

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

ALPHA

Allegheny College

FALL 2006 CHAPTER REPORT

As the fall 2006 semester comes to a close, Alpha is proud to mark this past semester as one of our finest. We successfully defended our title as Greek Sing winner and hosted a successful Alumni Homecoming Weekend. We also recently welcomed three brothers from our fall pledge class. We continued to improve upon our philanthropy program, which won the Outstanding Philanthropy Program Award at Allegheny Greek Awards last year. The philanthropy committee, under the guidance of Philanthropy Chair Evan Grosjean, has flourished this semester, with an added emphasis on Adopt-a-School and inter-Greek events. We also were able to get our award-winning website back online under the guidance of a new webmaster. On Allegheny's campus, Alpha has established itself as an example of excellence in leadership. We currently have 24 members who sit in non-chapter executive positions, including eight organization presidents. Josh Macel, a senior and a former president of Alpha Chapter, is currently the president of the IFC. C.J. Brown is president of the Allegheny College Rugby team, which features many of our brothers, and recently the team won the division title. Our semester concluded with several exciting events. We recently celebrated at our annual Christmas Formal. We also initiated three new members and we plan to add even more next semester when freshman can begin to pledge. With our annual Golf Tournament, Sorority Football Tournament, Spring Formal and new events such as a Campout Rally and new Rush system planned for next semester, we have many things to look forward to. If you would like to know more, please check out our website at <http://www.alphadelts.org>.

SPRING 2007 CHAPTER REPORT

This semester, Alpha Chapter hosted its first "Miss Allegheny" Pageant which surpassed expectations and was a great success. The chapter also hosted its annual "Sorority Football Tournament." Congratulations to the sisters of Kappa Kappa Gamma, who took home the trophy for a second year. Both events are two of the largest philanthropy events on Allegheny's campus. Alpha was also recognized by the IFC for having the best philanthropy program, best new member education program and for having the highest fraternity GPA. In addition, the chapter remains the largest on campus. Delts dominated IM sports this semester, winning the Intramural soccer league and making it to the IM hockey championships. Delts also led the Allegheny Rugby team to an undefeated season by scoring 218-19 in their games for the season, shattering Division expectations. The team also won the Division championship for the first time in Allegheny history. We hosted our yearly Alumni Golf Tournament, held every year in April, and welcomed back brothers from as far back as 1965 for a great golf outing. We'd like to invite all alumni back to Homecoming this fall, October 5-7. Next year's Golf Tournament will be held April 26th, so mark your calendars!

BETA

Ohio University

FALL 2006 CHAPTER REPORT

We can proudly say that we are back on the right track to be "committed to excellence." During the fall quarter of 2006 we took a hard look at our current policies and procedures and have made the necessary changes to ensure a highly successful winter quarter. We had remained highly competitive in athletics and academics, but we had allowed some other factors of our chapter to slip, such as Rush and philanthropy events. This will not be the case in future quarters as we have acted upon the advice of our chapter consultant and also sifted through the older records of past executive committees to see what made them successful. We have learned from our recent mistakes and now we look forward to the coming quarter to see how successful we can become. Also, we are excited to announce that our shelter renovation will begin in June 2007.

SPRING 2007 CHAPTER REPORT

Richard C. Hundorfean, chapter president, has been accepted into the Capital Leadership Academy scheduled for the week of July 5-9, 2007. Our chapter performed approximately 45 hours of community service at local parade. We are also involved in an Adopt-a-Highway program. We extended local greetings and invitations to the local Methodist church and police station to attend community service and cookout events.

GAMMA

Washington & Jefferson College

FALL 2006 CHAPTER REPORT

We have distinguished ourselves academically by achieving the highest grade point average among fraternities on campus. We also bested all other Greek organizations in our annual Greek Week activities. Another highlight to the first half of the school year was our Homecoming celebration. We had great alumni attendance

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

and the undergraduate brothers enjoyed the camaraderie. Following Homecoming we have welcomed one pledge that will soon be initiated. Overall, it has been a productive and successful first semester and we are looking forward to Division Conferences and the second semester.

SPRING 2007 CHAPTER REPORT

Spring semester of the 2007 academic year has been a time of great excitement for Gamma Chapter. The appointment of a new chapter advisor, Division Conferences and our new pledge class have all added to our sense of pride and anticipation of continued excellence for the following year. William Knestrick '03 was appointed chapter advisor and installed at the Eastern Division Conference this past February after acting Chapter Advisor Jesse White '00 was elected to the Pennsylvania House of Representatives. Gamma Chapter was represented by 10 undergraduates and two alumni at this year's Eastern Division Conference and took home awards for 100% improvement in fall recruitment, having a GPA above the campus all-male average and outstanding campus involvement. This semester Gamma Chapter is pleased to have welcomed 18 new members who will enable the chapter to continue its tradition of excellence for years to come. These 18 ambitious young men represent the largest pledge class on campus and perhaps the most diverse, with one member born right here in Washington, Pa. and another from as far away as Germany.

DELTA

University of Michigan

FALL 2006 CHAPTER REPORT

As a colony, the Delta Chapter has had a busy and exciting fall semester. After establishing regular chapter meetings and getting the wheels rolling, we played in a dodge ball tournament that was part of a fundraiser for Habitat for Humanity. The tournament was a major success. Many of our Delts showed up wearing our letters and ready to play dodge ball. The event raised a large sum of money and the general consensus was that everyone had a blast. As a colony, one of our first orders of business was to get an acceptable and feasible budget established as soon as possible. In just under a month and half, the budget committee and the executive board reached a final number and first semester dues are starting to roll in. Not only have we managed to obtain our yearly budget, but also we are only a few weeks away from finalizing our chapter's bylaws. Many of the Delts are excited about our first social event with the women of Alpha Delta Pi on Thursday, December 7, 2006. At the rate we are moving, we hope to be a fully functional and thriving chapter within the next calendar year.

SPRING 2007 CHAPTER REPORT

As usual, the last couple of months have been quite hectic. Greek Week ended recently, and it was for the most part a success. Our ultimate placing in the competition wasn't overly impressive, as we finished second to last, however, we did manage to win the Sing competition. In order to do this, we had to defeat about 13 other teams in a competition in front of thousands of people. After Greek Week, our efforts were shifted entirely to our petition. We have high aspirations and are quite confident that we can achieve our chartered status as soon as next fall. With this in mind, we have been working tediously on the petition. With the help of our chapter consultant Von, as well as our alumni team, we have put together a relatively impressive petition. We are waiting to hear from Central Office.

EPSILON

Albion College

FALL 2006 CHAPTER REPORT

At the beginning of the semester, we implemented a new house management program. Since then, the cleanliness of the shelter has improved dramatically. For Albion's Homecoming, we had an alumni gathering at the house. We watched the Albion College football game and then came back to the shelter to eat and visit with the alumni. We have had numerous successful Rush events this semester and we look forward to a large pledge class in the spring. Our philanthropy, Albion Interfaith Ministries, has received monetary gifts generated from two bake sales this semester. We are in the process of organizing our annual "Snow Bowl" football tournament, which will take place early next semester. A large majority of the members of Epsilon Chapter have mentored a group of second graders at Harrington Elementary School in Albion.

SPRING 2007 CHAPTER REPORT

We are proud to announce that our 2nd annual philanthropy event "Snow Bowl" was a success and we raised approximately \$1,000 for Albion Interfaith Ministries. We also took first place in Delta Gamma's week-long philanthropy event, Anchorsplash. Besides the great turnouts in those two areas, we have also made many improvements to the house. We have built all new Ritual equipment, and for the first time in a few years had the

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Ritual was entirely memorized. This was extremely rewarding when we initiated 10 new members this spring. Even though the pledge class was small, these young men will contribute greatly to the house over the next few years. We also are proud to announce that we had a successful Alumni Golf Outing at Calderone Golf Club in Grass Lake, Mich. We look forward to having a successful fall semester as well.

ZETA

Case Western Reserve University

FALL 2006 CHAPTER REPORT

Zeta Chapter is completing an eventful 2006. Zeta's membership expanded with the Initiation of 12 pledges that bring the total number of active brothers to 55. In addition to participating in numerous traditional philanthropy activities such as volunteering at the Great Lakes Science Center, Zeta has partnered with Citizen's Academy, a local elementary school, and Hiram House, a local youth camp, in an effort to strengthen its relationship with the Cleveland community. Zeta Delts have tutored Citizen's Academy students throughout the semester in an effort to assist the existing educational system. Likewise, Delts helped at Hiram House by providing numerous volunteers who ensured the camp ran smoothly. Lastly, as part an effort to enhance alumni relations, Zeta hosted its annual Alumni Weekend Barbecue. The chapter would sincerely like to thank all alumni who attended. Additionally, Zeta's alumni committee is busy planning its 125th Anniversary Celebration for October 4-7, 2007; individuals interested in attendance information or simply wishing to reconnect with the chapter should contact Jeffrey Beverly at jeffrey.beverly@case.edu or Chapter President Neal Duryea at neal.duryea@case.edu.

SPRING 2007 CHAPTER REPORT

Our chapter has grown not only in size, but also in community involvement and campus leadership. Six out of 12 class officer positions as of this upcoming fall 2007 semester will be held by Delts, in addition to vice president positions in both the Undergraduate Student Government and the Inter-Fraternity Congress. We raised over \$1,000 for the American Cancer Society with an impromptu fundraiser; in addition, Delts attended a daily Adopt-a-School program at Citizen's Academy in Cleveland and received the Volunteer of the Year Award from Great Lakes Science Center. Zeta Chapter also won the All-Sports Champion Trophy for the overall IM sports standing from the 2006-2007 year.

THETA

Bethany College

FALL 2006 CHAPTER REPORT

We held a road clean-up, helped out in a soup kitchen, helped out in a Big Brothers Big Sisters Halloween party and we will be helping out with a Christmas party. On campus we are getting our name out there. We won Greek Week, won an award for 100% participation in a non-alcoholic mix-off and we had the highest percent of any housing unit to donate blood at the Red Cross Blood Drive. Ryan Tempalski was elected President of I.F.C and will take over next semester. Cliff Anderson was not only senior captain of the football team this year, but was also awarded All-Conference Honorable Mention. We have three pledges this semester and all of them passed the national test. Our advisor, Dr. John Lozier, announced his retirement this year. He will be here at Bethany as a fill-in next semester and then he is leaving to teach in China. We are on a search for a new advisor. Three brothers will graduate this year: Devon Ducoeur, Brian Masucci and Cliff Anderson. We wish them the best of luck in life.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

MU

Ohio Wesleyan University

FALL 2006 CHAPTER REPORT

Mu Chapter once again established themselves as a leader on Ohio Wesleyan's campus. Our diverse brotherhood is one of the strongest on "the hill" and we recently had our largest fall pledge class in years. We look forward to the new year as we expect many great things from our promising young members. Athletically we remain very visible on campus with brothers playing baseball, track and field and rugby. The new IFC executive office has two Delts: Matt Wentzel is the new president and Matt Greene is the VP of judicial affairs. As it has been in years past, alumni involvement was excellent. The Presidents' Dinner in the fall was a tremendous success that brought together alumni from all over the region on one special night.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

SPRING 2007 CHAPTER REPORT

Mu Chapter was very busy this semester. The brothers volunteered over 120 hours of service at Schultz and Carlson Elementary schools this semester through the Adopt-a-School Program. Additionally, the brothers had carwashes and barbecues in Branch Richey's honor, the MU Delt who successfully desegregated baseball. All proceeds collected were set aside for a future diversity scholarship to be placed at Ohio Wesleyan in hopes of increasing diversity among students on campus. Along with its many philanthropic events, the brothers managed to carry out four very successful dance parties, while just falling short of winning Ohio Wesleyan's University's intramural basketball championship.

RHO

Stevens Institute of Technology

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

The spring semester of 2007 was joyously ushered in by the reopening of the shelter at Rho Chapter. After a million and a half dollars and undergoing renovations for a year and half, the shelter was finally reopened on January 20, 2007. Through this tumultuous time, the brotherhood remained strong through brothers' events, serving the community and working together to initiate a high quality pledge class. While learning how to run the chapter with the addition of a house, we strengthened camaraderie with community service events such as weekly sandwich making for the local homeless shelter, Adopt-A-Highway and a blood drive. The brothers continue to strive to be the best and the leaders of the fraternal community at Stevens. Our efforts were validated in April when Rho was able to initiate 18 new members who exhibited great desire to become brothers of Delta Tau Delta.

TAU

Pennsylvania State University

FALL 2006 CHAPTER REPORT

Tau Chapter has been very busy this year at Penn State University. Renovations have begun at our shelter. Tau was recently bestowed with a new and fashionable foyer. Tau hosted a number of alumni reunion events at the shelter. The chapter took first place at the annual Theta Chi - AXD soccer tournament. Also Tau placed second in the intra-fraternity softball intramural league at Penn State, and is currently tied for third overall in all sports. These sports include football, softball, soccer, swimming and volleyball with many more to come in the spring. Tau has been recruiting better than ever and currently has 18 strong pledges. THON is the world's largest student-run philanthropy and in conjunction with the Four Diamonds Foundation, money is raised and given directly to pediatric cancer treatments. Tau Chapter has joined up with Delta Zeta Sorority in an effort to raise money for their sponsor children, Dillan and Craig. Tau Chapter participated in Penn State's annual Greek Sing. This year's production of "Tarzan" rewarded the chapter with a second place overall for the second year running.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

UPSILON

RPI

FALL 2006 CHAPTER REPORT

The brotherhood was given a huge boost by the Initiation of 24 new brothers. One of our brothers, Joshua Coyne, was elected the IFC President this semester as well. With regards to the shelter, many large improvements were made. The largest improvement was the renovation of the study, which was completely transformed into a beautiful lounge and library. A lot of effort was made to help out the community. We visited the Cathedral of All Saints in Albany two times. We also cleaned the YWCA in Troy, as well as participated in their walk against domestic violence. Improving academics has been one of the major things we tried to accomplish as a brotherhood and the progress that has been made can be seen across the board. Additionally, one of our brothers was selected to study architecture in Rome this semester. This fall our brotherhood was able to accomplish much and we look to build on that in the spring with our new officers and our new brothers.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

SPRING 2007 CHAPTER REPORT

The 2006 spring semester went extremely well for Upsilon Chapter. Many improvements were made to the outside of the shelter. Behind the house we installed a new fire pit, a giant barbecue, as well as more seating. We also worked on our appearance from the street by planting new gardens, bushes and trees. The house had some familiar faces return for our Spring Alumni Weekend. We are currently finalizing the details for Alumni Weekend in the fall so look for that information soon. We hosted a very successful Faculty Dinner where the Vice President of Student Life, Dean of Students and many other professors and staff were in attendance. The brotherhood did a lot to reach out to both the RPI and the surrounding communities. We helped run campus events raising awareness for sexual assault and personal safety on Spring Break. The entire chapter participated in cleaning the Cathedral of All Saints in Albany, as well as raising almost \$2,000 for Relay for Life. This past semester we were presented an award for Membership Recruitment and Development which recognized our program being the best out of all the Greeks on campus.

CHI

Kenyon College

FALL 2006 CHAPTER REPORT

During this academic semester, the men of Chi Chapter have had great success in many aspects of Greek life, particularly in the Rushing process. Because of the chapter's ties to other groups on campus, our members have been able to meet many new potential pledges and talk with them on a one-on-one basis. In addition to Initiation, we have also taken steps to continue friendly relationships with our neighbors. During the beginning of the year, our members hosted a coffee house event. We invited community members to stop by our shelter and get to know the chapter as a whole. The turnout was satisfactory and since then the chapter has been continuing to take steps towards living lives of excellence.

SPRING 2007 CHAPTER REPORT

This semester, the members of Chi Chapter participated in Kenyon College's first ever Relay for Life charity event. Not only did the chapter raise over \$1,000 for the cause, but several members also spent the entire night on their feet in order to help make the event a success. Additionally this semester, the members of Chi helped in the organization of a memorial service for Caleb Gottinger, a freshman who passed away suddenly several months ago, and who happened to be very close to many of our brothers and pledges. We sent a card of condolence and flowers to the Gottinger family, in the hopes that they might find some comfort in the chapter's support. Throughout the year, Chi has continued to show the strength of their brotherhood through service to the students, administration and other members of the Kenyon community.

OMEGA

University of Pennsylvania

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

BETA ALPHA

Indiana University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

In early April, Beta Alpha's Philanthropy Chairman, Kyle Caress, spearheaded the annual Delt Powder Puff Classic. Almost all of our sororities participated in the all-day 7-on-7 flag football tournament, some having as many as five teams per chapter. We were able to bring in almost \$2,000 in revenue, most of which will be donate towards IU's Circle of Life marathon next year. The Circle of Life is a Greek-wide competition to raise money for terminally ill cancer patients. Beta Alpha won last year and we hope to win again this fall. This past weekend, Beta Alpha finished with its best standing in IU's Little 500—the world's largest amateur bicycle race with over 30 teams competing. Junior Matt Lee, and Sophomores Greg Maves, Jon Banas and Captain Matt Neibler finished 12th place (one spot above their qualification position). Senior Palmer Hart served as the student coach. This is an enormous leap from the 31st placement of last year. The chapter is hopeful that this will be the beginning of a new Delt Little 500 program.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

BETA BETA

DePauw University

FALL 2006 CHAPTER REPORT

A large number of our chapter members are part of the DePauw Tigers football team. Non-football members are very interested and concerned with the success of their brothers. All football games are attended by all with energy and compassion for Delt football players. We have already had our Parents Weekend which was a great night for all. The night consisted of a very nice dinner and a blind auction to raise money for the shelter. The university has made great restrictions regarding Rush rules, however we are making great advances in touching base with the freshmen class. We are expecting to bring a very good pledge class for 2nd semester. Next week we have our Faculty Dinner where professors will be able to see more personal side of the men of Delta Tau Delta.

SPRING 2007 CHAPTER REPORT

Beginning with the current pledge class, the Beta Beta Chapter has surpassed our quota bringing in 26 new members that are diverse in numerous ways. The new pledge class includes members of several distinguished programs from DePauw University including Management Fellows, Media Fellows, Bonner Scholars and Posse Scholars. Varsity athletes from the new Beta Beta pledge class participate in football, swimming, tennis and golf. In academic standing, the new pledge has an average GPA of over 3.0. Philanthropies have also played a major role for our chapter. Several times this year philanthropic events have been held, capped off with a barbecue event held with the local Kappa Alpha Theta Sorority. The event was held at our shelter with over 300 people in attendance. It was one of the most widely recognized events during the DePauw University Little 500 Race. Most recently the Beta Beta Chapter was involved in the Putnam County Relay for Life. With a tent and carnival games, the day was topped with a cookout at DePauw's Blackstock Stadium. The event also coincided with a Parent's Cookout at our shelter. At our cookout, parents of the incoming pledge class were able to get acquainted with the Beta Beta family.

BETA GAMMA

University of Wisconsin

FALL 2006 CHAPTER REPORT

This fall has seen the mission and values of Delta Tau Delta spread to even more men on the University of Wisconsin campus as 10 new members were initiated into the brotherhood, bringing total chapter membership to 38 men. This large class is fitting with the recent trend in rapid expansion for our chapter. Aside from expansion, the chapter has enjoyed the benefits of sending 10 men to the Brickyard Karnea in Indianapolis this past August. This educational and leadership building conference has allowed our chapter to institute new programs and improve our existing ones. This fall new academic programs have been enacted, including a weekly academic award to promote scholarship within the chapter. Alumni Relations have been improving and we are hosting more and more events for alumni. This summer, the chapter sponsored a trip to see the Milwaukee Brewers play, welcoming alumni from all chapters within the state of Wisconsin. The chapter hosted its annual Alumni Homecoming Event again, inside our beautiful shelter, with over 30 alumni in attendance. This year's event was exceptional. Deltas of all ages watched as Executive Vice President, Jim Russell, presented former Housing Corporation President, Roy Gromme, with the John Nichols Bridge Builder Award for outstanding Housing Corporation service. Beta Gamma Chapter has continued its rise to excellence this fall.

SPRING 2007 CHAPTER REPORT

As of this past Northern Division Conference, Beta Gamma took home its first ever Hugh Shields award. Along with the Court of Honor, we were recognized for exceeding the AMA/AFA, Special Website Programming and Exemplary Chapter Programming. Our chapter is also making waves within the campus Greek system. Four Beta Gamma Deltas occupied leadership positions in IFC this semester: President, Vice President, Recruitment and Service. Our chapter won an award for Outstanding New Member Programming in the All-Greek Awards. We also won first place in the prestigious Humorology Show, a fundraiser for Camp Heartland and the Chris Farley Foundation where Greek chapters write and perform musicals. This most coveted and hotly contested award by fraternities and sororities on campus belongs to Beta Gamma this year, along with almost every caption award including Best Directors, Best Acappella, Best Male Lead and Best Vocals to name only a few. Our spring newsletter was an unprecedented success and we will continue with another letter this May. Alumni involvement increased this spring as a result of our newsletter, awards and Humorology victory. We anticipate focusing on Alumni Relations into the fall. We initiated three men this semester, bringing our active total to 39 members.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

BETA DELTA

University of Georgia

FALL 2006 CHAPTER REPORT

Beta Delta turned 125 years old on June 11, 2007. To commemorate this, we held our 125th Anniversary Celebration on March 30-April 1. On Friday, March 30th, the chapter hosted a reception at the shelter. On Saturday, April 1, festivities included UGA's annual Spring Football Game "G" Day, Ritual and a black-tie banquet in Athens. We also hosted a golf tournament on April 1. If you would like more information, please contact Beta Delta Alumni-relations Chair, Michael Murray-Hobbs at Beta.Delta@hotmail.com.

SPRING 2007 CHAPTER REPORT

The Georgia Delts continue to demonstrate excellence in campus leadership. We had the most members of any chapter selected to Interfraternity Council committees with five. Our intramural softball team won the A-league championship in decisive fashion, and we were the winners of the Red Cross Greek Blood Drive Challenge. Several brothers also exhibited outstanding individual achievements and were selected to prestigious campus organizations, such as: The Terry College of Business ILAD Leadership Academy and Leonard Scholars Program, the Arch Society, the Student Government Association and the William Tate society. Beta Delta also enjoyed a semester of successful programming. We hosted a Mother's Day event at our shelter and started online parents' groups to begin a parent-run academic achievement scholarship program. The brothers also enjoyed our annual Delt Deserted Island party and Mint Julep Ball formal in Charleston. Additionally, our shelter continues to receive praise as The Edison Project band shot a music video and Krystal's Restaurant shot a commercial at our shelter. Finally, we recently initiated a spring pledge class of seven, which was one of the largest on campus, and we continue to be one of the largest fraternities at our university.

BETA EPSILON

Emory University

FALL 2006 CHAPTER REPORT

Beta Epsilon has been very busy in the year 2006. We are in negotiations to have a new house built for us in the near future and the negotiations are going well. We are planning a joint philanthropy event with AEPhi and are currently concentrating on Rush. We have initiated this semester's pledge class and the new members are already excited to be Delts. We completed our annual paintball trip and camping trip. We are currently competing in IM football and have our last game of the season against our rival, ATO. The focus of the Beta Epsilon Chapter this year has been Rush. Freshmen Rush starts in a little more than a month and the chapter is very excited about a good Initiation.

SPRING 2007 CHAPTER REPORT

The Beta Epsilon Chapter has had one of their most successful semesters in the past few years. Brotherhood is at an all time high for the house with such events as: North vs. South Week, poker tournaments and trips to local sporting events. The Beta Epsilon Chapter hosted several parties and an off-campus mixer with the sorority Gamma Phi Beta. This year 15 seniors are graduating. With the house being torn down and the departure of a big senior year class, times are becoming tough at the Beta Epsilon Chapter. However, after an inspirational last chapter meeting, the brothers of the Beta Epsilon Chapter are excited to step up to the challenge and bring Delta Tau Delta back to its former glory.

BETA ZETA

Butler University

FALL 2006 CHAPTER REPORT

The men of Beta Zeta regained the status of being the fraternity on campus with the highest grade point average. This was achieved with hard work from all of the brothers and we are proud to have this honor again after the spring 2006 semester. We continue to stay involved in other organizations and have been recognized as leaders on campus. Andy Seibert, a junior, is the student government president, Scott Vouri, a senior, is the Interfraternity Council president, Ryan Gleason, a senior, is the Interfraternity Council vice president of recruitment, and Dan Kingsley, a senior, is the senior class president. We are also involved in other organizations on campus including the Butler University Student Foundation, an organization committed to keeping alumni connected with current students and intramural sports. Our co-ed soccer team was league and tournament champs. We also continue to volunteer regularly off-campus to provide services for the community. This semester alone we are proud that we have volunteered over 1,900 hours. These hours come from a wide variety of service events, from helping a local community food kitchen to helping rebuild houses for the less fortunate. The men of Beta Zeta would also like to thank all of the alumni that came for our Homecoming

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

gathering at the shelter. We had over 50 alumni attend with their families and enjoyed a wonderful cookout put together by Tyler Trueg, the alumni relations chairman. We encourage the Beta Zeta alumni to keep in contact with our chapter to continue its tradition on Butler's campus.

SPRING 2007 CHAPTER REPORT

It was an exciting year for Beta Zeta Delts. Butler University's gritty basketball team danced all the way into the Sweet Sixteen of the NCAA basketball tournament. The team included new Beta Zeta initiate Nick Rodgers. Basketball, however, wasn't the only thing Beta Zetas had to cheer about in 2006-07. Beta Zeta won its sixth Hugh Shields award for Chapter Excellence. Rush Week was an overwhelming success as well. Delt had the highest retention rate of any fraternity on campus, with 25 of 26 pledges accepting bids. On campus, Beta Zeta was the only fraternity to be awarded as a Five Star Chapter. Butler Delts also obtained a 3.4 all-house grade point average—the highest GPA among fraternities on campus. As well as achieving excellence in academics, Beta Zeta excelled in campus involvement. Junior Andy Seibert was not only the student body president, but was also named Butler's top male student. In fact, five of the top 10 male students were Delts. We are proud of all these accomplishments, but none more so than our Trike philanthropy week. In a record setting year, Beta Zeta raised more than \$20,000 for Riley Children's Hospital.

BETA ETA

University of Minnesota

FALL 2006 CHAPTER REPORT

This past semester, the Beta Eta Chapter has been a leader for the Greek community on the University of Minnesota's campus in a variety of areas. The men of Beta Eta Chapter have amassed a per man average of 17 hours of community service, ranking us number one on this campus in per man hours of service. The Beta Eta Chapter has been able to do so with such events as working at an area food shelter, to volunteering with the Special Olympics, to helping the area elderly with fall chores. The Beta Eta Chapter is also the most involved fraternity in terms of leadership in campus organizations, having all but one member involved with at least one organization outside of the shelter. The men of Beta Eta improved their overall academic performance last spring by placing the chapter in the top five of fraternity GPAs on campus. We are on pace this semester to do this once again and we have implemented various academic programs to help us be successful. Finally, the Beta Eta Chapter has had a rebirth of many of its alumni organizations and this semester has marked the most involved alumni representation in the chapter operations for some time. With the Alumni Association, the House Corporation, as well as the Educational Foundation, the Beta Eta Chapter's alumni are helping ensure their legacy by helping Beta Eta be the best chapter on this campus.

SPRING 2007 CHAPTER REPORT

Beta Eta Delts have had quite an active spring semester. In addition to regularly volunteering Monday nights at Feed My Starving Children Shelter, we also hosted a softball tournament to raise funds in excess of \$1,000 for Anna Marie's Alliance, a local battered women's shelter. Our members volunteered an average of 20 hours per member this semester. The fall and spring pledge classes have been successfully initiated. Brotherhood and the spirit within the shelter are at incredibly high levels currently as we look forward to a very active summer with regards to recruitment. Joe Musolf has been settling in quite well into his new role as our chapter advisor. We are anticipating a great time at our annual Founder's Day event hosted by our alumni association. Our chapter members have embodied Delta Tau Delta's commitment to "lives of excellence" by achieving an average chapter GPA of 3.03 and we are in the top three at the University of Minnesota.

BETA THETA

University of the South

FALL 2006 CHAPTER REPORT

At Beta Theta, we pride ourselves on the contributions we make to our chapter, our school and our community. For example, our current president, William Weber, is an officer of the Sewanee Rugby Club, vice president of Phi Beta Kappa and a member of the Student Alumni Leadership Council. Chapter Vice President Will Brown is a senior leader of the swim team, and community service chair John McGregor is a proctor—an elite leader of residential life here at Sewanee. Other chapter officers are John Roberts (who is also an assistant proctor), Bo Cherry, Nathan Rone, Henderson Hunter and Tyler West. These men provide invaluable leadership services both to the chapter and to the campus community as a whole.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

SPRING 2007 CHAPTER REPORT

This year we have been working on doing more community service in the surrounding areas. Bo Cherry, the president and community service chairman, has been able to line up several opportunities for service in the nearby town, Tullahoma. We have recently volunteered at a Special Olympics at Tullahoma High School. At this event, we helped guide the athletes to their events and helped them receive their awards, while others helped measure and keep scores. We are currently competing in Derby Days, which is a week of events between all fraternities on campus. The top three chapters on campus will receive gift certificates for house improvements.

BETA LAMBDA

Lehigh University

FALL 2006 CHAPTER REPORT

The Deltas at Lehigh University were eagerly looking forward to returning to the shelter this fall. Four members attended the Brickyard Karneba this past summer with our Chapter Advisor, Anthony Albanese. Bringing this experience back to Lehigh, we began our fall semester with a retreat to set goals for the coming semester and many of these goals were accomplished. We executed our 2nd Fall Rush and Pledging period that resulted in two new members. The spirit of the house also grew with our blossoming new alumni program that helped organize our most successful Young Alumni Weekend ever! A special surprise also awaited our alumni at the shelter. During the early part of the fall semester the chapter room and dining room were renovated. New furniture and paint showed the respect that the brotherhood at Beta Lambda has for our shelter and the Fraternity. We also had a successful semester in philanthropy. We continued our annual "Dunk-a-Delt" fundraiser for the American Cancer Society, the Tim Cogil Memorial Car Wash and a flawless 100% participation in Adopt-a-School. We've also been working hard for first place in intramurals and academics. Our President, Ian Douglass, has also been named "Outstanding Greek Man of the Year 2005-2006". Beta Lambda looks forward to continuing our great success in the future.

SPRING 2007 CHAPTER REPORT

Beta Lambda Chapter continues to commit ourselves to lives of excellence. During the 2007 spring semester, recruitment and new member education were an unprecedented success. Eleven upstanding young men were initiated into Delta Tau Delta through a perfectly executed Ritual. Philanthropy and community service also continued to be an integral part of the brothers' lives, as we volunteered in the Special Olympics and raised over \$1,000 by participating in Relay for Life. One main goal the chapter had during the start of the semester was to further strengthen our alumni involvement. The first annual alumni golf tournament took place and allowed many alumni to become aware of the chapter's achievements and growth over the years. Our chapter's outstanding character was recognized when we were ranked 26th out of 117 Deltas chapters in annual accreditation and when we were accepted into the Member Education Pilot Program where the chapter will correspond with the Central Office in creating a comprehensive programming schedule fitting the needs of the chapter. Only 20 chapters were accepted into the program. The hard work of our Chapter Advisor, Anthony Albanese, was also recognized as he was awarded Chapter Advisor of the Year. The men of the Beta Lambda Chapter continue to work hard and show pride and accountability in all of their commitments and actions. We look forward to another successful semester in the fall.

BETA NU

Massachusetts Institute of Technology

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

Over the course of the past term, our chapter has demonstrated significant leadership. At the chapter level, our Alumni Relations Chair, Tomas Schaefer '09, has organized our Annual Alumni Lobster Trip, which is an opportunity for all active members of the chapter to meet and hang out with many of our alumni. Our chapter has also done a lot to reach out to our community. Julio Devora '10, our Community Service Chair, has done a great job finding worthwhile volunteering and community service events including organizing and running a science fair for the middle schools students in the Cambridge, Mass. public school system plus helping to clean up the Charles River and Boston's Back Bay. Our chapter is extremely active on campus as well, with many of our brothers in important leadership positions. Our Director of Academic Affairs, Ron Ozer '09, organized a Faculty Dinner and all the members of the chapter had the opportunity to meet with many important figures on campus including many professors and the MIT police chief. On campus, Ted Fernandez '09 will be the Head

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Orientation Coordinator for the incoming MIT class of 2011 in the fall. In athletics, our Vice President, Chris Desrochers '08, is the captain of the MIT Men's Varsity Soccer Team, and Steve Nicholson '08, is the captain of the Varsity Cross Country Team and the director of one of the largest Acappella groups on campus: The MIT Logarithms. Also involved with the "Logs" is Ryan Jackson '10. Also in music, Ted Fernandez '09 is the director of another Acappella group on campus: The MIT Resonance, while Levi Schmidt '10 is the president of the group. Sophomores Rei Chiang and Ryan O'Hara are both members of the MIT Symphony Orchestra. Three members are in the MIT ROTC program including Company Commander Josh Jiricek '07, Squad Leader Thomas Schaefer '09 and Greg Wellman '09. Isaac Tetzloff '07, demonstrated great leadership as the president of the IFC this past fall term and Darryl Walton '09, is chairman of the judicial committee. In addition, Chris Desrochers '08 is the current head risk management consultant of the Boston East Fraternities at MIT. Our chapter extends its influence to the national level by sending 10 representatives to the Delta Tau Delta National Conference.

BETA XI

Tulane University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

This semester has been an exciting one for Beta Xi. Easily it could have been highlighted by the rash of fraternity houses burning down or tornadoes to hit the city, but we have accomplished enough to make those events afterthoughts when thinking back on the year. For the first time since the 1980s, Beta Xi has earned a spot as a Court of Honor Chapter. We are very proud and want to thank all those that have proven to be the solid foundation we are building upon. We look forward to further growth in the fall as a newly selected chapter in the pilot program of the new Delt member education program. Last, and certainly not least, we look forward to seeing all our alumni this fall at both Homecoming (10/27) and the fifth anniversary of our re-founding (9/21). We have also achieved 100% participation in on-campus activities, with many brothers holding leadership positions. Alex Cohen has been elected vice president of the IFC. Tim Cullen has been elected as a senator in the student government, is our chapter vice president, a representative to Delts undergraduate council and has recently received the award of Emerging Student Leader on Tulane's campus.

BETA OMICRON

Cornell University

FALL 2006 CHAPTER REPORT

This past semester was another success for Beta Omicron. Our 5K run held in early November on the Cornell Plantations produced a large turnout and we raised over \$1,000 for the Children's Tumor Foundation. This event built on the previous semester's philanthropic achievements, raising our fundraising totals for Neurofibromatosis research to over \$7,000 for the calendar year and producing untold awareness of the disease on the Cornell campus. Beta Omicron also participated in a campus-wide Greek philanthropic event known as the Concert Crawl. The event, sponsored by a group of five fraternities and four sororities, featured four live bands and produced considerable donations for the St. Jude Children's Hospital. Homecoming Weekend was again a success, bringing together many undergraduate and alumni brothers at the shelter. During the weekend, alumni John Pirie, Richard Schrade and Tom Sweda received the Williard Straight Memorial Award in recognition of their continued devotion to the chapter. A banner awarded to Beta Omicron by the Children's Tumor Foundation for its outstanding fundraising efforts was also unveiled. The chapter heads strong into the upcoming formal Rush period and looks forward to a large pledge class. The annual Founder's Dinner was held this year at the shelter on Saturday, January 20, 2007.

SPRING 2007 CHAPTER REPORT

Beta Omicron is proud to report another strong semester up on the great Cornell campus. We're especially proud of our recent series of fundraising events for the Children's Tumor Foundation. Active members and alumni recently came together to donate over \$6,000 towards eradicating Neurofibromatosis, a tumor-causing disease that afflicts children worldwide. The events consisted of a publicity gathering "car smash" in the central campus plaza, followed by a bowl-a-thon known as "Strike Out NF." Teams of brothers and friends of the shelter competed for the honors and participated in raffles to raise more money for the cause. The annual event has served as an opportunity for alumni to reconnect with the undergraduates and for all to share in a memorable and worthwhile cause. This spring, our chapter also welcomed a new pledge class and we initiated a great group of young men brimming with enthusiasm and dedication. Among our brotherhood we now have

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

marathon runners, intramural athletes, campus leaders and scholars. We have competed in sporting events, attended campus activities and participated in our IFC together. With the close of the semester around the corner, the brotherhood can be proud of all we've accomplished.

BETA PI

Northwestern University

FALL 2006 CHAPTER REPORT

The men of Beta Pi have been busy this fall quarter meeting what will hopefully be another large and strong pledge class in the winter. This Rush quarter has been quite competitive compared with years past, but it is hard for freshman to ignore the quality gentlemen and brotherhood that exists within Delta Tau Delta. We are therefore quite confident our great room will be full of potential Deltas this coming January despite the competition. The shelter saw significant renovations over the summer and it is hard not to feel a sense of awe upon entering the "new" house. Thanks to the hard work of our Alumni Advisor David Giljohann and house handyman Paul O'Hollaran, the chapter room was completely gutted and restored to an unmatched brilliance. Perhaps the most noticeable difference is the vaulted ceiling giving the room an atmosphere of grandeur. Delta Tau Delta Intramural sports teams saw huge success in the fall. The greatest victory came on Thanksgiving Night in Patton Gymnasium. The Delt squad, down 3-0 in a seven game series to rival Pike needed a miracle to win. Well a miracle came in the form of 50 Deltas fresh from Thanksgiving dinner whose cheers and support produced an inspiring comeback and a raucous game seven victory. The Delt football team also made it to the final but lost in the closing seconds 12-7. Rival Pike, however, was eliminated by Delt in all three fall sports giving Delt a commanding early lead in the Team of the Year standings.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

BETA RHO

Stanford University

FALL 2006 CHAPTER REPORT

Beta Rho is working hard to recruit members and increase our membership number to 35. We have held numerous recruiting events this quarter in an effort to achieve this goal and are excited about the list of potential recruits. Beta Rho is also trying to reestablish its presence on campus through increased involvement in community philanthropic and social events. The president and VP have been working with the respective chairs this quarter to ensure that Beta Rho will have planned such activities in the winter. Current membership morale is high and we are still excited about the potential for growth this year. Previously inactive individuals have taken on new responsibilities by assuming a variety of chair positions and the executive team has high hopes for this new group.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

BETA TAU

University of Nebraska

FALL 2006 CHAPTER REPORT

Beta Tau has had a busy semester. Our pledge educator is working with a group of 34 dedicated young men. In October, Beta Tau worked with Kappa Alpha Theta Sorority and participated in Safe Quarters. Together, we collected \$3,500 for the Friendship Home, an organization who provides a safe haven for abused women and their children. One week later Beta Tau also cleaned up a four-mile stretch of Interstate 80 as part of our Adopt-a-Highway program. On October 21, we held our annual Alumni Day and it turned out to be a huge success. Over 80 alumni attended the event and the undergraduates and alumni both had a great time. Next year's Alumni Day will take place during the Nebraska/ USC football game so start planning to attend now! We will also have an Alumni Banquet for alumni and their significant others on March 24, 2007. This will be a black tie event and the undergraduates are really looking forward to this one. Keep an eye out for the "Blaster" and check our new website, www.unl.edu/delt for more news.

SPRING 2007 CHAPTER REPORT

On March 24, we had our first Alumni Black Tie Banquet. The night consisted of presentations by our alumni chair, treasurer, pledge committee and chapter advisor. With the help of our alumni chair, not only did we recognize and thank our House Corporation, but we presented the Alumni of the Year award to our House

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Corporation President, Bruce Christensen. The night was concluded with a congratulatory letter sent to us by the incoming Western Plains Division President, Ben Byers. The success in uniting undergraduate Delts with the alumni of our chapter is a tradition that we continue to strengthen with events like this and our Alumni Golf Outing, scheduled for this summer. On our campus our chapter is an active participant and leader. Campus philanthropic activities include: the university-wide event "The Big Event", Relay for Life and Spaghetti Splash Bash—an event hosted in memory of Robert Foelinger, a Delt who was taken by a car accident in 2003. Events that we host ourselves include the third annual Fish Fry during the Lenten Season. The money is donated to Clinton Elementary, our Adopt-a-School. We also host a philanthropy dedicated to helping those military members or families who are in need of help. Last year we donated to the Red Cross Armed Services Division. This year we are working with an alumnus who is the Recruitment and Retention Commander of our local National Guard. We are working with him to find a local cause to donate the profits of the event this year.

BETA UPSILON

University of Illinois

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

As one of the largest social fraternities at the University of Illinois, the Beta Upsilon already has an established reputation of excellence. The one area that we have lacked in the past is philanthropy. The first area of our philanthropic improvement is that our chapter has developed our own Adopt-a-School program. Every Tuesday and Thursday for two hours, members from our chapter travel to the Yankee Ridge Elementary School in Urbana, Ill. to help the kids with their coursework and have some fun with the kids to reward them for their hard work. We also had our third annual Deltona Beach fundraiser this year and it was the most successful with the highest attendance of any of our past events. Through hard work and year-round planning our chapter raised over \$2,000 for the American Cancer Society in memory of a chapter member's mother who died of cancer this year. We had a magazine sale, an impromptu, a cup night, a football squares fundraiser and requested entry fees from sororities all in an effort to raise as much money as possible for the American Cancer Society. Miles Melka was named the Mechanical Engineering Student of the Year at the University of Illinois for his outstanding GPA and work in the engineering community. Brent Battaglia is president of S.I.F.E. (Students In Free Enterprise) and has accumulated over 125 hours of community service ranging from food and clothing drives to helping others with disabilities. For all his hard work he received a special community service award for completing over 100 hours of community service from the University of Illinois.

BETA PHI

Ohio State University

FALL 2006 CHAPTER REPORT

During fall quarter at the Ohio State University, Beta Phi Delts accomplished many great things. We started the quarter by moving into the shelter at 67 E. 15th and having our first group of Delts live in the shelter since we received our charter last May. Also at the end of last school year we were awarded the Greek Award for Most Improved Chapter of the Year on campus. On September 24, we began to participate in the Delt Pilot Program—one out of only 10 chapters participating in this program across the nation. Our chapter set new goals to win Chapter of the Year at Ohio State, earn a place on the Court of Honor and win a Hugh Shields award. We decided on a long-term goal of having at least 85 men in the chapter by the end of this upcoming spring quarter. This winter we are looking to take in about 20-30 men and have already begun heavily recruiting and talking with almost 40 potential new members. The chapter currently has 48 members and with the addition of a spring class we will reach our 85-man goal by the end of the year. On October 1st, we paired up with the ladies of Kappa Delta to attend a leadership retreat. We learned more about leadership skills and how to communicate more clearly through a series of challenges. It was a fun and insightful day for both organizations. In intramurals our flag football won the championship amongst a tough field of other competitors and we won Delta Delta Delta's philanthropy soccer tournament. This quarter we also started the Fundraising Committee to help ensure that we get the old composite photos framed and displayed on the walls and also to help with any other expenses needed to fix up the shelter. On October 28, we invited alumni to meet the new Delts. The alumni who attended were quite impressed with the shelter and the Delts that now call it home. Hopefully many more alumni can stop by and see what great things we are doing here at the Ohio State University for Delta Tau Delta.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

SPRING 2007 CHAPTER REPORT

Winter and spring quarters have been extremely successful for the men of Beta Phi Chapter. Our philanthropy event, a screening of the film "Darfur Diaries", was presented in February in conjunction with the OSU Film & Video Society. The event rose over \$1,500 for charity. This winter we welcomed our largest pledge class ever with 17 men. Beta Phi was grateful for the opportunity to co-host the Northern Division Conference, and our Rite of Iris team received the opportunity to show off their hard work in front of all Delts on the final day. We also received numerous recruitment awards and a special award for "consultant hospitality". Spring has been busy so far for Beta Phi, which has pledged eight men thus far for the quarter, bringing our current roster total to 68 (the fourth largest fraternity on campus). We have received numerous honors as far as intramurals, with our sand volleyball and baseball teams currently undefeated. We have paired with Delta Gamma and Phi Delta Theta for Greek Week and are looking to place in the Top 2 for the third consecutive year. Our GPA for winter quarter was 3.19; the best GPA our chapter has recorded in nearly a year. Beta Phi is continuing to gear toward one of our main goals: the capital campaign to renovate our shelter. Overall, Delt has continued to strengthen at OSU and we look forward to our second year in our shelter this fall.

BETA PSI

Wabash College

FALL 2006 CHAPTER REPORT

This year we have had several of our members reach high positions on our campus. Robert Boarman was voted President of Alpha Phi Omega, an organization that is dedicated to community service and helping to improve the lives of others. Robert Van Kirk, our chapter president for the past year, had recently been elected president of Sphinx Club, a club that maintains the traditions of campus as well as organizing events for all of the fraternities. Chris Serak has founded the Wabash College chapter of the College Mentors for Kids, a program in which several Wabash men go to visit an elementary school in Crawfordsville during the week and help them with schoolwork and have other activities for the kids to do. Daniel Shirey has taken a leadership position within College Mentors for Kids as the activities director and organizes a schedule for each time they go to visit the kids. Several of our other members have been actively participating in College Mentors for Kids and the response to the founding of this program was large enough on campus that there is a good possibility that the program will be expanding next year. Donald Feeney and Patrick O'Rourke held their own fundraiser, "Feeney/Flounder Fast", to benefit a Wabash alumnus' son who is very sick. They took donations within our chapter of \$3 for every hour that they would not eat. Feeney and Flounder did not eat for 42 hours. With elections coming up for several organizations the men of Beta Psi are continuing to find places and organizations in which they feel they can impact others and demonstrate that Delts are natural born leaders.

SPRING 2007 CHAPTER REPORT

Our house has logged over 550 community service/volunteering hours this semester alone. For a chapter with a little over 60 men, this is quite impressive. Our community service hours include Adopt-a-Highway, College Mentors for Kids Program, many volunteer referees and coaches at the Boys and Girls Club, as well as other tutoring programs for local students.

BETA OMEGA

University of California

FALL 2006 CHAPTER REPORT

Beta Omega has made great strides in making its presence felt in the Berkeley community. We currently hold the IFC Vice President office, and are expected to win IFC President for next year. We have followed up last semester's extremely successful philanthropy event (dancing and spending time with the residents at a retirement home) by revisiting the senior center twice this semester. In addition, the chapter participated in a campus community service event called the Berkeley Project in which we traveled to a local community garden and helped beautify it. We have initiated five new members and the total membership currently stands at 20 members. We have doubled our chapter size in only one year! In order to continue this trend, the chapter has decided that a movement into a larger house is necessary. We are also working hard with our House Corporation to find a new shelter for the next year.

SPRING 2007 CHAPTER REPORT

Beta Omega has taken many strides this semester, both as a collective unit and as individual brothers. We recently participated for the third semester in a row in one of our most successful philanthropy events, in which we go to a nursing home and dance with the elderly and give them company. Our chapter also participated in Relay for Life, raising hundreds of dollars in the hope that a cure for cancer may one day be found. Several of

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

our members have taken initiative on our campus, stepping into active roles both inside and outside of the Greek community. One of our brothers, Nikhil Bhagat, is serving as the Interfraternity Council's President for this year. Through his leadership, the IFC is operating more efficiently and successfully than perhaps ever before. In particular, the IFC has made great strides in terms of financial viability, programming, public relations and advocacy for Greek issues. Another of our brothers, Samuel Ochinang, is currently in ROTC training.

GAMMA BETA

Illinois Institute of Technology

FALL 2006 CHAPTER REPORT

Gamma Beta has been busy this semester. Our Recruitment Chairman, Thomas Kennedy, led us in a successful Rush. We pledged 13 new members and initiated 11 of them. Matt Koslupski visited to start off our Pilot Delt Development Program. Our Philanthropy Chairman, Kai Sikorski, started off our new Adopt-a-School program by getting members involved with two FIRST Robotirs teams. Noah Cahan put together our annual trip to Schnitzel Platz for Oktoberfest and a rock climbing trip this semester for our chapter. Our kitchen now has a new stove. Over the summer many members participated in leadership conferences, including Delt Leadership Academies, Karnea, UIFI, the IIT Sophomore Leadership Retreat and the Collegiate Entrepreneur's National Conference. Around campus we have two newly elected senators to the Student Government Association, Josh Bradley and John Groszko. Gustaf Joseffson is now leading the IIT Entrepreneurship Academy with some valuable networking events with CEOs from big companies. John Dominski now has a show on the campus radio station. John Groszko is now Greek Council President, and Eli Stine has continued his involvement with Finance Committee as treasurer. With all our successes this fall, the coming spring semester looks promising.

SPRING 2007 CHAPTER REPORT

At the Northern Division Conference, Gamma Beta not only received an award for improving our attendance by 10%+, but also one of the five chapters awarded the Court of Honor for being in the top 20% of all Delt chapters. Our Adopt-A-Robot Project (which is our own brand of Adopt-a-School) has been going on since last semester. It is run through a non-profit after school organization called Agape Werks. Members of the house coach three teams: First LEGO League (FLL), VEX and First Robotics Competition (FRC). One of our members, Paul Lenzen, PC '07, received an Outstanding Young Mentor award from the statewide organization for his dedication to the program. We are also getting more involved in campus affairs by holding Greek Council positions such as President (John Groszko, PC '08), Treasurer (Jack Dobbin, PC '08) and Public Relations (Jeff Hallenbeck, PC '10). We also have brothers (Groszko and Josh Bradley, PC '10) serving in the newly resurrected Student Senate (student government). Elijah Stine is the Treasurer of Finance Board. Our chapter members have also taken an active role in campus sports such as Greek basketball and broomball on IIT's new ice rink. Fall 2007 plans include hosting a charity basketball tournament and fitness seminar.

GAMMA THETA

Baker University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

In April, during Sexual Assault Awareness Month, our campus raised approximately \$530 for a memorial to honor Kristin Cooper, a Baker University student who died of sexual assault. The memorial will be placed on Baker University's campus and any additional funds raised will be donated to a scholarship fund, named in her honor, for music majors at Baker University. John Wesley Comfort is the Co-Vice President of Recruitment and Kyle Ruona was voted Vice President of Public Relations of Baker's IFC executive office and Shaune Parker was elected as treasurer of Student Activities Counsel. Spring football has started for about half the men of Gamma Theta. The president and vice president of Gamma Theta have effectively turned around their Honor Board to where the men of Gamma Theta are holding themselves more accountable.

GAMMA IOTA

University of Texas

FALL 2006 CHAPTER REPORT

This past semester/summer has been a very exciting time for the men of Gamma Iota. Once again, due to the hard work and dedication of our Rush captains, we had a very successful recruitment period. We were able to sign 43 solid young gentlemen that will be able to carry on the great tradition of Gamma Iota into the upcoming

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

years. Our chapter is very proud of Jeffrey Schwartz, a chapter member who donated his time and effort to Texas 4000 over the summer. Jeff and his colleagues in this program were able to raise over \$295,000 for cancer research by riding bicycles all the way to Alaska! In addition, we have maintained our great academic record at the University of Texas by once again finishing with one of the top five chapter GPAs. We were able to reach out to and encourage more alumni and parent participation in the activities of our chapter by hosting separate Alumni and Parents' Weekends. The Alumni Weekend included an alumni golf tournament and a pre-football game party at the shelter. Similarly, Parents' Weekend involved a father/son golf tournament, a reception for the moms, a casino party and pre-game tailgate at our shelter. Matt Smith, internal vice president, was recently elected president and serves on the IFC Judicial Board and David Dewitt, historian, also serves as the president of IFC.

SPRING 2007 CHAPTER REPORT

Gamma Iota initiated 12 great new members this spring. On February 24, chapter officers and a group of alumni gathered for our officer retreat at an alumnus' camp. We discussed many changes or ideas that we want to put into action. Just after Spring Break on March 23 and 24, we held our third annual Mom's Weekend. We carpooled to Salt Lick Barbecue where all the moms and sons met in a large room and enjoyed catered food. On Saturday, we held a wine tasting event at the house. The weekend after our Mom's Weekend, we had the traditional Round Up Weekend at our shelter. We catered a crawfish boil and enjoyed live music. On April 20-21, we had a very successful Alumni Weekend. On Friday, we had a skeet shoot event for our chapter members and alumni. On Saturday, we had the Housing Corporation and Parlin Foundation meetings. On Saturday evening, an alumnus welcomed us to his art gallery for a semiformal event in downtown Austin. This weekend was a great turnout for both the alumni and our chapter. Aside from all of these events, we also had philanthropy events including a blood drive with a lot of chapter participation in early February. We also began tutoring the Big Brother Big Sister/Neighborhood Longhorn Foundation. Chapter members are paired with underprivileged elementary students and we tutor them in subjects in which they are struggling and we also just sit and talk with them. Our goal is to be good role models for the students.

GAMMA KAPPA

University of Missouri

FALL 2006 CHAPTER REPORT

This year has brought with it much success for our chapter and our lives as Delts. We have drastically increased alumni participation within our administrative committees and look forward to continuing our committee success with their help. Our recruitment processes have improved as well and we have initiated 27 enthusiastic members in the past two semesters. We would also like to mention that John Dean (Syracuse) has agreed to be our new chapter advisor and we are very excited to start the year off with him. We reached the playoffs in all major sports this year. We held our annual philanthropy in September and raised almost \$3,000 to benefit the Cystic Fibrosis Foundation. Our chapter finished 2nd overall in Greek Week in the spring, and we hope to repeat that performance this coming spring when we are paired up with the women of Delta Delta Delta. Homecoming was also a very successful and fun week. We had a great turnout for our Dad's Weekend on October 13 and everyone had a great time. If you have any questions about the chapter, feel free to contact us at 573-443-3159, or visit our chapter website at www.mudelt.org.

SPRING 2007 CHAPTER REPORT

Gamma Kappa Chapter has made many improvements this semester and has enjoyed a semester of success. We have made a recommitment to our academics and trust that our dedication and many new programs will show up in this semester's grades. We have also made improvements to our shelter. Both of our formal rooms were completely redone. Our House Corporation is implementing a four-year plan to renovate the entire house. The first phase of improvements begins this summer including central A/C, new doors and windows, new carpet, a new stairwell and a new roof. On campus we have continued to stand out as one of the top chapters. In Intramurals, we made the playoffs in every sport except basketball. We participated in philanthropies with the women of Chi Omega and Alpha Delta Pi, winning Chi Omega's event. Our alumni relations continue to improve as we now have alumni working closely with all of our committee chairmen to ensure that each of our committees performs to its greatest potential. Recruitment is also going very well. We look to take advantage of the new formal recruitment format over the summer at MU and expect to have a pledge class of at least 20 men.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

GAMMA LAMBDA

Purdue University

FALL 2006 CHAPTER REPORT

We have had a very successful recruitment and we welcomed 17 exceptional new members who are all thrilled to be a part of Gamma Lambda. These new members will be some of the first men to live in our newly renovated shelter beginning this summer. We participated in many different philanthropic events including Delta Zeta's Turtle Tug, a tug-o-war between fraternities to raise money to prevent heart disease. We also participated in Frats-at-Bat held by Delta Delta Delta to benefit breast cancer awareness. Our own philanthropy event, Powder Puff Football, will take place next semester. Another event we are looking forward to is our chapter's 100th anniversary next semester. We are excited to meet a lot of alumni from several different generations who are planning to come back to Purdue for the celebration.

SPRING 2007 CHAPTER REPORT

This year has been an exciting one for Gamma Lambda. The biggest event of the year was our Centennial Banquet on April 14. Many alumni from many different generations came together in the Union Hall for a night of celebration. In attendance at the event were special guests University President Martin C. Jischke and keynote speaker Fraternity President Kenneth "Rock" Clinton. President Jischke was also able to attend this semester's academic dinner, making it his last appearance at the shelter before leaving Purdue. Gamma Lambda had a great academic semester with a GPA higher than the All-Men's and All-Fraternity averages. At this year's 50th Annual Grand Prix race, our chapter had two drivers qualify in the competition. In a year where Purdue's Greek community saw the lowest Rush numbers in 14 years, the Delts numbers were unaffected as we initiated 33 new members. All of these men are anxious to become leaders on campus during their time at Purdue.

GAMMA MU

University of Washington

FALL 2006 CHAPTER REPORT

During the past year, a member of our chapter, William Chu, was installed as the IFC Vice President for Risk Management. Paul Son was elected to the IFC Judicial Board and attended the summer Delta Tau Delta Leadership Academy. Nikhil Joshi and Brent Rochon attended UIFI. Rochon was also elected to the IFC executive board. We are thankful for our supportive alumni and all of those who have donated their time or money to our community causes and warm shelter. We look forward to the future of our chapter as we approach our Centennial Celebration. From all of the brothers at Gamma Mu, we wish good health and fortune to our Delta Tau Delta brothers across the globe.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

GAMMA NU

University of Maine

FALL 2006 CHAPTER REPORT

Gamma Nu has had a semester of continuing success starting with winning Fraternity of the Year at the University of Maine. We also won Greek Week against 15 chapters this semester and the Ugliest Couch Contest during first-year student family weekend. Gamma Nu also began a new philanthropy event, Bash Out Drunk Driving. For a donation, students, faculty and staff were given the opportunity to take out their aggressions on a used car with sledgehammers. The event was publicized by the university newspaper as well as local television networks plus we also raised money for the Orono Police Department. The chapter also continued to raise student health awareness by sponsoring a Slip 'n Slide for Safe Sex. Gamma Nu is presently ranked fourth in the fraternity GPA standings. Currently, Delts hold three positions on the Interfraternity Council: Bryan Adams as internal vice president, Ross Theriault as secretary and Dan Dumais as public relations chair. Any questions regarding Gamma Nu can be addressed to Nathan.Hicks@umit.maine.edu or Ross.Theriault@umit.maine.edu.

SPRING 2007 CHAPTER REPORT

This past year the Gamma Nu Chapter has been another year of progress. The chapter successfully initiated seven brothers this semester by utilizing two separate new member classes. We also participated in the Late Night at the university field house, sponsored by the Campus Activities Board as well as Alpha Phi's "Move Your Phi't" in support of Women's Cardiac Care and the university-wide Relay for Life. Within the community, we volunteered with the local YWCA and YMCA at their Spring Fair. This semester, five seniors graduated, one will be attending graduate school at the University of Southern Maine and one will be attending

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Logan University's College of Chiropractic. Another recent alumnus also has plans to attend law school and another has plans to work in New Zealand in gardens. Our chapter is hoping to exceed our recruitment goals and improving our alumni base.

GAMMA XI

University of Cincinnati

FALL 2006 CHAPTER REPORT

This quarter the Gamma Xi Chapter has made significant gains and we have enhanced several programs. Starting early this year, we received the Alexander Calder Award at Karnea for our new shelter. Our local alumni were also recognized with an Alumni Achievement Award and Robert G. Ferguson received the Alfred P. Sheriff III Award. As a chapter, we have rallied this quarter to breathe new life into our Adopt-a-School program as well as our philanthropy programs. We added a second school to our Adopt-a-School program and we committed to two days a week of service. We have also started a program to get donations from local stores to help provide the students with new gym and school supplies. To further our philanthropy, we joined with University of Cincinnati and the Relay for Life and committed to raise \$5,000 as a chapter. This is in addition to our \$1,500 commitment to Make-a-Wish Foundation. We also came together as a chapter this quarter to recruit 22 new members of which 20 were initiated. Neil White, one of these new members, is the driving force behind our improved philanthropy program. We feel very confident that this will be a strong year and we want to show our Greek community what Gamma Xi is capable of accomplishing.

SPRING 2007 CHAPTER REPORT

This quarter the men of Gamma Xi have strived to enhance our community relationship. We have participated in many events including Relay for Life, Make-a-Wish Foundation and Adopt-a-School. We also held our 2nd annual Pelt-a-Delt where people pay a dollar to throw an egg at a Delt. This raises money for Make-a-Wish Foundation. Our Adopt-a-School program is going well and we are in the beginning stages of coaching an inner city little league baseball team. On a brotherhood note, we have started poker night every Tuesday and have had a very successful brotherhood lock-in. We have also recruited an additional seven pledges to bring our total to 27 for the year. We are finishing the year with our annual Parents Weekend and Spring Formal in Put-in-Bay this month. In closing, we would like to offer our hope and prayers to the brothers at Virginia Tech.

GAMMA OMICRON

Syracuse University

FALL 2006 CHAPTER REPORT

The fall 2006 semester has been a period of transition for Gamma Omicron. Internally, we have spent our efforts towards revamping our New Member Education program and strengthening our committee involvement, leading to an overall improvement of the functioning of our chapter. Externally, our chapter has pursued new events, one of which is the annual Walk To Cure Juvenile Diabetes that takes place in the Syracuse area. This was our first time participating, and we have decided to take this on as a new philanthropy in 2007. Gamma Omicron is looking forward to their annual Alumni Weekend this coming spring. Stay posted for details...

SPRING 2007 CHAPTER REPORT

This semester at Gamma Omicron our biggest philanthropy, Cupid Week, was cancelled by school officials. It was created to benefit the American Heart Association, and the event had been held in February for over 20 years. As a result, our semester was spent actively planning new events to hold over the next few semesters to take the place of the legendary Cupid Week. We also repainted our entire chapter house, a project that was led by our House and Grounds Chairman, Steve Cammarata.

GAMMA PI

Iowa State University

FALL 2006 CHAPTER REPORT

The fall 2006 semester at Iowa State University was good to Gamma Pi Delts. After signing 23 new members at the year's beginning, the semester was off to a great start. Following eight weeks of pledge-ship, all of our new members were successfully initiated in November, making us the largest chapter in the Greek community. Homecoming Weekend saw Delts place well in competitive events. Placing first in Lawn Display Competition and second place overall, the Delts continued to remain spirited in the weekend's events. Continuing with numerous intramural championships, Delts proceeded to remain successful in campus athletics as well. Kicking off a much needed Thanksgiving holiday break was our yearly Frozen Tailgate philanthropy. Many came out to support Delts as well as our charity. With Varieties 2007 competition beginning, Delts have paired up with two

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

sororities to compete in the annual production once again. After another successful and fun-filled semester, Gamma Pi Delts have continued to enjoy a top spot among various chapters on campus.

SPRING 2007 CHAPTER REPORT

This has been a very busy and exciting year for the Gamma Pi Chapter at Iowa State University. Currently we are one of two houses to compete in all four major Greek events on campus. Although we remain active on campus, grades are still our main focus. Last year we ranked third among all fraternities in grades and our new members were third in grades for all new members. Our greatest achievement of the year was the Presidents Circle Award. This award is the highest honor on campus for a Greek chapter and requires meeting over 95% of criteria for 31 different requirements. We were the only fraternity on campus to achieve this prestigious award. A major part of the Homecoming competition at Iowa State is the Lawn Displays done by fraternities and their sorority pairings. Our theme this year was Pirates of the Caribbean. We won first place and we placed second overall in Homecoming. Recently, we finished up a big VEISHA with a first place parade float and the celebration of Iowa State's 150th birthday. The theme of the float was done after the movie, "Cars" and was a big hit with children and adults alike.

GAMMA RHO

University of Oregon

FALL 2006 CHAPTER REPORT

Gamma Rho entered the fall term of 2006 with the most momentum it has had in recent history. The year started as the chapter size nearly doubled with the recruitment of 17 new men and the addition of a live-in advisor. After the recruitment of a powerful fall pledge class, Gamma Rho members went on to become Greek Week champions, recognized as number one among all fraternities at the university. Above the all-men's average and the all-fraternity average, Gamma Rho boasted a GPA of 3.186 last spring. We recently hosted our second annual Faculty and Staff Dinner. Three members of our chapter were elected to Interfraternity Council positions to begin work in the winter. These positions included VP of Scholarship, VP of Recruitment and VP of Education. In addition to strengthening our efforts in both the Greek community and the academic world, the men of Gamma Rho combined to work for 236.5 community service hours by running a Halloween Carnival at a local elementary school and by adopting a local highway for litter control. With these activities and an undying push for involvement, Gamma Rho is quickly becoming the recognized leader on campus at the University of Oregon.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

GAMMA SIGMA

University of Pittsburgh

FALL 2006 CHAPTER REPORT

Gamma Sigma Chapter has shown many examples of leadership. The chapter participated in a variety of philanthropic activities this semester. At least once a month, the chapter has committed to city block cleanups, picking up trash in the city of Oakland. We have also contributed to various fundraising activities this semester. We partnered with a sorority in a dunk tank activity raising money for Make-a-Wish Foundation. We tabled in the resident halls to raise money for Cystic Fibrosis. Our chapter also raised money for the Pittsburgh Food Bank by not eating for a day in an event we called Famine. Our brothers have held significant roles and maintained relations in IFC, J-board and SGB. Two members of our chapter ran this semester for newly opened IFC positions. A majority of our brothers are involved with various student organizations and intramural sports. The chapter is continually looking for ways to demonstrate our leadership and commitment throughout the university.

SPRING 2007 CHAPTER REPORT

This past year Gamma Sigma has maintained its strong leadership position at The University of Pittsburgh. Our continued philanthropic efforts awarded us a first place recognition in "most volunteers" through our monthly community cleanup project. Our two semesters were marked by revitalizing brotherhood activities and unity. Furthermore, our recruiting efforts in the fall and spring have continued to ensure our chapter's strong numbers at the university. Overall, the past year was characterized by an internal continuation and building on the ethics and principals which founded Delta Tau Delta.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

GAMMA TAU

University of Kansas

FALL 2006 CHAPTER REPORT

This semester is the first semester that Gamma Tau is back on campus at the University of Kansas. The colony was reestablished on September 30 with 41 pledges. Since then, 10 have dropped and so have our numbers to 31. So far this semester we have been getting the ball rolling on all committees and to start off we have adopted the Quail Run Elementary School in Lawrence. Some of our members helped shovel gravel for a playground for some young children and we are looking forward to helping them out in the future. Many of our members are involved in a variety of campus organizations as well. Several brotherhood events, such as group dinners, have helped us get more acquainted with each other and we hope to have more of those to become a tight-knit group. A philanthropy/fundraising event is in the planning process which will be the biggest fraternity fundraising event at the university. We are planning an Ultimate Frisbee Tournament in April and we are expecting a huge turnout.

SPRING 2007 CHAPTER REPORT

This semester the Gamma Tau Colony initiated four new members and we are planning to initiate five more pledges as new members on March 10. These two ceremonies will bring our number of active colony members up to 33. We have also been granted a strip of highway for our new Adopt-a-Highway program. We have done several events as part of our Adopt-a-School program. Most notable of these events was helping run stands at a carnival with Chi Omega and some parents. In an effort to raise money for next semester, we worked a concession stand for two days at the Kansas Relays. In the fall, we plan on having our first philanthropy event called "Delt Dodge ball," which will benefit a local Soup Kitchen in the Lawrence community. In an effort to involve the Gamma Tau alumni in our recolonization efforts, we will be having an alumni golf tournament in Kansas City. We planning our first freshman pledge class for the fall 2007 semester and will be hosting events with current local high school seniors.

GAMMA UPSILON

Miami University

FALL 2006 CHAPTER REPORT

Our colony hosted the first Delta Tau Delta "Teeter-Totter-a-Thon". We built a teeter-totter and rode it for four consecutive days and nights in an effort to raise money for charity. We teetered at a home football game and on a main corner uptown asking for donations. After four days we were able to raise over \$1,500 for the local school district. Faculty members were invited to participate and the president of Miami University, Dr. Hodge, and his daughter spent time on the teeter-totter. Our leadership and dedication to service was recognized throughout the community. A story about the event was published in the school newspaper and we were thanked by various members of the school district.

SPRING 2007 CHAPTER REPORT

Our colony was initiated into an active chapter on April 21. Fifty-eight members went through the Ritual and became active members in Delta Tau Delta. We are extremely proud of our accomplishments and are excited to continue the great tradition of Delta Tau Delta. Our banquet was held in Cincinnati at the Millennium Hotel. We are very thankful for the alumni support represented at this event. During the banquet, our current chapter president was presented with our charter. Other awards were given out and appreciative words were said as well during the banquet. The entire day was very rewarding and our chapter is grateful for the opportunity to participate in such great events.

GAMMA CHI

Kansas State University

FALL 2006 CHAPTER REPORT

Gamma Chi has been taking many steps this past year to continue to be leaders in the Greek community. This past semester we have been on a "return to excellence". In the past couple semesters we weren't operating the chapter to its potential. Grades weren't excellent, intramurals was lacking in scoring points and participation and Rush numbers were down. This past semester we have tackled every problem that has been facing us one at a time. We have continued to enforce the mandatory quiet and study hours during the week in the house and we have put in place incentives for achieving better grades. We have also been concentrating a lot more on intramurals because it is great publicity for the chapter if your chapter places well. We had a great fall intramural period and both soccer and football teams made it to the playoffs. One of our members, Aaron Dubin, won arm wrestling. During the season, we had more turnout and greater participation for the sports.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Rush has also been a focal point this semester. We have been working closely with our alumni Rush advisor to find new and more effective ways to get new members. One way we have been promoting our name throughout the community is with philanthropy projects. We have been sending members regularly to one of the local grade schools. We are continuing to do our Adopt-a-Highway, and right now we are in the middle of our Christmas toy collection—Toys for Tots. Gamma Chi has also been promoting a better image around campus. All of the members try to dress nicer and go out of their way to help someone on campus; such as opening doors and helping them with class work.

SPRING 2007 CHAPTER REPORT

Our chapter has been struggling somewhat in the recent past. The decision was made with heavy hearts this semester to close our shelter and run our chapter at Kansas State University as an un-housed chapter. The stress of all of the things that have going on around here have shown us that we have some great leaders here at Gamma Chi. Instead of everyone getting down about the news, almost everyone in the chapter is rising up and becoming a leader in some way or another. We have continued to be a leader in community service and philanthropy on campus by continuing our involvement in Adopt-a-School, Adopt-a-Highway, volunteering in the community and participating in other fraternity and sorority philanthropies. One of our new initiates, Joe Olliso, has logged over 30 hours of community service so far this semester by coaching a youth soccer team and doing Adopt-a-School. All of the other officers in the house are helping to hold the chapter together during this time of adversity.

GAMMA PSI

Georgia Institute of Technology

FALL 2006 CHAPTER REPORT

We have had a great semester here at Gamma Psi. The semester started off with another successful Rush where we landed 19 new pledges. A revamping of our pledge education program had the brotherhood and pledge class excited about the coming semester. The major events this fall semester revolved around football as usual. Notre Dame and College Game day came to Atlanta to start the season and our alumni came back to cheer on the Jackets. We had a huge event at the house on that Saturday and it was a great opportunity to reconnect with some of our older brothers. Homecoming again was a huge success as we had Williamson Brothers catering for our alumni and their families. Once again our display and Wreck were some of the best on campus. As the semester wound down we initiated a great pledge class and we have started transitioning to the new leadership in the house. We are excited for a great spring semester in 2007.

SPRING 2007 CHAPTER REPORT

During our spring semester, Gamma Psi achieved many accomplishments. After successfully performing the Initiation ceremony at the Southern Division Conference, we were given the honor of installing the new chapter of Epsilon Omega at Georgia Southern University. Gamma Psi raised over \$7,200 for the Relay for Life, an organization whose proceeds fund the American Cancer Society. This amount was more than double of any on-campus organization or other fraternity. In athletics, we won the all-fraternity racquetball championship for the second straight year, as well as the all-school dodge ball championship. Also, Gamma Psi has had a recent takeover of the Student Government Association, which allocates funds for all of the campus organizations. Of the 53 available seats, 10 brothers were elected, including the senior class president. Our successful spring Rush resulted in the Initiation of five new brothers, making our house stronger year-round. To bring the year to a close, Gamma Psi won Georgia Tech's Dean Dull Award for Educational Programming for our numerous guest speakers and encouraging further learning outside the classroom.

DELTA ALPHA

University of Oklahoma

FALL 2006 CHAPTER REPORT

A large effort has been made in attempts to encourage members and associate members to make good grades. We have implemented a drawing for a \$100 gift certificate for any A received on a test (drawing), all associate members are required nine hours of study hall in a supervised environment each week. Recruitment at Delta Alpha was a huge success this fall. We officially signed 39 men and initiated 33 for an 89% retention rate. The pledge program was COMPLETELY revamped and has inspired our new guys to extraordinary limits. Also, the Delt pledges, along with the women of Delta Gamma, made the final cut in University Sing and performed four straight nights. Open and spring Rush look promising, as we already have approximately 15 more recruits. Delta Alpha has implemented a strong service program this fall, including: Adopt-a-School, Norman Public Library work, YMCA volunteers and Salvation Army Bell ringing, with over 500 hours completed. Plans are in

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

the making for Delt Dive 2007 to benefit the American Cancer Association. We are hoping to raise over \$5,000, even more than last spring. Delt members have been far more involved in intramurals this year, as indicated by beating SAE for final cut of football playoffs and individual ping pong champions. Every active member in the Fraternity now serves on a committee; the Rite of Iris and Ritual were performed for our pledges completely from memory and we now have working Admin. and Exec. committees. Our chapter has made vast improvements in campus public relations and involvement. Patrick Mouser is the current VP Administrative Affairs of OU Interfraternity Council.

SPRING 2007 CHAPTER REPORT

Delta Alpha successfully advanced to playoff rounds in every major sport offered in the Intramural Program at OU this spring. On February 22, Delta Alpha held a formal Founder's Day dinner with multiple alumni members and all actives in attendance. The Sooner Delt Alumni letter is set to be published before the summer. Parent's Weekend 2007 raised over \$1,000 in funds for betterment of the shelter. University Sing 2007 with Alpha Phi, Homecoming 2007 with Alpha Omicron Pi and Scandals 2008 with Gamma Phi Beta was announced. Many Deltas also applied for Academic Honor Council positions. A number of Deltas attended the following events: AOII Spud's and Spurs, KKG Spaghetti Dinner, Chi Omega Desserts, Alpha Chi Omega Battle of the Bands, KA Eating Contest, Pi Phi Pancake Breakfast, Kappa Sig Dig, Phi Mu Field of Dreams and SAE Boxing, all for philanthropic causes. Lastly, Delta Alpha was announced as the 2007 Adopt an Area Fraternity Winner at the annual Arbor Day picnic. Our Delt Dive 2007 event raised \$3,183.31 for Operation School Bell. Twenty Deltas also participated in Big Event 2007, OU's annual day of Community Service. Approximately 1,500 hours of community service was also performed this spring by Deltas. Many new programs implemented this spring to better member GPA, including tutors for three subjects being on payroll and holding office hours in the John Nichols Library weekly for use by members and pledges. An eight-week Ritual Education Program for new initiates was implemented this spring to thoroughly educate new members. The new Rush Committee plans to move into our apartment in two weeks, with the goal of 50 new recruits for the fall. Painstaking steps have been implemented to ensure alumni involvement during summer and fall Rush. All members are required to live in the shelter, and we expect approximately 50 men living in next fall, a 45% increase from this spring. Eleven undergrads attended the 2007 Western Plains Division Conference including two who were selected to serve on committees. We plan to host the 2008 WPD Conference in Oklahoma City, performing the Ritual for members in attendance. We are the number one growing chapter on campus, with approximately 120 active members expected by next fall. We have strived for "by the book" internal organization and because of this our chapter has been the most successful in 10 years. We were only 10 spots short of a Court of Honor this year as opposed to being nowhere in contention at all before.

DELTA GAMMA

University of South Dakota

FALL 2006 CHAPTER REPORT

Last spring our chapter missed second place by a mere .01 with GPA of 3.12. Our new members' mid-semester grades will help regain our place at the top of USD's academic standings. We conducted our annual Teddy Bear Run in which we raised a substantial amount and ran a teddy bear to the Children's Care Hospital 50 miles away in Sioux Falls, S.D. Our motto for recruitment for the fall of 2006 was "Quality and not Quantity." With a class of 15 new members that exhibit exceptional leadership qualities and motivated attitudes, the caliber of character of our new class helps make up for overall low numbers among the Greek chapters at USD. Delta Gamma is also a leader in non-Greek organizations on campus. We have the president of the psychology club, the president of the accounting club, a co-chair person of the SERVE program, two officers on IFC, the president of the student publication board, a senator in the student government association as well as numerous other officers in other organizations. Although we continue to strive at USD, we are still missing an essential part of our chapter. After seeing our long-time advisor resign, Delta Gamma is yet to see a brother step up and aid us in our journey to be "Committed to Lives of Excellence." If anyone is interested or knows anyone who is interested in helping Delta Gamma find an advisor, please contact us as delt@usd.edu, call Garrett Howardson at 605-233-0334 or mail us at 114 N Pine St., Vermillion, SD 57069.

SPRING 2007 CHAPTER REPORT

The 2007 Divisional Conference in Dallas, Texas brought Delta Gamma her 10th Hugh Shields flag which means another embroidered flag to proudly hang on our walls. Delta Gamma also won the Achieved Recruitment Goals, Adopt-a-School, Above All-Male Average and Court of Honor awards. We knew our latest pledge class would accomplish great feats from the minute they signed their bid cards. Five new members achieved a 4.0 GPA and two others were named to the Dean's list. We kicked off the spring holding our annual

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Date-A-Delt charity date auction and raised over \$650 for the Children's Inn. One of our members, Garrett Howardson, also attended Alternative Spring Break in Philadelphia to work with organizations on HIV/AIDS issues. Delta Gamma also currently has five members engaging in Adopt-a-School with community schools. We have made numerous improvements to the shelter including new carpet on main floor, a new heater and a new boiler. However, even more are needed. We are reaching out to the alumni of Delta Gamma asking for your help! Please send any donations either to: Delta Tau Delta Kyle Richards 114 N. Pine St. or 901 N. Danielle Drive Vermillion, SD 57069 Sioux Falls, SD 57103 Fraternally, Garrett Howardson President (605) 233-0334 ghowards@usd.edu deltd@usd.edu.

DELTA EPSILON

University of Kentucky

FALL 2006 CHAPTER REPORT

Delta Epsilon started off the year with a very successful Rush. We initiated 36 out of 38 pledge members, bringing chapter membership to 134 brothers. Delta Epsilon Alumni Association hosted the 2nd Annual Homecoming Alumni Pig Roast and roughly 300 people attended. Delta Epsilon also held the 1st Annual Alumni Golf Scramble at Connemara Golf Course as a fundraiser for our chapter. Delta Epsilon finished second overall in Homecoming this year. We also placed first in the Pi Beta Phi Flag Football Invitational Tournament. Currently, everyone in the chapter is volunteering at Mill Creek Elementary through our Adopt-a-School Program.

SPRING 2007 CHAPTER REPORT

Delta Epsilon recently held the 7th Annual Miss Greek UK Pageant, which consists of one delegate from each UK sorority competing in a beauty pageant. Not only is this a popular event around campus, it has now donated over \$30,000 to the Markey Cancer Foundation for Cancer Research. Along with this event, Delta Epsilon continues to excel at recruitment, initiating 47 new members throughout the 2006-2007 school year. It also ranks as one of the largest fraternities on the University of Kentucky campus with 131 active members. Even as a large chapter, Delta Epsilon managed a cumulative GPA of 2.9 during the 2006 fall semester. The active chapter is currently planning the 2nd Annual Alumni Golf Scramble scheduled for September, in attempt to strengthen its already strong alumni involvement. With all of these great things in place, Delta Epsilon is excited to strengthen its place as a campus leader for the upcoming 2007-2008 school year.

DELTA ZETA

University of Florida

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

The Delta Zeta Chapter hosted its Inaugural Miss Greek Pageant during this past spring semester—our most successful philanthropy event ever! Thirteen contestants from campus sororities competed in the areas of a personality, walk, talent, philanthropic address and fundraising. These young ladies and their respective coaches worked throughout the year to raise money, perfect their talents and raise awareness and over \$11,000 for the American Cancer Society and Bleed Purple. The event attracted over 700 audience members. Ben Caswell, Interfraternity Council President, called it the “most organized and absolute best fraternity philanthropy event [he has] ever seen.” With the establishment of the event on our campus, the chapter hopes the Panhellenic Council and Greek community at the University of Florida will be even more receptive to the event in 2008.

DELTA ETA

University of Alabama

FALL 2006 CHAPTER REPORT

Delta Eta continued its tradition of excellence this semester. The fall pledge class Initiation produced an increase in enrollment exceeding 40%. Spring's interfraternal academic statistics show that Delta Eta achieved a combined GPA in the last semester exceeding the mean for fraternities at UA. Kyle Kelley was elected into the SGA Senate and Mike Noyes continues his term as SGA Vice President of Academic Affairs. Several general repairs were made to the shelter in preparation for our Homecoming, which was attended by over 50 alumni. Charity abounded at Delta Eta this semester. Our chapter came together to work with Habitat for Humanity to roof a house for an impoverished family. Delta Eta also assisted the local YMCA, completing general repairs on a cabin used for special camps and retreats. Delts pitched in by donating to the SPIRIT campaign, which funds undergraduate scholarships at the university. We look forward to seeing our alumni at our biennial Founder's

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

Day celebration April 27 and 28 where we will break ground on a \$1.3 million dollar renovation and addition to the shelter.

SPRING 2007 CHAPTER REPORT

The 2007 spring semester for the Delta Eta Chapter was a very productive one. A new academic plan was installed that will reward good grades above a 3.5 with scholarship and punish grades below a 2.5 with community service. The house was also fortunate enough to have two people accepted into the SGA. We successfully initiated five spring pledges. Our chapter won its second consecutive Court of Honor. Renovations have begun on the fraternity house including refurbished rooms, new windows and a party barn will be built. Kyle Zigelsky, Brandon Clark and Roper Elrod were all accepted into the Order of Alpha. Ryan Hipp, Kyle Kelley and Webb Chastain were all accepted in the Order of Omega. This spring, our chapter was a semifinalist in basketball and a softball playoff participant. We also held our Founders Day. Many alumni attended and we were also able to raise a great deal of money for our chapter.

DELTA IOTA

UCLA

FALL 2006 CHAPTER REPORT

This fall we continued our tradition of successful Rush events, recruiting several great young men. Our pledges this quarter have taken it upon themselves to set up Christmas lights, bringing holiday cheer to the shelter. Our new brothers from spring are proving themselves to be true Delt material, being appointed and elected to important Administrative and Executive offices. Our community service program has vastly improved this quarter as our chapter has embraced Adopt-a-School. We also have plans to clean up UCLA in Operation Cleansweep. Plans are also underway for our next alumni event, an alumni tailgate and barbecue, followed by a UCLA basketball game. If you would like to learn more about Delta Iota, help out in any way or get involved in alumni activities, please contact Charles Shureen, cshureen@ucla.edu, secretary, and Colin Rushovich, alumni relations, at cRush08@ucla.edu.

SPRING 2007 CHAPTER REPORT

Delta Iota has been focusing on improving its image in our community through strong community service and philanthropy participation. Two brothers have been elected to IFC positions, the Internal Vice President and the Director of Campus Affairs. We are also working toward establishing our own philanthropy event, "Delta Queen", which we plan on having during the 2007-2008 school year. Delta Iota was also given the honor of installing the Theta Gamma Chapter at Arizona State University, with whom we have developed strong bonds of brotherhood across campuses.

DELTA KAPPA

Duke University

FALL 2006 CHAPTER REPORT

The Delta Kappa Chapter has been defined by its pursuit of excellence in philanthropy and recruitment since its inception just four years ago. We are excited to report that we received housing from the university, and for the first time since our recent founding, all Deltas at Duke can live under the same roof. We have certainly been using this to our advantage, as it can facilitate great opportunities for the expansion of our philanthropy and recruitment schedules. By the end of the fall semester, our chapter will have logged more than 400 hours of community service through Adopt-a-School and personal community service endeavors. Perhaps even more astonishing is the success of our DeltAids campaign, which has now grown to include three other organizations on Duke's campus, and has already raised more than \$1,000 towards AIDS awareness and research campaigns just this semester. Our Rush chairs have prepared another aggressive schedule for the spring semester. We plan to initiate between 20 and 25 members into our chapter this spring. As always, we will focus on campus involvement, community awareness and academic aptitude during our selection process. The chapter is both optimistic and excited about reaching our goals for recruitment this year.

SPRING 2007 CHAPTER REPORT

The Delta Kappa Chapter is delighted to have achieved many of our philanthropy and recruitment goals. The spring recruitment season was a great success and we initiated 19 new members into our chapter. Our new members have taken many vital positions within and outside of the Fraternity. The new members have great community awareness, campus involvement and they have all pursued academic excellence. We have also logged a substantial number of community service hours through Adopt-a-School, along with personal community service endeavors. The biggest success of the year, in terms of philanthropy, came during our

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

DeltAids campaign. Co-hosted with two other organizations on Duke's campus, the operation raised more than \$2,000 for AIDS research this semester, totaling over \$5,000 over the entire year.

DELTA MU

University of Idaho

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

Our chapter's biggest event came last January when we were able to move back into the newly renovated shelter. Going into the 2006 Formal Rush Week, we were without a house. We overcame this challenge and welcomed the fourth largest pledge class on campus. Also, we were successfully able to pick up two spring pledges that were recently initiated. The men of Delta Mu continue to be involved in activities on campus. We have become a leader in intramural sports and were in the top four in grades last semester. We recently celebrated our chapter's 75th anniversary. This was a great event and came in perfect timing with the new shelter. Alumni from all over the country came to celebrate and remember what Delta Tau Delta has done for them.

DELTA NU

Lawrence University

FALL 2006 CHAPTER REPORT

Our football season was the best season in years and more than a half dozen of our members played on this successful team. They finished 5-5, compiling their first season at .500 or above since 1987. Senior Joel Schneider received All-Conference recognition. Another senior, Jake Tewalt, was the team's leading receiver and was second on the team in touchdowns. The hockey team competed very well against tough competition and then returned home to sweep their first conference series of the year making them 2-2 at this point. Team Captain Josh Peterson was named Conference Player of the Week for his efforts in the first two conference games. We only have one member of our fraternity who plays for the three-time defending Midwest Conference champion Viking basketball team, but he is sure to play a key role in going for the fourth straight title. Five members of this fraternity play on the university baseball team they hope to win the first Midwest Conference title. Over the past year Delta Nu has been very involved in community service and we have participated in events such as: Shack-A-thon, Phi Delt Walk for a Cure (cancer), Delta Gamma Anchor Splash and Kappa Alpha Theta Kick-Ball. Also, all of the members involved in varsity sports (nearly 90%) volunteer through the Student Athlete Advisory Committee (SAAC) at Richmond Elementary School. All of these members of varsity sports also participate in camps held for children in their respective sports. All of this along with the annual open house for Halloween trick-or-treating and interaction at the local Boys and Girls Club have allowed our fraternity to log over 690 total hours of service.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

DELTA XI

University of North Dakota

FALL 2006 CHAPTER REPORT

In spring 2006, Delta Xi put on its annual Deltona Beach volleyball tournament and raised over \$1,200 for a Muscular Dystrophy fund. In October 2006, Delta Xi held its annual haunted house and raised another \$1,200 for the American Youth Cancer Association. We also held our biannual alumni formal during Homecoming week. We received over 50 lbs. of non perishable food for a local food pantry. Our Education Foundation handed out almost \$20,000 in scholarships to the men of Delta Xi, more money than all the other Greek houses on campus combined. Several members are leaders in Student Senate, Interfraternity Council and other student organizations on campus. Members of Delta Xi actively participate in intramural sports where we compete for titles in hockey and basketball. Delta Xi is one of the strongest chapters on campus academically. We went from number six in GPA to number two in the 2005-2006 school year. We held our chapter elections followed by our executive board retreat the first weekend in November.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

DELTA OMICRON

Westminster College

FALL 2006 CHAPTER REPORT

We kicked off the year by having a tremendous Rush, taking 20 of our top 22 picks this year. We volunteered for the United Way Radio-a-thon and have accumulated over 1,000 hours of community service in the past year. Parent's Weekend this year was a great success with an auction raising well over \$7,000 toward the Delta Parents Fund. The men of Delta Omicron have also been prominent in the school community. This year Steven Lee, Stephen Goss and Eddie Arrieta were elected into the SGA. We have also been busy in athletics and Neil McCutcheon was awarded All-Conference Linebacker this season. Thanks to all those who have been making this a great year, and we hope to see a lot of returning faces at Alumni Weekend.

SPRING 2007 CHAPTER REPORT

Delta Omicron recently initiated 14 brothers this semester. These new freshmen had the best grades among all other fraternities which helped us reach a 3.23 in grades last semester and bring home the Top Grades Award. Our members make up half of the student government exec., class presidents and several mentors and tutors for the upcoming fall semester. We also had great attendance for both Mom and Dad's weekends this year. We are currently trying to start up a Habitat for Humanity in our town.

DELTA PI

University of Southern California

FALL 2006 CHAPTER REPORT

Central to this semester's success was the Initiation of the 11 new members of the Kappa class. The tradition of academic excellence also continued this fall with the chapter holding the third highest grade point average out of all fraternities on the row. On the athletic field our chapter currently sits in third place in the Ironman inter-fraternal intramural sports competition, which is the highest rank we have achieved since returning to the row. Our teams made it to the playoffs in both flag football and volleyball. In addition, we continued strengthening of our brotherhood through many events, namely the now annual R.V. road trip in which nearly the entire chapter drove together to northern California for the weekender football game. We have increased community service involvement including beach clean-ups and visits to the Los Angeles Food Bank. Our philanthropy, entitled Recess Revival, pitted teams from each sorority against each other in Wall Ball, Tether Ball and 4-Square and raised over \$2,000 dollars for the Lance Armstrong Foundation. Our alumni event brought together alumni from the 40s-90s, and was a great step in reconnecting with our strong alumni base. We look forward to holding more frequent alumni events in the coming year. We have been host to many visiting Delts from CMU, TCU and many other schools over the past year and we sent four representatives to Karnea.

SPRING 2007 CHAPTER REPORT

We initiated 10 fine young men and the chapter membership stands at over 70. Delta Pi members have donated their time and money to numerous sorority-organized events this semester. Additionally, members have been active on campus, participating in events like Swim with Mike and the Relay for Life. Plans are already being made to expand the chapter's annual philanthropy event from a one-day event to a week-long event in the hopes of raising more money for the Lance Armstrong Foundation. We performed well in all the major spring sports including soccer, floor hockey and our chapter won the IM championship in softball. Delta Pi is in the running for the semester Iron Man award, which is given to the chapter who receives the most overall points in athletics. Delta Pi has also been very active outside our chapter this spring. Eight young men attended Division Conference, where they had an incredibly fruitful experience interacting with other Western Pacific chapters, as well as members of the Arch Chapter. The chapter made and contributed a paddle for the Arizona State's Theta Gamma Installation and this summer active members David Perez and Kyle Kamka will be attending the Bethany Leadership Academy.

DELTA SIGMA

University of Maryland

FALL 2006 CHAPTER REPORT

With a total of 18 new members from the 2006 year, Delta Sigma has proven that we are a fraternity of excellence. The chapter is looked upon by both the Greek community and the university as frontrunners in the subject of Sexual Assault education. We have educated ourselves and others in the community by scheduling speakers to discuss and inform students on the definitions and circumstances surrounding the growing problem of sexual assault. Delta Sigma has also built strong social relations within the Greek community by showing strong support in other philanthropic events. By doing this, we hope to have the largest support ever in our

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

annual "Delt Volleyball Tournament" that we hold on our volleyball court. Our chapter and Academic Chair, Ryan Russell, has also implemented a strong academic program to raise our overall GPA.

SPRING 2007 CHAPTER REPORT

The first main goal of the chapter was to have a successful Rush and we initiated 10 new brothers. Our chapter held our annual Band in the Sand social event, which went very smoothly with the approval and support of the Office of Fraternity and Sorority Life. Working with campus representatives such as the OFSL has been a theme of this semester as we greatly improved our standing on campus and were nominated for the yearly Most Improved Chapter Award. Our former president, Greg Long, was nominated for Greek Leader of the Year as he helped lead our chapter out of tough times. Our new executive board has now taken over and has already helped lead the chapter in the direction Greg had led us starting with the revamping of our Judicial Board system to institute stronger penalties to make brothers more accountable for their actions.

DELTA TAU

Bowling Green State University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

The fraternity handball league was won by both our chapter's A and B team. The Deltas also displayed their athletic ability and impeccable teamwork by capturing first place in the fraternity A basketball league, the fraternity tennis doubles league and the fraternity volleyball league. Some of our brothers spent a full day delivering daffodils around campus that were sold to raise money for cancer. As the year ends, we look back and think of it not as something that has come and gone, but something that our chapter can build upon and something that can help our brothers become the best Greek organization on campus.

DELTA PHI

Florida State University

FALL 2006 CHAPTER REPORT

Some of our greatest accomplishments this semester came in intramural sports. We won all-campus kickball (two years running) as well as all-campus wrestling, all-fraternity volleyball, swimming and go-carts, and placed second overall in flag football, bowling and billiards. We are currently number one in the running for the IM championship. We also held our first philanthropy in over two years, entitled Delta Tau Delta Home Run Derby, in which we were able to raise \$1,500 for the Tallahassee Women's Refuge Center. Currently our overall GPA is a 2.96, which is second on campus. Our shelter renovation will begin soon and it will be completed in spring 2007. The Interfraternity Council recently elected Raymond Polo as their new president for the upcoming year.

SPRING 2007 CHAPTER REPORT

Not only did Delta Phi win Greek Week and another IM championship, but a newly renovated shelter is set to re-open this upcoming fall. Delta Phi has continued its social stronghold on campus. Having nine socials and Rushes with Tally's best was not enough. On March 23, Delta Phi mobilized to Panama City for its annual Tequila Sunset date function. Something that has plagued Delta Phi in the past has become a new found strength this past fall; community service and philanthropy. Delta Phi hosted the Homerun Derby philanthropy and we have contributed over 1,700 hours to the surrounding community. Many of these hours came through Delta Phi's Adopt-a-School program at The Gretchen Everhart School. Led by 25% of the chapter who boasted Dean's List worthy GPAs, the chapter currently ranks in the top tier averaging just above a 3.0 GPA. Danny Perez, (fall '05), is an IFC justice and member of Order of Omega. In sports, Erik Stapelton is a fullback on the FSU football team. Ian Hicks works for WFSU-TV and Jeremy Barnett is the Arts and Life Editor for the "FSView" campus newspaper. Delta Phi has countless brothers such as Brandon Heitman (fall '05) who are members of the National Society of Collegiate Scholars and Brandon Stransky (fall '04) in the Phi Eta Sigma Honors Society.

DELTA CHI

Oklahoma State University

FALL 2006 CHAPTER REPORT

This fall, Delta Chi participated in Homecoming by building a house-deck; this was the first time we have done so in about six years. Even with the help of the women of Zeta Tau Alpha, the whole process still took a full

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

two months of hard work to complete. The behemoth of chicken wire, pomp and metal extended a good 10 feet above the living room roof. Our deck was featured in the Oklahoma State University magazine. As if the house deck was not enough to keep us busy, we also held our annual children's carnival for Coaches vs. Cancer, where we raised \$15,000. Academically, we were in sixth place last semester with a 3.1 GPA (only one tenth of a point shy of first place). Now with the addition of the 2006 pledge class, which has an average ACT score of 27.5, we believe that we can reach first place in grades this fall.

SPRING 2007 CHAPTER REPORT

We just finished our annual Delt Dunk which is held every year during Greek Discovery Day. We raised a couple thousand dollars which will be donated to Coaches vs. Cancer and the National Fraternities' philanthropy Bleed Purple. A few of the awards that we were awarded with at Conference were The Most Improved Chapter and Excellence in Programming. Also we were awarded in Rush and Philanthropy. We just finished the Pilot Program, which was beneficial to all of our members.

DELTA OMEGA

Kent State University

FALL 2006 CHAPTER REPORT

Our chapter placed in the top three in grades on campus. We lead all of the Greek community with volunteer work. We volunteered with Habitat for Humanity, donated \$275 to Town Hall 2 Suicide prevention and awareness. We participated in Super Service Saturdays that is held by our campus to help the City of Kent. We have come a long way the past three years—going from the smallest chapter on campus at seven men, to 37 men and being 13 men above the campus average. We are also holding a golf outing to help get alumni to come back and get involved with the chapter.

SPRING 2007 CHAPTER REPORT

Delta Omega has logged 555 hours of community service this semester including donating over \$900 of canned goods to Relay for Life. We have initiated five new members, which is above the campus average. We now have 37 men in our chapter and our goal for next year is finally breaking the 50-man mark. This upcoming semester we are focusing on getting our alumni more involved with our chapter. There will be a newsletter coming out to the alumni that we have addresses for; so if you moved, please send us your new address. Please contact us at 330-678-3275 or call Casey at 440-915-7599.

EPSILON ALPHA

Auburn University

FALL 2006 CHAPTER REPORT

This past year we have seen large improvements in campus involvement and community service. For the second year in a row our fraternity took the Overall Martin Interfraternity Council Award. One of the key aspects in receiving this award came from our Adopt-a-School program established with Dean Road Elementary School. Every week brothers help tutor, coach and read to children at this school. It has become quite a learning experience for all of the brothers. To maintain accountability, our vice president has implemented a "Strike" program. This program assigns strikes to brothers for various failures involving accountability. After a number of strikes, a brother is sent to honor board. Our Housing Corporation Capital Campaign to raise money for a new shelter is kicking off February 8th, 2007. The architect has drawn floor plans for the upcoming house.

SPRING 2007 CHAPTER REPORT

This semester our chapter is looking forward to a bright future. We are in the midst of our Capital Campaign to raise funds for our new state-of-the-art 20,000 square foot shelter on 2.6 acres of land. We have initiated 11 new members this year and hope to add many more men to our brotherhood over the next year. We held our first formal since being re-chartered in 2003 in Gatlinburg, Tenn. Community service continues to be the backbone of our chapter, raising over \$3,000 dollars and donating 1,500 hours of service this semester alone. We are also proud to have received the James E. Martin Award for Best Small Fraternity on Auburn's Campus as well as the Court of Honor, representing the top 20 Delt chapters in the nation.

EPSILON BETA

Texas Christian University

FALL 2006 CHAPTER REPORT

Once again our Adopt-a-School program is surpassing our standards of participation, with more brothers taking part this year than any other. Our work at the food bank has also been continuing. The most exciting new

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

accomplishment is the development and planning of an autism drive which should take place on campus next semester. The work we started on the chapter room last year was completed for the start of the school year. New furniture, a hardwood floor as well as rugs are just a few of the highlights of the renovated chapter room. This year we are working closer with our alumni to make this a successful semester. Recently, we set up an Alumni Advisory Team. This spring, we will be inviting alumni to meet recent initiates at a spring banquet. We will be hosting our annual Mother's Weekend and our annual Alumni Golf Tournament will take place in late April. It should be an excellent upcoming year.

SPRING 2007 CHAPTER REPORT

We are particularly excited about a new program we plan to start in the fall called Academic Brother. We hope to use this program to bring up the grades of newly initiated members as well as help to establish a stronger brotherly bond. We held our annual alumni banquet this year and were very fortunate to have the International President Dr. "Rock" Clinton in attendance, as well as other members. Last semester we were able to initiate 19 new members. Fifteen members have been involved in our Adopt-a-School program with the children of Lily B. Clayton. We plan on holding a philanthropic volleyball event for autism next year, calling it Delts Spike Autism. This should be a fun event that we can use to create a buzz for curing Autism. Epsilon Beta feels confident and energetic about this upcoming semester and is proud of its past accomplishments.

EPSILON GAMMA

Washington State University

FALL 2006 CHAPTER REPORT

Epsilon Gamma just held our 50th anniversary celebration in October. Current and past members all took part in the festivities which included a banquet and a barbecue at the shelter. The International Fraternity President presented an award to commemorate Epsilon Gamma's 50 years at Washington State University. Our chapter continues to increase our size and we initiated 24 new members this semester. Tommy Simmons is finishing his term as president of the Student Entertainment Board, an organization on campus that puts on concerts and other social events. Joe Wyatt has been recently elected to serve on the Interfraternity Council.

SPRING 2007 CHAPTER REPORT

Epsilon Gamma has continued the tradition of producing leaders in the community. This year member Tommy Simmons successfully ran for vice president of Washington State's student government. Our chapter continued to participate in community service events as well as the Adopt-a-School program. Our fraternity was a constant competitor in various intramural sports.

EPSILON DELTA

Texas Tech University

FALL 2006 CHAPTER REPORT

This semester, Epsilon Delta hosted a number of faculty, alumni and student receptions. We were honored with the 2006 "Get Involved" Award, which was awarded to us by the Volunteer Center of Lubbock as the best community service organization on campus. This fall, we took a pledge class of 45 gentlemen; we did Homecoming with Kappa Alpha Theta and took first place in the overall Homecoming festivities. This fall was a very productive and successful semester and we look forward to doing the same next spring.

SPRING 2007 CHAPTER REPORT

We are leaders on our campus in many aspects. At the Western Plains Conference this past February, we received awards for several of our achievements. Academically, we received an award for having a chapter grade point average above that of the fraternity and all-male grade point averages on campus. Over a year ago, we began a semi-annual event in which we invite all our professors to our shelter to join us and a sorority in a Faculty Appreciation event. Many faculty members have shown great interest and support. We are also a leader on campus in community service because we currently have the most community service hours out of any Greek or non-Greek organization at Texas Tech University. This past year we proudly raised \$4,500 for the Children's Home of Lubbock as a part of our philanthropy. This past year we also received two recruitment awards for our fall 2006 recruitment being 91% greater than the fall 2005. Our overall chapter membership grew 96% from 2005 to 2006. We are excited about these accomplishments and are looking forward to another great year.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

EPSILON EPSILON

University of Arizona

FALL 2006 CHAPTER REPORT

Epsilon Epsilon was able to again surpass their recruitment goals by pledging 41 men. Recruitment from the previous semesters filled the shelter and had a very positive effect on the chapter's finances. With the help of our new House Corp. President, Ken Smalley, and a management company, we have managed to keep our A/R to nearly 0. The hard work has not stopped there. Members of the chapter have also shown their commitment to the school's athletes by making the front page of the newspaper in support of our team here in town. Other members have demonstrated their dedication to improving the image of the chapter through hundreds of hours of community service as well as taking leadership roles in clubs around campus. The most notable are the GAMMA chair and president of the Jewish Greek Council. Participation in other Greek organization's philanthropies even earned us the "Largest Donation Award" from Sigma Kappa. As we finish up the semester, we look forward to the opportunities we have for even greater improvement in the Greek community.

SPRING 2007 CHAPTER REPORT

This spring semester our philanthropy, Delt Games, raised over \$2,500 in addition to collecting and donating a mass quantity of canned food to the Tucson Food Bank. We participated in the university's Greek Week to raise money and canned food. We also ran a booth with Alpha Epsilon Phi in the largest student-run carnival in the country, Spring Fling. Over the course of the year, we raised collections by 30%. Our members are highly active in philanthropic events, with members participating in every sorority philanthropy event this year. We are looking forward to the fall semester and are currently investigating a school for the Adopt-a-School program. We plan to continue our successful fall Rushes by initiating gentlemen who will continue lives of excellence as a member of Delta Tau Delta and Epsilon Epsilon.

EPSILON ZETA

Sam Houston State University

FALL 2006 CHAPTER REPORT

This fall started with a successful recruitment and the Initiation of 12 men with great potential. Due to the decrease in our chapter GPA last semester, we took action by implementing a more formal academic plan and suspending a large group of members whose GPAs were not up to Delt standards. We hope to increase our chapter's academic performance so we can not only be the best social fraternity on campus, but also set the highest academic marks. EZ Deltas have stayed highly involved with the university alumni association volunteering at the Scholarship Banquet, Walker County Chamber of Commerce Gala and the Distinguished Alumni Gala where two Epsilon Zeta Charter Members, James Hayley and Ron Koska, received the highest honors SHSU alumni can receive. We have also helped collect canned goods for Thanksgiving meals at the Good Shepherd Mission and we stayed active in the Texas Adopt-a-Highway program by keeping our two-mile stretch of highway clear of litter. We are steadfast in our commitment of building lives of excellence.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

EPSILON ETA

Texas A & M – Commerce

FALL 2006 CHAPTER REPORT

The fall semester was challenging, yet rewarding for Epsilon Eta. The chapter recruited 50% of the chapter active total this semester. This was the largest Rush since fall 2003. Epsilon Eta successfully pledged and initiated 85% of the Gamma Upsilon Pledge Class, and of those members initiated, a quarter of them now serve on the executive board. There are seven members out of 24 active graduating in spring 2007. We would like to thank those members for the time, efforts and leadership that they have put into the chapter. Epsilon Eta recently held elections for the executive council of the chapter. They have proven that they can lead the chapter in the right direction.

SPRING 2007 CHAPTER REPORT

Epsilon Eta Chapter has initiated several new members into our fraternity this year that show great potential to be leaders. Our chapter president is the IFC treasurer, and we have several members that are now SGA senators. Several more members have applications still out for leadership positions with the university and with various honor societies. Going into the new semester, we hope to greatly increase our influence and image on campus.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

EPSILON IOTA-A

Kettering University

FALL 2006 CHAPTER REPORT

Our presence on campus is continually growing. Sam Cooper, Sam Perlmutter and Stephen Svirbly, founded Kettering's new Entrepreneur Society that promotes and develops entrepreneurial culture. In addition, Perlmutter presented his research findings on athletic injuries at a bio-mechanics conference at Ohio State University and his efforts have been showcased in our university's recruitment and alumni publications. Cooper has also been in local news by founding another Kettering organization, the Student's Ambassador Program that sends undergraduates to high schools in their hometowns to promote the university. Three brothers campaigned successfully for Interfraternity Council - Frank Dusina (recruitment), Leo Glenn Manlongat (public relations) and Greg Nelson (risk manager). Our annual Parent's Weekend raised more than \$1,700 for St. Jude's Children Hospital. Our chapter had fun at our annual Blue Mountain weekend ski trip January 12-14. Epsilon Iota-A held a lavaliering ceremony to commemorate the engagement of Eric Huelskamp and Brent Henige to their longtime girlfriends, Jodi Riethman and Kristen Vincke, respectively. For more information, contact William Hanashiro at 810-347-5683 or william.hanashiro@gmail.com.

SPRING 2007 CHAPTER REPORT

Epsilon Iota-A Chapter congratulates upcoming graduates and welcomes the 14 newest chapter members: Ian Barth, Marc Brandt, Christopher Caron, Paul Duehlmeier, Marcus Gilbertson, Jay Hucks, Steve Murphy, Brad Prochazka, Tom Reineking, Drew Ruonavaara, Scott Scherbhan, Joel Stone, Mike Tabbert and Seth Whitney. It has been a busy year for Epsilon Iota-A. We have also volunteered and helped set up at Flint's annual race, the CRIM.

EPSILON IOTA-B

Kettering University

FALL 2006 CHAPTER REPORT

Epsilon Iota B Chapter has the highest grade point average of all fraternities on campus again. The fall recruitment went well and we currently have 10 bid acceptors and will hopefully have a couple more before the end of the term. We are currently renovating the wings in the dormitories of the shelter along with giving our bathrooms a bit of a face lift after many years of service. Our philanthropy events have gone well and include a valet parking service for the Flint Institute of Arts and some of our brothers built a trebuchet for the local children's museum. We also will be helping with the Eisenhower Christmas party on December 2. While we have worked very hard this term, we are all looking forward to our Christmas semi-formal which will be held on December 1.

SPRING 2007 CHAPTER REPORT

Epsilon Iota B Chapter is currently number two in the Greek grade standings and we are striving hard this term to get back on top. We are currently pledging nine well-qualified men to our chapter and we cannot wait to welcome them with the honor and privilege of full membership. This term we have been renovating our shelter yet again giving her a well deserved fresh coat of paint along with rejuvenating our sand volley ball court and installing a drainage system. Before the term even started, a couple of our members helped out with a fundraising dinner for the Muscular Dystrophy Association that was held with the Flint Generals hockey team. Also, we have been raising money for a school-sponsored Relay for Life event along with a few other community outreach events. While we have worked very hard this term, we are all looking forward to our brotherhood retreat that is soon approaching on May 4 and 5.

EPSILON MU

Ball State University

FALL 2006 CHAPTER REPORT

With the newly instated new member education program in act, we were able to recruit 18 men and retain 100% of them. This change has required a major modification in chapter operations and the undergraduates have handled the transition well. The program has gained campus-wide recognition and Epsilon Mu is eagerly awaiting spring recruitment. President Bob Rutherford has set the bar on the Ball State campus as an excellent Greek leader. Vice President Shane Pyne was elected as Order of Omega Greek Honor Society president. Various undergraduates at large such as Kyle Pfieler, Rich Lind and future President Joel Sheets have stepped up to play large roles in the typical day-to-day operations of the chapter.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

SPRING 2007 CHAPTER REPORT

This semester we paired with the Alpha Omicron Pi Sorority and held an Easter egg hunt for 50 local kids from the Boys and Girls Club. This spring we initiated five new members into our fraternity. Our chapter held our annual Parents Auction. We raised over \$800 for our chapter and all of our parents were able to spend an afternoon at the shelter with us.

EPSILON NU

University of Missouri at Rolla

FALL 2006 CHAPTER REPORT

We initiated eight solid men who achieved an average midterm grade point average of 3.53. We celebrated our 40th anniversary this Homecoming. We had an excellent showing of alumni support, including some founding members and our guest speaker was International President Dr. Kenneth "Rock" Clinton. This semester we hosted our biggest philanthropy event of every year, the Haunted Maze. This was the 12th annual Haunted Maze and it was one of the most successful—we raised over \$1,400 for local charity. Our chapter had a good showing at the annual Greek Games this semester, including competing in sporting events, running a game booth for the Linking Hearts benefit and participating in the campus Blood Drive. Our chapter is also showing strong leadership in campus organizations. We currently have five members in University of Missouri-Rolla's Order of Omega including holding the position of president in that organization.

SPRING 2007 CHAPTER REPORT

During our Division Conference meeting last February, we were presented with the Hugh Shields Award, distinguishing us as one of the top 10 chapters in the Fraternity. This is only the second time in our history that this chapter has been awarded such an honor. We are also especially proud of our advisor, Brian D. Booth, who received one of the two Excellence as Chapter Advisor awards for the Western Plains Division. This year also marked the 99th Annual St. Pats celebration at the University of Missouri-Rolla. As expected the weekend-long celebration brought back many of our alumni brothers. We are all looking forward to the St. Pats centennial celebration at what will be a newly renamed university. That's right. Effective the beginning of next year, the University of Missouri-Rolla will be known as Missouri University of Science and Technology. We invite all our alumni to come back to Rolla and drop by for a visit anytime. It's always good to see old and new faces.

EPSILON XI

Western Kentucky University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

EPSILON OMICRON

Colorado State University

FALL 2006 CHAPTER REPORT

This year we have successfully become academic leaders on campus. We were awarded second highest grades on campus this year—a major improvement from 9th place last year. This past year Epsilon Omicron had five members on IFC as administrators or delegates. For the first time an Epsilon Omicron member will serve as IFC president in 2007. Also, this year Greek Life of Colorado State decided to do what is call a deferred Rush. Rush Week was delayed an entire month to our advantage. We exceeded our Rush goal by nearly double. Also we were part of the group that started the first annual Fraternity Congress.

SPRING 2007 CHAPTER REPORT

Our annual Drew Grant Memorial Golf Tournament collected over \$3,000 this year for the Larimer County Suicide Prevention service. We have revitalized our Adopt-a-School program and we are donating over 40 hours a week to help the Poudre Valley school system teach and shape its youth. In addition, our chapter was significantly involved in the university's CSUnity as well as Adopt-a-Highway. Spring is always a challenging recruitment cycle, but we are pleased to report that we have surpassed our goal and have recruited six new members. Epsilon Omicron is most proud of our recently awarded Chapter of the Year status. This is the first time our chapter has taken home this honor. Our chapter can owe its success to the values of hard work, accountability, integrity and honesty.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

EPSILON UPSILON

Marietta College

FALL 2006 CHAPTER REPORT

Of the 18 bids extended during Rush, 17 were accepted and our chapter became the largest fraternity on campus with 55 men. This is the largest roster the chapter has ever achieved. Delts hold five seats on the Student Senate, including vice president and treasurer. Two brothers are on the IFC Executive Board and many others are leaders in GAMMA, the McDonough Leadership Program and Greek Council. Six brothers are resident assistants on campus. We are also extremely proud and grateful for Robert "Fergie" Ferguson, our beloved advisor, who was awarded Chapter Advisor of the Year at the Brickyard Karnea. We sent a contingent of five undergraduates and two alumni representatives to Karnea. Epsilon Upsilon is incredibly proud of its selection to help pilot the Member Education Program that is to be released at the 2008 Karnea in Pittsburgh. Already Epsilon Upsilon has had an educational event on personal finance, arranged and participated in an etiquette dinner in conjunction with the Marietta College Career Center and hosted a quiz bowl with our faculty advisor. The brothers are thrilled to have the opportunity to serve the Fraternity in this nature and sincerely hope that they can provide valuable insight into this program. Most recently the brothers have held their traditional chapter Thanksgiving dinner and were happy to have both the president and provost of the college in attendance.

SPRING 2007 CHAPTER REPORT

Epsilon Upsilon has been thriving in every aspect of campus life and even won an intramural soccer championship. We continue to lead the Member Education Pilot Program. We are still the largest fraternity on campus with 50 men, all of whom are active outside of the Fraternity as well. Our chapter also had a very successful Greek Week, including a victory in Greek Olympics. We also received several awards at Greek Recognition Night, including Greek Man of the Year (Doug Orr), Living the Ritual (Craig Sundstrom), Best New Member (Aaron Berger) and Volunteer of the Year (Bo Richardson). Chapter President, Nick Aylward, successfully campaigned to become the Student Body Senate treasurer for the second year in a row. We also have three members on the Interfraternity Council executive board: Adam Hopkins (webmaster), Tyler Okel (secretary) and Bo Richardson (treasurer). Ashley Wollam was elected to replace the president of the Mid-American Greek Council Association (MGCA) into a new position, the student director.

EPSILON PHI

Southeastern Louisiana University

FALL 2006 CHAPTER REPORT

Epsilon Phi began the year by initiating five new members. These new members have worked very hard and have participated in all events including community service with our Adopt-a-School, Natalbany Elementary, and our main fundraiser of the semester, Pizza Pig-out. Our Pizza Pig-out fundraiser was a huge success. Students and/or faculty could pay five dollars for all-you-can-eat pizza. With over 150 people in attendance, we earned over \$700. Our chapter is proud to report that we have completed over 550 hours of community service this semester or more than 20 hours per man. Epsilon Phi expects to earn over a total of 1,000 community service hours this year. We are also proud to report an earning of over \$400 for an underprivileged family at our Delts Do a Thousand community service/fundraiser event. With the money provided, the children of this family are now able to have a much more enjoyable Christmas. Epsilon Phi has been working hard to bring back a strong support of our alumni. Our biggest accomplishment was the more than 15 alumni who attended our Homecoming football and tailgating event. Epsilon Phi is grateful and proud to have had the honor of Executive President, Dr. Kenneth "Rock" Clinton, and Executive Vice President, Jim Russell, coming to visit us. These gentlemen reported that they heard impressive comments about our chapter from SLU's Greek Advisor and President. We really enjoyed their visit and hope they felt the same.

SPRING 2007 CHAPTER REPORT

Epsilon Phi is proud to have received an Award of Excellence by the Division of Student Affairs of Southeastern Louisiana University for the 2006-2007 academic school year. This is the highest award offered to any organization on campus. Epsilon Phi is very proud of Justin Poche who was recently awarded Greek Man of the Year for his service to the Greek community as a whole. Epsilon Phi is also very proud of Christopher Barcelona was elected SGA Student Body President. Epsilon Phi would like to let everyone know that our hearts and prayers go out to the victims and families of the recent shootings at Virginia Tech. Epsilon Phi would like to wish every Delt a happy and safe summer break and the best of luck in summer recruitment!

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

EPSILON OMEGA CC

Georgia Southern University

FALL 2006 CHAPTER REPORT

Our colony, first pledged in March 2006, and on pace for a March 2007 chartering, has seen unmatched success on campus among Greek organizations. Alumni have had an active and visible presence with the colony and several alumni have spoken to our colony, including Epsilon Omega alumnus and former International President, Carl Brantley. We started the year with a great fall Rush class of 19 men in our first ever Rush on campus. Our colony proved its ability to recruit the best men on campus and this trend continued with a mid-semester pledge class of seven additional men. Joe Law won the Greek God contest and our colony won the Greek Week Spirit Award. Joey Newton captured Zeta Tau Alpha's Big Man On Campus. We made a HUGE splash in our first ever Greek Life Awards Banquet, by bringing home awards for Best Scholarship Program, Best New Member Program, Highest GPA and overall Greek Life Academic Excellence. Colony President Ross Davis won the IFC Southern Greek Housing Scholarship. Spencer Martin has been instrumental in getting our colony's Adopt-a-School program up and running.

SPRING 2007 CHAPTER REPORT

The 18 founding fathers of the chapter have more than doubled their chapter size from 18 to 42. We recently received our charter in only 13 months as colony status. The Chartering Ceremony was highly successful, with over 20 Epsilon Omega alumni returning to support our chapter. We received many awards within Greek Life at Georgia Southern, including highest fraternity GPA on campus. The Southern Conference awarded our chapter for our Outstanding Adopt-a-School, being above the AMA/AFA and for being number one on campus. Epsilon Omega has also been highly active within the community, logging 1,500 community service hours this semester. We also raised \$2,200 for lung cancer through our Smoke-Out for Lung Cancer, a barbecue with local sorority Alpha Delta Pi. Three of the 19 students recognized for outstanding scholastic achievement were members of Epsilon Omega. Our intramurals are becoming more and more successful.

ZETA BETA

La Grange College

FALL 2006 CHAPTER REPORT

With the inaugural season of the LaGrange College football team, we have had many cookouts/tail-gating sessions with our Zeta Beta alumni and their families at every home game. Despite a 0-10 season, support for the football team and Zeta Beta is at an all time high. Homecoming was not only our largest event this year, but also included the induction of Stan Moor (class of 1972) into the LaGrange College Wall of Outstanding Alumni. Many chapter members have been tutoring the students of Hollis Hand Elementary school once per week and we have also had after-school ice cream parties for the students. We pledged 11 men and we are planning to have a formal spring Rush to accommodate the fall sports athletes that were unable to pledge in the fall. After a successful sponsorship drive during spring semester, our shelter has been improved. We were honored at the end of spring semester with the LaGrange College Charlie Lincoln Award for, "Best Organization on Campus." We want to thank all of our alumni for their continued support.

SPRING 2007 CHAPTER REPORT

We kicked off the semester in February with Southern Division. We received the Court of Honor for the eighth straight year and won the Hugh Shields award for the third time within the past five years. We recently had our Greek Week and teamed up with the Kappa Delta Sorority to win second place. One of our members was elected as president of the Interfraternal Council and another was elected as secretary. We continue to maintain leadership among the campus fraternities and set a high standard for LaGrange College. All of our social events, which include mixers, parties and a trip to Panama City Beach with our brothers, friends and supporters, ran smoothly and everyone ended up with yet another great experience.

ZETA DELTA

Texas State University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

Spring semester showed rejuvenation with the start of our new Adopt-a-School program, a program which had not been done in many years. We renovated a children's playground with a sorority on campus. Zeta Delta won TSU's All-University Intramural Sports Championship as well as the Soccer Championship. With a new

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

academic program that stresses brother accountability, the future of the Fraternity looks bright. We are currently making large strides with our alumni program and we are working with local alumni to set up an advisory board. We also finished an ongoing project of installing new siding on our shelter. Zeta Delta also conducted an extremely productive leadership chapter retreat at the beginning of the semester to set goals, make plans and we had a brotherhood-building ROPES course.

ZETA ZETA

Morehead State University

FALL 2006 CHAPTER REPORT

Our chapter is focusing more on community service. We partnered with Delta Zeta Sorority to start a "Big Brother/Big Sister" mentoring program at the local high school for students who are underprivileged, have discipline problems and who are doing poorly academically. The program has been a huge success so far and there are 72 students in the program. We also are involved with a specialized reading program at the high school. We go to the classes every Friday morning and work with the students. We are also involved in Adopt-a-Highway and Relay for Life. During Homecoming, we won the float building competition. One of our new members initiated in spring 2006 has received the Delta Tau Delta Futures Quest Scholarship and will be representing our chapter and Delta Tau Delta in January at Futures Quest in Indiana.

SPRING 2007 CHAPTER REPORT

Zeta Zeta Chapter has gone through hard times in recent memory, but each chapter member has been working diligently toward excellence. Overall, this semester has been a great success. In fact, academically our chapter is ranked second overall for fraternities on campus. Community service has been a strong area of our success. We participated in Relay for Life and received the award for the most money raised on campus. Our primary focus has been Adopt-a-School. We have actually developed a class that will focus on life skills for underprivileged students. We received the Adopt-a-School award for excellence and multiple awards in chapter recruitment/growth at the Southern Division Conference. We have also participated in Adopt-a-Highway and Habitat for Humanity. This semester we did not reach our recruitment goal, but we are confident that we will double our chapter size in the upcoming semester.

ZETA THETA

Villanova University

FALL 2006 CHAPTER REPORT

Zeta Theta is a recognized leader on Villanova's Campus. A member of Delta Tau Delta served as the president of the IFC in 2005. Many brothers are active participants in numerous campus organizations. An article was published in the Villanova Student Newspaper praising Delta Tau Delta for its intramural sports team's accomplishments (we participate in every intramural sport offered).

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

ZETA LAMBDA

Western Illinois University

FALL 2006 CHAPTER REPORT

This semester our chapter is working hard to improve in all aspects. We are steadily increasing our chapter size and initiated 14 good new members. We also placed first place in our university's Challenge of the Fraternities as well as in the Chi Omega flag football contest. We have also done many renovations to our shelter including a new chapter room. Currently one of our members, Blake Antonides, holds the student representative position on the Board of Trustees. This spring we will be hosting our 35th annual Luau. Luau is our alumni weekend where we host a cookout for all alumni who can attend. We are expecting a great turnout this year. We also hosted our 31st annual Big Wheels, which is our philanthropic event. This year the money went to help the Macomb Police Department's efforts to get a new K-9 Unit.

SPRING 2007 CHAPTER REPORT

This year the Zeta Lambda initiated 17 new members. The chapter also received second place in the university's annual Greek Week competitions. The chapter also wishes farewell to the retiring executive board of Brett Button, Alex Hainzinger, Adam DuBree and Zack Oyer. Their leadership has driven the chapter to succeed.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

ZETA OMICRON

University of Central Florida

FALL 2006 CHAPTER REPORT

We are a growing organization and this semester proudly initiated 11 new brothers. Our chapter, in conjunction with Pi Beta Phi and Delta Upsilon, won "Trick or Treat on Greek Street" and placed 3rd overall in this year's Homecoming. Our shelter continues to improve with the addition of a new entertainment area that includes a large screen TV. The first annual "Operation: Toy Drop," our philanthropy to benefit families in need, is in full swing and we expect it to be a great success. Many brothers are also actively involved in "Big Brothers Big Sisters," a program which involves mentoring local elementary school students. Over the past year our chapter has sent 14 members to various leadership retreats, including UIFI and the Sailing Academy. Three of our brothers are resident assistants.

SPRING 2007 CHAPTER REPORT

Zeta Omicron has initiated 24 new members in the last year, which we feel is a huge accomplishment. We hope to have 20 pledges in the fall 2007 term and grow towards the campus average. Community service is beginning to become a focus of ours. We hope to be accepted into the Delta Tau Delta Membership Education Pilot Program which will help the brothers understand the Ritual thoroughly and allow for our members to improve their lives. With the help of alumni, we created an Alumni Speaker Series. We invite alumni to speak to our chapter for the betterment of the chapter members. In response to allegations of hazing at other campus fraternities, our chapter has established a zero tolerance policy for hazing; every Ritual or event has been approved by the Office of Student Involvement. This idea has created a wave of similar actions by other fraternities to reassure the school that not all chapters haze. Also, the current president of Zeta Omicron participated in a Greek Leadership Challenge sponsored by the university to promote Greek unity. Kyle Keefe was selected as the 2007 Greek God.

ZETA PI

Indiana University of Pennsylvania

FALL 2006 CHAPTER REPORT

Our chapter is in the process of building a new shelter. Demolition of the old shelter has begun and the new shelter will be completed by fall 2007. We successfully recruited six new members with the eight-week pledge program in fall 2006. Our chapter teamed up with Tau Kappa Epsilon, Sigma Kappa and Delta Zeta for Homecoming in October. Our team received fifth place overall in the float competition. Our theme was "The Secret Garden." Alumni and undergraduate members recently assembled a new alumni board to oversee the details of the new shelter. A new program has also developed called, "The Alumni Big Brother Program" which assigns each undergraduate with an alumni big brother who has something in common with him. The chapter held a credit card fundraising program in late October that raised around \$300.

SPRING 2007 CHAPTER REPORT

We recruited seven new members with the eight-week pledge program for the spring 2007 semester. A team of five members participated in a Bowl for Kids Sake fundraiser, donating \$150 and 150 hours. We also made an effort to aid the Head Start Family crisis program, which helps benefit underprivileged youth, raising \$105. We got involved in a canned food drive, completing 30 hours of community service, and another 10 hours for hosting a dinner that benefited a homeless shelter. During the weekend of April 27-29, 2007 we held a golf outing for the Chi Alpha Sigma alumni and 23 brothers participated. In addition, all of the brothers participated in Adopt-a-Highway to help clean up the area. This semester we were actively involved in the Interfraternity Council's community service project as a part of Greek Week. We also developed initial plans for the implementation of our own variation of Miss Greek and continued with our Adopt-a-School program at the FACTS school. Omega Deltas proudly became the number one fundraiser among fraternities for Relay for Life as a result of diligent effort from brothers and generous giving from our alumni, raising \$2,146 for the American Cancer Society. We are also proud to announce that we received campus-wide Greek awards in recognition of our Academic Excellence and Community Service. In addition, current Chapter President Ted Gomez was named Outstanding Greek Leader at the awards ceremony.

ZETA RHO

Eastern Illinois University

FALL 2006 CHAPTER REPORT

Throughout the semester we did several community service projects, but the most rewarding was when we tutored children at two different schools here in Charleston, Ill. We also have several men who are coaching

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

boys and girls basketball at the elementary level. Homecoming week was filled with events and fun games. Our partner sorority for Homecoming was Alpha Gamma Delta, who helped us to place 3rd in the Greek division. Our chapter was very proud when Senior Patrick Sweeney was crowned Homecoming king and the queen was a member of Alpha Gamma Delta. We have added 13 strong brothers to our chapter this semester. We have so many men who hold different leadership positions that there are too many to name!

SPRING 2007 CHAPTER REPORT

This semester, Zeta Rho has successfully planned and held its new philanthropy called the Deltona 500. The proceeds from this event were donated to the Bleed Purple Foundation. Members of Zeta Rho have also been helping the community by volunteering as basketball coaches at the local elementary school, as well as holding blood drives and painting a church. The chapter is also preparing to work towards obtaining Eastern Illinois University's Five Star Chapter award for the 2007 year.

ZETA SIGMA

Texas A & M University

FALL 2006 CHAPTER REPORT

In the spring, Zeta Sigma hosted our annual Parents' Weekend at Messina Hof Winery and Resort. Many of our brothers were recognized for their merits and received chapter awards, while the chapter and our parents enjoyed a wonderful luncheon overlooking Messina Hof's blooming vineyards. We had the opportunity to dedicate our conference room to one of our brothers that had passed away the previous year. The "Adam Tilton Conference Room" was dedicated on April 13, 2007. The event was a great success with over 150 guests in attendance. We received nothing but positive feedback from both parents and alumni. We invited our alumni to join the chapter for the Oklahoma/Texas A&M football weekend. Alumni were encouraged to attend a barbecue at the Zeta Sigma shelter Friday night and on Saturday the chapter hosted a tailgate for the alumni prior to the game. Zeta Sigma is very proud of our newest addition to our shelter. Our chapter has put in countless hours building a 30-foot covered porch and stage to accommodate chapter meetings and bands for social events. The new area has been dedicated to the brother that funded the project and is named the "Chase Ward Brotherhood Area." Zeta Sigma recently sent two brothers to the Bethany Leadership Academy. Jason Alaniz is Zeta Sigma's Interfraternity Council representative. Jason Payne and Craig Winkler attended a leadership conference called "Leadershape" at a camp in the piney woods of Texas. Craig Winkler also attended the Delt Leadership Academy in Washington, D.C. this past year.

SPRING 2007 CHAPTER REPORT

More than 30 alumni joined us for Chilifest, an annual chili cookout and outdoor concert that lasts two days. Alumni Weekend was a wonderful success and allowed both alumni and undergraduates to exchange stories and renew friendships. Zeta Sigma is currently working on the development of a philanthropy event, set for production in the fall 2007 semester. We are part of the Adopt-a-Highway program. The whole chapter is involved in Big Brothers Big Sisters. Many members are involved with organizations on and off campus. We are also two-time defending Greek Week Champions.

ZETA TAU

Univ. of NC-Wilmington

FALL 2006 CHAPTER REPORT

We initiated 18 new members this semester. We helped with a successful church restoration, participated in the Lake Wakkamaw Environmental Clean-up, weekly Adopt-A-Spot Clean-up and we had a stellar Semi-Formal.

SPRING 2007 CHAPTER REPORT

Zeta Tau's executive board undertook the finances in the fall semester and made the financial arm of the fraternity mostly an independent outside source that could ensure and verify the collection of dues and payments. As a result, Zeta Tau has recovered thousands in past member debt and even restructured the financial system to allow greater benefit to pay dues upfront. Zeta Tau also put together one of the largest fall pledge classes on the campus. Second semester, Zeta Tau became extremely active in fundraising and raised almost \$4,000 in spring semester. In addition, in spring semester Zeta Tau established a housing fund for future Zeta Tau members. Every one of Zeta Tau's spring pledge class members joined organizations outside of Delta Tau Delta including College Republicans, UNCW Radio, etc. Also, two Zeta Tau members were elected to IFC in '06 and '07, vice president and Rush chair.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

ZETA CHI

U. of Southern Mississippi

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

In March, the Zeta Chi Chapter held the 16th Annual Cystic Fibrosis Sports Challenge. We successfully raised \$23,000 for the cause in partnership with the Mississippi Chapter of the Cystic Fibrosis Foundation. Other fraternities among the Interfraternity Council were amazed at our success in raising such an outstanding amount and have asked us how we did it. This was a huge moral booster for the chapter. Along with numerous other philanthropy events for other organizations we have also been a part of the local Habitat for Humanity. We have also done Adopt-a-Highway cleanups this semester on our stretch of highway here in Hattiesburg. Our annual Adopt-a-School will be held on May 11, for the elementary school's field day. We are striving very hard to make a noticeable difference on the campus and in the local community.

ZETA PSI CC

Stephen F. Austin

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

ZETA OMEGA

Bradley University

FALL 2006 CHAPTER REPORT

Senior Adam Wilt received the "President of the Year Award" from the Interfraternity Council for his outstanding leadership and dedicated service. We worked diligently to reestablish our Housing Corporation in order to capitalize on available property for a new shelter. We had an outstanding Parents' Dinner and Auction and we significantly increased our communication and connection with our alumni. We look forward to hosting the alumni at our 20th Anniversary Celebration that will take place in Peoria, Ill. on April 14, 2007. Zeta Omega organized a benefit concert for Habitat for Humanity that featured the band "Saving Jane." We were also involved in several other philanthropies and student organizations on campus. Brothers held three of the IFC positions. Brothers also held the positions of president of Habitat for Humanity and president of Greek Cru. We made a number of improvements to the shelter including a new brick grill. Zeta Omega was privileged to congratulate our newest initiates on November 18, 2006.

SPRING 2007 CHAPTER REPORT

This semester at The Northern Division Conference the Arch Chapter awarded Zeta Omega with two awards: Exceeding Recruitment Goals and Adopt-a-School. We held a successful Blood Drive for The American Red Cross on April 25 and had excellent participation in various philanthropic events on campus. Brothers hold executive positions as treasurer, construction coordinator and webmaster in Bradley's largest philanthropic organization, Habitat for Humanity. Our Alumni Weekend corresponded with our 20th Anniversary Formal and we had over 60 alumni and families attend to celebrate 20 years of excellence at Bradley. We kicked off the "Zeta Omega Fund" to provide a vehicle for our alumni, parents and current members to donate to the chapter. This fund has already swelled to over \$4,000 mainly because of donations by alumni in support of the 20th Anniversary. This money will go towards shelter improvements and our Housing Corporation so we may one day break ground on a new, permanent Shelter. Zeta Omega was privileged to congratulate initiates on April 21, 2007.

THETA GAMMA CC

Arizona State University

FALL 2006 CHAPTER REPORT

At the beginning of the semester, the pledges started something new by visiting another chapter of their choice. This past September they decided to visit the UCLA chapter over a weekend. Great brotherhood experiences were shared between our colony members and pledges along with the UCLA chapter. We helped the Heritage Park Zoo in Prescott, Ariz. by digging a 200-foot trench for electrical wiring to be run to animal enclosures. During October, we hosted a philanthropy event that involved numerous organizations here at Arizona State.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

We believe this helped bring the ASU Greek community together with other organizations at our school. Our colony is devoted to helping our school, community and the Fraternity as a whole as many times as possible throughout each semester.

SPRING 2007 CHAPTER REPORT

The Theta Gamma Chapter has set a few standards among the Greek organizations at Arizona State University. ****881 We have a "no tolerance" policy for any form of hazing, each member must fulfill 25 mandatory community service hours each semester and we do not participate in philanthropies that involve purchasing alcohol for judges. We exceed the campus average of three community service hours per person and last year our chapter reached over 1,200 community service hours. To make a difference, Theta Gamma has joined an organization that is changing philanthropies at our university. This was the first semester that Theta Gamma has ever conducted a weekly brotherhood called, "Thursday Brotherhood." Some significant brotherhood events included paintball, the comedy club and capture the flag. The Division Conference in San Diego gave the brothers tools to maintain a successful chapter. Arch Chapter granted Theta Gamma's Charter and we organized the Installation Banquet. The Installation Ceremony was by far, the highest point of accomplishment for Theta Gamma. We had support from eight chapters in the Pacific Division and an attendance of over 200 members.

THETA DELTA

Baylor University

FALL 2006 CHAPTER REPORT

We finally clinched the Judge's Choice Award for our 2006 Homecoming parade float. We are very proud of this big accomplishment because Baylor has the largest number of floats entered for Homecoming in the nation. We once again took a pledge class of three solid, great guys that have a lot to offer. A new, very hard working executive board has been selected and is already hard at work. We have many plans for the Fraternity.

SPRING 2007 CHAPTER REPORT

This chapter has definitely been a rough one indeed for Theta Delta. At the beginning of this semester we were put under cease and desist for violation of the MRGs. We then went under a membership review and lost 3/4 of our chapter to suspensions. The 20 active members we have are now on the right path and going in the right direction. We are all working together to come up with a productive pledge program and are very excited about taking our next pledge class in the fall since we were not allowed one this semester.

THETA EPSILON

American University

FALL 2006 CHAPTER REPORT

Last spring, Theta Epsilon maintained its academic excellence by scoring a higher GPA than the University Undergraduate GPA, the Greek GPA and the Fraternity GPA. This semester we plan to score even better. Director of Academic Affairs, Alex Mikulsky, has divided our chapter into teams and the team with the highest GPA will win a prize at the end of the semester. Theta Epsilon continues its work at Amidon Elementary School in downtown D.C. through the Adopt-a-School program and we have been commended in the school newspaper for the program. Philanthropy Chair Matt Schlesinger is also in the process of organizing "Delts Swipe Out Hunger", a program expected to raise \$1,650 in meals to donate to local soup kitchens. Delt Dodge ball continues to be a successful philanthropy event. Last spring Theta Epsilon donated \$1,352 to the Adam Friedman Fund of the Make-a-Wish Foundation and raised \$3,255 including \$1,150 in prizes. This fall, Theta Epsilon drove almost 11 hours to a huge mountain house in southern North Carolina for a brotherhood retreat that included hiking, cooperative games and fun. The Rush team brought in three quality guys this fall. Two of our members are officers in the Interfraternity Council as president and treasurer. Many brothers are involved with either the college republicans or college democrats. Others are involved in the American University Student Government or the ROTC program. Ten brothers are members of the Alpha Lambda Delta Academic Honors Fraternity.

SPRING 2007 CHAPTER REPORT

Theta Epsilon increased its average GPA from just over 3.1 to just over 3.3 today. This is far and above University Undergraduate, AU Greek Life and Delta Tau Delta academic requirements. In the fall, we continued the Adopt-a-School program and this year we focused on landscaping the front of the school to make it look brighter and more inviting. We facilitated a program that allowed us to tutor young students from the school to help them pass their state exams. We participated in Carnations for Care, a fundraiser for the American Cancer Society. Our largest annual philanthropy, Delt Dodge ball, was a huge success and more than

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

\$1,000 was raised for the Make-a-Wish Foundation. In all, we initiated eight men. We are hoping to win another Hugh Shield Award in the coming year.

THETA ZETA

University of San Diego

FALL 2006 CHAPTER REPORT

Theta Zeta began working on starting a new foundation to aid Greeks overcome by cancer when news came that one of the chapter brothers was diagnosed with Stage 3 Hodgkin's Lymphoma. Today, the Bleed Purple Foundation has raised thousands of dollars to aid Greeks this year and was selected by Delta Tau Delta International Fraternity to receive \$150,000 for the Sesquicentennial Philanthropy event next spring. Bleed Purple will also be launching a campaign entitled "UNITE" which is a comprehensive fundraising campaign to raise \$500,000 for Greeks affected by cancer and the financial hardships it endures. Please visit www.bleedpurple.org for ways to get involved and help. Theta Zeta's fall recruitment was also very successful. The chapter continues to grow averaging more than 30 men initiated a year. This staggering growth in numbers has brought the chapter from a mere 12 members three years ago to the largest fraternity on campus with over 75 active members. For the second year in a row, Theta Zeta was won the Dean's Trophy naming it the top fraternity on campus. Areas where the fraternity excelled were Selfless Service, Brotherhood, and High Social Standards. Members have managed to log nearly 1,500 hours of service this fall.

SPRING 2007 CHAPTER REPORT

On Saturday, April 21st, the Theta Zeta initiated 23 new members. This brings the active membership of the chapter to 84. On Saturday, March 24, we held the second annual Delt Dodge ball to benefit the Bleed Purple Foundation. The chapter is in the process of appointing Bleed Purple to be the beneficiary of Greek Week at the University of San Diego in the fall.

THETA ETA

Univ. of South Carolina

FALL 2006 CHAPTER REPORT

The fall pledge class proved to be strong and we initiated 10 men. All of the Intramural teams were very competitive and contended for their respective championships. Brothers held positions in a number of the university's organizations including the IFC Treasurer, Drew Janney. We were proud to have had a large presence in the various philanthropies offered around our Greek community and into the City of Columbia. Preparations for our philanthropy, Fidler 5K, are moving along well. The race will be included in the Tour de Columbia this year.

SPRING 2007 CHAPTER REPORT

We initiated nine new brothers on April 6th and we have already had two guys accept bids for the fall semester in our effort for a 20-man fall class. We had our annual Fidler 5K run to benefit the Leukemia/Lymphoma Society. The event was a great success as we had over 70 runners and raised \$1,200. We also have participated in the university's service day in January and philanthropies with five sororities over the course of the semester. We also had a retreat on April 22 for the executive and administrative boards. Everyone felt that the retreat was very successful in establishing goals for next semester and beyond.

THETA KAPPA

University of Nebraska-Kearney

FALL 2006 CHAPTER REPORT

We have been involved in philanthropic activities including Wood Chip Wednesday, helping our university maintain and improve the grounds and Buddy Bowling, bowling once a week with mentally challenged people (probably one of our favorite events). We also initiated 11 new members this semester. Currently we are gearing up for one of the largest events we have ever done in the spring semester—Delt Dodge ball. We have also proposed to our local IFC the concept of a formal Rush in the fall to help out all the fraternities on campus in their recruitment efforts.

SPRING 2007 CHAPTER REPORT

We participated in events such as The Big Event, Kids Explore and cleaned our section of highway. At the Big Event, we helped the community by picking up branches from the winter ice storm, raked leaves, washed windows, painted walls and tore out a wooden fence. At Kids Explore, we helped an Omaha business give free eye exams to help prevent childhood blindness. We are also the proud new owners of the Nester Cup. This cup

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

signifies the fraternity with the highest GPA on campus. We were very happy to receive this award and we are looking forward to keeping it around our house for years to come.

THETA LAMBDA

UC-Riverside

FALL 2006 CHAPTER REPORT

For the second quarter in a row, Theta Lambda's cumulative grade point average has been above a 2.9. This is by far the highest in years. The minimum grade point average for a pledge to initiate has been raised to a 2.7, and we hope that this will help us reach our goal of a 3.0 cumulative average in the coming year. We have once again organized the campus' most successful philanthropy event. Last spring, Delta Queen raised over \$15,000 dollars for the City of Hope cancer research facility. Our latest Rush has been very successful. We extended 22 bids and had 14 acceptances. The formal Rush process was smaller this year, only 80 men went through. Though our Rush goal of 20 ended up being quite lofty while competing with eight other fraternities, we're happy with our Alpha Delta pledge class.

SPRING 2007 CHAPTER REPORT

Our Delta Queen event has raised the most money ever, a grand total of \$36,567.13 a \$12,000 increase over the previous year. We also established the Jeremy Harrison Scholarship Fund at UC Riverside in memory of our brother who lost his battle with cancer, but for us sparked our lifelong relationship with the City of Hope Cancer Research Center. We have an active member of our chapter who is now the Interfraternal Council president.

THETA XI

Eastern Michigan University

FALL 2006 CHAPTER REPORT

We had the largest pledge class we've had in many years and they are very involved in the Fraternity's activities. We attained the highest grade point average, for the second semester in a row, among all fraternities on campus with over a 3.1 average. We are also number one on campus for the second year in a row after top finishes in softball, ultimate Frisbee, soccer and a championship in football. We jumpstarted the "Blow Up a Balloon for Lung Cancer" campaign. This campaign has raised hundreds of dollars over the semester to benefit the American Cancer Association. We would like to ask all of our alumni for their participation in our new Alumni Mentor Team that will build relationships with committee chairs over the next year in mentoring the new Executive Board. Any further questions, comments or concerns can be directed to President Trevor Allen at trevor.royston.allen@gmail.com.

SPRING 2007 CHAPTER REPORT

For the third year running, Theta Xi has received the "Chapter of the Year" distinction. This year it was for achievement in academics, athletics and values integration. Theta Xi logged an average of 100 hours per month at Adopt-a-School. The result has been an outpouring of support and praise from parents and Estebrook Elementary. Events hosted by Theta Xi and the resulting outcomes: Miss Greek - Self-promoted by our chapter and run with competing sororities in a beauty pageant-style scholarship program. The fundraising produced \$4,000 of revenue and allowed for \$1,200 of donation to Karmounis Cancer Institute. This event is now a permanent event for the annual Greek Week. Bleed Purple - "Shave a Head, Save a Life" was the title of our Bleed Purple campaign. We raised over \$1,000 for Bleed Purple. Brothers and inspired students offered their heads in a silent auction for donations. University Administration congratulated our efforts. We even had a faculty member place their head on the block! IFC Vice President of External Affairs, Matt Jones is a member of our chapter. Cory Beadle is Captain of the Cheerleading Team. All Theta Xi Delts are involved in outside organizations and more than two thirds hold positions of authority. For the last four years we have manned phones and taken part in morning talk radio to raise over four million dollars during THAW Radio-a-Thon and 1,800 homes this past semester had heat due to our efforts. Faculty Advisory Team - a newly established Task Force has been implemented to help better Greek life on campus. Greek Standards and Assessment Program - Tom Warren, IFC executive vice president and Theta Xi sergeant at arms, pushed for GSAP on our campus. We were evaluated a total of nine times with a possible score of 45 points and we earned 45 points. We have five brothers involved in the ROTC. Every branch of the military other than the Coast Guard and Navy has a Theta Xi Delta ready to serve our country. One of our members, Richard Chapman, is an infantry man. The other brother, Sergeant E-7 James Zolynski, is soon to be honorably discharged after serving one tour of duty as E.R. Medic in Iraq.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

THETA OMICRON

Univ. of Northern Colorado

FALL 2006 CHAPTER REPORT

We started the year off great by having one of the biggest Rush classes our chapter has had in a few years. We teamed up with Alpha Omicron Pi to win the Homecoming competition. We once again won the football championship by defeating Delta Chi. This year we added philanthropy to our football by participating in a program called "Touchdowns for Tots." Spectators, local businesses and our chapter donated money for every touchdown scored. Our chapter raised more than \$700 for the Make-a-Wish Foundation. We are currently involved in Adopt-a-School with 4th graders at Shawsheen Elementary.

SPRING 2007 CHAPTER REPORT

Currently we have three brothers that serve on the Interfraternity Council including president. Theta Omicron has two ice hockey players, one soccer player and one lacrosse player. Jeremy Walsleben was awarded the 2006-07 Student of the Year Award. He also received that Beta Gamma Sigma Scholarship awarded to the top Academic/Involved Business Student at Monfort College of Business. Jeremy was recently hired as the 2007-08 Affirmative Action Equal Opportunity Facilitator (AAEO) for student government. Austin Nielson is legislative affairs vice president and represents student interests for the university at the state capital. Jordan Lamb is academic affairs vice president. He will be in charge of \$40,000 in student conference grants and represents the student body at faculty meetings. Justin Puckett is diverse relations vice president and represents the diverse community on our campus. He will be the chairman of the diversity council. Brian Weberg is the finance vice president on student government.

THETA RHO

University of Dayton

FALL 2006 CHAPTER REPORT

Theta Rho would like to welcome our new Alumni Advisor, Dan King, a Delt from Eastern Michigan University! Theta Rho would also like to congratulate our three new brothers from the fall semester. Our Fall Alumni Weekend had a lot of support from many visiting alumni. Theta Rho will be celebrating its 10th anniversary with its Alumni Weekend and its Annual Golf Outing during the weekend of April 20, 2007. If you have any questions, please contact our Alumni Chair Jason Schafer at Schafer.Jason@gmail.com or visit <http://daytondelts.blogspot.com/>.

SPRING 2007 CHAPTER REPORT

A new executive board has provided the motivation needed by Theta Rho to get the chapter moving toward success. Daniel King, the new chapter advisor for Theta Rho, has also helped the brothers both in strengthening their Ritual and providing guidance. The Psi pledge class, initiated in spring, was the largest in chapter history. The chapter made a large contribution to the University of Dayton's annual Drive 75 canned food drive, receiving recognition for the most cans donated by a group over 50 members. The chapter has also brought back its Adopt-a-School philanthropy at Patterson-Kennedy Elementary School. We enjoyed a newly renovated shelter, with thousands of dollars of renovations made over the summer of 2006 including new paint, carpeting and flooring.

THETA TAU

Moravian College

FALL 2006 CHAPTER REPORT

Our Thanksgiving feast and the support given to brothers in their academics, sports and campus organizations have strengthened our chapter. We revived our Adopt-a-School program this year. This year, there are six brothers directly involved in the Moravian's Vespers church service and 16 brothers are volunteering. Theta Tau is busily working to ensure the success of this year's memorial golf tournament, held in memory of the chapter's late brother, Christopher Seifert.

SPRING 2007 CHAPTER REPORT

We hosted our eighth annual Purple and Gold alumni weekend, we took an active part in Relay for Life and also kept up our commitment to Adopt-a-School. Our greatest accomplishment was the huge success of the 4th annual Christopher Seifert Memorial Golf Tournament. We raised over \$8,000 for his son's college education thanks to the hard work of friends, alumni and brothers. This brings our total raised to almost \$40,000.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

THETA CHI

Muhlenberg College

FALL 2006 CHAPTER REPORT

After graduating 18 seniors last spring, we initiated 10 new, outstanding members. This semester, Theta Chi worked with the Jefferson Elementary School and the Boys and Girls Club during Halloween and Thanksgiving festivities. We successfully ran our third annual campus-wide dodge ball tournament attracting over 100 participants. We recently elected members into new positions, including Justin Matulay as our new president. We hope to launch our Alumni Board next semester. Our past president, Aaron Weintraub, with the help of the IFC and Pan-Hellenic boards, recently helped institute and lead a "Greek Neighborhood Cleanup" in the surrounding Muhlenberg community. Every other week or so a different chapter literally cleaned up the neighborhood and interacted with community members. There has been extremely positive feedback from the school and community. More and more Theta Chi members are getting involved on campus including clubs and student council. Both the student body president of Muhlenberg and the vice president of the junior class are members of Theta Chi.

SPRING 2007 CHAPTER REPORT

Ryan Campbell is the outgoing student body president, a position he turned around from previous years through a more open approach to operations. Soham Desai started a club called Students Against Sex Crimes and is now the president. Many of our members have also joined in his effort to prevent sexual assault on our campus. William Wainwright was elected IFC vice president where he was able to plan a successful Greek Week and help to revamp the current recruitment process. Ross Belfer, with the help of the chapter, organized a benefit concert for the Jolie Foundation to provide surgical support for Chinese orphans. The event raised \$1,400. Continuing in our upward trend of community service from last semester, Mike Usher nearly doubled our hours.

THETA PSI

Albertson College of Idaho

FALL 2006 CHAPTER REPORT

We initiated six new members, the most of any fraternity at Albertson College. On December 1st, we will be holding our Winter Charity Ball to benefit Toys for Tots; an event deemed "Event of the Year" by the college last year. This year, we have further expanded the event and hope for even greater success. We participated once again in ringing bells for the Salvation Army. The acquired funds help to provide assistance to the poor in our community.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

THETA OMEGA

Northern Arizona University

FALL 2006 CHAPTER REPORT

This semester we recruited eight new members, recruiting over half the size of the chapter. Twelve members attended our Fall Formal in San Diego and enjoyed a dinner cruise on the San Diego Harbor. The future looks bright for Theta Omega and we are really excited about the new executive committee.

SPRING 2007 CHAPTER REPORT

This semester we continued to strive for strong recruitment and we nearly doubled our size from last year. We have also vastly improved our Adopt-a-School program and have increased overall chapter participation in philanthropy events. Our greatest success was making our chapter financially sound giving us more opportunities.

IOTA ALPHA

DePaul University

FALL 2006 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

IOTA BETA

Wittenberg University

FALL 2006 CHAPTER REPORT

We have been the leaders of Greek life on campus by having three brothers elected to executive positions on the IFC. We have also been active on campus by having three members elected to Student Senate. We have athletes on most varsity sports on campus including, football, cross-country, golf, swimming, track and baseball. We have brothers that are involved in a variety of club activities like mock trial and rugby. Even while being so involved we have been able to maintain over a 3.0 GPA. We have been participating in Adopt-a-School and have recently been working with the local YMCA to help coach children's sports.

SPRING 2007 CHAPTER REPORT

We will be utilizing a local fire department's philosophy on team building and leadership training in hopes to bring a 'real world' perspective into the chapter. We have several members that hold leadership positions in IFC, Order of Omega, Greek Standards Board and the Greek Week Organizing Committee. Two members work as teaching assistants in the Biology Department and one works in the Economics Department. Several members also conduct research with professors in the Biology Department and have presented their research at various universities. Student Senate currently has four members serving as president, treasurer, faculty student coordinator and in publicity. Several members are varsity captains in swimming, track, cross-country and one in rugby. Members took trips to Georgia and Louisiana as well as working within the city of Springfield with Habitat for Humanity. Two members are Emergency Medical Technicians both as volunteer and paid members of a local fire department. At the Wittenberg Honors Convocation, members were inducted into Phi Beta Kappa, Omicron Delta Kappa, Pick-n-Pen, Mortar Board and several varsity athletes were rewarded for their work on the athletic field and in the classroom.

IOTA GAMMA

Wright State University

FALL 2006 CHAPTER REPORT

We are proud to have put on the inaugural Miss Wright State University. The event raised over \$600 to benefit our Adopt-a-School program. We will be refurbishing Fairborn Primary's playground while we are participating in the Ohio Reads program. Iota Gamma is also once again Greek Week champions. Iota Gamma has won Greek Week eight of the nine years we have been on campus.

SPRING 2007 CHAPTER REPORT

We have recently completed Relay for Life for the American Cancer Society and raised over \$1,500. This amount ranked fourth among all participants and first among the Greek community. The majority of these donations came from our Annual Fundraiser called Egg-A-Delt. This is where one brother at a time stands behind an Egg-A-Delt board with a hole which you put your head through. We were recently nominated for the Outstanding Community Service Award for our involvement with Relay for Life. This is an award given once a year to a student organization that shows exemplary community involvement. We are also participating in a Heart Walk to raise money for the American Heart Association and so far we have raised over \$4,500. We also made blankets for Project Linus once again in April.

IOTA DELTA

Quincy University

FALL 2006 CHAPTER REPORT

We hosted a blood drive, our Hall-O-Boo event that provides a safe environment to trick-o-treat on campus, a Jell-O Wrestling fundraiser for our adopted school and we teamed with Big Brothers, Big Sisters. With over 75% of our brothers paired with a 'little', we recognize that the need for strong leadership goes well beyond on the university and that developing future leaders begins with an investment in our young people.

SPRING 2007 CHAPTER REPORT

We have continued our efforts within the community by maintaining our participation in the Big Brother, Big Sister program as well as hosting another Red Cross sponsored blood drive. In addition, Iota Delta is proud to report a large and high quality pledge class of 10. This is significant growth in our chapter. We increased our efforts to maintain the strong bond of brotherhood through such activities as poker tournaments, camping and boat trips.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

IOTA EPSILON

Chapman University

FALL 2006 CHAPTER REPORT

At the end of the most successful Rush we have ever had, we welcomed 21 men with great potential. Brad Bybee planned and executed the first ever Parent's Appreciation Brunch at Newport Harbor. Chapman has a Parent's Weekend in mid-October and the members of Iota Epsilon unanimously agreed that this was an opportunity to build off of Chapman's event. Iota Epsilon raised nearly \$1,000 from parent donations and raffle ticket sales alone.

SPRING 2007 CHAPTER REPORT

During our spring Rush, we gained five new members with a total of 24 new men this year. Our chapter has the highest GPA for both fraternities and sororities (3.36 cumulative). Iota Epsilon also continued its philanthropy of Adopt-a-School at Cambridge Elementary. We had three brothers elected to be on our student senate. We also have a large amount of members who are going to be orientation assistants (OA) for the incoming class of freshmen this summer.

IOTA ZETA

Virginia Polytechnic Inst. & State Univ.

FALL 2006 CHAPTER REPORT

The chapter started off the semester with a successful Rush, pledging 10 new members, including two individuals from Virginia Tech's Corps of Cadets. The chapter also set out to correct its financial situation and was very successful in restructuring its financial and collections policies. Iota Zeta was successful in acquiring a shelter and we are very excited to be moving into Oak Lane, Virginia Tech's on-campus Greek housing community in August 2007. One of Iota Zeta's newest brothers, John Welch, was elected to the public relations position on the IFC executive board and while he was a pledge he co-chaired the chapter's housing committee. Welch was very involved in our chapter's acquisition of a shelter. Our chapter has just elected a new executive board filled with strong leaders. Matthew Sweede was diagnosed with testicular cancer and spent most of his summer going through chemotherapy treatments. Upon returning to school he resumed his position as a resident advisor as well as his position as our chapter's director of Academic Affairs. He remains one of strongest brothers academically and also serves the National Fraternity as an Undergraduate Council Representative. We have continued to support our adopted school, Harding Avenue Elementary, by participating in diverse activities including Chess Club, Lego League, Movie Nights and the school's Fall Festival.

SPRING 2007 CHAPTER REPORT

We would first like to thank all of our brothers across the world for their words of concern and comfort after the terrible events of April 16. We are happy to report that we had our largest recruitment class in the fall since we received our charter. In the upcoming fall, we will be moving into our house to usher in our 5th year anniversary. Our 5th anniversary will be held the weekend of November 16-18. If you would like more information on our anniversary, please contact Chandler Douglas at bluewolf@vt.edu, CJ Neagle at cangl@vt.edu, or Matthew Mateo at mateo@vt.edu. We came together to participate in the Relay for Life held at Virginia Tech on April 20, 2007. We raised \$6,215 and were fifth on campus for organizations participating in the event.

IOTA THETA

Kennesaw State University

FALL 2006 CHAPTER REPORT

We initiated 11 new brothers on November 5. We were also the first place winners of Homecoming, placing first in almost all events. KSU ice hockey team member Rod Johnson has helped lead KSU to the number one standing in the south with huge wins. Our chapter assisted Student Government and Student Government President and Delt, James Touchton, with the placement of 3,000 American flags on campus as a memorial to those who died on 9/11. Jonathan Wagner and Nick McMillan served their final semester as president and vice president of IFC.

SPRING 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

FALL 2006 AND SPRING 2007 CHAPTER REPORTS

IOTA IOTA CRESCENT COLONY

John Carroll University

FALL 2006 CHAPTER REPORT

We pledged 12 outstanding men, a number more than any other fraternity on campus and twice as much as the colony's best recruitment effort to date. Our Adopt-a-School program has been successful with the 6th graders at nearby Wiley Middle School. We collected over nearly \$200 and used it to donate much needed supplies to the LABRE project, a group who feeds the homeless a few times a week. We are poised to continue our success and receive our charter within the year. Two of the five Interfraternity Council (IFC) executive board positions are Delts. The director of programming for student government, Greg Lucsko, is a Delt. We have two members, Jeremy Burkhart and Andrew Reeves, who are have contracted with the United States Army, and will receive their commission as officers upon graduation. Bobby Mitton and Paul Purdy, founding members of the sexual assault education group "One in Four", talk to groups on campus about what men can do to help stop sexual assault. In fact, it could easily be said that all 28 Delts at Carroll are leaders.

SPRING 2007 CHAPTER REPORT

John Carroll Crescent Colony is no more! On Saturday April 28, the Delts at JCU were finally initiated into full membership with Delta Tau Delta as members of Iota Iota Chapter. After three long, often difficult years as a colony, they accomplished what the original alphas set out to do in February 2004. Faced with the prospect of being shut down if they didn't recruit enough guys, the men of Iota Iota rose to the challenge bringing in 10 new members and securing our spot as the newest chapter in the Northern Division. The Ritual was beautifully conducted by nearby Zeta Chapter at Case Western, and a big thank you goes out to them for their time and effort. Iota Iota would also like to thank all those people who helped to make this day possible, including Mark Starr, Chris Jellen, Don Kindler, Dan Pocase and the Central Office staff. The Delts would also like to express their gratitude to their parents for their constant support and help in making it all possible. Iota Iota looks forward to the years ahead as a chapter in the international brotherhood that is Delta Tau Delta.

APPALACHIAN STATE CC

Appalachian State University

FALL 2006 CHAPTER REPORT

Although formal pledging for all our members just took place on November 10, the Appalachian State University Delts have already started making a name for themselves on campus and in the community. With 67 brothers and an overall GPA of 3.18, Delta Tau Delta is already the largest and most academically successful fraternity on campus! Many brothers have made community service contributions to organizations and fundraising events like Dance Marathon, Adopt-A-Street and Children's Playhouse. Plans have also been established to set up an ongoing service relationship with Oasis, a local charity dedicated to ending domestic violence, and Watauga Youth Network, to work with underprivileged children. Chapter meetings have been busy with setting up committees, budgeting funds, pledge education and establishing bylaws. We have set high goals for next semester including a 3.25 chapter GPA, 1,000 hours of community service and at least 20 new recruits.

SPRING 2007 CHAPTER REPORT

Delta Tau Delta continues to be the largest and most academically successful fraternity on campus! An amazingly talented and driven group of young men comprised the pledge class that was just recently initiated. The Appalachian State University Delts took a very successful Brotherhood Retreat to the coast that was filled with relaxation, bonding and community service. When the founding fathers worked to establish this fraternity at Appalachian State University last semester, we set some incredibly high goals that many believed could not be reached. We have exceeded many of these goals in just one semester and proved the magnitude of this chapter's future impact on the campus, in the community and on the Fraternity as a whole.
