done justice

to the soup, fish, steak, etc., the speakers were turned loose on us.

"Mutt" Jordan '17 as toastmaster introduced the following speakers: First, "Corney" de Goly '22 told us about the "Activities of the Actives." Then Walter Bishop '25 delivered the sentiments of the new brothers in his "Delt Recruits." A brother with the real stuff, Al Lemon '13, talked about the "Old Stuff." Herb Sherwood '09 gave us an interesting and inspiring discourse on "A College Man in Politics." "The Vigilant American" by Arthur S. Gaylord '02 was the last speech of the evening. Delt songs, the Choctaw Walk, and the Delt cheer ended the banquet.

If walking is good for the health, Beta Chi may then boast of eleven husky, rugged freshmen. Saturday evening, February 25th, marked the beginning of an expedition of Delt recruits marching from Chepachet to Providence. After a rather eventful twenty miles of song, lamp-smashing, family history and ambitions, the Delts of '25 arrived at 65 Prospect Street and sang "Delta Shelter" with a vengeance. A noisy time was had by all, and the eleven weary freshmen retired for eighteen hours of blissful sleep.

Of the six major letters ever given out at Brown for minor sports, two have come to us. Two years ago one was given to Charlie Lawton '20, captain of the swimming team and New England Intercollegiate Champion Diver. This spring we are honored by another brother getting his major letter in wrestling. Tommy Dustin '23 won the New England Intercollegiate Championship in the 135-pound class. Tommy has never been thrown, and the man doesn't live that can pin his shoulders to the mat. For that reason Brother Dustin will captain the wrestling team next year.

Harry Hoffman '25, captain of the freshmen water basketball team, is leading his men through a season of no defeats.

Bill Fanning '25, another member of the team, plays guard. Bill takes the ball from the opposing forwards and tosses the ball to Harry, who seldom misses a basket. Hoffman is making a strong bid for shortstop on the Varsity Baseball Squad. The squad has been cut from seventy to twenty-two, but Harry still clings on.

"Red" Reynolds '24 took second place in the New England Intercollegiate Championship breaststroke swim. In a recent boxing tournament "Red" won first place in the heavyweight class.

Roy Eisenberg '24 received his major "B" for playing Varsity Quarterback.

"Ferg" Purves '24, the best pole-vaulter now in college (the other having quit the team) is still hoping to make his letter this year. He really hasn't much about which to worry.

"Bud" Bennett '25 received his class numerals for being manager of the Freshman Football Team.

"Bill" Munroe '23 is a member of his class water basketball and water polo teams. The water polo team has never been defeated.

In the non-athletic activities, we also have quite a few brothers. On the musical clubs, MacKay '22 plays the drums on the jazz team. Bob Brown '25 plays the piano for the glee club, and Milt Newsome '23 is the violin player and probable leader of the mandolin club for next year.

"Wy" Worthington '23 is assistant manager of the orchestra. He is also working hard on the Junior Week Committee, trying to make that affair outshadow any previous one.

Stuart Tinkham '23 is Vice President of the Junior Engineering Society.

We take pleasure at this time in introducing to the Delt World Brother Carl T. Johnston '24 from Pittsburgh, Pennsylvania.

By the time you read this, the first issues of the "*Brown Delt*" will have been published. This monthly review of events is under the editorship of Brother Ed Fahlquist '23 who is assisted by "Red" Reynolds '24 and Walter Bishop '25.

In recent years, the chemistry building here has been inadequate and conditions became so bad that something had to be done immediately. In answer to this crying need, the Metcalf Chemical Laboratory is being built and will be ready to be occupied the second semester of next year. This building will be large enough to care for all needs for years to come.

Don't forget to let us know of any good Delt material you may meet this summer or know of now who intend to go to Brown. With a 1926 delegation that can come near comparing with this year's, Beta Chi will be sure to capture a few more honors than it has held since the war.

WILLIAM C. MUNROE.

#### BETA PSI

#### WABASH

At this writing, April is just stepping up to the plate to bat. Beta Psi has enjoyed perhaps her most gratifying year in many a decade. We have maintained our prominent positions among the various worth-while activities upon the campus, and we are striving earnestly for continued prominence next year by inculcation, as it were, of the old Delt spirit into the hearts and minds of our eight promising freshmen.

Quite recently the Delt Basketball Team, composed of Stasand, Ash, Rhode, Cast, and Greenman, walloped the Kappa Sigs in the play-off of the tie for the championship of the Interfraternity League, and brought home a silver cup for the mantelpiece.

Roll '25 and Chadwick '25 earned letters on this year's

National Championship Team, which defeated Kalamazoo in the finals of the National Tourney. The former was one of the eight to receive the honorary gold basketball, presented by the Rotary Club of Crawfordsville.

Beta Psi entertained during the week-end of the Pan-Hellenic Dance with what we very enthusiastically consider a real house-party. So successful was our recent attempt, that, as a matter of fact, we are contemplating another affair of the kind to take place late in May.

In the Sphinx Club, the honorary interfraternity on the campus, we still have four members, which representation is exceeded only by the Phi Deltas who have five men in the organization. Brother Pipin has shown well on the debate team, which recently finished second in the State League of ten schools.

The semiweekly paper here, the *Bachelor*, is now being spoken of as the *Delta Tau Gazette*, due to the control we have exercised for the past three years. Last month Brothers Ash, Bales, and Cushwa put out the Blue Edition of the sheet, which negatived everything and gave a pessimistic touch to all news and prospects. Ash and Cushwa wrote the news, and Bales did the cartoons. It was at least notable for its startling novelty.

Our recent drive for a house-furnishing fund was fairly successful; as a result we were able to have many improvements about the house. However, the finest donation to come in yet is a massive two-piece suite for the living room, sent from Chicago by the father of one of the actives. The old Delt House is now running over with good, substantial furniture, which, of course, we figure deserves the appreciative examination that another social affair would bring.

And another thing! If you don't believe we are the proud possessors of a great aggregation of indolent chairs and divans, drop around on us and park in a few of them.

Walk right in the door—we usually leave it open; but, for the love of Jesse James, yell “Don’t shoot; I’m a Delt!” as you enter, for we’ve been bothered by burglars lately.

RICHARD P. CUSHWA.

## BETA OMEGA

## CALIFORNIA

First in order, an apology. This Chapter-letter proposition is a new one on me, but our chubby lil’ secretary is temporarily incapacitated. Rather than see the name of Beta Omega posted on the black-list at the head of the “Delta Chapters” section, I’m game to take a try at it if the reader is game enough to stick along until some California news appears. There’s really something to write about this month. An’ you may lay to that, matey.

Some news of the Intercollegiate Track Champions, which title the California cinder-pushers wear as a result of last year’s invasion of the East, may be welcome. In their meets so far this year, they have greatly outclassed whatever competition was offered. The University of Southern California, Charles Paddock’s Alma Mater, was the first to meet defeat. Twenty men made the trip to the “land of perpetual sunshine” and did their eggs. The score was 96 to 34. Next in order was the well-known Olympic Club Squad from San Francisco. In spite of the presence of several Olympic Games veterans in their ranks, the clubmen were licked by a 107½ to 37½ score. Our representative on the track is Brother Ed Shattuck. His distance is the two-mile. In the Olympic Club, Ed pulled a tendon in the second lap, but gamely loped on to the finish. You’ve sure got to hand it to that boy for the fight he exhibits in whatever he does.

In just three weeks, the Varsity Crew goes north to meet Washington in the annual Far West Crew Classic. The

Eight is minus five of the men that beat Navy's best time trial before the Poughkeepsie regatta last year, but they have a dandy bunch of real oarsmen in there just the same. Brother "Noisy" Bowes is rowing at number four, while Brothers "Bus" Sharman and George Pitt are working hard in the Third Varsity, with two years more to make the coveted "C." Brother "Oski" Hinsdale is junior manager of crew this year, and will succeed to the managership in his senior year.

As a representative in the national pastime, we have Brother A. Redvers Davidson cavorting in right field for the Varsity Nine. "Lop" McDonald is chucking them over with the rest of the spit-ball artists, and may land a berth. "Jackie Coogan," the erst-while Secretary of the Chapter, is swimming a fast crawl stroke daily in the Y.M.C.A. tank, and is on the water-polo squad as well. There's no use talking, you can't keep that boy down. In the tennis world, we still maintain the brags. Ray Casey is playing first doubles with Captain Bates, while Brother Carol Jensen is third singles man in the match with Stanford. Brother Phil Bettens was freshman tennis captain until illness forced him to take out a leave of absence. Last, but not least, we have Brother Simons sporting the numerals for basketball.

Whew! Well, that concludes the spring athletics. In activities, we have our full quota of brethren, helping out. Can't mention them all so I won't say more on this or any subject, except to extend the hospitality of the Chapter to wandering Delts in the neighborhood of San Francisco Bay.

GERALD F. McKENNA.

## GAMMA ALPHA

## CHICAGO

The present writing finds all Gamma Alpha waiting with bated breaths the report of the recorder's office. However,

early reports seem to indicate that most of the brothers crashed through in handsome shape and the freshmen as far as we know are averaging ten grade points each. This is pretty good when we consider the fact that six is a passing grade.

Notwithstanding the fact that we pulled our scholarship up from the twenty-eighth to the seventeenth place in one quarter, several of the brothers found time to cop off some very lucrative campus positions. Perhaps the best way to illustrate this fact is by a recital of a few of our honors. Since the last RAINBOW, Brother Kennedy won the Central A. A. U. Championship Quarter Mile in  $50 \frac{3}{5}$  seconds. Brother Strohmeier was elected president of the Reynolds Club, (the Chicago union). Brother Blinks as captain of the swimming team did himself proud in the conference meet and set another record in the 220.

In addition to this, Brother Combs is President of the Sophomore Class, a member of the Undergraduate Council, circulation manager of the *Phoenix* and a member of Score Club, the sophomore honor society. Brother Kennedy, besides being a track artist, is a member of both the undergraduate and interfraternity councils, also a member of Iron Mask, the junior honor society, and Blackfriars, the organization that produces the men's shows. Brother McWhorter retains his old position as president of the Y. M. C. A., a post which is regarded as highly desirable on the campus. Brother Pettit is Brother Combs' right-hand man in making the Sophomore Class step around, and is vice-president of the Y. M. C. A. as well as advertising manager of the *Daily Maroon*.

To tell of the honors acquired and the activities indulged in by the freshmen would necessitate a double-sized RAINBOW, so let it suffice to say that they are going strong.

The Chapter is preparing to act as hosts to one of the

high-school basketball teams which will play here in the national interscholastic, April 5th to 8th.

Without spreading the "hooey" too thickly, it is safe to predict that the coming year will be the best witnessed by Gamma Alpha in a decade.

LOCKE H. DOUGLAS.

## GAMMA BETA

## ARMOUR

Gamma Beta announces the initiation of the following men: C. K. Abplanalp, J. B. Beattie, J. S. Greenleaf, J. S. Shoemaker, C. A. Olson, F. Montgomery, H. E. Wetzel, M. H. Westerberg, H. K. Murner, S. Owens, J. V. Lizars and S. L. Cartwright.

Gamma Beta has been fortunate this year in that no men have left school, and Brothers Bradley, Ford, and Campbell returned to the Institute for the second term.

With the first warm weather, the Tech Baseball Squad has been out preparing for a hard season. The Armour schedule includes many strong teams, among them being Northwestern, Notre Dame, Wisconsin, Chicago, and Purdue. Brothers Westerberg and Rowe are out and have positions cinched.

The Armour Athletic Association, which was recently organized for the general promotion of student-activities, is prospering and seems certain to become a permanent institution.

The Athletic Association is sponsor for all student affairs, and has already done splendid work. Interfraternity sports, including every thing from baseball to balkline billiards—all under the supervision of the A. A.—are planned. It is also planned to charge each student an "activity fee" which shall include membership in the A. A., subscriptions to the student publications, and admission to all athletic contests. This system has proved successful in other colleges, and is a sound manner of financing student affairs.

Gamma Beta announces with pleasure the election of Brothers Nutt and Lizars to Tau Beta Pi, honorary engineering; and the election of Brother Nutt to Phi Lambda Upsilon, honorary chemical.

In closing, Gamma Beta extends her best wishes to her sister chapters.

GEORGE C. KINSMAN.

## GAMMA GAMMA

## DARTMOUTH

As a result of the strenuous rushing season just after mid-years, Gamma Gamma has eleven new freshmen to introduce to the Delt World: Curtis Albert Abel, Salina, Kan.; Joseph John Campbell, New York City; Whitney Campbell, Oak Park, Ill.; Richard Clark Colton, Chicago, Ill.; Robert Carlisle Hardy, New York City; Walter Ellis Irvine, Rockford, Ill.; Arthur Ritchie Sawyers, Jr., Chicago, Ill.; Carl Wilder Smith, Cutler, Me.; Stanton Kinnie Smith, Rockford, Ill.; Arthur Langdon Spring, Newton Center, Mass., and Harry Arby Tinker, Minneapolis, Minn.

Two sophomores recently pledged bring the total of the 1924 delegation to thirteen. They are John Ralph Stuart of Newton, Mass. and Robert Lucian McCollom of New York City. These recent additions to the personnel of the Chapter occupied the positions of honor at one of the best banquets Gamma Gamma has ever held. Frank Rogers was present at the affair, and started the newcomers off on their Delt careers in admirable fashion. Brother Bill Dodge came up from Amherst as a delegate from Gamma Phi, our nearest sister chapter.

The recent report of the New House Committee is encouraging, and the fund is gradually swelling; the goal of our ambitions, a new home for Gamma Gamma, is beginning to loom up as something tangible. Plans which will give the Chapter as fine a house as any fraternity on the campus have been drawn up and approved.

The close of the winter sport season found Gamma Gamma well in the limelight. Two members of the Dartmouth Five, which placed third in the Intercollegiate League, were wearers of the square badge; Don Moore at right forward and Frank Heep at left guard. Bill Perry captained the hockey team which went through the season with the Harvard Game its only defeat. Bunny Sly was a substitute defense man on the same outfit.

Brother Snyder '23 has recently come to the front in the series of interclass handicap track meets which Coach Hillman is holding in preparation for the coming season. Don took second in the high jump in the first meet, and a week later won the event. Bob Hardy '25 is also showing up well in the 60-yard dash.

Frank Heep, a letter man in baseball last year, is again out for the backstop position on the Varsity and Carl Smith is a candidate for pitcher on the freshman outfit. Bob McCollom was a member of the gym team which recently made a week's trip among the eastern colleges.

Mox Hubert, Wally Martin, and Wally Lord went South during the Easter vacation with the musical clubs. Bill Perry and Joe Campbell '25 are also members of the clubs but were unable to take the long jaunt. Joe Campbell and Walt Irvine are also in the college band. When all our musicians get together, we have an orchestra which would be hard to beat anywhere.

The freshman delegation this year gave a reception to the other freshman delegations on the campus. The affair was a great success from every standpoint, and did much to promote interfraternity relationship. The popularity of the event was proved by the large number which crowded the house during the whole evening.

JOHN S. JOHNSON.

Gamma Gamma's Freshmen  
1921-1922 Dartmouth

## GAMMA DELTA

## WEST VIRGINIA

The Chapter takes great pleasure in presenting the Delt World four new men. The initiation and banquet took place March 3rd, the following men being initiated: Arthur Michie, Fairmont; T. Garland Magruder, Cumberland, Md.; Cassel Mowrey, Clarksburg; Paul Bottome, Moundsville.

At the beginning of the second semester the chapter pledged Albert Scott and Charles Roberts, Morgantown; Fairfax Brown, Kingwood, and Paul Jones, Fairmont. We take great pride in having them with us; we are confident that they are real Delt material.

When the basketball season opened, West Virginia had high hopes of running away with the Tri-State Championship. These hopes were blasted during the eastern trip when practically the entire team was hit by the "flu" and didn't recover in time to make a creditable showing. Brothers George and Pierre Hill and Bob Hawkins were among the mainstays of the team.

Now that baseball has started, our hopes of being represented lie in the hands of our new brother, Ike Mowrey, our only man on the squad.

West Virginia is supporting her third tennis team. The sport has become very popular, aided by the splendid showing of the team. Brothers Kelley, Donnelly, and Hutchins are on the squad.

The Chapter is also well represented in track with Ex-Captain George Hill, Pierre and Gibson Hill, Watkins and Hawkins working out.

The interfraternity basketball season ended with Phi Kappa Psi's winning the championship.

We are waiting for the interfraternity baseball season in order to avenge our defeats.

The Chapter has been very fortunate in the way of visitors this year. A great many have stopped in to see us and we hope that more will come.

CHARLES O. HUTCHINS.

#### GAMMA EPSILON

#### COLUMBIA

Shortly after the opening of the University last fall, a movement was started by the faculty and a majority of the fraternities on the campus for the purpose of organizing an Interfraternity Council to regulate fraternity activities at Columbia, and to provide uniform scholastic requirements for membership in the various fraternities. As the result of several months' discussion by delegates from the fraternities, an organization now exists which comprises all the National Fraternities here.

After much deliberation, Gamma Epsilon decided to join the Council, as it was apparent that a real effort was being made to improve the fraternity situation without interfering unduly with the activities of the individual chapters. To date, no action has been taken by the Council toward establishing any system of rushing regulations. The success of the new organization is no doubt due to the fact that this difficult problem has been postponed until later, when, it is to be hoped, the Council will have justified its existence and established itself in the confidence of the various chapters.

One of the results of the Council's activities has been the preparing of statistics concerning the scholastic standing of the organizations on the campus. We are not proud of our position on the list, and all hands are at present engaged in a drive for improvement. Recent midterm marks would seem to indicate that progress is being made.

The past two months have witnessed the assembling of another delegation of pledges, chosen chiefly from the February crop of freshmen, and initiation will be held

immediately after the Easter Recess. Although some new additions may be made during the coming week, we would be quite satisfied to stand pat on Pledges Hirsh, Standfast, Gebhardt, Eddins, Seaver, Nichols, and Tarzanan.

The coming of spring is more than usually welcome this year, as it brings relief from a strenuous season of Interfraternity winter sports, consisting chiefly of bowling and bridge; it also ushers in the prospect of more exciting competition in the Interfraternity Baseball League, in which we have the usual pre-season visions of copping the pennant.

Gamma Epsilon wishes to announce that the Chapter House will be open during the coming Summer Session, and to extend a cordial invitation to any brothers who may plan to study here to make their home with us. If you are expecting to spend the summer studying here, please drop us a line. We expect to have accommodations for several visiting Delts at the house, and are sure to be able to provide meals for all.

The return last week for burial of the body of Brother Newberry Holbrook, who died in service in France has reminded us of our irreparable loss in his death. The Chapter will attend his private burial services at Woodlawn Cemetery next week.

FRED BIELASKI.

#### GAMMA ZETA

#### WESLEYAN

This year has gone rushing on, and the first days of spring are already past. Brother Lotspeisch is out contending for a position among the batteries. Jake and Bill Prout are in the infield, while Hoppock, Clifton, and Washbourne are practicing for the outfield. Those brothers who are not competing for a place on the Varsity are giving the house committee reason to crab at their playing catch on the back lawn. Brother Bickley is now scutting baseball. As yet

the scuts qualified from the Basketball, Musical Club, Olla Podrida, and Dramatic Association Competitions have not been announced. Brothers Ketler, Weed, and Deming are personally interested in the results, and there is much more than an even chance that they will all be qualified. At the end of the Argus Competition Brother Bristol was elected assistant manager of the Argus while Brother Baldy has just been advanced to manager of the Olla Pod.

Since the last issue of *THE RAINBOW*, Gamma Zeta has bowed to Commons Club in bowling—losing the championship in the last game by a margin of one pin. The house basketball team, however, has captured the interfraternity championship by defeating its opponents in ten straight games. After the last game which was with the Alpha Chi Rho Five, the house celebrated by giving a bum with the usual “home talent”, food, and walk-around.

Charlie Schifferdecker has been appointed to the Senior Class Day Committee, and Bick is on the Hop Committee for the sophomores. Larry Smith was just elected chairman of the committee on the Junior Prom to which many of the brothers are looking forward—the freshmen with wax and floor shiners.

J. B. MACLEAN.

#### GAMMA ETA

#### GEORGE WASHINGTON

With an Active Chapter of twenty-five men and two pledges, we look the future square in the face and welcome its advent.

Since our last communication to *THE RAINBOW*, we have initiated into the mysteries of the square badge Charles Palmer, Massachusetts; Virgil Ratchliffe, Virginia; Elvin Miller, Pennsylvania; Wilifred Croze, Brazil and Minnesota; and William Carter, Arthur Nichols, and Holland Herron, Chevy Chase, Maryland. We have two sterling

pledges in the persons of Edward Wheeler from the "Old Bay State" and Thomas Somerville, a local product; both have behind them enviable prep school records.

The annual initiation banquet was held at the Racquet Club, and was attended by many famous Delts, among whom were Brother Henning, Assistant Secretary of Labor, and Brother Camden McAtee, President of the National Delta Tau Delta Club.

As to college activities, Brother Alfred Connolly and Pledge Wheeler held down the tackle positions on the Varsity Football Team. Brother Earle Chesney played forward on the basketball quintet. Brother Arthur Nichols has been showing his heels to visiting timber-toppers all season. Brother Ratcliffe was on the Varsity Football and Basketball Squads, but did not play in the number of quarters required to earn a letter in either sport. Brother Charles Connolly and Palmer took leading parts in the annual production of the Dramatic Society; Brother Robert Nelson Anderson is President of the Student Council; Brother Chesney is art editor and Brother Berryman is a contributor to the *Ghost*, the University's humorous monthly, and Brothers Croze and Hagin are on the *Raspberry* and *Cherry Tree* staffs. Having suffered but one defeat, Delta Tau Delta finished a strong second in the Interfraternity Basketball Series. The Interfraternity Baseball League has been organized, and it is safe to predict that the winners of this series will have to defeat Delta Tau Delta to finish on top.

We take great delight in mingling with alumni and visiting Delts every Saturday noon at our weekly luncheon at the University Club. We have had the pleasure of meeting the following men, and wish that other passers-through the Capital would follow their example and be our guests during their sojourn in Washington, no matter how lengthy it may

be. Here is a partial list of our visitors: Brothers Henning, Beta Gamma; Fred Purnell, Beta Alpha; Burt Henry and Gustave Beauregard, Beta Xi; W. R. Carpenter, Delta; Faber McFadden, Beta Omicron; Donald Miller, Gamma Alpha; Sayer, Gamma Psi; Henry Gibbons, Omega; C. A. Maitland, Beta Chi, Hunter Rodgers; Gamma Epsilon, F. D. Kendall, Beta Theta; Tyler, Beta Iota; Lee Hamblin, Gamma Epsilon; Shaw, Beta Delta; Smith, Beta Tau; Stokes, Gamma Omicron; Albert Hilliard and Olin Van Meter Hukill, Omicron.

From present indications, we shall keep open house during the ensuing summer months, and the doors at 1750 Massachusetts Avenue, N. W., are always wide open.

CHARLES R. CONNOLLY.

#### GAMMA THETA

BAKER

For the curtain raiser we announce the initiation of five new performers. These new performers are Brothers Major Perrine, Harvey McKinnis, Fayne Belknap, George McCallum and George Leonard. They commenced trying out for their parts in Deltdom last September, and were given their parts February 16th.

In the first act we find the stage cleared and new oak flooring replacing the old. The second act has an entirely new setting that of new floors, refinished woodwork, new rugs and an entire set of new furniture. The third act has for its setting an up-to-date library fully equipped for the securing of a higher standard of scholarship.

The divertissements for this show are the introducing of Brother Cinnamon Case, who was recently elected to the Student Commission from the Debate Squad, making a total of four brothers on this organization; Brothers Tiny Taylor, Charles Taylor, Charles Shirk, George McCallum, and

George Leonard on the spring football squad; Brothers Tiny Taylor, Charles Shirk, George Leonard, and Jock Shadinger representing the Fraternity in baseball; Brothers Pyke and Shadinger trackmen; Brothers Case and Stauffacher on the debate team, and Brother Bell and Pledge Mourning who are out for Tennis.

The main divertissement, however, will be a ballet by Dan Cupid who has recently announced the engagements of Brothers Cherry Leitnaker and Charles Shirk to Misses Ruth MacLean and Ruth Hovgard, respectively, who are Alpha Chi Omegas.

Gamma Theta has chosen for her official organ in which to advertise this show a magazine termed *Minnie*. With such a good setting as is found in the second act, Gamma Theta will again extend an invitation for her brothers to visit her.

C. R. BRADNEY.

## GAMMA IOTA

## TEXAS

Gamma Iota has given a good account of herself during the year. Starting with eighteen old men, the chapter has been built up to thirty wide-awake active members during the year. With the initiation of eleven men in the fall term added to the men who returned, we had a chapter well fitted to be hosts to the Southern Convention held on January 5th, 6th, and 7th. Many visitors attended, among whom were not only the delegates from the other southern chapters but alumni from other parts of the state. Proud of the honor bestowed on her in having the 1922 Convention at Austin, Gamma Iota hopes to merit its return.

As the memory of the football season faded into history, interest in basketball predominated; no small part of Texas' Basketball Victories was due to the work of Brother Pendergrass at center. Brothers Ragland and Ashby both won

their reserve letters, and we know they will win their much-coveted "T's" next year.

And now, as baseball has come into its own, we find Brother Carson and Pledge Boyd on Varsity, Brother Sledge working hard on the squad, and Pledges Dawson and Clift assured of their numerals on the Freshman Team.

Parallel with baseball comes tennis and track. Pledge Thalheimer, who won the State High School Tennis Tournament last year, seems easily the favorite on the Freshman Squad. And on the track, we find Brother Pendergrass on Varsity and Pledge Harris on the Freshman Team.

Believing that it takes many different kinds to build up a strong and representative chapter, Gamma Iota has always tried to pick varied types of men. Besides the Delts who are interested in athletics, we have Delts in almost every form of University activity: Brother Gammon, Pledges Angly and Clark are on the *Cactus* staff; Brother Gambill, was recently elected to Alpha Phi Epsilon, an honorary literary fraternity; Brothers Goodwin, Arnem, Thomas, and Joplin, and Pledges Clark and Sledge are in the several public speaking clubs; Pledge Sledge recently won the Freshman Declamation Contest. Besides these we find Delts in the musical organizations, in the social clubs, in professional and honorary fraternities—all working for Delta Tau Delta. It is noticeable that it is not only the actives who are interested in University life. Every Gamma Iota pledge has shown his attitude by becoming actively engaged in something that will make him a better man, a better Delt, and an asset to his school.

Interfraternity athletics, a big thing at Texas, occupy much of our time. The standing we made in basketball, coupled with the handball championship won by Brother Donaghey and Pledge Angly, gives us a good opportunity to win the All-Around Cup. Our baseball team is practicing

hard, and every day finds our swimming, track, and tennis teams at work. If Delt spirit will help us win, victory will be ours.

We are pleased to announce that we pinned the badge on Edward Arnim of Flatonia during the Southern Convention. Shortly after, we pledged Hal Dewar of Austin.

Despite the fact that scholastic regulations are extremely strict, four of our pledges complied with the requirements at the end of two terms, and we can soon announce the initiation of Pledges Angly, Boyd, Sledge, and Dewar.

With the promise of a large, lively chapter back next year, prospects for a good year are very bright. The present year will soon be over, and the withdrawal of Brother Buckingham has been our only casualty. We are very sorry that he had to leave us, but we are glad that we lost but one member during the year.

Many Delts have visited us during the year. Our door is always open, and we wish every Delt who comes to Austin to give us the chance to show him our idea of Delt hospitality.

GARDNER THOMAS.

## GAMMA KAPPA

## MISSOURI

With the final exams just three weeks ahead, every Delt and every pledge of Gamma Kappa is making an exceptional effort to hit the high marks so as to raise our scholastic standing among the fraternities on the campus of "Old Missou." Our scholastic standing for last semester was somewhat low; but we feel that, when the final count is made this semester, we will be way towards the top.

The winter semester has found Gamma Kappa exceptionally strong in bowling and basketball. A fraternity bowling league at Missouri is a new thing; though the teams are not evenly matched, it has been met with great en-

thusiasm. We are leading the league with the Pi Kappa Alpha a close second. The success of our team is due to Brothers Eugene Stout, Walter Williams, Robert Van Horn, and Leonard Connett.

The Pan-Hellenic Basketball Tournament started two weeks ago, and so far all the teams except Beta Theta Pi, Phi Kappa Si and Delta Tau Delta have been eliminated. Gamma Kappa is represented by Brothers Walter Williams, Robert Van Horn, Dave Thompson, William Gilges, Cecil Campbell, and John Bruce. These men are making a mighty effort to duplicate our championship victory of the past season. Our next contest is with the Beta's, and the winner of this match will probably determine the championship for the season. We now have in our possession a beautiful basketball trophy which Pan-Hellenic offers to the team that wins it three consecutive times.

Our Formal Dance on February 18th featured the social events of the season. It was in the nature of a Valentine Dance, and the Chapter House was decorated with some eighteen hundred hearts covering the ceiling, and with a large valentine some nine feet square built over the stairs.

Brother Brutus Hamilton and Pledge Van Sickle are upholding Missouri's honor in track. Van Sickle recently broke the Missouri one-lap indoor record, and distinguished himself by placing third in the fifty-yard dash at the K. C. A. C. meet.

Aside from the regular school work, the brothers are represented in other activities about the campus. Brother Cecil Campbell is President of the "Ag" School, and Brother Van Horn is President of the All-Sophomore Class. Brother Morrison in the Dramatic Club and Brother Hausmann in the Glee Club are doing good work.

Gamma Kappa recently witnessed one of those painful events that comes to every chapter some time during her

Gamma Kappa's Home  
(Owned)  
University of Missouri

history. We mourn the loss of our beloved brother, Dale John Eby, who died of influenza on February 28th. Brother Eby was a member of the Class of '24. Although a comparatively young member of the Chapter, he had shown such loyalty and willingness to serve in every way possible for the betterment of the local chapter and for the increase in the spirit of Deltism in general, that he was held in high esteem, not only by the members of the Active Chapter, but by all with whom he came in contact.

E. T. STOUT.

#### GAMMA LAMBDA

#### PURDUE

Within the month, Gamma Lambda will be able to announce the initiation of six freshmen into Delta Tau Delta. Three other freshmen were pledged in February, and will be initiated later in the spring. Many alumni are expected to return for the two initiations, and for the banquet which will be a feature.

The neophytes are H. A. Boyce, Mt. Vernon, Ind.; R. R. Dunn, Cleveland, Ohio; F. L. Kennedy, Templeton, Ind.; H. R. McCabe, Williamsport, Ind.; W. B. Michael, Oxford, Ind.; E. M. Peck, Crawfordsville, Ind.; N. V. Pierce, Brazil, Ind.; M. L. Potter, Kankakee, Ill.; and R. G. Preshaw, Detroit, Ohio. Our freshmen have made good progress in school activities and scholarship, and have shown their worth in many ways. Preshaw, Michael, and Kennedy were on the Freshman Football Varsity.

Brothers Masters and Holwerda are members of the victorious basketball team which won the championship of the Western Conference this year, and Brother Masters is captain-elect for next year. After tying for first place in the Conference for two successive years, Purdue was the undisputed Champion of the West, with two Delts on the Varsity, and with Brother Ward Lambert, Beta Psi, as coach.

Brother Webber won his letter in football last fall, and Brother Maddox recently won a letter in track. Brother Taylor is the new drum major of the Purdue Band. Brother Holwerda was elected a member of Hoof and Horn, an honorary agricultural fraternity. Brothers Gleason, Goldthwaite, and Morris are members of the glee club and gave their specialty numbers in the Radio Concert at Indianapolis. Brothers Gleason and Masters are out for baseball.

Brother C. O. Shively '15, is now an instructor in the Civil School of the University. He and his family have their residence in Lafayette, and visit us frequently.

Gamma Lambda expects to get further honors this spring in the elections of officers in different activities and in the classes. The Chapter is on the upgrade in scholarship, activities and finances, and we hope to accomplish a great deal during the next year.

Our annual house party will be held this year on May 4th, 5th, and 6th, and will be the biggest party of the year. It will be held at the time of the Junior Prom and the Annual Harlequin Club Play. Several alumni are expected to return then. We expect more alumni back in June for Gala Week, which will offer many inducements to the old grads to return at this time.

Again we extend a most urgent plea to all Delts to look us up, and to drop in for a chat when passing through Lafayette.

GEORGE FROSS.

#### GAMMA MU

#### WASHINGTON

We are all glad to see spring come around again with the merry sunshine and more pleasant outdoor activity. The davenport will lose its popularity until another winter. Intra mural Baseball keeps the boys occupied these fine days, in which we are putting in diligent practice to make a

good showing. Last year we were runner-up in our league, and this year we are striving harder to win the large banner given for the championship team. There was much excitement and argument in the house over the outcome of the game between the upperclassmen and the frosh until the fatal day for the frosh, who lost four to five. We all appreciated the a la mode served on our pie by the frosh.

Another Intramural Activity that creates much interest and rivalry among fraternities is the relay. Last year we came out third; this year we hope to do better with the addition of our frosh, among whom are several that are pretty fast at making eight o'clocks.

Our social functions are extremely limited; we have three a year with University sanction, and as many more as we can have without the University's knowing it. With the success of our formal in mind, we are planning a "Steamboat Ball", for April 22nd, which will be absolutely original and novel. The house will be a steamboat from start to finish with the aid of many fixtures from steamship companies, and a complete set of code flags from the University. The traditional Delt Bar will be in action after the three-mile limit is reached. We have figured that it takes about an hour to dance three miles at the rate of the average toddler. Tuxedos are to be the uniform of the evening.

We have one, R. Bruce Hesketh '25, who is some tennis slicker. He was runner-up in the all-city tennis tournament, vanquishing this year's Varsity Captain and last year's Varsity Captain, losing only to three-year Captain of Harvard.

Two of our freshmen, Ed Tinch and Sidney Dixon, have been honored by membership in Phi Mu Alpha. They are both tenors.

The abundance of high grades and the lack of low grades this year give us a pleasant outlook for a high scholastic

standing, for which all members have worked hard. I think that every man is conscientious in study for the purpose of bringing scholastic honors to the Chapter as well as to himself.

Brothers, don't forget that the Delt house at Seattle is open all summer. A few attending summer school and others living at the house will give a cordial welcome and accommodations to any transient Delts that happen to be in the city during the summer.

M. N. BARRETT.

## GAMMA NU

## MAINE

Spring is with us once more; we are ready to take a new grip on life, and finish the year in the same good way that we started it.

First it gives us pleasure to introduce the following new brothers: Robert Rich, Bingham, Mass.; Owen Sherman, Randolph, Maine; William Rich, Hingham, Mass.; Gerald Wardwell, Augusta, Maine; and Alton Skillings, South Portland, Maine.

The basketball team under the managership of Brother McCrystle had a very successful year. Brother Mason made a very good showing. The final game of the season was played with Colby to decide the state championship. Maine showed some fine teamwork, and easily defeated their opponents by the score of 37 to 26.

The baseball season opens after the spring vacation. We have several men who will bear watching; Brother Mason is considered one of the best on the mound and will undoubtedly be one of Maine's first string pitchers; Brothers Smith, McKechnie, and Blair will also be out for the team, and we expect to see them on the first team before the season is over.

In track we have something more than mere hopes. Brother Blair, who made a fine showing on the relay team

this year, will be out and give a good account of himself in the quarter mile. Brother Reynolds has a fine record in preparatory school as a dash man so we expect great things of him this year.

The Interscholastic Basketball Tournament was held two weeks before the Easter Vacation. This was one of the most closely contested tournaments ever held at the University. Oak Grove Seminary gave a fine exhibition of basketball, and well deserved the cup which they received. We had the privilege of entertaining the Dover-Foxcroft Team.

This is the first time in several years that Gamma Nu has not taken either first or second place in the Intramural Track Meet. We, however, finished among the first and our freshman relay team came through with the fastest time. The next team to finish was Theta Chi some two or three seconds behind us. All our point winners were in the Freshman Class so we expect to get back in first place again next year.

The annual formal house party will be held on May 12th. We expect to have a bigger, better time this year if such a thing is possible. If any Delts happen to be in this section at this time, it will be well worth their time to drop in and at least spend the evening.

We extend a hearty invitation to all Delts to drop in and see us. We want to see more of you.

WILLIAM M. FOSS.

## GAMMA XI

## CINCINNATI

On the home stretch of the college year, and Gamma Xi rounds the bend with eighteen actives left for the finish. This rather small number is accounted for by two facts: first, Brothers Ashton, Huerkamp, McGowan, Mills, and McDiarmid are, for various reasons, no longer esteemed

members of our college community; second, Gamma Xi, under her agreement made with the local chapters of Beta Theta Pi, Phi Delta Theta, and Pi Kappa Alpha, to conduct only sophomore initiation, is sending none of this year's pledges through until next fall. The last of April, Paul Dufendach, Kokomo, Indiana, who was pledged last spring, was initiated.

In March, we discovered a likely-looking chap who hailed from Knoxville, Tennessee. Clutching a handful of salt and a pledge button, we set forth; he is now known as Pledge Harry O. Hansen.

On the last night of March, the brothers fared forth with their "heavies" to the Alms Hotel for the Annual Delt Spring Dance. As always, our Spring Dance went over big as a landmark in Cincinnati social events.

Gamma Xi's delegates to the Northern Division Conference at Indianapolis have returned exhausted but triumphant after the battle to secure next year's conference for Cincinnati.

The Cincinnati Alumna Chapter is on the job as usual. The Chapter House Association has been reorganized, and, under the leadership of Brother Williams, with Brother Schroth as Secretary and Brother Bowen as Treasurer, it insures a permanent Delta Shelter.

At the end of the basketball season, Cincinnati held fifth place in the Ohio Conference—its best record since 1909. No small factor in this season's results was the work of Brother Hibarger as forward. Brother J. Petzhold continues as track captain, with Brothers Robinson and Stapp doing good work on the team. Brother Petzhold also has his eye on a place on the baseball team.

During the past few weeks, the attention of the University has been turned to several events non-athletic. Sherwood Eddy surprised the populace by starting several trains of

thought on his visit during the latter part of February. In March, the Varsity Vanities, the annual vaudeville melange of the Student-Body, was presented, Gamma Xi being well represented in the cast, besides having three of the seven directors. A week later occurred the best Junior Prom that the University has seen for several years.

One of the most noteworthy events in May was the appearance of the *Cincinnatian*, the University Annual. By consensus of opinion, this year's publication was declared to be distinctive and to decidedly outclass any previous issue. Brother Romaine is editor-in-chief. Two other brothers are associate editors, while still another did a great deal of the art work.

An innovation at the University of Cincinnati was the recent very successful interfraternity church service, which was conducted entirely by students.

Another innovation will be the Interfraternity Sing, which is to be held during Commencement Week as a result of a suggestion brought from Chicago by some of the younger alumni. According to present plans, all fraternities will have their Home-Comings on the same day, with the Sing in the evening.

Delts, if we knew any more sincere way of extending an invitation than to say, "We're always glad to see you," we would do it.

BEN L. BRYANT.

## GAMMA OMICRON

## SYRACUSE

We are just in the middle of our second semester, and everybody is getting ready for Easter Vacation. It might sound as if spring were in Syracuse, but try to find it here.

The Block "S" dinner, which is one of the biggest events of the year for college men, was held March 25th. Several Delts were honored at that time. Brother Homer Smith,

captain of cross country, was awarded a Block "S" and a gold shoe. Brother Detro, manager of cross country for next year, was awarded a Block "S." Brother Trout, half-back on the football team, was awarded a Block "S" and a gold football. Brother Lavin, captain of basketball, and Brother McCarthy, guard, were both awarded a Block "S" and a gold basketball. Brother Lavin was also awarded the Double Seven Trophy for having the highest batting average on the baseball team last spring. Brother Dawson was awarded a Block "S" and a gold oar for putting the navy across last spring.

Our men in other activities are doing fine. Elections for new positions in basketball, swimming, the *Onandagan*, and the *Empire Forester* are still to be held so we can hardly say how many managers and editors we will have next year, although Brother Strait will be business manager of the *Empire Forester*.

We held our initiation on March 1st and all of our Frosh had passed sufficient work to be initiated. It was a good initiation and the Frosh will never forget it. When it was all over, you could see them swell with pride as the square gold badge shone over their hearts. We have a good bunch of Frosh, too.

Our initiation banquet was held April 1st, on April Fool's Day it is true, but the banquet was real, nevertheless. It was in the Truax Hotel and the grub was the acme of perfection in quality and quantity. Brother Welton acted as Toastmaster, and no man was ever better fitted to fill the position. Brothers Earle, Strait, Van Dermeid, and Brown talked for their respective classes. Brother Welton talked on the Delta Tau Delta Building Association, and the system for securing a new house which we have just installed here. It is a contract system and promises to be a very good one. Among the alumni present were Brothers Bruns,

*Top Row:* C. Frank, E. Kearney, T. Stacy, C. Stone, H. Smith, W. Crabtree, C. McCarthy, J. Smith. *Second Row:* C. Strait, W. Davis, G. Schneider,  
 A. Hoosier, R. James, A. Pomeroy, E. Shehadi, D. Monroe. *Third Row:* M. Smith, L. Robinson, E. Wadsworth, H. Jespersen, H. Allen, R. Chesley,  
 C. Kane, L. Vander Meid. *Fourth Row:* V. Wight, C. Brandon, E. McCord, T. Bennett, W. Welton, K. Lavin, T. Earle, F. Burtch, H. Detto.  
*Bottom Row:* L. Hill, R. Leslie

Van Lengen, Brown, Granger, Fisher, Marsh, Cummings, Peterson and Britten.

Several of our men will be graduated in June; and Brother Strait and Wadsworth leave May 1st for practical work in Forestry during the summer. The men who will become alumni in June are Brothers Lavin, Earle, McCord, Dawson, Burtch, and Crabtree. Goodbye, boys, we sure hate to see you go!

We shall hold our Formal Dance on May 10th, so brush the dust from the old fish and soup, put a little pomade on the patents, visit the barber, and sail for Syracuse. It will be well worth your while for the Delt Formals at Syracuse are world famous.

We have an issue of the *Gammikron* on the press now, and everyone may expect to be reading one of them soon. Also we are sending a picture of the house to every Chapter, and may they live to do likewise.

Brother James of Beta Delta has been in to see us several times and seemed to enjoy himself. We like visitors, and everybody is welcome.

CLIFFORD N. STRAIT.

## GAMMA PI

## IOWA STATE

Gamma Pi Chapter is beginning the last term of the school year under the big handicap of not having a full house with which to run. Several of the men have been forced to drop out of school because of financial difficulties, and several have had to go home to the farm. Only one man has come into the house; while there are prospects of a few men being pledged, the house will not be up to the usual number.

Our house average for the fall quarter was not so high as we had hoped; a few men, who should not have done so, fell down, thus pulling the rest down with them. We shall not know for some little time what our average for the last term was.

The house basketball team went through six games without losing a single one, thereby winning the championship of our league. There were three national leagues. When we came to play for the championship of these leagues, we lost our game to the Alpha Tau Omega's by a one-point margin. The A. T. O.'s continued their good luck, and won the championship by winning their remaining games by a one-point margin.

When one considers all the sports in which the students were competing, the college winter athletic season closed with a good record. The basketball team ended the season with an average of 500, but they seemed inclined to win most of their games away from home. They had good material for some positions, but the basket shooting kept the team from being a large scoring machine. The track team did very well winning the half-mile and the 600-yard special races at the Kansas City Athletic Club Meet. They then placed a close second to the Penn U. two-mile team in a special race held by the Millrose Athletic Club of New York City. Our own Brother Bert Webb was a member of the team. They ran against the Chicago U. team on the way east and won easily. The team won a triangular meet later in the season with Grinnell and Drake Universities by a large margin.

It is expected that the two-mile relay team will set a new record in that event at the Drake Relays which are to come off the last of April.

In addition to Webb, the only men in the house that will represent us on the track team are Brothers McBirney and Lewis. The former is one of the best javelin throwers in the State; the latter will again step out in the abbreviated trousers and make a place for himself on the mile-relay team.

Our wrestling team won the Western Conference Wrestling Championship by not losing a single meet and losing

but one bout and one bout a draw, both being the same meet. Meeting teams from the East, the South and the West, the team wrestled in eight different duels. They also won three out of the seven classes at the Conference Meet held at Wisconsin the last of March.

Since the last letter to *THE RAINBOW* we have added four new pledges to the fold: Wallace and Everett McKee, Carlisle, Iowa; M. W. and K. M. Bennett, Storm Lake, Iowa. All but Wallace McKee are freshmen and are being put through their paces, Wallace being a senior was initiated soon after he was pledged.

At the midyear initiation six more Delts were added to the roll of Gamma Pi Chapter. They are Wallace McKee '22, Carlisle, Iowa; J. C. Peterson '24, Spencer, Iowa; Claire M. Wingert '24, Kingsly, Iowa; J. K. Knox '24, Des Moines, Iowa; Victor H. Little '24, Duluth, Minn., and H. H. Henningson '07, Omaha, Nebraska. All these men will make a name for themselves in old Delta Tau.

There will be but six men to be graduated this year. Bill Paige finished last January, Carl Mahnke in March, and Max Kenworthy, Bert Webb, Wallace McKee, and George Hanson will finish in June.

Our big social function of the year is to be our spring dance which is to be held the last of April. Plans are under way now for the biggest and best party we have had for some time. We are looking forward to a wonderful party and are sure going to have it.

We should like to have any brothers who know of any men that are coming to Ames next year drop a line to us, care of H. H. Phelps, who is rushing chairman. We will let the rest of the chapters know if any good men are headed their way.

We hope that all of you will have a pleasant summer. If

you are coming along the Lincoln Highway through Ames, we want you to stop off and see us, as some one will be here.

CARL F. MAHNKE.

## GAMMA RHO

## OREGON

The spring term is one of the many things that recall pleasant reminiscences to those Oregon students that have gone before us, and that add "wim," give "witality," and lend new "wigor" to those of us who are pursuing the festive bird of erudition at the present writing. This cherished season of the year brings out in bold relief Oregon in all its glory. It is a time when the parlor athletes seek the out-of-doors for pursuance of finer activities; when the land-sick skippers propelling a fair cargo to some secluded foreign port set sail from the Delt Place by the Race; when the hikers and hikeresses, heavily armed with quilts, pillows, other articles that lend mutual comfort, and a magazine as a decoy, seek solace in the verdant hills; and when the house orchestra assembles on the front porch for its evening work-out.

The past winter has broken all records for longevity. It has been dying for some time; but, on each occasion, that its demise is seemingly assured Doc Pluvius or Mother Goose comes to its aid and the invalid rallies to health. Its continued existence has put a crimp in baseball and track training. This delay means hard work for the squads in both lines of sport when weather conditions improve. At present no prophetic statement can be made regarding the prospects except that the material at our disposal looks promising. Four track meets and twenty baseball games should furnish plenty of amusement for both groups of athletes.

Judging from recent expressions of opinion arising from authoritative sources, the University is liable to suffer an

injurious cut in income. As organization, called the Tax Reduction League, state-wide in scope, is creating agitation against what they call an excessive appropriation for higher education. Their attack is centered against the Millage Bill, a life-saver for the University, which was passed in May, 1920. The competence derived therefrom has made possible the necessary building program undertaken during the past two years. The present burden of taxation carried by the people is oppressive. A large number of the uninformed are laboring under the delusion that the institutions of higher learning are ravenous tax-eaters. An investigation of the situation would disprove that supposition. It now develops upon the students and friends of higher education within the state to enlighten the rank and file as to our present needs, and to make clear to them the disastrous results that would inevitably arise from an immoderate slash in income.

Every member of the Chapter has returned for the final stretch. With a personnel numbering thirty-five, our housing problem has become a difficult one. Several brothers have been prevailed upon to secure rooms outside the house. This has alleviated the congestion, and has enabled us to worry along without the much-needed extension.

Modesty forbids our announcing publicly the winner of the interfraternity scholarship race for the fall term. We will dismiss the subject by saying that the result was very gratifying to Gamma Rho Chapter and pleasing to her alumni. The rumor is rampant on the campus that the same fraternity will inherit the same honor for its attainments in the same field for the past semester.

Once more Ned Twinning has set aside the ignoble pastime, day-laboring, for the ease of intellectual life. There is great rejoicing among a large group of fair young things to whom the reappearance of "Twink" means inconceivable

bliss. He has hopes of graduating—of “commencing”—in June, 1923.

Rollin Woodruff is another that has returned to the flock. He received the coveted sheepskin last year; but, insofar as the outside world has refused to appreciate his magnanimity he has returned to the more receptive shelter of his balmier days, seeking consolation and further enlightenment.

We implore those alumni whose house notes remain unpaid to answer an urgent plea. June 1st is the date for payment of the next installment on the Chapter House. We trust that the actives will not be forced to further encumber themselves by assuming responsibility for this payment as they did for the last. Any alumnus knows from experience the importance of each item of expense incurred while he was in school and what a set-back outlays for things other than necessities proved to be. It is obviously an injustice to shift to the actives the duty of paying the debt in question.

Charles Jost held down the pivot position on the Frosh Basketball Team this year. Chuck is formidable, agile, and a good marksman. He is of Varsity calibre and has the ability to make a name for himself at center next year.

Hal Simpson, Mase Dillard, and Kelly Branstetter were recently elected to Hammer and Coffin, an honorary society for humorists. The trio are on the staff of the *Lemon Punch*—the campus comic magazine.

We have several men in the field as candidates for the spring athletic teams: Rollo Gray is a first string twirler; Kenneth Smith is captain of the tennis team; Ralph Spearow has been chosen to represent Oregon at both the Pennsylvania and the Chicago Intercollegiate Track Meets; Tub Ingle, Ole Larson, and Don Portwood and the previously named phenomenon will be the Delt members of the Varsity Track Team.

The interfraternity track meet and the baseball series are the next events to which we look forward. The house track team has been runner-up for the past two years. We lost by half a point last season, but the prospects for this year permit our aspirations to ascend a notch or two. I refuse to discuss our past showing in baseball or the possibilities for the future—it's a minor activity anyhow.

This'll be about all.

WILLIAM J. COLLINS.

### GAMMA SIGMA

### PITTSBURGH

On March 4th, Gamma Sigma held her annual initiation, the following men being initiated: Edward M. South, Sewickley, Pa.; Franklin C. Feick, Avalon, Pa.; Meade McCamey, Sistersville, W. Va.; George W. Frederick, Drexel Hill, Philadelphia, Pa.; Justus L. Mulert, Mt. Lebanon, Pa.

The following pledges will be initiated the latter part of May: Lewis J. MacWilliams, Herman A. Huhn, Cecil McMahon, Sylvaneous G. Hall, and Richard E. Hilleman.

This year Gamma Sigma graduates one of the largest Senior Classes in her history, with no less than eleven brothers receiving their diplomas in June. This will leave quite a gap in the Chapter, but, with some thirty men returning to school next fall, Gamma Sigma looks forward to a very successful year.

The Active Chapter has been making every effort to bring the alumni in closer touch with the Chapter. Since our last letter, two very successful smokers for our alumni have been held at the Chapter House; the first, held March 4th, comprised the entire Pittsburgh Alumni; the second, held March 29th, was confined to the alumni of this chapter. Gamma Sigma is bending every effort to obtain a house of her own; with the ready aid of the alumni this time next year should find her in her own house.

This letter would be incomplete if we did not mention the successful basketball season enjoyed by the University this year, and the part Gamma Sigma has played in this success. By dividing with Pennsylvania State and Washington & Jefferson, and by winning two games from West Virginia University, the Panthers were entitled to the Tri-State Championship. Brother Paul Youngk, a sophomore in school, played one of the guards and was chosen as the premier guard in the Tri-State District. Brother Carl J. Mulert as manager produced one of the finest schedules, as well as one of the hardest schedules that the University has ever undertaken.

Brother Samuel Nicholson has just finished compiling a hard schedule for the Varsity Track Team, and promises to bring them successfully through the season.

Gamma Sigma again intends to keep the Chapter House open this summer. She invites all Delts that will be located in this district during vacation to make the house their headquarters.

R. W. DAUBENSPECK.

#### GAMMA TAU

#### KANSAS

Well, the big Western Division Conference is over. Did we have a good time, and do we think it was a huge success? We'll say we do! To be able to listen to such speakers as are leaders in our Fraternity was indeed an inspiration. The smoker and the banquet couldn't possibly have been better, unless possibly the bar had been open to the public. Much honor is due the members of the Kansas City Alumni Chapter for the splendid way in which they handled the whole affair.

We wish to announce the initiation of the following brothers: Lorraine Long, Charles Punton, Richard Beil, William Grosser, Gillis Esslinger, Lloyd Hawley, Lorin

Rosenkranz, and Raymond Hawes. Although the weather is still decidedly cool, all the new initiates insist on leaving their coats wide open while on the campus where they are the objects of many approving glances from the fair sex. We also wish to announce the pledging of Ebenezer Whyte, Louis Renz, and Howard Patterson, all of Kansas City, Mo.

Our next splurge into the social world will be our Annual Spring Party, which will be held at the Lake of the Woods. This affair is always looked forward to with a great deal of pleasure as we always make special arrangements with the weather man to give us a full moon and a fairly cool night.

Kansas finished the basketball season very well indeed; we tied for first place with Missouri, and lost only one game, that to the Tigers. We also cleaned up the dual Track Meet and the Missouri Valley Track Meet at Kansas City recently. Prospects for a winning baseball team are also very favorable. Pledges Whelan, Flora and Brother Hawes are out for Freshman Baseball.

The local chapter of Sigma Nu has purchased Ex-Governor Stubb's beautiful home on Wind Hill.

We are getting a fine lot of rushees lined up for next year, and will welcome any suggestions on rushing from the brothers in other chapters.

DONOVAN B. STETLER.

## GAMMA UPSILON

## MIAMI

Gamma Upsilon has ten new brothers to introduce to the Delt World. They are all working to boost Delta Tau Delta even higher here at Miami, and you will probably hear of each of them in later RAINBOW letters. The new Deltas are Brother Jackman, a junior, who comes from Hamilton; Brother Kendall, a sophomore, from Glenwood, Ind.; Brothers George Deken of Lima, Richard Hendrick of Dayton, Jay Kiehl of Canton, Claude Riggs of Franklin,

Thornton Sinclair of Ft. Thomas, Kentucky, Kenneth Taylor and Kyle Wilson of Bellefontaine, and Harold Van Houten of Chillicothe, all freshmen.

The new brothers must do some real work in order to make up for the three men we lose by graduation in June. Brothers Kenneth Hoffman, Rollie Nue, and Howard Laub are so well liked and have done so much for Gamma Upsilon that we look with sorrow toward commencement. They will be so generally missed that we can only console ourselves with the thought of the honor they will bring to Delts in the future as alumni. Brother Nye holds more offices than any man on the campus; he is President of the Chapter, President of both the Student Senate and the Student Forum, and has been repaid for his work as sport editor of the *Miami Student* by membership in Sigma Delta Chi. Brother Laub, our physics and math expert, is a member of Alpha Tau Sigma, local honorary physics, mathematics, and chemistry fraternity.

We have been busy in Intramural Athletics this winter with the result that a new cup and plaque now adorn our mantel. Brothers Jackman, Taylor, and Van Houten and Pledges Anderson and Light brought home the boxing cup for the annual contest. Our Class A Quintet, came through with the basketball championship; they finished with the enviable record of winning eleven games and losing none. Brothers Jones, Neff, Macy, Milbourn, Kendall, and Pledge Light made up the best Intramural Basketball Team that has been seen here for many a year.

But now spring brings baseball into the limelight. Brother Jones, a last year's regular, will be out to maintain the Delt reputation; Brothers Neff and Laub, our last year's Intramural Battery, will be representing us on the Varsity Team. We also have prospects for another good Fraternity baseball team this year.

Brothers Armistead and Jackman are singing with the glee club. Both have helped us much in the serenades we have had lately. Our orchestra on the last serenade was swelled by Dick Riley ex-'20, and Red Ross now attending Ohio University. Other alumni that have been with us recently are Brothers Myers, "Hock" Davis, Max Bell, and Bill Weber. Roy Beckett is expected back for Commencement after he is graduated from the University of California. We are doing everything in our power to get a new house. We hope we shall be better fixed to entertain Delts that visit us next fall.

THORNTON SINCLAIR.

#### GAMMA PHI

#### AMHERST

It is during the winter term that Amherst men are expected to devote the greatest part of their time to intellectual pursuits. Still, as we look back over this term, we find that most men in the Chapter have been sharing their time with some outside activities. Looking ahead to the spring term, we see a prospective increase in activities, particularly in sports.

The chief interfraternity competition of the last term was the basketball series. The House Team defeated Theta Delta Chi, Phi Delta Theta, Phi Gamma Delta, and Alpha Delta Phi, but, by losing to Psi Upsilon and Delta Kappa Epsilon, failed to win the championship. In the boxing tournament Brother Barry won the championship of the 135-pound Class. Brother MacElroy, taking first in the 158 and 175-pound Classes, won two medals in the wrestling tournament. Brother Colby was champion in the 145-pound Class. Brother Brace reached the semi-finals in the Baxter Squash Tournament which was held a little later.

Many brothers have been working along other than athletic lines. Brother Merz has been managing the art

department of *Lord Jeff*, and he is rejoicing in the fact that His Majesty has had a prosperous year. Brother Collins has been elected to the advertising department of the same magazine, so now he can claim a share in the spoils of two organizations. However, Brother Garfield, who is on the editorial staff of the *Student*, says there are no melons cut on that paper—at least by the editorial department. The Amherst Writing is beyond all suspicion in this connection so that Brother Root only helps to edit it. Brother Dodge only contributes to it. So much for the men of letters!—as for actors, the Masquers have already found Brother Burkill quite useful. Taking the part of Siebel, he made his debut a short time ago in their presentation of the Cellar Scene from *Faust*. He also plays the traps in the Mandolin Club.

At the opening of the spring term Brothers Brough, Warner, and Sterling are on the baseball squad, Brough being on the pitching staff. Brothers Brace, Hoxie, and Blair are sure to have places on the track team. Brother Garfield is out for tennis.

Further space must be reserved for the competitors for editorships and managerial positions. Brother MacElroy is in the baseball competition, and some freshman will enter the one for football manager which starts later in the spring. Brother Keast has already cinched the business managership of the *Handbook*, and he plans to win the spring competition for positions on the editorial board of the *Student*. Brother Snell also plans to make the board in this competition. Brother Megathlin is certain of election to the circulation department, and Brother Manwell has a good chance in the advertising competition of the *Student*.

In the line of social activities, it should be noted that the second house dance of the year was held January 28th, and that the last informal is set for April 15th. Three weeks later the Chapter will entertain fifteen or twenty guests over Sub-Freshman Day.

Gamma Phi—Amherst  
1921-1922

Affairs of general interest to the college during the winter term have included the Senior Hop, and a successful season for the swimming team; also prolonged discussions about student government, particularly in regard to the Honor Constitution.

The Chapter was pleased to have a visit from Brother Rogers, who stopped over on his way to Gamma Gamma's initiations. Brother Dodge, our delegate, brought back an interesting account of his visit to Hanover.

Brothers are always welcome at Gamma Phi so be sure to come around and make our acquaintance whenever you can get a chance.

F. R. GARFIELD.

## GAMMA CHI

## KANSAS STATE

In the never-ending battle of the seasons, winter has again taken the count and spring has the center of the stage. In view of this and the fact that this is the last RAINBOW letter of the year, the writer will take this opportunity to review some of the activities of Gamma Chi just for old times' sake.

As to scholarship, the interfraternity scholastic standing for last fall has not yet been compiled; but, considering the average grades of the Fraternity, Gamma Chi will rank near the top. Brother Raye E. Kellog has won the scholarship, offered by the Kansas Flour Mills, for the third time.

Turning to athletics, Delta Tau has been well represented in the major sports of Kansas State. On the gridiron were found Brothers Cowell and Hahn, who were in no small way responsible for the success of the Aggie Wildcat. Brother Hahn was elected captain of the 1922 Eleven. Brothers Hahn, Patterson, Shaw, Perham, and Pledge Doolan are out for spring football practice.

Basketball came on with a rush; when the preliminary dust had cleared, four Delts had regular positions on the

first five. Brothers Hahn, Foval, Dobson, and Cowell (captain) won letters. Brother Cowell is the only one of the four who will be graduated this spring. Brother Foval was elected captain of the 22-23 Quintet. Brothers Foval and Long are out for spring basketball practice.

Baseball and outdoor track are looming up in the near future. Brother Cowell, a veteran of the diamond, is out for his old position. Brothers Bryan, Shaw, and Dobson are our tracksters, who anxiously await the crack of the starter's gun.

The Interfraternity Gun Shoot was taken by the Delt Team, Brothers Bryan, Jennings, and Gladfelter. Brother Bryan was high man in the shoot.

Brother J. Scott Stewart made the Stock Judging Team and also a reputation that is envied. The team won first at the National Stock Show at Denver; and fifth at the International Show at Chicago. Brother Stewart was high man on the team at Denver.

Great strides have been made by the honorary fraternities in the past year. Gamma Chi is well represented in these; Brother Blackledge is in Delta Sigma Chi; Fred Lewis in Gamma Phi Delta; Elliot in Phi Mu Alpha; Mueller in Sigma Tau; Albright and Blackledge in Purple Masque (Dramatic). Our musicians that contribute to the band and orchestra are Winters, Morris, Elliot and Strong.

On March 4th we held the most successful initiation of the year. The following slaves saw the light: Brothers C. S. Lawrence, Emporia; C. L. Gladfelter, Emporia; C. E. Long, Hutchinson; W. W. Perham, Iola; and F. A. Irwin, Manhattan. Several alumni were present to witness the annual squab torture; these were Brothers Pollom, Givin, Straton, and Cowell. We are more than glad to have alumni present at such occasions.

March 31st brought the Annual Spring Hop. Many

alumni returned for this event. About fifty-five couples tripped a wicked toe. The success of the party was topped off by a stag feed held at the house after the dance.

Be it remembered by all the wearers of the little square badge that our address is 1224 Fremont, Manhattan, Kansas; that the door is never locked for the key is in the river, and that you can insult us by coming to Manhattan and not dropping in for a visit.

JAMES H. ALBRIGHT.

### GAMMA PSI

### GEORGIA SCHOOL OF TECH.

Now, with the second term half-completed, Gamma Psi is going like a house on fire. Since our last RAINBOW letter, we have had one initiation. As a result of this, we now announce two new brothers, both sophomores. They are Brothers J. E. Rohrer and William Goldsmith, Jr.

Gamma Psi has also two new pledges, Mr. C. R. Roberts and Mr. H. W. Martin. These two men will be initiated at an early date. Roberts is a senior, and is as popular as any man on the campus. Besides the numerous activities in which he participates, he is a Phi Kappa Phi honor man. This is another to add to our list, which now gives us four seniors that are members of this organization. Gaining Phi Kappa Phi is the highest honor obtainable at Georgia Tech, and we are justly proud of each senior who has won this coveted honorary key. Martin came to us as a man famed for his ability to play basketball. He made the Freshman Team with colors flying, and will be in line for the Varsity next year.

Our first big dance of the year was pulled on February 11th, at the Druid Hills Golf Club. This dance was one of the tea variety, and was duly enjoyed by all our men, as well as by numerous brothers from Beta Epsilon and by members of the various fraternities at Georgia Tech.

We are now looking forward expectantly to May 12th, when we will throw a rather big party in honor of our installation one year ago. Gamma Psi came into the world on May 3rd, last year, and May 12th, has been selected as the most appropriate date for the commemoration this year.

But we can't forget our next monthly banquet. We intend for this to be a big one. You see, some one conceived the idea of having the sweet females there, and the idea took with every one. So—well—all be there with bells on—at The Peacock, April 21st.

And our Chapter now has a monthly publication like all the rest. This first came forth in February in the form of the *Gamma Sigh*. Under the able leadership of Brother D. D. Robertson and Brother H. R. Roberts, we are sure that this publication will continue with as much success as it had in the first issue.

Old Georgia Tech's Baseball Team looks good this year. So far, only four games have been played. Two of these were practice games with the Detroit Tigers. The professionals beat us by a very small score, which was indeed gratifying. The first regular series was played with Clemson College from South Carolina. Tech simply played rings around them, and they returned to South Carolina in a sadly beaten condition. Everything looks pretty for wonderful athletics at Tech this spring. GUY WALDROP.

#### GAMMA OMEGA

#### NORTH CAROLINA

Gamma Omega takes great delight in announcing that she began the final quarter of the collegiate year with four new brothers: Brother Elmo Yarbrough '24, Spring Hope, N. C., who is so welcome an addition to the Chapter and his interest makes us look to him for great things; Brother Norman Shepherd, Wilmington, N. C., who entered

the University in the fall of 1919, besides starring on the Freshman Football Team was President of the Class. The following year he attended Davidson, and won letters in both football and baseball. Again, he was President of his Class, and was further honored by being elected Vice-President of the Davidson College Student-Body. However, he returned to Carolina at the beginning of the present year. As soon as he became eligible he was initiated into Delta Tau Delta. Brother T. Skinner Kittrell, Henderson, N. C., is a graduate of the University, and is at present studying law here. Brother C. O. Stout, Siler City, N. C., is one of those "peach of a scouts" and is good prospective material for baseball.

Brother Dewey Dorsett, who was graduated last quarter is now filling the unexpired term of the Clerk of Superior Court of Chatham County. We sincerely regret to lose Brother Dorsett as an active because in his senior year he was business manager of the *Magazine*, President of the Dialectic Literary Society, student manager of the University Laundry, and a member of Amphoterotheren and several other honorary societies.

We regret also the loss of Brother Dan Grant who is connected with the University, by visiting the high schools through the State and collecting valuable statistical information.

Gamma Omega still has thirty active members, however. Although the spring elections have not yet been held, her prospects for a goodly share of honors is good. At present, Brother Frank McGlaughon is on the Varsity Track Team and is making a good record on the high hurdles. Brother Coley has assumed the managership of the *Magazine* for the remainder of the year. Brother Waddill is an assistant leader of the Sophomore Hop and Brother Hamer is one of the Commencement Ball managers.

With a definite rush on next season's men, and with a continuous participation in campus activities, Gamma Omega hopes to end the year with brilliant prospects for the coming year.

During the last quarter, Brother Dewey Crawford, Beta Epsilon '22, visited us. We are always glad to see any Delts who pass our way.

W. B. SMOOT.

## DELTA ALPHA

## OKLAHOMA

Oklahoma University fittingly celebrated Washington's Birthday, February 22nd, by welcoming into its fraternity fold Delta Alpha of Delta Tau Delta. Your twenty-three young western brothers extend a "Howdy, brother!" to all of you. We appreciate the Fraternity all the more, on account of the royal reception accorded the entrance of Delta Tau Delta into our school. On returning home the night of the installation, we found our Chapter House decorated with flowers and skins from the Greek Chapters of the campus, and the glad hand has been extended to us by all of them.

Our first Delt dance, given March 4th, was attended by Brothers Severin, Hill, Cass, and Copeland, all of Oklahoma City. Brother Carman and his jelly-bean brigade promise us a "real party" at our spring dance April 28th. Brothers wishing Pi Phi dates are advised to make early application to Brother Severin, our Chapter Adviser.

Pledge Bonebrake, representing us on the basketball squad this year, earned his second letter at guard. Brother Griffin captains the track team, having on his squad Brother Vogle, low hurdle and javelin man, Brother Bates, quarter miler and high hurdler, and Pledge Bonebrake, a letter man on the squad last year, having entered the same events as Brother Bates.

Brother Nettleton as editor of the student paper is working on the state-wide campaign for our new stadium. Brother Sullivan as our new All-Junior Member on the Student Council is rapidly becoming versed in the art of enforcing our honor system. Brother McQuown, who recently retired as engineer representative on the Student Council, received his degree at midyear, and is now teaching in El Reno High School. Brother Thomason is business manager of the Junior burlesque to be given soon, and is making a name for himself as "Scandal Hound."

Brother Ben Parks captains the tennis team again this year, and at the same time finds ample time to direct the affairs of the Y. M. C. A. as its president. Brother Brunskill also is on the tennis squad. Pledge Bob Lamphere is working hard for a letter on the Freshman Track Squad.

Brother Crockett, one of our founders, recently returned home from Japan where he has been stationed in Naval Service. He brought with him laurels won as a pitcher on the Championship Pacific Fleet Baseball Nine. He will enter school as a sophomore next fall. Brother Chastain, going out for pitcher, is our present representative on the baseball squad.

Brother Lowell Ridings, who recently returned from geological work in Mexico, is now doing graduate work and holding down a berth on the faculty teaching Spanish. He was recently pledged to Sigma Gamma Epsilon, national geological fraternity.

Delta Alpha has entered on an extensive rushing campaign for next year; having lined up some fine prospects, she is planning some clever rushing parties. With the earnest cooperation pledged us by the hundred or more Delts living in Oklahoma, we feel assured that nothing but success will be the reward of our determination to make Delta Tau Delta justly proud of her Oklahoma Chapter. We are

especially anxious to have any of the brothers visit us when they are in Norman.

The local Interfraternity Council had heretofore maintained a rule that no new national entering this school is eligible for admittance to the Council until it has been established here one year. About the time our petition for admittance was submitted, however, a new ruling was adopted whereby the Council may bid new members as soon as it wishes after they are nationalized. Under this ruling a bid was extended to our chapter; this was immediately accepted, and our representative is to take his seat early in April.

CHAS. B. DUFFY.

## CHICAGO ALUMNI CHAPTER

At one of our recent meetings, we decided to hold our monthly meetings occasionally either at the Active Delt Chapters in the city or at those near Chicago. Thus, we held our March Monthly Meeting at the Armour Institute Delt House. The attendance was not so large as we had hoped it would be. We arrived at the conclusion, however, that going to one of the Active Chapter Houses occasionally would acquaint the alumni with the ideas that the actives have. Besides, it would also give the actives a better understanding of the opinions that the alumni hold. On the whole, we have found it very successful, and we expect to continue this system for at least several months during the year.

We are still issuing our news-letter, which we commenced to publish monthly at the beginning of this year. The letter has become very popular, and everyone wishes to thank Brother Axelson for the splendid work he is doing in this direction.

We are continuing also our weekly luncheons at the La Salle Hotel, and our monthly meetings at the University Club unless specially arranged otherwise as mentioned before.

Recently, many brothers passing through Chicago have visited us at the luncheons, which pleased us greatly.

ERNST C. SCHMIDT.

## NEW YORK CLUB

The Bronze Tablet of the New York Club is mounted visibly on the palatial brownstone front at Twenty-seven

East Thirty-ninth Street. The quarters within are the meeting place of a very good bunch of sociable Delts. All members of the Fraternity in good standing are welcome, their presence is solicited and they should avail themselves of the opportunity to make this attractive little Club their up-town social centre.

Our spring dances under the able direction of Rhessa Norris have proved entertaining and popular functions attended by a charming coterie of the season's buds. These dances have been held the fourth Friday of each month.

The monthly dinners held the second Thursday each month continue popular as heretofore. By using our new grillroom in the basement, we have the lounging and drawing rooms free for a friendly meeting, and for discussions of old times following the eats. The spacious card room is, needless to say, very popular after these functions. Brother Bruce Bielaski is one of our members that is always with us on dinner nights. His interest and support are appreciated by the many members present.

Since the last issue of *THE RAINBOW*, a new slate of officers has been elected. Under their able guidance the writer predicts that this Club will grow and prosper along lines abreast with the City Clubs of other Greek-Letter Societies in the upper group.

The Club Officers are already laying the foundation plans for the next Eastern Division Conference to be held in New York this winter. We promise every Delt in attendance a royal time, and we shall hold open house during those chosen days. With Broadway and Forty-second Street so near at hand, we believe we shall have talent and then some.

WALTER B. PHILLIPS.

## CINCINNATI ALUMNI CHAPTER

The campaign for membership has produced very satisfactory results. Those Delts that have failed to respond to numerous letters are being visited by the more active members. At this writing there are forty-nine on the Roster as compared with twenty-five last year; it is hoped that we will not only be able to double but treble last year's figures.

The Chapter's representatives to the Northern Division Conference at Indianapolis returned with the assignment of Cincinnati for next year's gathering. Already plans are in embryo for the best conference on record.

A number of brothers had the pleasure of hearing Brother Reverend George Southworth, Chi '09, who spoke very interestingly April 29th at the Lenten Noon-Day Services at Keith's Theater.

H. W. LANGMEAD.

## 6-22 PHILADELPHIA ALUMNI CHAPTER

The Eastern Division Conference held at the Bellevue-Stratford Hotel, Philadelphia, February 17th and 18th, under the auspices of the Philadelphia Alumni Association was a memorable occasion.

On Friday evening a smoker was held that eclipsed, we believe, anything of its kind since before the War. The visiting brothers, both undergraduate and alumni, seemed to appreciate the histrionic talent employed, and evidenced approval by the warmest applause. As for that which was listed on the menu as "far beer", practically everyone testified to its "proximity."

The cartoon of Brother Bruce Bielaski was not so near as the beverage above referred to. The presentation of this cartoon was to have been the stellar event of the evening, but it was buried under an avalanche of oratory—and by the time Brother Hohlfeld ran down, the room was vacant

and the speech of acceptance was made to an audience of empty chairs.

The banquet that followed on Saturday night was well attended. The record for attendance at our regular weekly luncheon was broken, thanks to the delegates from the undergraduate chapters and many out-of-town alumni.

As the plans now stand, the regular weekly luncheons at the Arcadia will be discontinued on April 16th; in all probability they will not be started again until November 15th, or thereabouts.

We want all Delts from East or West, North or South, living within range of Philadelphia to communicate with us so that we may keep in touch with them and keep them in touch with their fraternity and what it is doing in Philadelphia.

DAVID K. REEDER.

#### INDIANAPOLIS ALUMNI CHAPTER

Our thoughts still linger over the memories of the Forty-second Northern Division Conference which convened in our city March 3rd and 4th. The Indianapolis Alumni Association acting as host for the occasion wish to say to those who were our guests on that occasion, that if they enjoyed their brief stay with us as well as we enjoyed having them here, then indeed we know that the Conference held this year at the Lincoln Hotel, Indianapolis, under the able leadership of Brother Perl Miller, our re-elected President of this Division, has set a standard that will be hard to pass. We feel sure that the occasion will long be remembered by those that attended.

We feel deeply grateful for the honor paid us by the presence of Brothers Bruce Bielaski, Frank Rogers, James Curtis, Roy West, Dad Pumphrey, and to the many others who traveled hundreds of miles to pour out their wealth of

Deltaism and helped to make the Conference the wonderfully successful affair that it was.

The smoker on Thursday, the beautiful dance on Friday night, and then the wonderful banquet Saturday night in the new Travertine Room of the Lincoln Hotel, have now become memories. But, before we pass from this subject, the Chapter wishes to publicly acknowledge through these columns its appreciation of the untiring work of Brother Kenneth R. Badger, Chairman of the General Conference Committee. We feel that the work performed by him was a labor of love for we know that Ken's heart is in the work he does for old Delta Tau Delta.

The Chapter is now planning to get down to her regular program of the year. The first in order will be our annual state dinner, which will be held at its regular time, the second Saturday night in May. Our President, Brother Tucker, has turned the management of this affair over to Brothers George Neal and Ed Boleman, and we know that such a team spells success for the dinner. Brother John Cartwright, Chairman of the Membership Committee, and others have worked hard to increase our membership, and they have accomplished good results.

Our Program Committee headed by Brother Walter Brant has inaugurated a plan to have special speakers come before us at least once each month at our luncheon hour to discuss such subjects as will be interesting to our members. Brother Tom Buell of Michigan, former President of the Northern Division, was the first to start the program.

The officers of the Alumni Chapter installed early in the year were Fred C. Tucker, President; Alfred Johnson, First Vice-President; Ed Boleman, Second Vice-President; Everett M. Schofield, Secretary, and Ray Fatout, Treasurer.

Through these columns, we wish to make it known again to all visiting Delts, and those desiring to locate in our

beautiful city, that there is a standing invitation for you to attend the regular weekly luncheons held each Friday at 12:15 o'clock in the Board of Trade Building. Drop in on us—we who wear the square badge are all one.

EVERETT M. SCHOFIELD.

### BOSTON ALUMNI CHAPTER

The Annual Meeting of the stockholders of the Club was held on February 14th, during the course of which the following Officers and Board of Directors were elected: Treasurer, Kingman P. Cass; Secretary, Ross A. White; Directors, Henry W. Merrill, Jack Campbell, Nathan Prentiss, and Roger E. Morse.

At the first regular meeting of the Board of Directors, Brother Morse was elected President.

Through the efforts of Brother Morse and the Board, we feel that the Club will continue to develop, and from time to time be able to offer additional advantages and opportunities to all Delts in Boston and New England.

The Club has accomplished some few things socially in the past few months. On February 17th the Entertainment Committee managed a very creditable dance at the University Club. At this we were very fortunate in having the Delta Orchestra from Tech. render the music.

Brother Ben Ames Williams, whom we all know as a short-story writer of no mean ability, was the guest of honor at the Monthly Club Dinner and Smoker on March 15th. During the evening Brother Williams entertained us with some extremely clever anecdotes and stories.

Arrangements are now being made by Brother Carl Gram for the all New England Banquet to be held at the Vendome on April 22nd. The names of the speakers are not yet available; but, from a few words dropped by one of the

brothers in charge of the entertainment, I can say we shall have some surprise from that source. At least we look forward to it as an opportunity for Delts in this neighborhood to gather for a good feed, and to renew old friendships.

When in Boston, find time to visit the Club. There is always room for one more.

ROSS A. WHITE.

### CLEVELAND ALUMNI CHAPTER

During the past three months of the year we have been quietly working on a membership campaign in Cleveland which to date has resulted in our Chapter's securing a goodly number of active members—both old and new. Our present enrollment exceeds one hundred. By July we expect to reach the 150 mark, and from then on we are going forward until we have enlisted every Delt in Cleveland in our Chapter.

It is interesting to note that, though some of our members are thousands of miles from Cleveland, they still keep up their membership in this Chapter just so they can be kept up to date on what the fellows in Cleveland are doing.

It is also a fact that some of the Delts that are located in cities and towns in Ohio where there are no alumni chapters often come fifty and sixty miles to join us at our weekly luncheons.

We hold our luncheons every Friday noon at the Hotel Winton in the heart of the downtown section. Our average attendance is about thirty-five. We have adopted the plan of having with us a speaker of known ability who addresses us on some interesting topic of the day. This has very materially aided us in building up our Chapter, and is greatly responsible for our present success.

Visiting Delts are cordially invited to get in touch with the Secretary who will be glad at all times to be of service in the

matter of hotel accommodations, theater parties, and a thousand and one other little things.

And don't forget that your best bet for a most enjoyable Friday luncheon is in our private rooms at the Hotel Winton. Join us on your next visit to Cleveland.

ROLAND C. CALEY.

### KANSAS CITY ALUMNI CHAPTER

The Western Division Conference held at the Hotel Baltimore, February 24th and 25th, was a great success. The attendance was much greater than anyone anticipated—approximately 175 Delts from all parts of the Division registered, and delegates from California were in attendance which is very unusual at these Conferences. On account of the installation of the Oklahoma Chapter two days before, practically all the members of the Arch Chapter were able to attend, which made the Conference come up in a class with The Karnea. The members of the Arch Chapter that attended were A. Bruce Bielaski, President; Harry R. Hewitt, Ritualist; Frank Rogers, Editor; Thomas I. Miller, President Southern Division; Francis F. Patton, President Western Division.

The smoker Friday evening was a great send-off for the Conference. Several stunts were put on by some of the actives from K. U. and Baker Universities, and we certainly appreciate the loyal support given by the Active Chapters of Missouri, Kansas, Baker and Kansas State.

The banquet was the closing event of the Conference which was very close to a highly successful Conference. The banquet was served in the White Room of the Hotel Baltimore, and Jack Riley's Jazz Orchestra entertained. From the amount of pep and applause exhibited throughout the evening, one would have thought that the old days

before the signing of the Volstead Act had returned. The Toastmaster, Ernest Turner, former President of the K. C. Alumni Chapter, introduced Francis Patton, President of the Western Division, as the first speaker of the evening. Governor Henry J. Allen of Kansas made a very stirring talk on the value of the friendships one makes while in university and fraternity connections, and how one holds these as the most-treasured memories during the rest of his life. A. Bruce Bielaski talked on the standing of Delta Tau Delta among other fraternities, and on the things we are accomplishing which place Delta Tau Delta at the head of the list. The other speakers of the evening were Frank Rogers, Forrest Hanna, and Thos. I. Miller.

Since the Western Division Conference, we have turned our activities to increasing the paid-up membership of the Kansas City Alumni. We hope to exceed the mark reached last year, which was the highest in several years.

It is sometimes hard to get in touch with new Delts continually coming to Kansas City unless they attend our weekly luncheons or monthly dinners. Therefore, we extend to all brothers that come to live in Kansas City or that just visit here an invitation to have lunch with us any Friday noon at the University Club, 11th and Baltimore; or get in touch with the Secretary at the Gray Building, 14th and Oak Streets.

FRANCIS W. OSBORNE.

### MINNEAPOLIS ALUMNI CHAPTER

Brother H. C. Baker, who runs the Down-River Bunch, called the St. Paul Alumni Chapter, says in the March *RAINBOW* that the result of the first Inter-Twin City meeting held on January 12th was the resuscitation of the Minneapolis Alumni Chapter with a charter roll of 22. Well, he's right at that for we are going again. We now

number 50 who are on the mailing list for this estimable publication. From our best information the total number of strictly Minneapolis Delts is 110, so our percentage is not so worse considering the lapse of time since Baker applied the pulmotor.

Our activities have consisted principally in our regular Wednesday luncheons at Bergsing's Cafe at 24 North Sixth Street, and it is gratifying to see the number that come around. So far, the attendance has not fallen below 15, with one day 35, and generally about 25 present.

All Delts in this vicinity are looking forward to the opening of Beta Eta's new Chapter House, scheduled for April 15th. Your correspondent has reason to know that we shall have a house at Minnesota second to none in design and appointments. The address is 1717 University Avenue, Southeast. Total cost will be close to \$41,000 and we have the old grads and near grads to thank for making it possible to put it over. Any initiate of Beta Eta who has not responded to the appeal for help on the financing either by a subscription or by the payment of what he has pledged is earnestly requested to come through at once.

Any Delt visiting Minneapolis is cordially invited to make his presence known to the undersigned, phone Main 5660, at 1435 Soo Building. Those now here or those that plan to locate here permanently are requested to communicate with us so we may complete our list of Minneapolis Alumni.

J. E. WESTLAKE.

### LOS ANGELES ALUMNI CHAPTER

At this writing the Los Angeles Alumni Chapter has a roster of 175 Delts who live in or about the "City of Angels." In the last ninety days, this roster has had fifty-five names added to it—and so our city grows. This roster is now being published.

In February a very successful dinner-dance was pulled off by the Social Committee.

At our March Meeting, a letter of greeting from Brother Bruce Bielaski was read, and an address was given by Brother Harold Arnold, Delta '01.

At our April Meeting, we shall hear from Brother Ernest W. Oliver, Beta Omega '00.

Brother Elmer G. Mansfield, Beta Omicron '91, was appointed Chairman of the Membership Committee and will be charged with the responsibility of getting out a full attendance at stated meetings, and of boosting the membership list for Brother Hills. By the way, Brother Mansfield is our Vice-President. Maybe a similar job can be found for Vice-Presidents of other alumni chapters.

Brother Bishop Edward Locke is returning from the Philippine Islands, and is expected at our May meeting. On April 24th we shall attend in a body a popular lecture to be given by the bishop.

On April 11th we were called upon to pay our last respects to our Brother Emmet G. Rhoades, Beta Phi '20. Though among us but a short time, he had made many friends and was an enthusiastic member of the Chapter.

O. L. FERRIS.

### DENVER ALUMNI CHAPTER

The Denver Alumni Chapter is promoting the social side of the organization. With this end in view, a committee was recently appointed to make plans for a dance to be given this spring. The idea met with great approval. This affair will probably be held early in May at one of Denver's Country Clubs.

In order to increase steadily the interest in our bi-weekly luncheons, a program committee was recently appointed.

It will be the duty of this committee to provide entertainment for each luncheon.

The same cordial invitation is extended to any Delts visiting in Denver.

A. H. BRENKER.

### DALLAS ALUMNI CHAPTER

The Dallas Alumni Chapter of Delta Tau Delta had a reelection of officers at her last regular luncheon. The following men were elected to their respective positions: Albert Sidney Johnson, President; Bruce Bogarte, First Vice-President; A. P. Woolridge, Jr., Second Vice-President; Leake McCauley, Secretary-Treasurer. These men will hold office for this year, and will conduct the affairs of the Chapter until next year. A successful 1922 is predicted, and we hope to increase our membership materially.

A word of praise is not uncalled for and is justly deserved. Through the untiring efforts of the old officers, Delta Tau Delta has come to be one of the best alumni associations in Dallas; we are proud of having had such men at the helm last year.

During the Christmas Holidays, through the hospitality of Brother Bogarte, a party was given at The Terrill School. The purpose of the affair was to have a get-together for the new pledges at Gamma Iota Chapter at the University of Texas. It was a real "sure-nuff" party, and there was plenty of dancing, appetizing food, special stunts, etc. Every one present said he had the best time he had ever had. It was a bully party.

We are planning to show a great increase in our membership this year; several new members will join us this month. When next year dawns upon the horizon, we expect to have at least twice our active membership. We wish all our sister chapters success and prosperity, and we trust 1922 holds for you the greatest of fine things. A

warm southern welcome always awaits you in Dallas; When you come here, always let us know as we want you to accept our hospitality. Drop in on the Delt bunch any time you are in Dallas. We shall be tremendously glad to see you.

LEAKE McCAULEY.

### ATLANTA ALUMNI CHAPTER

The Atlanta Alumni Chapter has been functioning throughout the year in a steady if not brilliant fashion. There have been a number of enjoyable dinners and the luncheons are on the schedule as usual.

Beta Epsilon and Gamma Psi Chapters are the children of the Alumni Chapter, and a close affiliation is adhered to at all times. The Chapter has been desirous of helping the new Chapter at Tech in every way possible.

Atlanta Delts are all "pepped-up" over the election of Brother T. I. Miller to the Presidency of the Southern Division. Of course, it is what he deserved for, being rated along with Kenyon Zahner and Malcolm Dewey, he has always been one of the staunchest Delts in Atlanta.

Atlanta has been glad to have a number of visiting Delts within the walls of the city this year, all of whom were more than welcome. We wish that all Delts passing through would make it a point to notify some Atlanta Delt, so that a meeting could be arranged. We are always anxious to see all visiting brothers.

LAMAR J. TROTTI.

### OMAHA ALUMNI CHAPTER

The Omaha Alumni Chapter met last night (March 28th) for the regular dinner at the Athletic Club. A larger crowd than usual was present, and it was a mighty peppy session from start to finish. Brother Haggart gave his report on

the Western Division Conference recently held in Kansas City.

Tomorrow night the University Club is to stage what is known here as College Night. The program consists of a dinner, with the men seated according to their colleges, followed by a highly edifying entertainment. As usual, Brother Manley is to be stage manager, which means that the opera will be unusually ruff-fined. Brothers Johnson, Haggart, and Mulligan also are prominent in the cast, and are expected to romp off with honors. Johnson will make a good target, but we understand he has a fast part. With this all-star aggregation, the show can't flop. It will be a wild night.

Brother Jack Frazee is wearing a broad smile caused by the arrival of a young daughter, while Brother Mark Havens is telling the world that a prospective Delt has arrived at his home. Congrats!

PAUL BRADLEY.

#### TULSA ALUMNI CHAPTER

The Tulsa Alumni Chapter is now holding regular luncheons on the third Wednesday of each month at the Coffee Cup Inn.

Our Chapter has acquired considerable impetus from the installation of Delta Tau's newest Chapter at Oklahoma University. We are glad to give this Chapter our earnest support in the first few years of her existence.

On April 14th the Tulsa Alumni Chapter gave a luncheon. The guests were several prospective Delts and several members of the Active Oklahoma University Chapter.

Recent additions to our Chapter include E. R. Filley, Fred H. Mott, G. H. Galbreath, W. C. Stephens, Judge H. S. Williams of Sapulpa, Claude Sechler, Hubert Sackett, Frank Long, A. F. Luder, Curley Walters, and J. R. McCabe. H. S. Raymond is President.

If you are a Delt and live in this vicinity, meet us at the Coffee Cup. If you are one of our members living outside Tulsa, make it a point to visit us occasionally.

All visiting Delts cordially welcomed.

J. C. GREENSTREET.

### ATHENS ALUMNI CHAPTER

The Athens Alumni Chapter is pleased to announce that the alumni of Ohio University are starting a campaign for \$300,000 for the purpose of erecting a memorial auditorium. This event will be doubly welcome as Ohio U. has needed a larger and better auditorium for several years to accommodate her rapidly increasing student-body.

Dr. D. J. ("Daddy") Evans is now residing in Chicago with his son-in-law, Prof. A. H. Carpenter of Armour Institute.

Dale Jones '20, another of our non-resident members, has coached a winning basketball team at Hendrix College, Arkansas.

Commencement exercises this year are from June 11th to 13th. The Alumni Banquet and Commencement will be held on June 13th. The Alumni Chapter promises some big doings to add to the general activities so all old Beta Delts had better make it a point to get back to Athens this year.

Our monthly meetings and dinners are still held on the first Thursday of every month at the Beta Chapter House. Don't fail to hunt us up if at any time you are wandering in this vicinity.

H. C. MARDIS.

### ST. JOSEPH ALUMNI CHAPTER

The Alumni Chapter here has been reorganized. We shall have our monthly luncheon the last Friday of every month, 12:15 p. m., at the Hotel Robidaux.

Walter S. Hillyard was elected Secretary at our last meeting; when any of you Delts are in this large metropolis, do not fail to notify him. We Delts shall be glad to see you.

You must remember that St. Joseph was the home of the notorious Jesse James; but we will see that you are well protected, providing you notify us immediately on your arrival.

We are making plans for our Spring Dance to be given at the Country Club in May.

WALTER S. HILLYARD.

### DES MOINES ALUMNI CHAPTER

The Des Moines Alumni Chapter wishes to announce to the Delt World that she is a husky, thriving youngster, now a year old.

We hope to add to our numbers all the brothers in and around the city. To any whom we may not have reached, we extend through THE RAINBOW this invitation to join us. Meet with us on Thursday noons at the Grant Club and renew those college friendships.

To those closest Active Chapters, Omicron and Gamma Pi, we send our greetings, and give them our assurance of some good strong help in rushing season. Drop in on us this summer, and we shall exchange all the latest dope.

SAM C. GREEN.

### BETA

'71—D. J. Evans, retired professor of Latin, is now living in Chicago.

'97—A. H. Carpenter is professor of Metallurgy at Armour Institute of Technology, Chicago, Ill.

'99—H. C. Dieterich has for several years been superintendent of the schools in Ashtabula, Ohio, from which place so many of Beta Chapter's good men have come.

'08—George C. Parks is now treasurer of the University.

'10—L. G. Connett is in the floral business in Athens.

'13—A. R. Alkire is in the banking business in Mt. Sterling. Brother Alkire recommended Freshman Hott to us last fall.

'15—Henry Eccles is superintendent of schools in Portsmouth, Ohio. He paid the Chapter a visit recently when the Portsmouth High Team played here in the basketball tournament.

'16—Brother Clarence Liggett is in the advertising business in Cleveland.

'16—Brother Horace ("Hoke") Palmer is still in the Aviation Service.

'17—Mark Hendrickson has returned to Columbus, where he has entered the real estate business.

'20—Dale Jones has had a successful year as head coach at Hendrix College, Conway, Ark.

'20—Bill Trone with the Ritz Orchestra of Detroit played for our dance March 22nd. It was pronounced the best music ever heard in Athens.

'23—Harold Coe was recently married to Miss Kitty Goff of Parkersburg, W. Va. He is now in the shoe business with his father here in Athens.

'23—Brother Bob Allen is with the Skinner and Garrett Construction Company in Washington, D. C.

### EPSILON

'79—W. D. Farley is taking a vacation and is touring in the Old Country. Last reports were from The Holy Land.

'89—E. A. Edmonds sends word that he is still playing golf at San Diego. Of course, he hastens to add, "when not otherwise engaged."

'95—G. P. McCallum is running the Detroit, Mackinac, and Marquette Land Company. He is proud of his good-looking family of four.

'05—J. H. Lawton sends very favorable reports of Kansas Delts whom he says he has occasion to know well.

'09—Kenneth Hollingshead still shows keen interest in the Chapter even though he seldom visits us. He is Secretary of the International Committee of the Y. M. C. A.

'12—"Rock" Clancy, one of Epsilon's livest products, is in the real estate business in Detroit. He is Secretary of the Albion College Alumni Association and President of the Detroit Alumni Chapter of Delta Tau Delta. We feel that quite an honor has been given "Rock" as the Detroit Alumni seems to be one of the best in Delta Tau. Keep going, "Rock", we're as interested in you as you are in us.

'14—George Farley, self-christened member of the Class of "Watchdogs of Morality and Rascality," is still helping 'em across the Jordan. He is a Mortuist in Battle Creek. That's high-toned for undertaker.

'14—Clarence Myers is very active in the American Legion. He is State Finance Officer of Michigan.

'14—J. E. Adams is still selling Detroit dirt; he is an ardent real estate man. He always wants a reunion any time we set.

'16—D. Hale Brake just completed his law course at the University of Michigan. Hale was awarded a Coif key and also landed a J. D. degree.

'18—"Spud" Sparling is military instructor in an Indian School way out in wild Wyoming.

'20—Ed. Foess gets over to see us quite often. Our mistake—he has a girl in town and naturally the Delt House is a good place to stay after hours.

'20—Burdette Bliss found his soul mate after he returned from Singapore, S. S., but left the United States again immediately after the ceremony, with his bride. His address is now The American Consulate, Guatemala City, Guatemala, Central America.

'22—Frank Oakes is hooked up in the holy bunk of matrimony, but still lives in Ann Arbor where he attends the University of Michigan.

'87—Hugh Meyer was alumni speaker at the Annual Washington Banquet held on February 25th.

'21—De Witt Kies recently was around passing cigars to the boys. His engagement to Miss Helen Stoll, President of the local chapter of Kappa Kappa Gamma was announced the early part of March.

'21—Brother Cortright, coach at Hillsdale High made quite a reputation in basketball. His team finished second in the district tournament held at Ypsilanti.

'23—Brother Ely has been elected basketball captain for 1923 at the University of Michigan.

'14—George "Zip" Zabel of Beloit, Wisconsin, visited the House recently with his family. He is now located with Fairbanks-Morse at the above-named place.

'18—Mr. and Mrs. J. Howard Campbell were visited a short time ago by a young gentleman named Lloyd Beaton Campbell. Mr. Lloyd Beaton Campbell will visit them indefinitely.

'18—Paul Brunner was called home suddenly by the death of his father. "Plemy" is working for a produce paper in Chicago.

'18—Hugh Hartley, located in Baldwin, Kansas, will take charge of the Ives-Hartley Lumber Company.

'20—Evan E. Evans recently accepted a position as superintendent of schools in Neodosha, Kansas.

## GAMMA IOTA

'11—E. T. Phillips of Ft. Worth spent about two days with us in January.

'12—Jerry Clark, who is practicing law at Hillsboro, visited us for a few days in the early part of the year.

'16—Bob Lowery was with us during the Southern Convention.

'20—William S. Blackshear is studying in the Episcopal Theological Seminary at Alexandria, La.

'21—Jock Corwin, who was at Georgia Tech, has returned to Austin.

'21—Sidney Johnson visited us during the Southern Convention.

'21—Sim Hulsey, who is in the State Medical School at Galveston, spent a few days with us last month.

'22—Joe Buckingham is working in Dallas.

'23—C. L. McCartney is studying Law at the Cumberland Law School in Tennessee.

'23—J. P. Pool, who is working in Victoria, visited us during the Southern Convention.

Thomas I. Miller, Beta Delta, presided at the Southern Convention.

R. L. Bates, Delta Alpha, was a visitor the latter part of March.

### GAMMA NU

'16—George Doore is located in South Carver, Mass.

'17—George Robinson is teaching in the High School at North East Harbor, Maine.

'18—Sam Cole is one of our frequent visitors and one of Gamma Nu's hardest workers.

'19—Pat Lawrence is located in Bangor, Maine, and is one of our weekly callers.

'21—Howard Evirs is the proud father of a girl born March 1st.

'21—Harold Pratt was recently married to Berneise Nicoll of Brunswick, Maine.

'21—John McCabe is doing forestry work in Worcester, Massachusetts.

Ex-'21—Philip Fenlason is teaching school at Calais, Maine.

Ex-'21—Harold Sawyer is in the grocery business at South Portland, Maine.

### GAMMA OMICRON

'04—Brother Melville Clark showed the old Delt spirit when he let us use the Victrola showrooms and the Apollo Room of the Clark Music Co. in which to entertain the New York Alpha Chapter of Pi Beta Phi. Brother Clark's new Delt is going to be an excellent one from all appearances.

'08—Brother Harry Phoenix, famous architect and cornet

player, is still designing buildings here in Syracuse. He will design our new house.

'08—Brother Frederick Bruns, one of the most prominent men in the city, is doing a big insurance business here. He gave us an excellent talk at the initiation banquet.

'10—Brother Sydney Coleman of Buffalo, N. Y., is making good as district director of the New York State Bureau of Rehabilitation.

'11—Brother William Snyder is with the Halcomb Steel Company in Solvay.

'18—Brother Guy Beckwith is still in the dry cleaning business in Poughkeepsie, N. Y.

'19—Brother J. Weber App was recently admitted to the bar in New York City.

'20—Brother Edward McCarthy is still with the Game-well Fire Alarm Company. From all reports, he is doing a rushing business.

'21—Brother Gilbert Butters recently made a big haul in the insurance business in Cleveland. We wonder if he will use part of it for carfare to Syracuse.

Brother Pete Conlin was back for the Block "S" Dinner and brought some of his Lansingburg basketball men with him. Pete aroused the anger of a neighbor by parking his car on the lawn.

Brother Reeves stopped in the house the other day to tell us that he was on his way to New York to accept a position as traffic manager for an ice company. He was alone, but his wife will follow him. Art drives his own car, and smokes a better brand of cigars.

'24—Harold C. Allen. A school and college romance reached its culmination Sunday when Miss Romylta Miller, daughter of Mr. and Mrs. H. C. Miller, 229 Euclid Ave., became the bride of Harold C. Allen of Hartford, Conn.

The couple were classmates in High School at Clyde and entered Syracuse University in the same class two years

ago. After a year and a half of University life, Mr. Allen left to take a position as manager of a store in Hartford, Conn. Three weeks in the capital of Connecticut proved long and tedious to Allen; he returned Friday to see if the wedding which had been set tentatively for June could be hurried.

The parents of the bride were won over after a brief argument, and the couple were married Sunday morning at 9 o'clock at the home of the bride by the pastor of Calvary Baptist Church. Two hours later they were on their way to their new home in Hartford.

Mrs. Allen is a member of Alpha Xi Delta Sorority, and Mr. Allen of the Delta Tau Delta Fraternity.—*Syracuse Herald*.

### GAMMA PI

'84—George Fraizer of Anamosa, Iowa, is holding the same position as Brother Lungren in Jones County, and is doing very well in getting subscriptions.

'12—A. F. Lungren of Sioux City is campaign manager of the Fifth Iowa District for the Union Memorial Drive which is well under way now.

'17—H. E. Pride, organization secretary of the Memorial Union, is the man that is directing the great work that is now going on. He is at present on a trip with the quartet visiting several of the larger alumni groups in an effort to secure subscriptions. He is meeting with good success.

'17—John L. Evans. John paid us a visit not long ago while attending a Cannery Convention here. He is with the Norfolk Packing Co., at Norfolk, Nebr.

'20—J. R. Mudge, still with the Refinite Company, is working out of New York City at present and can be reached at Room 544, 30 Church Street, New York City.

'20—W. L. Pendleton. "Chub" was with us for almost a

week last month while en route to Arizona via Dodge Brothers. He arrived safely. He didn't like Arizona so he is now somewhere in California.

'21—Wm. Paige. Bill has been the "grande commandant" in a Los Angeles Military School since he left us last fall. His present address is care of the Y.M.C.A., Los Angeles, Cal.

'21—J. E. Snover. Joe is a bona-fide banker doing business with the Boone National Bank. He comes over often, but we can't figure out whether it is to see us—or what.

'21—Wm. Churchill. Big Bill is County Agent at Winterset, Iowa. From all indications he isn't working very hard; that is, he can't be unless he has changed in the past few weeks. Note: Bill's three weeks' old Ford is getting skittish already.

'21—Harold Laub. We wish to announce the marriage of Harold to Miss Marjorie Murray of Des Moines, which took place on December 28, 1921. Housekeeping has already begun at Fortress Monroe, Va. Rumor reports things are going smoothly—so far.

'21. C. E. McKelvey. Lt. "Mac" is still fooling around with chemicals at Camp Benning, Ga., where he is connected with the chemical warfare department. If you want a good recipe for home-brew, boys, just drop him a line at Box 204, Camp Benning, Ga.

'23—L. P. Noelke. Lee is in business in Burlington. He dropped in on us a few days ago, and, from all appearances, business is fine.

'24—John P. Kelly. Another good man gone wrong. While Jack is a long way from being a bona-fide alumnus, we thought his recent marriage was too important to leave out. Miss Marcella Swift became Mrs. J. P. Kelly on January 11th at Washington, D. C. They are at home in Iowa City.

## GAMMA RHO

'15—Emerson Merrick is connected with the State Highway Commission. He was our guest on two occasions during the past month.

'17—The Chapter extends hearty congratulations to Eddie Marshall for his recent literary citation.

'17—Joe Denn has assumed the responsibility of providing warmth for the population of a southern Oregon town. His smiling countenance was found among those at our "round table" one evening last term.

'17—Earl Murphy is "serving the dictates of the big interests" at Marshfield. We wish you success with your newspaper enterprise, Earl.

'19—The Chapter has another "descendent" to felicitate for attainment of high honors. Skinny Newton was appointed to the office of Vice-Councillor in Japan.

'20—The name of Ross McKenna now appears "among those missing." Score one for Miss Marion Gilstrap, a Delta Gamma of this campus. They were married in February.

'22—The bond business seems to be infested with Delts. Guy Sacre is the latest to make a success in that particular field of finance.

## GAMMA CHI

'10—D. E. Lewis of Kansas City dropped in on us a few times since the opening of school.

'12—Ray Pollom is still general manager of a cooperative book store in Aggieville.

'14—Karl Knaus is with the Extension Department of Kansas State as chief of county agents.

'16—David Riley Shull returned again as usual for the spring dance. Dave is studying to be a doctor in Kansas City.

'16—Capt. T. K. Vincent, now stationed at Frankfort Arsenal, Philadelphia, recently journeyed all the way from the Philippines to spend a week with us. Yes, he is still single.

'16—Ki Montague and wife voyaged all the way from Cuba (Kan.) to attend the spring party.

'16—George Givin is manager and part owner of Aggieville's best haberdashery.

'18—David Wooster, now of San Jose, Cal., is establishing himself on a fruit farm previous to being married.

'20—John Arbuckle Evans, manager of the Osage Ford Motors, Inc., was present for the spring party. Jack is to be married in May.

'20—Gusto Flanzo Welch returned. Yes, he brought her to attend the spring party.

'21—Stub Weinheimer, now of Pullman, Wash., is working up in the Veterinary Division at Washington University.

'21—Everett Cowell returned from Norton to attend the spring dance.

'21—Will Knostmans now clothier, farmer, and traveling man. He is located at Wamego, Kansas.

'21—Dan Blanchard recently returned from his school in Ohio for a short visit.

'21—William Hoots is working for Uncle Sam. He and his wife are located at Big Springs, Texas.

MALCOLM H. DEWEY

"A Workman That Needeth Not To Be Ashamed of His Work."

The great success of the Emory University Glee Club at the Atlanta Theatre last Saturday night has sent a thrill through the entire student-body. We had read the press clippings from the various cities where the club had performed, and we knew that they were good, but we were unprepared for the wonderful concert at the Atlanta Theatre. Certainly no pen could do justice to the performance. The club is congratulated in the truest way by the unstinted praise heard on every side.

But while proud of the success of the club, no true Emory man can forget the one to whom the completeness and smoothness of the whole performance is due. The man who puts his all into everything that he undertakes, unconditional and without thought of self, who is happy only when he can stand in the background and direct those under him to the successful accomplishment of their best—this one is the director, Dr. Malcolm H. Dewey, the popular head of the modern language department of the School of Liberal Arts. We all, of our own accord, join together in paying tribute to Dr. Dewey, who has now so ably directed the Emory Glee Club through two successful seasons.

IOTA '78

EUGENE DAVENPORT

Davenport's 'Vision Into the Far Future' Brings Modern  
Agriculture for Illinois

Vice-President of University Is Product of Little 'Wilderness' Farm in Michigan

"A man with a vision in the far future"—thus do his colleagues and friends characterize Eugene Davenport, retiring dean of the College of Agriculture and vice-president of the University,—the man under whose twenty-seven years of leadership the College of Agriculture has grown from a struggling group of nine students and three instructors to a college of an average annual registration of 1200 students.

Dean Davenport was born in Woodland, Mich., June 20, 1856. He grew to young manhood on a Michigan farm helping his father round out and develop a pioneer home in the wilderness.

He paid his own way through the Michigan Agricultural College and about ten years after his graduation was recalled there to the position of professor of agriculture and director of the agricultural experiment station. Later he was called to Brazil as president of the *Collegio Agronomica*, Sao Paulo, but governmental difficulties made it necessary for him to give up the work.

He became head of the College of Agriculture in 1895 at the same time that President Draper came to the University. As it was at the request of the president that the dean took the position, President Draper always boasted that he had "found" Dean Davenport, and always considered the "find" as one of his greatest contributions to the University.

The new dean reorganized the work in agriculture and entered on a more aggressive program than even President Draper at first approved of, but with his "vision into the far future", the dean confident of the support of the mass of the people of the state in furthering agricultural pursuits, planned for accommodating 1000 students. The success which immediately followed his innovation both in attracting students and in winning support throughout the state for the University soon won the president's approval.

The plots of ground used for experiments in soil treatments, rotation of crops and the like, located immediately north of the Floriculture Building are named the Davenport plots in honor of the dean, who originated them. There are forty similar plots in various parts of the state conducted under the advice and direction of the agricultural experiment station.

Dean Davenport had planned for many years to stop his active work in the University at the age of 60 years, so last year he sent his resignation to the board of trustees. President David Kinley persuaded him to extend his term for another year, however, in order to help in formulating some University policies.

He has been asked regarding his plans for after the expiration of his present term in September, but he refuses to divulge any of them other than that he and Mrs. Davenport will return to his boyhood farm home in Woodland, Michigan. "Mrs. Davenport and I have enough plans to keep us busy for twenty years", he smilingly says. "No, I sha'n't do any more research work. I've been doing that for about thirty years now and think it's about time I have a change."

Dean Davenport is not only a teacher and administrative officer, but also a versatile and vigorous writer. He has published "Principles of Breeding", "Education for Efficiency," "Domesticated Animals and

Plants." He is a member of the Author's Club of London, and of recent years has extensively contributed to the Agricultural Press.

—*The Daily Illini* (University of Illinois), March 16, 1922.

KAPPA '03

ILIFF C. GARRISON

One of the most notable musical acquisitions which Kansas has made during the last few years, is the pianist Iliff Garrison, now a member of the faculty of Kansas University, Lawrence. Mr. Garrison was born of musical parentage and early showed decided talent for the piano. He was accordingly placed under the care of the best teachers available. At the age of seventeen he won the free scholarship at the Chicago Musical College where he then studied piano under Hans von Schiller and composition under Felix Borowski, and won the diamond medal as the best pianist of the class.

He was then advised to go abroad where he pursued his studies for three years under Harold Bauer, then eminent teacher and pianist of Paris and later with Josef Lhevinne, the famous artist-teacher of Berlin.

Shortly after he undertook concert tours, both in Europe and America, during which he met with remarkable success. His technic is marvelous and enthusiasm is aroused to high pitch by his playing of Liszt and Chopin.

Iliff Garrison will appear on the Thursday afternoon program (February 23d) of the Convention of the Kansas State Music Teachers Association and will play Chopin's Ballads in G minor; Hark, Hark, the Lark by Schubert-Liszt; and Etude in the Form of a Waltz by St. Saens.

—*Wichita* (Kans.) *Eagle*, February 20, 1922.

AND ALPHA '80

CHARLES EDWARD LOCKE

Bishop Charles Edward Locke of Methodist Episcopal Church, in charge of church work in the Philippine Islands, and Mrs. Locke will leave Saturday on the Nikko Maru for Australia. Their trip will last more than nine months. They expect to return to Manila in October or November.

The bishop goes to New Zealand as a fraternal delegate from the Methodist Episcopal Church of America to the annual meeting of the Wesleyan Methodist Church of New Zealand. He will deliver the best wishes of the American church to the church of New Zealand. Thirty days will be spent in Australia and New Zealand.

From Australia Bishop and Mrs. Locke go to the United States via Honolulu. The bishop will confer with other bishops of the church in New York City and will be one of the principal speakers at the Ocean Grove revival meetings.

After several months in the east Bishop and Mrs. Locke will go to Los Angeles where the bishop will dedicate the new church building for which he worked when in Los Angeles.—*Manila (P. I.) Daily Bulletin*, February 15, 1922.

EDWARD S. JOHNSTON

**Capt. E. S. Johnston Goes to New Post**

Officer Transferred from University to Fort Benjamin Harrison, Indiana

Capt. Edward S. Johnston, infantry instructor of military science and tactics has been ordered to Fort Benjamin Harrison, Ind., where he will be assistant officer in charge of the R. O. T. C. of the fifth corps area.

He has been on the R. O. T. C. staff at the University since October 6, 1920. Before coming here he served two years in France and twice on the Mexican border. He was a member of Gen. John J. Pershing's guard of honor after the Armistice. During the Great War he was cited three times by commander of the regiment.

Captain Johnston started his military career in the National Guard, during which time he served on the border as a lieutenant. In 1917 he was ordered to the army service school at Fort Leavenworth. In June of the same year he was sent to France with the Twenty-eighth infantry.

He fought in the defensive sectors at Athiensville, Seicheprey, Amiens, Montdidier-Noyons and Soissons. He was wounded twice and spent five months in the hospital.

In 1919 Company B of the Third army composite regiment came under his command. Men were picked for the guard of honor on character, size, appearance and ability.

He took part in the victory parade in Paris, July 14th, the peace parade in London, and the composite regiment paraded with the First Division in New York, October 10th. After the regiment was demobilized, Captain Johnston served on the border again with the Twenty-fourth Infantry. He did some detached service until in 1920 he came to the University.

The exact date of his leaving here is not known yet.

—*The Daily Illini* (University of Illinois).

BETA ETA '89

KENDRIC CHARLES BABCOCK

**Accomplishments Place Dean Babcock High in Ranks of American  
Educators**

**Varied Offices Prove Abilities of Students' Friend, University Provost**

Kendric C. Babcock, dean, educational expert, author, head of the Y. M. C. A., active member of the Congregational Church of Champaign and students' friend,—these are the various positions, official and otherwise, held by the dean of the College of Liberal Arts and Sciences and provost of the University.

Dean Babcock is accredited by his colleagues as being one of the leading experts if not the very foremost in all matters treating of education in the United States. It is not only his friends who pronounce him to be such, but also the direct evidence of results achieved in classifying the universities of the country—for which work, completed during his service as specialist in higher education for the United States bureau of education, Washington, he is perhaps better known nationally than for any other individual accomplishment.

While with the bureau of education during President Taft's administration, the dean made a classification accrediting and estimating the colleges of the country. The work was so accurate and exposed so mercilessly the low standard of some colleges, that the second edition was later prevented by President Wilson, upon whom so much outside influence was brought to bear from the colleges to which the dean's classification was not flattering.

In the University itself, to which he came in 1913, his most notable work has been the unification of the College of Literature and Arts with the College of Science, which had been pursuing somewhat parallel careers for some time, into one large, improved college.

The dean's success in his position and his knowledge of all affairs relating to education led to the creation of a new position for him last year, that of provost of the University, or adviser to the president on the general educational condition and progress of the University.

The Y. M. C. A. and the Congregational Church are the dean's pet hobbies, outside of his regular University work. He has been at the head of the former since coming to the University, and was chairman of the board of trustees for the new Congregational Church building.

For some time the dean has supplemented Dean Clark's work as friend and adviser to students. As a branch of his work among the students, Dean Babcock is active as the faculty member of the federal board. He is known as "the father of federal board students." As one such

student expressed it, "Dean Babcock would do anything in the world for the federal board men,—lend them money, settle their claims and help them out of all sorts of difficulties."

Dean Babcock was born September 8, 1864, in South Brookfield, New York. He spent his undergraduate days at the University of Minnesota, later taking the degree of doctor of philosophy at Harvard University. As his fund of expert educational knowledge enlarged, he rapidly advanced from teacher and principal in New York Schools, instructor in Minnesota, instructor and assistant professor of history and political science at the University of California, and president of the University of Arizona to the position with the bureau of education before coming here.

He is chairman of the committee for the American classification of colleges for the Association of American Universities, which committee has been one of the greatest standardizing influences in education in this country, and is secretary of the committee on institutions of higher education for the central association of colleges and secondary schools. He is a member of Delta Tau Delta, of which he is past grand president, Phi Beta Kappa and Kappa Delta Pi. He has written many books and articles on subjects relating to the fields of work in which he is most interested. —*The Daily Illini* (University of Illinois), March 23, 1922.

WILLIAM S. ABERNETHY

#### Harding's Pastor Commends President

Dr. Abernethy says He and Hughes Will Help the World to Survive

CHICAGO, May 3.—Confidence that President Harding and Secretary Hughes would "help the world survive these trying times," because they are "men of God," was expressed today by the Reverend William S. Abernethy, pastor of Calvary Baptist Church, Washington, which is attended by the President, in an address before the laymen's missionary conference here.

"There is a tremendous burden resting upon President Harding's shoulders," he said, "but I believe he will straighten things out with the help of Secretary of State Hughes.

"In Washington they are saying that Secretary Hughes is the most talented Secretary of State we have had in twenty-five years. The way in which he handled the opening of the conference at Washington, when he introduced a new sort of diplomacy—a golden sort of diplomacy—was splendid. At first a look of consternation appeared on the faces of

foreign delegates, but Secretary Hughes got away with it, and this is not the last time his new frank diplomacy will do the trick."

—*N. Y. Times*, May 4, 1922.

## BETA XI '21

## JOHN A. WIGHT

The particular reason for so much consideration of the New Orleans Club is a young man named Johnny Wight, who has been appearing at short for the Pelicans in their exhibitions with the Yanks. Wight is a recent graduate from Tulane University, and has never played professional ball, but he looks so good that he may jump from college ball to the majors. Wight is a big fellow—almost as tall and rangy as Bob Meusel. He plays a ground ball well, can throw and hits for extra bases.

It is probable that Wight may join the Yankees next month if Huggins can arrange the proper payment in players. In any event the Yankees have a string on him and he will be tabbed for future delivery if he starts the season in the Southern Association. Ordinarily Huggins would not consider taking an untried youngster on at this time of the season, but he will be below the team limit next month and can afford to carry an extra man or two.—*N. Y. Journal*, March 27, 1922.

## BETA OMICRON '99

## S. WILEY WAKEMAN

S. Wiley Wakeman '99, of Quincy, Massachusetts, has been nominated for Alumni Trustee of Cornell University from New England. The nomination filed with the Treasurer of the University has the endorsement of prominent alumni in thirty-one States and the District of Columbia and of representative members of thirty-seven classes. The list begins with Albert W. ("Uncle Pete") Smith '78, of Rutherford, New Jersey, and the last name is Major James A. Meissner '18, American Ace, of Birmingham, Ala. The list includes leaders graduated by all departments of the University.

Mr. Wakeman is general manager of the Fore River Plant of the Bethlehem Shipbuilding Corporation, Ltd. at Quincy, Massachusetts, the largest shipyard on the Atlantic Coast. He planned his life work while at school and earned his way through college. At Cornell he found the time to row, captaining his freshman crew and rowing on the Varsity crews of '97, '98, and '99. He was a leader in undergraduate activities.

On leaving Cornell Wakeman started work at Newport News. He later joined the New York Shipbuilding Company at Camden, New Jersey, and in 1915 he went to Fore River. During this time many able

men, discouraged by the failure of America to become a maritime nation, sought careers in other fields, but Wakeman stuck and served his apprenticeship in every department of shipbuilding. Thus the coming of the war found at Fore River a man fully fitted by ability, character, and long training to meet the emergency.

It was necessary to defeat the submarine, and the Fore River Yard, world-famous for its merchantmen, quickly turned from peace time construction and became literally a hatchery of destroyers. An entirely new destroyer plant with ten ways was laid down at Squantum near Fore River and was finished in six months, the work being carried on through the bitter winter of 1917-18. Hulls for the destroyers were built at the Fore River and Squantum Yards, while special boiler and turbine plants at Providence and Buffalo were kept busy supplying the machinery to equip them.

The plants under Wakeman's direction employed twenty-six thousand men. They produced seventy-one destroyers—more than all the other yards of the country combined, and they repeatedly broke the world's record for the time of constructing a single destroyer which they finally placed at the astonishing figure of forty-five and one-half working days. The program making it possible to construct million-and-a-half-dollar ships (approximate cost of destroyers) in less than two months was a personal achievement as Wakeman planned the details of organization and led his men himself. Meanwhile the work of producing cargo-carriers and submarines was also going forward at greatly increased speed due to the war.

Mr. Wakeman is deeply interested in practical work for the improvement of relations between industrial companies and their men, and is an officer and director in several organizations formed for this purpose in connection with the Bethlehem Shipbuilding Corporation, Ltd. He has also given time and attention to educational methods for the training of men for executive positions. His ideas on this subject have been used as a text for graduates by the Harvard School of Business Administration.

Mr. Wakeman was born in November, 1876, at Bridgeport, Conn. He prepared for Cornell at the Bridgeport High School, entering college in 1895. He has been closely identified with alumni activities in each center where he has been located, and movements of singular benefit to Cornell have received his active support and cooperation.

Mr. Wakeman is a member of the American Society of Naval Architects and Marine Engineers. He has offices in Quincy and Boston, and lives in Quincy. He is married and has three children.

## I. O. BAKER

Prof. C. C. Williams '01, now professor of civil engineering at the University of Kansas, at Lawrence, has accepted the offer of an appointment as professor of civil engineering and head of the department here, to succeed Prof. I. O. Baker.

Prof. Baker, who has been head of the department since 1879 with the exception of the years between 1915 and 1918, when Prof. F. H. Newell presided, resigned last spring but continued to handle the affairs of the department until his successor should be chosen. He is one of the oldest professors, in point of service, in the University, having graduated in 1872 in the first class of the University, and having been connected with the institution ever since.

In 1878 he became instructor in civil engineering, in 1879 assistant professor, and in 1880 professor.

Professor Baker is a member of Delta Tau Delta, Adelpbic, the American Society of Civil Engineers, the Western Society of Civil Engineers and has been president of the Illinois Society of Engineers and the Society for the Promotion of Engineering Education, of which he is the founder.

He is author of a Treatise on Masonry Construction, "Leveling Durability of Brick Pavements," "Engineers' Surveying Instruments", and "Roads and Pavements", besides many articles.

Professor Baker will retire and give his attention to his farm near Urbana, and to a history of the College of Engineering which he has been writing for several years.—*The Daily Illini* (University of Illinois).

MU

FRANCIS MARION AUSTIN

Professor Francis Marion Austin, A.B., A.M., for twenty years the head of the Department of Latin at Illinois Wesleyan University, died on February 4, 1922, after an illness of but five days.

Professor Austin was born at Wilmington, Ohio, January 3, 1862. He received his preliminary education in the country schools around Wilmington, and afterwards attended Ohio Wesleyan University, graduating in 1887 with the degrees of Bachelor of Arts and Master of Arts.

After several years teaching in various schools in New England, Professor Austin did two years of post graduate work at Johns Hopkins University, where he was a fellow in Latin. Then he went to the Illinois Wesleyan University as Professor of Latin and Greek, specializing in Latin. He was very active in the College Alumni Club, and also in the Longfellow Club. He was a thorough student, scholarly in his tastes, and an excellent teacher.

Professor Austin was a member of Delta Tau Delta, the Masonic Order and the Bloomington Consistory, and took a prominent part in all of his fraternal organizations. He was always interested in the work of the Methodist Church, was repeatedly chosen lay delegate to the Illinois Conference, and four times chosen delegate to the general conference. He was interested in all movements which had anything to do with the betterment of the community in which he lived.

The funeral oration was delivered by Dr. Kemp, president of the University which he served so faithfully for twenty years, and he was borne to his final resting place by his co-workers of the faculty.

adviser, and a brother who exemplified in his life the highest conception of manhood and brotherhood.

*Resolved*, That we extend to his wife, children and all relatives our sincere sympathy in our mutual loss.

*Resolved*, That a copy of these resolutions be sent to the members of the family, a copy be sent to the Gamma Gamma Chapter, a copy be sent to THE RAINBOW of Delta Tau Delta, and that a copy be spread upon the minutes of the Delta Tau Delta Club of Boston.

Delta Tau Delta Club of Boston,  
ROSS WHITE.

The death of Brother George Monroe York has brought to the Fraternity in general, and especially in New England, a great loss.

Brother George Monroe York was born in Somerville, Massachusetts, on October 21, 1887, the son of James M. and the late Nellie York. He was educated in the Somerville schools, graduating from the Somerville High School in 1905. He then entered Dartmouth College, where he was initiated into the Delta Tau Delta Fraternity, and graduated with the Class of 1909. Following his graduation from college Brother York entered the Harvard Law School and for a year and a half devoted himself to law. In 1911 he became associated with his father in the wholesale produce business, the firm known as York & Whitney. This is one of the largest firms in the wholesale produce business in the City of Boston.

In 1911, he was married to Marion Swasey of Portland, Maine, who survives him with four children, two boys and two girls. He is also survived by his father, James M. York, two sisters, Mrs. Winthrop Preble Jones and Miss Eunice L. York, and two brothers, J. William York and John B. York, all residents of Somerville. A younger

brother, Walter R. York, a well known Delt and a member of the Lafayette Escadrille, died last spring.

He was a member of King Solomon Lodge of Masons of Somerville, a member of the Standing Committee of the Broadway, Winter Hill Congregational Church, and the Boston City Club. He was a Vice-President of the Liberty Trust Company, Director of the De Sota Fruit Company of Florida, Vice-President of the National League of Commission Merchants of the United States, and a member of the Executive Committee of the International League of Commission Merchants.

His funeral services were held at the Winter Hill Congregational Church in Somerville on April 7, 1922. There was a delegation of approximately one hundred and fifty business associates, representing the Boston Fruit and Produce Exchange; a large delegation from his Masonic Lodge; and representatives from Beta Nu, Beta Mu, Gamma Gamma, Delta Tau Delta Club of Boston and the Class of 1909, Dartmouth College, besides a large number of friends and relatives. He was buried in the Mt. Auburn Cemetery at Cambridge.

Brother York was exceptionally prominent in the Delta Tau Delta Fraternity from the time of his initiation. He held important offices in the undergraduate chapter, and upon leaving College associated himself with the Boston Alumni, where although he held no office, he was always their adviser in questions of policy. He was also Treasurer for several years of the Gamma Gamma House Corporation, which office he filled with the greatest diligence. He was elected President of the Eastern Division at the New York Conference in 1917, and took up his work on the Arch Chapter, with the same seriousness with which he attacked all other problems of life. He was extremely interested in this work and it was only when pressure of business demanded that he gave it up.

He was a man of sterling character and integrity, a man who loved his fellow men, and who exerted his influence for the good of every one with whom he came in contact. Slightly reserved in manner, he was yet a man who opened himself up freely and had the courage of his convictions, and his judgment could not be questioned.

HENRY W. MERRILL,  
Gamma Gamma '13.

GAMMA OMICRON CAPT. GEORGE S. V. LITTLE

WHEREAS, It has pleased Almighty God in His infinite wisdom to remove from the activities of this life our beloved

brother, George Stanley Victor Little, of the Class of 1917, and

WHEREAS, In the death of our brother, Chapter Gamma Omicron of Delta Tau Delta and the Fraternity at large have lost a man of high and noble character, be it

*Resolved*, That we, as his brothers in Delta Tau Delta, extend to his family our deepest sympathy in our mutual loss, and further be it

*Resolved*, That these resolutions be sent to the family of our esteemed brother, a copy be entered upon the minutes of this Chapter and a copy be forwarded to THE RAINBOW and *Syracuse Daily Orange* for publication.

For the Chapter,

WM. W. WELTON,

WM. H. DAVIS, JR.

T. S. STACY.

April 22, 1922.

Captain George Stanley Victor Little of Guilford, Chenango County, a graduate of St. John's Military Academy at Manlius in 1913, and of the Law College at Syracuse University in 1917, was killed Easter Sunday in an airplane accident at Kelley Field, Texas. Captain Little was well known in university circles and was affiliated with a number of societies both on the hill and at Manlius.

The accident last Sunday happened while Captain Little and Sergeant James L. Johnson were flying a large bombing machine near the Oak Cliff viaduct. Witnesses said that while the machine was flying at an altitude of 100 feet, preparatory to landing, it suddenly went into a nose dive, with the aviators helpless to check its crash to earth.

Captain Little was alive when fellow officers reached him but died a few minutes later while being rushed to a hospital. His companion was killed instantly. The force with which the airplane struck the earth can be imagined when reports

say the radiator was driven more than three feet into the ground.

It was some time before Captain Little was identified as he wore only regulation flying suit. Later it was found his mother, living at Guilford, was the only survivor. The body is being sent north with a guard of honor and services will be held in Christ Church, Guilford. Burial will be in the family plot at Guilford.

Official investigation brought out that the accident was due partly to the fact that the machine ran out of gasoline and this, coupled with air conditions as the aviators were forced to land, caused them to lose control.

Little was a son of the late Rev. Henry W. Little, rector of Christ Church, Guilford. He was born June 30, 1894, and received his earlier schooling at Troy and then entered St. John's School, receiving his diploma there in 1913 but returned for another year's advanced work.

While at Manlius, Little was active in athletics, receiving his "M" on football and track work. Besides this he was editor of *The Haversack* in 1912 and 1913, and editor-in-chief of *The Wind Mill* in 1913 and 1914. He was a member of Pyramis and was president of the National Rifle Association.

When Little entered Syracuse University in 1914 he had earned sufficient advanced credit to enter Law College without taking the required year in Liberal Arts College. He was a member of Delta Tau Delta, Phi Delta Phi legal fraternity, Delta Sigma Rho honorary debating society, Janus, Devil's Own and Delta Tau junior fraternity.

GAMMA XI

HARRISS P. ALDERMAN

WHEREAS, Our Almighty Father has seen fit in His infinite wisdom to remove from the activities of this life our beloved brother, Harriss P. Alderman; and

WHEREAS, In the death of our brother we experience the loss of a loyal and sympathetic friend; be it

*Resolved*, That we, the members of Gamma Xi Chapter of Delta Tau Delta, extend to the bereaved family of our brother our sincerest sympathy; and be it further

*Resolved*, That a copy of this resolution be transmitted to the bereaved family, that a copy be sent to our official organ, *THE RAINBOW*, for publication, and that a copy be spread upon the records of this Chapter.

Chapter Gamma Xi,  
R. W. SIGMUND,  
President.  
A. F. KNOBLAUGH,  
Secretary.

News has recently come to U. C. of the death of Harriss P. Alderman, L. A. '21. He died at Wilmington, North Carolina, on February 3rd.

He was born in Wilmington, N. C., March 8, 1896. He entered the University of N. C., in 1915, and distinguished himself both in football and baseball as well as scholastically. Disregarding his college career, he enlisted at the outbreak of the trouble with Mexico and served in the N. C. National Guard on the border until the U. S. entered the World War. He then transferred to the regular army, entered the Officers' Training Camp, and soon afterwards volunteered as a pilot in the Aviation Section of the Army. After being accepted he was sent to Canada, then Texas, and finally to England for training, and on June 20, 1918, sent to France for war duty with the now famous 17th U. S. Squadron. This was the first American Squadron on the British Front, and was completely equipped by the British with the famous Sopwith "Camels." During its meteorical existence at the front, in

which Aldy played an important part, it accounted for more Huns than any other American Squadron in France.

The following is an extract from "History of the 17th Aero Squadron":

"On the offensive patrol on August 12th, hangs an amusing tale. It was a day when some fighting of the fiercest kind took place 'Over Ostend,' after we had escorted 211's bombers to their perpetual target—the submarine shelters, marine works, and docks at Bruges. In the melee Lt. Wm. J. Armstrong, Lt. R. W. Snoke, and Lt. Harriss P. Alderman, more familiarly known as 'Aldy', were wounded. He had had just enough strength to get back to the field, where he sat down all too violently, with the wind behind him, on the back of a standing D. H. 9. That did not improve his condition. Aldy's 'missive' from the Hun had come through his petrol tank from which it went on, as he put it, to where he sat. The flood of petrol that instantly covered him convinced him that he was mortally wounded, but he hung on gamely and succeeded in gliding west, making the beach a mile beyond Nieuport, on our side of things."

He returned to this country early in the summer of 1919, and was discharged. He then went to Texas and entered the oil game, but soon left for California for his health. During the summer of 1920, he came to Cincinnati to enter the University as a vocational student of the Government. He took an active interest in the University affairs and his part in the Varsity Vanities of last year was exceptionally good. He was a member of Delta Tau Delta.

Kappa Sigma has granted a charter to a local at the University of Florida, Gainesville, Fla.

Pi Lambda Phi announces the installation of a chapter at the University of Toronto, Toronto, Canada.

The Kappa Alpha Theta Sorority announces the establishment of a chapter at the College of William and Mary, Williamsburg, Va.

Zeta Psi will celebrate its Seventy-fifth Diamond Jubilee in connection with its annual convention at Swampscott, Mass., June 23 and 24, 1922.

The Grand Lodge of the Theta Xi Fraternity announces the installation of chapters at the University of Illinois and Armour Institute of Technology.

The Supreme Council of the Pi Kappa Alpha Fraternity announces the recent installation of chapters at Carnegie Institute of Technology, University of Michigan and University of Colorado.

Pi Kappa Phi, with nineteen active chapters on its roll, makes the following announcement in the pages of its official publication, *The Star and Lamp*:

"It gives me much pleasure to announce that petitions have been received from the local fraternity Pi Kappa at the University of Oklahoma, Norman, Okla., and from the local Alpha Gamma Beta, at Purdue University, Lafayette, Ind.

"The first named of these locals is composed almost entirely of members of Pi Kappa Phi transferred from Phi Chapter at the University of Tulsa. Their good work in expanding our fraternity within their state deserves our most enthusiastic support and commendation.

"The second petition comes through the efforts of Brother Wade S. Bolt, former editor of *The Star and Lamp*. Brother Bolt deserves the hearty thanks of the fraternity for his untiring labors in its behalf."

## INTERFRATERNITY CONFERENCE

Information Supplied by the Committee on Publicity

Statement by Chairman Nymeyer

The new chairman of the Interfraternity Conference, F. H. Nymeyer, in a statement for this Bulletin outlining his program for the year asserts that he considers the Conference to have important advisory functions in the solution of two paramount problems: poor scholarship and intemperance. His statement follows:

"In considering the work for the ensuing year, I deemed it advisable to familiarize myself with what has been done in the past, and particularly what purpose the gentlemen who organized the Interfraternity Conference had in mind. I believe that in this sort of work it is always valuable and quite necessary to look back occasionally over what has been done, and thus to make sure that we are carrying out the true purposes of the organization.

"In the first place, I wish to impress upon the minds of everybody that this is distinctly and solely an advisory body. If it ever becomes anything else, it is doomed to failure—if not to complete failure, certainly it will fail in its wonderful purpose of lifting fraternity standards.

"We are faced this year with two big problems: poor scholarship and intemperance. These problems are no more problems of the Fraternity World than of the Business World. They are symptoms of a condition that has been brought about by the war and by the general attitude toward the Eighteenth Amendment.

"I am anxious to go before the next Conference with a report on what has actually been done to further the ideas of the founders of this Conference. I believe we have had too much of questionnaires and too many statistics in the past. These things are uninteresting; I think they are

seldom read and I am sure that they do not carry their message from the Conference to the undergraduate.

"But if we can stimulate in every college on this continent where fraternities exist a desire on the part of fraternity men to raise their standard of scholarship and to live up to the Constitution of the United States, we will have accomplished a great purpose and we will have set an example to the world. I do not believe that drinking and poor scholarship can be blamed to fraternity men any more than they can to non-fraternity men, but I do believe that fraternity men should take the lead in combatting them.

"I hope to appoint a committee which will see to it that a meeting is held in every college in the country where fraternities exist, where these problems may be discussed, and where a message may be read to fraternity men from the Interfraternity Conference—not a command but advice."

#### Improving Scholarship

With the Interfraternity Conference pledged to an active campaign for a higher standard of scholarship at American colleges and universities, immediate steps were taken with this end in view. A large and important committee to be known as the Committee on Conduct and Cooperation in the Colleges has been appointed under the chairmanship of Dean Thomas Arkle Clark, educational adviser to the Conference. This committee consists of the following:

Willis O. Robb, executive committee of the Conference; Dean Arthur Ray Warnock, Pennsylvania State College; Robert H. Neilson, Rutgers; Walter L. Sheppard, Pennsylvania; O. H. Rogers, Wesleyan; Dr. T. W. Galloway, American Social Hygiene Association; Prof. Herbert C. Bell, Bowdoin; Dean Herbert E. Hawkes, Columbia; Dean H. S. Goodnight, Wisconsin; Shirley Baker, Stanford; Dr. William A. Shanklin, Wesleyan; Francis W. Shepard-

son, State Commissioner of Education, Illinois; Don R. Almy, ex-chairman of the Conference.

At first glance, this committee seems large and unwieldy, but it was made large purposely in order that every phase of college life might be represented. Large colleges and small colleges are represented, because the executive committee feels that the problem of scholarship is quite different at the former than at the latter. The large college in a small town and the large college in a city are represented. The East is represented and the West is represented, so are the North and the South and the Middle West. And yet enough of the members of the committee are New Yorkers for the executive committee to be able to keep in close touch with it.

While the work of the committee was left entirely in the hands of its chairman, Dean Clark, the following suggestions of procedure were made: that fraternity alumni be appealed to not to make their reunions occasions for intemperate license but to assist in curbing manifestations of outlaw spirit; that meetings should be called in all institutions where fraternities exist to discuss scholarship and obedience to the law; that a carefully prepared message from the Conference be read at these meetings by some individual whose word carries true weight with his undergraduates.

This committee is already at work although word of definite actions taken has not yet reached the executive committee.

#### Student Health

The work of educating undergraduates in regard to their health has been found to be so wide a field that it has now been divided among two committees: the Committee on Social Hygiene and the Committee on Chapter Health and Sanitation. The former committee will continue the work of Dr. Thomas W. Galloway's committee with the same

personnel. The second committee will be authorized to consider and report upon proper provision for periodical physical examination of students in fraternity houses, the examination of the houses, their servants, and their surroundings with a view of protecting students from contagion and the results of unsanitary and unhygienic conditions. This committee consists of the following, all members of the Interfraternity Association of Chicago: Dr. Harry E. Mock, chairman, 122 South Michigan Boulevard, Chicago; Dr. John G. Ellis, Dr. Clifford Grule, Dr. E. V. L. Brown, and Dr. Thomas Growder.

#### Editors' Dinner Committee

Frank Rogers, editor of the Delta Tau Delta RAINBOW, has been appointed chairman of the Editors' Dinner Committee. With him on the committee are Frank Prentice Rand, Louis Rouillion, and Frank N. Dodd.

#### Publications of the Interfraternity Conference

The Interfraternity Conference has on hand a number of pamphlets of vital interest to fraternity men for which it is seeking distribution.

Prominent among these is an Epistolon containing the report of the Committee on Health and Hygiene, a keenly interesting document which should be read by every undergraduate. This pamphlet is twenty pages long and costs 10 cents the copy, obtainable from the secretary of the Conference, John J. Kuhn, 115 Broadway, New York.

The index to the Minutes of the last thirteen sessions of the Conference, a mine of information on fraternity matters may be obtained from Mr. Kuhn at fifty cents each. Minutes of the last Conference are sixty cents in a neatly bound booklet of 125 pages.

#### The Chicago Meeting

The fifth annual meeting of the Chicago Interfraternity Association was held at the Drake Hotel, December 6th, more than 200 enthusiastic fraternity men attending. The association adopted a preamble and a resolution on publicity, the text of which will be made public later for the use of other interfraternity councils.

Don R. Almy, retiring president of the Conference, made a plea for the development of younger fraternities and the establishment of new fraternities so that the time may come when all college men who are worthy may become fraternity men. Dr. Clark, educational adviser to the Conference, Dr. John Timothy Stone, and James Webber Linn also spoke to the delegates, who represented thirty-six fraternities.

Dr. Frank Weiland, Delta Tau Delta, was elected president of the association for the coming year, J. M. Coulter, Kappa Sigma, secretary-treasurer; C. H. Westcott, Jr., Zeta Psi, W. H. Webster, Alpha Tau Omega, and S. E. Earle, Alpha Delta Phi, executive committeemen.

### Alma Mater Days!

How happy are the years of youth!  
Those student days of old  
When heart is light, when hope is bright,  
And dreams are weaved of gold.

Oft by our hearthstone's cheerful glow,  
In gray-haired middle-age,  
We fondly turn Life's volume back  
To youth's romantic page;

And like a dream once more behold  
Within that hearth's red blaze  
The visions and the memories  
Of Alma Mater days!

Again our college bell awakes  
The drowsy campus air,  
Again we hasten breathlessly  
To chapel's morning prayer;

Once more we hearken listlessly  
To class-room's classic lore  
When sun of spring is shining warm  
And birds sing out of door.

Around us silently arise  
Young faces fresh and bright,  
Now changed and aged by time and care  
Or passed from human sight;

Yet those of us who linger nigh  
Or far from kindred roam,  
Are each united by this tie—  
Our Alma Mater home!

But e'en that college home has changed,  
It seems not quite the same,  
And few remain to welcome us,  
To greet us there by name.

Yet recollections still recall  
Those student days long past;  
Of all the things that perish here  
Fond Memory is last.

How happy were the years of youth,  
Its care-free, cordial ways,  
When hearts were warm and friendships true  
In Alma Mater days!

*The Delta Upsilon Quarterly.*

---

Custom and usage have invested members of certain of the older fraternities with distinctive designations, or "nicknames." These diminutives can no more be protected by copyright than a fraternity's name or badge, but interfraternity courtesy quite generally respects an established right of this sort. An editorial in the *Paper Book* of Delta Theta Phi, which we reproduce, very generously and fairly emphasizes such extra-legal rights for Delta Tau Delta. We have always felt that members of Delta Tau Delta have an especial claim to the sobriquet of "Delts" because our Fraternity's name, or esoteric designation, both begins and ends with this Greek letter.

Some years ago the editor wrote an editorial pointing out and deploring the growing tendency amongst our tribunes in their senate letters to refer to our fraternity as "Delta" and to an individual brother as a "Delts" or "Delt."

Recently there has cropped out in correspondence from the senates, this same tendency and so we want to repeat our statement of ante-bellum days.

Delta Tau Delta, founded in 1859, has been for years and now is generally known throughout the Greek World as "Delta Tau," or "The

Delts." An individual member is referred to as a "Delt," or a "Delta," or a "Delta Tau." This may be verified by asking any well-informed Greek-letter man.

Does it not seem almost like an infringement for us to style ourselves, or permit others to style us, as "Deltas" or "Delts"?

Beta Theta Pi men are "Betas," Phi Delta Thetas are "Phi Delts," Phi Gamma Deltas are "Phi Gams" or "Fijis," etc. Is it not then only courteous and eminently desirable, that we be known and refer to ourselves as "Delta Thets"—a sobriquet which will be distinctively our own and which places us above any possible ground for criticism?

---

### Rushing and Pledging Restrictions

We hope that a year may never go by in which the Zeta Psi Fraternity does not go on record as favoring open rushing, or, if that is not possible, the simplest form of agreement.

We have yet to hear of a rushing agreement in any college or University in America, with the possible exception of Yale, which does not cause much unnecessary hard feeling, permit the freshman to pick the fraternity, interfere with all college work over a protracted period, and work to the disadvantage of all concerned.

Rushing agreements put a premium on exterior appearances and superficiality. Non-essentials are put on parade before the freshman. When pledging comes, an unnecessarily large number of men are asked—almost beseeched—to "honor" each fraternity. But the fraternity should choose the freshman.

A few years ago at a well-known eastern college, a certain fraternity occupied an enviable position on the campus. It owned a fine house. Its members were fine men, active and popular on the campus. It was fully as good as anything in the college. The fraternities rushed under a delayed rushing agreement. A week before rushing commenced, a rumor started among the freshmen that the initiation fee at the fraternity in question was \$1,000. The rumor was believed by most who heard it. The unfortunate fraternity got a delegation of two men—one a legacy, and suffered a blow it was years recovering from. The rumor was never traced to its source. But no doubt it was started by a rival and jealous fraternity.

This is just an example of the pitfalls rushing agreements lead to. Open rushing is clean, straightforward, and to the point. It is harmful to none. It benefits all.—*The Circle of Zeta Psi.*

It was a matter of satisfaction to some of us that the Interfraternity Conference did not vote in favor of deferred pledging. An editorial in a recent number of THE RAINBOW of Delta Tau Delta criticized the system of deferred pledging quite strongly. It is to be hoped that sentiment is growing against the rushing agreement of the customary form.

Nothing whatever of any real value to the fraternities or to the men pledged can be gained by the agreement to defer pledging until a fixed date later than that of the opening of college. A most serious objection is the premium placed on evasion of the rushing agreement. This evasion can take any form from merely taking advantage of technicalities in the rules to downright dishonest and dishonorable work. Anyone who has spent a few years in a college where deferred pledging obtains knows that scarcely a year passes in which there are not cases of apparent violation, though it is almost impossible to prove a violation in any particular case.

An agreement not to initiate pledges whose scholarship is unsatisfactory has all the advantages of the deferred pledging agreement without offering the inducements to crookedness that the other system does. And the pledged men have a definite incentive to pay attention to the curriculum. It is to be hoped that no Alpha Sigma Phi Chapter will voluntarily enter an agreement to defer pledging. But it should be considered whether or not our fraternity should not prohibit the initiation in any chapter of pledges of low scholastic standing.

—The Tomahawk of Alpha Sigma Phi.

### Delta Chi and the Cornell Situation

By W. W. Bride, "CC" (General Secretary of the Delta Chi Fraternity)

The Columbus Convention compromised upon the membership question. There was one thing, however, upon which it was uncompromising and that was, that our chapter at Cornell should not sacrifice itself upon the altar of the Taylor idea. It *unanimously* condemned the plan and directed the Governing Body to so inform the authorities at Cornell University and to record the Convention's unanimous objection to the use of the term "DELTA CHI" by any organization not regularly chartered by the fraternity. The Cornell University's authorities were also requested to reject the proposed "gift" of the house to them by the group of so-called "Cornell Alumni."

But—like the old melodrama used to record—"the reprieve came too late." Away back in June there had been a formal tender of the house to the Cornell University, and, its trustees seeing only the apparent generosity of these Cornell "patriots", accepted the proposition and left to a committee the question of arranging the details of the transfer.

On the final day of the Convention, the Fraternity's position was telegraphed to Mynderse Van Cleef, the distinguished and courteous gentleman who headed the committee. About a week later a reply was received by telegraph arranging for a hearing within four days so that the views of the Fraternity might be presented. A telegram was immediately dispatched to Mr. Van Cleef asking for a few days' delay so that the new officers of the "XX" might determine upon a definite plan—and possibly financial arrangement—for taking the property if it could be made available. This extension was refused and the "CC" was directed by the "AA" to represent the Fraternity at the conference. An attack of ptomaine poisoning prevented the attendance of the "CC" on the day appointed and the meeting was courteously postponed for five days, at which time the "CC" appeared before the Special Committee of the Cornell University Trustees.

The Taylor coterie of Cornell Alumni was represented by George F. Rogalsky, now treasurer of the university, and the active chapter was represented by Brother Perry B. Crane, its "A." The "CC" explained at some length the history of the Cornell trouble, letting a number of these gentlemen "in" on the "generosity" of the Cornell "patriots"; explained the practical side of the "impelling patriotism" and reluctantly told of the situation within the Fraternity that had prompted the "gift."

Roughly (and the word seems singularly fitting) Taylor and his associates proposed to donate their equity in the chapter house to Cornell University to "be occupied by students in the College of Law and those pursuing cognate subjects in the College of Arts and Sciences, such students actually to reside in the house in a number not to exceed thirty; these students to be certified as eligible by the faculties concerned, on a basis of scholarship and general fitness"; and a further provision was contained that the property was to be called the "Delta Chi House."

The house cost approximately \$60,000 at the outside. There is now outstanding against the property a first mortgage of \$30,000, a balance upon the second mortgage (including interest) of approximately \$7,500 and the university was required to pay \$10,000 additional, making the actual indebtedness against the house approximately \$47,500. The "gift" of the "alumni" amounted to practically a surrender by the

"alumni" of approximately \$12,500 (at the cost price of the building) of second mortgage bonds and for which they were to receive *credit at par upon their subscriptions to the university*. The equity transferred was about twenty-two per cent of the cost of the property. It also freed the house from obligations amounting to approximately \$10,000, "floating indebtedness (partially on account of original construction)," most or all of which was overdue and for which or part of which legal proceedings were in contemplation. The alumni, in other words, would have been called upon to pay \$10,000 or the house would have been sold. Instead they "gave" the house to the university which paid the floating debt, and all that they transferred to the university was non-productive second mortgage bonds upon which no interest had ever been paid and which gave little or no evidence of ever paying interest. Thus it will be seen that the net result of the "gift" was the "giving up" of the house to the university with outstanding obligations against it of approximately \$47,500 on a house and grounds that had cost at the outside approximately \$60,000.

The "CC" was unable to persuade the Cornell Trustees to refuse the gift. The proposition had gone too far before he had an opportunity to talk to them. The full Board of Trustees had in June, without knowledge of the Fraternity, or chapter, already accepted the proposition and the Committee could not overrule the trustees. The Law Faculty was in favor of trying the Taylor plan and some of the trustees are said to have felt that since this was a proposition in the Department of Law, the views of its faculty ought to be controlling. The Committee did refuse, however, to call the house "Delta Chi House." They felt that this would be unfair to our chapter at Ithaca and the Dean of the Law School took up with Taylor the question as to whether this part of the plan could be modified. It was felt by some of us that since a number of the Cornell alumni had donated their interest in the house with the idea of perpetuating the name of the Fraternity, this opening might give an opportunity to work out a plan to purchase the equity of the bondholders and thus save the situation. A number of us felt that the University Trustees, as a whole, were not favorable to the proposition, but that they were over-persuaded by the Law Faculty, nor were we sure that they unqualifiedly approved the manner of its transfer.

With the hope that the Fraternity might yet solve the problem and retain the house, a conference was held with Taylor. His proposition was that if the university did not take over the house, he would consider an offer from Delta Chi of \$75,000 for the property, but that he would not consider any less offer. Please remember that the house had

been appraised, according to an exhibit in the alumni prospectus by S. E. Banks on December 18, 1916, at \$60,000, but Taylor insisted that he would not consider less than \$75,000, even if the Cornell University authorities refused to accept the house. He stated that in the event of their refusal to accept the house and our refusal to offer \$75,000 for the property, he would sell the house to any other purchaser who might bid higher. While the question of presenting such an offer was under consideration by the officers of the Fraternity the Cornell University authorities took over the property. The house is now definitely the property of Cornell University. Our chapter is permitted to occupy it during the present scholastic year upon an agreed rental payable to the university and the Fraternity still holds \$5,000 face value of second mortgage bonds, plus interest for five years at five per cent, and the chapter holds some additional bonds which loyal alumni have turned over, or have agreed to turn over.

We are face to face, then, with the question of securing a new house. The Fraternity, including a large number of loyal Cornell alumni, will see that the chapter is not injured by this action on the part of men, several of whom had in the past been high in the Fraternity's councils. It is confidently believed that the Cornell alumni generally do not know the whole situation, or do not definitely understand it; that they have transferred their non-productive bonds to men in whom they had confidence and not because of their approval of the plan or its ramifications.

It is not believed that recriminations nor attacks upon individual Cornell alumni will help the situation and hence they are left unwritten, but the Fraternity at large will not temporize with the situation nor with its decisions upon the merits or demerits of those who have placed the Fraternity and chapter in its present unfortunate position. A new house will be bought or built for our chapter before it meets in September and it will be put beyond the reach of men who would rule the chapter or destroy it.

The Cornell coterie headed by Taylor, it is believed, were generally in favor of the Fraternity's remaining strictly legal. They did offer to finance the chapter if the boys would allow them to control it absolutely. They expressed their willingness to raise between \$10,000 and \$12,000 most of which would have been required before September 1, 1921, but informed the chapter that they would not do so on the basis of a general Fraternity, stating that if they were given unqualified control they would do all the work necessary to put the chapter on its feet.

The chapter considered the proposition and agreed to it with several qualifications:

1. Membership.
  - A. That the active chapter have, by a two-thirds vote, the veto power over the acceptance of a candidate approved by the Alumni Committee.
  - B. That the Alumni Committee will accept any man eligible under the Constitution, proposed by the active chapter.
  - C. That the present Committee shall expel no man at present a member of the chapter, without the approval of said active chapter.
2. Jurisdiction over social activities.
  - A. That the Committee have no jurisdiction over the social activities of the chapter.
3. Time limit.
  - A. That the delegation of powers be limited to one school year, to begin with the fall term of 1921 and terminate in June, 1922.
4. Convention vote.
  - A. That the instruction of the delegates to the Convention be not altered (i. e., that the delegates be instructed to work for changing Delta Chi into a general Fraternity.)

It seems that these were very reasonable qualifications. It seems highly unreasonable for a self-appointed Alumni Committee to ask the initiation of a man opposed by two-thirds of the men who had to live and associate with him on terms of fraternal intimacy. The Constitution requires unanimous approval for membership, but the chapter was willing to unanimously approve a man even if only one-third of the members favored him and even if one man less than two-thirds opposed him. That, it seems, was a most reasonable qualification. The second qualification was really no qualification at all for the Alumni Committee certainly could not oppose a man who was actually eligible. The third objection provided that the chapter would not permit the alumni to expel a man who was a member of the chapter unless such action had the chapter's approval. I believe that these qualifications went to the ends of the earth to satisfy these alumni. They amounted to the meekest submission. The question of social activities was not serious. I am told that the chapter would have agreed to alumni control of their social activities and even would have agreed to extend the period of alumni control for a period of a further year. They would not budge, however, upon the question of control of the chapter's convention vote. Regardless of the merits of the issue involved, to have done so would have branded them as unfit for membership in the Fraternity for by having so

agreed and bound themselves, they would have sold their vote upon their honest convictions of what was best for the Fraternity and chapter merely to secure a "*promise*" of financial assistance to retain a chapter house.

The Taylor group rejected the proposition and without notice to the Fraternity, to which they had appealed to advance and which did advance \$5,000 to save the house in 1916, nor to the chapter, they made an offer to transfer their equity to the university. This course was certainly not what the Fraternity had the right to expect for these men, some of whom at least formerly had been high in our councils and even higher in our regard. In equity and good conscience if these men wanted to "get out from under" the load they were carrying; if they were unwilling to serve the Fraternity in its new career; if they were unwilling to support the Fraternity after its regularly constituted Convention had spoken by a unanimous vote, they should have at least offered to transfer the house to the Fraternity upon the payment of the current indebtedness, the payment of whatever obligations might be due, including the money advanced by the individuals who favored the Taylor plan at par and interest, and the assumption of all other obligations due directly upon the house. No such offer was made. The first the Fraternity knew of the actual tender to and acceptance by the Cornell University authorities was two months after such tender and acceptance.

The house is gone; the Fraternity must and will see that the chapter is not injured. It will provide a substantial and satisfactory house where its Mother Chapter will be free from the demands and nagging of those men who would not accept the Convention's mandate; men who would not support the Fraternity in a cause unanimously approved at a regular Convention. We must needs have the support of every loyal Delta Chi. Every one of us must be willing to do all that he can do to see that our Mother Chapter is provided with a home. No true Delta Chi will do less. We will go forward along the lines which have been legally adopted; the chapter at Cornell free from those who have threatened its destruction, will go on brighter, happier and better.

## The Senior

I have left the dreamy languor  
Of the cloistered college walls,  
And I faintly hear the clamor  
Where the Master Workman calls.

Left I there the hazy dreaming  
Of those golden tinted days;  
And I now must test the teeming,  
Dusty, toil-worn, weary ways.

But I'll cherish treasure precious  
That no years can steal away.  
It's the memory, rich and gracious,  
Of my Delta Natal Day!

As that day I swore and tokened,  
So through all the years to be  
Still shall be my Oath unbroken,  
Still my faith as firm to Thee!

\*\*\*

\*\*\*

*DELTA SHELTER! DELTA MOTHER!*

So to me through all my days,  
As Thou art to each loyal brother,  
Mistress Be of Endless Praise!
