

The
RAINBOW
OF DELTA TAU DELTA

FEBRUARY
1 9 3 9

Delta Tau Delta is a constructive adjunct to the system of higher education. Her objective is to educate, contributing to the young men within her sphere of influence a moral, spiritual, and social development commensurate with the intellectual training supplied by the colleges and universities.

One Moment, Please

A considerable space allowance is given undergraduate $\Delta T \Delta$ in this number. The chapters, not one hundred per cent—we regretfully add, present their first report in letter form for the 1938-1939 college year. Alumni will be pleased with the uniform report from the chapters which tells that their participation in rushing last summer aided in administering successful membership campaigns.

A high point in the interfraternity world each year is the National Interfraternity Conference. As usual, representatives of $\Delta T \Delta$ had no small part in the program. This number opens with *Fraternity Intangibles*, a Delt address that has received prominence, the reason for which you will evidence in reading.

Colorado is going into the stretch, so to speak, in Karnea preparations. You are invited to be among those vacationing at Estes Park.

Our Supervisor of Scholarship, Henry M. Wriston, reports continued progress in $\Delta T \Delta$ scholarship. Check in on your chapter's record for 1937-1938.

Look in the Dictionary is the suggestion of our National Librarian, Frederick Palmer. This interesting article reports the progress of $\Delta T \Delta$'s library program in which many of you are participating.

We have a report on the Eastern Division Conference, the only conference held before press time. In the May number we plan to have reports on the other conferences held this winter.

Around the Fireplace With Good Delts reviews some of the discussions and reports of the National Interfraternity Conference.

The alumni chapters start the new year with the best record in some time—the number of letters is substantially increased.

The pictorial, *Delt Doings*, and the regular departments complete the number.

In the May number you can look forward to a story of $\Delta T \Delta$'s representation in national and state government. Many new faces joined the ranks through the November, 1938, elections. Though the article was planned and announced for this number it was decided to wait until May to insure maximum representation.

ENTERED as second-class matter at the post office at Menasha, Wis. Acceptance for mailing at special rate of postage provided for in the Act of February 28, 1925, embodied in paragraph 4, section 412 P. L. and R., authorized February 15, 1926.

A QUARTERLY MAGAZINE devoted to Fraternity and college interests. The official organ of $\Delta T \Delta$ Fraternity. Subscription rate, \$1.50 per year.

PUBLISHED at 450-454 Ahnaip St., Menasha, Wis., and issued four times during the year, the four numbers of each volume appearing in November, February, May, and August, respectively.

SUBSCRIPTIONS and death notices should be sent to 450 Ahnaip St., Menasha, Wis., or to the Central Office, 333 N. Pennsylvania St., Indianapolis, Ind.

ALL CHAPTER LETTERS, alumni chapter letters, news stories, pictures, and manuscripts for publication, etc., should be sent to the Editor.

HARRY G. GREEN, P.O. Box 693, Lynchburg, Virginia

The Delta Creed

- I BELIEVE in Delta Tau Delta for the education of youth and the inspiration of maturity, so that I may better learn and live the truth.
- I BELIEVE in Delta Tau Delta as a shrine of international brotherhood: her cornerstone friendship, her foundation conscience, her columns aspiration, her girders self-restraint, her doorway opportunity, her windows understanding, her buttresses loyalty, her strength the Everlasting Arms.
- I BELIEVE in Delta Tau Delta as an abiding influence to help me do my work, fulfill my obligations, maintain my self-respect, and bring about that happy life wherein I may more truly love my fellow men, serve my country, and obey my God.

Fraternity Intangibles

By JAMES E. CRAIG, Gamma Kappa (Missouri), '07

Address to the National Interfraternity Conference, November 25, 1938

IT IS WITH considerable trepidation, gentlemen, that I rise to address you—all the more so because Chairman MacFall has assigned me what I cannot but regard as a somewhat astonishing rôle for me to try to perform. For the job he apparently has in mind I think he would have been better advised to select a nice, elderly parson. But since he has been so wilful as to choose a more or less hard-boiled journalist instead, the responsibility must remain his and not mine. Me you can soon forget; him you may forgive if only your compassion and forbearance can be stretched to that extreme.

My chief worry is, of course, lest it be found I have no message for you save one so commonplace that it may send you away wondering why your committee put such an old dodo on the program. I heartily wish it might be otherwise. This is a grand opportunity for a ringing word that would lift us all above the anxieties which everywhere press in upon men of good will. But in these days of worldwide tribulation a man must be wary of cosmic utterances lest he provoke the ironic and inextinguishable laughter of the gods. I assure you that if I knew any secret for rescuing this sick old world of ours from the humiliation and disillusionment that nowadays overwhelm it, I should shout that secret from the housetops. The only secret I know is no secret at all; it is only that the captaincy of a man's soul, like the kingdom of God, must be sought within him.

It was indeed a brave world that we of my generation faced in our youth, a world that mayhap was a trifle cranky but needed only a little tinkering to make it perfect. We were highly resolved it should be better; and were more than confident we could make it so. But if our diagnosis was excellent, our therapy seems somehow to have gone astray. What we hoped to do was to strike from it all shackles of outworn creeds, superstitions, shibboleths and conventions. We were going to add fact unto fact until we could liberate it through knowledge. In the bright new materialistic and mechanistic universe then just dawning upon our vision, room for reverence was scant and

there was almost none at all for religion. With knowledge and reason to guide him, we said, man needed no other guidance to the stars. So we all but cast God down from his heaven to enthrone there a new Trinity whose names were Reason, Research, and Realism.

For a time we and the world got along famously. We improved the old sciences and invented new ones. We put human emotions into test tubes, found how unstable and unpredictable they can be and set about replacing them with synthetic new emotions of our own contriving. We discovered new ways of saving and solacing human life; and exceedingly ingenious and effective new methods for destroying it. We sent theology to the scrap heap and what we did to ethics was a caution.

We set about constructing everything, from a house to a philosophy, in strict accordance with blue-prints and specifications. We perfected devices for making men good by legislative fiat and keeping nations peaceful by the adoption of solemn resolutions. We repealed all economic laws that seemed troublesome and inconvenient, replacing them with a new code which implied that sweat and thrift and prudence had gone forever into exile. Then we sat back to observe how much more admirably this creation of ours would work than the old world ever did.

It worked out into about the worst mess of which a vigorous fancy could conceive. It worked out into a general

James E. Craig

collapse of moral discipline; into war, debt and the repudiation of solemn covenants, private and public; into hunger in the midst of plenty; into tyranny of the strong over the weak; into such a world-wide Reign of Terror as civilization had scarcely known since it emerged from the black shadow of medievalism. It begins almost to appear that the copy-book moralities were right and we wrong to repudiate and ignore them.

It is still in this lamentable condition as we prepare to turn it over to you, hoping you may make a better job of it than we could. Little is left to us but to repent and confess our sins and pray that a more resourceful generation may correct our errors and grant us the boon of absolution. Yet, as we depart into monastic silence for meditation on our failures and shortcomings, we go not altogether comfortless. Some few things we did manage to salvage out of the moral and spiritual bankruptcy of our times, things that are precious and priceless. For what they are worth we gladly pass them along to you.

We have learned, for example, that individual integrity is the only dependable foundation on which to erect an enduring social order. We have learned that the truly permanent values in life cannot be analyzed in test tubes or measured in millimeters or milligrams or decibels or light-years, nor can they be computed with the aid of logarithms. We have learned that the dreams of our youth were more real than the realities of our age. We have learned that the deepest joy of craftsmanship lies in the doing, not in the thing accomplished. We have learned that the true end of education is not acquisition of knowledge but ability to assimilate knowledge and translate it into useful energy. We have learned that a correct reading of the mystery of the power of faith must be sought not in the validity of the thing believed in but in capacity wholeheartedly to believe in something.

As we look back, we recall that men and hopes have often failed us; that often we have failed ourselves. But the eternal verities have never

EDITOR'S NOTE: James E. Craig was born in Norborne, Missouri. Following high school training in King City, he entered the University of Missouri and was graduated from the Academic Department with the class of 1905. A law degree was received from the same institution in 1906.

In the years immediately following he learned the printing trade, starting in Forest City, Missouri, and working for various county printers throughout the state.

Craig began his career as a reporter at Poplar Bluff, Missouri. Experience in the reporting field included The Kansas City Journal, The Kansas City Star, and The St. Louis Post Dispatch. His next position was city editor of The St. Louis Globe Democrat.

In 1921 he became city editor of The New York Evening Mail which paper later consolidated with The New York Telegram. For the past fourteen years he has been an editorial writer on the staff of The New York Sun.

Craig served as the first publicity man for Lowell Thomas, handling the publicity for Travelogues.

He has always been deeply interested in the progress of $\Delta T \Delta$ and though his association with the Fraternity is identified by him as "occasional" he has watched the development of the fraternity system, and $\Delta T \Delta$'s participation, with a keen perception as to the ever increasing importance of the fraternity to the development of character.

failed us. We have come to understand that the tarnished commonplaces of our accepted moral maxims were once the glittering silver of fresh discovery. We have forgotten many of the things we learned in books. We should be deeply embarrassed if one of you suddenly demanded of us that we conjugate an irregular Greek verb or conduct a freshman across the *pons asinorum*. But the things we learned in honest companionship with friends and counselors whom we early came to trust can never be forgotten. How glorious and gleaming were those days when we dreamed and were not ashamed to confide our most secret thoughts to one another!

That friend, for instance, with whom I walked under the stars of

thirty-odd years ago, when "in the quick forge and working house of thought" we shaped the hot metal of our ambitious desires! He has long slumbered in his grave, but I have only to close my eyes and listen and his voice again speaks to me! Although I cannot now recall even the names of some who in my formative years influenced me more than I realized, such of the gentleness and graciousness and fine savor of living as I imbibed from them must surely remain with me even unto this present hour.

One of the lessons, gentlemen, that life incessantly beats into the bewildered consciousness of maturity is the lesson that among cultured folk a man's background counts for almost as much as his behavior. It is true that we are wont to praise those who are called diamonds in the rough, but it is equally true that we prefer our own diamonds to be smoothed and polished. Background is an intangible something which all of us can feel and none of us can define. It is large-mindedness, but it is more than that. As a rule, working definition we might perhaps describe it as meaning everything where with ancestral habits of conduct and thought, learning, good breeding, moral sense and a well disciplined imagination have furnished the intellectual apartment in which a man's soul has its daily habitation. Good furniture of this kind must be acquired in early youth or it is not likely to be acquired at all. Here, I think, is a field in which the college fraternity can be especially useful. Its members can help one another to get rid of a lot of shabby and shoddy cultural equipment, and replace it with good, sound stuff. In my day some of us didn't know how much shoddy we had accumulated until we began comparing it with better stuff belonging to our fellows.

I am too old, too bitterly disciplined, to venture unsolicited advice to anybody, but if you really got down upon your knees and begged me for just a little word of advice to take home with you from this conference, it would be this:

Your chapter house is your garden;

cultivate it. Make of it a place of good fellowship, but make of it also a place where scholars are nurtured and gentlemen are bred. Notwithstanding their appearance of cold sophistication, I am inclined to suspect that most of the students with whom you associate are boys after all, eager, alert, imitative, and receptive as only the young of the human animal can be.

Theories and theses with which your colleges now indoctrinate them may be antiquated and futile by the time they have become elders in their turn. But they are drinking in at every pore and with every breath the intangibles of companionship, of sane affection, of generosity, of spaciousness in ideas and ideals, of respect for the true and of veneration for the noble. These, aided by your fostering care, at this important moment, can be so firmly fixed that they will remain with them forever.

For many an undergraduate his college fraternity is the beginning of social, as distinguished from domestic, tutelage. Here he must take his place of responsibility in a free, self-governing society which is but a microcosm of the larger social life ahead of him. Here also begins for him that iron discipline which life itself imposes, a discipline which, if less superficially apparent than that of the home, is nevertheless far more severe. Nothing that any of his fraternity brothers can tell him will help him far on his way; it is only what they can show him that will count in the end. For better or worse he must fit himself into a new environment. God help us all if it be for the worse!

His fraternity brothers have, I take it, no commission to preach sermons

to him, or see to it that he says his prayers and attends church regularly. Their only job is to assist him in creating the atmosphere in which he and they must exist. If theirs is a way of graciousness and spaciousness, his life may become gracious and spacious also. If they have learned that loyalty and service to an ideal, a philosophy and a group are the beginnings of greater loyalties to all humankind, he will learn it too. If they can find a way to put his talent and energy to work on immediate and unselfish tasks, his zeal and skill will grow more muscular for the more important tasks of unselfishness that lie ahead.

Here, if anywhere, he should learn that certain intangibles of human associations are far more important than are most of the things a man perceives by the aid of his natural senses. Here, if anywhere, he must learn that among gentlemen the standards of honor are inflexible. Here he must find courtesy become second nature, good sportsmanship taken for granted, self-restraint elevated to the rank of a virtue. And here, above all, he should find respect for whatever is honest and decent and true, together with contempt for whatever is slipshod and false and phony. And if to all these can be added that most utilitarian of all intangibles, the quality of intellectual honesty, he will go away from his chapter house an educated man, even though the faculty may refuse to honor him with a degree.

It may be that practical youngsters will say to you that this is all very well, but time is fleeting and a man must take thought how to prepare himself for getting along in a most pragmatical and utilitarian society.

With pragmatism and utilitarianism you need have no quarrel. But you might take one such by the hand, lead him over to a comfortable chair under a good light and place in his hand the Fifth Book of the *Aeneid*, telling, among other matters, the ancient story of Acestes and his arrow. Those of you who have not forgotten your Vergil will recall that on an occasion this most famous of Trojan archers was in competition with three formidable marksmen. The target was a dove, one foot of which was tied by a cord to the top of a tall mast. The first rival's arrow struck the mast, causing the bird to spring into the air as far as the string would let it go. The shaft of the second cut the cord and the dove flew away. The third archer shot it down in full flight.

Then, as the poet tells us, "Acestes alone remained after the prize was lost; who nevertheless discharged his shaft into the aerial region, thus displaying both his address and twanging bow. . . . The arrow, flying among watery clouds, took fire, and with flames marked out a path till, being quite consumed, it vanished into thin air; as often stars, loosened from the firmament, shoot across and, flying, draw after them a train of light."

This story serves two purposes. One is to show that a store of classical allusions has its value in the most pragmatic and utilitarian of societies. The other is that, to the utter confounding of pragmatists, who must always be prating of objectives and utilities, it illustrates the invincible truth that the way of the cultivated mind is the way of a meteor, burning its path to its own targets, even though no man may perceive them.

A REAL VACATION KARNEA THIS YEAR

ESTES PARK

August 30, 31, - September 1, 2

There are twelve miles of views like this on Trail Ridge, a marvelous road over the backbone of the Rockies.

Combine the Colorado Karnea with Your 1939 Vacation

Here is the real West
in a setting of
snow-capped peaks

NOW THAT all Christmas bills are paid (at least those from 1937) it's time to start praying that the tires will last another summer. But here's a break. You don't have to flip a coin to decide where to vacation this year. You can't beat a trip to Colorado. Four days in Estes Park at the Karnea, seventy-five miles from Denver. Just a day's trip from Denver is the drive to the top of Mt. Evans, higher than Pike's Peak. Seventy-two miles away is Colorado Springs at the foot of Pike's Peak. Not far from Colorado Springs is the Royal Gorge of the Colorado River spanned by the highest bridge in the world. Just a few miles from Denver are the old mining towns of

Central City, Georgetown, Idaho Springs and Golden.

A two day trip from Denver will take you to Mesa Verde National Park, with the largest and best preserved Indian Cliff dwellings in North America, or to famous old Leadville and on to Glenwood Springs, another delightful spot. If you like to fish there are well stocked streams along the way.

Don't overlook this bet either. If you're traveling 'cross country to either Fair—New York or San Francisco, Colorado is on your way with beautiful Highway 40 crossing the state.

Here is another good reason to come to Colorado

IF YOU'VE been digging yourself out of a few snow drifts lately, perhaps this will cheer you up and warm your heart. It's a scene from Grand Lake, near Estes Park, where we'll have a Karnea barbeque.

This is just one of the attractions in Rocky Mountain National Park (meaning the lake).

Incidentally, travel in the Park broke all records last year—659,802 visitors, the largest number for any western national park.

There's fun for all the family at Estes Park. In the background is rambling, rustic Chalet Ranch—one of the Karnea hotels.

August 30, 31 — September 1, 2

ADVANCE registrations are rolling in for the Colorado Karnea and since a number of requests have been received asking about rates and accommodations, here is a somewhat general outline.

Karnea headquarters will be at the Stanley Hotel in Estes Park with additional rooms available at the nearby Chalet and Lewiston Hotels, operated under the same management.

In addition, many attractive cabin accommodations are available in Estes, particularly for those who can provide their own automobile transportation back and forth to the Stanley Hotel. Some of the cabins and cottages are just a short distance away, some from a mile to three miles distant.

Delts desiring cabins are urged to write for

reservations or at least for information *immediately*.

Typical cabins run from \$1.00 per day to \$7.50 and are available in all sizes, accommodating from two to six or more people.

At the Chalet and Lewiston Hotels, rates are available on both the American and European plans. The Stanley operates on the American plan. Rates are reasonable and in all three hotels many large rooms are available accommodating four persons, making possible a very low rate.

Remember, if you are interested in cabin accommodations, write now as Estes Park will have other visitors in August and September.

Make your plans NOW!

For advance reservations, hotel or cabin, write William E. Glass, finance and registration chairman, 621 16th Street, Denver, Colorado.

Incidentally, it wouldn't make Bill unhappy to receive your \$10 advance registration fee.

The Lewiston Hotel at Estes Park

Scholarship Report, 1937-38

By HENRY M. WRISTON, Gamma Zeta (Wesleyan), '11
Supervisor of Scholarship

AFTER the National Interfraternity Conference scholarship report for the past college year is issued, it is a good plan to check over the results—to see where we are strong, where weak, and what can be done about it. For the fourth consecutive year $\Delta T \Delta$ raised its index, which was printed as plus 2.37, and for the third time our Fraternity stood second among those having fifty or more chapters. Our nearest rival, Beta Theta Pi, had a plus 2.67. The previous year the corresponding ratings were 2.23 and 2.32.

Among the sixty-four chapters that reported completely in 1937-38, thirty-seven, a little over half, were above the all men's average on their respective campuses—one less than a year ago. Ten chapters advanced to the plus column, eleven dropped to the minus column, and sixteen, twenty-five per cent, remained below the all men's average. Thirty-two chapters, exactly one half, had higher ratings than a year ago, twenty-five lower, seven remained the same.

In 1937-38 there were eighteen chapters with ratings of plus 10 or above, two more than a year ago and seven more than the preceding year. Beta Epsilon (Emory) had the extraordinary index of plus 42 (an advance of fifty-one points), compared with the top score of plus 20 made by Gamma Xi (Cincinnati) in 1936-37.

The twelve chapters in the honor group the last two years were Beta Xi (Tulane), Delta Lambda (Oregon State), Beta Theta (University of the South), Nu (Lafayette), Delta Alpha (Oklahoma), Beta Pi (Northwestern), Gamma Iota (Texas), Gamma Tau (Kansas), Gamma Gamma (Dartmouth), Gamma Phi (Amherst), Gamma Theta (Baker), and Gamma Xi (Cincinnati). The newcomers in 1937-38 were Beta Epsilon (Emory), Mu (Ohio Wes-

leyan), Gamma (Washington and Jefferson), Delta Kappa (Duke), Gamma Psi (Georgia Tech), and Delta Beta (Carnegie).

At the opposite end of the scale were nine chapters with minus 10 or more, the same number as in 1936-37. However, the lowest score of minus 28, made by Omicron (Iowa), was ten points below last year's poorest index, that of Beta Phi (Ohio State). Four of these low ranking chapters were in the same group last year; Delta Mu (Idaho), Delta Iota (California at Los Angeles), Beta Delta (Georgia), and Omicron. Gamma Mu (Washington) moved much farther into the red. Four had plus ratings in 1936-37: Gamma Nu (Maine), Beta Gamma (Wisconsin), Beta Nu (M.I.T.), and Epsilon (Albion). Beta Gamma dropped from plus 11 to minus 11 for the worst loss of the year.

In contrast with the larger number of higher ratings, only twenty-four chapters advanced their position among the reporting fraternities on their respective campuses in 1937-38, eleven remained the same, and

twenty-nine lost rank. Gamma Kappa (Missouri) made the best gain by moving thirteen places—from seventeenth to fourth. On the other hand, Beta Gamma (Wisconsin) dropped twenty-three places—from seventh to thirtieth.

Seventeen chapters were in first, second, and third places compared with fourteen in 1936-37 and nineteen in 1935-36. The seven firsts, one less than a year ago, were Mu (Ohio Wesleyan), Gamma Phi (Amherst), Gamma (Washington and Jefferson), Beta Theta (University of the South), Beta Zeta (Butler), Gamma Theta (Baker), and Kappa (Hillsdale). Those in second place were Beta Xi (Tulane), Pi (Mississippi), Beta Pi (Northwestern), Beta Epsilon (Emory), Beta Psi (Wabash), and Alpha (Allegheny). Nu (Lafayette), Gamma Tau (Kansas), Gamma Zeta (Wesleyan), and Chi (Kenyon) came in third. Nine of these chapters held one of the three top positions last year. Among the eight newcomers, Kappa moved from last to first place on its campus, Beta Epsilon from last to second. Less spectacular gains were made by Mu, Gamma, Pi, Beta Psi, Nu, and Gamma Zeta.

Six chapters occupied the last three positions on their campuses, one more than a year ago. Omicron (Iowa), and Epsilon (Albion) were in last place, Gamma Nu (Maine) and Delta Nu (Lawrence) in next to the last, while Delta Mu (Idaho) and Gamma Beta (Armour) were third from the bottom. Epsilon and Gamma Beta were in the same group last year.

Southern Division

The Southern Division stepped into the scholastic lead in 1937-38 with an index of plus 6.92, nearly four points more than the preceding

Henry M. Wriston

year. The Universities of Virginia and Kentucky do not send grades to the National Interfraternity Conference, and Mississippi provided no all men's average last year. Among the eleven chapters for which complete reports were received, six showed gains in ranking and rating; only one lost in both. All but two chapters stood above the all men's average on their campuses. Five ratings were above plus 10; one was lower than minus 10.

The scholarship award went to Beta Theta (University of the South) for a first place and plus 18 index, following excellent standings for the past three years. Beta Xi dropped to second among the seventeen reporting fraternities at Tulane, but maintained its rating of plus 19. Beta Epsilon made the best gain in the Division, moving from last place to second at Emory, and from minus 9 to a record breaking plus 42. Pi (Mississippi) also advanced to second place from the ninth of a year ago.

Gamma Psi moved up seven places to fourth among twenty-three fraternities at Georgia Tech with a plus 12 index. Delta Kappa (Duke) advanced from thirteenth to fifth out of sixteen fraternities and from plus 4 to 13. Delta Delta (Tennessee), with sixth place among fifteen fraternities and a plus 6, gained three places and five points. Delta Eta (Alabama) advanced from thirteenth to eighth out of twenty-six fraternities and from minus 1 to plus 6. Phi also moved out of the red, standing eighth among nineteen fraternities at Washington and Lee with an index of plus 3, instead of twelfth with a minus 6.

Although retaining a respectable standing, Gamma Eta took the biggest loss in the Division, falling from first to sixth place out of fourteen fraternities at George Washington and from plus 17 to 2. Delta Zeta (Florida) dropped one place to tenth among twenty-two fraternities, but moved up from minus 2 to 1. Beta Delta (Georgia), the only chapter in the Division with a decidedly poor record, advanced from fifteenth to thirteenth place out of seventeen fraternities, at the same time that its index dropped six points to minus 18.

This beautiful Scholarship Award was presented to Delta Lambda (Oregon State) this year by Herbert W. White, Gamma Eta (George Washington), '10, of the Portland Alumni Chapter.

Western Division

The most disastrous losses in the scholastic standing of the Fraternity occurred in the Western Division where the index dropped from plus 2.23 for 1936-37 to minus .28 for 1937-38. The University of Oregon does not send scholarship reports to the National Interfraternity Conference; California and Kansas State do not furnish all men's averages. Among the twenty-two chapters that report completely, twelve or more than half had minus ratings. Ten chapters lost in ranking and rating; only three gained in both. There were six chapters with ratings of plus 10 or more, one less than a year ago. Five chapters went to minus 10 or below, the lowest index of minus 28 being double that of the preceding year.

In the Mississippi Valley, the highest score was turned in by Beta Pi which stood second out of the sixteen fraternities at Northwestern with a rating of plus 13, again receiving the scholarship award. Gamma Kappa (Missouri) made the best gain in the Division, advancing from seventeenth to fourth place among twenty-one fraternities and from minus 12 to plus 5. Gamma Beta remained in fourth place out of the six fraternities at Armour, but its index climbed from minus 6 to plus 1. Delta Nu, on the

other hand, dropped two places to fourth among the five fraternities at Lawrence and from plus 3 to minus 4.

Worse reports came from the other five chapters in the Valley. Gamma Pi (Iowa State) fell five places to twenty-fifth out of twenty-eight fraternities, although its index went up one point to minus 6. Beta Eta (Minnesota) dropped from fifth to fourteenth among twenty-nine fraternities and from plus 1 to minus 7. Beta Upsilon (Illinois), twenty-sixth out of fifty fraternities with a minus 8 rating, lost thirteen places and five points. The greatest drop was taken when Beta Gamma (Wisconsin) moved from seventh to thirtieth among thirty-six fraternities and changed its plus 11 index to minus 11. Omicron (Iowa), in last place with a minus 28, made the worst score in the Fraternity.

The reports from the ten chapters in the Prairie and Mountain States were not quite so discouraging. Gamma Theta kept its first place out of three fraternities at Baker and its plus 10 rating. Gamma Tau (Kansas) remained third among sixteen fraternities, but dropped from plus 14 to 11. Delta Alpha (Oklahoma) stayed in fourth place out of twenty fraternities and raised its index one point to plus 15. Delta Xi (North Dakota) advanced from seventh to fourth among ten fraternities and from minus 2 to plus 5. Gamma Iota (Texas) remained in tenth place among twenty fraternities, while its rating fell three points to plus 12.

Although Beta Tau (Nebraska) made the excellent gain of eight places and eleven points, it stayed in the wrong column, standing ninth out of twenty-three fraternities with a minus 3 index. Gamma Chi (Kansas State) slipped two places to ninth among nineteen fraternities. Delta Gamma (South Dakota) fell from second to fourth out of seven fraternities and from plus 2 to minus 6. Another bad loss occurred when Beta Kappa (Colorado) dropped five places to eleventh among twenty fraternities with a rating of minus 7. The worst record in the section was made by

Delta Mu (Idaho) which stood tenth out of twelve fraternities with a minus 11.

On the Pacific Coast, Beta Rho remained fourth among the twenty-four fraternities at Stanford and raised its index to plus 2. Delta Lambda (Oregon State) kept its seventh place out of twenty-eight fraternities, while making the highest rating in the Division—plus 19. Beta Omega (California) advanced six places to tenth among forty fraternities. Gamma Mu (Washington) took the worst loss on the Coast, falling from seventh to twentieth out of thirty-three fraternities and from minus 1 to 10. Delta Iota (California at Los Angeles) stayed at the bottom in its section standing twenty-second among twenty-six fraternities with a minus 11 rating.

Northern Division

An outstanding gain was made by the Northern Division which moved not only above the all men's average but above $\Delta T \Delta$'s; its minus .56 of 1936-37 was changed to plus 2.43. Nine chapters had plus ratings, one more than the preceding year. Seven advanced in ranking and rating, while only three lost in both. There were two chapters with ratings of plus 10 or more compared with one a year ago. One index went below minus 10; in 1936-37 there were three such ratings.

The scholarship award went to Mu which stood in first place at Ohio Wesleyan and had the highest index in the Division—plus 17. Beta Zeta remained first at Butler and raised its rating to plus 5. Kappa moved from the bottom to the top at Hillsdale; its index increased fourteen points, the best gain in the Division, but it stopped at minus 3. Beta Psi also improved greatly, advancing from fourth to second place at Wabash and from minus 1 to plus 9. Chi dropped from second to third at Kenyon, while maintaining its plus 5 rating.

Zeta (Western Reserve) remained fourth out of fourteen fraternities, but its index fell one point to plus 6. Gamma Xi (Cincinnati), the award

winner a year ago, slipped from second to fifth place among fifteen fraternities and from plus 20 to 10. Beta Alpha (Indiana) made the best gain in rank in the Division, advancing from fourteenth to seventh out of nineteen fraternities and from minus 7 to plus 3. Gamma Upsilon (Miami) lost one place and one point, dropping to eighth among eleven fraternities with a plus 1 rating. Gamma Lambda (Purdue) moved up from fourteenth to ninth place out of thirty-two fraternities and from plus 5 to 6.

Among the five chapters that remained in the minus column, Beta Beta (DePauw) advanced two places to fourth out of twelve fraternities and from minus 11 to 4. Beta Phi (Ohio State) moved from thirtieth to twenty-seventh among thirty-seven fraternities and from the lowest rating of minus 18 to 5. Beta (Ohio U.) slipped three places to seventh out of eleven fraternities, but gained one point with an index of minus 2. Delta (Michigan) advanced a like amount to a minus 3 rating, while dropping from twenty-fourth to twenty-ninth among thirty-eight fraternities. Epsilon made the worst record in the Division, standing in last place at Albion and changing its plus 3 index to minus 18.

President Vernon Jenkins of Chi (Kenyon) holding the Freshman Scholarship Cup which he received from the College in the name of the 1937-38 Delt freshmen who had the highest freshman scholastic average for the year.

Eastern Division

Although the Eastern Division had a lower index than in 1936-37, when it stood at plus 4.43, its 3.73 was well above the $\Delta T \Delta$ average. The University of Pennsylvania, Tufts, Cornell, and Toronto do not send scholarship reports to the National Interfraternity Conference. Among the sixteen reporting chapters, seven had ratings below the all men's average on their campuses, compared with four the preceding year. Seven chapters showed losses in both ranking and rating. Five had an index of plus ten or above—the same number as a year ago. Two were below minus 10; the lowest for 1936-37 was minus 6.

The scholarship award went to Gamma, which stood first at Washington and Jefferson and had the highest rating in the Division—plus 16. For the second successive year Gamma Phi was in first place at Amherst with an index of plus 10. Alpha (Allegheny), the award winner in 1936-37, dropped to second place and plus 8.

Nu advanced from fifth to third place among the seventeen reporting fraternities at Lafayette and maintained the second highest rating in the Division—plus 15. Gamma Zeta (Wesleyan) likewise moved up two positions to third out of eleven fraternities and from minus 1 to plus 8. Gamma Sigma (Pittsburgh) made an even greater gain, advancing from eighth to fourth place among thirteen fraternities and from minus 6 to plus 8. Delta Beta gained four places and doubled its index, standing sixth out of ten fraternities at Carnegie Tech with a plus 12.

Although dropping two places and losing three points, Gamma Gamma (Dartmouth) held the respectable position of fifth among twenty fraternities with a plus 11 rating. Upsilon slipped from sixth to ninth out of the seventeen fraternities at Rensselaer, but maintained its index of plus 3. Two chapters improved their standing although they remained below the all men's average on their campuses. Gamma Delta (West Virginia) advanced from eighth to fifth

place among seventeen fraternities and from minus 3 to 1. Tau (Penn State) moved up five places to thirteenth out of forty fraternities with a rating of minus 1 instead of 4.

Five chapters went into the red. Rho (Stevens) dropped one place to fifth among ten fraternities, and from the highest index in the Division the preceding year, plus 17, to minus 3. Beta Lambda moved from fifth to ninth place out of the twenty-nine fraternities at Lehigh, changing its plus 2 for a minus 2. Beta Chi (Brown) lost seven places, standing eleventh among nineteen fraternities with a minus 7 instead of a plus 6 rating. Gamma Nu (Maine) fell from fourth to thirteenth place out of fourteen fraternities and from plus 5 to minus 11. Beta Nu (M.I.T.)

dropped thirteen places to nineteenth among twenty-two fraternities with the lowest index of minus 16 instead of the plus 1 of 1936-37.

Conclusion

Delta Tau Delta's steadily increasing index brings a certain amount of satisfaction until we consider the fact that forty-two per cent of the reporting chapters—one more than a year ago—stands below the all men's average on the respective campuses. As long as any Delt chapter fails to equal that figure, we cannot claim scholastic superiority for our Fraternity.

Many letters indicate that our strong chapters realize the value of good scholarship in a well-balanced

program. Several groups are working hard to improve their standing, pledging men with scholastic ability, seeing that the chapter house is a suitable place for study.

Today there is no shortage of work, but there is a shortage of people willing to work. Sometimes this softness infects students. They "work too hard"—for thirty-five weeks out of fifty-two! Recently a New York Supreme Court Justice declared that "Whatever a man gains in college is dependent on his individual ability as a student. . . . College education by itself does not make a man intellectually superior or a leader."

There are several more weeks in the current college year—time enough for the genuine effort that can bring $\Delta T \Delta$ into the lead in 1939.

New Paid Loyalty Fund Memberships

ADDITIONAL members of $\Delta T \Delta$ who now have Paid Loyalty Fund Memberships, by completing dollar-a-month contracts which were begun when the men were undergraduates, thereby entitled them to receive THE RAINBOW for life, are as follows:

New Field Secretary Appointed

THE LATEST addition to $\Delta T \Delta$'s staff of field secretaries is Albert J. (Bud) Murphy, Tau (Penn

State), '38. Bud, an Eastern Division product, rounds out a staff of four secretaries who are visiting undergraduate and alumni $\Delta T \Delta$.

Bud was born in Sewickley, Pennsylvania. All of his schooling through high school was taken in Sewickley.

In the fall of 1934 he entered Penn State College to take commerce and finance. A good start in freshman athletics, basketball and baseball, ended with a trick knee. His activities in Fraternity affairs were many. He was rushing chairman for two years, president of Tau his junior year, and active in interfraternity council work on the State College campus.

Many undergraduates and alumni have already had an opportunity to work with Bud and have enjoyed his genial personality. The Fraternity is looking to him to answer every requirement for doing the job just a little better than it has ever been done before.

Albert J. Murphy

Notes on the Eastern Division Conference

By HENRY CONKLE, Gamma Gamma (Dartmouth), '39, Secretary of the Conference

UNDERGRADUATE delegates from all twenty chapters of the Eastern Division descended upon little old New York for the Fifty-Third Conference of the Division, Friday and Saturday, December 2 and 3.

Conference headquarters were set up in the Hotel Lincoln by Brother John Klein of Rho (Stevens), who did a splendid job as chairman of the Arrangements Committee. Proceedings got under way before breakfast on Friday morning, with registration of delegates. Gamma Gamma (Dartmouth) showed up with four visiting firemen to take the leather medal for quantity, if not for quality of its delegation.

Fortified by a heavy breakfast, President George W. Brewster called the meeting to order at ten o'clock. Committee appointments were announced and when the report of the Credentials Committee was read, it seemed that the delegates from Rho, the hosts had not registered. With that little difficulty surmounted, the Conference settled down to its serious business.

John Fisher, the handsome new field secretary, spoke on the details of rushing and offered many valuable suggestions. A period of open discussion followed, with several chapters bringing forth problems and asking for advice. Several delegates asked that rushing suggestions from alumni be sent in earlier each year. Complete and prompt acknowledgment of all such alumni assistance was stressed. Some delegates suggested novel rushing stunts. How about that? Many chapters reported effective and successful rushing systems and everyone looked forward to next year's rushing with greater enthusiasm.

The next topic was Pledge Training, with John Fisher again leading the discussion. He presented seven main points for Pledge Training. Incidentally, if any reader is interested to know what these seven points are

or wants to know any of the other more detailed and really very constructive things that came up in the discussions, he may receive a copy of the official minutes by writing President Brewster of the Eastern Division.

After many angles on Pledge Training had been explained, the Conference was adjourned for lunch, which was served to the delegates and officers in the main dining room of the Lincoln. A wedding party was progressing merrily in the next room, but nobody kissed the bride.

At the beginning of the afternoon session, the distinguished delegation of alumni was introduced. Chapter finances, national dues, formulation of budgets, and collection of accounts receivable all merited the attention of the delegates.

We were honored with the presence of Comptroller Hugh Shields and National Treasurer Owen C. Orr, who both gave splendid inspirational talks, explaining the make-up and procedure of the Fraternity. All we delegates were greatly impressed with the exceptionally fine men who are leading our Fraternity.

The Saturday morning session was, strangely enough, late in starting. Delegates kept walking in at odd hours. The delegate from Gamma Sigma (Pittsburgh) was Chairman of the Committee on the Constitution, and was the last to arrive. The committee should have looked into its chairman's constitution. The delegate from Gamma Gamma was Chairman of the Special Committee. He could not find any special work to do, so his committee investigated the Honey-moon Lane situation.

Seriously, the Conference did have an interesting session Saturday morning. The Division vice-presidents were introduced and vice-president Reeder spoke on Alumni Relations, emphasizing Contact, Correspondence, and Cordiality. Brother Howland of Omega (Pennsylvania), ex-

plained his chapter's splendid internal organization, which stresses a most efficient committee system. This prompted an interesting discussion and exchange of ideas. President Brewster spoke on the important subject of scholarship and each chapter's scholarship rating was read.

Committee reports were read and approved. The Division financial statement was approved, Philadelphia was chosen as the location for the Conference next year, Brother Brewster was unanimously reelected president of the Division, and two resolutions were passed. One suggested action at the next Karnea to change the Fraternity Flower from the Pansy to the Purple, White, and Gold Iris, and the other resolution expressed appreciation to Brother Klein for his efficient handling of the Conference arrangements.

With no more business on the calendar, the Conference was adjourned until seven o'clock that evening, when the Conference Banquet was held, climaxing the week-end. Brother Bruce Bielaski was the Toastmaster, and inspiring speeches were given by Brothers Don Moffatt, of the New York Alumni Chapter; George Brewster, President of the Division; John Fisher, the latest advance in field secretaries; Mark Grubbs, Division vice-president; Owen Orr, the sage National Treasurer; and David Reeder, Division vice-president.

The humorous and lovable Brother Orr tossed coins at odd intervals, thus paying for his dinner and several dinners to come. Everybody looked a bit stiff in formal duds, but then the result was a room full of the best-looking delegates this side of Eighth Avenue.

The week-end in New York may have been tough on our pocketbooks and our sleep, but we all went home chock-full of enthusiasm for $\Delta T \Delta$ and, as Brother Reeder said, "glad of the larger ideas we have of our Fraternity."

Look in the Dictionary

By FREDERICK PALMER, Alpha (Allegheny), '93
National Librarian

SO THAT's his trouble? Will he have to go to the hospital for an operation? A very long word. What does it mean? How do you spell it?"

Of course any Delt knows what it means: the mental process of exact thinking, or a specific process of reason. The questions were put by a man who had not been to college when a man who knew Adolf Hitler stated that Hitler lacked this faculty. He said that Hitler depended upon intuition, played his hunches, in which one day he may be wrong.

But, how to spell that long word? Could you spell it right? The man who had just used it got the spelling wrong. He made it "ratiocination." There are only two o's —ratiocination.

Just turn the pages of the dictionary and you are sure of the spelling of any word. If you have a dictionary at hand you do not have to go to the college library to look up the spelling or the meaning of any word.

Some of us are naturally good spellers and some are not. There have been famous writers who were poor spellers—Richard Harding Davis was. The editors and proofreaders corrected his errors. But he knew the meaning of the simple words he used and how to put them together in a way that kept you reading him in his day.

President Theodore Roosevelt had slips in spelling. But, what a power of language he had and what a range of knowledge!

There are business men who are bad spellers without allowing that to worry them when they have stenographers who are good spellers. As yet our chapter houses are not provided with stenographers.

It is no drawback to know how to spell a word right in an examination paper, a thesis or a letter home to father when you are running short on your allowance. Nor is it to know the meaning of the words you use or to

be able to use the right word in what you want to express. Professors will not look upon you with a less kindly eye if you do. We all know professors who are given to using long words. Ratiocination is right in their line.

At times it serves better to put a long word over on a professor than to have him put one over on you. After you have done it, if you can put the meaning of the long word into short words, which will be clear to the average man, with whom you will have to deal out in the world, that is an educational hint to the educator.

My own most thumbed books are my dictionaries: the unabridged in my study and the abridged I carry with me on my travels. Sometimes I run through the pages on a little voyage of discovery, without any intention of preparing myself for a radio quiz or a spelling bee, in which I might lose out to a junior high school girl.

Just at random my glance fell on the following: Canzonet, a short song, or vocal piece, commonly light and graceful; exfoliate, to split into, or throw off in scales or splinters; trans-

flux, a flowing through, across, or beyond; ignescent, emitting sparks when struck with steel; exacerbate, to render more violent or bitter; endogamy, marriage within the group or clan only; subalternate, succeeding by turn; synergy, the combined, healthy action of every organ in a particular system; and syntony, state of being adjusted to a certain wave length, applicable in wireless and radio.

I am not implying that these are words you want to use. But, in the dictionary, you do get their meaning, you get synonyms which may better express the meaning you want to convey, the accent on the right syllable, the division into syllables at the end of a line, and what words are compound, as a simple, ready service such as the time table of trains.

Also you see words, which you have not been using but strike you as available in your own vocabulary. I have just noted incipency, which I had recently neglected. Incipency is not in the least recondite.

By this time you must be aware that it is your persistent National Librarian who is speaking about the prime essentials in any chapter house library. Many chapters are without an unabridged dictionary, and a few, the last I heard, without even an abridged.

Many chapters have not a World Almanac (price sixty cents), that compendium of the latest information and records of all kinds from national armaments, trade, finances, to all forms of athletics. More chapters have not a good atlas, which maps all the nations, the sea routes and our states.

More chapters have no modern encyclopedia. The encyclopedia is a reference to all the knowledge mankind has accumulated, as the dictionary is to all the words in our language in which we express our thought.

Who would not prefer these in the chapter house to having to cross the

Frederick Palmer

campus just to look up a single word or subject? There is an alumnus, or group of alumni, who will supply the lack of his name or class date on your chapter bookplate. Make a bookplate as the best kind of sales talk in encouragement.

After these what better gift than an atlas? None unless some other alumnus, or an alumni class, will present you with a globe. That round revolving globe of the world with its blue seas is an ornament as well as highly appropriate in these days in the midst of the arms race when the state of the world holds such acute concern for us, and must influence your career with its many changes which present conditions threaten.

We report progress in our library campaign. Big chapters which had large libraries are clearing out the dead wood to make room for more modern books. More chapters have bookplates. The alumni of more chapters have been stirred to action along the lines I have suggested in previous articles. It makes me very happy to learn how much the true Delt spirit of enterprise has accomplished when an undergraduate committee and an alumni committee, or a single undergraduate and a single

Library in Beta Epsilon's New Home at Emory

old grad, put their shoulders to the wheel.

Only yesterday I was told about how one old grad had made personal appeals which started a flow of books to a chapter which had practically no library a year ago. So it can be done, and is being done.

I was told, too, how this had been a help in the rushing season. It was the turning point for one "rushee" who was both a top student and an athlete, and most likeable and sought after. No chapter can have too many angles of appeal to win the man who will make a Good Delt.

Court of Honor Committee Appointment

FRANCIS F. PATTON, Gamma Alpha (Chicago), '11, has been appointed to the Committee of the Court of Honor, filling the vacancy resulting from the resignation of L. Allen Beck. The two senior members of the Committee are N. Ray Carroll, President of $\Delta T \Delta$, and Edwin H. Hughes, past President of $\Delta T \Delta$.

Francis F. Patton has a long record of distinguished service for the Fraternity. He has been treasurer of the Gamma Alpha house corporation, chapter adviser of Gamma Alpha,

Francis F. Patton

and President of the Western Division. He has served on many committees and is a staunch and faithful supporter of alumni activity in the Chicago area.

The work of the Court of Honor Committee is to single out those men of the Fraternity who have served faithfully and tirelessly through the years, and present due recognition. The membership at large is encouraged to bring names and supporting data to the attention of the Court of Honor Committee.

★ FROM THE EDITOR'S MAIL BAG ★

Branch Rickey, *Mu (Ohio Wesleyan)*, '04, *Alumni Secretary of Δ T Δ*, vice-president of the St. Louis Cardinals, told the nation's football coaches and athletic directors at their Chicago meeting, December 30, 1938, that a few violators of the amateur code were incorrectly coloring the "whole inter-collegiate setup" and said the problem was partly one of the coaches' own making.

Speaking before a joint session of the Football Coaches' Association and the National Collegiate Athletic Association, Rickey said he believed "most colleges were doing an honest job" of conducting their sport programs. At the same time, he said, violations by some institutions have resulted in unjust accusations against all schools.

"The tendency in all sport is toward professionalism," he said. "You coaches have to fight that tendency. Sport has no place in the educational system if it transgresses the point of being subordinate to education."

Rickey urged all colleges to unite to combat "criticism from the public—some of which has foundation in fact.

"College coaches and administrators," he said, "must put their finger on what is happening that has caused this overemphasis in the public mind. You have to realize that the problem is partially one of your own making.

"As long as you do not have the power to make rules and practices conform in your colleges," he said, "unless you give a committee power to make a survey and classify colleges according to their standards, until there is a cleaning up—just that long, Mr. Coach, you do not have the power to keep the change being made radically for you."

Associated Press

Speaker Bankhead carried Winston County, Alabama, in the last election

for the first time in his political career, but a Republican colleague in the House jokingly claimed the credit.

Representative Dewey J. Short, *Gamma Theta (Baker)*, '19, of Missouri sent the speaker a "bill" for his contribution.

"The only way I can possibly account for your magnificent victory in Winston," Short wrote, "is that I delivered a Republican speech in that county last September, assailing the New Deal.

"Because you now have the pre-eminent and signal honor of having broken this Republican stronghold, I am convinced that you should feel greatly indebted to me, and during the coming session of Congress I shall expect you to show me every sympathetic consideration."

Frank A. Hecht, *Beta Gamma (Wisconsin)*, '12, has been elected to the board of the Armour Institute of Technology.

David K. Reeder, *Omega (Pennsylvania)*, '12, continues his activity in the National Interfrater-

nity Conference as a member of the Executive Committee. Reeder served as treasurer of the Conference in 1938.

Rev. Wendell W. Phillips, *Gamma Zeta (Wesleyan)*, '26, rector of Trinity Protestant Episcopal Church, New Rochelle, New York, has been selected rector of Christ's Church, Rye, New York, one of the most influential parishes in the metropolitan area.

The Investment Bankers Association of America announces an Essay Awards Contest for undergraduates. The contest calls "for essays which will contribute to a better public understanding of the business of investment banking."

Papers must be submitted by July 1, 1939. Announcement of the awards will be made on or about October 1, 1939. The prizes are: First, \$300.00; Second, \$150.00; and Third, \$50.00.

There are no restrictions as to the scope and method of the papers submitted. Competitors may treat the subject in general or concentrate on some special phase. Papers may deal with the economic or social factors involved, present proposals for changes in the technique of the business, or consider aspects of the regulatory measures of recent years.

Papers should be sent, and inquiries regarding the contest addressed, to the Educational Director, Investment Bankers Association of America, 33 South Clark Street, Chicago. Entrants should submit with papers evidence of their eligibility for the competition, based on residence in the school year 1938-39.

Francis F. Patton, *Gamma Alpha (Chicago)*, '11, vice-president of the Investment Bankers Association of America, is chairman of the Education Committee which is handling the contest.

David K. Reeder

S. Wiley Wakeman, *Beta Omicron (Cornell)*, '99, vice-president of Bethlehem Steel Company, has been elected a director of Bethlehem Steel Corporation. He has been in charge of shipbuilding activities since 1926.

Purdue University announces the inauguration of a new course in its 1939 summer session which will be held June 19 to July 15. The new course is entitled "A Training School for Fraternity and Sorority House Mothers, Counselors, and others in charge of Student Groups."

Under the title "Marco Polo's Return" *Time* reports the return of a Good Delt to the United States:

"An able, chunky, cheerful public servant who had not been home for ten years and had traveled half way around the world to get there arrived in Washington last week. He was Ambassador **Nelson Trusler Johnson**, *Gamma Eta (George Washington)*, '10, who has represented the United States in China for thirty years, with interludes at the State Department in Washington. As he gave Secretary Hull his realistic opinions on the trend of the war in China, this modern Marco Polo's return was marked by small but cumulative developments in the United States' attitude to China's enemy."

Bishop **William T. Manning**, *Beta Theta (Sewanee)*, '93, in a New Year message, announced completion of the fund of \$435,000 required to transform the architecture of the sanctuary and choir of the Cathedral of St. John the Divine, New York City, and permit the opening of its great interior.

Manning later announced that a drive for the additional \$125,000 necessary to complete final architectural transformations is now in progress.

Paul G. Hoffman, *Gamma Alpha (Chicago)*, '12, Vice-President of $\Delta T \Delta$, president of the Studebaker Corporation, has been elected to the board of the Chicago Corporation, an investing company.

The names of **George Sisler**, *Delta (Michigan)*, '15, Eddie Collins, and Wee Willie Keeler were added to baseball's hall of fame in the Baseball Writers Association fourth annual poll.

Those previously selected include Ty Cobb, Babe Ruth, Honus Wag-

George Sisler

ner, Christy Mathewson, Walter Johnson, Napoleon Lajoie, Tris Speaker, Cy Young, and Grover Cleveland Alexander.

Sisler, now forty-five and still about the most active man in baseball as high commissioner of the semi-pros, was with the St. Louis Browns from 1915 to 1927, with Washington in 1928 and the Boston Nationals from 1928 to 1930, when an eye ailment ended his playing career.

He had a lifetime batting average of .341. In 1922 he hit .420, and became the first player to win the official honor of "most valuable player in the American League."

Associated Press

M. Frank (Pinky) Higgins, *Gamma Iota (Texas)*, '31, was traded to the Detroit Tigers by the Boston Red Sox. Higgins entered the majors with the Philadelphia Athletics in 1933. He has consistently hit over .300, and is considered one of the best third basemen in the American League.

Delayed checks from home need no longer cause worries for **Ohio State University** students, thanks to a new loan fund now being set up by the Council of Fraternity Presidents.

No ordinary loan fund is this. It's expected to help take care of expenses for students not contemplated in the monthly allowance. Sudden need for a new book, shortage of cash for transportation home at vacation time, unexpected medical or dental bills, shortage of funds for fees—these needs no longer will send students hunting loans from more fortunate classmates.

Plenty of customers are assured for the new loan fund, it is believed. Any student past the freshman year will be eligible for a loan up to \$50, provided he has established his "credit rating"—a classroom average of 2.25 or better out of a possible four points.

Loans will be made for one quarter only, and a service charge of one dollar per loan will cover expenses, including interest.

Funds will be provided by the fraternities, but loans will be extended to independents and Greeks alike, provided they meet all other requirements.

Each fraternity will pay three dollars a year toward the loan fund, making a total of \$150 available the first year. But with a quarterly turnover, this will mean at least \$450 in loans. And the fund will increase at the rate of \$150 per year, plus the interest earned, until it is large enough to meet all legitimate demands.

John L. Riddell, *Beta Tau (Nebraska)*, '17, has been appointed to the staff of Nebraska's attorney general Walter R. Johnson, as chief assistant.

Colonel **Frederick Palmer**, *Alpha (Allegheny)*, '93, National Librarian of $\Delta T \Delta$, presented a series of weekly broadcasts last fall on the subject "Peace." The "Dean of American War Correspondents" discussed domestic and foreign policies and politics.

AROUND THE FIREPLACE WITH GOOD DELTS

EDITOR'S NOTE: *We offer parts of a summary report on the National Interfraternity Conference. The summary was made available by George Starr Lasher, Theta Chi, Publicity Director of the Conference.*

Progress to Friendship

Thirty years ago representatives of the outstanding national fraternities of that day met in an atmosphere of distrust, suspicion, and antagonism to discuss a question involving their organizations. On November 25-26, 1938, delegates of practically every national fraternity in this country met at the Hotel Commodore in New York in an atmosphere of friendliness and enthusiastic cooperation to consider problems that they all recognize are common to social fraternities.

Also attending this thirtieth annual session of the National Interfraternity Conference were a hundred delegates to the National Undergraduate Interfraternity Council, members of more than forty-five of the sixty conference fraternities and representing seventy colleges and universities throughout the United States.

All this is evidence that in three decades fraternities have not only become unified in their objectives, but have come to the realization that through cooperation the interests of all are advanced. The presence of approximately fifty presidents of educational institutions and deans of men indicated that the spirit of cooperation extended to college administrators as well.

How Social Minded?

There was no defeatism about the conference session this year and no carping criticism, but there was some soul searching at least implied in the question, "How Social Minded Is the Social Fraternity?" considered Friday afternoon, when the program took on the form of a "town meeting," with George V. Denny, Jr., Pi Kappa Phi, president of famous Town Hall, New York City, as moderator, and three college presidents as speakers: Dr. Wilbur H. Cramblet, Alpha Sigma Phi, Bethany College; Dr. John A. Schaeffer, Kappa Sigma, Franklin and Marshall; and Dr. Harry S. Rogers, Alpha Tau Omega, Polytechnic Institute of Brooklyn.

Dr. Cramblet spoke of the efforts of fraternities in establishing international scholarships for exchange students, in developing plans for vocational placement, and in contributing to the life of the community around them, but he said that the success or failure of the social fraternity would be indicated by the intra-campus relations between all student groups. "Fraternity men and women," he insisted, "must cooperate in supporting a program of living that is all inclusive, a program that will enrich the college experiences for all students who participate in it."

Dr. Schaeffer asserted that fraternities may be extremely helpful in achieving the results desired in a liberal education. He admitted that the college in itself had no agency which can make an impression upon the social life of its students.

"The fraternity," he said, "meets this need, for the intimate association of its members during the four years inevitably gives them a certain stamp of character. He states that the very traits which industry seeks today are those the fraternities may and should develop.

"The development of good citizenship is the major objective in creating social mindedness within the fraternity," said Dr. Rogers. "If we can achieve this we shall make a very distinct contribution through the social fraternity to the American college life, and we shall develop that degree of social mindedness which may become a real force within the operation of a liberal democracy."

Intellectual Curiosity

In his address as Chairman of the Conference, Russell C. MacFall, Delta Chi, emphasized the need of the college fraternity to prove that it contributes something which arouses the intellectual curiosity of the student, that the atmosphere and environment of the chapter house actively stimulate the growth of the undergraduates in intellectual stature and in character development. He concluded with this statement:

"I feel that the chapter house has the possibility of making this contribution to an even greater extent than has the college. The small group running its own affairs in sym-

pathy, of course, with the objectives of the institution, holds a greater possibility for character development and intellectual stimulus."

Is Your Chapter Vulnerable?

A concrete analysis of some of the problems of fraternities and a report on the progress toward better fraternity conditions was presented by the educational adviser, Fred H. Turner, Sigma Alpha Epsilon, Dean of Men at the University of Illinois. Fraternity chapters, Dean Turner insisted, that persist in the silly practices of hell week and the use of the paddle in the enforcement of discipline remain as the most vulnerable point among fraternities, the spot on which serious, vicious, and justified criticism can most easily be focused.

"The paddle and the practices of hell week," Dean Turner continued, "furnish the most absurd and most asinine paradox which can be found in the educational world today. Paddling and hell week are hazing; hazing has been ruled out of every self-respecting college and university in the country. Bodily punishment has been banned from grade schools, high schools, and is even frowned upon by child psychologists as the wrong means of discipline in the home; in fraternities which retain the paddle and hell week, we have units of higher educational institutions persisting in a custom which is out of line with every other educational program.

"The chapter which has pledged men who can be disciplined only through physical punishment have pledged the wrong men and must have courage to break the pledges with those men. Pledges who find themselves promised to organizations using these punishment methods, must have the courage to break pledges."

Dean Turner stated that those chapters that are low in scholarship are at fault for pledging men of unknown or questionable scholastic ability. He criticized the institutions that fail to make available to fraternities definite information, such as secondary school records, of entering freshmen.

Dormitory Competition

College fraternities were presented with a new challenge by R. B. Stewart, controller of Purdue University, Lafayette, Indiana, and National Counselor of Alpha Chi Rho when he spoke at the dinner of the secretaries and editors. The building of large dormitories by colleges and universities as the result of federal aid, PWA grants, he feels not only means a higher living standard for college students, but a form of competition that fraternities can meet only by making their chapter life more vital.

"Since now so many institutions will have units to provide their own standards for student life and habits," he said, "The fraternities must seek to better exemplify their ideals if they are to retain an important place in future

college life. No longer will the adolescent order of fraternity living be justified. An adult fraternity attitude must become a reality.

"There is a need for the development of independent leadership, which the fraternities should be able to do better than the dormitories. If dormitories and fraternities exist as mutually helpful enterprises, the fraternity unit will contribute its full share of independent leadership in student development so that state universities instead of becoming more paternalistic may remain true agents of a democratic society."

Public Relations

It was the subject of public relations that aroused the most lively discussion of the conference. Francis C. Pray, Phi Sigma Kappa, director of public relations at Massachusetts State College, pointed out the desirability for the fraternity chapter first to create desirable relations with faculty, townspeople, and students, thus making it possible to secure satisfactory publicity as a result. He also made clear the harm that can be done when a fraternity chapter lends itself to highly undesirable publicity such as was presented recently in *Life*.

Scholarship

Poor scholarship among fraternity men is a myth that has been dispelled asserts Alvan E. Duerr, *Chi (Kenyon)*, '93, scholarship chairman of the National Interfraternity Conference, and he cites the fact that for eight successive years the scholastic standing of fraternity men throughout the country has been higher than that of non-fraternity men. The scholarship survey for 1937-38, Dr. Duerr states, shows that the fraternities increased by sixty per cent the margin by which they had excelled the non-fraternity men of the country.

The survey covers 1,930 chapters, composed of a total of 63,481 men, located on 170 campuses of educational institutions. The average size of the chapters country over was 32.89. Not all institutions grade students, but the survey covered all schools in which grades are available. This showing is the more significant, says Dr. Duerr, since during the half dozen years of depression the scholastic record of student bodies as a whole has been improving steadily, an improvement being recorded the past year in 52 per cent of the 170 institutions included in the survey.

Duerr concluded his report as follows: "The whole question of undergraduate scholarship is a matter of leadership, and it is the business of the college to furnish this leadership; wherever it exists, the response of the undergraduates is prompt. The national fraternities have demonstrated their willingness and their ability to coöperate with the colleges, thus making the efforts of the colleges definitely more effective with their fraternity men than with those not associated in groups."

★ THE DELT ALUMNI CHAPTERS ★

Ashtabula County (Ohio)

WE HELD our annual meeting for election of officers July 28, 1938, at the Country Club. Twelve members attended.

Harold J. Mills was elected president; Ernest D. Hewins, vice-president; and Raymond B. St. John, secretary-treasurer.

It was decided to hold future alumni meetings once each month during the fall, winter and spring months. These meetings are held at the various members' homes, the third Monday night of the month. Four times each year meetings are held at the Hotel Ashtabula with some prominent speaker or professional man giving us a talk on some topic of the day.

The attendance is increasing with each meeting. The next meeting is scheduled at Milton R. Alfred's home, February 20.

NEIL H. PAYNE

Athens

AFTER a few years of inactivity, the Athens Alumni Chapter again has life.

Several of the boys met at the Beta chapter house, elected officers, and got the ball rolling for what we hope will be a successful and permanent organization.

The house corporation elected as its officers the following: president, Frank B. Gullum; secretary, Robert C. Hess, and Coach William Herbert as treasurer.

The Athens Alumni Chapter elected Robert Essex as its president and Thomas Hoover, Jr., as secretary. We plan to hold a meeting once every month at the Beta chapter house, dine with the boys, and let fellowship be king.

We are planning a Founders Day banquet along with the Beta Chapter initiation.

The following is the membership list of the Athens Alumni Chapter: Jack Bobo, Raymond Connett, Rob-

ert Essex, Robert Fisher, Al Gardner, D. M. Goddard, Frank Gullum, W. H. Herbert, Robert C. Hess, T. N. Hoover, Thomas Hoover, Jr., David Hughes, M. D. Hughes, E. J. Jones, Sr., E. R. Lash, James W. McLaren, Jr., Don B. Milliken, Hokey Palmer, J. Alonzo Palmer, George C. Parks, Max Peden, A. O. Rink, Clarence Roach, Lee S. Roach, John T. Sprague, A. Bruce Wells, and H. R. Wilson.

Now for a few alumni notes:

Loring "Legs" Connett has moved from Athens to California.

James W. "Pete" McLaren, Jr., is in the cleaning and pressing business in Athens.

Ralph Wagner is taking graduate work at the University of Michigan in mathematics.

Robert Wagner is teaching mathematics at the University of Wisconsin.

Ronald Essex has opened a filling station in New Straitsville.

Robert Essex is teaching in the Athens High School.

Paul Halleck is the coach and athletic director of Staunton, Va. The past season, Paul's first, his football team was undefeated. He also played professional football with the Richmond Arrows in the Dixie League. Played in only 5 of the 11 games and was the league's leading scorer.

"Bud" Doran is the new coach at Alexandria, Va. He preceded Paul at Staunton.

John Colley dropped in last week from Chicago where he is furthering his schooling.

J. Alonzo Palmer, Assistant Treasurer of the University, is on leave of absence because of ill health.

THOMAS HOOVER, JR.

Atlanta

THE ATLANTA Alumni Chapter held its annual election of officers November 14, 1938. Charles A. Bickerstaff, Beta Delta (Georgia),

'26, was honored with the presidency. William B. Spann, Jr., Beta Epsilon (Emory), '32, was elected vice-president, and Alton G. Sadler, Delta Kappa (Duke), '30, treasurer. With these men at the helm our association should make great strides during 1939.

At our meeting last October a committee of nine men was appointed to do certain things, specified and otherwise, which are designed to generally improve the purpose and functioning of the Atlanta chapter. The members of this committee are: Irving B. McDaniel, G. Leonard Allen, Jr., William B. Spann, Jr., Charles A. Bickerstaff, Charles E. Sumner, Jr., T. Hal Clarke, Alton G. Sadler, E. Grant Campbell and Gordon W. Curtiss, Jr. The purpose of this group is three-fold—(1) to maintain the present interest in our chapter, (2) to create further interest and enhance the worth-whileness of the chapter and (3) to foster the three undergraduate chapters in the state of Georgia. To be more specific, here are some of the activities being undertaken in connection with the undergraduates: a rotating library to give the Georgia chapters access to some of the better literature; a program of periodic technical and cultural talks at the various Shelters; the finding of summer jobs for student Deltas; competitive awards for superiority in scholarship and athletics; assistance in selecting and rushing prospective Deltas, etc. To put it briefly, it is our aim to encourage true *DELTISM*.

Although it has never been a practice to hold our monthly meetings at a chapter house, at the invitation of the Georgia Tech chapter we assembled at the Gamma Psi Shelter December 12. With about forty alumni and the entire Tech chapter in attendance, there was lacking nothing to make for good fellowship and grand fun. Our thanks to Gamma Psi.

Plans for our Founders Day cele-

bration have been completed and conservative forecasts indicate a top-notch party which will be a formal dinner-dance at the internationally famous East Lake Country Club, "home of Bobby Jones and Charlie Yates." The alumni chapter, Beta Epsilon at Emory and Gamma Psi at Georgia Tech are participating so well that our Founders might once again be proud that they did their founding back in 1859. The party will be held Friday, March 3, and we invite all Delts to attend. You Delts in the vicinity of Atlanta can't afford to miss this one!

We are interested in learning of these new business connections: Joe Horacek, Jr., is now a salesman for the Hercules Powder Co.; T. Hal Clarke is now Director of New Business for the American Savings Bank of Atlanta; and Sam L. McCreary, Jr., is the newest engineer for J. B. McCrary Co., Inc.

We sincerely regret that Charles Pearson, Jr., has been transferred to Nashville, Tennessee, but we want to congratulate Charlie on his promotion to the office of Division Commercial Supervisor for the Southern Bell Telephone & Telegraph Co. We are also sorry that the Fidelity & Deposit Co. saw fit to transfer W. Magruder Drake to Louisville, Kentucky.

We are glad to say that our Southern Division President, Irving B. McDaniel, is recovering from a recent operation, and that Charles E. Sumner, Jr., has fully recovered from his late illness.

G. LEONARD ALLEN, JR.

Buffalo

THE BUFFALO Alumni Chapter held its Annual Dinner in honor of the undergraduates home from school for the holidays, December 28, at the University Club. The party was well attended, and it was a pleasure for the alumni to renew their acquaintance with the undergraduate members.

Election of officers for the alumni chapter will take place in the near future.

Luncheons are still being held at the University Club every Monday

at 12:30, and any visiting Delts are cordially invited to attend.

DENNIS C. LILES

Chicago

INTEREST in Delt activities is being maintained at a high level among the Chicago alumni.

The luncheons in Harding's Restaurant, on the 7th floor of the Fair Store, Adams and State Streets, Chicago, each Monday noon, attract a representative and interested group.

A special holiday luncheon was held December 28, and a number of undergraduates home for the vacation attended. Harry G. Green, Editor of *THE RAINBOW*, was in town and dropped in at this luncheon.

Plans are going forward for the annual Founders Day dinner, which will be held Monday evening, March 6, 1939, in the Bal Tabarin of the Sherman Hotel. Again this year, we are inviting the undergraduate chapters at Northwestern and Armour to join with us in celebrating Founders Day.

Under the direction of George Sando, vice-president, a directory of alumni in the Greater Chicago district is being prepared.

All visiting Delts are urged to drop in at the weekly luncheons and newcomers to Chicago are especially requested to advise us of their addresses so that we may get in touch with them.

GEORGE G. TRAVER

Cincinnati

FRIDAY, October 14, the alumni chapter got together somewhat belatedly this year and held an end-of-summer outing at the Signal Hill residence of Dick Farrell. Bob Heuck and Tom Grace, as co-chairmen of arrangements, provided food and fun in plenty; and the facilities of the Farrell ranch included volleyball, soft ball, skeet shooting and ping-pong. T. Grace outdid himself in the commissary department, and what was supposed to be hamburgers and bratwursts turned out to be thick, juicy tenderloin steaks. These, ably singed over the outdoor grill by Heuck and Farrell, and supported by plenty of potato salad, cottage cheese, potato

chips and beer, amply filled the inner man.

The following attended and had such a swell time that it was unanimously voted to make the Farrell party an annual event: Herb Schroth, Wally Williams, Al Porter, Bob Welsh, Hilman Smith, Bob Dhonau, Arch McCartney, Walter Heuck, Pete Steubing, Morty Powell, Ed Davenport, Bud Quirk, Ralph Sigmond, Jim Ervin, Bill Stegeman, Stu Ball, Chuck Dhonau, Bob Williams, Forrest Maddux, Bill Kisker, Bill Coughlen, Cal Boyd, Al Clark, Jim Fieger, John Maescher, Fred Tower, Bob Heuck, Ed Schott, and Dick Farrell.

Friday, October 21, will be long remembered in Cincinnati Deltdom for one of the best gatherings of actives and alumni ever to be staged in these parts. The occasion was the presentation of a Citation to the Court of Honor to one of Cincinnati's most outstanding Delts—Dr. Howard P. Fischbach, Chi (Kenyon), '06. Working quietly and steadily Howard had piled up an imposing list of achievements both in the fraternity world and in the field of medicine; and so it was no surprise to the Cincinnati Delts when we were informed that the Fraternity had voted the award. But it was a surprise to Howard! President Carroll had asked Dad Pumphrey to make the presentation in his own way, and the die was cast. We had to have a party, and we had to surprise Howard. Incidentally, Dad came in for a little surprise that wasn't on the program.

The idea was to inform Howard that we were going to celebrate Dad's 66th year as a Delt by having a banquet with Howard as toastmaster. Howard was supposed to call on those present for a word or two on the subject of Clarence Pumphrey, Eta (Buchtel), '74. Instead, Howard did the talking himself and gave Dad such a glowing tribute that he could scarcely make the presentation. Then it was Howard who found himself a little speechless and Bob Heuck had to pinch-hit as toastmaster. More tributes were voiced by Fred Hall, Dr. Rufus Southworth and Tom Youtsey,

all fellow Kenyon men with Howard, and by Pete Steubing, Gamma Xi's new chapter adviser. The party ended with a Walk-Around, Pumphrey and Fischbach leading the cheer. Sixty-one actives and alumni were present.

AL CLARK

Cleveland

PRESIDENT Harry Hoffman, of the Cleveland Alumni Chapter, has done an exceptionally fine piece of work during the past year in keeping interest at top pitch. The Friday luncheon meetings have been well attended, a regular schedule of social functions has been maintained, and our news bulletin has been issued regularly every month. During the past few years the Cleveland chapter has been extremely fortunate in having such men as Hoffman, Ertle, McConnell, Hopkins, and Mould to serve as presidents, and the present success of the chapter is due in a great measure to the personal effort these officers expended during their terms of office.

Our next traditional affair will be the annual banquet, business meeting, and election of officers, to be held February 22 at the Alcazar Hotel. All Delts in the Cleveland area are invited to attend. The committee in charge is composed of Ruhlman, Ertle, Henckle, and Ray Hyre.

The November elections in Ohio brought one hundred per cent victory for the "Delt Slate." Carl Weygandt, Chief Justice of the Ohio Supreme Court, was reelected. Tom Herbert, Republican, was elected Attorney General of Ohio. Brother Herbert led the entire ticket and was the only Republican to carry Cuyahoga County, in which Cleveland is located. Earl Griffith, also a Republican, was elected Secretary of State, and accomplished what most astute political observers said was impossible. He defeated the strongest man on the Democratic ticket.

Several Delts have received political appointments since the first of the year. Jack Roesch will be Secretary to Senator Robert A. Taft in Washington. Brothers Donald Van Buren and Clem Frank have been named as Assistant Attorney Generals for Ohio.

On October 22, Cleveland Delts were stunned with the news that William McClure Drane, Lambda (Vanderbilt), '33, had passed away suddenly at Lakeside Hospital. Several years ago Bill came to Cleveland to be associated with the Banks-Baldwin Law Publishing Company. He immediately became affiliated with the alumni chapter and was one of our most active and loyal members. He was a genuine gentleman and as fine a Delt as ever wore the Square Badge. Our hearts were indeed made heavy by his departure, but he left us enriched with many pleasant memories of his splendid friendship.

During the year of 1939 the Cleveland Alumni Chapter plans to expand its program and sincerely hopes that all Delts in this district will join with us in enjoying the activities and brotherhood of $\Delta T \Delta$.

RANDALL M. RUHLMAN

Denver

OUR CHAPTER continues in its efforts as hosts to the 1939 Mile-Hi Karnea to be held at Estes Park, August 30, 31 and September 1, 2. With the coming Karnea, assimilation of considerable new blood, and the able leadership of Philip S. Van Cise as General Chairman of the Karnea, 1939 promises to be a banner year for the Denver Alumni Chapter and all Colorado Delts.

Practically all alumni functions are now focused on some phase of the Karnea. General plans and arrangements are completed and only the minor details remain to be worked out.

If you are going to take in the New York or San Francisco Fairs you can highlight your trip by stopping off in Colorado because every Denver Delt is working at top speed to make the Mile-Hi Karnea the biggest and most enjoyable show of the year.

In 1939 Colorado will hold open house to the entire Delt world. We even elected Ralph L. Carr, Beta Kappa (Colorado), '10, governor so as to insure a brotherly welcome to all Karnea guests. The Denver Alumni Chapter has regained all of the old spirit and a good sized crowd

of Delts are planning to go to Boulder for Beta Kappa's 56th Annual Initiation Banquet.

We hope you all come to Estes Park in 1939 and share with us the beauty of our mountains and the enthusiasm of our alumni chapter.

BLAINE BALLAH, JR.

Detroit

FOLLOWING the weekly luncheon of the Detroit alumni at the Intercollegiate Club in Detroit, January 12, 1939, the annual meeting was held. The officers elected for the year were Vincent Bailey, president; Franklin D. Hepburn, vice-president; Franklin D. Dougherty, secretary; and Richard Brown, treasurer.

We look forward to a big year under the guiding hand of Vincent Bailey, who seems to have what it takes to get the boys out, and to be able to give them something worthwhile when they get there.

F. D. DOUGHERTY

Fort Lauderdale

FLORIDA presents a new alumni chapter. The membership of the new group follows: Carl P. Weidling, Beta Phi (Ohio State), '99, president; and F. L. Rickard, Delta Zeta (Florida), '29, secretary.

Rolf S. Weidling, Beta Delta (Georgia), '25; David R. Shull, Gamma Chi (Kansas State), '16; Henry J. Peavy, Beta Epsilon (Emory), '11, Lambda (Vanderbilt), '16; Charles W. Holliday, Gamma Theta (Baker), '05; Harry W. Langmead, Gamma Xi (Cincinnati), '16; John S. Burwell, Delta Zeta (Florida), '27; W. A. Ogden, Jr., Gamma Xi (Cincinnati), '24; and P. E. Leonard, Gamma Theta (Baker), '31.

J. Wesley Pape, Gamma Xi (Cincinnati), '22; Herschel Kelso, Beta Upsilon (Illinois), '12; Robert L. Hall, Delta Zeta (Florida), '29; Phil H. Fairchild, Delta Zeta (Florida), '38; John D. Ritchey, Gamma (Washington and Jefferson), '26; and R. R. Enkama, Delta Kappa (Duke), '33.

We welcome the new alumni chapter and look forward to having

regular news items in this department.
—ED.

Fox River Valley

YOUR New Year's Resolution sounds good to us—it should appeal to all of the live Delts in the country. Some of our alumni chapter members have failed to respond to stimulants during the past year, but we haven't given up yet, and we're concentrating our efforts towards a renaissance in our alumni chapter activity.

We hope that all the brother Delts in the Fox River Valley actually become so stirred up about this renaissance as to inquire of the officers about the various functions of the local alumni chapter.

We, of the Fox River Valley, wish to congratulate Harry Green and the staff members of THE RAINBOW who have contributed their efforts in publishing a highly successful magazine.

CLIFF BURTON

Indianapolis

PAST PRESIDENT John R. Barney's administration closed a most successful year with the annual Christmas party which was held at the Columbia Club. An unusually large crowd attended, mainly for the fun that the brothers derived out of the exchange of twenty-five cent Christmas gifts. It would undoubtedly be a mistake to disclose any of the gifts which were exchanged, for such a disclosure would probably embarrass some of the donees as well as incriminate some of the donors.

The Nominating Committee composed of Fred C. Tucker, "Hib" Rust, Kleber Hadley and Bill Martin-dill made the following nominations for officers for 1939, all of whom were unanimously elected: Foster Oldshue, president; Joseph R. Morgan, vice-president; "Doc" Harry L. Sunderland, vice-president; Kirkwood Yockey, secretary; and Lloyd Smith, treasurer.

The Indiana State Dance and Founders Day Banquet and the Northern Division Conference have all been consolidated and will be held at Indianapolis, March 3 and 4,

1939, under the auspices of the Indianapolis Alumni Chapter. A record crowd is expected to attend due to the enthusiasm among both old and young Delts which has been growing steadily in the last few years.

President Foster Oldshue has appointed the following committees: general chairman, Hilbert E. Rust; banquet, John R. Barney; publicity, Kirkwood Yockey; chapter relations, Harlan J. Hadley, Walter L. Brant, Donald L. Youel, Hilbert E. Rust, and Guy E. Morrison; music and entertainment, Dale R. Hodges; decorations, Elbert Glass; speakers, Kleber W. Hadley; smoker, Ralph E. Hueber and W. W. Hammond; alumni ticket sales, Lloyd Smith; prizes, Francis M. Hughes.

New members recently welcomed to our alumni chapter are: Victor Hertz, Lewis T. Smith, Herbert H. Smeltzer and John Owen, all of Beta Zeta (Butler).

KIRKWOOD YOCKEY

Kansas City

THE KANSAS CITY Alumni Chapter reports extra attendance at the luncheons during the Christmas holidays; that is, besides our usual nucleus of regulars, quite a few actives dropped in. Also Bill Gilges, now of Cleveland, Ohio, c/o Washburn Crosby Company, took in both sessions, and we were all glad to see him. Come again, Bill! It is reported that Wilbur Warner took a lion's share of the keno profits back to his office at the Federal Crop Insurance Corporation, and at this writing hasn't been back. Why?

Of course, some of the more prosperous brothers have been enjoying winter vacations, notably Ken Bates, with a trip South, and Frank Ball to California. (I wonder if his money was on Duke?) We hear also that Roscoe Groves, former Arch Chapter member, has left for a business trip to Eastern centers, so we can count on some inside Fraternity news when he returns.

John W. "Possum" Moore pulled an appendectomy on us before Christmas. That big game (or fish) trip

must have been too tough for him. We are glad to report that he is now back in his accustomed chair at the north end of the table.

In our search for news, we finally extracted from Charles Miller the information that his son, Charles, is doing a little professional skating this winter at Madison Square Garden.

Now that the personals are out of the way, we announce the coming annual Founders Day banquet in March.

FRANK B. SIEGRIST

Los Angeles

IF MEMORY serves us correctly, we promised in our last letter to THE RAINBOW to come forth in this issue with some real news concerning the new Shelter so long planned and worked for for Delta Iota at the University of California at Los Angeles and, by all that's holy, we shall make good.

Due in large part to the unremitting efforts and unflagging interest of "Old Faithful" Roy P. Crocker, Beta Omega (California), '14, Beta Omicron (Cornell), '15, and the capable committee he summoned to his assistance, sufficient funds have now been raised to insure breaking of ground for the new Shelter sometime in February or, at the very latest, March. The lot, most advantageously situated in the choicest block of fraternity row, is bought and paid for; the working plans have passed their final stage of development and revision and are now in the hands of the city building inspectors for approval; the necessary loans have been approved, and a beautiful and substantial "Georgian Mediterranean" structure to house some twenty-one resident members of the active chapter will soon be rearing its head. How we arrive at the "Georgian Mediterranean" appellation is another story, that we may disclose some other time, but for the nonce please be patient and let us try to have pictures for you all in the next RAINBOW and that may help. Then we might even have a guessing contest, or an "Askit Bas-kit," or something, with the prize

to the winner—one night's free lodging.

The alumni chapter proper has been booming along through the fall season with all sails set. Attendance at our luncheons each Tuesday at the University Club has continued remarkably consistent, with an average of 25 to 30, and we have been particularly gratified at the increasing number of drop-ins from eastern or middle western chapters. Don't fail to pay us a visit when out this way—we really have fun at our luncheons.

The *pièce d' résistance* of the winter season is always, of course, our annual dinner, and inasmuch as the date for this one was set for Friday the 13th and we had had a warning from our stern but forgiving taskmaster, Harry Green, that copy for this issue should be on its way by that date, we are risking his wrath by holding this report up for a couple of days in order to report on the annual dinner.

Well, the dinner was a dandy! Not quite the number of Delts we had hoped for (the "recession," no doubt), but still approximately 125 around the tables to sing the praises of $\Delta T \Delta$ and to thrill to a program that should certainly leave its mark on everyone who was there. Our retiring president, Len Cox, who has done such a splendid job at the helm this year, was in the chair, and most efficiently so. After everyone was replete with turkey and other goodies, including a special dessert with $\Delta T \Delta$ beautifully limned on the top in Greek letters, Len opened the more serious part of the program by introducing three or four of the old-timers who are staunch in their support and constant in their attendance at our larger functions. Thos. W. Marchand, Mu (Ohio Wesleyan), '82; Charles A. Ballreich, Gamma Pi (Iowa State), '89; and George Hauptman, Beta Omicron (Cornell), '96, and one or two others were called upon to take a bow. Then we swung into a ceremony that we feel is becoming a more and more impressive and appealing one, namely the presentation of citations to our revered Court of Honor.

Some few weeks ago, upon the occasion of the annual banquet and win-

ter initiation of Beta Rho at Stanford, two of our members of whom we are very proud made the trek north and received from their Fraternity the highest honor it can bestow—a Citation to the Court of Honor. These two members were Sennett W. Gilfillan, Beta Rho (Stanford), '12, and Harvey S. Mudd, Beta Rho (Stanford), Gamma Epsilon (Columbia), '12. And at our annual dinner the Dean of our members of the Court of Honor, the perennial Nat Fitts, was called upon to read the citations given to Gilfillan and Mudd at the Beta Rho banquet. Unfortunately, Gilfillan had been called out of town and could not be present, but Mudd was there with us to thrill again at the honor and take a bow to the plaudits of all.

Following this, our old war horse, Daniel Webster Ferguson, Gamma Alpha (Chicago), '09, himself a member of the Court of Honor, was called upon to make the presentation of a Citation to our beloved George B. Colby, Beta Upsilon (Illinois), '06, which he did in his usual inimitable manner. Then our Dean of the Court of Honor, L. Nathaniel Fitts, proceeded with an impressive presentation to Roy P. Crocker, Beta Omega (California), '14, Beta Omicron (Cornell), '15, than whom no member of our Fraternity has worked harder or more consistently in behalf of $\Delta T \Delta$ since leaving college. Once more Nat Fitts was given the privilege of reading and presenting the final Court of Honor Citation of the evening to Bishop Robert L. Harris, Chi (Kenyon), '96, a lovable, inspiring brother who came up from his home in San Diego for the occasion. Each of the honored ones responded with a brief and appropriate talk, and the surging inner thrill that must come upon the occasion of this fine reward for long and honorable service to the Fraternity was evident to all.

The more mundane matters of the reports of the treasurer and the house committee (for the building of Delta Iota's new home) were disposed of with dispatch, and the following elect-

tee for respective terms of three, two and one years: Roy P. Crocker, Charles C. Koehler, and Nat Fitts.

The next and last matter of business of a splendid meeting was the election of officers of the alumni chapter for the coming year, and the old steam roller worked with its customary efficiency with the following results: Barry N. Hillard, Gamma Eta (George Washington), '17, president; Henry E. Rivers, Beta Rho (Stanford), '12, vice-president; Frank A. Zimmerman, Gamma Upsilon (Miami), '26, Delta Iota (U.C. L.A.), '31, vice-president; M. Philip Davis, Delta Iota (U.C.L.A.), '27, vice-president; Frank H. Rethlefsen, Beta Kappa (Colorado), '25, secretary; John O. Fry, Beta Rho (Stanford), '33, assistant secretary; Roy P. Crocker, treasurer; Earl C. Adams, Beta Rho (Stanford), '16, "cantor and master of hounds."

Thereupon, the new officers were promptly installed, the incoming president exhorted all the faithful to fall in line and pay their annual dues in order to carry us strongly forward, and our meeting was adjourned.

BARRY HILLARD

Miami

DURING the winter season our activities are completely stopped due to the fact that we are all too busy. Our activities are concentrated during the spring, summer and fall months, therefore, there will be no news from Miami in February.

JOHN G. THOMPSON

New York

THE NEW YORK Delts are preparing for the annual Founders Day Banquet, Friday, March 3, 1939. The banquet will again be held at the Hotel Ambassador, Park Avenue and 51st Street, New York City, and the arrangements are under the able direction of John W. Tynan, Chairman. The annual Founders Day Banquet in New York City is having an increased attendance each succeeding year and it is expected that all records will be broken in this year.

A prominent Delt has tentatively promised to deliver an interesting and

not too long speech. In addition, the usual group of active and loyal Delts who have made their mark in their respective fields will be present.

This banquet is the one time in the year when Delts from every chapter in the country assemble to meet their friends. The committee is working hard so that a bang-up time can be had by everyone. The committee suggests that Delts telephone their friends to form groups to attend the banquet.

New York Delts were dismayed a few weeks ago to learn of the sudden illness of their friend and active Delt, Owen Orr. Needless to say, we have missed the friendly interest and witty repartee of this loyal Delt. We are delighted to report that Owen is progressing satisfactorily towards a complete recovery. We earnestly hope that he will be able to attend our Founders Day Banquet.

Don Moffett, president of the chapter has promised an exceedingly interesting speaker for our next luncheon to be held February 15, 1939, at the usual place in the South Room of the Commodore Hotel. Further information in connection with this meeting will be given on the cards announcing the luncheon.

JOHN M. MONTSTREAM

Philadelphia

ON DECEMBER 3 the Philadelphia alumni gathered at the Arcadia Restaurant for their first meeting of the year. This was the meeting for election of officers. When nominations were closed the two old officers found they were unanimously reelected for another term, so Samson McDowell and the writer didn't have to leave their seats at the head of the table. It was decided that these meetings should be held at some other place for a change, where things might be a little quieter. (They have a floor show at the Arcadia which somewhat lessens the Fraternal spirit.) Arrangements were made to hold the January meeting at the Robert Morris Hotel. Unfortunately, there is no report on what happened that day because the secretary no sooner put all of the notices in the mail than he ran off to

Miami, Florida, for a vacation where this is being written. At our next meeting we'll find out how the boys made out without a floor show.

CHARLES C. GRAY

Portland

THE PORTLAND chapter held its final meeting of 1938 in October, at which time the principal business was the election of officers. The new officers elected for the coming year were Mark Gill, president; Ray Carskadon, vice-president; Jim Zilka, treasurer; and Aud Llewellyn, secretary.

November 5, the date of Homecoming at the University of Oregon, a large group of our members went to Eugene to join in the celebration of the 25th Anniversary of Gamma Rho. The week-end was characterized by much activity around the chapter house as the alumni joined the actives in a round of revelry. The celebration was climaxed by a banquet at the Eugene Hotel, Saturday night, attended by many good Delts, the most notable of whom were Edison Marshall, author, who traveled across the continent from Georgia for the occasion, and the equally noted authors, Ernest Haycox and Bob Case, residents of Portland.

At the banquet a permanent freshman scholarship plaque was donated by Karl Greve, Jr., to Gamma Rho. Each year the freshman with the highest scholastic standing in the chapter will be honored by having his name engraved on it. An identical plaque was also presented by Herbert White to Delta Lambda at Oregon State College.

Our weekly luncheons at the Heathman Hotel in Portland have been well attended and the monthly card parties under the direction of Rollie Woodruff, the new bridge chairman, have been very popular.

We rounded out the year with a big pre-holiday dance for Delts and their friends, December 17, at the Heathman Hotel, the arrangements being made by Neal Troeh. About forty couples made up this party. The dancing continued with a great deal of gaiety until the wee small hours and the highlights of the party were

the impromptu demonstrations of the Big Apple by Rollie Woodruff and Jimmy Brattain.

AUD LLEWELLYN

Rochester

THE ANNUAL meeting and election of officers of the alumni chapter were held at the University Club, October 27, 1938. The following officers were elected to serve for the coming year: president, Dr. Allan A. Fisher, Zeta (Western Reserve), '30; vice-president, Frederick D. Robinson, Gamma Omicron (Syracuse), '31; and secretary-treasurer, Edmund W. Marth, Delta (Michigan), '17.

President Fisher appointed Charles Harper and Elmer Davis to serve with the officers on the Executive Committee, which committee has outlined plans for the year.

Our first social function was a dinner and bridge party at the Locust Hill Country Club, November 18, 1938. This party was well attended and an enjoyable time was reported by all.

On December 28, eight couples enjoyed a dinner-dance at the Starlight Roof of the Sagamore Hotel and at this party we were glad to welcome Joseph D. Patterson, a recent initiate at Dartmouth, who was home for the holiday vacation.

Two of our members, Lou Camp and Ed Marth, each announced that they were being married in November and since the big events have each presented their wives at the last social affair.

We plan to have some sort of function each month during the year and would be glad to have any visiting Delts look us up when in town.

E. W. MARTH

San Diego

SAN DIEGO's Alumni Chapter, from the point of view of the "meet-er-and-eater," appears to be so close to dead that the Los Angeles Alumni Chapter now figures us in the same light that Hitler saw Austria. While it's entirely true that the San Diego group has not had a meeting since

Noah was a buck private, we, as Delts, are far from moribund; for, within the last few months, we have provided a dozen San Diego neophytes for active chapters scattered across the land, not to mention as many more from other cities who have been pledged on the strength of recommendations from San Diego residents.

Despite which, the Los Angeles gang had an annual dinner the other evening—details probably in the L.A. blurb—at which they, according to advance publicity, cited a prominent San Diego Delt to the Court of Honor. San Diego is quite accustomed to providing Los Angeles with the strongest attractions it can publicize. We long have furnished the climate about which the Angelenos brag; the naval base of which they boast is our front yard, so to speak; now, we are charmed to provide the "Delts of distinction."

Go ahead, Los Angeles. Cite us some more. You'll save us the trouble of organizing formally, making out papers, and all that. The whole world knows we're lazy.

If the sun keeps on shining in San Diego, as it has been doing so delightfully for so long, it is improbable that the San Diego Alumni Chapter of $\Delta T \Delta$ will ever have another meeting. We'll just keep on sending good young material to the active chapters, shooting golf, going deep-sea fishing and contributing otherwise in our own wise fashion to the amelioration of human existence.

STUART N. LAKE

San Francisco

FREDERIC O. GLOVER, Beta Rho (Stanford), '33, is Editor of the *Burlingame Advance*, Burlingame California. He served as official reporter and photographer for the San Francisco Alumni Chapter Annual Banquet, December 9. He writes, "I did my durndest with my trusty Leica." The picture presented on this page shows a group of Beta Rho alumni who were among the many Delts from Stanford, California, and more distant chapters.—Editor.

William M. Werder, Beta Rho (Stanford), '31, is not writing with a pencil on the San Francisco Commercial Club's table cloth—that's a cigaret holder in his hand. Listening to Bill are Robert Coffin, '39 (arm on table); Harold G. Smith, '37 (all on table), and D. Power (Pod) Boothe, '31, president of the San Francisco Alumni Chapter. In the background H. J. Jepsen, '20, Beta Rho chapter adviser, and Duncan Oneal, '26, are deep in discussion.

Savannah

J. M. JERPE, Chi (Kenyon), '20, director of the General Motor Parade of Progress, addressed the Savannah Alumni Chapter at its annual business meeting, held December 8, at the Pink House.

Brother Jerpe almost missed the regular Delt luncheon while on his brief visit to Savannah en route to Havana, Cuba, all because he failed to wear his pin prominently.

When Jerpe and his fleet, actually a miniature World's Fair, arrived in Savannah, Mayor Robert M. Hitch sent his secretary, James H. Cobb, Jr., Beta Delta (Georgia), '33, to extend official greetings from the city.

Cobb and Jerpe rode around for several hours together, making conversation, never realizing that they had much in common.

Jerpe was such a friendly chap that Cobb telephoned him the next day, asked if he had any members of $\Delta T \Delta$ in his party of young men.

"We have one member of $\Delta T \Delta$, but I don't think you'd like him very much," Jerpe replied.

"His name," insisted Cobb.

"Jack Jerpe," confessed Jerpe.

And so Jerpe became a speaker that day, found a royal welcome in a strange city.

Cobb was reelected president at the meeting, Dr. John W. Hesse, Jr., Beta Epsilon (Emory), '34, was named vice-president, and Dr. T. A. Peterson, Beta Epsilon (Emory), '30, secretary-treasurer.

Plans were announced to continue regular luncheon meetings the first and third Thursdays of each month. A formal Christmas dinner was held December 27 for alumni, actives and pledges, with their ladies.

T. A. PETERSON

Sioux City

ON TUESDAY, December 21, Sioux City Delts gathered for the annual Christmas stag which was held at the West Hotel. Dwight Steel officiated as master of ceremonies with the aid of our perennial spark plug, Sonny Herman. Following the dinner a fine program of professional entertainment was provided. The remainder of the evening and some of the early morning hours allowed for a bit of poker.

Evidently the fame of the Christmas stag has traveled far and wide. We had both Louisiana and Montana represented, Duncan Graham, Delta Gamma, now residing in New Orleans, and Bob Richoff from northern Montana. Bob is an Omicron Delt

and says that to his best knowledge he is the only Delt in his surrounding country.

With due thanks to Keys Gaynor the finishing touches are being added to the new Delta Gamma house of South Dakota and no doubt the next official act of the Sioux City gang will be a house warming with the Delta Gamma chapter in the near future.

Regular noon luncheons are now again in progress, being held weekly on Thursdays at the West Hotel.

JAMES M. BOLKS

Stark County (Ohio)

THE STARK COUNTY Alumni Chapter has been having a fine season.

At an enthusiastic meeting December 29, attended by the boys home from school as well as the alumni, T. S. Cobbey was elected president of the organization for the ensuing year and Charles Hess of Massillon assumed the duties of secretary. The dues of the organization were raised to \$5.00 a year for those who were not members of the Loyalty Fund and for those non-members dues include a subscription to *THE RAINBOW*; for the others the dues are \$3.50.

Jack Roesch has left for Washington, D.C., to be legal secretary to Senator Taft. We predict great things for Jack. At our last meeting he was presented with a traveling set by the group.

Meetings are held the second Monday of every month and any brothers visiting in this district are cordially invited.

PHILIP S. YOUNG

Toronto

AMONG the events most interesting to the Toronto Alumni Chapter since the last issue have been the visit of Field Secretary Fisher; the formation of the Mothers and Wives Club; and the December "Millionaires Night" Party.

During Fisher's visit a luncheon was arranged by President Malcomson so that some of us would have the opportunity of chatting with Fisher under favorable circumstances. We had fourteen men out. A sombre note in the conversation was due to the news that Dave Harvey, one of Delta Theta's charter members, had passed away that morning. Delta Theta owes a great debt to Dave for his dependable, quiet, and unostentatious support.

The Wives and Mothers Club has formed and is functioning well and efficiently. Their next meeting and that of the alumni chapter are to be combined at the home of Mrs. Disher, mother of Delta Theta's president, Bill Disher.

The "Millionaires" Party was one of those typically Delt parties—nothing more need be said.

We hear that Cupid has been busy again—Elliot Carruth is marrying Brother C. Hawke's sister. We wish them luck in Stratford, where they will live.

It won't be long now before the Western Ontario grads will be formally forming a Western Ontario Alumni Chapter. There are a good many Delts up there now. When they do perhaps they will join us in one of our meetings.

ED BELL

Tulsa

ELECTION of officers climaxed a party full of climaxes during the annual Christmas formal of the alumni chapter at the University Club, December 8, 9, 10, and 11. Western Division Vice-President Lawrence Wilson was elected president, Bob Bates and Howard Newman, vice-presidents, and Hirst Suffield, secretary-treasurer.

Bert Bass was the genial master of ceremonies even going so far as to take over the personal supervision of the entertainment personnel as pro-

vided by Major Perrine and Norbert Proctor of the entertainment committee.

Best songster was George "Scotty" Campbell, out for his first alumni meeting since leaving college and vowing never to miss another.

Longest toast giver was S. J. Lahman, who found his efforts rewarded by toastmaster Larry Wilson with a place on the "Get 'Em Out to Meet-in' Committee."

Smartest Bowl game predictor was Bruce Connaster, Manager of the Tulsa Oilers, Texas League Baseball team, who just about called the scores on the Bowl games but whose warnings went unheeded by many Delt football fans, much to their sorrow.

At luncheon Saturday, December 10, the committee for the track and field events, composed of Harvey Heller and Bob Bates, announced the winners in the marathon bridge tournament. Winners of blue ribbons were H. F. MacDowell, Larry Wilson, Jack Riley and Harlan Trower. Runners-up were Ronnie Johnston and Chester Wint. It appeared that Ronnie Johnston was the only one satisfied with the judges' decision. At least the four blue ribbon winners continued the competition for some hours after the judges' ruling had been made final. Howard "Pokey" Newman was given honorable mention.

Bruce Beesley is now with the Nelson Electric Supply Company. Lawrence Ries is with the Ethyl Gasoline Corporation and Robert Barton, Jr., is with the Spang-Chalfant Company.

John Wamsley likes Tulsa's mild winter climate for tennis. Harry Lane is getting some nice by-lines on *The Tribune*, Tulsa evening newspaper.

Announcement has been received of the marriage of Felice Wood, former University of Oklahoma coed, to Fred J. Pralle of Phillips Petroleum Corporation, Bartlesville, Oklahoma. Fred is a Delt from Kansas.

PLAN YOUR 1939 VACATION NOW

Colorado Delts Invite You
 to the Fifty-fifth Karnea
 Estes Park

August 30, 31—September 1, 2

THE DELT CHAPTERS

Alpha—Allegheny

WITH the semester about to close Alpha has many accomplishments to review and many prospects to look forward to. In no phase of college activities are the Delts lacking. To cover the field in the brief space allotted will take quite a condensation but here goes: We salute the following for their brilliant work in their fields.

William Hummel is president of the Allegheny Undergraduate Council, the student governing body, and is editor of *Campus*, the college publication.

Edwin Spofford is president of the Thoburn Club, composed of ministerial and christian service students. Pledges Paul Abel and Harry Carney are also members.

Sam Hazlett is head cheerleader and is also very active in the Playshop. Sam, by the way, recently placed an engagement ring on his lady friend.

Pledge Howard Gibbs is interested in social science and editorial work and is a prominent member of this year's *Campus* staff.

Robert Dugan is president of Alpha and is a varsity letterman in football and track. Horace "Red" Lavelly is a four year letterman in football and a letterman in track. William Gorman has earned his certificate of competency for his interest in aviation.

The Delts during the last semester have been outstanding in the following organizations:

Phi Beta Phi, honorary biological fraternity; Delt members include Robert Dugan, Horace Lavelly, Robert Harford, Thomas Allison and Jack Wolford. The last two are assistants in the biology department. Allegheny Singers include David Gatrall, Fred Neckers and pledge Henry Jacobus.

In the field of athletics we find nine Delts on the football squad—Robert Dugan, Frank Schroyer, Earl

Hayes, George Evert, Robert Hoover, Frank Henry, Horace Lavelly, Earl McCrea and Reed Hornefus. All of the seniors received their letters.

In intramural swimming, under the tutorship of pledge William Morris, the Delts tied for second place with the following participating, Horace Lavelly, Frank Schroyer, strong man of the squad, Glenn McClurg, Jack McCafferty, Robert Hoover, Fred Neckers and pledge Morris.

In intramural volleyball the Delts took first place with the following men participating. Horace Lavelly, Earl Hayes, Frank Schroyer, Robert Dugan, Dave Gatrall, Arthur Martin and pledge Dan Boyer.

Intramural basketball will find the Delts taking the court with last year's championship team defending its laurels.

On the freshman basketball squad pledges Ralph Morasca, Don King and Steve Horton will be fighting for places on the first string.

Saturday, January 7, 1939, found the Delts and their ladies swinging to the music of Phil King and his orchestra. It was the winter formal at the Shelter. The house was decorated in purple and gold with numerous balloons strung here and there.

JACK A. WOLFORD

Beta—Ohio

FEATURE event of the year so far for Beta has been the winning of the beautiful cup provided annually by the University for the best Homecoming decorations. Beta's cup winner was a huge caricature of Adolf Hitler in an Ohio University football uniform, which covered the front of the house. The cup is the most ornate ever presented here at Ohio, and dwarfs the others in our trophy collection.

Brothers Jolly and Barber were honored this fall by selection to "J"

Club, junior men's honorary, which, each year picks from 11 to 13 outstanding junior men. Later, Paul Day, chapter president, was elected to Torch, senior men's honorary, and highest ranking men's honorary on the campus.

Prexy Day also led Blue Key this fall in its successful drive to raise funds to send the band to the Miami game, in which venture he was assisted by Brother Heslop.

Brother Heslop, as senior ball chairman, is spending his time at present selling tickets for that outstanding social event for which he has provided Earl "Father" Hines, and his band.

Beta's outstanding glee club has been honored in being chosen to sing Bach chorals with the University band in that organization's annual winter concert. Brother Anderson, who will lead our glee club in the presentation of this classical music, also keeps himself busy directing the best swing band on the campus.

Beta is well represented on the *Athena*, Ohio University's yearbook, with Francis Wehr serving as editor and Bob Jolly as advertising manager.

Brothers Blair and Grothaus are doing well on the basketball squad, with Ohio's sensational squad keeping up a better than 50 points per game clip.

The annual winter formal will be given in February.

JACK KIRK

Gamma—Washington and Jefferson

THE COÖPERATION of the entire chapter behind the leadership of Dan Core and Vic Bailey characterized a successful rushing season. Twenty-one pledges brought Gamma to an all time high in numerical strength.

The forty-five actives and pledges are doing more than their share of participation in campus activities. Not only did the chapter place a

new cup on the mantel for Homecoming decorations, but Hall and Wilson helped spark the "President's" to a gridiron victory that same day. Hall, who had not participated in high school or college football until this year gave the sports writers of the district some new copy every Saturday this past season. Wilson also represents Gamma on the swimming team, while Ralph Vernon is almost certain of a varsity wrestling berth. Intramurals, while not up to standards of previous years, find the chapter right in the middle of things in more ways than one. With basketball coming up, we see a chance to pull out in front again.

The college publications are almost predominantly Delt. With Ray Hambleton as business manager of the yearbook (beside taking six extra hours and sleeping from one to five every afternoon); Fred Zollinger, the leading candidate for business manager of the *Red and Black*, college weekly; and Bill "Scoop" Jacobs in line to be editor of the same publication next year. It's almost bragging to say that Al Fawcett and Sam Robinson have better than a good chance to publish the yearbook of 1941, with Fawcett stepping into Hambleton's post and Robinson going in as editor. Tom McGurk keeps the pot boiling with his up to the minute column on campus doings in the *Red and Black*. Jacobs, McGurk, Hambleton, and Zollinger are members of Pi Delta Epsilon, journalistic honorary.

The initiation of Brothers Hambleton and Zollinger into Pi Sigma Alpha, political science honorary, made that august body one-quarter Delt as Brothers McGurk and Danzer were already active members. Elections found a Delt officer in each of the upper three classes. President Bob Burg in the senior class and George Hall in the junior class were elected secretaries, and Chuck Wilson is president of the sophomore group. Vice-prexy T. A. Smith is again a member of the prom committee and if we don't land Shaw or Clinton, Smitty will have a "nightmare" or at least be saying "Jeepers Creepers." I

could go on for days but the editor is counting these words. It's enough to say that the freshmen are well placed and taking hold in fine style with definite promise of continuing in the actives' footsteps.

Along social lines, the entire campus was well represented at the Delt pledge dance, successful as usual. Bruce Danzer headed the committee in charge of the Greek Swingout, the first winter formal, pronounced the best in a long, long time.

Recent elections carried Fred Zollinger into office as treasurer of the chapter for the coming year. At the same time George Hall was made steward.

In keeping with Gamma's policy of being a jump ahead of the other houses on the campus, the chapter unanimously voted to abolish Hell Day activities entirely. At present writing other fraternities are taking full advantage of the Hell Day plans formulated under college supervision.

With plans for the chapter's celebration of Founders Day even bigger and better than before and ideas of a precedent-breaking formal house party in the spring, Gamma is keeping the ball rolling right into the second semester.

DAN CORE

Delta—Michigan

DELTA pledged twenty-four new men last fall. It is the largest pledge class on campus, and has wonderful possibilities of going places before 1942 rolls around. Carl Wheeler, our very capable rushing chairman, should be congratulated on his fine work.

Already the chapter has garnered 300 points in interfraternity athletic competition. Both the speedball and volleyball teams finished high up in the final standings. Athletic manager Charley Hedges has quite a program lined up for the winter competition, and rumor has it that Delta will have a basketball team which will be plenty hard to beat.

Carl Wheeler has just recently been appointed football manager for next season. This is one of the most coveted positions on campus, so the chapter was very glad to see him get

it. Carl was inducted into Triangles, junior engineering honor society, last fall. Erle Whetsell was taken into Druids, senior literary honor society, just before the Christmas holidays.

Many Delts are in activities this year. Don Belden is secretary of the Michigan Union, Carl Wheeler is football manager, Gus Dannemiller is a junior editor of the *Ensign*, Ben Jones and Howard Parker hold junior staff positions on the interfraternity council and Jim Hollinshead is an editor of the *Gargoyle*.

Finals are just around the corner, so most of the brothers are earnestly catching up on the work they missed the last few months. The only good point about finals is that J-Hop and house party follow them.

HOWARD KERR PARKER

Epsilon—Albion

EPSILON chapter got the jump on the rest of the fraternities here at Albion at the very start of the year when we pledged twenty-four new men. The pledge class already has found its place as the leader of the class of '42, playing outstanding parts in debate, music, athletics, journalism, and histrionics. To prove their worth to the chapter, they gave excellent co-operation in the Homecoming celebration, making the event the most successful in our history.

Soon after fall rushing was over, Bob Bemer, '40, organized a double quartette, of both actives and pledges. Since its organization, Epsilon is proud to report its instantaneous success, not only with the students and the faculty, but also among the various social groups of the city before which it has performed. The quartette recently sang at a smoker of Epsilon and Kappa (Hillsdale) chapters, the latter being host. Also it was featured at an all-college dance held Friday, January 13, and at an all-fraternity stag banquet and smoker held the same week.

In the sports line we are happy to announce that the boys of Epsilon are well on the way towards winning the interfraternity sport cup and banner. In football the chapter was tied for first place, while in basketball we

are in possession of second place. Track and baseball prospects are equally promising. The lads feel confident of adding another banner to those already on the wall for supremacy in this field.

During the Christmas holidays, the alumni association redecorated the dining and music rooms, at the same time installing a complete set of library shelves for the completion of the new library recently established in the house.

Finally, we feel gratified in saying that our scholastic standing jumped the better part of an honor point at the mid-semester marking, and that we are confident of gaining second place, if not first, by final examination time.

EWALD K. SCHADT

Zeta—Western Reserve

ZETA is in the midst of very active participation in campus activities. The chapter's crack intramural volleyball team has just captured the interfraternity championship, and is out to win the all-university championship. Donald "Duck" Voss and all the lads are determined to again receive the University all-sports trophy for piling up the largest number of points in intramural competition, as they were successful in doing last year.

The House has contributed in no small way to the activities of the campus. In football, the Delts have contributed two of the most outstanding players—Johnny Lucas and Willis Waggle. These two men were placed by the *Cleveland Press* in their all star football line-up of the Big Four Conference. Both of these men are juniors this year. Waggle is a big six foot end from Washingtonville, Ohio. Lucas hails from Sharpsville, Pennsylvania, and has played excellent football for the past two years. Lucas is the kind of player that knows how and when to run when he is carrying the ball. Both of these men have been important factors in making the Reserve "Red Cats" an unbeaten team.

Bill Berkeley has been lending invaluable assistance to the hockey team

at his position as "goalie." Berkeley, in recognition of his leadership and ability, has been elected president of the Reserve Interfraternity Council. Don Voss is out for the team for the first time this year, and shows promise of making a good player.

The Delts are represented in swimming by Bob Baskin, Clarence Allen, and Evan James. Baskin recently received a write-up in the *Cleveland News* in recognition of his proficiency as a breaststroker.

In handball, Vic Burdick led the Fraternity to win the class "B" championship.

The outstanding social highlights of the year were the dance given by the pledge class and the Christmas formal held at the Hotel Cleveland. Zeta hopes to make the new year an even more successful one than 1938.

ARTHUR W. BATTLES

Kappa—Hillsdale

As THE spring season approaches, Kappa is looking forward to a promising outcome in all fields of athletics.

With Bill Nichols and "Howdie" Furnas representing the House on the varsity basketball team and the intramural cagers being composed of Chuck Kasischke, Spencer Pratt, Bill Thompson, Stuart Stuckey, Frank Beck, and a large group of pledges, the efforts to put the Shelter ahead athletically are well under way.

After winning the intramural indoor track meet last year, the following boys are participating this year to repeat the feat: Kasischke, Beck, Stuckey, Kerby Russell, Bob Abrams, Bill Pheatt, Dick Emmons, and Bob Manby. Of this group Kasischke and Stuckey set remarkable records last year in the high and low hurdles and the 440 respectively.

These last two boys, especially, will represent the House and the school at an indoor track meet composed of Albion, Ypsilanti, and Hillsdale at the University of Michigan gym in Ann Arbor, February 3.

Jim O'Hara, veteran member of the varsity team, Jim Fosdick, Jim Crankshaw, and Donald Dittrich are looking forward to the opening of the golf season.

As soon as the weather permits, the hockey team composed of Pratt, Kasischke, Wall, Pheatt, Dittrich, and Beck will begin the intramural schedule.

Scholastically, we find that Kappa should end the first semester with a record above the all men's average. For the past two semesters the chapter has led the fraternity group on campus.

James Fellgren has just ended his third year as treasurer of Kappa maintaining a record of thirty-one consecutive months with no delinquent bills. He is succeeded by James Crankshaw.

Kappa was duly honored by the notice that the spring initiates of 1938 had won the coveted plaque for having the highest score of the Fraternity examination. We are looking forward eagerly to attending the Northern Division Conference at Indianapolis when this plaque will be presented.

WILLIAM G. WALL, JR.

Mu—Ohio Wesleyan

DELTS of Mu returned last fall to find a completely renovated Shelter. A new dining room, porch, library, serving room, card room, and three new study rooms had been added to the house. In addition, all the other study rooms had been redecorated in green and cream, and a set of rustic furniture gave the needed touch to the library to make it really a man's house.

The men of the square badge can be found in every activity on the campus. After pledging a fine class of fifteen men the chapter settled down to the regular routine of college and started to cover themselves with glory.

We achieved a record unique in the school in the recent O.D.K. elections. Hal Kattus and Sam Smith were elected to the honorary, and along with John Smith, Bob Crosby and Tracey Jones, who were already members, formed the largest group from one class that any fraternity has ever had in Omicron Delta Kappa. Bob Crosby serves as president of the group.

In the field of athletics our record was just as good. Hal Kattus, Harold Bartlett, and Harold Eppler all received varsity football letters. We also had four men, John Smith, Ivan Hall, Robert Davison, and Leanord Crull on the cross-country team. Frank Rickey, Don Yost, and Ed Dieckmann all played freshman football. At the present time Chuck Weigand is one of the leading scorers on the basketball team and his roommate, Bob Thomas, is getting ready for a big season on the swimming team.

We are well near the top of the race for intramural honors. We finished third in the touch football race and are now starting on what appears to be a very successful basketball season.

After the grades had been compiled the chapter found itself in second place in scholarship. We were beaten by several hundredths of a point. We have determined to get back into first place this semester, however.

Tracey Jones and Milton Hader had the leads in a movie that was filmed on the campus. This movie is to be used by the University in their drive for new students.

In dramatics you will find the Delts on the top of the heap. Sam Smith is president of Theta Alpha Phi, national dramatics fraternity, while Bob Crosby has the same capacity in Wesleyan Players. Prexy Jim Rendle had the lead in the last University play. Bill Stewart has been in the last two plays and we are expecting big things from him.

Tracey Jones, the same one, Bill Stewart, and George Eyrich form the nucleus of the Wesleyan debating squad. In addition to this, George acts as one of the issue editors of the campus newspaper, and is a candidate for the editors post next year.

Don Hodgson and Bill Stewart gave the House a fine winter formal during December. A huge Santa Claus, eighteen feet high, almost covered the front of the house and was quite a spectacle when the lights played on it.

The next time you are in our neighborhood you must stop in and see us. Put your feet under our ban-

quet boards and meet a swell bunch of fellows.

DONALD E. HODGSON

Nu—Lafayette

AT THE outset of the college year, Nu began its activities with an extensive program of rushing under the very able leadership of Andrew Horton, one of Nu's sophomore initiates. Although we did not pledge as many men in 1938 as in previous years, we believe that our nine men are really fine Delt material.

In scholarship, Nu again came through with flying colors, placing fourth among the fraternities on the Lafayette campus and second among the chapters of the Eastern Division.

For the fifth consecutive time Nu won the prize for the best decorations on the Homecoming week-end of the Lafayette-Lehigh football game. The motif this year was a huge football which covered the entire front porch of the Shelter. Two pennants were draped on either side with the colors of Lehigh and Lafayette respectively. A large Delt badge with $\Delta T \Delta$ standing out in gold Greek letters hung directly above the football. To add further to their beauty two spotlights were used to display them in the evening.

In intramural sports Nu has thus far had a fairly successful season. Our soccer team reached the finals for the campus championship, and in a very close game lost by a 1-0 score. Our football team, though not as successful, did take third place in our league. Nu also rates third in interfraternity competition for the annual intramural sports trophy. With the winter sports getting rapidly under way, Nu has high expectations for its basketball and wrestling teams.

In extracurricular activities Nu is well represented. Participating in varsity sports are: Harold Hageman and George Dochterman, football lettermen; Frederick Hohnbaum and Henri Casanove, soccer lettermen; Peter Blank, captain of basketball for the 1938-39 season; and Eugene Hoff, number one diver on the Lafayette swimming team. Nu also has several managers of varsity sports. They

are: Carl Keiser, Emil Roeder, William Meier, Bert McNamee, Charles Troxell, James Montfort, and James Sigman.

Edwin Shultz, Charles Troxell, and Frans Schmitz are on the business staff of the *Lafayette*, college newspaper. William Meier, and Henry Klaus are members of the Brainerd society. Lynwood Keller, Frank Smith, Stewart Hughes, Franklin Zimmermann, and William Kraushaar are members of the college band. Peter Blank is a member of the athletic association and K.R.T., honorary society for outstanding campus men. Three of Nu's sophomores sing with the college choir. They are: Andrew Horton, Warren Mack, and Frederick Hohnbaum.

We feel that we have made great strides during the first semester, and with the winter and spring seasons rapidly approaching Nu looks forward to even greater attainments.

THOMAS V. CARTWRIGHT

Omicron—Iowa

THIS year finds the members of our chapter busily engaged in outside activities. John Collinge and Donald Wolf are on the staff of *The Frivol*, University magazine. John holds the position of circulation manager and Don is assistant advertising manager. Andrew Cumming has been appointed to serve as a member of the Union Board. Andy is also on the staff of *The Hawkeye*, the yearbook, and is active in Pi Epsilon Pi, national pep fraternity.

We were happy to learn that our chapter had been selected to act as host to the Regional Conference in February.

In interfraternity sports we are represented even stronger than in former years. The pledge team won its division in the touch football competition. The active basketball team has been undefeated so far this year, winning its division, and is now preparing to play in the All-University finals. Freddy Muhl and Bill Fredericks are our representatives in wrestling and are doing very well. Both boys are expected to successfully defend their interfraternity champion-

ships which they won last year. Art Manush, whose name is well known in baseball circles, showed that he is proficient in other sports as well when he won the All-University javelin throw with a record toss.

In varsity sports we are well represented by John Collinge who is fast becoming known as one of the best high hurdle men in the business today.

In musical circles we find Art Hatter, Fritz Mueller, Dale Textor, and Doug Coder. Art and Fritz play in campus dance bands and Fritz is the featured vocalist with his band. Doug and Dale are members of the University Mixed Chorus. A quartet of boys from the house recently gave a musical program over the radio.

PAUL R. TREY

Pi—Mississippi

As THE time for exams rolls around, Pi finds itself in one of the most advantageous positions in its history. Glancing back to September, we are happy to report an unexcelled pledge class of twenty-one. Although we anticipated a successful rush week, our expectations were far surpassed both in numbers and in quality, and we have "Little Brother" Hopkins to thank for this excellent piece of work. Thanks also to the Central Office and to "Doc" Baker, special field secretary, who we are glad to note has passed the bar exams of Arkansas—good work, Doc, we knew you had it in you!

Among the new pledges we find a number represented in extracurricular activities, and their showings promise fair for their future success on the campus. The grandmother of all Delt pledges, anywhere and everywhere, Eddie Carnes, Blue Key, recently directed the annual freshman stunt night, one of the outstanding events of the school year. Surviving a tough competitive examination, two of our pledges, Johnson Rowe and Bob Logan, were awarded places on the editorial staff of the *Mississippian*, campus weekly. In the band we have Wilburn Holmes and Bob Hummel; Hummel is also the "Gene Krupa" of the Collegians, campus dance band, while Billy Walker lends his tenor

talents to the glee club. Athletically speaking, on Coach Harry Mehre's sensational football Rebels, Pi was represented by Henry Kinard and Brown Williams, sophomore guards, while on the freshman team was John Hovious, star quarterback in spite of the fact that he weighs only one hundred and fifty pounds. Modesty makes us refrain from inserting more about this pledge class, of which we are justly proud.

Among the actives, Joe Lauderdale, in spite of his very large female following and his highly efficient work as chapter treasurer, is making exceptional grades in engineering school and was signally honored recently by being selected one of the four new members of Chi Epsilon, honorary engineering fraternity. Pi has contributed substantially to the social calendar by a number of successful house dances, and in addition to our spring formal we are planning many more.

It is with deep regret that we note the passing of two of the chapter's most loyal alumni. W. G. Cocke, '36, who was accidentally killed in August, never failed to answer any of the chapter's calls and we are particularly grateful to him for his assistance in completing our new Shelter. A. A. Kincannon, '80, former chancellor of the University, was a Delt whom the Fraternity may be justly proud, both as a Delt and as an educator. His death marks the passing of one of the few remaining members of The Rainbow Fraternity. Only last summer, Brother Kincannon gave us a lesson in love for the Fraternity in an inspiring speech delivered at a Delt banquet in Memphis.

JOE WASHINGTON

Tau—Penn State

THE DAWN of another new year finds Tau members back in school again after a glorious two-week Christmas holiday. With the many important social events of the preceding four months still clinging to their memories, they look forward to an even more exciting five months to wind up the school year.

There was hardly a dull week-end

in the house during the autumn months. Fathers' week-end saw a large representation of Dads at the Shelter, while the following week-end saw the return of an even larger number of Tau alumni for Penn State Alumni Day. Three weeks later, from October 28 to 30, the boys showed their best girls how wonderful a Penn State house party at the Shelter can be.

The annual formal pledge dance was held at the house December 16. This was followed by the annual Christmas banquet December 19.

Tau is proud of her many extra-curricular activities. This year there are five hatmen, four of whom are members of Blue Key, junior hat society, and one of whom is a member of Druids, sophomore athletic society. In addition there are five first-assistant sports managers, in football, basketball, lacrosse, tennis, and fencing. Representing athletic teams, we have one member of the golf team and one member of the gym team.

The chapter president is also president of the Penn State chapter of the American Ceramics Society. Alpha Delta Sigma, national advertising honorary, claims two of our men, and Delta Sigma Chi, national journalism honorary, claims one. We have one member of the junior editorial staff of the school newspaper; also the advertising manager of the freshman handbook for the coming year. In politics we have the chairman of one of the freshman cliques.

GEORGE E. BERRY, JR.

Upsilon—Rensselaer

AT PRESENT the boys are very much occupied with tedious review and exam schedules. Despite this, activities have suffered little.

The House is quite proud of its men in varsity sports. Bill Ludke, Red Nye, Dick Nadler and Bill Wicks comprise a third of the basketball squad which seems to be going places this season. Bill Ludke has been winning games with his long shots and now ranks high for individual scoring honors. The success of the varsity swimming team rests largely in the hands of Stu Meyerhans. For the

past two years Stu has held the school record in the fifty-yard free style. Last month his mark was unofficially equaled. This might have caused us some consternation had the feat not been accomplished by pledge Bill Heine. The House bowling team has made rash predictions of filling an empty corner of the trophy mantel. We now lead our interfraternity league; so perhaps it's not an idle boast.

Junior Prom is the next big dance on the social calendar. As president of the junior class Chuck Lounsbury has the responsibility of making this gala event all that it should be.

George Armbruster has made Tau Beta Pi. We expect at least one or two more men to earn the same distinction this spring.

At a recent meeting Ralph Albright was elected treasurer for the coming year. His assistant will be Nat Evans.

ROBERT VAN ALLEN

Phi—Washington and Lee

THE YEAR 1938-39 started off with a bang for Phi. With a good pledge class to help us, we are going to try and equal the honors that we won last year. We have already won intramural volleyball and now top the list in a tie with the Kappa Alphas with three sports beneath our belts, namely football, volleyball, and handball. The Delts finished high in the University wrestling tournament, going to the finals where we were finally bested. With about 25 per cent of the chapter on the Dean's scholastic honor list, the boys have gone for extracurricular activities in a big way. First we went dramatic *en masse*; Tom Tennant as directing president of the college dramatic organization, enlisted the services of Faulkner, Clarke, Danahy, Witt, and Guthrie. He borrowed half the furniture of the Shelter for props, and with all this put on a swell Edgar Wallace thriller.

Ross Hersey has built up the Glee Club to record strength during his presidency; he now has about six Delts in his fold. The musical side of the House is further represented by

several of the brothers playing in the University band, notably pledge E. W. Brockman, who is famous for his piccolo solos. Another freshman, Bob Boatwright, beats out hot rhythm in the school "jitterbuggers." Ed Blair plays with the Southern Collegians. Student body president Beale has just passed the Virginia Bar examination at long last and is now thinking of marriage (so we hear). Several Delts have been out for managerships of the various sports this year. Currently Sonny Heartwell is working under our famous coach on the basketball court. The Delt highlights in the world of sports would not be complete without mention of Prexy Leo Reinartz and flashy Nellie Park, mainstays on the varsity basketball team this year. Pledges Mallory and Spindle are out for the frosh team. Splashing daily are Delts Tennant, Akin and Crawford on the tank squad, and not to be forgotten are the two stalwarts on the famous Washington and Lee wrestling team, Charlie Bowles and the "Baron."

This letter would be incomplete without showering praise on one of the most outstanding men ever to come out of this chapter, Leo Reinartz. Only a junior, yet recently tapped O.D.K., he adds to the honor of being president of the chapter. His other achievements being secretary of the Athletic Council and Freshman Assimilation Council. He will be on display this coming February when he parades in the figure of three dances in succession, a real honor.

Credit due to many other members of the House will have to be given some other time as we have only enough space left to attribute much of our success to our lovely house mother, Mrs. Emily C. Kennedy. She provides much of the spark and feeling of this chapter, which is again on the trail of glory.

WALTER R. GUTHRIE

Chi—Kenyon

SO FAR this year the college records reveal that Chi leads all other groups on the Hill in scholarship which, after winning the Freshman Scholarship Cup of last year and the award of a

Phi Beta Kappa key to Gus Sonnenfeld, one of our five seniors and editor of the *Collegian*, makes the prospect for scholastic honors bright.

Accompanying this scholastic attainment Chi has also gained ground in varsity and intramural athletics. In basketball there is Tex Reeder as varsity forward. Jim Logan and Gene Olsen are playing on the freshman squad. In swimming there are two sophomores, Jack Flowers, Kenyon's ace diver, and Ted Worthington. Theo Baars, who is on the freshman team now, will be varsity material next year.

Besides participation in basketball and swimming, six Chi men have entered fencing classes in training for the varsity fencing team which will be formed in the spring. There are two men, Bill Skinner and Bob Browning, on the polo team. These two men with two freshmen, Don Krone and Bill Cuthbert, make up the team with which Chi hopes to win intramural riding and polo trophies in the spring.

Maintaining its activity in aviation Chi has two men, Hallock Hoffman and Gus Sonnenfeld, both of whom have over fifty hours in the air to their credit.

Of the three intramurals run off so far Chi has placed second in two, football and soccer, and has won one, cross-country, in which it had three out of the four first places.

DONALD L. MILLER

Omega—Pennsylvania

THE DELTS who pass under the Omega archway can review with pride their accomplishments on Pennsylvania's varied fields of competition. So while Master New Year dons his February galoshes, let us take a last lingering look at Father 1938 before we shovel the dirt into his grave and plant the marker labeled "Past History."

An example of Omega's versatility is her wide representation on the athletic teams. Rehearsing with the varsity squads in preparation for future battles we have Shane on the gridiron, Thompson digging divots, Howland and Graul chasing each other

around the dirt track, Herbig twirling a tennis racquet, Mabry starring in lacrosse, Wessling as 150 pound class coxswain swearing through a megaphone at Hartman pulling a mighty oar, and Rod MacKenzie scoring a goal for Omega with a varsity letter in soccer.

Our intramural teams managed by Bill Marquard reached the semifinals in football before disaster overtook them. A bang-up volleyball combination has us now in the semifinals of that sport with a good chance to win. Prospects for winter sports are bright, and we expect to swim away with the Kistler relay and the swimming meet cups as we did last year.

But Omega's diet of activities is well balanced. Besides our sportsmen we have a good percentage of men on the business and editorial boards of the campus publications. The number was recently increased by the election of Harvey Smith and Jim Broers to the *Daily Pennsylvanian* and Doug Swenson to the *Punch Bowl*. In the running for basketball manager is Jim Broers not to be outdone by Sumner Davis' efforts to become "Lord of the Liniment" in the track competition.

We don't even neglect the musical side of things, for we claim three members of the Red and Blue Band and four warblers in the Glee Club, including the president and the associate manager. But our star singer is Joe Jenkins (a cheerleader and an honor man on the side), who counts curtain calls in Penn's famed Mask and Wig show. Of course an organization like Mask and Wig needs an associate manager, and he is our own Tom Hamilton. Art Wesp, captain of last year's victorious swimming team, is now nursemaid to a freshman dorm—his senior advisor appointment being a reward for distinguished leadership on the campus.

Omega's social calendar glitters with activities. Delts inaugurated the season with a back-to-the-farm movement consisting of a hayride and wiener roast. Abandoning informality and *Turkey in the Straw* for sophistication and swing, the Delts concentrated on Navy Week-End which

included the annual poster contest and the Junior Prom. On Junior Prom committees were Rod MacKenzie, Bob Mabry, and Roger Pratt. Then back again to rags and tags went the Delts for an old clothes dance in the Shelter. As the season advanced well into November, an outlet for the rhythm in our souls was provided by an informal record dance.

As the time for sleigh bells, tinsel, and mistletoe approached, the sophomores sponsored a clever Christmas party for the members, and the year ended with a dance in the beautifully decorated Shelter. A new idea in social functions was introduced with the inauguration of a series of teas for the alumni and actives following all the football games. And we must not fail to mention the resumption of publication of the chapter paper, *Omega News*, which was neglected for some years. Volume I, Number 1, was edited by Will Hartman.

So bring on the New Year! With a record enviable as this to back us up, Omega cannot help but forge ahead to heights of success never before attained.

ROGER S. PRATT

Beta Beta—DePauw

As THE first semester of the school year scrambles to a hectic finish Beta Beta can look back, with pardonable pride, on its achievements.

When the boys started moving into the house in September, we found that the rush men, Bill Welch and Fred Tucker, had done such a good job that the house wouldn't hold all fifty-seven of us; thus necessitating an annex. So having the largest number of any organization on the campus we started out to show everyone that we also had the best men.

As the varsity football season started we found that Longshore, Montooth, and Adams were often playing at the same time in the backfield, and Grummon, Porter, Edwards, and Peltzer were working out in the line, so we were well represented there. Armstrong, Schluter, and Warner were adding their bit to the freshman team.

When the honorary organizations

began to pick their new pledges the Delts were found to be much in evidence. Adams and Yocum became affiliated with Beta Alpha Sigma, the sophomore honorary. Into A.D.S., the advertising organization, went Collison and Wolaver joining members like Blake and Tucker. Bill Welch continued his advancement in the editorial department of the paper by becoming sports editor. The embryo doctors, Blake, Mannins, Hughes and Wolaver, were taken into D.O.X., the pre-medic group.

When the smoke from the annual college elections had cleared away we found that Hod Longshore was holding the money box of the senior class, Red Montooth was on the Junior Committee, and Fred Tucker was to have charge of the Junior Prom.

Along in November the annual formal dance came around. With jewel box favors, Red Maxfield's orchestra, and a really congenial crowd, the traditional good time was had by all. A steak roast, a hard times party, and the usual week-end gatherings in the house kept the Delts among the socially prominent on the campus.

Our intramural teams, always regarded with much respect by the other fraternities, after a rather slow start are rapidly climbing toward the top. With five experienced men over six feet tall, our basketball team is ready to set the cup on the mantel.

When the basketball season started Tucker and Longshore were found to be playing on the varsity, and Howard Parrish was working with the freshmen.

Shortly before Christmas vacation our living room was completely refurnished. In addition the study rooms were all outfitted with new desks.

With all our accomplishments, however, we are still clinging to the old saying, "work before play," and we are determined to keep Beta Beta at the top on the DePauw campus, where it belongs.

DICK HUGHES

Beta Gamma—Wisconsin

BETA GAMMA began another banner year by pledging sixteen men in

the annual fall pledging to lead the campus. Since then we have added four more capable men to the list, and with rushing continuing with even greater zest under the leadership of Lyle Knudson, prospects for the future look bright. The versatility of our new men is not disappointing. John Coleman transferred from Marquette University with an "A" average and is continuing his commendable work here. Joe Kuich and Russ Paul are scrappy freshman footballers from St. Louis, and George Hoffman and Bud Cherry are also regular football men. Brooks Conrad is a regular frosh cheerleader. Altogether our new men represent ability in scholarship, athletics, outside activities, intramurals and general good fellowship.

The Shelter is showing the tangible results of refinishing and painting in several rooms, several new pieces of furniture, and efficient pledge work. To add to the already pleasant atmosphere, the clear tones and swingy tunes from our new radio help keep the boys happy.

To list briefly the many activities of Delts on the Wisconsin campus and the men who took part in them: Orville Fisher, varsity football center and letterman; Tom Corrigan, regular varsity cross-country man and letter winner; George Canright, member of Cardinal Key, honorary sophomore society, and prominent in Union Board activities, also a varsity cheerleader; Gene Kuehlthau, active in student politics for three years and this year campaign manager for the successful election of Wisconsin's All-American, Howie Weiss, to the senior class presidency; Lyle Knudson and Fred Reynolds, numeral winners and high ranking men on the golf team; Reynolds is also a member of Tumas, junior honorary political society, is prominent in campus politics, and acts as an announcer over the University Radio Station, WHA.

The social season has been highly successful. The new radio helped the bowery and radio parties. The Christmas formal, however, took the real glory. Everyone, particularly the girls, said it was the "best in years," "the best time they ever had." Perhaps

original "Delt badge" place cards, a fine ten piece orchestra, Christmas spirit and "orchids for madam," in fact for every girl present, made the party "the best."

In intramurals our touch football and basketball teams were only fairly successful. Bowling looms as our championship field this year. Our team, led by Gene Kuehlthau, is winner of all its six games thus far, and being undefeated at this stage makes things look good. Bowling was the big intramural sport for us "way back when." I wonder if the trophies are as big as they were in "the good old days." THOMAS M. CORRIGAN

Beta Delta—Georgia

As THIS is written, Beta Delta is in the midst of rushing season. The house had been put in the best of condition by our house mother, Mrs. Morrow.

We are very fortunate in losing but one man at the end of the Fall Quarter. Walter Jacobs ended his college days to enter the business world and with him go our sincere wishes for the most success possible.

Intramural sports are again taking the spotlight now that basketball season is under way. Dan McFaden is managing the basketball team. So far we have not made an outstanding play in intramural sports, but from now on we can say, "Watch our smoke." We have our eyes on the basketball trophy as our goal.

This year we have the majority in the Economics Society. Our members are: Glen Brinson, Randy Jones, L. A. Ingram, Bob Hall, Fred Cannon, Dan McFaden and pledge Bill Wade.

James Carmichael has been elected secretary of the freshman law class. We are proud to note that Carmichael is fast gaining recognition in the law school as a student and "regular fellow."

We are glad to learn that T. I. Miller, an alumnus, was elected to the board of directors of the Atlanta Clearing House.

Downing Musgrove, executive secretary to the governor and an alumnus of this chapter, was recently mar-

ried to Miss Lyneath Moore of Swainsboro, Georgia.

William Tate, who is Dean of Freshmen at the University, is now acting as Dean of Men during the prolonged illness of Mr. Stegeman.

We are glad to see Lee Price enter law school after making such a splendid record here at the University in activities during his four years which include: president, Phi Kappa Literary Society; vice-president, O.D.K.; president, Gridiron; Blue Key Council; Scabbard and Blade; president, Senior Round Table; R.O.T.C.; Debate Council; vice-president, Freshman Law Class; member, "G" Club; president of $\Delta T \Delta$ for three years and Panhellenic Council.

We enjoyed playing host to a group of members from Gamma Psi at Tech during the recent Homecoming at which time the University played Georgia Tech.

ROBERT H. HALL

Beta Epsilon—Emory

BETA EPSILON began a very successful year by pledging fifteen men. These men are a fine group of fellows and will form a nucleus to carry on Beta Epsilon's progress during the next few years. Of this group, six were recently initiated. They have already distinguished themselves in scholarship and in participation in student activities on the campus. Beta Epsilon is planning to initiate several more pledges this quarter in addition to pledging about ten more men.

This chapter's scholarship record is one to be proud of and one which the members are constantly trying to maintain. For the last four quarters, Beta Epsilon has ranked first in scholarship for two quarters and second for the other two. This record was made in competition with fourteen other fraternities on the campus. Beta Epsilon ranked third in the Southern Division last year.

In the field of athletics, Beta Epsilon is now participating in ping-pong and bowling. Last quarter we went to the quarter-finals in football, entered the tennis tournament, and went to the finals in horseshoe pitching. Ac-

cording to Red O'Neal, chairman of athletics for the chapter and a member of the Athletic Council, Beta Epsilon will win the ping-pong meet, will participate in basketball, baseball, and golf this year. Several members are also being primed to enter the archery and fencing contests.

A Founders Day dinner-dance has been planned for March 3. This dance, which is the social highlight of the season, will be held in coöperation with Gamma Psi and the Atlanta Alumni Chapter at the East Lake Country Club. A series of weekly social activities have been worked out by Jimmy Johnson, social chairman, for the remainder of the year.

The members deserving the Delt spotlight for their outstanding work during the year are: Edward Gazelle, president of the Emory Players, whose recent play, *The Great Divide*, was a smashing hit. Eddie is also editor of *The Opinion*, magazine, and vice-president of the Interfraternity Council. Glenn Hogan's straight-"A" record has done much to keep Beta Epsilon at the top. Glenn is also president of the Pi Sigma Alpha, national political science fraternity. Murphy Holloway, recently elected to O.D.K., is chairman of debate reorganization and author of recent revision of the entire debating system at Emory. "Murph" is planning, again, to graduate this year.

The pledge newspaper, edited by Dick Allen, will be off the press at an early date for wide distribution. Freshman initiate Wallace Stewart deserves recognition for his fine work in debate activities. He was elected recently to the office of secretary-treasurer of the Freshman Debate Council.

ALVA LINES

Beta Zeta—Butler

BETA ZETA started the year off right by moving into a new chapter house. It is really a fine home with plenty of true fraternity spirit filling it.

The summer rushing wound up with us getting twenty-one good new men. We are expecting them to add

to the prestige of Beta Zeta. With the ground we gained last year we hope to be way out in front of the other organizations on the Butler campus by the end of the year. All indications point to our placing first again scholastically in '39. Having held this honor for the past two years we have become quite attached to that position.

The social season started with a hay ride. It must have gotten the boys started on the right foot because at the annual house party held at Turkey Run at Thanksgiving time six of the brothers took that fatal step of becoming engaged. It was the twenty-first consecutive house party and with each one being better than the preceding one you can imagine what a time was had by all.

At Christmas we held our annual orphans' party and Old Saint Nick really outdid himself. In my opinion the brothers are the ones that get the biggest kick out of the affair.

Intramurals are well under way and while Beta Zeta has not been setting the pace so far, the athletes in the House tell me that they have great hopes in the near future.

With finals coming up in a couple of weeks the fellows will quiet down a little, but when the second semester starts we will be all "fired up" to carry out our program for the remainder of the year.

Drop in and see us in our new house!

RUSSELL C. LILLY

Beta Eta—Minnesota

WITH rushing still going on when this letter was mailed, Beta Eta had already pledged ten men. Two men were initiated December 15.

The sponsor-sponsee system was undertaken by the chapter and is now taking shape under the chairmanship of Burke Martz. This system is new at Minnesota and other fraternities are watching with interest the progress of Beta Eta.

A barbecue supper opened the social season October 1, after the Nebraska football game, which Minnesota won, incidentally. Purdue Day

was celebrated with a house gathering, as was Dad's Day, which was the Iowa football game. Homecoming eve, the Mothers Club held a big party for alumni and active members and their dates. About one hundred turned out, and the evening was both financially and socially a success.

Both sorority and fraternity row looked on jealously when Beta Eta entertained little Judy Starr and Ben Williams, members of Hal Kemp's orchestra, November 28. Bob Sorenson took some colored movies of the two; these later turned out to be good rushing material.

The Mothers Club again entertained the chapter December 9, this time with a big Christmas party. Fun galore was had by one hundred alumni and active members that turned out. A few days after the party a new twelve tube radio-victrola combination was delivered to the house, a present from the Mothers Club and from the present chapter. The machine was at once set up and used for almost twenty-four hours straight. During the holidays, Brothers Palmer and Lou Benepe put up an aerial, allowing foreign reception.

The Collegiate Charity Ball commanded the services of Brother Benepe in the publicity department during the holidays also.

President Otto Silha was appointed city assistant on the *Minnesota Daily*. Bob Thorstensen took over the president's duties in the German Club.

New dishes and glassware, along with new table linens, have been put in the dining room, due to the work of house manager Dick Savidge. Incidentally, between Dick's talk about Turkey Run, Indiana, and Bob Martin's talk about Hamilton, Ohio, the chapter need never ask for dinner speakers.

LOUIS BENEPE

Beta Theta—Sewanee

THE CHAPTER has participated in all the intramural sports which have been open to date this year. So far, we have not won any top honors but we put up stiff competition.

We have had two dances this year.

The last dance was an outstanding success—drawing girls from miles around.

The chapter boasts the best collection of records on the mountain.

JAMES P. DE WOLFE, JR.

Beta Iota—Virginia

IN SPITE of the recent examinations at the University of Virginia the Delts are away to a good start. Plans have been made to launch a rather extensive athletic, political, and social program for the Winter term.

The intramural basketball squad is diligently practicing for the coming games which will undoubtedly furnish plenty of heavy competition. The Delt men look good though, and the chances for a winning team seem favorable. Win or lose the men are determined to give the game all they've got.

Previous to the Christmas holidays the chapter joined with the other fraternities in giving baskets to the poor and needy residents in the locality of the University.

Upon arriving at school from a grand two weeks of vacation the Delts renewed the spirit of good fellowship at the annual steak fry and barbecue. A fine location was chosen in the near-by Blue Ridge Mountains. The occasion was one of merriment and lasted well into the evening. It is still the talk of the chapter and there is talk of another in the near future. When good fellows get together there is fun to be had and the Delts know how to have it.

At the present time all concentration is upon the coming initiation. Rehearsals are held as often as possible in order to have a well executed ritual performed. It is felt that this coming occasion will be the most important one of our pledges' college career so we are endeavoring to make it an impressive one. Until the ceremony of the ritual has been performed the activities of this chapter will be temporarily laid aside but by no means forgotten. By the end of the winter term the Delts at Virginia hope to have accomplished a great deal in all of the college activities.

GEORGE B. STALLINGS, JR.

Beta Kappa—Colorado

UNDER the able leadership of President James Sanders, activities at Beta Kappa reached a new high. A new enthusiasm has arisen among the members of the chapter and everything points to a great year in '39."

Several new pledges have joined our fine pledge class.

This year Beta Kappa has an outstanding and versatile group. Bob and Berlin Boyd and Tom Parker are diligent workers on the *Silver and Gold* staff. Jack Davitt is a feature writer for the *Colorado Engineer*. From the ranks of our students Bob Maul was pledged to the honorary pre-med fraternity, Alpha Epsilon Delta; Phil Cabibi to the honorary law fraternity, Phi Delta Phi; and Lex Quarenberg to Phi Mu Sigma, the national social science honorary.

Success in our chapter has not been restricted to scholastics. Athletics has taken the interest of many of Beta Kappa's members. Varsity football produced "all R.M.C." quarterback Jack Broady, and end Lex Quarenberg, center Ray Thompson, Bob Maul, Mervin Hammond, and Jake Jacobson, while freshman football uncovered the numeral men Barris, Stacica, Lockhard, Oliver, Hammond, and Maul.

Bob Boatwright traveled with the Colorado basketball team through the east to Madison Square Garden. Bob Maul and Bob Hall are strong candidates for the wrestling team.

Our intramural athletics will combine Beta Kappa's outstanding athletes which have been a winning combination in basketball for the past six years. It will bring from dramatics, Frank Hockensmith, from track, John and Mervin Hammond, and from baseball, Bill Kisler.

With the recent selection of Larry Prouty as Junior Prom chairman, members of Beta Kappa have visions of higher accomplishment for $\Delta T \Delta$ at Colorado.

RAY THOMPSON

Beta Lambda—Lehigh

JUST a little ahead of the swing of activities, Beta Lambda has set up a

standard during the first part of this year with great promises for the term ahead.

Hamilton Strayer was elected vice-president of the newly formed Sportsmen's Club. "Ham" was one of the members who managed to bring home a prize deer from the club's recent hunting trip.

In the fall sports, Ben Chadwick and Charlie Griffiths received the "L" for varsity football. Interfraternity was conquered by Beta Lambda without the loss of a single game throughout the season. The team members were honored with personal keys and the house will receive a cup in the spring for school championship. "Whitty" Elmer made the most spectacular showing in cross-country; he was made captain-elect of the team for the coming year. Whitty placed sixth in the national intercollegiate cross-country meet.

Budd Heisler was initiated into Scabbard and Blade. Clarence DeBow was appointed stage manager of the dramatic club, Mustard and Cheese. Louis Glesmann handled the costumes for *Brother Rat*, the club's latest show. Highest honors came in the Cyanide Club, junior honorary society, to which Bill Brown and Charlie Griffiths were recently elected. With these two new members Beta Lambda has four of the twenty-one members in the society.

In the winter months $\Delta T \Delta$ at Lehigh will be represented by two wrestlers, three swimmers, and a starting man on the basketball team. The intramural bowling team shows good prospects with a fight between Dick Hubschmidt and Dick Matheny for anchor man.

If a good start is an indication of a good season to come, Beta Lambda will have one this year.

ROBERT MARSHALL

Beta Mu—Tufts

THE CHAPTER started off with a bang this year. At the end of rush week we were fortunate enough to find ourselves with seventeen new pledges—all fine men.

The first social event of the college year in which the House participated

as a unit was part sponsorship of an interfraternity ball given November 18. This ball was the signal for the commencement of an Interfraternity-Sorority Week-End, the first of its kind ever held on our campus. The entire week-end was a huge success with Beta Mu contributing its part with a spread, Saturday noon, and an "open" house party in the evening. One week later, November 25, we held our annual Pledge Formal, which, like its predecessors, was a highlight in our social calendar.

An initiation was held December 19. Division President Brewster attended the initiation and delivered an inspiring address to the new members.

Peppy house teams in basketball and squash will make a strong bid for credits towards the trophy of trophies under the leadership of Richard "Smokey" Wilson. This year we have high hopes of winning this interfraternity athletic trophy which last year eluded our grasp by one point.

In the fall the chapter enjoyed the opportunity of making the acquaintance of John Fisher II, newly appointed field secretary, who stayed with us a few days.

Delegates to the Eastern Division Conference, Miller and Philips, came back with reports of a wonderful time in New York.

Frank C. Miller, "Dusty" to his friends, the newly elected steward-treasurer, has been understudy to Larry Butler for about a year. We look forward to a continuation of the efficient system maintained by Larry during his administration.

F. H. BENNETT

Beta Nu—M.I.T.

As we, of Beta Nu, begin to buckle down for final examinations, we look back over a full, enjoyable, and profitable term. Our greatest cause for gloating was winning the first annual interfraternity crew race. Since this chapter is a "crew" fraternity, we coveted the trophy offered to the victor, and greatly enjoyed out-distancing the Phi Gams who, we understand, believed themselves to be a sure bet to win.

As for new achievements by Delts

here at Tech we have: Bill Schuler's breaking the fifty-yard free style record in swimming, as well as being on the record breaking medley relay team. Paul Butman has just been elected secretary of the Aeronautical Engineering Society, of which Ben Badenoch is retiring president. Ben is also president of the Combined Professional Societies and a member of the Institute Committee. Bob Wooster is also on the Institute Committee in addition to being on the squash team. Also out for squash are Bud Trexel and Ray Shrewsbury, who is on the freshman team. All the other upper class positions held by Delts have been outlined previously, but our freshmen are impressively active. Pete Hellige and Bud Reed are on the frosh gym team. (You may remember that Bus Emerson is varsity gym captain.) Bob Shaw, Phil Phaneuf and Lawson Bowers are keeping up the Delt tradition with positions on the freshman crew; maybe some day one of them will be captain of the varsity like Dick Cella is now. The above Phaneuf and Hellige are also working on the school newspaper, while Shaw, Reed and Claude McCord are in one department or another of the humor magazine.

Recently the chapter started a collection of classical recordings in lieu of a library. Early this fall we gave a roller-skating party at the Winter Garden Roller Skating Rink. This was the first event of this type that M.I.T. has ever witnessed, and did they like it? Well, we plan to repeat it next year. Our pledge dance at the Arlmont Country Club, with music by Leon Mayers, was a great success. Well, that's about all for now, and if exams are not too tough we'll be back next term to tell you more.

JOHN W. KREY

Beta Xi—Tulane

SCHOLARSHIP is again brought to the front as Beta Xi retains its position of second place on the campus. The Delts have lived up to their reputation for stressing scholarship above all else.

Tulane's Homecoming was celebrated by a dance at the chapter house

and the honor of second place for the best decorated fraternity house.

Delta Tau Delta is well represented in the newly installed R.O.T.C. Naval Unit by Robert Boswell, Conrad Meyer, and Lane Plauche, all of whom have been successful in being placed on the selected rifle team. This summer they will cruise to New York and return by way of Havana.

We are proud to have three of our number on the school's tennis team this year with George Schneider, Barney Phelps, and Roy Bartlett carrying our colors.

David Hanlin Becker was elected president of the freshman class in the law school, and represents us in Phi Phi, a leading social organization on the campus.

The Bardics Club, a literary and social club, has been reorganized by Philip Jahncke with the aid of Charles Emling and Lane Plauche. Maurice Gelpi and Henry Mentz are doing their part in the Tulane band, while Charles Reed sings in the glee club.

The *Urchin*, Tulane's humor magazine, is still being edited with the usual ability of our president, Stanley Ray.

Our Mothers Club, headed by Mrs. Becker, has been both active and helpful in putting the finishing touches on the house and in creating a true fraternity spirit.

At the beginning of the New Year, we had the pleasure of welcoming Delts from Carnegie Tech and Dartmouth who came to see the Sugar Bowl Classic.

We look forward to a continuance of our successes in all forms of activities.

WALTER J. VERLANDER

Beta Omicron—Cornell

THIS fall $\Delta T \Delta$ at Cornell has made greater progress than in any of the three years that I have seen go by. During the opening days of college we pledged fifteen freshmen and two sophomores, due mainly to the efforts of Joe Griesedieck, rushing chairman. From the pledges' eagerness to take up extracurricular activities, they promise to be the best frosh

class we have had in several years.

Secondly, this fall has also seen some definite improvements in the appearance of the house itself. The dining room has been done over, floors scraped, ceiling and walls repapered, and new window curtains added. Outside, a rock garden was designed last spring, and this fall the Delts took down a dead tree which will provide us with firewood for the next few years. Two sophomores, Jim Fortiner and Bill Publicover, repainted their study. Now the house is in fine shape for the forthcoming house parties in February.

Thirdly in spite of the other activities going on, Beta Omicron has found time to go out for the more usual college functions. We have "Black" Smith managing the varsity wrestling team and Lowell Fitch directing the varsity swimmers. Five sophomores keep busy in their competitions for the sports' managerships. Two other sophomores are out for positions on the *Cornell Daily Sun* and the *Cornellian*. The freshmen, to whom competitions are relatively limited, are out for their numerals in track, swimming, and the winter sports.

Naturally the juniors have been doing their bit to keep $\Delta T \Delta$ out in front on the campus. Alex Luedicke, assistant manager of frosh tennis; Dean Wallace, assistant manager of frosh football; and Joe Griesedieck, assistant manager of frosh baseball, will nearly bring us a "corner" on the frosh sports next year. Two other juniors, Al Reffler and Dick Osenkop, are representatives of Beta Omicron on the *Cornell Daily Sun* and *Freshman Deskbook* respectively.

In spite of our interest in extra-curricular activities, scholarship is far from being neglected. This year we have two men in Tau Beta Pi. Gene Hingten, '39, was elected last year while Dean Wallace, '40, made this esteemed scholastic fraternity this fall. In addition several men have made departmental societies. Bill Bensley is in the agricultural college's Scarab Society. Atmos, the mechanical engineering society, claims Dean Wallace in its membership. Joe Griesedieck

made Kappa Tau Chi, the administrative engineering society, while Gene Hingten represents us in Chi Epsilon, the civil engineering society. Dick Osenkop is a Skull, a member of the pre-med society.

It is now with a feeling of eagerness that we face the incoming year. May it bring to us and to $\Delta T \Delta$ men in general the success that we feel has been ours during the past years.

RICHARD S. OSENKOP

Beta Pi—Northwestern

FOR THE information of the other chapters, it is possible to get a good pledge class at Northwestern by obeying the rushing rules. We did it. Twenty-one boys came from hither and thither and now hang their hats in the Beta Pi cloakroom.

With Johnny Haman and Dick Richards backing up the Wildcat line and "Ace" Melchior dropping buckets from the hardwood, Beta Pi has kept itself in the sporting pages. The boys who are defending our intramural basketball championship are well on their way to a repeat performance in spite of the loss of Johnny Haman, who is augmenting his gridiron reputation with varsity basketball laurels.

Beta Pi keeps a twenty-four hour watch over Northwestern publications with Bob Estabrook at the helm of the *Daily Northwestern* and Don Cornish in charge of the night desk. Pledge Byron Lower is working a candid shutter for the yearbook; Jess Cobb, Bill Armstrong, and Bill Schlossman are lending their wits to the humor magazine, the covers of which are designed by Bob Noel.

Campus destinies are being directed by Chuck Hallett, junior class commissioner, and Ted Gianakopulos, senior class commissioner.

With a very successful Christmas formal and several informal parties at the house to gaze at in fond retrospection and with Delt Prom in the offing, the social season is full of climaxes.

Bob Estabrook has just bought himself a new single breasted suit because he has just recently gained admission into the "Open Coat Club"

by having a Phi Beta Kappa key attached to his vest.

THOMAS F. SEYMOUR

Beta Rho—Stanford

DURING the fall quarter of 1938, members of Beta Rho were outstanding in nearly all of the campus activities. Two men, Thor Peterson and Jack Brenner, received letters for varsity football; three men, Ken Cuthbertson, Rudy Munzer, and George Dole, received letters in varsity soccer; and one man, Bob Plate, received a letter in varsity water polo and was elected captain of next year's team.

Ken Cuthbertson, one of the most active men on the campus, is president of the junior class, two year letterman in soccer, captain of the soccer team, on the all-coast soccer team, on the rally committee, chairman of many dance committees, rushing chairman, and practically a straight-"A" student.

One man, Sid Terry, is on the debating team; and two men, Hank Rhoads and Ed Wearin, helped to write and participated in *The Big Game Gaieties*, which is a musical show given every fall on the Stanford campus.

ROBERT M. FITZMAURICE

Beta Tau—Nebraska

BETA TAU has in the school year retained its reputation for being well represented in activities and athletics. As well as keeping its prestige along those lines, the chapter is off to a good start in raising its scholastic standing above that of last year.

Headed by George Rosen, who is a member of the Innocents Society, the senior men's honorary, and president of the pep organization, the Delts have a good representation in activities. Among other men in activities are Bob Van Norman, president of the Pharmacy Club; Ed Dosek, who works on the *Daily Nebraskan*, student publication; and Jack Gellatly, who is on the staff of the *Awgwan*, humor publication. In the R.O.T.C. unit, the Delts are represented by two men who have the rank of cadet captain. Two members

of Beta Tau are affiliated with Sigma Gamma Epsilon, honorary geology fraternity, and one affiliated with Sigma Tau, honorary engineering fraternity.

In athletics, Doug Hudson was one of the outstanding freshman football prospects. Dow Wilson, who was a regular on last year's baseball team, will be back for more varsity play this spring. Dow held down the shortstop position throughout last season.

Beta Tau this year stands a good chance to finish near the top of the pile in intramural sports. So far the Delts have won third place in touch football. Prospects are favorable for basketball, bowling, and baseball.

It looks as if scholarship is on the upward trend in the chapter. So far this year the record is better than it has been for several years. Under the guidance of a scholarship adviser, who is a faculty member at the University, Beta Tau is making progress scholastically.

A feature of which the chapter is grateful and proud is its alumni smokers. These smokers have been held each month at the chapter house. They are enjoyed by both alumni and chapter members and attendance has been good.

ALBERT W. KJAR

Beta Upsilon—Illinois

WITH the end of the first semester only two weeks off, we find several new changes in Beta Upsilon. The new treasurer is Louis McWethy, former corresponding secretary, who succeeds Tom Brumbaugh. He will be assisted by Charles Beck, sophomore football manager, in the capacity of assistant treasurer.

The chapter has also increased its standing in intramural athletics, from ninth to seventh position among the 56 fraternities. This increase is due to victories in bowling, water polo and soccer. The sports on the winter catalogue are volleyball, basketball, wrestling, and ping-pong. Since Beta Upsilon holds the "B" basketball championship of the University and won their division in volleyball, we have a good chance to increase our position in intramural standings.

Three Beta Upsilon Delts were initiated into Illini, the athletic honorary for letter winners. These new members are Walden Ingle, George Bernhart, and Cliff Peterson, all sophomore football letter winners. The house is proud of the selection of Cliff Peterson for honorable mention on the Grantland Rice's All-American football team for *Colliers*.

Social events for the past three months were topped by the formal dinner-dance in honor of the pledge class. In addition to the pledge dance, the house has held formal dinners before the interfraternity dance and the Junior Prom.

JIM WILEY

Beta Phi—Ohio State

BETA PHI has been represented in nearly every line of endeavor this year, with gratifying results.

Social chairman Roland Diemer has done a fine job, having led several house dances with great success, and cooperated with Chi in a joint party that was a masterpiece. The climax of the year so far was the Winter Formal, held February 3, but the Spring Formal is expected to reach a new high.

Gross is our leading representative in the activities department, holding the editorship of the *Makio*, yearbook, and memberships in Ohio Staters, Inc., Bucket and Dipper, junior honorary, and Sigma Delta Chi. Shawan is the political boss of the campus, having led his party to victory in class and homecoming elections. Calavan is sophomore secretary of the Fraternity Affairs office, a member of Romophos, sophomore honorary, headed an important sophomore prom committee, and was general chairman of the University White Christmas. Don Calland also labors in the Fraternity Affairs office, while Geary and Kelso are working on the *Makio* staff.

Rosen and Elliot are resting after a strenuous football season during which both saw plenty of service for the Buckeyes. Fritz Howard is rated as an outstanding prospect at guard due to his fine showing on the fresh-

man eleven. Eynon is working out with the freshman basketball team, and Rudolph spent his spare time last fall riding with the freshman polo squad.

The Delts started out with a potential power house in intramural touch football, and were favored to retain their university championship, but a cog slipped somewhere, and they went down to defeat. Hopes are high for the basketball and bowling teams.

Several other events have served to enliven the school year, including the Christmas ceremonies, at which time several underprivileged children were entertained at the house. The chapter has adopted several of these boys as "little brothers."

J. GORDON DIETRICH

Beta Chi—Brown

BETA CHI hit a new high in rushing this year with the pledging of fifteen men. (The limit set by the University is fifteen.) By a new high we do not mean in numbers, but in quality. Credit for this success is in the main due to Rushing Chairman Bill Braman.

With the cooperation of the alumni the Shelter has been recently redecorated and the lounges refurnished.

George W. Brewster, chapter adviser, was reelected President of the Eastern Division at the recent Division Conference held in New York City. Carl Thornburgh represented the chapter at this convention.

Prexy George Witherell will be included in the next issue of *Who's Who Among Students in American Colleges and Universities*.

Beta Chi with an active chapter of over forty men is well represented in the outside activities at Brown. Athletically we have representatives on the hockey, wrestling, track, basketball, fencing and swimming teams.

Ed Martin, a leading performer in Sock and Buskin, upholds the house in the dramatic society.

Joe Windle, Bill Roberts and Ray Curran are active members of the staff of the University daily paper. Curran along with Jack Holden is also on the staff of *College Years*,

DELT

DOINGS

Wabash's varsity center is JOE MILLER of Beta Psi. Joe towers up 6 ft. 5 in. plus.

President LEO REINARTZ of Phi is a Washington and Lee varsity basketball player.

PETER BLANK, N.W. Lafayette, is captain of the varsity basketball team.

Delta Delta's HARRY SCHULTHESS is a Tennessee letterman in basketball and track.

QUENTIN EVERS, Delta Gamma, is a junior forward at South Dakota.

Omega's president, HARRY A. HOWLAND, is active in Beta Gamma Sigma, Interfraternity Council and track at Pennsylvania.

BILL SCHULER, *Beta Nu*, swimming letterman, recently broke the Institute's fifty-yard free style record.

GEORGE EBENHACK, *Beta Pi*, is "twirler" for Northwestern's band.

Beta Epsilon holds reception for ROBERT E. WALLENBORN, *Beta Alpha* (Chicago), '33, accompanist for Helen Jepson, Metropolitan Opera Star. The photograph shows the regent and some undergraduates and alumni leaving the reception. Left to right, G. LEONARD ALLEN; GORDON BARROW; EDWARD GAZELLE; WALLENBORN; CLYDE CARTER; MURPHY HOLLOWAY; ALVA LINES; and GLENN HOGAN.

Beta Nu's BEN BADENOCK is president of M.I.T.'s Combined Professional Societies; retiring president of the Aeronautical Engineering Society; a member of the Institute Committee; and vice-president of the chapter.

Phi's lounge at Washington and Lee. This new room utilizes previously unused basement space.

SPENCER PRATT, *Kappa*, Hillsdale, was named All-Michigan Intercollegiate Athletic Association tackle for 1938.

HERB FORTLAGE, *Beta Pi*, is Northwestern's varsity wrestling manager.

KENNETH HARRIS, *Delta Alpha*, Oklahoma, was elected secretary-treasurer of the National Undergraduate Interfraternity Conference at the November 1938 meeting in New York.

East meets West at Beta Gamma Homecoming. ROBERT BERNARD of Seattle, left, and ROBERT SCHACHT of New York return to Wisconsin campus for the chapter's annual program.

Gamma Sigma's decorations at Pittsburgh's Homecoming.

Gamma Rho celebrates 25th Anniversary. Left to right at the head table, ERNEST HAYCOX, ROBERT ORMAND CASE, EDISON MARSHALL, Gamma Rho's three well-known authors; MARSHALL NELSON, toastmaster; JAMES WOODS, president of Gamma Rho; ROBERT DYER, vice-president of the Western Division; MARK GILL, president of the Portland Alumni Chapter; and HOWARD TOMASI, resident adviser of Gamma Rho.

Gamma Upsilon won the Homecoming decorations prize.

Victory One Week . . .
Fire Loss the Next . . .

Gamma Upsilon Miami

A defective flue caused a six thousand dollar fire loss at Gamma Upsilon.

Gamma Upsilon Delts make sleeping quarters in the living room after the fire.

Let's Look in on

Beta Alpha

at Indiana

In heavy oak game tables are carved the names of all upperclassmen. The stars indicate chapter presidents.

Here is the doorway.

Beta Alpha's All-Intramural Championship trophy for 1937-38. The chapter broke all University of Indiana records in the total number of points earned.

The hand carved crests are found on all dining room and game room chairs.

Here we find Intramural Manager DICK LENNOX "boning" for final exams or dreaming of another championship for Beta Alpha.

Beta Psi's FRED RHODE is a varsity forward at Wabash.

Beta's prize winning Homecoming decorations at Ohio University.

WILLIS WAGGLE, left, and JOHNNY LUCAS, Zeta representatives on Western Reserve's football team were picked on the all-star team of the Big Four Conference. Waggle also made the All-Ohio team.

Chi at Kenyon displays some trophies won in recent years.

Delta Gamma's MACK ALBERTSON is a sophomore forward for South Dakota.

Naval R.O.T.C. men of Beta Xi, Tulane. Left to right, LANE PLAUCHÉ, BOB BOSWELL, and CONNIE MEYER.

A Beta Beta pilot at DePauw drops down to "shoot" the house and some of the boys.

Beta Upsilon Trio at Illinois. Left to right, BOB COULLAS, QUENTIN FULLER, and RICHARD WILLIAMS.

Varsity football center JOHN HAMAN of Northwestern poses before Beta Pi's trophy case.

CHARLIE BLANK gives "Hook" DAVIS a cigarette as they try Beta's new double-deckers.

GENE HINGTEN and W. DEAN WALLACE, Beta Omicron, Cornell, are members of Tau Beta Pi.

Delta Gamma's O. F. JACOBSEN is a sophomore center for South Dakota.

DICK CELLA, Beta Nu, is captain of the M.I.T. varsity crew. When not on the water he likes to travel by air. He has a pilot's license.

Gamma Chi, Kansas State, Homecoming decorations won first prize.

Four Beta Omicron Athletes. Left to right, WARNER LANSING, track; TONY PENNOCK, basketball; WARNER HOWE, swimming; and PAUL SIMMONS, minor sports.

Gamma's HENRY BELDEN, top, and VIC BAILEY, practice in the art of wrestling for intramural competition at Washington and Jefferson.

Delta Mu's TED KARA, Idaho boxing star, does some outside conditioning in winter.

BASCOM EMERSON, Beta Nu's treasurer, is captain of the M.I.T. varsity gym team.

Two of Cornell's frosh swimmers are Beta Omicron's CLARKE BRINKERHOFF and STERLING BLAKEMAN.

Beta's president, PAUL DAY, looks over the record book.

JOE CADWELL, Delta Gamma, is a junior guard at South Dakota.

A Beta Chi rushing party starting out for the Brown-Holy Cross football classic.

Here is Western Reserve's all-sports trophy and the group of Zeta Deltas responsible for winning it.

the new national intercollegiate magazine—Curran as editorial associate and Holden as contributing cartoonist.

George Witherell served on the committee for the interfraternity ball which climaxed the fall season. The chapter made this week-end more of a success with a House dance followed by an informal dinner for members and their guests.

This is just an inkling why $\Delta T \Delta$ is second to none on College Hill.

HENRY A. KLIE

Beta Psi—Wabash

SO FAR this year Beta Psi has been keeping up with the general college pace very well. That pace has not been extraordinarily fast. Brains and hard work were combined very successfully to win first award for Homecoming decorations. Our only regret was that the football team did not follow our suggestion.

In the intramural events this year, we have taken third place in both football and volleyball. I, as correspondent, refuse to take the responsibility of making any predictions for future events or even for making any further comment. When it comes to discussing the varsity my way widens and I prepare to expound at great length on the accomplishments of our two representatives on the basketball squad, Fred Rhode and Joe Miller. Fred is a junior with considerable experience from last year. Joe is a sophomore who towers six feet five inches into the ozone. He has, however, more difficulty managing himself on the couches than he does on the floor. Both of these boys will also be on the varsity baseball squad this spring. Having dodged the rôle of prophet once I shall not assume it again other than to say that the varsity prospects are good.

The difficulty of changing to the new rôle of defender of the scholarship cup was not too great. By the time this is published our success in that endeavor will be known. Our library has grown nicely so far this year but for fear of discouraging prospective donors I shall say no more about that. It is customary to close these with a welcome to passing alumni and

this I do on behalf of the chapter with more than usual sincerity.

THEODORE R. KENNEDY

Beta Omega—California

THIS year, more than ever before, many of the brothers at Beta Omega are spending many week-ends of the winter season skiing. With such fine ski fields as Badger Pass, Pine Crest, and Long Barn in the Yosemite Valley vicinity; and Norden near Lake Tahoe, all within a few hours drive it is not surprising that skiing is becoming more and more popular at Beta Omega.

Just after Christmas Arch Calhoun, Denny Whitney, Paul Blak, and Bob Hall spent a few days at the Badger Pass ski fields. The snow and weather were ideal. It was the first try for all except Hall. Everyone had a wonderful time and they are looking forward to going up again as soon as weather and time permit.

Among the more enthusiastic ski fans are Ed Peterson, Andy Marshall, and Craig Woolley—all of whom spend much of their time in the snow (literally).

With the enthusiasm for skiing increasing by leaps and bounds all over California, transportation facilities are being greatly improved which will make possible many enjoyable week-ends for the brothers during the current semester.

ROBERT J. HALL

Gamma Beta—Armour

THE FIRST semester at our Shelter has ended, and slowly but surely, the other houses are suspecting what we already know— $\Delta T \Delta$ has the top chapter at Armour. Another semester of continued success will confirm their suspicions.

In spite of new rushing rules designed to aid the smaller houses on the campus, Gamma Beta pledged eighteen men, leading all other houses. Summer rushing proved particularly effective with the help given us by the Chicago Alumni Chapter. They helped us to get one of the finest classes we have ever pledged.

In class elections, Delt men gained offices in every class except the senior. Juniors elected Yeager and Sunde to the governing group of commissioners. Further election gave Sunde the presidency of the class. The sophomores elected Ken Myers as president and Don Knief as secretary, while the freshman elections showed pledge Talcott holding a majority of the votes cast for the office of secretary-treasurer. Talcott is also a promising freshman swimmer on the school squad.

The interfraternity competition was begun, and when the dust from the first event had cleared away, $\Delta T \Delta$ had retained the touchball trophy for the second year it has been in competition. Once more and the cup is ours for keeps. Scores ranged from 13 to 26 over opponents. The steam roller was slowed down a bit in the bowling tournament, placing a poor third, but momentum is again picking up, and the ping-pong and basketball cups should look mighty fine on our mantel.

School basketball has had a good beginning by this time. The varsity still has its star guard, Scherer, and has picked up Doane as assistant manager. Like presidents, we have two managers, pledge Peterson performing managerial duties for the freshman team. Two freshmen, Umbright and Hoffman, are already looking forward to receiving their numerals.

Tullgren shows a great deal of versatility in his activities. President of the House, he is also captain of the wrestling squad and one of the two student managers of our new Student Union. His touchball prowess was a very good reason we won the touchball trophy again—a good man we won't like to see graduate next June.

Three hundred words aren't very many, but mention must be made of Bernstrom's activity as an editor on the annual, and Wessel's, Haubert's, Yeager's, and Sunde's work in the Glee Club.

One more word—we still hold our meetings on Tuesday night, and all alumni are still mighty welcome.

DON SUNDE

Gamma Gamma—Dartmouth

GAMMA GAMMA came through the September hurricane season and the September rushing season in great shape. The chapter property was not destroyed and the incoming delegation hasn't hurt us a bit, either. In fact, impartial observers say that we have the best group of new men that we have had in the last five years. We initiated twenty-one pledges, thus bringing our total membership to sixty-five.

Scholastically, we started the year in fifth place of all the fraternities on the Dartmouth campus. We are still rejoicing over the election of three of our members, Fred Upton, Jim Sampson, and Doug Beasley to Phi Beta Kappa.

Athletically, we began with a bang by placing in the semifinals of the college tennis tournament and by snaring the runner-up position in the interfraternity touch football league, missing the championship by a scant margin. As the sports season progresses, our teams are still undefeated in the bowling, hockey, and basketball leagues, while our volleyball team was eliminated in an early round. We are eagerly looking forward to the swimming meet, in which we are concentrating on winning a cup.

For individual campus honors, we find Fred Upton, Senior Fellow and varsity cross-country captain in our hall of fame. Phil McCoy is undergraduate manager of athletics, while Jim Sampson is manager of the track team and Hank Merrill is manager of the ski team. Nat Sample received his letter in soccer and Cleve Spillers is a star of the fencing team, besides being our House hypnotist. Of the new delegation of sophomores, Irv Smith was recently made assistant manager of the varsity football team for next year, while Chuck Carson and Dave Mulliken received similar positions in soccer and gym teams, respectively.

Socially, we all enjoyed a splendid fall house party in November, when forty-three girls were guests at the house. As THE RAINBOW goes to press, we are preparing for the Winter

Carnival the tenth and eleventh of February, at which a distinguished guest at the house will be none other than John Fisher, the popular, new field secretary. Jim Sampson is director of the entire Carnival this year, with Dick Brooks and Hank Merrill on his committee. Dick is our House artist and our winning of the Interfraternity Snow Sculpture Contest at Carnival time for the past two years has been largely due to his efforts. This year Dick has been engaged to construct a giant snow sculpture in the center of the campus, so we will have to look to our laurels if we expect to take the important contest again this year.

Gamma Gamma sent four delegates to the Eastern Division Conference in New York and they returned full of pep and enthusiasm for the Fraternity. This pep and this enthusiasm are characteristic of Gamma Gamma this year. We have been tremendously alive and successful and we are looking forward to winning the Interfraternity Play Contest for the third year and to maintaining our high athletic and scholastic average. Here's hoping!

HENRY CONKLE

Gamma Delta—West Virginia

THIS year looks like a banner one for Gamma Delta, and if things keep on going on as they have, we're really going to town. Athletically, after a few years of comparative inactivity, we're beginning to place quite a few men on the various squads. Fisher and McCartney are regulars on the basketball squad, and Bolton, Russell, and LaMasters are out for freshman team. Bob Livingstone and Mucklow represent us in boxing, while Nassimbeni, Jorgensen, Keister, and Wilkins are candidates in wrestling. Wysong is our track star. Campbell just completed a season as co-manager of the football team, while Matthews, Beedle, and Butler are assistant managers in wrestling, boxing, and basketball. Boudensick and Barrick are candidates for the positions of manager of the wrestling and boxing teams. Haught has been successful in his rifle shoot-

ing, and is now a member of the team.

In honoraries, the Delts really placed men in Alpha Epsilon Delta, the pre-medical organization, with Lynch, Davis, and Haught being elected to membership. Kindt was just initiated into Scabbard and Blade, military honorary.

In the newspaper business, Sparky Butler was recently made sports editor of the *Daily Atheneum*, the school publication. Gamma Delta is really tops on the staff of the *Coonskin*, campus pictorial magazine, for the whole staff is composed of Delts. Amos is editor, Haught business manager, and Matthews his assistant.

Matthews was just elected treasurer of the chapter and Fisher assistant treasurer and house manager.

The Shelter is and has been undergoing a bit of face lifting under the capable hands of Bill McComas. At the first of the year he redecorated the game room and is now working on the card room.

The old Shelter in the rear of the present house is being torn down. There is a great deal of sentiment connected with the old house, but it is past its useful days, and if the present plans for a new tennis court on its site go through we'll be better off.

J. W. PARKER

Gamma Zeta—Wesleyan

UNDER the able direction of Paul Stephani, Jim Veitch, and Bill Fash, rushing was completed in a successful fashion with fourteen pledges, one under the maximum quota.

Many of the local Delts were active in the fall sports. Despite a painful knee injury, Bob Murray completed his second season as varsity guard, and was rewarded by being elected captain of this sport for 1939. Walt Hibbard won his letter at end, and Joe Brown saw action at guard. Bill Fash was the manager. In soccer, Ted Nelson won his letter on the front line, and pledges Zaiser and Gibb earned numerals as freshmen. In cross-country, Bill Ellis was going great guns when he fell, and was injured. He was operated upon during Thanksgiving. At present Bill

Sinamon has won a forward berth on the varsity basketball team with George and Hank Derbyshire not far behind. Ted Nelson, John Sellas and Dave Daniels have proved their worth on the swimming team, and Rog Harrington is wrestling in the 155 pound class for the third year. For the freshmen, Zaiser is playing basketball, and Wade is swimming. In intramurals, Gamma Zeta was runner-up in touch football in their league.

In publications, Bill Fash, editor, and Rog Harrington, on the Business Board, are finishing up successful terms on the *Argus*, school paper. Bob Neuffer, Tom Meeker, and Bill Ellis are being groomed to fill their shoes. On the *Cardinal* we have Bob Murray, business manager, and Walt Hibbard, circulation manager, with Ed Van Buskirk, Kinny Weston, Earl Hathaway, and Bill Sinamon as assistants.

Scholastically, Gamma Zeta made great improvement. Last semester we had eleven men on the honor roll, and won the Downey Cup for greatest scholastic improvement over the previous year. Lock Rogers was the candidate for the Rhodes Scholarship from Wesleyan. Tom Meeker is a member of the school debate team, and Bob Neuffer is completing his term as president of the Cardinal Key, junior honorary society. Bill Fash is a member of the Mystical Seven and the Cannon.

A very successful alumni week-end was held this fall after the Rochester football game. We were particularly happy to honor Brother Raymond Baldwin who is the new Governor of Connecticut. It is hoped that the initiation week-end in February will be as well attended and successful.

WALTER R. HIBBARD, JR.

Gamma Eta—George Washington

DEAR ol' Gamma Eta started off the school year this fall with the pledging of twenty boys. It has been a long time since that large a number of boys had been pledged. We have one of the best pledge groups on the campus, and we are expecting big things from them. The outstand-

ing rush man of the season was John Nisbet, a pledge of last year, who did a splendid job of rushing. The pledges are interested in many activities, such as: publications, politics, basketball, ping-pong, bowling, debating, tennis, baseball, and glee club.

John Weyrich, former president of the chapter, came home from the University of Michigan for the Christmas holidays and feted the whole chapter Christmas afternoon.

At a New Year's Eve party given at the Shelter, we were honored to have as our guests: John Weyrich, Karl Schmitt, Albert Loring, and Ken Patrum, all former presidents of the chapter. The Shelter being decorated in purple, white, and gold, made a very attractive setting for the party. Everyone had a good time as was evidenced by the late hour at which the celebration broke up.

The chapter regrets that at the end of this semester Bob Garlick, our esteemed vice-president, will become inactive. Bob has been active now for five and one-half years and has rendered a real service to the chapter and to the Fraternity. This year Bob was captain of the basketball team and was an outstanding player. Being one of the best-liked fellows in the chapter, he has earned the respect of every man. Yes, Robert Garlick may well be called "a good Delt."

LOWELL H. MORAN

Gamma Theta—Baker

IN THE first semester class elections Gamma Theta is proud of her record. In the freshman class Lester Horn was elected treasurer. The sophomores placed Earl Wait as president and Troy Gordon as vice-president. Randolph Manning received the office of vice-president of the junior class, and Cliff Long is the present secretary. Howard Bayne is president of the senior class.

In football this year we were ably represented by Cliff Long and Dave Seaman. Cliff, a 150 pound halfback, was this year's field general and made a remarkable record for himself.

Howard Bayne has the job of business manager of the Baker *Wildcat* again this year. Julian Porter, Earl

Miller and William Horn also have prominent positions on the staff.

We are at the present time starting an interfraternity basketball season. The Deltas have some very promising boys this winter, and we have high hopes of winning the championship.

Our Dave Seaman was the master of ceremonies and the chief promoter of the Baker Frolics.

Julian Porter deserves a great deal of credit for the fine pledge class that we have this year. It is one of the largest classes that we have had for a number of years.

The pledges honored the actives with a party this fall that proved to be one of the finest social events of the year.

The annual Chicken Fry this year was the largest on record so far; about three hundred people were present. Gamma Tau, Gamma Chi, and Gamma Kappa were all represented.

LA VERNE SMITH

Gamma Iota—Texas

SEPTEMBER to February included a whirl of activities and achievements for Gamma Iota and saw a close fellowship spring up among the actives and the promising group of pledges who were given shelter with Texas Deltas at the beginning of the school year. With Brother Joe "Choo-choo" Wilson at the throttle for a second term, the chapter moved along smoothly, gaining speed as the days whizzed by.

No sooner had actives begun bumming cigarettes from the men just pledged when the chapter plunged into the campus elections and saw Delt Byron Cain lead his ticket for Assemblyman. He also led more than two hundred men all fall as drum major of the band, to say nothing of presiding over the Business Administration Council and meeting with Phi Eta Sigma and Beta Alpha Psi, honorary scholastic fraternities. When Phi Beta Kappa bids came out, Alfred Frobes pledged without hesitation; then, the University Committee went scouting and chose Tom Law as a nominee for the Rhodes Scholarship. Meanwhile, down in law school, diminutive Whit-

field Collins stood second highest on the yearly honor roll; he and C. A. Brown, a Phi Beta Kappa, were chosen to contribute to the *Texas Law Review*. Gamma Iota also lists members of the Union Board, Y.M.C.A. Cabinet, Law Societies, Texan Radio Staff, Curtain Club and the staffs of the yearbook and daily paper.

Excitement ran high when the chapter turned landowner, and purchased a large lot where everyone soon hopes to see foundations being dug for a new Shelter. The alumni have caught some of the undergraduate enthusiasm, and all things point to a new chapter house in the near future.

Harry Reading, all-intramural shortstop, and Ross Elliot, chapter athletic director, led the field in intramurals, and brought the Delt standing up into the first five of the twenty-two fraternities on the campus.

Climaxing first semester activities was the Formal Dance given January 6, with Jimmy Dorsey and his orchestra giving out to one hundred couples and the largest alumni group ever to attend this annual function.

HOMER C. MUELLER

Gamma Kappa—Missouri

WITH the conversion of our basement into a new recreation room complete with ping-pong table, card tables, and lounges; and with the addition of a set of new rugs plus a general redecorating job, the Missouri Shelter has taken on a new appearance. The spring months will see our freshmen on a landscaping campaign calculated to do an equally good job for the outside of the house.

Sixteen pledges make up Gamma Kappa's new blood.

From mid-semester grade reports it is evident that we will near or better our scholarship record of last year, when we placed second among social fraternities on the campus. Only Beta threatens us.

Our buccaneer equipment is being polished for the annual winter Pirate party, to be held early in February. This will be our first social

function since the Delt Christmas banquet before the holidays.

As this is written, the Delt quintet is undefeated in intramural basketball competition. Dopsters predict little trouble for us in securing the trophy.

Gamma Kappa cordially invites all Delts to drop in soon.

BERT GAGE, JR.

Gamma Lambda—Purdue

GAMMA LAMBDA started 1939 with many accomplishments on the Boilermaker campus. The National Student Federation of America Convention brought to Purdue by Delt Dan Rohyans, Student Senate President, was held on the campus during Christmas vacation. Officiating from the Delt house were Iron Key, Tau Beta Pi Lewis, and next year student president hopeful, "Fleet-footed" Fishburn. Fishburn was elected delegate-at-large for the 1940 gathering of "All-America B.M.O.C.'s" greatest honor to any junior delegate.

Breaking the tradition of the Hoosier State's basketball supremacy is one Delt pledge "Frosty" Sprowl, all-Illinois forward from Oblong, whose recent performances against the varsity show him to be the hottest shot of the Boilermaker timber. Playing part of the first half of the freshman-varsity game, "Frosty" led the frosh into the lead against last year's Big Ten Champions by chalking up ten points for himself and leading his teammates into a sizable lead when he was taken from the floor to save the varsity from humiliation.

Other freshmen also helping Gamma Lambda's standing are Joe Crawford, shotputter, and diminutive Bert Anthony, flashy 440 man. In the backfield of the freshmen's first ranking pigskin squad were found pledges "Jitterbug" MacIntyre and "Frosty" Sprowl. Pledge Manby recently received his appointment to the United States Naval Academy and will be swabbing decks for Uncle Sam in July.

Finals, bloodshot eyes, long burning lamps and the inevitable quiet hours maintained by senior forensic director Bob Carr are here now. As a

result, however, we expect to breeze away from the Indiana State dance with the scholarship trophy safely tucked under our arms for the seventh consecutive year.

The third Delt house party at Turkey Run Inn in Turkey Run State Park will again probably be the first ranking social function given by a campus organization. The Delts, by the way, are the only group allowed by Purdue officials to stray off campus for a social function.

Baseball season opens in two weeks under the direction of Delt "Dutch" Fehring, '34, who received 9 major letters, and made All-American Half-back, All-Big Ten Basketball Guard, and All-Big Ten Baseball Catcher." Supporting "Dutch" will be Delts Bob "Dizz" Bailey and "Georgetown Kid" Ruppert on the mound with Keith Correll in the outfield. Jack Swander, treasurer-elect is assistant baseball manager this season, and will automatically be senior manager next year.

Seniors "Whispering William" Reininga and "Thursday to Tuesday week-end" Walters have that matrimonial look in their eyes, while laundryman and prexy McGhee worries about three dates for one dance. Milt "Cutthroat" Reeves, assistant business manager of the Boilermaker rag—*Exponent*, persists in being the "other" man in several Delt romances simultaneously.

The Shelter vibrates with swing and jitterbugs now that we have a new pick-up that broadcasts to all of the radios in the house. Other physical additions to the Shelter include new living room furniture and carved oak dining room chairs generously presented by the wheel horse alumni association.

JACK SWANDER

Gamma Mu—Washington

GAMMA MU entered the new school year with very promising prospects of continued prominence on Washington's campus.

The chapter was especially fortunate in securing Mrs. Dorothy Chase Denison as the Shelter's new house mother for the coming year. Mother

Denison came to Gamma Mu after two years as house mother for Pi Kappa Alpha fraternity at Syracuse. She also has served as private secretary to the Bremerton Branch of Stone and Webster. She has proven herself a real asset to the Shelter and has become a true friend of all the men in the Shelter.

Gamma Mu finished fall quarter with fifteen top-flight pledges, who have proven themselves outstanding in campus activities already.

On February 5, Gamma Mu will play host to four Northwest chapters at the Northwest Alumni Initiation, at which time two of the outstanding pledges of each chapter will be initiated by an initiating team composed of Seattle alumni. We are expecting over two hundred fifty Delt actives and alumni at this initiation.

Gamma Mu men have proven themselves quite active in campus activities. Sam Bunker was appointed by Dean Condon as general chairman of High School Leaders Conference. Sam pulled it off with out a single hitch in the program. Don Christenson ably directed the publicity for the conference.

Christenson also has received the unopposed nomination for vice-presidency of the Associated Students of the University of Washington.

Other Deltas have become active in campus honoraries. Fred Paul is rushing chairman of Phi Alpha Delta, legal fraternity. Merwin Casey, Earl Horswill, and Bob Yoemans are members of Phi Delta Phi, legal fraternity.

Floyd Vinson has been elected president of Alpha Kappa Psi, B.A. honorary, and Don Christenson and Bob Burnside are also members. Vinson is also a member of Tau Kappa Alpha, Pan Xenia and is manager of the varsity debate squad.

Chuck Hunter is a member of Amonii Socii, and Sam Morrison is a member of Atelier.

President Bill Paul is prosecutor for the interfraternity council and Dick Poole is a member of the interfraternity council's rushing rules committee.

On February 24, Gamma Mu will

again be host to Delt chapters. This occasion will be the annual Pacific Coast Regional Conference to be held in Seattle this year.

So as Gamma Mu starts on the second half of the school year it can well be proud of its accomplishments so far and look forward to winding up one of its best years.

H. EUGENE GEORGE

Gamma Nu—Maine

AS A FITTING climax to the University of Maine's football season, Gamma Nu held its fall dance November 11. The dance proved a huge success, being attended by a capacity crowd, including many from the other local chapters.

John Pratt had a very enjoyable season as manager of the varsity football team, making many interesting trips with the team.

The chapter's track men this year include Ken Bouchard, Bill Bower, Walter Gosline, and Lyle Butler. Ed Brann is busily engaged as ticket manager of the Maine Masque.

The fall held many accomplishments for our chapter, but now we are commencing the new year with even higher hopes and ideals. Ken Bouchard, rushing chairman, is working hard with plans for the coming rushing season. Gamma Nu is determined to make this its most successful rushing year. Old Man Winter has already arrived, and winter sports are in full swing. Bill Bower is the campus marvel on skis, as well as a letterman in track. Basketball is another sport attracting considerable interest at present. Walter Reed is assistant manager of the Maine team.

Rus Gamage, social chairman, is doing a good job this year, as evidenced by the great success of our dances and "vic-parties." We are making plans for a big dance during rushing.

Carl Toothaker is our president and the chapter's outstanding activity man. He is chairman of his class executive board, chairman of the Pale Blue Key Dance, president of the Intramural Athletic Association, and a member of the Student Senate and

Interfraternity Council. Under his leadership we expect to climb higher in many ways.

JOHN PRATT

Gamma Xi—Cincinnati

WE PLEDGED twenty-three men at the beginning of the school year. Seventeen of these men will be initiated in February.

In intramurals the chapter stands third on the campus. We won the volleyball cup.

Rick Campbell has been pledged to Sigma Sigma, honorary fraternity.

We will have plenty to report next time, both in words and in pictures.

CARL RHUELMAN

Gamma Pi—Iowa State

GAMMA PI enjoys that feeling of security that comes from having an absolutely full house and a number of boys living outside just waiting for a chance to move into the house. Not only that, but the fact that we are getting more and more boys into campus activities proves that we are advancing by leaps and bounds.

President Wise is active in the R.O.T.C. and is a member of Scabbard and Blade. Bob Fletcher is very interested in Y.M.C.A. work. Kent Magruder is swinging a heavy stick on the Iowa State polo team, and Max Ryerson is holding a managers position for the basketball squad. Rol Meyer does a great job as a high jumper and is also one of those boys that does the point grabbing in the sprints.

Marvin Isvik is secretary of the engineering council. Ted Smith is in the concert band. John Carpenter beats a mean drum in the College band.

Due to the great work of Don Frantz and "Buzz" Henderson, Gamma Pi still holds the best firesides on the campus, and the winter formal gives all indications of being the outstanding social event of the year.

Following the lead of some of the other boys, pledges Ted Ptak and Rush Benson went out for band work and made the grade in a big way. Bob Know followed Marvin Isvik's lead and is singing a mighty good tenor in the Glee Club. Pledge Les Boom-

hower is being trained to fill Magruder's boots on the polo field.

Intramural sports are looking up, what with the Deltas starting the season off with a bang by beating the Phi Deltas to the tune of 25-21 on the basketball court.

That's about the line up and it sure looks to be a swell set up for a great year.

REX R. HALL

Gamma Rho—Oregon

CULMINATING a quarter of a century on the Oregon campus, one hundred fifty actives and alumni gathered at the Shelter, Homecoming weekend, to honor Gamma Rho on its 25th anniversary. Heading the birthday banquet table were Gamma Rho's three nationally known authors, Edison Marshall, coming all the way from Georgia, Ernie Haycox and Robert Ormand Case, both from Portland, Oregon. Ten of the original twenty charter members were in attendance. Needless to say $\Delta T \Delta$ won the Homecoming cup awarded the fraternity with the largest number of returning alumni.

Representative of Gamma Rho's pledge class are Jack Daniels, freshman class president; Norman Foster, winner of Oregon's Jewett Speech Contest; Leonard Reucher and Bob Hill, sophomore and freshman basketball managers; and Bert Strong, circulation manager of the *Daily Emerald*.

Breaking Oregon's traditions, Gamma Rho is first in bringing a house mother to campus fraternity life; under the guidance of Mrs. Carter, Delt social functions have been gaining social prominence. A formal dinner-dance is slated as the highlight of our winter social season.

The chapter is proud to present to the campus this term, a new president, Harry L. Regnart, replacing Jim Woods, whose resignation was regretfully accepted when he left the campus.

Future plans take Gamma Rho *en masse* to honorary initiation ceremonies at Seattle under the auspices of the Seattle and Portland Alumni Chapters.

WALTER E. WENDT

Gamma Tau—Kansas

AT THE close of Rush Week, Gamma Tau "yelled in" fifteen new pledges from whom the chapter is expecting great things.

The Paddle Party, the annual dance given in honor of the freshmen, was held at the Shelter October 21. In keeping with the theme the main decoration was composed of two huge figures of freshmen "assuming the angle" and a swinging paddle reaching from the floor to the ceiling.

We were very pleased with the large attendance at the 24th Homecoming banquet, November 5. Among the group were six charter members of the chapter. The climax of the dinner was the Court of Honor Citation awarded to Frank T. Stockton for his loyal services to the Fraternity by Charles L. Carr. Brother Stockton is Dean of the Business School.

Through the excellent intramural organization by June Cahill, Gamma Tau received second place in both the fields of football and horseshoes. Bruce Voran, our steward, has been doing fine work on the Kansas basketball team this season. Jack Trice is center on the freshman squad. In track we are represented by Dick Ash and Don Merriman, 440-yd. men, and J. R. Jones, a broad jumper and high-hurdler.

Jack Severin and Keith Fraizer were recently initiated into Ku-Ku, pep organization. Al Muzenick is now a member of Delta Phi Delta, honorary art fraternity. Harry Wiles and Don Simpson have been pledged to Phi Delta Phi, legal fraternity. Bob Riederer and John Green are members of Nu Sigma Nu, medical fraternity. Gordon Brigham was reelected president of Alpha Phi Omega, service organization. Jim Bell, editor of our own *Keltz*, is also managing editor of the *Sour Owl* magazine and make-up editor of the *Daily Kansan*.

We have begun a new and up-to-date alumni file which, when completed, will include the correct address, all information concerning the chapter and university activities, and a small photograph of every Delt of Gamma

Tau. Any further information from any alumnus will be welcomed.

TOM CARR

Gamma Upsilon—Miami

TO ALL the chapters that feel that their publicity departments have let them down, we of Gamma Upsilon recommend a good, bright red fire. It works magically. First there is a huge write-up in the local newspapers and the associated news services pick it up. Then telephones bring anxious calls from parents. The insurance adjuster arrives and reality breaks through the emotional state of the brain. Try to plan the fire so that you have to move just as the professors are giving a round of tests. Then you can try to find a place to stay, move in, and study all at once.

But it does have certain advantages. As we move into the practically new house we can proudly say that we are living in one of the best houses on the campus. (If possible to arrange, it would be best to have as your faculty adviser a man who is an architect.) Willis Wertz, our faculty adviser, is responsible in our case for the fine work which has been done during the remodeling.

But the chapter hasn't dropped its activities. Under the coaching of Sam Paterson and Chick Olin, the basketball team maintained its reputation very well. Teams are still fighting for the glory of Gamma Upsilon in bowling, ping-pong, and pit volleyball. Final games have not been played, but the chances of our winning are far better than fifty-fifty.

Our dances are hanging from the ceiling. We used the funds set aside for dances during the first semester for lighting fixtures and other decorations. Other fraternities have graciously provided invitations to open houses and formal dances. These other fraternities have also helped us out in another, perhaps even more important, matter. Since our boarding club had no place to cook and serve meals, the other houses have taken us into their clubs. The interfraternity spirit on this campus has proved itself very high.

A. A. LEININGER

Gamma Phi—Amherst

GAMMA PHI of $\Delta T \Delta$ continues to thrive and to grow in stature and wisdom. With what is perhaps the most promising freshman delegation in recent years, athletics and extra-curricular activities around the campus are seeing the faces of many of the brethren. Scholarship, always high at Gamma Phi, continues its winning ways, for we were nosed out for first place in campus scholarship by a scant tenth of a point, by the non-fraternity group. In this connection, our treasurer, Dick Phillips, won the Addison Brown Scholarship, awarded to that member of the senior class who has the highest three-year average.

Charlie Peirce, on the frosh swimming team, is showing promise that bids fair to rival the achievements of Green, '37. Pledge Bill Shaw is a veteran member of the ski team, as is Red Valens.

Ben Gaskell and Charlie Wight are competing for the business managership of the *Olio*, senior yearbook. They are the only two survivors of last year's competition. This year's group numbers among its members pledges Bill Shaw and Bill Thompson, and Brother "Ace" Stewart. Harry Rudden is a regular player with the Amherst Masquers, College Dramatic organization; Ben Gaskell, Red Valens, Charlie Peirce, Bill Machmer, Bart Green, Stu Kinney and Hank Bruyn have also been active either on the stage or behind it. Bob Bartholomew and Ray Smardon are active members of the Debating Council and the Speaker's Club. Bill Thompson is acquiring quite a name as a cheerleader. Prexy Jim Brown is a member of the *Touchstone*, humor magazine art board, and frosh Wilcox has had several cartoons accepted by the same sheet. Active in the rejuvenation of the Outing Club have been its president, Ed Hubbard; treasurer, Jack Hall; and trip manager, Red Valens. Hall has also been signally honored by the College, as he has been chosen to be the Amherst representative at Doshisha, the Amherst-supported university in Kyoto, Japan. This is a two-

year job, rich in valuable experience and hard work. Jack is indeed fortunate, and we wish him all the luck and success in the world.

Horace "Ace" Stewart has been appointed rushing chairman for next year's campaign and has already set in motion the machinery of his job.

Therefore, you see, we are optimistic with reason.

ED HUBBARD

Gamma Chi—Kansas State

TO START the year out right Gamma Chi had its annual rush banquet which was even a greater success than those of previous years. The master of ceremonies was Frank Root, an alumnus of this chapter, who introduced the speakers of the evening, President F. D. Farrell and Dean L. E. Call, also alumni of the chapter, to the rushees.

After the business of rush week was over, Gamma Chi went whole heartedly into intramural sports with a fine touch football team. The team was not scored on until the semifinals and went undefeated until the play off for the championship of the league in which we were defeated by one touchdown. Richard Banbury and Dick Hotchkiss, members of Gamma Chi's backfield, were chosen as backfield men on the all-school touch football team.

Each year the Panhellenic Council sponsors a prize to the fraternity and sorority having the best decoration on its house for the Homecoming game. The prize was won this year by Gamma Chi with decorations depicting Wildcats roasting Jayhawks over a roaring fire. The idea was conceived by the decorations committee, Dean Arnold and Bob Mears, and the artistic work was done by Dick Jaccard. The whole chapter assisted these leaders in the project.

Three of Gamma Chi's former freshmen, Warren Adcock, Vincent Ellis, and Robert Washburn were complimented for their outstanding scholarship by the Phi Kappa Phi honor society at the annual freshman recognition program. This recognition program is to encourage those freshmen who show promise of hav-

ing a good enough scholastic average to become a member of Phi Kappa Phi in their senior year.

VINCENT H. ELLIS

Gamma Psi—Georgia Tech

THE SCHOOL year started in fine style for the Delts of Gamma Psi with a very successful rushing season and twenty-one names added to our pledge roster.

History was made for us during Homecoming week! The race for decorations was so keen between the fraternities that we felt very proud when the announcement was made of $\Delta T \Delta$'s having won first prize.

The Homecoming dances were enlivened by the swing music of Red Norvo and Mildred Bailey. This set of dances was held in the new gymnasium which was most appropriately decorated for the fiftieth anniversary celebration of Georgia Tech.

In the Ramblin' Wreck competition held November 11 at Grant Field, an ancient jalopy concocted by our chapter won third prize. These prizes should add to the appearance of our Shelter.

The annual Christmas party of Gamma Psi was held at the chapter house Friday night, December 16. Following our custom, four children who would not have had Christmas of any kind, were made happy by the personal appearance of Santa Claus with toys and clothes for each one. After the festivities of the Christmas tree, dancing was enjoyed by the members and their dates and many of the alumni, including Chapter Adviser Charles Sumner.

Best wishes to all in the New Year of 1939 for happiness and prosperity!

HARRY A. FLEMISTER

Delta Beta—Carnegie Tech

"HOWDY" to all Delts, no matter where they may be—Kokomo or the South Sea Isles. And there's a reason for our good will other than the past yuletide season. We inaugurated pre-school rushing this year and $\Delta T \Delta$ spread eagled the field. We used a boxers technique of slipping in the first punch, which we did with a big country club dance the first evening

the rushees were in town. We followed this with a skating party, and take my word for it, it's unbelievable how well acquainted and chummy you are after the third fall. A tired but happy group gathered for the house dance which closed the rushing season. Everyone we wanted walked over to have his "ribbon" pinned on, and there was never a finer bunch of pledges. We're expecting wonderful things from them when they trade their pledge pin for the Golden Square.

Rushing season was just the beginning of a fine social season. A victory pledge dance was given with a lot of that good Delt spirit, and to keep the boys happy we had a radio dance after the first football game. At the sorority rushing formals, the Delt actives and pledges outnumbered all the other fraternities combined. Saturday, November 5, is a day and night which won't be forgotten for many moons. Homecoming, and what a celebration the grads came back to, a 20-10 triumph over Pitt. Condit, a pledge, ripped Pitt's line to pieces, and Moersch, another pledge, kicked one out of bounds on the four yard line. This all added to the uproar at the Homecoming dance that night in the Shelter.

Our pledge class treated us to a swell dance November 12, and made us realize again that we had a superlative gang of workers getting ready for Deltism. Basketball is the only intramural sport started at present, and Delta Beta has to work hard to win this coveted cup, the only major cup that we haven't won in the past three years. In varsity basketball our only representative is your correspondent, who is playing his second year on the first five. Delta Beta is making a determined effort to perceptibly raise its scholastic standing, and we wish you all success in the same and other endeavors.

GORDON L. COMBS

Delta Gamma—South Dakota

DELTA GAMMA, with a fine new house and a fifty man chapter, is all set for another big year on the South Dakota campus. With one semester

gone and another promising one coming up, a survey of the school year to date shows that we have the usual generous representation, in extracurricular activities to which we have been accustomed. This year's varsity basketball squad numbers among its members four Deltas; Joe Cadwell, Quentin Evers, O. F. Jacobsen and Mack Albertson. Rod Parsons, letterman and center, was our football man from the House. George Schmidt, Ross Oviatt and Mark Wagner comprised four-fifths of the University debate team which won the Missouri Valley tourney at Omaha this winter. The University band is bolstered by Manford Abrahamson, Carrol Mork, Howard Saylor, Fred Smith, Bud Hall and LeRoy Haberman, while the dramatics department is well taken care of by Don Crawford, Don Whitman, Dana Lepler, Russ Gilman, Bud Hanson, George Schmidt, Mark Wagner and LeRoy Haberman. An exceptionally fine showing was made in the University production of *No More Peace*, when the Deltas cornered six of the leading rôles.

Now, with our annual formal banquet and dance coming up, everyone is working to get settled in the new house so that we may show it off to the best advantage. We should especially like to use this medium to express our thanks again to the alumni who have worked hand in hand with the active chapter and made our new house possible. We welcome any and all Deltas to visit us and see the new Shelter. And here's hoping you all have as good a year as we're having.

LEROY HABERMAN

Delta Delta—Tennessee

THE MEMBERS and pledges of the Delta Delta have just returned from the Interfraternity Council banquet at which Dr. Henry Hitt Crane, Gamma Zeta (Wesleyan), '13, was the speaker. Brother Crane emphasized, in his address, the brotherly spirit which is essential to true fraternity life. Below I will name the outstanding achievements made by

members of the chapter during the past year, but I would like to say that above all, we feel that we have been a more unified and brotherly chapter than ever before. This, we consider to be our cardinal contribution to Delta Delta of $\Delta T \Delta$.

Activities have been varied this year all the way from Denman's winning of the barnwarming milking contest by puncturing the balloon with his Delt pin, to the entertainment of such visiting Deltas as Robert Wallenborn, pianist for Grace Moore, James Melton, the popular tenor, Dr. Crane, and our esteemed president, N. Ray Carroll.

In the sports line, we have Harry Schultess, Syd Jordan, and Bill Reed. Schultess is the star center for the Vols court squad; Jordan is a golfer without peer; and Bill "Ike" Reed is not like the proverbial tortoise when it comes to aquatics. All three are expected to go a long way toward varsity honors.

The House is well represented by student activity men. Among these is Jack Denman, editor-in-chief to be of the *Orange and White*, president of the Interfraternity Council, student announcer for the University radio station, and one of the originators and promoters of the "Sadie Hawkins Week" which achieved national recognition. Bill Fischer is also one of our most prominent student activity men. He is a member of the Nahheeyayli Dance Board, Fraternity Relations Board, and incidentally, prexy of this chapter.

Among the engineers we have Wilson, Hall, Francis, and Webster as representatives of AIEE; Stevens, Coppedge, Berry, and Jordan are active members of AICHE; and Al Hutchison of ASCE.

Syd Jordan is treasurer of Alpha Chi Sigma, honorary chemical fraternity. George Thomas is active on the *Orange and White* and the Intramural Staff. "Ike" Reed also knocks out a few articles for the *Orange and White*.

Fine showings were made in intramurals with golf and tennis being the most outstanding. Bill Fisher and Joby Barton were our linksman and

"Red Goon" Pickett and "Ike" Reed our netmen.

Champ Stevens will be the man to beware of between the first and the tenth of the month from now on—he is our new treasurer. We are sure that he will handle it as capably as his predecessor, Charlie Taylor.

The prospects for the rest of the year are most encouraging. Basketball is next on the schedule and we have a crackerjack team as usual. The All-University Sing is not far off and the bathtub basses, tenors, etc., will have their fling. Incidentally, we'll be out to get another leg on that cup as we won this particular event last year.

EDWARD PICKETT, JR.

Delta Epsilon—Kentucky

BACK after a long Christmas holiday the boys at Delta Epsilon are all pepped up and ready to start the long last lap of the present school year.

We started off with a bang this year in intramurals, under the able direction of manager J. B. Faulconer—being up there fighting for first place. After taking honors in football and tennis, everyone is in high spirits over the basketball prospects and expect to bring home the trophies when the school year comes to a close.

The boys still rate at Guignol, the campus theatre, with Frank Davis as chief usher, Fount Crow head usher, and Bill Tudor and Faulconer doing their "Romeo" parts on the stage. Tudor was also initiated into Omicron Delta Kappa last fall. Faulconer is also manager of the crack Kentucky basketball team this year, and Louis Haynes manager of the tennis team.

We have our share of the "war" department with Stan Hays the Cadet Colonel and Frank Davis a First Lieutenant of the Pershing Rifle group. Charles Parrish was appointed to the men's student council, and Orville Patton as a member of the interfraternity council.

In the journalism line President Ed Muehsler is managing editor of the *Kentucky Kernel*, newspaper, and Wynne McKinney is circulation man-

ager. Tudor is managing editor of the *Kentuckian*, yearbook; J. D. Davis, associate editor; Faulconer, special editor; and Earl Fowler, fraternity editor.

Sickness seems to be the jinx with the officers this year, as prexy Muehsler and treasurer Clayton Bullock have taken turns on the operating table for an appendectomy.

Several of the boys are already making plans to attend the Karnea this coming summer.

So—so long—see you in Denver!

ELBERT COOPER

Delta Zeta—Florida

SCHOOL opened this September with a completely rejuvenated group of men. We were determined to put on a successful rushing campaign. The Central Office was behind us and loaned us the services of Murphy Holloway. Everyone pitched in and gave his best to the cause. The results obtained weren't quite expected but all those who accepted the pin are fine lads.

A significant result of the campaign last year to arouse alumni interest in the state was seen in the number of alumni who dropped in during rush week and Homecoming. We welcomed the old faithfuls but it was the number of new faces that really cheered us up.

Our alumni are as interested in our new house plans as we are ourselves but all the active chapter can do to cheer them up during the seemingly interminable series of delays until ground is actually broken is to tell them of the progress we have made on paper. While it is reasonable to believe we shall be in the house before final exams it would be safer to say we will be in it for school next year for sure. It is expected that construction will start sometime during February. We plan a "Praise Allah" ceremony at the time so watch for a Delt Doings announcing further details.

As predicted in the last news letter, the chapter is looking forward to a materially better intramural standard as well as an improved scho-

lastic standard in anticipation of a great future.

So with a renewed faith in the destiny of Delta Zeta we look forward to a beautiful new Shelter and a much larger place in the fraternity sun of the University of Florida.

The chapter sends its wishes for a Happy New Year to all who may read this.

TERRY DRAKE

Delta Eta—Alabama

WITH another semester drawing to a close, your old Delta Eta correspondent finds himself once more seated at "betsy" to pound out Delta news from the "Deep South," namely Alabama.

A cracking good pledge class of twenty-one men started the chapter off with a bang—men, who in the past few months, have really shown their metal and are all worthy of wearing the pledge pin. With such a fine beginning, Delta Eta has progressed with rapidity since those glorious autumn days.

Intramural sports seem to be one of the Delt's most outstanding achievements, and the loss of the championship last year by a mere three points, is acting as a potent incentive to capture it this season. Losing one game in football added a good many points to a climbing record and with the winning of the volleyball championship, Delta Eta at the end of the semester was only ten points behind the leaders. Soccer netted two losses to four victories, and several points were picked up by "Slick" Bitter and Joe Johnson in the boxing matches, just prior to the holidays. Basketball, always a strong Delt sport, begins immediately after exams, and although the team will miss Jack Waite, who graduates in February, coach Harry Sugg feels that the purple quintet will be able to match shots with anyone at Capstonia. Later spring sports look favorable too, as several of the new pledge class have shown proficiency in athletics.

Two Delt's won their varsity "A's" playing guard and tackle for the "Tide" during the past season. They were Cullen Sugg, and Fred

Davis respectively. Both have another year at the University and will see much action next season. Bob Sauer, brother of Delt George Sauer, Nebraska All-American of several years ago, was one of the outstanding freshman players and is due for some action in years in the future.

Three initiations have been held during the semester.

The chapter was fortunate to have James P. "Doc" Baker in Tuscaloosa both during rush week and for several weeks during late fall. "Doc" gave advice and assisted the chapter in many ways both material and otherwise which have added to its rapid climb this year.

Our national president, N. Ray Carroll, accompanied by Hugh Shields, visited the chapter during November as did Lieutenant Commander McDaniel, President of the Southern Division. All were most welcome and we are looking forward to a return visit in the near future.

With a formal dance in March in the offing the social situation is well in hand.

GEORGE BORGEMAN

Delta Theta—Toronto

THE BOYS came back to the Shelter last fall to find many improvements in evidence. Various and sundry decorative schemes had been carried out. The grads and city men had coöperated during the summer in building a new ping-pong room in the basement.

The social season has been a marked success, featuring tea dances after University rugby games, and the annual hard times party November 26. An innovation this year has been the organization of a club comprising the mothers of Deltas and the wives of graduates. Bill Disher and graduate president Suds Malcomson are to be congratulated for their efforts in the formation of this club.

Delta Theta is again well represented in the world of sport. Bill Disher, York Williamson, Murray Kilpatrick, Dave Jamieson, and Harry Kimber took part in intramural rugby. Dick Craig is doing some very accurate sniping for the varsity senior

hockey entry, which is at present touring the States. We have not yet been able to verify rumors of a Hollywood contract for Dick, but we understand he is "on location" at the time of writing.

Four men were initiated November 19. Following the initiation the chapter gave a dance at the Old Mill. Our initiated membership is now twenty-two and a fine year seems assured.

HARRY KIMBER

Delta Iota—U.C.L.A.

DELTA IOTA has spent the last semester very profitably. We started it out with the pledging of a class of fifteen men and the personnel is considered to be the best on the campus. We are confident that we will be able to initiate almost all of these men next semester. They gave us a very excellent pledge dance which featured favors for all of the girls. These consisted of a fine gold bracelet with the Delt crest.

The House has done a good deal this semester with an eye to the new house which we hope to start within four or five weeks. Our scholarship is in a better position, and we are keeping up our drive for better grades. We have also kept up extensive rushing throughout the semester for February men and expect to have an excellent class at the midyear.

The men have been very active in athletics and we have two men on the varsity football squad who are now on their way back from Hawaii and two men on this year's freshman team. We are represented on the basketball team by one man for the varsity and two men who will make their numerals with the frosh. We have also done well in interfraternity athletics tying for first in our league for football and winning the league championship in basketball. We are now in the finals for basketball and are the only undefeated team in all four leagues.

Three men were initiated into Phi Phi, national honorary social fraternity, and four men from the House were taken into Blue Key, the senior honorary.

We ended the semester in a blaze of glory with a big dance New Year's eve which we held at the Del Ray Gun Club. We had decorated the club for the occasion as a bowery and everyone was dressed in costumes of that period. The dance was quite a success and closed the year with a bang.

BOB BELSEY

Delta Lambda—Oregon State

THE CHAPTER completed the first term of this school year with a total of eighteen pledges, one of whom was the president of the senior class. The freshmen made a creditable showing in their first term. Among the House activities which they actively supported was the longest freshman walkout staged on the campus this year. They also planned a pledge dinner which was very successful. These activities were carried out under the leadership of Bill Hand, pledge president.

The House entered wholeheartedly in a Barn Dance given last term. Much credit is due the social chairman, Mark Corwin, for a very enjoyable evening. Plans are now under way for the formal to be held January 21.

Mr. Herbert W. White, Gamma Eta (George Washington), '10, father of Herb White, Jr., member of Delta Lambda, presented a beautiful scholarship plaque to the chapter at Homecoming. The name of the freshman attaining the highest scholastic average during his first year is to be engraved upon it. The chapter greatly appreciates this gift and sincerely hopes that the names engraved upon it will always merit the honor and recognition.

The Portland Delt Mothers Club gave the House a beautiful Telechron electric clock as a Christmas gift. This clock now rests on the mantel over the fireplace in the living room of the Shelter.

At the beginning of this winter Delta Lambda put another man into publications when Ed Burchell was reappointed editor of the *Barometer*, daily newspaper. Ed was editor of the daily last year and was appointed at

this time to fill out the unexpired term of this year's editor.

Delta Lambda expects to participate in the Annual Northwest Regional Initiation and Banquet, which is to be held this year in Seattle, February 4 and 5. The Seattle Alumni Chapter will put on the initiation and arrange the details of the banquet.

Delta Lambda is looking forward to the Founders Day when this chapter will visit Gamma Rho at the University of Oregon, Eugene.

At the first convocation of the preceding term Frank Wells and Bill Henderson were recipients of Phi Kappa Phi freshman scholarship awards. These are given to students who in their freshman year maintained an average of 3.25 or B+.

LEE A. WELLS, JR.

Delta Mu—Idaho

EIGHTEEN Delts are active in Idaho publications and $\Delta T \Delta$ will control the *Gem* again next year with Jim Boyd as editor and Dick Phinney assistant business manager. House President Jim Yoder and John Rupp are also *Gem* assistant editors this year. Charles and Bob Harris are business managers of the *Idaho Engineer* and the *Idaho Forester*, respectively.

Sports, also, have their following among the Delts. Three Delts will be in line for the national intercollegiate boxing title this year: Bud Benoit, who won the title last year for his weight, Ted Kara, former captain of the Olympic boxing team, and "Slingin' Sammy" Zingale, for whom Coach August predicts a brilliant boxing future. Junior class vice-president Merle Stoddard, who has starred in two major sports, football and baseball, will again be on the mound for the Vandal baseball team. Jay Nungester is the captain of the Vandal swimming team.

Ed Snow is senior baseball manager, also, our intramural manager.

Conrad Underdahl is senior boxing manager, Chuck Murphy and Don Southworth are also boxing managers.

Steve Utter and John Sewell represent the house in the Intercollegiate Knights, and Steve, with Jim Jewell and Paul Sartwell are members of Pershing Rifles. Scabbard and Blade, the upperclassmen's military honorary, has Delt members, Dick Hutchinson and Ben Humphrey.

Other numerous honoraries claiming Delt members are: Silver Lance, Jim Yoder; Blue Key, Dick Hutchinson; Press Club, Jim Yoder and Dick Paris; Sigma Tau, Charles Harris; Alpha Zeta, Ed Iddings; The Curtain, Bob Harris; Bench and Bar, Jim DeCoursey; Hell Divers, Dick Hutchinson and John Rupp.

The House is represented in the Interfraternity Council by Jim Boyd and Dick Phinney.

STEVE UTTER

Delta Nu—Lawrence

AFTER starting the new school year with a highly successful rush week, Delta Nu has maintained a steady pace of achievement. Top events of the first semester include the winning of first place in interfraternity football, for which we were awarded a beautiful gold plaque. Five Delts received football letters for services rendered the undefeated Viking Midwest Conference Champions. Two of them, Joe Maertzweiler and Jack Crawford, were rated as all-conference men. Ten of our pledges received freshman football numerals. The House also took a second place in interfraternity volleyball, and is represented by five men on the Viking varsity basketball squad. The House basketball team is at present well in its season, and as yet is undefeated.

Other fields show the election of chapter president Tom Jacobs as the prexy of the Lawrence student body. Sophomore Jack White was named managing editor of the *Law-*

rentian, premier college publication. Six Delts were recently elected to membership in Sunset, selected campus dramatic group. Other activities are well filled, with each and every organization and function on the campus numbering one or more Delts in the ranks of its members.

HOWARD N. LEHNER

Delta Xi—North Dakota

TO HELP the rushing season along this year Delta Xi completely remodeled its living room. Seventeen good men were pledged. A successful rush party started the social end of the chapter whirling.

After the Homecoming game with Montana University, an alumni banquet was held and business conducted afterwards. At this meeting something was accomplished that Delta Xi has been working for ever since being installed into $\Delta T \Delta$. A house corporation will be formed as soon as the legal part is adjusted.

All of the leading dances on the campus this year are being managed by Delts, the music also being furnished by Don Hiestand's orchestra. Don is a Delt. Ted Beeman, our prexy, has the honor of leading the first Junior-Senior Prom.

Intramural hockey and basketball has started with a bang this year as neither of our teams have been defeated, and the season is about half over. It looks like a couple of new cups will decorate the mantel. Just before Christmas we had our annual Kris Kringle party at which two men from each of the other fraternities on the campus are invited. This party has gained campus recognition.

This is the time of the year that all good Delts are hitting the books and cramming for those finals which are to keep us at the top where last year's pledges were and the entire chapter hopes to be this year.

M. BUTLER

THE DELT INITIATES

ALPHA—ALLEGHENY

- 661. Arthur Randall Martin, '41, 20 E. 6th St., Oil City, Pa.
- 662. William Holmes Gorman, Jr., '41, 920 Malvern Rd., Avalon, Pa.
- 663. George Peter Evert, '41, 330 Center St., Ridgeway, Pa.

Undergraduate Chapters

The names of the undergraduate chapter corresponding secretaries are given in this chapter roster.

Southern Division

PI—UNIVERSITY OF MISSISSIPPI, Joe C. Washington, Jr. ΔTA Fraternity, P.O. Box 205, University, Miss.

PHI—WASHINGTON AND LEE UNIVERSITY, Walter R. Guthrie ΔTA Fraternity, Box 112, Lexington, Va.

BETA DELTA—UNIVERSITY OF GEORGIA, Robert H. Hall ΔTA House, 248 Prince Ave., Athens, Ga.

BETA EPSILON—EMORY UNIVERSITY, Alva B. Lines ΔTA House, No. 1, Fraternity Row, Emory University, Ga.

BETA THETA—UNIVERSITY OF THE SOUTH, James P. De Wolfe, Jr. ΔTA House, Sewanee, Tenn.

BETA IOTA—UNIVERSITY OF VIRGINIA, W. Winthrop H. R. Jones ΔTA House, University, Va.

BETA XI—TULANE UNIVERSITY, Leonard K. Knapp ΔTA House, 496 Audubon St., New Orleans, La.

GAMMA ETA—GEORGE WASHINGTON UNIVERSITY, Lowell H. Moran ΔTA House, 1919 H St. N.W., Washington, D.C.

GAMMA PSI—GEORGIA SCHOOL OF TECHNOLOGY, Harry A. Flemister ΔTA House, 830 Spring St. N.W., Atlanta, Ga.

DELTA DELTA—UNIVERSITY OF TENNESSEE, Edward Pickett, Jr. ΔTA House, 1501 Laurel Ave., Knoxville, Tenn.

DELTA EPSILON—UNIVERSITY OF KENTUCKY, Elbert L. Cooper ΔTA House, Forest Park Rd., Lexington, Ky.

DELTA ZETA—UNIVERSITY OF FLORIDA, Terrence J. Drake ΔTA House, 625 Washington St., Gainesville, Fla.

DELTA ETA—UNIVERSITY OF ALABAMA, George J. Borgman ΔTA House, 721 Tenth Ave., Tuscaloosa, Ala.

DELTA KAPPA—DUKE UNIVERSITY, Clayton C. Carter ΔTA Fraternity, Duke University, Durham, N.C.

Western Division

OMICRON—UNIVERSITY OF IOWA, Paul R. Trey ΔTA House, 724 N. Dubuque St., Iowa City, Iowa

BETA GAMMA—UNIVERSITY OF WISCONSIN, Thomas M. Corrigan ΔTA House, 16 Mendota Ct., Madison, Wis.

BETA ETA—UNIVERSITY OF MINNESOTA, Lewis T. Gasink ΔTA House, 1717 University Ave. S.E., Minneapolis, Minn.

BETA KAPPA—UNIVERSITY OF COLORADO, Lawrence R. Prouty ΔTA House, 1505 University Ave., Boulder, Colo.

BETA PI—NORTHWESTERN UNIVERSITY, Thomas F. Seymour ΔTA House, Evanston, Ill.

BETA RHO—STANFORD UNIVERSITY, Robert M. Fitzmaurice ΔTA House, Stanford University, Calif.

BETA TAU—UNIVERSITY OF NEBRASKA, Albert W. Kjar ΔTA House, 1421 H St., Lincoln, Neb.

BETA UPSILON—UNIVERSITY OF ILLINOIS, James L. Wiley ΔTA House, 302 E. John St., Champaign, Ill.

BETA OMEGA—UNIVERSITY OF CALIFORNIA, Robert J. Hall
 ΔTA House, 2425 Hillside Ave., Berkeley, Calif.

GAMMA BETA—ARMOUR INSTITUTE OF TECHNOLOGY, Donald H. Sunde
 ΔTA House, 3423 S. Michigan Ave., Chicago, Ill.

GAMMA THETA—BAKER UNIVERSITY, G. LaVerne Smith
 ΔTA House, Baldwin City, Kan.

GAMMA IOTA—UNIVERSITY OF TEXAS, Homer C. Mueller
 ΔTA House, 1712 Rio Grande St., Austin, Tex.

GAMMA KAPPA—UNIVERSITY OF MISSOURI, Herbert Gage, Jr.
 ΔTA House, 1000 Maryland Ave., Columbia, Mo.

GAMMA MU—UNIVERSITY OF WASHINGTON, O. Floyd Vinson, Jr.
 ΔTA House, 4524 19th Ave. N.E., Seattle, Wash.

GAMMA PI—IOWA STATE COLLEGE, Rex R. Hall
 ΔTA House, 101 Hyland Ave., Ames, Iowa

GAMMA RHO—UNIVERSITY OF OREGON, Walter E. Wendt
 ΔTA House, Eugene, Ore.

GAMMA TAU—UNIVERSITY OF KANSAS, C. Thomas Carr
 ΔTA House, 1111 W. 11th St., Lawrence, Kan.

GAMMA CHI—KANSAS STATE COLLEGE, Vincent H. Ellis
 ΔTA House, 1224 Fremont St., Manhattan, Kan.

DELTA ALPHA—UNIVERSITY OF OKLAHOMA, Kenneth Harris
 ΔTA House, Norman, Okla.

DELTA GAMMA—UNIVERSITY OF SOUTH DAKOTA, LeRoy D. Haberman
 ΔTA House, Vermillion, S.D.

DELTA IOTA—UNIVERSITY OF CALIFORNIA AT LOS ANGELES, Whitney A. Collins
 ΔTA House, 1755 Purdue Ave., West Los Angeles, Calif.

DELTA LAMBDA—OREGON STATE COLLEGE, Lee A. Wells, Jr.
 ΔTA House, Corvallis, Ore.

DELTA MU—UNIVERSITY OF IDAHO, Stephen Utter
 ΔTA House, Moscow, Idaho

DELTA NU—LAWRENCE COLLEGE, Howard N. Lehner
 ΔTA House, 203 N. Union St., Appleton, Wis.

DELTA XI—UNIVERSITY OF NORTH DAKOTA, Maurice E. Butler
 ΔTA House, 2700 University Ave., Grand Forks, N.D.

Northern Division

BETA—OHIO UNIVERSITY, John Kirk
 ΔTA House, 32 President St., Athens, Ohio

DELTA—UNIVERSITY OF MICHIGAN, Howard K. Parker
 ΔTA House, Ann Arbor, Mich.

EPSILON—ALBION COLLEGE, Ewald K. Schadt, Jr.
 ΔTA House, Albion, Mich.

ZETA—WESTERN RESERVE UNIVERSITY, Arthur W. Battles, Jr.
 ΔTA House, 11205 Bellflower Rd., Cleveland, Ohio

KAPPA—HILLSDALE COLLEGE, William G. Wall, Jr.
 ΔTA House, 207 Hillside St., Hillside, Mich.

MU—OHIO WESLEYAN UNIVERSITY, Donald E. Hodgson
 ΔTA House, 163 N. Franklin St., Delaware, Ohio

CHI—KENYON COLLEGE, Donald L. Miller
 ΔTA Fraternity, Leonard Hall, Gambier, Ohio

BETA ALPHA—INDIANA UNIVERSITY, Otto T. Englehart, Jr.
 ΔTA House, Bloomington, Ind.

BETA BETA—DEPAUW UNIVERSITY, Richard R. Hughes
 ΔTA House, Greencastle, Ind.

BETA ZETA—BUTLER UNIVERSITY, Russell C. Lilly
 ΔTA House, 423 W. 46th St., Indianapolis, Ind.

BETA PHI—OHIO STATE UNIVERSITY, J. Gordon Dietrich
 ΔTA House, 80 Thirteenth Ave., Columbus, Ohio

BETA PSI—WABASH COLLEGE, Theodore R. Kennedy
 ΔTA House, 506 W. Wabash Ave., Crawfordsville, Ind.

★ **TO MAKE YOUR PARTY A SUCCESS** ★

INVITATIONS

The swing this year is to more formal parties. For such parties, we offer you **NEW Balfour invitations**—very formal white paneled invitations, or dignified deckle-edged cards, with crisp engraving.

PROGRAMS

We are proud of our reputation as the leading manufacturer of dance programs and proud, too, of the fact that our prices are *lowest*.

There are bright and gay programs with clever cut-outs to show your crest and colors, shining gold and silver metal programs, sparkling celluloids, and rich leather programs.

EVERY CHAPTER NEEDS "BAIRD'S MANUAL"

IF your chapter house library doesn't include at least one copy of the thirteenth Edition of *Baird's Manual of American College Fraternities*, it's time to act—quickly! This edition will be out of print in another few months, and the next edition won't be published until 1940—maybe 1941.

Edited by the late Dr. Francis W. Shepardson, it is his last great editorial contribution to the fraternity system. Get all the facts. . . Don't guess . . . teach your pledges the *right* information. . . Keep it for ready reference. Send your order today!
