Delta Tau Delta's newly elected president, Dr. Hoyt Gardner, discusses the Karnea with Bruce Dickinson, Colorado '73, of Denver, left, and Bruce Lang, Stanford senior and member of the Undergraduate Council.

Thoughts in the Night

One of the interesting things at a Karnea is the brotherhood among Dels of all ages. Whether in a session, at a workshop, in the lobby, or at an outing, no one seems to be concerned about differences in ages. There is a certain amount of respect for the aged — anyone over 35 — but the general feeling is one of friendship on a first-name, non-discriminating basis.

The situation brings to mind a recurring thought that we could go a long way in achieving equality simply by addressing each other by first names. In working with companies, I am disturbed when I hear the janitor say, "Hello, Mr. Jones," to the sales manager, who replies with a smile, "Hi, Charlie." The janitor may do a lot better job of cleaning the building than Mr. Jones does at directing sales. But that doesn't seem to matter. Each seems compelled to respond according to his salary bracket.

And I suspect that their morning greetings perpetuate a subconscious barrier to actual friendship. If I were directing the women's liberation movement, my first barbs would be flung toward the office where a man refers to the secretary as "Sarah" and she must address him as "Mr. Mathews." From a practical standpoint, too, my proposal might help eliminate all the confusion in letter writing concerning Mr., Mrs., Miss, and Ms.

Another thought prompted by Karnea discussions is a reminder of what my father once said: "You can be positive you are right, and still be wrong."

A person who insists he is positive about a concept or a religion denies himself the excitement of trial and error. Being positive is more apt to result from a lack of knowledge than from knowledge. It occurs to me that knowledge is available only to an open mind. A closed mind accepts only information that reinforces its pre-determined conclusion. Thus, it misses the overwhelming majority of ideas available to it.

Poet Robert Frost hated to hear someone say, "You are wrong." He contended that a more realistic reply should be, "That is one way to look at it, but here is my personal way," and then express the opposing view. "What happens is that we rarely have totally opposite views," the poet said. "Open-minded discussion usually reveals that there is an overlap."

Our greatest minds have been receptive to the value of being wrong. Thomas Edison tried 110 different experiments in his search for an electric light filament. At that point, his assistants were totally discouraged. "We have struggled for 18 months and we have nothing to show for it," one of them moaned. But Tom disagreed. "That's not true," he said. "We know 110 things that won't work."

IN MEMORIAM

Several months after the Pittsburgh Pirates won the World Series in 1979, owner John W. Galbreath was contacted by undergraduate Deltas at Ohio University, where he had graduated in 1920. The group wondered if its most famous alumnus would bring a print of the World Series motion picture to the chapter house and show it to the brothers. Despite a busy schedule that made him one of the world's most successful businessmen, Mr. Galbreath accepted the invitation without hesitation.

On the appointed date, he arrived at the shelter in Athens — 90 miles from his Darby Dan home near Columbus — carrying the film. The enthusiasm that greeted his arrival and subsequent showing of the motion picture was, in his own words, "a fantastic display of brotherhood." Being accustomed to solicitations for funds, however, Mr. Galbreath asked his young Delt brothers at the end of the evening, "Now, honestly, what is it you really want from me?" The question came as a complete surprise to the undergraduates, who had not even considered an ulterior motive. Speaking for the group, the president answered, "We don't even know what you are talking about, Mr. Galbreath; we just wanted to see you and the film."

Their guest was so moved by the answer that he insisted the chapter members and their dates be his guests at a Pirates game. That spring, a bus arrived on schedule to take them to the game in Pittsburgh, some 200 miles from Athens.

That was John Galbreath. Unusual as the story may seem, it was typical of the man who served his Fraternity in many ways on many occasions between his graduation and his death on July 20, 1988, at the age of 90.

In 1980 he hosted the entire Pittsburgh Karnea delegation at a Pirates ball game. Twice when the Karnea was held in Columbus, 1950 and 1984, afternoon outings were held at Darby Dan Farm, where Mr. Galbreath lived and bred Thoroughbreds. When the Karnea was held at Lexington, Ky., in 1986, delegates toured his other Darby Dan Farm near that city.

John Galbreath started a real estate company in the early 1920s and built it into one of the nation's top 10 development companies, with skyscrapers from Columbus to New York to Hong Kong.

He bought five horses for \$500 at a county fair in the mid 1930's and started a hobby that produced Kentucky Derby, Preakness, Belmont, and England's Epsom Darby winners (in 1963 his horse Chateaugay won the first Kentucky Derby its owner ever attended). He hosted U.S. presidents and other world leaders, including his good friend Queen Elizabeth II. But as another friend, the Rev. Norman Vincent Peale stated in the eulogy at Mr. Galbreath's funeral, "He never lost the human touch."

John Galbreath talks with unidentified undergraduate at the 1980 Pittsburgh Karnea.

Having grown up on a farm, he knew the value of hard work. Asked about his early life style, he once replied, "My family wasn't poor; we just didn't have any money." To work his way through Ohio University, he washed dishes, waited tables, snapped and sold photographs, and played saxophone in a dance band. That enthusiasm for work never waned. During his entire career, he was able to blend business with sports and other activities, always deriving his greatest joy from being with people. After nearly every banquet that he attended — and there were many — he walked into the kitchen to thank cooks and waiters.

Mr. Galbreath gave much in time and resources to Delta Tau Delta. He opened his farm to Ohio State's Beta Phi Chapter for rush and other events nearly every year. He funded purchase of the Fraternity's Bethany College birthplace and contributed to other major efforts of the Educational Foundation, as well as to those of Beta and Beta Phi Chapters. At the time of his death, he was honorary chairman of the Foundation's Board of Directors.

Most of all, John Galbreath enjoyed being with undergraduates. He asked about their plans and beliefs and had to be prodded to talk about his own accomplishments. When properly motivated, however, he could regale them with stories, usually centered on sports, which he loved as much as business. Although he never "preached," he would if asked about keys to success suggest that "You are ahead of the game if you leave the drinking and smoking to others" (he did neither).

John Galbreath loved life. And he loved Delta Tau Delta. His presence always was enjoyable and inspirational. It will be greatly missed. ▲

The spotlight was on a "total educational experience." The theme: We are Responsible.

That was Karnea '88. The largest registration in 42 years. A broader variety of programs for undergraduates, alumni, and guests than at any previous event. Nearly 900 persons at the concluding banquet. Alumni and undergraduate interaction. Exceptional hospitality by Canadian Delt.

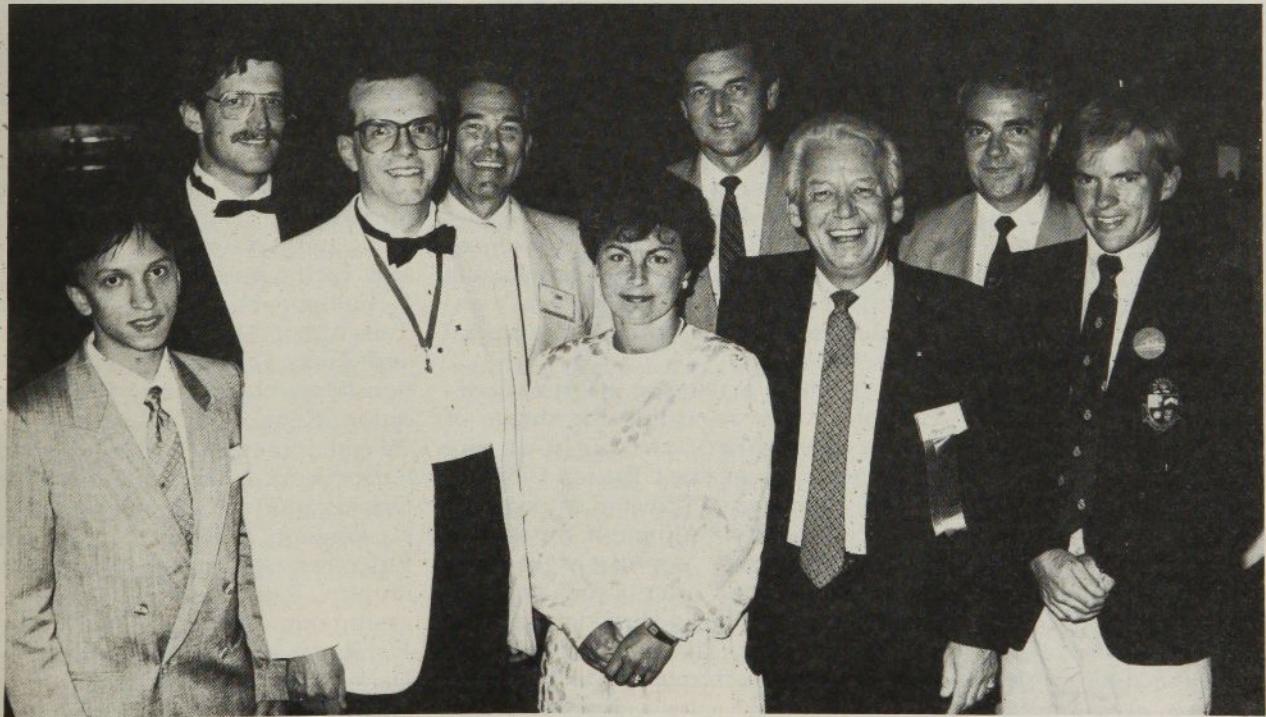

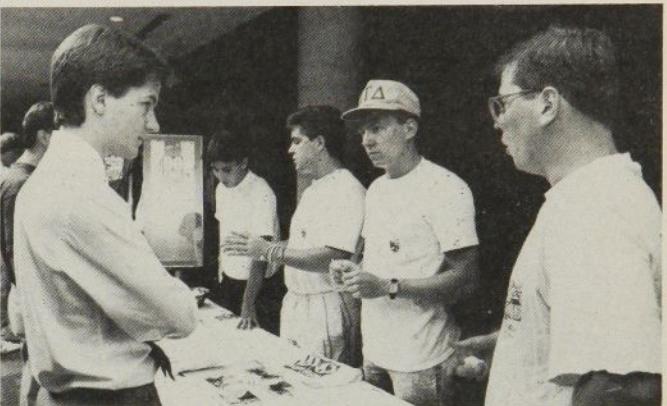

"I think the educational support that was available at the Toronto Karnea assisted our undergraduates in recognizing the responsibility for changes necessary to remain relevant to a contemporary campus environment," Executive Vice President Gale Wilkerson said. "I'm referring to such things as substance abuse and other issues of deep concern throughout our society today."

Delegates also discussed policies and mechanics of operating a chapter, debated and voted on issues that will determine the Fraternity's directions during the coming two years, and elected international officers who will lead the way. And true to the spirit of Karnea, they also had fun.

The Sessions

In addition to attending daily business meetings beginning on Wednesday afternoon, August 10, delegates were able to choose from a selection of "sunrise," daytime, and "night owl" sessions in the spacious Convention Center of Toronto's Constellation Hotel.

At the kick-off general session, Will Keim, a professor of speech at Oregon State University (and member of Delta Upsilon Fraternity) described the many public perceptions of fraternities and offered ways that each member "can make a difference." Internationally known for his knowledge of the subject, Mr. Keim utilized humor in presenting his serious message on "Demythologizing the Animal House."

Dr. Robin Sawyer, also widely recognized as an authority on college health issues, spoke at the following

day's general session on the topic "Sex on Campus." Assistant director of health education at the University of Maryland, Dr. Sawyer presented a dramatic case study emphasizing the individual responsibility each undergraduate must accept in a sexual relationship.

"We are making an effort to maintain a flow regarding the theme of responsibility throughout the Karnea," explained Patrick Gibbons, the Fraternity's director of program development. "Although fraternities are extremely popular right now, there are a lot of critics whose accusations must be addressed during the next decade. That was our incentive in getting such speakers as Mr. Keim and Dr. Sawyer, as well as other persons with special expertise, including many highly qualified persons from our own alumni ranks."

Special leadership seminars were presented during the three-day

Karnea. Topics and speakers were:

Chapter Motivation, Patti Holmes of Holmes Training and Development, Inc., Oxford, Ohio; Rush Plans and Techniques that Work, Thomas F. Calhoon II, *Ohio State '70*; Deltas Talk About Alcohol, Ray Daugherty and Terry O'Bryan of The Prevention Research Institute; Pledge Education, Kenneth A. File, *Kansas State '81* (the Fraternity's director of chapter services); Administration through Organization of Committees, David C. Wagner, *Lehigh '85*; Motivation Enhancement through Chapter Community, Patti Holmes; Social Programming, William "Phil" Barco, *Florida State '76*, and Marshall C. Derk, *North Carolina '86*; Putting Academic Programs to Work, Dr. D. Wayne Taylor, *Toronto '77*; Internal Discipline of Difficult Members, James L. Westberg, *Idaho '74*.

Emphasizing Traditions

Karnea traditions were evident in several events. A model pledge ceremony and Rite of Iris performed by an undergraduate team from the University of Toronto, was followed by an equally impressive model initiation by undergraduates of the University of Western Ontario.

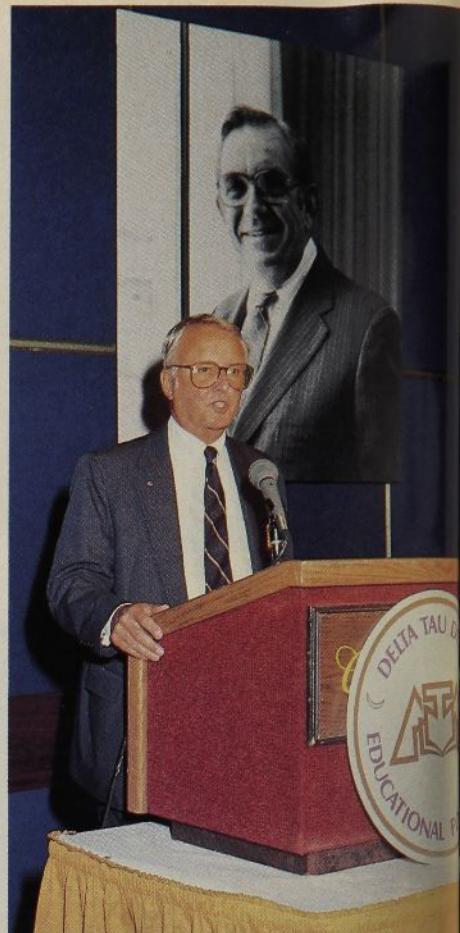

The Al Sheriff Leadership Luncheon on Friday was highlighted by a report of Delta Tau Delta Educational Foundation fund drives and activities, presented by Foundation Chairman Edwin L. Heminger, a former international president of the Fraternity. Other featured speakers were John W. Fisher, Tennessee '38, and John W. Nichols, Oklahoma '36, both members of the Foundation Board of Directors. Special tribute was paid also to the late John W. Galbreath, Ohio 20, honorary chairman of the Foundation before his death just three weeks before the Karnea, and one of the Fraternity's most active alumni and generous benefactors for many years.

An inspirational address by Kyle Rote, Jr., University of the South '73, climaxed the closing banquet, officially ending the 1988 Karnea. Using examples from his own experiences and those he has observed through-

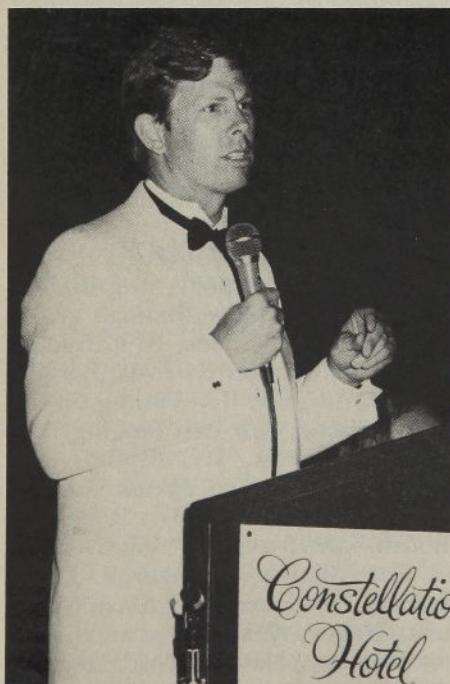

out the world, the widely known professional athlete and speaker equated the world's leadership needs with qualities that can be achieved by sincerely pursuing goals expressed in the Delt Creed. Fraternities can be a strong force for good if they will make the extra effort needed for success in any endeavor, he said.

Retiring President Wayne A. Sinclair, West Virginia '68, presided at the Karnea Banquet before turning over the badge of leadership to Dr. Hoyt D. Gardner, Westminster '46. James A. Jerome, Toronto '54, associate chief justice of the Federal Court of Canada, was toastmaster, and the Rev. Grover C. "Tex" McElyea, Ohio Wesleyan '46, former international president of the Fraternity, gave the invocation.

Francis M. Hughes, Ohio Wesleyan '31, chairman of the Distinguished Service Chapter Committee, presided over presentation of DSC awards, assisted by other committee members G. Herbert McCracken, Pittsburgh '21, and John W. Nichols, Oklahoma '36. Retiring president Sinclair presented Alumni Achievement Awards. Behind the scenes, logistical maneuvering was a day-and-night procedure. Headed by Program Chairman Pat Gibbons, coordinators worked feverishly to maintain the smooth flow of Karnea events. The most active were Chapter Consultants Stanley Telford, Paul Strilich, John Rhoades, Bradley Harp, and John A. Hancock. Director of Chapter Services Kenneth File worked with undergraduates preparing Ritual presentations. Executive Vice President Gale Wilkerson provided overall supervision and "trouble shooting." Educational Foundation matters were attended to by President George Loomis, Director of Alumni Development Gilbert Standley, and Administrative Assistant Sonya Gill.

At the registration desk, Richard A. "Rick" Sheriff, *Purdue '74*, again served as cashier. Central Office and Educational Foundation staff members Joanne Lintzenich, Catherine Cunningham, and Peggy Evans registered delegates, and answered questions.

Ross L. Butters, *Toronto '56*, headed the Local Karnea Committee, with Wayne Taylor in charge of special events and Andrew P. Alberti, *Toronto '84*, working with undergraduates on a welcoming subcommittee. Graham Adams, *Toronto '52*, was chairman of pre-program promotion.

The Lighter Side

On the lighter side of Karnea activities, the opening reception was followed by a popular show by magician Craig Karges, who featured a high degree of audience participation in presenting his award-winning "Magic of the Mind" act.

Later in the week, Deltas and guests rode ferries to the Toronto Islands for outdoor afternoon games and an early evening cookout. The adjoining islands, across from Toronto's downtown business section, are among the city's leading recreational attractions.

Events for the Delt Ladies featured tours, teas, and luncheons, planned and hosted by Doris Butters, wife of the local Karnea Committee chairman, assisted by Wendy Wilkerson and Karen Taylor.

New Leadership

Karnea elections and appointments brought six changes in the Arch Chapter, the most in many years. Three of the men are new to the group, with the others having previously served in different positions.

Dr. Hoyt D. Garner, *Westminster '46*, vice president and ritualist since 1986, was elected unanimously to the presidency of the Fraternity. He is succeeded in the former position by David L. Nagel, *Iowa State '63*, who previously served as second vice president.

Norval B. Stevens, Jr., *DePauw '51*, was elected second vice president, and R. Stevens Gilley, *Oregon State '56*, was elected treasurer, succeeding Jeff Heatherington, who did not run for re-election. Thomas S. Sharp, *LSU '67*, was re-elected secretary, a position he has held since 1986.

Karnea delegates also elected Dr. D. Wayne Taylor, *Toronto '77*, director of academic affairs, filling a vacancy created by the May 9 death of Dr. John H. Venable, who served in that capacity for three years. Louis K. McLinden, *Pittsburgh '51*, then was appointed by Dr. Gardner to the presidency of the Eastern Division, filling the unexpired term of Dr. Taylor, who vacated the position to be a candidate for the academic affairs office.

President Gardner

A well-known Louisville, Ky., surgeon and associate clinical professor of surgery at the University of Louisville, the Fraternity's new president was born in Paragould, Ark. Although his education was interrupted twice for Naval duty in World War II and the Korean Conflict, Dr. Gardner received his bachelor's degree from Westminster, an M.D. from the University of Louisville, completed internship and surgical residency at hospitals in Detroit, and began private practice in 1958.

Perhaps the highlight of his professional career, which has brought him many awards, was being elected president of the American Medical Association in 1979. He has received outstanding alumni awards from both Louisville and Westminster, and is a Diplomat of the American Board of Surgery, a Fellow of the American

McLinden and Gardner

College of Surgeons, and a recipient of the Medal of Freedom Award.

In 1975 Dr. Gardner was selected as a member of the U.S. Delegation to the World Health Assembly in Geneva, Switzerland. He was appointed by President Reagan in 1985 to be a delegate on the Executive Board of the World Health Organization.

Dr. Gardner's service on the Arch Chapter began at the 1982 St. Louis Karnea when he was elected secretary of the Fraternity. Since that time, he has headed several programs, including organization of the current alcohol awareness project, in addition to his regular duties as an officer. His wife, Rose, has supported him in all his activities, and has accompanied him to Karneas. They have three sons, Hoyt, Jr., Thomas, and Nicholas.

Nagel

Vice President Nagel

David Nagel began 11 years as a member of the Arch Chapter when he was elected president of the Western Division at its 1977 Division Conference in Oklahoma City. Since that time he has risen through the ranks to the Number Two position of Delt leadership.

An organizing director of Brenton Bank and Trust Co. in Des Moines, he has been president since 1973. In 1970 he was first runner-up for the American Institute of Banking's A.P. Giannini National Public Speaking Award.

Mr. Nagel, who has been with Brenton Banks since graduating from Iowa State, has received graduate banking degrees from the Universities of Oklahoma, Illinois, Virginia, and Wisconsin, each in a separate area of specialization.

Second Vice President Stephens

Norval Stephens retired in 1986 as executive vice president and chief operating officer of Needham Harper, a worldwide organization, to form his own public relations firm in Chicago. Today, Norval Stephens & Company has clients throughout the U.S. and abroad.

Mr. Stephens, who received an MBA from the University of Chicago, has been a strong supporter of higher education throughout his career. A current member of the DePauw University Board of Trustees, he also had been on the Board of Visitors and president of the Alumni Association. During the past eight years, he has been president of the Educational Foundation of William Rainey Harper Community College. He also has been on the board of Delta Tau Delta's Educational Foundation for the past two years.

Treasurer Gilley

A well-known San Francisco businessman, Steve Gilley is president of Swig Weller and Dinner Development Co., owners of Fairmont Hotels in that city, Dallas, New Orleans, Chicago, and San Jose. In addition, the firm owns 10 million square feet of office space, primarily in California and New York, but also in Texas and Washington, D.C.

The newly elected Delt treasurer founded the Gilley Company in Portland, Ore., which he sold in 1969

Eastern Division President McLinden

In succeeding Dr. Taylor as president of the Eastern Division, Lou McLinden, brings to the office a wealth of experience in Fraternity service. A member of the Distinguished Service Chapter, he has been a division vice president for seven years and active in many other Delt affairs since his graduation, including serving as president of the Pittsburgh Alumni Chapter.

For several years he and Perry R. "Dick" Swanson served Gamma Sigma at Pittsburgh as assistant chapter advisers to "Mr. Delta Tau Delta," the late Norman MacLeod. "Norm was the best Delt mentor a person could have," Mr. McLinden recalls. (Mr. Swanson succeeded Mr. MacLeod in 1964 and holds the length-of-service record among current chapter advisers.)

Mr. McLinden is assistant director of student affairs at the University of Pittsburgh, where he has been a member of the administration for 23 years. Two of his five children are Gamma Sigma Dels; Dennis graduated this summer and Terrence is a junior.

Division Presidents, all of whom are members of the Arch Chapter, are elected at spring Division Conferences held in off-Karnea years. Current presidents, in addition to Mr. McLinden, are Dr. Robert E. Roush, Jr., Sam Houston '64, Western Division; Keith J. Steiner, Allegheny '73, Northern Division; and Roy W. Huntsman, Florida '54, Southern Division.

to Cushman & Wakefield, a Rockefeller company. Moving to New York City, he became executive vice president and national director of commercial brokerage for Cushman & Wakefield, serving also on its board of directors and executive committee. Later he moved to San Francisco as president of Cushman & Wakefield Western, which represented all of the company's activities west of the Mississippi River. He left that position to accept the presidency of Swig Weiler and Dinner.

Mr. Gilley was co-chairman of the Portland Karnea and has been Western Division vice president for the Bay Area during the past two years.

Secretary Sharp

The Fraternity service of Tom Sharp began when he organized a

Delt colony as a student at LSU. When it was chartered in 1966, he became its first president. Since that time he has always combined his career with Delt work at local, division, and international levels.

Mr. Sharp has been a chapter adviser at Southeastern Louisiana University since it was chartered in 1969, a House Corporation president, a Division Conference secretary, organizer of the Heritage Room idea for Karneas, composer of Delt songs, a vice president and two-term president of the Southern Division.

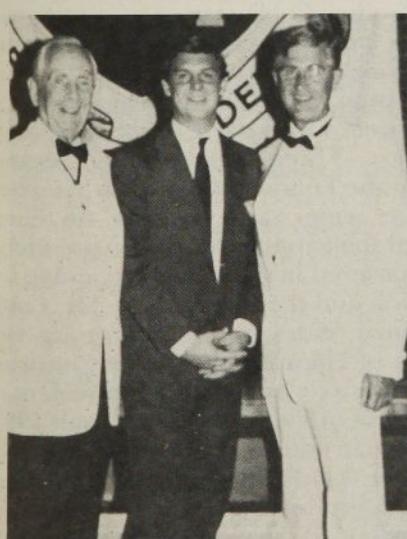

Since 1985, Mr. Sharp has been executive director of the Southeastern Louisiana University Alumni Association. Prior to that he was executive director of the University Foundation.

Academic Affairs Director Taylor

After serving as an Eastern Division vice president for three years, Wayne Taylor was elected Division president in the spring of 1985. His strong academic interests prompted him to interrupt the second term of that office to seek the office of director of academic affairs.

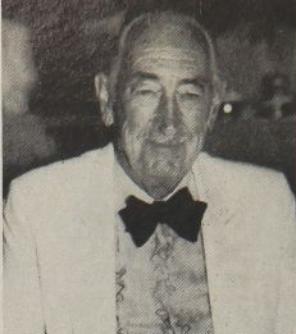

Dr. Taylor is a professor of business and public policy at the Wilfred Laurier University School of Business and Economics in Waterloo, Ontario, and a successful private consultant to business and government. He also has taught at York University in Toronto, and served as assistant to the mayor of York.

During his Eastern Division leadership, Dr. Taylor stressed the importance of academics through individual chapter contacts, as well as Division and Regional conferences and in helping prepare the 1988 Karnea agenda.

Three generations of Dels, from left, are former International President Robert W. Gilley, USC undergraduate Robert S. Gilley, Jr., and International Treasurer R. Stevens Gilley.

THOMAS J. BELL Toronto '36

Thomas Bell retired five years ago after an outstanding career of leadership in some of Canada's foremost industrial organizations. Following graduation, he joined Federal Wire & Cable Co., Limited, in Guelph, rising to the position of vice president in 1951. He later joined Fiberglas Canada, Incorporated, in Toronto, then in 1967 became president of C.E.I. Abitibi Paper Co. He was elected chairman and chief executive officer of that company in 1973. Six years later he relinquished the duties of CEO but remained chairman until his retirement in 1983. Brother Bell received an LL.D. degree from the University of Toronto in 1979. He has been a director of several leading Canadian corporations and chairman of the board of Toronto General Hospital.

HANK BROWN Colorado '61

Hank Brown has received awards for a business career that included 11 years with Monfort of Colorado. He was decorated for service as a Navy forward air controller in Vietnam. He is an accredited CPA. He has bachelor's and juris doctoral degrees from the University of Colorado, where he was student body president and a varsity wrestler. Since then he has added a masters of law degree in taxation from George Washington University. But if he has a first name other than "Hank," it never appears to be mentioned in the many articles written about him. That is the name people recognize, and in Brother Brown's current position, name recognition is important. Republican Hank Brown is a United States Representative from the 4th District of Colorado, and one of the Capitol Hill's most popular personalities. When he was re-elected to a fourth term in 1987, he received 70 percent of the district's vote. Brother Brown began his political career in 1972 when he was elected to Colorado's State Senate. Two years later he was elected assistant majority leader, even though he was the youngest Republican in the Senate. After moving on to the U.S. House of Representatives in 1979, he was chosen president of the 54 first-term Republican members and recognized by *U.S. News & World Report* as an outstanding new member of the 97th Congress. Today he serves as a member of the House Ways and Means Committee and assistant House regional whip.

ROBERT A. CHARPIE Carnegie-Mellon '48

The distinguished career of Robert Charpie reflects an interesting blend of scientist, industrialist, and businessman. As background, he received a B.S. degree with honors at Carnegie Mellon University — then better known as Carnegie Tech. Remaining there as a graduate student, he received his M.S. in 1949 and a doctorate in theoretical physics the following year, before joining Union Carbide Corporation at its Oak Ridge National Laboratory as a physicist. He was appointed assistant director in 1955 and director of the Reactor Division in 1958, then moved to the company's New York office in 1961 as manager of advanced developments. Subsequent Union Carbide promotions advanced him to general manager of the Developments Department, director of technology, and president of the Electronics Division. In March of 1968, Dr. Charpie left Union Carbide to become president of Bell & Howell. He served in that capacity until 1969, when he joined Cabot Corporation in Boston, as president and chief executive officer — positions he holds today. Dr. Charpie serves as a trustee of both Carnegie-Mellon and MIT.

HUGH COBLE Carnegie-Mellon '56

During the 22 years that he has been rising through the management ranks of Fluor Corporation, Hugh Coble has gained an international perspective of business and industry. Brother Coble started as a salesman with Fluor, America's largest publicly-held engineering and construction service company. After four years in Los Angeles and Houston, however, he began his international marketing career with a move to the company's Netherlands subsidiary. Three years later he became area sales manager at the London office, then returned to the Netherlands as senior sales manager for Fluor Nederland. Promoted soon afterwards to vice president, he again was headquartered in London, responsible for sales in Europe, Africa, and the Middle East. Mr. Coble returned to the United States in 1980 as group vice president, operations, of Fluor Engineers and Constructors, Inc., serving successively as group vice president of marketing and president of Fluor Engineers until 1985. Next he became chairman and chief executive officer of the newly formed Fluor Daniel International at London, returning to corporate headquarters at Irvine, Calif. in 1986 as group president of Fluor Daniel, Inc. and a director of the parent company.

Anyone in the steel construction business is familiar with the John T. Hepburn Company. The name Hepburn can be found on heavy equipment throughout the world. It is on hurculean presses that stamp out automobile parts, offshore oil drills and deepwater mooring equipment that holds the platform in place, the world's largest traveling crane, and complex manufacturing control panels. A patented Hepburn system makes it possible to transfer cargoes from ship to ship even in choppy seas, and a Hepburn pulp baling press is in demand at paper mills in several countries. Hepburn Limited, headquartered in Mississauga, just north of Toronto, engineers and manufactures whatever is needed by its varied clients. It has done structural work for steel mills and some major buildings in Canada. As chairman of the board, John T. Hepburn heads this leading design and manufacturing firm started by his father in 1905. During World War II, the company built lathes to shape a large percentage of the shells manufactured in Canada and the U.S. After shifting once again to peace-time production, it made a wide range of machinery, moving on to large computerized products as technology advanced through the years.

JAMES F. MONTGOMERY

UCLA '56

The Wall Street Transcript has named James F. Montgomery "Outstanding Chief Executive Officer" in the savings and loan industry for the past five years. The Harvard Business School Association of Southern California honored him as the "1987 Business Statesman of the Year." *Fortune* magazine recently described the company he heads as the most respected of its type in the nation. That company is Great Western Financial Corporation, based in Beverly Hills, Calif. As its chairman and chief executive officer, Brother Montgomery has a solid base of financial experience dating back to graduation in 1956 from UCLA and acceptance of his first job with the accounting firm of Price Waterhouse. He joined Great Western in 1960 as assistant to the president, took what he refers to as "an 11-year hiatus" as a director and president of United Financial Corporation and its Citizens Savings and Loan Association subsidiary ... then rejoined Great Western in 1975 as president. He became chairman and CEO in 1979. Widely recognized for his business accomplishments, Mr. Montgomery also has demonstrated a strong commitment to civic affairs. Under his guidance, Great Western Financial Corporation has applied its expertise to the financing of low and middle income housing programs.

JOHN G. OLIN

Illinois Institute of Technology '61

Two schools with Delt chapters can share in laying claim to the educational background of John G. Olin, a man who has reached the heights in the specialized field of technological instrumentation. After graduating from Illinois Tech, Dr. Olin went to Stanford the following year, earning master's and doctoral degrees in mechanical engineering, with specialization in power generation. After serving as manager of engineering and research at TSI, Incorporated, in Minnesota, and deputy director of that state's Pollution Control Agency, he founded his own company, Sierra Instruments, in Carmel Valley, Calif. As president and owner, Dr. Olin oversees the design, engineering, manufacturing, and marketing of precision instrumentation for monitors and controls used in three major industries — semiconductor, process, and heating, ventilation, and air conditioning. During the 17 years since starting his company, he also has been the principal author of 25 published technical papers, and has been awarded seven patents on important contributions to the field of instrumentation. Illinois Tech has honored him with its Alumni Professional Achievement Award and a special "Honor I" citation for professional achievement by an ITT athlete.

FRED C. TUCKER, JR.

DePauw '40

Anyone who has been exposed to radiation from the Bud Tucker personality is well aware of the competence, vigor, and genuine love of people that make our former international president one of the nation's most successful real estate professionals. His college credentials include a degree from DePauw and further studies at Harvard law school. But having his name on sheepskins has been overshadowed by its presence on small signs that have dotted the Indianapolis landscape for many years: "Talk to Tucker." Enough people did talk to Tucker to make him become known nationwide for real estate sales, then expansion into real estate development and major real estate investments. He has held the top offices of numerous professional and civic organizations in metropolitan Indianapolis, and served as president of the National Association of Realtors. He also has continued to serve his alma mater through the years, including a three-year term as chairman of the DePauw Board of Trustees. In 1986, he was succeeded as president of the F.C. Tucker Company, Indianapolis, by his son, Fred Tucker III, another loyal Delt, but continues as president of Tucker Investment Company which is involved in hotel management.

BLAINE H. LOUDIN

Cincinnati '51; Ohio State '51

This loyal Delt has always been ready and eager to promote Delta Tau Delta and her principles wherever and whenever he could. As a loyal Alumnus visiting his Chapter, as a Northern Division Vice President and as a mainstay of the recent rebuilding of Beta Pi Chapter at Northwestern University, this good Delt has always exemplified the best of Delta Tau Delta.

Given under our seal, August 28, 1987.

ROBERT STEVENS GILLEY Oregon State '56

Son of a Delt, brother of a Delt, and father of a Delt, this good Delt has served the Fraternity faithfully and wisely all of his adult life. His service as President of Portland Alumni Chapter, committee member for the Portland Karnea, active Vice President of the Western Division, board member of the Educational Foundation, exemplify Steve's belief in Delta Tau Delta.

Given this 22nd day of March, 1988.

Don Kress, left, and McCracken.

JOHN W. WOOD, JR. South Dakota '68

This dedicated and respected lawyer began his Delt career in Delta Gamma Chapter and was its president when the chapter was awarded a Hugh Shields Award for Chapter Excellence. He began serving the Fraternity as field secretary and later as Vice President and President of the Northern Division where he continues to serve as a Vice President. A truly good Delt who has always answered the call from his Fraternity and whose continued allegiance, service, loyalty and love exemplify the principles as set forth in the Delt Creed.

Given under our seal this 28th day of August, 1987.

DONALD G. KRESS Lafayette '58

This Good Delt has set standards of loyalty and service unsurpassed in the history of our Fraternity. As International President he visited all 115 Delt chapters. He also has been Eastern Division President and Vice President, International Treasurer, Second Vice President and First Vice President, President of the New York Alumni Chapter, Nu Chapter Adviser and House Corporation President and a Karnea General Chairman. Beyond those and other official offices, he has given and continues to give an extraordinary amount of his time serving his chapter, the Fraternity and the Educational Foundation.

Given under our seal, December 1, 1986.

Steve Gilley, left, receives the award from John Nichols.

Delt Responsibilities

By WAYNE A. SINCLAIR
West Virginia '68

Excerpts from retiring President Sinclair's report to the Karnea reflect Fraternity policies and activities during the past two years.

SIXTEEN YEARS ago, then International President DeWitt Williams called me into his suite at the Atlanta Karnea to talk about appointing me to the Arch Chapter as Eastern Division president. It was not the best of times for the fraternity movement, but being an idealist just out of law school, I thought it would be a good opportunity for me to serve my Fraternity. The intervening years have brought change for the fraternity system and for Delta Tau Delta. There have been ups and downs, and there have been many changes. Most have been good.

In the legal liability seminar I present at Division Conferences, I usually point out that the most pronounced difference between the time I was an undergraduate and now is that the rules have changed. In 1968 a student could do just about as he pleased with regard to alcohol; he did not know about designer drugs; AIDS was a diet plan and not a disease. Fraternity membership was high.

Since 1968, fraternity membership has gone full circle, from high to low and back to high.

Delta Tau Delta has been a leader in bringing the fraternity world into a new golden age. I like to think that a large measure of the success of the Fraternity is a result of the incredible amount of responsibility exhibited by Delt undergraduates during these prosperous, but difficult times.

Undergraduates have responded well to the efforts of the Arch Chapter, Central Office, chapter advisers, and alumni who have encouraged them to drink responsibly, to accept the fact that open parties are a thing

Sinclair

of the past, to realize that hazing is an archaic pledge education tool that has no place in the 1980s, to understand that the dignity of women must be paramount in relations with them, and to take responsibility for actions in many areas of campus life. For being responsible Delts, I give undergraduates the thanks of their Fraternity.

But what have we done during the past two years to lay claim to the fact that we are "the best?"

Our undergraduate membership is over 7,000. Our alumni ranks have swelled to over 120,000. Active chapters number 124, and our budget is balanced for the 51st straight year. Our Foundation has the highest per capita gift of any international fraternity. We are raising over \$400,000 a

year to supplement education programs of the Fraternity.

The Arch Chapter has planned for the future of the Fraternity by considering the report of a Long Range Planning Committee, chaired by Dr. Hoyt Gardner, which strategically looks at the Fraternity into the 21st Century. It has changed the cumbersome, outdated financial system used by chapters since the days of Hugh Shields. It has continued to commit itself and the resources of the Fraternity to the "Dels Talking About Alcohol" program.

The Arch Chapter is supportive of continued measured expansion and has exhibited that support through its policy of expanding into quality institutions.

During the past two years, Delta Tau Delta has not closed a chapter. We continue our commitment to our existing chapters, strengthening them where necessary, reorganizing them when they do not live up to the Delt ideal, helping them when we see that help is needed. The most important function of the Arch Chapter is to insure the future of the Fraternity through committing itself to strong chapters on every campus on which we are represented.

Mention must be made also of the Educational Foundation of the Fraternity and the great strides it has made over the past two years under the leadership of George Loomis. George, along with Foundation Board Chairman Ed Heminger, has made a commitment to the general Fraternity by recognizing that the purpose of the Foundation is to support the programs of the Fraternity and by aggressively appealing for the dollars necessary to carry out those programs. Our all-important alumni update program has been a hand-in-hand relationship between the Foundation and the Fraternity, and we are stronger in 1988 for this affinity.

But where do we go from here? There are mountains to conquer, but there is much to be done with the foundation that we have laid. The cornerstone of our continued success is the continued commitment to responsibility by our undergraduates. It is my hope that they will continue to show the rest of the fraternity world what responsible fraternity is:

Responsibility is being a Delt.

William R. Lennartz, *Colorado '63*, president of Computer Power Systems Corp., Carson, Calif., received the 1988 Distinguished Business Alumni Award of his alma mater. In 1968 Mr. Lennartz founded Lencor International which acquired CFI Memories in 1971. He helped building CFI into a major computer disc pack manufacturer, and in 1977 Lencor merged with Memorex Corp. as a wholly owned subsidiary. Meanwhile, Mr. Lennartz helped found Computer Power Systems, joining the company in 1978 as president and CEO. The company today is a wholly owned subsidiary of Emerson Electric Co.

Career Day

The New York Area Alumni Chapter is interested in hearing from Deltas who would like to participate in a Career Day program for undergraduates from any chapter, to be held on the campus of Stevens Institute of Technology in Hoboken, N.J., Nov. 26, 1988.

Alumni from business and industry are being called upon to talk about their businesses, industries, and professions and offer advice to college seniors planning careers. In addition to those meetings with alumni, workshops will be held on the job-search process, interviewing skills, and resume preparation.

Alumni and undergraduates interested in participating are invited to contact Irwin Slotnick (Home - 201/626-5444; Office - 212/344-2610) or Craig Scholl (Home - 203/852-6972; Office - 203/348-7101).

Keith Sliman, LSU '74, recently was named recipient of a National Association of Underwater Instructors Outstanding Service Award. The award is presented for overall service and achievement in scuba instruction. Seven Seas of Baton Rouge, for which Mr. Sliman is director of diver training, also won an award as one of NAUI's top scuba instructional facilities.

David G. Blackburn, Ohio State '62, has been promoted to president and CEO of U.S. Health Corporation of Southern Ohio, a 596-bed multi-hospital system in Portsmouth. He previously was a senior vice president with U.S. Health Corporation, the parent holding company in Columbus.

Jack Gimbel, Kent State '57, is president of Wick Newspapers in Scottsdale, Ariz.

Temporary General

FOR ONE month early this year, Richard E. Cregar, Michigan State '58, served as a brigadier general. A former captain in the Army Quartermaster Corps, the head of Cregar Enterprises, Orchard Lake, Mich., confessed, "I always wanted to be a general," and the fact that the rank was both honorary and temporary did not detract from a mission he described as "a real plum."

With no pun intended, Mr. Cregar referred to an all-expenses-paid trip around the world with VIP status to serve as a judge in the Air Force's annual food service competition.

Mr. Cregar's firm operates and manages food services for General Motors, Michigan State University, The Engineering Society of Detroit, and Ross Roy World Headquarters. That was the key factor in his being selected to judge food services at seven Air Force bases for the 32nd Hennessy Trophy Awards program.

He and his team covered 40,000 miles in 32 days to help determine which base had the best food service program in 1988. "We judged cleanliness, finance, employee attitudes, preparation techniques, and atmosphere, not food taste," he said.

A pilot himself, Mr. Cregar donated his time to the project. As an added perk, he was given a ride in two Air Force helicopters and a fighter jet. At Shaw AFB, S.C., his final stop on the evaluation assignment, he met another Delta, Col. Jay Callaway, Jr., Florida State '63, who briefed him on the F-16 jet fighter. Colonel Callaway is commander of the 363rd Tactical Fighter Wing at Shaw. (*The Rainbow* is indebted to Tim Keenan, associate editor of the Tech Center News for providing some material for this article.)

Lloyd C. Whittall, Sr., Oklahoma '67, has been promoted to director-operations planning for AT&T General Business Systems in Parsippany, N.J.

Jeffrey K. Brandt, Pittsburgh '85, has been named technical consultant with Hildebrandt, Inc., an international management consulting firm headquartered in Somerville, N.J.

Pat Sullivan, Oregon State '72, recently was named partner in charge of the Bellevue, Wash. office of Yergen and Meyer, a CPA firm with offices in Washington and Oregon. He previously worked in the company's Medford office.

Victor W. Lunka, Ohio State '46, recently retired, after serving for many years as president and CEO of Harbour Side Development Corp., a general construction firm based at Vero Beach, Fla.

Pettus A. Kincannon, Westminster '73, has been appointed branch manager of the Fort Smith, Ark. branch of T.J. Raney & Sons, Inc., a full service brokerage firm based in Little Rock. Fort Smith is its first branch. Mr. Kincannon has been in the brokerage industry since 1980, following service with the Army in Germany.

Alan W. McCarthy, Illinois '81, is a reinsurance broker with Guy Carpenter, Inc., Minneapolis.

Larry Rosenberger, Jr., Cornell '86, is an investment officer at NCNB Securities, Inc., Clearwater, Fla.

John Stulingross, Lawrence '83, is working toward a doctorate in chemical engineering at the University of Wisconsin.

Mark Weidkamp, Oregon State '85, has left Western International to form his own manufacturing company, Normark Corp., with facilities in Oregon, Washington, and Mexico. He lives in Portland.

Brig. Gen. Michael K. Sheridan, Florida State '56, has retired from the Marine Corps after 31 years of active duty. He now is vice president of Rose Packing Co. in Barrington, Ill.

James Ellis, Case Western Reserve '60, recently was elected vice president, telecommunications, for New York Life Insurance Co., headquartered in New York City. He lives at Wilton, Conn.

Professor Medicus, right, is interviewed after record-setting performance.

Uncorking a Winner

NEARLY a year ago *The Rainbow* and many other publications reported an unsuccessful attempt by Rensselaer Professor Emeritus Heinrich A. Medicus, Rensselaer '43, to set a world distance record for a flying champagne cork. But Professor Medicus, president of the Upsilon Chapter House Corporation, was not to be denied. Uncorking a winning blast of 177 feet, 9 inches, he recently beat the previous record (set by a man in Kensington, England) by more than 68 feet. Guinness rules call for projecting a cork from "an unheated and untreated" bottle of champagne from a launching pad four feet above the ground. A wine expert attested that the bottle contained undoctored

champagne, and a land surveyor used laser equipment to measure the distance. Projectory angles and other factors right down to the electrodes used to explode wires holding the cork in the bottle were scientifically calculated for the event, which again elicited national media coverage. Another entrant in the contest, held at a New York vineyard, also broke the previous record, but fell far short of the Medicus blast. Lest his professionalism could be taken lightly, it should be pointed out that physicist Medicus also once held the record for detecting the smallest nuclear-energy-level transition, and currently is researching the life of Albert Einstein.

Ted K. Meserve, Tulane '54, has been promoted to claims manager of American States Insurance Co. in Tyler, Tex.

Michael A. Webber, Michigan State '72, former chapter adviser at Northwestern, lives in Antwerp, Belgium, and works for a petroleum company based in Rotterdam. He reports that "life in Europe is quite pleasant and interesting, and professional opportunities are excellent."

Dr. Charles W. White, Oklahoma '72, recently accepted a radiology fellowship at the Harvard School of Medicine. He did clinical work and research in magnetic resonance imaging at Brigham & Women's Hospital in Boston.

Jim Westman, Minnesota '61, Laguna Beach, Calif., has been assigned producer of the CBS Television series "Tour of Duty" for the 1988-89 season. "Tour of Duty" has returned from Hawaii and is being filmed in the Los Angeles area, in association with Zev

Braun Productions and New World Television.

William J. Kunkle, Jr., Northwestern '63, is a partner in the law firm, Phelan Pope & John, which was appointed by the House Ethics Committee to investigate charges against Speaker Jim Wright. He is serving as first assistant to Richard Phalen, who was appointed special outside counsel. Mr. Kunkle lives in Indian Head Park, Ill.

Dr. F. Rodney Drake, Colorado '62, a colonel in the Army Medical Corps, plans to retire next spring. His recent duties included child psychiatry consultant and drug and alcohol consultant to the U.S. Army Surgeon General. He also served for a number of years as chief of child psychiatry at Walter Reed Army Medical Center. Dr. Drake plans to remain in the Washington, D.C. area in the private practice of psychotherapy and psychoanalysis of children, adolescents, and adults. He received his M.D. from Colorado in 1966.

OLYMPICS

Stanford head coach MARK MARQUESS, *Stanford '69* led the US baseball squad to a Gold Medal in the demonstration sport. In the title game win over Japan, two of Mark's NCAA championship team stars were starters: ED SPRAGUE as the designated hitter and DOUG ROBBINS at catcher. Ed was the Toronto Blue Jays' top draft pick and signed a pro contract for next season. Doug was expected to sign with the Baltimore Orioles as we went to press.

Two other Deltas came close to earning a spot on the US team. SHANNON SULLIVAN, *Oregon State '82*, competed for the US Air Force and placed fourth in the Decathlon with 8,076 points at the Olympic Trials. SCOTT DAVIS, *Oregon State '86*, finished fifth in the pole vault with a leap of 18-4.

BASEBALL

Completing a good year as the Texas Rangers' third basemen was STEVE BUECHELE, *Stanford '83*, who hit .250 with 16 homers and 58 runs batted in. San Francisco Giants outfielder MIKE ALDRETE, *Stanford '83*, batted .267 with 3 homers and 50 RBIs. PETE STANICEK, *Stanford '85*, of the Baltimore Orioles saw action in left field and at second base, hitting .230 with 12 stolen bases. Pitcher DREW HALL, *Morehead State '85* finished the year with the Chicago Cubs after posting 19 saves and a 2.34 ERA with Iowa of the American Association.

Several other Deltas spent their seasons in the minors. Outfielder WALT HARRIS, *Stanford '87*, had a good year with the Orioles' Hagerstown club, batting .262 with 60 RBIs and 53 stolen bases. First basemen ERIC HARDGRAVE, *Stanford '83* played with Glens Falls of the Eastern League early in the year before being released. First baseman LANCE SHEBULET, *Stanford-Fresno State '88*, the Tigers' number two pick, saw action with Fayetteville of the South Atlantic League. First baseman RON WITMEYER of Stanford's NCAA champs signed with Oakland in August, passing up his final year of college eligibility.

PRO FOOTBALL

Retired NFL veteran quarterback JIM PLUNKETT, *Stanford '71*, has received the first annual Ernie Davis Award, presented by the Leukemia Society of America for contributions off the field. Jim has done extensive work with charitable and community organizations. The award was established in honor of Davis, the outstanding Syracuse running back who died of leukemia 16 months after receiving the Heisman Trophy in 1961.

Plunkett ended his career this year after 16 pro seasons in which he had 1,943 completions in 3,701 attempts for 25,882 yards and 164 touchdowns.

Three Deltas are NFL regulars as the first half of the season finishes. Quarterback JOHN ELWAY, *Stanford '83*, is now in his sixth year with the Denver Broncos. Second-year man MARK RYPIEN, *Washington State '86*, became the Washington Redskins' starting quarterback after an injury to Doug Williams. Linebacker DAVID WYMAN, *Stanford '87*, has excelled for the Seattle Seahawks in his second year. Free agent ERIC SNELSON, *Stanford '88*, a tight end in college, converted to linebacker and was on the Los Angeles Raiders Injured Reserve list as we went to press. Rookie linebacker TONY VISCO, *Purdue '88*, is performing for the Toronto Argonauts of the Canadian Football League.

CARROLL HARDY, *Colorado '55*, retired from the Denver Broncos after a lengthy career of 24 years in the front office. He served the club as Director of Pro Personnel most recently. The only other Deltas in the NFL for 1988 are Cleveland Browns assistant coach HOWARD MUDD, *Michigan State-Hillsdale '64*, and JOHN POLONCHEK, *Michigan State '49*, special assistant to the New England Patriots head coach.

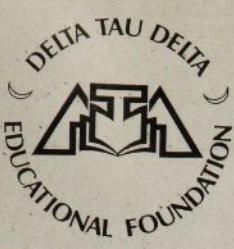

COLLEGE FOOTBALL

Leading undergrad players this fall include Colorado co-captain and linebacker DON DeLUZIO; Oregon State kicker TROY BUSSANICH; Stanford offensive line starters ANDY SINCLAIR, JOHN ZENTNER, CHUCK GILLINGHAM and ANDY PAPATHANAS-SIOU; Stanford defenders RAY HUCKESTEIN, ROB HINCKLEY and BRUCE LANG; Brown co-captain and defensive back GREG KYLISH, tackle JOE MADDEN, center DAVE TAUBER and defensive linemen DAVE RODY and JOHN TAYLOR; DePauw quarterback JEFF VORIS and USC running back SCOTT LOCKWOOD.

HONORS AND AWARDS

Named as a new inductee into the National High School Sports Hall of Fame was the late BRUTUS HAMILTON, *Missouri '22*. An all-around schoolboy and college athlete, he gained later fame as an Olympic track coach. The state of Nebraska Football Hall of Fame posthumously inducted RICHARD RUTHERFORD, *Nebraska '16*, a three-time All-Missouri Valley halfback.

Taking third place honors in VIP heavyweight sparring, American Tae Kwon Doe Association competition, was MARTY WILSON, *Stanford '72*. The Grand Nationals Karate Tournament took place in Little Rock, Arkansas several months back.

A Report on the 1987-88 Alumni Contribution Program

Delts Are Something Else!

By RICHARD H. ENGLEHART
Indiana '47
Chairman, Alumni Contribution Program

This is getting to be a good habit. Loyal generous Delts set *another* new record for contributions to the Annual Fund in 1987-88! Over 6,300 Delts joined together to contribute more than \$411,000.

Personally, I can't think of a better habit to have. This year I've talked with more and more Delts who tell me that they believe in what we are doing and can see the progress we are making.

This past academic year you saw—

- Three more alcohol abuse training seminars
- Leadership guidance by Chapter Consultants on 250 visits
- Support for 5 more chapter computers
- A new academic guide and increased stature for chapter academics

Look at the new heights you have reached—

- 6½% increase in dollars contributed compared to last year
- 15 straight years of increase in dollars given
- 15 straight year of increase in number of donors
- Still the highest average gift in the fraternity world

Gentlemen, these are *good habits!* Over the 46 years that I've been a Delt, I have seen us progress from an almost purely social organization to one that provides some of the most innovative, professional training and learning experiences available anywhere in the world. So much of this learning has a positive impact that will last a lifetime.

You make it all possible. I know you share my pride in the results.

Active chapter members — the primary beneficiaries of your generosity — are increasingly aware of how important your support is to their continued success. They appreciate it more than you know!

Consecutive Giving	
This is the third year we have designated consecutive giving. It should be noted that those numbers following each name designate consecutive years of participation since records have been maintained, beginning in 1972. The absence of a number indicates either a first-time donor, or one who has resumed giving after a lapse.	
<p>While we have attempted to produce a complete and accurate listing, oversights and errors sometimes occur. We invite corrections and notification of omissions. Gifts received after August 14 are recorded as being part of the 1988-89 program.</p> <p>Upsilon - 74</p> <p>Anderson, R. L. 2 Bartel, A. J. 2 Bates, F. W. 15 Beebe, D. G. 4 Blankenship, W. STOCK GIFTS

You may find it profitable to yourself and the Foundation to make your gift in the form of common stock. Greatly appreciated stock can be a means whereby, at low cost to the donor, a sizable gift can be made and be deducted for tax purposes at the stock's market value on the date the gift is made. Shares of stock donated should be transferred to the Delta Tau Delta Educational Foundation, Inc. This is a common transaction about which your broker can advise you, or give George Loomis a call at the Foundation headquarters.

L. GALE WILKERSON, Executive Vice President
KENNETH A. FILE, Director of Chapter Services
PATRICK J. GIBBONS, Director of Program Development
DAVID N. KELLER, Editor of THE RAINBOW

Dear Brother:

We are, here, presenting to you this year's official Delta Tau Delta clothing and gift line. These are items you will be proud to wear and use.

The lines of merchandise offered are well known and top quality. The embroidery and the sewing of the Greek letters will be done by the skilled craftsmen in Kalamazoo.

This is a joint venture with Ihling Bros. Everard Co. of Kalamazoo, Michigan. This firm has been in business since 1869. The company has been managed by fraternity men for over sixty-five years. That's two generations, with the third learning the business. We have worked with them for seven decades and know the quality of their work and their integrity to be above reproach.

This year working with the Ihlings, we are trying to anticipate the demand and be ready for prompt shipment. You can have confidence in the guarantee described here. But, do remember these are very specialized items, strong demands cause delay. It will be wise to anticipate extra delivery time, and do allow two weeks for transportation.

Fraternally,

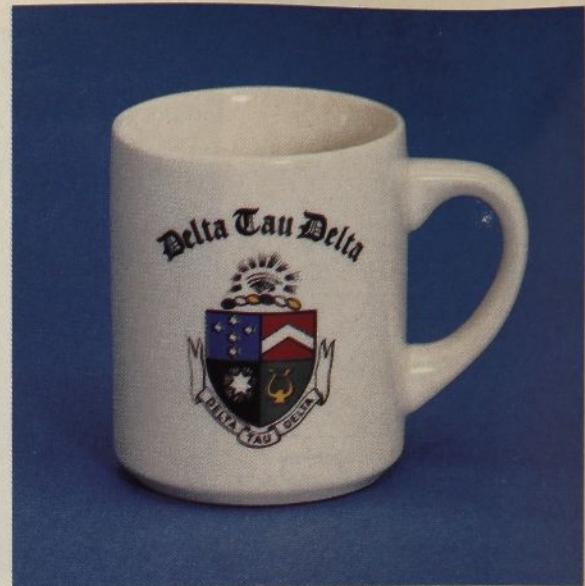

L. Gale Wilkerson
Executive Vice President

Letters to the Editor

Loans vs. Grants

Regarding your editorial in the summer edition, "Loan Defaults," I suggest that it would have been of more significance if you had identified the senator who "... suggests that the problem could be solved by giving the money to students as grants..."

While the not-too-subtle self-pat on the back of the Fraternity is interesting as a comparison, it serves little purpose. However, if the constituents of the senator knew where he is "coming from" philosophically, they might be able to do something about it the next time he stands for election.

Alive and Well

As I look through the spring, 1988, issue of *The Rainbow*, in "The Chapter Eternal," Purdue, I find the name of Hal Chasey of the class of '31. I am happy to tell you the listing for Mr. Chasey is in error.

Mr. Chasey is alive and well. He recently completed 30 years of volunteer service to Manatee Community College. He has served during most of this time as either chairman of the Board of Trustees of the college or as chairman of the Foundation. He has been recognized by receipt of the President's Award and has been honored by having the gymnasium and associated athletic facilities named in his honor.

I thought you would like to have the infor-

mation corrected and also have brought to your attention the honors bestowed upon him by one of the organizations he has contributed so much to in our community.

Left Out

Our chapter report was mailed before the deadline for the summer issue, but did not appear in the magazine. Without worrying about placing blame, I would simply like to report a few things from 1987-88.

Beta Chapter at Ohio University achieved the top fraternity GPA in the winter quarter, with a 2.8, including five brothers above 3.9. A new scholarship program emphasized positive reinforcement encouraging scholarship. We were intramural football champions and a close runner-up for the All-Sports trophy.

Undergraduates contributed \$5,000 per quarter to the house fund, remodeled our formal room, landscaped the front yard, refurnished the TV room, tiled the dining room and all bathrooms, and installed flood lights in the front of the house. We gained the illustrious Greek Week Spirit Award, had our first annual Founders Day golf tournament pitting alumni with undergraduates and hosted reunions for several alumni class groups.

We want our alumni to know that we want their involvement and that we know the importance of keeping them informed.
