ALUMNI CHAPTER CALENDAR

ATHENS

Dinners first Thursday of each month at Beta Chapter House.

ATLANTA

Bimonthly Luncheons at Colonial Cafe.

BOSTON

Club House, 44 Fairfield St.; Phone Back Bay 56874. Luncheon every Tuesday noon, Rich's Grill, 153 Federal St.

BUFFALO

Luncheons every Wednesday at Statler Hotel.

CHICAGO

Luncheon every Wednesday, Main Floor of the La Salle Hotel. Monthly Dinner, second Thursday at the University Club.

CINCINNATI

Luncheon every Wednesday noon at the Burnet House.

CLEVELAND

Luncheon every Friday, 12:15 o'clock, Winton Hotel.

COLUMBUS

Luncheon every Wednesday noon at the Neil House Hotel.

DALLAS

Business meetings first Tuesday of month at University Club. Luncheons monthly at University Club.

DAYTON

Luncheons every Thursday at the Rike-Kumler Dining Room.

DENVER

Luncheon every other Wednesday noon at the Denver Athletic Club.

DES MOINES

Luncheon every Thursday at the Grant Club.

DETROIT

Luncheons daily at Club House, 5511 Cass Ave.

INDIANAPOLIS

Luncheons every Friday noon at Indianapolis Board of Trade Lunch Room.

KANSAS CITY

Luncheons weekly at the University Club.

LOS ANGELES

Monthly Dinner, third Tuesday, 6:30 p. m. at University Club. Luncheon every Wednesday noon at University Club.

LOUISVILLE

Regular meetings first Tuesday of each month at the Seelbach Hotel. Luncheons every Tuesday at the Colonnade Hotel.

MEMPHIS

Luncheon third Wednesday of each month at the University Club.

MILWAUKEE

General "Get-together" third Monday of each month. Phone Lakeside 3727.

MINNEAPOLIS

Luncheon every Wednesday at Bergsing's Restaurant. Joint dinner with St. Paul Chapter, second Thursdays, alternating between the respective Athletic Clubs of the two cities.

ALUMNI CHAPTER CALENDAR—Continued

NEW ORLEANS

Combination Active and Alumni Luncheon every Thursday at the St. Charles Hotel.

NEW YORK

Monthly Dinner, third Thursday, 7:30 p.m. at Club House, 27 E. 39 Street.

OMAHA

Luncheon every Wednesday noon at the University Club.

PHILADELPHIA

Luncheon every Saturday, 1:00 p.m., Basement Grill, Adelphia Hotel. 6-23

PITTSBURGH

Luncheons every Friday in McCreery's Dining Room.

PORTLAND, ME.

Business meetings and luncheons monthly at the Congress Square Hotel.

PORTLAND, ORE.

Luncheons every Saturday at 1:00 p.m., at the University Club.

ROCHESTER

Luncheons first Monday of each month at 12:30 at the Powers Hotel.

ST. JOSEPH

Business meetings and luncheons on last Friday of each month at the Hotel Robidoux.

ST. LOUIS

Luncheon on the first Thursday and third Friday of each month at the Missouri Athletic Association, Fourth and Washington Streets.

ST. PAUL

Luncheons every Tuesday at the Field Schlick Tea Rooms.

SAN FRANCISCO

Luncheon every Friday at the Commercial Club.

SAVANNAH

Business meetings and luncheons bi-monthly at the Hotel Savannah.

SEATTLE

Luncheon every Saturday, 12:30 p.m. in Banquet Room of the Butler Hotel Second Avenue, at James Street.

SIOUX CITY

Business meetings first Friday of each month at the West Hotel. Luncheons on first and third Fridays of each month at the West Hotel.

TOLEDO

Business meetings monthly at the members' homes and dinner meeting every third month.

TULSA

Luncheon third Wednesday of each month at the Coffee Cup Inn.

Leading Attractions 47th Karnea

Roland C. Caley, Secretary

Cleveland Alumni Chapter of Delta Tau Delta

Humming with industrial activity; teeming with business enterprise and progressiveness; mindful always of maintaining its proud record of civic accomplishment; ever careful of the health, comfort and recreation of its people, and every inhabitant a booster of his city—this is CLEVELAND.

The 47th Karnea of Delta Tau Delta will be the leading attraction in Cleveland from August 29th through September 1st, 1923. This event, to be staged in America's greatest convention city, will bring more than one thousand out-of-town Delts to Cleveland. It is already on record in the Karnea offices that over eight hundred Delts have expressed their intention to attend the Karnea and make these dates fit into their vacations and play-time for 1923.

There are thousands and thousands of Delts in this country. Practically 70% of them are within one night's ride from Cleveland. It is almost a certainty that more Delts will travel to the 47th Karnea than have ever before attended a previous gathering of this kind. Special trains will bring Delts from the larger centers of population, such as Boston, New York, Philadelphia, Washington, Pittsburgh, Detroit, Chicago, Columbus, Cincinnati, Indianapolis, St. Louis, St. Paul and Minneapolis, and points farther west, to Cleveland.

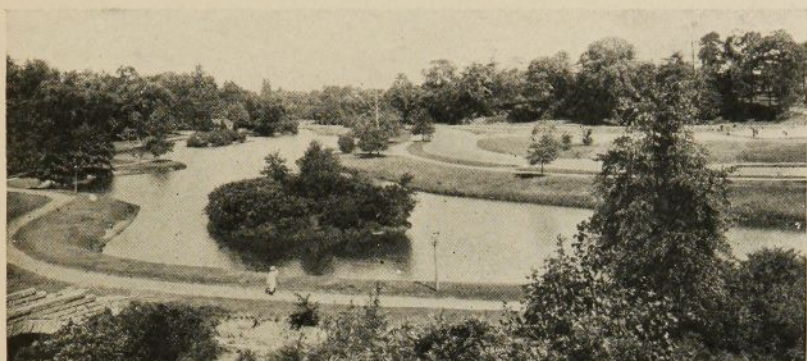

The Northern Division of the Fraternity has virtually

guaranteed an attendance of five hundred. Pittsburgh is talking in terms of at least one hundred. Three hundred more will come from New York, Boston, Philadelphia, Washington, Buffalo and points in the vicinities of these cities. The active chapter delegates will number at least one hundred, and maybe more. Pacific coast Delts, Delts from the Southern Division, and from the many other districts not mentioned here will swell the grand total to over one thousand. Then, in addition to all the out-of-town brothers, there will be at least two hundred, and perhaps more, of us here in Cleveland who will be on the job all the time.

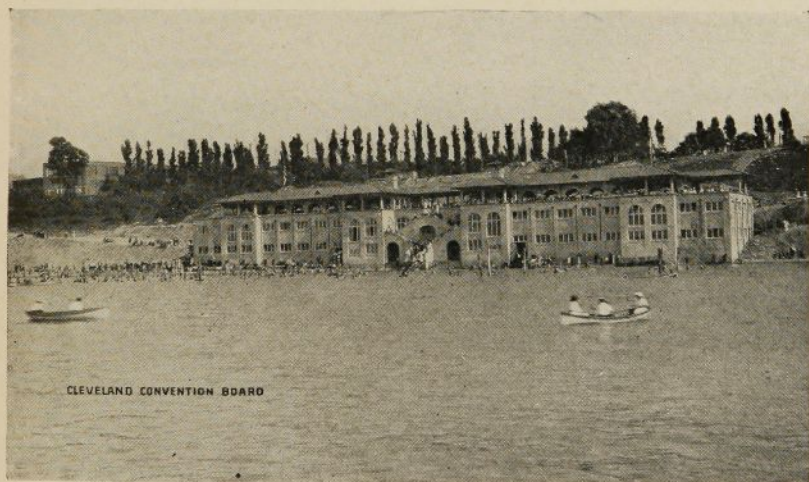

The work of preparing for the 47th Karnea is being done by Delts all over the country. Secretaries of all active and alumni chapters have been thoroughly informed of the Karnea program and the arrangements now under way in Cleveland. This is not a Cleveland Karnea. It's a NATIONAL KARNEA, prepared, managed, and staged by every Delt in the country. It's YOUR KARNEA.

The March Number of THE RAINBOW carried a story on the Karnea. You read through the program which has been tentatively arranged at that time. It was our opinion that the schedule of events was the best that could be provided, but we have gone farther and can say that the actual program, as it will be carried out, will be far better than we had originally planned. It is now up to you, Brother Delt, to make up your mind that you are going to be in Cleveland during Karnea days. It is also your job, as an Honorary Member of the Attendance Committee, to see every Delt in your city, and sell the Karnea to him.

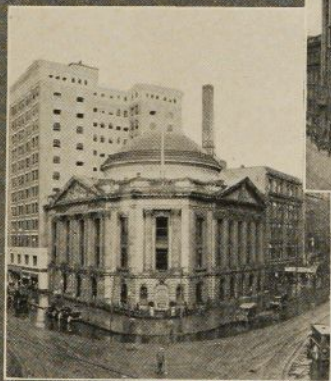

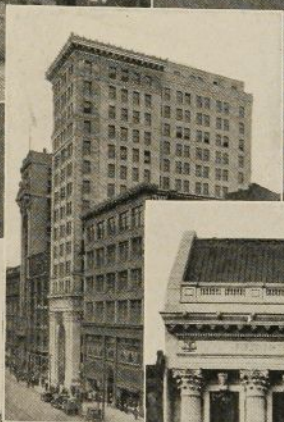

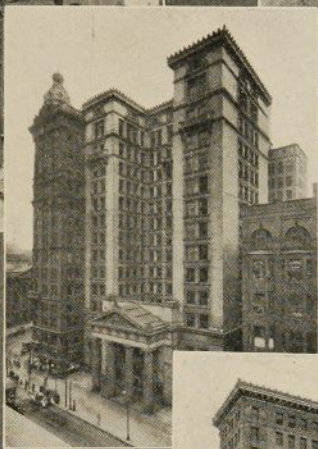

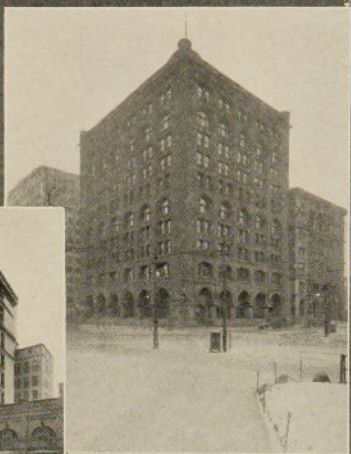

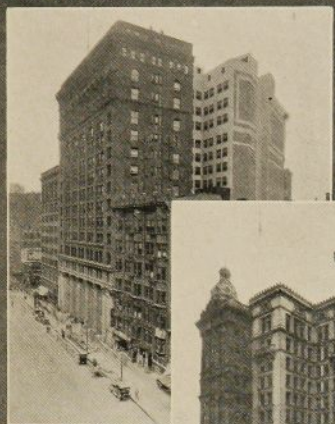

Cleveland has wonderful hotel facilities, magnificent theaters, mammoth parks and playgrounds, boulevards, amusement places of all kinds, and ample means and facilities for entertaining the world's greatest conventions. Cleveland is served by eight steam railways—the Baltimore and Ohio, the Cleveland, Cincinnati, Chicago and St. Louis (Big Four), Erie, Pittsburgh and Lake Erie, New York

Rockefeller Park, Cleveland

Edgewater Park Bathing Pavilion and Beach

Several of Cleveland's Big Banking Houses

Central, New York, Chicago and St. Louis (Nickel Plate), Pennsylvania Lines and the Wheeling and Lake Erie.

Cleveland has many hotels. Four of them stand out more conspicuously than the others because of their size, location and management. These are the Cleveland, Statler, Hollenden and Winton. Each of these hotels ranks among the best in the country. When it came time to select our Karnea headquarters and the place where the Karnea should be held, it was decided, unanimously, that Hotel Winton should be chosen. This hotel has six hundred and fifty of the finest guest rooms in the country. It has an exceptionally cozy lobby. Its mezzanine is the handiest and most convenient for our purposes. The Winton Convention Hall is the largest in Cleveland, with the exception of the Public Auditorium. The world-famous Rainbow Room, built below the street level, and ventilated and cooled during summer months by a special refrigerating process, is the largest and most popular of its kind in this country. The hotel management specializes in conventions, and a large staff of executives and assistants are busy at all times helping convention officers to plan and arrange each and every detail in advance. Room rates at Hotel Winton are very reasonable, and the facilities are exceptionally good.

It will be a wonderful thing if every Delt who attends the 47th Karnea will make immediate reservations at Hotel Winton. We want the Winton to be occupied solely by Delts during the Karnea. We want to turn the Winton into a Delt Club House for these few days. We want the Winton bell-hops, Winton waiters, Winton telephone operators, Winton clerks, every Winton employee, in fact, to be Johnny-on-the-spot for Delta Tau Delta only. What a pleasant time we will have if we own and run Hotel Winton to suit our own fancies during the Karnea. Make your reservations at once if you have not already done so. Letters, accompanied by Reservation Cards for Hotel Winton, have been mailed to all Delts in the country. If you did not get yours, notify us at once.

One of the big attractions at any Karnea is the number of well-known Delts in attendance. Nationally prominent men make for the success of every convention. We have not overlooked this fact. Our speakers are men of exceptional talent and ability. They are known throughout the entire country as leading lights in civic and private enterprises; in social and fraternal affairs; in diplomatic and political circles; in the professions of law and medicine; in the church; in educational work, journalism and present-day writings. We expect the leading alumni of every Delt chapter in the Fraternity. Many of them have already sent in their reservations. You will meet them in Cleveland during the Karnea.

The time is getting shorter as each day passes. Arrange your business so that you can come to the Karnea. Don't forget that we have a Ladies' Committee which has been hard at work planning for a wonderful three-day vacation for the women-folks. Bring your wives along so that they can see Cleveland and help to entertain the ladies.

Lightning, the official publication of the Cleveland Alumni Chapter, has had a wonderful reception. Through it you can keep in touch with us and be posted at all times on Karnea doings. Don't forget to use our Information Bureau when you want the "dope" on the Karnea. And last, but not least, start right now to plan your coming affairs in such a way that our Reception Committee can give you the glad hand of welcome on August 29th.

Rocky River, a suburb of Cleveland

The Carnegie Institute of Technology

The Home of Delta Beta

James N. Roche

Delta Beta

The existence of the Carnegie Institute of Technology dates from a letter written by Andrew Carnegie to the Mayor of Pittsburgh on November 15, 1900.

The city of Pittsburgh had its origin about 1749 as an Indian settlement called "Shannopin's Town", and adopted on November 26, 1878, a name in honor of the great British Prime Minister and friend of the American Colonies, Sir William Pitt. At the beginning of the twentieth century it became a notable center of colossal industries.

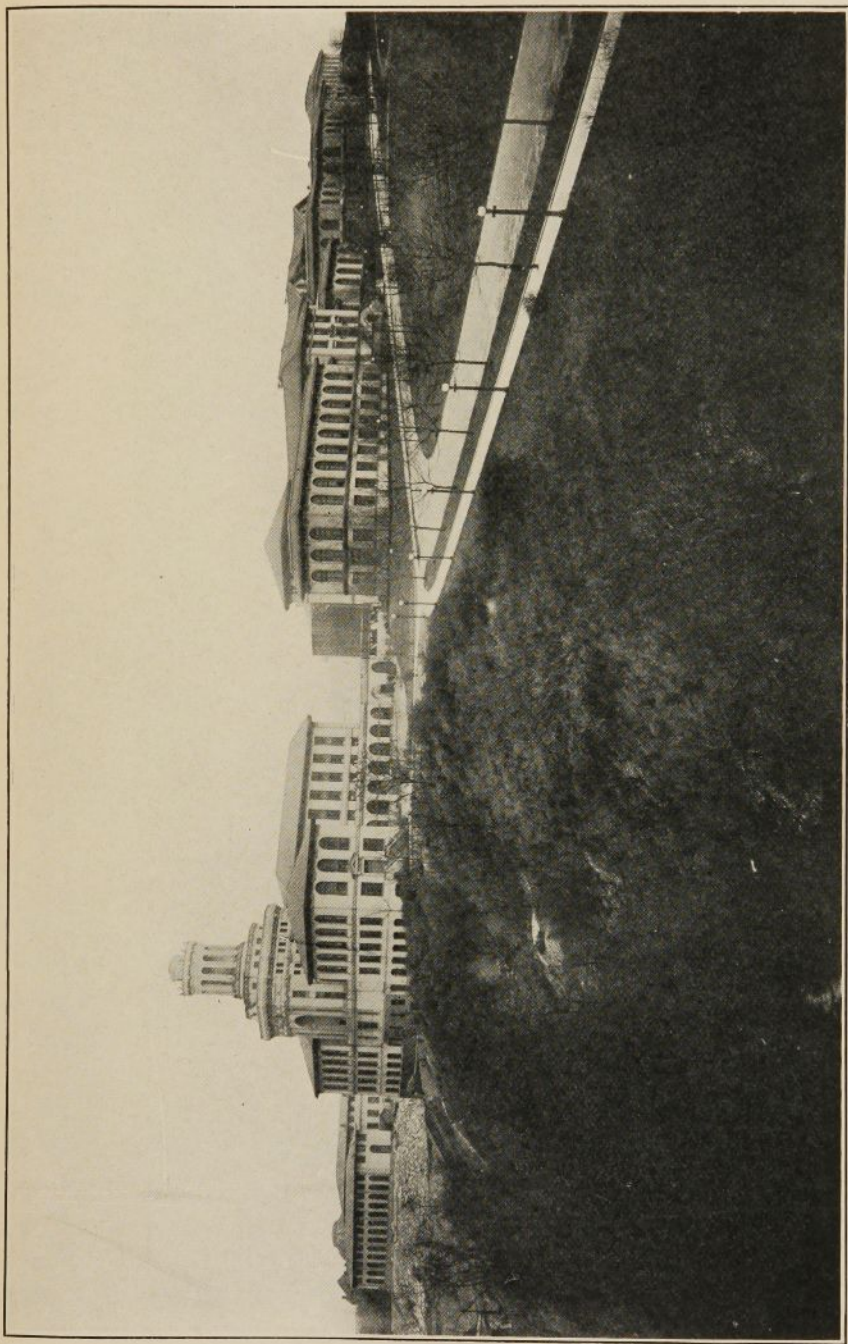

In April, 1905, foundations were laid for the first group of buildings of the Carnegie Institute of Technology and under that name it was granted a charter by the Commonwealth of Pennsylvania in 1912. It awarded its first diplomas in June, 1908, and its first degrees in 1912.

The Institute occupies a tract of thirty-two acres in the historic Schenley Park district in Oakland. Due to its geographical location and its proximity to the Park, containing over five hundred acres, it is suitably isolated from the city proper. Within ten minutes' walk is Pittsburgh's fifty million dollar center, containing the Soldiers Memorial Hall, the Eighteenth Regiment Armory, the Twentieth Century Club, the Pittsburgh Athletic Association, the Masonic Temple, the Hotel Schenley, the Phipps Conservatory, Forbes Field, and the magnificent Carnegie Museum. Other public buildings are located nearby. The Institute and the University of Pittsburgh are the centers of the institutional and educational life of the Pittsburgh district.

The Carnegie Institute of Technology is a part of the Carnegie Institute, and the students in its schools have all

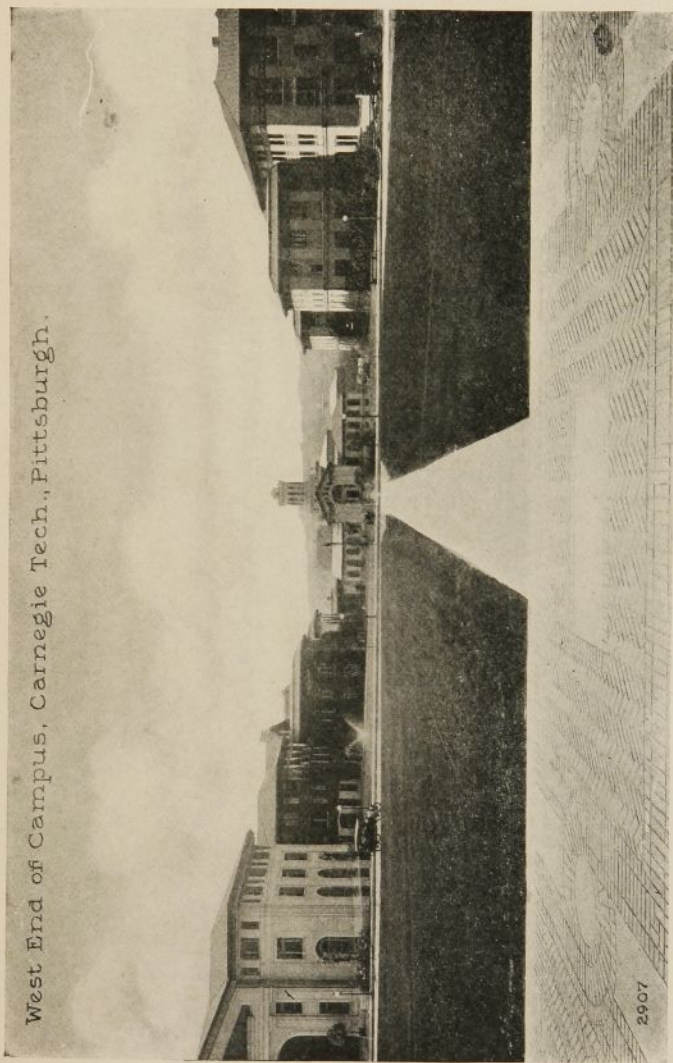

the advantages of the Art Galleries, the Museum, the Library, and the Department of Music. The main building of the Carnegie Institute is a massive structure which occupies an area greater than the Capitol at Washington. It was given to the city of Pittsburgh by Andrew Carnegie. It covers approximately six acres, is of the Italian Renaissance style of Architecture, and contains the Library, Art Galleries, the Museum, the Music Hall, and the Lecture Hall. The school buildings are entirely separate and are within five minutes' walk of the Institute. The Library contains about 450,000 volumes. Of these 60,000 are on technical and scientific subjects, and constitute the Department of Technology. It contains most of the best modern works in all branches of science and technology, including journals and periodicals. The Museum is one of the four great museums of America, and contains one and a half million objects, large and small. There are noteworthy collections from the fields of paleontology, mineralogy, botany, entomology, orinthology, archeology and ethnology. The collection of fossil vertebrates is especially fine and contains the skeleton of the famous "Diplodocus Carnegiei." The Department of Fine Arts has in its possession a permanent collection of the works of the best modern painters. It holds an annual International Exhibition, which is excelled by no other exhibition of its kind in the country. It is noted for the unusual number of works by distinguished foreign artists, and the prizes are awarded by an international jury. The Architectural Halls contain many specimens representing the historic buildings of Europe.

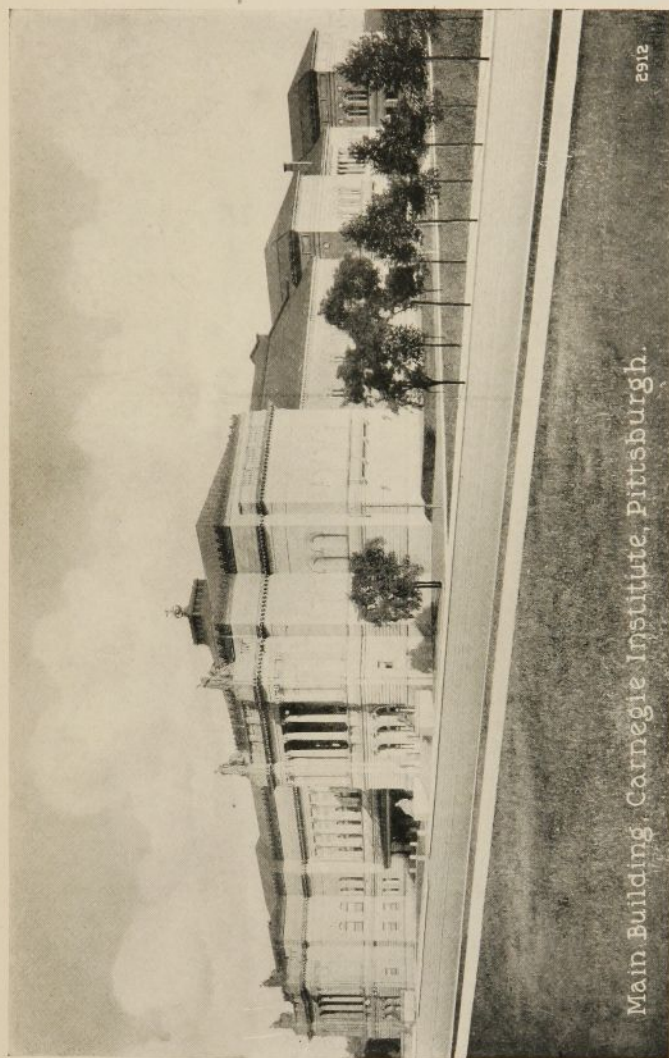

The Carnegie Institute of Technology consists of four departments, the College of Fine Arts, offering courses in Music, Architecture, Sculpture, Drama, and Painting and Decorating; The College of Engineering, offering courses in Chemical, Mining, Metallurgical, Commercial, Electrical, Mechanical and Civil Engineering, and science courses in Chemistry and Physics; the College of Industries, with courses in Industrial Engineering, such as Machine Con-

College of Fine Arts

Machinery Hall

struction, Heating and Ventilating, etc.; and the Margaret Morrison College for Women, with combined courses for the home and for professions. In addition to these there are many bureaus, such as the Bureaus of Psychology, Personnel Research, Industrial Research, and others. On the grounds of the Institute of Technology there are also Machinery Hall, which contains the laboratories for the Electrical and Mechanical Engineering Departments, and power plant; the Central Building, containing the executive offices; the Students' Club Room; the Athletic Field House and Gymnasium; and the Langley Laboratory of Aeronautics.

The Carnegie Institute of Technology is unusually fortunate in its endowments. The initial endowment by Mr. Carnegie was one million dollars. This was later increased to nine millions. An investigation into the financial needs of the Institution was made in 1921 by the Carnegie Foundation with the result that there was a further appropriation from the Foundation, bringing the total endowment up to forty-five million dollars. The Trustees of the Institution realized, from the increasing expenditures following the growth of the School in sixteen years to an enrollment of more than four thousand, that no institution may so expand and be sustained by the efforts of one man. Therefore eight million dollars was conditioned on the raising of four million dollars by popular subscription before 1946. This will bring the total endowment up to forty-nine million dollars.

Fraternities as organizations of the Carnegie Institute of Technology date from the founding of the School in 1904. The faculty and administration encourage their growth, and have always given them their sincere and active support. There is a wonderful field for fraternity growth at Tech, since at the present time only thirty per cent of the student body are fraternity men. There are on the campus ten national and eight local fraternities. The government of the interfraternity relations is administered by The Interfraternity Council, composed of all national fraternities, and

those locals formed before the year 1916. The Council has jurisdiction over questions involving the relations between the fraternities and the Institute, recognition of new fraternities, rules for rushing, pledging, initiating, and scholastic, athletic and interfraternity activities. To receive recognition by this body a local fraternity must have been organized for at least two years, have an active membership of at least fifteen members, and have a faculty adviser. There are four sororities at Tech, Beta Pi, The Beetles, The Mortar Board, and Alpha Kappa Psi. The national fraternities are Sigma Nu, Theta Xi, Delta Upsilon, Beta Theta Pi, Sigma Alpha Epsilon, Kappa Sigma, Acacia, Beta Sigma Rho and Pi Kappa Alpha. The locals are the Woodlawn Club, petitioning Phi Kappa Psi; Delta Xi, petitioning Alpha Tau Omega, Iota Sigma Delta, petitioning Phi Delta Theta; and Sigma Epsilon Phi, Kappa Sigma Rho, Delta Mu, and Phi Delta Phi. The professional and honorary fraternities are Theta Tau, Tau Beta Pi, Alpha Tau, Delta Skull, Alpha Alpha Nu, Dragon, Druids, Scalp and Blade, Scarab, and Tau Sigma Delta.

Tech's athletic program calls for every branch of athletics. Her football schedule contains games with Yale, Notre Dame, Pitt, Chicago and Washington and Jefferson. Her tennis teams have twice been tri-state champions, and her other teams are uniformly successful and are enthusiastically supported by the entire student body.

In the student body are represented forty-five different states and sixty foreign countries. The student governing body is the Student Council. It is composed of the following members: The president, who is elected from the four candidates selected by the four colleges; the presidents of the four college senates (each college having its own senate and governing body); the presidents of the four senior classes; the president of the Student Activities Board; and a representative from the Athletic Council.

In order that Tech might bring her alumni back again and again, Campus week was instituted in the spring of 1920,

and immediately attained marked success. A three-day vacation is granted during the last week in May for the welcoming and entertaining of returning alumni. School and fraternity dances, house parties, Mardi Gras, a gigantic automobile float parade through Pittsburgh, the circus, tennis and track meets and baseball games, and the Inter-fraternity Sweepstakes Pushball race are the outstanding features.

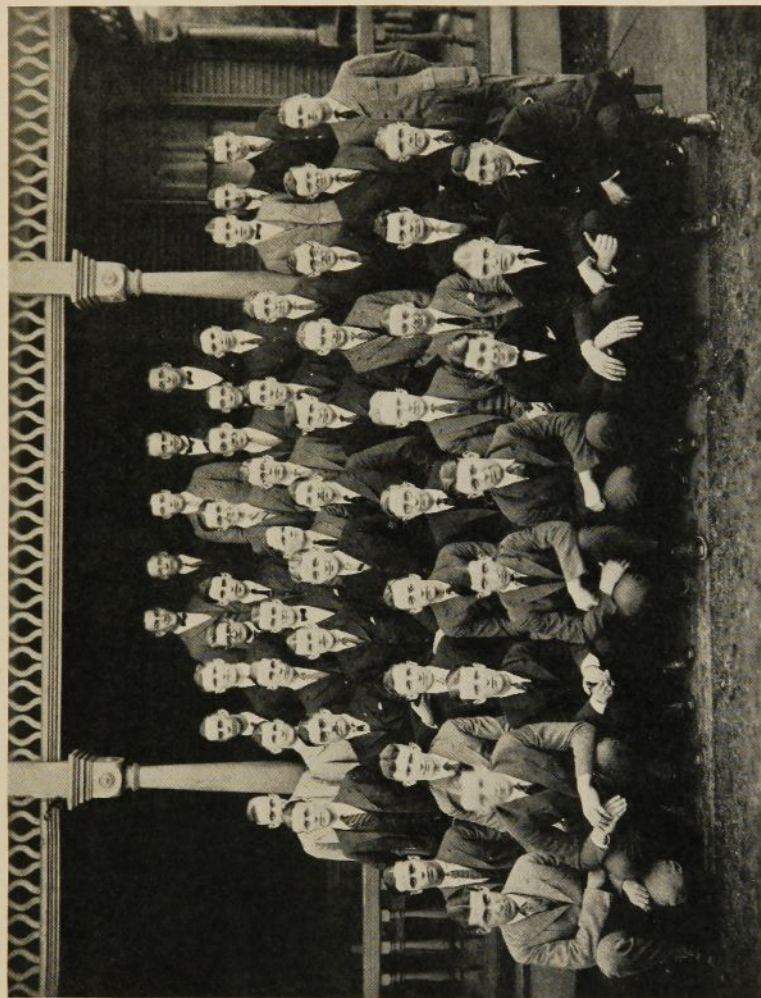

Delta Beta

C. Richard Burgis

Delta Beta '24

The new-born Chapter of Delta Tau Delta, Delta Beta, located at the Carnegie Institute of Technology, Pittsburgh, Pa., originated in the spring of 1915 as Tau Gamma Phi, under the guidance of twelve members of the College of Engineering. These men, of firm character and of high standing in the College, formed a unit which speedily developed into a strong local fraternity. The following year the membership was increased to twenty, and a house was rented and furnished. The fraternity was admitted to the Interfraternity Council and at once recognized by the School. The sound conservative policy and true fraternal spirit of the founders produced an organization which later, after all its members had been absent to do service in the World War, enabled the Chapter to reassemble with unimpaired strength. By the fall of 1919 a house located on the Campus was occupied, and due to the earnest efforts of the members the Chapter soon commanded a firm position among the other fraternities.

After due deliberation and at a meeting directly following the first Alumni Reunion of Tau Gamma Phi, the members decided to petition Delta Tau Delta for a charter. The necessary steps were taken, and the Chapter received every courtesy and consideration from Delta Tau Delta. For the next years our efforts were bent upon perfecting our organization and presenting our case to the National Fraternity. The first petition booklet was submitted in January, 1920. In February, 1921, the Eastern Division of Delta Tau Delta held its Conference in Pittsburgh, and Brothers N. W. Lind and E. R. Kime were given an audience. In May, 1921, a typewritten petition was presented to the Arch Chapter, and in August, 1921, Tau Gamma Phi was represented at the Karnea at Omaha by Brother H. H. Johnson.

Delta Beta Chapter and Alumni
Carnegie Institute of Technology
April 7, 1923

The formal petition of Tau Gamma Phi, a printed leather-bound booklet, was next submitted to all officers and chapters of Delta Tau Delta. Brothers H. H. Johnson, H. H. Burdick, and P. K. Conrad of the active Chapter, and H. L. Spencer and W. S. Miller of the alumni, attended the Eastern Division Conference in Philadelphia in 1922. Finally our efforts were successful and our hopes realized when on January 18, 1923, at the Conference in New York, attended by Brothers H. H. Johnson, J. N. Roche, V. A. Roy and C. R. Burgis, the Eastern Division indorsed the petition, and the same day the Arch Chapter granted us a charter as Delta Beta of Delta Tau Delta.

The Chapter opened the present college year with an active enrollment of twenty-one members and two pledges. After an intensive rushing period of four weeks we were successful in pledging thirteen of the fifteen men to whom bids were offered. Two pledges, held over from the previous year, were initiated in November. At the close of Carnegie Tech's 1922 football season the Chapter held its Fourth Alumni Reunion banquet at the William Penn Hotel. A number of prominent Delts from the Pittsburgh Alumni Chapter were present as guests, and also members of the nearby Delt Chapters, Alpha, Gamma, Tau, and Gamma Sigma. After two weeks of unbounded joy and hilarity, following the announcement in January that the charter had been granted, the Chapter settled down to work and the preparation necessary to our installation in April. On March 17th seven pledges were initiated. Of the remaining six men, one had withdrawn from school and five were held over till a later date due to lack of credit points in studies and school activities.

The present active members of Delta Beta are ably maintaining the position of the Fraternity in scholastic standing and school activities. Since the original organization of Tau Gamma Phi we have always placed in the first third of the competitors for the Interfraternity Scholarship Cup. For the present year Brothers Koppes and Dempsey were

presidents of the sophomore classes of the Colleges of Fine Arts and of Industries. Brother Roy is treasurer of the *Thistle* Board, member of the Point Committee and Y.M.C.A. Cabinet. Four men are on the reserve football squad, two on the freshman basketball squad, one on the Varsity squad, three on the cross country squad, two on the rifle team, and six on the spring track squad. The Chapter has always produced a strong interfraternity basketball team, and at present a champion interfraternity track team is being organized. Membership in honor societies is as follows: Tau Beta Pi (national engineering), one; Tau Sigma Delta (national architectural), one; Delta Scull (junior), one; Scarab (national architectural), two; Druid (sophomore), one. Our Chapter has in years past been well represented on the musical clubs and at present we have two men on the mandolin and glee clubs. In the matter of scholarship and school activities we feel that the Chapter is well prepared to begin her life as a chapter of Delta Tau Delta, since an active participation in the advancement of scholarship and the activities of the College has always been our aim.

Although the alumni of Tau Gamma Phi are young in years and just making their start in the business world, they readily came forward to support the Fraternity which they had helped to establish in the past years. Thirty-five of our fifty-three alumni came back from all parts of the country and were initiated with twenty-seven active members. The former graduates had a real reunion during the three days of activity, and although many had sacrificed their yearly vacations and similar plans for the future, all returned home with the conviction that they had done well in returning for the installation, and that to become a member of Delta Tau Delta was worth any sacrifice.

And so, at the threshold of a new life in a new world, the Delta Beta Chapter of Delta Tau Delta finds herself in an admirable position among the fraternities at Carnegie Tech. Interfraternity relations are on a most friendly

basis; although always in active competition with others we are able to number each group as a friend. We already find that our position as a chapter of a national fraternity has strengthened our favor among the houses on the Campus.

Delta Beta may well tender her thanks to all members of Delta Tau Delta for their courtesy and consideration during her initial stages, and recently for the greatest of all gifts—that of brotherhood in the Fraternity. We especially wish to show our gratitude to the members of the Pittsburgh Alumni Chapter who have aided and guided us toward our goal. The confidence in us shown by this body by its firm support has been and will always be a stimulus to the maintenance of one of the best chapters of Delta Tau Delta.

To all our new brothers we extend a hearty greeting and a perpetual invitation to enjoy the hospitality of Delta Beta.

The active members of Delta Beta are Kenneth Bredin Foster, Paul Cammilus Gannon, Dwight Hosack Infield, Emil William Klee, and Walter Francis Micheltree, seniors; Charles Richard Burgis, John Lester Cousins, Frank Harold Kitchell, Charles Joseph Kuhn, Vincent Alexander Roy, and William Gilbert Sullivan, juniors; Robert William Bankier, Robert William Bier, Thomas Joseph Dempsey, Harold H. Hill, Wayne Farland Koppes, Robert Jose Kredel, James Grosvenor Lord, Herbert Leslie Nickles, and Frank Edmund Powers, sophomores; and Edgar Lipscomb Bell, Ernest Meade Butler, Amos Clarke Lackey, George Ewing Lambert, Malvern Hays Marshall, Howard Evans Strong, and Vernon Louis Wendlandt, freshmen.

The alumni of Tau Gamma Phi who were initiated into Delta Tau Delta, together with their occupations and addresses, are given in the list which follows.

Benjamin Franklin Anthony	College Instructor	5064 Forbes Street, Pittsburgh, Pa.
Ray Gilbert Bergstrom	Architectural Draftsman	623 Sturgis Street, Ft. Wayne, Ind.
Harry Jones Blackburn	Pres. & Gen'l Mgr.,	1365 Paulson, E. E., Bigelow Supply Co. Pittsburgh, Pa.

Howard Adolphus Burton Bliss Henry Hamlin Burdick	High School Instructor Sales Engineer, Cutler-Hammer Mfg. Co.	616 N. Vine Street, Orrville, Ohio. Kresge Building, Detroit, Mich.
John Otto Cahill	Architectural Draftsman	745 W. Market St., Akron, Ohio.
Paul Krug Conrad	Salesman	67 Siverly Ave., Oil City, Pa.
Roswell Burt Dunham	Asst. Manager, Sheet Metal Co.	138 Main Street, Fairhaven, Mass.
Egny George Thorlin Dvileskis	Production Mgr., Waterbury Mfg. Co.	4 Popular Street, Waterbury, Conn.
William Fisher Eames	Engineer, Westing- house Electric Co.	121 Stratford Ave., Pittsburgh, Pa.
Arthur John Edstrom	Mechanical Engineer	425 S. Rebecca St., Pittsburgh, Pa.
Allen Lewis Heston	Mechanical Engineer	18 Woodland Ave., Columbiana, Ohio.
Clarence Willard Hunt	Architectural Draftsman	5064 Forbes Street, Pittsburgh, Pa.
Edwin Howard Johnson	Coal Miner	Masontown, Pa.
Horace Halbert Johnson	Miner, Hillman Coal & Coke Co.	Masontown, Pa.
Irvin Cromer Imler	Mechanic	2929 Belrose Ave., Dormont, Pittsburgh, Pa.
Paul Eiselstein Joachim	Musician	1523 Virginia St., Charleston, W. Va.
Norman William Lind	Secy. & Asst. Treas., Ind. Service Corp.	640 College Ave., Pittsburgh, Pa.
Ernest Frederick Lundeen	Chief of Research Laboratory	12722 Barrington Ave., Cleveland, O.
William Seiffert McAleer	Salesman	102 N. Fremount St., Bellevue, Pa.
Charles Robert Matthews	Estimator	413 Hastings St., Pittsburgh, Pa.
Walter Scott Miller	Assistant Engineer Sewage Commiss.	533 Reynolds Ave., Hagerstown, Md.
John Martin Monstream	Salesman	5931 Goliad Street, Dallas, Texas.
Loyal Johnson Murphy	Electrical Engineer	6702 McPherson St., Pittsburgh, Pa.
Orvil Ransom Olmsted	Construction Engineer	220 Newport Ave.S., Detroit, Mich.

Emerson Martindale Pugh	Instructor, Carnegie Institute of Tech	5555 Beeler Street, Pittsburgh, Pa.
James Norman Roche	Student, University of Pittsburgh	5064 Forbes St., Pittsburgh, Pa.
Harry Elton Rudy	Concrete Engineer	425 S. Rebecca St., Pittsburgh, Pa.
Robert Ralston Sawhill	Teacher	120 Oakdene Ave., Crafton, Pa.
Gerald Ozem Schoonover	Architectural Draftsman	5064 Forbes Street, Pittsburgh, Pa.
Herbert L. Spencer	Instructor, University of Pittsburgh	3412 Iowa St., Pittsburgh, Pa.
Burton Elliott Squires	Salesman	5815 Alder Street, Pittsburgh, Pa.
Harry Watson Stone	Architectural Draftsman	686 Grand Street, Morgantown, W. Va.
Harold Weigold	Foreman, U. S. Rubber Co.	220 S. Newport Ave., Detroit, Mich.
Harold Albert Wieland	Architectural Draftsman	753 E. Broad St., Columbus, Ohio.

The Installation of Delta Beta

M. R. Robinson

Gamma Gamma '19

When two hundred and thirty-six loyal and enthusiastic Delts led by Brothers Sunny Jim Wakefield, Bielaski, Miller, Patton, Lindemuth, Hemmick and other Delt notables, finished a gala "Walk-around" in the ball room of the Hotel Schenley, Pittsburgh, on April 7th, the curtain was rung down on one of the greatest fraternity celebrations ever held in the Smoky City. Not since back in 1909 when the Karnea graced the city with its presence has there been such a showing of Delt spirit there.

The occasion for all the jollity was the installation of the Delta Beta Chapter at the Carnegie Institute of Technology, and the "Walk-around" was the concluding event in a two day series of celebrations.

Friday evening, April 6th, at the Rittenhouse, more than two hundred and fifty couples attended a formal ball and reception given by Tau Gamma Phi as its final party prior to its installation as a Chapter of Delta Tau Delta.

On Saturday afternoon, under the direction of Brother Norman MacLeod, president of the Pittsburgh Alumni Chapter, the initiation of sixty-two members of Tau Gamma Phi took place in the Carnegie Union on the Tech Campus. The initiation ceremonies were handled by a committee of the Pittsburgh Alumni with Brothers Dan Mullane and Earle Jackson in charge. Each of the four undergraduate chapters in Western Pennsylvania—Alpha, Gamma, Tau and Gamma Sigma—had a representative on the initiating team.

After the initiation the brothers adjourned to the Hotel Schenley, where they were greeted with a repast and an entertainment such as only those who are acquainted with the experienced Brother Harry Birmingham, the connoisseur of banquets, will even be able to imagine. The speakers at

the banquet included Brother Bielaski, who presented the charter, and Brother Burgis, the president of Delta Beta, who received it; Brothers Patton, Lindemuth, Perl Miller and Hemmick of the Arch Chapter; Brothers Caley and Hopkins, from Cleveland, who told of the wonderful plans for the coming Karnea; and of course our own Brothers A. W. Thompson and Jim Wakefield. Brother Nick Riviere of the Pittsburgh Alumni Chapter played the part of a clever toastmaster, who did not permit one moment to lag.

Shortly following the installation came the All-Carnegie Tech and All-Pitt Fraternity Smoker given on the evening of April 21st by the Gamma Sigma Chapter at the University of Pittsburgh.

Tech and Pitt are bitter rivals. The installation of a Delt Chapter at Tech when there was one at Pitt required something to cement the fraternal feeling between the two institutions, and the Pitt Chapter came to bat in great style with a wonderful evening of smoke, entertainment, and jollity at the Chapter house. Three representatives of each undergraduate chapter at Pitt and Tech were invited, in addition to all the members of Delta Beta. More than one hundred and fifty fraternity men attended and every chapter at the two schools was represented.

The evening was a great success and no doubt did much to create a far better feeling between the fraternity men of the two institutions and especially did it show the new Chapter that Gamma Sigma was ready to co-operate with them in every way. The Pittsburgh Alumni Chapter was represented by Brother Nat Degan of Delta, and he voiced the sentiment of the entire Chapter when he congratulated the Gamma Sigma boys on the plan they had carried out so delightfully.

Philip S. Van Cise

Beta Kappa '07

District Attorney of Denver

L. Allen Beck

Gamma Theta '09

J. Rufus Wallingford and Blackie Daw, in their fleeci-est days, were, relatively speaking, salesmen of mediocre ability and modest attainments. But this fact was not apparent to the people of Denver until the morning of the twenty-fourth of August, 1922, when they awoke to learn that thirty-three members of an alleged million dollar confidence ring had been rounded up by our District Attorney. Brother Philip S. Van Cise, who was elected to that office in 1920, clings to the notion that a public official should take his oath of office seriously. Spurning the pre-election offer of the recognized head of Denver's underworld to support him and pay all his campaign expenses, he immediately set out to plant the bomb that would break up the gang of leaches who preyed upon Denver's visitors, each year, to the tune of hundreds of thousands of dollars.

It is said that the "con men", or "buncs", as we have learned to call them during the past few months, cannot operate without police protection that is absolutely tight. Lou Blonger, who, out of the goodness of an old man's heart, had asked the privilege of financing Phil's campaign, had held forth in Denver some thirty-five years, without one arrest to his debit, until that unfortunate day last August when he, with his chief lieutenants, A. W. Duff and "Dapper Jack" French, were trapped in the net with their underlings. Blonger had assured his men that there was no danger, for a raid could not be staged without the aid of the police, in which event they would be warned in ample time to get under cover.

For months the District Attorney had been making his

Philip S. Van Cise, Beta Kappa '07
District Attorney of Denver

preparations. Information was obtained by his investigators through a dictaphone in Blonger's office, through anonymous letters from a "con man" who had been double-crossed, and from several "suckers." Knowing the futility of trying to work with the city administration on such a crusade, he kept them absolutely in the dark as to his plans. He enlisted the financial support of a dozen private citizens. He staged a few bootleg and gambling raids to allay the suspicions of the bunco men. When all was ready, the State Rangers were called in to make the arrests; a church was converted (that is not intended for a pun) into a temporary bastille—that no tip might be sent out from the county jail; and ere they knew it the thirty-three victims were seated in a Sunday School room, wondering how it had all happened. Officials at City Hall were gasping, the police were pinching themselves and blinking their eyes, and the Mayor was flaying the District Attorney for "extravagance," and resenting the slight to his Department of Safety.

Nearly seventy "buncs" were known to be in Denver the day of the raid. About half of them escaped. Several of those arrested were later released for lack of evidence. Others, released on bail, preferred to have their bonds forfeited. A dozen or more of Denver's most able criminal lawyers were subsidized by the "ring," and the legal battle began.

After many motions and counter-motions, the jury was selected, and the opening arguments were made on February fifth. The next six weeks were weeks of education and thrills for those of us who had been trying all these years to get ahead a little by shaving ourselves and shining our own shoes. We read of "suckers," "lambs," "steerers," "spielers," "bookmakers," "tailors," "fixers," the "play to the wall," and the "pay-off game." Our eyes bulged at the daily violent fluctuations of "Western Sugar," "Mexican Petroleum," and other mythical insecurities, which wiped out fortunes in a few minutes; of that mile-a-minute steed, "Deneen," who ran six record races per hour, day in and

day out, always losing, of course, on the seventh. The mockery of it is that "Deneen" ran all his races in a room just two floors above the office of the writer, and not even a whinny was heard below.

We read the story of the inner working of the "ring," as told by the former "steerer" and "bookmaker" who turned states-evidence—learning from him the details of the play, from the "spotting" of the "sucker" until his money is separated from him to be divided in certain fixed percentages among the various actors; and also the "ring's" connection with the police, through the subsidizing of certain detectives and higher-ups. And we heard the story of J. Frank Norfleet, the Texas farmer who is called the "Nemesis of the bunco man." Buncoed twice, for a total of \$45,000.00, he set out alone, with three guns, a pair of handcuffs, and a requisition, to get the men who took his money. We learned how, single handed, he had captured the leader of this gang in Los Angeles, only to have him escape from two deputy sheriffs whose laxity made them thousands of dollars but landed them in the penitentiary; how, undaunted, Norfleet then trailed this man who had buncoed him from California to Florida, where he deliberately rescued him from the police and his fellow "buncs", and returned him to Texas for trial and the penitentiary.

And then, unexpectedly, on the twenty-second of March, the prosecution rested, and the defense permitted the case to go to the jury without introducing one word of testimony, and without argument. There was much speculation as to the outcome. It was said that three of the jurors had been bought, and there seemed little hope of conviction. But six days later the jury found the twenty defendants guilty of conspiracy. The following week, a grand jury recommended the dismissal of the Commissioner of Safety and six other city officials.

Philip S. Van Cise is the "Man of the Hour" in Denver. He has refused to consider the appeal of the newspapers and the various civic organizations that he make the race,

in May, for Mayor of Denver, opposing the present administration, whose rottenness he has exposed. Phil rather likes the job of District Attorney. When he first entered upon the practice of law, in partnership with his father, fourteen years ago, he stated to his friends that his only political ambition was to be District Attorney of Denver, and give our city a much-needed overhauling. Up to so far, it has resembled a dry cleaning. It is predicted that Phil will be drafted for United States Senator two years from now. We haven't had a Delt Senator from Colorado, and it is about time for our State to be properly represented in Washington.

Phil was born in Deadwood thirty-nine years ago, and has been a resident of Denver since 1900. He entered the University of Colorado in 1903, becoming a member of Beta Kappa Chapter, and receiving his A.B. from that institution in 1907 and his LL.B. in 1909.

He is inherently a scrapper. In the fall of 1909 he organized a company of the Colorado National Guard, which functioned during the coal strike of 1913-14 to the credit of itself and its young Captain. Enlisting among the first on our entry into the World War, Phil served twenty-six months in the army, sixteen months being in France. He advanced from First Lieutenant in the first officers' training camp at Fort Riley to Lieutenant Colonel of Infantry, going over the top with the First Division at San Mihiel, and later serving upon the General Staff of the American Expeditionary Forces. A few months ago he was awarded the Distinguished Service Cross for gallantry on the field.

Politically, Phil is a Republican, having been one of the original Bull Mooses—or is it “Meese?” Fraternally, he is very much a Delt. He deserves most of the credit for the organization of the present Denver Alumni Chapter, in 1909, becoming its first Secretary. He has since served as the Chapter's President, and is now filling the very exacting office of Vice-President. Be it said to the credit of the Fraternity that of all the men Phil has sent to the peniten-

tiary since he became District Attorney, he has never yet been able to get the goods on a Delt.

Editorials from Denver papers

Philip S. Van Cise has proved himself a bigger man than a good many pessimists believed him to be, and he has disarmed the cynics who said it was all a piece of stage play to secure the mayoralty, his work of the last eight or nine months in attacking graft and vice in high places.

Declination of candidacy of the mayoralty by Mr. Van Cise when all that was asked to make certain his election was to consent to the use of his name, required of him, a young man, firmness, decision, a determination not to be swayed from his purpose, that must appeal even to his opponents. He had the office—and it is a high office, to which the very best citizenship may worthily aspire—within his grasp, and surrendered it willingly to carry out his contract made with the public something over two years ago when elected to the district attorney's office. He is going to complete his term and has given notice thus early that he will not be a candidate for re-election. He is a free man. No one can well accuse him of seeking political preferment in whatever he may feel it his duty to do in his present office. His position today is an enviable one in this respect.

A ring of confidence operators in this city has been broken through conviction in the District court on charges of conspiracy. So far so good. But the battle is but half won.

To accomplish what has been done to date it became incumbent upon District Attorney Van Cise to be crusader, policeman and prosecutor by turns. He had to appeal to the good citizens to

go to his aid with money to secure evidence. Then he had to organize a force of his own to get the evidence and make the arrests when the moment arrived to swoop down upon the thirty or forty chiefs and aids who had their operating field guarded and protected, as they imagined, against any kind of interference. They were certain that city hall would not do anything and, if an outsider interfered, city hall would give the word in time. The one mistake the leaders made was in not knowing the determination and resourcefulness of the district attorney.

Rocky Mountain News, March 30, 1923.

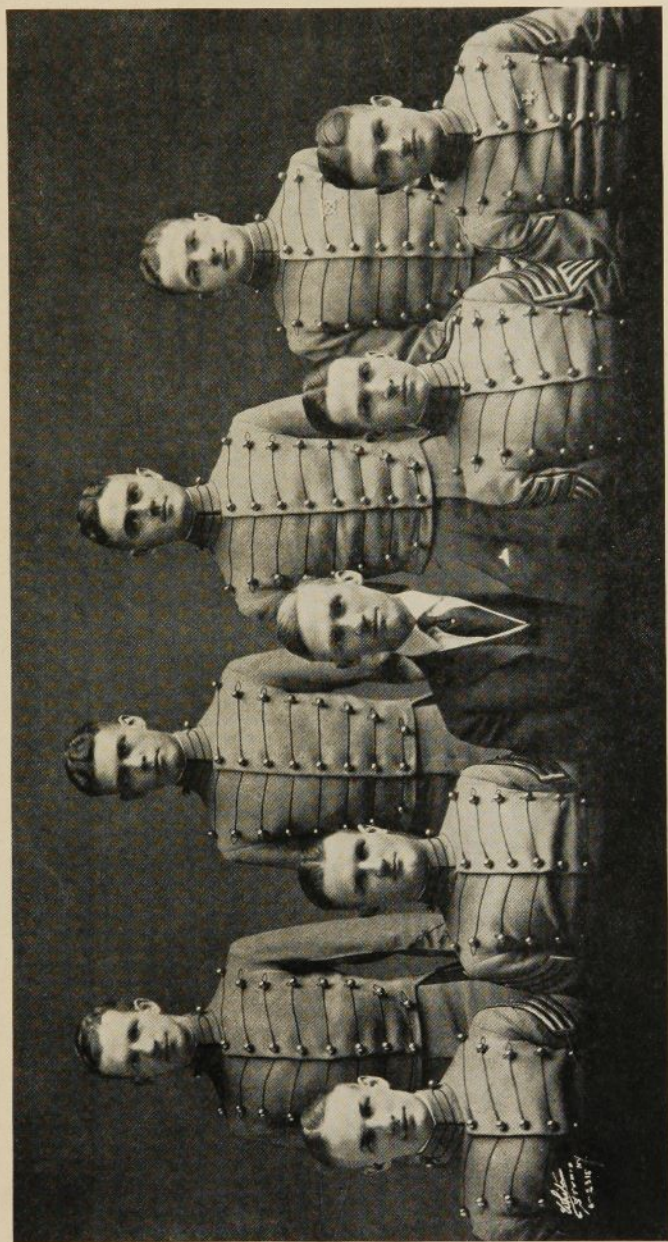

Delta Tau Delta at West Point

After a silence of two years, the Delts at West Point ask to have their say in the pages of THE RAINBOW. Many a time we wish that we were back in our old chapters doing things for Delta Tau; but as this can not be, we can, at least, tell what we are doing at the United States Military Academy in carrying on the Delt tradition and spirit.

Foremost among us is Chaplain C. E. Wheat of Beta Theta '04, who is more of a true Delt and Cadet than any of us. In addition to his many duties on the post, he is coach of the Academy tennis team; he has brought it from nothing at all in 1919 to an excellent position among minor sport squads. Due to his efforts we have nine matches this year including one with the Navy, which has long been the fond desire of the tennis enthusiasts here.

Brother Charlie Stewart, Gamma Eta '22, is the Regimental Adjutant and Captain of the tennis team. Brother Bill Leaf of Alpha '22 is a member of the polo squad which is to play in the intercollegiate matches at Fort Hamilton in the middle of May, and stands an excellent chance of winning from the eight eastern colleges which have this sport. Brother John Chambers, Delta '21, was manager of the swimming team which has just completed a most successful season. Both of these men are lieutenants in the Corps. Brother Jim Short, Gamma Beta '21, completes the list of first classmen who are to graduate this June. They expect to go into the Corps of Engineers, Field Artillery, Air Service and Infantry respectively.

In the second class we have Brother Guilford, Beta Kappa '21, who played a prominent part in the recent indoor meet, the interclass athletic contest of the winter season. His classmate, Brother Dasher, Gamma Eta '23, is manager of football next year, and is the best shortstop the Army nine

BACK ROW. Short, Gamma Beta; House, Gamma Xi; Connolly, Gamma Eta; Hauck, Gamma
 FRONT ROW. Leaf, Alpha; Chambers, Delta; Chaplain C. E. Wheat, Beta Theta; C. W. Stewart, Gamma Eta; Dasher, Gamma Eta

has had for years. Brother Hauck, Gamma '23, of the third class, is a member of the football squad and may be expected to play quarterback for us one of these days. In the fourth class are Brother House, of Gamma Xi who is on the choir and cadet orchestra, Brother Conzleman who was on the football squad last year and is now working at Spring practice, and Brother Connolly who will return next year with Brother Jones, both being from Gamma Eta. Bx

For the last five years we have had, on the average, more men here than any other national fraternity, and at present there are only one or two that have a greater number than ten. At the same time Gamma Eta has been represented by five men, including Brother Stokes, the well-known Army center of 1917, and Brother Herron, who are now lieutenants in the Service. Although we always look over each class that comes in for new Delts, it sometimes takes a long time to find out about them. If there are any Delts entering this year, a note dropped to one of us will assure them of friends from the very first day who will be only too glad to help them.

Many times during the year we have the opportunity of seeing Delts on the visiting teams from other colleges and are always glad to learn what the world outside is doing. Although no organizations of any kind are permitted in the Corps, we are the only one of the four great institutions on the Hudson—Sing Sing, Mattewan, Vassar and West Point—that has anything approximating a Delt Chapter, so you can always be sure of a welcome here any time you care to risk paying us a visit.

Frank S. Hemmick

Gamma Eta '09

John L. Cable

The following article was written by a classmate of the Editor at the request of the President of the Fraternity, who insists on its publication. The Editor is deeply appreciative of the sentiments expressed by Brother Cable, whom he counts as one of his real friends, and whose successful career he has followed with delight and pride.—ED.

I count it one of the greatest pleasures of my life to have known Frank Hemmick and to have him for a friend. Going to George Washington University, at Washington, D. C., in 1908, and affiliating with Gamma Eta Chapter, I soon recognized Frank's ability, his scholastic standing, and the fact that he was a true Delta Tau Delta.

Frank is a truly self-made man in every sense of the word. He has been self-supporting since he became a page in the United States Senate at the age of fourteen. Relying on his own efforts, without financial aid, and by hard work and studious application, he acquired for himself a liberal education, graduating with distinction from George Washington University in 1909. In the University he was active in student affairs. He edited the weekly paper, was secretary of the Class Presidents' Association, the student governing body, and held many class and school honors. He was a charter member of Gamma Eta Chapter, later serving as its head and as Chapter Adviser.

While still in the law school, he secured an appointment as a law clerk in the General Land Office, and I know that the taxpayers of the country received two dollars' worth of service from him for every dollar that Frank received. He gave careful consideration to his work, was thorough, painstaking and industrious, and became one of the most dependable men in the General Land Office.

Frank is a World War Veteran. Although beyond the draft age, without previous military experience, and with a

wife and family, he entered the Officers' Training Camp at Fort Myer, Virginia, as a result of which he was commissioned a First Lieutenant in the Air Service, and assigned to the command of the 368th Aero Squadron at Langley Field, Virginia. As luck would have it his unit did not get across. He continued to serve with it until after the Armistice, when he was transferred to the Claims Division of the Air Service in Washington, rendering excellent service until he received his discharge.

He thereupon returned to the Interior Department as an attorney in the office of the Solicitor, where many problems arising out of the war were placed before him for disposition. On the passage of the Oil Leasing Law in 1920 he was assigned to the adjudication of cases under that law and the general mining laws. He tackled them with untiring effort, and I feel certain that when he left the Department each one of the important matters placed before him had been finally determined in a proper, just and impartial manner between the Government and the outside parties.

As a member of the Fraternity I am proud of the fact that we have secured Frank Hemmick for our Editor and Central Office Manager.

ALPHA

ALLEGHENY

Allegheny completed a most successful football season under the tutelage of Brother Herb McCracken, Gamma Sigma '21. However, it is next season to which we look forward, for Brothers McCracken and Captain-elect Morley have a large squad of experienced and powerful men for what promises to be Allegheny's greatest team. An ambitious schedule featuring West Virginia University and Bucknell has been arranged. With three backfield letter men in Brothers Morley, Logan and Smith, Alpha intends to have her share of representatives on the gridiron.

Coach Brother Dick Baker, Alpha '10, returned to his Alma Mater to build up a basketball team around Brother Wise, Varsity center for the past three years. With material not up to the usual Allegheny standard a squad was trained which had a fairly successful season and bids fair to do greater things next year.

With the hardwood floors now a reality, due in a large measure to the untiring efforts and business like methods of Brother Wise, a very pleasant social season has been enjoyed. The new floors and other improvements make the Old Stone House all that could be asked in comfort and attractiveness.

In the death of Brother Harper, Alpha '99, our Chapter Adviser, we have lost a sympathetic friend and wise counsellor, whose place will be hard to fill. Under his wise and careful guidance Alpha has accomplished much in the past

two years. His death is a personal loss to every one in the Chapter.

With Sunny Jim Wakefield, Alpha '89, as toastmaster, our initiation banquet could not be other than an evening of eloquence and enjoyment. At this time Pledges Mytinger, Smith, Hobaugh, Archbold, Davis, Evans, and Voegtly were initiated.

HUBERT P. MORLEY.

BETA

OHIO

Since our last letter to *THE RAINBOW* we have held two initiations. On February 17th Chauncey J. Mardis was initiated and on March 18th we introduced Brothers Saxon A. Hudson, Arthur E. Cameron, Stanley Van Atta and John C. Mullineaux to the mysteries of Delta Tau Delta. We were also fortunate in securing the following new pledges: Oris Hamilton, Cincinnati; William Keping, New Philadelphia, Ohio; and Ravaud Chapman, Warren, Ohio. Brothers Ferry Cady and Theodore Stuart of last year's chapter decided that a little learning is a dangerous thing and returned to Old Ohio at the beginning of the second semester.

Plans for our new home have been completed and building will have commenced before this is in print. The house will represent an expenditure of forty thousand dollars and will accommodate twenty-eight men. It is to be built just east of Science Hall and across from the Beta Theta Pi house on a bluff overlooking the Hocking River.

Ohio has completed a successful basketball season by handing Wittenberg the first defeat of the season. The score was 41-27. Brother Burkett, captain, was our representative on the team. He was chosen All-Ohio guard by the two of the leading critics of the state. Brothers Burkett, O'Donnell, Cady, Herbert and Bowers are on the Varsity baseball squad. Brothers Herbert and Mortz are members of the Varsity track team.

We were recently honored by the election of Brother

Welch to Torch. He is also a charter member of the honorary commercial society. His room mate, Brother Neilson, is chairman of the Junior Prom Committee. Brother Neilson is also president of the Glee Club and he and Brother Lewis are on the Varsity quartet.

An initiation, banquet and general get-together is planned for June. Alumni and nearby Delts please take notice!

FRANKLIN H. CARPENTER.

GAMMA

WASHINGTON AND JEFFERSON

With the second semester half over, Gamma is looking forward to two big events, namely, the installation of a new chapter at the Carnegie Institute of Technology and our house party in June.

About twenty of the brothers expect to attend the formal dance at the Rittenhouse, given by Tau Gamma Phi, which has just been granted a chapter of Delta Tau Delta, and also the installation and banquet.

Washington and Jefferson is making a drive for her endowment fund. We hope that all Delt Alumni of Gamma Chapter will not forget their Alma Mater when they are approached for a subscription and that they will give as generously as their finances will permit. Only with the cooperation of all alumni can this drive be a success.

Saturday evening, March 24th, Gamma Chapter held her sixty-second annual formal initiation at the Masonic Temple. At this time eight men were initiated. We have the pleasure of introducing the following brothers: Joseph C. McCracken, Altoona, Pa.; Richard D. Keck, Greenville, Pa.; Joseph M. Altemus, Johnstown, Pa.; Cortlandt K. Bradbury, Wheeling, W. Va.; John D. Ritchey, Pittsburgh, Pa.; Thomas F. Smith, Wheeling, W. Va.; John W. Welsh, Leechburg, Pa., and Robert W. Moorhead, Aleda, Ill.

After the initiation a formal dinner was held at the George Washington Hotel in honor of the new men. Many splendid addresses were given. A motion was made by Brother

Bill McFall, to the effect that all Gamma Alumni pay annually the sum of ten dollars to be paid on or near the first of May to the Delta Tau Corporation, to be used for the clearing of the house debt. This motion was seconded by Brother George McCoy.

Brother Beany Means, Class of 1915, has been staying with us the past month. His happy disposition and ever present smile have made him a great favorite among us. Beany has one failing, and that is bridge. Ever since reading the story, "Low Bridge" in the Saturday Evening Post, his one and only ambition is to hold thirteen of one suit.

Pledge Robert G. Baker is unable to be with us this semester on account of the death of his father. We extend to him in this hour of his bereavement our heartfelt sympathy.

Brothers McKissock, Dunn and Altemus have proven themselves to be wrestlers of no mean ability. In the recent tournament held here Brother Altemus succeeded in reaching the finals. Dunn and McKissock lost their bouts with time advantages, neither one having been thrown. We are expecting great things from them next year.

DEAN M. WARREN.

DELTA

MICHIGAN

With the school year almost completed, Delta Chapter can look back with a feeling of satisfaction. Our pledges came through in a pleasing manner, and Delta would like to announce the following initiates: John Roberts Todd, Duluth, Minn.; Samuel Musser Wetzels, Windsor, Ont.; Joseph Thomas Price, Chicago, Ill.; Gaylord Byron Wilson, Milwaukee, Wis.; Harvey Ashton Wilson, New Orleans, La.; Allen Adolph Meyer, Kalamazoo, Michigan.

The Chapter is also glad to introduce the following pledges: Calvin Stremlau Koch, Arlington, N. J.; Harry Ganes Messer, Grand Rapids, Mich.; L. Keith Wilson, New Castle, Pa.

The new brothers were entertained at an initiation banquet in Detroit with the Active Chapter and many alumni present. A wonderful dinner, music, and several good speeches finished off the evening.

Our greatest hopes have now been realized for we can feel sure that we shall be installed in our new house by February, 1924. Thanks to the Detroit Alumni Chapter, our present house is sold, and work will begin on the new one immediately.

Michigan has followed her football triumphs with a winning track team. So far, we have taken the Conference Indoor Track Meet and the Dual Meet with Cornell. Michigan won both meets by very comfortable margins. Delta is represented by Brother Higgins, hurdler, and sprinter, and Brother Martin, who runs the 100, 220 and 440. Both are making a splendid record. Brother Graves is assistant track manager this year, and is bidding strongly for the manager's job next year.

JACK H. PAGE.

EPSILON

ALBION

Since our last chat with our brothers, Epsilon has had a large year. A great many difficulties and obstacles have come before us and with hard work we have overcome them.

The most noteworthy of these was a series of fires which threatened to put our school out of business. Our main building and administration hall was completely destroyed just before Christmas vacation, and we had no sooner returned and had started in school when another of our buildings, old North Hall, was the next to be the scene of disaster. It was not long, however, before we were back to work, although working under somewhat of a handicap. It is the opinion of the faculty and the insurance company that the fires were of an incendiary nature.

Albion College has just successfully completed a campaign for a million and a half endowment and a building program,

which will make our campus second to none of the Michigan colleges, is soon to be entered upon. The new buildings planned are a gymnasium, an administration building, a women's dormitory, and a biological laboratory. The future of Albion is bright and we all have confidence in the administration.

"Spring has come" and a young man's fancy lightly turns to track and baseball. In track Brothers Griffin, Houldsworth, Ed Smith, G. Smith, and Pledgeman Barlow are likely candidates for the team. Brother Ed Smith, captain of this year's baseball team, is a southpaw of exceptional ability and we look forward to taking another championship in the M.I.A.A. Brothers G. Smith, Eastman, Clascoff, W. Shields, and Bell are all out and working hard for the team.

It has been the policy of Epsilon in the past to favor the pledging of athletes and as a result our scholastic standing has suffered. In the last two years the Chapter has made great improvement in a scholastic way and we are very optimistic as to the future. Though still in the last place at the end of the last semester, our standing has advanced and we have received a letter of praise from our "Prexy", Dr. Laird. Watch us go now that we have made a start.

Nine Epsilon Delts had the good luck to take the trip to Cincinnati for the Northern Division Conference, March 2nd and 3rd. Except for being stuck in the mud and a little engine trouble, the trip was enjoyed by everyone. The Cincinnati Delts are real entertainers and some of us have not recovered from the effects of those "barn-yard meer-shams" yet.

Another little jaunt is before us, the KARNEA at Cleveland, and you can wager that Epsilon is going to be there en masse. We expect to see you all, around the last of August.

RANSOM P. FICHER.

ZETA

NO LETTER

KAPPA

HILLSDALE

Since the last RAINBOW, Kappa has initiated five of her promising pledgemen. They are: Farley Ferguson, Ralph Taylor, Carson Harmon, Vernon Edgar, Leland Cross and Charles Roby. Our initiation ceremony was a great success, with a number of alumni back, including their pep of former years.

Hillsdale has completed her basketball season and Kappa is proud of her two Varsity men, Brother Schell, captain of the team, and Brother Gettings, while Brothers Taylor, Edgar and Harmon and Pledge Morlock helped to defeat the Varsity in their annual tilt.

Reviewing other activities, Kappa is well represented. Two of our men are serving on the *Collegian* staff, while three others are promoting the endeavor of the *Winona*, our annual. The presidency of the Senior Class, two offices in the men's literary societies, and the presidency of the "Y" belong to our men.

In the coming track and baseball season, there will be on the field Brothers Schell, Gettings, Harmon, Ferguson, Edgar, Kirk, Cross, Larson, Hicks and Woodford.

We are now looking forward to our annual Mother's Day celebration. Last year it was established in the hope that it would be an annual event. And so it is, on May 13th Kappa Chapter will hold her second annual Mother's Day. The committee in charge is already at work on invitations and programs.

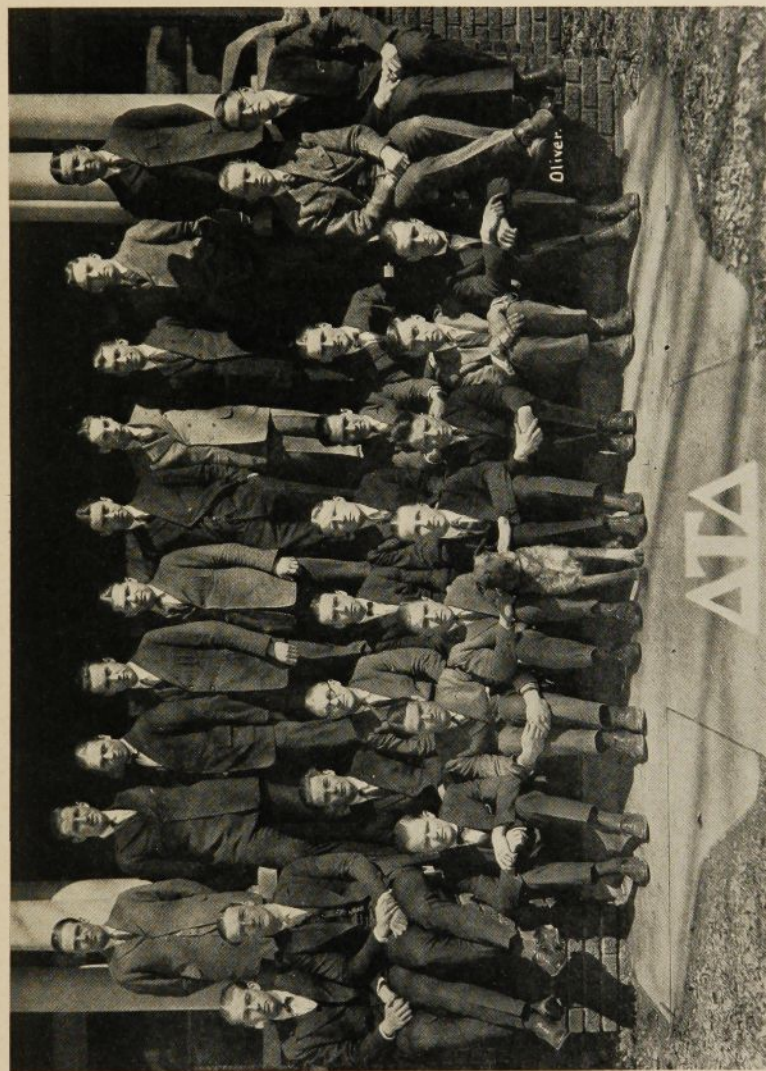

On February 13th, the house was partially destroyed by a fire which started in the basement and did considerable damage in the rear. As a result, a complete job of redecorating is being done. When the excitement is over, drop around and see our "new home."

A. L. SCHMITT.

LAMBDA

VANDERBILT

During the second term we have pledged three new men: Clay Alexander, Somerset, Kentucky; John Kinney, Nashville, Tennessee; and Rollyn Seawell, Dallas, Texas.

Kappa Chapter—Hillsdale
1922-1923

One of the happiest events of the year for Lambda Chapter was the winning of the interfraternity basketball championship. We can now appreciate the feelings of a "dark-horse" after winning a race, for, at the beginning of the season we were classed as "second raters." In the tournament we contended with some very strong teams. This is evident from the fact that we won two of our games by a close margin of one point. The cup now rests on our mantle—an incentive to all Deltas to work hard and put Lambda Chapter at the head of things in Vanderbilt.

The Fraternity will be represented on this year's baseball team by Brother Tot McCullough, at first-base, and by Brother Jesse Neely in the outfield.

We regret the loss of Brother Hugh Mixon, captain-elect of Vanderbilt's 1923 track team, who has transferred to Leland Stanford University.

ALDRIDGE GEORGE.

MU

OHIO WESLEYAN

On February 22nd the following men were initiated: John S. S. Fessenden, Pittsburgh, Pa.; Sylvester H. Rynearson, Pittsburgh, Pa.; Rollin L. Rosser, Arcanum, Ohio; George W. Atkinson, Charleston, W. Va.; and Norman W. Olsen, Ashtabula, Ohio. The usual initiation banquet was held at the Chapter House in the evening. Many of the alumni were back for the occasion and everybody had a royal good time. The symposiarch of the occasion was Grimes Ferrell, '19. Speakers were Henry Brownell, Mu '90; Wm. G. Hormell, Mu '89; Perl S. Miller, Beta Phi '12; and Donald McConnell, Mu '23.

With the opening of the second semester Brother Hovis returned and has been working on the track team. He has been making some mighty good time and tied the record in indoor work here in the 440. He is also making good time on the relay team.

Brothers Rosser and Coleman have received Glee Club

Keys this year, having participated in fifteen formal concerts, outside of Delaware.

The following are now out for the baseball team: Brothers Kellogg, Maynard and Wilson. Brother Staten is coaching freshman baseball. Brothers Rosser and Atkinson and Pledge Kofsky are working hard in spring football. All three received their numerals this year.

Nine of the boys were present at the Northern Division Conference March 2nd and 3rd in the Gibson Hotel, Cincinnati, Ohio. Seven of these nine "bummed" their way and enjoyed every minute of the trip.

With June soon at hand we are about to loose eight good men who will graduate with this year's class. These are Brothers McConnell, Forsythe, Dunn, Brownell, West, Eliot, Maynard and Michel.

PAUL F. DETWILER.

NU

LAFAYETTE

We are well on our way in the second term, and thus far have kept our number intact. By more stringent scholarship rules we have succeeded in raising our standing several points, and have moved away from the precarious position down near the end which we occupied last year.

In our recent indoor tournament at college, Brother Boos won the championship in the 156 pound boxing class, and Brother Wood was runner-up in the heavy weight class.

In the elections for positions on the board of the college weekly publication, *The Lafayette*, Brothers Don Morgan and Erv Sachsenmaier were elected. This gives us a representation of seven men on the board. Brother Owens is working for Junior assistant baseball managership, and Brother Morgan is out for the same end in track. Brother Richards, the present track manager, graduates in June. Brother Seaman is trying out the old arm, and finds it better than ever before. He has done quite a bit of pitching in this three years at college—having

made his letter in baseball. Brother Montgomery will report for track after Easter vacation.

There has been much discussion around College concerning the adoption of the Honor System, and at present, conditions point to its acceptance in the near future. The Interfraternity Council is discussing new rushing rules. There have never been any rules governing pledging—except prior to the opening of college. The question now is, How long after the opening of college shall fraternities wait before they pledge any new men? So far no definite action has been taken.

RICHARD G. HAHN.

OMICRON

IOWA

Omicron has had a very successful and eventful year. We have accomplished much, and in the midst of the whirl of university and fraternity activities upon the campus, we are finding new worlds to conquer every day.

Formal initiation was held Sunday, March eleventh, at which time the mysteries of Deltaism were revealed to eleven deserving neophytes. Delts, greet your brothers—Bill Fleckenstein and Jerry Finley, Faribault, Minn.; Bill Van Oosterhout, Orange City; Boots Nasby, Bode; Gord, Johnston, Des Moines; Jack Titus, Spencer; Don Hines, Cedar Rapids; Chuck Horton, Hawarden; Zeke Hass, Chariton; Paul Rosewall, Algona; and Chris Hauser, Charles City. They are all men with the true Delt spirit and we are proud to have them as brothers.

We also have three pledges who should be introduced—Richard Webb, Hampton; Fred McChesney, Iowa City; and Granville Keith, Sioux Falls, S. Dakota.

We are exceptionally proud of the wonderful record that Iowa has made in the athletic world this year. First, our football squad went East and trounced Yale, and finished off by taking the Big Ten Conference championship. Then our basketball squad rounded into shape and won every game with the exception of one, which tied us for the

championship with Wisconsin. Incidentally, Omicron contributed some in order to make these teams what they were. Brother Yerkes was on both the football and basketball squads, and Brother Fleckenstein was captain of the freshman basketball squad. Brothers Titus and Hines were on both freshman squads.

While we are speaking of athletics, we might say also that Omicron's basketball team covered itself with glory by winning the interfraternity championship, thereby annexing two cups and a plaque for our house collection.

Brother Gordon Johnston was recently elected president of the University Players, which also carries with it a seat in the Student Council. He is also business manager in charge of production of plays and is on the *Iowan* staff and a member of the Glee Club. Brother Kirk was appointed a member of the Sophomore Cotillion committee; Brother Herrick was elected to Sigma Delta Chi, honorary journalistic fraternity, and was a member of the *Iowan* staff. Brother Crawford was elected to Theta Tau, national engineering fraternity, and was leading man in the Engineers show. Brother Lucien Stanton is president of the Freshman Dental Class, is in charge of the annual Dent dance, and is a member of the Memorial Union committee. He is also a member of Psi Omega. Brother Marquardt was on the University tennis team last fall and has bright prospects for this spring. He is a member of the Eels Club, a local chapter which recently met with other similar organizations and formed the Dolphin fraternity, a national swimming organization. Brother Boyd was recently initiated into Nu Sigma Nu, and Brother Duckworth into Phi Alpha Delta.

The local Sigma Nu chapter are taking possession of their new home, which is situated about half a block from our house. They have a wonderful home and we are glad that they located in such a fine neighborhood.

On March 17th Omicron forsook its books and staged a real Delt formal. We all admit that it was THE party of

the year, and if anyone doubts it, we will just leave it up to the girls. It was the only kind of a party that we ever put on—a red hot one.

The Chapter came through in very fine shape, scholastically speaking, last semester, and our average should be "right up among them" this year. We delivered the goods last year, and we are determined that the scholarship shall get higher "every day, in every way."

The Chapter suffered at the end of the semester, however, by the loss of five of the brothers, some leaving to go to work, some to attend other schools. Brothers Canfield, Wentz, Herrick, Bristol, and Pledge McAllister were the deserters. We have strong hopes, that most, if not all, of them will be back with us again when the school gong rings next fall.

And now a little word for the alumni—let us hear from you or see you often—come back and warm your feet at our fireplace for a day or two, we want to see you.

M. E. DUCKWORTH.

RHO

STEVENS

The spring with all its sports coming along finds a number of the brothers engaged in one or another of the numerous activities. Lacrosse seems to lay claim to the attention of a majority. Those competing for the team are Ashley, Stevens, White, Lanning, Parker, Peace and Pledge Colt. The end of the season should find several new lettermen in the house. During the present Easter vacation the team travels down to Annapolis to play the Navy and to Baltimore to play Maryland University. The initial contest with the Middies is expected to be a close one but the Institute has an aggregation of lettermen that should be hard to beat.

On March 3rd last, Rho gave a memorable house party, lasting into the larger of the small hours. It was acclaimed by all to be the best in many a year. We were glad to have

some of the brothers from the Nu, Gamma Epsilon, and Beta Lambda Chapters.

The interfraternity basketball season has reached the semi-finals, Rho being eliminated in its second game by a margin of three points. The games were very interesting having a marked footballish tinge at different times.

On March 24th, the performance of the Varsity show, "The Count of Ten", was given and was a decided success. In a special number of the play Brother Brown shuffled a few and various mean steps, being quite some of an eccentric jigster. Pledge Bailey took the non-committal part of a fair débutante.

The baseball team is getting under way; although at the time of writing no games have been played, the season bids fair to be a good one. We are sorry to say that due to ill health Brother Suhr will not be able to play with the team this spring.

Scholastically Rho is fair. A record was created this past February when none of the brothers were made repeat or withdraw. We are not impudent enough to even hope that this will continue through the second term.

M. A. LAVERIE.

TAU

PENN STATE

On March 20th, Tau celebrated one of the biggest days of the year. At that time, six men were initiated into the bonds of Delta Tau Delta. We are very glad to introduce the following to the Delta World—Brothers Richard L. Lockwood, John E. Murphy, Robert T. Hamilton, Herschell A. Hinckley, Garrit A. Kraber, Jr., and Frank J. Holt. All are freshmen, except Holt, who is a junior, and by their interest shown thus far, they should make good Deltas.

The year has been well divided as to the various college social functions. The Military Ball was revived for the first time since the war. It was well attended and everyone enjoyed the music rendered by "Zez" Confrey's Orchestra.

Next in line came the Underclassmen's Classic, the Sophomore Hop. It was held on March 16th. The Sophs and Frosh turned out in good form and put on a very successful dance. However, much of this was due to the efforts of three merry Delt tinklers, Brother Weithaus, McCord and Patton, who played in one of the two orchestras used for the occasion.

The Junior Prom, as usual, was the classic of the year. Brother Watson represented Delta Tau on the committee. The dance went across very big, and was pronounced one of the best social functions of its kind that was ever held at State. The night following the Prom, Tau held an afternoon dinner dance, which materialized very nicely. Of course we attributed this chiefly to our new set of dishes bearing the letters $\Delta T \Delta$.

Over the week end of April 7th, Tau Gamma Phi of Carnegie Tech was installed as the Delta Beta Chapter of Delta Tau Delta. Tau feels highly honored that she was selected to help participate in the ceremonies, and welcomes her new Delta brothers into the good fellowship of the Fraternity.

So much for the past, now for the good news. From June 8th to June 12th, Tau will hold its annual Commencement House Party. This year the Chapter wants to make it a banner year, and with the Keystone Serenaders of Harrisburg as the orchestra, we feel that we will have little difficulty in realizing our desires. The Chapter cordially invites all Delts to share in its festivities.

Along the line of athletics Brother Emory did stellar work in the heavyweight class for the wrestling team. His work has easily earned him the title of a star of the team. He also is clever with the javelin, holding the college record in that event, and should make a name for himself before the school year terminates. In boxing, Brother Alexander delivered the goods as first assistant manager, and he was cheered along by Brother Ayers, who showed class in the Soph-Frosh boxing scrap. Brother Hiller has been elected

to the Scabbard and Blade Society, and Brothers Watson and Allen have been initiated into the Theta Alpha Phi, dramatic fraternity, which was recently installed at Penn State.

In closing, Tau wishes to send her greetings to all Deltas and asks you to keep in mind June 8-12 for the House Party.

JAMES K. KURTZ.

UPSILON

RENSSELAER

New pledges are always of interest. Hugh McDowell's brother entered in January, and was the first pledge of the term. Next came twins, namely Albert B. and Alfred D. Slye, of Hartford, Conn. This addition made three sets of brothers in the house—the McDowells, Campbells, and Slyes. Now there are four sets, since Ed Maass' brother, Frederick, has just been pledged.

Two men who started the year with us have dropped out. Ed Hotz transferred to New York University, and Larry Ferry is now in business with his father.

By the time this letter is published, two big events will have taken place. The first is the initiation on April 15th and the other is the big time accompanying the Sophomore Soiree on April 20th. The latter is the social event of the year.

After an excellent showing of thirteen clean cards for the first term, Upsilon took steps to keep her scholarship always good. In the future no man will be initiated unless he passes at least eighty per cent of the work of the freshman first term. We are very proud to have taken this step.

Under the new system of elections to Sigma Xi, Hugh McDowell and Ed Maass were made associate members.

The Institute basketball team just missed having a perfect season. After winning ten straight, they lost the last two games. The swimming and hockey teams also made excellent showings. Bill Cramp won a letter for hockey.

The prospects for the baseball team are fairly good, although the team will be almost entirely new.

A new long distance radio broadcasting record was recently made by the Institute set. On four consecutive days it was heard by New Zealand, over a distance of nearly ten thousand miles.

We are well represented on the hill. Brother McDowell is manager of track. Brothers Cramp and Zeller are out for baseball. Freshmen are apprenticing all sports. Brother Peterson was elected assistant manager of hockey which means he will automatically become manager. Brothers Beier and Reese were elected business assistants on the *Polytechnic* board. In class activities we are well represented. The Slye brothers are track men.

W. J. VAN AKIN.

PHI

WASHINGTON AND LEE

Phi Chapter seems to have reached the period corresponding to twenty minutes after the hour, for certainly as a whole we have not been very busily engaged. Perhaps this lack of activity has been due to the Lenten season, but more probably it has been due to the necessary reaction to examinations. From this set of examinations we emerged without the loss of a single man and consequently the scholastic standing of the Fraternity was raised considerably.

On February 17th, we held our annual initiation, at which time five new brothers were added to the roll. Since our last letter we have pledged James C. Fox of Pine Bluff, Ark., and we take this opportunity to introduce another good Delt.

If Phi, as a whole, has not been very active, individually we have gone on as ever, adding new laurels to our list and bettering the Fraternity in general. At the close of a most successful basketball season, Brother Jimmie Thomas was unanimously elected to captain next season's squad and certainly no one was more deserving of it, for Jimmie has starred in every game.

Among the honorary fraternities, Brother Thomas was elected to Sigma—a senior society and one of the highest honors of the University. Thus Jimmie has added one more to his already too long list of achievements and even the Chapter stands back in awe and admiration of the little General. Brother Howe was elected to the “13” club, an honorary society, and he was also elected to membership in Omicron Delta Kappa which is recognized as the highest honorary society on the campus, since it denotes campus leadership. In the recent election, Brother Howe was made vice-president of the Y.M.C.A., having successfully served as treasurer during this school year. Brother Breazeale was elected to Phi Alpha Delta and is one of the leaders of his class. Brother Howerton displayed his talents in the recent basketball season and was a unanimous choice as junior-assistant manager in basketball.

Coach De Hart has started spring football practice, and while it may be a trifle premature, the season looks as though it would be the “biggest and best ever.” He has, as manager of this future record-breaking squad, Brother Howe, and if he proves to be as successful in managing a football team as he has been in managing the Chapter House, then worrying over the financial end of the season is unnecessary.

Speaking of the House, we have just subjected it to several coats of paint and a general remodeling, and so the old “dug-out” looks rather nice or at least nicer than usual.

ROBT. A. FULWILER, JR.

CHI

KENYON

Kenyon has finished a fairly successful basketball season. Brothers E. G. Evans, captain-elect, and R. B. Harris represented us on the team, while Brother B. D. Evans handled the managerial end. Baseball practice is now under way with prospects looking fairly good. Brother McIlwain is captain of the track team and has the men hard at work at the present time.

In scholarship Chi has come forward from fourth to second place among the fraternities. A new dormitory is under way and we hope to be living in it by the fall of 1924. We also are planning to build a new lodge on the site of the present one, the construction to start this summer.

Chi will hold an initiation on June 18th and we are looking forward to a large turnout at this forty-second anniversary. We especially urge and welcome brothers from neighboring chapters to attend.

EARL V. SEITZ.

OMEGA 6-23

PENNSYLVANIA

Omega Chapter is proud to introduce the following new brothers: Charles E. Allcock, Jr., East Orange, N. J.; Henry L. Bradley, Paducah, Ky.; William C. Chapman, Buffalo, N. Y.; Malcom P. Chattin, Jr., Quebec, Canada; Brandli A. Grauer, Houston, Texas; Lavern B. Herring, Des Moines, Iowa; Russell L. Shelton, Paducah, Ky.; Edward L. Shuey, Toledo, Ohio; Henry W. Steinkamp, Rochester, N. Y.; Lowden R. Williams, Chester, Pa.; and Homer W. Hanscom, Haverill, Mass. We have received many congratulations on these men and feel that we have just initiated the eleven best men in the Freshman Class.

This year has brought to Omega a continuance and an increase in her many and varied campus activities. Brother Zimmerman, who is president of the House, is a member of the Sphinx senior society and Undergraduate Council, president of the Musical Clubs, member of the Mask and Wig Club. Brother Wheeler is captain of the Varsity crew and is a member of the Musical Clubs and the Sphinx senior society. Brothers Ricker and Williams have permanent seats in the Varsity shell. Brother Shuey is rowing on the Heavy Freshman crew. Brother Weinstock is chairman of the Vigilance Committee, has recently been elected on the *Punch Bowl* Board and is doing splendid work in the track managerial competition. Brother Rowe is going strong in the crew managerial competition and is out for the *Red and*

Blue publication. Brother McDowell has been named as alternate in the football managerial competition, has recently made the *Pennsylvanian* publication and is on several large committees in the Sophomore Class. Brother Bradley was recently elected to the *Pennsylvanian* Board. Brothers Shuey, Chattin, Williams and Chapman played Freshman football and are good Varsity material. Brother Williams is pitching for the Freshman baseball team. Brothers Hodgson and Danielson have been regulars on this year's swimming team. Brother Hodgson is doing well in the baseball managerial competition. Brother Steinkamp is captain of the Freshman golf team and is doing well in publication competitions. Brother Chattin, captain of the Freshman wrestling team is sure of making the next year's Varsity. Brother Harrell has recently been elected to the *Punch Bowl* Board. All freshmen are in some active competition. On the whole the Chapter is now and will be next year in a very formidable position in campus activities.

Every indication points to the inter-collegiate baseball title for Pennsylvania. We have a strong team and we feel sure of a very successful season. The Freshman team is also good and Brother Williams is showing good pitching form.

Omega's recent initiation banquet held at the Racket Club was a complete success. Among the brothers at the speakers table were: A. Bruce Bielaski, Herbert Adams Gibbons, Albert R. Brunker and George Morris Piersol. The addresses made by these brothers added greatly to the success of the banquet.

J. R. SMITH.

BETA ALPHA

INDIANA

As a summary for Beta Alpha, we can safely say that this has been a successful year.

At the beginning of the year the Chapter raised the scholastic requirements for initiation, placing them at a "C"

average in all work. This is higher than the requirements of the Interfraternity Council, and later our representative to the Council succeeded in having them raise the requirements in that organization. As an incentive to higher scholarship, three of the seniors, Brothers V. A. Ickes, F. W. Johnson and W. J. Lehmann, have given to the Chapter a large cup on which the name of the active or pledge having the highest scholastic standing for the semester will be engraved. Brother Dunkin has the honor of being the first to grace this trophy with an average of 1.86.

Initiation was held on February 18th. We were fortunate in having with us Brother Wray on his first official visit. We derived a lot of good from his visit and the Chapter hopes that he will return frequently.

We are pleased to introduce to you the following brothers: Perry H. Tichenor, Evansville, Ind.; Floyd Otto Rogers, Bloomington, Ind.; Conway Yockey, Angola, Ind.; Harry G. Hockett, Anderson, Ind.; and Clarence B. Ullum, Indianapolis, Ind.

Members of the Board of Directors of the Beta Alpha Building Association met in their annual session at the Chapter House on Saturday, February 17th. Certain problems were discussed and much help was given the Chapter in an advisory way. The officers elected were: Oscar L. Pond, president; Otto Englehart, and Edward J. Boleman, vice-presidents; Noble C. Campbell, treasurer; Arthur A. Browne, secretary.

By the way, from the initials of the name of this association is derived the name of our chapter paper, *BABA*. The Active Chapter has always tried to keep in touch with its many alumni in various ways, but the best way found yet is through this paper. Although Brother Silvey was forced to leave school, he has managed to return about every other month and publish the paper and has succeeded in making it one of the best we have ever had. The object has always been to put in, not only active chapter news and university news, but also articles written by the alumni which will be of

interest to the alumni. So throughout, the purpose has been to make it an alumni paper.

Athletics are one of the nuclei around which a chapter, as well as a university, grows. This year Beta Alpha has two of the best basketball men in the Conference. Brother Kenneth Alward has been the mainstay on the team all year. He played a consistent game at back guard and stood out as a leader on the floor, consequently he was elected captain of the team for next year. Brother Mike Nyikos plays forward and although eligible only for the second semester, was selected as All-Conference forward. Brother Stimson is out for track, running the half mile, and we hope to inform you in our next letter of his winning a letter.

Recently a Memorial Drive for the new students was conducted by the University for \$250,000, and again we went over the top completing the Memorial Campaign, making a grand total of \$1,000,399.24. The new Commerce Building will be ready for occupation the first part of April.

Beta Alpha Chapter entertained the Beta Zeta Chapter of Butler College at dinner March 22nd. Following the dinner their champion Pan-Hellenic team played our Pan-Hellenic team a game of basketball. After the game a short bridge tournament was held at the Chapter House.

HAROLD NUGEN.

BETA BETA

DE PAUW

Now that the second semester is on, Beta Beta is making a still greater effort to keep up its scholastic standing. During the last semester we raised our average considerably above that of last year.

It gives us great pleasure to introduce the following new brothers: Frederick Taylor, Wilmette, Illinois; Richard Tormey, Niles, Michigan; Claude Zeigler, Jacksonville, Florida; Donald Zeis and John Atkins, of Noblesville, Indiana. We are glad to announce the re-pledging with

Beta Beta from Gamma Lambda of Ward W. Smith of Koiwa, Oklahoma.

We were unfortunate last semester in the departure of two men, Willard Cartwright '24, and Barr Bogner '25, who left because of illness. They intend to be with us again next fall.

March 23rd, Beta Beta entertained with its annual formal dinner party. The success of the party was enhanced by Easter decorations, musical entertainment, and an excellent dinner. Dr. W. W. Sweet, Mu '02, and wife, and Prof. Wm. Hudson, Gamma Theta '06, and wife chaperoned.

Brother Adams won his "D" in football, having played the season in the backfield. Brothers Adams and Zeis are out for track. Brother Edgerton received a sweater for his work on the rifle team, which has won the Fifth Corps Area Cup again this year. Brother Oldshue is president of Toynbee, honorary sociological society. Pledge Dill is on the business staff of the *DePauw Magazine*. Brother Oldshue is on the *Mirage* staff. Brother Bain was recently initiated into Sigma Delta Chi, professional journalistic fraternity. Brother Atkins has been initiated into Epsilon Epsilon, honorary Greek language society. Brothers Jeffrey and Zeigler are on the Friendship Council of the Y.M.C.A. Brothers Boyd and Jeffrey will make the spring Glee Club tour. Pledge Smith is in the University band.

Brother Houser played the leading part in "Seventeen", while Brother Boyd was business manager of the same production, given by Duzer Du, honorary dramatic society. Brothers Boyd and Houser were also in the cast of "Mrs. Bumpstead-Leigh", another production by the same organization.

On March 1st, a \$1,500,000.00 endowment campaign was launched by a 100% student body subscription of \$75,000.00. Brother Roy O. West '90, vice-president of the Board of Trustees, is executive chairman of the drive. The fund will be used largely in new endowment, but several new buildings will be erected.

Last semester Dr. Henry Hitt Crane, Gamma Zeta '13, delivered a series of popular lectures here. Brother A. J. "Dad" Elliott, Beta Pi '94, recently conducted a religious campaign under the auspices of the Y.M.C.A. Brother Glenn Frank, Beta Pi '12, will deliver the commencement address this year.

Brother Houser represented DePauw at the annual meeting of the Mid-West Conference of Colleges and Universities which was held at Northwestern, March 15th, 16th, and 17th.

Brother Ralph M. Wray, Beta Kappa '21, our traveling secretary, visited us before the Northern Division Conference and attended our initiation banquet.

ROBERT A. BAIN.

BETA GAMMA

WISCONSIN

The 1924 Junior Prom drew its last breath on the eve of the second semester with twenty tired and weary brothers and pledge brothers seeking their various havens of rest to slumber for a length of time that they wished could be eternal. It was generally agreed that Prom had been an unusually great success, and the fact that this agreement was made among all conceivable kinds of sleepy grimaces was proof enough that it was not in the least way lacking in substantiality. Prom lasted for three days and it is no wonder that its conclusion was accompanied by much yawning. Much credit is due Brothers Reeves and Brightly who engineered the Delt Prom and who were directly responsible for its success.

Brother Eddie Hanley, cockswain of last year's Varsity crew, returned in February to finish his engineering course. His return was a very pleasant surprise to us and he is now acting in the capacity of chapter president. Brother Arthur Sawers, originally of Gamma Gamma and later of Beta Pi, has transferred to Wisconsin this semester and is now affiliated with Beta Gamma.

On March 10th, four new men were initiated into Beta Gamma Chapter. They are Ben Harlow Drew, Norval Blair Stephens, Russell Happer Allan and Robert Nelson Sucher. We now have twenty-one actives and all but three of them will probably be back next fall.

About eight of the brothers attended the Annual Delt Prom which was held at the Blackstone in Chicago at the time of the Western Division Conference, and every one of them pronounced it a huge success.

Some time ago we were favored by a visit from President Patton of the Western Division. His stay here certainly was appreciated by the entire Chapter and we learned many new, interesting and constructive things from him. Brother Albert Lippmann of Chicago has been with us quite frequently this year and we have enjoyed his visits immensely.

Rushing prospects for next fall are very bright. We already have some very good material and our Chicago Alumni are giving us their very best cooperation. We are especially grateful to Brothers Ernest Schmidt, Owen Orr, Nic Phillips and Wallace Johnson for the whole-hearted interest they are taking.

JOHN D. DENISON, JR.

BETA DELTA

GEORGIA

We were unable to get our letter in the January issue of *THE RAINBOW* and this is our first opportunity of letting our Delt brothers know that we are still alive.

Beta Delta was very fortunate in having thirteen old men return to start our rushing season. In addition to these we had with us two affiliates: Brother I. C. Helmly, Jr., of Savannah, Ga., from Omega, and Brother Robert A. Merrill of Carrollton, Ga., from Beta Epsilon. These men at once started our rushing season and as a result of their work we have sixteen new men that Beta Delta is proud of.

Let us present Brothers A. B. Parker '26, of Millen, Ga.; M. R. O'Neal, Jr. '25, of Savannah, Ga.; T. L. Glenn, Jr.

'24, of Athens, Ga.; Stanley Milledge '25, of Athens, Ga.; D. B. Milledge '25, of Athens, Ga.; D. W. Ryther '25, of Athens, Ga.; J. W. Caldwell '26, of Augusta, Ga.; R. L. Allen, Jr. '26, of Flovilla, Ga.; J. Q. Davidson '26, of Fort Valley, Ga.; H. R. Glenn '26, of Athens, Ga.; C. A. Bickerstaff '26, of Athens, Ga.; G. E. Turner '26, of Savannah, Ga.; T. F. Windham '26, of Reynolds, Ga.; T. L. Alnutt '25, of Savannah, Ga.; and Pledges G. M. Johnson '26, of Bartow, Ga.; and James Robinson '26, of Monroe, Ga.

The activities of Beta Delta men on "Ole Georgia's" Campus present very pleasing appearance. Brother Winn, who is president of our Chapter, represents us as associate editor of the *Pandora*, Georgia's annual; Brother Wisdom is business manager of the *Red and Black*, the weekly; and Brother O'Neal is the social editor of the same. Brothers Winn and Blount are members of Delta Sigma Pi and Brothers Musgrove and Alnutt are members of Alpha Kappa Psi, the honorary commercial fraternities. Brother Stanley Milledge recently became a member of the Counsellors, an honorary law club. Brother Musgrove has the honor of being the president of the Junior Class and Brother O'Neal as president of the Freshman Law Class. Brother Tanner is the assistant leader of the Instrumental Club and Brothers Merrill and Winn are members of the Glee Club.

In athletics, Beta Delta is represented by Brother Philpot sub-quarter-back of the Varsity football team, and Brother Windham, who won his numerals on the freshman football team. Pledge Johnson won his numerals on the freshman basketball team. There is no doubt in our minds that when Georgia's next football team steps out on the field, it will be under the leadership of Brother Philpot as quarter-back. Brother Musgrove is vice-president of the Athletic Association. In addition to these honors, Beta Delta is represented in the social clubs by Brothers Odum, Blount, Musgrove, Wisdom, and Merrill.

On February 9th, Beta Delta gave its annual homecoming banquet, followed by a dance. At this time we announced

our plan of building a home of our own. Beta Delta has long had its heart set on the owning of its own home and if everything runs as now planned, it will not be long before Beta Delta's hopes will be realized.

After the Christmas holidays, Beta Delta's entire chapter returned to take up its work; and after the Easter holidays, Beta Delta intends to return again in full force. The exams have started and way into the night Beta Delta's neighbors, glancing in our direction, may see that the "midnight oil" burns once more.

THOMAS L. ALNUTT.

BETA EPSILON

EMORY

Undoubtedly there can be no more important event in the annual scholastic life of a chapter than the initiation of its pledges. In the absence of a March RAINBOW letter and because of its primacy over other matters of interest, Beta Epsilon takes occasion in this issue to introduce to Delts everywhere these new initiates: Jackson Stonewall Cowart, Jr., George M. Hill, James W. Davis, William [Presstman Hunter, George B. Malone, Ralph D. Wade, and Stacy Z. White.

The initiation ceremony was held in the meeting hall of the Piedmont Hotel, Atlanta, January 4th, as the opening attraction of the Southern Division Conference. Some of the "first nighters" attending were Brother Maclain, of Sewanee, former Ritualist of the Fraternity, Brother Thomas I. Miller, President of the Southern Division delegates from some of the chapters, and the members from the Gamma Psi and Beta Epsilon, the two Atlanta Chapters.

An event of both college and fraternity interest of the year was the trip made by the Emory Glee Club to Cuba. The "South's Sweetest Singers", making the tour of three states and a foreign country, set a precedent in this 2,500 mile jaunt, being the first American college club to visit the island city which picturesque old Morro castle calls home.

To the members of our Chapter, the success of this trip was due to the fact that Brother Malcolm Dewey, Allegheny '04, is the Director of the Glee Club.

The opening of the new \$1,500,000 Wesley Memorial Hospital on the Emory campus this year places Emory a niche higher in university circles. The Hospital will be used as a part of the teaching facilities of the School of Medicine. Lecture rooms, observation rooms, etc., were especially built for this purpose.

The year has been a busy one for Beta Epsilon. The activities of its members have been many and varied. The freshmen, we feel, have been started right and they evince a solidarity and spirit which foretells much good for the Chapter in the future.

We were exceedingly sorry that Brother Whipple had to leave College for the time being, due to the death of his father. We expect him back next year. Both Brother Whipple and Brother Ed. Jones made the Cuban trip.

Perhaps the greatest piece of constructive work undertaken by the Chapter in the recent years is the move that has been made to place Beta Epsilon in a home of her own. At present, all the national fraternities rent cottages on Fraternity Row. Recently, a beautiful subdivision was opened up adjacent to the University campus and many of the fraternities made a rush to obtain lots. Beta Epsilon was in on the ground floor, secured an option on the most desirable lot in the new section, and, we are glad to say, has made the initial payment on this lot. To look after the financing of this project, the Chapter has secured a charter from the State of Georgia under title of the Beta Epsilon House Corporation. Phi Delta Theta has completed a fine house on the lot adjoining ours and many other fraternities on the campus are getting ready to build.

Beta Epsilon's face is turned towards a greater future.

PAUL M. SPURLIN.

BETA ZETA

BUTLER

Many new ideas have passed through the halls of Beta Zeta since the last RAINBOW, some taking a social form, some scholastic, some athletic and some the scrap heap.

Due to the splendid work and cooperation of our house basketball team, we have now setting on our trophy shelf a new addition—that of the winner of the Interfraternity Basketball Tournament. The boys who helped win this cup deserve much credit for they had some stiff opposition.

Brother Wendell Brown is president of the Interfraternity Council and is instrumental in the forming of a Pan-Hellenic Council on the campus. Brother Barkley is the Chapter representative.

Several months ago the Chapter received two handsome pictures from Brother Stephenson which he painted himself. He is in New York and we understand he is making a success of his painting. Here's to Brother Stephenson.

Walt Smith, another of our true alumni brothers has certainly been mighty good to the Chapter again this year, having sent out to the house a ten piece wicker furniture set for the front porch.

Our usual Father's Day Banquet in honor of the fathers of the men in the house was held Sunday, March 11th, and we think from all we have heard since that the fathers appreciated the good time.

Many good suggestions which came up at the Northern Division Conference this year have already been put into effect by the Chapter.

Beta Zeta recently accepted an invitation from Beta Alpha to come down and play a game of basketball and help put away some food. We did both; and though defeated in the game, made up for it on the feed.

The Chapter has several dramatic stars this year. M. Davis and Bill Percy took leading parts in the College Operetta—"Pirates of Penzance", M. Davis also had the leading part in the Dramatic Club Play—"Honor Bright."

The Daniel Webster of the Chapter is Russel Richardson. Russ is a debater with a real line. He has won practically every debate he has been in this year and expects to become a full fledged member of the law firm of Brown and Richardson.

Baseball is just getting its start at Butler and under Brother Page's supervision this will prove to be a successful season. Butler is fortunate in being able to keep Brother Page as director of athletics. Our quota for baseball is five men—Hooker, Leslie, Hensel, Paul and Woodling. Brother Barkley is the manager of the Interfraternity Baseball this year. Track is coming along with baseball and the showing already made promises a good track season. Five men are out, Leslie, Kilgore, Northom, Woods and Gremelspacher.

The boys who are working on the chapter stunt for the Annual State Banquet to be held May 12th at the Claypool Hotel expect to carry off the prize.

All the men are now looking forward to the Country Club Dance which will occur on May 14th, at the Indianapolis Country Club. This is the big social affair of the year and consequently has us all digging for the dough.

The Chapter is loosing three good men through graduation—Pearcy, Brown and Barkley. These men will be sadly missed and their shoes will be hard to fill.

C. C. GODFREY.

BETA ETA

MINNESOTA

While other fraternities on the campus were being hard hit by the scholastic requirement and were loosing many of their newly-made pledges, Beta Eta was sailing along on a calm sea and lost not one active or pledgeman at the end of the quarter. As a result of our good fortune, we are able to present many new brothers. They are Guy Johnson, Gene Deckert, Miller Derrick, Neal Nelson, John Stewart, Jack Wager, and Don Powers. In addition, we have two new pledges, Ken Goss and Marsh Coolidge.

At the beginning of the winter quarter, we welcomed back in school with us Brothers Kenith Carlberg and C. Lee Herron. Brother Carlberg had been shooting ducks in South Dakota during the fall and so was not able to join us sooner, while Brother Herron had been spending his time in Iowa. We had been very short of a piano player here during the fall and C. Lee filled the place to perfection. When he isn't playing the piano, he plays the banjo, and the rest of the time he puts in on the saxophone.

Our basketball season came to a disastrous end after a game with the Sigma Alpha Epsilon team. We had been going along in fine manner making great strides towards the finals. This particular game was very close, but we stood with good chances to win for the boys were surely playing in good form. Brother Dunlap dribbled through time and again for field goals, while Brother Babcock was not missing a single free throw. Time was called just after the Sig Alphas had a foul called on them with the score in their favor 17 to 16. Bab did not realize that the game was over and "through some slight mistake" missed the basket. He promises never to do it again.

Spring has made its presence felt around the campus, and as a result, outdoor sports have sprung to the fore. We have two men out for the Varsity baseball team. Bill Fox, as one of the first string pitchers, is sure to make a name for himself this spring, and Ken Bros is working hard for a position in the infield. Spring football practice has commenced, and Guy Johnson, the "terror" of Thief River Falls, is out for one of the back positions. We are all wishing him lots of luck on the team, and he is there to make his letter next fall. Golf will soon be starting and we have a man to enter that game that will make them all look up. Herron has captured about all the cups offered in Iowa and he is here to get a few more this spring. When it comes to tennis, Ben Bros bows to none, and he is sure of his usual place on the Varsity this spring.

JOHN H. DERRICK.

BETA THETA

UNIVERSITY OF THE SOUTH

Since our last appearance in print, pledge pins have been scrapped, of course, and after a few Truth Parties, assimilation of the Goat Blood is complete. Beta Theta is moving along harmoniously and towards her greater mission. A few Saturday nights ago Tuckaway Inn was the scene of a Delt gathering and manifestation of Delt Brotherhood that anyone of you would have to pronounce better than you had seen in some time. Several alumni were present. Among them, Brother R. P. Black was toastmaster, and from Brothers Stuart Maclain and Reverend G. B. Meyers we had a treat to some of "the spirit of '76." But there are other things we must tell of too.

With the Varsity basketball team Brother Shook made his way to a letter, and now that track season has rolled around we have our eyes on Ex-pledge Nash as, no doubt, next year's ace among Southern intercollegiate hurdlers.

We have been so unfortunate as to lose three of our group since the holidays on account of sickness. Brothers Alcorn F. Minor, Ben W. Sturdivant, and E. C. Linderwood were no small part of the Chapter, and it is not infrequently that we miss them. It is also to our misfortune that Brother J. J. Cobb, on account of his pulpit in Winchester, is unable to maintain his former great activity among us.

Brother Delts, there are other recantations too. The Chapter has an afternoon during the Easter Proms. With better music than usually comes to the Mountain, many rumors of a deluge of girls soon to give soul to the ardent, and Beta Theta hospitality at its best, we are hoping to contribute much to the good cheer of the season.

June. That means ambition to several of us. But our educations have to have birthdays, and this time some of them become of age. We have learned most all the finer points of swimming, the kick, the breathing, the stroke—but can we swim? Time will tell; this is no Senior's Diary. One thing sure, though, is that Beta Theta is quite

seaworthy and becoming even more so with the years bringing new vigour and vitality rather than disintegrating it.

So Beta Theta, with some surmising, ends another year; better than many in the past, and not so good as many to come—we hope.

L. H. COLLINS.

BETA IOTA

VIRGINIA

Easter Week, the greatest of all at Virginia, was true to its usual form this year. With five baseball games, six dances, a track meet, two student theatrical performances and other functions of a more or less general interest, we were admirably amused and cast all care aside for the time being. Of course, one of the best features of the whole occasion was that we had several enthusiastic alumni back with us for the week. It is always a privilege to have them, and gives us due cause for appreciation of our spacious house.

Virginia's basketball season was successful when due consideration is given the fact that there were no lettermen on the squad, and the team therefore had to be made up entirely of green material. Even at that, we won most of our games, and several of the ones we did win were those which mean most to us.

In the Interfraternity Basketball League, Beta Iota didn't do quite so well. We weren't given nearly enough chance to show our real power—though Brother Straub, football guard whose weight is somewhere around two hundred, used his to good advantage. Our team was creditable, if not spectacular.

Baseball and track are our chief interests just at present, and this doubtless isn't peculiar to us, as interests generally seem to be similarly directed. Indications point to teams stronger than usual in both sports. Greasy Neale, former football coach at Washington and Jefferson and baseball star of note, is now our chief mentor in both of these activities. We are confidently expecting great things along those lines.

Our mile relay team has shown itself to be one of the three or four best in the country in the meets during the past winter. It should cause a decided palpitation of some of the rival coaches' hearts when the National Championship is decided at the Penn Relays this spring.

A few items of interest, to show that Beta Iota is not forgetting her duty of keeping up the standards of Deltism here at Virginia. For instance, Brother Bentley Cox was recently initiated into Eli Banana, a ribbon society here. Brother Cox the Elder is also continuing his custom of amassing honors. He was recently made secretary of the Graduating Class of 1923. And then one of the most handsome of the Phi Delta Phi goats was none other than our esteemed Brother Marshall. Several of the brothers are out for spring football, and should give good account of themselves next fall when the real trying-out begins.

We have just elected an excellent set of officers for next year, and we are busy making plans for attending the Karnea this summer. As many as possibly can will be there.

HUGH R. LEAVELL.

BETA KAPPA

COLORADO

With two-thirds of the college year gone, Beta Kappa is taking stock of progress already made and considering ways and means to forge even more rapidly ahead during the Spring—the crucial quarter. Since the last RAINBOW letter, six pledges were metamorphosed into as many full-fledged Delts. Wally Thompson, Las Animas; Sid Smith, Greeley; Bill Plested, Trinidad; Dan Charlton, Boston; Dave Griffith, Trinidad; and Monte Orsborn, Colorado Springs, are the new cogs in the Delt machine that are already whirling into the scheme of things.

After forging into the interfraternity basketball semifinals, Beta Kappa basketeers, captained by Slew Davis, were nosed out by the Sig Phi Eps. Brothers Davis, Perry, Heckert, Lewis, and Graeber, and Pledges Griffith and

Smith formed the squad. When Varsity hoop season took form, Brothers Davis and Lewis were in suits. Brother Davis played in several games and garnered the coveted "C."

Brother Barber of last year's track squad is doing time daily on the cinder track and promises to show some fine speed which is incorporated in those long legs of his.

The Chapter's politicians include Brother George Richter as president of the Association of Collegiate Engineers and Brother Numa Vidal as treasurer of the Senior Class. Brothers Gaunt and Hunter are members of the Boosters' Club and are prominent on the various committees of that organization.

Brother Vidal continues to play leading parts in the productions of the Players' Club and Brother Randell is taking part in the one-act plays put on by the Little Theatre. In the coming all-men's operetta the Delts make up a large part of the show. Vidal in the cast and Brothers Slew Davis, Perry, Lewis, Randell, and Thompson, and Pledge Stewart in the chorus are the pretentious representation.

Brother Malm is working night and day to make the college annual, the *Coloradoan*, of which he is manager, one of the best ever published. Brother Keith continues as advertising manager of the *Silver and Gold*. Brother Gaunt edits the *Colorado Alumnus*.

In campus honorary and scholastic clubs and societies; Heart and Dagger, senior honorary, Brother Chapin; Arch, sophomore honorary, Brothers Newcomb and Buchanan; Phi Rho Sigma, medical, Brother Macomber; Phi Delta Phi, legal, Brothers Gaunt and Ralph Hunter; Sigma Delta Chi, journalistic, Brothers Chapin, Charlton, and Black; Eta Kappa Nu, electrical, Brothers Vidal and Richardson and Putnam; Sigma Tau, engineering, Brothers Richter and Davis; Tau Beta Pi, engineering, Brothers Richter and Putnam.

Brother Jim Hunter of former football fame has re-entered the University and will finish his course in geology. Brother Harry Janicke of the University of Kansas, a member of

Phi Delta Phi, has entered the Law School and is already cutting himself out a social career, and a place in the Chapter.

M. RAY BLACK.

BETA LAMBDA

LEHIGH

We wish to present to the brothers two new pledges since our last endeavor to THE RAINBOW—Gill and Cahill, who with the return of Brother Wilmot should strengthen our ranks appreciably.

With the addition of Abie Gill, we now boast of two “ex-admirals” from Annapolis. Abie served two years at Annapolis, and was forced to resign because of eye trouble. He is a humma from the land of the cotton-pickers—drop in and meet him.

Our newest addition in the form of a long, lean red-headed boy is from “Thirty-third” Street, New York City. From all reports we expect to him see in a Varsity suit on the mound this spring, but until the season is well underway we can but predict his prowess.

Brothers Schmoll and Stover both received invitations to buy one way tickets and have left for their respective homes. Seriously though, we will certainly miss both of them and are hoping ardently for their future successes.

Brother Looker resigned shortly before mid-years to enter the business world—all best wishes for your future, Ken!

Basketball, the claimant of our attentions for the past few months, has been mediocre in its conquests. Winning a few more games than were lost, we consider the season a fair success. On the Varsity squad Brother Hess held a regular berth at forward, and lived up to all expectations including the enviable reputation that his brother Jake gained here not so long ago.

Brother Brewer held his usual position as goal-guard throughout the soccer season, and is now training for the

lacrosse squad of which he has been a member for the past two years.

The luck has been "agin" us in the interfraternity tournaments, and we have dropped out of both pool and basketball. Bowling is still before us, and all efforts will be concentrated towards the retention of the cup which we hold from last year's success.

Spring prospects are of the brightest. Brother Beck will undoubtedly continue to star on the tennis team, followed by Brother Laughton. Brother Sansom is manager of the same team and will be assisted by Brother Bortz who is assistant manager elect. Pete DuBois, who last year pitched his share of the Varsity games, is limbering up the old arm, and we expect to see him pushed for his position by Pledge Cahill. Brother Brewer can't well help but be on the lacrosse squad again.

We now take an opportunity to congratulate Brother Miller on adding Phi Beta Kappa to his long list of honors.

Our college dramatic club "The Mustard and Cheese" is making ready for the biggest and best show ever. Brother Dusty Rhoads, outside of taking a character part, is president of the organization and Brother Piersol has complete charge of coaching the dancing, which he has led in years past. In order to put this show across properly, the new Kurtz Theatre has been rented for the performances.

Preparations are well under way for our annual spring rushing smoker, and a tentative and probably culminative date of May 26th has been set for it. We intend to make it the best yet, and have stopped at nothing to secure a variety of entertainment and talent.

Lehigh has welcomed back one of her loyal sons in Andy Buchanan. Brother Buchanan of the class of '18 has taken a position with the Bethlehem Steel Company and brings with him the recently acquired "better half." From all indications he has lost none of his versatility, and is as entertaining as ever. We are mighty glad to have him with us again.

J. H. PARKER.

BETA MU

TUFTS

Greetings, Brother Delts. Once again we meet around the old RAINBOW. Beta Mu is still stepping out ahead in activity around the "Hill." Captain Rounds led his Tufts Varsity basketball team through a successful season and is now turning his thoughts to baseball. Beta Mu is represented on the nine by Bill Morrell, star pitcher of the last three seasons; Red Tillinghast, who bids fair to develop into a star southpaw; Rack Rounds, outfielder and first baseman; and Dinty Howe, catcher. The nine is shaping up fine and the coming season promises to be a good one.

Beta Mu initiated six of her pledges immediately following the mid-year examinations and we expect to take the three others into the fold as soon as they remove certain scholastic difficulties. Pledges Robert E. Barnard, Alan E. Brothers, Charles J. Odenweller, Percy H. Loomer, Kenneth J. Wolf, and Paul I. Wren now wear the square badge.

Our alumni smoker held last fall was a great success. Thirty old grads and alumni gathered around the festive board and talked old times. The frosh put on an entertainment for the amusement of our guests and it was thoroughly enjoyed by all.

We are all looking forward to our spring formal dance. It happens along about the middle of April, and as it bids fair to be the best yet we will all step with great pleasure that night.

J. MAX ANDRESS.

BETA NU

MASSACHUSETTS INST. OF TECH.

The advent of President Stratton has produced no marked changes thus far, the new President of Technology being content to investigate conditions for the present. He evidently was not content to do business with some twenty faculty committees for he made a grand housecleaning of them the other day and now there are only three com-

mittees. The inauguration ceremonies and graduation exercises are to be graced for the first time in many moons this year by the appearance of the Faculty and Senior Class in caps and gowns. All of the talk of a building program seems to be coming to a head, for the dormitory question is being quite actively investigated and next fall should see some actual work begun. What was an airplane hangar during the war has been converted into an excellent gym, and now a plan to covert Walker Memorial entirely into an activities building is being worked out under the direction of the Alumni Council.

The Chapter affairs have been very materially augmented by the initiation on February 10th of the Class of 1926. The new found brothers are John L. Locke, John P. Larkin, Kenneth S. Lord, Carleton J. Everett, Donald T. Hall and Harold E. Bawden. The Chapter is very well represented in all branches of Institute activities with the Sophomore and Junior Classes well up in their respective activities, so that the Chapter should have its full share of general managers next year. This year's Tech Show made its début in New York during spring recess and was very enthusiastically received.

Brother W. D. Sherman '22, who was acting as Chapter Adviser in the absence of Brother H. R. Sewell, was called to Cleveland on business and the place thus left vacant is being filled by Brother Cleverdon '10, who is also president of the Beta Nu House Corporation. Brother Elliott '23 returned from Christmas vacation and announced that he had married Miss Helen E. Bryant on January 2, 1923.

The trial given deferred rushing by ten of the fraternities was not a total success for plans are now under way for a solution of the problem. Everyone concerned feels that it is necessary that all of the chapters work under the same plan. The delegations pledged by the ten chapters who deferred their rushing and pledging until the second term varied in number from three to thirteen men. The outcome of the present negotiations will not be known until June but

we hope to see some system in vogue which is satisfactory to all.

JAMES A. HENDERSON.

BETA XI

NO LETTER

BETA OMICRON

CORNELL

Hail! Fellow Delts. Again we, the sorely tried (?) secretaries of our various chapters, take our Underwoods in hand for the quarterly outburst.

Cornell has swung into the home stretch with the re-opening of the University following Easter vacation. For the first time in the history of rowing here, the crews were forced off the water for a week by ice, despite the late start in March, so that Coach Hoyle worked his men over sixteen miles a day during the spring recess. The Varsity baseball team, after a fair showing on its southern trip, opens the home season on April 18th, with many of last year's men on the job. Football practice is in full swing under Coach Dobie, who will have his hands full making up the deficit which commencement this June will leave. The Cornell-Dartmouth indoor track meet wound up the winter sports calendar, although the highlight all through the season was the work of the basketball team, which, after a magnificent try for the Eastern Intercollegiate League championship, was forced to acknowledge Yale's leadership, and slip into second place.

So far, spring rushing is dormant, with no indication that the Student Council will attempt regulation of it. Beta Omicron regrets that the faculty committee on scholarship invited two of its erstwhile members to take a much needed vacation, but with proper luck and a little perspiration, we expect to see them come back smiling in September. Brother Smith, that bulwark of the junior class, has left us for good to enter business with his father.

Extra-curriculum activities have come to be a characteristic of Beta Omicron. So far, Brothers Garnsey and Buck-

man are rowing daily; Brothers Patterson, Hart, Macdonald, Quick, are working under Coach Dobie; Brother Austin is newly elected editorial director of the *Cornell Daily Sun*, with Brother Eiler an associate editor, Brother Wright, assistant circulation manager; Brother Paul Doering is working religiously on the crew competition and his brother Otto on the *Cornell Widow* business competition; Brother Steinmetz is fondling his "dreadnought driver" in gleeful anticipation of the coming spring tennis tourneys; Brother MacNeil, after a fine showing in the Dartmouth track meet, is all set for the opening of the outdoor season. And there are more I can't remember. But not the least of the activities in which the underclassmen participated this spring was the preparation for the Fraternity exam, under the able and solicitous tutelage of Brothers Buckman and Cookman.

The house is planning to entertain as many of the old-timers as decide to return for Spring Day. Secret but surely vivid schemes are in process of being hatched by the Spring Day Committee, and these, plus the triangular regatta with Cornell, Yale and Princeton on the Cayuga course this year, assure all who come to Ithaca an entertainment never to be forgotten. So, in closing my short career as chapter spokesman, let me invite you all, in the name of Beta Omicron, to visit us whenever you can, but by all means on Spring Day, if you have what the prexy calls a "sense of proportion."

JAMES A. AUSTIN.

BETA PI

NORTHWESTERN

The biggest day of the year for Beta Pi was the 17th of February. On that day nine members of the Freshman Class were initiated into the mysteries of Delta Tau Delta. We are more than proud of this year's class as they came through with a scholastic average which promises well for future years. Allow us to introduce Brothers Louis U. Aubere, Emmett W. Poinier, Arthur A. Humphrey, Bernard M.

Decker, W. D. McKay, Joseph F. Heil, Robert G. Gillette, R. C. Brown, Jr., and James F. Leahy.

The initiation banquet was a great success, about seventy-five of the alumni returning. Dr. Wieland presided as toastmaster in old-time form. A most unusual feature was the speeches by the three Delt fathers, whose younger generation were initiated that day. The proposition for a \$3000 fund was put across. The money will be used to put French doors in the dining room and to replace obsolete furniture on the third floor before next fall.

The twenty-second annual Delt Prom was held the 23rd of February at the Blackstone Hotel, one hundred and forty-five couples being present. The Prom has the reputation of being the best fraternal function given during the year in Chicago, and with one accord this one was voted the best of them all. A loving cup given by the Chicago Alumni Association to the Chapter having the largest representation was won by Beta Pi.

Brother Wolfe is president of Campus Players, the dramatic society, and holds the lead in the production which comes off this month. Brother Duncan is assistant business manager of the *Syllabus* while Brother Hollowell holds down the job as assistant business manager of the *Purple Parrot*.

Notwithstanding the fact that he was Junior Prom leader last year Brother Mikkelson decided the year would not be right without being connected with Interfraternity Prom, so he now is in charge of that function. Brother Erwine was kept from making his letter in football again this year because of early season injuries, so now he has decided that debating is his line and has made the Varsity debating team.

The coming of spring is more than usually welcome this year, as it brings relief from a rather uninteresting winter as far as interfraternity sports are concerned; it ushers in the prospect of more exciting competition in the Interfraternity Indoor League which continues all spring. As we won the year before and were runners-up last year, we might say

that we have the usual pre-season visions of copping the pennant.

On April 2nd we gave our Spring Party, consisting of a dinner-dance at the House. Plans were laid to make it the biggest and best party we have given for some time, and it sure lived up to predictions.

Commencement is only a few months away now. Beta Pi will lose four men through graduation: Brothers Children, Erwine, Mikkelson and Thomas securing their sheepskins in June.

In closing, Beta Pi wishes all the brothers a pleasant summer vacation.

EMMETT H. THOMAS.

BETA RHO

NO LETTER

BETA TAU

NEBRASKA

Initiation was held on March 5th, immediately followed by a banquet at which the newly initiated were given opportunity to express their feelings. It is with the greatest of pleasure that we introduce to our Brother Delts Douglas Myers, Beatrice; Kenneth Neff, Scottsbluff; Wayne Ballah, Norfolk; Austin Sturtevant, Omaha; Robert Gardner, Lincoln; William Hein, Wilber; Robert Moore, York; James Marshall, Fremont; Fred Andrews, University Place; Harry Sidles, Lincoln; Charles Gately, Fairbury.

Basketball proved to be a disappointment at Nebraska this year. As only one letterman is lost to the team the prospects for a winning quintet are bright for next year. Brother Cozier won his "N" in this sport.

The interest at Nebraska is now centered on baseball and track. Brothers Miles and Hubka are on the baseball squad. Brothers Turner, Gleason and Parks won their letters in track by placing in the Missouri Valley Indoor Meet, Nebraska taking second place. The track team is now in California where they have a dual meet with the

University of California on April 7th. A trip like this each year would certainly stimulate interest in track.

Beta Tau has been very successful in interfraternity sports this year. We won second place in basketball and first place in track. After defeating Phi Kappa Psi, Alpha Theta Chi, Silver Lynx, and Sigma Phi Epsilon, we lost the final game to Sigma Alpha Epsilon. The track meet was run on the point system, the Delts leading the field by over a thousand points. Brother Myers was high point man of the meet.

Beta Tau did practically no rushing at the beginning of the second semester but we did take one new man, Whedon Battey, Cauker City, Kansas, a 90% student in his high school work and a mighty good basketball and baseball man.

CHARLES L. YUNGBLUT.

BETA UPSILON

ILLINOIS

Spring is come; the golfs are out running around on the South Campus, and all the boys are going large in their various activities. Thoughts of the annual spring formal, intermingled with the spring fever and general debility of the student body, make it difficult to accomplish anything worth while in these parts at this time in the year. We, therefore, refrain from making any estimation of what our scholastic average will be for the present semester, but will let it suffice to say that we got over the hill last semester, and were up with the best of the national fraternities with an average of 3.140.

On the fourth and fifth of May we are having our annual Spring Formal, and have secured the services of the Royal Purple Orchestra of Chicago. The entertainment will begin with a formal dinner dance on the evening of May fourth.

In activities we are maintaining our prestige and as a matter of fact increasing it a little. Baseball season is now on in full swing, and track is just starting, and although we are not represented on either of these Varsity teams, our

freshmen are showing some class in both sports. In football Brothers Woodward and Wagner were awarded the coveted "I" and with good luck about six of the brethren will get them next season.

Brother James Cook has just gone out for the track team, and begins to look like a very promising miler. He is attracting the attention of Coach Gill, who is continually bawling him out and instructing him how to improve his form and speed, and this we think is a good sign. Brothers Pattison and Dougherty won their numerals on the Freshman Varsity basketball team. Brother Robinson and Hoerber will undoubtedly win theirs at track, in the high jump and dashes respectively, and Brothers Richard Hall and Russell Dougherty won theirs on the Freshman Varsity football team.

In activities other than athletic, we are well represented, as Brother Robert Swaim has almost cinched the position as Editor of the *Illio* for next year. Brother Burnett Shryock is almost assured of the position of Art Editor of both the *Siren* and *Illio*, and John Goodall has cinched the job of Junior assistant football manager. Brother Baethke is at present circulation manager of the *Daily Illini*, and has an excellent chance of becoming business manager next year. Brother Jack Bairstow made the highest average of any freshman in the Law School last semester and as a result was pledged to Phi Delta Phi; his future is very promising.

Last fall I told you that we would probably win the intramural basketball championship, but as previously, we did not have the final punch and were nosed out by Psi Upsilon. Those Psi U's are always in our way. The intramural baseball season is now on, and we have two victories to our credit out of two games played. We have defeated Sigma Chi and Sigma Phi Epsilon, by decisive scores, and things look promising for another cup for our collection. It keeps a freshman busy shining them now. We can only use a few more.

A new activity has been taken into intramural athletics,

and that is golf. We are represented there too, by Brothers Atkinson, Fleming, Swede Hall and Bim Gilmore. Brother Atkinson last year won the amateur championship of the Champaign County Country Club, and we might come through with a victory. Let's hope so at least, it's lots more fun.

Brother Carl Miller, has been appointed rushing chairman for next year, and we already have some names of good men who are coming to school here next year, but we work under the theory that we can't have too many and would be glad to receive information relative to any men who are coming down.

We have elected Brother Bill Augur president of the house for next year. Bill has been treasurer for three years, and has carefully carried out his duties, and will undoubtedly make one of the best leaders we have had for some time. Several of the boys are planning to attend the Karnea at Cleveland this summer, and if our Fords hold up, you can expect to see quite a delegation from Illinois.

ROY L. SIMPSON.

BETA PHI

OHIO STATE

The Chapter has finished another quarter and is reacting from the hard work. But few flunks and numerous merits were our just rewards.

Among those on the baseball squad surviving the rain and frost are Brothers Miller, Dudley and Campbell on the pitching staff and Brother Dutch Frankenberg knocking them down on the hot corner. Brother Miller is our sophomore ace in the hole and St. John is banking heavily on his ability—remember that name.

Brother Kissell is tearing about the campus in the role of a prominent junior. He is in line for senior honors to take the place of Brother Lou Dudley who is a busy man as president of the senior class.

We have four new brothers, all sophomores—Gordon,

Campbell, Binyon, Miller and Martin. Two affiliates are Brothers Nichols of Mu and Kelley of Gamma Delta. We pledged Robert Guthrie of Elyria, Ohio, and George Finch of Columbus.

The pledges are busy, but not too busy. Rud Esche worked on the yearling basketball team. Now, Pledge Baird is endeavoring to fill in champion's shoes at third base. Fin Guthrie annexed two firsts in a late meet and looks pretty sweet on the cinders. Dick Wallace is guilty of contributing to various periodicals published by the first year students—I hesitated to mention this, but after all, freshmen develop.

State's track team is full of holes and Brother Weinland is having hard work trying to make it look good. In interfraternity meets we have added four new cups. But our formal dinner-dance shades all other glories gained. "It was the best formal ever played by the best orchestra in this state"—that's the orchestra's statement.

We lost several men last quarter and are somewhat depleted in numbers. We have to look for some new men and will be glad to receive any recommendations. I have to stop now and rush over to see our Beta Phi men help defeat the boys from Mu, in the national pastime.

JOHN S. CAMPBELL, JR.

BETA CHI

BROWN

On Saturday, Marth 10th, the twenty-sixth annual initiation of the pledges was held in our new chapter hall. Our new brothers are: Garrett T. Green, Newark, N. J.; Robert J. Marth, Brooklyn, N. Y.; Thomas J. Maguire, Brooklyn, N. Y.; William A. Stephens, Brooklyn, N. Y.; C. Ralph Holden, Peabody, Mass.; Glenn B. Curran, Youngstown, Ohio; and Thomas J. McAleer, Jr., Hoboken, N. J. We are also pleased to announce the pledging of Robert J. Berg, Brooklyn, N. Y., and Myron J. Ruckstull,

Richmond Hill, N. Y., who entered Brown the second semester.

On the evening of the same day that the initiation was held, we had our freshmen initiation banquet. Brother Herb Sherwood '09, was toastmaster and ran the affair as it pleased him with great success. No sooner would the noise begin to lessen than he would order the Chapter orchestra to play or someone to sing. Two new Delt songs by Brother Lemon '13, were tried with great success. "My Queen of Delta Tau" was sung formally for the first time with tremendous success. Brother Lemon was presented a framed testimonial of the Chapter's appreciation of his untiring efforts in helping the Chapter reach its present high standing. Brother Gaylord '02, was the principal speaker of the evening, it being the silver anniversary of his becoming a member of Delta Tau Delta. The festivities were closed by the "Choctaw Walk" to the new chapter hall which was highly praised by all who saw it.

The freshmen gave their annual house dance on Friday the 16th. The music and the young ladies contributed to make the dance the pleasantest affair of the year.

Brother Lemon offered Delta Tau Delta Scholarship Keys to the upperclassman and to the freshman who received the best marks for the semester just ended. The competition was close and keen, particularly among the upperclassmen. In fact it was so close that two keys had to be given, one to Brother Fahlquist and one to Brother Purves. The freshman winner was Brother Green.

Beta Chi had a fraternity basketball team to be proud of this year. With Brothers Woelfel, Eisenberg, C. Brown, Hoffman, and Pledges Hargrove and Ruckstull, we had little trouble in winning the four games in our group. But it was our misfortune to have drawn the present champions in the semi-finals.

Brother Dustin brought his team through a season which has never before been equalled in the history of wrestling at Brown. With men constantly becoming ineligible or ill

the wrestling team went through the season without a defeat, downing Rensselaer, Brooklyn Polytech., Yale, M.I.T., Harvard, Dartmouth, and the New England Intercollegiates. Dustin in the 145 lb. class continued his wonderful record of never being thrown, and lost but one bout by default, due to sickness. Later he threw this man in the Intercollegiates. Dustin is without a doubt the best wrestler Brown has ever turned out and it will take an exceptional man to beat him. Last year he was New England Intercollegiate 135 lb. champion and this year he gained the same honors in the 145 lb. class.

Brother Reynolds represents us on the Varsity swimming team. He placed second in the New England Intercollegiates. Brother Hoffman was also on the Varsity squad.

In the recent competition among the undergraduates of the University, called the Cub Championships, Brother Schmults won in the 158 lb. boxing class and was a participant in the winning track relay team. Brother Hoffman was on the winning swimming relay team.

After the second and probably the last cut of the baseball squad we have four brothers left. Brother Hoffman was transferred from second base to first and has a fine chance of holding that position. Brothers Holden and Marth are both out for catcher. But due to the fact that the catcher of the last two seasons is still here, they will have a hard fight to make the position. What they are sure of however is that one of them will hold down the position on the freshman team and the other will be the first substitute. Pledge Ruckstull is putting up a good fight for the second base and apparently has it pretty well cinched.

With Brother Newsome leading the Mandolin Club, assisted by Brother Beil on the saxophone and Brother Curran on the cornet, we are well represented in that field.

Brother Laudati was recently elected to one of the assistant managerships of the *Liber Brunensis*, the year book. Brother Carl Brown is working to secure advertisements for the *Liber* and from all appearances should make good.

Brother Reynolds has been elected one of the editors of the *Brown Jug*, our humorous publication.

Brother Dustin was elected one of three to the Spring Day Committee, and Brother Munroe one of six on the Class Day Committee. Brother Hoffman is on the Vigilance Committee, which makes the freshmen walk the straight and narrow path.

Brother Reynolds was elected to the Junior Week Committee, and Brother Annan to the Junior Prom Committee. Brother Fahlgquist has just received the honor of election to Sigma Xi.

As can easily be seen, Beta Chi has had a successful year in all lines and wishes all of her sister chapters the greatest success not only for this year but for all those in the future.

WILLIAM C. MUNROE.

BETA PSI

WABASH

On Sunday, February 25th, Beta Psi held its annual initiation and banquet at the Chapter house. Seven men were initiated and they now bear with pride the golden square of a Delta. We introduce the following new brothers: Walter P. Murphy, Kendalville, Ind.; T. Herman Davis, Kansas City, Mo.; John D. Wilson, Winchester, Ind.; Morel F. Miller, Marengo, Ill.; H. Donald Crisler, Anderson, Ind.; Francis L. Wellenreiter, Gessie, Ind.; Donald K. Appleby, Crawfordsville, Ind.

Beta Psi adopted a new practice this year of giving to each man when he is initiated a certificate of initiation. The idea was later put in the form of a motion which was adopted at the Northern Division Conference and is to be brought to the attention of the Karnea. We hope that it will become a national policy in the near future.

We have been keeping up the social reputation of the Fraternity in a fairly good manner. After the Junior Prom which was a huge success under Brother Johnston's direction, we laid low until the Annual Pan Dance March 9th,

TOP ROW (Left to Right)—M. F. Miller, McCabe, Davis, Wellenreiter, Chadwick, Murphy, Leslie, H. L. Miller
 MIDDLE ROW—Rhode, Cushwa, East, Stasand, Hueber, Mote, Shields, Pipin, Johnston
 BOTTOM ROW—Appleby, Luster, Gipsen, Crisler, Church, Mead, Wilson, Smith

10th and 11th, when we frolicked to the music of Smith's Orchestra of Lexington, Ky. As our usual custom we entertained some twenty odd girls with a house party at which Brother and Mrs. Huffine chaperoned. Needless to say the house party was a huge success. Two more social functions remain on our calendar—the Sophomore Cotillion under the leadership of Brother Miller, and the Annual Delt Spring House Party, May 18th, 19th and 20th.

The College debating teams, on which we were represented by Brothers Pipin and Davis, tied for the state championship.

The event which is now attracting most of our attention and that of the alumni is the Fiftieth Anniversary of Beta Psi, to be held at commencement, June 7th, 8th and 9th. By the time *THE RAINBOW* reaches its readers the celebration may be well under way and we trust that there will be a 100% attendance. The publicity planned by the alumni, who are managing it, guarantees a large attendance. It is their hope that every Delt within a near radius will be here to enjoy their hospitality. Better come, Brother Delts.

M. A. PIPIN.

BETA OMEGA

CALIFORNIA

It is Monday morning and the birds aren't tweeting, neither is the sun shining, but still the gang is happy. Two of the brothers, Phil Bettins and Bud Dixon, got their lunch hooks on those big "C's" over the week end, and if it weren't for old man Volstead and the approaching finals—well anyhow everything's rosy.

Started the semester off in old time form with twenty-two actives present or accounted for. Barny Barnard of San Francisco was let in on the secrets shortly after school opened and he looks to have "the goods."

Cal has won the first two games of ball from Stanford by good scores thereby cinching the series. Some wonder if Brother Ink Henn, our junior manager, had anything to do

with the results. He had one of the score books to look after.

In track Cal has been taking them all down the line; Nebraska was the last victim and Stanford will be the next. Brothers Turner, Park, and Gleason of Beta Tau were with us for a week during the Cornhuskers' visit. Cal has won the I.C.A.A.A. for the past two years and looks like the champ again this year.

In crew we are well represented with Brother Oski Hinsdale as manager and Brother Stan Pitt as his assistant. Brother Bud Dixon is the little guy in the big job—cox on the Varsity boat. Saturday is the big race with Washington and Bud says we'll win. So that's settled.

Brothers Phil Bettins and Carol Jenson are on the Varsity tennis squad. Phil won his match Saturday against Hinkley, captain of Stanford. He has been the most consistent winner on the squad this year. Because of his great work he has been elected captain of next year's squad. Brother Mammy Best is working hard for the manager's job.

The fire is started and the pot's boiling in our new house campaign. With the Stadium entrance and our prospective piazza looking at each other we can hang it on the world when it comes to location.

We had quite some formal this year. Pulled a few strings and worked a few angles and obtained the exclusive Berkeley Country Club for the party. Every year the party is the best ever but all bull aside, this was the jig of the year around this campus.

LES DIEHL.

GAMMA ALPHA

CHICAGO

Gamma Alpha hasn't any reason to complain this spring; she is holding her own on the campus in the usual style, and from her present standing the prospects for the coming year are even brighter. Although we will feel the

loss of our graduating brothers to a great extent, we have some real men in the Junior Class to fill their shoes.

Brother Strohmeier pulls stakes this June, after four years of faithful service to the Chapter and the School, and the Delt house without him will hardly seem natural. Stroh has garnered many honors for the Chapter in the way of athletics and campus activities. At present he is president of the Senior Class, president of the Reynolds Club, member of Owl and Serpent, the senior honorary society, member of the Undergraduate Council, and he was on the Varsity football team for the past three years. Do you wonder that we say we will miss him.

Brother Kennedy, our erstwhile political boss, is also anticipating the thrill of adorning himself with the old cap and gown and calling himself one of the alumni. Walk is president of the Undergraduate Council, member of Owl and Serpent, and on the Varsity track team. His winning smile and irresistible "line" has brought about his moving to Salt Lake City; draw your own conclusions.

Brother Blinks, our handsome swimming captain, has already left the fold, as he graduated last quarter. Ed has left school holding numerous records in the tank, among them being, the forty, one hundred, and two twenty yard conference records, and the two-twenty yard intercollegiate record. He has taken up the endless task of domestic relations and has settled down to the old quiet and settled life.

Last but not least comes our chief golash slinger for the past three years, Brother Armitage. Harry has served in the capacity of steward and house manager in an efficient manner and the Chapter will feel his loss as well as the usual diet. He promises to be the chief buyer of a prominent five and ten cent store in the near future. No doubt the business will prosper under his economic leadership.

Besides the activities held by the seniors we also have our quota in the other classes. Brother Pettit is president of the Y.M.C.A., circulation manager of the *Daily Maroon*, member of the Undergraduate Council, circulation manager

of the *Circle*, the literary publication of the campus, and member of Iron Mask, the junior honorary society. Brother Combs is Interclass Hop Leader, circulation manager of the *Phoenix*, the University's comic magazine, and member of Iron Mask. Brother Kettelwell is treasurer of the Sophomore Class, publicity manager of Blackfriars, the dramatic club, and member of the Score Club, the sophomore honorary society. Brother Kirk captained the winning team in the Settlement Night Campaign and is manager of the scenery for Blackfriars. In track, Brother Frieda, winner of the high individual point medal last year, is rounding into a strong contender for the same honors this spring. Brothers Schneider and Kennedy are certain to be among those sent to represent Chicago at the Drake Relays.

We wish to announce the initiation of Carl Clippinger, Cincinnati, Ohio; Donald Valentine, Abeline, Kansas; Nathaniel Losch, Wheaton, Illinois; William Schneider, Dodd Healy, and Daniel Protheroe from Chicago, and the pledging of Arthur Hare of Chicago.

Socially, Gamma Alpha is hitting a fast clip. Our annual spring party is receiving all our efforts at present and we intend to put it over in great style. Brother Healy has donated his summer home at Lake Geneva for a house party this spring and the brothers are anxiously awaiting the chance to mingle with the "idle rich." No, Healy doesn't make the pianos, so don't be misled by the name.

The Chapter determined to raise its scholastic standing the past quarter and we came through in great style. We suffered only two flunks in the chapter and none of the brothers were lost through the School's present process of elimination.

The Chapter has affiliated Brother Gorman from Beta Gamma, Brother Hall from Beta Zeta, and Brother Shaffer from Zeta. Brother Reuhman from Rho, Brother Stover from Beta Zeta, and Brother Van Sickle from Gamma Kappa are living in the house.

ROBERT E. HALL.

GAMMA BETA

ARMOUR

If the report of Gamma Beta Chapter has a decided social flavor you may be assured that that pleasant condition has not been attained at the expense of any of our righteous duties. The Chapter has maintained a high standing in the scholastic records and many of our numbers are active in the honorary as well as in the social organizations of the college.

Brother Cox is the charter president, and largely responsible for the organization, of "Salamander", an honorary fire-protection engineering fraternity. It should be added that Brother Cox has just succeeded Brother Lizars in the presidency of Tau Beta Pi. Brother Null is president of Phi Lambda Upsilon and Brother Stantial holds office as vice president of the student branch of the American Society of Mechanical Engineers. Our newly initiated Brother Gorder is president of the freshman class.

We are looking forward with great confidence in our prospective baseball players: Brothers Westerberg and Ford. Brother Westerberg played with the team last year and made a good record for himself.

An enjoyable pledge party was held November 22nd and 23rd at which ten men were pledged.

The Annual Pledge Informal was held in December and a memorable time was had by those in attendance at the New Year's Eve Party.

The Annual Faculty Smoker was a great success and President Raymond not only attended with a large number of the faculty, but brought along with him a most interesting man in the person of Norman Pierce, lecturer, author, sailor and explorer of Australia.

Our initiation commenced on Friday, March 23rd and was concluded on Sunday, March 25th, with the result that Wilbur Strong Sargent, Edmund Rudolph Renier, Albert Charles Ketler, Jr., Leslie Orlando Gorder, Charles William

Lang, and Samuel Joseph McLaren, Jr., became everlasting members of Delta Tau Delta.

J. V. LIZARS.

GAMMA GAMMA

DARTMOUTH

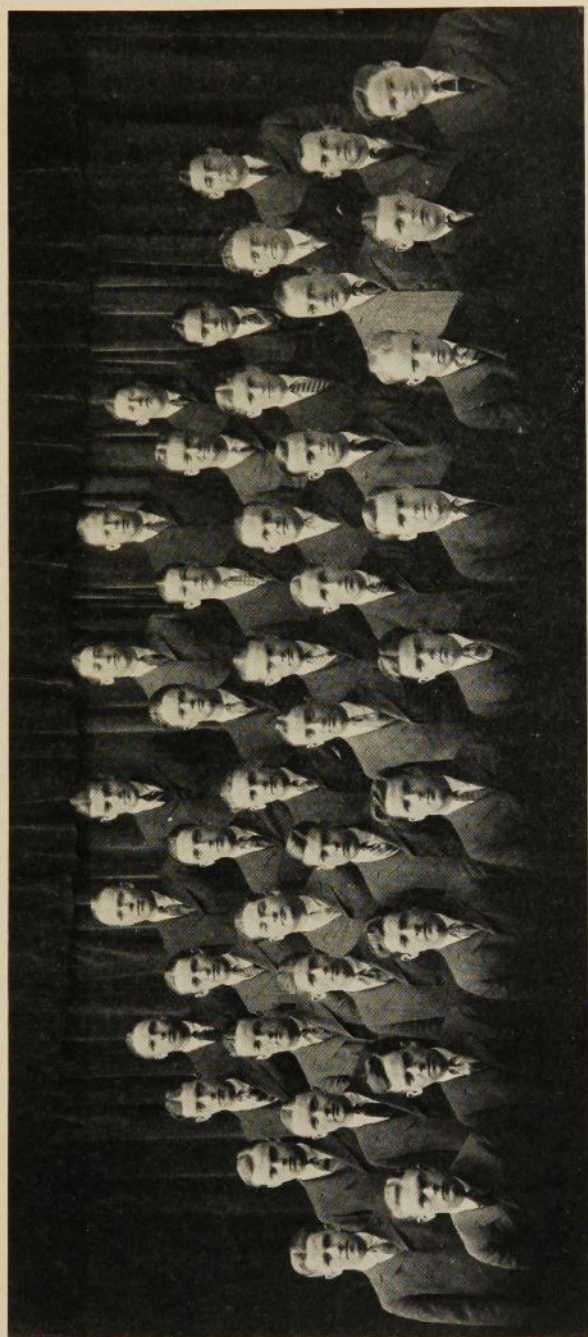

Fifteen members of the class of 1926 were pledged by Gamma Gamma on February 6th, completing one of the most successful rushing seasons in the history of the chapter. The list of our pledges is as follows: John W. Blair, Harvey, Ill.; Donald E. Church, Kingston, N. Y.; William F. Evans, Glen Ridge, N. J.; Harry J. Fisher, Ridgefield Park, N. J.; David E. Harriman, Longmeadows, Mass.; John J. Horan, Bloomfield, N. J.; John C. Kjerner, Crestwood, N. Y.; Robert H. Lowe, Montpelier, Vt.; Edward A. Raisebeck, Brookfield, N. J.; Edward C. Renwich, Billings, Mont.; Richard S. Sagendorf, Spencer, Mass.; John C. Tarr, Wellsburg, W. Va.; Sumner B. Tilton, Haverhill, Mass.; Lawrence R. Vermillion, Washington, D. C.; Ross S. Welch, Evanston, Ill.

John C. Tarr, Wellsburg, W. Va., is the grandson of Eugene C. Tarr, one of the founders of Delta Tau Delta.

The initiation banquet was held March 24th. Brother H. W. Merrill '13, was toastmaster. Representatives from Beta Nu and Gamma Phi were present and among the alumni was Brother Leon W. Webster '04, a charter member of the Chapter.

One of the alumni back for the initiation banquet made the remark that never had he seen the Chapter in better shape and so active as at the present time. This is true for the Chapter has had a very prosperous year.

Brother Don Moore was recently elected permanent president of the Senior Class. Don is a football letter man of two years, playing tackle his junior year and center this year. He has played regular forward on the basketball team for two years. He is a member of Palaeopitus, student governing body, a member of Casque and Gauntlet, senior society, and the Green Key. Last year the Gallagher Scholarship prize was awarded to him.

FIRST ROW. Friend, Elliot, Hall, Hubert, McMillan, Moore, Heep, Sweeney, Martin
 SECOND ROW. Countryman, Traver, Sly, W. Smith, McCollom, Lord, Rogers, Stuart, Teel
 THIRD ROW. Antrim, C. Smith, Hardy, Abel, Finker, Irvine, Colton, S. Smith
 FOURTH ROW. Hauser, Sagendorph, Harriman, Raisbeck, Lowe, Fisher, Tilton, Campbell
 FIFTH ROW. Church, Blair, Welch, Renwick, Evans, Horan

Brothers Hall and Hubert were elected to the executive committee of the Senior Class. Brother Heep, after finishing his most successful year as guard on the basketball team, is catcher on the Varsity nine.

Mox Hubert has been elected leader of the Mandolin Club. On the annual spring trip which the Musical Clubs will take during the Easter Vacation the Chapter is represented by Brothers Hubert, Lord, Martin, and Irvine.

In the field of publications the Chapter is newly represented by the election of Brother W. Campbell to the editorial staff of *The Dartmouth*, the daily newspaper, and by Brothers S. Smith and C. Able to the business staff of the same publication. Brothers Raisbeck, Sagendorf, and Welch are competing for the business staff of the *Jacko Lantern*, the humorous magazine of the college.

Three of the brothers were recently elected to senior societies: Brothers Heep and Lord, Sphinx, and Brother W. W. Smith, Dragon.

Jack Tarr and Johnny Kjermer won their numerals in freshman football. Johnny Blair was also on the squad. Brothers Lowe, Tilton, Sagendorf, and Vermillion are on the freshmen baseball squad. Ross Welch is competing for a place on the executive board of the Outing Club. Not many opportunities for extra-curricula activities have been presented to the freshmen yet but they have made a good start.

The annual winter carnival, February 8th-10th, excelled all previous ones in brilliance. About eight hundred all previous ones in brilliance. About eight hundred guests flocked to Hanover for the event. There was something doing every minute and the twenty-two Delt guests found little time in which to sleep. The out door events, with skii jumping at the new seven thousand dollar jump, together with the costume ball at the gym were the features of the party.

G. M. ELLIOTT.

GAMMA DELTA

WEST VIRGINIA

Gamma Delta is entering the last lap of the school year with the same snap that it has been showing throughout the year—a year of cooperation and harmony, coupled with individual effort in the Chapter.

Initiation was held March 9th and we take pleasure in introducing to the Fraternity James Robinson Hare, Morgantown; Ira Benton Bush, Jr., Charleston; Harry Bruner, Byer, Clarksburg; and Robert Paul Holland, Logan. They are boys to be proud of and we hope you all meet them.

At the beginning of the second semester Harold Sargeant of Washington, D. C., and Harry McDonald of Martinsburg, W. Va., were pledged.

As far as campus activities go the Chapter is well represented. Brother Pierre Hill was elected captain of the 1924 basketball team, an honor which he has shown by his ability on the floor and as a leader, to deserve.

Pierre is also captain of the track team and has his brother George and Harry Byer and Pledges Sargeant and Thompson working with him.

Brother George Hill has returned to the Chapter after an absence of a year. He is showing that he hasn't lost the "old snap" and is starting to burn up the cinder track.

After a bitterly fought series of games Phi Kappa Psi won the interfraternity basketball honors. We went to the semi-finals but couldn't quite make the grade for the finals. The Phi Psi's had a good team and deserved to win. We have congratulated them and hope that you will do the same.

Coach "Rat" Rodgers, All American Fullback, has his baseball team out in full force and as a result we see Brother Ike Mowrey at his old job on first base.

The house is also represented on the tennis squad with Brother Hutchins from last year's team and Brother Conway and Hare fighting for their places on the squad.

By the time this is published our annual Fairmont Party

will be all over but the shouting. If efforts can give any indication of success, then it is going to be a world beater.

As we are fortunate in being comparatively near Cleveland there will be about fifteen or twenty of the brothers from Gamma Delta at the Karnea. We hope to see you there.

CHARLES HUTCHINS.

GAMMA EPSILON

COLUMBIA

Since our last chapter letter events have transpired which bid fair to alter the course of the history of Gamma Epsilon. First among these was the initiation on December 9th of Joseph C. Gephart, James Fyfe, Gould Van Thoff, Milton E. Skelly, George M. Rucker, Kenneth H. Bailey, and Erman B. Smith, seven good men and true, whose activity in swimming, wrestling, crew, track, dramatics, and campus publications, we hope will add to the prestige of this Chapter. To this roll we plan next month to add the names of Pledges Theodore Fox, New Haven, Conn.; Philip Moore, Glen Cove, N. Y.; Fred Koelsch, New York City; Russell Waidler, New York City; and Ernest Warden, Clinton, Indiana.

The second event was the publication of the first number of the *Alumni Bulletin*. After many efforts to get in closer touch with our alumni by the usual method of tea dances and smokers, we finally decided that we could do this to better advantage by the monthly publication of the *Bulletin*, containing a record of the activities of the Chapter and news of interest to the past members. Two numbers have already been published.

Third is the performance of the Delt basketball team in the Interfraternity League. Following in the footsteps of its predecessor of two years ago, which was just nosed out of the championship by a defaulted game, this year's team, captained by Brother Johnson, has won all its games, and there remains for it to win only two more, the semi-final and the final. We have great confidence in the skill of Brothers

Johnson and Rucker and Pledge Moore, and are counting on them to add one more cup to our collection.

Our social program this year has been as heavy as in the past. A tea dance held at the height of the Junior Week activities was eminently successful; we had fully a hundred visitors that afternoon. On March 3rd, the Chapter traveled in a body to Hoboken where they were royally entertained by the Stevens Chapter at an informal dance. A formal dance is planned for some time in April.

As far as general activities go, Gamma Epsilon is able to hold up her head. Brother Tally is manager of the wrestling team and a member of the Column, Grappler, and Glee Clubs. Brother Johnson is a member of the golf team, and is a candidate for the baseball squad. Brother Fyfe places consistently in the hundred yard dash on the freshman swimming team; he is also a member of the Glee club. Brothers Smith, Bailey, and Campbell are on the track team. Brother Bielaski is on the staff of the *Columbia Law Review*. Brothers Rucker, Gephart, Merriman, and Lutton are serving on the editorial boards of various campus publications. Brother Gephart is also member of the Philoxian Society and the Suicide Club.

Our new affiliate, Trey, feminine and Irish, who until recently was the constant canine companion of Frank Rogers, is beginning to recover her drooping spirits caused by the departure of Frank for Barbados, under the loving care lavished on her by Brother Gephart and the chef.

Attempts to put through an agreement postponing bidding until two weeks after the opening of school failed to pass the Interfraternity Council, principally on the score that the time between opening and the commencement of bidding was not long enough. But the opinion that a long postponement of bidding would add greatly to the expense of rushing seems to be gaining ground, and it looks as though we will have to suffer another year of chaotic rushing, unrestricted by any agreement.

Under the stewardship of our efficiency expert, Brother

Rucker, our table, which formerly bore the same relation to the accounts which the Shipping Board bears to the Treasury, has been revolutionized. New dishes attract the crowds, thin bread and butters accumulate the profits.

During the year the Chapter seriously felt the loss of two of our seniors, Brothers MacKay and Hirsch, both of whom withdrew from school at midyear. Mackay during his scholastic career was manager of the hockey team, and managing editor of *Varsity*. He is now assisting Brother Ewart Mackay '22, to publish a daily newspaper at Oshawa, Canada.

JOHN B. DAVIDSON.

GAMMA ZETA

WESLEYAN

The Chapter, while being snowed under on the outside during the winter, has kept itself busy in the gym and in classes. Although our present scholastic record is far from satisfactory, if good resolutions coupled with hard work will do anything, there will be a noticeable improvement by the June finals. Our standing in interfraternity athletics, while not comparable to that of last year, is not to be underestimated—the House being capably represented in basketball, handball, swimming and wrestling.

Brother Babe Thomas was a regular member of the Varsity swimming team, and Brother Larry Smith showed that he knew enough about basketball to drop three beauties through the loop right in front of all the Fraternity sisters who visited the campus during February. Brother Clifton is showing up well in his Musical Clubs competition. Brother F.C. Thomas is scuttling baseball and Brother Lozier is scuttling track. Brothers Butler, Jacobs and Lotspeich are working out with the Varsity baseball squad. Lottie will probably do the pitching unless someone mighty good shows up with a new uniform. Brother Baistal has divided his time, this year, between the Astronomy Lab. and the *Augus* office—the letterheads tell us that he is running the business end of that publication. Brother Bickley is on the

Liquor Control Committee and weekly is becoming more adept at distinguishing between the fine points of a cider and a whiskey breath.

The boys pried the lid off the winter social season by swinging a formal, two night affair in December. Bolton and Cipriano of New Haven, with "Sleepy" Hall on the banjo, kept things moving until midnight on Saturday.

Midyears, coming around the first of February, found most of the brothers ready for Prom,—and on Thursday morning, they all trotted out their clean dresser scarfs and polished up their mirrors. The deluge of Eves began that noon. Thursday night, Zez Confrey and his orchestra made one do things which one had never done before—that is, with one's feet. Friday and Saturday evenings were, in the words of the poet,—“the gnat's nighty.” Even Hank Wriston and his missus danced so much that all the little Wristons immediately came down with the whooping cough. No connection whatever, only it shows what good music can do!

C. H. DEMING.

GAMMA ETA

GEORGE WASHINGTON

Gamma Eta Chapter has buckled down to business this year under the leadership of Brother Colburn and has pushed Delta Tau Delta to the front in all fraternity activities of the University. This position we intend to hold since all of the Active Chapter are planning to return next fall except Brother Bradley, who is to receive the much coveted sheepskin this June.

The Chapter now has exclusive control of the House and is making a success of it. This change, brought about earlier in the year, has had a great deal to do with the enlivened spirit and pep of the Fraternity in Washington. Brother Al Connolly is doing excellent work as house manager and we are hoping that we can keep him from accepting the big offers that are being tendered him by the large hostelrys in the city.

An object of interest about the house is a silver loving cup which was recently won by Delta Tau Delta in the Interfraternity League. Much credit is due Brothers Colburn, Nichols, Bradley, Davis, and Mooney for the success of the team. Interfraternity baseball now holds the interest of all the Brothers. Delta Tau Delta has started off with a rush by lowering the colors of its strongest rival, Sigma Alpha Epsilon, to the tune of 5 to 4. Brother Presby gave a fine exhibition of baseball by his work on the mound, as did Brothers Costello and Bell by their hitting.

The brothers are still raving about the Old Time Delt Party which was staged by some of our most active alumni at the Washington Canoe Club. The party was said by some of the older Delts to have been the best that they had cast eyes upon, and that was saying a lot, for some of those had attended Delt parties B. P. (before prohibition). Those who were responsible for such a party were Brothers Rocca, Degnan, Ray Taylor, Meeks, Foster, Scharf, and Anderson. Several closed dances have been given in the Chapter House from time to time due to the efforts of Brother Heron.

This year is the twentieth anniversary of Gamma Eta Chapter, and we are planning a banquet on May 9th. We hope that we can persuade all Gamma Eta men to make it a success by attending.

ROBERT E. NEWBY.

GAMMA THETA

BAKER

Gamma Theta has continued its march as a campus leader and is about to close one of the most successful years in its history. The return of several old men has greatly increased the upperclassmen standing.

Baker's gridsters distinguished themselves this year by winning the State championship. Three Delts made "B" letters. Brother Tiny Taylor received honorable mention for a tackle position while Brother Shirk received a berth as half on the All-Kansas Conference second team. Pledge

Hurt has the distinction of being the only freshman to make a football letter this year. Pledge Hurt also made his letter in basketball and is sure to make an able representative for Gamma Theta in athletics. Others on the football squad were Brothers Fox, Leonard, Evans, and Pledge Lane.

Gamma Theta again distinguished itself by winning the interfraternity basketball tournament under the leadership of Brother Tiny Taylor. Brother Taylor coached his team to be a scoring factor by much practices and hard work. His loss will be keenly felt next year. The other members of the winning team were Brothers Leonard, Perrine, Tainter, Taylor, McCallum and Pledges Lane, Hurt, and Lewis.

The glee club has just returned from an eleven day trip. The Delts on the club include Brother Harold Holter, Pledges Gaston and Lewis. Brother Holter is president of the club and also soloist.

The Baker debating team deserves special mention this year. They won a unanimous decision from Simpson College and Upper Iowa College. They won the tri-state Pi Kappa Delta contest held at Winfield and from William Jewell. At present they have not had a defeat. Brothers Harold Case and Rawlins Stauffacher are Gamma Theta's able representatives on this team.

Much credit is due to Brother Bradney for editing a successful school paper, *The Baker Orange*. This is Brad's third and last year at Baker and we will feel his loss greatly.

Brothers Harold Holter, Clarence Bradney, and Carroll Hungate are the representatives on the Dramatic Fraternity which is to make a ten day trip throughout the state soon.

Gamma Theta has continued her high scholarship record throughout the year. The relative standing compared to the other fraternities is not known as yet, but it is probable that we will be second, if not first.

The forward movement for Baker University is progressing rapidly. The goal is a two million dollar endowment and five new buildings. The first building will be started this

summer and will be known as the Mulvane Science Hall. Two new departments will be installed in Baker next year, journalism and business administration, and the enrollment is expected to reach six hundred.

Special plans are under way for the greatest alumni reunion ever held June 2nd. Gamma Theta alumni from all parts of the country are planning to be back. If Gamma Theta should have missed any of her alumni by the "mim-mie" consider yourself especially invited now.

G. D. McCALLUM.

GAMMA IOTA

TEXAS

The work of the last term of the school year has begun and Gamma Iota is striving to attain her mark in scholastic standing. Everyone is applying himself diligently to his studies in order that we will come out with flying colors. Despite the fact that the warm weather of spring has begun to instill in all a spirit of laziness, we all feel that the reward is worth the necessary expenditure of energy involved.

With the opening of the baseball season Brothers Carson, Sledge, and Pledge Brother Clift have started practicing with the Longhorns. All three of them have shown themselves to be in unusual good form and will make their letter in this sport. Pledge Harris will begin to shine in his favorite sport when track season opens.

Brother Ragland, who won for himself a place in the hearts of all basketball fans by his brilliant playing at guard, was awarded his letter last week at a banquet given to all of the basketball team. It has been predicted that Brother Ragland will be chosen as all-southwestern guard next year if he continues his good work. Although the football spring training has not yet begun it might be mentioned that Brother Tynes was elected football captain for next fall. He has made his letter for the last three consecutive years and is one of the most dependable players on the eleven.

Brother Donaghey won the championship of the University in handball last month by defeating last year's champion. Although there are no intercollegiate contests in this sport, he was awarded the letter which is given each year.

When the University debating team was selected, Brother Gambill and Brother Terrell Sledge were chosen as two of the eight men to represent Texas in the intercollegiate debates which are to be held during the next two months. Brother Gambill received the second prize of fifty dollars given to the second best debater of those who tried out for the squad. Brother Sledge will debate Colorado and Tulane, and Brother Gambill the University of Arkansas.

The University year book, *The Cactus*, of which Brother Angly is the editor-in-chief, is now nearing completion and Brothers Angly, Gammon, and Clark have been working very hard to make this year's book one that the brothers can be proud to say was edited by a Delt.

At the last meeting Brother Gooch was elected treasurer and Brother Dulaney culinary manager for next year. The election of other officers will be held at the first meeting after Easter. Brother Gammon, who so ably performed the duties of rushing captain last year was again chosen to serve in this capacity. If any of the alumni know of any good Delt material coming to State next fall, he would greatly appreciate their names and addresses so that he can make some dates with them.

As we are losing so many men this year by graduation, we are going to be compelled to do some hard work this summer and next fall in order to assure ourselves that Delta Tau Delta will come out as successful as ever during rush week.

Immediately after Christmas initiation was held for Brothers George Groce, Billy Groce, and Arthur Stewart. We expect to initiate before the end of school freshmen who have made the required scholastic average of 2 B's and 3 C's.

GEO. D. GAMMON.

GAMMA KAPPA

MISSOURI

The new semester found us with a somewhat altered line-up due to the failure of Brother Edward Weber and Brother Rollins to return to school. However, their loss was somewhat compensated by the return of Brother Dave Thompson. In addition, we have two new pledges to introduce: Edmund Marshall of Kansas City, and Barclay Hudson of St. Louis.

Our hopes to win for the third consecutive time the Pan-Hellenic basketball tournament were doomed to disappointment in the semi-final round. After defeating the Phi Kappas, and the Phi Gamma Delts, we were defeated by the Sigma Alpha Epsilons, who in turn won the championship. We expect to win the cup once more before anyone else wins it three times, in which event it is ours for keeps.

Our formal on March 23rd was a marked success. A large amount of credit is due Brother Vance for his excellent work on the decorations. The color scheme, silver and black, was carried out in every detail possible.

A Valentine dance on February 16th, a bridge tea for our chaperon, Mrs. Hemphill, and a farewell party on April 21st, constituted the remainder of the semester social calendar.

The Chapter's scholastic standing for the fall semester was above that of last year's average and a determined effort has been made to better the new figure.

This semester brought us two very prominent Delt visitors. Brother Edward Price Bell was in Columbia to address the Journalism students in April, and Brother H. L. Willett delivered the baccalaureate address during the commencement week. Both were guests at the chapter house.

The two-semester plan goes into effect again next fall so school will open about ten days later this time. Any rushing dates should be mailed to J. W. Gilges, 3615 Michigan Ave., Kansas City, Mo.

J. W. GILGES.

GAMMA LAMBDA

PURDUE

A new régime has just taken over the affairs of Gamma Lambda; and with its inauguration a new spirit of service and determination to put Delta Tau Delta in its natural position among fraternities at Purdue has developed. Brother S. B. Taylor should make one of Gamma Lambda's best presidents. He is very active and popular on the Campus, is a member of two honorary fraternities, and possesses all the qualifications for leadership such as are required in the conducting of chapter affairs. And the officers elected to serve under him are men who should cooperate with him to such an extent that Gamma Lambda will be the standard among the national chapters here next year.

The Chapter has been far from inactive this year. Two men were awarded letters in football; Brother Maddox was awarded a second letter in track as a result of his outstanding work in the dual meet with Northwestern; Brothers Masters and Holwerda were given basketball sweaters for the third consecutive year; Brothers Maddox and Taylor have served on such important committees as the Junior Prom and Blanket Hop Committees; Brother Taylor was recently elected vice-president of the Purdue Union, and assistant to the alumni chairman of the Gala Week Program; Brothers Ross, Zollman, and Hummel were in the cast of the big annual Harlequin Club play which scored such a success at Indianapolis; Brothers Morris and Gleason were specialty men in the Glee Club; Brother Taube was awarded freshman Varsity numerals in both football and track; and Brother Ross proved to be one of the most promising freshmen on the *Exponent*, the school paper.

The efforts of the Chapter as a whole are now concentrated on making the Spring dance one of the best ever. The dance is to be given on the night before the Junior Prom; a very appropriate time for the boys to import their "only girls" we have heard so much about. The Prom,

on the following night, is "the" social event of the season. It promises this year to be the best ever. Husk O'Hara's Peacock Strutters have been engaged to furnish the inspiration. This orchestra, in conjunction with Paul Whiteman's famous bunch, played at the opening of the beautiful Trianon Ball Room at Chicago last fall. This week will be devoted to the extraction of the old "soup and fish" from moth balls. The big night is Friday, April 27th.

Scarcely will the Chapter have recovered from such a strenuous week-end, which, by the way, includes the home showing the Harlequin Club play, when it will have to get a minstrel show polished up for the Spring Walk-out, a new annual stunt day inaugurated by the Union to replace Circus Day. Two years ago the Chapter won a cup for giving the best side show of all the houses. It has been asked therefore to make its stunt this year another minstrel.

After the Walk-out, the end of school will be uppermost in the minds of everyone. The big wind-up is Gala Week, when all the old grads come back to reminisce over by-gone days of bliss. The program extends over four days, from June 9th to 13th. Six seniors will be lost at this time through graduation. They are R. C. Becherer, R. E. Gleason, D. V. Holwerda, R. J. Hummel, A. B. Masters, H. L. Harman, and K. L. Morris.

To replace the vacancies left by the graduates, fourteen pledges were lately initiated: G. T. Badger, L. J. Zollman, C. O. Bartleson, J. B. Ross, Jr., H. J. Thompson, R. Bales, W. M. Carr, B. B. Cochran, A. N. Shaw, J. H. Spaulding, H. Pevler, C. F. Hill, D. R. Ellis, P. S. Prigg, and M. J. Taube. A fine lot of boys they are, who have already begun to take an active part in Chapter affairs.

A number of alumni and members of other chapters have been back to see us this year and we are always glad to have them with us.

R. E. GLEASON.

GAMMA MU

WASHINGTON

The quarter started January 2nd, and Gamma Mu took a flying start by pledging the following three freshmen: George Pampell, Livingston, Montana; John Knievel, Butte, Montana; and Claire Alger of Seattle.

On January 28th, the following pledges were initiated into the Chapter: Edward Johnson, Bellingham, Washington; Gordon Boyle, Everett, Washington; George McCoy, Jr., Vancouver, Washington; Lawrence Dodge, Seattle and James Harron of Yakima, Washington. These newly made brothers worked diligently to raise the scholastic standing of the Chapter and we hope that they have all done well.

The biggest event of the basketball season and probably the biggest thing that the University of Washington has done in the way of athletics so far was the staging of the State of Washington High School Tournament, April 1st, 2nd and 3rd on the Campus. Representative teams from all parts of the State competed. All their expenses were paid by the A.S.U.W. and the teams were apportioned to fraternities for lodgings and entertainment. Gamma Mu had the good fortune to entertain the Prosser team. In spite of the rare entertainment given the visitors they were runners-up in the finals and took second place. As the Chapter has no brothers residing at Prosser the boys came as total strangers, but for a few minutes only as it did not take long to make them feel at home under the spell of Delt hospitality. The basketball season closed with Washington's defeat by Idaho at Spokane. This gave Idaho the opportunity to play and defeat California for the Pacific Coast Championship. Brother Bruce Hesketh played up to expectations and will be ready again next year for a repeat.

Washington's crew are fast rounding into shape. Whether they will be handicapped by the loss of former Coach Leader and Stroke Murphy, who accepted the offer of Yale, is yet to be seen. The concensus of opinion here seems to be

that Washington will send a powerful crew against California. The work of Coach Callow so far has received favorable comment. We have three pledges who are living at the crew house—Firmin Flohr, Edward Johnson and Clarence Cummings. Gordon Boyle is out again for Varsity.

Baseball aspirants are out including Al Bassford and Johnnie Campbell. Both of them are going to bid strong for the Varsity. Pledge Stanley Seidell will soon answer the call for frosh baseball and we expect him to make good. Bruce Hesketh will not turn out for baseball as he has turned his attentions to track. Bruce is one of the few all around athletes of Washington and is only a sophomore.

The Annual Track Relay Carnival is slated for April 28th. Invitations have been sent to sixteen Colleges and Universities of the Northwest and Pacific Coast to participate. The University is also going to stage the State High School Track Meet later in the quarter. This promises to be as big a success as the Basketball Tournament. Johnnie Knievel, who learned the art of running chasing rattlesnakes in Montana, is out doing his stuff in track.

Now passing to music. James Corning Todd improved his education by traveling around the State with the Glee Club. He will not be with us next quarter due to business.

The Chapter will soon make preparations for Mothers Day, Sunday, May 13th, a day we have set aside to invite the Delt Mothers to the house for one grand get-together—and a get-together it will be.

Brothers Ralph Smith, Howard Wright, Theodore Norton, Aldon Fischer, James Ruell and Edward Campbell will graduate the spring quarter. The Chapter will certainly feel the loss of these men but must make the best of it. Most of them will be back to help us with rushing week.

T. EUGENE FARRELL.

GAMMA NU

MAINE

Mid-year examinations have gone into the past, and once more we are into the grind of routine work that leads to spring. Delta Tau Delta stood the test to a man, though the onslaught known as "raising the standards" took many of all classes off our campus. However, Fat Lovell is now playing business man, and J. Carlton Mason is teaching at Bar Harbor High School, by their own choice.

On March 12th, we initiated two men, of whom we have the right to be proud. Brothers, meet M. A. Perkins of Machias, Me., and F. H. Severance of Kennebunk, Me. Both are real Delt material.

Brothers Tolman and Tarr, who are out of school this year, were last heard from in Germany. They expressed their intentions of being with us again next year.

The University is gaining ground rapidly under the leadership of President Little. Plans are well on the way to completion for a new Gymnasium-Armory to be erected here in the spring. This building, in memory of the forty-two Maine men who gave their lives during the war, will enclose a baseball infield, a football grid, a hundred yard straight-away, a big gymnasium, and many other features not included in the present building. The old gymnasium will be turned over to our co-eds that they may get more complete exercise, and rest their vocal organs.

On the campus Delta Tau Delta is more than holding her own. Brother Hamilton has just completed his first year as assistant manager of basketball. Brothers Robinson and Madden are working hard with the long bamboo pole. (No, not fishing, vaulting.) Brothers Hamilton, Barker, and Perkins are getting in shape for spring track, and McKechnie is getting measured for a big blue "M" which will be his if college continues to play baseball. Brothers Skillin, Rich and Coburn are working on the *Campus* and the same trio is posing as humorists, writing for the *Mainiac*. Brothers Skillin, Parsons, Tyndall, Rich, Coburn, Hamilton,

and Morse are making the stage a better place to keep away from, by playing in the annual M Club minstrels. Brothers Tyndall, Coburn, Passmore and Morse represent us with the University Band.

We have a new system of house organization too, which we think is very near perfect. However, we should like the opinion of others on the subject, and would consider ourselves honored by a call at the house.

A. E. COBURN.

GAMMA XI

CINCINNATI

Opening the letter in due form, we announce the initiation into Gamma Xi Chapter, on February 25th, of John C. Endebrock, Jr., Robert F. Muhlhauser, and Charles C. Bush of Cincinnati, and John O. Weaver of Chicago, and Paul J. Mahoney of Gloversville, N. Y. Being duly gratified by this, the Chapter proceeded to pledge shortly thereafter one Dorsey Ellis of Petoskey, Michigan.

The eyes of the University and of the City are turned to "Fresh Paint", this year's musical comedy. It promises to be a success, inasmuch as the Chapter has three of the leads and the publicity agent of the production, besides representation in the chorus and on the general committee.

One of the brothers was chairman of the committee for what has been declared by popular voice as the most thoroughly enjoyable Junior Prom in the history of the oldest inhabitant. The one event of the social season which offered real competition was the Delt Spring Formal, appreciated at the Wyoming Club on April 2nd.

Gamma Xi members were especially glad of the opportunity to become acquainted with the visiting brothers in attendance at the Northern Division Conference, and we feel that no chapter was more greatly benefitted by the conference than was ours.

During the Spring, the Chapter has been particularly occupied with the campaign to secure funds from the alumni and the actives to refurnish the lower floor of the Chapter

House. Letters were sent to all of alumni both in and out of town, and those in Cincinnati were visited personally. Much improvement is already noticeable in the House, and the campaign is still going strong.

The customary activities of Class Week are to be enhanced this year by an all day campus circus on Saturday of that week in honor of the alumni. The annual Interfraternity Sing will be held in the evening, and we're hoping that some of you readers will be with us when we step off with the prize.

BEN L. BRYANT.

GAMMA OMICRON

SYRACUSE

We are in the middle of our second semester and everybody is getting ready for Easter Vacation.

The Block "S" dinner, which is one of the biggest events of the year for college men was held March 17th. Brother Pomeroy, who is a member of Tau Theta Upsilon, honorary senior society, and the rest of his brothers were in charge. Several Delts were honored at this time. Brothers Homer Smith and Detroy, captain and manager respectively of cross country team were awarded the Block "S" and gold track shoes. Brother Kane was given the same reward. Brother McCarthy, sturdy guard on Eddie Dollard's basketball team was awarded the Block "S" and also the gold basketball. Brother John T. Smith, manager of the basketball team, was given the same reward. Brother Trout, end on Chick Meehan's team, was given his Block "S" and gold football.

Some of our men in other activities are doing fine. Brother Jespersen, editor-in-chief of the *Onondagan* is now a member of the Janas Society and also a member of Corpse and Coffin junior society. Brothers Dressel and Tucker are pulling a mean oar on Jim Ten Eyck's yearling crew, and are sure to get seats in the first boat. Brother Mahoney is at the receiving end on Lew Carr's nine down in the Sunny South. Brother Kane is digging into the cinders, doing the

mile and half-mile for Tom Kean's track forces on their Southern invasion during Easter Vacation. Brothers Comeskey and McCarthy are making strong bids for the lacrosse team, and may be counted upon to go to Europe in June for their post-season trip. Brother Munroe looks like the likely candidate for manager of the track team next year. Brothers Weinheimer and Whitehouse are out for the yearling tennis team.

Our Spring Reunion and Initiation Banquet will be held April 14th. Brother Bill Welton, of the S.A.M. Club down town, has given his consent to have it there. He is preparing a "Regular" meal which promises to satisfy both quality and quantity.

Brother Kearney was chairman of the Committee in charge of our annual Interfraternity Smoker, which was held at the Chamber of Commerce rooms. It proved to the best smokers ever pulled off. They had several good speakers, professional entertainment, skits by all the Fraternities and refreshments. The Pi Kappa Alphas won the silver trophy for the best skit.

Our next happening in the social world will be our Spring Formal Dance, at the Syracuse Yacht Club. This is one of our biggest affairs and is looked forward to with a great deal of pleasure. The contract is all made with the weather man for the usual full moon, and cool evening.

The men who will leave us and become alumni in June are Brothers Pomeroy, Strait and Ross. There are only three of them but they mean a lot to us. We hate to see them go.

An issue of the *Gammakron* is on press now and every one may expect to be reading them soon.

CHARLES W. TROUT.

GAMMA PI

IOWA STATE

At Iowa State, the spring quarter opened March 26th and Delta Tau Delta resumed collegiate activities with twenty-three actives and five pledges to maintain the record of the Fraternity.

Gamma Pi wishes to announce two new pledges to all brother Delts: A. Foster Sheller of Dallas Center, Iowa, and Harold M. Weis of Cedar Rapids, Iowa. Both of these baby Delts are taking electrical engineering. Weis played end on the Cedar Rapids state championship football team last fall and we expect him to make good on the gridiron here at college.

So far this year the Chapter has annexed three Varsity "A's", Brother Roberts winning his letter in both football and basketball, and Brother Wingert in football. In track we have Brother Rube McBirney, our Scotch strong man, heaving the javelin and from all indications he should add another stripe to his "A" sweater. Brothers Churchill and Wingert are out for the baseball team and will perhaps be able to bring more Varsity honors to the house.

Tennis will be of great interest to Gamma Pi this spring, for Brothers Paige and Thompson will undoubtedly be numbered 1 and 2 on the team. By winning the state tennis tournament last August, Brother Paige became the ranking raquet artist in Iowa, and Thompson is placed as the seventh best player in the state.

Our old warhorse, Zeke Roberts, was forced to leave school this spring to help his father on the farm, but in the two quarters that he has heen in school this year he has hung up a record that many sophomores will strive for but never attain. Zeke made two letters, one in basketball and one in football. In addition, he was elected captain of the 1924 cage team. But that is not all, for at the winter election, he won the presidency of the Sophomore Class by a majority of over three hundred, the largest majority ever known at Iowa State. He will be back next fall with the first call for gridmen.

Our Gamma Pi ink slingers are forging to the front this quarter. Brother Frank Reck has been appointed editor of *The Iowa Agriculturist*, one of the most coveted journalistic positions on the campus. Brother Phillips is a feature writer for the same publication and Brother Churchill is

handling sports and dramatic criticisms for the *Iowa State Student* as well as writing for the *Agriculturist*.

Gamma Pi is, to say the least, well represented on the administration staff of the Veishea. Veishea at Ames is the biggest thing of the year. It includes the all-college exposition, the all-college carnival, the all-college musical comedy and in every way is an all-college celebration. The dates for the occasion are May 10th, 11th and 12th, and if you can possibly get here, Gamma Pi will show you the sights. On the staff is Brother Beese as assistant to the treasurer. Brother Frank Reck is publicity manager. Brother Hillman is the representative from the industrial science division and has charge of the military exposition, for which his two years in France with the 2nd Division has well fitted him. Brother Jarvis, our new house president, has charge of the program sales.

GAIL W. CHURCHILL.

GAMMA RHO

OREGON

With the coming of track season Gamma Rho is prepared to do her share in contributing to the luminaries of the cinder-path, both in Varsity and Freshman material. Captain Ole Larson, Ralph Spearow, Chuck Jost, Elmer Hardenburgh and Marvin Lucas will represent us on the Varsity squad, and among promising Frosh we have Wade Rutherford and Al Hills. Things also look favorable for Delta Tau Delta's repeating last year's performance in interfraternity track this spring by carrying off first place, although several of last year's point getters have been eliminated, some through graduation, others through winning their "O", which makes a man ineligible for "do-nut competition".

Track alone is not the center of all sporting interest, however, in spite of Bill Hayward's tireless efforts to make it so. Coach Bohler with his colony of pill-swatters come in for their share of the big noise in Oregon sporting circles too. This year the House has two men on the regular nine,

Brothers Collins and Gowans. Both are on the twirling staff. On the Frosh team we have Babe Schuerman and Jimmie Scriptures, a backstop and a first baseman.

Aside from athletic activities considerable interest is being taken on the campus in regard to the coming Junior Vaudeville. Practice for this galla theatrical event has been in progress for some time and this year it is rumored to be a bigger thing than ever before. We have this inside dope from Brother Frank Wright, the leading man in the headline musical skit, whose baritone voice has been chiefly responsible in the past for making Delt serenades popular with co-eds on the campus.

Several of Gamma Rho's alumni have recently been honored by being elected to membership in Phi Beta Kappa, a chapter of which has lately been installed on the Oregon campus. Brothers Francis Curtis '11, Charles Reynolds '13, Lewis Bond '16, and Verne Blue '22 are the men thus honored.

Although the recent semester examinations caused few casualties in the lists of the Delts we failed to make the same high standing in scholarship as the year before and at present much stress is being laid on study. We believe that by beginning now, at the start of the semester, we will be able to come back and secure our former place at the head of the list by the end of the school year. "Do your cramming now"; that is our slogan. This in spite of the fact that the pleasant spring weather is not quite so conducive to mental concentration as to canoeing on the mill race.

J. MASON DILLARD.

GAMMA SIGMA

PITTSBURGH

Following a successful season for both the University of Pittsburgh and Gamma Sigma Chapter, we turned our attentions to the more important if less spectacular side of school life. When I say successful you must think of the way Pitt came back at the end of the football season, and

I can tell you that Gamma Sigma's season was successful, for of the thirteen pledges we have previously introduced twelve are now wearing the square badge and all thirteen were eligible for initiation. This is real success with our Freshmen and pledges as the requirements for initiation set by the interfraternity council are very high.

Our new Chapter at Carnegie Institute of Technology is now a reality, and Gamma Sigma Chapter is hoping to be the greatest aid in its development, and ultimate success of any of our sister chapters.

Pitt is to have a campus week, to be held May 1st, 2nd, and 3rd. It's going to be great as the committee are all live wires. Brothers Bigler and McKinnis serve on the committee.

This year we have been holding open meetings (so called) about once a month, to which we ask a business man from town to speak to us on a phase of life we are not able to get in school. This has certainly turned out well and we have had some very fine talks.

The Alumni Banquet was a great affair. It was held February 24th, at the University Club. Our only but very great regret was that our President, A. Bruce Bielaski was unable to attend. We all had a chance to hear Brother Arthur Dayton, Gamma Delta '07, and that was a real treat.

FRED M. SIMPSON.

GAMMA TAU

KANSAS

Two more fine fellows put on the square pledge button of Delta Tau Delta at the beginning of the second semester, Warner W. (Squeak) Newcomb, and Virgil Hocket. Pledge Newcomb hails from Denver and is quite the politician. He has a Delt brother at Beta Kappa. Virg is a Wichita product. He has had to go home on account of his health, but will be back next year.

The week after the start of the second semester was "Hell" Week and when the smoke cleared we initiated six: Lewis

Renz, Kansas City, Mo.; William Garland, Wichita; Lionel Semon, Lawrence; Eugene Wright, Barnes; Ted Sanborn, Chapman; Claude Mathers, Moline.

Brother Howard Firebaugh is one of the track stars of Old K. U. and is making a name for himself.

The 21st of April, the first Annual K. U. Relays will be held and everyone expects to see many Valley track and field records broken.

Plans are under way for a new house and if everything goes the way it should, Gamma Tau will be in her new home about next Christmas.

F. EBENEZER WHYTE.

GAMMA UPSILON

MIAMI

Miami's campus is blossoming out with its usual beauty—in fact it is blossoming out in more ways than one. Plans for building that were delayed by the war are finally being realized. With a hospital, a woman's dormitory, and an addition to the library under construction and a men's dormitory soon to follow, it seems that Miami has started on a new period of expansion. Especially do we feel this true because of the proposed establishment of a School of Commerce next year.

Gamma Upsilon has blossomed out in her turn with a fine bunch of new Delts. Allow us to introduce Brothers Russel Hoffmeister of Oxford and Marion Lohman and John Mills of Dayton, all of the class of '24; Robert Spain '25, North Lewisburg; and Freshmen John Kendig, Osborne; Lewis Deschler and Edward Barret, Chillicothe; Stanley Bevington, Hamilton; Alfred Porter, Norwood; Marvin Steele, Cleveland; Winfield Monroe, Sidney, and Harry Potter, Elkhart, Ind.

We have been well represented in all activities this year, not only in intramural athletics, but also in all branches of Varsity athletics. The Glee Club contains an unusually large proportion of Delts, several of whom are taking leading parts. Besides these activities, we have taken a long

step in scholarship, coming from last to second place among the national fraternities here.

We cannot help but feel that this closing school year has been a successful one for us, but we are planning still bigger things for the Fraternity next year.

THORNTON SINCLAIR.

GAMMA PHI

AMHERST

Not even the rigors of the more than usually severe New England winter could dampen the spirits of the Gamma Phi brethren or interfere with their activities. In the interfraternity basketball series the House team more than made up for the loss of the first game by winning the next three—and they are still going strong. The relay team is also giving a good account of itself, having won the first two races.

In addition to this team work many of the brothers have been bringing glory to the Chapter by winning individual honors. Brother Warner played guard on the basketball team. He and Brother Putnam are making strong bids for positions on the baseball team, for which indoor practice started in the middle of February. Brothers Art Lacey, Walker, Ashton, and Burkill have their regular berths on the musical clubs, while Brother Keast is working hard for the assistant managership of the clubs. On the *Student* Editorial Board Gamma Phi has the maximum representation allowed to any fraternity. Brother Garfield is the managing editor and Brothers Keast and Snell are assistant editors; Brother Megathlin is a member of the business department. In the field of creative writing we have Brothers Root and Tilley, editor-in-chief and assistant editor of the *Amherst Writing*. As a result of a recent competition Brother Ed Lacey is now the assistant business manager of the same magazine. The Delt representation in the Sphinx Club has been increased by the election of Brother Collins. He is also a member of the *Olio* Board and the Sub-Freshman Day Committee. On the debating squad we have Brothers

Ev Manwell and Prentiss. Four men from the House—Collins, Burkill, Megathlin, and Snell—have parts in "Andre", a play which will be presented during the spring term.

In the midst of academic and extra-curricular work the second house dance of the year held on February 10th was welcomed as a most enjoyable addition to the "fussing" trips to Smith and Mt. Holyoke Colleges. Twenty couples and several stags "tripped the light fantastic" from three until nine-thirty. As usual Smith and Mt. Holyoke furnished most of the fair damsels, though Syracuse was also represented. With the keenest of "femmes" and the College's best orchestra, how could the Delt brothers have anything but the "time best ever?"

F. HAROLD WEIS.

GAMMA CHI

KANSAS STATE

On February 10, 1923, the Chapter held a special initiation for two of her old alumni who were here to take the work. They were Oley Weaver '11, now secretary of the Alumni Association of the College, and Emmett W. Skinner '16, Captain in the United States Marine Corps. The Chapter was glad to have these two men back and to give them the work they well deserve.

On February 24, 1923, Gamma Chi held initiation for nine of her pledges, Waldron Sanders, Harold Shepard, E. R. Lord, Ralph Blackledge, Fred Dunlap, Harry Wilson, Lyle Read, Joe Haines and George Curry. These are a fine bunch of boys and are all getting into chapter and school activities with the right spirit.

The Chapter was represented on the basketball team by three men, Ray Hahn, Art Doolan, and Fav. Foval, captain, all making their letters.

The intramural race for the championship cup is registering some hot competition. At present Delta Tau Delta is in third place. Track, baseball and tennis events are scheduled for the next month and as Delta Tau is strong in

these competitions we are confident of finishing in first place. Dobson and Shaw are our leading lights in track and baseball. Dobson at high jump, pole vault and hurdles will bring home a large score and Shaw will supplement this with a goodly number of points in the dashes. These two men also form a formidable battery on the baseball team.

Our rifle team is working hard to get into shape to win again the handsome trophy given by the Military Department. The team won this cup last year, the first time a prize of this sort was offered.

A new honorary fraternity has been organized in our school. It is Alpha Kappa Psi, in the Commerce Division. We are represented in this organization by George Winters and Fred Voiland.

The Active Chapter has been to a considerable expense this year for improvements around the House. We have a new grand piano, new curtains and drapes, new wall paper, and a few other changes that make the old wigwam look better than ever. A good time for all Delts to come and see this would be April 20th, which is the date for our annual Spring Party.

Charles E. Long is our rush captain. He has rush cards printed ready for use. If anyone has use for some of these for good men coming to this school drop him a line, he will take care of it, and the Chapter will appreciate your interest.

F. L. FOVAL.

GAMMA PSI

GEORGIA TECH.

Since our last RAINBOW letter was written the Christmas vacation has passed, and following it the Southern Division Conference. This was our first attempt at playing host as a Chapter to the Conference and we enjoyed the experience it gave us and the close association it afforded.

It has been a source of keenest regret to us that the one and only Frank Rogers is no longer active in his fraternity

work. We hope that in his travels he may be successful in his search for health, and that he may find it possible to visit us again in the same old way—the same Frank Rogers.

It behooves us at this point to list the honors that have recently been conferred upon several members of our Chapter. Brothers D. D. Robertson and L. E. Gates have been elected and initiated into the Scabbard and Blade honorary military fraternity; Brother George Dowman is now a member of Alpha Kappa Psi honorary commercial fraternity. In the newly established Senior Mechanical society we take pleasure in announcing Brothers Verdery and Walthall members, and in the Junior Civil society Brother Rip Rohrer. Brother Gates is now president of the Matheson Literary Society.

First, second and third places in the Annual Cross-country Race held on March 17th, were taken by nonfraternity men. Over 500 participated, and among the twenty fraternities represented Gamma Psi placed fifth. Brother Robertson won the chapter prize by placing 39th in the event. He was closely followed by Brothers Roberts and Gates who finished 44th and 45th respectively.

"Clarence," the second play staged by the Marionettes Dramatic Club was presented at the Atlanta Woman's Club Auditorium on April 14th. We drew the second row for this performance which proved to be even better than "Officer 666" which was presented by the club last December. Gamma Psi was represented on the cast by Brother Robertson. Brothers Wynn and Pearson are also members of the Club.

The baseball season at Tech opened with a rush on March 28th. We defeated Penn State two games and then lost one to the University of Pennsylvania. Every year Tech has several of the large Eastern teams on its schedule in addition to the most representative Southern teams, and it is a common thing for our team to win the Southern Championship. Brother Johnny Baum is representing the Chapter at third base on the Varsity. He is as much at home in this

position as the redoubtable Red Barron was last year in centerfield.

We take pleasure in introducing Brothers Eugene Halford, R. P. Horton and Ira Hardin. They are respectively from Augusta, McDonough and Atlanta, Georgia.

We have now on our roll of pledges following the spring season Hal Gilbert of Perry, Georgia, and Frank Kinsey of Savannah.

We are now safely tucked away in our new home at 75 West North Avenue, and are now regaining our composure following the Housewarming. This House will tide us over until we can see our way clear to start building on our lot in "Fraternity Block". All preliminaries incident to the purchase of an entire block in the vicinity of the school have been satisfactorily taken care of and plans for future building operations are already under way. The block has been laid off in a very attractive manner, and fourteen fraternity houses will be built on it by the several fraternities having lots. The idea is unique, and is probably the first of this kind that has been attempted by fraternities at any college in the country. It is also a very practical arrangement and is going to prove itself in a very short time. The location is a choice one and the style of architecture will be to some extent uniform in that it will all border on the ancient Grecian type. In the drawing for lots we were awarded an inside lot of 65 x 110 feet. Plans for building will be announced at a later date.

The Commencement Week program will provide as usual the Sophomore American on the 8th of June, preceded by the Junior Prom and followed by the Senior Hop. The Pan-Hellenic will be held on June 11th and will be as usual a masque affair. We are anticipating a great time at Commencement and we urge all Delts who can possibly do so to arrange for a week's stay in Atlanta for this program.

Mr. and Mrs. N. H. Williams of Atlanta announce the engagement of their daughter, Martha Louise, to Mr. Charlton Read Roberts. The marriage to be solemnized in

June. Brother Roberts of the class of '22 is now with O. I. Freeman Engineers, and is located in Atlanta permanently. Choc is a great boy and we extend to him our hearty congratulations.

Brother H. O. Hoeppner of Gamma Alpha, who is in charge of the 1923 Convention of the Kiwanis International, has been with us since January. Needless to say we are all fond of Hep and we hope that we may have many more like him in the future.

HUGH R. ROBERTS.

GAMMA OMEGA

NORTH CAROLINA

Those of our alumni who return for Alumni Day at Commencement time will hardly recognize the "Old Shack" for at last we have a new coat of paint on, not to speak of the tinting of the walls of the reception rooms and lobby. And lo and behold! there is even new furniture in the lobby which makes one think of the palaces of his dreams. The dreams of those who have come and gone in the past have at last been realized and now we hope that you will all come around and enjoy the reality.

At this writing the latest scholarship report has not been issued but Gamma Omega hopes to recover considerable lost ground and stand very near first place, if not first. This has been the part of college life that has been during the winter quarter, stressed the most, together with the lining up of new men for next year.

We have initiated two new men, Brother Julius Ragland of Salisbury, N. C., and Brother Bracy F. Fountain of Leggetts, N. C. The former is a sophomore and the latter a junior who will, upon graduation, go into the Law School. Both of these men are valuable assets to the Chapter and we are looking forward to great things from them.

Brother McGlaughon won third place in the hurdles in the State Track Tournament. Brothers McGlaughon and Reynolds are on the Glee Club, while Brothers McGlaughon, Waddill and Rollins, V. B., took prominent parts in the

production of "The Kalif of Kavak", a harem scene musical comedy in which all the female parts are taken by men, thereby gaining its slogan "Every girl a perfect gentleman." This production is being carried to the principal cities of the State and is receiving a very fine ovation. Brothers Rolling and Rollins have been initiated into Alpha Chi Sigma, the chemical fraternity. Brother Hamer graduated at the end of the winter quarter and we regret his loss from the active Chapter, although we hope to have him with us off and on until the end of the year. Brother Stout is out for baseball, and Brother Sleepy Holden was a consistent worker on the basketball squad. Brother Norman Shepard has his hands full now with the yearlings who are attempting to make the first year baseball team.

We have had visits from Brothers Bill Andrews '20, Skinner Kittrell '20, Dewey Dorsett '22, Dale Beers '21, and Dewey Crawford of the Emory University Chapter '22. Our house will be open during the summer and a fair sized bunch of the fellows will be here, and we extend to Delts who may happen in these parts a cordial welcome to the house and to our cool and shady grove of oaks and cedars.

ROLAND B. EUTSLER.

DELTA ALPHA

OKLAHOMA

With the coming of spring, Delta Alpha has taken a new lease on life. The pledges are getting the lawn in shape for our spring lawn party which we will give for our feminine friends after the April showers have brought May flowers.

Delta Alpha won the scholarship cup for the fall semester of 1922, beating her nearest rival, Kappa Sigma, by four tenths of a point. The competition is based on six points as a maximum.

Brother Vogle now has his track team in shape to enter the spring meets. Brother Ben Parks, as tennis coach, will soon have his squad ready for the tournaments that follow the Easter holidays. The departure of Brother David

Crockett for Honduras left us "holding the sack" for a representative on the baseball squad this season. We hope that through the medium of the national sport we will have the opportunity to entertain Delts from the neighboring chapters.

On February 22nd, the anniversary of our installation, Delta Alpha held initiation for the following neophytes: Ronald Johnston and Lendon Knight, Tulsa; John F. Amos and Howard Billings, Oklahoma City; John Sutton, Prague; Ralph Johnston, Okemah; and Bonnie Spencer, Chandler.

On September 14th, a husky buck from the Texas Chapter named Ashby strolled into the village. He liked the Sooner campus so well that he decided to stay and enrolled as a freshman lawyer. Bert has been indispensable ever since, and after his affiliation he took the position of pledge captain, which he filled with much ability. When basketball season opened, Bert was elected captain of the fraternity team and turned out a good one. He was pledged to "Ruf Neks", a pep organization, and landed a job as business manager of the *Whirlwind*, the University comic magazine.

Delta Alpha is still holding her own in activities. Since our last letter we have acquired a few more honors. Brother Wayne Billings has been pledged to Phi Delta Phi, and Pledge Bandy to Alpha Kappa Psi, honorary commercial fraternity. Brother Ben Parks has taken up his duties as business manager of the *Sooner*, the University yearbook.

We have secured a new home for next year. Our present home is inconvenient because of its location. That old song which ends "way down on the Delta farm" must have been written for our special benefit. While we are not running in competition with the Country Club, our house is off by itself and is generally referred to on the campus as the Delt Farm. Our new home will give us better facilities for entertaining guests, especially our lady friends.

We have had quite a few Delts, who happened to be in this neck of the woods, drop in to see us and we enjoyed their

visits immensely. Dutch Worrell, Gamma Kappa, has been in to see us twice with his line of jewelry and that other line of his. Other visitors were Brothers Perreault and Greenstreet, Gamma Tau; Brother B. P. Wordwell, Beta Phi; Brother A. A. Arter, Beta Lambda; Brothers Bill and Ed Hudson, Gamma Kappa; and Jack Troxell, Gamma Sigma.

J. STEWART TISSINGTON.

CHICAGO ALUMNI CHAPTER

The Delt Prom, which was held in connection with the Western Division Conference on the night of February 23rd, was one of the best dances that have been given by the Chicago Alumni and the three active Chapters. Every one of the Chapters made a remarkable record in regard to the number of the actives that attended the dance. Northwestern was most active at the affair. About one hundred and fifty couples attended the prom.

The Western Division Conference, which was held at the same time with the prom, was also very successful. The most noteworthy action of the Conference was the rejection of the petition of a local fraternity at the University of South Dakota to join the ranks of Delta Tau Delta. The Western Division Conference was opposed to expansion.

The membership of the Chicago Alumni Chapter has nearly reached the two hundred mark. We have an extensive membership campaign in full swing at the present time and feel confident that our membership will by far exceed two hundred and fifty before the drive comes to a close.

We wish to have any Delt who happens to be in town at the time of our luncheons or monthly meetings to join us and make themselves at home.

ERNST C. SCHMIDT.

NEW YORK CLUB

The spring season has been a more than usually eventful one for the New York Club, principally for the reason that we have given much thought and discussion to the invitation of the New York Fraternity Clubs to take club rooms in their new building, which was described in the March RAINBOW. We shall not in this letter attempt to say anything except that at a special meeting held at the Club in

New York Fraternity Clubs Building
38th and Madison Avenue

March it was the sense of the members that the proposition was a good one and if satisfactory arrangements can be made we will take part in the new venture.

One of the outstanding events at the Club was the first match for the Interfraternity Bridge Cup. This is a challenge cup to be contested for by members representing the New York Clubs of Zeta Psi, Psi Upsilon and Delta Tau Delta. In the initial set our attempt to secure the coveted cup was not a successful one.

At the last monthly dinner the annual election of officers took place with the result that the following men were elected to guide the ship for the ensuing year: President, C. C. Harris; Vice-President, Carl Fairbank; Secretary, Philip A. Miller; Treasurer, John C. Wight; Trustee of Building Association, A. L. Irvin. And the following were elected, reelected, or forced onto the Board of Governors: George E. Morrissey, Frank C. Briggs, James L. Pinks, Clair W. Fairbank, C. L. Reeve and William T. Reeder, and as special representative of the Fraternity, Frank S. Hemmick.

In closing our letter we want to remind all brothers who contemplate visiting the metropolis this coming summer that we have accommodations at the Club, the rates are very reasonable, and if you don't stay at the Club at least drop around to 27 East 39th Street and you will be most welcome.

WILLIAM T. REEDER.

CINCINNATI ALUMNI CHAPTER

The Forty-second Northern Division Conference has now become history and we like to think, if we do say it ourselves, that it was a very successful convention. It certainly takes something of this kind to get the old boys out. We dug up some who had reached that state where the old Fraternity was something that had happened in their remote past; others who had been trying to get there for months and years but had been unable to make the grade. There were some there whom I had known only as names on various alumni

lists in my ten years as a Delt. It is too bad for the sake of some of our alumni that we can not have a conference here every year. About two hundred and thirty attended the banquet and smoker, which is an extremely large attendance for a Northern Division Conference, and we certainly want to thank the actives and alumni of this Division for their cooperation.

A new intrafraternity organization has sprung up in our midst, thanks to the enterprise and "pep" of some of our Delt wives and mothers, who call themselves the Delta Tau Dames. Of course the idea is not new or original in the Fraternity but it is new in Cincinnati where there has been plenty of room for just such an organization. A house furnishing campaign was staged by the active Chapter out of which grew the Delta Tau Dames. They bought draperies and linens for the Chapter House and then put on a bridge party and paid for them. The organization is made up of mothers, wives, sisters and daughters of Delts, and from the way their numbers are increasing they will soon put the Alumni Chapter to shame.

The regular weekly luncheons are continuing at the Burnet House at Third and Vine Streets, every Wednesday at 12:15. If you visit Cincinnati regulate your business so as to be here to eat with us on Wednesday.

BAYLE M. RICHARDSON.

SAN FRANCISCO ALUMNI CHAPTER

At this writing we are all putting our efforts towards the success of the Annual Banquet, which this year will be held on the night of Saturday, April 21st, at the University Club, San Francisco. We are figuring on about two hundred brethren attending, which will include active members from the Chapters at University of California and Stanford, besides alumni members from practically every Chapter in the Fraternity. At that time we will commence our annual round-up of members and do not intend to close the roll until we have topped two hundred subscriptions.

Delts seem to be flocking to the Coast in great numbers, and we would consider it a real favor to have them call on us, not only because we may be able to do them some good but for the sake of fellowship and the opportunity of making a new friendship.

GEO. M. PARRISH.

INDIANAPOLIS ALUMNI CHAPTER

The Indianapolis Alumni Chapter is already well on the way to one of the most successful years it has enjoyed in some time. The new officers—Edgar Zimmer, President, Alfred Johnston, Vice-President, Everett Holloway, Secretary, and Wallace Weatherholt, Treasurer—were installed early in January, and immediately things began to hum. A membership campaign came first. Brother John Cartwright conceived the idea of awarding a prize to the one securing the most memberships, and Brother Charles Dyer very graciously donated a wall shield with the Fraternity's letters on it. The campaign began February first and ended at a smoker on March 16th, at which time one hundred and thirty-five Delts were enrolled in our Chapter. We are certain from our showing thus far to pass the enrollment allotted to us by the Fraternity this year.

A number of our men attended the conference at Cincinnati, and following this the Chapter entertained with a smoker, March 16th, at the Board of Trade parlors. Everything here was free, including smokes and eats. The experiences at the conference were related, music was furnished by Brothers Dale Hodges, George Kadel, and the Beta Zeta quartette, and not the least enjoyable feature was the absence of the contribution box.

On the second Saturday in May the annual state banquet will be held. Detailed plans have not been announced but the reputation of the event is such that Delts flock to it from all parts of the country as soon as the time and the place are made known. The Karnea at Cleveland is getting

an unusual amount of publicity and plans to attend are already being made by scores of local Deltas.

The regular Friday luncheons at the Board of Trade are being very well attended. Brother Wray, our new field secretary, honored us with his presence at one of these meetings a few weeks ago.

EVERETT J. HOLLOWAY.

LOS ANGELES ALUMNI CHAPTER

WHO-O-O-O RAH!

No, it's not the Lion Tamers in convention, but the three-hundred and forty-two members of the Delta Tau Delta Alumni Association of Southern California telling the Greek World that they're alive. And that discordant note you heard above all the rest was Brother Stanley Ikerd, the secretary, who thinks D. T. D. stands for "Dues Today." Stan is the world's champion heavy-weight go-getter of alumni dues, and "due" to his efforts, our membership thermometer has risen to a height that makes the San Francisco indicator look like it's broken.

We have our monthly get-together at the University Club the third Tuesday of each month, and if there are less than seventy fellows there, Stan begins to make apologies. The Club gives us the main banquet room which is located on the ground floor and has about five stories piled on top to hold the ceiling down when we break loose with songs of the Delt variety.

The Association has an array of talent that would make a vaudeville bill look like a funeral, and we can always count on some of the brothers for entertainment. Plans are now being worked out for holding weekly luncheons, and many of the brothers have pledged their attendance once the luncheons become a permanent institution.

Brother Paul T. Hoffman brought back a few laurels from the recent Interfraternity Alumni Council in the way of a vice-presidency. Brother Paul has opened a little Delt club

of his own in his Studebaker agency, having employed every available brother who looked like an automobile salesman.

Through the efforts of Brother Ikerd, the Los Angeles Chamber of Commerce has opened a Greek letter information desk where any Greek letter man can find his respective fraternity's alumni organization. This has proven particularly valuable to the Delt Association, since it has enabled Stan to grab them and get their dues before they can escape. There are more than three hundred and forty-two Delts in Southern California, but that's all we have a line on to date.

At the April meeting, the Association will entertain a number of boys from the University of Southern California with a view to looking them over as future material for Delta Tau Delta. The University has grown amazingly within the past few years, and it is now recognized the country over as an all-around institution.

The Association extends to Delts the world over a hearty invitation to visit Los Angeles and sit in on a few meetings or lunches. One meeting is sufficient to imbue anyone with the Delt spirit that exists here. After that, he'll want to stay.

W. M. CREAKBAUM.

DENVER ALUMNI CHAPTER

The Denver Alumni Chapter of Delta Tau Delta finished up 1922 with a wonderful dinner at the home of the retiring president, Brother S. T. McCollum. The dinner was a success in every way and was enjoyed by the Delts who had been in more or less regular attendance at the bi-weekly luncheons during the year.

In January, 1923, the active Beta Kappa Chapter joined with the Denver Alumni for the annual banquet held at the Metropole Hotel.

Brother Clair Evans, one of our versatile number, covered himself with glory in the roll of toastmaster, and saw to it that something was doing every minute. L. Allen (Beany) Beck and Homer S. McMillin shared honors with our inimi-

cable Charley Pierce. This trio of comedians should be severely censored for wasting their talents on insurance prospects or fighting cases in court. The "Lady of Shark Tooth Shoal" has a kick that is well nigh upsetting and the parody—well, you heard it. If you didn't, I can say you missed something. The actives performed their part of the entertainment like real professionals.

The election of officers followed, but as everything had been "fixed" before, little trouble was experienced in rail-roading the candidates through. H. T. Lamy, fifty years a Delt, President, Philip S. Van Cise, District Attorney, Vice-President, and H. V. Phenix, Secretary-Treasurer.

Delta Tau Delta can be mighty proud to include in her membership such an outstanding and forceful figure in modern day law enforcement as our District Attorney, Philip S. Van Cise. What we need in our American life today is more men like Phil with the courage to stand "foursquare" against those who hold the law in contempt. We need *men* in public office today, and here's wishing Phil a great many years in public service where he has proved himself a powerful influence for clean government.

We have changed our luncheon place from the University Club to the Denver Athletic Club, 14th and Glenarm Street, and invite visiting Delts to join us whenever they are in the City. We meet every other Wednesday noon at 12:15, and can promise an interesting program, as well as a splendid luncheon.

A member of the Denver Alumni Chapter has sent in a copy of one of the luncheon notices issued by the Secretary, which follows.—Ed.

D-iogenes was quite a chap among the ancient Greeks:
E-xploring every corner in an unavailing search,
L-ooking in the Senate and the Market place and Church,
T-rying honest men to find among his fellow Shieks.
A-re you prone to wonder why this old Athenian Sport

T-ook his job so gravely, and his failure with such fury?
A-nswer:—Phil had hired him to seek out an honest jury
U-nfriendly to the buncs on trial in Denver's West Side
Court.

D-iogenes lost heart and died, and Phil won't say a word.
E-ccentric Greeks we do not have to tell us tales and jokes.
L-uck's with us, though, for Golden boasts a Greek who's
quite some bird:—

T-his Greek, who'll entertain us at our lunch, is

TOMMY FOULKS!

A-t 12:15, on Wednesday, close your desk and grab your
bonnet;

S-how up at D. A. C. so I may know you've read this sonnet!

HENRY V. PHENIX.

PORTLAND, OREGON, ALUMNI CHAPTER

With the beginning of the year the Portland, Oregon, Alumni Association turned over a new leaf and according to the usual custom the eager brothers called for a new deal. As a result I have the pleasure of announcing that Brother William H. Gerretsen, our esteemed secretary and treasurer for the past year, who hails from Gamma Rho Chapter, will guide the destinies of our Association for the year 1923. Brother R. E. McClung of Gamma Mu Chapter will attend to the correspondence and finances and Brothers Ranie P. Burkhead of Gamma Rho, Vere Windnagle of Beta Omicron and Ken Warrens of Beta Omega complete the roster of the Executive Committee.

After much debating the members decided to move the scene of our usual Saturday gathering from the Seward Hotel to the University Club. True to prediction the change brought out a number of the lost and strayed and each succeeding week our numbers have increased. Now one can count on at least a baker's dozen being present. In fact on several occasions we had over twenty out, but we are

far from satisfied because with over a hundred names on our list we ought to have a better attendance. However, in explaining the increase in attendance perhaps it is the change of menu, perhaps it is the prestige of the Club, but more likely it is the old Delt spirit coming to life again and a desire to keep in touch with the brothers who make the City of Roses their home.

Our problems, while they have not been many, have been complex and I feel sure the Fraternity will be interested in knowing that we have not turned our back on them. For the past few years we have been looking forward to seeing a worthy local at the Oregon Agricultural College at Corvallis, Oregon, petition for a charter. Investigation by several members of the Executive Committee brought out the fact that the field is a rich one, and when the time comes we hope to have a top notch organization await the pleasure of the Arch Chapter and the Fraternity at large. Brothers Rutherford and Hager of Beta Tau, who head the coaching staff at O. A. C., are anxious to see a chapter installed and are doing a great deal to help us out.

At the University of Oregon, Gamma Rho Chapter is undertaking to refinance its building association and with the help of the Portland Alumni Association there is no doubt that this fall will see their house remodeled and refurnished and the Chapter on a sound financial basis. The personnel of the Chapter and its standing on the campus—it is a leader as we should expect—merits the support of all interested Delts in this part of the West.

Remember "Ye Wandering Brothers," that every Saturday at one o'clock we gather to lunch and refresh ourselves at the University Club, corner of Sixth and Jefferson Streets.

R. E. McCLUNG.

ST. LOUIS ALUMNI CHAPTER

The St. Louis Alumni Chapter continues to hold regular bi-monthly luncheons at the Missouri Athletic Association.

The membership of our Chapter is increasing and we now have fifty-seven active Delts on our roll. Visiting Delts are cordially invited to gather with us at these luncheons.

Last month we were honored by a visit from our new Field Secretary, Ralph M. Wray, and all Delts that met him are satisfied that he is a "corking good fellow" and just the man for the job. At the same time Brother Wray was in town, Brother Bob Harlan of West Plains, Missouri, descended upon us. Brothers Wray and Harlan and Brother Thompson of our Alumni Chapter were together at Colorado University several years ago and needless to say, these three were "fanning" the air with exploits of the past.

Brother Delts when in St. Louis, don't fail to look us up.

KARL P. SPENCER.

COLUMBUS ALUMNI CHAPTER

The Columbus Alumni Chapter has enjoyed a most successful winter season and we are looking forward to even more activity during the coming spring. So far we have fifty-two paid-up members out of the ninety-five Delts on our list. We don't intend to stop though until the larger percentage of them are paid up. This is the largest paid-up membership Columbus has ever had and we want every Columbus Delt a booster for the Alumni Chapter.

Brothers Will Harman, Ray Bracken and Lloyd Woodrow attended the Northern Division Conference at Cincinnati, March 2nd and 3rd, and represented the Columbus Alumni at that gathering. They brought back the news that next year's Conference will be held in Columbus, and already preliminary plans are being made to make this next conference a real, live affair. Brother Stanley Sells was elected Treasurer of the Division and Brother Woody Woodrow was elected Secretary. Brother Perl Miller, our President, still has one more year to serve, so the offices of the Division are centered in Columbus for this year at least.

The Columbus Alumni Chapter has started the publication of a printed bulletin which will be gotten out every once in awhile and will be mailed to all its members, and in addition to the active chapters and alumni chapters. It has been christened *The Buckeye Delt Broadcaster*. Its first number was issued just before the Cincinnati Conference and copies were distributed to all the delegates who attended and we must say that it created quite a bit of favorable comment from everyone. Printed on white paper in purple and gold ink, it made an attractive bulletin of the doings of Columbus Delts. The next issue will be out in April. Brother George Whitehead is the official "broadcaster."

Recently two brother Delts were awarded medals by our government for distinguished services rendered during the war. One to Colonel E. E. Persons who received the Distinguished Service Medal and the other a posthumous award of the Distinguished Service Cross to Brother Cyrus B. Austin for his son, Brother Major Raymond B. Austin, 6th F. A., 1st Division, who was killed in action near Fleville, France, October 7, 1918.

The weekly luncheons are still held every Wednesday but they are now being held at the Chittenden Hotel. They are better attended than ever and we want every visiting Delt to meet with us whenever in our city on Wednesdays. A real welcome awaits you.

LLOYD S. WOODROW.

OMAHA ALUMNI CHAPTER

The Omaha Alumni Chapter has been stepping along at its usual gait all winter, although nothing spectacular in the way of entertainment has been offered. Our last regular meeting was held April 5th at the Athletic Club and as usual was well attended.

Several new Delts have come to Omaha recently and we hope soon to have them taking active part in chapter affairs. Among the new members are Harry T. Brisbin, Jr., Stanley

G. Downs, Chas. W. Helzer, E. R. Harnley, W. E. Haynes, Lieut. O. W. Hughes, Paul C. McGrew, and J. S. McGurk.

On the other hand the Chapter has lost several of its good men. Brother D. L. Johnston, Beta '84, recently passed on to the Chapter Eternal after a lingering illness. His loss will be keenly felt. Brothers Charles E. Cobbey, Dr. H. R. Mulligan, and Webb Richards have all left the city.

Traveling Delts are always welcome at our monthly dinners. Look us up.

PAUL BRADLEY.

SAVANNAH ALUMNI CHAPTER

The first meeting of the Delta Tau Delta Alumni Association of Savannah for the year 1923 was held at the Colonial Lunch Rooms Thursday Evening, January 11th, from 7 to 9. There was a good attendance and typical old frat-men's spirit prevailed.

Officers for the year were elected as follows: D. G. Bickers, president; Rod S. Davis, secretary and G. F. Hoffman, treasurer.

At that time it was decided to hold six meetings per year, four regular and two special; the regular meetings on the second Thursdays in January, March, May and September. The special meetings will call for a fishing trip or some kind of outing in the summer, probably in July at Tybee Island, near here; and a Christmas holiday affair when active members will be home from college.

The Savannah Association's second meeting of the year was held on March 15th with a large percentage of the membership present, "including the officers." The meetings are held early in the evening, at 6:30 or 7, so as to get the boys around before they go home from work.

A feature of meeting number two was the report of the efforts of President Bickers to stimulate interest in all activities to the local association. After a meeting the president drops a letter to all absentees and tells them, "We missed 'em." He gets in touch with active chapters

looking toward rendering all possible cooperation and asks them to furnish addresses of all old men and to advise when they know or learn of any Delt coming to or passing through Savannah. He is getting in touch with Fort Screven, and Paris Island, the Marine home, near here, with the view of getting a line on all Deltas at these places and having them attend the meetings, if possible.

Brother Bickers, president, and Your Humble Servant, secretary, are both connected with the *Savannah Morning News* and between us we try to see that no news or publicity of interest concerning Delts hereabouts is neglected. Brother Bickers is associate editor of the *Morning News*. He writes poems, verses, etc., is correspondent for a chain of newspapers and is otherwise prominent in newspaper circles. Brother Hoffman, treasurer, is prominently connected with the Dixie Engraving Company, which is just across the street from the *News*. The local membership includes doctors, lawyers, furniture men, an ice cream manufacturer, real estate men and, in fact, men of all professions and lines of business. So you see we are enabled to "look after each other, as it were."

Although the fact has not been officially announced several of the Delta alumni, having learned of the resignation of Brother Frank Rogers, due to his ill health, have expressed deep and sincere regret at the loss.

Brother I. C. Helmy, Jr., "the furniture king," is being congratulated as a very brave man. He is to get married in the first place and in the second place the ceremony will take place on "Friday, the 13th."

The University of Georgia Glee Club performed here on the night of April 3rd. Three members of Delt Chapter there were on it. The writer was glad to learn that Beta Delta, his old Chapter, is in a thriving condition. It is learned that three or four Delts are on the Georgia Tech Glee Club which comes here later.

The Savannah alumni are already looking forward with keen interest to the outing scheduled for summer. From

the enthusiasm being manifested, the occasion should prove a gala one.

The local Delt Alumni Association claims to be the only college organization in Savannah holding regular meetings.

ROD S. DAVIS.

ATHENS ALUMNI CHAPTER

Alumni activities in Athens continue to center about Beta Chapter. We have been glad to cooperate with the Chapter in pushing forward the new house proposition, so that before College opens next fall Beta will be in a new, commodious home that will be sufficient for the needs of continued growth and prosperity. Athens alumni have acted in an advisory capacity; we are glad that the initiative has come from the undergraduates.

Our monthly dinners, on the first Thursday of each month, have been well attended. They are held at the Chapter House, 93 North Congress Street.

M. D. Hughes, our popular first president of the local Alumni Chapter, is recovering from a serious operation for appendicitis.

Dr. Haldor Gahm is at the U. S. V. Hospital No. 41, at New Haven, Connecticut, where he is doing post-graduate work in pulmonary therapeutics. He has been attached to government hospitals in Savannah and Jacksonville for the past two years.

Jack Bobo has been transferred to Nelsonville, where he is office manager of the Hocking Power Company.

The Athens Alumni Chapter, with other alumni of Beta, and the active Chapter, will have its annual Commencement Week Banquet, as usual.

HAROLD A. COE.

DES MOINES ALUMNI CHAPTER

The Des Moines Chapter believes in perpetuating the ideas and ideals of Delta Tau Delta in the matter of steady

and constructive growth and as a result the alumni roll is on the upgrade right along. It is no uncommon sight to see Delts from all corners of the country represented in the private dining room at the Grant Club where meetings are held every other Friday. Delts who are in Des Moines or passing through, don't forget us.

Change of the regular meeting day has been instituted recently and we now gather on Friday instead of Thursday as heretofore. This change was brought about by the fact that Brother Samuel Chase Green, who presides as guide and counsellor over the activities and destinies of the Des Moines Chapter, was elected a member of the Lions Club, one of the 57 varieties of Luncheon Clubs flourishing in Des Moines, and because the Lions roar regularly every Thursday the assembling of the Delts was set forward a day. Many of the brethren now find it difficult to select a day when they are not busy attending either the Advertising, Rotary, Kiwanis, Lions, Co-Operators or Conopus Club meetings, but of course the Delt luncheons come first.

With what the newspaper society reporters always call "unusually auspicious circumstances", the first annual dance of the Des Moines Alumni of Delta Tau Delta was held at Hoyt Sherman Place, Iowa's most exclusive dance hall, in February. Many of the Delts had an opportunity of meeting the wives of the brothers and of course everyone who met any Delt wife was particularly fortunate, just as the wives themselves were unusually fortunate in marrying Delts. Anyway, the dance was a darn good one, and we are going to have some more.

Inasmuch as many of the Des Moines Alumni are members of the Iowa State University Chapter of Delta Tau Delta it was a matter of deep regret to them to notice that there was "No Letter" from the Iowa Chapter in the last RAINBOW. The alumni feel that this gentle reminder will be sufficient, but if not they stand prepared to take sterner measures to see to it that Iowa is always represented in the roll of chapter letters.

Brother Homer Susong, Gamma Pi, has joined the ranks of those who bask in the sunlight of Delt luncheons and now comes to see us regularly. Brother Susong is recovering from a serious illness, and is located in Des Moines for the time being.

Brother Fred Green felt it rather keenly that he was not mentioned in the galaxy of alumni members who were listed in last quarter's RAINBOW. Brother Green, be it therefore known, has bought himself a lot on 31st Street, and is preparing to build for Mrs. Green and himself an abode which we know will be livable, comfortable, and also, of course, a place where any Delt can drop in occasionally and find a hearty welcome. This applies to all Delt homes.

Oyez, oyez, oyez, as the clerk of the district court says so that no one can understand him. This is to announce that the Delta Tau Delta Bowling Team of the Des Moines Interfraternity Alumni Bowling League, is right up and coming. Two contests were easily and quickly taken from the A.T.O. boys the other night and Brothers Bartholemew, Dredge, Chapman, Mahnke, Miller and Rutledge, who comprise the staunch sextet, state that they are afraid of no one, be they Chi Psi or Gamma Phi. Bring on the victims!

Brother Bob Kenworthy has joined the ranks of the elite and select by taking unto himself a wife. He married a young lady from Lincoln, Nebraska, and although Mr. and Mrs. Kenworthy are living in Des Moines, we haven't seen Bob since the big event. Bob is with the Iltis Lumber Company.

Brother Carl Mahnke was in Chicago during the recent Western Division Conference and looked in on a few sessions between his other business.

Brother Jack Denison, who is an alumnus during the summer and an undergraduate at Wisconsin during the rest of the year, is editor of the *Beta Gamma News* sheet, which recently reached this correspondent. As a former editor of this same sheet, the former editor congratulates the present

editor on his fine work. Jack will soon be back in Des Moines for vacation, and will of course be a welcome visitor at the luncheons, together with the other brothers who come home from college every year.

Brothers Charles Ballinger, D. A. Skidmore and F. A. Hoffman, all of Ohio, are in Des Moines temporarily attending Still College of Osteopathy, and come around to the luncheons occasionally. Make it oftener boys.

Brother Don Hunter holds the record for intensive gardening this summer. Brother Hunter, who believes in intensive cultivation very strongly, reports that his patch of ground will yield more to the square foot than any other similar patch outside of the oil fields of the southwest or the tombs of the Pharaohs in Luxor.

The Des Moines alumni correspondent is nothing if not democratic. He therefore beseeches any of the brethren who have NOT been mentioned in these columns to let him know and they shall straightway have the desired publicity. Incidentally the Des Moines Alumni Chapter modestly proclaims that it is the best Alumni Chapter the Fraternity has and threatens to send in a group picture to back up the claim.

ARTHUR H. BRAYTON.

LOUISVILLE ALUMNI CHAPTER

The Louisville Alumni Chapter now has a membership of twenty-two. This exceeds our last year's membership and completes our 1923 quota, as assigned by the Secretary of the Fraternity. We are out to enroll every Delt in Kentucky.

Brother H. W. Roberts, who was head of the Chapter in 1922, has moved to New York City, where he will be manager of the new Colonnade Lunch at Broadway and 34th Street. He has been a prime worker in our activities here and we lose, in his promotion, a man who has won a place in our affections second to none. We wish him the utmost of

success and happiness. New York Delts can profit by the addition of Brother Roberts to their best workers.

Fortunately for us, Brother Roberts is succeeded in the management of the Louisville Colonnade by another Delt, Brother L. S. Thompson of Beta Mu Chapter. Brother Thompson is jumping into Delt doings with real enthusiasm and on the whole we are bound to commend the policy of the Colonnade system in replacing a Delt with a Delt.

C. B. STANSBURY.

GAMMA

'75—Brother Joseph Bausman, familiarly called "Daddy" who year before last retired from the W. & J. faculty as head of the Rhetoric and Public Speaking Departments, has been on the sick list the past month. On this account he was unable to attend our annual initiation.

'94 Brother W. A. H. Cellvaine is one of the leading attorneys at the Washington, Pa. bar, and a director in the Washington Trust Company.

'07—We are all sorry to hear of the death of Brother Earle Jackson's mother and extend to him our heartfelt sympathy.

'13—Brother Harry Thompson has met with success in the engineering business. He is at present affiliated with the Frazier Engineering Co., a private company with headquarters in Washington, Pa.

'18—Brother Bill Clipman has finished a course in Insurance Salesmanship at Carnegie Tech. With Bill's appearance and his line he should make a great salesman.

'18—Brother Howard Norris paid us a visit the other day. Norry is selling tires for the Goodyear people.

'21—Brother Lewis K. McElhaney is trying to find an "oil mine" down in the wilds of Texas. We wish you luck, Mac.

'22—Brother Henry McCracken is teaching history at Junieta High School. As a history shark, Mac never rated

much. That was the only course he was afraid of not passing.

'22—Brother Geo. T. Walker is taking up law at Penn Law School. He expects to graduate, "if they'll let him."

EPSILON

'21—Harold Dearing is now teaching in the River Rouge High School, just out of Detroit. Pink says to look him up when down his way.

'21—Johnny Osborne is coaching at Pink's school and from what we hear they turn out some teams at River Rouge.

'21—Wonder of wonders! Clare Boyd has gone to work. For the past few years Clare has been our guiding light but now he is molding the destinies of the youthful proteges of Kendalville, Indiana.

'22—Raymond Rogers is now with the Dudley Paper Company of Lansing, Michigan. Snuffy is selling the territory around Traverse City.

'23—Raymond Hotchkiss is Fording Grand Rapids. His particular line is biscuits, by the National Biscuit Company.

'23—Kenneth Gillet is with the Michigan Central Railroad Company, and is located at Lansing, Michigan.

'24—Dick Groby is now in the banking business in Grand Rapids. Shylock had nothing on him.

'24—Leith Raab is now Vice-President of the Raab Shoe Company, Toledo, Ohio. He tells us he can fit any of us.

MU

'94—Brother H. C. Marshall was recently united in marriage to Miss Mary Emma Griffith of Syracuse, N. Y.

'09—Brother Fred Compton dropped in for a short visit the night of our Christmas party.

'13—Brother Tracy K. Jones unexpectedly dropped in at the chapter house for a short visit. Trace has been in China in Y.M.C.A. work for several years. For this reason he has not been back to the house for several years.

'17—Brother Cy Austin is with a prominent law firm in New York City. He is living at the New York Club House, 27 East 39th Street.

'17—Brother Buttons Campbell is selling insurance in Dayton, Ohio.

'21—Brother Amor Tarbill was back to Delaware for about ten days the latter part of November. He is with the Standard Oil Corporation in Seattle, Washington.

'22—Brother Wirt King is now in Florida on a fruit farm. He expects to enter Harvard next fall.

'22—Brother Roger Turrell visited the house after Christmas Vacation.

'22—Brother Chas. L. Ballinger and wife paid us a visit on January 4th. They are living in Des Moines, Iowa.

'24—Brother Ty Freigau seems to be making good with the St. Louis Cardinals.

TAU

'16—Brother D. M. Haven is now located at the American Consulate, Leipsig, Germany. He has recently been promoted to Vice Consul, First Class.

'17—Tau extends her deepest sympathy to Brother G. J. Sauerhoff for the loss of his wife, who died in March.

'22—Brother D. W. MacAskie was recently married to Miss Elizabeth Moore.

'22—Brother C. T. Morton is working for the Foundation Company of Pittsburgh. His address is: The Foundation Company, 1321 Fulton Bldg., Pittsburgh, Pa.

'23—Brother P. H. Long has stepped into the ties of matrimony and has married a young lady from Pittsburgh.

'23—Brother H. S. Anderson is located at Verona, Pa. His address is 447 Center Avenue, Verona, Pa.

UPSILON

'19—Brother Emmonds D. Gray is Electrical Engineer for the Lancaster Light and Power Company, Lancaster, New York.

'20—Brother Donald A. Ferguson recently completed a business trip through the South.

'21—Brother Benny Reimers has been up to see us several times. Trust Benny to take an interest in the Chapter.

'21—Brother Bill Hyatt has been in to see us several times. His present occupation is selling coal. Fine thing for a Ch.E. to do. Almost as bad as Ferguson selling collars.

'22—Brother Preston Morehouse is in the industrial fuel game. His address is 66 Hillyer Street, Orange, N. J.

CHI

'96—Brother Bob Harris has remembered the Chapter with several cards during his visit abroad this past year.

'10—Brother C. K. Lord is now with the Cities Service Oil Company of Columbus, Ohio.

'12—Brother Bob Weaver is chairman of the committee appointed for securing funds for the furnishing of the parlor in the new dormitory and for the building of a new lodge.

'17—Brother A. R. McKechnie returned from a three year stay in Japan during March and brought two Japanese boys with him who are entering Kenyon this fall.

'23—Brother Goodell was married last December to Miss Dorothy Lazier of Mt. Vernon, Ohio.

'24—Brother Ted Goldsmith is located at Pocatello, Idaho.

BETA ALPHA

'88—Dr. W. A. Millis is still President of Hanover College, Hanover, Indiana. Brother Millis is a charter member of Beta Alpha.

'00—Harvey Harmond of Princeton, Indiana, is representative from his district to the State Legislature. Brother Harmond is with the Fraternity and the Chapter in all matters. Beta Alpha received a gift from him a short time ago, which was much appreciated.

'06—Howard Hobbs is making scads of money as one of the officials of the Wood-Mosaic Company of Louisville, Kentucky.

'10—Ed Chambers is Sporting Editor of the *Louisville Post*.

'10—Lester C. Gifford is manager of the *Kokomo Dispatch* and has given some interesting contributions to the *Baba*.

'12—"Col." Walter Koehler is the active head of the Koehler Lumber Company of Louisville, Kentucky, and has recently put out a popular coupe-body for Fords which is making a hit for advertising purposes.

'13—Recently Beta Alpha heard from another faithful Alumnus, Robert W. McClaskey who is manager of the Travelers Insurance Company at Louisville, Kentucky. The Chapter appreciates the gift which he gave, and also the new addresses of some of the Brothers. Brother McClaskey says "If any of you get to Kentucky look us up and we will do our best to try to entertain you." His address is 1220 Starks Building, Louisville, Kentucky.

'15—John H. Van Reed is the proprietor of the Williamsport Auto Station at Williamsport, Indiana.

'16—Harry C. Muth is Principal of the Barbour Junior High School at Rockford, Illinois.

'19—Donald K. Drake is with the Hawkins Mortgage and Loan Company at Portland, Indiana.

'20—The Chapter was more than delighted to hear from Irwin D. Bone who is with the Bowser Pump Company at Minneapolis, Minn. Brother Bone's new address is 642 Builders Exchange Building, Minneapolis, Minn.

'20—R. E. "Pat" Maloney is with the National Trade Extension Bureau of the plumbing and heating industry at Evansville, Indiana. Pat says "drop in and see me any old time." His address is Mercantile Commercial Bank Building.

'21—Russell R. Rhodes is in business with his father at Peru, Indiana, making good as a lawyer. Rockey has

offered a badge to the new initiate making the highest grades, which will mean much in raising the scholarship.

BETA BETA

'86—Brother Ira B. Blackstock visited the Chapter on Founder's Day.

'02—Brother "Jimmie" Lightbody is the new president of the Chicago Alumni Association of De Pauw University.

'02—Brother Andrew Durham is Joint Senator to the State Legislature from Putnam and Montgomery counties.

'11—Brother Chester Appleman is president of the New York Alumni Association of DePauw University.

'12—Brother Eldie Troxell is an instructor in the School of Commerce at the University of Chicago.

'14—Brother Ted Davis is now in Chicago. He is with Hinds, Hayden, and Eldgedge at 2008 Calumet Avenue.

'21—Brother Kewp Hayward has resigned his position on the sales force of the Adjustable Bearing Company. He is now sport editor of *The Terre Haute Post*.

BETA GAMMA

'95—Alf Rogers is our Chapter Adviser and is still practicing law in Madison.

'95—Sam Walker is in the same office with Alf Rogers here in Madison.

'01—Ed H. Smith is a reporter of the Circuit Court in Madison.

'02—Mickey Cleary is the Vice-president of The Northwestern Mutual Life Insurance Company at Milwaukee.

'02—H. A. Lundahl is master in chancery for the Chicago and Alton Railroad and is handling its receivership. Herby is located in room 503, 340 W. Harrison Street, Chicago. He is not in favor of the Volstead Act.

'04—I. J. Dahle is still in the insurance business in Milwaukee. His office is 425 East Water Street. Ike has been unusually successful. It has been some time since Ike

has visited the Chapter and we extend to him an invitation to come over and get acquainted with us again.

'04—F. A. Servis is in Chicago with the Westinghouse Electric Company. Reports that he is a woman hater are incorrect.

'06—Art Keuhmsted is president of the Elmendorf Varnish Company at 841 Larabee Street, Chicago.

'06—John L. Kind is still connected with Kaestner and Hecht at 1100 Blackhawk Street, Chicago.

'06—Arch Barnard was recently married and is living at Holton Arms Apt., 405 W. Adams Street, Los Angeles, California.

'06—Frank Barker is living at Rochelle, Illinois, is married, and is president of the gas company; he owns controlling interest in the largest drug store, and still wrinkles his nose when he laughs.

'07—Blake Nevius is working at last. He is one of the leaders among the agents of the Phoenix Mutual Life Insurance Company, and has been picking off prizes for the amount of insurance he has sold. Any I. O. U.'s outstanding against him may be presented to him at Winona, Minn.

'07—Harry Montgomery was with the army in France and liked it so well that he is now back in the Air Service and is stationed at Scott Field at Bellville, Illinois. A little bald and a growing waist line but handsome in his uniform. His residence address is 3024 W. Main Street, Bellville, Ill.

'07—Eddie Hoffmann is located in Milwaukee and has become vice president and director of Grossman Lewis and Company, Investment Banking House.

'07—Pete Fisher is a high-grade corporation attorney in Chicago and is with the firm of Charles W. Hills in the Monadnock Bldg. He wishes to announce to all the fellows that he does not trip over the curtains any more.

'07—L. J. Luder is married and is with the Pattison Realty Company, at Duluth, Minnesota. He says that if the St. Lawrence Canal ever goes through, he will be in a position to loan money to all the fellows.

'08—Charles Fischer is located in New York City selling stoves for a Milwaukee firm. Wonder if Julia Sanderson knows this.

'08—R. B. Orr is married and is living in St. Joseph, Mo. He is president of the American Exchange Bank and is an officer in the Wallace Poteet and Orr Farm Loan Company.

'08—Art Luder when last heard from was selling machinery in Kansas City.

'09—R. M. Shipley is still located at Wichita, Kansas, running the leading jewelry store. He can be reached in care of Edward Vail and Company.

'09—Vic Phillips is president of the Victor L. Phillips Co., 7th and Delaware Street, Kansas City, Mo. We hope he gets around to pay us that threatened visit.

'10—Harlan Amen is married and is living at Cedar Rapids, Iowa.

'10—Samuel Kerr when last heard of was running Ryerson's business at Jersey City, N. J.

'11—I. H. Brown is married and is a professor at the University of Cincinnati. His address is 231 Dorchester Avenue. Harper's have recently published his latest book, "*Nights and Days on the Gypsy Trail*", which is one of the best sellers.

'11—Frank Hecht is the president of the Kaestner and Hecht Machinery Company, Chicago.

'12—Donald Riley has severed his connections with the Armour Fertilizer Company, and he is now associated with Foster-McConnell, 14 Wall Street, New York City.

'12—W. K. Sullivan is a prosperous bond salesman with A. C. Allyn and Company, 71 W. Monroe St., Chicago.

'13—Douglas Corner is a manufacturers' agent in St. Louis with offices in the Federal Reserve Bank Bldg.

'13—Ray Baldwin may be reached at 106 N. La Salle Street, Chicago.

'14—Louis Pringle is with the Bowman Printing Company, St. Louis.

'15—Dutch Steuer was married last November and went

to the Bahamas on his honeymoon. His address is 612 Oakdale Avenue, Chicago.

'15—Chester Parker is running the Niagara Felt and Paper Company at Niagara Falls, N. Y.

'15—Harvey Higley is married and has three youngsters. When last heard from he was at Marinette, Wis.

'15—F. E. Niedringhaus is married and living in St. Louis. He is purchasing agent for the National Enameling and Stamping Company at Granite City, Illinois.

'16—Art Holmes is practicing law at La Crosse, Wis.

'16—Dr. Meredith Campbell sailed for Chili as ship's physician. He was in Madison attending his father who was ill in February.

'17—Ernie Schmidt is in the Real Estate Department of the Continental and Commercial National Bank at Chicago and has been up to visit us several times this year.

'17—Chauncey Frisbie is engaged in the insurance business in Chicago and has two youngsters.

'18—Wally Johnson is located at 707 Bitter Sweet Place, Chicago. He had a daughter born January 28, 1923.

'19—Bob Thompson is the real financier of La Crosse. He occasionally favors us with a visit.

'19—Russ Teckemeyer, who is living in Madison, also had a daughter born on January 26, 1923.

'19—Paul Seward's apartment at 4626 Monticello Ave., Chicago, was recently robbed.

'21—Adolph Teckemeyer has his headquarters in Madison and represents the Austin Road Machinery Co.

'21—We understand from various sources that Al Rogers was married several weeks ago. Congratulations, Al!

'21—Bob Curran is now in the law business for himself at Superior, Wis.

'21—Hap Davies is teaching school at St. John's Military Academy, Salina, Kansas, and recently had a son born.

BETA EPSILON

'84—Henry Wight, of the class of '84, lives in Sanford, Florida, being in the wholesale grocery business.

'85—K. P. Wight is a merchant of Cairo, Georgia.

'89—John F. Davis is the pastor of the Methodist Episcopal Church, South, at Sharon, Georgia.

'90—Joseph Alonzo Brown is a physician in the cool, old town of Shady Dale, Georgia.

'91—Brother Roland Daniel is the Superintendent of the Columbus Georgia Public Schools.

'94—Brother David Thomas is located at the University of Arkansas. Dave is the Professor of History and Political Science at this Institution.

'95—Dan Bickers, long since removed from the sheltering walls of old Emory, is now the Associate Editor on the Staff of the *Savannah Morning News*, Savannah, Georgia.

'08—Cornelius Snedeker, Building Contractor, can be reached care the Snedeker Company, Savannah, Georgia.

'13—John M. Cowart is an attorney of Arlington, Ga. John's brother Jack is a member of the class of '26.

'15—James Dismuke, 1st Lieutenant, U.S.A., is now stationed at Post Headquarters, Fort Benning.

'15—E. B. Worley is the pastor of the Centenary Methodist Church, Erwin, Tennessee.

'16—Henry O. Read is the head of the English Department of the Academy of Richmond County, Georgia.

'16—Dr. Roderick Henry Baldwin is an instructor in the Medical Department (Laboratory of Physiology) of his Alma Mater.

'17—James Clement, of Eastman, Georgia, is in the farm loan business.

'22—Dave Pirkle, Jr., is practicing law in the City of Atlanta.

BETA KAPPA

'87—Charles Pierce is practicing law in Denver.

'96—Dad Andrew is still at the old stand practicing law in Boulder.

'00—Sheldon Clark is vice-president of the Sinclair Oil Company with headquarters in Chicago.

'01—Horace Dodge is practicing medicine in Pueblo and is head of the Federal Board there.

'01—Charles A. Lorry still bosses the Colorado Agricultural College.

'03—William D. Wright, Jr., is prominent in Denver law work.

'05—Norman Read is president of the Colorado Power Company. He visited the house this fall and presented us with a new sophomore cup.

'07—Philip Van Cise as city attorney in Denver has won nation wide fame for cleaning up the famous "Bunco" ring there.

'07—Frank L. Moorhead practices law in Boulder and fills the position of city attorney.

'08—Harry Clatworthy is in the hardware business in Fort Morgan.

'09—Val B. Fischer is specializing in eye, ear, nose and throat work in Boulder.

'09—Philip G. Worcester is Dean of Men at the University of Colorado.

'09—Louis Packard is practicing medicine in Sterling Colorado.

'12—Carl A. Ritter is an architect with Fisher and Fisher of Denver.

'14—Corey Gates is in the musical instrument business with his father in Denver.

'14—R. J. Bruner is an undertaker in Boulder.

'15—Albert Menig is in the art business in Denver.

'16—John C. Parks is with H. S. Crocker doing engineering work. We had an interesting visit with him this fall.

'16—Louis R. Sheldahl is in the mercantile business in Buena Vista.

'17—Philip Eddy is now located in Chicago.

'17—Phil Brown is with the Mayo Brothers.

'17—Howard Parkin is one of the live wire electrical men in Denver.

'18—Harold Thompson is in the State Attorney's office in Denver.

'18—Robert Catlett is with the Philadelphia Storage Battery Company.

'18—Otto Wymer is located in Boulder and is a frequent visitor.

'18—William F. Carrol is selling Fords in Crown Point, Indiana.

'18—Verling K. Hart in a recent letter reports he is getting along excellently at the University Hospital in Iowa City.

'19—Frank Jordan is with the Citizen's National Bank in Cheyenne.

'19—William Williams is secretary of the Chamber of Commerce in Greeley.

'20—Fred Winegar is engaged in the music business in Cheyenne.

'20—Carl Samuelson owns a jewelry establishment in Las Animas.

'20—Ernest Hyatt is selling mountain sites in Denver.

'21—Luman Giffen is with the *News-Times* ad force in Denver.

'21—George Harger is doing chemical research in Baltimore.

'21—Burch Snider is feeding cattle near Fort Morgan.

'21—Paul Seyler is with the Mountain States Telephone and Telegraph Company.

'21—Homer Howell is with the Associated Motors in Trinidad.

'21—Leo Burke is attending the law school of the University of Cincinnati.

BETA LAMBDA

'18—Doc Keiser is located in Australia at present.

'21—Pop Shipherd has been transferred to the New York branch of the Phoenix Iron Works. His new location has

enabled him to visit us twice, with the wife. Make it more often John, and don't forget the wife!

'21—Phoney Graff is burning 'em up at Valpariso University this year.

'22—Bob Irvin took the final jump-off a week ago last Saturday. His marriage to Miss Dorothy DeLong was solemnized March 10th, here in Bethlehem. Ned Claxton '21 acted as best man.

'22—Jake Jacobs continues to mine in Wilkes Barre, and has been here several week-ends. Is it Allentown or Bethlehem that is the main drawing card, Jake?

'23—Bob Claxton has dropped in to see us occasionally.

'23—Sering Wilson is now located in Italy.

'24—Delly Arter and Dits Crawford are both contemplating a return to the fold next term. We can only assume that the call of Bethlehem was too much for them.

BETA MU

'91—Frederick Warren Teele is now touring Europe in the interest of International Rotary.

'03—Harry T. Merrit dropped in to see us again the other day. He is located in Wolfboro, N. H., with the Wolfboro Press.

'22—Hubert P. Cushman has accepted a position with the General Electric Company at Lynn, Mass.

'22—James M. Lecain is now Director of Physical Education of the public schools in the city of Stockbridge, Mass.

BETA NU

'17—Stan Krug made the Chapter a visit during the spring. He is now Assistant Superintendent of Highway Construction for the State of Ohio.

'18—Harry Blank is now a full-fledged member of the Henry Blank and Company of Newark, N. J. Harry writes, "Art Baker '17 is now in New York with the J. C. White Company, 37 Wall Street. June White '18 writes occasionally from Hamilton, Ontario, where he manages a factory for the Fuller Brush Company."

'19—Pete Beckett was married to Miss Anne Virginia Steinhardt of Marietta, Ohio, November 4, 1922.

'20—Merrill Knox dropped in at the Chapter House for about a half hour on his way to Chicago from New York this spring. Merrill is now with the McGraw-Hill Company doing engineering publication work.

'20—Ted Hobson was married to Miss Marian Griswold of Batavia, N. Y. and is now living in Lowell, Mass.

'21—Clint Newton was married to Miss Elizabeth Cook on St. Valentine's Day. Betty will be remembered as one of the old crowd of Delt Sisters. Newt is still with the Cheney Silk Company of Manchester, Conn.

'20—Ken Davidson was at the Chapter House for a weekend during the spring. Ken is now with the Sullivan Machinery Company of Claremont, N. H. Chub Davidson '21, was here for several days in the early part of January. They seem to be chasing one another around the country.

'22—Morry Bauer is now with the Corps of Engineers at Camp Humphreys, Va. Mrs. Bauer says to call him Lieutenant Bauer.

BETA OMICRON

'03—Percy W. Tinan has recently written that his address is now Av. 18 de Julio 912, Montevideo, Uruguay, care of The Studebaker Corporation.

'07—Henry S. Otto was married on March 3rd at Old South Church, Boston, to Miss Mary Joslin.

BETA PI

'93—Two of our charter members are now associated with the University of Arizona. Brother Frank C. Lockwood has been Acting President of the University the past year, while Brother Samuel M. Fegtly is Director of the Law School.

'99—Cy Dennis, Dean of Oratory School, was recently elected president of the Chicago Alumni Association of Northwestern.

'11—Carl Wolfe has recently returned from his honeymoon in the Bahama Islands and resides at the Edgewater Beach Hotel.

'20—Max Lander is at present attending the University of North Dakota Law School.

'21—Don Higbie dropped in for a couple of days enroute to the Orient where he will represent the International Banking Corporation of New York.

'22—John Hutchinson is now on the road for the National Cash Register.

'22—Gillie Harmon is now representing Wilson Bros. in the South.

'22—Rex Doff pulled a great surprise on the boys by marrying and deciding to tell us all about it afterwards.

'23—Ed Hamrick has been seriously ill with a bad attack

of appendicitis. After several operations he is coming along in fine shape and managed to get out to the House for a few minutes the other day.

'23—Art Chilgren graduated from Liberal Arts in February and is in Law School down town. He is living at the Bachelor's Club on Dempster Street.

'24—Shorty Egan decided to take advantage of a business opening with Wilson Brothers and now resides with Art Chilgren at the Bachelor's Club.

'24—Moff Church is now selling advertising for the *Chicago Tribune*.

GAMMA BETA

'04—Brother W. F. Parker, General Sales Manager, Packard Electric Company, a charter member of Gamma Beta and graduate of '04 was an honored guest recently.

'12—Brother Burnham is now the Sales Manager of the Hyperbo Electric Flow Meter Company and has been good enough to call upon us quite regularly.

GAMMA GAMMA

'03—Brother Victor M. Cutter, Vice-President of the United Fruit Company, was in Hanover for a few days recently.

'10—Brother Ben Ames Williams, prominent short story writer and novelist, with Mrs. Williams and their two small sons, spent several days in Hanover recently.

'15—Brother Murray Austin spent a couple of days with the chapter in February.

'22—Brothers Will Streng and Bruce Marean have recently accepted positions with the Bell Telephone System in Philadelphia.

'22—Brother Bob Burgess has just accepted a position with a large cotton concern in New Bedford, Mass.

GAMMA EPSILON

'09—Burnet C. Tuthill is running the Cincinnati Conservatory of Music.

'10—Paul B. Thomas visited the Chapter on the occasion of the last alumni smoker.

'11—F. A. Ayer, B. C. Staiger, A. H. Burroughs, and Randall H. Ormsbee are mining engineers in Idaho, Texas, and Mexico.

'12—C. P. Browning is also mining in British Columbia.

'16—Hal Hutton and John Strang are with the Chlorine Control Company; Hutton in Pittsburgh and Strang in Chicago.

'19—Bob Curry, of rowing and Pulitzer traveling scholarship fame, has terminated (?) a brilliant career by getting married.

'20—Jack Van Schoonhoven was also married recently.

'20—Jimmy Dorr returned last month from an oil expedition to Campeche bringing with him tales of archaeological excavation which rivaled the Tutankhamen discoveries.

'20—Aubrey P. Marrs has returned to Washington, D. C., as a member of the Board of Appeals in the Income Tax Division of the Internal Revenue Bureau.

'21—Tom Shepherd is in an architect's office down town.

'21—Hunter Rogers is with the *Nashville Tennessean*.

'22—Duke Mackay is assisting his brother, Ewart Mackay '23, in producing the daily *Ontario Reformer* at Oshawa, Canada.

'22—Bill Callaghan, after a strenuous season touring with the "Demi-Virgin", is now recuperating in Florida.

'22—Tex Carnes has returned to his native Texas.

'23—Joe Hirsch received his B. S. degree and returned to California at mid-year.

GAMMA THETA

'85—Bishop Wm. A. Quayle is convalescing at "Haven's Rest" his country home near Baldwin City, Kansas, following his illness of last fall.

'91—Henry J. Allen, ex-governor of Kansas, left for Europe in March to investigate the Near East Question for the Near East Relief. His daughter Henrietta, a Pi Beta Phi from Kansas University, accompanied him as his secretary.

'94—C. E. Beeks has just returned from the Kansas Legislature which made such a reputation in passing bills over Governor Davis' veto.

'02—Homer Hoch was returned to Washington as Congressman in the fall election.

'05—Ray L. Torrey, formerly a missionary at Chung King, China, is now with the Board of Foreign Missions of the Methodist Episcopal Church at 150 Fifth Avenue, New York.

'19—Paul A. Bruner is a member of the editing staff of the Kansas City *Journal-Post*.

'19—Dewey J. Short who is at present traveling on the Frank D. Howard Scholarship of Boston University was last heard from in Bombay, India.

'20—Alfred C. Runyan, who has been connected with the Publicity Department of the China Centenary Movement of the Methodist Episcopal Church at Shanghai, recently returned to this country, and will engage in newspaper work in Wichita.

GAMMA IOTA

'19—Brother Ed Angly is now in England as a representative of The Associated Press.

'21—Brother Arleigh Davis is practicing law at Chickasha, Okla.

'21—Brother Wendell Mayes, who was editor-in-chief of the *Cactus* in 1921, is now editing an up-to-the-minute paper in Parlier, California.

'21—Brother Paul McMahon is happily located in Dallas with Wilson & Biggers.

'21—Brothers Burke Mathis and Homer Hendricks, both

members of the 38th Texas Legislature, which has just finished its regular session, have returned to resume their law practice.

'22—Brother Joe Dunlap, who was in school during the year 1918-1919, is now working in Austin for the Gulf Refining Company.

'22—Brother Lee McCartney is now connected with the firm of McCartney, Foster, McGee and McCartney, lawyers, at Brownwood, Texas.

GAMMA MU

'09—Lt. Birkett has been transferred from the Coast Guard Cutter Haida to the Coast Guard Cutter Snohomish with headquarters at Port Angeles, Wash.

'09—John Sullivan is now vice-president of the Seattle Baseball Club.

'18—Jack Carrigan is now located at Shreveport, La. Jack seems to be touring the world.

'21—Eugene McClung visited the boys of Gamma Mu this quarter. He is still located at Portland, Oregon.

'22—LeRoy Dehan was recently married to Miss Evelyn Atkinson. Roy manages to break away once in a while and visit the boys.

'22—Leon Ellis is now secretary to the Ambassador to China. Address, American Legation, Peking, China.

'22—Art Pitka of Oakland, California, was the guest of Gamma Mu for a few days this quarter.

'23—John Leed Kerr has now associated himself with the Milwaukee Railroad. Stock goes up every time John comes near the place.

'23—Dewey Alm has been promoted to cashier of the Chinese-American Bank of Commerce, Manila, Philippine Islands.

'23—Marsh Barret was promoted to the head office of the Standard Oil Company, Seattle. There is a rumor that Marsh will soon assume the responsibilities of a married man.

GAMMA NU

- '09—Ed Finnigan is now located in Bangor.
'10—Sol Harmon was up from Portland during the Winter Carnival.
'12—Doc Moore is selling bonds for Payne, Webber & Co.
'15—Paul Warren reports the birth of a daughter.
'16—Doc Weymouth is now practicing in Medway, Mass.
'17—Brooks Brown is selling farm implements in New England.
'17—Bill Reynolds has fallen into the sea of matrimony.
'18—Hickle Green is coaching St. John's A. A. in Bangor.
'20—John Parsons is with Rockwood & Co. in Boston.
'22—Pinkey Kelley is now stationed in Springfield, Ill.
'22—Mel Healey was back with us for a few days during the Carnival.
'22—Lesley Hutchins is now with Rogers Brown & Co. in Boston.

GAMMA OMICRON

- '04—Brother Melville Clark assisted us very generously in connection with our social activities.
'08—Brother Freddie Bruns is a very active alumnus this year and is spending a lot of time working for our new house fund.
'09—Brother Dr. N. W. Van Lengen is becoming better known as a medical practitioner in the city.
'10—Brother SID Coleman, as usual will have a lot to say to the boys at the initiation.
'14—Brother Fred Stone is spending a lot of time with us this year. He is connected with the Reed Teachers' Agency here at Syracuse.
'15—Brother Starr G. Taylor just informed us that there was an arrival of new Phi Mu material at this home.
'18—Brother Carl Peterson just measured our dining hall and will have it redecorated and refurnished in the very

near future. He is connected with the E. A. Simonds Furniture Store at Syracuse.

'18—Brother Van Wight is connected with the Electrical Dyneto Company here at Syracuse.

'20—Brother Charles Stone is now doing his apprenticeship in law down town.

'21—Brother Brandow is well established in the shoe business in Geneva, New York. He is manager of the Endicott Johnson store there.

'21—Brother Pete Conlin is helping his father to get rid of a large supply of shirts and collars down at Troy, New York.

'22—Brother Ted Earle just paid us a visit from Quebec and by the looks of things he must be making good as he was docked \$100 for bringing a fur coat to the States.

'22—Brother Bill Welton is manager of the S. A. M. Club here in the city.

'23—Brother Stacy is now connected with the *Syracuse Herald*, and is working in the Advertising Department.

GAMMA PI

'13—Austin A. Dowell, who was formerly head of the Animal Husbandry Department of the University of Alberta at Edmonton, is now connected with the extension work of the University of Minnesota.

'13—J. M. Dowell, who is managing the B. F. Harris farms at Champaign, Ill., is raising hogs on a large scale now. "Jim" had 1728 head of hogs last year and expects to have more in 1924.

'14—L. J. Fletcher is head of the Division of Agricultural Engineering at the University of California. We had a long letter the other day and he wants to hear from some of the old brothers.

'21—K. J. Smith is now county engineer of Humbolt County and resides around his old stamping ground around Humbolt, Iowa.

'21—K. V. King has gone into partnership with his father in the farming game. You will find Ken at Grundy Center now days.

'22—George D. Hansen wrote to us the other day. He is at New Bethlehem, Pennsylvania, where he is assistant superintendant of construction on a building being erected by the Clarksburg Steel Bridge Company. Don't be surprised if George gets restless and forgets about the joys of being a bachelor.

'22—Wallace McKee is county agent of Marion County and is located at Knoxville. Mac drops in on us every once in a while to see how things are going.

GAMMA RHO

'20—Claire P. Holdredge sailed from New York in March for West Africa, where he expects to remain for three years as a mining engineer in the diamond mines. His address will be care of Forminiere, Tshikapa, Belgian Congo, West Africa.

GAMMA SIGMA

'14—Jos. G. Gardner has returned from Detroit, and is now located at the home office of the Pittsburgh Knife and Forge Company.

'16—A. Parkin Miller has resigned his position with the Mesta Machine Company to become assistant superintendent of the Open Hearth Department of the Inland Steel Company, at Indiana Harbor, Ind.

'21—R. E. Donnelly has just been married and is working for the Creo Drupp Company in New York.

'21—John F. Shumaker is also numbered among the newly weds, and has moved to Casper, Wyoming.

'21—J. E. Stauff, who went to South America with the Standard Oil Company, returned to Pittsburgh to undergo a slight operation. He plans to return to the "Equator" country this spring.

'21—A. Budrow Howe when last heard from was with the Tidal Oil Company at Tulsa, Oklahoma.

'22—Richard Daubenspeck is now located with the Detroit office of the Westinghouse Electric Company.

'22—John N. Troxell who graduated in the Oil and Gas course is now working in the oil fields around Tulsa, Okla.

GAMMA CHI

'17—Louie Howard is now with the Trussler Grain Co. of Emporia, Kansas, and travels through this section of the state occasionally.

'21—Jack Evans has accepted the position of Track Coach at Washburn College, Topeka. Here's luck to you Jack!

'22—Bill Martin is farming near Winfield, Kansas; we hope his watermelon crop will be better this year.

'22—James H. Albright is now vice president and secretary of the Albright and Company, Farm Loans, Winfield, Kansas. Jimmy and the wife occasionally visit the old haunts.

'22—Scotty Stewart is on his father's ranch near Coldwater, Kansas, applying some of the knowledge acquired while in college.

'22—John Elliott is teaching music in the High School at St. Joe, Missouri.

'22—Brady Cowell is coaching and teaching at the Iola High School. Brady has had good success with his teams.

'22—Ray E. Kellogg has resigned from his former position in the Montana State College to take up commercial work in Indianapolis, Indiana. He came through Manhattan and spent two days with the chapter. Kelley says "It's sure good to get back." The Chapter appreciates as much his visit.

'22—Deal Six is teaching in the High School in Carbondale, Kansas. This is close to Manhattan so Deal does not lose his acquaintances.

'23—Fred Lewis graduated at mid-semester this year and is now aiding with the Stadium Drive.

'23—Leo Clark graduated at mid-semester this year and is with an Architectural firm in Topeka, Kansas. Pottsy sees us quite often.

DELTA ALPHA

'20—Noble Hillsmeyer is now the Chapter Adviser.

'20—Lowell Ridings is now doing geological work in Venezuela.

'20—Loy Horn is in Los Angeles following his chosen profession, Chemistry.

'20—Floyd Melott is teaching school at Medford.

'20—Donald Rodky may be found at Edmond where he is engaged in his father's milling business.

'21—Herman Lautaret is practicing law at Tahlequah.

'22—Don Brunskill is teaching in Pauls Valley.

'22—Charles Duffy is practicing law at Ponca City.

'22—Bryan Griffin is teaching school in Chickasha.

'22—Frank Overman is principal of a school at Yukon.

'22—Kerr McQuown is working in Chicago.

'22—Lawrence Jones is selling Fords in Bristow.

'22—Wallace Weeks is working for Peterson & Weeks Construction Company at Waukegan, Illinois.

'22—Dial Carmen fell into the deep sea of matrimony last fall. He and his wife are living in Bristow where Dial is selling Fords.

'23—Eugene Chastain is another member of this chapter who is selling Fords in Bristow. That must be a great flivver country.

FREDERICK PALMER

Palmer Gets D. S. M.

Gen. R. R. Bullard Decorates War Correspondent

The Distinguished Service Medal was presented yesterday to Lieut.-Col. Frederick Palmer, war correspondent and writer, at Governors Island by Major-General Robert L. Bullard, commanding the Second Corps Area, in the presence of forty officers and friends. Col. Palmer, who served in the Signal Corps, was cited "for exceptionally meritorious and distinguished services."

"Charged with the responsibility of drafting regulations covering the mail and press censorship, as well as formulating plans for the guidance of press correspondents with the American forces in France," the citation says, "he rendered conspicuously valuable services. His broad experience with many armies, his outstanding skill as an observer, his untiring energy and devotion to duty, contributed markedly to the successful operations of the American Expeditionary Forces."

New York Herald, April 18, 1923.

DELTA '78

GEORGE HORTON

One of the Senate's final acts of parsimony was its refusal to include in a deficiency bill an appropriation of \$12,000, strongly urged by Secretary Hughes, as compensation to George Horton, American consul general at Smyrna. When the Turks sacked Smyrna in September, they burned down our consular premises, including every stitch of personal property belonging to Mr. Horton and his family. Their losses included a priceless library and art collection, including autographed books, letters and manuscripts from Bret Harte, Mark Twain, Edmund Clarence Stedman, William Dean Howells, Joel Chandler Harris and other confreres of Consul General Horton. The latter, now in Washington on leave, is virtually stripped of his earthly possessions, thanks to the marauding Turks and an ungrateful republic.

Washington Star, March 5, 1923.

CHARLES B. WARREN

Warren and Payne for Mexico Mission

Special to The New York Times

WASHINGTON, April 24.—President Harding has selected Charles Beecher Warren of Detroit, former Ambassador to Japan, and John

Barton Payne, former Secretary of the Interior, now Chairman of the American Red Cross, as the Commissioners to represent the United States in the coming negotiations with representatives of President Obregon for a close understanding between the United States and Mexico.

It is the hope and expectation in both Washington and Mexico City that the exchange of impressions will enable them to report recommendations on the basis of which the long pending controversies between the two countries will be cleared up, recognition accorded to the Obregon Government by the United States and diplomatic relations restored on a lasting basis.

The high standing of the men chosen by the President is construed as indicative of an earnest desire to reach a complete agreement with the Mexican representatives.

* * * *

Mr. Warren is likewise a lawyer, versed in commercial and financial problems. In international affairs he has served as associate counsel before the Joint High Commission to determine the Bering Sea claims, in 1896, and as counsel for the United States in the North Atlantic Coast Fisheries Arbitration before The Hague tribunal in 1910. During the first two years of the Harding Administration he was Ambassador to Japan.—*New York Times*, April 25, 1923.

PHI '01

MATTHEW PAGE ANDREWS

Reports from Richmond, Virginia, last night, stating that vigorous attack is to be waged in the Legislature against the action of the State Board of Education in substituting the American History by Dr. John H. Latané for that by Matthew Page Andrews, both Baltimoreans, elicited no comment from Mr. Latané.

Professor Latané, who is Dean of Johns Hopkins University, declared that he had no word of the controversy before the information conveyed to him by *The American* and that he was not interested in it.

A statement, also disclaiming interest in the matter, was made by Professor Andrews, who is engaged in independent work.

"Professor Latané," he said, "who is a close friend of mine, in my opinion is one of the ablest historians in the United States and is considered one of the greatest authorities on International relations.

"The chief difference between the histories now under discussion is in their scope. Mine is briefer than that of Mr. Latané. His is more in detail and choice is dependent on the viewpoint of the teacher. Both histories are used in high school instruction."

According to the dispatch, bitter complaints have been made by Sons of Confederate Veterans, Daughters of the Confederacy and the Veterans.

They were sent to Governor Trinkle and the State Board and yesterday found their way to the floor of the House.—*The Baltimore American*, March 10, 1923.

MU '91

LT. COL. ELBERT E. PERSONS

Lieutenant Colonel Elbert E. Persons, a member of the Columbus Alumni Chapter, has been awarded a Distinguished Service Medal for his service in the war. The citation is as follows:

Elbert E. Persons, lieutenant colonel, then colonel, Medical Corps, United States Army. For exceptionally meritorious and distinguished services. He organized the United States Army Ambulance Service Training School at Camp Crane, Allentown, Pa., and as its commanding officer from June, 1917, to May, 1918, by his great energy, marked executive ability, and wide professional knowledge, succeeded in rapidly training, equipping, and dispatching overseas ambulance units where they rendered excellent service with the French armies and later with our own forces. From June to December, 1918, he commanded the American Ambulance Service serving on the Italian front, where he again rendered conspicuous service in a position of great responsibility. Entered military service from Illinois.

Colonel Persons was initiated into Delta Tau Delta at Wooster College, which he attended for three years. He spent his senior year at Ohio Wesleyan, and then took a medical course at Northwestern. During the war with Spain in 1898 he entered the Army and has served continuously since. At the outbreak of the World War he was serving in the Panama Canal Zone as General Inspector of the Health Department.

One of the first projects upon which our Government embarked after the declaration of war was the organization of an ambulance service for duty with French troops. It was undertaken at the request of the French Government, and the then Major Persons was placed in command with rank of Colonel. He organized and developed the service chiefly from units recruited at universities, of which more than fifty were represented. A training camp was established at Allentown, Pa., from which troops were sent to France as opportunity offered.

Later in the war Colonel Persons took thirty units of the service to Italy and directed the work with the Italian Army. While serving there he was designated Deputy Chief Surgeon, A.E.F. for Italy, having general supervision of the activities of the Medical Department.

Since his return to the United States he has been stationed at Columbus, Ohio, on duty with the Ohio National guard.

Colonel Persons has always been an active and loyal supporter of the Fraternity, and his son, Elbert L. Persons, is a member of Beta Phi Chapter at Ohio State University.

J. P. WICKERSHAM CRAWFORD

Prof. Crawford Elected to Spanish Academy

Member of U. of P. Faculty One of Few Americans So Honored

Dr. J. P. Wickersham Crawford, professor of Romanic languages and literatures in the University of Pennsylvania, has been elected to the Royal Spanish Academy, according to word received here yesterday. Election to the Academy, the leading literary and historic organization in Spain, has been conferred on fewer than a dozen Americans in recognition of their scholarly attainments in Spanish language and literature. Dr. Crawford is the second member of the University of Pennsylvania to be so honored, Prof. Hugo Rennert having been elected last year.

Dr. Crawford, a graduate of the University, is one of America's leading Spanish scholars. He took his graduate work at the University of Grenoble, the University of Madrid and the University of Freiburg. During the war he was captain in the army for fourteen months, and for seven months served as military attache to Colombia. He is the author of many Spanish literary and dramatic works.

OMEGA '02

HERBERT ADAMS GIBBONS

A war library consisting of valuable books, manuscript notes and photographs has just been presented to the Princeton University Library by Rodman Wanamaker '86. They are the work of Herbert Adams Gibbons, historian.

The collection comprises 1,107 books and pamphlets compiled during the European war, at the peace conference and in the Near East. A card index makes immediately available the large mass of notes, reports and photographs.—*New York Sun*, March 22, 1923.

HENRY J. ALLEN

Get Greek Masonic Honors

Ex-Gov. Allen and American Relief Workers Receive 33d Degree

ATHENS, May 7th—The last day of the visit of ex-Governor Allen of Kansas to Greece was signalized today by the Supreme Masonic Council's conferring upon him the Thirty-third Degree. He was one of four Americans thus honored at a solemn conclave in recognition of American relief work for Asia Minor refugees. The others were William W.

Elbert E. Persons

Mu '91

Lt. Colonel, Medical Corps, U. S. Army

Archibald of the Near East Relief, John Dawson of the American Red Cross and U. L. Amos of the Y.M.C.A. The same honor was also to have been conferred upon H. C. Moffatt of the Near East Relief, but he was absent from the city on a refugee ship and will therefore receive it at a later date.

Mr. Allen returned early this morning from the Island of Syra, to which he went yesterday with Colonel Plastiras and members of the Greek Cabinet to attend the dedication of the buildings constructed by the Near East Relief to house an industrial school for 3,000 refugee orphans.—*New York Times*, May 8, 1923.

ALPHA '88

JAMES TAYLOR PETTY

James Taylor Petty, lawyer and member of the editorial staff of *The New York Times*, died suddenly yesterday afternoon on his farm at Red Hook, N. Y., in his fifty-fourth year. His health had not been good for several days and he had gone to his farm to spend a short vacation in the hope of regaining his strength. Mr. Petty was well known in newspaper circles in this city, Pittsburgh, and in the South.

He was born in Cambridge, Ohio, his father being the Rev. Dr. A. L. Petty, a Methodist clergyman, and was graduated from Allegheny College. He had taken up newspaper work during his college career, and it had a fascination for him that later won him away from the law, which he had studied at George Washington University, Washington, D. C.

For a time Mr. Petty was the publisher of a newspaper at McKeesport, Pa. Later he became assistant managing editor of the *Richmond Times Dispatch*. He came to New York as a member of the staff of the old *New York Press*, serving as night city editor. From *The Press* he went to *The New York Herald*, then under the ownership of James Gordon Bennett. He was a member of *The Herald's* staff as assistant night editor and as Sunday editor. When *The Herald* and *The Sun* were consolidated in 1920 under the ownership of Frank A. Munsey, Mr. Petty joined the staff of *The New York Times*.

"Judge" Petty, as he was familiarly known to his associates, was deeply interested in farming, and beside actually farming the land he owned at Red Hook, he contributed to farm magazines under the pseudonym of "A Dutchess County Farmer." He was a member of the New York bar, but gave up the active practice of law early in life. He was a member of the Newspaper Club, a Masonic lodge in Elmira, N. Y., of Corinthian Chapter 159, R. A. M., of Columbian Council 1, R. & S. M. of Ivanhoe Commandery 36, Knights Templar of the Scottish Rite and Mecca Temple, all of New York.

He is survived by a wife and by a step-daughter, Mrs. William Fingar, of Poughkeepsie.—*New York Times*, April 19, 1923.

BETA OMICRON '99

WALTER GLENN HARPER

The many Meadville friends of Walter G. Harper, well known business man, were grieved Tuesday to learn of his sudden death Tuesday morn-

ing about 6:30 at the William Penn Hotel, Pittsburgh, to which city he had gone on business. Mrs. Harper had accompanied him on the trip and was at his bedside during the last hours of his life.

It is stated that his death came as a result of the serious automobile accident which befell him last fall near Erie. While he had not been feeling well for the past two weeks, his condition was not considered serious and he was able to be up and around until about 8 o'clock Monday evening when he was taken very seriously ill. From that time on until the hour of his death he failed rapidly despite everything the physicians who were called could do.

Mr. Harper during the past few years had been engaged in various business enterprises here, including that of a building contractor and as a coal operator, he having been interested in the latter business during the past several years.

Mr. Harper had coal interests in West Virginia and at Bridgeville, this State. He was a member of the Iroquois Club, the Meadville Country Club, the University Club, the Meadville Kiwanis Club and Chamber of Commerce as well as being prominent in Masonic circles. In college he was a member of the Delta Tau Delta Fraternity. He was also a graduate of Cornell University.

Mr. Harper attended Allegheny College and showed a deep interest in the welfare of this educational institution. He also did his part in the upbuilding of Meadville, and was one of the most enterprising residents of the City.

He is survived by his wife and two children, Martha and Scott, and two sisters, Miss Florence Harper, of Meadville, and Mrs. Margaret Davis, of Pittsburgh.—*Meadville Evening Republican*, March 20, 1923.

DANIEL LITTLETON JOHNSTON

Brother Daniel Little Johnston died at his home in Omaha, Nebraska, on February 4, 1923. He is survived by a wife and daughter.

BETA '91

REUBEN CHRISTOPHER MILLER HASTINGS

The many friends of Brother R. C. M. Hastings mourn his death, which came suddenly at his home in Columbus April 13th. For many years he was a resident of Athens, where he owned a furniture store. He left here in 1905, to assume active control of the International Telephone Company which was promoting his invention of a selected service

telephone system. He is survived by Mrs. Hastings, and three daughters, and his sisters, the Misses Ollie and Addie Hastings. Burial was made at Athens the following Monday. His brother, Brother William Hastings, preceded him in death about a year.

ZETA '83

ALTON ADELBERT BEMIS

Cleveland can regret in the death of Alton A. Bemis, the loss of a man who loved the law, knew the law and saw the law finely as a code of citizenship. Mr. Bemis was a lawyer of the old school in that he held law sacred in principle, useful as a function of society and to be used only in the rightful regulation of the relations between the parts of society. The law to him was not a weapon but a tool with which to build things and grave them. This is the feeling of good lawyers and has come to them from the past.

Yet Mr. Bemis was not old, though he practiced the principles of the old and true school. At his death, which occurred last week, he was sixty-three.

He had practiced law with vigor and rectitude for a third of a century, and was successful in every meaning of that word. He was, perhaps, the better lawyer because he was a true citizen and maybe a better citizen because he knew the rules upon which good citizenship is based. Mr. Bemis lived well and right and people who knew him admired the man and loved him for the strength and fineness of a character the righteousness of which illuminated law. Lawyer and man in Mr. Bemis were one.—*Cleveland Topics*, May 5, 1923.

Brother Bemis died in Cleveland, Ohio, on April 27, 1923, as a result of heart trouble. He was a charter member of Zeta Chapter, and served as Ritualist of the National Fraternity from 1888 to 1891.

MU '91

GEORGE WILSON ALLEN

George W. Allen, aged 57, of the Lampert Apartments, Brownsville Road, Mt. Oliver, one of the best known criminal lawyers of Pittsburgh, died yesterday in the West Penn Hospital. He had been in ill health for the last year. He was born near Sewickley, a son of Adam R. and the late Alice Reed Allen. At an early age he moved with his parents to a farm near Washington Court House, Ohio, where he lived twenty years. He was educated in the public schools of that district and in Wesleyan University, Delaware, Ohio. He later entered a law school in Columbus, Ohio.

Mr. Allen came to Pittsburgh 25 years ago and soon after his arrival here he became head of the Claim Department of the Pittsburgh Railways. He formerly resided in the South Side and for eight years represented that district in the State Legislature. During the time spent in Pittsburgh, Mr. Allen was engaged as a criminal lawyer and was one of the most active barristers in the city.

Mr. Allen had temporarily retired from active business since last August, due to ill health, and had entered the St. Joseph's Hospital at that time. He had later entered the West Penn Hospital, where he remained until his death. He was past exalted ruler of Lodge No. 11, B. P. O. Elks, and in 1907 was grand chancellor of the Knights of Pythias of the State of Pennsylvania. Several years ago he secured the charter of Knoxville Lodge No. 1196, B. P. O. Elks, of which he was one of the organizers. He leaves his widow, Mrs. Cora Neely Allen, and his father, Adam R. Allen.

Announcement of Mr. Allen's death was made yesterday in Common Pleas Court by Attorney A. C. Christianson. He eulogized the deceased lawyer and referred to his career at the local bar. Judge Joseph M. Swearingen ordered that when court adjourned it would do so out of respect for the memory of the deceased. He furthered ordered that a suitable minute be made on the court record.—From Pittsburgh paper, March 22, 1923.

MU '11

MAJOR RAYMOND BROOKS AUSTIN

Posthumous award of a Distinguished Service Cross to Major Raymond Brooks Austin has been made to his father, Brother Cyrus B. Austin, of Delaware, Ohio.

Major Austin graduated from Ohio Wesleyan in 1911 and entered the Regular Army in 1913. In November 1917 he was sent to France as a Captain in the Sixth Field Artillery. Before the battle of Soissons, he was promoted to Major, and on October 7, 1918, he was killed in action near Fleville.

The American Legion Post at Delaware, Ohio, his home, is named in his honor, and a memorial tablet to him has been placed over the fireplace at Chapter Mu.

His father, Brother Cyrus B. Austin, has been Dean of Women at Ohio Wesleyan for many years, and his two brothers, Jason M. and Cyrus B., Jr., graduated from Ohio Wesleyan and are members of Delta Tau Delta.

The citation is:

Raymond B. Austin, major, Sixth Field Artillery, First Division.
For extraordinary heroism in action near Fleville, France,

October 7, 1918. In order to obtain first hand information of the enemy's disposition and render the maximum support to the attacking Infantry, Major Austin, with absolute disregard for his own personal safety, made repeated trips to the Infantry front line during the attack of the First Division, October 7, 1918. He continued until mortally wounded, to send to the Artillery information of the utmost value concerning the enemy's disposition.

TAU '76

WILLIAM WOLFINGER

WHEREAS, It is with a feeling of sincerest regret that Tau Chapter records the death of Brother Wolfinger, and

PHI '94

JACOB DUCHE MITCHELL ARMISTEAD

Dr. J. D. M. Armistead, head of the department of English of Agnes Scott College, died Monday morning at 8:30 o'clock at his home on the college campus. Although his health had been poor for a number of months, he had been confined to his home only a few days when his death occurred.

Dr. Armistead was 52 years old. He was born in Lynchburg, Va., January 9, 1871, and was the son of L. L. Armistead and Nannie Mitchell, both natives of Virginia.

At the age of 19 he graduated from Washington and Lee University, at Lexington, Va., and three years later took his Ph.D. degree in English from the same university. For several years he taught in the Lynchburg High School. In 1905 he came to Agnes Scott College to accept the position of head of the department of English, which position he held until the time of his death.

Dr. Armistead was a member of the Delta Tau Delta fraternity. For several years he served as president of the Atlanta Chapter. He was also a member of the national honorary fraternity, Phi Beta Kappa, and founded the honor society, Gamma Tau Alpha, at Agnes Scott.

He is survived by a niece, Miss Charlotte McMurray, a student of Flora Macdonald College, Red Springs, N. C.; a nephew, Armistead McMurray, a student at the Union Theological Seminary, at Richmond, Va., and a cousin, Mrs. G. A. W. Payne, of Lynchburg, Va.

Dr. Armistead was a member of the Presbyterian Church at Lynchburg. The body will be sent to Lynchburg, Va., where funeral services will be held Tuesday at the home of Mrs. G. A. W. Payne. Interment will be in Lynchburg. Simultaneously, memorial services will be held in the Agnes Scott Chapel.—*Atlanta Constitution*, May 1, 1923.

ARTHUR GOSLING

WHEREAS, The Almighty hath seen fit in His wisdom to call from our midst to the Chapter Eternal, Brother Arthur Gosling; be it therefore

Resolved, That the Chapter express its heartfelt sorrow to his bereaved family; be it further

Resolved, That a copy of these resolutions be sent to Brother Gosling's family and that a copy be sent to THE RAINBOW for publication; and be it further

Resolved, That a copy of these resolutions be made a part of the permanent records of Beta Gamma Chapter.

March 25, 1923.

ALLEN P. HENDRY.

For Beta Gamma Chapter.

Brother Gosling was killed in an automobile accident at Aitkin, Minn., on October 12, 1922. He was a Captain in the Aviation Service of the Army.

BETA MU '06

ALFRED FELTON SMEAD

Alfred Felton Smead died January 29, 1923, at his home on Church Street, Greenfield, Mass., after a lingering illness. He was born at North Parish, March 19, 1880. He was educated in the public schools of Greenfield and took a course in a technical school at Springfield. He worked for the F. E. Wells Company for some time before entering Tufts College from which he graduated in 1906. He taught in the technical department of high schools for several years, first at Fall River, then at Haverhill and Portland, Me. He took a special course at Columbia University, New York, before entering the engineering department of the Greenfield Tap and Die Works from which he retired

in July, 1921, on account of failing health. He organized the GTD shop school for training mechanics and taught in the university extension school at the GTD.

As a member of the state guard he went with the local company to Boston at the time of the riot following the police strike in that city. He was a member of the Second Congregational Church and of Republican lodge of Masons.

He is survived by his mother, Mrs. Albert J. Smead, a sister, Mrs. Albert L. Wing, and a brother, Ralph A. Smead, a civil engineer, who has been with Ford, Buck and Sheldon, Hartford, Conn., for years, but is now taking a needed rest. Funeral services will be held at the home on Church Street, Friday afternoon, the family pastor, Rev. Dr. A. P. Pratt officiating. Burial will be in the Federal Street Cemetery.

WHEREAS, It has pleased Almighty God in His infinite wisdom to remove from the activities of this life our dearly beloved brother and friend, Alfred Felton Smead; and

WHEREAS, In the death of Brother Smead, Beta Mu Chapter of Delta Tau Delta has suffered the loss of a most loyal member and friend whose love and loyalty she will always remember; be it

Resolved, That we, his brothers of Beta Mu Chapter of Delta Tau Delta Fraternity, extend to his bereaved family our most sincere sympathy in our mutual loss; and be it further

Resolved, That a copy of these resolutions be sent to the family of our respected brother, a copy be entered upon the minutes of this Chapter, and a copy be forwarded to THE RAINBOW for publication.

Beta Mu Chapter of Delta Tau Delta,
WILLARD B. MORRELL,
J. MAX ANDRESS.

BETA CHI '24

EDWIN CARL SUNDBERG

WHEREAS, It has pleased Almighty God in His infinite power and wisdom to remove from the duties and activities of this life our beloved brother, Edwin Carl Sundberg, and

WHEREAS, In the death of this brother, Beta Chi Chapter of Delta Tau Delta has suffered the loss of a most faithful member and loyal friend, one who was loved and esteemed by all who knew him; be it therefore

Resolved, That we, his brothers of Beta Chi Chapter of Delta Tau Delta extend to his bereaved family our deepest sympathy in our mutual loss; and be it further

Resolved, That a copy of these resolutions be sent to his family, a copy sent to THE RAINBOW for publication, and a copy be entered upon the minutes of this Chapter.

Beta Chi Chapter of Delta Tau Delta,
December 18, 1922. WILLIAM C. MONROE,
Secretary.

Brother Sundberg died on December 16, 1922, at Wallum Lake, Rhode Island.

BETA UPSILON '76

JAMES R. MANN

WHEREAS, It has pleased the Almighty God in His infinite wisdom to remove from the activities of this life our dearly beloved brother, James R. Mann, University of Illinois '76, and,

WHEREAS, In the death of Brother Mann, not only the Delta Tau Delta Fraternity has suffered the loss of a most loyal member, one whose love and devotion she will always remember, but as the Nation at large also has suffered a great loss by the death of such an able, resourceful and competent political leader; be it

Resolved, That we, his fellow citizens and brothers in the Delta Tau Delta Fraternity extend to his bereaved family our most sincere sympathy in our mutual loss; and be it further

Resolved, That a copy of this Resolution be entered upon the minutes of this Chapter, that a copy thereof be forwarded to THE RAINBOW for publication, and that a hand-written copy of the Resolution be sent to the family of our distinguished, deceased brother.

Given, at Chicago, Illinois, this 8th day of March, 1923,

Chicago Alumni Chapter of Delta Tau Delta Fraternity,
F. W. FISCHER, President.
ERNST C. SCHMIDT, Secretary.

BETA OMEGA '01

WALTER GLADDEN HUNTER

Walter G. Hunter, former city engineer and a member of the state highway department under Governor William D. Stephens, was instantly killed Sunday afternoon at 1 o'clock when struck by lightning while playing golf at the Stockton Golf and Country Club. The bolt that proved fatal for Mr. Hunter stunned Francis Hodgkins and J. C. Pond who were at play with Hunter at the seventh hole. Though Mr. Hodgkins was nearest to Hunter, Mr. Pond suffered the greater shock. Mr. Hodgkins does not know whether or not he was knocked off his feet.

His first recollection came to him as he was standing but whether he arose in a daze he does not know. He was standing three feet from Hunter at the time of the bolt. Pond however, regained his feet before Hodgkins recovered himself and the first observation of Hodgkins was seeing Pond mutely pointing to the body of Hunter lying prone upon the ground, his hair and cap afire.

The front part of Mr. Hunter's forehead, slightly to the left, was seared, a part of his body burned and one of his spiked shoes was badly twisted and torn.

Hodgkins and Pond extinguished the blaze, and Pond then hastened to the clubhouse to summon Dr. J. M. Carr whom he knew was there. Dr. Carr was rushed to the side of Mr. Hunter by W. E. Shepherd in his auto. Though Dr. Carr knew that life was extinct the body was rushed to the Emergency Hospital where Drs. Carr, C. L. Six, H. S. Chapman and William P. J. Lynch worked with all the modern skill at resuscitation for more than an hour.

The news of the tragic ending of the life of Walter G. Hunter spread like wild fire throughout the city and occasioned widespread sorrow among his host of friends and acquaintances and citizens generally. So far as known it was the first death by lightning that ever occurred in this section of the state.

To all his friends Mr. Hunter was known as a man who in his daily walks exemplified the highest type of character and he was held in the highest esteem by all who had the good fortune to share the inspiration of his acquaintance. Modest, soft spoken, kindly, he was held as most companionable by those who knew him best and the zeal with which he served the Golf and Country Club in an executive capacity endeared him particularly to all the members of the Club.

Mr. Hunter was born in 1878 in Eureka, and would have been 45 years old April 19th. He was a graduate of the University of California with the class of 1901, and attained unusual heights in his profession of civil engineering. Early in the Calaveras flood control activities, Mr. Hunter submitted the data showing the water flow, the extent of the basin and the height of the dam that would be necessary to impound the flood waters, the cost of the project and the acreage that could be irrigated by the impounded water during the summer months. He was a member of the Stockton delegation that went to Washington to present the project to the army engineers, and his report won from the officials of the department the highest commendation and was the principal factor that convinced Washington of the merit of the project and resulted in federal aid in Stockton's flood control problem.

During Governor Stephens' administration Mr. Hunter was invited to accept a position with the state highway engineering department, and in that capacity he added to the laurels which he had theretofore won in the practice of his profession. Mr. Hunter was frequently consulted

in engineering projects of magnitude, and his standing in engineering circles in California was an enviable one.

The deceased is survived by a widow, formerly Agnes Ferguson, also an ardent golf player. She was playing on the course at the time her husband was stricken.

Walter G. Hunter was the son of K. W. Hunter, superintendent of the Northwestern Pacific Railway of Eureka.

From San Francisco Paper, April 1, 1923.

BETA OMEGA '16

THORNE CLARKSON TAYLOR

"For distinguished and exceptional gallantry at St. Mihiel on 13th of June, 1918, in the operations of the American Expeditionary Forces, in Testimony thereof, and as an expression of appreciation of his valor, I award him this citation."

Awarded March 27, 1919.

JOHN J. PERSHING.

Never recovering the full health which he enjoyed before giving so much in his severe service of overseas duty, Thorne Clarkson Taylor died in San Francisco on February 5, 1923, after a short illness.

Thorne, the son of Judge and Mrs. Thomas Taylor, was born in Chicago, January 30, 1893. He received his early education in Chicago, later attending Harvard and then transferring to the University of California. Upon leaving college he spent a short time furthering the work of a large agricultural enterprise on Palmetto del Verde Island, off the Coast of Mexico.

When Mexican trouble threatened in 1916, he immediately resigned his position to join the army and saw service on the border for six months. Upon the entry of the United States into the World War he transferred to the Air Service and received instruction at Rantoul and Ashbourn Field in the United States, sailing for France in October, 1917, as a first lieutenant.

There he received instruction in acrobatic flying at Issoudun and Cassau, and in March, 1918, went to the front as a member of the first pursuit group of the Ninety-Fourth Aero Squadron. He was soon promoted to a captaincy and became a flight commander taking part in all the major operations of the American Army at Chateau Thierry, San Mihiel, Aisne, Marne and Argonne. He flew as a chassiss pilot in a single-seated airplane from March 8, 1918, until the Armistice and his military records report the bringing down of seventeen enemy planes. The following battles appear on his service record: Champagne-Marne defensive, Aisne-Marne offensive, San Mihiel offensive and Meuse-Argonne offensive. Three gold chevrons were awarded him

for overseas duty and he was cited for distinguished and exceptional gallantry by General Pershing. He was also decorated by the French Government with the Croix de Guerre with Palm.

After the Armistice, Thorne went with the Ninety-Fourth Aero Squadron to Coblenz. There he was taken ill and after nearly a year in various military hospitals was honorably discharged in 1919. In the spring of 1920 he came to Carmel, California, for convalescence, and during the year entered into the shipping business, later joining the San Francisco office of the Luckenbach Steamship Company.

On September 30, 1922, he was married to Marian, the daughter of Prof. George Henry Boke, and they were living in San Francisco at the time of Thorne's death.

Soon after the first of the year he was attacked by a severe case of pneumonia and succumbed after a comparatively short illness.

In the untimely death of Thorne Taylor, the San Francisco Delt Community is prematurely deprived of a loving personality. A gentleman of highest ideals, quiet disposition, gentle in manner, a sincere friend and a good Delt—we will miss him.

GEORGE M. PARRISH.

San Francisco Alumni Chapter,
Beta Omega Chapter.

GAMMA NU '19

KENNETH PARKER BROWN

WHEREAS, Almighty God in His wisdom, has seen fit to call from our midst our dearly beloved brother, Kenneth Parker Brown; be it therefore

Resolved, That Gamma Nu Chapter of Delta Tau Delta, of which he was a member, hereby express her deepest sorrow and regret at his untimely death;

Resolved, That we, his brothers in the Delta Tau Delta Fraternity, extend to his bereaved family our most sincere sympathy in our mutual loss; and be it further

Resolved, That a copy of these resolutions be sent to the family of our beloved brother, a copy be entered upon the minutes of this Chapter, and one copy be sent to THE RAINBOW of Delta Tau Delta.

Gamma Nu Chapter,
A. E. COBURN,
Secretary.

Brother Brown was killed in an airplane accident in Texas on March 18, 1923.

BETA OMEGA '18

WALTER JOHN HULTING

Walter John Hulting was called by death Friday evening, March 30, 1923.

Apparently in vigorous health, he was attacked by general blood poisoning and in spite of heroic efforts to save his life, he died after an illness of but a few weeks.

In his death Beta Omega Chapter and the San Francisco Alumni Chapter have suffered the loss of a sincere brother and one whose loyalty we have highly esteemed. A loving, true friend, his passing falls heavily upon his family and those who knew him well.

GEORGE M. PARRISH.

San Francisco Alumni Chapter,
Beta Omega Chapter.

BETA PI '26

LOUIS URBAN AUBERE

WHEREAS, It has pleased Almighty God in His infinite wisdom to remove from the activities of this life our beloved brother, Louis Urban Aubere, of the class of Nineteen Hundred and Twenty-Six, and

WHEREAS, In the death of Brother Aubere Beta Pi Chapter and the Fraternity have lost a man of high honor and noble character, and in this loss our hearts go out in sympathy to his family and friends; be it

Resolved, That we, the members of Beta Pi Chapter of Delta Tau Delta, attempt to express our sorrow over this loss, and our sincere sympathy with all who knew him; and be it further

Resolved, That a copy of this letter be sent to the family of our departed brother and a copy forwarded to THE RAINBOW for publication.

Beta Pi of Delta Tau Delta

ROY MELIND

Secretary

Phi Kappa Psi has entered the University of Oregon.

Lambda Chi Alpha has granted charters to the Alhambra Club at the University of Colorado, and to Pi Sigma Alpha at Ohio State University.

The Grand Chapter of Sigma Phi Epsilon announces the establishment of chapters at the University of Kansas and the Colorado School of Mines.

Phi Sigma Kappa celebrated its fiftieth anniversary on March 15th. It has recently installed chapters at Kansas State, Georgia Tech, Montana, Washington, Stanford, and Ohio State.

The Los Angeles Chamber of Commerce has opened a fraternity information bureau, where any fraternity man can procure information regarding his alumni organization in Los Angeles.

Acacia announces the installation of chapters at George Washington University and Oklahoma State, and is considering petitions from Carnegie Institute of Technology and the University of North Carolina.

Phi Kappa Psi has passed a constitutional amendment providing "that no candidate shall be initiated until after he has satisfactorily completed one half year's college work, unless otherwise ordered by the Executive Council"—*Banta's Greek Exchange*.

The campaign for a million and a half dollar endowment for Albion College was successful, and the new building program will soon be started. The buildings planned are an administration building, gymnasium, women's dormitory and biological laboratory.

The Board of Trustees of Columbia University has voted to suspend temporarily the University's ten million dollar building program, because of the present excessive building costs, and the uncertainty as to whether these costs may not be even greater in the immediate future.

Alpha Chi Rho at its Convention in New York in February granted charters to Theta Delta Psi at Ohio State University, and to the Dahlo-nega Club at the University of California. The granting of the Califor-

nia charter is described in *The Garnet and White* as "the most momentous step the Fraternity has taken in a decade." The Convention also decided that at least two out of every three future Conventions should be held in towns where chapters are located, exclusive of New York and Philadelphia.

A meeting of representatives of legal fraternities was held in Chicago in February to consider the formation of an interfraternity conference. Delta Theta Phi, Gamma Eta Gamma, Phi Alpha Delta, Phi Delta Phi, Sigma Delta Kappa and Sigma Nu Phi were represented. The meeting decided unanimously in favor of the formation of such a conference, and adopted a constitution, which is to be submitted to the respective fraternities for ratification. The organization is to be named The Conference of Law Fraternities.

Something new in the way of ideas is being presented to the collegiate fraternity world by an organization having the rather ambitious name, "Kappa Phi Fraternity of North America." It is a high school fraternity with twenty chapters scattered from Missouri to Maryland and from Michigan to Ohio. Its novelty lies in the idea that it is to be extended into the colleges, at the same time retaining its high school chapters to the end that every man can simply continue his membership, acquired in his high school days, all through his college days. It will be interesting to see how the plan works out.—*Banta's Greek Exchange*.

At the University of Texas this year, seven fraternities have been prohibited from initiating any new men because they fell below the scholarship average required by the University. The fraternities allowed to initiate are: Phi Sigma Delta, Delta Chi, Lambda Chi Alpha, Kappa Alpha, Delta Theta Phi, Pi Kappa Alpha, Acacia, Sigma Chi, Delta Tau Delta, Kappa Sigma, Phi Kappa Psi, Phi Delta Theta, Delta Sigma Phi, Sigma Alpha Epsilon, the first mentioned leading in scholarship and the others following in the order named. The fraternities prohibited from initiating their pledges are: Alpha Tau Omega, Sigma Nu, Chi Phi, Theta Xi, Beta Theta Pi, Phi Gamma Delta, and Delta Kappa Epsilon, the last named occupying the cellar position. Among twenty-one fraternity chapters in the University, Kappa Alpha ranks fourth in scholarship.—*The Kappa Alpha Journal*.

National Dues

Congress did its biggest job for the good of the fraternity when it voted to provide a life subscription to *The Palm* for every member. This is to be accomplished by raising the national dues of active men from

\$2.50 a semester to \$4.50 a semester, the added \$2.00 to be applied on the subscription. The total of these payments for seven semesters equals \$14.00 which added to the amount formerly applied toward *The Palm* (\$5.25), makes a total payment of \$19.25. This amount, because it would assure a hundred percent subscription to the official magazine, would cover the cost of the life subscription, which has been \$25.00.

The addition to the national dues is really to be considered as a part of the initiation fee spread out over the four years of the college course, and consequently the unpaid balance becomes due and payable if a man leaves school before the end of his four years. Active members who were initiated prior to the passage of the bill, upon ceasing to be active may become life subscribers to *The Palm* by paying the balance of \$19.25, still due.—*The Palm* of Alpha Tau Omega.

Oklahoma

Delta Alpha lived up to her usual scholarship standard during the fall semester of 1922, by taking the scholarship cup offered each semester by the local interfraternity council. Since the foundation of the old local, the Chapter has led every fraternity on the campus in scholarship every semester.

The averages were as follows:

Delta Tau Delta, 2.9391; *Kappa Sigma*, 2.5818; *Sigma Alpha Epsilon*, 2.4217; *Phi Gamma Delta*, 2.4012; *Alpha Tau Omega*, 2.3645; *Phi Kappa Psi*, 2.2707; *Kappa Alpha*, 2.2304; *Beta Theta Pi*, 2.1494; *Sigma Chi*, 2.0985; *Phi Delta Theta*, 2.0385; *Sigma Nu*, 1.9651; *Pi Kappa Alpha*, 1.9379; *Acacia*, 1.9210.

Ohio Wesleyan

First Semester 1922-23

Phi Delta Theta, 1.73; *Sigma Phi Epsilon*, 1.56; *Delta Tau Delta*, 1.55; *Beta Theta Pi*, 1.42; *Alpha Sigma Phi*, 1.41; *Phi Kappa Psi*, 1.37; *Sigma Alpha Epsilon*, 1.30; *Chi Phi*, 1.29; *Phi Gamma Delta*, 1.12; *Alpha Tau Omega*, 1.11; *Sigma Chi*, 1.08.

Extracts from Interfraternity Conference Bulletin

The Need For More National Fraternities

An exhaustive study of the fraternity situation at most American colleges and universities, made by the committee on expansion, shows that there is a great need for more national fraternities.

It was decided, therefore, that the Interfraternity Conference should take an active part in assisting good locals, preferably at smaller colleges, to band themselves into at least one strong national fraternity. To this end a conference was authorized between the representatives of various selected locals, to be held in some middle-western city before the close of the present school year.

The committee on expansion is now at work on the plans for this conference. It is hoped that at one institution after another the aid of several non-fraternity Faculty members and a good group of undergraduates can be enlisted, so that a fraternity of from fifteen to twenty chapters, with its greatest initial strength in the middle west, can be formed without delay.

Work of the Committee on Social Hygiene

Dr. Thomas W. Galloway, chairman of the committee on social hygiene, is soon to undertake on behalf of the Government a visit to a large number of colleges and universities to encourage the establishment of departments of hygiene in accordance with the plan approved by the Interfraternity Conference. Copies giving that plan in full may be obtained from the Secretary of the Conference, A. Bruce Bielaski, at 120 Broadway, New York.

Deferred Pledging

The executive committee at its last meeting was advised that new regulations have been adopted at Leland Stanford, Jr., University and at the University of North Carolina postponing fraternity rushing, in the one case until May of the freshman year and in the other until the sophomore year.

The following action was taken, in the form of a resolution:

"Resolved, that deferred pledging and deferred initiation are largely local matters depending upon the presence or absence of dormitories, the size of local chapter rolls, the condition of chapter finances, the exercise of supervision of undergraduate scholarship by the university and the local chapters, the desirability of early settling the freshman mind as to his ultimate fraternity connections, the wisdom of encouraging upper-class supervision of and responsibility for underclass conduct and scholarship, and other like factors, and that the Interfraternity Conference cannot undertake to apply a uniform rule to specific cases."

The Next Plenary Conference

The next plenary session of the Interfraternity Conference will be held at the Hotel Pennsylvania in New York on Friday and Saturday, November 30th and December 1st. The call for delegates is soon to go out to the various fraternities that are members of the Conference.

One feature of this year's Conference is certain to meet with general approval from the member fraternities. After long consideration at its last meeting, held in New York, May 5th, the executive committee decided to invite as a guest to the Conference an undergraduate representative from every college or university interfraternity council. Preferably the undergraduate guests will be men who will return to college for another year.

At the outset of his term of office, the present chairman, John J. Kuhn, announced that in his opinion the most important accomplishment to be sought this year was to get the message of the Interfraternity Conference over to the undergraduates still in college. His program met with the approval of those who heard his brief address when he took office, most of them men long out of college. The plan of inviting undergraduates to the next Conference is in pursuance with his policy of getting the Conference just as close as possible to the men still in college.

In order that the sessions of the Conference shall not be overcrowded as a result of the inviting of these undergraduates, the executive committee decided to curtail the number of formal invitations extended to college officers.

A Few Words on the College Fraternity System

No finer exposition of the American college fraternity system has come to the attention of the executive committee than that just prepared by

Don R. Almy, past president of the Conference, for the use of Dean C. R. Melcher of the University of Kentucky, who is gathering material on the subject of the "Deans' Relation to the Anti-Fraternity Campaign in the Various States."

"The American college fraternity system is 176 years old; has initiated 700,000 members, of whom half a million still survive. The system is divided into approximately 200 societies with 4,500 chapters located in 660 colleges. Of these approximately 1,000 chapters belong to the honorary or semi-honorary societies and make little or no effort to maintain homes, rooms or houses. Of the 3,500 chapters affiliated with the remaining 150 fraternities approximately 2,600 occupy college homes. Approximately 1,100 of these are owned by their occupants and cost about \$21,000,000. The furnishings of the homes that are leased have cost approximately \$3,000,000 more. Nearly 60,000 college men and women are housed under their own roofs and their number is constantly increasing. About 40,000 are initiated each year and about one-third are inducted into honorary societies as a mark of approbation for work well done in the class rooms. The majority of these are already members of other fraternities of a social or professional character.

"The American college fraternity was founded when America was a wilderness, has kept pace with the economic and spiritual growth of our people, and has furnished them with examples and advice at every step of the way.

"Its alumni are leaders of thought and expression in almost every field of activity, particularly in education, government, religion and the professions. These men have been influenced by the wealth of comradeship they received from their educated leaders, whose characters have been moulded in an atmosphere of human love and friendship.

"The college fraternity has its human ends and purposes. It has come to stay, to progress, to improve with the coming years. As an institution it is human. It has had and still has its faults but these have been more of methods of application than in its underlying principles. In instances connected with college life it has responded to generous and constructive criticism quicker and better than the college system. It still seeks to be never above criticism that is wholesome and constructive. It promises to profit by its errors, to avoid repetitions of wrongs and indiscretions, and at the same time to serve its members of the colleges with which they are affiliated and their own kind in a wholesome and honorable way."

Honor Roll

In weighing the merits of the various Greek periodicals which have come our way within the past month, we cannot refrain from expressing our favorites. Here they are:

Sigma Chi Quarterly—Most all-round entertaining and interesting.
Runner-up—*The Phi Gamma Delta*.

Rainbow of Delta Tau Delta—Most dignified and conservative.
Runner-up—*Scroll of Phi Delta Theta*.

Palm of Alpha Tau Omega—Most humorous.

—*The Garnet and White*.

The Oldest Fraternity Publications

The historical statement in the *Delta Kappa Epsilon Quarterly* contains a misstatement of fact in the information that the D. K. E. magazine is next to the oldest fraternity publication, having been regularly issued since 1884. *The Beta Theta Pi* has been published continuously since 1872 and is the oldest. *THE RAINBOW* of Delta Tau Delta has been at it since 1877. The third oldest is *The Phi Gamma Delta* which started in 1879. *The Sigma Chi Quarterly* began in 1881, and has not missed an issue since. Other fraternities established magazines earlier than some of these dates, but they either suspended or suffered a lapse in continuity.—*The Sigma Chi Quarterly*.

In this connection *The Palm of Alpha Tau Omega* calls attention to the fact that it has been published continuously since 1880.

Keeping Up

With the Women a Problem for Fraternities

We hear it frequently remarked that the trouble with maintaining interest of alumni in alumni chapters and other organizations is that these men are provided nothing which interests a grown man. It is likewise frequently stated that if such organizations could be really interested in altruistic work, their success would be assured. While we are not sure that the sole key to success lies in such a consummation, we nevertheless feel that the elements of success are contained therein.

This is an age of progress. It is also an age in which, perhaps, the most striking progress has been made by our friends, the women. This is true in fraternity work as well as in other fields. The sororities have not only stepped in and adopted our old designation of "Pan-Hellenic" as peculiar to themselves and theirs, but they have usurped the opportunity and have shown us the way in the establishment and accumulation of endowments and in many fraternity fields. It is, therefore, with interest that fraternity men read from time to time the result of such progress. An article not long since written by S. T. Rugg, formerly editor of the *Pi Beta Phi Magazine*, for the *Boston Transcript*, is illuminating as regards the progress made by the sororities in true altruistic work. We learn that, at the time of writing, sororities participated in the following undertakings, which collectively make a very impressive list:

Sigma Kappa has for some years contributed to the Maine Seacoast Mission, and has supported a domestic science teacher among the people along the islands of that coast.

Alpha Gamma Delta, in co-operation with the National Child Welfare Committee, has financed and managed the summer camp for children at Wolf Lake, Michigan, co-operating also with the Board of Health of Jackson, Michigan. In one season fifty-two children were taken care of for six weeks, and in a smaller camp twenty-five mothers and twenty-seven children were maintained at Lake Scugod, Canada. Plans for extending the work are formulating.

Alpha Chi Omega has continued the war-time support of sixty-nine war-orphans and has also established a certain number of scholarships for children. These scholarships are for public school children who would otherwise be obliged to leave school at the age of fourteen because of financial pressure at home. They have already been awarded in several large cities—New York, Chicago, Philadelphia, and Cincinnati.

Pi Beta Phi has established a settlement school in Gunclenburg, Tenn., and has maintained it for more than a decade. Recently it has placed more emphasis on the social side of the work, and "it has been possible to secure a registered nurse who rides horseback over the mountain road, visiting the isolated cabins, and bringing a message of sanitation previously unknown in that region. A small hospital is to be operated and the scope of the work to be enlarged."

The war-time work of eighteen sororities totaled over \$100,000 for war relief, which has been secured, for the most part, without appeal to the public for funds.

Alpha Phi has continued to support the community centers at Foyer, at Rouen, and at Tours, France, which was undertaken as war work and has since been continued by the community.

Delta Delta Delta established a community center in the village of Gony, and is still supporting the organization.

Chi Omega maintained a personal representative overseas, working under the direction of the American Committee for Devastated France.

Kappa Kappa Gamma endowed the work of Vestaire and Dispensaire established at Bellevue-Meudon during the war.

Della Gamma presented to the town of Marchienne, Belgium, a gift of \$5,000 as the nucleus of a fund for an orphanage, which has been christened the Delta Gamma Orphanage. It is said that Delta Gamma has the distinction of leading every sorority in money collected for war work, \$28,000.

Gamma Phi Beta conducted a milk bottle campaign for Belgian babies which netted more than \$6,000.

Alpha Delta Pi has supported Armenian and Syrian orphans.

Pi Beta Phi has given financial aid to the French and Serbian college students and contributed annually to the support of the American School for Classical Research in Athens.

Kappa Alpha Theta is said to have established the oldest and largest sorority scholarship fund.

Many sororities have also maintained funds for building and equipping their chapter houses.

Kappa Kappa Gamma has a students' aid fund which has passed the \$10,000 mark, and is available for any worthy college girl, regardless of sorority affiliations, who has successfully completed one year of college work.

Gamma Phi Beta awarded a graduate scholarship of \$500 in social science, not available to members of its own organization.

Alpha Chi Omega appropriated \$1,000 for the endowment of the star studio of the Macdowell Art Colony in Peterboro, N. H.

Delta Delta Delta tried funding a vocational secretary to visit its active chapters and help the girls decide on future professions.

We look forward with a great deal of anticipation to the time when some one will recount the doings of the alumni chapters and associations of the various men's college fraternities with anything like such impressive results. All power to the women, but power also to the men. It is time that fraternities get busy along these altruistic lines. What better can a group of college alumni, associated as fraternity chapter or association, perform for the good of humanity, their own interest and edification and the advancement of their fraternity, than by patterning after the lead which the women have given us?

—The Caduceus of Kappa Sigma.
