THE DISTINGUISHED SERVICE CHAPTER

Delta Tau Delta summons to membership in its Distinguished Service Chapter, an honorary organization, those members of the Fraternity who have shown extraordinary loyalty and devotion.

Written nominations for citations, accompanied by specific information as to the services rendered, may be made by any member of the Fraternity to any member of the committee.

It is suggested that nominations be limited to those at least fifteen years out of college and that consideration be given to those whose inconspicuous and quiet labors have not become generally recognized.

Delta Theta's Fighting Delts

By Ivan C. Hardy, *Delta Theta (Toronto)*, '29

GREAT WAR II finds the same eager spirit of service and sacrifice in Delta Theta that was manifested twenty-five years ago in the chapter of that day. Instead of wholesale enlistment that claimed the entire chapter overnight as was the case in the last war, the boys of today have been quietly taking their places as the need arose and where their abilities can be of the greatest value.

Delta Theta is most ably represented in every branch of Canada's fighting forces by the following:

Franklin Sturgeon Milligan, '10
Thomas Stewart Graham, '15
Dr. Howard William Davis McCart, '20
Charles Thomas Sharpe, '24
Thomas Hunter Lines, '27
George MacKay Clark, '28
Robert Kenneth Cunningham, '29
Dr. Russell William John Zinkann, '29
George Gordon Milne, '31
Dr. Charles Albert Rudell, '31
Donald Percy Heeney, '34
Charles Ried Gallow, '35
Herbert Elgin Mitchell, '35
John Richard Leathes Crawford, '36
Harold John McKeever Butterill, '40
Louis Mason Sebert, '40
John Earlstoune Williamson, '40
Yorke Harvey Williamson, '40

Many others are attached to Militia and Reserve units having

completed training in the Canadian Officers' Training Corps, and the entire active chapter is undergoing similar training.

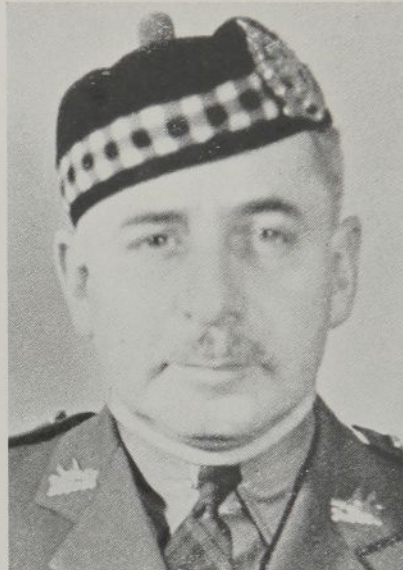

Delts hold key positions in Canada's war effort and since this war is so highly industrialized, their contribution is no less splendid. Par-

ticularly is this true of the older alumni, who served from 1914-1918 and whose wisdom and experience is of great value. It would be very difficult to find a single man who is not directly or indirectly contributing his share to our war effort.

The Mothers' and Wives' Clubs of Delta Theta are very busy preparing boxes of comforts and knitted necessities for the men overseas. They have had many grateful letters of appreciation for their work which is being supported wholeheartedly by actives and alumni alike. We are justly proud of this fine organization.

In spite of war, Delta Theta is carrying on and forging ahead. We have the finest pledge group on the campus, well fitted to continue our fine traditions. In peace or war Delts have always been ready when a man-size job arose to be done—those of Delta Theta are no exception.

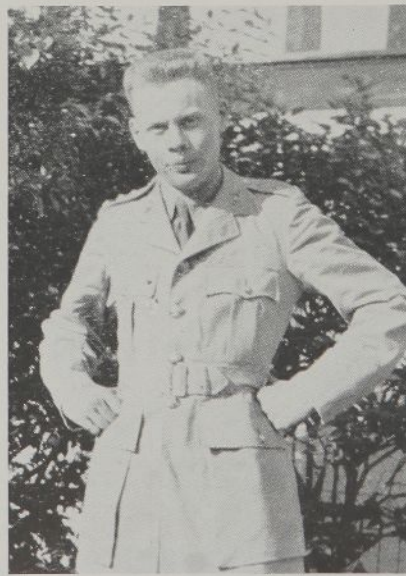

Editor's Note: The gentleman from Toronto who presented this brief article is Delta Theta's chapter adviser, Ivan C. Hardy. He writes that difficulties in visiting Canada are idle rumors. All you need is a visa, and that is not to let you visit but to allow you to return to the United States.

Higgins Stars in World Series

By Thomas E. Lane, *Delta (Michigan)*, '16

SINCE he left the University of Texas campus twelve years ago, Michael Francis Higgins, Gamma Iota (Texas), '31, has gathered in conspicuous measure the thrills and rewards of professional baseball. To the writer's knowledge Higgins is the first Delt to achieve fame in the fall classic. Even the baseball immortal, George Sisler, never had the opportunity to participate in a World Series. Higgins played the full seven-games series this year. As third baseman of the Detroit Tigers, he reached the highest point of his career to date through efforts in the 1940 World Series with the Cincinnati Reds.

Though Higgins was fated to play on the losing side, he was one of the outstanding performers in the championship classic. He emerged with two fielding records. One credited him with handling thirty chances in the seven games to top the former mark of twenty-eight set

by "Bucky" Harris, of Washington, in 1924. The other showed that in a single game Higgins had made nine assists, the largest number ever compiled by a third baseman in World Series competition. In the record books he displaced an old campaigner of the New York Giants, Fred Lindstrom, who happened, curiously enough, to have a seat in the stands at Briggs Stadium in Detroit the day Higgins threw out nine of the Reds. Lindstrom did not demand a recount.

What Higgins esteemed more highly than these products of his defensive deftness, however, was a home run he smashed into the upper deck of the left field pavilion to cement Detroit's victory in the third game. It was a tremendous drive, delivered with Bruce Campbell on base, and had the effect of chasing Gene Thompson from the mound.

"That," said Higgins, perspir-

ing in the clubhouse later, "was the biggest thrill of my life." ("Pinky's" mother and dad were in the stands to see that one.)

In making the choice, the veteran set aside satisfactions he had derived as a football player for the Texas varsity. In secondary positions he placed his selection as American League third baseman for the All-Star game of 1934; his feat of hitting three home runs in a single game this season against his old teammates, the Boston Red Sox; and his all-time Major League record of twelve hits in successive turns at bat.

Higgins fashioned that batting streak in 1938, while he was playing with Boston. He succeeded where for eighteen years challengers had failed to eclipse the mark of eleven straight hits that helped, in 1920, to give baseball immortality to Tris Speaker, the "Old Gray Eagle" of the Cleveland Indians.

In surpassing Speaker's achievement, Higgins gained a niche by which he probably will be best remembered but he insists that the World Series home run "gave me a

Fingers crossed—it worked! BRUCE CAMPBELL, left, singled; HIGGINS homered, "My biggest thrill."

bigger kick." It was one of eight hits that enabled him to finish the series with an average of .348.

If Higgins' consistency at the plate in the post-season battles with Cincinnati were surprising to the rank and file in the grandstands, it was strictly according to the expectations of his teammates. By them and by the profession generally, Higgins is recognized as a "clutch hitter." The technical term denotes effectiveness under pressure. Its application to Higgins was proved by the fact that his World Series batting average was eighty-seven points above the pace he set for himself in the regular season.

A man who rises to the demands of an important occasion is this Michael Francis Higgins, 31-year-old son of a Dallas police official. He was born in Red Oak, Tex., May 27, 1909, and in boyhood acquired the nickname of "Pinky" by which he is still known to the public though fellow players address him as "Mike."

Detroit News Photo
HIGGINS covering third base during practice.

"As far back as I can remember I have been called 'Pinky' around home," said Higgins. "I don't know how or why the name started. It's just one of those things that come from nowhere and stick."

By any name, Higgins would be one of the best liked men in his profession, or any other. He has all the qualities that make for personal popularity. Uncomplaining of his own troubles, he is quick to console another in the grip of a batting slump or more serious misfortune. Modest in self-appraisal, he is extravagant in praise of skill exhibited alike by teammates and opponents.

An example of Higgins' generosity is repeated each fall. As soon as he returns to his home in Dallas in early October, he offers his services as a football official free to high school teams that can ill afford to pay the customary fees. This is a rare gesture among professional athletes but in keeping with the spirit of Higgins—a sportsman in the highest sense.

Sheldon Clark Is Host to Chicago Delts at Rainbow Farm

By George G. Traver, *Gamma Gamma (Darthmouth), '24*

TUESDAY, September 3, will long be remembered by Chicagoland Delts as a red-letter day in the Fraternity's history. Over 200 alumni, actives, and their rushee guests enjoyed the hospitality of Rainbow Farm, Barrington, Illinois, the country estate of Brother Sheldon Clark, Beta Kappa (Colorado), '00, on the occasion of the Fifth Annual Summer Outing and Rushing Party of the Chicago Alumni Chapter.

A more ideal spot for a summer outing could not be conceived. Rainbow Farm, located among the rolling, wooded hills of Barrington, is one of the most beautiful country estates in the Chicago district. After three weeks of almost continuous rain, the weather cleared on Labor Day, and the day of the party was one of the brightest days of the entire summer.

The alumni and actives with their guests began arriving around five o'clock and spent the time before dinner strolling around the estate, renewing old acquaintances, and meeting the fine group of boys who were to enter the colleges and universities this fall.

The most distinctive feature of Rainbow Farm is the extensive pheasantry that Brother Clark maintains, which is one of the largest in the United States. Over 15,000 birds, ranging from hundreds of those newly hatched to rare specimens imported from all over the world, are housed in the most modern type of incubator and breeding equipment or roam about in a huge woodland area specially fenced for them. Everyone enjoyed the unique opportunity of visiting the pheasantry, and Brother Clark personally conducted as many of those as he could through the grounds and explained the raising of the birds to them.

At seven o'clock, a fine buffet dinner, prepared by Harding's, one of Chicago's famous eating establish-

ments, was served outside the picnic house, where the crowd gathered at picnic tables or sat on the grass under the trees to enjoy a sumptuous dinner.

The crowning event of the party was a professional boxing and wrestling show, which Brother Clark contributed for the entertainment of the group. A regulation ring had been erected in a picturesque setting with floodlights and all of the other paraphernalia of a big-time show, and as soon as it was dark the crowd gathered around the ring.

Informality was the keynote of the party, and there was no formal speaking program. Immediately preceding the boxing show, George Traver, chairman of the party, introduced Paul G. Hoffman, President of $\Delta T \Delta$, who had made a hurried trip to Chicago for the party. Brother Hoffman made a few informal remarks to the group, which made a deep impression on alumni, actives, and the rushees. He explained what $\Delta T \Delta$ is doing to make the Fraternity a useful adjunct to

the system of higher education. Brother Hoffman is in a class by himself when it comes to selling $\Delta T \Delta$, and everyone of the seventy-five Rushees left the party hoping that they would have the opportunity to wear the Square Badge within the next few months.

Brother Hoffman then introduced our host, Brother Sheldon Clark, and expressed to him the appreciation of the group for the hospitality shown to them at Rainbow Farm. Brother Clark, who is a member of the Illinois Boxing Commission, presented a card of boxing bouts and wrestling matches which couldn't be equaled at the best show and personally introduced the participants in each of the matches. There were two three-round boxing matches and two wrestling matches with thirty-minute falls.

Among those participating were Tony Zale, present Middleweight Champion; Barney Ross, former Lightweight Champion; Pete Lello, foremost Lightweight Contender, who has already knocked out Sammy Angott and Lew Jenkins, present holders of the Lightweight title; Nick Castilione and Gene Ward, Lightweight Contenders; Jim McMillan, Heavyweight Wrestling Champion, former guard on the University of Illinois football team, former member of the Chicago Bears, professional football team; Bert Rubi, former Olympic Wrestling Champion; Jean Bontron, former Austrian Wrestling Champion; Al Williams, one of the foremost Heavyweight Wrestlers of today; Lou Gordon, referee, former guard on the champion Green Bay Packers, professional football team; Dr. Allan Welch, a Delt from Barrington, Illinois, attending physician of the Illinois State Athletic Commission.

Analysis of the registration indicates there were seventy-seven alumni, forty-five actives, and sev-

Moffett Studio

SHELDON CLARK

enty-five rushees on hand for the party. The alumni and actives represented thirty-three different chapters, while young men entering fourteen different colleges and universities were entertained by the group. The alumni group was the most representative that has attended any Delt function in Chicago for many years. It included many of the local Delt who have made a real name in Chicago business and civic life.

In extending the hospitality of Rainbow Farm to the Chicagoland alumni, actives, and their guests, Brother Clark has made an important contribution to the interests of $\Delta T \Delta$ in this section of the country. No rushee could have attended this party without having been impressed with the caliber of older men who were in attendance and with the interest in the Fraternity and its welfare which prompts a busy man like Brother Clark to a

service of this kind for his Fraternity.

Delts throughout the country will be interested in the distinguished career in business and the world of sports which Brother Clark has achieved. He is vice-president of the Consolidated Oil Corporation and of the Sinclair Refining Company. He is a director of the National Petroleum Association and of the Western Petroleum Refiners Association. He is a sportsman of nationwide reputation, serving as commodore of the Yachtsmen's Association of America and former Commodore of the Chicago Yacht Club. He has for many years served as a member of the Illinois Boxing Commission.

Brother Clark is also active in civic affairs, serving as a member of the National Board of the Boy Scouts of America; as chairman of Region Seven of the Boy Scouts of America; and as national commo-

dore of the Sea Scouts of America. He is president of The Navy Council of Illinois.

Brother Clark has also been active in Republican political circles. He was a member of the Chicago Plan Commission; vice-president of the Lincoln Park Board, Chicago, from 1930 to 1934; a presidential elector from the State of Illinois in 1916; and secretary of the Chicago National Republican Convention Committee from 1916 to 1920.

Brother Clark has always maintained his interest in $\Delta T \Delta$, although the pressure of business and other interests in recent years has precluded his taking the active part in local alumni activities that he did in his earlier years. He has always been actively interested in Beta Kappa at the University of Colorado and in Delta at the University of Michigan, with which he was associated after leaving the University of Colorado.

GAMMA IOTA'S NEW HOME

Here is the new University of Texas chapter house. At right and left, above and below, are scenes recorded at the formal opening. Below is JOHN "DUB" SINGLETON, chapter president, standing by the fireplace.

A Texas Dream Comes True

By I. E. Clark, *Gamma Iota (Texas)*, '41

WHEN Gamma Iota formally opened its new house, October 5, two thousand guests—University of Texas students, Gamma Iota alumni, and Texas friends of the chapter—came to inspect Austin's new Delt Shelter.

Vases of flowers sent by friends covered tables and mantels, and telegrams of congratulations filled the bulletin board. The Mothers Club decorated the dining room table with gladioli, and served punch and cookies to visitors during the five-hour open house.

Housing thirty-three men, and accommodating eighty at meals, Gamma Iota's new house, on Park Place and San Jacinto Boulevard, was opened to members of the Fraternity on September 10, just before Rush Week began.

It took four years of sacrificing on the part of the undergraduates, hard work by the alumni, and assistance by the national office to obtain this new home. By economizing on meals and social affairs, and by filling the old house to its capacity, the chapter was able to increase its profits to such an extent that plans for a new house could be materialized. A finance drive among

the alumni, engineered by Lloyd Birdwell, Whitfield Collins, and "Dub" Singleton, all undergraduate members, and encouraged by a number of prominent alumni, netted several thousand dollars in donations.

Gamma Iota's new house is owned by the Delta Tau Delta Building Association.

Texas Colonial in style, the Shelter is built of cream-colored stone, roofed with slate-colored asbestos shingles. The main wing, ninety-eight feet long and thirty-six feet wide, is two stories high. Upstairs are study rooms and a sleeping porch accommodating twenty-five men. Downstairs is a living room, game room, library, dining room, kitchen, reception hall, and cloak room. The game room is also used as the chapter hall.

A secondary one-story wing, extending from the north end of the main structure, has bedrooms for eight men and a housemother. Next to the housemother's room is a powder room.

Four French doors open from the library, hall, and living room onto the front porch. Behind the house is a flagstone terrace which may be

reached from the dining room or living room.

The living room walls consist of gum maple panels while knotty-pine panelling lines the game room and maple panelling ornaments the library. Venetian blinds are used on all windows. Rose draperies are used in the living room and green draperies in the dining room.

In the living room are two leather-covered couches and several leather-covered chairs. A grand piano, combination phonograph and radio, and incidental furniture complete the living room.

A ping-pong table, bridge tables, and leather-covered bridge chairs are used in the game room. Red leather chairs are used in the library. Trophies won by the chapter are also placed in the library.

New maple furniture, two desks, two chests of drawers, and one easy chair, complete the study room and bedrooms. Double-decker iron beds are used on the sleeping porches.

Landscaping is almost completed. Tall hedges have been placed along the rear boundary of the lot. Shrubs and trees have been set out in the front yard, and carpet grass has been planted on the lawn.

As a guide to the chapters in competing for the publication award the committee suggests attention to the following points which are considered in awarding the annual \$25 publication prize.

The publications must follow newspaper style—magazine or brochure styles cannot be considered. Chapters editing their own publications are given more credit than those using professional

services. The number of issues presented during the college year is taken into consideration; however, more than three issues will not influence the award. With the above qualifications the winner will be selected on three points: first, general appeal and interest of the material to the alumni; second, manner in which the material is written; third, attractiveness in typographical layout and printing.

Undergraduate Publications

Research by Central Office Staff Reveals Interesting History

THIRTY-TWO chapters of the Fraternity published, in the school year 1939-40, papers or brochures, ranging from four-page newspaper-type communications to brochures. Chapters publishing the newspapers used from one to four numbers throughout the year to give current news of the chapter to the alumni, advertise special events of interest to the alumni, appeal for address changes, ask for addresses of "lost" alumni, and appeal for assistance in local projects.

The brochure-type publication is used by most chapters as a rushing tool, to acquaint the rushee with facts regarding the chapter and the national Fraternity. It also presents to the alumnus a true picture of the current status of his chapter.

Material included in the earlier publications of the chapters was much the same as that presented through the columns of the present-day chapter organs. Current news items regarding the chapters, prominent alumni and actives, alumni personal notes, letters from alumni, and financial statements of the house corporations all play an important part in bringing the alumnus into closer contact with the activities of his chapter.

Many names appearing on the mastheads of chapter publications in earlier years represent men who are still active in the service of their chapters and the Fraternity as chapter advisers, leaders of the national Fraternity, and officers and members of house corporations.

Several of the men who were leaders in chapter and campus activities during their college days have risen to state and national political fame. To list only a few appearing at random throughout the file of the publications: Elmer F. Andrews, former federal administrator of the Wage and Hour Law, was editor of *The Deltech*, publication of Upsilon of Rensselaer Polytechnic Institute, in 1915. This paper was sent out consistently by the undergraduates to the alumni,

appearing more often under the name, *The Upsilon Delt*. Norman MacLeod, past president of Delta Tau Delta and an active alumnus of Gamma Sigma, was managing editor of *The Panther Delta* in November, 1916. Gamma Sigma at the University of Pittsburgh is still publishing a chapter paper, the name today having become *The Panther Delt*. Hugh A. Barnhart, prominent in Indiana politics, edited *The Beta Alpha News*, Volume VI, Number 4, published in June, 1913, the first in file at the Central Office from the Indiana University chapter.

Some of the symbolism of the Fraternity has been incorporated in the names of papers of the chapters; for example, Alpha, at Allegheny College, published *The Choctaw* for a number of years as a magazine and newspaper. Harrison L. Askey was editor of the May, 1914, number, one of the earlier ones in the Central Office files. Pi, at the University of Mississippi, published *The Rainbow Delta* at one time. *The Crescent of Beta Tau* has been edited at the University of Nebraska by Beta Tau intermittently with *Beta Tau News Flashes*.

The earliest chapter publication on file in the Central Office is that of Beta Upsilon at the University of Illinois, sent out in 1904. From that time forward *The Beta Upsilon Booster* has been published consistently, with variations in the size of the sheet, which resembles a newspaper in its four-page layout and headings. No editor was given for the December number of 1904, but during 1905, Louis M. Tobin, who has been publicity director for the University of Illinois for many years and who is known as the dean of university publicity chiefs, was listed as editor.

Volume I, Number 1 of *The Beta Beta Whooper* was published in May, 1919, under the editorship of B. Ralph Jones. The DePauw University chapter sent out this paper for a number of years.

William E. Hacker edited Volume VII, Number 1 of *The Beta Zeta World* from the Butler University campus in June, 1913.

The name of George C. Kinsman appeared on the masthead of *The Exciter* of Gamma Beta Chapter at Armour Institute of Technology when Volume I, Number 1 came out in December, 1923. The name of the school has now been changed to Illinois Institute of Technology.

The punsters had their day—and their say in naming chapter publications—and some of the names of publications established early in the century are carried today. More evident among these are the *Gamma Mew Kitten*, edited by Gamma Mu at the University of Washington; *The Gamma Nuse*, published by Gamma Nu at the University of Maine; and *The Gamma Sigh*, put out by Gamma Psi at Georgia School of Technology.

The Beta Delt, published by Beta on the Ohio University campus, went out in Volume I, Number 1 on April 13, 1914, under the editorship of Clarence C. Liggett, with F. Darrell Moore, past Supervisor of Scholarship of the Fraternity, as an associate editor.

The Gamma Record, edited by Gamma at Washington and Jefferson College, joined the growing list of chapter publications with Volume I, Number 1 issued in May, 1913, with John J. Sherrard as editor.

Many of the early papers carried no date, with some carrying only the month and the day of the month. One presented its news showing on its masthead Editor-in-Chief—Everybody; Assistant—Freshmen; and Business Manager—Nobody. Another honestly acknowledges that it is "published now and then."

An early copy of *The Tau Review* from Tau at Pennsylvania State College is that of March, 1914, carrying L. B. Keelan as editor-in-chief and E. L. Moffitt as alumni editor.

Volume I, Number 1 of *Gamma Pi Punch* was released by Gamma Pi at Iowa State College March 5, 1923, with Franklin M. Reck as editor.

Stewart Tisstrington was editor of *The Sooner Delt*, publication of Delta Alpha at the University of Oklahoma, when it appeared in March of 1923 in its initial number.

Gator Tales, put out by the petitioning local, Omicron Gamma Sigma, which became Delta Zeta at the University of Florida, continued for a time after the local was chartered Delta Tau Delta. The October, 1924, number, among the first, was in charge of a committee headed by James Peers, and Fred Langworth.

The majority of chapter papers are the responsibility of the alumni committee, as these publications are among the most effective means of establishing and keeping up contacts with alumni, from the founders of the chapters to the men who were in school last year.

In the adjoining columns is a list of chapter publications, showing the chapters that issued papers in the school year of 1939-40 in *italized* type, and giving the date of the last publication on file in the Central Office for those chapters that did not publish last year:

Kappa Chapter at Hillsdale College is due recognition again for its outstanding record in financial management.

At October 31, 1940, the chapter closed the forty-eighth consecutive month without any uncollected accounts. On the basis of nine months for a college year Kappa records five years and three months with no unpaid accounts. Congratulations, Kappa! We do not suppose there is a record similar to yours in the fraternity world.

DR. GEORGE S. COUNTS

The University of Southern California chapter of Sigma Chi reports having been victimized by a visiting imposter. Many of the fraternities throughout the country have been through similar experiences.

Hospitality should be a byword in every chapter house. The officers and older members of a chapter will do well to guard against tactless questioning on the part of the younger men who may unknowingly offend a visiting member as a result of their methods of determining the true standing of the visitor. Each member of the Fraternity, however, should not forget that definite methods of determining membership are available in every chapter house. In every case where the visitor's standing cannot be verified definitely by one or more members of the chapter, the chapter officers should carry out their duty and no Delt guest should take offense to any officer or chapter for the performance of this duty. If any chapter questions the proper procedure, it is suggested that the officers discuss the subject with the field secretary at the time of his next visit.

The Fifty-fourth Eastern Division Conference will be held December 6 and 7 at the Hotel Claridge in Atlantic City, New Jersey.

The program of the conference is scheduled to follow the regular pattern as far as the business sessions are concerned. Eastern Division President G. Herbert McCracken has rounded up an outstanding group of Delts to assist in the constructive discussion sessions of the undergraduate delegates. Among these are David K. Reeder, Judge George Leary, Mark Rubbs, vice-presidents of the Division; Alvan E. Duerr and Norman MacLeod, past Presidents of the Fraternity; Kenneth Penfold, field secretary, and Hugh Shields, manager of the Central Office.

All Delts interested in the conference should write President McCracken or one of the Eastern Division chapters for details.

The National Interfraternity Conference scheduled for November 29 and 30, at the Hotel Commodore in New York City is to include a dinner, which promises to be the largest interfraternity gathering in history. Each fraternity is limited to sixty reservations. It is estimated that over three thousand will attend. Lowell Thomas is to be toastmaster and Wendell Lewis Willkie is to be the guest speaker. $\Delta T \Delta$ is to be represented on the program by DR. HENRY MERRITT WRISTON, *Gamma Zeta (Wesleyan)*, '11, past Supervisor of Scholarship of $\Delta T \Delta$ and president of Brown University.

Excerpts from a prayer for teachers written by GLENN FRANK, *Beta Pi (Northwestern)*, '12, former President of the University of Wisconsin, and prominent in Republican Party affairs prior to his death as a result of an automobile accident this fall:

O Lord of Learning and of Learners, we are at best but blunderers in this god-like business of teaching. Our shortcomings shame us, for we are not alone in paying the penalty for them; they have a sorry immortality in the minds of those whom we, in our blundering, have misled. We have been peddlers of petty accuracies, when we should have been priests and prophets of abundant living. We have counted knowledge more precious than wisdom and we confess that we have fallen into these sins of the schoolroom because it has been the easier way. It has been easier to tell our students about the motionless past that we can learn once for all, than to join with them in the moving present that must be studied afresh each morning. From these sins of sloth may we be freed.

Help us to say "do" oftener than we say "don't." May we so awaken interest that discipline will be less necessary. Help us to realize that, in the deepest sense, we cannot teach anybody anything; that the best we can do is to help him learn for himself. Give us a reverence for our materials, that we may master the fruits of our particular fields, but help us to see that all facts are dead until they are related to the rest of knowledge and to the rest of life. Give us, O Lord of Teachers,

a sense of the divinity in our undertaking. Amen.

The poem given below was delivered by Toastmaster DR. HOWARD P. FISCHBACH, *Chi (Kenyon)*, '06, at Chi's initiation banquet, June 8, 1940:

I am sitting in the twilight
Looking backward through the years,
In my heart the richest memories
In my eyes a trace of tears

As I seem to see before me
Visions of old college days
When as brother Deltas we lingered
Singing softly in the haze

Of the evening's deepening shadows
"Delta Shelter," and we knew
That to Delta Tau forever
We'd be loyal and be true.

Purple shadows now surround me
Golden beams of setting sun
And the clear white glow of moonlight
Soon will come, for day is done.

Royal purple! Regal color!
Drape thy mantle over me
Fill my heart with noble purpose,
Courage and humility.

Crystal whiteness of the moonlight
Give me clarity to see
In his earnest, striving efforts
What my brother needs of me.

Purity of thought I'll teach him
Spotless name shall he possess
May I be the means of bringing
Him to honor and success.

Gold of sunset, heavenly splendor
Flooding all the world with light
Golden friendships made in boyhood
Keep their luster ever bright.

Sterling worth be our ambition
Strength of character our need
Do each day some act of service
Let it be a golden deed.

By these virtues we shall know him
Through his deeds shall come renown
For a life so true to Delta
Gold will bless with Manhood's Crown.

Joy and Peace and Health and Gladness
These rewards for work well done
Till in all its shining splendor
We behold this Delta Son.

Night is closing slowly 'round me
Darkness falling over all
Still I faintly hear them singing
"How I love thee, Delta Tau."

Loved Fraternity—my brothers!
When our last clear call shall come
By our lives may we be worthy
To receive our welcome home.

MOODS AND TENSES

By William Colfax Markham
Gamma Theta (Baker), '91

A copper sky, burnished and glare;
A leaden sea where no sail can flare,
That is Nature's intensity.

Golden hours, not worth a thought;
Evil deeds so easily bought,
That is man's perversity.

Soothing breeze, 'neath a star-lit sky;
Incense blown from flowers near by,
That is Nature's tranquillity.
Crushing the woes, enduring the pain,
Assuaging the grief that life be not vain,
That is man's sincerity.

Biting winds with breath of frost;
Withered flowers whose life seems lost,
That is Nature's frigidity.
Doubt—grim-visaged, spurns love's plea,
Scatters faith's ashes far out to sea.
That is man's stupidity.

Spring, forgotten, warms the sod;
Smiling violet speaks for God.
That is Nature's divinity.
Hope eternal fills the breast;
Life immortal is our quest.
That is man's infinity.

WITH GOOD DELTS

The November issue of *Town & Country* presents an interesting sketch of fraternity history. Interesting to the fraternity man because of its factual nature—rather a change from publicity manufactured in recent years. Interesting to the non-fraternity man, we imagine, because it will make him realize that all he has seen in word and picture has not been normal.

Mr. Floyd W. Smith presents "Brothers Under the Sheepskin." We give you excerpts and recommend the complete story.

For over a century the American college fraternity has been one of the most criticized by-products of our educational system. Indignant educators have called it a parasite undermining the true purposes of higher education. Reformers have called it a hotbed of immorality, gambling, and drunkenness. It has been accused of snobbishness, extravagance, dirty politics, and false ideals. Sob sisters have wept over the shattered hopes of the boys who were not elected to membership. And, as if this were not enough, the sensational picture magazines and Hollywood have joined in the witch hunt. Even comedians find the fraternity almost as good a gag as Brooklyn. All in all, the fraternities have had a pretty bad press.

These attacks have amused, annoyed, angered, and sometimes alarmed the fraternities, but they have never done much in the way of counter-propaganda; and it must be said that this muckraking has never interfered seriously with their growth, their prestige, or their glamour.

There have been few success stories more amazing than that of the college fraternity system. . . .

The early history of the fraternities was notable principally for bitter jealousy, rivalry, and bickering. Several originated in resentful minority factions which cut adrift from the parent organizations. Of those which survived some fell victim to anti-fraternity legislation and others failed to survive the Civil War. All were loosely organized with little central authority. The movement grew, nevertheless, but it was not until towards the turn of the century that a definite pattern of growth began to emerge. The past thirty years have been devoted largely to internal development and the beginning of inter-fraternity coöperation. Since the crash of '29 expansion has fallen off. There are still twenty or thirty new charters granted every year, but most people believe that the saturation point is in sight. Certainly the present tendency seems to be toward merging existing fraternities rather than creating new ones. . . .

Living expenses in fraternity houses depend upon the men themselves and are not likely to vary much from the standard of the campus on which the chapter is located. (They are operated by house officers who employ the necessary servants and sometimes a house-

mother.) In addition the men pay national dues (probably \$8 or \$10 a year would be an average figure), part of which usually goes into a fund for the traveling expenses of delegates to national conventions. There are also house dues (each chapter fixes its own) to cover such items as rushing and social affairs. At the time of initiation each new man pays an initiation fee, part of which is retained by the chapter. In return he may receive a pin and a life subscription to his fraternity's magazine. . . .

Today this huge complex system consists of sixty-odd fraternities, each with its own national officers, traveling secretary, magazine, and convention. The larger groups have a district or province convention and officers as well. Altogether it contains about 2500 units and represents an investment of over \$75,000,000 with an annual turnover of several millions more. From a dollars-and-cents viewpoint it is Big Business. But imagine, if you can, a business enterprise of this magnitude whose operating branches are entirely in the hands of boys whose average age is under twenty.

Right here, of course, is the inherent weakness of the fraternity. In the very nature of things each chapter has to be operated by adolescents, and the personnel changes completely every four years. Most criticism stems from this very point. Much of the criticism is valid—that is, valid for a whole chapter and certainly never for a whole fraternity. As long as we have corruption, extravagance, snobbishness, intemperance, and false ideals in our civil and political fabric, we should not be astonished to find them, on occasion, in the fraternity house.

The most searching criticism of the fraternity today comes from within. Few fraternity officers are sentimentalists. There are many among them who know that in order to survive, the fraternities must look to the future. They know that the fraternity does not always operate effectively and does not always coöperate with the college. . . .

In general the men who join fraternities include the student leaders, the pick of the campus. Business and professional life is studded with men who gained their first training in leadership in the fraternity house. In a few universities which feed largely on exclusive prep schools, and in some Southern colleges, social background is an essential for membership, but most fraternities, especially the larger ones, pride themselves on their democracy. . . .

Contrary to general impression, the fraternity man is not a poor student. Records show that for the last ten years fraternity men have consistently outranked non-fraternity men in scholarship. . . .

Editor's Note: Mr. Smith is a graduate of St. Lawrence University and a member of Sigma Alpha Epsilon. He is reported to have been very active in his fraternity's affairs.

Akron

IN JULY our usual monthly stag party was held at the Seven Gables Inn. At that affair we enjoyed steak dinners and the cigars which "Dunc" Wolcott was obliged to buy announcing the arrival of a baby girl, being the second girl in the Wolcott household. Following the dinner we sojourned to the club room in the basement of the Inn for fellowship, cards, and a showing of the colored films of the Fraternity loaned by the President of the Southern Division.

The August meeting was the annual golf and supper party at the Silver Lake Country Club. For those affairs Jack Wolcott, manager of the club, turns the place over to the Delts for the afternoon and evening. Some fair golf was in evidence since it was the home course for some of the fellows—Ray Finley, Al Heston and "Dunc" Wolcott. The hungry golfers enjoyed a good supper which included plenty of corn on the cob. We were a bit disappointed not to have cigars furnished after this meal since "Bid" Edmund was missing and we knew of the arrival of a baby boy. The Edmund family now has a girl and a boy in their household (same as "yours truly," and we like the combination).

Recently we read in the news that William Batchelder, Jr., of Medina, Ohio, and from Mu is to be married this winter.

Don Shelhart of Chi has a son entering college this fall.

Ere this issue is published the election will be over and we hope Thomas J. Herbert of Columbus will have been elected as Attorney General of Ohio. He has done a good job and deserves continuing in that office.

We are sorry to tell of the sudden death of David H. Bridgewater of Cuyahoga Falls, Ohio, and from Upsilon Chapter '39. He was electrocuted August 20 while inspecting an installation of electrical

For some unknown reason our monthly stag party for September failed to materialize—maybe due to the heavy duties of some of the alumni (after the election they will have more time). However, I have reason to believe there will be a get-together coming along right soon and more to follow this winter.

Atlanta

THE ATLANTA alumni started their fall season October 7, with a meeting at the home of Brother Whitfield, attended by 20 members. After a successful business session which included plans for the coming season, several of the fellows had a brisk workout on the badminton court.

Plans are rapidly taking shape for the All-State Delt Banquet which President Westbrook promises to be the biggest Delt function in the South since the Savannah Karnea. Several Delts of national distinction are to take part in the affair. The date set is an ideal one—the night before the Tech-Alabama football game—which provides a double inducement for Delts to come to Atlanta. DELTS FROM ALL SECTIONS, ACTIVE AND ALUMNI, ARE INVITED. Remember, Friday, November 15, 6:30 p. m., at the Atlanta Athletic Club.

Arrangements have been made

for future alumni meetings to be held at the Atlanta Biltmore Hotel which offers fine facilities and is most conveniently located. Meeting time will continue to be the second Monday of each month at 7:30 p. m. However, the All-State Banquet will take the place of the November meeting.

Brothers Petty, McDonald and Roberts, with the assistance of their respective wives, have added three more Delts to the Atlanta family. Roy Petty's contribution is a new Delt sister, Caroline Baxley Petty; Graham McDonald's is a "he" named E. Graham, III; and Hugh Roberts' is also a prospective Delt, named Lewis Simmons.

RANDY WHITFIELD

Battle Creek

DELTS in Battle Creek are still keeping out of the limelight. What more need be said? I haven't the answer to that question.

GEORGE D. FARLEY

Boston

THE BOSTON Alumni Chapter was off with a bang on an active year with a dinner at the University Club, October 10. Joel Reynolds, Beta Mu chapter adviser, presided over the meeting of more than fifty enthusiastic Delts, ranging from half a dozen undergraduates from the M. I. T. and Tufts chapters to the co-deans of Boston's Delts, Mark Shrum, Beta Alpha (Indiana), '91, and Jim Swift, Delta (Michigan), '95. Of those present, fifteen of the Fraternity's chapters were represented.

When we said the meeting went off with a bang, we really meant with a bang. The feature of the evening was in the form of entertainment by Chief of Police Walter F. Reeves of Swampscott, the recognized World Champion All-Around Pistol Shot. The Chief gave us a real exhibition of self-defense, quick draw, and trick and hip shooting, to say nothing of an

exhibition of jiu-jitsu and judo. He really had our ears ringing.

On the more serious side, the important business of the evening was the election of permanent officers. Those selected to keep us on our toes were "Windy" Winde, Beta Nu (M. I. T.), '22, president; Dick Parks, Beta Mu (Tufts), '37, secretary; and Tom Brookes, Gamma Gamma (Dartmouth), '39, treasurer. We also decided to have informal luncheon meetings at Wilbur's Restaurant, 153 Federal Street, every Thursday noon, these meetings to be of the drop-in-for-a-sandwich variety. More evening social gatherings will be planned for later in the year also.

So the chapter is off to a good start for an active year. We now have around 150 active Delts in the area, and there are many more around here who we hope will join us. Through our weekly luncheon meetings we hope to become better acquainted with each other and through future social gatherings to get together for more good times.

See you Thursday at Wilbur's!

Buffalo

THE Buffalo Alumni Chapter continues to have its weekly luncheons at the University Club each Monday noon. The attendance this fall has been very good, and we are looking forward to an active winter.

Our first evening event will probably be the dinner given in honor of the actives at the time of Christmas vacation.

DENNIS C. LILES

Camden

THE LAST Wednesday in September marked the resumption of activity in the Camden Alumni Chapter. Our dinner was attended and enjoyed by most of the old-timers and plans were laid to attract more of the Delts in this vicinity into our group.

Last spring we started sending special birthday cards to all Delts in this district and the plan seems to have made quite a hit with the Brothers who have had birthdays in the meantime. We are enclosing one of the cards which were de-

signed and furnished by Brother "Dip" Richardson.

Everyone seems to have recovered from the vacation season and already the coats of tan are fading. Memories of our summer picnic are fading in anticipation of our Christmas party—all of which only indicates that time moves on apace and that we should be able to find some new members from the class of 1940. If anyone reading this letter knows of any recently graduated Delts in this vicinity, please communicate with

Chicago

AT PRESS TIME for the August issue of THE RAINBOW, the Chicago Alumni Chapter was arranging to hold its annual Delt outing and golf party. That party was a success in all departments and was greater in attendance than the party held in 1939. The afternoon and evening of June 28, 1940, at the Kildeer Country Club forty-three of the brothers from the Chicago area gathered for golf, cards, dominoes, dinner and more cards. However, let us report this in the words of the party chairman, Floyd H. "Shorty" Egan: "A Willkie 'Blitzkrieg' " was staged by a foursome of Armour Delts—Al Mell won the electric clock low net prize donated by Bill McNamee, Beta Upsilon; Abe Holin, second net on Peoria handicap, a prepaid Golfer's Insurance policy donated by George Sando, Beta Beta; Jule Lenke won the quart of "Mountain Dew" donated by our president, Clarence R. "Lefty" Miles, for the most number of putts, while Lou Streb, the fourth member of the Armour group, was left out in the cold. George T. D'Vileskis, Delta Beta, won the Jim Leahy, Beta Pi, Trophy from Chuck Whyte, Delta, who with any luck on that windy day would have kept the Silver Cup permanently having won it successively in 1938 and 1939, with the low gross score. There were many other prizes which were all a portion of the good fellowship enjoyed by those in attendance.

In the meantime the Monday noon luncheons have been well attended. All Delts who are in the vicinity of Chicago and The Fair Store are welcome to join us on the

7th floor, Harding's Restaurant, where the Delts meet weekly. It was at one of these luncheons that the plans were first formulated for what is now the best Rushing Party as yet held by the Chicago Alumni Chapter—the regular fall Rushing Party held on September 3, 1940. The results, in the words of the chairman of the committee, George G. Traver, are reported as a feature article in this number.

Cincinnati

CINCINNATI alumni activities during the summer months were brought to a climax Friday evening, August 30, when Brother Ed Schott entertained with his Annual Coney Island Party. Fifty-five couples enjoyed the hospitality that only Ed knows how to give. Drinks, rides and dancing were all on Ed, and it can be said without qualification that there was no stinting.

Earlier in the summer an Active-Alumni Stag Party was held at Bob Heuck's residence, the main event being an election of a Board of Governors to control the chapter activities during the coming year. Cal Boyd, Bob Heuck and Ed Schott were elected for three-year terms; Tom Grace, John Petzhold and "Dad" Pumphrey for two-year terms; and Al Porter, Eppa Rixey and Wally Williams for one-year terms. At this writing the Board has yet to conduct its first meeting.

AL CLARK

Clarksburg

THE City of Clarksburg was recently honored with the presence of Brother June Milam, now of Charleston, West Virginia, and the writer had a brief but pleasant street conversation with him. We were reminded of a visit with Milam in Pittsburgh during the last Karnea there. It seems that on one occasion Milam appeared at the home of a young lady at the last hour of twelve midnight. The Pittsburgh brothers had arranged the date for 8:00 p. m. Now the way Brother Milam relates the story, it appears that the girl's mother indicated that her child would leave the house *only* over her (the mother's) dead body. In view

of the fact that June had little or no liking for dead bodies, especially when it became apparent that one of them might be his, we understand he took a rather confused departure.

Brother Dick Bowman, alumnus of Gamma Delta, is now employed by the Pittsburgh & West Virginia Gas Company. He is being used as a contact man, and travels extensively through the states of Pennsylvania and West Virginia. We understand that Dick is a frequent visitor at the chapter house at Morgantown—perhaps due to the fact that he is courting a damsel in that vicinity.

Brother Anthony McCue, president of the Clarksburg alumni, is engaged in an extensive political campaign. He is not forgetting, however, that the next Karnea will be held in West Virginia; and plans are already under way. Mr. McCue was not too busy recently to relate to the writer the following episode which indicates, in a way, that the Delt World is a small one after all.

Mr. McCue was preparing to depart from the City of Philadelphia, after having attended the Republican National Convention there as a delegate. Upon arriving at the station, he found that he had been robbed and was completely devoid of cash. (Our staunch Republican friend insists that there must have been Democratic spies at the Convention.) Being in somewhat of a quandary, Brother McCue approached what appeared to be the most prosperous looking man on the station platform, with the definite premeditated purpose of making a touch. The wealthy looking stranger was completely unknown to our unhappy delegate. The first inquiry concerning cash was naturally met somewhat quizzically and a conversation developed, during the course of which it was learned that the stranger was Mr. H. J. Winsor of Scottsbluff, Nebraska, and publisher of the Scottsbluff *Star Herald*, the only daily paper in those parts. One thing led to another, until Mr. McCue happened to remark that at the last convention which he attended he met Governor Carr of Colorado and that the convention was held

at Denver, Colorado. Mr. Winsor was apparently acquainted with the Delt convention there during the summer of 1939, and immediately became interested in this bold stranger. Winsor signaled across the platform to a young man standing some distance away whom he introduced as his son, H. J. Winsor, Jr., who was a Delt at Missouri, and graduated there in 1939. The young brother was well acquainted with Dale Bonebrake, formerly of Missouri, and recently of West Virginia. The younger Winsor is now attending medical school at the University of Nebraska at Omaha. Needless to say, Brother McCue secured his loan.

To Brother Rosey Reed, may we say that his rushing party at his lovely country estate beyond Buck-

hannon, West Virginia, has produced admirable results as usual. The writer expresses the appreciation of the Alumni Chapter to him and to his charming wife.

Cleveland

UNDER THE leadership of President Joe Wood, the Cleveland Alumni Chapter is looking forward to a busy and interesting winter season. Our present plans call for a continuance of our weekly luncheon meetings; an October banquet in honor of Zeta chapter and the very successful rushing season which has just been completed; a football party and dinner in November; a Christmas formal dinner-dance in December; a winter carnival and outing in January; and our annual banquet and election of officers in February.

Most of our social functions are traditional affairs, held at about the same time each year. Our members know that these events will be

staged in their proper order and promotions are thus simplified because we merely announce the dates and the crowd falls into line. Of course the whole program is keyed up and kept at top speed by the use of our monthly *Bulletin* which has been published regularly for the past six years.

Our most recent social function was a golf tournament held September 21, at the Aurora Country Club. Brother Don Wells is the big shot at the Aurora Club and his deft maneuvering enables us to offer an afternoon of golf, give prizes, and serve a de luxe dinner all for the sum of \$1.75. This attractive arrangement makes it easy for us to turn out a capacity crowd. H. J. "Tommy" Thompson, Purdue, won the golf honors for the day, with Frank Pelton, Merthyn Thomas and John Morrison furnishing the major competition. This was our second golf tournament of the season and credit for the success of the affair must go to Brother Don Wells and to Harry Hoffman who was head of the committee.

Some time ago we inaugurated the plan of having a speaker at one luncheon meeting each month. Bill Hecker heads the speakers' committee and has done a fine job in securing speakers who are able to talk on unusual topics. Two of the best and most interesting speeches we have had were delivered by our own members—Frank "Pat" Moran of the Cleveland *Plain Dealer*, and Lee Roesch of Dun & Bradstreet Company. Our luncheon speakers are scheduled for half hour talks, but they have been so popular that many times informal discussions have kept the crowd overtime. This has really proved to be a good additional feature for our meetings.

That just about covers the news report for this edition—so let's look at the personal column and see what some of the Cleveland Deltas have been doing:

Two of our most virile old youngsters, Ike Watts, and H. C. "Hop" Hopkins, have become grandfathers recently when beautiful little granddaughters joined up with their families. Ike Watts' son Willard, Zeta (Western Reserve) '31, became a father July 26, while "Hop's" son-in-law, Herman Bar-

tels, Zeta '34, started his nocturnal floor pounding September 21.

Ralph Cumming also passed out cigars recently to announce the birth of a daughter. Looks as if these fellows are going to make us miss a generation in getting legacies.

Dr. George W. Crile, head of The Cleveland Clinic, was awarded a gold key by the American Congress of Physical Therapy for his contributions to medical science.

All local Delts being very active in the political campaign trying to assure the re-election of Tom Herbert as Attorney General of Ohio, and to elect Ray Hyre, Zeta '11, to the Legislature and Horace Vokoun, Chi '21, to the Common Pleas Bench.

Rex Hyre, Zeta '09, has become a land baron by the purchase of a new home in the Shore Acres section.

C. S. Atkinson, and William Andrews are new Delts in Cleveland, and we are mighty glad to have them with us.

Bill Barry married the very attractive Harriet Mullin, September 21.

Recent visitors at our luncheon meetings include John Davin from Louisville; Don Wheaton from New York; Judge Ray Speers from Sandusky; Dave Shannon from Cincinnati; and Judge C. W. Portman from Massillon.

John Morrison, Zeta '17, has a son pledged at Reserve.

Cleveland Delts were happy to hear from Fred Andrews who is in Hollywood. Fred wrote to say that he enjoys our *Bulletin* and enclosed "\$5.00 to cover dues in the Cleveland Alumni Chapter and *Bulletin* postage."

John Baskin who recently passed the Ohio Bar examination is now connected with the law firm of Carr and Hanna in the Union Commerce Bldg.

Lawrence Robishaw and Pat Moran took a 1900-mile automobile trip through New England.

Larry Wilson is recovering from a very severe "strep" infection of his throat. The medico men nearly counted Larry out, but he proved too tough for them and will soon be able to attend the Delt luncheons and take the usual amount of razzing.

Dick Rowe and his wife motored to Seattle for a vacation.

"Hop" Hopkins is quite a busy gent these days. He always carries more than his share of work in the Cleveland Alumni Chapter, and now as a vice-president of the Northern Division he will be giving more time than ever to the Fraternity.

Attorney General Tom Herbert in the news of the nation for his official opinion upholding the right of school boards to expel students for refusing to salute the American flag.

Herb Spring, president of the Cleveland Bar Association, received an award at the American Bar Association Convention in Philadelphia. The award was to the Cleveland Bar Association for its distinguished service in an "ambulance chasing" clean-up.

A. A. Cartwright was recently appointed a special assistant Attorney General for Ohio.

Ben Fiery is very active as a member of the Cleveland Bar Association Judicial Committee.

Barry Graham comes to Cleveland with the Standard Oil Company. We were glad to have him check in with us.

Karl Ertle piloted his cabin cruiser up the Great Lakes for a cruise to the Georgian Bay district.

Lee Roesch toured the East during the summer and stopped off for a visit with Vic Hurd at Elmira, N.Y.

Bill Barry is heading an alumni committee to assist young Delts in finding positions.

Ed Henckel, Les Morgan and Rus Griffen have been spending a great deal of time working with Zeta chapter. The results of their work are reflected in the splendid condition of the local active chapter.

... oh, this "personal column" business could go on and on, for the members of the local outfit are busy boys. However, there are space limitations for this department so we will close this journal with one parting thought, the Cleveland Delts enjoy our alumni chapter and we do extend a sincere invitation to all Delts in this area to take part in any or all of our activities.

RANDALL M. RUHLMAN

Denver

AS NONE of you probably remember, we promised to tell you in this issue how the Colorado Delts, after a successful rushing season, brought 'em back alive—well, let's not go into any of the gruesome details. Suffice it to say that the actives are really proud of their 27 new pledges. We alumni hope that we were of some help in bringing about this successful season.

The largest rush party was held at the University Club, here in Denver, about the first part of September. After a swell buffet supper, Kim Barnes put on a real entertainment. The stunt was supposed to resemble a Movie-Tone News. Some of the shots given were of "Doc" Yegge as Mussolini, Stalin by Kim Barnes, your Scribe as Hitler, President Roosevelt by Spencer Baird, and Blaine Ballah, Jr., as Willkie. With floodlights going on and off at the wrong intervals, and a general hysteria back stage, it wasn't so bad. Colonel Van Cise came through with an excellent talk on Δ T Δ and Beta Kappa chapter, and Spencer Baird extended a warm welcome to all of the guests.

Two of Beta Kappa's new pledges are Delt sons of the Colorado chapter; Bob Carr, son of Colorado's Governor Ralph L. Carr, '10, and John McMillin, son of Homer S. McMillin, '16.

We're still planning a beefsteak fry. But you know how it is—the beefsteak hasn't been too good lately!

ED SPROUL

THE LOCAL alumni members got together and sent several recommendations to various schools. The undergraduates are always after the alumni to help. When we do send in recommendations, we feel that they should acknowledge our letters.

We are trying to make our plans this year to hold several meetings, and if any of the Brothers plan to be down this way we would appreciate a letter in advance, so that we can get everyone together.

We also want to sing a little praise for the fine work that Harry is doing with THE RAINBOW. Keep up the fine work, Harry.

F. L. RICKARD

Fox River Valley

THE DELT alumni are planning a frolic and get-together at the local chapter house October 26. Homecoming at Lawrence, you know, and there are several Deltas who are going to make this a victorious football game by this stellar play.

Between wedding bells and change in residences, this fall has been an active period in which to contact all the local alumns. Robert O'Veill, '38, former Delta Nu vice-president, and Phi Beta Kappa member, married a former Miss Jane Rosey of Wauwatosa, Wisconsin; Eugene Keober, '36, ended a three-year romance by marrying Joyce Locker in a ceremony at Milwaukee; and of course, your secretary, Cliff Burton, '38, took for his bride the former Miss Esther Fritz of Milwaukee.

After all the festivities have subsided and the universe stops twirling perhaps these lucky Deltas will regain their normal composure, at least, all three of them are thinking about providing some bit of support to the fast growing, new Delta Shelter. The new Shelter where all future alum conclaves will be centered, will be ready to be occupied about February 15.

CLIFF BURTON

Columbus

NEW OFFICERS of the Columbus Alumni Chapter of Delta Tau Delta were installed at a luncheon meeting at the University Club, October 16, 1940. The new officers are: Robert H. Campe of the Pittsburgh Plate Glass Co., president; Carl Y. Coley, Manager of the Ohio Accidental Insurance Company of California, vice-president; Richard J. Heer of the F. J. Heer Printing Co., secretary; Thomas S. Reed of the Shaffer Music Co., treasurer; Lowel A. Christman of the Burton B. Mason Co., sergeant-at-arms; and George R. Shoedinger, Robert Zimmer and Otis B. Core, directors.

RICHARD J. HEER

Houston

THE HOUSTON alumni had their first meeting August 29. It was a banquet honoring Brother Jess Neely, Rice Institute's new football coach. The banquet was held at the Houston Country Club with

an attendance of 59 Deltas. Four Brothers from Galveston attended, being Brantley Harris, Mayor of Galveston; Si Ragsdale, Editor of the Galveston News; Dr. Brown, Superintendent of State Psychopathic Hospital; and Jim Dow, Chevrolet Dealer. John Singelton, president of Gamma Iota came down from Austin; also Doug Arnim and Joe Wilson, past presidents of Gamma Iota came to Houston to the meeting. We were fortunate in having a father and son with us, Everett R. Filley and Everett, Jr., now at Baker University. We invited four rushees to this party.

An election of officers was held. Lieut.-Col. J. Claxton Parks was elected president, and Charles R. Westmoreland, Jr., secretary and treasurer.

The banquet was a great success and everyone is looking forward to the next meeting.

C. R. WESTMORELAND, JR.

Indianapolis

THE INDIANAPOLIS Alumni Chapter lost one of its most faithful members when Lloyd "Red" Smith, Beta Omicron (Cornell) '36, left us to move to central Michigan. "Red" had only been with us a short time but he was already one of our best liked and enthusiastic attenders. Last year Lloyd was elected secretary of the alumni chapter. After his departure the writer was elected to fill out the unexpired term. Although we were sorry to lose Lloyd we realize that our loss is Grand Rapids' gain.

The main feature of the summer rushing program for the Indianapolis Alumni Chapter was a rush picnic held at Polk's dairy farm with Jess Pritchett, Beta Zeta (Butler) '32, as host. More than one hundred rushees, actives and alumni enjoyed afternoon baseball and horseshoes, followed by a healthy picnic supper. Soft drinks and milk were "on the house" through the generosity of Jess. These picnics are becoming an annual event and we surely owe Jess a round of thanks.

During the fall season, particularly on election year, our weekly luncheon meetings become a veritable gambling casino—with everyone betting on football, world series

and elections. Maury Harrell, Omega (Pennsylvania) '23, one of our faithfuls, is running for a state elective office this fall so he's taking on all comers. Naturally, all of the boys are confident that their alma mater "eleven" will come out on top in the various gridiron battles and are "putting up" to prove their confidence.

We are all glad to welcome Charles Hagedon, Omega (Pennsylvania) '36, as a regular addition to our group.

Harold Tharp, Beta Zeta (Butler) '11, former national president of Δ T Δ, is doing a bang-up job as campaign chairman of the Indianapolis Community Chest this fall. It's a big job but we know that Harold will come through in his usual fine fashion.

Kenny Penfold, Beta Kappa (Colorado) '37, Field Secretary and an enthusiastic Indianapolis alumnus, was married to Carlen Quarnberg August 31 at Rapid City, S.D. Congratulations, Kenny!

After many pleasant vacations, outstanding of which was the western United States and Canadian trip of Joe Morgan, Beta Zeta (Butler) '89, the boys are settling down once more into the habit of coming to lunch at the Columbia Club every Friday noon and are looking forward to the various winter activities of the group.

BOWMAN DOWNEY

Kansas City

THE Kansas City Alumni Chapter is holding its weekly luncheons at 1112 Baltimore and we are glad to report increasing attendance. Brother Ernie Whitney of WHB Broadcasting Company appeared about a month ago with his ready made "Pigskin Pick"; then Brother Bill Gilges unloosed his artistic talents on the enclosed mailing piece to spread the news around.

You'd be surprised at the old boys who are showing up from time to time. The "Pigskin Pick" has done the trick, for we all think we are good at picking the weekly football winners, and have to be present each Thursday to see that our answers are graded correctly.

Ye Ed won the first award before the competition became so stiff; then came Harvey Hoover, followed

this week by a tie between Walt Hausmann and Frank Ball.

Interest is becoming keener as the season advances, but the management has agreed to take care of increased crowds by moving out the walls of our private room. Anyway, if this gets published before the football season ends—we invite visiting Delts to drop in and see us.

One personal item: Dr. Esslinger, who has spent the past three years doing research work in brain surgery at Temple University, is back with us and will soon announce a permanent location.

FRANK SIEGRIST

Los Angeles

THIS SUMMER found the weekly attendance at our alumni lunches unusually high, thanks to the many wandering Delts who dropped in for lunch and a visit. The writer hopes they enjoyed these visits as much as we did; getting first-hand information from other chapters. The Delts at present are the largest, most active alumni association in Los Angeles.

Thanks, Stuart, for the plug from the San Diego alumni in the last number of THE RAINBOW. We are always glad to see you and your gang present.

Our past president's lunch, October 8, was attended by over ninety enthusiastic Delts. Brother Judge Rubin Schmidt gave a very inspiring talk to the many actives present from Delta Iota who reported twenty-one pledges, the cream of the freshmen crop at U. C. L. A. This chapter is going to town in a big way. By the way, they have changed their open-house night for the alumni to the second Thursday in each month instead of the third Thursday. These monthly affairs have become a real event. They are well attended, and everybody seems to have a bang-up good time.

Cheerio.

HENRY E. RIVERS

Miami

THE Miami Alumni Association held several informal meetings during the summer, for the purpose of aiding the Florida chapter in its rushing.

There is a good deal of interest

here being evidenced for the possibilities of the establishment of a local petitioning group at the University of Miami, which will be a big incentive in the renewal of interest in the Fraternity.

JOHN G. THOMPSON

Minnesota

THE REGULAR meetings of the alumni chapter are being held the first Wednesday of each month at the Cafe Exceptionale, 716 4th Avenue South, Minneapolis, at 12:15 p. m. A new year, under the presidency of Perry Johnson has begun. All visiting Delts are invited to join with us at these meetings.

FRANK KIEWEL

Nashville

THE $\Delta T \Delta$ Alumni Chapter of Nashville gave a rushing party August 24, at Dunbar Cave near Clarksville, Tenn. A group of more than forty people danced to the music of Art Kassell and his "Castles in the Air." A number of prospective freshmen were rounded up by Bill Asger, Glenn Massey and Bill Jacobs of Sewanee, and with the help of Bill Leake and Brother Whitworth of Clarksville, Charles Pearson, Jr., arranged a very enjoyable party. Along with Mr. and Mrs. Whitworth, Dr. and Mrs. U. H. Griffin and Mr. and Mrs. Arch Northington of Clarksville attended the dance. One of our old friends whom we had not seen in some years "Rodney" Joe Gill of Delta Delta attended the party and had a very large evening.

At this time congratulations are in order for Mr. and Mrs. "Fuzzy" Fitzpatrick on the birth of a bouncing baby girl. Miss Verlie Lawrence became the bride of Brother Ralph Carrier, October 5, and everywhere good Delts are wishing for them a most happy married life.

Yours truly had the pleasure of seeing an old Delta of the middle twenties in Nashville last summer. He is none other than Jesse "Open House" Keene, late of Huntsville, Ala., and now of Tampa, Fla. Brother Keene, now a professor at the University of Tampa, was spending a few days in Nashville with Mrs. Keene and their daughter.

The alumni chapter is planning a party at Rawling this month and we plan to get a large number of older Delts out for an enjoyable evening.

GARLAND SWEENEY

New York

THE New York alumni started their winter season with a luncheon at Longchamps, September 25, 1940. Our next monthly luncheon will be held at Stouffer's Restaurant, on Fifth Avenue, Thursday, October 17, 1940. Alumni activities this year are under the able guidance of John Tynan, Upsilon (Rensselaer), '27. John promises us an active year and you can be sure he will deliver such a program.

Dave Reeder is attending to the fifty reservations that have been allotted to us for the Interfraternity Banquet to be held in New York, November 29, 1940, at the Commodore Hotel. There will be outstanding speakers at this banquet. Our own Paul G. Hoffman is scheduled to speak. Dave Reeder promises the affair to be one of the outstanding fraternity activities in New York City in many years.

JOHN M. MONTSTREAM

Philadelphia

THE Philadelphia alumni are in summer and fall recess from any organized meetings until the first or second week in December. Since the Eastern Division Conference is to be held at Atlantic City, N. J., December 6 and 7, we expect to have a delegation attending that meeting. Monthly luncheons at the Robert Morris Hotel will begin in December.

In September, we received word of the sudden death of James G. Sigman, Nu (Lafayette), '05, who has been a most faithful attendant at all of our local alumni functions, as well as those of Lafayette college for many years. Jim was one of our key members, and he will be greatly missed by his many friends.

A meeting place for the alumni has been the Omega chapter house after Pennsylvania football games. Among those stopping in for refreshments after the Yale game were: Donald Good, Omega, who is located in New York City, John

Target, Omega '31, and Walter Wintersmith, Omega, Jack Doriss, Omega '33, also was present with his wife. Jack has been married since June 14 to the former Miss Peggy Bradley of Philadelphia, Pa. Congratulations to them both! Dave Reeder, Omega '12, and his son who is a freshman at Pennsylvania had lunch at the House before the game.

In October we learned of the engagement of Karl Winsmore, Rensselaer '33, to Miss Ruth Rolf of Wayne, Pa. The wedding will take place soon after the first of the year when Karl arrives from Venezuela, S. A.

During the late summer it was reported that Henry H. Zeising, Illinois '08, was winner of the Golf Championship at St. David's Golf Club; and that Fred Healy, Illinois '14, made an extended vacation trip to the West Coast, accompanied by his wife and three daughters. Fred brought back a good fish story.

Three delts seen recently were: Tom Pierce, Dartmouth '30, Bob Ferguson, Penn State '32, and Henry Peterson, Penn State '35. Soon we hope to see these Delts along with many others at our regular lunches.

CHARLES C. GRAY

Pittsburgh

THE MAJOR activity of the Pittsburgh Alumni Chapter since the last issue of THE RAINBOW has been along the lines of rushing.

They have made several attempts to bring to the attention of the respective chapters good Delt material from this section. Immediately following Labor Day, a large Alumni Rushing Party was held at Wildwood Country Club combined with the Annual Outing of the chapters.

Approximately 100 were in attendance—25 of whom were prospective Delts. This move proved particularly successful.

CHARLES R. WILSON

Portland

As you will probably hear from the active Chapters of the Northwest, $\Delta T \Delta$ has had one of its best rushing seasons in many years. I have had a chance to see some of the men of almost all the chapters, and

I can say that with all honesty and conviction. I don't know exactly why we have had this extreme luck, unless it would be the final culmination of a good many hours work on the part of active alumni and certain individuals like Jim Woods.

The Portland alumni has had a slightly inactive summer. However, we have remained together and the program being arranged for this winter promises to be very interesting.

Our annual elections are coming up October 29. To be sure we know who we are electing, we are going to combine it with a good stag party.

In all probability we will have a Christmas dance at one of the country clubs, and we will have our monthly bridge parties, as usual. I have a hunch that with a large addition of young men just out of school into the alumni association, which is taking place at this time, we are going to have a lot of skating parties, skiing parties and general get-togethers. At the very least, we always have a good time together and never regret a minute spent. I will be glad to send you information on these events as they come to pass.

JAMES H. ZILKA

Rochester

HERE IN Rochester summer has departed and fall has arrived, bringing with it cool weather, autumn foliage, the cheers of the Cornell football crowds, dimly heard from eighty miles away, and the buzzing of the editor of THE RAINBOW as he pesters us for this slightly overdue letter.

The Rochester Delts more or less retired to their holes for the summer, but were quick to emerge when the occasion demanded. If you want to split hairs with the astronomers, the first such occasion of the summer came June 20, the date of our annual wind-up picnic. The brothers and their families, about forty altogether, including a few undergraduates, gathered at Powder Mill Park for baseball and horseshoes and topped off the affair with an abundant supper of hamburgers, "dogs," and all the fixin's. As usual, Elmer Davis had charge of the supper and did a noble

job. We had with us for the first time Jim Olney, a pledge of Beta Iota at Virginia.

July 25, Delts from Rochester and Buffalo gathered at the Stafford Country Club, just outside Batavia, half way between the two cities, for golf and dinner. On this particular occasion the Buffalo boys proved themselves to be the better golfers, but next year we'll be "layin' fer 'em." The affair this year was a little on the impromptu side. Next year we hope to plan a little more and make it a feature event.

Early in September we held what we hope will be the first of a series of annual rushing parties. Starting on a small scale this year, we had ten undergraduates—or rather prospective undergraduates—with us at an informal meeting at the University Club. One or two of the Delts present started the ball rolling by presenting a general picture of the fraternity system and what it means, and then the entire group took up a general discussion of the subject. We hope that we were able to give the boys a little valuable information, and also that upon arrival at their various schools their feet turned in the right direction, fraternally speaking. We know that was true in at least one case, since we have heard that Ed Hegner was pledged by Upsilon at Rensselaer.

Two of our members have strayed from the bachelor's life, or expressed their intentions since the time of our last letter. Fred Kunkle was married late in June to Miss Dorothy Smith, and only a couple of weeks ago one of our apparently hopeless cases was closed when announcement was made of the engagement of Miss Marion Beach to Jack Moreton.

To show that the Delts are always in the public eye—or ear—even as we write, Vernon Bishop, Rochester Delt and nurseryman, is being interviewed on the radio in a broadcast from the flower show downtown.

And that's the news for this time. More in a couple of months.

given August 23, by the Westminster and Missouri Delts and helped some by our alumni organization. This was probably the most successful party given here in a number of years. Due credit should be given to Charlie Drake, Smith and Ogden as well as the others who so ably assisted them, in the management and staging of the affair. Twenty-one rushees were present and a large representation of actives, pledges and alumni. Branch Rickey, although just returned from a trip and very tired, gave an inspirational talk for the benefit of the rushees on the value of the Fraternity.

Visiting Delts to our weekly luncheon during the period were: Larsen, Slater, Stockdale, Pritchard, Ogden and Heffner. Future Delts, we hope, who attended luncheon were D. M. Smith, Jr., Rex Rafferty, Jr., and Tom Ernst.

John H. Hutchinson, Northwestern, who has been here with the National Cash Register Co., was transferred to Washington, D. C., as manager of the office there.

Henry Crone, Kansas, here with Proctor & Gamble, was transferred to Dallas.

New members coming to town and whom we hope to see continue as regular luncheon members are: W. M. Fletcher, North Carolina, J. C. Swander, Purdue, C. C. Buchanan, Hillsdale, and Jack Turley, Missouri.

Elmer Whitson, Missouri, is visiting here and we are looking forward to having him rejoin us for a meeting or two.

It will be a pleasure to see Don Holt, North Carolina, again as we miss his visits.

G. H. BUCHANAN, JR.

San Francisco

THE San Francisco Alumni Chapter is busily making plans for its annual fall banquet to be held a little later in the year. We are proud of one of our most active members, Roland Tognazzini, Beta Rho '26, who is the newly elected president of the Union Sugar Co. Our popular president, "Pod" Boothe, Beta Rho (Stanford), '31, has just been presented with a bouncing baby boy named Barry Power Boothe,

Barry's grandfather, D. Power Boothe, Beta Omega '05, nicknamed "Boothe the Giant Killer," is still remembered by the old-timers for his prowess on the gridiron. Friends of Archie Newsom, Gamma Beta (Armour) '16, will be delighted to hear that Mrs. Newsom presented Archie with a son. Richard George Parrish, Beta Omega '18, and holder of the Distinguished Service Citation, was the principal speaker at Beta Omega's 89th initiation October 11. Your correspondent gave his best as toastmaster on this auspicious occasion.

We are experiencing renewed interest in our alumni affairs from our Stanford members due, no doubt, to the fair football team their new coach Clark Shaughnessy has assembled. Their roof will come crashing down around their heads, however, when they meet and bow again to California, November 30, in the annual Big Game.

We welcome any Delts who may have recently moved to San Francisco to attend our regular Wednesday noonday luncheons.

EDWIN H. CLARK

Seattle

MANY THANKS to the alumni who aided the active chapter during rushing. Another fine job was accomplished by Jim Wood and the boys. May we extend our congratulations to them and also to the splendid new pledge class. We note that Frank "Dory" Knowlton is again in the president's chair of the Seattle alumni, due to Bob Hartnett's resignation. Lt. Robert Hartnett can now be located at Fort Douglas, Utah.

Open house will be held as usual for Homecoming, November 16, and plans are progressing for a buffet dinner at the house following the big game. It will be remembered that last year's affair was a big success and an even better time is anticipated this year.

By the way, speaking of food, we are again indebted to the Mothers Club for the splendid job of modernizing the entrance to the dining room.

Last but not least, keep in mind the Northwest Initiation and Banquet, date, later, to be held this

year in Seattle. The initiation, to be conducted by Ed Campbell's alumni team, will honor two men from each of the Northwest chapters—Idaho, Oregon, Oregon State and Washington. Watch for the date and enjoy an evening with your cronies from "college days." We had over one hundred and thirty Delts at the Golf Picnic, thanks to the efforts of Eddie Feek and Jim Ryan, so let's make this affair even larger.

RONALD F. WATT

Sioux City

THIS fall the Sioux City Delts put on one of the most outstanding rushing parties this scribe can remember. Despite the fact that several of the regular attenders found it impossible to be there we had over sixty in attendance.

Members of the active chapters from Ames, Iowa City, and Vermillion were present, in addition to several out-of-town guests. Sioux City turned out its usual quota of good rushees and the active alumni worked hard to make it a success.

The party was held in Bart Schoeneman's yard—really should call it a park as it is complete in all the details for a good stag. During the evening's entertainment Wally Huff, Gene Kelly, Buggs Ely and Walt Herman made short, pertinent talks to the rushees.

Plans for the Christmas party are still in the offing but no doubt the groundwork will be started soon. Since our last burst of enthusiasm, namely, the fall rushing party, our weekly luncheons have ceased to be so regular, but with another project to put over in the near future, things will be looking up.

JAMES M. BOLKS

Tampa

SO MANY of the boys were out of town part of the time during the summer that our meetings were discontinued. We started up again Friday, October 4, and meetings will be held regularly until further notice on the first Friday in each month.

Believing that members of $\Delta T \Delta$ who were in school with some of the members of the Tampa Alumni Chapter will be interested in knowing what has happened to their

brothers since leaving school, we will, from time to time, give a short historical sketch of the different Tampa alumni members.

Jess L. Keene, Lambda (Vanderbilt) '27.

Jess is married and has one child, a little girl. He was coach and teacher at Huntsville City High, Alabama, 1927 to 1934. He held the same position at Griffin High, Griffin, Georgia, 1934-1936. Jess is now instructor in history and government at the University of Tampa, Tampa, Florida, having been here since 1936. Brother Keene's address is 213 South Newport Avenue, Tampa, Florida.

John O. MacKinley, Lambda (Vanderbilt) '38.

John says, "I am now living in the land of sunshine and flowers—Tampa, Florida. Have given up bridge for hunting and fishing, and spend most of my week-ends in the woods some place. Am still struggling with real estate and believe Florida will soon be crowded with investors from all parts of the country." Brother MacKinley's address is 2432 Prospect Road, Tampa, Florida.

Marcus Owen, Delta Zeta, 1930, University of Florida.

Brother Owen is an officer in the 116th Field Artillery, National Guard, located at Tampa, and last year completed a 13-weeks' course at the Field Artillery School for National Guard and Reserve Officers at Fort Sill, Oklahoma. Brother Owen lives at 710 South Edison St., Tampa, Florida.

A. K. DICKINSON

Topeka

THE Topeka Alumni Association is still going strong. In coöperation with Gamma Tau and Gamma Chi we held a rushing party last summer in Topeka with encouraging results. Just before school started, we held a picnic-dance at Lake Linge for our own members.

Through the fall and winter we are meeting every Friday noon for luncheon at the Senate Cafeteria. We shall welcome the attendance of any Delts who happen to be in the vicinity of Topeka on Fridays. We are also planning to hold an evening program about once a month beginning in November.

We sent a carload to Baker for the annual Delt Chicken Fry, and from all the reports, they had the time of their lives.

CHARLES G. BLAKELY, III

Toronto

TORONTO alumni had a very quiet summer this year, the old home guard not finding it necessary to carry out the usual basketful of repairs.

In September, President Hardy retired from the executive committee in order to devote his spare time to the duties of Chapter Adviser. Brother Wally Rankin, then hopped in as president.

Brother Rankin's first meeting was held October 9, at which time the alumni did a high power super rush job on some doubting rushees. Free smokes, a magician and Brother Fear's magic lantern—courtesy of Ford, provided the entertainment. Staff Captain Brother "Chuck" Sharpe, on leave from the war zone, gave an excellent description of life overseas. Pledging then became fast and furious, with gratifying results.

Our next meeting, which will be history when this is printed, is due on November 19, 1940, in conjunction with the Mothers' and Wives' Club. This will be a dance at the Old Mill and an effort will be made to raise some money for war work.

Beyond November 19, 1940, the executive committee has no further plans, but it won't be long before the entire year's program has been arranged.

In closing, we would like to pay tribute to our many members, both alumni and active who are serving with His Majesty's Forces at home and abroad. To those brave lads we may say the Fraternity as a whole salutes you.

CHAS. E. HAWKE

Tulsa

WE HAD a fine turnout for our October meeting which was held October 18, at the University Club. Norbert Proctor, who is filling Hirst Suffield's unexpired term as president, outlined a very complete and promising program for the coming year. One activity which is to come

up next month is a trip to Norman, Okla., for the Oklahoma-Missouri game November 18. We will all leave Tulsa at 8 a. m. in a chartered bus and sit in a body at the game. That night we will stay at the Oklahoma chapter house and come back to Tulsa the next day.

We all are going to feel the loss that Hirst Suffield's transfer to Houston is going to mean to our alumni organization. Hirst served two terms as secretary-treasurer and all but three months of a term as president. Our loss is Houston's gain—there are two other Oklahoma Delts down there in Houston, Everett Filly and Jim Knoll.

The main activity here this summer was rush. We entertained rushees at the University Club in June, at Oakhurst Country Club in July and at the Tulsa Club in August. Our individual members had interesting summers: Bob Bates spent most of eight weeks at Grand Lake, Colo. (he had to rush back here on several short business trips). Lawrence Wilson attended the Broadmore invitation golf tournament at Colorado Springs, Colo., and so far this fall has not missed making a football trip every week-end. Ronny Johnston also attended the golf tournament at the Broadmore and has made several trips to the Gulf Coast country. Harvey Heller, between being president of the University Club and making his many business trips, has had a busy summer. Harlan Trower went to Mexico City. Burdette Smith visited the New York World's Fair and returned via Canada. Howard Newman is back in New York at the present time. Jack Reilley vacationed in the Rockies. Jack Harbin and Jim Sullivan both have been transferred to the Venezuela operations of the Carter Oil Co. Gordon Watts is now in Oklahoma City with the State Attorney's Office. Bob Van Horn is entering the C. A. A. flying course at the Spartan Flying School here at Tulsa. Jack Getty came to the last meeting with three new Delts: W. H. Wasson and Bartlett Crawford, both from Missouri, and Conrad Carlson from Nebraska.

It is with deep regret that we announce the death of one of our members, W. F. McMechan, who

was a Delt at Washington and Jefferson.

BERT BASS

Wichita

IF, WHEN three Delts meet here, they would talk about something besides the political outlook, your reporter would be able to send in something of a little more interest to the readers than just a summary of the mistakes made by the Gallup Poll.

Everett Higgins is a candidate for Judge of the City Court, on the Democratic ticket. We all hope that after November 5, we will be able to refer to him as Hizzoner.

Bill Kahrs is chairman of the local Republican Speakers Bureau, and nightly he fills the ether with pros and cons, prognostications and propaganda.

Dorth Coombs, our erstwhile eligible bachelor, prior to last June, and spinner of tall tales, was hit on the rebound by one of his own stories the other night. He and Mrs. Coombs returned to their apartment and found a horse in the bathroom.

William G. Plested, assistant general council of the Federal Land Bank of Wichita, attended the conference of general councils in Washington, D.C.

The Wichita Alumni Chapter held its annual rush party at Jack Spines' farm about sixteen miles southeast of Wichita, August 16. Your correspondent was out of town and missed the party, but the following is a transcript of the activities as compiled by our president, Max Hamilton. "Brother Art Wolf served one of his famous Bar-B-Q

rib picnic dinners with all the trimmings and those who got there really enjoyed it. The weather was ideal for the party in Wichita but just before leaving the pavement to turn off on the dirt road—"The Rains Came," and how—the two miles down to the farm were the longest part of the trip. Few negotiated that stretch of sticky, slimy, greasy Kansas gumbo without going in the ditch. The rushees piled out, took off their shoes and socks, rolled up their pants and pushed—most of them won't forget that rush party for many years.

"Despite the trials and tribulations the food arrived safely and everybody had a real time—probably more fun than if the weather had been ideal, because the rain and the mud put everybody in the same boat and the ice was broken. Twenty loyal alumni and twenty rushees arrived in time for the food. A few more arrived late, but had a good time just the same."

Undoubtedly this rush party made its impression on the guests for several of them have since pledged to Δ T Δ, at their respective schools.

S. R. HAWES

Wilmington

WE HAD our first fall dinner October 16, when Frank E. Schoonover, well-known Delaware artist who has done some outstanding painting in the Arctic Circle and the father of our Cortlandt "Pat" Schoonover, Gamma Zeta '34, gave the principal address of the evening. Twenty-five turned out for the evening session which was held

at the duPont Country Club, among them being two potential Delts, Tener Eckelberry, son of John W. Eckelberry, Mu and Beta Phi '08, and Bob Perry, son of Jack Perry, Gamma Nu '17. These two lads will be entering college next fall and we want them to be educated along the "right" lines before they matriculate.

At the dinner two future affairs were discussed, one being the trip to Lehigh November 2, to visit with the chapter there and take in the Lehigh-Haverford game and the other a holiday luncheon between Christmas and New Years when we expect to entertain all the local Delts who are now in college as well as rushees for next fall. Committees were appointed for both affairs and we hope to have a full report on them in our next letter.

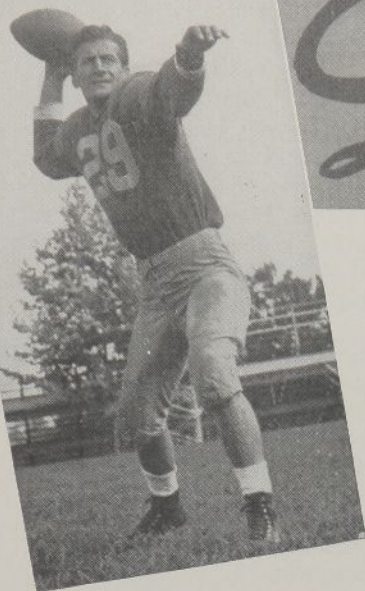

We continue to have exceptionally good turnouts for our weekly luncheons on Mondays at The Hob Tea Room even though half of the brothers claim that the day conflicts with other luncheon organizations but are usually on hand just the same.

Dick Joslin, Gamma Gamma '37, has been transferred by the duPont Company to their new nylon plant at Seaford, Delaware, and in like manner Charley Ellis, Delta Kappa '40, has been moved by the Hercules Powder Company to Radford, Virginia, where they are building a new powder plant. Bill Bryan, Delta Epsilon '36, is on a leave of absence from the duPont Company and is taking a year's graduate work at the University of Michigan.
