FRATERNITY?

By ALFRED P. SHERIFF, III

Executive Vice-President
Delta Tau Delta Fraternity

WHAT IS a fraternity? Is it fraternity houses? Is it a blast together every weekend? Is it involvement in campus affairs—campus leadership? More cynically, is it just a place to eat and sleep?

Or, is it the business of men living together and experiencing the peculiarly wrought collection of indefinable ideals and principles we hear spoken of in our *Ritual* and stated in different form for public consumption in the Delt Creed?

We see fraternity lived and practiced in the most ramshackle of chapter houses. We see it nonexistent in half-million-dollar campus mansions. We see men enjoying the experience of fraternity unable to afford more than each other's company. We see groups which spend thousands on a weekend for a rock band and the best possible liquid spirits completely devoid of it. We see it with groups in fine houses, in virtual campus shacks, in lodges, in dormitory sections, and even where groups by circumstances are required to meet weekly in college classrooms. In every case the common ingredient seems not to be the physical plant or any other materialistic measure, but that intangible driving force called fraternity or brotherhood.

In these days we hear and read often that fraternities are no longer relevant. The charge is probably true wherever the purpose or meaning of fraternity has been lost. But where fraternity is practiced, housing problems do not seem unsolvable, collection of members' accounts is no real problem, drugs have no attraction in the house, rush is successful, scholarship is generally at a satisfactory level, internal organization is good, and spirit is high. These are men gathered not just for the physical comforts and the tangible gains for self, but for the experience of giving of themselves and putting into practice daily the principles and ideals of which we so often speak.

It seems a paradox that in conversation and even in writing students often tend to be cynical about ideals, while at the same time they desire

to achieve the highest of standards for themselves and their world as they express sincere concern with regard to ecological problems, race relations, urban problems, etc. In a way, our chapters are mini labs for putting into early practice the ideals, principles, and behavioral code which have been the foundation of the success of our nation to this point. Through their practice in later life continued progress will be made. If chapter leaders are unable to grasp the greater meaning behind fraternity, *and* put this into practice at the chapter level, these chapters and members are missing the whole ballgame.

Chapters which are grasping for meaning or for relevance, individually as members or collectively as a chapter, will want to give real thought as to purpose. Much of what might have been considered relevant to the operation of a good fraternity chapter yesterday is so much gold plate today. But those values which remain relatively unchanged, fixed, and untarnished, however much the language and emphases of generations may vary, are those ideals, principles, and standards expressed in our *Ritual* and Delt Creed. Through adapting them to a changing environment, there will come an organizational form attractive to an increasing number of students, a pride in experiencing the fraternity house rather than destroying it, and a social program (not an orgy) befitting the faith institutions are now placing in student ability to govern themselves and conduct their own affairs in a superior manner. These things will make possible a new and meaningful campus involvement in the issues of the day.

In the final analysis, it will be by relating those ideals to life today, and putting them into practice, that chapters will find the answers to many pressing problems, accompanied by a new identity of purpose, and a constant relevancy.

Idealistic—yes.

Impossible—no.

Possible—definitely. It's up to you.

THE OFFICIAL count was 413 Delts: 250 undergraduates from 102 of the Fraternity's 108 chapters, and 163 alumni. There were guests too, 110 wives, sons, and daughters who took part in the 1970 Karnea of Delta Tau Delta.

For three days in August, the Royal York Hotel in Toronto was the scene of business sessions, informal discussions, luncheons, seminars, and special events, climaxed by the traditional Karnea Banquet on August 29.

Karneia "hounds"—Delts who had attended at least five previous Karneas—scanned the official registry roster for names of old friends and questioned undergraduates about the flood of news bulletins from the campuses.

There were group trips to the Canadian National Exhibition, a boat cruise, and scattered forays into

the megalopolis. But interest focused on campus affairs, zooming in specifically on the Fraternity's role in the 1970's.

The tone of Karnea '70 was set by retiring President Robert L. Hartford in his address at the opening business session. Reported the President:

"Change has become a way of life. Our customs, our habits,

our morals, cultural patterns, our art, music and literature, all are new. Even the basic practice of making decisions based on precedent is being discarded.

"Change in any man's life means changing his habit patterns in thoughts and in actions. It terrorizes him to discover that the truths on which he based his thoughts and actions are no longer solid rocks. The longer a man's life, the more difficult it is for him to change his habits, whether they are action patterns or thought patterns. The sum of all his habits creates his life-style, and today's changes are destroying many a man's life-style.

"That compound word as much as any other thing is a symbol of change, since it is a youthful word, of recent origin, and generally connotes the way of life of youth—particularly if it represents habits which were totally unacceptable to our society as recently as 20 years ago.

"Life-style is a term which can be applied equally to anyone. Perhaps it may be applied with real meaning also to the habits and practices of an organization.

"Perhaps in these two years on which I now report to you, Delta Tau Delta has been adopting rapidly a new life-style. I sincerely believe this is true."

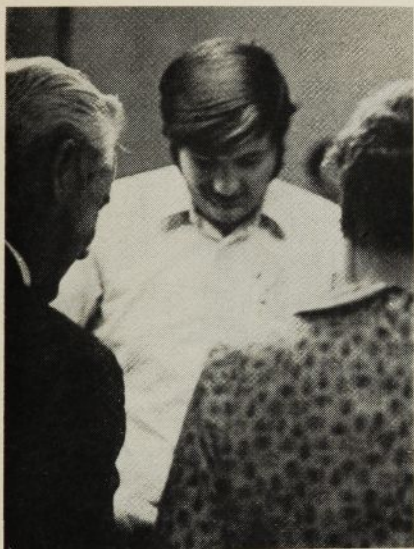

Additional excerpts from the President's two-year report are found on page 16.

Emphasis On Change

Delegates to the 1970 Karnea matched current campus problems with new ideas for the future.

Karnea gets underway with registration and checking schedules for the three-day program (above and below).

A pledge of \$1,000 toward purchase of the first Delt house, located on the Bethany College campus, was made by Barry J. Gardner, Bethany '67, second from left, after it was announced that the building is in danger of being destroyed. With him in the photo are Karl Doering, left, Marcus Stauffer, Bethany '70, and Kenneth D. Mielke, Bethany Chapter president, right. The pledge was immediately matched by Herb McCracken.

Past international presidents who attended the Karnea are, seated from left, Charles T. Boyd, North Carolina '21; Norman MacLeod, Pittsburgh '17; G. Herbert McCracken, Pittsburgh '21; Martin B. Dickinson, Kansas '26; and standing, Francis M. Hughes, Ohio Wesleyan '31; Robert W. Gilley, Washington '30; Arnold Berg, Indiana '32; Joel W. Reynolds, Tufts '23; and John W. Nichols, Oklahoma '36.

Discussing New Life-Styles

NEW LIFE-STYLES, alluded to by the President, were reflected distinctly at general sessions. Vehement discussions among Karnea delegates were aimed at topics which are changing the complexion of higher education. In some instances, action called for corresponding changes in the Fraternity's Constitution.

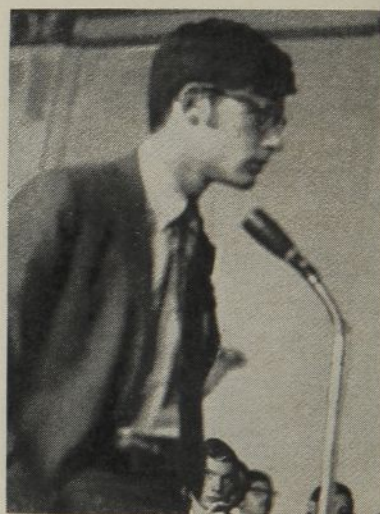

One resolution calls for the appointment of a committee to present at the next Karnea some revisions in keeping with feelings expressed by undergraduates, including those pictured at the right.

Other resolutions provide that constitutional amendments be added to increase communications throughout the Fraternity. An example is the distribution of proposed constitutional changes to chapters in advance of Karneas.

The title of supervisor of scholarship was changed to director of academic affairs, to more correctly mirror new approaches to learning that are replacing the total dependence on grades as criteria for academic achievement.

The final resolution of the 70th Karnea recommends a National Heritage Fund to purchase and maintain the original building in which undergraduates founded the Fraternity at Bethany College. A \$1,000 contribution to initiate the fund was made immediately by Barry J. Gardner, *Bethany '67*. Two former international presidents, John W. Nichols and G. Herbert McCracken, then pledged matching contributions for the project, which is to be studied by the Fraternity's Board of Directors and other concerned Delts.

The monumental task of recording all business session proceedings fell to Robert P. Stapp, *DePauw '34*, who served as Karnea secretary.

FREDERICK D. DILLEY

Michigan State

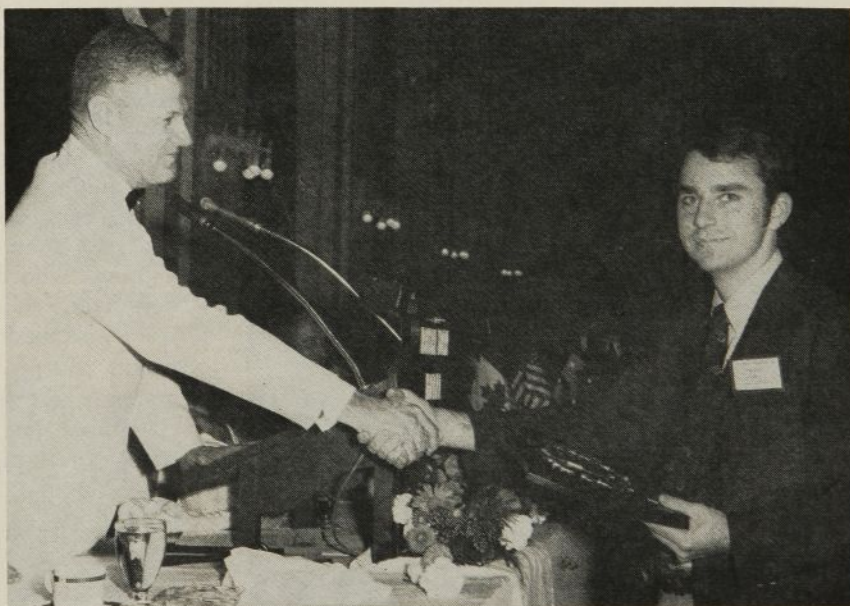

"... We still find specific reference to the 'Christian Religion' in the Constitution and more particularly in the Ritual of the Fraternity. Since Christianity is a separate and particular religious creed, the imposition of this, or any particular religion as the arbitrary standard of fraternal ideals and moral principles is discriminatory in nature and violative of the concept of brotherhood which underlies our Fraternity."

THOMAS S. SHARP

L.S.U. '68

... Delta Tau Delta began in the
with, adopting Christian principles and
als. . . . These principles as exempli-
fied in the Ritual have guided countless
members of young men of high moral
character for over 100 years. . . . Can we
delete from our Ritual that
which was responsible for our very ex-
istence? Our Creator? Our God?"

A Search For Answers

CONCERN for peace on the campus, constructive involvement by fraternities, reforms in education, and the nitty-gritty economics of efficient chapter operation were bounced about in well-prepared presentations and unstructured round-table discussions.

It was perhaps inevitable that there should be a seminar on drugs. But even the most optimistic among Karnea planners were overwhelmed by the quality of an afternoon program arranged and moderated by Richard E. Retterer, *Indiana '47*, chairman of the Mayor's Task Force on Drug Abuse, in Indianapolis.

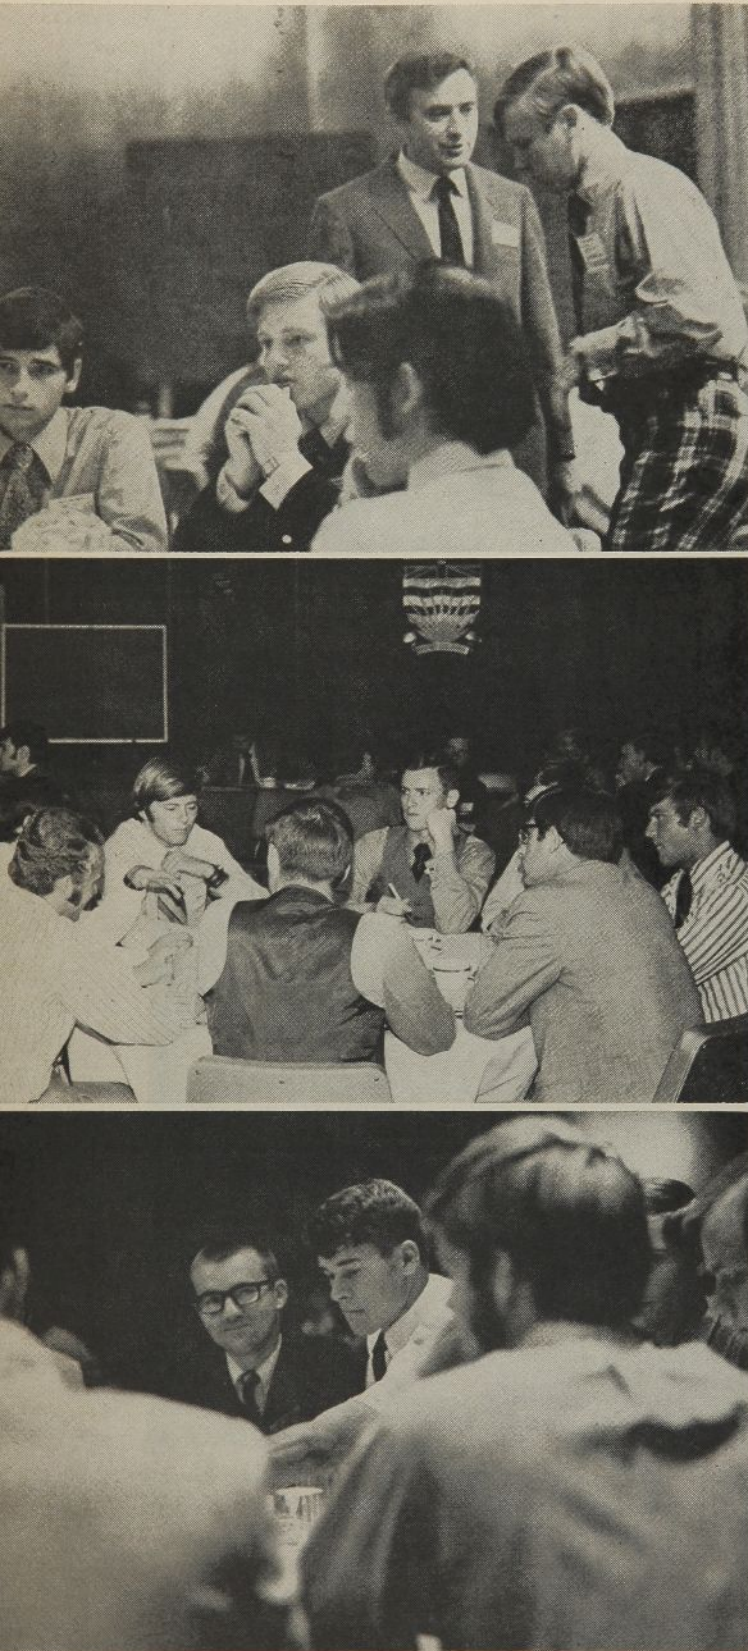

On the program were Father George von Hilsheimer, superintendent of Green Valley, Orange City, Fla., who opened the program as speaker for the Combined Division Luncheons; Dr. Andrew I. Malcolm of the Ontario Alcoholism & Drug Addiction Research Foundation; John J. Devlin of Daytop Village in New York City; and a young former drug addict who described in a graphic and moving manner the problems he faced during several years of drug-induced hell.

At the Leadership Luncheon, speaker Albert J. Murphy, *Penn State '38*, outlined the concerns of an alumnus who observes campus problems and wonders if individual initiative is still alive. As administrator, professional fellow, for Westinghouse Corporation, Murphy works closely with young executives making the transition from campus to industry. Fred C. Tucker, Jr., *DePauw '40*, newly elected treasurer of the Fraternity, was the luncheon toastmaster.

A new concept in Karnea procedure made its successful debut in the form of round-table Chapter Problem-Solving Sessions, where delegates divided into small groups each day to share experiences and in some instances prepare resolutions for the general sessions.

Members of the Arch Chapter, Central Office Staff, and Undergraduate Council, who met in joint session before the Karnea kick-off, chaired other informal discussions on Delt activities.

Other topics of widely varying depth were debated in the halls and in a popular hospitality room provided by Toronto Delt.

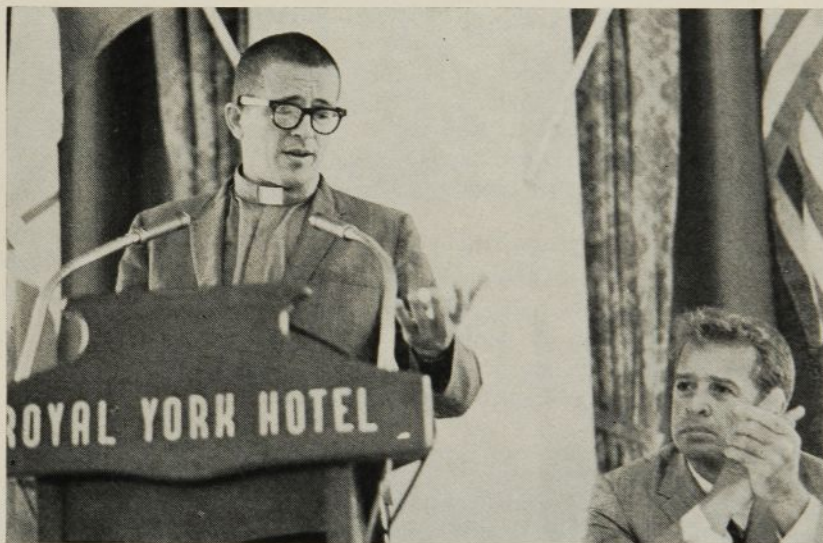

Problems were discussed and recommendations for general sessions prepared at daily round-table discussions.

A joint meeting of the Arch Chapter and Undergraduate Council preceded the Karnea.

THE 70TH KARNEA came to a dramatic close with the Banquet attended by delegates and their guests. On the agenda were presentation of Achievement Awards and Distinguished Service Chapter Citations (see following pages), as well as introductory recognition of men who have been honored in past years.

Toastmaster J. Carl Wilson, *Toronto '38*, president of Wilson Lighting, Ltd., coordinated the evening's activities, after being introduced by William H. Seeley, *Toronto '48*, a co-chairman of the Committee. The President's Badge was presented to Fraternity President-Elect DeWitt Williams, *Washington '29*, by retiring President Robert L. Hartford, *Ohio '36*.

Wilson

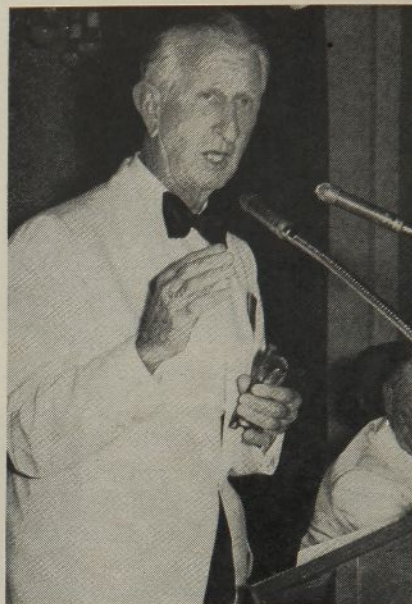

University of Toronto undergraduates and alumni who served on the Karnea Committee received an ovation for their successful effort. They were Co-Chairman Seeley and William J. H. Disher '38; Gary B. Atkins '60; Ross L. Butters '58; Douglas E. Croth '66; William M. Frost '58; James L. Pigott '69; and Delta Theta Chapter members David N. Pigott and David B. Gallagher.

The evening ended with the Karnea Address by one of the nation's best known educators, who left no doubt why he also is recognized as an inimitable speaker: Dr. Andrew D. Holt, *Emory '27*, for 18 years the president of the University of Tennessee, before his official retirement two days after the close of the Karnea.

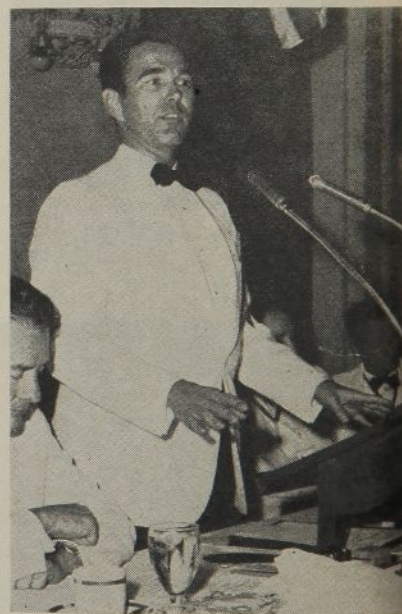

A group of undergraduate Delts responds to the speaker's humor.

THE BANQUET

Dr. Andrew D. Holt, Emory '27, tells delegates and guests some of his observations on finding success in life.

Program is opened by William H. Seeley, Toronto '48, who introduced the toastmaster, J. Carl Wilson, Toronto '38.

500 attend banquet in Concert Hall.

A reception preceded the Karnea Banquet.

In a surprise presentation, Miss Janice Gregory, office manager of the Central Office, receives an award from President Hartford for 20 years of service to Delta Tau Delta.

Alumni Achievement Awards

OUTSTANDING career achievements reflecting high honor on Delta Tau Delta were recognized at the Karnea Banquet, with award presentations to nine outstanding Delts. The Achievement Awards, established in 1966, recognize members of the Fraternity who have distinguished themselves in their chosen fields of endeavor. Nominees must be in attendance at the Karnea to receive the awards.

VICE ADM. ALLEN M. SHINN (RET.)
California '30

"Native of California. A 1930 graduate of the University of California and a 1932 graduate of the U. S. Naval Academy at Annapolis. Battleship officer. Naval aviator after graduating from flight training at Pensacola. World War II commander of a patrol squadron, a carrier air group, and a fleet aviation group in the Pacific. Commander of the Navy's first carrier early warning squadron. Member of the chief of naval operations staff, Washington. Commandant of midshipmen at Annapolis. Commander of the super-carrier USS Forrestal. First commander of the Naval Air Systems Command. In 1966 named to command the Naval Air Force, Pacific fleet. Retired in March of 1970, immediately joined Harvard Industries, Inc., of Farmingdale, N. J. as a group vice-president for technical services."

DR. DANIEL DAVID PALMER
Pennsylvania '29

"A 1929 graduate of the University of Pennsylvania. Businessman, educator. President of Palmer Broadcasting Co., with AM-FM-TV stations in Des Moines and Davenport, Iowa, television stations in Palm Desert, Calif. and Naples, Fla. President of Palmer Junior College in Davenport, Iowa. Noted civic leader who has re-

ceived numerous awards for contributions to the communities where his many activities and business affiliations take him."

H. M. "DICK" POOLE, JR.
Washington '40

"A Texan by birth, but his boyhood was spent in Iowa, and his college days in the Northwest, where he graduated from the University of Washington in 1940. With a keen interest in sales, he joined Johnson & Johnson at New Brunswick, N. J., in 1941. During his career with the Company, he has worked in widely separated areas of the nation as a salesman, division manager, and regional manager before assuming national sales responsibility in 1953. He continued to rise through top management positions: a member of the parent company board, vice-president of sales, and since 1964, the Executive Committee and Board of Directors."

MAJ. GEN. EDMOND H. LEAVEY (RET.)
Rensselaer '22

"A native Texan, but a graduate in 1922 of Rensselaer Polytechnic Institute, and the U. S. Military Academy at West Point. Commissioned a second lieutenant in 1917, promoted through all grades to major general in 1944, retired at his own request in

The distinguished group of 1970 recipients represent a cross section of education, business, military, humanitarianism, and communications. Selections were made by a committee, working from a long list of Delts nominated by undergraduate and alumni members. Presentations were made by retiring President Robert L. Hartford, whose remarks are quoted here:

1949, but recalled to active duty in 1951. One of the nation's most distinguished military careers . . . served in both World Wars and received many military decorations, including the Legion of Merit and the French Legion of Honor. One of the first chiefs of staff in Europe at U. S. entry into World War II. Later moved to Pacific theatre of operations and received the surrender of all Japanese forces in the Philippines. After second retirement from the Army in 1952, he joined International Telephone and Telegraph as a vice-president, and before he retired from his second career in 1959, he became president, then chairman of IT&T. He still serves as a consultant for the Corporation. Major General Leavey and his wife live in Honolulu."

DR. PERRY E. GRESHAM
Texas Christian '30

"Since 1952, Dr. Perry Gresham has been employed in that most perilous of all professions, a college president. He has served during that time as president of Bethany College, which, of course, has special significance for Delta Tau Delta, which was founded there. President Gresham graduated from Texas Christian University, where he lettered in track and was top man scholastically in his class. He did graduate work at the University of Chicago and received

his Ph.D. from Columbia. He has been a minister of the University Christian Church at Fort Worth and chaplain at T.C.U. He has been a college faculty member at T.C.U., Washington, Michigan, and the University of Lund in Sweden."

CLARK DAUGHERTY
Penn State '44

"In May of 1964, Clark Daugherty capped an outstanding career with Rockwell Manufacturing Co. of Pittsburgh by being elected to the Company presidency. He had joined the Company as its first sales trainee two years after graduating from Pennsylvania State University, where he majored in business administration. When Rockwell formed a Market Research Department, Clark Daugherty became its first analyst. In three years, he was department manager. He was a pioneer in the areas of acquisition analysis and certain phases of financial public relations, and he is familiar with advanced concepts of market research, the backbone of today's sales approach. Clark lived in Chicago for six years, after Rockwell acquired a subsidiary there, but returned to Pittsburgh in 1961 as a corporate vice-president in charge of a newly formed division. He later became vice-president—administration, before his election as president."

DR. FLOYD STARR
Albion '10

"What can you say about this unusual man? He is one of the world's great unselfish humanitarians. He is the man who first uttered a phrase that has been quoted for decades, and which gives some insight into his personality: 'There is no such thing as a bad boy.' When he graduated from Albion College in 1910, Floyd Starr decided to dedicate his life to helping boys who had found themselves in trouble with the law, or in other ways at odds with society. He started the Starr Commonwealth for Boys on a little land near Albion, an old dilapidated building, and a lot of faith in his fellow man. Through his efforts it grew in size and program to become a model school for underprivileged and delinquent boys. In 1967, he retired as president, but he remains a member of the Board of Trustees and the spirit behind the continued progress of this wonderful institution."

WILLIAM S. LAWO, JR.
Tennessee '32

"If you can believe what you see on television, Bill Lawo may very well be more closely associated with the young generation than any other alumnus at the Karnea. He is president and chief executive officer of the Pepsi-Cola Bottling Co. of Los Ange-

les, one of the five largest Pepsi operations in the country. Bill graduated from the University of Tennessee before the Pepsi Generation came alive, in 1932. He has held many positions of importance with Pepsi-Cola, including vice-president and general manager of New York operations. He moved to the West Coast to take over rapidly expanding activities there just last year."

G. HERBERT McCracken
Pittsburgh '21

"Varsity letter winner in football, basketball, and swimming at the University of Pittsburgh . . . president of his senior class . . . a graduate of 1921. Head football coach at Allegheny and Lafayette Colleges. Co-founder in 1922 of Scholastic Publishing Company, along with a Dartmouth Delt, M. R. Robinson, and now vice chairman and director of that company, which has expanded to one of New York City's important publishing houses, and changed its name to Scholastic Magazines, Inc. International president of Delta Tau Delta from 1946 to 1948, and a member of the Distinguished Service Chapter. Still serving his alma mater as a member of the Board of Trustees, and still serving his Fraternity as he has since he was initiated 50 years ago."

THREE DELTS were recognized at the Karnea for long and faithful services to Delta Tau Delta. Each received a Distinguished Service Chapter Citation in a surprise presentation at the Banquet.

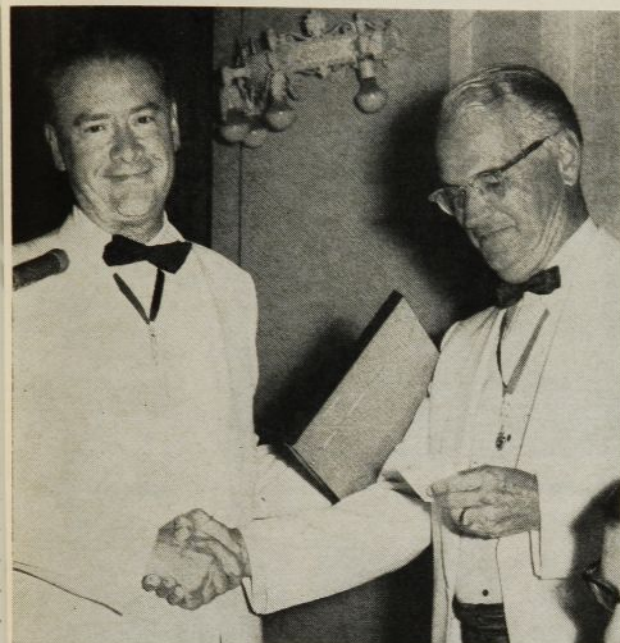

A means of showing appreciation for unusual service to the Fraternity has been in existence since 1929, when the Court of Honor was created by the Arch Chapter. The name was changed later to the Distinguished Service Chapter.

Presentations were made by two former international presidents, both members of the Distinguished Service Chapter, Francis M. Hughes, shown at left in the first photo and at right in the second photo, and G. Herbert McCracken, at left in the third photo.

GORDON LEMIN JONES, *Nebraska '41*. Active in his undergraduate chapter as president, field secretary and administrative assistant, distinguished editor of *The Rainbow* and a member of *The Rainbow* Advisory Committee, Northern Division vice-president, this Good Delt has, through a unique combination of sound judgment, warm fellowship, respect for others, willingness for service, and dedication and loyalty to the ideals of the Fraternity, contributed richly to its ongoing progress. A friend to all, he demonstrates unselfish devotion to Delta Tau Delta and all for which the Fraternity stands.

Recognition For Long and Faithful Service

ROBERT LOGAN HARTFORD, *Ohio '36*. As an undergraduate member of Beta Chapter, he always gave his chapter the best that was in him, and as an alumnus, has always been responsive to the voice of Beta Chapter and its house corporation; as a young alumnus, he served both the Cleveland and Pittsburgh Alumni Chapters as treasurer, vice-president, and president; called to service again, he served the Northern Division as its vice-president and president, thus beginning more than two decades of service on behalf of the Fraternity, serving later as its secretary, secretary of alumni, vice-president, and finally as president. His vast experience and vision as a leader have broadened the horizons of the Fraternity, his influence will be unending, and his loyalty, service, and love for his Fraternity will serve always as an inspiration to others.

JOSEPH DON BOYD, *DePauw '48*. Undergraduate chapter president for two terms; president of the Northern Division; frequent and effective speaker and panelist at fraternity functions; his concern for youth in his profession as a distinguished educator has been enhanced and enlarged by his interest in the young men of Delta Tau Delta and in its ideals; his contributions to the Purple, White, and Gold of the Fraternity are legion.

Arch Chapter Election

A CLOSE FRIEND of DeWitt Williams once described Delta Tau Delta's new international president as "a man who makes a habit of multiple success." It is an appropriate characterization.

A highly successful West Coast lawyer, "De" Williams is a partner in the Seattle firm of Williams, Lanza, Kastner & Gibbs, which he joined after graduating from Law School in 1932.

His participation in activities of the Fraternity has been continuous since he entered the University of Washington in 1925. As an undergraduate, he held several Delt offices, including chapter president and representative to the 1929 Karnea. He also was secretary and then president of Interfraternity Council.

After graduating magna cum laude, and having been initiated into Phi Beta Kappa, "De" continued to live at the Gamma Mu Chapter Shelter while attending the University's law school. He remained active and served as alumni representative to the Western Division Conference.

In law school he made Order of the Coif and graduated first in his class.

For about five years, he was adviser to Gamma Mu Chapter. He also assisted with the installation of Delta Rho Chapter at Whitman and provided extensive legal services in the acquisition of a Shelter at Washington State University.

In 1946, he took the responsibility for incorporating the Iris Foundation, under the laws of the State of Washington, for the purpose of receiving and administering funds for the aid of undergraduate members of Gamma Mu Chapter. Since that time, he has acted as secretary and administered the fund, which has awarded numerous grants and loans, each requiring individual consideration.

He has served several terms on the Rainbow Society, the house corporation of Gamma Mu, and he has handled legal details for a new Shelter.

Called on frequently to be toastmaster or speaker for Delt functions at Seattle and elsewhere, he has earned a reputation for combining

depth of meaning with sharpness of wit.

In 1947 the Seattle Alumni Chapter awarded "De" the Certificate of Recognition for "actively contributing to the success of Alumni affairs during his post-graduate years."

He is a member of Delta Tau Delta's Distinguished Service Chapter, and before his Karnea election to the presidency, he served as vice-president and ritualist, second vice-president, and treasurer.

Meanwhile, "De" has received national commendation for his career in law. He is a member of the Bar of the Supreme Court of the United States, the Supreme Court of Washington, the Ninth Circuit Court of Appeals, District Courts of Washington and Oregon, and the Tax Court of the United States.

He is a director of the American Judicature Society and a member of the American College of Trial Lawyers and the American College of Probate Counsel.

At the present time he is serving in the House of Delegates of the American Bar Association, as well as a member of sections on taxation, antitrust, and judicial administration.

He is a member of the Board of Governors of the Washington State Bar Association and holds the Association's Certificate of Merit for outstanding service.

A long-time member of the Seattle-King County Bar Association, he has been president, vice-president, secretary, a member of the Board of Trustees, and chairman of several committees, including those on legal aid, legal ethics, program, and others.

He has been president, and for 10 years a Board member for the St. Stephens School for Girls, a trustee for five years for the King County Library, director and secretary of the Arthritis Foundation, and a lecturer on estate planning and office probate at his alma mater.

He is a director on boards of several firms. A partial list includes University Properties, Northwest Steel Rolling Mills, Vance Corporation, Denman Estate Company, 1941 Corporation, Berliner Investment Company, and Precision Engineering.

The gavel of Delta Tau Delta has been placed in experienced and dedicated hands.

President Williams

Announced at Karnea

AS HE MOVES into the highest office of Delta Tau Delta, President Williams heads an Arch Chapter made up of returning colleagues with whom he has been associated while serving as vice-president, and three new members, each well known for service to the Fraternity.

Edwin L. Heminger, *Ohio Wesleyan '48*, publisher of *The Republican-Courier* in Findlay, Ohio, who has served as treasurer of the Fraternity since 1968, is the new vice-president.

William J. Fraering, *Tulane '46*, owner of a major food brokerage company in New Orleans, has moved from the office of Southern Division president to secretary of the Fraternity. He succeeds William P. Raines, *Pittsburgh '48*, who also has served the Fraternity as vice-president and president of the Eastern Division.

Fraering

Heminger

New Members

William Tate, *Georgia '24*, colorful and nationally prominent dean of men at the University of Georgia, was elected to the office of Fraternity second vice-president, succeeding W. H. Andrews, Jr., *North Carolina '20*.

Dean Tate, who recently received the Order of Interfraternity Service Award from Lambda Chi Alpha Fraternity, has been honored many times since being named dean of men at his alma mater in 1946. Known as a college dean who literally lives his job, he has endeared himself to thousands of University of Georgia students, to whom he remains "Wild Bill" Tate because of his unwavering enthusiasm for college life.

He devotes most of his working hours to personal conferences with

students, individually and in groups. As an undergraduate he was a member of the track team and A.A.U. cross country champion. He is a member of Phi Beta Kappa, Phi Kappa

Tate

Phi, Sphinx, Gridiron, Omicron Delta Kappa, and other honor societies.

A former head of the English Department at Georgia, Dean Tate still holds the rank of associate professor of English.

Fred C. Tucker, Jr., *DePauw '40*, the Fraternity's new treasurer, is president of F. C. Tucker Co., Indianapolis realtors and developers.

As chief executive officer of Indiana's largest and most diversified full service real estate company, "Bud" Tucker's enthusiasm and success have put him almost in as much demand as the subject of magazine articles as in city development.

Tucker

His firm is realtor and developer of the 20-story, \$10 million Indianapolis Hilton and manages properties such as the Indiana National Bank Tower, the state's tallest building, which opened this year.

Despite a rigorous schedule, Tucker has maintained a close relationship with the Fraternity and Beta Beta Chapter. He also serves on the Board of Trustees of DePauw University.

One magazine observed that "it would take a small pamphlet to include all the present and past business and civic posts and honors Bud Tucker has held."

Carl E. Stipe, Jr., *Emory '43*, has advanced from vice-president to president of the Southern Division in a move commensurate with his time-consuming efforts in assisting Bill Fraering for the past three years. He also served as a Division vice-president in the 1950's.

After graduating from Emory, Carl

Stipe

was on the faculty of the University of Wisconsin for 10 years, teaching history and political science. He then moved back to Atlanta, where he is an insurance executive.

A member of the Fraternity's Distinguished Service Chapter, he has served as president of the Atlanta Alumni Chapter, adviser for many years to Beta Epsilon Chapter at Emory, and president of the Chapter's House Corporation. He still is a member of the House Corporation Board of Directors.

From a Position of Strength

EXCERPTS FROM THE RETIRING PRESIDENT'S ADDRESS

By Robert L. Hartford

Delta Tau Delta is facing change from a position of strength, not of weakness. We have more members, both undergraduate and alumni; more chapters, more dollars at work; and more staff strength than ever before.

Growth of our Fraternity, which lagged during the thirties and forties, began to increase slightly during the fifties. The net gain during that ten year period was small, however. Since 1960 we have matched more closely the campus growth, and in the past two years we have really hit our stride. At the present pace, we should reach 150 chapters by 1980.

The physical plant of the Fraternity consists of our central headquarters building in Indianapolis plus our chapter houses. We are in an era of building. In the past two years 20 loans have been made for new houses, new additions, or renovations. In addition, some work has been done without financing from the Fraternity. Despite all this, we still have great need for new or better housing on many campuses.

Delta Tau Delta is an undergraduate fraternity. At the close of the 1969-70 academic year last year we had approximately 6,000 undergraduate members. As you may imagine we had a bit of difficulty at that point in determining how many undergraduate members were in school, and in some cases whether or not the schools were in session!

Aside from the numbers, we have seen an increasing amount of undergraduate participation in fraternity affairs beyond the chapter. Part of this reflects our world of change. Part of it is due to the development of the Undergraduate Council, which was written into our Constitution at the 1968 Karnea. The Council has met with me three times. I sincerely believe these 16 Delts have contributed significantly to the betterment of our Fraternity. In particular, their joint meetings with the Arch Chapter have

helped shape our current policies and have given the Arch Chapter much better understanding of the complicated scene which is today's campus. Too, I believe the Undergraduate Council helps to demonstrate the international character of the Fraternity and bring about better communications among the chapters. Since there are four members of the council from each division, you have a representative there either from your own chapter or from another chapter in your region. I urge you to communicate with him, for he is your direct line into the activities of the Fraternity as a whole.

Beyond the active life of a Delt in an undergraduate chapter lies his life as an alumnus. Our body of alumni now numbers 60,000 living literally all around the globe. We have 90 alumni chapters in various stages of activity. The alumnus today has more than the traditional ways of involving himself with his Fraternity. Without alumni assistance during the formative stages, our colonies would not grow and prosper. The colonies which we have not been able to install have without exception suffered from inadequate alumni help. It is particularly important, I feel, for our nearby undergraduate chapters and younger alumni to lend a hand in this effort, since they are in a better position to identify problems as they arise, and to eliminate them.

Since the Loyalty Fund was started 44 years ago, there have been 203 loans to 78 different chapters. A number of our chapters live in university-owned quarters, and most of our new chapters have not yet reached the point where they need a loan for new house construction. Nearly all of the other chapters have at one time or another benefitted from the Loyalty Fund. Today that Fund contains slightly more than 2 million dollars, and more than 90 percent is on loan to our chapters. The total amount of

loans since the start of the Loyalty Fund is now nearing the five million dollar mark.

The Delta Tau Delta Educational Fund provides a number of specialized scholarship funds. Its balance of \$215,000 is small in terms of what it might be, for this is the tax-deductible repository for alumni gifts. It includes the Undergraduate Loan Fund and the Hugh Shields Memorial Fund.

Despite a sizable balance available, only about a half dozen Delts each year receive help from the Undergraduate Loan Fund. It has been in existence nearly a half-century. During that time 552 Delts have received more than \$150,000 from it and after graduation have repaid the loans from their earnings.

The Shields Fund provides scholarships for graduate study for resident advisors.

The General Fund reflects not only our growth, but also rising costs. Delta Tau Delta is a non-profit operation, but we expect also that it shall be a non-loss operation. All action must be paid for by the dollars which come from alumni contributions and undergraduate dues, or from the mortgage interest paid into the Loyalty Fund.

As an international brotherhood, Delta Tau Delta can help. Her storehouses of academic experience are full of ideas and assistance for all of you. Her collective experience is a source of strength for those of you who hope to solve the intricate problems of the world.

I have outlined the financial strength which backs up the successful operation of your chapters, and that is important. A group of local fraternities could not have that strength. Even more important is a broad network of current undergraduate experience which provides in-

Gary W. McCollum

Outstanding Young American

ONE OF America's Outstanding Young Men for 1970, selected for achievements at the NASA Lunar Receiving Laboratory in Houston, attributes part of his success to fraternity experiences at East Texas State University.

Gary W. McCollum was chosen for the honor by The Outstanding Americans Foundation, a national non-profit organization, as "one of a select number of young men in our country who have dedicated themselves to making their communities and their nation a better place in which to live."

The 1962 graduate of East Texas State, now a quarantine control officer at the Space Center laboratory, was on board the USS "Iwo Jima" April 17, when Apollo 13 made its emergency splashdown four miles away.

His assignment had been to escort the sealed quarantine trailer on its trip to Houston, as he had done after the Apollo 11 and 12 missions, to guard against any possible lunar bacteria in crewmen or in rock samples. The assignment was changed, of course, when the Apollo 13 crew was unable to complete its mission.

In a career that has included Air Force as well as NASA service, Gary McCollum has won several achievement awards, just as he did as an East Texas State undergraduate.

"The most memorable event from my days at ETSU had to be the change in my life which was effected by my pledging the Cavalier's Social Club in 1959," he recalls.

"My roommate was Jim Boaz, a member of the club, and perhaps the prime cause for my pledging. At any rate, I had become a member of the club when we were formally notified of our acceptance by Delta Tau Delta.

"As a charter member of Epsilon Eta Chapter, I feel very fortunate to have had the responsibilities of alumni relations chairman and vice-president. It is responsibility such as this, early in life, that prepares young men to accept more challenging roles in the nation's future.

"The brotherhood that has developed through the years among my fraternity brothers clearly demonstrates the purpose of the system and its usefulness in our society."

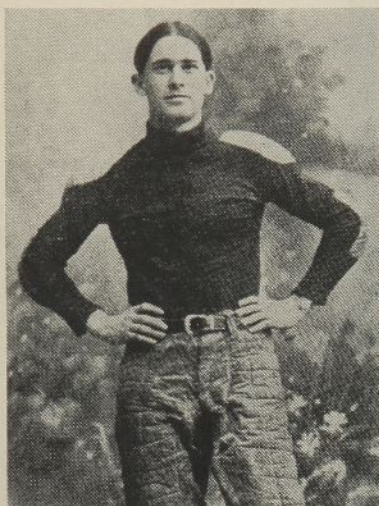

McCollum was president of the Senior Class, cadet commander of AFROTC, selected as outstanding AFROTC senior, and listed in *Who's Who Among Students in American Universities and Colleges*.

Post-Air Force Career

After three years with the Air Force as a research and development project officer, he joined NASA in 1966 as an aerospace technologist. Last year he was promoted to his present position.

Among his duties are preparing and implementing quarantine and containment procedures to prevent back contamination of the earth and its biosphere. During recovery operations he is called upon to provide biological containment expertise for the mobile quarantine facility.

The series of unusual circumstances that plagued Apollo 13 kept McCollum not only from his intended task, but with an expected meeting with another Delt, Lt. Commander Thomas "Ken" Mattingly, Auburn '58, whose well-publicized exposure to measles kept him from the flight.

All-Time Delt Football Squad

By JAY LANGHAMMER

Rainbow Sports Editor

WITH THE BEGINNING of a new football decade in which the forward pass will play an even more important part, we pause to recognize the outstanding Delt players from college football's first hundred years.

The careers of over 250 top candidates were screened through information gained from the football press guides of 60 schools; the record books of nine major conferences; appraisals from coaches, players, and sports information directors; and research through old volumes of *The Rainbow*.

The Brothers named to this all-time Delt squad were chosen on the basis of all-around ability, honors won, career statistics, leadership, and value to their team. Players were evaluated only on their college records and any success in pro football was not considered.

As coach of our squad, we have selected one of the winningest coaches of all time, Jess Neely, Vanderbilt '23. Brother Neely, who was a coach for 40 years at Southwestern, Alabama, Clemson, and Rice, ranks fourth among all coaches with 207 victories. He's currently the athletic director at his alma mater.

We've taken the liberty of giving Brother Neely a well-qualified staff of assistants, all who have gained fame in their own right. G. Herbert McCracken, Pittsburgh '21, was head coach at Allegheny and Lafayette for 15 years and is a member of the Football Foundation Hall of Fame. Warren C. "Brady" Cowell, Kansas State '22, started his coaching career at the University of Florida and later served as head coach and athletic director at Stetson University for 33 years. Mel Taube, Purdue '26, who retired this year, was backfield coach at Purdue for 16 years and head coach and Athletic Director at Carleton College for 10 years. Our final staff member is Carmen Cozza, Miami '52, the current head coach at Yale, who has won three straight Ivy League championships.

No attempt has been made to select specific first and second teams of stars because of the problems

involved with comparing a 1920 player against a modern-day player. Also difficult would be the comparison of a major college player against one from a small school. However, we would like to give our readers, both alumni and undergraduates, a chance to vote for their favorites. For this reason, a ballot has been included in this issue.

Detailed information is given on many of the top players to give you some basis for comparison before sending your selections. This information is broken down into career statistics (if available); team, league, or national honors won during a particular season; and post-season all-star competition. The remaining all-timers are listed by name, school, and final season played. After you have looked over the names of the players mentioned, please send us your all-time personal favorites, either by ballot, post card, or letter. The deadline for all voting will be December 1 and the names of the five most popular Delt players will be announced in the next issue.

ALL-TIME DELT FOOTBALL TEAM BALLOT

Readers—Here's your chance to tell us who your favorite Delt all-timers are. Send us up to five names of the Brothers you consider to be the Fraternity's greatest footballers. Votes will be tabulated and the names of the top vote-getters will be announced in the next *Rainbow*. Deadline for all voting will be December 1. Please send your selections to:

New Chapters

Charter members of Zeta Gamma Chapter gather for a group photo following installation at Lamar Technological College. The installation banquet took place at the Holiday Inn at Beaumont, Texas.

Zeta Gamma Lamar Tech

ZETA GAMMA made it into the ranks of Delta Tau Delta, when 30 Delts were initiated, and the chapter formally installed at Lamar Tech College, Beaumont, Texas on April 11.

Brothers from the University of Texas at Arlington led the Rites of Iris and the Outer Mysteries of the Fraternity, Friday night on campus. Saturday afternoon, initiates underwent the formal initiation ceremonies.

Bill Bonham, University of Texas,

served as toastmaster Saturday night when the newly initiated brothers were honored at a banquet at the Holiday Inn.

Dean George McLaughlin, Lamar Tech, welcomed Zeta Gamma to the campus. Dr. William O. Hulsey, president of the Western division, presented the long-awaited charter and Willis Maurburger, president of the Crescent Colony and Darrel Chelette, president of Zeta Gamma, accepted on behalf of the Brothers of Zeta Gamma.

International President Robert Hartford delivered the keynote address stressing the need for fraternity change to be relevant to the needs of the students.

Also attending the banquet were Anita Browning, Dean of Women; Mayor McNicholas of Beaumont; and several alumni from the Beaumont and Houston areas.

At a dance following the banquet, Miss Shirley White was crowned 1970 Sweetheart of Zeta Gamma.

Zeta Delta Texas Tech

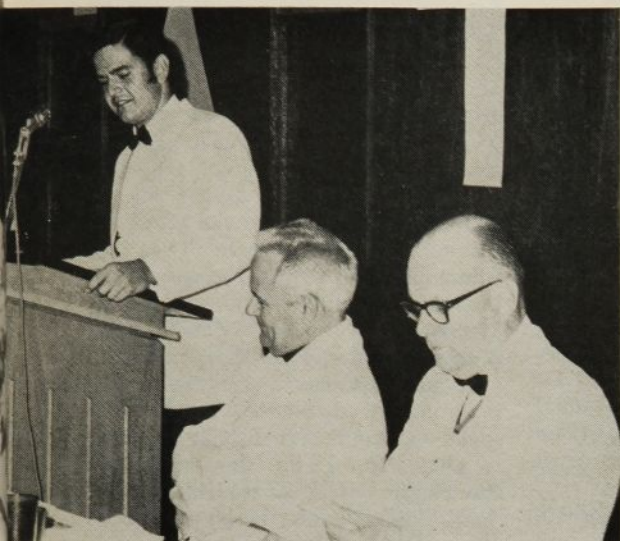

THE "Zeta" series of Delta Tau Delta continued its move with the installation of Zeta Delta Chapter at Southwest Texas State University, San Marcos, Texas, April 25.

As a local fraternity, Sigma Chi Epsilon was proud to be the first and only local organization ever to be allowed to affiliate with the all national I.F.C. in the fall of 1967. The choice to petition Delta Tau Delta for colonization was a consensus resulting from the fine reputation the Delts have in the Lone Star State.

Sigma Chi Epsilon received colony status in February of 1969. Rites of Iris were administered on April 24 at a church. The next afternoon initiation ceremonies were conducted, fol-

Delta Tau Delta now has 108 undergraduate chapters in 38 states and Ontario, Canada.

President Gary Huddleston accepts charter on behalf of his Chapter at Texas State University, San Marcos, Texas.

lowed by a brief social hour and installation banquet.

The Rev. G. C. McElyea, vice-president of the Western Division, acted as toastmaster and introduced distinguished guests. These included the fine initiation team from Gamma Iota, University of Texas, headed by Mike T. Casey and Robert M. Rutledge.

Presentation of membership certificates was handled by Alfred Sheriff, III, executive vice-president of Delta Tau Delta. Dr. William O. Hulsey, president of the Western Division, presented the charter to Chapter President Gary Huddelston.

Dean William Tate, Beta Delta '24, dean of student affairs, University of Georgia, presented the major address at the banquet which was attended by both parents and dates of the fraternity members. After the banquet, a formal ball was held at the Holiday Inn.

Zeta Epsilon Tennessee Tech

AWORK begun on February 23, 1969, was climaxed on May 9, 1970, when Delta Tau Delta installed Zeta Epsilon as its 108th chapter. The 30 new initiates established Delta Tau Delta as a thriving member of Tennessee Technological University's growing Greek community.

On May 7 the dream began to come true as the Outer Mysteries were administered in Bartoo Hall on Tech's campus. Friday night the Brothers of Beta Theta, University of the South, assisted as the initiates underwent Rites of Iris at the Shelter. Brothers from Delta Delta, University of Tennessee, served on the initiating team Saturday.

All the ceremonies ended, a ban-

quet honoring the new Brothers was held at Rice Ramada Inn. Dr. Bert Hayes, Athens College chapter adviser, served as toastmaster. After the invocation was given by Rev. Charles Lott, BSU director, Dr. Hayes introduced guests. The list included various deans from the University, representatives from the other Greek organizations on campus, local alumni, and the teams from Beta Theta and Delta Delta Chapters.

Zeta Epsilon was then welcomed to the campus by Tech's President William Everett Derryberry. This was followed by the presentation of Membership Certificates by J. Carlisle Myers, Jr., Kentucky '43, vice-president of the Southern Division. The Charter was presented to David C. Lannon, president of Zeta Epsilon, by William J. Fraering, Tulane '46, president of the Southern Division.

The main address was delivered by Robert L. Hartford, Ohio '36, president of Delta Tau Delta.

DEDICATIONS of several new Delt Shelters and additions were held in the late spring.

Ohio University

At Ohio University, more than 200 undergraduates, alumni, and guests attended the April 27 Founder's Day Banquet to dedicate a \$325,000 chapter house at 4 University Terrace in Athens.

Principal speaker at the banquet was Robert L. Hartford, *Ohio '36*, the first Beta Chapter member to become international president of the Fraternity.

John W. Galbreath, *Ohio '20*, nationally known real estate executive and a 1968 recipient of a Fraternity Distinguished Achievement Award,

was presented with a water color of the new house. He served as honorary chairman of the fund campaign.

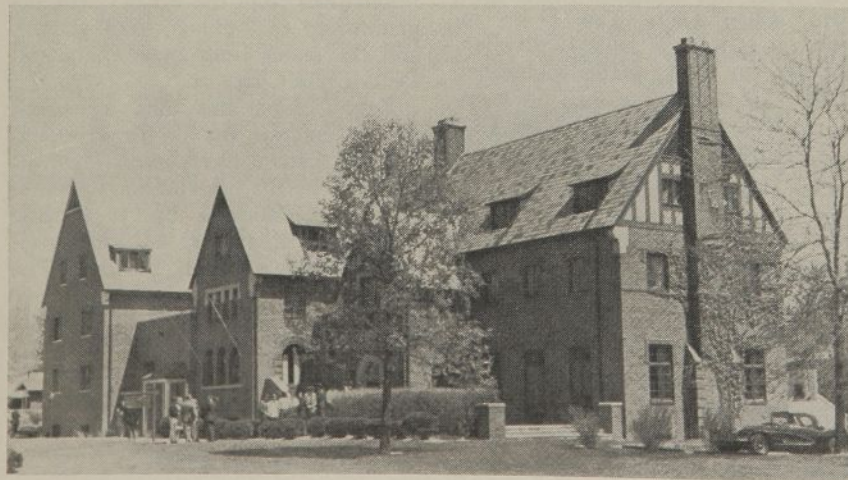

Other awards were presented to fund campaign general chairman, Richard P. Banks, *Ohio '43*, Columbus insurance executive, and to building committee co-chairmen F. Loyal Bemiller, *Ohio '55*, Mansfield attorney, Alexander V. Prisley, *Ohio '55*, a member of the Ohio University government faculty and adviser to Beta Chapter.

Richard J. Johnson, *Ohio '49*, president of the House Corporation, spoke briefly, then presented a special award for nearly 50 years of Delt service to Dewey M. Goddard, *Ohio '25*, of Athens. George Parks, *Ohio '08*, was recognized as the oldest alumnus in attendance.

Purdue

On May 3, Gamma Lambda Chapter officially dedicated the Woodson C. Immel Shelter addition at Purdue.

Among those present were the guest of honor, Woodson C. Immel, Fraternity Executive Vice-President Alfred P. Sheriff, III, Northern Division President Edwin H. Hughes, III, and Purdue Dean of Men O. D. Roberts. The invocation and benediction were delivered by the Rev. Joseph Wick, pastor of the First Christian Church in Lafayette.

William D. Handel, undergraduate chapter president, presided at the ceremony. The key to the new addition was presented to the chapter by William A. Browne, *Purdue '51*, president of the House Corporation.

In an impromptu addition to the program, Reed Shafer, *Purdue '15*, spoke to the group on the meaning of Delta Tau Delta, then presented the chapter with a beautiful President's Badge which had been in his possession since he graduated.

Fund raising for the \$330,000 addition was headed by George A. Fisher, Jr., *Purdue '33*, chairman of the Purdue Delta Tau Delta Educational Foundation.

The new addition approximately doubles the size of the Shelter, located at 400 Northwestern Ave., West Lafayette. The original building was erected in 1928.

Organizers for the dedication weekend included Pete Kreig, *Purdue '59*; Dick Thornton, *Purdue '41*; Bill Browne, *Purdue '51*; and Bill Handel, *Purdue '71*.

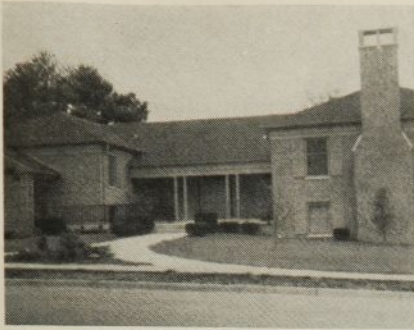

Iowa State

Several hundred undergraduates, alumni, and guests attended a May dedication for a large addition to the Shelter at Iowa State.

Representing the Arch Chapter were Western Division President William O. Hulsey and Treasurer (now First Vice-President) Edwin L. Heminger.

Miami

A new Shelter at Miami University also was dedicated in May. The Central Office was represented by Dr.

New Delt Shelter at Miami University.

Frank H. Price, Jr., director of program development.

Representing the Arch Chapter at the dedication was Northern Division President Edwin H. Hughes, III.

Beyond the Call

WHEN DELTS returned to the Shelter at La Grange College in La Grange, Ga., this fall, they discovered that three members had made some changes during the summer session.

Bill Sanders, Stan "Tex" Land, and Ces Lawton were enrolled in Summer School, so they lived at the Delt house. It would have been enough for them to keep the 16-room house clean, but they did more.

Even though two of the three men were working, as well as attending school, the trio rebuilt and repainted the front porch, painted three large rooms, paved part of the driveway, made a patio, constructed small side-walks, made a garden for the house-mother, refinished and varnished the study room floor, and made several miscellaneous repairs.

All men being chapter officers, they also took time to make detailed plans for fall rush.

On the Move

WHAT WAS the fastest growing student organization in terms of member and new campus chapters added during the past academic year? SDA, the New Left, New Mobe? Wrong, the college fraternity.

In 1969-70, 61 fraternities added about 400 new chapters and colonies for the largest growth since the birth of the fraternity system nearly 200 years ago.

The subject of fraternity growth and its accompanying responsibilities was one of several discussed at a first Interfraternity Institute held at Indiana University.

Participants lived in the Delt Chapter house on the Indiana campus during the week-long program.

Special Assignments

KEEPING up with his military insignia has probably been as complex for a member of Delta Tau Delta as changing from foot soldier to U. S. Air Force physician and a role in the U. S. space program.

Doctor (Lieutenant Colonel) John W. Coursey, Maryland '51, is chief of anesthesia service at the USAF Medical Center, Wright-Patterson AFB, Ohio. He has also had special assignments as a member of the medical teams on standby at Cape Kennedy, Fla., during several Apollo launches.

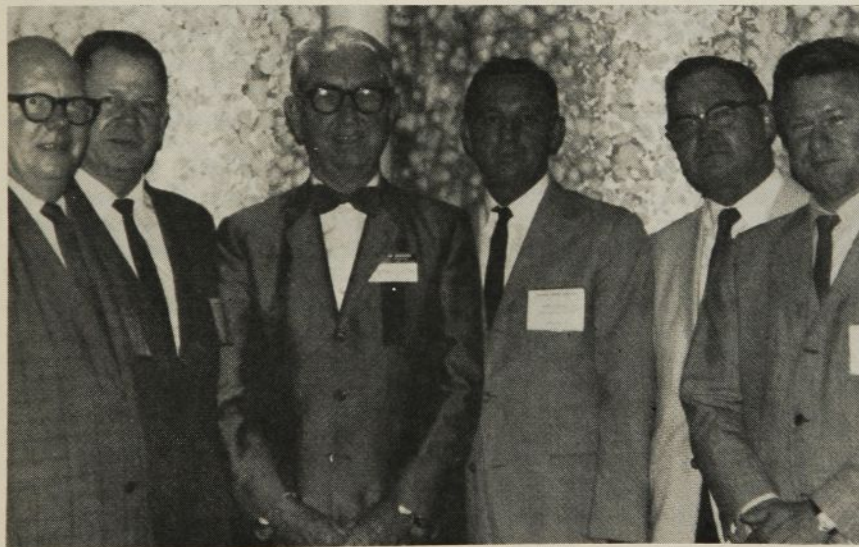

The Air Force physician began his unusual career in enlisted status in January 1944 as a U. S. Army infantryman. Twice commissioned, he first became an officer upon graduation from Officer Candidate School in 1945, was assigned as a weapons instructor and later served with the 1st Cavalry Division in Tokyo.

Upon completion of his active duty tour in 1947, Dr. Coursey entered the Reserves and the University of Maryland where he became affiliated with Delta Tau Delta and received a B.S. degree in agriculture in 1951. Recalled to active duty for a year, he served with the 1st Tank Company in France.

Upon reverting to reserve status, he transferred to the U. S. Air Force. Dr. Coursey then returned to the University of Maryland where he completed final requirements for his M.D. degree through an Air Force medical education program and received a direct commission. He served his internship at Wilford Hall USAF Medical Center, Lackland AFB, Tex., and then entered residency training in anesthesiology.

His assignments since have included serving as a technical adviser during the development of the C-9 Nightingale, the specially designed transport flown by the Military Airlift Command to provide aeromedical airlift throughout the United States.

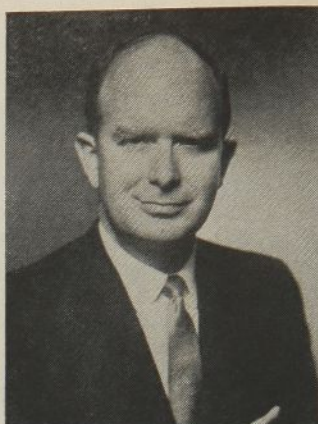

Dr. Coursey is the son of retired Army Colonel and Mrs. Richard R. Coursey of Vidalia, Ga. The physician and his wife, Janice, have three children.

JURISPRUDENCE was the topic of discussion when five Tennessee Delts met with retired U. S. Supreme Court Justice Tom C. Clark in Memphis this summer. From the left are Circuit Judge T. Edward Cole, Tennessee '42, of Knoxville; Criminal Court Judge T. Edward Cole, Tennessee '44, Memphis; Mr. Justice Clark, Texas '22; Court of Appeals Judge James W. Parrott, Tennessee '43 and Georgia '43, Knoxville; Circuit Judge Phil B. Harris, Tennessee '40, Greenville; and Tennessee Attorney General David M. Pack, Tennessee '43, Nashville.

FROM A POSITION OF STRENGTH

(Continued from Page 16)

stant knowledge to solve living problems. This is an asset which needs much greater use, much greater development, so that some of the true benefits of an international Fraternity may become more real, more usable, and more beneficial. That perhaps, is one of the real purposes of Delta Tau Delta.

Our Fraternity is now, as it has been almost since its founding, an adjunct to higher education. It is a place where you can learn about living. It is where the man-to-man education, which cannot be presented in a classroom, can be found in its truest sense. No sterile dormitory with its random selection of people can provide the benefits of small-group living. The isolation of the apartment or of the rooming-house cannot provide the involvement of men with men—the way life will be lived after graduation.

Social concern goes hand in hand with campus involvement. Expressing concern for the world and its problems without becoming involved in the problems of the campus today is truly a form of hypocrisy. It should be a purpose of Delta Tau Delta to

help in a major way in the solution of our campus problems. I'm not suggesting that chapters become police forces for maintaining order. I am hoping that you can provide involved leadership which may help to stop the destruction of our universities. Organized action will bring about a system of higher education better attuned to the needs of our times.

We cannot do this job alone. It will require the whole fraternity and sorority system, and unfortunately there is no strong national interfraternity leadership which can move us in this direction. This leadership will have to come from the campus, just as the destructive forces which have burned the buildings and closed the schools have come from the campus.

So the first purpose of Delta Tau Delta is to be a constructive adjunct to our system of higher education. The second purpose is to provide programs for academic and social growth. The third purpose, and in many ways the most important, is to be what we are: a brotherhood. Without brotherhood, the other two purposes become meaningless.

THE ALUMNI CHAPTERS

CLEVELAND

Since the copy deadline for the Fall issue of *The Rainbow* has come upon us prior to formation of definitive plans for the coming year's program of the Cleveland Alumni Chapter, the news of forthcoming activity is meager.

Plans are underway to make use of the Central Office's Master computerized address files to canvass the Area Alumni in hopes that several activities can be developed in addition to the usual special Christmas luncheon in December.

A Founder's Day observance was held in May this year in order to avoid the usual inclement weather of February and March. It was agreed, by the small but enthusiastic crowd, that weather is not a decisive factor in relation to attendance.

Merrill Blair and yours truly represented Cleveland Alumni at the Toronto Karnea thoroughly enjoying the Canadian hospitality and good Delt fellowship.

Clem Frank has returned to his regular seat at the Friday noon luncheons at the Cleveland Advertising Club dining room in the Statler-Hilton Hotel, after being immobilized by a painful siege of arthritis.

There are always a few places for out of town visitors and other local Delts at our Friday luncheons. If you are in the Downtown area on Friday at noon Youall please drop in and meet the Brothers.

GEORGE KRATT

SAN DIEGO COUNTY

The San Diego County Alumni Chapter held its annual spring Founder's Day Dinner at the San Diego Yacht Club. The program was "Fellowship."

There were 54 Delts and guests in attendance, their graduation years ranging from that of the Rev. Kirk B. O'Ferrall, *Kenyon '09*, to Steve Lusk, *Ohio State '66*, Jack McKeown, *California '66*, Dick Maben, *Ohio State*

'66, and Lt. Steve Wolfe, *Texas Tech '66*.

Officers for the current year are Ken Hottell, *Kent State '51*, president, and Stuart Jewell, *Indiana '63*, secretary-treasurer.

NATIONAL CAPITAL

The National Capital Alumni Chapter held its annual spring Founder's Day dinner in the ballroom of the new George Washington University Center. Over 100 Delts were in attendance, including 18 who had been initiated into the Fraternity more than 50 years ago.

Norman MacLeod, *Pittsburgh '17*, past president of the Fraternity, received a standing ovation at the conclusion of his remarks concerning the progress being made by the Fraternity in spite of reports to the contrary appearing in the daily press. His statistics covering the past 10 years were impressive and convincing.

Four alumni received gold certificates from Maj. Gen. (Ret.) Edwin

P. Parker, *George Washington '12*, evidencing more than 50 years of membership in the Fraternity. They were Paul H. Hayward, *DePauw '21*; William D. Leetch, *Cornell '15*; Col. Donald E. Rockwell, *Tufts '20*, and Lt. Col. Ralph M. Wray, *Colorado '20*.

Other fifty-year Delts in attendance who had received gold certificates previously were: Raymond G. Clark, Sr., *Cornell '19*; George A. Degnan, *George Washington '17*; Otto T. Englehart, Sr., *Indiana '15*; Hon. Loy W. Henderson, *Northwestern '15*; Norman MacLeod, *Pittsburgh '17*; Fearson S. Meeks, *Rennselaer '22*; Rhesa M. Norris, *George Washington '14*; Brig. Gen. John A. O'Keefe, *Tulane '11*; Claude W. Owen, *George Washington '08*; Earl W. Shinn, *Kansas '18*; Col. Raymond W. Short, *Georgia '21*, and Andrew C. Wilkins, *George Washington '16*.

Brother Henderson presented the National Capital Alumni Chapter Plaque to Thomas W. Buchanan, *Maryland '71*, who had been voted

(Continued on Page 45)

At National Capital Alumni dinner, Robert E. Newby, *George Washington '24*, receives a plaque from Frank C. Arturi, *Maryland '71*, in appreciation of his 22 years' service as Delta Sigma Chapter adviser at Maryland.

Delt Spotlight

FOOTBALL

Stanford quarterback **Jim Plunkett** has been one of the top "Cover Boys" in the country this fall. The western edition of *Street & Smith's Football Yearbook* and the *NCAA Football Guide* have Jim on the cover alone and he shares the covers of *Kickoff Magazine* and *Game Plan* with other top QB's. Jim and safety **Jack Schultz** are the Stanford co-captains this fall.

The record-setting Beta Rho Delt has also been named as the prospective "Player of the Year" by sportscaster Chris Schenkel in his football magazine.

Here are the Fraternity's other top candidates for regional and national honors:

John Sande—Stanford center
Scott Henderson—Texas linebacker
Pete Lazetich—Stanford guard
Bill Zapalac—Texas linebacker
Kevin Hamm—Minnesota end
Jack Schultz—Stanford safety
Rick Hutchinson—Northwestern safety
Randy Vataha—Stanford flanker
Steve Mizer—Missouri guard

The new frosh football coach at New Mexico State is **Bill Wise**, Purdue '67, a former Boilermaker quarterback. He had previously been an assistant coach at Middle Tennessee State. New to Wisconsin's coaching staff is **Chuck McBride**, Colorado '62, who moved from Arizona State.

BASEBALL

Werhas

the Hawaii Islanders.

Playing in his 11th pro season, third baseman **John Werhas**, USC '60, had another fine year in the Pacific Coast League. Despite injuries, John hit .283 with 12 home runs for

Steve Arlin, Ohio State '67, completed dental school and joined Salt Lake City, winning five games on the mound. **Russ Nagelson**, Ohio State '66, was traded to the Detroit Tigers and spent the last half of the season shuffling between Detroit and Toledo.

Outfielder **Ron Davis**, Duke '63, found himself back in the minors after being in the National League the three previous seasons. Playing for Columbus, Ron had one of his best years with 14 homers and a .270 bat mark.

After signing with the Los Angeles Dodgers in June, **Ron Hall**, Oklahoma '70, joined Medford of the Northwest League and became one of the league's top hurlers. Pitcher **Allen Clements**, Texas '68, saw action with Memphis of the Texas League.

INSTANT REPLAY

With this column, we begin a new feature that will present exciting moments and memorable events involving Delt athletes and coaches of the past. If you have an item that would interest our readers, please send it to the Central Office.

One of the earliest intersectional football games took place in October of 1916 between Tufts and Indiana. To assist the Indiana cheering section, 300 members of the school's drum corps went to Indianapolis, where the game was being played.

Every time Indiana was on offense, the cheering section and the drummers were silent before each play. But when Tufts had the ball, the drumming and cheering got so loud that no one could hear the quarterback call the signals at the line.

Finally, the Tufts quarterback called time out and discussed the problem with his coach. The quarterback suggested that the team gather behind the line before each play, get the play and signals straight, and then execute each play at the line with a loud, sharp "Hip!" The coach agreed to this plan and, thanks to Brother **Albert Bratt**, the Tufts quarterback, the huddle system was originated.

Serving as assistant coaches in the National Football League this fall are, from left, Ernie Zwahlen, Oregon State '57, with the 49'ers; Ray Prochaska, Nebraska '41, and Boyd Dowler, Colorado '59, with the Rams; and John Polonchek, Michigan State '50, with the Raiders.

Arnie James of Maine and Stu Steelman of Lafayette are two of the East's better defensive tackles. Arnie is a co-captain for Maine while Stu, at 245 pounds, is the biggest man on the Lafayette squad.

Bidding for honors in the Big Ten this fall are Minnesota flanker John Marquesen, left, and Northwestern safety Rick Hutchinson. Rick started every game last fall and both should be season-long regulars during 1970.

One of Stanford's unsung heroes is split end Jack Lasater, who gained All-Pacific 8 honorable mention last fall. Jack hauled in a TD pass in the nationally-televised Stanford-Arkansas game.

Two of pro football's premier offensive linemen are center Larry Kaminski, Purdue '67, left, of the Denver Broncos, and guard Howard Mudd, Hillsdale '64, of the Chicago Bears. Larry is in his fifth season as a regular and Howard has been named All-Pro twice.

THE CHAPTER ETERNAL

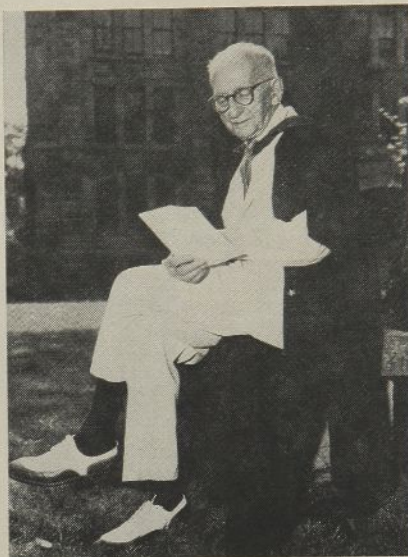

WILLIAM WATERS LEWIS, *University of the South '04*, beloved professor emeritus of Spanish at his alma mater, died July 23 at Sewanee. He was admitted to the hospital on his birthday, June 6, after fracturing his shoulder in a fall. A member of the faculty from 1921 to 1950, he was known for his daily open house for students in his home after the midday meal. Even after retirement, he continued the tradition for two decades. His retirement home became a center for returning alumni and undergraduates, particularly Delts, for whom he was the perennial chapter adviser. The feelings of the thousands who knew "Senor" are reflected in a tribute by the Fraternity's first fieldman, Ralph Wray, of Washington, D. C. "William Waters 'Senor' Lewis was on a pedestal of his own, made of a precious stone reserved for the best," wrote Wray. "Among many memories of Senor which aid me during my advancing age are the ways his even and intelligent association always remained affirmative. Whether the student was a Phi Beta, dropout, drunk, or one of the other conditions of this sphere, he invariably gained."

F. ELBERT GLASS, *Butler '14*, chairman of the Board of Directors of Crown Cleaners and Laundry, Inc., Indianapolis, died May 19. He was a life-long resident of Indianapolis, and well known as a civic leader. There were 17 Delts in the family of F. Elbert Glass.

Elbert Glass

His son, Robert F. Glass, *DePauw '43*, now president of Crown Cleaners, was president of Beta Beta Chapter. In addition, his father-in-law, Robert Hall was a member of Beta Zeta at Butler, graduating in 1891. His brother-in-law and business associate, Walter H. Montgomery, *Cincinnati '12*, and his grandson, Michael Conly, *Cincinnati '69*, were members of Gamma Xi Chapter. In addition, there were 12 other Delts in the family. Brother Glass was a past president of the Indianapolis Alumni Chapter of Delta Tau Delta and served on numerous alumni committees for the Fraternity.

Senor Lewis

DR. RICHARD MINER HEWITT, *Minnesota '14*, a prominent figure in American medical journalism and medical literature for many years, died of cardiac arrest in Saint Mary's Hospital, Rochester, Minn., June 4. He was emeritus head of the Section of Publications of the Mayo Clinic and instructor, assistant professor and associate professor of medical literature in the Mayo Graduate School of Medicine of the University of Minnesota at Rochester from 1934 to 1957. He retired from active service in that institution in 1957.

HAROLD F. PREBENSEN, *Illinois Tech '26*, chairman of the Temperature Equipment Corp., Melrose Park, Ill., an active Delt in Chicago alumni affairs, died in April.

ERROR

The spring issue of *The Rainbow* erroneously reported the death of DAVID T. EVANS, *Texas '46*, who reports that he is "still alive and active at the ripe old age of 47." He was, in fact, recently honored as the "Outstanding Citizen of the Year" in Cleburne, Tex., where he is pastor of the First Presbyterian Church.

ALBERT K. DICKINSON, *Wesleyan '15*, died April 1 in Tampa. He was director of the Convention and Tourist Bureau of the Tampa Chamber of Commerce for 25 years, retiring in 1961.

WILLIAM S. ANDREWS, *Pittsburgh '29*, regional sales manager for the Dresser Manufacturing Co., Bradford, Pa., died April 25 in his home in Point Breeze, Pa.

PVT. WILLIAM ILNYCKYJ, *Rensselaer '70*, has been reported killed in action in Vietnam. No details have been received at the Central Office.

DR. WILLIAM F. SWANSON, *Penn State '15*, former dean of the University of Pittsburgh Dental School, died June 15 at his home in Oakland, Pa. In 1960 he was presented with the Pennsylvania Award by the state dental association.

CHARLES G. "CAP" SAUERS, *Purdue '15*, retired general superintendent of the Cook County, Ill., Forest Preserve District, died June 21 at his Hinsdale, Ill., home.

REAR ADM. JOHN HOWARD CHEFFEY, *Pittsburgh '38*, commanding officer of the Naval Hospital at Great Lakes, Ill., died May 17 in his quarters at the base. Among the medals held by Rear Admiral Cheffey, a 28-year veteran of Naval duty, were the Legion of Merit, Navy Commendation Medal with "CombatV," and the Presidential Unit Citation Ribbon.

DR. JOHN E. "JACK" GEE, a former dean of the College of Education at Bowling Green State University who was initiated at the Delta Tau Chapter installation and was first chapter adviser there, died June 28 at Sun City, Ariz. He retired from Bowling Green in 1962 and later spent two years in Saigon as chief of party for an Ohio University-sponsored teacher-training project.

DR. PHILLIP GEORGE WORCESTER, *Colorado '09*, dean emeritus of the University of Colorado Graduate School and professor emeritus of geology, died May 26 at Boulder.

ED J. SCHUTZE, *Texas '46*, Dallas insurance agent, was killed May 8 in a traffic accident near his home.

WALLACE E. REID, *Michigan '16*, retired president of the Reid-Patterson Construction Co. and a long-time director of the Michigan Delta Foundation, Inc., died June 12 in Birmingham, Mich.

MARSHALL R. BEAL, *Illinois Tech '32*, well-known Indianapolis insurance man, died Aug. 5. He became ill several months earlier while on a vacation in California.

the outstanding undergraduate of the year by his chapter. Frank C. Arturi, *Maryland* '71, chapter president, presented a plaque, appropriately worded, to Robert E. Newby, *George Washington* '24, in appreciation of his 22 years of service as chapter adviser to Delta Sigma Chapter. John P. Torbert, *Maryland* '54, received an Alumni Service Award from S. Grady Brafford, *Maryland* '52, president of the National Capital Alumni Chapter, in recognition of his service to the Delta Sigma House Corporation, six years as treasurer and the past two years as president.

Douglas Meyer, *George Washington* '71, president of the undergraduate chapter at GW cited Rhesa M. Norris, *George Washington* '14, for his outstanding service to the Gamma Eta Chapter during the past year.

Lowell H. Moran, '42, and Robert G. Lineberry, '61, both *George Washington*, worked out details for the dinner. Brother Lineberry served as toastmaster and kept the program moving at a spirited pace. The Rev. F. Richard Williams, *Tennessee* '33, St. Francis Episcopal Church, Potomac, Md., was called upon to pronounce the invocation and the benediction. George E. MacKinnon, *Colorado* '27 and *Minnesota* '27, recently appointed to the U. S. Court of Appeals for the District of Columbia, now resides in the Washington area.

Rainbow Review Time Already?

Yes, it is! The 1971 edition of the **Rainbow Review** will be published in the spring, instead of the summer. If you happen to be among the few persons in the fraternity world who have not heard of the **Review**, we'll explain. It is the sounding board of undergraduates. The voice of student Delts. As in the past, the 1971 **Review** will be written entirely by undergrads. As members of the Editorial Board, we have the job of coordinating the project, and we are calling on you to start thinking . . . and writing . . . now. Our deadline is March 1, but we must get much of the material well in advance of that date. We also want illustrations. You'll get more details from us in the mail. But why wait? Check the Summer 1970 issue as a guide. You will find that you can speak out on **any** subject. We want articles, poetry, photos, and art. Contact us according to category:
