

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

ALPHA

Allegheny College

FALL 2007 CHAPTER REPORT

Alpha continues to excel at Allegheny College. The chapter is recognized as the leaders on campus in academics, with the highest fraternity GPA for a fourth consecutive semester and the highest chapter GPA since 2001; in philanthropy, by contributing more to community service and philanthropy than any other fraternity; and in campus involvement, with nine brothers serving in the Allegheny Student Government, and nearly half the chapter holding one or more executive positions in their respective college organizations. The recognition has paid off for the chapter, with an extremely successful recruitment period coming to a close as the semester winds down. The brothers also cheered on the Allegheny Men's Rugby Team, of which many members participate, to a second consecutive division championship. Delts also took the chapter's Intramural Hockey Team to second place in the playoffs. The chapter would also like to encourage alumni to keep their calendars marked for April 26 to note the date of the Annual Alumni Golf Tournament, and keep an eye on your mailbox for more information as the date approaches.

SPRING 2008 CHAPTER REPORT

This semester has been a very successful one. It began with a trip to the Eastern Division Conference, after which we returned home with a Hugh Shields award. The success continued as our recruitment efforts helped expand the chapter by 17 new members, who were initiated and became brothers at the end of March. This pledge class is the largest Alpha Chapter has seen since re-colonization. On April 26, we hosted our Seventh Annual Anthony J. Lo Bello Alumni Golf Tournament, which is named for our current chapter advisor. The tournament had nearly 20 alumni returning to play golf and to join us for dinner.

BETA

Ohio University

FALL 2007 CHAPTER REPORT

The Beta Chapter has moved into the former Phi Mu house as we renovate the old shelter from University Terrace. Through the fall, three new members have been initiated and 18 have started pledging, leaving us in the top three for fraternity fall recruitment. The chapter has received a new consultant helping us toward a stronger chapter and we have elected a new social chair and philanthropy chair. We teamed up with Alpha Xi Delta and Phi Kappa Theta for homecoming where we constructed a float placing within the top five homecoming floats. The brothers have stayed in competition with athletics putting teams up for all the intramural sports and academics through achieving a higher average GPA than all-fraternity average on campus. To help the community we have been cleaning a highway that we adopted a few years back and helping out the local school by donating a few hours a week to hang out with students and help with homework. Also to give back to the city of Athens we have helped out with the First Methodist Church that is right next door to the shelter in giving out food at nights and establishing a good relationship with the church.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

GAMMA

Washington & Jefferson College

FALL 2007 CHAPTER REPORT

Gamma Chapter is proud to report the completion of a successful semester. The chapter hosted two alumni events over the past semester and enjoyed high participation at both. Homecoming took place the weekend of Oct. 5-7 and featured activities such as the meeting of the Alumni Corporation, Brotherhood Sing and the Homecoming Parade. On Nov. 17, the undergraduates and alumni assembled for a Thanksgiving meal that included deep-fried turkey and all the fixings. The chapter has been likewise active in philanthropy events. Three of the chapter's most successful philanthropic endeavors include the annual See-Saw Marathon, Phantom Fright Nights at Kennywood and the Light the Night Walk. Brothers see-sawed continuously for 24 hours with the Sisters of Delta Gamma and we raised just over \$700 for Bleed Purple. Additionally, brothers volunteered at Kennywood's Phantom Fright Nights over the Halloween season and raised an additional \$600 for Bleed Purple. Finally, Gamma Chapter teamed up with the Sisters of Kappa Alpha Theta and the Brothers of Alpha Tau Omega to raise money for and participate in the Light the Night Walk in Pittsburgh, which benefits the Leukemia and Lymphoma Society. The chapter continues to value academics and is currently second among fraternities on campus in cumulative GPA. Recruitment is well underway and the chapter continues to host

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

events looking for the best and brightest to join our ranks of 40 brothers and continue the fine traditions of Delta Tau Delta.

SPRING 2008 CHAPTER REPORT

This year Gamma Chapter celebrated many accomplishments. At the Eastern Division Conference in Syracuse, N.Y., Gamma Chapter was rewarded with its 10th Hugh Shields Award and several other awards including Recruitment and excellence in the Ritual. Gamma has also initiated 15 brothers and already is seeing immense amounts of involvement from its new brothers within the house. Gamma Chapter is also active on the Washington & Jefferson campus. This spring Gamma Chapter raised nearly \$900 for Bleed Purple by having brothers participate in a head shaving auction. Gamma Chapter continues to grow in size each year and continues to become a leader in campus involvement as well. Gamma Chapter is also launching a new website for both the undergraduate and graduated brothers. This new website will feature current events at the shelter along with important alumni information. The address for the website is <http://www.gammadelts.org> and it will be up and running by July.

DELTA

University of Michigan

FALL 2007 CHAPTER REPORT

This fall has been very productive for our young colony. Fall rush was exciting as we got our first opportunity to recruit our own pledges. We successfully recruited 11 outstanding men. From this point on we have been conducting a large-scale recruitment project revolving around strategies used by the Central Office. We hope to add 10 to 15 more men between now and our spring installation.

In the mean time, we have been busy with the day-to-day activities of starting and running a chapter. We have had constant communication with our alumni and we work closely with the Central Office. Our brotherhood bond has grown stronger. In the past year, we have grown closer and have shared countless good times together. We won the sing and variety competition in Greek Week in the spring of 2007. We had a successful date party with the sisters of Alpha Chi Omega and our intramural football team went 4-1, missing the championship game by one point. Lastly, we were granted full fraternity status by the Interfraternity Council.

Campus involvement has increased steadily for our members this fall. Some of the underclassmen have taken it upon themselves to join the Junior Interfraternity Council. Other brothers are involved in various campus wide philanthropy organizations such as The University of Michigan Dance Marathon and the Make-a-Wish Foundation. One of our biggest strides this fall came at the end of the November, when one of our members was elected to the Interfraternity Council Executive Board. This is an enormous honor and it reflects the respect that the fraternity presidents and current IFC board have for our young chapter.

SPRING 2008 CHAPTER REPORT

The past semester at the University of Michigan was a time of great pride for Delta Tau Delta. Wolverine Deltas and their alumni both rejoiced as Delta Tau Delta officially returned to campus as a full chapter for the first time since 2001. March 29, 2008, was a special day as the Charter was signed, officially recognizing our group from colony status to being the Delta Chapter. Much planning went into this day. An installation committee was formed to prepare our chapter to be installed, performing tasks such as building Ritual equipment, sending invitations to alumni, and reserving a venue for the banquet. Alumni in attendance represented chapters from across the nation and we were honored by having our neighbors Theta Xi of Eastern Michigan performed the ceremonies.

Our chapter also remains loyal to recruitment as our bloodline, allowing our director of recruitment and his committee to interview and extend bids during non-rush periods. This helps to strengthen the philosophy that recruitment is "365." Our recruitment goal for fall 2008 is 30 or more solid pledges. We plan on reaching that goal using a series of informationals, each of which will intensify prospective member's interest in Delta Tau Delta. We feel there are many men on campus who given the right circumstances would be interested in Greek life. Using the informationals, along with our year-round recruitment policy, and new innovative events we feel confident we can recruit 30 new members.

The Delta Chapter put together a team to represent Delta Tau Delta in raising money for Relay-for-Life at Michigan. Relay-for-Life is a philanthropy event that raises awareness and money to fight against cancer. Shifts were put together for our representatives to walk around the track in the relay and to man our campsite for the entire 24-hour event.

Delta Chapter also achieved excellence on the basketball court as we won the Fraternity AB Intramural Basketball Championship.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Delta Chapter will be tailgating before home football games with Alpha Delta Gamma at the shelter this fall. This is impressive considering this will be our first year living in our shelter, and the Delta Chapter beat out three other established fraternities on campus to receive this honor (Lambda Chi Alpha, Delta Upsilon, and Triangle). Please visit for good times. This fall Delt will also be organizing a Greek-wide tennis tournament to benefit charity, more details coming soon.

To conclude, it is safe to say all the brothers love finally living in the remodeled shelter at 1928 Geddes. Thank you to all of the alumni who helped make this possible. Our chapter meetings are at 6:00 every Sunday during the school year. Please stop by and share your funniest Delt memory. Need to contact the Delta Chapter? Brandon Geiger: geigerb@umich.edu.

EPSILON

Albion College

FALL 2007 CHAPTER REPORT

It has been another exciting and action-packed semester for the Epsilon chapter of Delta Tau Delta. We have been actively participating in many philanthropy programs benefiting the Albion community throughout the semester. These programs include volunteering to be mentors at Star Commonwealth (a state-appointed high school), as well as mentoring for kids at the local Harrington Elementary School. We did not initiate any new members to the house during the fall semester, but are anxiously looking forward to a promising rush in the spring. We have built up a strong rush base by holding many successful rush events. These events include a Guitar Hero competition and Monday Night Football dinner events. We have completed a complete renovation of our active room, complete with a new pool table, couches, plasma television and surround sound system. Upcoming events that we are looking forward to in the spring semester include the Greek Week competitions, our annual philanthropy event "Snow Bowl," and most importantly our bid dinner for prospective pledges.

SPRING 2008 CHAPTER REPORT

There have been many exciting events throughout the spring semester in Delta Tau Delta Fraternity. We initiated a pledge class of 14 members on April 20. We also held our annual Golf Outing on April 26 at Duck Lake Country Club in Albion, Mich. Also, we switched our philanthropy from Albion Interfaith Ministries to The Patriot Guard, a group that gives scholarships to the families of fallen soldiers. We are also very excited about the prospects of our newly renovated Active Room. The renovations include a new pool table, a brand new tile floor, new couches and chairs, and a new television with surround sound. We also had a fun and successful Greek Week, which took place during the week of April 7. We finished second place in the annual Mock Rock event, which is a choreographed dance performed by members of the sororities and fraternities.

ZETA

Case Western Reserve University

FALL 2007 CHAPTER REPORT

This semester, Zeta Chapter focused much of its efforts on a weekend celebration of 125 years at Case Western Reserve University. Over 70 alumni came to the various events, including a golf outing, homecoming game, BBQ at the shelter, a night downtown and a formal dinner. The weekend was a great success, and the actives were proud to host so many alumni from all over the country. Zeta was awarded the top GPA on campus this last semester, a rise from fifth place last semester. The chapter was also the first place winner of Delta Gamma's Anchor Splash for the second year in a row. Among these awards, we are working hard on campus and in the community; most brothers are active in multiple organizations on campus, with some even creating new organizations to promote resourceful energy consumption and donate meals to the homeless. We volunteer at a local school five days a week and participate in the aforementioned food drive once a week. For more information, please contact corresponding secretary Balaji Ayer (balaji.ayyar@case.edu) or President Matt Requentina (mdr18@case.edu).

SPRING 2008 CHAPTER REPORT

It has been another exciting and productive semester for the Deltas in Zeta Chapter at Case Western Reserve University. We continued our academic programs such as study tables and academic teams, and this semester we maintained a strong overall GPA of 3.337. However, our greatest accomplishment this semester lies in our philanthropy programs. We continue with the Adopt-a-School program at a local school during the week, while also volunteering at the Great Lakes Science Center on the weekend. This semester, we also started volunteering at Rainbow Babies Hospital, which seems to be especially popular among the brothers. We interact with the children and help decorate different areas of the hospital. Additionally, we organized a

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

highlighter social in the middle of the semester. Students came to our shelter, made donations in order to receive highlighters and glow sticks. We raised over \$390 for Students Against Drunk Driving (SADD). Finally, Case Western holds an annual Greek Week competition. Zeta Chapter is happy to report that we were fourth overall against over 15 fraternities.

THETA

Bethany College

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Brothers of Theta Founding Chapter helped Big Brothers, Big Sisters with organizing a laser tag and bowling event with local children. Our house was an active participant in the Red Cross blood drive. Three members participated in the Project Red fashion show, which helped raise money for Aids research. On April 16th the brothers organized a sexual assault seminar with involvement from the school and Brooke County sheriff department. When warm weather arrived, the Buildings and Grounds crew and Alumni were invited to a cookout. We also welcomed three new members into our house. Senior brother William Seelhorst won the Entrepreneurship Award and Delta Tau Delta's house GPA was higher than the all-male average. Some house events on the horizon include a picnic for Big Brothers/Big Sisters, our fundraising "Delt Rescue Packs," and road cleanup.

KAPPA CC

Hillsdale College

FALL 2007 CHAPTER REPORT

After a five year absence, Hillsdale College is proud to have Delta Tau Delta back on campus. The founding members of Kappa Crescent Colony were inducted Nov. 9, in the Phillips Auditorium. After several weeks of recruitment efforts by representatives from the Central Office, 33 young men pledged Delt. The new members were drawn from all areas of the student body with the common goal of living lives of excellence. This is reflected in the colony motto they drafted at their first brotherhood retreat: "Strength in unity, service through leadership, integrity by faith." With a supportive alumni base, strong internal leadership, and a true sense of brotherhood amongst the members, Kappa Crescent Colony is well-positioned to establish themselves as a leading force on campus.

SPRING 2008 CHAPTER REPORT

Hillsdale College's Kappa Crescent Colony is proceeding at a blazing pace to attaining chapter status. The whole chapter is showing a strong, concerted effort in not only completing the requirements for the petition, but is putting in the extra effort to lay the foundations which will make the Kappa Chapter a flourishing, thriving chapter five, 10, and 25 years down the road. The men of Kappa Crescent Colony are laying this groundwork by means of academic excellence, servant leadership and strong unity. In academics, the chapter has one of the highest GPAs on campus, missing the scholarship award this year by less than one-tenth of a point. In leadership, members of the colony fill leadership roles in nearly every group on campus, from football and the athletic teams, to the business and debate clubs, to music and the fine arts. In service, the chapter has established terrific relationships with their Adopt-a-School, Meals on Wheels and the Salvation Army. In unity, the brothers were able to recruit 12 out the 24 young men rushing this spring semester, a full half of those going Greek. After a terrific eight-weeks of "Delt Development," all 12 pledges were initiated, a 100 percent turnover rate. Further, Kappa Crescent Colony continues to have a very supportive alumni base, with the number of actively involved alumni continually increasing. The colony is looking forward to a strong finish to the semester, and to becoming a full chapter sometime next fall.

MU

Ohio Wesleyan University

FALL 2007 CHAPTER REPORT

Mu Chapter of Delta Tau Delta saw a full house, a first in nearly 10 years, with many of its new members assuming leadership roles both inside and out of the shelter. Mu Chapter also re-established Beach Bash, a beach volleyball tournament which pits teams of five against one another that went away in recent years. Through the event, Mu received much support from both Greek and Non-Greek members of the Ohio Wesleyan community, and was able to make a \$600 donation to the American Red Cross. Mu's annual Presidential Dinner-an alumni centered meal that honors Mu's current president while also honoring a former,

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

distinguished brother of the chapter. This year Ed Whipps was honored as a distinguished brother. During Ohio Wesleyan's Homecoming Mu Chapter hosted its annual alumni reception which saw both current and past brothers meeting and learning about one another. Most recently, Mu held its annual elections, which allows for better transition of the newly elected brothers.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

RHO

Stevens Institute of Technology

FALL 2007 CHAPTER REPORT

The 2007 fall semester was a time for growth and learning for Rho Chapter. We laid out our plans for the fall at the beginning of the semester, focusing on improving our philanthropy and having a more diverse rush class. Faced with this challenge, the brotherhood had to adjust to stepping out of our normal social circles to find recruits. Our events, such as the open barbeque, Monday Night Football, and comedy clubs sparked interest among the entire freshmen male class. Presently we have about 20 freshmen who express interest in joining the Fraternity.

Another area we focused on was Rho Chapter's philanthropy. We have held and supported several events such as Bleed Purple, Breast Cancer Walk, Techfest and Adopt-a-School. Rho is currently raffling an iPod Touch to raise money for Bleed Purple. Another philanthropy that took place in October was the Breast Walk which several brothers participated in at Jersey City, N.J. We also contributing time to the school's Techfest Car Show where we handed out beverages to those who donated to the Hoboken Medical Center. Another milestone for the chapter is our renewed participation in the Adopt-a-School program. Through our partnership with Elysian Charter School, brothers have been given the opportunity to go to the school after classes and play sports with children in a nearby park. Brothers also help the school if they have a special function such as a Halloween party or a book fair. With these programs in place, Rho Chapter will continue growing and setting the example for all Greeks at Stevens Institute of Technology.

SPRING 2008 CHAPTER REPORT

As we have shown in the past, our chapter has been extremely involved in the campus and local community. This past year has been no different. Over the past several months we have participated in a number of service events that have shown our dedication to giving back to the community.

Highlighting the past year, we welcomed eight new brothers into our chapter. After eight weeks of pledging we are proud to have these new members who share the same values and dedication to excellence as our brothers. These new members have shown many qualities that will prove to be vital to our success as a fraternity.

Throughout the past semester we have had an ongoing clothing drive taking place in our shelter. Joining efforts with Delta Phi Epsilon and Phi Sigma Sigma Sororities, we have combined to give a large amount of clothing back to the Hoboken Homeless Shelter.

Our lacrosse team members in our chapter teamed up with the local Hoboken Elysian Charter School on a Sunday in March to host a clinic teaching the kids about the sport of lacrosse and what it takes to play the "fastest game on two feet."

Along with the lacrosse clinic, we have also been working with the Hoboken Elysian Charter School with the Adopt-a-School Program. Two times each week, brothers from the chapter go down to the school and help the middle school children with their homework or just play and hang around with them once they are let out of school.

Finally, during Greek Week, the campus fraternities hosted a carnival and our chapter held a can toss game for the local children to participate in.

Our chapter is committed to excellence and involvement within the community. Throughout this past year we have continued to excel in all of our commitments as well as continuing our involvement in giving back to the community.

TAU

Pennsylvania State University

FALL 2007 CHAPTER REPORT

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

UPSILON

RPI

FALL 2007 CHAPTER REPORT

The fall of 2007 has been an overwhelmingly positive experience for Upsilon Chapter! Early on, we arrived to several new house improvements, including brand new windows in common areas thanks to our alumni. With the age of the old windows showing, these new ones have greatly improved our exterior appearance; and with the cold Troy winter practically upon us, they will also help us save energy. Upsilon had quite a productive recruitment period, successfully initiating 13 new members into the brotherhood. During RPI's Parents' Weekend, we hosted a social hour and dinner for all the families and friends of the members of Upsilon Chapter. Alumni weekend was also a great success. Thanks to all those who could make it! Midway through the semester, the chapter organized a service event at the retreat grounds for the Cathedral of All Saints. The entire brotherhood helped maintain and improve the grounds, and we look forward to making our participation there a new tradition for our chapter. In sports, Upsilon has been dominating in intramural hockey, remaining undefeated for the entire semester. Things are looking very promising as we move into the playoffs. Now, in the twilight of the semester, we congratulate our newly elected officers, and are eager to consider their ideas and implement their plans to improve all areas of our chapter. As we move into next semester, we look forward to continuing our commitment to excellence and the growth of our chapter as a whole.

SPRING 2008 CHAPTER REPORT

The 2008 spring semester went extremely well for the entire brotherhood, and it was a very beneficial semester for all of Upsilon Chapter. Many improvements were made to the house to get it in better shape for fall recruitment. The amphitheater area is now fully lit, perfect for nighttime cooking on the new grill. The original grill in front of the house was beginning to show its age, and has since been refurbished. Carrying on the tradition started last year, we held our Second Annual Father/Son Weekend, which, once again, was a huge success! We saw some familiar faces return for our Spring Alumni Weekend, and hosted a very successful Faculty Dinner. The brotherhood also conducted much outreach to both RPI and the surrounding community, participating in community service events, large and small. The entire chapter participated in cleaning the Cathedral of All Saints in Albany, N.Y., as well as walking for 14 hours in the Relay for Life held on campus to raise money and awareness for cancer research. We also sponsored an IFC social event on our property, which was one of the best-attended student-run events conducted in recent years. It significantly improved our relationship with Greeks, independents, administration and the Rensselaer community as a whole. Although everyone is eager for summer break, we are all looking forward to next semester for a successful recruitment period and academic year. Congratulations to all the new officers as well as all the seniors who are graduating this year!

CHI

Kenyon College

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

One of the main themes that Chi Chapter has been focusing on this semester is getting more involved in the community. We began this by taking an active role in community service. The brothers of Chi Chapter visited with the elderly men and women of the Ohio Eastern Star Nursing Home. While there, we not only brightened the day for those people, but we also admired their wisdom and what they have been through, and took many valuable life lessons away from them. Another step we took in becoming more active in the community was to participate in Relay for Life. Many of our brothers have been affected in one way or another by cancer, but equally as important, much of our community has been affected as well. A similar event that we took part in was Take Back the Night, a night dedicated to support rape victims. We contributed to Take Back the Night as a chapter by having a booth as part of the carnival theme. We have also been working with other Greek organizations in an effort to improve Greek life at Kenyon.

Another goal we have is for the members of our chapter to become closer. We recognize the importance in having our new members feel the bond of Delta Tau Delta. To help this, we had one of our semi-annual retreats to bond somewhere other than campus one weekend. As a chapter, we are currently preparing for our semi-annual Love Your Lodge Day.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

OMEGA

University of Pennsylvania

FALL 2007 CHAPTER REPORT

Omega's semester started off well with a successful homecoming event which saw alumni from all generations come together with current brothers for an alumni barbecue before the Penn v. Yale football game. After the game, current brothers had dinner with alumni at a restaurant downtown. In Omega's first attempt at fall rush our new member education period ended with the initiation of one new brother. We are proud to offer congratulations to Willy Ea, the newest member of the Omega Chapter of Delta Tau Delta at the University of Pennsylvania.

SPRING 2008 CHAPTER REPORT

This spring, Omega Chapter received several honors from the University of Pennsylvania's Greek Community at the annual Greek Awards Ceremony. We received first place honors in Academic Programming and Brotherhood Programming, as well as Runner-Up in Community Service Programming. In addition, Omega Chapter received the coveted Crawford C. Madeira Cup for Overall Fraternity Excellence. This is the highest award given to fraternity chapters on Penn's campus. Omega is also proud to announce the initiation of five new brothers into our chapter this semester.

BETA ALPHA

Indiana University

FALL 2007 CHAPTER REPORT

During the fall semester of 2007, the men of Beta Alpha participated in a variety of activities ranging from multiple philanthropic efforts to brotherhood sporting events to a very successful fall rush.

We participated in the Second Annual Circle of Life Mini-Marathon, which raised \$60,000 in scholarships for cancer survivors, which was more money than any other fraternity for the second year in a row. We also participated in other philanthropic events such as: Big Man on Campus, which rose over \$156,000 for breast cancer research, IU Dance Marathon, which rose over \$1 million for Riley Hospital for Children, and Safe Halloween, which provided under-privileged kids the opportunity to go Trick-or-Treating in a safe environment.

We're also very proud that we're able to announce that the Delta Tau Delta vs. Theta Chi Bi-Annual football game went in our favor by the score of 42-0. The Brotherhood Committee also organized the 1st Annual Delt Field Day in which the senior class took top honors followed closely by the sophomores and juniors. Beta Alpha also supported the bowl bound IU football team through the Alumni Homecoming Tailgate, set up by former External VP, Jack Haldrup.

Fall rush was extremely successful as we prepare to add 37 new members at semesters end, which will be our largest pledge class in over 5 years. Beta Alpha also ushered in a new class of executive members. Congratulations to Chad Casey as he was named the new Beta Alpha President; feel free to contact him at chmcasey@indiana.edu.

SPRING 2008 CHAPTER REPORT

During the spring semester of 2008, the men of Delta Tau Delta-Beta Alpha participated in a variety of activities ranging from the Annual Delt Powder-puff, The Little 500, brotherhood sporting events, and initiating one of our largest classes in years. The Delt Powder-puff event, which raises scholarship money for cancer survivors, proved to once again be among one of the most popular philanthropies on campus. There were a total of 32 teams made up by the different sororities on campus. We are also very proud that we are able to announce that the Delta Tau Delta Bike Team finished 13th this year in the Little 500 race and will return all four riders for next year's race. The team was also able to upgrade their training facilities making them among the nicest on campus and should be a great rush tool for the future. The Brotherhood Committee also organized the spring 2008 Delt Field Day, which proved to be another close call between the senior and sophomore class, but this semester victory went to the more youthful of the two. The fall 2007 pledge class finished with 33 members pushing the chapter membership total to the top among other fraternities on campus. Spring rush was also successful as we prepare to add eight new initiates in the fall. Feel free to contact our President, Chad Casey, at chmcasey@gmail.com, for any questions or concerns.

Matt Niebler has gone above and beyond as our Little 500 Bike Team Captain. He has given the team a training facility that gives them the opportunity to be completely self-sufficient, he has developed a program that has doubled in size over a two-year period, and continues to push all of the members to achieve their best.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

BETA BETA

DePauw University

FALL 2007 CHAPTER REPORT

The fall semester for the Beta Beta Chapter of Delta Tau Delta has been quite eventful. With one of the largest pledge classes in recent years moving into the Shelter, the availability of parking was brought to light, and an additional parking lot has been rented to alleviate the problem. Other renovations include new furniture in several areas of the house, as well as a brilliant oak wood covering of the wall in the formal area.

In regards to events held, the Beta Beta Chapter has been busy improving relations with DePauw University in the fashion of House meetings with our new Greek Life Coordinator, Mike Schmeckebeier, as well as our new faculty advisor, Dr. Sharmin Spencer. Most prominent of these being an Academic Dinner held on Oct. 24. This dinner included all Beta Beta men, as well as several alumni including our academic advisor, Jim DeArmond.

Following the Academic Dinner, our annual Family Weekend was held, culminating with the ever popular Auction on Oct. 27. The auction, with items donated by and subsequently bid on by parents, netted over \$8,000 for the men of the Beta Beta Chapter, with some of the monies given to charity. Most recently, the Beta Beta Man of the Year Award Celebration was held on Nov. 15, with alumni Jim Palmer being selected for the award. As we head into spring recruitment, we look forward the continuation of a fantastic year.

SPRING 2008 CHAPTER REPORT

Beta Beta Chapter at DePauw University has hosted two philanthropies this spring. The first held on April 5 was for Bleed Purple, an organization to help college students with cancer; the second was held on April 29 to raise money for the DePauw gospel choir. We initiated 23 new members that our chapter is very excited about.

Our formal was held on April 12 in St. Louis. We had dinner and the dance on the river boat, *Becky Thatcher*, on the Mississippi River.

The weekend of April 26 we hosted an open house and barbeque for our parents. For many of the new initiates' parents, it was the first time seeing the house. They were all extremely pleased with the quality and condition of the shelter. Our academic dinner took place on April 30.

BETA GAMMA

University of Wisconsin

FALL 2007 CHAPTER REPORT

As of this past Northern Division Conference, Beta Gamma took home its first ever Hugh Shields award. Along with the Court of Honor, we were recognized for exceeding the AMA/AFA, Special Website Programming and Exemplary Chapter Programming. Our chapter is also making waves within the campus Greek system. Two Beta Gamma Deltas occupied leadership positions in IFC this semester: Vice President of Internal Affairs and Vice President of Operations. Once again, our chapter is competing in the prestigious Humorology Show, a fundraiser for Camp Heartland and the Chris Farley Foundation where Greek houses write and perform musicals. Our fall newsletter was another success, and it paved the way for an increase in alumni involvement this semester. We held our first ever Active and Alumni Hockey Outing and cheered on the Badgers at the Kohl Center. Adding this hockey game outing to compliment the already popular Brewers baseball game outing already made our alumni relations more successful and enjoyable. We initiated eight men this semester, bringing our active total to 36 members.

SPRING 2008 CHAPTER REPORT

At the 2008 Northern Division Conference, Beta Gamma Chapter took home its second Court of Honor award. Along with the Court of Honor, we were recognized for recruitment leading to a 10% Growth, Adopt-a-School Participation, for holding the IFC President and for Outstanding Chapter President.

We recently initiated our spring class, adding four men to the chapter roll and bringing our total to 42 active members. With only three graduating this spring, our chapter looks forward to adding to this total this fall.

Our chapter continues to make its mark on campus and on the Greek system. Continuing in the tradition of IFC leadership, Spencer Morrison currently holds the Vice President of Operations position on the IFC Executive Board. In addition to winning a campus award for the Most Outstanding Alumni Relations, our chapter also successfully defended its first place title in the very prestigious Humorology show, a fundraiser now in its 61st year for Camp Heartland and the Chris Farley Foundation where Greek houses write and perform musicals. Along with our repeat victory, our cast was also honored with awards for best directors, best use of theme, best dance break and best villain.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Alumni involvement has continued to increase this spring as a result of our newsletters, awards, and another Humorology victory. Please join us for our annual Alumni Outing at the August 23 Brewers Game.

BETA DELTA

University of Georgia

FALL 2007 CHAPTER REPORT

Beta Delta has had another successful fall semester. We were able to bid 24 well-rounded students. Beta Delta celebrated its 125th anniversary on Nov. 3. The day was filled with great alumni attendance and even better celebration. International President Rock Clinton was the keynote speaker. Our Third Annual Delt Winter Wonderland continues to be very successful. Our chapter has worked very hard over the past year and turned in an AAA report consisting of over 400 pages of the events and programs of the year.

SPRING 2008 CHAPTER REPORT

The men of Beta Delta have found enjoyment in service this semester by being extremely involved on campus and in the community. On campus the men boast leadership positions such as being Student Senators, Executive Directors of Dance Marathon and UGA HEROs, Committee leaders in many organizations, members of Tate Society, members in Freshman Forum and active participants in the Leonard Leadership Scholars, Arch Society and LEAD programs. In the community Beta Delta has taken an active role in the community by regularly mentoring the children at our local Adopt-a-School, Chase Street Elementary. In addition to that, the brothers at Beta Delta have collected over \$6,000 this year for Children's Miracle Network and UGA HEROs. This semester the fraternity pledged and initiated two men. This was a little lower than our goal of five men however, for this upcoming fall we have a jump on our goal of 20 with seven accepted bids.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

BETA ZETA

Butler University

FALL 2007 CHAPTER REPORT

Beta Zeta's fall semester featured some traditional success stories but also new triumphs. The chapter, which ranks first in campus in GPA, planned and executed its first-ever Academic Dinner Night to commend brothers on their academic achievements, and to raise awareness of Delt's commitment to education on Butler's campus. Nearly 20 faculty members attended the event. Another new event, the Trike Spaghetti Dinner, helped get a jump start on next semester's philanthropy--Trike Week for Riley Hospital for Children. The spaghetti dinner raised more than \$700 for Riley. The fall semester also featured some traditional service projects at Rebuilding the Wall and Gleaners Food Kitchen. New service projects included trips to the Damar Center, and a wheelchair rugby tournament. One of the biggest highlights of the semester was winning Homecoming Week, and having a Beta Zeta win the Homecoming King. In September, Beta Zeta hosted its annual Delt Dunk three-on-three basketball tournament. The event included teams from other fraternities, sororities, freshmen and commuters. Beta Zeta Dels were also active participants in a number of sorority events and intramurals. Many Beta Zeta members have leadership positions in student government as well as nearly every other organization on Butler's campus, including IFC and Order of Omega, just to name a few. The chapter is particularly proud of senior Michael Hole, who initiated a campus-wide Power of Children campaign to raise money to build a school for youth in Uganda. If you are interested in helping with Michael's cause, please contact him at mhole@butler.edu.

SPRING 2008 CHAPTER REPORT

Beta Zeta had a very busy, yet accomplished spring semester. We worked very hard last semester academically to achieve the highest semester GPA in our chapter's history – 3.535. This was also the highest accomplished by any fraternity in the history of Butler University. Recruitment was also quite successful this year with 27 new members welcomed into the Brotherhood. We expect them to bring great success to our chapter. At the Northern Division Conference, we received Court of Honor and were named a Hugh Shields chapter for the second year in a row, bringing our total to seven Hugh Shields awards. We are very proud and

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

honored to receive such recognition. In regards to service, we continued the Beta Zeta tradition of TRIKE benefiting Riley Hospital for Children. After raising over \$22,000 last year, we were all very determined to have another successful week. We did very well this year with the current total of over \$19,000 with donations still being sent. With campus involvement, we have taken on new leadership positions such as student government president and vice president positions, class officers, and IFC/Order of Omega officers just to name a few. Beta Zeta was also awarded with the 5-Star Chapter Award, Emerging Greek Male, Top Greek Male and Outstanding Philanthropy by Order of Omega. Finally, Beta Zeta received individual awards through the Top 100 Student Program at Butler. Of the 33 men selected, 12 were Delts, five were in the Top 10 students, and Senior Michael Hole was named Top Male Student of the year.

BETA ETA

University of Minnesota

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Beta Eta Chapter of Delta Tau Delta has enjoyed a productive and eventful spring semester. Building on their most improved chapter at the Northern Division Conference, Beta Eta has continued to make recruitment and philanthropy two points of great emphasis. A major task has been adopting the Southside Elementary school in South Minneapolis. The school has enjoyed working with Beta Eta, as members have worked as tutors, mentors and frequent participants at the school. An additional undertaking was their first annual beach volleyball tournament to benefit the Bleed Purple Foundation. Beta Eta also enjoyed participating in Spring Jam! at the University for the first time since 2006. Paired with Alpha Chi Omega and Phi Kappa Psi, the pairing took home first place in the Ballyhoo competition and won second overall in the event. The week long event allowed for great friendships to be formed with members of the other houses, as well as some great bonding opportunities for its own members. In mid-February Beta Eta held its sweetheart week to pick its new PJ Queen and Princess. In total seven houses sent a representative for the week long competition which resulted in two great female additions to the Beta Eta community. Overall, spring semester has been a time for growth as a chapter as the house has grown in size and participation on campus and in the Twin Cities communities.

BETA THETA

University of the South

FALL 2007 CHAPTER REPORT

This semester, Beta Theta has been doing various community service activities, such as helping at the concession stand to raise money for Housing Sewanee, participating in roadside cleanups and helping at a fashion show that benefited a cancer awareness program. A brother has also been working on a campus-wide project designed to make our campus more environment friendly. He is doing this by focusing primarily on Greek organizations.

SPRING 2008 CHAPTER REPORT

This spring, the Beta Theta Chapter recruited seven new members, including one varsity lacrosse player, one cross-country runner, one musician – all are bright students. Our chapter has come together to help the environmental residents work on an organic garden, planting crops and building fences. This has been a very positive experience both for chapter bonding and future recruitment opportunities. Our chapter is also forming an improved academic committee in order to reclaim our number one rank for academics on campus. For years, our chapter has been the leader in academic excellence on campus, but recently we have fallen back to just an average chapter GPA. This new academic committee will be focusing on giving brothers who struggle with grades an opportunity to study and work with another brother with the required knowledge. Lastly, our chapter is in the progress of brainstorming ideas for funding house improvements. Being one of the oldest houses around, our house is in desperate need of repair, so in response to this, we have also formed a committee for this very purpose.

BETA LAMBDA

Lehigh University

FALL 2007 CHAPTER REPORT

The brothers of the Beta Lambda Chapter at Lehigh University have certainly maintained their commitment to living lives of excellence in the fall semester of 2007. The chapter volunteered for a "Fall Festival" with the community service fraternity, Phi Eta Sigma, where brothers participated in various

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

constructive and fun activities with mentally handicapped children. Alumni involvement was substantial in the fall, where there was a constant flow of alumni from different graduating classes visiting the shelter at different times throughout the semester. First, during young alumni weekend, over 25 brothers joined the current members at a barbeque at the chapter house. Additionally, during our annual Lehigh vs. Lafayette spirit week, over 25 alumni arrived at their old home and joined us for dinner after the game. As far as academics, brothers are not only maintaining their concentration on scholastic excellence, but also recently recruited a new faculty advisor who will aid the chapter in finding guest lecturers who have the requisite knowledgeable and abilities to create a rich academic environment amongst the brotherhood. Finally, Beta Lambda began their participation in the Member Education Pilot Program, being considered a "chapter on the rise." Matt Kozlowski, Assistant Director of Leadership Development at the Delta Tau Delta Central Office, helped introduce the chapter to the program, and also gave a valuable seminar on personal finance. Whether it is done by community service, alumni involvement, academic achievement, or educational programs, the chapter members find ways to better themselves, and aid those around them.

SPRING 2008 CHAPTER REPORT

The Beta Lambda Chapter of Lehigh University enjoyed a successful spring semester. To highlight, we were the proud recipients of the Hugh Shields Award for Chapter Excellence. Hugh Shields is the most prestigious award given by Delts and designates the Beta Lambda chapter as one of the top 10 chapters nationwide. Additionally we had a successful recruitment and new member education period initiating 10 new brothers, including two varsity athletes and the Lehigh freshman class president. We were also awarded with the President's Cup by Lehigh University designating Delts as intramural sport champions, a very highly regarded accomplishment in the Greek community. In terms of philanthropy we participated in several events the most notable of which being the "South Side Cleanup." The event involved cleaning up the local area of South Side Bethlehem, Penn., where all brothers participated in bettering our surrounding community. In late April we also held our second annual alumni golf tournament. We had 32 alumni in attendance who enjoyed a day of golfing followed by a meal at the shelter. For our annual brotherhood trip every brother took time out of his hectic schedule to enjoy a full day of bonding through playing paintball at a local course. We all look forward to continued success in the upcoming school year.

BETA NU

Massachusetts Institute of Technology

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The Delts at MIT returned from a restful winter break, ready for the spring. While the fall term's main focus is new member training, preparing newly pledged members for initiation, the spring term is focused on integrating the new brothers with the whole house, thus promoting brotherhood. We started with the annual Delt Development Week, during which everyone cleaned and reorganized the house completely. In April was MIT's Campus Preview Weekend for admitted high school seniors to experience the campus first hand. We were assigned roughly 10 seniors to host. It was exciting showing them MIT as well as Greek life. CPW is a gateway to formal rush in the fall. MIT's Greek Week, organized jointly by the Interfraternity Council and the Pan-Hellenic Council, promotes unity among all Greek members. Delts have been the most active chapter, possibly winning the Participation Award. We also have many major events coming up, including our Annual Alumni Lobster Trip, the Spring Formal, Spring Term faculty Dinner, and more. The house is well and more alive than ever.

BETA XI

Tulane University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The brothers of Beta Xi are making a difference on Tulane's campus both in the Greek community and in the general student population. Tim Cullen was recently elected president of the Associated Student Body, the highest position an undergraduate can obtain. Alex Cohen is president of the Interfraternity Council and is working with the newly hired Director of Fraternity and Sorority Programs to better our Greek system. Brooks Fowler was awarded with the Bill Fraering scholarship, a scholarship that is awarded to one undergraduate Delt

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

in Louisiana. It recognizes his leadership in the chapter and his academic excellence. Dan Meinwald is Treasurer of two groups and has done a great job keeping both groups' finances under control. Jimmy Gallagher is the vice president of the science and engineering student council as a sophomore. Apart from these men mentioned, every brother contributes his time and talents through an on campus group in addition to his service to the fraternity. We have brothers that work security, organize huge concerts, started a paintball club just to name a few.

BETA OMICRON

Cornell University

FALL 2007 CHAPTER REPORT

This semester the Beta Omicron Chapter of Delta Tau Delta held a successful philanthropy event, initiated four new brothers, and continued our tradition of excellence on Cornell University's beautiful campus. We're proud to report our brotherhood is stronger than ever. We fielded intramural soccer and hockey teams, having nearly every brother participate or cheer from the stands. Our Delt hockey team even made it into the playoffs. We also enjoyed an outstanding homecoming weekend, featuring one of the largest and most fun alumni reunions in years. The October weekend saw over 70 alumni and their families join us for tailgating, football and a very special alumni dinner. Although Cornell's fraternity recruitment program for first year students is heavily focused on the spring semester, each fall we welcome a small class of exceptional young men to our brotherhood. This fall, four new brothers joined our 119-year old brotherhood, and their additional enthusiasm, talents and friendship has made our Fraternity stronger. On top of maintaining a busy academic schedule, the Cornell Deltas found time as a brotherhood to take hikes, see movies, play broomball, lead our chapter and maintain our shelter. We're excited to see our new executive board for next year take the reins, and we're looking forward to a great 2008. Happy Holidays!

SPRING 2008 CHAPTER REPORT

The Beta Omicron Chapter at Cornell University has been working hard this spring to build on last semester's momentum. We have successfully recruited four dedicated new members. The brotherhood is brought together in part by the events we participate in together. This spring we have participated in broomball, laser tag, go-karting and numerous other activities. We also regularly attended athletic events that featured brothers of Beta Omicron. Furthermore, our chapter worked together with Kappa Delta to organize a bowling tournament for charity, the proceeds of which go to research of Neurofibromatosis, a cancer with which one of the chapter's alumni's daughters is afflicted. The event was a great success, bringing in money to fight cancer as well as campus-wide recognition of the leadership of Delta Tau Delta among the Greek community. All of the above factors contributed to our chapter winning Cornell Interfraternity Council's "Most Improved Chapter Award." The brothers of Beta Omicron are delighted with our progress this spring and are looking forward to doing even better in the fall.

BETA RHO

Stanford University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The Deltas of Beta Rho Chapter have seen a marked increase in membership in the past three weeks. During rush we were able to pledge 34 young men that bring with them the strong values and the morals that every Delt should embody. The current 12 actives of Beta Rho did a phenomenal job of recruiting student-athletes and students alike to regain our place among the elite fraternities on Stanford's campus.

Strong leadership and dedicated actives have begun the turnaround of the Stanford Deltas. Many actives have rededicated themselves to their fraternal brothers in hopes of growing the fraternity with the goal of bring back the "Delt house." The new pledges are excited about the prospect of being a Stanford Delt and are eager to reach our goal of regaining housing once again.

The Beta Rho Deltas do have to work on a few aspects this upcoming spring. These aspects including alumni communication, community service activities and increased brotherhood events.

We are happy to report that things here on "The Farm" could not be going better! We are happy about the future of Beta Rho and look forward to hearing from our alumni.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

BETA TAU

University of Nebraska

FALL 2007 CHAPTER REPORT

Beta Tau had a very busy, but very rewarding first semester. As our recruitment chairmen finished up with summer recruitment, their hard work and success was rewarded with 33 new pledges. Once school began the recruitment chairmen were able to take a step back and allow a younger, less experienced rush committee to take the reins to see what they could accomplish. Hoping to one day take over full time, these three men worked with the advantage of learning from the past rush chairs and the value of experience gained as they signed two members early in the semester as they continued to rush throughout the entire year. With a large pledge class comes more work for our pledge educator and his assistant. They have been very busy with educating these men in the workings of the Fraternity, introducing them to philanthropic efforts, and helping them to succeed in the classroom. With the efforts of not only our pledge educators, but the entire executive team along with the rest of our chapter we hope to continue with the momentum generated from the fall semester. Events from the fall, like our Annual Alumni Football Game, Light the Night benefiting The Lymphoma and Leukemia Society, and Gabe's Gang benefiting six-year-old Gabe Miller in his efforts against autism. We look to events in the spring such as our Annual Alumni Banquet, M*A*S*H Philanthropy and events benefiting our Adopt-a-School, with the spring should prove just as busy as the fall.

SPRING 2008 CHAPTER REPORT

As always, the spring semester has proved to be just as busy as any other semester. The men of Beta Tau have once again proved themselves and made great strides towards academic, financial and philanthropic success. We started the semester off strong with 29 of our pledges initiating and becoming productive members of our house. Our rush chairmen have taken the reigns and organized themselves, as well as the men of the house, for another fun-filled summer of rushing future Delts. With a full summer schedule and excitement in the air, the men of Beta Tau have been working hard to wrap up the year with strong academics and to once again claim their title as one of the top houses on campus. In addition, our executive team has transitioned seamlessly into their new positions and achieved great things in such a short amount of time. The team has worked tirelessly to host our annual Alumni Formal Banquet, M*A*S*H Philanthropy, and Adopt-a-School, among other things. The men of Beta Tau will continue to strive for lives of excellence as we greet this busy summer and prepare for next fall and a new pledge class to contribute to the brotherhood of Delta Tau Delta.

BETA UPSILON

University of Illinois

FALL 2007 CHAPTER REPORT

The Beta Upsilon Chapter at the University of Illinois in Urbana-Champaign has enjoyed a great semester this fall. We just initiated 43 new members from the fall pledge class. They are a well-rounded group of freshmen that are eager to work hard for the chapter and run for positions in the house. We recently won the all-campus championship for softball for the second year in a row. In flag football we were able to get all three of our teams into the playoffs and eventually took third place. On the academic side the chapter has maintained its standards of excellence and is ranked in the top eight fraternities at the University of Illinois out of 47. We celebrated the international Fraternity's 150th anniversary and the chapter's 135th this semester with a banquet at the Campbell Alumni Center. We have been participating in sorority philanthropies such as Alpha Chi Paintball and Chi Omega Tug-Fest and have been working on preparations for our own philanthropy, Deltona Beach. We have also been working on Adopt-a-School and have completed a major recycling project for service.

SPRING 2008 CHAPTER REPORT

The Beta Upsilon Chapter at the University of Illinois in Urbana-Champaign has enjoyed a great semester this spring. We just initiated 10 new members from the spring pledge class. They are a well-rounded group of freshmen that are eager to work hard for the chapter and run for positions in the house. Our athletic teams had another strong season, qualifying one of two volleyball teams and two of three broomball teams for the playoffs. On the academic side the chapter has maintained its standards of excellence and is ranked in the top eight fraternities at the University of Illinois out of 47. This spring we raised \$7,500 at our major philanthropy event, Deltona. We have been participating in sorority philanthropies such as Kappa Delta Dodgeball, Delta Gamma Anchor Splash and Delta Zeta Turtle Tug. We have also been working on Adopt-a-School and have completed a major recycling project for service.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

BETA PHI

Ohio State University

FALL 2007 CHAPTER REPORT

Autumn quarter has been a banner one for the Beta Phi Delts at Ohio State. Delt started the year by partnering with Kappa Delta sorority to present Jump Shot, basketball tournament philanthropy, to the Ohio State campus. Beta Phi was named individual and pairing champions (with Alpha Gamma Delta sorority) for Homecoming Week 2007. Delts were honored with the overall trophy on top of a second place finish in Greek Sing and a fourth place finish in the Homecoming float competition. This is the second Homecoming win in three years for Beta Phi, who bested the second place fraternity by over 250 points. Delt also becomes the first chapter at Ohio State in over ten years to win two consecutive weeks (Greek Week and Homecoming 2007). Brother Jerry Dunleavy was named the next IFC Director of Greek Events in succession of Brother Tim Hensley, making three Delts in a row holding the honor of head Greek Week and Homecoming Planner. Three new Delts were initiated on Dec. 1, bringing the chapter membership for the fall to 54 members. Beta Phi also placed second among fraternities this IFC flag football season, marking a top two finish for the second straight year. The capital campaign to renovate our shelter has gone well and things are looking good for future fundraising.

Tim Hensley '08 was the lead planner for Homecoming 2007 and successfully implemented his idea for a Greek Olympics as the new Greek-Wide Winter Event. He will chair the event as he currently is the Director of Greek Events. Jerry Dunleavy '09 was recently named Tim's successor as the next Director of Greek Events. He will replace Tim starting in the spring of 2008 in which he will jump right into Greek Week 2008 Planning. He will also complete his term of Vice President of Administration of IFC at the end of winter. Brother Alex Bailey '08 finished his senior season as a co-captain of the Ohio State Cross Country Team. He was named second-team All-Big Ten at the Big Ten Cross Country Championships hosted by Ohio State this past year. Brother Eric Casto '09 is currently serving as the Deputy Chief of Staff for the Undergraduate Student Government, the largest student government organization in the United States. Brother Boris Goldsteyn '09 serves as the President of the Undergraduate Finance Organization through the Fisher College of Business. Brother Matthew Anderson '07 was named Chapter President of the Year at the Ohio State Greek Awards for his tenure as Beta Phi President from 2006-2007.

SPRING 2008 CHAPTER REPORT

2008 has already been an extremely successful year for the men of Beta Phi Chapter. During winter quarter the chapter initiated a pledge class of 11 men. That same quarter the chapter achieved a quarterly GPA of 3.13, well above the chapter minimum of 2.90. The intramural basketball, indoor soccer and volleyball teams all reached the championship game in their respective leagues.

In February, Beta Phi sent 12 men to Purdue for the Northern Division Conference, who brought back information and ideas resulting in a restructured new member education program and an overhaul of the recruitment process.

The new recruitment process has changed from individual based recruiting to a team based recruitment system. The change was implemented during the spring quarter and the result was a 13 member recruiting class - Beta Phi's largest spring class ever. This spring the chapter is paired with Delta Zeta for Greek Week and is prepared to defend as Greek Week Champions!

Beta Phi is in the middle of a capital campaign to renovate the shelter, with construction work scheduled to begin during summer quarter 2009.

Overall, Beta Phi has seen tremendous growth in 2008 and is looking forward to continuing its growth as a recognized leader on campus.

BETA PSI

Wabash College

FALL 2007 CHAPTER REPORT

This year has arrived, and with a sweep of changes the members of Delta Tau Delta Beta Psi. The brothers of Beta Psi have evolved and improved in keeping with our motto. Change has been the theme this year, and the first major change is the new renovation to our house. This summer, working crews came in and renovated the kitchen, basement and formal room, with a new addition to the back of the house. While the renovation is only half done, the brothers of Beta Psi would still like to extend their deepest gratitude to all of the Beta Psi alumni and other Delts that made the renovations possible. But the improvement does not stop there. In keeping with the highest values of Deltism, the brothers of Beta Psi continue to be leaders on campus at Wabash College. Delts are tied with Betas for the highest number of Sphinx Club members, the leading organization on campus for leadership. Beta Psi also holds leadership positions in Cooking Club, College

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Mentors for Kids and Pre-Med Society. Campus involvement is not in question for the members of Beta Psi. Also, Beta Psi had another successful pledgship this year, and 12 new Delts from the Class of 2011 were initiated. The chapter also has aspirations for having another rush this spring. Delts have also been actively involved in philanthropy with over hundreds of hours of community service. Excellence is our goal, and improvement is our mission.

SPRING 2008 CHAPTER REPORT

Over the course of the spring semester, the brothers of Chapter Beta Psi have volunteered their services in a variety of ways. Some donated their Saturdays to a Habitat for Humanity home-building project next door to Wabash College, working to complete the second such house in our immediate neighborhood. Others offered their time to work for an alumnus living in Indianapolis, who in turn donated funds to the chapter. Additionally, the brothers of Beta Psi Chapter took the time to pick up trash along a mile-long stretch of U.S. 231 south of Crawfordsville. The chapter also began formulating plans for a co-ed sand volleyball tournament, the proceeds from which will be donated to charity. Sororities at Purdue University and DePauw University were contacted and flyers were designed. The exact date for the tournament will be finalized once classes resume next fall. Finally, the chapter organized and hosted its first Bleed Purple alumni event at an Indianapolis Indians game on April 13. Cold, rainy weather proved to be a deterrent for some, but feedback from those who did attend was positive, and another event is being planned for an Indianapolis Ice hockey game next year. Overall, this semester has given many opportunities for the Delts of Beta Psi to provide their service to the community and their time to Delt alumni, and those opportunities are only expected to become more common in the semesters to come.

BETA OMEGA

University of California

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The 2008 spring semester was a relatively successful one for the men of Beta Omega. However, in the beginning of the semester our recruitment efforts were a bit sub-par. After about one month into the semester, due to a sudden increase in motivation, the chapter decided to adopt an entirely new and much more effective approach to recruitment, recruiting 365 days a year as opposed to utilizing the one-week-out-of-every-semester method. As a result of our altered approach we were able to initiate three times as many men since the end of that first month. Some other highlights include: our first ever student-faculty dinner; our participation in the annual cancer-fundraising Relay for Life event for the fourth consecutive year; and our hosting of our first social event in over one year. Our brotherhood remains strong but we still continue to search for ways to make it even stronger. We sent a delegation of six men to the Western Pacific Division Conference this semester, our largest group ever, and plan on sending three to Karnea in August. The Beta Omega Chapter looks forward to the challenges the future might hold and is committed to taking them on as any true Delt would, with truth, courage, faith and power!

GAMMA BETA

Illinois Institute of Technology

FALL 2007 CHAPTER REPORT

The semester started out great with the recruitment of 21 pledges. To help educate our new and older members we had a health speaker and a CPR speaker. The chapter also grew closer together as we participated in multiple philanthropy events such as helping to set up for this year's Special Olympics, lending a hand to the Adopt-a-Beach program, co-sponsoring the school's student carnival and by volunteering at the Museum of Science and Industry. The chapter is also actively involved in the school community. Currently there are the maximum of 2 Greek council executives and 1 chairman along with multiple SGA senators in the house. In between all of the time spent studying and helping the community the chapter has had a couple of social events that were a hit with everyone. The paint party left everyone with countless memories and the "indubitably classy party" served as a perfect moment of chill before Thanksgiving break. However, perhaps one of the most exciting moments for the chapter this year was winning first for design at the annual IIT pumpkin launch. Overall this semester has been quite wonderful. Old members along with new ones have formed lasting bonds that will continue to grow throughout the year and many days and years thereafter.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

The beginning of the spring 2008 semester for the Gamma Beta Chapter was marked by the attendance of 15 brothers at the Northern Division Conference. The brothers who attended returned from their trip excited and ready for the spring semester. Adding to the already successful recruitment of 21 new pledges in the fall semester, four new men were pledged this spring. We've been working really hard all semester to do well in our classes. We've also continued to stay active on our Greek Council with brothers serving as vice president of recruitment, vice president of community and scholarship chair. Over the past semester we spent time with our alumni at our annual Super Bowl party as well as at a new and largely successful bowling event. Many brothers also volunteered their time for Special Olympics and at "Hustle up the Hancock" in support of the fight against lung cancer. In between volunteering and schoolwork we managed to have a little fun, too. We hosted a black light/highlighter party and it was a huge success. We also spent a lot of quality time with each other at several brotherhood events; during the extra long Chicago winter we took advantage of the many opportunities we had to play snow football, had fun playing whirly ball, as well as attended a Chicago Blackhawks hockey game. With this spring semester coming to an end we are looking forward to an awesome Karneia experience and a great fall semester.

GAMMA THETA

Baker University

FALL 2007 CHAPTER REPORT

Gamma Theta has done extremely well on campus this fall. The chapter has initiated 10 new members all of whom have the ability to make an immediate impact on Gamma Theta. The chapter has been very busy staying involved in athletics and other activities at Baker University. Gamma Theta organized an alumni tailgate at the last home football game where senior chapter members Jeff Juiliano, Matt Hiss and Frank Owens were recognized for their time on the football team. The chapter participated in Run/Walk for Molly which helped raise money for a Tri Delta student here on campus who passed away early this fall. Gamma Theta also donated \$200 to fund a scholarship in Molly's name. The chapter helped out with the local Haunted Train this Halloween and also collected over 300 cans of food as part of our Trick or Treat for canned goods Halloween night. Gamma Theta participated in Baker University's annual Christmas Angel Tree by purchasing gifts for four needy children. The chapter held our annual formal Thanksgiving dinner with campus faculty and staff. Gamma Theta is also excited to be celebrating two sesquicentennials, the Fraternity's and Baker University's. The chapter has helped to organize several events celebrating Baker's 150th on campus and is proud to show our school spirit along with the pride we have in Delta Tau Delta.

SPRING 2008 CHAPTER REPORT

Spring 2008 has kept the men of Gamma Theta Chapter constantly busy and hard at work. Much of this work has come from new ideas and information we received from our annual Western Plains Division Conference. Gamma Theta sent 10 active members and our alumni chapter adviser to Oklahoma City for four days and brought back plenty of positive information. After our post-conference retreat meeting on March 30 Gamma Theta established goals and areas of focus both short and long term. The men of Gamma Theta continue to help support our Adopt-a-School at Marion Springs Elementary. On Saturday April 26, Gamma Theta helped set up and work Marion Spring's annual carnival, as well as the annual carnival at the Baldwin Intermediate Elementary School. During the spring Greek Week, Gamma Theta raised the most money during the "Rock-a-Thon" fundraising event. At the annual Baker University Greek Awards banquet, Gamma Theta walk away with six out of the nine available awards in Excellence in Philanthropy, Excellence in Community Service, Best New Member Education, Adviser of the Year, Greek Man of the Year and Overall Greek Week Champions. As the academic year ends Gamma Theta is preparing for our annual Staying Together After Graduation (STAG) alumni banquet. This event promises to be a very fitting end to an outstanding year.

GAMMA IOTA

University of Texas

FALL 2007 CHAPTER REPORT

The Gamma Iota Chapter at the University of Texas has had a very eventful fall semester. September was busy with game day tailgates for each home game against Arkansas State, TCU, Rice and Kansas State. Family, friends and alumni were all invited to enjoy hamburgers and refreshments while listening to live country music. On Oct. 5-7, the chapter made the road trip to Dallas to attend the Texas vs. Oklahoma football game and Texas State Fair. On the weekend of the Oct. 26-28, the chapter held its "Parent's Weekend" including a father/son golf tournament, mother's wine and cheese sampling, a casino night fund-raiser at the fraternity house, and a game day tailgate against Nebraska with catered BBQ, refreshments and a live concert.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

On the second weekend of November, the chapter hosted its alumni weekend, with alumni meetings, a game day tailgate for the Texas vs. Texas Tech game and another live country concert that evening. The chapter again finished in the top five highest GPAs, ranking third among all other fraternities. This fall semester has been very exciting and busy and the chapter hopes to continue throughout the rest of the year.

SPRING 2008 CHAPTER REPORT

2008 has been a great year thus far for the Gamma Iota Chapter of Delta Tau Delta. We initiated 15 new members this spring and are off to a great start for rush for our new fall class. On Feb. 2 our officers went out to an alumni's camp for our annual officer retreat. All of our new officers attended, and discussed new ideas to improve our chapter with one another and attending alumni. Our annual roundup event took place on March 29 with a very successful crawfish boil. The following weekend we catered a barbeque dinner at the University of Texas Golf Club for our mother's weekend event. On April 8 we held a blood drive at the house in which a good number of the chapter participated. On the weekend of April 18 and 19 we held our annual alumni weekend. We started the weekend on Friday with a golf tournament at Falconhead Golf Club in Austin. On Saturday we started the day with alumni and Parlin association meetings, and followed the meetings with a low-hoop basketball tournament. On the evening of the 19th we held a banquet to honor our house mother's 20th year with us. In short it was a great weekend in which we were able to bring together several of our alumni and members of our active chapter. As the spring semester comes to a close it is easy to see how great 2008 has been to the Gamma Iota Chapter of Delta Tau Delta thus far.

GAMMA KAPPA

University of Missouri

FALL 2007 CHAPTER REPORT

This semester has been a good one for us at Gamma Kappa. We placed fifth out of 13 groups in our Homecoming competition, which includes competition between Greek houses in different aspects of Homecoming with events such as a skit and dance, community service, spirit, house decorations, a float and a blood drive. We were grouped with Chi Omega sorority and Delta Chi fraternity for this competition. We placed first in the skit and dance portion of Homecoming. We have had undefeated seasons in all of our intramural sports so far and currently lead our division in points. We won the championship in volleyball. We won both sorority philanthropy competitions we competed in this semester. These were put on by Gamma Phi Beta and Alpha Chi Omega. The renovations to our shelter are very classy. Our dining room was redone over the summer as well as our entire second floor and our stairwell. Rush has gone very well and we are planning on having around 13 spring pledges, the largest spring pledge class we have had in over five years. We are very pleased with what we have accomplished this semester and are looking forward to the spring semester.

SPRING 2008 CHAPTER REPORT

The spring semester has been a great success for Gamma Kappa Chapter at the University of Missouri. The undergraduates, along with Farmhouse fraternity and Kappa Kappa Gamma sorority, placed second overall in the University's annual Greek Week competition. The Greek Week competition consists of multiple sporting events, a blood drive, skit and dance competition, and community service events. Specific results include: first place overall in sporting events, second place in blood donation, and third place for community service. The undergraduates also placed a strong emphasis this spring on campus leadership and involvement. With this in mind our members now hold the following positions on campus: Missouri Students Association Executive Director of Communications, two Missouri Student Association senators, three New Greek Education facilitators, two Interfraternity Council ambassadors and one Interfraternity Council delegate. We also participated in Kappa Delta, Chi Omega and Alpha Delta Pi sorority philanthropies this semester. In summation, we are looking forward to the fall semester and the completion of the third floor and roof renovations to the Shelter.

GAMMA LAMBDA

Purdue University

FALL 2007 CHAPTER REPORT

During the fall 2007 semester, the distinguished members of the Gamma Lambda Chapter have continued our quest for a Life of Excellence. We increased our involvement in philanthropies, boast three new members of the Gimlet organization, were involved in various positions with the Interfraternity Council, and numerous other events on campus. Our men have also drastically improved both the number of, and participation in brotherhood events, with the obvious intention of building brotherhood amongst ourselves, for, as we all know, Brotherhood Sustains Us.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

With regards to in-house goings-on., Jeremy Morton, our newly elected chapter advisor, had been a great addition to the continued success of our chapter. We also held initiation, under the observation of newly elected division president, Bruce Peterson, executive vice president, Jim Russell, and assistant executive vice president, Garth Eberhart. Relating to this topic, our chapter has been granted a \$1,000 bonus to be used in the recruitment efforts of the coming semester.

Additionally, our men are looking forward to the much-anticipated renovation of the shelter, and the upcoming Northern Division Conference. The capital campaign is nearly complete, and is greatly appreciated by our men. Words do not convey the gratitude of our men for those who have contributed their time and efforts, as well as their monetary gifts, to this end.

In summation, our chapter is thriving, to a degree not seen in some years. We look forward to seeing our fellow brothers at the Northern Division Conference in February.

SPRING 2008 CHAPTER REPORT

The brothers of Purdue University Gamma Lambda Chapter have experienced a very productive spring semester. The \$2.5 million renovation on the shelter began this semester thanks to donations and hard work from alumni. 16 new members were initiated this spring. They are all excited to live in the new shelter next year. Gamma Lambda represented Delts well this semester in the 51st Purdue Grand Prix. Many men worked hard to qualify two carts for the race. Delts finished in 7th place. The softball team won the Interfraternity softball championship with a victory over Pi Kappa Phi. Most importantly, the chapter is continuing to achieve academically as they were again above the all-men's average and all-fraternity average. There were also four in-house brothers with 4.0.

GAMMA MU

University of Washington

FALL 2007 CHAPTER REPORT

Bear Naked Granola Partnership

-The Gamma Mu Chapter was one of ten organizations nationwide chosen to participate in the national Bear Naked Granola Reverse Trick or Treat for Philanthropy campaign. As ambassadors for the company, we were given the task of going door-to-door in the greater Seattle metropolitan area, distributing samples of granola. For our efforts, Bear Naked Granola donated \$2,000 on our behalf to the Fred Hutchinson Cancer Research Center in support of our Miss Greek philanthropy.

Universal Studios Partnership

-The Gamma Mu Chapter was chosen to serve as the new 2007-2008 on-campus promotional partner for Universal Studios. This marks the first time that a fraternity has been selected to receive this privilege. As a partner with Universal, the chapter was responsible for promoting and hosting the advanced screenings for The Kingdom and American Gangster at the Neptune Theatre in the University District. Both events were premieres in the state of Washington, and attracted more than 650 attendees each time.

AXE/Unilever Partnership

-The Gamma Mu Chapter was chosen to serve as the new 2007-2008 on-campus promotional partner for AXE/Unilever. Our partnership with one of the nation's largest corporations has aided in increasing our social programming events. Furthermore, this has also helped us out a great deal in the area of recruitment, reaffirming our commitment to recruiting 365 days a year!

SPRING 2008 CHAPTER REPORT

The Gamma Mu Chapter of Delta Tau Delta has participated in a variety of philanthropies during the spring quarter. These philanthropies include Mr. Greek, an event sponsored by Alpha Gamma Delta supporting the Tree House Foundation and raising a record high of over \$30,000 this year, and Hoops for Hope hosted by Delta Zeta, an annual three-on-three basketball tournament that raises money for Children's Cancer Research. Internally, the Miss Greek Pageant, our chapter's flagship philanthropy that raises funds for Fred Hutchinson Cancer Research Center, grossed \$85,000, totaling over \$1.2 million donated to Fred Hutchinson since its inception in 1987. Miss Greek, a scholarship pageant incorporating personality and eloquence includes all of the sorority houses on campus choosing to participate. This year 14 of 16 sororities participated in this noble cause. Over the past few years our chapter size has increased leading us to a total number of 57 undergraduate members. All house recruitment effort has led us to our most recent pledge class of 27 fulfilling our goal of 26, a significant increase from past years. The Gamma Mu Chapter has now also adopted a new resident advisor program. This position has been filled by Jack Cerchiara, a graduate of Delta Tau Delta's Chi Chapter and a current graduate student at the University of Washington.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

GAMMA NU

University of Maine

FALL 2007 CHAPTER REPORT

It has been an enthusiastic and exciting semester here in Maine. Gamma Nu has been very active with developing and enhancing the internal structure of the chapter and we have reconstructed our executive board after some slight issues in the past. The executive board has been working hard to return our chapter to the strength it has been in the past. We have turned our finances around from where they were six months ago, and the chapter is very proud of that. A 10-man pledge class was recently initiated (a 500 percent increase over fall 2006) which increased our total chapter membership by 50 percent. The Gamma Nu Chapter has been lucky enough to be able to volunteer at many local events this semester. They have ranged from a two weekend Haunted House at Fort Knox, to helping out at a nearby town's yearly town celebration, as well as a very successful All-Greek Food Drive that was put on by the IFC here at The University of Maine. We have some very exciting upcoming activities this coming Spring Semester. First off, Gamma Nu will start the planning and executing of our chapter's centennial celebration this upcoming year in 2008. We are also excited to have our new Executive Committee get into action next semester. Our Student Government has given each chapter funds for an external beautification project, and we have decided to construct a sign in front of the Shelter which will be designed and built by the end of the semester.

SPRING 2008 CHAPTER REPORT

This year at Gamma Nu Chapter has been an exciting one. We have jumpstarted our recruitment efforts by initiating 15 highly motivated new members, as well as changing our recruitment tactics to a more dynamic strategy which not only makes it more effective, but more fun as well. Just recently Gamma Nu held its annual Bash Out Drunk Driving car bash where we raised money for our local police department to help efforts to stop drunk drivers. We have also begun our house improvement efforts in order to prepare for our centennial celebration to be held in October. A new sign will be constructed during the summer as well as several other in house improvements. For our centennial celebration we have arranged many exciting events including a golf tournament and a banquet for our alumni.

GAMMA XI

University of Cincinnati

FALL 2007 CHAPTER REPORT

The 2007-2008 school year is an exciting time and marked a fresh start for the Gamma Xi Chapter as a young executive board took office. A majority of the members, including the president, are from the fall 2006 pledge class. The chapter hit the ground running and recruited 12 quality men during recruitment, including a former class president and a varsity track athlete. Internally, the new executive board has brought the chapter out of debt with a functioning budget, accountability with an effective judicial board, and is making efforts improve its academic performance by a recently proposed bylaw change to raise the required minimum GPA for active members. Externally, the chapter held our first annual homecoming philanthropy during Homecoming Weekend. "Louisville Slugging," which involved smashing a car on campus, raised \$1,240 which was donated to the Make-A-Wish Foundation, the all-Greek philanthropy at our university. The event also got our chapter on national television during the game and spots on several local news channels. Also, brothers and pledges have worked together to make Adopt-a-School a huge success with attendance rates double than those of last year. Many of the executive board's goals, set over the summer at a retreat to the Central Office, have been or are currently being reached, as confirmed by a positive report from our chapter consultant this fall. The Gamma Xi Chapter is in the midst of exciting and dynamic times and looks forward to the rest of the school year.

SPRING 2008 CHAPTER REPORT

Gamma Xi has continued to grow internally and externally throughout the 2007-2008 school year. Highlights of the winter included a great winter formal, a successful four-way in downtown Cincinnati, and Blue Balls for Testicular Cancer. This event was put on by Gamma Xi and sponsored by several campus organizations. A dunk tank was set up on campus in the middle of February. With snow on the ground and freezing rain falling from the sky, students could pay to dunk the brothers. The event raised \$1,428 for the Scott Hamilton Cares Initiative. Spring quarter was a critical recruitment period and the brothers came together to recruit a nine man pledge class, a class three times larger than the previous spring. Many of the younger brothers stepped up to make this recruitment successful. May 9 will mark Gamma Xi's second annual Slip and Slide for Safe Sex. All the expenses have been covered through sponsors. The event will include a 16 foot high slip and slide and will include the Trojan Evolved Tour bus and tent. Internally, members have continued to succeed as Gamma Xi has had a man elected to VP of Finance for IFC, had members attend the Greek

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Excellence Retreat, and has gotten a man onto the Greek Recruitment Team for the summer. Also, the chapter's winter GPA was almost 0.3 higher than it was in the fall, a significant increase. Gamma Xi looks forward to a successful end to a year of rebuilding.

GAMMA OMICRON

Syracuse University

FALL 2007 CHAPTER REPORT

Gamma Omicron took a revitalized interest in community service during the fall 2007 semester. In September the entire chapter volunteered at the Walk to Cure Diabetes hosted by the Juvenile Diabetes Research Foundation in nearby Liverpool, N.Y. Members arrived in the early morning hours to set-up and organize the event. Brothers were involved in preparing food, distributing t-shirts, collecting contributions and handing out water along the course. The chapter also raised and contributed over \$3,300 to support juvenile diabetes research. The walk was an important event for Gamma Omicron as one of our own members has been living with juvenile diabetes for quite some time. The organizers could not have been more grateful for our assistance. Everyone felt this was a successful day.

The entire brotherhood also donated blood to the American Red Cross this semester. Brothers felt it was important to give back to the community and giving blood was a perfect method to do so. Several members were able to donate twice during the semester. The Red Cross was very appreciative and wants the chapter back as soon as members are eligible to donate again.

The chapter also worked to raise money for the local Salvation Army. Members gathered at the local Shoppingtown Mall in Syracuse to collect donations from local patrons during the post-Thanksgiving holiday rush. A couple brothers even dug up an old Santa Claus outfit to don while asking for change. The money collected will be used by the organization to help those in need during the holiday season and beyond.

SPRING 2008 CHAPTER REPORT

After a year of reorganization, Gamma Omicron is finally ready to compete among the best of Syracuse University fraternities. We are proud to have added 15 new members this semester. With strong philanthropy programming, Gamma Omicron started a new tradition, "Delt Golf," a campus-wide golf tournament to raise money for Bleed Purple. Gamma Omicron is a leader in the IFC with over \$1,000 raised or contributed in this spring semester. We have met our community service goal for the semester as well, documenting more than 400 hours of service in the Syracuse community. Gamma Omicron remains in the top three GPAs among Syracuse fraternities, carrying this spot for the past two years. Our recruitment programming has never been better, and we hope to build the chapter to be bigger and stronger in the coming year.

GAMMA PI

Iowa State University

FALL 2007 CHAPTER REPORT

We came into the fall semester with 23 new members, which were rushed and signed during summer recruitment. 22 of our 23 rushees were initiated this October. During Homecoming at ISU, Gamma Pi placed second in lawn display and third overall in the event. Also during Homecoming we had the highest percentage of members donate blood and participate in the drive of all of the Greek pairings. We also had a successful Alumni Homecoming Barbeque in which multiple alumni came to the shelter to take a look at the lawn display and enjoy a good barbeque. Our Frozen Tailgate philanthropy rose close to \$3,000 for the Bleed Purple Foundation. We have continued our heavy involvement in philanthropy throughout this semester. In addition to Adopt-a-School, Gamma Pi participated in Adopt-a-Highway, our Annual Angel Tree, and has donated over \$2,500 to other campus philanthropies. Gamma Pi was awarded the Best Academic Program Award from Iowa State's Greek Affairs Office. Gamma Pi had 16 members recognized for being on dean's list at the academic recognition night.

SPRING 2008 CHAPTER REPORT

The Gamma Pi Chapter of Delta Tau Delta has had a great spring. We competed in three competitions this past semester including Varieties, Greek Week and VEISHEA. Varieties is a 15-minute musical in which groups, mostly fraternities and sororities, on campus pair up and compete against each other. Greek Week is a week long event to celebrate the Greek community and to recruit incoming high school students to go Greek. During Greek Week, we competed in different events ranging from basketball to spirit competitions. VEISHEA is a student run celebration of the colleges at Iowa State University. We built a Nintendo themed float for the VEISHEA parade that we began working on right after winter break and finished April 11. We placed second in Varieties and Greek Week and our VEISHEA float won first place.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

In addition to these accomplishments, we were presented the Court of Honor and Hugh Shields awards this year at the Western Plains Division Conference. This was our 25th Court of Honor and 19th Hugh Shields award. Locally, we were also awarded the Gold Circle award, which is given to the Greek houses that meet 91% to 94% of the criteria in the Fraternal Excellence Awards of set by the University. We were the top scoring fraternity to win this award at ISU. Our award application binder for the Fraternal Excellence Awards is on display in the Greek Affairs office for other chapters to view as a model. We are also very proud to have a spring pledge class of six quality guys that were initiated at the end of April.

GAMMA RHO

University of Oregon

FALL 2007 CHAPTER REPORT

The summer and fall of 2007 have been extremely eventful for the gentlemen of the Gamma Rho Chapter. After earning the top fraternity GPA on the University of Oregon campus with a GPA of just over 3.2, the members worked hard over the summer to establish a solid fall pledge class. After our closing the pledge class, we had offered bids to nine new members; nearly double that of the previous year. The gentlemen of Gamma Rho have been extremely dynamic on campus and representing our fraternity through their involvement on campus. Currently, the president of Order of Omega and the Interfraternity Council are represented by members of Gamma Rho, as well as heavy involvement in several other prominent clubs on campus. As a chapter we have been working hard to restore our chapter house, and build our members understanding of the mission and values and establish our prominence on the University campus.

Chauncey Freeman: President of Order of Omega and The Flight, a student-alumni relations organization. Geoff Palachuck: Interfraternity President. After attending the Maine Leadership Academy, he has been invigorated and led the pledge class and Greek life to being a highly spirited community. Duncan Robb: Interfraternity Board Member.

SPRING 2008 CHAPTER REPORT

Gamma Rho has experienced substantial growth recently. We have continued our increase in numbers by initiating a class of 21 quality men last term, the largest class in Gamma Rho history. The last three terms we have been among the top three in fraternity grades on our campus, taking the top honors twice. Our recruitment chairman has created a program called Delta Force which will teach and further inspire our members to excel in recruitment; our seven-man spring pledge class is proof that our plan is working. Gamma Rho seems to have a member in every major Greek organization; many Delts are leading those groups. We also have members in leadership positions in the greater campus community including student ambassadors, student orientation staff members, and positions in the student government. The brothers participated in many types of service ranging from assisting in the Special Olympics to helping in community gardens. Overall we completed 310 hours of community service hours; an average of just over six hours per person. Gamma Rho had a resounding showing at this year's Western Pacific Division Conference: we sent 24 of our members - about half of our chapter. Gamma Rho accounted for over a fourth of the total undergraduates in attendance. A number of our members have been assisting at Willamette College as they establish their new colony and we recently officially pledged 22 new members. Gamma Rho is entering spring term on an upswing and we continue to improve.

GAMMA SIGMA

University of Pittsburgh

FALL 2007 CHAPTER REPORT

Fall 2007 has been very productive for Gamma Sigma. After a year of some leadership instability, we have restructured and solidified the executive and administrative bodies. This year's Alumni Homecoming, dedicated to the great Perry R. Swanson, went exceedingly well thanks to the contributions and planning of many chapter alumni.

Philanthropy has also remained a major focus. The Greek advising staff has recognized the chapter as a top contributor to the campus blood drive. We continued our annual "Dunk-a-Delt" dunk tank in partnership with Delta Delta Delta sorority, and all proceeds went to the Make-a-Wish foundation. One Saturday of each month, the chapter participated in a program called Adopt-a-Block in which we helped clean up a neighborhood near campus. In addition, many brothers have participated in an elementary and middle school mentor/tutor program called Exceptional Tutoring. Canning and fundraising has gone extremely well this semester, too. Current fall efforts have raised almost \$2,000, which is donated to the University Of Pittsburgh Medical Center Cancer Institute, with even more coming by the end of the semester.

Despite lower recruitment across campus, including houses with very few or even no new members, we have stayed strong and recruited eight new brothers. Recruitment has also been focused on constant and

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

“year-round” recruitment. In the latter part of the semester, we have already recruited some strong candidates for the spring, and are on pace to meet or exceed our recruitment goal for the year.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

GAMMA TAU CC

University of Kansas

FALL 2007 CHAPTER REPORT

The men of Gamma Tau Crescent Colony have made great strides in many areas this fall. As a non-housed chapter, we had 13 men join us this semester. Gamma Tau held its first philanthropy event this fall. Delts at Dub's Dread, an alumni golf event, was a success and the proceeds were donated to a local soup kitchen in Lawrence. In attempts to recreate an alumni network and interest, we started tailgating before the home football games with the Delt flag flying high. We are currently working diligently to complete the petition to receive our charter. All of the members were greatly interested and cooperated with the housing board this fall; our own Gene Hibbs' Scholarship has been reinstated; and most importantly, we represented Delta Tau Delta proudly by following our Delt Creed, bringing back the name of Delt at KU.

SPRING 2008 CHAPTER REPORT

Gamma Tau Crescent Colony secured our Shelter for next year. Leases of current members have been collected. We have a new website and keep it updated regularly. The website has a great form for prospective members to fill out. Currently, we have 41 members at Gamma Tau. Five of these men joined the colony in February. We created recruitment teams for three areas: high school, current college students and alumni referrals. We have added a bylaw that requires 2.5 minimum GPA for members. And created academic teams consisting of four or five members who meet regularly to study and hold each other accountable for grades. Community service was a large part of programming this semester. We participated in the March of Dimes, Habitat for Humanity and Quail Run Elementary School's book fair. Currently we have completed 150 hours. We co-hosted a basketball tournament philanthropy event with the women of Alpha Chi Omega on April 20. The philanthropy raised money for a local domestic violence shelter. Socially we had a dinner exchange with the ladies of Delta Delta Delta on Feb. 13. Weekly brotherhood events contributed to our unity this semester. Events included pick-up games, studying, dinner, and simply relaxing. We joined many of our alumni for a Final Four basketball watch party with more than half of our colony members in attendance. We established and fully utilized the Honor Board the semester.

GAMMA UPSILON

Miami University

FALL 2007 CHAPTER REPORT

Over the fall semester our chapter was very active. We ran the Teeter Totter-A-Thon, which is our annual philanthropy event. We set a teeter totter uptown for three days and collected donations. The event raised over \$1,800 for the Adopt-a-School program. Our chapter also took part in a philanthropy called Preppy Sports. This is run by Beta Theta Pi and everyone involved plays sports such as badminton and croquet, while dressed obnoxiously preppy. The chapter also participated in Greek Week and we took third place in Bandstand. This is a dancing competition in which a sorority is paired with a fraternity and each group has to choreograph their own dance. It was also our first year to participate in Puddle Pull. Our team started practicing several weeks in advance. Fortunately, during Greek Week we were able to take third place in Puddle Pull. Before Thanksgiving break we hosted a holiday dinner. The dinner was a great recruitment and brotherhood event. We had the food catered and everyone was served a delicious turkey feast. Our brotherhood committee set up a weekend retreat this semester. It was a camping event and an amazing time, even though it was extremely cold. This has just briefly summarized some events during the semester. We have been preparing for and are excited for next semester.

GAMMA PSI

Georgia Institute of Technology

FALL 2007 CHAPTER REPORT

The fall has been a busy semester for Gamma Psi. To start things off, Gamma Psi has initiated 12 new members, bringing the house to 70 brothers strong.

Speaking of a strong brotherhood, Gamma Psi has just put together a new House Corp. association. As the old House Corp. was becoming inactive and resigning Gamma Psi has begun work with the new House Corp. and everything is running very smoothly, including many necessary renovations to the shelter. With the new House Corp., Gamma Psi is proud to announce alumni relations on a rise. Lately Gamma Psi has had numerous alumni return to the shelter to meet some of the current undergraduates, young and old. As well as a strengthening brotherhood, Gamma Psi has also excelled in the field of athletics. Every sport in the fall semester Gamma Psi has made the playoffs. With almost 100 percent participation from the brotherhood in different sports, Gamma Psi is chasing the best fraternity overall intramural award. As Gamma Psi succeeds on the field, off the field we are continuing to commit ourselves to lives of excellence and our cumulative GPA is expected to surpass the all campus average. This is the overall goal of the chapter, and knowing we are well on our way will help lead us to a bright future.

SPRING 2008 CHAPTER REPORT

Throughout this past spring semester, the brothers of Gamma Psi have continued to strive towards goals of excellence in scholastics, athletics, philanthropy, and campus involvement. In keeping with our commitments to success as brothers, many great strides have been made.

After our strong Relay for Life finish last year in second place, losing only to Google, Delt had another strong showing this year. Finishing in third place, the brothers raised a combined total donation of \$3,460 this semester for breast cancer research. Gamma Psi also witnessed healthy brotherhood participation in Tech Beautification Day, SEC fanfare, Alpha Xi and Zeta Tau Alpha charitable golf tournaments, a 5K race for the Ronald McDonald House and a 10K charity run for Leukemia.

Academically, everyone strived for a strong finish to another challenging semester. Our grades are projected to show another semester trend of overall improvement, and we recently completed a new initiative to install a server and online database, complete with extensive scholastic resources and records available to all brothers and pledges.

Campus involvement is still an area of unparalleled success for our chapter, in a number of vital areas. While fully one-fifth of the Student Government Association were Delts this preceding year, end-of-semester elections have confirmed that our presence will only grow in the next year, with a net gain of one more seat in the House of Representatives. A majority of the seats are being filled by younger brothers, ensuring Delt will only continue to grow and succeed in the future.

DELTA ALPHA

University of Oklahoma

FALL 2007 CHAPTER REPORT

Philanthropy: Delta Alpha held its first annual Delt Build-Your-Own-Burrito (Delt B.Y.O.B) this year on Nov. 13. A total amount of \$3,100 was raised to benefit the Norman County Y.M.C.A. Program.

Academic: Several new programs have been implemented to promote academic excellence including a grade-pairing system, financial incentives for A's on tests and a new grade monitoring program.

Rush: Summer and fall rush were extremely successful. With monetary support from various alumni, the rush committee was pleased to sign 42 guys for the fall pledge class.

Intramurals: The Delts placed in several events, earning points in 4 v. 4 Volleyball, Flag Football, and Tennis Doubles.

Activities: The annual musical competition—'University Sing'—was done this year with a new sorority on this campus, Alpha Phi. Homecoming was a successful event—Delta Tau Delta and Alpha Omicron Pi put in hundreds of labor hours on the various events and placed fourth overall.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Social: The Delts at OU expanded their social arena by hosting several events with other Greek organizations this semester. Also, our long standing army-themed date party was brought back this year and was a huge success.

Alumni Relations: Our Alumni Relations committee produced a semi-annual newsletter detailing the various events that happened earlier in the semester. For more information about the newsletter please contact Phil Marek at philmarek@ou.edu.

Pledge Education: After a successful 8-week pledge ship program, the house initiated 37 new members. Several alumni were present during the ritual, including Fred Gist and Jim Baker.

SPRING 2008 CHAPTER REPORT

The men of Delta Alpha have had a great spring semester. At the 2008 Western Plains Division Conference, Delta Alpha successfully performed the Ritual and hosted the conference. Delta Alpha is currently ranked ninth academically on Oklahoma's campus and we are making great strides to achieve even better academic excellence by using our revamped academic probation policies. The chapter's current GPA is 3.171. We were recognized by the University of Oklahoma's Center for Student Life as IFC's most improved chapter academically. We were also recognized by the Center for Student Life for excellence in Chapter Programming, Academic Programming, and Alumni Relations. Recruitment and new member education in the spring were outstanding. Delta Alpha pledged the best three men going through spring rush and initiated two of them. The chapter just put on Delt Dive, our annual campus-wide philanthropy volleyball tournament. The proceeds are going directly to Bleed Purple. We had 18 different fraternity and sorority teams from OU's campus, with 20 teams total. The Delts at OU recently finished performing in Sooner Scandals, the university's music and dance performance; this was the first time that the chapter made the show in seven years. Delta Alpha was paired with the women of Gamma Phi Beta for the show. The OU Delts are currently ranked fifth on campus in intramurals and have the number one overall seed in the all-Greek soccer tournament and placed third in the co-ed softball tournament on campus.

DELTA GAMMA

University of South Dakota

FALL 2007 CHAPTER REPORT

This past semester the Delta Gamma Chapter has had an eventful few months. Early in the semester, we sent out our annual *Dakota Delt* publication. This lets our alumni know when the Alumni BBQ is, as well as what other events Delta Gamma has done over the past year. In October we held the Dakota Days Alumni BBQ. This year over 30 alumni came back to the shelter. While here, they were able to enjoy a Power Point presentation of what Delta Gamma is like today as well as great food and other activities. The brotherhood chairman has been busy organizing events such as Parents Day. This was an opportunity for our parents to tour the house and get to know Delta Tau Delta better. Our chapter also held the annual Teddy Bear Run. This is an event where we run a teddy bear from Vermillion, SD to Sioux Falls, SD and donate the bear, along with a check, to the Children's Inn of Sioux Falls. This year we raised over \$1,000 for the Children's Inn. On a very positive note we also managed to have one of the most impressive pledge classes in recent years. The brothers managed to pledge 20 men and still have more interested in joining even today. We were excited to see so many quality guys coming to Delta Tau Delta. The Delta Gamma Chapter is looking forward to turn these men into quality Delts.

SPRING 2008 CHAPTER REPORT

The men of the Delta Gamma Chapter have had an impressive semester. We managed to initiate one of the largest pledge classes on campus at 20 quality men. We are also pleased to announce that their pledge class took the number one spot in all Greek GPA and the actives took second place by .01. All of the new initiates also took initiative this semester, raking up numerous administrative positions in the house. Our philanthropy chairman has done an outstanding job by creating and organizing the first annual "Rake-A-Thon" event. During this event, the brothers of Delta Tau Delta, along with other fraternities and sororities, raked leaves for the elderly and shut in residents. Our chapter managed to raise an impressive \$1,100 for the Children's Inn of Sioux Falls during our "Date-A-Delt" event. In addition to philanthropy our brotherhood chairman has kept up busy, be it cards in the basement or taking us out to eat at Whimps Steak House; he has done a great job. Delta Gamma is also pleased to announce that we are making our presence felt on the University of South Dakota's campus. We currently hold three top positions of the Interfraternity Council board, and hope to hold more, perhaps even the presidential position, this coming semester. Our new members are enjoying ritual education and learning what sets us apart from other fraternities...other than our good looks. Overall, it has been an impressive semester, one that cannot be summed up in such a short writing!

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

DELTA EPSILON

University of Kentucky

FALL 2007 CHAPTER REPORT

Delta Epsilon enjoyed another successful fall semester. The chapter once again excelled in recruitment, and initiated 40 new members in the fall semester. This brings Delta Epsilon to over 150 members and the largest chapter on the University of Kentucky's campus. Delta Epsilon held its second annual Alumni/Active Golf Scramble in September. Over 50 actives and alumni participated, making the event a huge success. Delta Epsilon also hosted alumni for a cookout/tailgate for the Louisville vs. Kentucky football game. Alumni from many different decades attended this event, which provided the active chapter a great opportunity to meet the men who helped build the chapter to its current state. Delta Epsilon is currently ranked first in the Fall Fraternity Intramural standings. With only a few events left, Delta Epsilon looks to be in great shape in becoming the fall intramural champions. Delta Epsilon has helped out with many community service events over the fall semester. Events in which members have helped out with include the McKenna Foundation's Art of Miracles, Rood and Riddle Equine Hospital's Family Fun Day, Team Jimmy Diabetes Walk and Turf Catering at the Keeneland Race Course.

SPRING 2008 CHAPTER REPORT

On Friday, April 4, we held our annual philanthropy event, Miss Greek UK. The event was held at the Lexington Convention Center for the first time and set record attendance levels. It started with a pre-party at 4:00 PM which lead into the main event starting at 6:00 PM. Ten sororities had contestants competing in this year's competition which raised \$2,000 for the Markey Cancer Foundation. Also, Senior Send-Off was hosted at the Delta Tau Delta house Friday, April 25. Seniors reminisced with the active chapter and alumni. Memorable Delt moments were shared and influential advice was given to underclassmen. We had five Delta Epsilon brothers participate in the University of Kentucky's main fundraiser, Dance Blue, which took place over the March 22 weekend. The cancer fund raiser set record donation levels and continued to astonish the community with its overall campus support. On Wednesday, April 23, Delta Tau Delta was recognized as the University of Kentucky's year-round fraternity intramural champion. Delta Epsilon won the fraternity league softball world series on April 23, giving Delt a 150-point lead over the field. Delta Epsilon maintains the largest active chapter on University of Kentucky's campus. We have begun to place members in other Greek related organizations, including the Interfraternity Council. Brother Ben Duncan currently serves as the Vice President of External Affairs.

DELTA ZETA

University of Florida

FALL 2007 CHAPTER REPORT

The Delta Zeta Chapter began semester with a successful fall recruitment period. Membership was increased by 25 percent and many new members have already taken on leadership roles within the chapter. Throughout the semester the men of Delta Zeta have participated in service projects such as Toys-for-Tots, Adopt-a-School, Habitat for Humanity and local community center volunteering. The chapter also hosted a successful Alumni Weekend during the Florida-Auburn game in order to strengthen alumni relations. The families of current members were also invited to the shelter for Family Weekend during the Florida Atlantic football game. Members of the chapter were able to participate in intramural sports which included volleyball, tennis, flag football and racquetball. Overall, the chapter increased its GPA to 3.3 on a 4.0 scale.

SPRING 2008 CHAPTER REPORT

A young executive board at Delta Zeta helped the chapter transition into the spring semester and hit the ground running. The brothers of Delta Zeta had a successful spring semester in many aspects of Greek life. Morale has improved over the past semester with a successful intramural program and outstanding philanthropic involvement. The intramural soccer team won their division and made it all the way to the fraternity league championship game. The Delta Zeta Chapter was also very active in the community and raising money for charity. With the help of the ladies of Alpha Delta Pi, the chapter raised over \$50,000 during Dance Marathon 2008 benefiting the Children's Miracle Network. Following Dance Marathon the chapter put on its second annual Miss Greek pageant benefiting the American Cancer Society and the Bleed Purple Foundation. The event raised over \$20,000 for the organizations and was a true crowd pleaser.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

DELTA ETA

University of Alabama

FALL 2007 CHAPTER REPORT

Fall 2007 was an excellent semester for the Delta Eta Chapter of Delta Tau Delta. The chapter successfully rushed and initiated 40 pledges. Athletically, the chapter finished second place in flag football and third place in soccer. We also reached out to our alumni in many ways. We held a barbeque event, in which alumni were able to meet and talk to prospective members. The chapter also held dinner with alumni on both Thanksgiving and Christmas, eating traditional turkey and ham. Also, the chapter worked with the YMCA by going out and reading to elementary school students. The chapter also participated in the Habitat for Humanity project in the greater Tuscaloosa area. 45 of the brothers helped build a home for a mother of four that recently moved into the region. Fall 2007 has been a time of great growth and prosperity for the Delta Eta Chapter. It has certainly been a time where the chapter has been able to take great pride in being part of Delta Tau Delta.

SPRING 2008 CHAPTER REPORT

The Delta Eta brothers of the University of Alabama began the spring semester with a strong push from recruitment. Our chapter signed nine pledges for the spring semester, which is more than any fraternity on campus. This brought the house total to number 89 in men, which is the largest our chapter has been in eight years. This was followed with the Student Government Association elections where one of our brothers, Brandon Clark, was voted into executive vice president of academic affairs. However, all of our chapter's great success was brought to a halt when a fellow brother, Steve Catanzaro, passed away in a car crash. Even though this was one of the lowest times in our chapter's history, we still moved forward and tried to excel in a respectable fashion to Delta Tau Delta and Steve Catanzaro's namesake. We then went on to come in third place in Greek Week, where fraternities and sororities compete and work together for various Greek-themed events. Soon after our chapter updated the website, which is now easier to work with, our chapter won an award for most philanthropy hours of any other student organization on campus. We are happy to show you what we've done this semester and hope you look forward to our future reports.

DELTA IOTA

UCLA

FALL 2007 CHAPTER REPORT

The school year started off with a very successful recruitment in which the house obtained 17 pledges. All 17 men completed their pledge education program and were initiated Nov. 30, 2007. The chapter has shown a strong presence on the Interfraternity Council, as two Delts now sit on the executive board as vice president of recruitment and treasurer.

This success continued as the current brothers were able to welcome alumni, mainly from 1967-1971, back to the house that they had once used as undergraduates. They were able to reminisce about when they lived in the house and were then able to tailgate the UCLA vs. California football. There were over 45 alumni in attendance, making it one of our most successful alumni events in recent years. Also, a more recent alumnus, Sam Ahn, made a donation that was able to restore part of the shelter that many current brothers are grateful for. He donated the letters that are now hanging in front of the shelter, where they once did many years ago.

The chapter has also actively been giving back to its community. Delta Iota has revived its Adopt-a-School program, and is now serving an elementary school that is in the local Westwood area. Also, the brothers have volunteered their time by decorating a section of the Mattel Children's Hospital for Christmas in order to bring some joy to those in need.

SPRING 2008 CHAPTER REPORT

For the Delta Iota Chapter of UCLA spring has been a very productive time. The most exciting and motivating event this term has been the introduction of our Delta Queen philanthropy event. In this effort we were able to involve much of the Greek Community at UCLA as well as raise thousands of dollars for the City of Hope Cancer Research Center. This has been a staple of Delt chapters in the past and has now become an important part of our chapter. Thanks especially to Jesse Rogel and all of the brothers who helped make it a great success. In addition to our own philanthropy event, the brothers of Delta Iota have been busy participating in the philanthropies of many of the other Greek chapters here at UCLA. With events ranging from sports to dance competitions to pancake eating contests, there is something to be found for everyone. The new term ushers in the continuation of intramural sports teams. Recently we competed in the Intramural Basketball program on campus and contended for the championship. Other Delt sports, both as brotherhood events and intramural activities, included softball, soccer and volleyball. Perhaps most importantly, the brothers of Delta Iota have been very active in our community. We currently have programs for beach cleanup, tutoring of

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

students from inner-city LA, and participate in a recycling and environmental awareness group. From philanthropy to sports and everything in between, we continue to strive for excellence in all that we do here at UCLA.

DELTA KAPPA

Duke University

FALL 2007 CHAPTER REPORT

Delta Kappa Chapter had a busy fall.

The chapter participated in many on-campus philanthropic events, including the Junior Panhellenic Council Powderpuff Football charity by coaching a team from Alpha Delta Pi sorority to the semi-final round of competition. This event awarded the winning sorority with a grant to its respective charity.

The chapter hosted a three-on-three Barefoot Soccer tournament in support of Bleed Purple, the national philanthropy event this semester.

The chapter also held a Science Café, its trademark small group discussion with prominent faculty in the sciences, last month.

Delta Kappa submitted its report to the University's Residential Group Assessment Committee to be ranked in terms of housing and member development. This process runs annually resulting in a housing shuffle every three years. The chapter has seen improvement in housing management and should score well in the top third of all residential groups on campus.

Sophomore Anthony Marzocca was selected to represent Delta Kappa on the Undergraduate Council. This will be our first representation on the UGC.

The chapter hosted approximately 20 recent alumni during Homecoming Weekend in October. Events centered on meeting with brothers during a picnic cook-out prior to the big game.

The chapter hosted the annual fall social, Iced Out, in late November. This white-attired theme event aided in recruitment and was extremely fun for brother and friends alike. The DJ that played for the event appeared at the Bonnaroo Music Festival this past summer.

SPRING 2008 CHAPTER REPORT

This semester Delta Kappa successfully recruited, pledged and initiated 12 new members. They are a very diverse group and bring a lot of enthusiasm to the chapter and have already begun to assume leadership positions.

The main event hosted by the chapter this spring was the DeltAIDS week. DeltAIDS is the philanthropy group our chapter started three years ago that raises funds and awareness for HIV/AIDS research. This semester DeltAIDS was incorporated in the state of North Carolina and its 501(c) (3) tax status is pending. The week-long event, cosponsored with us by three sororities, consisted of an HIV testing drive with Know-Your-Status, a showing of Rent with a discussion afterwards, a very successful t-shirt sale, and a concert in the Duke Gardens. The event raised over \$1,100 for the charity.

At our annual spring formal the brothers and their dates enjoyed a weekend of warm weather and sunshine at the beach in Wilmington, N.C. The event was capped off in fine fashion on Saturday night with an excellent dinner at 5-star restaurant overlooking the ocean and a live band afterwards.

DELTA MU

University of Idaho

FALL 2007 CHAPTER REPORT

This fall semester has been very successful for the men of Delta Tau Delta at the University of Idaho. With a total of 24 new pledges, the house started the year off tied for first in recruitment. The shelter is now 100 percent complete and with a full-time cook. The hill in the front of the house has provided lots of use, such as a date dash, slip and slides and now that there is snow on the hill—even sledding and skiing. The residents of the house have been very philanthropic this year, earning high regards in many charity events, including first in the Kappa Delta soccer tournament, second in the Delta Gamma Anchor Splash, third in the Gamma Phi basketball tournament, kickball with Alpha Phi, dodge ball with Alpha Gamma Delta and participation credit the Kappa Alpha Theta Foot Brawl. Also, for the first time in many years, our house participated in the homecoming parade and placed among the top of over 100 entrants. The chapter room recently received church pews for seating for the many new members. It's great to have the house completely full and to see the great things that will come from its members.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

As the spring semester of school comes to a close we reflect back on what a great semester it has been for the brothers of Delta Mu Chapter at the University of Idaho. This has been a very productive semester right from the start. Eleven men traveled over to Seattle for the Western Pacific Division Conference, where we received four awards and achieved 100 percent in new membership in the Crescent Society. The newly remodeled house has strengthened the brotherhood here, which has been felt on campus as the men took first place overall during our school's annual Greek Week. We excelled in many of the events such as skits and Greek games, and we took first in the blood drive and chapter pride day. The men have also been helping out the community as nearly 100% of the house attended the Saturday of Service, which is put on by our university. Here the men of Delta Mu Chapter went to places such as the Humane Society and the Elementary school, where they painted hand rails and signs and helped rebuild the dog cages as girls from campus sororities walked the dogs. The men just recently had their mom's weekend annual auction, where the mothers brought baskets or made items such as quilts. This ended up raising almost \$7,000, which is a new high for the house. This will help greatly during the summer as the recruitment chairs will be traveling all over the surrounding states in an attempt to recruit new members.

DELTA NU

Lawrence University

FALL 2007 CHAPTER REPORT

The year began in a somewhat inauspicious fashion for our chapter after the Lawrence University administration placed us on social suspension for a somewhat questionable offense. In the end, however, it was a blessing for our chapter as we were able to spend some time with our division vice-president, Russell Bedalov, who came to our chapter on numerous weekends. On one of these occasions we were lucky enough to have Russell give our group a risk management workshop. Accompanied by an Alcohol Awareness talk by Lawrence University health service staff member, Paul Valencic, our group was relieved of our suspension and left us with some great life knowledge that we will take along with us to ensure we live lives as good people and good Delts. Aside from Russell's visit to our chapter, we were also lucky enough to have a meeting with both Russell and Division President Bruce Peterson. The highlight of our year thus far was the celebration of our chapter advisor, Rich Agness, being inducted into the Lawrence University Hall of Fame. After the ceremony, we had numerous alumni, as well as Rich and his family, back to the house for drinks and snacks. Overall the night was a great way for current Delts and past Delts to interact and meet with each other in the house that we've all called home. We are currently preparing to participate in Salvation Army bell ringing in the upcoming weeks, and look forward to wrapping up our first term in two weeks.

SPRING 2008 CHAPTER REPORT

The Delta Nu Chapter of Delta Tau Delta has enjoyed a successful spring semester. We have had two campus-wide open events at our house which led to added recruitment. We have also hosted and participated in a variety of philanthropy events. We hosted a charity poker tournament at our house and ran a "Guitar Hero" competition to raise money for the Salvation Army. Our chapter's positive reputation has been growing throughout campus due to said events.

DELTA XI

University of North Dakota

FALL 2007 CHAPTER REPORT

The men of Delta Xi Chapter have been very busy thus far this year. The year started out strong during recruitment. Our chapter, under the guidance of recruitment chairman, Matthew Munoz, recruited 18 new members that are currently going through the pledge education process. Through the half-way point of the semester, the men of Delta Xi have been excelling in academics. After midterms, the chapter is second on campus among fraternities in least amount of deficiencies. In terms of philanthropy, Delta Xi has also been excelling. At this point of the semester, Delta Xi has had 14 men participate in Adopt-a-School. In our Adopt-a-School program, the chapter is involved in the Winship Elementary after-school intramurals program in which the students play sports after school. In another philanthropic effort, the men of Delta Xi just completed our annual haunted house. We coined this year's event "Terror at 2700," with 2700 being our house address on campus. With the leadership of our external vice president, Scott Stone, and public relations chairman, Jason Kayati, the chapter raised nearly \$2,000 for a local family. The Carvieu family has a 12-year-old daughter with a brain tumor and the men of Delta Xi worked hard to raise money for the family with outstanding success. Philanthropic events such as these show the world that we care about what we do. Strengthening community is essential to our vitality; the Men of Delta Xi have shown this. Just yesterday, our chapter elected our new

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

executive board which now will lead our house to continued greatness. Delta Xi is working hard to make a great name for ourselves as well as championing Delta Tau Delta Fraternity as an organization that cares about the world we live in.

SPRING 2008 CHAPTER REPORT

Our Deltona Beach volleyball tournament rose over \$2,000 for local charity. We awarded over \$13,000 in scholarships for academic achievement and excellence. We initiated four new members. Our intramural hockey team took second place for the season. We've had three speakers come in to help educate us on many real issues our members are often faced with. Finally, we were once again prized with a Court of Honor.

DELTA OMICRON

Westminster College

FALL 2007 CHAPTER REPORT

It's a great day to be a Delt! Delta Omicron is once again number one on campus in both academics and campus leadership. This spring we recorded a house GPA of 3.24, the only fraternity on campus with above a 3.0 GPA. We also had another successful rush this fall, picking up 18 new members that will go through pledgship when we return for the spring semester. In addition to maintaining our excellence here at Westminster College we hosted our first Bleed Purple Week to raise money for our national philanthropy and help fight cancer. We raised over \$1,100 during our philanthropy week with the main event being a head shaving contest in which the sororities were rewarded points to get actives to shave their heads. We are looking forward to continued success next semester here at Delta Omicron.

SPRING 2008 CHAPTER REPORT

Studying and working hard on academics has paid off for Delta Omicron as we secured not only the best fraternity average at Westminster, but in the Western Plains Division as well. Our national philanthropy, Adopt-a-School, had its highest attendance to date due to increased emphasis on philanthropy, and our freshmen pledge product produced great results in securing donations for the Bleed Purple effort. Delta Omicron was awarded the E.C. Henderson Award from Callaway County's United Way for recognition of continuous service and having the best philanthropic program in Fulton, Mo. Thirteen new men were initiated into the chapter this spring and all are looking forward to serving Delta Omicron. In addition, we are looking forward to and are preparing for our fall pledgship, one of the few if not the only taking place at Westminster next fall. Delta Omicron continues to be a leader on campus both in the classroom and in numerous leadership opportunities outside the classroom, and its members are constantly seen throughout the campus. The men of this chapter hold offices in numerous school organizations, including executive positions in Student Government Association, Westminster's alumni relations group Student Ambassadors, Campus Activities Board, and Order of Omega as well as many others. As the end of the semester approaches, the men of Delta Omicron look forward to a new year of campus leadership and personal excellence.

DELTA PI

University of Southern California

FALL 2007 CHAPTER REPORT

The fall 2007 semester has been a time of growth for the Delta Pi Chapter at the University of Southern California. Recruitment continued to be strong as the chapter initiated 20 new members, the largest class since re-colonization, which brought total membership to over 80 active members. The chapter's academics remained excellent, maintaining a 3.32 grade point average, which placed Delta Pi third out of 19 Interfraternity Council fraternities at USC. Along with maintaining academic excellence, the chapter continued the "Professor to Dinner" program, inviting distinguished faculty to dinner before chapter and having them say a few words regarding their position at the university as well as any research or internship opportunities that may be available to undergraduate students. This program was started last spring by the academic chairman and has proven successful in establishing a working dialogue between active members of the Fraternity and university faculty.

Also, the chapter had its annual philanthropy, Recess Revival, in November where sororities competed in a number of schoolyard games from wall ball to four-square. The money that was raised will be donated to The Smile Train, an organization that provides surgeries in third world countries to children with cleft palates.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

The fall 2007 and spring 2008 semesters were a time of growth for the Delta Pi Chapter at the University of Southern California. Recruitment continued to be strong as the chapter initiated 20 new members in the fall, the largest class since re-colonization, and 10 new members in the spring. Total membership is up to 85 active members. The chapter's academics remained excellent, maintaining a 3.32 and 3.29 grade point average last spring and this fall, respectively. This placed Delta Pi third out of nineteen Interfraternity Council fraternities at USC for the second consecutive semester. Along with maintaining academic excellence, the chapter continued the "Professor to Dinner" program, inviting distinguished faculty to dinner before chapter and having them say a few words regarding their position at the university as well as any research or internship opportunities that may be available to undergraduate students. This program was started last spring by the academic chairman and has proven successful in establishing a working dialogue between active members of the fraternity and university faculty.

Also, our chapter had a successful brotherhood trip to Northern California this past November for the USC vs. Cal game. Every year our house rents between four and six RVs and we make the trip to the away football game. This past fall was no different, and all the brothers that went on the outing can honestly say that some of their best memories from the semester were from that trip.

Lastly, the chapter had its annual philanthropy, Recess Revival, in November where sororities competed in a number of schoolyard games from wall ball to foursquare. Approximately \$1,000 of the money raised was donated to the Bleed Purple Foundation.

DELTA SIGMA

University of Maryland

FALL 2007 CHAPTER REPORT

Delta Sigma Chapter has greatly improved since last semester. Our recruitment this semester was 200 percent of our recruitment with regards to last fall semester's standards. On Nov. 11, 2007, our chapter ran a successful philanthropy event raising over \$700 for the Bleed Purple Foundation. As a chapter, many members this semester have trained to become part Violence Intervention Assistance (VIA) program. A lawyer from the office of victim advocate came to our house and talked with the chapter on ways to prevent sexual assault, and how to react if ever approached by an assault victim. In the beginning of the semester, our social chairman Tyler Baril gave a presentation on the social policy at the University and Tom Mumey, our Risk Manager, gave a presentation to better inform the chapter of how to better lead a life of excellence and become a better brother. Our chapter consultant gave a very positive report when he visited and checked up with our house leadership. The chapter as a whole has also worked hard this semester to boost the household GPA to better compete academically at the university.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

DELTA TAU

Bowling Green State University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Delta Tau has worked extremely hard this semester to improve our academic stance in the Greek community at BGSU. The determination of the entire chapter and a creative academic plan has taken our cumulative GPA from a 2.49 in the fall semester to a 2.91 in the spring. We also moved up on the Greek grade report from 37th place to 19th. As president, I am very proud of our entire chapter and am looking forward to improving Delta Tau.

DELTA PHI

Florida State University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Delta Phi Chapter at Florida State has raised the bar this past semester. For the first time we took 1st place in Dance Marathon, raising over \$50,000. We took second place in Fraternity of the Year Running. We

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

took second place in IM's, missing first by less than 100 points. The chapter as a whole accumulated over 1,900 community service hours. We have also received the good graces of our Housing Corp. for maintaining a brand new shelter and making sure the house, as well as the men in it, is number one on campus.

DELTA CHI

Oklahoma State University

FALL 2007 CHAPTER REPORT

As the men of Delta Chi Chapter at Oklahoma State University, we have had a great semester. We started off the semester with a great rush and an outstanding group of men. We worked hard for two months on our house deck for our annual homecoming celebration. Homecoming at OSU is a huge thing. We pair up with a sorority and build a themed deck, covered with tissue paper. In addition to doing a house deck we have our annual Homecoming Carnival Fundraiser. We have a company come up with eight or nine machines and put on an event for four hours. This year we raised over \$10,000 in proceeds that went to Coaches vs. Cancer. Our house took part in our campus wide philanthropy event, in which we spent a Saturday doing hard work at an elderly couples' house. A couple weeks ago we had an academic banquet to award the students with 4.0 and the winners of our academic draft. Our house was split into four random teams and the group with the biggest GPA got steaks. The second team got chicken, third team got hamburgers and last place got hotdogs. We have had a fun semester and enjoyed our social activities, such as coke dates, date parties, brotherhood retreats and dinner exchanges. We are coming closer every year to becoming one of the top fraternities on our campus.

SPRING 2008 CHAPTER REPORT

The spring semester here at Oklahoma State has been both busy and fun. The chapter was excited to host several alums as well as an Arch Chapter member, division president, and division vice president for dinner early on in the semester. Delta Chi Chapter then hosted a Coaches Road Show with former basketball coach Sean Sutton in early February. March provided the chapter with the honor of having the president of Oklahoma State, Burns Hargis, come speak at a formal dinner.

Delta Chi raised approximately \$2,500 for Coaches vs. Cancer, when it held the 19th Annual Chris Massey Memorial Delt Dunk Basketball Tournament. The chapter was able to help a local elementary school put on a carnival for the students. It was exciting for all the members to have the entire chapter present for our Adopt-a-School initiative this spring.

However, it hasn't been all work and no play here in Stillwater this spring. The chapter held its annual Platoon date party in mid-March. The chapter later traveled several hours for a brotherhood campout and float trip in mid-April. Additionally, the chapter was fortunate to meet one of our famous local alumni, Keith Anderson, who is a country music singer and songwriter. The chapter had a meet and greet with Anderson and many other alumni that were present for the OSU spring football scrimmage.

Delta Chi is also thrilled that our alumni will be holding a golf tournament to benefit our summer recruitment on May 10 in Tulsa.

DELTA OMEGA

Kent State University

FALL 2007 CHAPTER REPORT

The fall 2007 semester has been an eventful one for the Delta Omega as we continue to get our name out throughout campus. The chapter recently brought home the 2007 fall intramural softball championship trophy with a 13-2 victory in the championship game. This title made us recognizable around campus for our athletic abilities. Also, this past October, Delta Tau Delta and Kent State University celebrated homecoming weekend. During the week leading up to Homecoming on October 6, the chapter participated in the annual Homecoming events, in which we placed second in the Greek competition. We were paired with Alpha Xi Delta sorority. The events consisted of small competitions between student organizations showing their school spirit. Another event that took place during Homecoming weekend was possibly the most exciting thing that happened to us this semester. On the morning of October 6th, Kent State University's President, Lester Lefton chose Delta Tau Delta as one of three fraternities on campus that he would make a personal appearance at. During this visit brothers were able to meet President Lefton and have our picture taken with him. This was a huge honor for all of the brothers to be chosen out of all of the fraternities on campus as one he wanted to visit.

SPRING 2008 CHAPTER REPORT

The men of Delta Omega Chapter exemplify the fact that Delta Tau Delta Fraternity is the source of leadership on all college campuses. We are proud to announce that Brother John Bey has been recently elected the executive director of the entire undergraduate student body. He will be the very first executive director under

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

the newly formed Undergraduate Student Government. Following in this prestigious title is Adam Patterson and Sean Mostov who both hold positions on the executive board of the newly formed government. This will also be the second year in a row that one of our brothers will be holding the esteemed position of Interfraternity Council President. Brother Sean Mostov is the current president of IFC. He has recently worked on a proposal for the expansion of Greek fraternal life on the campus. Brother John Bey was last year's president. He oversaw the revamping of the university's IFC bylaws.

EPSILON ALPHA

Auburn University

FALL 2007 CHAPTER REPORT

This semester Epsilon Alpha Chapter has been very busy. After winning the Court of Honor, we are striving to maintain such standards of excellence and excel in our weaker categories. Community service continues to be our foundation, with our Adopt-a-School program running extremely strong. Our partnership with Dean Road Elementary School has proven very valuable as we have already donated hundreds of hours and thousands of dollars in philanthropic causes this semester alone. Our brotherhood committee has done an excellent job with our football tailgates and brotherhood only events. Our annual Thanksgiving dinner was a huge success as always. We also held a semi-formal this fall for our brothers and pledges. We continued to recruit solid young men that will make excellent Delt brothers, initiating 12 this fall. Our housing corporation is continuing to move on constructing our new chapter house, currently in the midst of our capital campaign to raise funds for the new three-story, 20,000 square foot state-of-the-art shelter on 2.4 acres of land. We hope this new house will continue to enhance our recruitment efforts and boost our chapter to be a leader on Auburn's campus. War Eagle!

SPRING 2008 CHAPTER REPORT

This semester, Epsilon Alpha has been extremely busy. Community service continues to be our foundation, with our Adopt-a-School program running extremely strong. Our partnership with Dean Road Elementary School has proven very valuable, as we have already donated hundreds of hours and thousands of dollars in philanthropic causes this semester alone. Besides being consumed with community service, we have been busy with initiating all of our new officers. Our alumni committee worked hard all semester long planning our Alumni/Parent's Weekend, which took place before the Spring-a-Day football game. The successful weekend had more than 150 parents and alumni in attendance. We also had our formal this semester in Hilton Head, S.C. for our brothers and their dates. Our brotherhood committee has created a weekly dinner after chapter that most of our brothers attend. Our housing corporation is continuing the plans of constructing our new shelter. We are hoping that ground will be broken in July, depending on funding. Currently, we are moving into a new temporary rental shelter starting in the fall. We are hoping for another successful semester. WAR EAGLE!

EPSILON BETA

Texas Christian University

FALL 2007 CHAPTER REPORT

Epsilon Beta started out strong this year with high hopes and expectations. During our formal rush we were able to secure 13 solid young men that we hope will be an asset to Epsilon Beta in years to come. We as a chapter feel that 13 new members is not enough and are planning on expanding our number's by creating an additional pledge class not only in November, but by taking a spring pledge class as well. We did have a bump on the road this semester; an issue with hazing brought forth much change in the chapter as Delt assistant executive vice president, Garth B. Eberhart came down. He was a great help in putting us back on track. The philanthropy Delts Spike Autism, which was planned to be held this semester, was forced to be postponed, and is looked forward to by much of the chapter to be held on April 12, 2008, under the name Bleed Purple. We are currently in the process of creating a new, expansion-based rush program that will hopefully bring about an amazing rush class that will help Delta Tau Delta become a dominate force at TCU. It was brought together with much help from TCU and Delt National Headquarters. Epsilon Beta thanks them for their effort. We are also working very hard to re-organize ourselves and bring about a better overall chapter. Epsilon Beta looks forward to our future successes.

SPRING 2008 CHAPTER REPORT

Epsilon Beta has taken the challenges it faces in full stride this spring semester. The semester began with the recruitment and pledging of six exemplary new members. Grant Gossett, the newly elected recruitment chairman and new member educator, and the chapter as a whole have done a fantastic job this spring, and we

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

look forward to greater successes this fall. Epsilon Beta sent 10 members to the 2008 Western Plains Division Conference in Oklahoma City. The conference proved to be a great help in getting the executive committee feedback and suggestions on how to better organize the structuring of the chapter. Participation in Adopt-a-School, our elementary school mentoring program, has been exemplary again this semester with nine members participating and mentoring young kids in the community. This semester saw the return of the Second Annual Greek Week - a Greek Wide TCU celebration of fraternity and sorority life - in which Epsilon Beta along with three other sororities and one fraternity won overall first place as "Team Atlas." Mother's weekend later in the semester proved to be a terrific event, with a dinner and bowling night that was entertaining. Later in the semester, Father's weekend was a great hit, as the boys took their dads out to the horse track for an afternoon of excitement. With the successful reforms made in the administration of the chapter, we look forward to a great summer break, an extremely successful fall recruitment, and an eventful and fulfilling fall semester.

EPSILON GAMMA

Washington State University

FALL 2007 CHAPTER REPORT

This semester marked continued growth and excellence at the Epsilon Gamma Chapter at Washington State University. The chapter had an exciting start by recruiting an amazing class of freshman. This semester, Epsilon Gamma initiated 19 new members! One highlight of this year has been the progress made in philanthropy. Our philanthropy is always for the Mark Rypien foundation. Mark Rypien was a member at the Epsilon Gamma house that went on to become a NFL quarterback and Super Bowl MVP. His foundation was set up to help families that are affected by cancer. To raise more for this cause, Epsilon Gamma made a Women of WSU calendar. The calendar features girls from different sports, activities, leadership roles, as well as "Delt's Choice." 100 percent of the profits will be donated to the Mark Rypien Foundation. Epsilon Gamma is looking forward to an exciting spring term.

SPRING 2008 CHAPTER REPORT

Epsilon Gamma had a successful spring semester. Though the semester is over, we accomplished many goals that have strengthened our house. The workshops completed by our executive council have helped Epsilon Gamma define themselves. With 57 active members, we are among the largest fraternal organizations on campus, beating the average size by ten members. This year the house implemented Omega Financial into our financial plan. In doing so, Epsilon Gamma now has contractual rights to collect unpaid house bills. This has resulted in much greater returns for the spring semester. We hope that with Omega Financials help, we can start to pay off our debt to the House Corporation and make much needed shelter improvements.

Also this semester, Epsilon Gamma started a new philanthropy designing and marketing the first *Women of Washington State Calendars*. With all proceeds going to the Mark Rypien Foundation, Epsilon Gamma was able to make a \$1,000 donation. We hope to continue our philanthropic success next year with the second calendar and donate an even larger amount.

As for recruitment, this semester Epsilon Gamma signed three new members giving us a great start for summer recruitment. We hope to sign twenty additional men this summer, which will allow Epsilon Gamma's shelter to reach maximum capacity for the first time ever. The Epsilon Gamma Chapter is making great strides to become stronger as a whole. Go Cougs and Rah, Rah Delta!

EPSILON DELTA

Texas Tech University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The members of Epsilon Delta are leaders in the fraternity world on the campus of Texas Tech University. Epsilon Delta is constantly in the top three with grades as well as philanthropy events. We were second in intramurals for this spring semester and but most importantly, we are extremely pleased to have just initiated 12 new brothers. We have 142 men in our chapter which are dedicated to the future betterment of our chapter as well as the betterment for Delts all over the nation. The best aspect of Epsilon Delta is that we are very close, we are truly brothers. We are excited about the upcoming fall rush where we plan to take a great new class in an effort to keep our success progressing in the future.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

EPSILON EPSILON University of Arizona

FALL 2007 CHAPTER REPORT

Fall 2007 was once again another successful term for Epsilon Epsilon in many ways. Once again we had a successful rush, tied for the most new members recruited and led the western pacific division for fall recruitment. We initiated 37 men of excellence. We were very successful in community involvement, actively helping various programs including Ronald McDonald House, helping out with the local day care, Habitat for Humanity and various other philanthropies. We made a definite impact with the community and university as a successful member of the Greek community. Epsilon Epsilon also actively participated in every sorority philanthropic event on campus along with those put in place by the university. Our Bleed Purple effort, "Dunk-A-Delt" (dunk tank), has thus far accumulated over \$2,200 and continues to receive donations. We have improved our relations with our alumni and are striving to continue such efforts. We are in the process of joining the Adopt-a-School program. Overall Epsilon Epsilon has made a dramatic impact in the face of both the fraternity and the university.

SPRING 2008 CHAPTER REPORT

The spring 2008 semester has been a very promising one for Delta Tau Delta at The University of Arizona. Epsilon Epsilon has excelled and improved in many areas. This semester we have taken it upon ourselves to give back to the community, The University of Arizona, and Delta Tau Delta's foundation as a whole. Every member of the chapter has participated in at least five hours of community service. Having 92 members who participated in at least five hours of community service we were truly able to give back to the community. We participated in one event that lasted all day where we walked up and down the streets of Tucson picking up garbage and other trash that cluttered the streets of Tucson. We participated in Relay for Life which is a walk-a-thon to raise money for cancer. We participated in aiding The Giving Tree Foundation by cleaning and helping them prepare for a charity event. We participated in an event called Up Till Dawn which consisted of writing hundreds of letters to raise money for Saint Jude's Children's Hospital. We aided the Big Brother Foundation by organizing gift bags for their children's bowling event. One of our biggest achievements was 100 percent participation in donations to the Crescent Society, which we donated a total of \$1,540. Epsilon Epsilon's community service efforts have been incredible this spring semester, and we will do even more next fall.

This past spring has been a memorable one. We took in 11 potential new members and initiated 11 great men. This is a huge increase than last spring. We are growing fast as a chapter with 100+ members. We are one of the top intramural houses on campus with multiple playoff appearances in all sports. We performed over 600 hours of community service as a house and making a huge impact with the community and the University. Our finances are finally back on track and looking forward to start utilizing our financials for improvements to the shelter and other programs. We're getting back on track with our alumni support, sending out a more frequent newsletter to keep them posted on our accomplishments and future dates. Our chapter internally is functioning well and improving for the better. Finally, our executive board is young and eager ready to accelerate into fall term with a jump start and ready to make Epsilon Epsilon Hugh Shields award worthy.

EPSILON ZETA

Sam Houston State University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Epsilon Zeta started off the semester with a new executive board and a new outlook on the Fraternity. During spring recruitment we pledged six great men out of a very limited spring rush class. Epsilon Zeta is proud to say we initiated five out of the six men and each is ready to take big roles in the fraternity. After leaving Western Plains Division Conference winning two academic awards and one recruitment award we had a full head of steam and were ready for anything. When returning to our campus we were excited to hear we were awarded with the highest GPA on our campus for the past academic year. We were extremely proud of all of our brothers who made this happen. Epsilon Zeta was also recognized as one of the best fraternities on campus when we were nominated by the students, faculty, and staff for Outstanding Social Fraternity at our schools "Sammy Awards." Only four other fraternities were nominated for this award. Epsilon Zeta also participated in every Greek intramural sport in the spring placing second in 4-on-4 football and third in softball. We also actively participated in the schools Greek Week placing fourth on campus. To finish off the spring semester we

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

hosted our annual Delta Tau Delta Invitational Alumni Golf Tournament and had an excellent turnout from our alumni. Our brotherhood and outlook on the fraternity has never been so good.

EPSILON ETA

Texas A & M – Commerce

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

As a chapter, Epsilon Eta has been gradually moving towards a more business and academic style of operating. In this manner we hope to promote accountability and maturity of our undergraduates to be better prepared for life after graduation. We also have been working closely with the local school district, and we have members that are involved with the Chamber of Commerce.

EPSILON IOTA-A

Kettering University

FALL 2007 CHAPTER REPORT

Epsilon Iota-A has had a very involved semester. In addition to a successful rush, our members participated in several philanthropic activities, a faculty/staff dinner and the annual Parents Weekend. Rush was particularly successful this year as we distributed copies of our rush materials (National Delt materials, chapter website, a video of our house, and scholarship information) on CD's for the first time. It proved to be highly successful. In August, members of Epsilon Iota-A hosted over 100 parents and guests at our annual Parents Weekend. This year, we raised over \$2,400 for St. Jude Children's Hospital in our after-dinner auction, an almost 25 percent increase from the year before. We also went on a brotherhood camping trip near Cadillac, MI. In September, members of Epsilon Iota-A participated in a philanthropic event called the Soap Box Derby (also for St. Jude) where members built vehicles to race down a hill. Entries by our members gained local media attention such as a couch and a refrigerator, both on wheels. You can view the article here:

<http://abclocal.go.com/wjrt/story?section=local&id=5647975>.

That same weekend, we hosted 15 alumni at our annual Alumni Weekend at The Fortress in Frankenmuth for a golf outing. Finally, the week of final exams, our members hosted nine faculty and staff members at a faculty/staff dinner. We served Chicken Parmesan cooked by our wonderful house mother, Deana.

SPRING 2008 CHAPTER REPORT

Epsilon Iota-A has had an exciting term of events. From the incoming pledge class, to Adopt-a-School, faculty/staff dinner, and social events, our chapter has kept busy.

Eleven fantastic, motivated pledges were initiated this term, all of which are excited to be part of the Fraternity and to be part of our house. Throughout the term each one exemplified the founding principles of the Fraternity.

In Feb. 4, our chapter hosted a traditional faculty and staff dinner where members and faculty have an opportunity to mingle and chat. Dinner was prepared by our wonderful house mother, Deana McMullen. Deana started her 20th consecutive year as house mother this past March.

During the term members also participated in the Adopt-a-School programming, where they went to Durant Tuuri Mott and participated in classroom activities.

Due to our unusual school calendar, our chapter participates in intramural sports. We are currently leading Greek Cup, a system where fraternities at our school earn points during championship match-ups. Epsilon Iota A won both volleyball and water polo championships. The Greek Cup is awarded to the fraternity with the most points after next term.

EPSILON IOTA-B

Kettering University

FALL 2007 CHAPTER REPORT

Once again Epsilon Iota-B is in the busy mix of school and work as usual. We are all about to return to work after completion of the holidays. Our house has gone through many changes this past term; an example is the completion of our outside patio deck and renovation of our volleyball court. Our leadership is increasing on campus; most notable is our chapter president, Greg Semrau, who was recently inducted into Kettering Robot Society. We have many others around campus in leadership positions like Tim Eden, soccer club president, Chris Roberts, Firebirds president, Devin Donnelly, vice president of Frisbee club, Nick Ward, president of SAE Baja, Aaron LaPrade, president of Engineers without Borders, and Brian Benoy and Luke Martin, who

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

were elected into Interfraternity Council, among many others. Another great accomplishment of the term is that our chapter soccer team won the Kettering Intramural Championship, with an undefeated season. This term we have reached a record number of members at 56. We have had a great rush term and so far we have had 16 accepted bids returned out of our 23 bids given out. This means that a total of more than 10 percent of the incoming freshman males into Kettering will be joining our house. We look forward to what this new class pledging next term can bring to the diverse dynamic of our house.

SPRING 2008 CHAPTER REPORT

The spring term for the Delts on the Kettering campus was a great and prosperous term. We have just had 16 (more than a tenth of our incoming freshman males) pledges become neophytes and all of them have already begun contributing greatly to our Shelter and community. Many of our members are currently very active on campus, as of now some positions include, a member who is president of our university's Interfraternity Council, many members who are presidents of clubs such as: Kettering Frisbee Club, Soccer Club, Asian American Club, and many more. As far as sports go the Delts have been tearing it up athletically and are in the lead for our Intramural Greek Cup Championship that will be handed out at the end of this term. So far it's been a great term for the Delts over at Kettering and we plan to continue that trend.

EPSILON MU

Ball State University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The spring term of 2008 has been a complete turnaround for Epsilon Mu. With an emphasis on philanthropic and community service we have made Delta Tau Delta stand out on Ball State's campus. In April, we held an Easter egg hunt for the Boys and Girls Club of Muncie. Over 60 boys and girls came out to this event. We donated over \$400 and obtained 86 hours of community service during this event. We also had our first annual Greek Day at Ball State. We invited every Greek organization over to our house for a cookout and volleyball tournament. We raised right around \$3,000 from this event. With several other community services projects completed we currently have the most community services hours of all the fraternities at Ball State. With philanthropic and community services being important our executive council also focused on developing leaders within our house. One highlight of our leadership training was having Jeremy Berggren, the director of leadership development for our National headquarters speak to the chapter. Our chapter learned a great deal from this program. We also have a transitioning program set up in the fall for our new committee chairmen to attend put on by our Greek Advisor. With everything Epsilon Mu has done this spring semester, we are looking forward to the fall.

EPSILON NU

University of Missouri at Rolla

FALL 2007 CHAPTER REPORT

The Epsilon Nu Chapter has had a great semester. We had a great rush year, initiating seven new Delts, who are already taking leadership roles in the house. We hope to have even bigger rush classes in the next few semester to replace our graduating seniors.

We have also been active in our philanthropy projects this semester. We had our usual neighborhood barbecues and our annual haunted house, which raised \$2,854.75 for local charities, the most money ever raised in our haunted house's 13-year history.

Many of our alumni events were also successful this year also. We had a big homecoming celebration, and a lot of alumni came down for the event, as well as for our annual Christmas party. We are hoping to see even more alumni down for St. Pats. We will be working hard to make this next semester the best ever, and maybe even return the Hugh Shields award to our chapter.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

EPSILON XI

Western Kentucky University

FALL 2007 CHAPTER REPORT

The fall semester was a very successful time for Epsilon Xi. We began the semester by signing 15 new pledges after rush. We initiated 13 new brothers into our growing organization. Intramurals and activities were two bright spots through the semester as we had a very good run through the flag football season and playoffs. Our record for activities was amazing as we won six events, placed second or third in two others. These events were generally sporting events held by other organizations to promote their respective philanthropies. Our own philanthropy was revisited as Foot Fetish again became successful event at WKU. Foot Fetish is our soccer tournament which gives a large donation to the Bleed Purple foundation. Homecoming was a valuable experience as we participated in events with Pi Kappa Alpha and Phi Mu throughout the week. We recently had our annual senior send-off, where we congratulated Brother Aaron Young on graduating this winter. Our housing corporation is continuing its efforts to get Epsilon Xi a shelter as we are without a house on campus here in Bowling Green.

SPRING 2008 CHAPTER REPORT

We the chapter of Epsilon Xi have had a great spring semester, we have done some amazing work as a chapter. The chapter of Epsilon Xi has had a large amount of activities such as philanthropies, the chapter's annual formal, community service, and campus activities going on.

We held a philanthropy called Battle of the Bands, where we invited local bands from around the area to come compete in a competition for the best band award. The bands are listed in the following order consumer consumer and birdsen. This philanthropy raised money for bleed purple foundation.

During the spring semester we also went to our annual formal this is where celebrated are accomplishments for the passed year. We celebrated wonderful weekend in Gatlinburg, TN at a chalet in the mountains.

The chapter of Epsilon Xi in the spring decided on a new Adopt-a-School program. After an outstanding chapter vote we decided to select Courageous kids. We as a whole chapter participated in going out to courageous kids several times throughout the semester.

This spring we competed in an annual event that is held by IFC for Greeks on the campus. We had great success by taking home the third place trophy in best banner, and the most improved chapter. We also have been very active with campus intramurals and hosting several brother hood events.

So as you can see this spring semester as been nothing short of amazing, with all the events and activities that we as a chapter have been involved in.

EPSILON OMICRON

Colorado State University

FALL 2007 CHAPTER REPORT

This past semester our chapter received 14 new quality pledges. We are very excited for our new incoming executive board, and our newly initiated brothers. Our new executive board consists of: Alex Alward – President, Craig Martens – Vice President, Ben Freking – Treasurer, Alex Avila – Secretary, Andrew McLaughlin – Director of Academic Affairs, and Max Morris-Cohen – Risk Management.

We have also made an exciting addition to our shelter. We installed a new theatre room, complete with stadium seating, surround sound and an HD projector. We hope that this new addition will continue to improve the culture of brotherhood present in our chapter as well as considerably raise the marketability of our chapter to incoming potential new members.

We hope to hit the ground running in the spring, and continue to devote ourselves to living lives of excellence by strengthening our community, continuing to develop our integrity and honoring the legacy here at Epsilon Omicron.

SPRING 2008 CHAPTER REPORT

We have had a busy semester trying to recover from the tragic death of our brother Mike Morgan. Our focus has been on that which strengthens and sustains us, brotherhood and philanthropy.

This semester the Delts at Colorado State University have generated over \$3,500 for Bleed Purple. The funds were raised through generous donations made by our Alumni at our annual golf tournament, a fundraising dinner at CB & Potts, and the proceeds from an upcoming jousting event will also be donated to Bleed Purple.

Being a member of our great fraternity means that you are a part of an international brotherhood. Brotherhood development was a focus for us this spring with many events ranging from broom ball games, an

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Alumni Football game, all house dinners, and even the Rockies vs. Cubs game. Our brotherhood has been tried and tested, and we are now more united than ever.

From our new initiates to our seniors, the excitement for all things Delt has become contagious. If you are ever in the Fort Collins area, stop by and see us!

EPSILON UPSILON

Marietta College

FALL 2007 CHAPTER REPORT

The Marietta Delts began the fall semester with a goal setting session, which allowed the brothers to decide on the areas that they wanted to focus on the most during the semester. The main focus was not only the importance of brotherhood, but also on creating better atmospheres for it. With a solid, unified focus, the Delts held their annual Delt Dah Day, where they grilled out for the rest of the campus, along with playing corn toss and soap-suds volleyball. There was great weather for the day and they ended the night with a soiree, full of slushies and music. We received 10 new pledges, who are all becoming very involved with the chapter. With the conclusion of a successful rush week, it led right into Homecoming Week, which also includes their Alumni Weekend. This allowed for the new pledges to meet many of the alumni of the Epsilon Upsilon Chapter through many events, including a private event at a local establishment and their annual Alumni vs. Undergraduate tackle football game. Near the end of the semester, they held their Thanksgiving Dinner; an event where the entire meal is cooked by several of the brothers. This year there were almost 60 brothers, guests, and faculty members in attendance. The dinner allows them to take time to eat together and share in the brotherhood with one another; it also provides an escape from the hectic time as they prepared for the end of the semester.

SPRING 2008 CHAPTER REPORT

This year we were able to rush five new members into Delta Tau Delta. Tim Crandell, Brendan George, Derek Ensinger, Josh Derry, Dave Hood. Four of the five initiated. Josh Derry de-pledged for a variety of personal reasons. These new members have already jumped into the chapter have become intricate parts of the greater whole. Bleed Purple. Each year Marietta College sponsors a day called Doh Dah Day which allows the entire campus to relax before finals. The campus supplies a variety of activities for its students to indulge in. This Doh Dah Day our chapter held a three point shoot out to raise money for Bleed Purple. The participants were competing for a Wii which was donated by a brother. The event was rather successful and we raised \$125 towards Bleed Purple. Alumni Weekend -The weekend of April 25-27 marked our chapter's annual alumni weekend. We held our usual alumni gold outing that Saturday morning. Attendance was low but we were unaffected knowing that this upcoming fall will be our 40th Anniversary. Epsilon Upsilon has had an amazing alumni response to the upcoming anniversary and hopefully we will have around two hundred alumni in attendance. Our 40th anniversary is completely planned for the weekend of October 24-26. We have a completed itinerary and should be very successful and very enjoyable for your returning alums.

EPSILON PHI

Southeastern Louisiana University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

This semester the brothers of Epsilon Phi Chapter have had another successful semester. Just like every spring semester it was full of events such as recruitment, community service, and keeping up with exams. Epsilon Phi is the biggest fraternity on campus right now with 30 members including our new members. As far as community service is the chapter exceeding in hours requiring each brother to do at least 34 hours and half of those hours is done for Adopt-a-School. We have members at the local elementary school every day of the week helping out. Other community service events that we have participated in this semester are valet parking for Junior Auxiliary, helping the athletes at the Special Olympics games, Catering for Chef's Evening. That is an event that Southeastern puts on for all the restaurants in Hammond. We also teamed up with some of the Southeastern athletes to assist in building a house for Habitat for Humanity. We also have several cans placed in local stores around the city for loose change. All the money raised from our "Cans for Cancer" is donated to the Bleed Purple Foundation. Each spring semester Southeastern Louisiana University hosts a Greek Week, in which we won the entire event for the week, being teamed up with another sorority and fraternity. But the biggest event during the spring for Epsilon Phi Chapter is Strawberry Festival. This is a festival that is located in Ponchatoula, La., where thousands of people, local and tourist come to Louisiana to try Ponchatoula's famous strawberries. This event is very successful for our chapter, raising money to help us have another

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

successful event known as our "Rainbow Formal." So Epsilon Phi has had a busy schedule this semester and it all pays off in the end with our Formal.

EPSILON OMEGA

Georgia Southern University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Epsilon Omega Delts began the spring semester with tremendous momentum after receiving numerous awards, including the title of GSU's Fraternity of the Year. The spring semester of 2008 proved to be exciting and prosperous for Epsilon Omega. Campus and community leadership and involvement are a vital part of Epsilon Omega's continued success as we have leaders in many organizations on or around campus, including IFC, Southern Ambassadors, SOAR, and many more. One of the many areas we strive to achieve excellence in is chapter programming as we hosted monthly brotherhood events including a spring retreat, a formal and beach weekend in Daytona, several community service events, and our second annual "Smoke Out for Lung Cancer" held with the lovely sisters of Alpha Delta Pi. In addition, in mid-April we held an alumni event in Statesboro to celebrate the one year anniversary of our re-chartering. We continued our trend of growth by initiating a strong pledge class and solidifying Epsilon Omega's stance as one of the largest chapters at our university. Finally on April 24, Epsilon Omega received the highest honor available to student organizations on campus when it was named Georgia Southern's Large Student Organization of the Year!

ZETA BETA

La Grange College

FALL 2007 CHAPTER REPORT

This has been a momentous year for our Delt brothers here at Zeta Beta. We began the semester by inducting more pledges, 15, to our chapter than both of the other fraternities on campus combined. This fall, we embarked upon a more unusual but highly ambitious philanthropy project, with the goal of donating the proceeds to LaGrange College. We hosted a well-known "Beatles" tribute band, "The Return," to play on campus for both the student population and the community. This monumental task was highly successful, as we donated \$4,000 of the proceeds to the campus library currently under construction. This monetary donation to the campus is the largest donation that any student organization has ever given to LaGrange College. One of our more traditional events is the barbecue we host for our alumni at homecoming. This event was held as a tailgate, as well as a viewing of both the LaGrange College football game at the stadium and additional college football games on television at the shelter. The turnout was great and it was also a wonderful way to stay in contact with some of our esteemed Alumni. Finally, we have expanded our Adopt-a-School philanthropy project by adopting a second school, Ethel Kight. Overall, this fall has been both ambitious and gratifying for Zeta Beta. We look forward to this next semester with the same passion we had this past semester.

Zeta Beta Chapter is most certainly a leader on campus. One brother, Joel Coady, has consistently positioned himself as an emerging leader in the Greek Community by participating in both UIFI and Futures Quest. On campus, our brothers lead in many campus activities. Matt Russell is the President of our IFC. Bill Stikes is President of Phi Alpha Theta History Honor Society and Omicron Delta Kappa Leadership Honor Society and has been nominated for the USA Today College All-Academic Team. Grant Kendall is President of the Honor Council. Landon Baize is captain of the Basketball team. We have many more leaders that are not Presidents or captains, but this shows a cross section of the variety of activities our members are involved in. Although these are simply positions, each of these men has become recognized as a leader on campus. They have become the "go to" people for the campus administration. As a chapter, Zeta Beta is most certainly the fraternal leader on campus. This semester our chapter completed the largest philanthropy event in the history of LaGrange College—a benefit concert raising money for a new library. This concert kicked off the public fund raising for the new library and raised \$4,000, the largest pledge ever received from a group of students. Many of our recent graduates have been hired immediately by LaGrange College. John Hurston is now a Resident Director, Grant Miller was the Director of Student Activities (though recently has been hired as a Photographic Editor for President George W. Bush), Stuart Miller is the Associate Director of Student Activities, and Nick Drescher is the Director of Intramurals. Never before have four graduates from one Greek organization all been hired by the college. Each graduated in the spring of 2007. This shows the high regard the college has for members of our chapter.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

This past spring semester the Brother's of Zeta Beta Chapter have not only met, but surpassed many of our goals for 2008. Once again our chapter has achieved the noteworthy honor of being listed in Delta Tau Delta's Court of Honor. In addition to the steady participation our chapter maintains in our Adopt-a-School program, Zeta Beta Chapter has recently taken on the challenge of improving our local environment. Our chapter has been thoroughly involved in both the West Point Clean Up project and the Trees for Tots project, taking to heart that strengthening our community is essential to our vitality. Once again Zeta Beta Chapter has worked extensively to demonstrate the fact that the Delts are the leaders on campus. Many members of our chapter hold executive positions in every organization from Student Government Association to the Campus Sierra Club; working everyday to improve our academic institution. Once again the men of Zeta Beta proudly maintain the highest fraternity GPA on campus as well as setting a standard of temperance within the student body as a whole. We currently look forward to an equally productive, if not better, fall semester in which we will reaffirm the noteworthy standard our letters hold upon the grounds of LaGrange College.

ZETA DELTA

Texas State University

FALL 2007 CHAPTER REPORT

The Zeta Delta Chapter has enjoyed a very successful fall semester. The term started out with a brotherhood retreat to plan for the coming semester and continue to build brotherhood amongst the chapter. Zeta Delta enjoyed a successful Alumni Weekend during Texas State's Homecoming and had a strong attendance, bringing in older alumni, and the chapter's alumni outreach efforts were strongly reflected in the alumni weekend. Zeta Delta also re-established the Adopt-a-School program at our chapter which had not been done in years. We hope to turn this into tradition as the chapter continues to grow so that it does not fall by the wayside again. Zeta Delta also co-sponsored the Texas Music Fest with Alpha Xi Delta sorority and all the benefits went to Pediatric Autism. In addition, the chapter did a fried turkey drive in November which collected canned foods as well as turkeys to benefit the local women's shelter. The chapter took an 18 man pledge class, which is the largest in the chapter's recent history going back to the 1990s. Zeta Delta is proud of her accomplishments in the past year and looks forward to even greater improvement both externally and internally.

SPRING 2008 CHAPTER REPORT

Zeta Delta has had a very successful spring semester. We started off the semester with a well planned brotherhood retreat at the universities GOAL ropes course. Philanthropy and service were a key improvement for our chapter. We participated in two Adopt-a-School programs, the Bleed Purple philanthropy, and did other various services for our community. Zeta Delta is number three on campus for academics and was one of three fraternities to make above the all-men's average. We had the largest pledge class on campus and had 100 percent retention initiating all ten new members. This semester we were honored with "Most Improved Chapter" at the Western Plains Division Conference and received "2008 IFC Fraternity of the Year" at the Texas State University Greek Awards.

ZETA ZETA

Morehead State University

FALL 2007 CHAPTER REPORT

Zeta Zeta Chapter has continued to strive for a life of excellence during the fall. Our recruitment numbers were the highest they had been in recent memory, with us recruiting ten men and initiating eight. Achieving this number energized our chapter.

Community Service has again been a focus for Zeta Zeta. At the beginning of the semester, we organized a Community Cookout on Freshman Move-In Day, offering the incoming freshman and their parents a place to relax and eat lunch, become informed with what businesses are in Morehead, Ky., and gain insight on what life is like as a college student. For our Bleed Purple event, we asked for donations from citizens Morehead and raised over \$200. We also participated in various philanthropic events, such as Delta Zeta Kickball, which all proceeds went to their Speech and Hearing Philanthropy, and the Baptist Christian Ministries Dodgeball Tournament, which benefited a local philanthropy, Rowan County Christmas. We are currently planning what we will be doing for Relay for Life, with three of our brothers being officers for the local Relay.

The brothers of Zeta Zeta have also gained recognition for their achievements this semester. Academically, we are currently ranked second among fraternities in GPA. In intramural sports, one of our brothers won the racquetball tournament, defeating all other fraternities. We also won the Homecoming Float

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Building Contest along with our partners, Campus Crusade for Christ. In addition, one of our brothers was recognized as the Student Government Association's Senior of the Month.

SPRING 2008 CHAPTER REPORT

This year brought about some changes in the chapter. Lately we have restructured the committee system to make running the chapter more smoothly. In the spring we won Greek Week with two sororities and another fraternity. Our community service was a focal point of this semester. It was required that each member do twenty hours. We had two Habitats for Humanity builds this semester. We also did Adopt-a-Highway twice this year as well. Our ritual team has been becoming stronger in the spring semester. The rituals have gone more smoothly and practiced more often before each one. Recruitment was up some from last year. We pledged five in the spring semester. Building alumni relations has been getting better especially with an alumni newsletter that goes out every month. Each day, we strive for excellence and continue to recruit those we feel will be fundamental to the continued growth of Zeta Zeta Chapter.

ZETA THETA

Villanova University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Zeta Theta Chapter at Villanova University has had a productive spring semester. The chapter successfully raised its overall GPA to above the Greek Life average. We put together a new volleyball tournament philanthropy event, co-hosted with a sorority, that which raised money for the Bleed Purple Foundation. We sold raffle tickets for prizes and collected money for participation in the tournament. We held our Second Annual Purple and Gold Games in March. During this week of games the fraternity is split into two teams that compete against one another in various athletic and competitive food-eating events. Zeta Theta had a successful fall recruitment.

ZETA LAMBDA

Western Illinois University

FALL 2007 CHAPTER REPORT

The Zeta Lambda Chapter began the year with rushing 12 new members. Shortly following we held our 32nd Annual Big Wheels Philanthropy. Big Wheels is a competition in which various teams race down a hill. Altogether we raised over \$500 for the Country View Nursing Home. Also, we set up a Halloween cleaning service for the community, should anything happen during the week of Halloween, members of the chapter would go out and assist the people in cleaning up and taking down decorations. Thus far it has been a very busy semester.

SPRING 2008 CHAPTER REPORT

Zeta Lambda Chapter really did a great job with our Adopt-a-School program. We had members going every Thursday of spring semester. We are assessing our pledge program to make it more efficient and congruent to our values. The chapter, as a whole, is in the works of recruiting a new faculty advisor.

ZETA OMICRON

University of Central Florida

FALL 2007 CHAPTER REPORT

The brothers of Zeta Omicron are celebrating yet another fantastic semester here at Central Florida. This semester we proudly initiated 18 new brothers, marking our most successful recruitment effort in the past three years. With 51 members our chapter is inching ever closer to our goal of 70 brothers. Our pledge class this semester proved to be more than willing to dive right into Greek life and campus involvement as they participated in the Zeta Tau Alpha Lip Sync event which raises money for breast cancer awareness. We were also able to partner with the University's Housing and Residence Life Office once again to hold our Second Annual Operation Toy Drop which collects toys from students to donate to Toys for Tots of Orlando. Our shelter has also been undergoing many exciting changes this semester as we have put a lot of work into repainting, upgrading the entertainment system and building a new patio. Brothers are excited about our plans for future renovations which include expanding the shelter and adding French doors. With chapter numbers, moral and shelter conditions all at an all time high Zeta Omicron is extremely optimistic about the future and coming semester.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

Zeta Omicron continued its progress this semester with terrific recruitment and a major improvement in academic programming. We started off the semester by recruiting nine outstanding young gentlemen to join our chapter. During the pledge process we held a retreat at the University of Florida to meet fellow Delts from across the state and demonstrate how strong our brotherhood truly is. We also began publishing our own monthly newsletter for parents and alumni. The newsletter consists of an article from the president and three or four articles from members of the executive and administrative boards to keep readers up to date on our recent accomplishments and upcoming plans. In efforts to continually adapt to our growing chapter size we changed our executive board to consist of two vice presidents, one internal and one external. This change is something that we felt necessary to implement in order to better accommodate our ever growing schedule of events. We participated in numerous philanthropy events with nearly every sorority on campus. We also were paired up with Alpha Delta Pi for the university's annual Greek Week competition in which we placed second overall. Finally our community service efforts throughout the semester were a point of focus as we worked with organizations such as Best Buddies, the Orlando Jewish Community Center and the American Cancer Society. We now have our sights focused on a strong summer recruitment effort and building upon our accomplishments from this past semester.

ZETA PI

Indiana University of Pennsylvania

FALL 2007 CHAPTER REPORT

Our chapter has been very productive this semester, recruiting nine new brothers, raising money for charity and progress on our new shelter is underway. Nine new members have joined Delta Tau Delta with the eight week pledge program for the fall 2007 semester. In addition, on Nov. 10, ten brothers were initiated. Our brothers have donated to charity, such as participating in Frats at Bat, a softball tournament that raised money for Alzheimer's disease. We participated in Rock the Grove with Sigma Kappa, which was rocking in a chair for a consecutive 24 hours; charity went to Habitat for Humanity, a non-profit Christian organization seeking to end homelessness. By setting up a table in the Oak Grove, the brothers also collected money for the Leukemia Society. Last, with the help of our fellow alumni, the new Zeta Pi shelter is being constructed with exceptional progress. The shelter is expected to be available for living next fall.

SPRING 2008 CHAPTER REPORT

The Zeta Pi Chapter at Indiana University of Pennsylvania has been going through a transition period the past semester. The main focus of the chapter has been to raise our grades to once again have good standing and uphold the standards of all Delts. With a new attitude and Academic plan we believe we have been able to meet our goals. The chapter gained five new members initiating four without having a recognized shelter. Fall 2008 will mark the opening of our brand new shelter which will have a very positive impact on recruitment as well as our brotherhood.

ZETA RHO

Eastern Illinois University

FALL 2007 CHAPTER REPORT

Zeta Rho is excited to be wrapping up an amazing semester this year. We started out this semester strong by recruiting nine promising men. We continued through the semester stressing academics as our number one priority and it has paid off. The chapter GPA looks to be the highest it has been in many semesters. Zeta Rho was also very proud to take second place overall in Homecoming this year with the lovely ladies of Delta Zeta. We finished up the semester on the same note we started it on by initiating all nine men and holding our first formal in many years, which was held in St. Louis. We have elected an extremely strong Executive Board and are excited to see what the spring will bring.

SPRING 2008 CHAPTER REPORT

This semester Zeta Rho is proud to announce that they are a three star chapter at Eastern Illinois University. Zeta Rho also has 3 of EIU's Top 10 Greek Men of the Year. We took third place in Tugs and held our first Delt Dig-it Philanthropy in a couple years, which was a great success. We are celebrating our 25th anniversary this year and were happy to reconnect with Alumni at our 25th anniversary alumni banquet.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

ZETA SIGMA

Texas A & M University

FALL 2007 CHAPTER REPORT

The fall 2007 semester activities saw the gentlemen of Delta Tau Delta further solidify our role as one of the top fraternities at Texas A & M University. We have had great success at our tailgates on football game days, getting a prime spot by the stadium along with a few other fraternities, having great food and live bands that provide a fun atmosphere on game days that help to improve Greek Life at Texas A & M. These weekly events were enjoyed by Delts and other Aggie students and faculty alike. Our fall semester alumni event saw 30 of our alumni come back for a barbeque at the Delta Shelter followed by a football tailgate and an Aggie Victory the next day. This was also a chance for fellow alumni to reconnect with each other, as well as meet the new members of the chapter. Zeta Sigma has also had good participation in philanthropies and community service, with a strong showing in various sorority philanthropies, as well as with the Best Buddies program. We have also recently helped to raise funds with a business school group project that will help benefit the Full Hearts Foundation, a non-profit organization dedicated to helping kids in an orphanage in Nuevo Laredo, Mexico. Our annual semi-formal in Austin, Texas, proved again to be a great time, headlined by spending the day on two boats out on the lake, followed by a nice dinner downtown. We are also looking forward to a joint fraternity Christmas date party, as we continue our commitment to strong fraternity relations at Texas A & M. In keeping with our culture of success, the Aggie Delts continued to build on-campus image while maintaining strong brotherhood and dedication to core values.

SPRING 2008 CHAPTER REPORT

Zeta Sigma has continued our success into the spring 2008 semester, as we began in January learning that the chapter was ranked third on campus in grades at Texas A&M University. This was accomplished through a combined effort of all the brothers of the chapter, as we strove toward to improve our academic standing. The chapter has made fraternity relations a top priority, and we have had two joint events with other respected fraternities this semester, while we continued to build a better and stronger image of Delta Tau Delta at Texas A & M amongst students, faculty and university officials alike. This year for our spring brotherhood alumni event, we saw almost 30 alumni come out for Chilifest this March, which is a two-day outdoor concert. At our annual spring Parents' weekend this year, we had an impressive turnout of parents, alumni and chapter advisors at a local winery, followed by an awards ceremony and dessert at the Delt house. Our chapter advisors stated that it was the most impressive Parents weekend to date. This spring's pledge class has had the benefit of a very well organized pledgeship, and the new members are now looking towards taking new positions and furthering the fraternity's progress. Zeta Sigma is very honored to have received a Court of Honor award at this year's division conference, and we are looking forward to building on our success, as we finish spring 2008 with a fraternity-wide progressive attitude.

ZETA TAU

Univ of NC-Wilmington

FALL 2007 CHAPTER REPORT

Our fall 2007 semester has been accomplished and extremely productive. Our fraternity average GPA has increased from the spring to an overall 2.76 and new initiates GPA increased to a 2.83. This puts us above the average GPA for all males at UNC-Wilmington. Keeping the tradition, we organized our Fourth Annual McGregor 5k Fundraiser. This event was started in 2003 in honor of one of our beloved brothers who was killed in a tragic car accident. This year we had over 70 runners come out making it a huge success. As for brotherhood morale, about every other week, we order a few hundred wings at a local sports restaurant and get together to watch a game. But probably the most fun brotherhood morale event this semester was a trip to South Carolina to go on a Casino Boat. For those who don't know what that is, it's a huge ship that goes three miles out into the ocean so it becomes legal to gamble. Losing money has never been so fun. We have also stepped it up as a chapter in community service. Twice per week we attend Adopt-a-School and once a week we attend Adopt-a-Spot. Then, once during the semester, everyone got up early on a Saturday to go to a local church to help them do yard-work, paint, etc. It's extremely rewarding to see how much they appreciate our help. Overall this semester has made us all proud to be Delts as our chapter flourishes!

SPRING 2008 CHAPTER REPORT

This was a strong spring semester for the Zeta Tau Chapter. This semester started off with a trip to the Great Southern Division Conference. While at the southern division conference, Zeta Tau won several awards. Three awards were won for exceeding recruitment goals. Although, all of these awards meant a lot to our chapter, the one award that meant the most was winning the New Horizon Award for the most improved chapter

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

in the Southern Division. This semester Zeta Tau also won our campus's Greek Week. This was a great accomplishment for our chapter as well as the UNCW Greek community. We were partnered and worked well, with a Pan-Hellenic sorority and a NPHC fraternity. Our chapter raised our overall GPA from a 2.67 to a 3.05. This was third among the IFC fraternities on our campus, and above the all IFC average. This semester we also had strong participation in Relay for Life and Adopt-a-School. Along with maintaining a strong brotherhood presence at the Relay for Life, we also held our Pie-a-Delt fundraiser to help raise money for cancer research. This semester we got our finances in order, and are collecting more than we have in the past from brothers. This semester we started to plan for our annual McGregor 5K in the fall which honors a brother who was lost to a car accident. We are hoping to couple this with our alumni and parents weekend in the fall. We encourage ALL Deltas and alumni to attend!

ZETA CHI

U. of Southern Mississippi

FALL 2007 CHAPTER REPORT

The fall 2007 semester has been a great one for Zeta Chi. It started off with the chapter being recognized locally for solving a missing child case. The chapter also held a new philanthropy event benefiting the Southern Pines Animal Shelter where the brothers dressed in costumes and walked dogs that were available for adoption. Local children came to the "haunted trail" and trick-or-treated, played with the dogs, made donations and adopted some new pets. The chapter also teamed up with the ladies of Kappa Delta for "Trick or Treat on Greek Street," providing local kids with a safe place to spend Halloween. Zeta Chi also received first place in Chi Omega's prestigious "Songfest," benefiting the Make-A-Wish Foundation, as well as receiving "Most Creative Performance." The brothers have also been collecting donations since October to benefit the Association of Office Professionals/United Way's "Santa's Mega Garage Sale" and the Salvation Army. So far, an entire 18-wheeler trailer has been filled with items, as well as part of the Shelter's chapter room! Lastly, on Nov. 16, Zeta Chi initiated nine new brothers who have made a huge impact in the chapter, on campus and in the community. The closing of the fall semester has made the brothers of Zeta Chi realize they have had another great year, and look forward to the next.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

ZETA OMEGA

Bradley University

FALL 2007 CHAPTER REPORT

Zeta Omega was able to greatly improve on our fall recruitment by implementing new rush events and strategies after the Interfraternity Council revamped and eliminated many recruitment rules and regulations. Seizing these new opportunities created from the reorganization of formal recruitment, our chapter was able to build relationships with potential new members through both formal and informal rush events before the formal recruitment rounds began. These improvements helped the chapter to pledge in 19 men on September 19, 2007. Zeta Omega has been involved in many campus organizations and philanthropies including Adopt-a-School, Bradley University Dance Marathon, Habitat for Humanity and many others. Such involvement led to Zeta Omega winning the Campus Involvement Award at Grand Chapter in addition to being nominated for many others. The chapter was excited to initiate 15 new members on Nov. 16, 2007, and the new members are looking forward to the opportunities that lay ahead of them. Four of these members have already stepped up and taken administration positions, and the chapter is proud of their achievements. The chapter is eager for the upcoming semester and the newly elected executive board has many new ideas for philanthropy, recruitment, and social.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

Another successful semester has gone by for the Zeta Omega Chapter of Delta Tau Delta. This spring has full of new traditions, events and members.

We started out the semester with another successful spring recruitment. In the end we were happy to welcome six new brothers into our chapter. Also this past spring semester, we greatly expanded on our philanthropic commitment to the community. We were able to bring in speakers from Invisible Children to do a showing at Bradley and we helped raise money by holding a cook-out in the quad with all the proceeds going to the Invisible Children Foundation. In addition to raising money for Invisible Children, we also held a blood drive on campus to support the American Red Cross. We were able to meet and exceeded our goal for this event. Another event that we put on was a Lip-synching and Air Band Competition to benefit the Bleed Purple Foundation. We hope to make this an annual event and our first was greatly successful. We also volunteered in the community by participating in other fraternity and sorority philanthropies, volunteered at the IHSA Basketball Tournament, and participated in Campus Clean-up.

In addition to philanthropic events, we had many fun social events including our formal held in Peoria, Ill. We were also able to spend time with our families over parent's weekend. This spring we decided to throw a backyard cook-out for our families. It was a fun afternoon spent with our families and fraternity brothers.

THETA GAMMA

Arizona State University

FALL 2007 CHAPTER REPORT

Fall 2007 was a very productive year for the Theta Gamma Chapter. Our goal was avoid the post chartering slump and rebuild a steady foundation for Delta Tau Delta at Arizona State University. The fall started with the chapter successfully taking in a 14-man pledge class. All 14 members were initiated and we were also able to pick up a second pledge class towards the end of the semester. Our goal for the year was to increase our numbers by 30 men and we believe we are on track to achieve just that. Another goal for our chapter was to build a stronger relationship with our alumni. We held an alumni phone bank where we tried getting the most recent contact information for all Arizona alumni as well as inviting them to our alumni events. This was very successful and allowed us to develop strong ties with alumni who have not been contacted in a while. Other great accomplishments for the fall semester were our participation in Homecoming for the first time, donating over \$200 in toys to the CASA foundation for Theta's annual philanthropy, winning IFC Chapter of the Week two consecutive weeks in a row, developing our Adopt-a-School program and being third on campus for academics.

SPRING 2008 CHAPTER REPORT

We are starting to see ourselves as a true leader in the Greek system on campus after being awarded the Court of Honor at the Western Pacific Division Conference, receiving the ASU Maroon Pillar Award, and placing second in academics in IFC. This past semester has fostered a great increase in our chapter's relations within the Greek community as well as with the university's administration due to our previously mentioned awards and our first annual Trike-la-Tron philanthropy event for Bleed Purple. Our chapter was represented at the Western Pacific Division Conference, four of our members applied for leadership academies this summer, seven of our members are planning on attending Karnea, and we had six Kershner Scholars. Recruitment fell a bit below our expectations as we took a pledge class of two and initiated just one. Our executive team has grown stronger, recognizing the problems occurring within the chapter and putting together a plan to fix these problems. Our chapter had a change in president, and consequently a change from two vice presidents to one. Overall, the communication within our chapter has increased, with the adoption of new systems such as a phone tree. Members are more aware of events that are occurring and seem to show more enthusiasm. We are starting our summer rush program in the next couple weeks and getting ready to execute our large fall rush program. Help us out by recommending a man!

THETA DELTA

Baylor University

FALL 2007 CHAPTER REPORT

The Theta Delta Chapter at Baylor University got off to a fast start this fall semester. Events such as Delt Dunk were held in order to raise money for our philanthropy, the Waco Center of Youth. The members of Theta Delta were also involved in community service acts which included volunteering with the children of Waco Center of Youth. The men of the Theta Delta Chapter have also participated in other fraternity and sorority philanthropic events in order to strengthen the community as a whole. But overall the highlight of the fall semester was getting the Theta Delta Chapter back on its feet. After going through the trials and tribulations

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

that occurred last semester, the Theta Delta Chapter has done a complete 180. Theta Delta continues to grow and this was evident by the homecoming float that was constructed by the men of Delta Tau Delta at Baylor University. The float entitled "Ruin the Raiders" was a hit, and all the people that came out to the homecoming parade were awed by the design and precise detail of the float. The members of the Theta Delta Chapter at Baylor University are striving everyday to become well-rounded men of excellence.

SPRING 2008 CHAPTER REPORT

As the spring semester comes to a close, the men of the Theta Delta Chapter at Baylor University continue to build upon their reputation as being one of the top Greek societies at Baylor University. Theta Delta is happy to introduce their new member class of Gamma Beta. This pledge class is strong group of men that are determined to see Theta Delta become a great chapter on the campus of Baylor University. Theta Delta was recognized by many awards this year that include: the Phoenix Award, and was also nominated by their philanthropy, Waco Center for Youth, for the WCY Group Star Award. The men of Theta Delta continue to build strong character amongst each other, and are excited for the task of rushing a new pledge class this upcoming fall semester.

THETA EPSILON

American University

FALL 2007 CHAPTER REPORT

Theta Epsilon had a very successful semester of programming. The Second Annual Slime-a-Delt took place on October 12, 2007, and raised over \$450 for the Bleed Purple Foundation. The event, which took place in our newly renovated amphitheater, involved over 300 Greeks from the campus community. Theta Epsilon also had an incredible brotherhood retreat to West Virginia where we participated in paintball. After only a few shots, the bonds of brotherhood were again alive and well. Finally, we celebrated the holiday season with our non-religious affiliated celebration: Christmachaunakwanzica. The brothers enjoyed a wonderful meal prepared by our Queen and a gift swap. We are looking forward to another semester of great programming to strengthen our brotherhood and the community.

SPRING 2008 CHAPTER REPORT

Theta Epsilon said goodbye to 26 seniors this spring, but had a successful rush season, bringing in 12 quality new members. The chapter continued to help the community and do its part for Bleed Purple, notably raising \$1,900 through the ever-popular Delt Dodgeball Tournament. Theta Epsilon also managed to raise its collective GPA to new levels, claiming the number one spot out of all of American University's fraternities. Theta Epsilon's recent successes were furthered by alumni involvement. Over the past year, a job and internship database was established to better connect alumni to active members. This proved to be very beneficial, and the program will continue to grow in the future.

THETA ZETA

University of San Diego

FALL 2007 CHAPTER REPORT

The fall of 2007 was another fine one for the Theta Zeta Chapter. An alumni barbeque was hosted on Nov. 2 at Mission Bay. Food and a volleyball tournament were the entertainment for the day. The chapter participated in numerous social events with the sororities on campus and held their annual fall formal on Dec. 7. The fall formal was held on a harbor cruise in San Diego Bay. Bleed Purple was once again named the benefactor of the Delta Queen Pageant to be held in the beginning of February. Rounding out the end of the semester, the Theta Zeta Chapter saw a successful fall recruitment completed after initiating a fall class of seven.

SPRING 2008 CHAPTER REPORT

During the spring semester, Theta Zeta held its third annual Delta Queen with proceeds going directly to Bleed Purple. This event is very dear to our chapter considering where and why it was started. Delta Queen '08 raised just over \$8,000 for our nationally recognized charity. On April 12, we held the Third Annual Delt Dodgeball tournament with all proceeds going directly to benefit the Danny Burkett Memorial Scholarship Fund. This fund was originated in honor of a brother who passed away in a boating accident during the fall of 2006. The most recent tournament showed great promise for the future with growth in size and monetary proceeds from the previous year. Spring recruitment found Theta Zeta at the top of the all campus fraternities with the number of bids accepted. Academic standards remain high and are above the all-male/fraternity average GPA's on campus. Recently, three members of Theta Zeta were selected to participate in Kappa Alpha

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Theta's philanthropy event, Mr. University. Delta Tau Delta is the only chapter with more than one representative involved in the contest. Many members of the chapter participate successfully in intramural sporting events around campus. Recently, a new event was created on campus to identify the most athletic fraternity on campus; Delta Tau Delta earned the co-champion honor. Theta Zeta is the largest fraternity on campus and is the strongest the chapter has ever been since arriving at USD.

THETA ETA

University of South Carolina

FALL 2007 CHAPTER REPORT

This past semester has been a successful one for Theta Eta in several ways. We initiated 14 quality men into our chapter, our largest initiated class in three years. We also made the transition into developing a relationship with a new Adopt-a-School partner, Dent Middle School, located in Columbia. We have already had our first event with them as we chaperoned a field trip for their school choir on Nov. 6. We also participated in the annual Homecoming festivities on campus with Delta Delta Delta. We are also gearing up for our annual Fidler 5K Run for the Leukemia/Lymphoma Society on April 13. Elections of a new strong group of leaders for our executive board were also held on Nov. 26. We have confidence that these men are poised to keep Theta Eta going strong into the upcoming year.

SPRING 2008 CHAPTER REPORT

Theta Eta Chapter at the University of South Carolina has had yet another productive spring semester. We sent 10 brothers to Southern Division where we performed the Ritual, won a Court of Honor and another Hugh Shields. We had a very successful spring rush, where we recruited 12 men who all initiated at the end of their 8 week pledge program. We held our annual Fidler 5K race this April, which was started in honor of USC professor Paul Fidler, who died of Leukemia. This year we had over 100 runners participate, and were able to donate over \$5,000 to the Leukemia-Lymphoma society. At the annual awards ceremony for Fraternity Council here at USC, our chapter was honored with a Chapter of Recognition award. We have also been very active in various philanthropies sponsored by other fraternities and sororities. In addition we recently hosted a successful Parent/Alumni weekend, which included a cocktail party and a golf tournament that over 40 brothers, alumni and parents participated in.

THETA KAPPA

University of Nebraska-Kearney

FALL 2007 CHAPTER REPORT

This semester Theta Kappa Chapter has been busy with activities such as buddy bowling, canned food drives, highway cleanups and campus kitchen. We buddy bowl once a week with mentally handicapped adults at our local bowling alley. University of Nebraska at Kearney held a canned food drive for the Greek community and us Delts won by collecting the most pounds. We have also been busy with campus kitchen by delivering food elderly people. By taking part in these activities, excelling in some, our chapter has shown great leadership in the Greek community, and had an overall impact on the university.

SPRING 2008 CHAPTER REPORT

The Delts of Theta Kappa have had a busy spring. We have been participating in events most of the semester and have made a great impact on campus. We are becoming quite social and getting we are building our reputation with the university. We hosted a Spaghetti Feed in our cafeteria in late February and raised \$300. We plan on doing the event again this upcoming fall. We helped support the ladies of Alpha Omicron Pi in their dodge ball tournament that they hosted by having three teams participate. Overall, we are willing and glad to help anyone else in our Greek community on this campus. Our event for the Bleed Purple Foundation was a Delt Sand Volleyball Tournament hosted at an activity center called the Big Apple in Kearney; however, it was cancelled due to 4 inches of snow in April! We are planning on hosting it again on September 20. For the semester we still accumulated 499 hours of community service. We require eight hours per member and that was surpassed by many of our brothers. Theta Kappa has roughly donated \$800 to the Bleed Purple Foundation and hope next year to double that amount. As I said we have had a busy spring but we can have some fun too, we had a spring formal which was fun but made even better when some alumni from Beta Tau that were staying in the hotel we hosted our formal in, decided to walk in and introduce themselves. It is a great feeling being in a fraternity that you can have a close knit feel with even if the brothers aren't out of your particular chapter. Summer recruitment is right around the corner and we have already been in preparation for a successful summer rush. Our goal for next fall is around 15 pledges and already we have about 10 solid guys. We are hosting three main events, two of those being at our shelter and one at a lake. Our chapter is going to celebrate its 15th year

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

next fall; we are already contacting alumni to get an event planned out. It has been an exciting year and can't wait for next semester.

THETA LAMBDA

UC-Riverside

FALL 2007 CHAPTER REPORT

The Theta Lambda Chapter at UC-Riverside has finished its fall recruitment. In the face of a questionable IFC recruitment period, Theta Lambda's strong brotherhood and theme recruitment gave the chapter above average results and a strong pledge class. The new pledges were pinned and are presently in the pledging process. During the month of October, the chapter also held the annual Theta Lambda Founders Day. The event was a success where many alumni were present. Finally, the Theta Lambda Chapter has also initiated the Alumni Mentor program where undergraduates are able to network with alumni.

SPRING 2008 CHAPTER REPORT

Theta Lambda has just obtained a small spring pledge class consisting of three quality men. They will be initiating in June, prior to summer break. Theta Lambda underwent its seventh annual Delta Queen Beauty Pageant. Seven sororities on campus competed; one less than last year. The girls performed in various spirit skits, showcased their talents, showed how beautiful they were in formal attire, and answered various questions in our 'question and answer' portion of the show. This year's winner was Adrie Young, a member of Alpha Chi Omega, and we were able to raise a grand total of \$17,500 for the City of Hope Cancer Research Center. This fell far short of our goal of \$35,000 however it was still the most successful philanthropy on campus this year. We believe the lack of donations was due to the recession affecting our economy and people not willing to donate this year because of the weak economy. Donations are still being accepted in case you feel the need to help support the cause for cancer research. Through our Delta Queen we were also able to set aside money for the scholarship we created in memory of our fallen brother Jeremy Harrison who died of cancer at the City of Hope. We also participated in other philanthropies hosted by sororities on our campus such as Kappa Kappa Gamma's "Kappa Dash," and Gamma Phi Beta's Dodgeball Tournament. And for all our alums, we will be hosting an annual Alumni Golf Tournament this May.

THETA XI

Eastern Michigan University

FALL 2007 CHAPTER REPORT

This fall semester has been a very busy one for the 29 active members and the eight pledges of the Theta Xi Chapter of Delta Tau Delta. Under the guidance of President Steve LaChance these men have been constantly working to better themselves, Eastern Michigan University and the surrounding community. Thus far, these 37 men have logged in hundreds of volunteer hours at the local Estabrook Elementary School and have even started an after school chess club, which meets biweekly. On campus, these Delts have started a program entitled Project Thursday. With this program, the Delts hold at least two events per month that offer an alternative to partying on Thursday night. Events have included a homecoming dance, Late Night at the Rec/IM, a movie night, where a movie was projected onto the back of the shelter, and many others. On average, these events have 150 students and a few university faculty members in attendance. In the upcoming months, Theta Xi will again be working with The Heat and Warmth Fund (THAW) in Detroit, Mich. Theta Xi was responsible for raising \$997,000 last year and hopes to surpass that amount greatly this year. Preparation for Miss Greek 2008 is also underway. With this being the second year for the now annual pageant, Theta Xi is now working with eight of the nine sororities in raising money for the world famous Barbara Ann Karmanos Cancer Institute. A goal of \$20,000 has been set for this year's pageant. For more information on the well-being and doings of Theta Xi, contact Joseph Stromski II at joseph.stromski@gmail.com.

SPRING 2008 CHAPTER REPORT

After a very successful Northern Division in West Lafayette, Ind. the brothers of Theta Xi went home very happy and extremely pumped. With the assurance that we were doing things right we set forth with a high level of confidence and pride. Our semester continued with many successful brotherhoods, socials and fundraising events. When April came around it was our time to shine. That month was the time to bring it all together and show what Theta Xi was all about. After months of hard work and planning we sold out the Student Center at EMU for our second annual Miss Greek Pageant where we raised a total of \$7,500 for the Karmanos Cancer Institute in Detroit, Michigan. This was a great end to Greek Week, which wasn't as glorious for the Delts as we placed fourth overall. The following week the fun continued when we given the award of EMU's IFC chapter of the year for the fifth consecutive year. We were granted this honor based on the fact that

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

we excelled in 4 of the 5 areas of the Greek Standards and Assessment Program. To end the semester, we initiated four men, which was actually the largest winter pledge class we have had in a few years. As we now anticipate our final grades as well as the coming summer we are already getting pumped up for fall recruitment where we hope to initiate a minimum of 10 men.

THETA OMICRON

Univ of Northern Colorado

FALL 2007 CHAPTER REPORT

The 2007 fall semester wrapped up wonderfully for us here in Greeley, Colorado. Two chapter retreats were put on with 100 percent attendance, and definitely strengthened our brotherhood. A great rush was completed with great events following with 19 bids given and received. An awesome initiation followed the semester with great execution and 95 percent initiation with 18 of 19 pledges going through. The chapter is still supporting our local schools through our national philanthropy, Adopt-a-School. Theta Omicron held the Delt Date Auction for the campus as an annual fundraiser. And finally, Theta Omicron brothers kept in close contact with our neighboring brothers, Epsilon Omicron, at Colorado Sate University in Fort Collins, Colorado.

Justin Puckett (Sophomore) - Accounting major Vice President for Diverse Relations on Student Representative Council (SRC) Put together and manages a diversity panel that meets regularly and "speaks truth and not ignorance" on debatable subjects for the entire campus here at UNC.

SPRING 2008 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

THETA RHO

University of Dayton

FALL 2007 CHAPTER REPORT

The brothers of Theta Rho at the University of Dayton are having a very productive and successful fall semester. We recently initiated seven new brothers, an extraordinarily high number for our chapter during fall rush. We also just elected and implemented a new executive and administrative board who have dreams of making the Theta Rho Chapter one of Hugh Shields caliber. We are currently in the process of implementing weekly dinners for the executive board and one or two admin positions each week to stay focused and goal oriented. During our Parents Weekend we held a brunch and silent auction for the Bleed Purple Foundation which was a huge success. We had over 150 participants and over 40 items up for auction. We were capable of raising \$3,000 to donate to the Bleed Purple Foundation and we look forward to bettering our performance next year. Adopt-a-School is still part of our community service activities as we have many brothers donating their time and talents to Patterson Kennedy Elementary School every week. Overall, the brothers of Theta Rho feel that we have taken our chapter to the next level and are looking forward to continuing to better ourselves in brotherhood as well as service. As a chapter, we have unlimited potential and we are working hard to become the face of Greek life on our campus.

SPRING 2008 CHAPTER REPORT

The men of the Theta Rho Chapter at the University of Dayton have had a very successful spring semester. Some of our highlights include creating a new interactive website at uddelts.org, which details our rush events, brothers, and overall purpose of Theta Rho. We held our annual Alumni Golf Outing, in which we re-established brotherhood with the former leaders of our chapter. We continued to tutor and interact with the less fortunate at Patterson Kennedy Elementary as our Adopt-a-School program. We also sent eight brothers to Northern Division in which we received awards for excellence in recruitment, Adopt-a-School, consultant hospitality and showcasing the Delt Spirit.

Our biggest accomplishments of the spring semester in 2008 were the initiation of 18 new members, the establishment of a House Corporation, and the move to a new shelter. We are graduating nine terrific seniors who have contributed immensely to Theta Rho and brought us to where we are today. However, we initiated 18 new members who we feel are committed to our mission and coincide with the beliefs and traditions of the men of Theta Rho. We also established a House Corporation consisting of eight Theta Rho alumni. We also have officially relocated our shelter for the upcoming academic year. Our upgraded house will give the chapter more space hold administrative meetings and will increase the number of brother residents from five to 12. Not only is Theta Rho as strong as it has ever been, the 2008 spring semester was instrumental in laying the foundation for continued excellence in the future.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

THETA TAU

Moravian College

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Theta Tau had a great spring semester in 2008. Our main goal was outreach, and we held more than six different events bringing us to our goal. This spring we had weekly hangouts with Easter Seals working with kids, playing games and trips to the local mall. Theta Tau held a lecture with alumnus Scott Heydt about sexual harassment and assault to all the Greeks on our Moravian Campus. We also participated in this year's Relay for Life Walk for Cancer. Our chapter had over half participate and our own brother was president of the colleges against cancer group putting on the event. To help fundraise for this we held a NCAA Tournament with Zeta Tau Alpha sorority. We helped the school raise over \$14,000. We also called our alumni back with our 9th Annual Purple and Gold, in which we split into two teams and compete in events from football, soccer, highest GPA, trivia, etc. We had a good turn out and had a great weekend. We concluded our semester with our Fifth Annual CPT Christopher Seifert Golf Tournament; we had over 150 golfers and raised over \$9,000 for a grand total of about \$46,000 over five years. Theta Tau will graduate four and wish them the best of luck. David Berger and Omar Ramirez will be attending the police academy, Zak Goldstein will attend Villanova Law School, and Evan Walters will be working with the Peace Corps.

THETA CHI

Muhlenberg College

FALL 2007 CHAPTER REPORT

The members of Theta Chi have had a productive semester in the fall of 2007. Nine new members were initiated and have already begun to exhibit their roles as leaders within the community. In the beginning of the semester, Theta Chi was recognized for having the most community service hours per member, and additionally the most philanthropic giving dollars per member for the previous semester. This semester, Theta Chi put on a benefit concert, a new tradition for Theta Chi, for ovarian cancer which featured two of our members, and raised \$800. Our annual dodgeball fundraiser was also a success, and served to give some exposure to the new freshmen class on campus. Both of these events showed our chapter's 100 percent member involvement in becoming a recognized leader on our campus. Grades were again a focus for the member of Delta Tau Delta, and new incentive plans featuring a weekly gift certificate to a local coffee shop were created in an effort to have the highest GPA on campus.

SPRING 2008 CHAPTER REPORT

This spring, we initiated eight unique new members who we feel will be able to contribute very strongly to our chapter. We ran a fundraising event called "Date a Delt" in which dates with four brothers were raffled off after a week of selling tickets. We volunteered with Jefferson Elementary School once again for the "Big for a Day" event, and also worked for Jefferson Field Day, where we played games and led activities for the children of our local school system. We were champions of the Intramural soccer league, and came in third place for intramural basketball. In the Muhlenberg Greek Cup, which our IFC members played a crucial role in planning the events, we came in second place, losing by just one single point. We organized a benefit concert for spinal cord injury assistance which was a great success and great fun, as we sold candy and promoted awareness for weeks before the concert took place, and members of the chapter gave performances for the concert. We ended up donating \$800 to the National Transplant Assistance Fund.

THETA PSI

College of Idaho

FALL 2007 CHAPTER REPORT

In the fall semester of 2007, Theta Psi Chapter has received some \$15,000 in grants to renovate the Shelter. In addition, through financial maneuvering, we lowered the interest rate on the Shelter's mortgage, saving ourselves quite a lot of money for the future. We initiated three new brothers, recuperating our losses from graduating seniors in the spring. Our Eighth Annual Winter Charity Ball raised \$663 and 170 toy donations for Toys for Tots from 250 guests, out of a campus of 800 students, a record attendance.

Chapter elections went off without a hitch, as did the installation of new officers. The chapter has also been making considerable progress in efforts to create a comprehensive alumni database, as well as tracing our 'big brother' lines back to the founders of our chapter.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

SPRING 2008 CHAPTER REPORT

In our winter/spring semester, Theta Psi has been busy. On May 3, we initiated five new brothers, bringing our total number of initiates to 100. We had a Founder's Day formal dinner and golf tournament the same day, raising over \$1,000 towards replacing the roof on the Shelter. At the dinner, our faculty advisor, Mike Erickson, was given a gold watch in recognition of 10 years of hard work guiding our young chapter. We are also gearing up for Theta Psi's 10th anniversary celebration next spring. We are also preparing to participate in a yearly Salvation Army food drive, volunteering to unload trucks of food at a local SA. Theta Psi also received an award from the College of Idaho for Best Community Service Event, for our Winter Charity Ball in December, at which we raised over \$600 for Toys for Tots. In addition, we have attended our division conference, bringing home two awards, and we are sending our president to attend the sailing activity in Maine.

THETA OMEGA

Northern Arizona University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

This new year has begun as one of what I feel will be many steps in the right direction for our chapter. At this year's conference we received two recruitment awards to go along with the one we received last year. We have one of the largest spring pledge classes we have had in years. This of course does not mean we didn't have issues, while we are working our way back up to the average chapter size; we still are a relatively small chapter on campus. Also our commitment to academics was a bit lack luster, but we have taken notice and collectively decided to renew our commitment to academic excellence. At this year's Mr. Greek pageant we will also be selling Bleed Purple wristbands to help raise money for members of Greek Life with cancer. Lastly we are also planning next semester's powder puff football tournament which we are leaving in the very able hands of Daniel Linnell.

IOTA ALPHA

DePaul University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Iota Alpha has been reestablishing its position as the leading fraternity on campus. We participated in DePaul University's chapter of Relay for Life, a national philanthropy for Cancer Research, on April 25, 2008. The university raised \$45,000 for research from the various teams, including Iota Alpha. The brothers are very academically sound with all but three with a GPA above a 3.0. We continue to lead our Greek community in social justice work with having the only fraternity member accepted to the very prestigious and selective Teach for America organization. Our current president will teach secondary social studies in Philadelphia for two years. We also are the premiere leaders on campus with one of our brothers serving as president of the Interfraternity Council.

IOTA BETA

Wittenberg University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

Delts at Wittenberg University have been busy this spring semester. The chapter prides itself in making their presence known in the community, even during a time when there is no official chapter house. Bleed Purple, one of our most successful philanthropic events this semester, marked a time in our chapter history when we can really say that we were united as brothers. The Wittenberg community witnessed 50 dedicated brothers working hard to schedule bands for evening entertainment, build giant Delta Tau Delta letters that would ultimately determine the winner of a free Nintendo Wii, and raise money all for a good cause. Not only that, Bleed Purple also offered a great opportunity for Delts to stand out and become a motivating organization on Witt's campus. We are extremely proud to report that this year we have 19 new initiates, making our chapter one of the largest Iota Beta has seen since its founding. Recently, at a Greek Awards event, Delta Tau Delta also was honored with campus-wide recognition for our efforts in Bleed Purple, obtaining the award for "Best

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Philanthropic event/Fundraiser" this year. Iota Beta also will host its first formal in six years, something which has been spearheaded by the ambitious brothers which currently make up this chapter. While we proudly look back on the accomplishments we have achieved this year, we look forward to the changes and differences we will make at Wittenberg next semester.

IOTA GAMMA

Wright State University

FALL 2007 CHAPTER REPORT

The 2007 fall quarter was quite eventful, as well as successful, for Iota Gamma. We started off the quarter with our annual formal recruitment week. During this time, we pledged in a total of 10 quality men to form our Tau pledge class. At the end, we initiated nine of the 10 men, making it one of the highest percentages of initiated men from an Iota Gamma pledge class.

Some of our social activities with other Wright State sororities have included Thanksgiving dinner with Alpha Xi Delta, bowling with Kappa Delta, and pumpkin carving with Zeta Tau Alpha. All of these events were not only a lot of fun, but also a great way to meet and socialize with other Greek organizations around the Wright State campus! Our main philanthropy for this past quarter was Project Linus. Through this, we made over 10 blankets that were donated to local children in need.

During October of this past quarter, Iota Gamma experienced national brotherhood in action. During this month, we hosted a tackle football tournament with the University of Dayton Delts at Wright State. Even though Iota Gamma was crushed, we had a great time and overall great turnout! We even helped out our fellow Delt brothers by letting them host their fall initiation at Wright State, as they were unable to reserve any rooms on their campus. We look forward to hosting other events with them in the near future!

SPRING 2008 CHAPTER REPORT

The Iota Gamma Chapter at Wright State has seen a great deal of change over the past couple of months. While it is still early in our spring quarter, we have spent much of the time in transition. We recently held our officer elections where we are now looking at quite possibly one of our strongest executive committees to date. Our officers are not only lending their talents our fraternity but also to the entire Greek community. We currently have three officers serving on the IFC Executive board and two officers serving on the GAC Executive board, one serving on both.

Much of our efforts this quarter have been focused on preparing for a strong fall quarter. We implemented several bylaw changes that include moving our new member educator to the executive committee. This will give us the opportunity to build a stronger pledge education program and hopefully increase our retention rates.

We've assessed our internal operations and were able to trace much of our struggles back to a lack of proper communication. In response, we've developed a plan to put our secretary to better use. He will now be in charge of not only keeping minutes, but also a master calendar of events and deadlines.

While we are taking steps in the right direction, there is always room for improvement. Our members are eager to help in any way possible, and are excited for the things to come in the remainder of the spring quarter and the upcoming academic year.

IOTA DELTA

Quincy University

FALL 2007 CHAPTER REPORT

As the fall 2007 semester closes, the men of Iota Delta mark a successful semester. Internally, recruitment produced five quality initiates and welcomed Billy Schaffer as our new faculty advisor. The chapter participated in "Greek Weekend" as well. It proved to be a wonderful opportunity to strengthen the bond between Iota Delta and other campus Greek organizations. Beyond the chapter, the annual Hall-o-Boo event in which several campus locations are organized for neighbor children to safely trick-or-treat was held and was a great success. The men were most proud of the turnout had at the Red Cross Blood Drive they hosted. The units of blood collected were nearly double the goal. In a forward-thinking move, Iota Delta has elected to setup a fund to ensure the young chapter's future. Calling it the Foundation Fund, the goal is to raise \$10,000 by the year 2010. The chapter is encouraging participation from alumni by leading the charge with money from current actives.

Iota Delta Chapter initiated five men on Nov. 16. This event was different than our other initiation ceremonies due to the fact that the Bruce Peterson, president of the noble northern division, was able to deliver an inspirational speech to the newly initiated. We have taken part in and ran several functions this semester. On Halloween, every year, we put on an event for kids to trick-or-treat and to help make trick-or-treating a safe

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

event called Hall-O-Boo. On Nov. 14, we worked with the American Red Cross to put on a blood drive. Our goal was 45 donations and we exceeded our goal with 54 donations. We visited the Delt chapter at Western Illinois University. At Western, we went to the Greek store and bought Delta Tau Delta apparel. On Nov. 17 we held a Founder's Formal. Our chapter and a sorority on campus held a mixer which turned out a great success. We helped with a campus wide charity poker tournament by having our brothers be the dealers. We are involved in several intramurals on campus including bowling, football, basketball and softball. On father's weekend, several brothers and fathers went out to eat at a restaurant in town. This event helped the fathers of newly initiated brothers of the fraternity understand what the fraternity is all about.

SPRING 2008 CHAPTER REPORT

Spring semester was very busy for the men of Iota Delta. For philanthropy all the brothers spent two weeks renovating a house for the YWCA. To raise money for Bleed Purple, Iota Delta held a very successful three-on-three basketball tournament open up for the entire student body as well as the community of Quincy. The tournament raised \$500. In a continued effort to build our relationship and have more of a presence at Quincy University the Chapter attended many athletic events and concerts held on campus as brotherhood events. We strengthened our bond as brothers by putting together teams in all of the school intramurals as well as entering a softball team for a charity softball tournament held by a sorority on campus. The chapter held a successful formal in April that brought in many alumni. Also in April, Iota Delta held a blood drive where all of our goals were reached. In academics Iota Delta thrived with the highest GPA among fraternities on campus and second highest among all Greek life on campus. As the spring semester came to a close the chapter spent a day long retreat at a park for the purpose of refreshing our memory on the history of Delta Tau Delta, and also put together a schedule for next year in an effort to grow even stronger as a chapter every year.

IOTA EPSILON

Chapman University

FALL 2007 CHAPTER REPORT

Iota Epsilon has gone to great lengths this fall to remain a strong and excellent chapter here at Chapman University. At the start of the fall semester, we had many brothers who helped run and coordinate orientation for the incoming freshmen. The chapter received proper recognition and thanks for its dedication. This fall we learned that we held the highest GPA among all fraternities for the spring 2007 semester. This has been a reoccurring accomplishment that our chapter takes great pride in. As a result, seven fraternity brothers were invited to an academics excellence dinner. Those who attended this dinner held a 3.75 cumulative GPA. Fall recruitment was also a great success for our fraternity this semester. We had a large turnout of potentials who rushed this fall and as a result, we just initiated 17 new members into the chapter. We believe that this fall was the greatest rush turnout the chapter had ever seen. Iota Epsilon also placed third in a philanthropy event called Airbands, which is a lip syncing and dancing contest. This was the first time that the chapter placed in the top three during this competition. Finally, the chapter is currently in the process of making several food baskets for the needy through a non-profit organization called Providence Community Service. Iota Epsilon continues to lead and live lives of excellence through our actions that are positively shaping our school, community and ultimately our brothers.

SPRING 2008 CHAPTER REPORT

The spring 2008 semester has been phenomenal for the gentlemen of Iota Epsilon Chapter at Chapman University. This semester we initiated seven new members, including our first alumni initiate ever. At the Western Pacific Division Conference, we won six awards including the highest GPA in the division, and Chapter Advisor of the Year for Linden Mosk. We successfully hosted our first annual Delta Queen philanthropic pageant where we raised over \$35,000 benefiting The HOAG Cancer Research Center of Newport Beach. \$35,000 sets the bar for student philanthropic events on Chapman's campus, and is the highest grossing first annual philanthropy event in the Fraternity's 150-year history. Prior to our event, we won Chapman Greek Life's Greek Week 2008. Iota Epsilon has continued to support the philanthropy events of Greek Life at Chapman, participating in Alpha Phi's Mr. University, Phi Sigma Sigma's Phi Set Spike, among other events. Our chapter was awarded Fraternity of the Year, New Member Program of the Year, and the prestigious Four-Pillars Award among other top honors at Chapman's Greek Awards. We have also seen greater alumni involvement, which continues to grow after each monthly alumni event we host. Our commitment to lives of excellence has truly allowed us to have such great accomplishments this semester. The brotherhood of Iota Epsilon has made great strides. We are proud of all our accomplishments. Delta Tau Delta's Iota Epsilon Chapter continues to be recognized as the leading Greek organization at Chapman University.

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

Iota Epsilon is a brotherhood comprised of a diverse group of leaders. Within our chapter, many members have positions both on executive board and as directors. Each newly initiated class continues to uphold the strong tradition of leadership. In our few years at Chapman University, we have established and maintained our reputation as leaders through our involvement. We are involved in Associated Student as Senators and the Judiciary Peer Conduct Board. We also help transition new students as Orientation Assistants and Orientation Coordinators, and we represent our university for special events and guests as Ambassadors. We are continuously the most represented chapter in large organizations on campus. Deltas are the recognized leaders by far. This year, we were also awarded Fraternity of the Year. Academically we lead with the highest GPA among the fraternities on campus. Additionally, we have the highest GPA in the Western Pacific Division. We continuously help promote Greek unity and show our leadership through the other Greek's philanthropy events. Our leadership is also reflected through hosting our first annual Delta Queen event which raised over \$35,000 for HOAG Cancer Research Center. Our event was the highest grossing student-run event ever held at Chapman, and the highest grossing first annual philanthropy event in the Fraternity's 150-year history. Our leadership on campus, within our chapter, and nationally is something Iota Epsilon is truly proud of. We continue to take strides to reflect our leadership abilities that hold as a foundation our core values of Truth, Courage, Faith, and Power.

IOTA ZETA

Virginia Polytechnic Inst & State Univ

FALL 2007 CHAPTER REPORT

In the fall semester, Iota Zeta finally received their first shelter in the five years at Virginia Tech. The shelter is shared with Phi Kappa Tau, and is located on campus in the Oak Lane Community along with every sorority and six other fraternities. With the addition of the seven new members of the Omicron class, Iota Zeta increased our size to 42 members. Iota Zeta also celebrated our five-year anniversary of receiving our charter with a weekend celebration where we invited all of our alumni, our brothers and distinguished guests from the school and from the Delt world to come to Virginia Tech to see our shelter, enjoy some weekend festivities including the University of Miami and Virginia Tech football game, and finally concluding with Ritual on Sunday morning. We also had our most successful year with socials where we had five socials planned with some of the largest sororities on campus, and we also had a very successful trip to Georgia Tech to visit our Delt Brothers there to enjoy the Virginia Tech and Georgia Tech football game. Iota Zeta also have been striving to excel in the academic world with the beginning of our Brotherhood Education program, and we have also made tremendous leaps in athletics including a .500 season in both soccer and football where we experienced our first intramural wins in both the regular season and the post-season. Finally we finished off the fall semester by installing the Appalachian State Crescent Colony.

SPRING 2008 CHAPTER REPORT

Chapter Iota Zeta, at Virginia Tech, of Delta Tau Delta Fraternity has had many individual members display and carry out great acts of leadership. Within our chapter, we have had many young brothers pick up great responsibility running administrative chairman positions. Having such young members holding office really helps the future of the organization. Positions such as the new member educator, alumni chairman, director of academic affairs, social chairman, public relations chairman and assistant treasurer are all held by sophomores. Every member does his part to help the chapter grow and accomplish its goals, so we usually don't worry about individual appraisal. If everyone does their job, the chapter does well as a whole. However, one example of a brother's outstanding leadership outside the chapter is that of Brother John Welch. After the Virginia Tech shootings, Brother Welch helped create, lead and expand the program Teaching for Madame as a tribute to a victim of the shootings. He teaches French to interested young children after school at local elementary schools. His program has drawn local, regional, national as well as international appraisal from newspapers, government officials and the French-American Ambassador. His efforts are truly extraordinary for both the community and those he is leading through example.

IOTA THETA

Kennesaw State University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

The Iota Theta Chapter has championed the value "strengthening the community is essential to our vitality." We have done a plethora of philanthropy that has done great things for the metro Atlanta area. We

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

created an annual philanthropy event called Greeks go Bald that raises money for kids with cancer. In this event people from all Greek organizations on campus came together to shave their heads for young cancer victims. This event was so successful that we raised well over \$10,000 for the Saint Baldricks Foundation. Two of the cancer victims that we raised money for were made into honorary Delts. We had two major radio stations come out to the event and we were featured in the Marietta Daily Journal. We won the Kennesaw State University service award and we received a resolution commending us for Greeks go Bald by the Georgia House of Representatives.

We have teamed up with Big Shanty Barbershop in raising money for Relay for Life. We assisted the sponsors by volunteering our time to help hold a car show. We also assisted them by selling parking for the Big Shanty Festival. Another great thing this chapter has done is helping out with Hands on Atlanta. We have gone to downtown Atlanta on multiple occasions and helped clean up the disaster area from the tornados that came through March 14. We moved trees off houses and did various other things for these victims. We brought seven new men into our chapter this spring.

IOTA IOTA

John Carroll University

FALL 2007 CHAPTER REPORT

Their first semester as a full chapter was a fruitful one for the Delts at John Carroll. Early in September, they visited the Central Office for an executive board retreat, where they spent the weekend setting ambitious goals, touring the office and meeting the Central Office staff. Iota Iota spent this semester developing its ritual team, and learning the in and outs of the more sacred aspects of the fraternity. To date, they have held four formal chapters, two initiations, and two Rites of Iris ceremonies.

The John Carroll Delts also held their first major philanthropy event, the DTD First Annual Kickball Tournament. Several JCU students and members of the Greek community participated, and by days end, \$400 was raised for the Bleed Purple Foundation.

Recruitment brought forth six men of excellence who all successfully made it through the pledging process, and were initiated in mid-November. On the brotherhood side of the house, the Delts have started a tradition known simply as Tuesday Night Dodgeball. This fierce competition takes place every week in the Varsity Gym, with the winners gaining bragging rights for the next seven days. Socially, Iota Iota set the standard for mixers on campus by being the first fraternity in JCU's history to cook dinner for a sorority. The ladies of Kappa Delta were quite impressed. Iota Iota is also proud to announce the launching of its first alumni newsletter, The Shelter.

SPRING 2008 CHAPTER REPORT

The 2007-08 school year was another successful one for Iota Iota Chapter. The chapter put a newfound emphasis on community service, with over 445 hours of service one by its members. Eight individuals contributed over 25 hours, showing that Iota Iota cares deeply about community service.

The brotherhood of the chapter has also increased greatly, with new Brotherhood chair Tim Straub planning events such as weekly Delt Dodgeball (also a recruiting event with Recruitment Chair Bill Breon) and trips to Cleveland Gladiators Arena Football games.

However, one of the most important improvements in the chapter came with the initiation of alumnus Brian Aubry. Brian was a Founding Father of the colony at JCU, but was not initiated as a full member of the Chapter until this past semester. His initiation acted as an inspiration to our younger members, as well as a satisfying moment in the lives of our older members.

Iota Iota is a chapter that is one the rise, but one that is not without its hurdles. Recruitment was down (we recruited just 10 members this year, as opposed to 20 last semester), but the brothers have a newfound dedication to the chapter and are willing to improve it.

IOTA KAPPA

Appalachian State University

FALL 2007 CHAPTER REPORT

A chapter report was not submitted by this chapter for this semester.

SPRING 2008 CHAPTER REPORT

This spring has been successful for Iota Kappa. We pledged eight members in February and then initiated the same eight in April. We feel these young gentlemen will be able to contribute to the growing tradition of leaders that Iota Kappa has established on campus. We recently came in third place in Greek Week. This was important because it continued to set the standard of whom we are and what we represent on our

FALL 2007 AND SPRING 2008 CHAPTER REPORTS

campus. We also had a very successful Bleed Purple Event on April 12. The event was called Hog Wild and we had a Bar-B-Q fundraiser where we raised close to \$2,000 dollars. We continue to build our reputation as one of the best fraternities on campus even though we are new. We are putting a lot of effort into the upcoming recruiting class in the fall. With the strong leadership within our fraternity there is no doubt that we will continue to become the model that everyone on campus follows.

TAMPA CC

University of Tampa

FALL 2007 CHAPTER REPORT

The Tampa Crescent Colony has gotten off to a great beginning. We pledged 32 founders of our colony, doubling the amount of the last fraternal colonization at the University. Our first service project, volunteering during the university's homecoming week, was a huge success. The colony helped the wonderful women of Alpha Gamma Delta collect money for children with Juvenile diabetes. We participated, in Homelessness Awareness, with members attending Lectures, and the OXFAM Hunger Simulation Banquet. We proudly competed in our first Greek Sing, a campus wide Greek talent show, we were recognized by the campus, and gained a ton of publicity. Most recently the colony began working at a concession stand for the Tampa Bay Buccaneers and USF Bulls football games as a way to raise money for the chapter.

SPRING 2008 CHAPTER REPORT

It has been an exciting close to our first year here at the University of Tampa. We should have a baby book of photos from all of the firsts that have gone on this year. We are now an active crescent colony. We took our first steps and conducted our first spring rush with success and are extremely positive about the coming fall. All of the new brothers are meshing well as the first exchange of gifts between big and little brothers took place. We had fundraisers, like the First Annual Pelt-a-Delt, where we sold off water balloons with which we were summarily pelted; the money went to the Bleed Purple Foundation. A low ropes course helped us communicate better as brothers and deepen our level of trust and understanding. We have also done quite a bit of fundraising and preparation for sending our delegates, including our first alumnus, to Karnea later this summer. We are all at once sad and excited to go to our respective corners of the map for the summer, but we can only be happy about the future of Delta Tau Delta here in sunny Tampa.
